

Chapter: 998

“Guiying, why are you unhappy? There are so many people coming to wash the dust for you.”

When Yang Guiying was upset, there was a fat girl next to her curiously Asked.

Yang Guiying said, “It’s not interesting. The person I want to meet won’t come over.” The fat girl immediately opened her eyes and said in surprise: “No, Guiying, are you a man you like? Who?”

The people around him were also shocked and felt very unbelievable. You must know that Yang Guiying is not an ordinary person, but the eldest lady of the Yang family. Her status is noble, and she is more precious than the so-called rich second generation of them. too much!

The Yang family, but a famous family in China, is not just as simple as being rich. The main thing is that it has a high social status. A few decades ago, it made a lot of economic contributions to China.

This is still the first, and another important point is that the Yang family has produced a lot of distinguished nobles, and they hold part of the power. Not to mention the G province, even if you look at the entire south, they are very powerful families.

Needless to say, Yang Guiying, as the core child of the Yang family, is even more distinguished.

Yang Guiying herself looks good and looks good. It should be pursued by many people. However, Yang Guiying is obviously a daughter, but she has the blood of a man in her bones. She has a very grumpy temper, and is especially aggressive, and she doesn’t say a word. Just like to beat people.

It would be okay if Yang Guiying only had a bad temper. After all, where her identity is, many people still want to marry her. However, Yang Guiying has been practicing martial arts since she was a child. She is a martial idiot. She has a high level of cultivation, and she is more powerful than many men. She is very ruthless and has a strong tendency to violence. For so many years, people who pursue her are getting more and more. not enough.

So when these people around me heard Yang Guiying’s words, they all opened their eyes and reacted very much. They both envied this man who could be favored by Yang Guiying, but also sympathized. With Yang Guiying’s temper, they were liked by Yang Guiying. Well, it’s not being abused every day.

Yang Guiying rolled her eyes. She didn’t know what these people were thinking. She said angrily: “It’s not what you think. I’m talking about my idol, not my sweetheart.”

“Idol?”

They heard Yang Guiying. This is even more daunting, Yang Guiying’s identity, and an idol? Isn’t it?

They still want to ask again, but Yang Guiying doesn't like to take care of them anymore, she directly took Ouyang Yanran to the side, walked aside, and said, "Yanran, don't you have an idol's call? You call him and let me give it to him. Just a few words, just two sentences."

Tonight's high-class party, Ouyang Yanran, who is a good girlfriend, also came to attend. She wore a relatively simple dress without special dressing, just ordinary style dresses, but because of her stunning beauty The appearance, like the noble temperament, was extremely conspicuous, and became the focus of the audience. I don't know how many men's attention it attracted.

She shook her head when she heard Yang Guiying's words, and said: "How many times have I told you that Lin Ziming won't answer my call, he doesn't have me in his heart."

After saying these words, Ouyang Yanran said in her heart. Very disappointed, thinking of her dignified eldest lady from Ouyang's family, she looks beautiful, and there are no one thousand people who pursue her, but eight hundred people. As long as she hooks her fingers, how many men will kneel down under her pomegranate skirt. As for Lin Ziming, she didn't look at her straight, and didn't take her to heart. This kind of strong contrast made her feel extremely disappointed.

By the way, she was also guilty. The more Lin Ziming was so indifferent to her, the less she could forget Lin Ziming. She seemed to have become a demon, and she wanted to wait until Lin Ziming watched her in her dreams! However, she knew that this day would be difficult to come, because Lin Ziming is too good, and there are countless good women around Lin Ziming.
