

Chapter: 615

Lin Ziming is also secretly accumulating power in the public. If Gu Hanxing really dared to attack him, then he would not be merciful and beat Gu Hanxing into a cripple with one punch. Anyway, he has already offended Gu Xuan so much that he is not afraid of itching with more lice.

At this moment, two police officers ran over and pointed at them and cursed: “Hey! What are you doing, dare to fight here?!”

Gu Hanxing’s imposing manner was half taken away at once, and he still didn’t dare to be too arrogant in the crowd. Now that the police saw him again, he still wanted to keep a low profile.

“Lin Ziming, you have a seed, you wait for me! I will find you soon and kill you! Then I will snatch your wife over, ride under the crotch, and ravage him ten thousand times!” Gu Hanxing pointed at Lin Ziming’s nose and cursed viciously.

Lin Ziming was also furious when he heard what he said, and narrowed his eyes, already killing Gu Hanxing in his heart.

The dragon has inverse scales, and you will be punished if you touch it!

Chu Fei is Lin Ziming’s Ni Lin, and now Gu Hanxing still wants to make Chu Fei’s idea, there is no reason for him not to be angry.

But Lin Ziming didn’t say it. He just stared coldly at the back of Gu Hanxing’s departure. In his eyes, Gu Hanxing was already dead.

Soon the two police officers came over and gave a simple warning. They saw Qian Feng and others lying on the ground, obviously beaten by others, and began to inquire about the situation.

Qian Feng and the others saw the police as if they saw a savior, they quickly identified Lin Ziming, saying that Lin Ziming beat them.

The faces of the two police officers turned black immediately, and they said, “Do we two look like fools? One person beat up so many of you.”

Qian Feng immediately became anxious and said, “I don’t have a lie, the police officer. He really beat us like this. He is a martial arts expert and he is super good at fighting.”

Lin Ziming said: “Two police officers, I’m a businessman. I just met here. I didn’t know these people at all, let alone what they were talking about. This is my business card.”

The two police officers were shocked when they saw the business card handed over by Lin Ziming. It said Lin Ziming was the chairman of Ziqiong Media. Now they believed in Lin Ziming even more. In terms of years of experience, how can the chairman of a large company fight in the street and beat more than a dozen people alone, but he is unharmed. This is not pure bullshit.

So they didn’t think too much, so they let Lin Ziming go, and they also called Qian Feng and the group back to the police station.

Qian Feng and others regretted their deaths.

For Lin Ziming, this incident didn't affect him in any way, but met Gu Hanxing later, which reminded him of the need to speed up the process and train qualified bodyguards in the fastest possible time.

On the second day, he immediately began to execute, went to the newly established security company, and began training these bodyguards.

Some of them were Wang Shougui's newcomers. Seeing that Lin Ziming was so young and the boss of the company, they disagreed in their hearts. They thought that Lin Ziming was just playing tickets, so they didn't take it seriously.

However, after seeing Lin Ziming's strength for a long time, they all put away their contempt, acknowledged Lin Ziming's greatness, and began to train seriously.

Time passed quickly, and one week passed. During this week, Lin Ziming was mainly responsible for training these newcomers in the newly established security company.

Under his devil training, these newcomers have made obvious progress, and they admire Lin Ziming more and more.

Lin Ziming did everything without any leaks. Before his bodyguard team had a chance to be a teacher, he asked the Ugly Master to send masters to guard Chu Fei's family.

The main thing is to protect Chu Fei.

In fact, the ugly master originally suggested that Lin Ziming should not be so nervous. The Northern Heavens would be a big power. They were domineering and had the demeanor they should have. At present, they shouldn't take the people around Lin Ziming to attack.

Lin Ziming naturally also knew this truth, but he had to be 100% cautious in his work and take precautions before it happened.

On this day, the ugly master called him and asked him to attend a dinner.

The other party was a big man in the circle who wanted to see him by name.

Lin Ziming still has a lot of things to be busy. Where there is time to go to the dinner, he refused without thinking, but the Ugly Master immediately said meaningfully: "Master, I think you'd better go and participate."

Lin Ziming realized that things were not simple, and asked, "This big man has a big background?"

The ugly master nodded and said: "In the south, if the background is big, it is better to go and meet, and the attitude must be respected."
