Someone next to him retorted: "It shouldn't be that serious, right? Instructor Lin is also an extremely strong person in the Innate Realm. Maybe Instructor Zhao is not his opponent."

Someone immediately stared at him. At a glance, he said: "How is this possible? Instructor Zhao is an old and powerful man. I don't know how many notorious criminals died in his hands. Our cultivation has reached an unfathomable level, and our instructor Lin how old was ah, even if the same realm of birth, certainly not the instructors Zhao opponent ah! " " "

that's how to do this liangzi had been hired, we do not want to tell Lin instructor? " " "

Well, to date, too I can only tell Instructor Lin. Hey, instructor Lin is dragged down by us this time!"

Daniel, Liu Feng and others also showed their shame, if it hadn't been for them to have friction with Changfeng and the others at first. , It won't happen anymore.

After Zhao Xia and others left, they started calling Lin Ziming and told Lin Ziming about the matter.

At this time, Lin Ziming had left the three places of Xuanyuan. On the way back to Yulong Bay, he received this call. From the group leader, he learned about this matter, but he was not surprised. He just said indifferently, "I know. . the "

leader Hou Tianyu see Linzi Ming does not seem to mind, he was worried when he said:" instructors, instructors fangs team Zhao Xia is extremely expert third phase of the birth of the environment, especially violent and vengeful character, if not Apologize to him in time, I'm afraid it's not good."

Lin Ziming smiled and said, "Could this Zhao Xia have a higher position than me. If he gives orders, I must apologize to him?"

Team leader Hou Tianyu He shook his head and said, "That's not what it meant. Although the position of Instructor Zhao is higher than that of instructor you, this is a private grievance. Even if you didn't apologize to him..."

At this point, he suddenly Thinking of something, he asked cautiously: "Instructor, don't you really ignore Instructor Zhao? His character is difficult to deal with..."

Hou Tianyu felt that he understood enough, and I believe Lin Ziming must understand it.

Unexpectedly, Lin Ziming said easily: "There is nothing to take care of. If he wants to trouble me, he can come directly." After a pause, Lin Ziming said solemnly: "Well, let's not talk about this, when I am leaving. , You have to train well. When I go back, I will check your results. If I find that

you still haven't grown, I can't spare you, you know?"

"Yes!" Hou Tianyu immediately stood up straight and said loudly To answer.

After Lin Ziming hung up the phone, he frowned slightly. The instructor of the Fangs Group, the third stage of the Innate Realm, he really didn't pay attention to it. If it was before, he was still the third stage, he might still Be afraid.

But now, he has broken through to the fourth stage, and has killed such an extremely strong person as Ye Xingchen. His cultivation has reached an unprecedented level. Even if he is a strong person of the Innate Realm Dzogchen, he has the confidence to touch it. .

Lin Ziming quickly threw this matter out of his mind, and it did not cause a ripple in his heart.

Two days passed in a blink of an eye. Zhao Xia stayed in the base all the time, waiting for Lin Ziming to come to the door to apologize, but in the end he didn't wait for anything, Lin Ziming didn't take him seriously.

At the same time, everyone in Xuanyuan 3 knew about this, and Lin Ziming's reputation suddenly became louder. Apart from the instructor of the Dragon Blood Team, Lin Ziming was the second person who dared to challenge Zhao Xia.

"Good, good!" Zhao Xia's eyes burst out with a terrifying light. He originally just wanted to simply teach Lin Ziming a bit. It is necessary to greet Lin Ziming well!
