

Chapter: 493

Happiness came too suddenly, and it was overwhelming for a moment.

Soon, Lin Ziming was rushed to his head by this joy, making the whole person a little dizzy.

Seeing that he hadn't spoken for so long, Chu Fei deliberately snorted and said, "Why, do you disagree? If you disagree, then forget it."

Lin Ziming finally recovered and quickly said: "Agree to agree! I must agree! How could I disagree?!"

Chu Fei also smiled, her face now blooming with unprecedented brilliance, and all of the world was pale!

Lin Ziming was lost for a long time, and he murmured, "Feifei, you are so beautiful."

Chu Fei made no secret of joy on her face, deliberately moaned, idiot.

Today can be said to be Lin Ziming's happiest day. In fact, every day after his divorce from Chu Fei, he never stopped wanting to remarry with Chu Fei, even though he knew that this kind of hope was very slim and very slim.

When this day really came, he was really happy!

On the way back, Chu Fei held Lin Ziming's hand all the time, she had never had the intimacy before.

The two of them talked a lot tonight, and they talked until three o'clock in the middle of the night before they were willing to go back to their room to sleep.

The next day, when Liu Suhong and Chu Huaxiong knew that they were about to remarry, they were almost speechless with excitement.

Lin Ziming was also very happy about it, but he didn't forget about business because of this. After Chu Fei went to work, Lin Ziming was also out, and he was going to see Han Jinlong.

Of course, it is better to say to see Han Jinlong than to see Lu Dongbin, who is now imprisoned in Han Jinlong's hands.

"Chairman, here you are!"

When Han Jinlong saw Lin Ziming walk in, he hurriedly stood up and bowed respectfully to Lin Ziming.

In fact, Lin Ziming is not very embarrassed. After all, Han Jinlong is a 60-year-old person. Every time he meets him, he is so respectful, which makes him disrespect the old and love the young.

However, this is what Han Jinlong strongly requested. The gap between their previous identities was too great. If Han Jinlong was not allowed to be so respectful, they would probably scare Han Jinlong into thinking that he had done something wrong.

So Lin Ziming didn't say anything at all, and let Han Jinlong continue to be so respectful to him.

"Well, Han Jinlong, thank you for your hard work, who helped me watch

the night.” Lin Ziming said.

“No hard work, no hard work!” Han Jinlong said quickly, “It is my honor to be able to do things for the chairman!”

Lin Ziming smiled slightly, and didn’t have to say any more. Instead, he said, “People, take me over to see you.”

Han Jinlong said: “Okay, people are locked in the confinement room.”

Soon, under the leadership of Han Jinlong, Lin Ziming went into the confinement room in the basement and saw Lu Dongbin.

When he first saw it, he almost recognized Lu Dongbin.
