

## Chapter: 496

For a while, the room became very quiet, and there was only the sound of Lu Dongbin groaning and the sound of Lin Ziming dragging him over.

Han Jinlong and the others are dumbfounded.

They have all seen just how strong Lu Dongbin's explosive power is. There is absolutely no weakness that the injured person should have. It is more powerful than anyone here. They are completely out of their perception of human beings, and they are about to jump out of the window and leave. Just when Lu Dongbin was about to succeed, Lin Ziming got out of the way and was completely free from the power of blows, so he caught Lu Dongbin.

It gave them the feeling that Lu Dongbin was the grandson monkey of the temple, and Lin Ziming was the Tathagata Buddha, who easily pressed the grandson monkey under the Wuzhi Mountain.

Lin Ziming carried Lu Dongbin. After returning to his original position, he put Lu Dongbin down and said to Han Jinlong: "Okay, you can go out. I will chat with him alone."

Han Jinlong withdrew his gaze from Lin Ziming, but the horror in his eyes could not be hidden. He nodded vigorously, unknowingly, his attitude towards Lin Ziming became more respectful and admired!

Isn't it right? Lin Ziming himself is the chairman of Ziqiong Media, so rich, he is still the master behind such big people like Ugly, now the force is so strong, the key is so young! Han Jinlong has been wandering the rivers and lakes for so long and has met so many people, but it was the first time he saw someone like Lin Ziming who was against the sky. In his mind, he was indistinguishable from a god.

It was also at this moment that Han Jinlong completely surrendered to Lin Ziming, and had no idea of resistance at all.

So after he heard Lin Ziming's order, he left in a hurry.

After coming out of the room, I closed the door, and it was quiet for a long time before someone heard the sound of swallowing hard.

"Boss, this chairman, who the hell is that, why, so powerful?" A thug who was dissatisfied with Lin Ziming just now asked cautiously. After the question, he looked at the room with a guilty conscience, for fear that he might have been caught Ming heard it.

This sentence also asked the doubts in the hearts of the other thugs, and they all looked at Han Jinlong with curiosity and anxiety.

Han Jinlong scowled and coughed twice and said, "What do you ask so much for! People are the big ones among the big people, the gods from all over the world, how can you mortals ask?"

They all felt very aggrieved after being trained by Han Jinlong.

After a pause, Han Jinlong said again: "Of course, since you want to know so much, I can tell you too, but you must not say anything, you know!"

“Know that!”

“Boss rest assured, we will never say anything!”

“I won’t say anything...”

Everyone nodded unanimously, like a chicken pecking at rice.

Han Jinlong stunned his appetite before he began to say: “He is the chairman of Ziqiong Media and the master behind the underground emperor Ugly of Huacheng. He is also a master of martial arts! Such a person can be called a god. In the future, you must not talk about him behind your back. Once you hear it, it means that the gods can’t save you!”

Hearing these words of Han Jinlong, all of them gasped, and their scalp numb.

They are all social bastards, and they still have a big idea of the identity of the chairman of Ziqiong Media, but the Ugly Master is different!
