Explicit content in this chapter

Alpha Talon's P.O.V.

She fights me, but she is no match for an Alpha. Especially not an Alpha like me or Roger.

Roger grabs her hair and pulls her head back, making her scream. I chuckle, because we both like it when they scream. My hand is moving up and down her slit and I am not gentle.

I can see his cock harden and he pulls it out of his pants, forcing it in to her open mouth. "You will take everything we give you. Scream all you want, no one will help you." I whispers in her ear.

I let my claw come out and I start to rip the clothes from her body, Roger is enjoying himself, seeing more and more of her delectable body. He move his cock in and out of her mouth faster as he keeps pulling her head back.

I can see his cock jerk as I whisper the next words in to her ear. "Maybe we should invite your Mate and his Brother to come watch us as we show you what it means to get fucked by two men."

Roger nods his head and I can tell he is linking her Mate and I know he is telling him about my plan. Roger smiles at me and I have a feeling we will have an audience soon.

I feel my balls tighten, I know that I need to come and I hear Roger tell her that he is about to come, he orders her to swallow it all. He shoots his load down her throat as he groans and force it in even deeper. She is gagging and I know how that feels on a cock.

I pull my cock out of my pants as I hear a knock on the door, Roger opens it for his Delta and his brother and locks it behind them.

They turn the seats in front of his desk around and take a seat. I have already moved her from her seat and I have shoved the coffee table aside.

She is crying and whimpering, but it doesn't stop me or Roger from what we want. He grabs her hair as I take of my clothes and she gasps as she sees my rock-hard cock jump free. Roger lowers his head and whispers "Like what you see."

I have no intention of taking it slow and I pull her on top of me as I lower myself to the floor. And I know Roger will enjoy the pleasure of taking her ass.

I hold on to her hips as I put my cock against her core. She is pleading with me to stop, but a smirk crosses my face as I look in to her eyes and say "This is going to hurt, Bitch."

I pull her down on my cock with all the force I have in me. She screams as my huge cock forces it's way in to her pussy and I see that her Mate has taken his cock out of his pants.

His brother is jerking himself off as he is watching me, I pull her back up and slam her back down again. Even though Roger just shot his load in to her mouth, I can see his cock harden again.

He gets down on his knees behind her and tells her that this is nothing yet, that she will be taken in every way we can think of. His hands are on her ass and I can tell when he pushes one of his fingers against her backdoor.

"Please, don't do this." She whispers as I am still pounding in to her pussy. Her Mate gets up and walks over to where we are on the floor. "They will do this and I will hand you over to Alpha Roger every time you disobey me." He growls next to her face.

Roger lines his cock up with her ass and start pushing, the look on his face tells me it feels fucking amazing. Being a virgin we know that her ass will refuse him entrance, but it won't stop him. I can feel him pushing even harder, an ass is always a tight fit, but my cock is filling her pussy and that makes it an even tighter fit.

Finally her sphincter gives way, because I can feel the head of his cock pop in, I groan at the feeling. We can all see that his Wolf has had enough and takes over control. He grabs a hip and her shoulder, he waits a second and then he slams their cock in to the hilt.

Instead of alternating our cocks in to her, we slam in to her simultaneous and in the meantime the Brothers fuck her mouth, hard.

We fuck her ass and pussy without slowing down, she whimpers and cries and as the Brothers shove their cock in to her mouth she starts gagging. Her Mate pushes his Brother to the side and starts pumping in to her mouth faster.

The look on his face tells me that he is close to coming and I tell her to gently squeeze his balls. She brings her hand up slowly and does as I have instructed. He groans loud and holds her head still as he shoots his load in to her mouth.

As he steps away, his Brother takes his place and puts her hand on his balls. Roger and I are still pounding her and I know I won't last much longer.

I grab her other hand and force it behind her back, between my legs and she understands immediately what I expect from her. Her soft hand on my balls, makes my Wolf slam in to her harder and in seconds I shot my first load in to her body.

Roger and I pull out after we have emptied our balls inside her and make way for her Mate and his Brother, they slam in to her without giving her the time to take a breath.

I know it is a night none of us will ever forget, as we take her over and over again. The Brothers give a whole new meaning to cruel as they force their cocks in to her pussy at the same time while Roger's cock is in her ass again and I know that I will try this myself real soon.

The look on Roger's face is one of pure bliss as he feels their cocks enter her pussy, my cock comes back to live as I see their cocks disappear inside her. I force mine in to her mouth and within moments we all come inside her.

As her Mate helps her up, Roger walks over to them and says "I hope you will keep disobeying him. I like punishing you."

He looks at his Delta and smiles as he says to him "Even if she doesn't misbehave, you are more than welcome to hand her over."

He chuckles and his Brother tells him they will keep it in mind.
