

Chapter: 827

Ding Yan said again, “Is that innate realm really that difficult?”

As an ordinary person, Ding Yan really can't understand what Jiang Liqun did. You must know that Jiang Liqun is a big business man with a net worth of tens of billions, and his social status is also very high. Whose subordinates are you?

Jiang Liqun looked at Ding Yan, snorted, and said, “What do ordinary people like you know? With a net worth of tens of billions, what can you do in the face of the innate realm? The innate realm is a transcendent realm. , It's not just force that has transformed! The main thing is intelligence, lifespan, spiritual power, and further exploration of human limits!”

“Don't say tens of billions, even if 100 billion can be exchanged for the innate realm, I will not hesitate to choose the exchange!”

After Ding Yan heard it, he took a breath. He knew that the innate realm was extraordinary, but he had never imagined that it would be so extraordinary! One hundred billion for the innate realm, this is really crazy.

“Then Lord Lin, isn't he the equivalent of a god?” Ding Yan swallowed and said.

Jiang Liqun nodded, envy and yearning burst into his eyes, and said: “In a sense, he is indeed almost the same as a god, otherwise you think I will choose to surrender him so readily? The key is that he is still thirty years old now. , He has reached the pinnacle of his life, and the future is unlimited! You see me surrendering him, and you don't see a deeper level. My assets are still mine and I control them. Of course this is a trivial matter. The most important thing is. The thing is, following Lord Lin can bring a huge improvement to yourself!”

After Ding Yan listened to Jiang Liqun's speech, he also began to get excited, and he no longer had any doubts and rebellious thoughts.

Jiang Liqun added: “Recently, many foreign forces have entered. I suspect that Yao Sheng has colluded with foreign powers. After swallowing their water of life, his strength has begun to increase!”

Ding Yan was dumbfounded, what is the situation of this foreign supernatural person? How does it sound like a movie? He has never heard of it before.

He wanted to continue to inquire, but Jiang Liqun obviously didn't want to say anything anymore, waved his hand to signal him to go back, he had no choice but to hold back his doubts and leave from Jiang Liqun's study.

.....

After Lin Ziming and Tao Sanniang left the hotel, they strolled for a while and went to see a movie. They didn't leave until 11 o'clock in the evening.

When he came out of the mall, Tao Sanniang suddenly took his arm, leaned in his ear, and said softly, “Ziming, why don't we go home tonight?”

“Huh?” Lin Ziming was taken aback, and said, “Why? Are you still angry with your mother?”

Tao Sanniang rolled her eyes and scolded Lin Ziming Mu Mu, which couldn't understand what she meant!

She glanced at the Vienna hotel opposite, and said: “I heard that the environment of this Vienna hotel is very good, the bed is very big and soft, and it is very comfortable to sleep. Let's go and experience it.”

Humph!

Lin Ziming's heart jumped instantly, Tao Sanniang had already said this to this point. If he still didn't understand, he would be a pig!

Looking at Tao Sanniang's blushing like a peach blossom, she looked like a peach, alive and well a ripe peach waiting to be picked, Lin Ziming's heartbeat speeded up desperately.

He is no longer the first brother who didn't know anything at the time. He naturally knows how wonderful a stunner like Tao Sanniang is to conquer...

“This, isn't there any good experience?” Lin Ziming said blushing slightly.

Tao Sanniang gave him a white look, took his hand directly, walked to the Vienna Hotel, and said: “Slowly wordy, I must eat you tonight, Jesus will not be able to save you when he comes!”
