

## Chapter: 681

Lin Ziming said, "Of course it's true. It's not the first day you met me. Have you ever seen me when I'm unstable? I won't do things that are not sure."

Tao Sanniang relaxed a lot now. She carefully recalled that it was true that Lin Ziming was prudent in doing things and would not do that kind of sure thing.

But Gu Xuan's reputation is still too great. After thinking about it, Tao Sanniang is still a little worried, biting her lip and saying, "Even if you can defeat Gu Xuan, I want to give myself to you. Don't worry, I won't let it. You don't need to make you responsible, and you won't let your wife know about what is difficult for you. I just need you to come and find me when you happen to think of me."

When Lin Ziming heard this, his heart beat faster. With Tao Sanniang's appearance, if he really became his underground lover... it would really be the pinnacle of a man. Besides, Chu Fei seemed to acquiesce to him. Find the little ones outside.

But soon, he expelled this idea. It was too immoral to do so. It was a kind of harm to Chu Fei and Tao Sanniang.

"So it's related to the second point again." Lin Ziming continued to say seriously: "Although I am sure to defeat Gu Xuan, it is based on my peak state. What if I and you tonight If you do, it means you have vented your energy and your strength has declined. Then I will not be able to beat Gu Xuan. So you should go back for my good."

Tao Sanniang was stunned when she heard this, "This can still make you discouraged?"

"That must be." Lin Ziming nodded solemnly.

Tao Sanniang stared closely at Lin Ziming's eyes and found that Lin Ziming was evasive. It shouldn't be a lie to lie to her, she believed it.

"All right then." Tao Sanniang nodded and agreed.

Lin Ziming finally breathed a sigh of relief when she heard her relax. It was really not easy.

If other men knew that he had turned away the big beauties who took the initiative to deliver them to the door, they would definitely despise him to their bones.

"Since this is the case, then you can go back and rest and wait for my good news tomorrow." Lin Ziming said.

Tao Sanniang still shook her head and said, "I'm out tonight, so I don't plan to go back. Ziming, I will stay with you to sleep tonight. I won't scold you, I will hold you to sleep."

Lin Ziming is full of black lines, eldest sister, don't you mean to tease me if you hug me to sleep?

"I said, Sanniang, do you have any points for your fascination? If you hold

me, I can still sleep.” Lin Ziming said angrily.

Tao Sanniang pursed her lips and said, “What should I do? Anyway, it is impossible for me to go back.”

Lin Ziming refused to persuade him for a long time and was a little annoyed. He said, “Okay, if you want me to be killed by Gu Xuan tomorrow, then stay.”

When Tao Sanniang heard this, she was finally scared, and quickly said: “No, then I’d better go back. You have a good rest tonight, and you must win Gu Xuan tomorrow.”

“Okay, no problem.” Lin Ziming felt weird, how did he feel like coaxing a child?

Next, Tao Sanniang stayed and chatted for a while, and when Lin Ziming was not paying attention, she kissed Lin Ziming on the cheek, and finally left reluctantly.

Just when she was going out, the door diagonally opposite opened, Du Xinli walked out of it, seeing this scene, his face turned green on the spot with anger.
