

Chapter: 634

Gu Hanxing especially enjoyed this look.

At this moment, he is the focus of the audience and the master of the audience.

With his current strength, torturing these thirty bodyguards, isn't it like playing?

It is conceivable that if he defeats so many bodyguards Lin Ziming with his own power, then he will be in the limelight, and his Gu Hanxing's name will spread throughout Huacheng!

Tao Sanniang is here now, and she will definitely look at him with admiration, so that it is not necessarily to reap Tao Sanniang's heart.

When that happens, Lin Ziming will surely lose face, and this shit security company will never want to do it any more. It can be said to kill three birds with one stone.

The group of bodyguards behind Lin Ziming became furious after hearing this, and stood up and shouted.

"Hey! Brat, what are you talking about, there is a kind of say it again!"

"I've seen a lot of arrogant people. It's the first time I have seen someone as lawless as you. I don't even pee and look in the mirror. I dare to single out so many of us. I think you are impatient!"

"What are you doing with so much nonsense with him? For such an arrogant person, you should strike hard! It is really unreasonable to talk to him with your fist!"

"Boss, let me come, I can beat him alone!"

These bodyguards were extremely angry and eager to try one by one.

Especially Xu Hua was the most upset. He has been trained by Lin Ziming for the devil these days and his strength has improved a lot. He has confidence in himself. Now that he sees Gu Hanxing jumping in front of him, where he can endure it, he will stand up and prepare now. In a battle with Gu Hanxing, he performed well in front of Lin Ziming.

"Gu, don't be arrogant! I can beat you down and go back to Beitian!" Xu Hua pointed at Gu Hanxing and cursed.

"You're looking for death!" Gu Hanxing's eyes widened, and then suddenly shot and grabbed Xu Hua with great momentum. At the moment, Xu Hua's muscles all over his body became tense, his scalp was numb, and his brain went blank.

He now felt the horror of Gu Hanxing, and understood why Gu Hanxing dared to come to hit the market, because people had this strength, which was far from comparable to him.

Just when Gu Hanxing was about to catch Xu Hua, Lin Ziming made a move. Seemingly easily, he grabbed Gu Hanxing's wrist, pushed him away, and stood in front of Xu Hua, saying, "Gu Hanxing, I I don't know where

you are confident and dare to say such arrogant words. Without my bodyguards, I can teach you a lesson. I won't get my bodyguards to take action and kill you seriously.”

Xu Hua felt a lingering fear, and some cold sweat broke out on his forehead. Just now, he had walked back from a ghost gate. It is conceivable that if Lin Ziming hadn't taken the action in time, then he would have been seriously injured now.

Gu Hanxing looked at Lin Ziming with fear. The strength that Lin Ziming showed just now cannot be underestimated. He put away a part of his arrogance.

It seemed that he underestimated Lin Ziming, and Lin Ziming had taken the Xisui Pill, but just like him, he had no willpower to stand on it, and he was still at the pinnacle of the day after tomorrow.

As long as he is not in the innate realm, then he is invincible, and Lin Ziming is definitely not his opponent!

“Lin Ziming, since you want to die, then I will fulfill you!”

Gu Hanxing licked his lips, revealing a cold grin, especially excited, as if he had seen Lin Ziming being rubbed against the ground by him!
