A LIFE UPSIDE DOWN

Chapter: 852

All their pride and hard-heartedness collapsed at this moment, kneeling down in front of Ouyang's cover, begging bitterly.

This reaction not only made Wang Shougui and others shameless to them, but even the other Ouyang family members despised them.

People who eat inside and out, but have no spine, are despised wherever they go.

Ouyang Feng kicked the two of them away, and said coldly: "You and me begging for mercy is not useful. If you ask for mercy, please beg for mercy with Lin Dong!"

Although they are eating inside and out, their character is not good, but their IQ is not bad, they immediately understood the meaning of Ouyang Feng's words, and hurriedly knelt down to Lin Ziming and begged for mercy: "Lin Dong, we were wrong just now, and I didn't know. Taishan, I have offended you. Please also Lin Dong, don't be familiar with us, let us go this time!"

"Dong Lin, your lord has a large number, so just forgive us this time!"

They have completely lost the pride and arrogance they were just now, begging hard, and there is no way. They are really scared now. If they are expelled from Ouyang's family, they will be deprived of their rich second-generation status, which is equivalent to Falling from heaven to the ground, how can people who are accustomed to living a life of wealth accept it?

When Lin Ziming faced their begging for mercy, Lin Ziming hated this kind of rubbish that eats inside and outside, admiring foreigners and foreigners the most in his life.

However, this is Ouyang Feng's grandson, with the blood of Huaguo on his body. Before it is his turn to intervene, he waved his hand and said, "Go away."

They didn't know Lin Ziming's attitude, they begged for mercy a few more times, very pitiful, and then looked at Ouyang Feng eagerly.

Ouyang Feng sighed deeply. They are also young people under thirty. Why is Lin Ziming so good, and his two grandsons are so useless!

After only a few years of studying abroad, I have forgotten all my roots. He really feels ashamed, his old face has been shamed.

But he also saw that Lin Ziming didn't intend to be familiar with them, and stared at them and cursed: "Don't hurry up and thank Lin Dong, and get out!"

"Yes, yes, thank you Lin Dong Kaien!"

"Thank you Lin Dong, Lin Dong is healthy and has a lot of money!"

After they quickly thanked Lin Ziming, they walked away and became a joke.

Now that this happened, everyone in the Ouyang family is even more

embarrassed. Even people like Ouyang Feng who have experienced big winds and waves can't help but blush now.

In the end, Ouyang Xuehai broke the silence and said, "Dong Lin, what happened last time was our Ouyang family's fault. We should not stay away from you just because of Wu Meizi's threats! Lin Dong, your lord has A lot, I don't know if I can forgive us this time? We used 10 billion to buy 10 points of Aegis Security Group's shares as a reward, okay?"

Ouyang Xuehai has put a very low profile, 10 billion, only buying 10 points of Aegis Security Group shares, which is equivalent to giving this 10 billion to Lin Ziming!

You know, how long has the Aegis Security Group first established, and its value is no more than 500 million at most!

In an instant, the hearts of several people including Wang Shougui suddenly accelerated a lot, and they admired and admired Lin Ziming even more.

No, for Lin Ziming, Gu Jing did not change it. There was no change. Ten billion was just a number for him, and he didn't care at all.
