

Chapter: 603

Wang Shougui wanted to understand this, and he admired Lin Ziming with all his heart.

Lin Ziming was too lazy to beep so much with them, waved his hand and said, “Okay, you don’t have to think so much, just follow me, I won’t treat you badly, you will hand over with President Wang for the next affairs. I will give you two days off now. Three days later, I will report to the company on time. I will train you by myself.”

After a pause, Lin Ziming’s eyes became cold, and he said sharply: “I said ugly at the beginning. If anyone dares not come, don’t blame me for not giving you face.”

They all shook their heads quickly, expressing their fear.

Xu Hua gritted his teeth, walked out of the crowd, thumped on his knees in front of Lin Ziming, and said loudly: “Master, please accept me as a disciple!”

Now Xu Hua’s eyes were full of fire, and Lin Ziming was taken aback, frowned and said, “What are you doing?”

It’s still on the street now, Xu Hua’s action also confuses many people. What is the situation, really making a movie?

Xu Hua said: “Master, I’m serious. You accept me as a disciple. I promise that I won’t oppose what you and cousin Qin Yao did before...No, I do my best to support you and cousin Qin Yao... ..”

“Fuck!” Lin Ziming didn’t wait for him to finish, so he flipped him over.

This guy is sick, he has a half-cent relationship with Qin Yao.

Xu Hua rolled on the ground and got up to see Lin Ziming leaving. He clenched his fists and vowed in his heart that he would go to Master Lin Ziming anyway and learn Lin Ziming’s skills.

The rest of the matter was left to Wang Shougui to deal with. Now this group of people has completely surrendered to Lin Ziming, so Wang Shougui’s management is very easy.

Of course, Wang Shougui did not do this professionally. He soon used his contacts to find a management in the industry and began to formally plan the establishment of a security company.

Originally, he was very optimistic about Lin Ziming’s work. After all, the Great Mountain of the Northern Heaven Society was blocking him, but now his thoughts are different, and he is more passionate about doing things.

You know, the security industry is a sweet pastry, and the benefits on the surface are not much, but the subsequent benefits are huge. He had to admire Lin Ziming for his vision. No wonder he was able to achieve this result at such a young age. Now he is more and more thankful that he has followed Lin Ziming.

After Lin Ziming and the others walked for a full minute, someone in the

branch of the North Sky Club spoke, “Yan, President Yan, what should we do now?”

The expression on Yan Chuang’s face is ugly. He is now embarrassed and lost to his grandmother’s house. The chief of his dignified branch was actually abused like this. If this spreads out, he won’t be laughed at. .

But he didn’t dare not report this kind of thing, so he sighed and obediently called the upper echelon.

“What?! You were kicked off by a young man? What is the situation, tell me!” The person on the other end of the phone was shocked when he heard that, Yan Chuang did not dare to conceal it, so he had to confess. After it was over, he said: “This person is very powerful, I suspect he has the strength of the innate realm.”

“Innate Realm!”

The man on the phone took a breath.

“Wait a minute, you just said, what is the name of that young man and what is the origin of it?”

Yan Chuang replied again: “Minister, this person is Lin Ziming, the chairman of Ziqiong Media, and his strength is unfathomable. In this way, he declared war with our Beitian Association.”

A surprised and angry voice came from the phone, “Lin Ziming! I remembered that this guy is the one who opposed Young Master Gu a while ago! I will tell Young Master Gu now and let him deal with it!”
