

Chapter: 993

He stands in place, motionless, at this moment, he seems to be a radar, can survey everyone within a few hundred meters, including their manners, content of words, Emotional fluctuations, the joys and sorrows in his heart, the distress and joy of life, etc., all appeared in his mind.

Before this, he had never experienced this before!

He knows that his spiritual realm is very high, and he has reached the point where he can influence others, but he has never tried to spread his thoughts out, penetrate thousands of people around him, and feel the joys, sorrows, sorrows and joys of thousands of people. .

The consumption of this spirit is too fast, just run with the computer overclocking, and it will be overloaded in a short while! Burn it in minutes! Lin Ziming is almost the same now, he just persisted for less than five seconds, and then stopped immediately, his face became pale, he was gasping for breath, and even cold sweat broke out on his forehead.

Just five seconds ago, he actually emptied his mental energy directly, and he was so tired that he wanted to lie down and sleep right away! This kind of thing had never happened to him before, even if he was fighting Ye Xingchen, he would not be so tired, because when he reached his realm, his physical strength was endless.

Especially, mental power is not the same as physical power, and mental power is hard to run out. It can be seen how heavy his load was in the five seconds he had just now!

“The experience just now... could it be Dzogchen?” Lin Ziming muttered to himself, his breathing started to rush, his shock and excitement made everyone around him look at him weirdly.

Lin Ziming was very excited. He originally thought that he would be stuck in the fourth stage of the Innate Realm for a long, long time. He never expected that he would have such an opportunity to take a walk on a whim and touch the threshold of Dzogchen.

As long as he reaches the threshold and finds the direction, it will be easier for him to break through next, at least the time can be cut by half!

If Ye Xingchen saw this scene, he would definitely be half-dead. He was already known as a genius, but he had been stuck in the fourth stage of the Innate Realm for five full years, and he had not touched the threshold of Dzogchen. As a result, Lin Ziming didn't break through. In two months, I had already touched the threshold of Dzogchen.

Lin Ziming is very tired now. He was excited for a while, and even felt a headache. His brain was about to split, which made him laugh wryly. Now if there is a master at the acquired peak, he might be able to kill him.

This game is a bit big... Fortunately, now Lin Ziming is very low-key, and his clothes are ordinary enough, no one can tell that he is a big person, and

after he has realized so many ordinary people just now, he The temperament on his body is completely ordinary, even more ordinary than ordinary people, completely inconspicuous.

He hurriedly sat down in the corner to the side and began to recuperate. As he is now, he is completely the image of an unemployed person desperately desperate, lost and lost on the side of the road.

Just in time, a gust of wind blew him, and a piece of paper was blown at his feet. Lin Ziming picked it up and looked at it. It was a publicity leaflet for a restaurant recruiting dishwashing workers. The monthly salary was three thousand five thousand.

Speaking of it, in the first two years when Lin Ziming first joined the family, he really thought about going to be a dishwasher and earning some money to support himself, so that he would be less scolded anyway, but then he gave up.

At this moment, several people came from the side. One of them was taken aback when he saw him. Then he said in surprise, ”

Brother Lin, are you?” Lin Ziming heard the voice and looked up. I saw a young man in a suit standing in front of him, looking at him in surprise, “Great Brother Lin, it’s really you!”

This young man looked twenty-three or four-year-old with a long face. With a simple and honest face, he was very happy to see Lin Ziming now, but immediately, he saw Lin Ziming’s now down and down, sitting in the corner with a dishwashing job recruitment flyer in his hand, his expression a little bit It’s weird.
