## A LIFE UPSIDE DOWN

## Chapter: 445

Before that, he really hadn't fully thought about how the truth of the matter would be like this.

Luo Tian, Luo Tian...Lin Ziming couldn't help but recite the name of this organization again. He is very eager to find this organization now!

Just do it when he thinks of it. Using the information he has now, he immediately called out and asked about the origin of this organization.

Unfortunately, the results disappointed him. All the intelligence didn't know the origin of this organization and knew nothing about it.

This was what he expected, otherwise, the clown would not tell him so bluntly.

However, he had a hunch that he should be able to meet this organization in the near future, because since that organization had already found his mother, then he knew his identity and that organization. Sure, everything I do now is in the sight of this organization!

This feeling is really unpleasant.

At this time, someone knocked on the door, interrupting his thinking, "Come in."

Immediately, the door was pushed open, and his assistant came in and said, "Chairman, the chairman of Black Rock Media invites you to dinner."

Lin Ziming just remembered. He also promised to have dinner with the chairman of Heiyan Media. He asked, "When?"

"Just tonight." The assistant said: "Chairman, do you want to go to a banquet?"

Lin Ziming thought for a while and agreed.

The surname of the chairman of Heiyan Media is Ye, and his name is Ye Piaoyang. A nice name. Just listen to the name and think that the chairman of Heiyan Media is very slim, like Ye Zi. In fact, it is the opposite. Ye Piaoyang is a very fat figure. Of middle-aged people, I'm afraid there are two hundred catties.

He booked the restaurant in advance and was about to wait for Lin Ziming. One was because of Wu Fanyi's affairs and Lin Ziming apologized, and second, he wanted to make friends with Lin Ziming.

During this period of time, he rarely went to investigate Lin Ziming, the more he investigated, the more frightened he became, because he also investigated that Lin Ziming and the Lin family seemed to be involved! It seems to be the heir of the Lin family.

The Lin family, that is the most powerful existence in Huacheng, more powerful than the Ugly Master. If Lin Ziming comes from the Lin family, then it is more worthy of his friendship.

In order to show his sincerity, he waited downstairs in the hotel very early. And Wu Fanyi was also by his side. He probably knew what Lin Ziming was now. He was so scared that he couldn't sleep well for several days, and he lost a lot of weight.

"When I see Chairman Zi Qiong, you have to apologize and apologize, you know? Otherwise, it's not as simple as Xue Zang's blockade." Ye Piaoyang stared at Wu Fanyi fiercely, and cursed coldly.

Wu Fan shuddered and hurriedly said, "I understand, I understand!"

In addition to Ye Piaoyang and Wu Fanyi, there are several young and beautiful female stars. Among them, Ning Yuning is here.

These are the best female celebrities of Black Rock Media. Each one is well-known in the entertainment circle. I don't know how many fans there are.

Ye Piaoyang brought them over to attend the event together. It was self-evident during that time, that he wanted to please Lin Ziming through her beauty.

He investigated that Lin Ziming is still single and not married, so Lin Ziming must be very carefree, and the few female stars he has are the best among women, he does not believe that Lin Ziming will be unmoved. !
