

## Chapter: 613

So Lin Ziming was very relaxed. He knocked down the ten or so college students with three punches and two kicks. The shots were not too light. They would not be able to recover without lying down for two or three months. The most important thing is that Lin Ziming used dark energy for his shots, enough to cause them to die of pain, and modern medicine can't detect the injuries.

From the beginning to the end, Lin Ziming took less than half a minute, and the speed can be said to be incredible. Chu Tian, who was trembling behind him, immediately looked dumbfounded. He rubbed his eyes vigorously, thinking that he had hallucinations.

Oh my god, how could my brother-in-law be able to fight like that, so invincible!

Qian Feng, who had just gotten up on the ground, was also stunned when he saw it, obviously a little scared.

There were three Lianji sons of Uncle Xiong left, and they were also very surprised. They narrowed their eyes and looked at Lin Ziming cautiously. They looked away and underestimated Lin Ziming's strength.

"Boy, I don't see that you are also a practicing family. No wonder you are so courageous and dare to come to the meeting alone." Uncle Xiong said in a deep voice.

Only then did Qian Feng remember the existence of Uncle Xiong, and quickly said: "Uncle Xiong, Uncle Xiong, you quickly shoot and defeat him! Quickly defeat him!"

Uncle Xiong frowned and said: "What are you panicking? With me, what storms can he upset, give me calmness!"

The other two middle-aged people also said: "Xiao Qian, you are calm, there are three of our top masters, this person is just a chicken dog. However, this price is not the first price, you know?"

Qian Feng said immediately: "But we said it at the beginning."

Uncle Xiong stared, grabbed Qian Feng by the collar, and said unceremoniously: "You can also add money, we won't help you settle this matter!"

Qian Feng is very annoyed, but he doesn't dare to refute it now. Who calls his own people useless? In this situation, he has to accept Uncle Xiong's price for sitting on the ground, "Then how much money do you want to add."

"This number." Uncle Xiong stretched out two fingers.

Qian Feng raised his eyebrows and said: "Twenty thousand? This is acceptable. Then you should knock this guy down. I want him to kneel in front of me and lick the soles of my shoes!"

“You are a beggar when you are Lao Tzu, and you pay 20,000! What Lao Tzu said is 200,000!” Uncle Xiong slapped Qian Feng on the head and cursed unceremoniously.

“Two, two hundred thousand?! You are grabbing money...” Qian Feng immediately saw the murderous eyes of the three of Uncle Xiong, he immediately persuaded him, he didn’t dare to say any more, he swallowed his saliva and said bitterly. : “Well, two hundred thousand is two hundred thousand, but the premise is that you want to defeat him, otherwise I won’t agree.”

Uncle Xiong and the three of them all showed surprise smiles. It’s great. They didn’t expect to make 300,000 yuan after this trip. It was too easy to make money.

They saw Lin Ziming’s move just now, but in fact they didn’t care much about it. Any one of them could defeat more than a dozen college students.

Uncle Xiong twisted his head and said to Lin Ziming: “Boy, don’t you see that you are still a cultivator, you are very prestigious. It is a pity that you are not our opponent when you meet our three brothers, so obediently, just kneel down and give us A few people knelt down and kowtowed their heads to admit their mistakes. We won’t do anything. You can still avoid the pain of flesh and blood.”

Lin Ziming shook his head and cursed Shabi.

“You still dare to curse, you are looking for death!”

Uncle Xiong was furious, and an eagle claw caught Lin Ziming, very fiercely, able to grab a hole in Lin Ziming’s body.

Lin Ziming didn’t even blink his eyes. He shot directly, then made a shot, and grasped Uncle Xiong’s thumb accurately, then snapped up, snapped, and broke directly, and Uncle Xiong screamed.

Lin Ziming didn’t stop, and then kicked it out again. Uncle Xiong’s body was kicked upside down and flew out, “Just like you garbage, you dare to pretend to be in front of me?”
