

Chapter: 692

However, Lin Ziming was not afraid at all in the face of his aura, shook his head and said, "You are not my opponent, you two will go together, there is still a chance."

Hearing Lin Ziming's words, the other party frowned, his eyes flashed with sullenness, he cursed arrogantly, and then directly punched Lin Ziming and launched an attack.

Lin Ziming shook his head, and let go of the nameplate. The nameplate still didn't fall on the ground, and he was already fighting the opponent.

This is Lin Ziming's first innate realm master to fight against since he stepped into the innate realm. In an instant, his fighting spirit was also ignited and he started to move head on.

Bang, when we played against each other, Lin Ziming didn't regress, but the opponent took two steps back, and the strength has already shown the gap.

There was no time for zero and one second, and Lin Ziming played against the opponent again.

As the ultimate masters of the Innate Realm, they played against each other and the damage caused was great. In less than half a minute, they had already defeated no less than ten uncles, and the movement was also great. Everyone was alarmed.

"What's the situation? How could there be such a big movement in the south? Could it be counted as a master fight?"

"Impossible, what a master is so powerful, this is a bomb exploding!"

"It doesn't matter, go and see..."

The so-called innate realm means that after reaching this realm, there is a mysterious connection between the human body and the heaven and the earth, and the perception of the heaven and the earth becomes clearer, as if back to the innate age.

In this state, compared with the peak of the acquired day, there is one most obvious difference, that is, the physical strength of the masters of the innate state is extremely terrifying. If it is not for extreme fighting, they will hardly exhaust their physical strength, and they will not exercise for three days and three nights. There is a problem, it can be called abnormal.

So this is the main reason why Lin Ziming knew that he was about to fight Gu Xuan life and death, and dared to fight this middle-aged man.

Moreover, the opponent is not his opponent.

He first fought against the masters of the Innate Realm, which would help him and Gu Xuan to a certain extent.

Bang bang bang bang...

They constantly move, constantly move their positions, constantly head-on, and constantly cause harm to the neighborhood. After a while, they have become devastated on this land.

In the beginning, the middle-aged man was still able to fight Lin Ziming as close as 50 to 50, but as time went on, Lin Ziming became more and more vigorous, and his energy became more and more vigorous. The middle-aged man was not Lin Ziming at all. Opponents.

With the last kick, Lin Ziming kicked the middle-aged man's chest and knocked him hard against a one-meter-wide tree behind. He was so powerful that he directly hit it. The big tree broke and fell down!

The group of people who rushed back was shocked. Fortunately, they were also martial arts practitioners and reacted quickly, otherwise they would be hit.

The middle-aged man spouted blood, and his clothes were torn apart. He immediately stood up, twisted his whole body, and made a chuckle, as if he was injured.

He looked at Lin Ziming in horror, unable to suppress his situation, "How did you practice, martial arts are so high?!"

Lin Ziming had already recovered his physical strength in just a few breaths, and he didn't continue to embarrass the other party, because he knew that the other party was hostile to him, so he simply came to him to discuss it.

"What I swallowed is the best cleansing pill, the cultivation base is naturally higher than you." Lin Ziming said.

Of course, the other party can't believe it so easily. He has been in the congenital realm for two years. He understands that Lin Ziming has just stepped into the congenital realm. It is not just the credit of the best-quality marrow pill. There must be other unknown secrets on him!
