

## Chapter: 855

Ouyang Yanran felt Lin Ziming's indifferent appearance, and completely ignored her, which made her feel extremely uncomfortable!

"Then, what if I want to be your woman?" Ouyang Yanran bit her lip tightly and asked this sentence. When she said this sentence, even herself was shocked. She has always been extremely arrogant since she was a child, and she has a cold attitude towards everyone. Now for the first time, she has succumbed in front of Lin Ziming!

Lin Ziming was also a little surprised. He finally set his sights on Ouyang Yanran. Seeing Ouyang Yanran's arrogant and unwilling expression, he smiled again and said, "Sorry, I am not interested in you."

"you!"

Ouyang Yanran was immediately angry, she was like this, letting go of all dignity and arrogance, but Lin Ziming still ignored her. This was a great blow to her character!

Unprecedented grievance swept through her heart, and finally she couldn't help her nose sour and tears flowed down.

Stomping his feet vigorously, giving Lin Ziming a fierce look, he cursed: "Lin Ziming, you bastard!!"

After speaking, she turned and ran away.

Lin Ziming was a little stunned, thinking that Ouyang Yanran's reaction was so big, and then he shook his head and smiled without taking it seriously. In his opinion, Ouyang Yanran was just an immature child.

After closing the door, he rested in the bedroom for a while, waking up full of energy.

On the second day, Yuntian Pavilion also came, and in order to apologize to him, he was willing to pay compensation, hoping to make friends with Lin Ziming.

Because Yuntian Pavilion's attitude was sincere and low enough, Lin Ziming didn't embarrass them too much, and expressed his kindness.

In the next few days, people kept coming to visit Lin Ziming. Lin Ziming never refused to come. He expressed his intentions to the outside world through his own actions. I can ignore the predecessors, but you must give gifts. Many, and this is the last time, there are similar things happening, he is not in this attitude!

As for the Ouyang family, Lin Ziming didn't continue to embarrass them. After all, the Ouyang family was considered a big family in Province G. If they were really guilty, it would not do him any good.

So after a week, Lin Ziming took the initiative to clear up his suspicion with Ouyang's family, of course, the premise was that he had collected the 20 billion from Ouyang's family.

Calculating now, all Lin Ziming's assets add up to 150 billion! This is still

not counted on Jiang Liqun's side. If it is really counted, his personal net worth will exceed 200 billion, which is already the rich list of China that can be properly entered!

Of course, Lin Ziming didn't care too much about this aspect. For him, money was already a number, and it didn't make much sense.

Not long after, Jiang Liqun also took time to come over to Huacheng and prepared a first-grade marrow pill to attack the innate realm.

With Lin Ziming's protector this time, his confidence was greater than ever. In fact, it was true. Lin Ziming personally protected him for ten days. Every time he couldn't hold on, Lin Ziming would take action to help him digest the efficacy of the cleansing marrow pill. After the last ten days, Jiang Liqun finally stepped in. Into the innate realm!

However, it was also innate, but it was far behind Lin Ziming, and it was not of the same level.

In the past, Jiang Liqun was still the pinnacle of the day after tomorrow. He just knew that Lin Ziming was great, but he couldn't fully feel how powerful Lin Ziming was. Now that he himself broke through the innate realm, he finally discovered that Lin Ziming had reached this realm!

For a while, he was even more in awe of Lin Ziming.

Lin Ziming's life calmed down again. For the next month, Lin Ziming spent a lot of leisure time, cultivating every day, and nothing major happened.

This kind of life makes him feel very comfortable, but he knows that with his current status and cultivation base, it will not last long.

Sure enough, it didn't take long for one thing to happen, which completely broke his peaceful life.
