

Chapter: 750

On Lin Ziming's side, they came out of the fight club and remained silent all the time. Lin Ziming didn't speak, and they didn't dare to speak. Many times when they came to their lips, they didn't dare to speak.

Although Lin Ziming is acting very approachable now, they are still very afraid of Lin Ziming and dare not make mistakes. It is not that they are timid, but that the strength that Lin Ziming has just shown is too subversive and terrifying, just like Superman.

Finally, Lin Ziming broke the silence and said with a smile: "Why are you so afraid of me? Everyone dare not speak anymore."

Some embarrassment appeared on their faces.

In the end, Ning Yuning stood up first and said, "Dong Lin, are you Superman?"

Lin Ziming was stunned for a moment, then laughed haha, and asked, "What do you think?"

Ning Yuning's heartbeat immediately accelerated. She rarely watched foreign superhero movies, such as Superman, Captain America, Iron Man and the like. There has always been an illusion in my heart, that is, in this world, is there really a superhero with a particularly strong personal ability? Today, Lin Ziming's performance has somewhat met the requirements of a superhero.

"I think you must be!" Ning Yuning said seriously.

Her words caused Lin Ziming to be amused again. He shook his head and said: "You guessed it wrong, I am not a superman, I am an ordinary person, but my fighting ability is better than ordinary people."

Ning Yuning obviously didn't believe it, not just her, no one else would believe it.

It's okay for Lin Ziming not to explain. With his explanation, Ning Yuning firmly believes that he is a superman, the kind of incognito, and invisibly favors Lin Ziming even more.

After going downstairs, it rained unexpectedly. Lin Ziming didn't even drive. Now it's not easy to take a taxi. Suddenly Yu Qing suggested: "Dong Lin, it's raining heavily now. Why don't you let Yu Ning take you back."

Ning Yuning nodded when she heard the light in front of her eyes, "Yes, Lin Dong, let me take you back. My car is in the parking lot."

Lin Ziming said weirdly: "You are a big star, so it's not appropriate to send me specially."

Ning Yuning shook her head and said: "There is nothing wrong with it. I usually drive home by myself. In fact, celebrities are just like ordinary people. Lin Dong, don't think of me as so delicate."

Yu Qing also said: "Yes, Lin Dong, let Yu Ning take you home, it just happens to be convenient."

Lin Ziming nodded in agreement, seeing that their attitude was firm and not hypocritical.

Ning Yuning didn't lie, she could see that her driving skills were quite good, and she drove very steadily. During the period, Ning Yuning took the initiative to look for topics and chat with Lin Ziming.

"Dong Lin, can you sign me?"

At the gate of Yulongwan community, Ning Yuning suddenly said boldly.

"Sign?" Lin Ziming was a little surprised. He grew up so that he was asked to sign for the first time, and the other party was still a big star, which always felt weird.

Ning Yuning nodded vigorously and said, "Yes, I am Dong Lin's little fan from now on!"

Seeing Ning Yuning's look of expectation, Lin Ziming couldn't refuse her, nodded, smiled and said, "Okay, but I don't have a pen..."

"I have!" Ning Yuning heard Lin Ziming's promise, was particularly excited, cheered, and hurriedly leaned back in the back seat and took her bag.

She knelt on the seat cushion like this, forming a seductive arc. Lin Ziming's face immediately blushed and her heartbeat accelerated a lot, so she quickly looked away.

You know, Ning Yuning is also a first-class beauty, her body is so good that she is mouth-watering, this action of kneeling on the ground, and in the narrow car space, it is simply to lure people into crime!

It just so happened that Lin Ziming was holding his stomach again, and now it was directly burning up.
