

Chapter: 469

Soon someone came back to his senses and said, "This is a fake! Lin Ziming is a vagrant, how could he get so much money, Chu Xuan, you are starting to joke again."

"Yes, if Lin Ziming can afford such an expensive house, then I will be the richest man in the country."

"That's not true, Sister Xuan is really joking."

When they reacted, they didn't believe it was true, and thought they were joking.

However, Chu Xuan walked out, with a mocking expression on her face, and said, "Who said I was joking? This is a very real thing. If you don't believe it, you can ask Chu Fei."

Chu Fei frowned, but there was no answer.

Liu Suhong jumped out and said: "Wrong, our family Ziming really bought a large villa in Yulong Bay, which is not expensive, only 38.99 million."

This message was too shocking for the Chu family. It was like a pauper who had known him for a long time and suddenly said that he was the richest man in the world. How could I find it too absurd.

"Is this true? Lin Ziming, is this a fortune?"

"It looks like it should be true. Don't you see that Chu Xuan always says it is true? It's impossible for Chu Xuan to lie?"

"Damn, it seems that Lin Ziming is really rich. God is really unfair. Such a hanging silk can make a fortune. Why are we talented people still making a fortune?"

Liu Suhong felt very happy to see everyone's envy and jealousy. Originally, based on her character, she should have come back to make a big announcement, but it is a pity that Lin Ziming has divorced Chu Fei, the villa has nothing to do with them, and Chu Fei specifically warned her not to tell her about it. , So she held it all the time, but it broke her.

Now that she finally had a chance to speak out, she was released at once.

However, Chu Xuan continued: "Lin Ziming must have made a fortune. He can afford a big villa and can have a tryst with a big star. Sister Feifei, I really envy you, marrying such a good husband, tut. Wait for your reply. I'm home, remember to ask my brother-in-law for a signature of Ning Yuning. I believe my brother-in-law and Ning Yuning are so familiar with each other, one signature can definitely be done?"

When these words were said, the audience suddenly became much quieter.

Yes, since Lin Ziming has already made a fortune, it is true that he and Ning Yuning have a tryst together!

Suddenly, everyone's eyes looked at Chu Fei differently.

Full of all kinds of schadenfreude and ridicule, Chu Fei's feelings are being greened.

Liu Suhong was also dumbfounded, she didn't expect that Chu Xuan's purpose was actually this, she was fooled!

So her face became embarrassed.

When Chu Xuan saw Chu Fei like this, she felt even more seduced, and her heart was particularly relieved, and she continued: "Sister Feifei, wouldn't you refuse to help me even this favor? For her brother-in-law, it's just a matter of effort. Well, brother-in-law has gone to a tryst with Ning Yuning, this relationship must be very familiar, huh..."

Chu Fei can feel what it means to kill and punish the heart.

She clenched her teeth, feeling extremely uncomfortable in her heart, and even tears rolled in her eyes.
