

Chapter: 696

It is obvious that Lin Ziming's palm was slapped at Gu Xuan, but it was felt by more than 200 people present, but it covered them, making their brains blank, as if the sight in front of them was black. Lin Ziming will be photographed into flesh in the next moment.

This is not a fantasy, but Lin Ziming's cultivation is so strong that it has caused mental interference to other people.

The human body has unlimited potential and endless possibilities. At present, no matter how advanced technology is, it is impossible to create a single cell, and the human body is composed of countless cells.

Life is the highest technology, and it is the crystallization of hundreds of millions of years.

It also means that the potential of human beings is endless. Now Lin Ziming is in the forefront of many people, unlocking part of the human body's potential.

Millions of years ago, the average life expectancy of apes was only more than ten years old. Thousands of years ago, the average life expectancy of people was only forty or fifty years. But now, the average life expectancy of human beings has reached seventy or eighty years. In a few hundred years, centenarians may be gone. In the same way, in a hundred years, the innate realm may be just a very ordinary realm, everywhere on the street.

Even if the legendary King Kong is not bad, it is not a rare realm.

Society is constantly evolving and civilization is constantly evolving. Now Lin Ziming is just a pioneer, he has always thought so.

When it was said that it was too late, almost instantaneously, Lin Ziming had already arrived in front of Gu Xuan and slapped it with a palm, as if Mount Tai was pressing on the top, even a top expert like Gu Xuan felt tremendous pressure.

At this moment, his expression became completely solemn, put away his contempt for Lin Ziming, and treated Lin Ziming as an opponent for the first time.

He snorted coldly, and backed away, without the palm of Lin Ziming, because he knew that once he did it, his body would have to be beaten by the powerful potential energy to make one-third of his body into the ground. At that time, he would fall into a disadvantage, and his actions would be temporarily obstructed, and he would be easily injured by Lin Ziming.

So the best way is to avoid the edge first.

Gu Xuan's retreat was more than ten meters, and the speed was extremely fast, and a strong wind was rolled up out of thin air, blowing the dead branches and leaves all around, forming a clean area.

However, Lin Ziming did not continue to attack. He stood there and looked at Gu Xuan with a smile. Where is the fierceness of the moment? Now he

has returned to the posture of an ordinary person, giving people the feeling that he is moving and calm.

Therefore, many people feel shocked when seeing this situation, and even feel dizzy, because in their minds, they expected Lin Ziming and Gu Xuan to start a bloody life and death battle, but Lin Ziming just played Stopped with a palm.

Not to mention them, even Gu Xuan was unexpected. He had already accumulated his strength and entered a fighting state. He was waiting for Lin Ziming to come over and fight him. As a result, Lin Ziming stopped, and he was still so clean and tidy.

But in this way, the expression in his eyes looking at Lin Ziming became even more solemn!

Lin Ziming actually asked how easy it is to let go so easily.

“Gu Xuan, I will give you time to adjust, lest I bully the old man.” Lin Ziming said with a smile, his expression full of contempt for Gu Xuan.

“Arrogant!”

Gu Xuan was completely irritated, and Lin Ziming’s behavior simply didn’t put him in the eyes, and he was so arrogant to the extreme.

“Lin Ziming, I just wanted to interrupt your hands and feet and spare your life. Now it seems that there is no need for this!” After taking a breath, Gu Xuan adjusted his state to the best, and then opened his eyes wide. , A fierce and terrifying light flashed by, the next moment he yelled at me to death, his body began to move, ten meters away, disappeared in an instant, with another thunder in the sky, it was like Thunder King landing, full of power , Launched a stormy attack on Lin Ziming.

Lin Ziming squinted his eyes, and his clothes were blown by the wind brought by Gu Xuan. At this moment, he also felt a huge oppression. Gu Xuan released his terrifying power as a middle-level innate realm.

So many people at the scene stepped back one after another and moved a spacious area for them, for fear that they might be harmed by Chiyu.
