

Chapter: 695

“That’s true.....”

“Never mind, there is really nothing wrong with this hunting contest. You can see the life-and-death struggle between two innate realm masters. I don’t know who can survive?”

“Then I need to ask, it must be Gu Xuan!”

With the arrival of Lin Ziming, so many people in the audience began to discuss enthusiastically, and the atmosphere reached its peak at this moment, especially hot and excited.

Lin Ziming’s more than seventy nameplates were all hung on the Siberian tiger’s neck, and they dinged and dinged as they walked. They were particularly awe-inspiring.

A long distance apart, Lin Ziming and Gu Xuan’s eyes met, and sparks collided.

When Lin Ziming walked to a distance of fifty meters, everyone was afraid to speak, and many people even controlled their breathing, for fear that too much movement would disturb Gu Xuan and Lin Ziming.

“Lin Ziming, it seems that you still have a bit of courage and dare to come and fight.” Gu Xuan spoke first. He stood up from the stone and shook like that. Originally, his clothes had been wet by rain, so he immediately took him off his body. Numerous drops of water and mist were aroused, and the clothes that had been soaked were actually already dry, which was amazing.

And as his movements were completed, the light rain that had been falling in the sky stopped at this moment, and it felt like the rain between the sky and the earth was controlled by Gu Xuan! It is simply a god level, and it adds to the awe and worship that everyone has for Gu Xuan.

At this moment, deep in the hearts of many people, Gu Xuan is not a person, but a true god!

Lin Ziming smiled and said, “Gu Xuan, you have been harmed by your son in your entire life. The vice-chairman of the dignified Northern Sky Club will fall here today.”

Gu Xuan sneered disdainfully. He is over fifty this year, but he seems to be only a middle-aged man in his thirties, and his mental state is better than many twenty-year-olds.

At this age, he is in his golden age, peak state, and in another twenty years, he will still be able to fight!

This is the power and charm of the Innate Realm.

“Lin Ziming, I admit that you are a genius. At only twenty-eight years old, you have crossed the boundaries of mortals and stepped into the innate realm. You can be called unprecedented.” Gu Xuan’s voice changed and said: “It’s a pity, you are not It, absolutely shouldn’t, to provoke my family and break my only “foundation” is a heinous crime and unforgivable! Today

is the day when your Lin Ziming is buried!”

Speaking of the last remarks, Gu Xuan’s voice, rumbling, and full of majesty, actually caused the lightning and thunder in the sky, as if it really caused the resonance of the world, and it was extremely shocking.

Many people heard their faces pale and sat on the ground.

Looking at Gu Xuan’s eyes, they were full of awe and shock!

Muttering fairy, fairy!

Only immortals have such power.

However, Lin Ziming, who was the person involved, dismissed it with a smile and said something like a fool.

Then he got off the Siberian tiger and patted the Siberian tiger’s head. The Siberian tiger ran aside obediently, looking at Lin Ziming in awe.

Everyone’s eyes also focused on Lin Ziming, to see how he would respond.

Lin Ziming showed a smile, and the next moment he gave a long roar. In this long roar, his aura was gradually raised.

In everyone’s eyes, what Lin Ziming saw was that Lin Ziming continued to rise from the height of an ordinary person, and finally seemed to become a giant with a height of 100 meters, which was extremely shocking.

When Gu Xuan saw this scene, his expression finally became dignified. As soon as he wanted to speak, he saw Lin Ziming move. With a step of his right foot and another flick of his left foot, the person came in front of him and slapped him with a palm. Covering the sky and the sun, it seems that this palm has blocked the sky and the earth, and has fallen into the chaotic state when Pangu opened the sky and the earth! ! !
