

Chapter: 573

Lin Ziming smiled and said, "There is nothing wrong with me, I have a sense of measure."

"Okay..." Chu Fei felt a little helpless, feeling very embarrassed, as if she had returned to the scene where Lin Ziming had embarrassed her when she was just married.

When other people saw Lin Ziming gorging themselves so hard, they despised him even more. They are all gentlemen and eat bite by bite. How can they be a poor ghost from the countryside when they eat like Lin Ziming? , I haven't eaten a big meal before, and I don't have any quality. I really don't know how Chu Fei can think of this kind of rubbish, is she lowered her head.

They were all fed up and needed to eat more, but now that Lin Ziming eats so ugly, they all have no appetite and feel very sick.

At this moment, a telephone rang, and a male student picked it up and said excitedly: "It's Zhang Yaodong here, I'll go down to pick him up!"

He said that he left. Before he left, he sneered at Lin Ziming. When Zhang Yaodong came, let's see how Lin Ziming pretended to be forced. With Zhang Yaodong's character, he would definitely teach Lin Ziming severely. The remaining classmates also looked at Lin Ziming coldly, waiting to see how Lin Ziming got embarrassed, they even thought of it, and later Lin Ziming would kneel in front of Zhang Yaodong and beg for mercy.

Thinking of that scene, they looked forward to it.

Chu Fei became more and more restless, and she wanted to take Lin Ziming away several times.

"Ziming, are we really not leaving? Zhang Yaodong, he is not very easy to deal with." Chu Fei couldn't help but asked Lin Ziming in a low voice.

Lin Ziming smiled and said, "Don't worry, the person who should be leaving is Zhang Yaodong, I am more difficult to deal with than him."

"However, Zhang Yaodong doesn't know that you are Chairman Zi Qiong. Even if we say now, he won't believe it." Chu Fei said worriedly.

"Nothing, I can scare him to pee his pants without using this identity." Lin Ziming smiled slightly and said disapprovingly.

Now Chu Fei felt that Lin Ziming was a little bragging. She had known Zhang Yaodong longer than Lin Ziming. She knew Zhang Yaodong's character very well and would never be scared to pee on her pants. But Lin Ziming had said so, she couldn't say anything anymore, just wait.

Within a few minutes, it suddenly became longer. In the huge box, except for the sound of Lin Ziming eating, everyone else tacitly said that there was no talking, waiting for Zhang Yaodong's arrival.

Finally, under the expectation of many people, the box door was opened, and several figures walked in. Among them, the one who was walking in the

front was Zhang Yaodong. Now he has swept away the decadence and decadence in the Yuntian Pavilion auction. Insignificant, the whole person is full of spirits.

Next to him, the male classmate who picked him up in the past is now trying to flatter him.

When other people in the box saw Zhang Yaodong appearing, they also showed flattering expressions one by one, and many people took the initiative to greet Zhang Yaodong.

“Wow, Mr. Zhang, you are finally here, but it is very hard for us to wait for you.”

“Mr. Zhang is now a different identity. He is already a big boss. Looking at this outfit, I’m afraid that he won’t be able to get under 300,000?”

“Three hundred thousand? Are you kidding? The gold watch of Mr. Zhang is worth five hundred thousand!”

“Fuck, a watch is 500,000 yuan, awesome. Sure enough, Mr. Zhang is Mr. Zhang, which is not understandable by ordinary people like us.”
