

Chapter 109 Marking

Umayza

After I have come down from my orgasm Conri lifts me up and I wrap my arms and legs around him, before he walks into the closest bedroom. I remember last time it was just the three of us and I can feel my juices spreading through my folds.

Conri puts me on my feet and we quickly get rid of our clothes as we all know what we want. After he has taken his clothes off Conri lifts me up and I wrap my legs around his waist, pressing my clit hard against his cock. I grind against him as he holds me tightly against his body.

He sits down on the bed with me in his arms, I moan as I feel his cock against my entrance and I scream in pleasure as he pulls me onto his cock. Evander takes up position behind me and one of his hands cups my breast as the other disappears between my legs.

Evander pushes a finger into my pussy along side Conri's cock and I mutter his name as he pushes his finger deeper inside me. My thoughts become incoherent when Evander adds a second finger into my core, I feel so amazingly full and for some reason my body wants even more.

Conri slowly lays down on his back, taking me with him as he holds me against his chest and both of them pick up their speed pushing in and out of me. "Are you ready for me, Little One?" Evander asks. "Can you handle both your Mates at the same time?"

My mind seems to think he is talking about what they did last time, but my body seems to think otherwise as my juices start streaming. My eyes widen as I feel him placing his cock at the entrance of my pussy and for a moment I fear I can't handle this, but I didn't need to worry.

My body is eager to take what my Mates want to give me and I feel my pussy stretch the deeper Evander pushes his cock, while Conri has placed one of his hands on my ass. The moment Evander bottoms out both of them start pulling their cocks out and Conri pushes two fingers in my ass.

"So full." I whisper as they start pushing back into my pussy and I hear both of them groan as they bottom out. I moan loudly at the need of my body and I scream again in pleasure as they start sliding in and out of my core, this is something I never thought was possible.

Both of them start moving faster and Conri keeps sliding his fingers in and out of my ass, making me pant and moan. I feel Conri sucking on the left side of my neck as Evander is sucking on the right side and I know they will mark me the second I come.

Feeling their cocks slide in and out of my body and Conri's fingers pounding my ass makes me tumble over the edge. I clench around their cocks as I feel their canines penetrate my skin and I scream their names as I come around their cocks.

They slow their ministrations as I come down from my climax and before I can move I drift off to sleep, their cocks still inside me.

Evander

I look at Conri over Umayza's shoulder with a smile on my face, her breathing has evened out and we both slowly pull out of her. I walk to the bathroom to get a wet cloth and Conri gently places her beside him, before he also walks to the bathroom.

By the time I have cleaned Umayza Conri walks out of the bathroom and crawls into bed beside her. I join him a few minutes later and we both look at our little Mate vast asleep between us. "I can't wait for her to mark us, Kane needs this bond to be completed." Conri says.

I know Mylo feels the same way and it will make a lot of things so much easier for all of us. The only thing the three of us are a little bit worried about is how her ability might affect us and I know we will learn to live with it if it does. I can feel her emotions, but some of them don't make sense and Conri provides the answer.

"Why is she feeling confused?" He asks and I realize that he can feel my emotions even stronger now, just as I can feel his emotions. "I think you felt my emotions, I was confused because I felt relief and I think that was you." I explain to him and we both chuckle as we realize this will mean some getting used to for us.

Somehow I drifted off to sleep and the feel of arousal rushing through me has me opening my eyes to the most amazing thing I have ever seen. My Mate on her knees between Conri's legs, one hand wrapped around his cock and the other between his legs cupping his balls.

Conri watches her with hooded eyes as she slowly takes his cock into her mouth and he groans as she slides further down his shaft, "Fuck, Little One. Your mouth feels so good around my cock." He mumbles as he tangles a hand in her hair.

My cock starts to throb as she bobs her head up and down, taking as much of his cock as she can into her mouth and my rock-hard cock makes the sheet tent. I feel her hand glide up my leg towards my cock and I feel it twitch more the closer she gets.

Her eyes lock with mine as she keeps sucking Conri's cock and it turns me on even more, not something I had ever expected to turn me on. She slowly lets go of our cocks and she crawls up Conri's body to lower herself on his cock, I stare as I see his cock disappear into her pussy.

She locks her eyes with Conri as she starts riding him hard and fast, I grab my cock as I watch them fuck right next to me and as she is close to her orgasm she lowers herself down to his chest. She starts sucking and licking on his marking spot and he slams into her harder and harder.

I feel it the moment she bites down in his neck and he roars as he comes inside her, he holds onto her as he tries to catch his breath. She is still coming down from her orgasm, but I don't have the patience to wait and I pull her of Conri's cock to slam my cock inside her.

She lifts her head to look at me and I smile as I see that Yade is right there with her, "Hello, my Mate. Ready for another round?" I ask and both of them moan as I lift her of my cock, but before they can say anything I pull her back down.

Every time I pull her up only the head of my cock stays inside her pussy, just before I slam her down on my cock as I push my hips up and I feel the bed dip as Conri settles himself behind her. She moans as Conri starts pushing his cock into her ass and I feel his shaft sliding in along mine.

It feels so tight I can barely move, but we all know it won't stop me from fucking her and I know she can handle the two of us just fine. Conri and I get into a fast and hard rhythm and I nearly blow my load when she licks my marking spot.

"Fuck, Little One. I can barely hold myself from coming, I want to feel you come around our cocks." I growl and she looks over her shoulder at Conri when she says, "I want the both of you to come in my pussy." Conri groans at her words, but he will don't deny her.

The look in his eyes tell me that he won't be gentle and I am about to warn him when he pushes his cock along side mine into her core, she turns back to me once Conri bottoms out. This feels so fucking amazing that we both lose control of our ministrations.

It is hard and fast, but our Mate doesn't seem to care and we speed up even more. I feel our cocks twitch as she comes undone and she bites down on my marking spot, making me come and I pull Conri with me. Conri collapses on the bed beside us after he pulls himself out of Umayza.

Conri

Umayza is sprawled over my chest the next time I wake up and Kane pushes forward to take his Mate again. He slides her of his chest and he pulls her ass up, before he slams into it. She moans as he picks up the speed even more and just before he comes she opens her eyes to look at him, coming at the same time.

Mylo lifts her of the bed and walks into the bathroom with her in his arms, Kane follows right behind them. They both take care of washing her hair, before Mylo fucks her up against the wall and it doesn't take long before they both come undone.

The next few hours is like a record on repeat, we doze off for a while and when we wake we fuck hard and fast. Umayza isn't bothered by it and I think she even likes it, she rides us as hard and fast as we fuck her. I wake to the soft voice of our Mate calling our names.

"Evander, Conri. Wake up, it is time to get ready. I want to go home and see Dad." She says as I slowly open my eyes. "Of course, Little One. However, I think we need a shower first." I say, but she shakes her head. "You and Evander might, but I already took a shower." She replies.

Evander and I sit up straight and ask her why she didn't wake us, "You looked so peaceful and I know the past few years haven't been easy for you." She says before she kisses us both.
