

Chapter 97 First Time

Umayza

Evander slowly breaks our kiss as we are both breathing heavy and I know I want more, much more from these two males. I had felt Conri's hands traveling down my body and I had been a little disappointed that he didn't take it any further.

I had felt his cock grow hard under me and all I wanted was to feel him inside me, my only worry is Kane and Mylo, will they be able to keep themselves from marking me if we mated? I have no idea and with Yade having a sleepover I can't ask her what to do.

Conri asks me what is going on in my head and I know I have turned a light shade of red, "Babygirl, tell us what you are thinking. I know that Yade is still with Orion and you can't talk to her. I want you to know and understand that you can tell or ask us anything." Conri says as he looks into my eyes.

I think my cheeks just turned a few shades of deeper red, but I know I want to tell them what is on my mind and if we were marked and mated I wouldn't have troubling telling them. I just need to find the courage to tell my Mates what I want, I just don't know how.

A part of me just wants to blurt out that I want them both, but a part of me still fears they might reject me and I am not sure if I could handle that right now. I will be broken hearted if they tell me No and I doubt I would be able to concentrate on my job after that.

I would be to focused on what I did wrong to be able to read the area or to make sense of it. Or I would get to see the wrong memories and then we would be left without answers, "Babygirl, please answer us. What is wrong?" Evander asks and with that he pulls me from my thoughts.

"Babygirl, you looked so sad. Did you get a memory from the room?" Conri asks, I just shake my head as I try to find the courage to tell them what went through my mind. "I... I don't know." I stutter. "Don't know... how to say this." I stutter again and I know I am not making sense to them.

Conri makes me look at him by cupping my face in his hands, "If it is not a memory that had you miles away in thought then is it safe to assume it has something to do with me and Evander?" Conri asks and I softly whisper Yes as I try to look away from him.

"Babygirl." I hear someone growl and as I lift my eyes I can see that Kane has pushed forward, him staring into my eyes makes a shiver run down my spine. I try to move out of his arms, but by moving my body my ass grinds on his cock and I hear Kane groan softly.

I keep looking into his eyes as I make the movement again and this time he grabs my hips to keep me in place, "Babygirl, do that again and I won't be able to control myself." Kane growls and I now I have to ask him the one thing that will stop me from moving.

"Promise that you won't mark me, Kane?" I whisper as I move my body closer to his and I hear both of them growl at my words. "I promise that we will not mark you until the Full Moon, Babygirl." He says before he slams his lips to mine.

His grip on my hips loosens as I feel Mylo move behind me and I slowly grinded my ass on his cock again, making Kane growl near my ear. Mylo lifts me from his lap to carry me to the bedroom and I feel a heat traveling through my body in anticipation.

Once we are in the bedroom Mylo puts me on my feet, his hands cup my face to make me look at him and he asks me if I am sure about this, "I know there were mistakes made on both sides, we could have had all of this a few years ago, but I think that Orion is correct.

Where would I be if I had gone to the Palace after I got the first invitation? Would Calliope have come for me with full force? I don't have answers to those questions and I know we will never get them, but there is one thing I know for sure." I tell them.

And as I look into Mylo's eyes I say, "I feel safe with the two of you, I know you will not hurt me deliberately and I know we need to talk more about what happened. However, there is one thing I know for sure and that is that I want both of you."

Mylo lowers his head to lock his lips with mine, while Kane is standing behind me as his hands roam over my body. His hands slip under the hem of my shirt to continue their way up my body and Mylo deepens the kiss even further, my breathing becomes labored from the kiss and Kane's hands on my body.

I moan the moment Kane's hands cup my breasts through my bra and I feel one of Mylo's hands slide down my arm to my hip. His hand grips my hip to pull me closer to his body, I can feel his raging hard-on press against my belly and he moans the moment it rubs against my body.

Kane has unclipped my bra and his hands on my skin is driving me nuts and I moan into Mylo's mouth as he pinches one of my nipples, my eyes fly open the moment he says next to my ear, "I can smell that you like what we are doing to you." I see the lust in Mylo's eyes and my core starts throbbing harder.

Mylo's hand leaves my hip to travel towards my core, I start breathing heavier the closer he gets and the moment he places his hand on my core my hips buck on their own accord. He starts rubbing his hand up and down and I become a moaning mess as they increase their ministrations.

I shatter the moment Kane whispers, "Come" into my ear, not that they are slowing down. It feels as if they speed up just a little bit more as I slowly come down from my orgasm and by the time I am almost breathing normal again they finally slow down their assault on my body.

Kane pulls my shirt up while Mylo unbuttons my jeans and in seconds I am standing naked in front of them. Their eyes are roaming up and down my body as they stand next to each other checking out my body, making me press my thighs together to find some relief.

I lick my lips as Kane and Mylo start removing their clothes and even though I wanted my first time to be with Conri and Evander I will take what I can get. Mylo has a smirk on his face as he sees my eyes widen at the size of their cocks and I can't help myself as I lick my lips again.

"Like what you see, Babygirl?" Mylo asks as he takes a step forward and I have to pull my eyes from Kane's cock to look at Mylo. I let out a soft hum of approval as my eyes lower towards his cock and Kane chuckles as Mylo takes another step forward.

Mylo reaches for my hips the moment he is right in front of me and his cock pokes my belly as he steps closer, my eyes still glued to his cock sliding up against my belly. I jump a little when I feel Kane stepping up behind me and I moan as I feel his cock against my back.

"Tonight we will take it easy, Babygirl. Tonight we are going to explore every inch of your body, over and over again." Mylo whispers before he claims my lips again. Kane has his hands on my breasts again while he keeps rubbing his cock against my back.

Slowly Kane lowers himself down my back and Mylo grabs my knee when Kane pushes it up. I stand on my tiptoe the moment I feel his tongue slide between my folds and I can feel my juices flowing from my pussy. His tongue is slowly licking through my folds, but he keeps avoiding my entrance.

"Kane, please." I whisper the moment Mylo breaks our kiss and I squeal the moment he pushes his tongue into my pussy. Mylo is placing kisses from my cheeks down to my neck and after sucking and licking my marking spot he continues his way down my chest.

His tongue traces a circle around my nipple as Kane pushes his tongue in and out of my pussy and I hold on to Mylo's shoulders to keep from falling down. Mylo sucks my nipple into his mouth the moment Kane pushes his tongue into my core as deep as he can and I shatter into a million pieces as they make me come.

Kane lifts me up bridal-style to carry me to the bed and places me next to Mylo who is waiting for me with his cock standing up straight. He grabs one of my hands to wrap it around his cock as Kane places himself between my legs. Mylo guides my hand up and down his shaft and I am so engrossed in watching that I barely register that Kane has his cock against my entrance.

He starts pushing his cock into my pussy while Mylo keeps guiding my hand up and down his cock, I feel how he pushes every inch into my body and my eyes snap towards his eyes the moment he slams through my barrier. The pain only lasts a few seconds, before he starts pulling his cock back.

My hips buck up as he slams back into my core and Mylo is still guiding my hand up and down his cock, "Fuck, Babygirl. This feels so good." Kane mumbles as he starts picking up the pace and Mylo pulls his cock from my hand before he moves towards my head.

He places himself above my head and as I tilt my head back he puts his cock against my lips. I slowly open my mouth as he gently pushes his cock against my lips and I moan as his cock touches my tongue. His cock slides all the way down to my throat as I open my mouth further.

Mylo starts pumping his cock in and out of my mouth and soon he matches Kane's pace, both of them pumping into my body. There is not a coherent thought in my head left as I feel myself getting pushed to the edge by my Mates and I start bucking my hips up as I suck harder on Mylo's cock.

Mylo and Kane roar as they come at the same time I do and my body greedily takes everything they give me.
