

Chapter: 430

Immediately, Han Xuefen and Chu Xuan stayed for a while, obviously not thinking of meeting Lin Ziming here.

You know, Yulong Bay is a place where rich people are qualified, and Lin Ziming is just a useless waste.

At the same time, Chu Fei, Liu Suhong, and Chu Huaxiong also saw Lin Ziming. For a while, the atmosphere was a bit wrong.

“Lin Ziming?” Han Xuefen called out immediately, “Why are you also coming to Yulong Bay?”

For a long time, Han Xuefen’s family looked down on Lin Ziming. In their minds, Lin Ziming was purely synonymous with trash and cowards, and they despised Lin Ziming from the bottom of their hearts. Even a while ago, they heard that Lin Ziming had injected 100 million yuan into Shengke to make Chu Fei the chairman. They still looked down on Lin Ziming because they didn’t think Lin Ziming could spend so much money. It was Chu Fei who got on the thigh of Chairman Zi Qiong that made Chairman Zi Qiong willing to inject 100 million yuan. Lin Ziming was just a cover.

So Chu Xuan immediately smiled and said, “Well, it must be the one who came to work in Yulong Bay. You don’t look at what clothes he is wearing now.”

Han Xuefen said in a weird way: “That’s not the case. People have injected 100 million yuan into Shengke a while ago, otherwise you really think Chu Fei can become the chairman of Shengke, ho ho.”

These two mothers and sons made Lin Ziming worthless. Hearing these words, Lin Ziming was even more sure that Lin Ziming was a poor ghost, and his eyes on Lin Ziming became even more serious. Despise it.

Lin Ziming was already immune to these words, and he turned his gaze directly on Chu Fei, not expecting them to meet again so soon.

At this moment, Liu Suhong and Chu Huaxiong also saw Lin Ziming, their eyes changed a little.

“It’s really unlucky, why did you encounter this waste here.” Liu Suhong’s face became darker and grumbling. He was particularly uncomfortable with Lin Ziming, because she later also inquired that Lin Ziming had invested 100 million yuan in Shengke. It was the money from Zi Qiong Media. Of course, she believed that the money had something to do with Lin Ziming, but it was the money from Zi Qiong’s chairman.

Now that Chu Fei and Lin Ziming are divorced, she doesn’t know how happy she is. When she meets Lin Ziming, she feels even worse.

As for Chu Fei, something strange flashed in her eyes when she looked at Lin Ziming, and she didn’t expect to meet Lin Ziming here.

Could it be that Lin Ziming came to Yulong Bay to buy a house?

Now she is very confused about Lin Ziming’s identity, and has no idea who

Lin Ziming is. After returning from Tingfengting that day, she specially went to investigate Tingfengting, but the more she investigated, the more frightened she became!

The identity of Lin Ziming became more and more incomprehensible.

At this moment, Han Xuefen, Chu Xuan, and Wang Rongmin had already walked over. Seeing Lin Ziming holding a bank card in her hand, Chu Xuan said to Lin Ziming, “Oh, brother-in-law, you are coming to Yulong Bay to buy a house. ?”

Lin Ziming didn't know what Chu Xuan meant. He didn't bother to pay attention to Chu Xuan. He just ignored Chu Xuan, looked back, and said to the front desk of the real estate agent, “Give me the pos machine, I will do it now.”

Seeing that Lin Ziming dared to ignore her, Chu Xuan became annoyed, snorted, and said arrogantly: “Hey, Lin Ziming, I'm talking to you, are you deaf?”

She deliberately spoke very loudly, which seemed abrupt here, and immediately attracted the attention of everyone around her.

Lin Ziming frowned, and said angrily: “If you have a fart, let it go.”

“You!” Chu Xuan was wronged, and immediately shook Wang Rongmin's arm, and said coquettishly: “My dear, this guy is bullying me!”

Wang Rongmin's face immediately darkened, and he looked at Lin Ziming up and down, looking badly, “Who is this guy?”
