A LIFE UPSIDE DOWN

Chapter: 416

It's okay not to say this sentence. As soon as I said it, there was a brief silence in the audience. In an instant, everyone stopped their hands, and their eyes screamed, and everyone looked over.

However, Wu Fan's expression that was still smug in the first moment, in the next moment, it went dark in an instant.

His eyes were suddenly full of anger and gloom, staring at Lin Ziming.

Yang Qi, who was still lying on the ground, saw Lin Ziming say these words, and there was a bang in his head, directly exploding!

In an instant he realized that Lin Ziming had caused a serious disaster this time, and that he had really caused a serious disaster, and it was still an irreparable one.

As Yang Qi who has been in the circle for a year, he understands the personality of some stars in the entertainment circle, especially Wu Fanyi, who is famous for being arrogant and arrogant, especially in Wu Fanyi. After the fire, he became even more self-sufficient and unwilling to listen to outsiders' opinions. On the set, even the director did not dare to offend him.

So in this movie, the pass rate of his clips was actually very high, not because of how well he acted, but because the director was a small director, so he didn't dare to remake him for fear of offending him.

But now, when he thought he was perfect in a fight just now, he was actually caught by a small dragon, in front of so many people, accusing him of not being able to fight martial arts, and saying that his movements were too soft? He couldn't accept this. He threw the props angrily at the moment, and there was a bang, and the glass shards fell everywhere, shocking everyone. Even the director shook his body suddenly and looked in astonishment. With Wu Fanyi.

Many people had their skin cut by glass shards, and they bled.

As for Ning Yuning, she also frowned deeply, her eyes looking at Lin Ziming were very cold.

To be honest, she also knew that Wu Fanyi's acting skills were not good, and the martial arts movements were not good-looking, soft, and not a bit masculine that a man should have. However, even if Wu Fan repeatedly fails, Lin Ziming's little dragon is not qualified to comment.

You know, in the entertainment industry, qualifications and status are very important. Wu Fan is always bad, he is also a leading actor, a popular traffic star, but Lin Ziming, not even an actor, is just a runaway. Now you actually stand up and criticize Wu Fanyi? Regardless of whether Lin Ziming's criticism is right or not, this matter is wrong. To be more serious, it is the following crime.

So all of a sudden, she had a very bad impression of Lin Ziming, thinking that Lin Ziming was sensational, and she was completely a clown.

"You are a fool, I have tolerated you for a long time! You take Lao Tzu's generosity as indulgence, don't you really think Lao Tzu dare not treat you?!" Wu Fan walked quickly to Lin Ziming's face. Before, his face was full of haze and cold, staring at Lin Ziming. At this moment, the aura that erupted from him was so big that most of the people present were frightened, shivering, and dare not say anything. A little sound.

As for Yang Qi, he was even more terrified. He was completely utterly innocent and his brain was completely blank.

Before today, he had never thought that he would offend Wu Fanyi, Wu Fanyi, who is now a popular star in the entertainment industry, with many fans, and one person can drown him with one spit. Up.

As a result, the people he brought have actually offended Wu Fanyi over and over again...

He didn't dare to think about the next thing anymore.

Anyway, his next career as a runner-up is not going to happen, and it is even more serious, and he will probably have to pay a sum of money!
