

Chapter: 769

If this continues, Zi Qiong Media may go bankrupt directly.

Similarly, Tengyue Advertising and Aegis Security are not much better. They are struggling, and anyone with a discerning eye can see it. If this continues, these three companies will go bankrupt or be annexed.

As the boss of the three companies, Lin Ziming hadn't appeared in these three days, and the world had evaporated.

Therefore, a lot of speculation came in the circle for a while, and some people thought that Lin Ziming had been solved by Wu Meizi. More people speculated that Lin Ziming was afraid of Wu Meizi, and now he has run away.

"This Wu Meizi is too good, right? It only took a few days to defeat Lin Ziming's big industry."

"Isn't it? Lin Ziming is completely finished this time."

"I've seen Lin Ziming's dislike for a long time. This guy is obviously the son-in-law of the Chu family. I don't know what kind of shit luck he has. He actually became the chairman of Ziqiong Media. He is usually arrogant to die. Now he is fine. Yeah, I finally offended the big guys, I'm so dead."

"Lin Ziming hasn't appeared for three days. Will it be solved by Wu Meizi?"

"It's totally possible..."

"Anyway, Lin Ziming has come to an end."

"I heard that Lin Ziming's wife is beautiful and beautiful. If Lin Ziming dies, his wife will not fall into Gu Hanxing's hands."

"Hahaha, of course, Gu Hanxing is notoriously lecherous, and Lin Ziming is his father and enemy. When Lin Ziming's wife falls into his hands, the end will be miserable."

"In other words, now I go to seek refuge in Gu Hanxing, so I can wait for Gu Hanxing to get tired of playing, and I can pick up a second-hand, hehe..."

There are more and more such voices, and Lin Ziming has become a joke, and anyone can step on it.

As for where is Lin Ziming? Did it really run away?

That is impossible.

For these three days, Lin Ziming had locked himself in a confined space, without any electrical appliances, and there were no bright, dark patches.

Only three meters in front of Lin Ziming, I lighted a piece of incense, and used this dim light to illuminate the entire space. If I changed to ordinary people, it would be pitch black and I could see nothing. For Lin Ziming, it was like the day, and he could see clearly, even the ants crawling on the ground.

After three days, he had nothing to eat, so he did bigu.

In this way, he adjusted his state to the best.

Suddenly, he opened his eyes, as if there was a divine light flashing, and then he blew out the incense that was three meters away in one breath.

The next moment, he appeared outside.

Now that he is in his peak state, it is time to go to Wu Meizi to fight to the death.
