

## AN EXPERT 151

### Chapter 151: Talent of a Martial Monarch Realm Candidate?

“Sixth Brother, guess who will win this time?”

“Who else could it be? Basically, the crown prince’s position is fixed. If nothing unexpected happens, the third and fifth princes will be ranked second and third. After that, it will be Lin Fei.”

King Zining could not help but sigh faintly and say with a disappointed tone,

“I didn’t expect the descendants of our imperial palaces to be inferior to a brat with a different surname.”

“There’s nothing we can do about that. In any case, the first few names have nothing to do with us. We just have to keep an eye on the middle and back.”

“I hope my son Wushang can enter the top ten and not embarrass me too much.”

“It’s difficult. I heard that there have been many Holy Sons and Holy Maidens from first-tier sects recently. Their opportunities are rather good.”

“For example, the Holy Son of the Azure Dragon Sword Palace, Liu Chengshui, had comprehended the Azure Dragon Sword Dao passed down by Elder Azure Dragon. His cultivation had already broken through to the first level of the Soul Refinement Realm and is not inferior to our children from the Imperial Palace at all.

“There’s also the Holy Maiden of the Black Tortoise True Sect, Qin Zimo, who had obtained the inheritance of the Black Tortoise True Sect’s ancestor. Her current cultivation had also broken through to the tenth level of the Mountain Sea Realm. Isn’t this result enough to attract attention?”

“If I’m not wrong, the two of them will break through the Earth Ranking and enter the Heaven Ranking. As for the others, I won’t explain them to you one by one.”

King Zining could not help but frown.

Hearing King Tianyun say this, his heart skipped a beat and instantly became empty.

He did not expect the geniuses of the first-tier sects to be so powerful now.

However, as a king, he had more clarity. He still had a lot of knowledge in many different aspects.

Generally speaking, a dynasty relied on their bloodline power at the beginning. It was the bloodline power of the founding emperor that allowed them to surpass everyone.

However, as time passed, the bloodline power would gradually weaken and disappear.

In the end, they would be no different from ordinary people.

It seemed that the bloodline power of the Imperial Family had already begun to weaken.

Should he think of a way to help his son in advance? In case his descendants faltered?

King Zining stared at the name on the ranking and was about to consider whether he should find a more outstanding partner for his son and give birth to a few children with better talent when he suddenly saw an extremely strange scene.

The originally calm rankings actually began to surge at this moment.

In particular, his son's ranking, which was originally around the tenth place on the Heaven Ranking, suddenly began to increase quickly at this moment.

Ninth place, eighth place, seventh place, sixth place... In the end, it actually increased to first place.

Behind his ranking, there was a shocking line that indicated that he had already killed a demon beast at the eighth level of the Mountain Sea Realm.

At this moment, King Zining was dumbfounded.

Since when was his son so awesome?

The other party had only entered the Ancient Forbidden Area for a short while and had actually killed an eighth level Mountain Sea Realm demon beast?

Wasn't he only at the ninth level of the Mountain Sea Realm?

Even with the help of his subordinates, it was impossible for him to kill an eighth level Mountain Sea Realm demon beast so quickly, right?

Could it be... that this demon beast was originally severely injured and was coincidentally encountered by his son, so his son took it down on the spot?

Only this explanation made King Zining feel that it was more reasonable.

However, just as he thought of this, the next second, another king not far away, King Qi, cursed.

"Damn! My son, Fanghua, killed a ninth level Mountain Sea Realm demon beast so quickly? How did she do that?"

King Zining hurriedly looked over. Indeed, Ji Wushang's first place had already been replaced. The current first place was Ji Fanghua of the Qi Imperial Palace.

Not only that, but the other princes also displayed unprecedented dominance. Each of them had killed a Mountain Sea Realm demon.

It was as if a Mountain Sea Realm demon was as worthless as a cabbage.

As for the Imperial Family's crown prince and his siblings, they had almost no battle results at this moment.

Could it be that Ji Wushang and the others had encountered a group of injured Mountain Sea Realm greater demons?

That was also impossible. Demons of that level definitely lived alone. It was impossible for them to live in groups.

Moreover, just as everyone's hearts were surging, Ji Wushang killed another tenth level Mountain Sea Realm demon beast and regained the first place on the Heaven Ranking.

Immediately after, the heirs of the six imperial palaces worked together and achieved extraordinary results. From time to time, they would kill powerful demons and firmly guard the top six spots of the Heaven Ranking, not giving anyone else a chance to enter.

Just as everyone was suspecting that they were cheating, the Imperial Family's crown prince finally began to kill a powerful demon at the Mountain Sea Realm.

However, even so, he was still firmly suppressed by the six imperial palace heirs and was unable to advance any further.

At this moment, if the six imperial palaces still could not figure out what was happening, they could forget about living.

"Wushang, this brat, actually hid his cultivation!"

...

"Fanghua, that damn girl. When did she break through to the Soul Refinement Realm? How dare she hide it from me."

...

"Ji Qingshan, wait for you to come out. See if I don't beat your butt up."

...

The kings smiled with tears and were indescribably excited.

Back then, they had lost to the current Emperor of the Great Zhou when they were fighting for the throne. As a result, they were unable to obtain the strongest resources and could not become Emperor Realm experts. Now, they could only be conferred the title of king and be inferior to the emperor.

As a result, their descendants were also inferior.

After all, when an emperor cultivated to the Emperor Realm, their bloodline power would become stronger, and their talent would also strengthen. Moreover, the cultivation resources were also different, and there was a huge difference.

The imperial palaces could only nurture one heir. For example, the Purple Peace Imperial Palace could only nurture Ji Wushang.

Ji Wuxin's daily expenses were less than tens of thousands of high-grade spirit stones per month and he did not have his own large mansion.

However, Princess Ruyang's monthly expenses were hundreds of thousands of high-grade spirit stones. The construction scale of the princess' residence was not inferior to an entire imperial palace

In addition, the cultivation of the crown prince or his siblings were generally above the Soul Refinement Realm, but the cultivation of an imperial palace descendant was generally below the Soul Refinement Realm.

The difference between their descendants would only increase.

Now, Ji Wushang and the others had actually displayed extraordinary talent and strength to suppress the crown prince and his siblings. How could King Zining and the others not be excited?

In the face of the Great Zhou Emperor, they had once been defeated!

However, their child had defeated the children of the Great Zhou Emperor!

They had made a very beautiful comeback.

It was not only them. At this moment, everyone outside the Void Gate was shocked and began to discuss.

...

In the Ancient Forbidden Area, Lu Xiaoran began to set up his testing formation.

After being surrounded, Lin Fei would definitely escape.

However, Lu Xiaoran could not accurately predict where he would escape to.

Therefore, he wanted to set up the detection array formation in advance like he did with Xiao Bei.

## **Chapter 152: Battle Begins**

As Lu Xiaoran's array formation strength continued to increase, he now only needed a single low-grade spirit stone to create a scanning array formation with a wide range.

Fortunately, his array formation skills were powerful. Otherwise, who knew how many spirit stones he would have to spend this time.

If he exhausted too many spirit stones, it would be troublesome. After all, he already did not have enough spirit stones.

"Looks like after assisting Ji Wushang and the others in ascending this time, I have to think of a way to get more spirit stones. Being poor is just too difficult."

After complaining, Lu Xiaoran also finished setting up the array formation.

Just as he was about to turn around and set up another array formation in the next place, an accident suddenly happened.

A tiger demon with a tiger head and a human body with an extremely robust appearance appeared not far from him.

The man and the tiger looked at each other.

A tiger demon that could transform into a human had already reached the Creation Realm. It was extremely powerful.

“People... are... good... to eat...”

The other party licked his lips and spat out with poor verbal fluency. His beast eyes emitted a bloodthirsty glow.

Humans liked to hunt demon beasts and obtain demon crystals, fur, blood essence, and bone marrow to help in their cultivation.

Demon beasts also liked to swallow humans to increase their strength.

Therefore, after the tiger demon roared, it immediately transformed into a stream of light that contained huge killing intent and pounced towards Lu Xiaoran.

Updates by . com

Boom!

At that instant, a shocking bang caused a huge fluctuation in the surrounding 500 kilometers.

Sensing this terrifying fluctuation, many cultivators could not help but tremble in fear.

“What powerful strength. This strength is probably not inferior to a Creation Realm expert!”

...

“Who’s fighting there? Could it be an elder of the Great Zhou Imperial Family? Or is it a powerful demon beast expert?”

...

At that moment, there were various opinions. No one knew what had happened.

As for Lu Xiaoran, after killing the other party, he put a piece of tiger skin that had been split into two, a demon crystal, and a few drops of blood essence and bone marrow into his Mountain and River State Painting.

“I went too hard on the other party this time. Next time, it’s better if I use the Trinity True Eyes to shatter my opponent’s soul and peel off his skin. It won’t be a problem for me to refine a top-grade Heaven Realm defensive treasure with a complete Creation Realm tiger skin.”

...

In this way, after spending an entire month in the Ancient Forbidden Area, Lu Xiaoran finally set up a detection formation with a radius of 5,000 kilometers. Once he discovered Lin Fei’s traces, he could instantly teleport over and kill him completely to ensure that he did not have a chance to escape.

During this period, he also made a killing and killed countless high-level demon beast experts.

A month later, Ji Wushang and the others finally discovered Lin Fei’s location.

He was currently cultivating calmly under a huge banyan tree.

Beside him were Princess Ruyang and the servants of Princess Ruyang's residence.

Seeing Ji Wushang and the others arrive, Princess Ruyang's expression immediately tightened and she became vigilant.

"Ji Wushang, why are you guys here?"

Ji Wushang glanced at her but ignored her. Then, he placed his gaze on Lin Fei.

"He's comprehending some ancient inheritance. He can easily obtain an ancient inheritance from a tree. This bastard is really lucky."

Ji Wuxia said seriously,

"That's very normal. Master said that this is the most normal thing for a hacker like Lin Fei."

"If he completely absorbs this inheritance, his strength will probably increase by a lot, right?"

"Therefore, we have to kill him first before he absorbs it."

"Attack."

With a command from Yun Lige in the black robe, everyone immediately emitted their respective auras.

Princess Ruyang's expression changed drastically and she immediately circulated the strength in her body.

"Ji Wushang, How dare you! If you touch him, I'll definitely kill you."

"That still depends on whether you have the ability."

As soon as he finished speaking, Ji Wushang and the others stopped talking and instantly arrived.

"You're courting death!"

Ruyang shouted coldly and punched out. Waves spread wantonly, making the air tremble uncontrollably.

Unfortunately, although she was at the second level of the Soul Refinement Realm, Ji Wushang was already at the fifth level of the Soul Refinement Realm. How could she resist?

The moment the two fists collided, the fist light exploded, causing lightning to surge. Ruyang's body was immediately sent flying.

The three princess residence servants behind her quickly stepped forward and saved Ruyang.

The three of them were all at the Shattering Void Realm. It was already rather impressive for them to reach this level within a hundred years.

It had to be known that the Heaven Demon Sect's sect master was already 200 years old and was still only at the Shattering Void Realm.

Although the three of them had saved Ruyang, shock was already written all over Ruyang's face.

"Ji Wushang, you're actually at the fifth level of the Soul Refinement Realm. When did you break through to such a powerful level?"

It was a publicly acknowledged fact that the heir of an imperial palace was inferior to the crown prince and his siblings. Even if she was relatively weak among them, she was not someone a descendant of the imperial palace could easily resist.

But now, the strength Ji Wushang displayed simply shocked her to the extreme.

"Stop talking nonsense with her. Destroy Lin Fei's inheritance first."

Yun Lige flew out from beside Ji Wushang. With a spear in hand, he thrust it out like a dragon towards the meditating Lin Fei.

His master had said that when dealing with hot shots, there was no need to waste words. Wasting their breath might cause them to lose everything.

He raised his sleeve and directly attempted to kill the other party first.

Ruyang immediately stopped being shocked and shouted coldly,

"Protect my Brother Lin Fei."

As soon as he said this, one of the Shattering Void Realm experts in the princess's residence immediately attacked and attempted to stop Yun Lige.

However, before he could move, a shocking sword beam slashed down.

"I'm your opponent."

The one who attacked was Li Changsheng.

His cultivation was at the first level of the Creation Realm, and he had a God Realm Sword Soul and a Saint Realm weapon. It was completely easy for him to fight someone stronger than him.

As this sword beam slashed out, the weather changed drastically. The sword beam instantly spread for ten thousand meters and pressed down. Its aura was extraordinary, forcing the Shattering Void Realm expert from the princess' residence to have no choice but to give up on helping Lin Fei and resist Li Changsheng.

The other two Shattering Void Realm experts of the princess' residence were also entangled by Fang Tianyuan, Ji Wuxia, and the others. Even Princess Ruyang herself was being chased and beaten by Ji Wushang. She was unable to free her hands to stop Yun Lige and protect Lin Fei.

Yun Lige's spear beam was getting closer and closer to Lin Fei. Ten thousand meters, a thousand meters, a hundred meters... In the end, it was only ten meters away from piercing Lin Fei.

In fact, the corner of Yun Lige's mouth under the mask had already curled up slightly to celebrate his victory in advance.

However!

At this critical moment, a golden sword beam suddenly fell from the sky. With an even faster speed and an even stronger force, it headed straight for Yun Lige's face, forcing him to abandon this easy success and turn around to defend.

The spear and the sword beam collided and exploded into a shocking bang as a majestic astral aura spread out, directly forcing Yun Lige to retreat.

Seeing that the astral aura was about to land on Lin Fei as the aftershock approached him, a figure in a yellow python robe instantly appeared a meter in front of Lin Fei. He raised his hand and blocked the astral aura.

Chapter 153: Fighting the World Alone?

"How can the son-in-law of our Great Zhou be easily attacked by you?"

His cold words made everyone's hearts sink, and Ruyang was so excited that his eyes turned sour.

At that moment, she almost thought that she was going to lose her Brother Lin Fei.

"Third Brother!"

She forced Ji Wushang back with a palm, and the two sides retreated. The expressions of Ji Wushang and the others became somewhat ugly.

"Damn it! We were so close. If we had an extra second, we would have been able to kill Lin Fei."

Ji Wuxia persuaded, "Brother, don't panic. My master said that this is normal. An existence like Lin Fei will definitely have someone protecting him in the moment of danger. If he could be easily killed, he would not have been worth our effort."

"Pfft! Disgusting!"

Ji Wushang spat.

What was the difference between this and cheating?

When one meditated during cultivation, one would completely block out one's six senses and converge one's heart. Such a situation was equivalent to exposing one's neck and waiting for an enemy to hack oneself with a saber.

In the end, without moving at all, unrelated people came to help out one after another. They just could not kill him!

Why was this happening?

Updates by . com

At this moment, Ruyang had already retreated to the Third Prince's side. She first looked at Lin Fei worriedly. After seeing that Lin Fei was fine, she heaved a sigh of relief and thanked the Third Prince.

"Third Brother, thanks for coming. If you hadn't come, Brother Lin Fei definitely wouldn't have survived."

The Third Prince snorted.

“Don’t worry, no one can touch the members of our Imperial Family.”

As soon as he finished speaking, he swept his gaze coldly at Ji Wushang and said,

“Ji Wushang, what is the meaning of this? Do you know what a sin it is to attack the emperor’s son-in-law?”

Ji Wushang said coldly,

“Why didn’t you speak up when Lin Fei humiliated my sister? Today, Lin Fei will die. Even the heavens can’t stop me!”

“How arrogant!”

Before the Third Prince could speak, a rather dignified voice slowly sounded from the sky. Then, everyone saw the crown prince in a four-clawed python robe slowly descend with his hands behind his back.

Beside him were the other princes.

“You’re just a mere imperial palace heir, but you still dare to be so arrogant. Do you really think the Imperial Family is just a decoration?”

Yun Lige and the others’ expressions began to turn solemn.

“Master is indeed right. We have to stop talking nonsense and quickly kill a hot shot like Lin Fei. We just missed the opportunity. Now that the Imperial Family is here, we probably can’t kill him anymore.”

The people who came were not only the members of the Imperial Family. Their servants had also followed them here. These servants had all lived for nearly a hundred years and were also extraordinary experts.

Yun Lige even began to wonder if he should escape.

After all, his master had said that they should run if they could not win.

However, at this moment, several auras quickly gathered from all directions.

“Your Highness, don’t you think it’s too degrading for the dignified Great Zhou Imperial Family to lower their status to protect an outsider?”

The crown prince and the others looked at the people that just arrived and could not help but narrow their eyes.

The Fifth Prince immediately went forward and berated,

“Ji Qingshan, Ji Fanghua... Could it be that you guys want to rebel?”

Ji Qingshan said coldly,

“Don’t exaggerate. What rebellion? We only wanted to kill Lin Fei. Did we touch Princess Ruyang? Crown Prince, you and your siblings insisted on joining in the fun. How can we be blamed for that?”

“I think you guys are really tired of living! If I don’t teach you a lesson, you won’t know what’s good for you!”

The Third Prince took a step forward and was about to attack when Lin Fei’s voice suddenly sounded from under the tree behind him.

“Third Brother, since they’re here for me, I’ll satisfy them. Why make a big fuss?”

Everyone was stunned and turned around. Just as Lin Fei opened his eyes, two bolts of lightning flickered incessantly, shocking everyone.

What was even more shocking was that his aura kept rising until it actually reached the third level of the Soul Refinement Realm.

“Good brat, your cultivation has increased again!”

The Third Prince could not help but exclaim. As for Lin Fei, the corner of his mouth curled up into a proud smile.

“I was lucky to obtain an ancient inheritance.”

Everyone present felt somewhat sour.

This was no ordinary luck. After all, how precious was an ancient inheritance?

It might even be a Martial Monarch Realm cultivation technique.

It could be said that only four or five people who had entered the Ancient Forbidden Area this time would be able to obtain an ancient inheritance. This was still an overestimate.

And Lin Fei just happened to be one of those people. How lucky was that?

After a simple conversation, Lin Fei immediately placed his hands behind his back and slowly stepped forward. He arrived at the front and swept his gaze over everyone, his eyes calm.

“I thought it was someone else. It turns out that it’s the people that were all defeated by me in the past.”

As soon as he said this, a dense smell of gunpowder immediately rose in the air.

Ji Qingshan, Ji Fanghua, and the others had all been humiliated by Lin Fei before. At this moment, a dense killing intent in their eyes.

Lin Fei glanced at them disdainfully and did not take them seriously.

“Since we’re going to fight, let’s fight openly! There’s no nobility in sneak attacks!”

After a pause, he continued,

“Forget it, I don’t think you guys dare to fight me alone. In that case... you can attack together. I, Lin Fei, will play with you guys.”

“What? Is he crazy?”

The expressions of the Third Prince and the others changed drastically.

“How can he beat so many people alone?”

“That’s right! Although he’s already at the third level of the Soul Refinement Realm, Ji Wushang and the others are also emitting the aura of the Soul Refinement Realm at this moment. Does he want to die?”

Princess Ruyang pursed her lips and smiled.

“Third Brother, Fifth Brother, you don’t have to worry. Since Brother Lin Fei said so, he must have sufficient means. He never does anything he’s not confident in. Since he said so, he will definitely be able to defeat the other party!”

The Fifth Prince said with a solemn expression,

“Ruyang, why do you trust him so much?”

“Based on... my intuition!”

“Intuition?”

“Yes! Intuition!”

Ruyang said this firmly, making the few princes’ hearts surge.

How powerful was Lin Fei to make their sister dare to speak like this?

On the other hand, everyone on Ji Wuxia’s side smiled in disdain.

“This brat, what arrogance. He actually wants to fight all of us alone?”

“That’s right. If we attack together, he won’t be able to handle it at all.”

Yun Lige could not help but frown. He suddenly felt that this scene was somewhat familiar.

Back then, when Xiao Bei challenged him, it was also like this. Everyone praised him and did not believe Xiao Bei. In the end, Xiao Bei defeated him and even destroyed the entire Yun family.

Now, seeing that Ji Qingshan and the others were underestimating Lin Fei like this, it made him feel a dense sense of danger.

Chapter 154: Does She Really Want to Kill Me?

“Stop, stop. Stop talking. From now on, no one is allowed to say that we can beat Lin Fei.”

Yun Lige hurriedly said and transmitted his voice to everyone.

Everyone could not help but frown, somewhat puzzled.

“Why can’t we say that we can beat Lin Fei?”

Ji Wushang could not help but send a voice transmission.

“In the past, I still didn’t know what Master meant when he said to kill the hot shots directly. However, now, I finally understand. As long as we say that we can beat him, we definitely won’t be able to beat him in the end. Think carefully. Have you ever encountered such a situation in the past?”

As soon as he said this, everyone’s hearts could not help but tremble.

That’s right, that did seem to be the case.

In the beginning, they all looked down on Lin Fei. However, in the end, which one of them wasn’t taught a lesson by Lin Fei?

If not for Lu Xiaoran and his help, they would probably still be in the Mountain Sea Realm. How could they have reached the Soul Refinement Realm?

“Senior Lu, you’re indeed a peerless expert. You knew about this all along.”

“Senior Lu is too powerful. I’ve decided that after I return, I’ll use demon beast blood to tattoo Senior Lu’s portrait at the base of my thigh. This way, I can look up at him every night when I’m lying in the bath bucket or when I’m in the washroom.”

Everyone wanted to raise their thumbs at Ji Fanghua in their hearts.

Updates by . com

This woman actually wanted to tattoo Senior Lu’s portrait on her thigh with demon beast blood. They reckoned that unless she ripped off her own skin, she would not be able to wash away this tattoo.

She was really too impressive!

They wondered if Senior Lu would feel as if he was living by the sea from now on.

After all, if he lived there, it would smell like the sea every day.

The muscles on Li Changsheng’s face could not help but twitch fiercely.

“Can you guys stop talking nonsense? We’re here to kill Lin Fei.”

As soon as he said this, everyone returned to their senses.

“Then what should we do now? Do you want to attack together?”

“No! I’ll do it.”

At the critical moment, Ji Wuxia took the initiative to step forward.

Fang Tianyuan could not help but be somewhat worried.

“Second Senior Sister, you can’t do it alone, right? Master said that if we can fight in a group, we definitely shouldn’t fight one-on-one.”

Ji Wuxia stared fixedly at the distant Lin Fei and said calmly.

“This is because the other party has many princes and princesses around him. Once we attack together and Lin Fei falls into a disadvantage, they will definitely attack. However, if it’s a one-on-one battle, they won’t have a chance to attack.”

In a one-on-one battle, Lin Fei would not dare to use his Martial Monarch Realm weapon in front of everyone. After all, he does not dare to casually use his trump cards. Compared to a group fight, it would be easier to restrain him this way!

Moreover, it’s very difficult for me to kill him anyway. I’ll use this opportunity to exhaust him first. At the critical moment, everyone needs to seize the moment to attack and destroy Lin Fei. After that, we’ll run. Don’t let the Imperial Family take advantage of us. ”

Ji Wushang nodded.

“Wuxia is right. If we don’t do a large-scale battle, it will be easier for us to defeat Lin Fei. Otherwise, it will be even more dangerous for us if we let him take advantage of the situation. Go, Wuxia. We’ll guard you to prevent the Imperial Family from attacking.”

“Alright!”

Ji Wuxia nodded and stepped out.

“Lin Fei, all of this begins with the two of us. Today, let the two of us resolve it.”

Looking at Ji Wuxia, who could not wait to step forward and fight him, Lin Fei’s eyes had a complicated expression.

At this moment, Lin Fei wondered if Ji Wuxia regretted canceling their engagement.

At first, she thought that he was only trash and did not fancy him.

After breaking off the engagement, she was defeated and eventually realized that she had fallen in love with him.

After all, which woman did not like geniuses or experts?

Was that why she wanted to attack him now to attract his attention?

Taking a deep breath, he closed his eyes and said indifferently,

“Ruyang, retreat. This battle belongs to Ji Wuxia and me!”

Ruyang nodded and immediately led the Imperial Family members to retreat. Ji Wushang and the others also retreated at the same time to make room for the two of them.

However, they were all secretly circulating their spirit energy and prepared to attack at any moment.

Then, Lin Fei slowly opened his eyes. He no longer had a complicated expression. What replaced it was dense killing intent!

He wanted to let Ji Wuxia know that regardless of love or hate, he was still someone Ji Wuxia could never be with!

Back then, you ignored me. Now, you're already unworthy of me.

Lin Fei decided that he wouldn't care about Ji Wuxia no matter how hard she tried to attract his attention.

"Attack..."

Before he could finish speaking, Ji Wuxia's sword beam that was mixed with an extremely cold chill had already arrived in front of him.

Lin Fei's hair suddenly stood on end.

Lin Fei suddenly realized that this woman wasn't trying to attract his attention. She was being serious!

She really wanted to kill him!

Sensing the killing intent on the sword, Lin Fei did not dare to be careless at all. He stomped his foot and immediately dodged Ji Wuxia's sword.

Unfortunately, Ji Wuxia seemed to have already predicted his actions. With a flick of her wrist, the sword directly slapped mercilessly onto his chest. The powerful impact immediately blasted him dozens of meters away.

Lin Fei's blood surged slightly.

However, what was more chaotic than his blood essence was his brain.

What was going on?

The feeling of the battle just now was so familiar!

He had been nurtured by the number one assassin of the ancient times. Martial Monarch Yue Ying. His combat sensitivity was far from what ordinary martial artists could compare to.

He had also used the combat technique his master had taught him to dodge Ji Wuxia's sword attack at a close range just now.

Only the combat style of Martial Monarch Yue Ying could allow him, who was at the third level of the Soul Refinement Realm, to avoid the attack just now.

However, why did Ji Wuxia's way of pursuing him seem so similar to his master's way of attacking him when she was training him?

In fact, this was because after consuming the Martial Monarch Realm Soul Pill refined from Martial Monarch Realm Yue Ying's soul, Ji Wuxia's martial intent would naturally be mixed with Yue Ying's combat habits.

Before Lin Fei could think further, Ji Wuxia had already attacked again.

At this moment, Lin Fei did not dare to be careless at all. He immediately circulated the cultivation technique in his body and casually took out a Heaven Realm sword from his storage bag to fight Ji Wuxia.

In the distance, Princess Ruyang clenched her fists in anger and said coldly,

“That slut, Ji Wuxia, is simply shameless. She actually sneak attacked Brother Lin Fei before he could finish speaking!”

The Third Prince sneered.

“Sister, don’t worry. If a group of people is attacking Lin Fei, Lin Fei will definitely be in danger. However, why do we need to be afraid of a mere Ji Wuxia?”

The Fifth Prince also echoed,

“That’s right. Brother-in-law Lin Fei is a top-notch genius that is hard to come by. He only spent a few years to cultivate to the third level of the Soul Refinement Realm. His talent is impressive, and his opportunities are even more impressive. A mere Ji Wuxia is really not enough for him.”

Ruyang nodded and the corner of her mouth curled up slightly, as if her heart was filled with honey.

“That’s right. My Brother Lin Fei is invincible. Even if Ji Wuxia ambushes him, she will still be killed by my Brother Lin Fei.”

Chapter 155: Forced to the End

Ji Wuxia and Lin Fei exchanged blows without holding back at all.

As soon as the battle began, the battle directly entered the climax.

Behind Ji Wuxia, a phoenix phantom was dozens of meters tall. As she attacked, this phantom kept dancing, looking mysterious and dignified.

The True Phoenix Nine Transformations was circulated with all its strength. Her speed was so fast that it was dazzling.

In the air, only a fiery red light and a pale golden light could be seen. They constantly interweaved and separated.

With every collision of the lights, the air trembled and astral aura spread. Everything within a hundred miles was affected by this fluctuation.

The spectators outside were blown by the powerful astral winds until their clothes were in a mess, emitting crackling sounds.

Everyone had no choice but to circulate their spirit energy and transform it into an astral energy barrier to resist the force in front of them.

The Third Prince said coldly,

“I didn’t expect even this Ji Wuxia’s strength to be so powerful. These imperial palace descendants sure hide their strength well!”

The crown prince's eyes flickered incessantly.

The strength of Ji Wushang, Ji Wuxia, and the others made him see a trace of danger.

The other party definitely had an ulterior motive.

Updates by . com

On the battlefield, the battle between Lin Fei and Ji Wuxia was also being carried out nervously.

Lin Fei used his full strength to unleash the Shadow Moon Emperor Art his master Yue Ying had taught him.

Sword beams danced like silver snakes, appearing endlessly and as fast as lightning.

Every time he attacked, the air would definitely be filled with stars. It sealed off all of Ji Wuxia's escape routes and headed straight for all the fatal points in her body.

After knowing that Ji Wuxia really wanted to kill him, Lin Fei did not dare to hold back.

Ji Wuxia also did not dare to be careless. She had already realized the strength of the hot shots from Xiao Bei's battle.

Facing the sword beam that filled the sky, she immediately used the ultimate killing move of the True Phoenix Nine Transformations—True Phoenix Descend.

The phoenix phantom behind her spread its wings with a sharp whistle. It directly collided with the sword beam.

Boom! Boom! Boom!

In the sky, countless explosions sounded. The flames formed huge golden light balls that devoured everything. After that, these golden light balls were once again devoured by the new light balls.

"A good opportunity!"

Lin Fei's eyes turned cold. He used the Instant Steps of the Shadow Moon Emperor Art and instantly pierced through the explosion area. He crossed a short distance and arrived behind Ji Wuxia before slashing down.

"Die!"

As expected, the sword beam pierced through Ji Wuxia's body in a lightning-like manner.

However, the scene of blood spurting did not appear. Instead, Ji Wuxia's figure even slowly disappeared.

"Not good!"

Lin Fei's pupils constricted and he immediately reacted. Ji Wuxia also used her movement technique.

Without having the time to think, Lin Fei directly stepped away.

The next moment, a sword beam slashed at the spot he was at just now.

Boom!

The sword beam missed, detonating the spirit energy in the air. Sensing the surging heat wave, not only did Lin Fei not dodge, but he also slashed in that direction.

At this moment, Ji Wuxia had just finished her attack and had yet to unleash her new strength. Lin Fei predicted that by slashing in this direction, he would be able to hit something.

Unfortunately...

He had a lot of ideas, but reality was very harsh.

The moment the sword beam slashed down, it indeed landed on Ji Wuxia's head.

However, Ji Wuxia raised the sword in her hand at an even faster speed and blocked Lin Fei's sword.

Bang!

The moment the two collided, Lin Fei suddenly trembled. He could not help but shudder.

No, something was definitely wrong with his strike just now. He was supposed to easily injure Ji Wuxia with that strike.

This was because he had used the accelerated technique of the Shadow Moon Emperor Art.

The Shadow Moon Emperor Art was a Martial Monarch Realm cultivation technique that contained ultimate profundity of assassination.

Its speed was definitely peerless. It could even reach the effect of jumping levels!

However, Ji Wuxia managed to block it.

What did this mean? This meant that Ji Wuxia's cultivation technique was not inferior to the Shadow Moon Emperor Art at all. Moreover, Ji Wuxia's cultivation was also above his.

"What did you do? Why do you also have a cultivation technique of this level? How did your cultivation increase so quickly?"

Ji Wuxia exerted her wrist and swept Lin Fei away.

"Ask the King of Hell about this."

After forcing Lin Fei away, Ji Wuxia chased after him.

"Don't think that I'll be afraid of you just because of that! Hah!"

With a shout, he immediately used one of his trump cards—Courage Roar!

After using this cultivation technique, his cultivation would increase in a straight line until it increased by an entire realm.

In the distance, Princess Ruyang sensed Lin Fei's aura rising constantly and immediately jumped in excitement.

“Brother Lin Fei is using his full strength. Ji Wuxia will definitely die this time.”

After his cultivation increased, the battle between the two of them also became more and more intense. Ji Wushang and the others, as well as the crown prince and the others, were already unable to endure it. They watched from afar and retreated further.

“How powerful. Lin Fei’s secret technique is simply too powerful. I feel that his current cultivation is definitely not inferior to the third level of the Void Reversion Realm!”

“But... but why hasn’t Ji Wuxia been defeated? She can actually still persist?”

“She must have also used some secret technique to increase her cultivation. These two are really too terrifying. Are they going to fight until the sky darkens?”

“That’s right. Ji Wuxia must have also used some secret technique.”

The Imperial Family members could only comfort themselves in this way. This was because they definitely did not believe that Ji Wuxia’s current strength was at the Void Reversion Realm!

That would be too unrealistic.

They refused to believe it.

On the battlefield, after Lin Fei used a secret technique, his cultivation soared, and his confidence rose again.

He sneered and said, “Ji Wuxia, your path has already come to an end. To date, no one has been able to make me use this move! You should already be proud for being able to force me to use such a move. From this moment on, you can die peacefully.”

However, just as he finished speaking, Ji Wuxia suddenly kicked him.

“I told you...”

Before he could finish speaking, Ji Wuxia’s foot had already struck his chest and sent him flying again.

The huge force made Lin Fei’s chest surge, and he was almost furious.

“What? That’s impossible!”

Lin Fei was dumbfounded. His cultivation had already increased to the third level of the Void Reversion Realm. How could Ji Wuxia’s kick still cause an impact on him? It even made his blood surge!

This was simply unreasonable!

Just as he was feeling dumbfounded, Ji Wuxia turned around and slashed. A phoenix cry was emitted from the sword beam. The attack speed was extremely fast and the might was also extraordinary. If it pierced through Lin Fei, it would definitely injure him greatly.

In the blink of an eye, Lin Fei squatted and the sword beam swept over his head, directly cutting off the hair in the middle.

After getting a new haircut that made him look like a kappa, Lin Fei was so furious that he almost cursed.

Everyone stared fixedly at the battle on the field and concentrated a little more. They did not dare to relax at all.

Only Yun Lige's face under the cloak was somewhat strange.

"Strange, we're both at the third level of the Void Reversion Realm. Why does Junior Sister's attack feel so much stronger than mine?"

### **Chapter 156: The Last Sword Move**

After fighting for dozens of breaths, the ground within a radius of dozens of kilometers collapsed, creating an abyss.

Ji Wuxia and Lin Fei's combat strength did not weaken at all.

What was even more terrifying was that Ji Wuxia was still suppressing Lin Fei.

Lin Fei was so depressed that he almost vomited blood.

He cultivated a Martial Monarch Realm cultivation technique. However, Ji Wuxia also cultivated a Martial Monarch Realm cultivation technique.

He had a movement technique. However, Ji Wuxia also had a movement technique.

He had the combat experience Martial Monarch Yue Ying had taught him. However, Ji Wuxia's combat experience did not seem to be inferior to his at all. In fact, her combat experience might even be superior.

In fact, after eating the Martial Monarch Realm Soul Pill refined from the soul of Martial Monarch Yue Ying, Ji Wuxia already had a portion of Yue Ying's combat techniques. Her combat experience was definitely stronger than Lin Fei's.

Unlike Ji Wuxia, Lin Fei had used a secret technique to increase his strength to the third level of the Void Reversion Realm. On the other hand, Ji Wuxia did not rely on any secret techniques and was an authentic fifth level Void Reversion Realm expert.

Unless Lin Fei used his trump card, Ji Wuxia was only inferior to Lin Fei in terms of luck.

Why?

Why?

He had the guidance of Emperor Yue Ying and countless opportunities to reach his current level in such a short period of time.

Why was Ji Wuxia able to fight him to a draw?

Updates by . com

The more Lin Fei fought, the angrier and more aggrieved he became. His eyes were about to turn bloodshot.

“Back then, in the Purple Peace Imperial Palace, I could defeat you. Now, I can still defeat you! Ji Wuxia, you can’t defeat me!”

With a furious shout, Lin Fei decided to reveal more of his methods. He took out a high-grade Saint Realm sword from his storage bag.

He had obtained it from an ancient tomb.

As soon as the Saint Weapon appeared, Lin Fei’s aura suddenly exploded.

The pupils of the Imperial Family members below could not help but shrink.

“Is that a Saint Weapon?”

It had to be known that Saint Weapons were extremely rare.

Among the various imperial palaces, only the kings and the old kings had some Saint Weapons.

In the Imperial Family, only the elders had Saint Weapons.

Even among the various descendants of the Imperial Family present, only the crown prince, the Third Prince, and the Fifth Prince had Saint Weapons.

The entire Great Zhou Imperial Family only had a hundred Saint Weapons in total.

Now, everyone had realized that Lin Fei also had one. It even seemed that the quality was not low.

How could they not be shocked?

It was even to the extent that some princes could not help but swallow a mouthful of saliva and reveal covetous expressions.

In the crowd, only Ruyang did not reveal a covetous expression. There was only endless yearning.

“My Brother Lin Fei is indeed the strongest. He even has a Saint Weapon. This time, Ji Wuxia will definitely die!”

In the sky, Lin Fei held his Saint Weapon and slashed down with hatred.

“Ji Wuxia, die!”

As the Saint Weapon fell, the sword beam was like the splendor of the moon. It slashed apart the spirit energy of the world and swept through everything. With an invincible force of a million kilograms, it directly pressed down on Ji Wuxia’s head.

Everyone only saw a white light approach Ji Wuxia’s body. In the next moment, a light exploded, blinding everyone.

Boom!

Accompanied by a shocking explosion that was even more intense than before, astral energy fluctuations spread out and swept over the scene. Everyone who had already retreated dozens of kilometers away had no choice but to retreat again.

The corners of Lin Fei's mouth curled up.

It was over. It was all over.

The might of a Saint Weapon could split mountains and rivers. Without a Martial Monarch Realm weapon, who could suppress it?

No matter how powerful Ji Wuxia was, she would still die in front of this move. Even the heavens could not save her!

However!

Before the light dissipated, Lin Fei's pupils suddenly constricted.

He had seen a scene he had never imagined in his life.

Ji Wuxia actually used a single arm to block his sword beam.

"Shit!"

Perhaps because he had absorbed too much of Yue Ying's inheritance, Lin Fei had also learned to curse. However, it was obvious that he had not absorbed enough. He was not as knowledgeable as Yue Ying and only knew simple curse words.

In his shock, Ji Wuxia drew a Saint Weapon with her right hand and slashed out. The sword beam was even stronger than Lin Fei's previous attack.

With an extremely fast speed, Lin Fei did not even have the time to react before the other party severed his arm.

Pfft!

Blood surged out. Lin Fei immediately used spirit energy to stop the wound and quickly retreated.

Everyone below was shocked.

No one had expected Lin Fei to lose to Ji Wuxia despite having an absolute advantage!

What was even more shocking was that Ji Wuxia actually had more than one Saint Weapon!

The crown prince clenched his fists tightly, his eyes revealing dense killing intent.

The fact that the descendant of an imperial palace had surpassed the princes of the Imperial Family made him feel especially uneasy.

Ruyang was also extremely anxious.

"Brother, Brother Lin Fei can't hold on anymore. Let's go and help him!"

“Nonsense, this is the battle between the two of them! If we get involved, how can the few imperial palaces let the matter rest? If a huge battle really breaks out and the descendants of the Imperial Family end up dying, can you bear the responsibility?”

The crown prince was not afraid of Ji Wushang and the others. However, he was not stupid. It was best for him to not get involved in such a battle.

If the Imperial Family joined the fight, the imperial palaces would also do the same. At that time, they would be furious. If one or two direct descendants of the Imperial Family ended up dying for Lin Fei, that would be a huge loss.

However, Ruyang was clearly blinded by love and did not care at all.

“I don’t care. I want to save my Brother Lin Fei.”

Unfortunately, before she could fly, a huge force suddenly attacked from the left.

“Get lost!”

The crown prince swung his hand and slapped Ruyang directly to the ground, causing half his face to swell.

Then, he threw a glance. After that, the Fourth Prince and the Sixth Prince trapped her from both sides.

“How dare you disobey my order. Are you courting death?”

“Wuwuwu... if my Brother Lin Fei dies, I won’t live either!”

At this moment, in the sky, Ji Wuxia had also used the advantage of having just severed Lin Fei’s arm to unleash a comprehensive suppression. She pursued and attacked fiercely, beating Lin Fei until he ran like a rat.

Lin Fei, who was at a disadvantage, was no longer as arrogant as before. He was like a defeated rooster, hiding and fighting.

After losing an arm, his combat strength was greatly reduced. He was also forced by Ji Wuxia to the point of having no way out.

More and more sword injuries appeared on his body. The speed of his cultivation technique’s recovery was already unable to match Ji Wuxia’s attack speed.

He also saw that Ruyang below had already been controlled by the crown prince and the others. It was impossible for him to rely on others to save him.

At this moment, Ji Wuxia secretly used the Mountain Overturning Mark and smashed fiercely into Lin Fei’s shoulder blade from behind.

Crack!

A crisp sound sounded, and Lin Fei’s shoulder blade was directly shattered.

Pfft.

He spat out a mouthful of blood and felt like all the bones in his body were about to fall apart.

At this moment, he was extremely weak. His speed, strength, and everything else had decreased to an unprecedented point.

Ji Wuxia's sword also became bigger and bigger in his pupils!

"No! Brother Lin Fei!"

### **Chapter 157: Capture! Capture!**

The fear of death continued to spread.

At this moment, Lin Fei's heartbeat was extremely fast.

He knew that he could not hide his trump cards anymore!

If he continued to hide, he would really die.

The current him could only use his few trump cards that he could not easily reveal to others.

When Ji Wuxia's sword beam arrived in front of Lin Fei, Lin Fei turned his right hand and a light flashed. Immediately after, an overwhelming aura erupted quickly.

"Get lost!"

With a shout, he waved his long sword and stirred the wind and clouds. With a thunderous strength, he instantly destroyed Ji Wuxia's attack in a destructive manner.

Not only that, but the long sword slashed onto Ji Wuxia's long sword. Suddenly, a huge hole appeared in Ji Wuxia's long sword.

The powerful impact directly sent Ji Wuxia flying for more than ten thousand meters.

Sensing the extremely huge aura, everyone present trembled.

Some were afraid, and some were excited.

"This aura is so powerful that even our Saint Weapons are far inferior to it! Heavens, this is a Martial Monarch Realm weapon! This is a Martial Monarch Realm weapon!"

"Let's gang up on him."

Updates by . com

Yun Lige shouted and took the lead. He transformed into a stream of light and pounced into the sky.

Using a Martial Monarch Realm weapon was entirely different from using a Saint Realm weapon. Ji Wuxia was simply unable to resist. If the others did not attack now, she would very likely be killed by Lin Fei.

The expressions of the Imperial Family members suddenly turned cold.

"They want to snatch the Martial Monarch Realm weapon. Don't let them succeed. Quick, snatch the Martial Monarch Realm weapon."

The crown prince and the others thought that Yun Lige's goal was the Martial Monarch Realm weapon in Lin Fei's hand.

Such a powerful weapon could not fall into the hands of Yun Lige and the others.

That was a Martial Monarch Realm weapon!

A peerless weapon!

There were not many Martial Monarch Realm weapons in the entire Great Zhou.

If they landed in the hands of Ji Wushang and the others, the consequences would be unimaginable.

Everyone moved one after another, transforming into beams of light that quickly shot into the sky.

The crown prince seemed to think that he had not made himself clear and added another sentence.

"If necessary, we can kill Lin Fei."

The battle between the two sides could erupt at any moment. An overwhelming aura swept over from all directions, all of which were aimed at Lin Fei.

Lin Fei was furious.

He had no choice but to use the Martial Monarch Realm weapon.

He knew very well that after using the Martial Monarch Realm weapon, he would either have to hand over his Martial Monarch Realm weapon to the Great Zhou Imperial Family or escape.

However, would he really be willing to part with a Martial Monarch Realm weapon? He would simply be a fool to hand over such an important weapon.

All of this was because of Ji Wuxia!

The anger in Lin Fei's heart became more and more violent. He was already certain that he had to kill Ji Wuxia before leaving.

Without stopping at all, Lin Fei, who only had one arm left, held the Martial Monarch Realm weapon in his hand and descended straight like a ferocious dragon, pointing his weapon at Ji Wuxia.

Boom!

In the blink of an eye, he caught up to Ji Wuxia. The moment the two sides collided, a powerful shock wave directly swept away the clouds in the sky, making the clouds flow in all directions.

This sword attack completely severed the Saint Weapon in Ji Wuxia's hand. Fortunately, after the Saint Weapon cushioned the impact, Ji Wuxia's Saint Weapon armor also blocked the rest of the attack.

Moreover, with the help of the impact of this sword, Ji Wuxia sped up and escaped, coincidentally falling into the encirclement of the imperial palace descendants.

Yun Lige caught Ji Wuxia's body. The powerful impact even made his rising body fall fiercely.

After catching Ji Wuxia, his arms turned somewhat numb from the overly intense trembling.

“Attack him together. His Martial Monarch Realm weapon is only a low-grade Martial Monarch Realm weapon. Everyone, attack together. Don’t give him a chance to breathe. He can’t use it. It’s useless even if he has a Martial Monarch Realm weapon.”

In front of the Great Zhou Imperial Family, Yun Lige did not want to use his Martial Monarch Realm weapon. It would be too eye-catching.

Moreover, possessing a Martial Monarch Realm weapon did not mean that Lin Fei was invincible.

The reason why Martial Monarch Realm weapons were called Martial Monarch Realm weapons was because they were weapons of Martial Monarch Realm experts. Only in the hands of a Martial Monarch Realm expert could they unleash 100% of their strength.

In Lin Fei’s hands, the strength he could unleash was limited. That was why they weren’t too afraid.

Under Yun Lige’s shout, countless attacks shot into the clouds and headed straight for Lin Fei.

Lin Fei’s expression was gloomy. He waved the Martial Monarch Realm weapon in his hand repeatedly and severed the beams.

Boom! Boom! Boom!

Because of the explosion in the sky, cold lights appeared one after another. The might of these lights illuminated the surroundings, making it possible for one to see clearly even if they were 500 kilometers away.

Although Lin Fei was not overwhelmed, the people from the Imperial Family had already arrived from the other side.

“Lin Fei, hand over the Martial Monarch Realm weapon. Our Imperial Family will ensure your survival.”

Ruyang shouted,

“Brother Lin Fei, hand over the Martial Monarch Realm weapon first. I’ll beg my father to give you the Martial Monarch Realm weapon later. Don’t resist. My brother and the others will save you.”

“Idiot!”

Lin Fei spat secretly and muttered softly, cursing.

Ruyang, this fool, was simply crazy.

After the Imperial Family took away his Martial Monarch Realm weapon, how could they return it to him?

It was already not bad for the Great Zhou Emperor to have two Martial Monarch Realm weapons. If they found out about this Martial Monarch Realm weapon, they would definitely take it for themselves. In their right mind, why would they give it back to him?

Dream on!

Seeing that it was impossible for him to kill Ji Wuxia and that the Imperial Family was about to approach, Lin Fei did not dare to be too careless.

As long as there was life, there was hope. He would leave first.

After he found his master, he would go down to a few ancient tombs and find a few opportunities to quickly advance to the King Realm. With the help of his secret technique, he would also no longer have to worry about the Imperial Family.

At that time, it would not be too late to kill Ji Wuxia.

Thinking of this, Lin Fei circulated his strength and raised his dantian. With a soft shout, he raised his hand and slashed at the Imperial Family members.

“Lin Fei, screw your ancestors!”

The crown prince and the others were so furious that they collapsed. Their eyes were filled with killing intent, wanting nothing more than to tear Lin Fei into pieces.

Unfortunately, Lin Fei ignored them and directly used his life-saving technique, the teleportation technique, to tear through the spatial barrier and leave the spot through a spatial jump.

This scene made the crown prince and the others stomp their feet in anger.

“Search everywhere. Even if you have to turn the entire Ancient Forbidden Area upside down, you have to find Lin Fei and get the Martial Monarch Realm weapon back.”

...

This roar contained a large amount of spirit energy that spread dozens of kilometers away. However, Lin Fei could no longer hear it.

This was because he had already fled thousands of kilometers away!

Crack!

In the clear sky, a crack sounded, and a barrier was torn in the air..

Lin Fei, who had lost an arm, held the Martial Monarch Realm weapon in one hand and staggered out. He was in an extremely sorry state.

“Damn it, I was almost done for. Ji Wuxia, that slut, just you wait. I definitely won’t let you off!”

As soon as he finished speaking, the sky suddenly darkened.

A bad feeling surged in Lin Fei’s heart. He did not even dare to look and immediately used his movement technique to escape.

Thud... Thud... Bam!.

In less than two breaths, a strange landscape painting directly trapped him inside.

## Chapter 158: Professional Attack on Various Hackers and Transmigrators

Lin Fei's eyes darkened. Before he could see what was happening around him, he felt as if he had fallen into another space.

Immediately after, an extremely powerful radiance appeared in front of him.

It was beautiful, spectacular, and filled with the aura of death.

"Primordial Chaos Emperor Fist, Phoenix Cry Nine Heavens, World Destruction, Sword Sweep Eight Desolates, Eight Lightning Heavenly Dipper, Essence Soul Explosion..."

"Gautama Divine Palm, Eighteen Dragon Subduing Palms, Nine Solitary Sword, Dark North Divine Art, One Yang Finger, Two Yang Finger, Three Yang Finger, Four Yang Finger, Five Yang Finger, Numerous Yang Finger..."

"Steamed Lamb Palm, Ultimate Cucumber Slap, Garlic Slap, Roasted Chicken Palm, Chicken Tender Finger..."

...

Countless terrifyingly powerful moves were unleashed in an overwhelming manner, not giving Lin Fei any chance to react.

In fact, it was also impossible for him to react.

There were too many moves. Moreover, these were not moves Ji Wushang and the others could unleash. Every move here already surpassed an existence above the Emperor Realm.

The spatial power had even been messed up. At this moment, it was impossible for Lin Fei to use any teleportation technique.

Moreover, Lin Fei had already used the teleportation technique once. He could only use that technique once a day. He no longer had the chance to use it again.

Therefore, Lin Fei could only watch as these attacks bombarded him.

His body reacted instinctively and he directly took out his Martial Monarch Realm weapon to resist.

Updates by . com

Unfortunately, his Martial Monarch Realm weapon was directly sent flying when it encountered the other party's first move.

What was even more pitiful was that his body was unable to withstand the remaining attacks at all. His entire body was torn apart on the spot and turned to ashes.

However, the strength contained in this attack was too powerful. It even included the ability of a Martial Monarch Realm weapon to destroy the soul.

Lin Fei felt that his soul was like a small boat in the sea and could capsize at any moment.

It was an extremely despairing feeling.

“No! I can’t die! I definitely can’t die! I still have many things to do. My master is still waiting for me, and my mother is still waiting for me. I still have to become a Martial Monarch Realm expert! How can I die here? I can’t accept this!”

In the moment of danger, Lin Fei condensed all his soul power and used the final move of the Shadow Moon Emperor Art that contained the ultimate profundity of an assassin. It was also a move that he could only use once in his entire life—a fatal move!

After using this move, all of Lin Fei’s strength would dissipate, and 99% of his soul power would also be destroyed.

However, he could protect the last trace of his soul and not be attacked for a short period of time. He could also activate spatial teleportation.

Back then, his master, Martial Monarch Yue Ying, had relied on this move to retain a wisp of her soul.

In an instant, Lin Fei felt as if he had reached his weakest point. However, he would not be completely destroyed by the surrounding attacks and turn to ashes.

Boom! Boom! Boom!

All the attacks focused and exploded.

Even though Lin Fei had already locked onto his last soul fragment and would not be attacked for the time being, he could not help but feel fear.

The attack was too terrifying!

Too powerful!

Not to mention him, even his master would probably be unable to dodge these attacks, right?

He did not leave. He had to see who this guy was.

When the light from the explosion disappeared and the shattered space condensed again, Lin Fei finally saw the other party’s identity.

“It’s you!”

He immediately widened his eyes and exclaimed.

Although he had already vaguely guessed it, when he really confirmed that it was Lu Xiaoran, he still could not help but feel shocked.

It turned out that Lu Xiaoran was behind all of this. It turned out that his cultivation was already so powerful.

No wonder. No wonder he had lost.

Even his master might not be able to beat Ji Wuxia’s master, so how could he not lose?

Lu Xiaoran spat.

“He actually has such a cheat. How shameless.”

His Trinity True Eyes instantly analyzed that Lin Fei had exhausted all his strength and soul power to protect his last trace of soul power.

In this way, he could avoid those violent attacks just now.

Otherwise, he would have long been killed by that set of moves.

He was indeed a hacker!

After confirming Lu Xiaoran’s identity, Lin Fei took a deep breath and said with a cold expression,

“Lu, I didn’t expect you to hide your cultivation so well. I admit defeat this time!”

However, don’t be too smug. I, Lin Fei, swear that I will return one day to take revenge on you!

Also, my master will definitely not let you off after finding out that you killed me.

I hope you can resist my master’s anger. Don’t die before my master kills you.

Because... I want to kill you with my own hands! Hahahaha... Teleport! ”

Lin Fei roared and used the spatial teleportation technique of the Shadow Moon Emperor Art, prepared to leave this place and find a place to hide forever. Then, he would hide his cultivation like Lu Xiaoran and develop ignobly.

After he matured, he would come and find Lu Xiaoran again to challenge him and kill him completely to take revenge!

However...

A second later, his body remained in place.

Lin Fei: “???”

“Teleport!”

He shouted again, but the surrounding environment still did not change.

“Teleport! Teleport! Teleport...”

The unbelievable Lin Fei shouted three more times.

However, it was still useless.

Lin Fei: “???”

Seeing Lu Xiaoran look at him from afar, Lin Fei’s soul trembled as if he had thought of something!

Spatial Monarch Realm weapons were separate from the rest of the world. They were not connected to the outside world and were not bound by the spatial laws on the continent!

This was also why he felt like he had entered another world.

This was also why he couldn't teleport away.

At this moment, a hundred million curses surged in his heart.

This guy actually had a spatial Martial Monarch Realm weapon? Was he even human?

Lin Fei was already heaven-defying enough and abnormal enough. His luck was enough to suppress the current world.

However, compared to Lu Xiaoran, why did he suddenly feel like he was a supporting character?

Seeing Li Xiaoran's killing intent spread, he immediately shouted,

"Wait, you can't kill me. My master is a Martial Monarch Realm expert! If you kill me, she definitely won't let you off. She'll definitely shatter your corpse into ten thousand pieces..."

Before he could finish speaking, Lin Fei suddenly stopped and completely collapsed.

Wasn't the dual saber Martial Monarch Realm weapon... Master's weapon?

Why would it appear in Lu Xiaoran's hands?

Could it be... could it be...

Before he could figure it out, Lu Xiaoran directly slashed out two saber lights. Lin Fei's immune state had already passed. Now that he was only left with a remnant soul, how could he resist?

### **Chapter 159: Fate**

Boom!

The saber beam fell, completely announcing Lin Fei's death.

From now on, he would forever be a memory in the minds of others.

Wang Cai also flew out of Lu Xiaoran's body and swallowed Lin Fei's golden power of luck.

At the same time, several notifications sounded in Lu Xiaoran's ear.

"Congratulations, Master, for killing the hot shot. You're rewarded with a high-grade Martial Monarch Realm medicinal pill, the Martial Monarch Realm Arrival Pill x3."

The Martial Monarch Arrival Realm Pill was refined with the blood essence, bone marrow, and soul of a Martial Monarch Realm expert. After consuming it, one could unleash a Martial Monarch Realm cultivation within a minute.

"Congratulations, Master, for killing a hot shot. You're rewarded with a top-grade God Realm cultivation technique, Supreme Profound Dipper."

The Supreme Profound Dipper could disturb the spatial power in the surroundings, making it impossible for any existence to hide or use spatial cultivation techniques or array formations. If one's cultivation was stronger than the other party, they could temporarily immobilize the other party. The length of time

depended on one's cultivation. The lowest cultivation level required for this cultivation technique was the first level of the Martial Monarch Realm.

"Congratulations, Master, for killing a hot shot. Your current cultivation has increased by two levels to the ninth level of the Emperor Realm."

"Congratulations on killing the hot shot, Master. You're rewarded with ten random Martial Monarch Realm weapons. Top-grade Martial Monarch Realm Kunlun Sword x1, top-grade Martial Monarch Realm Fire Dragon Purgatory Lock x1, top-grade Martial Monarch Realm Black Tortoise True Armor x1..."

"Congratulations, Master, for killing the hot shot. You're rewarded with the top-grade God Realm cultivation technique, the Great Dao Reincarnation."

The Great Dao Reincarnation could disturb the surrounding time power and cause time to accelerate and slow down. When cultivated to the limit, it could cause time to regress and the length of its effects depended on one's cultivation. The lowest cultivation level required for this cultivation technique was the first level of the Martial Monarch Realm.

The series of notifications made Lu Xiaoran narrow his eyes.

Updates by . com

Wang Cai's products were indeed top-notch.

With so many good things, even if the hot shots were stronger, what was there to be afraid of?

However, what was annoying was that why did those two God Realm cultivation techniques come with cultivation requirements?

He still had to wait until he reached the Martial Monarch Realm before he could cultivate them?

"Wang Cai, can you remove the restriction of these two God Realm cultivation techniques and let me cultivate them directly?"

As Wang Cai swallowed Lin Fei's power of luck, he wagged his tail and said,

"I'm afraid that won't do, Master. A God Realm cultivation technique is a cultivation technique that only mortals can cultivate after they break through to God Realm. Master currently still has a mortal body, and your meridians are too weak to cultivate a God Realm cultivation technique. Only after reaching the Martial Monarch Realm will you be able to cultivate the cultivation technique without injuring yourself.

"However, if it's an organ like the Trinity True Eyes, you can directly refine and fuse it."

"Then is there any way for me to work around this? I saw that you gave me a few Martial Monarch Realm pills that can allow me to become a Martial Monarch Realm expert in a short period of time."

"Yes, but it will only give you a Martial Monarch Realm cultivation for three minutes. With just three minutes, will Master really be satisfied? Will you really be able to control yourself?"

Lu Xiaoran : " ... "

In the end, he could only give up on this idea.

After all, no matter how good the item was, he still had to live to enjoy it, right?

The burden of a God Realm cultivation technique was too huge. Even if he barely learned it, he estimated that with his Emperor Realm cultivation, it would still be insufficient for him to use it. Otherwise, even if he used it, he would still quickly exhaust the spirit energy in his body as if his body was being hollowed out.

At this moment, Wang Cai had already swallowed Lin Fei's luck and entered Lu Xiaoran's body.

"Master, I'm going to go through another upgrade."

"Go, go."

Finally, he had perfectly killed another hot shot. Lu Xiaoran also needed to rest.

These days, he had been tense every day. He did not sleep well, ate poorly, and was even going bald.

He would definitely have to clean up the mess later.

That idiot Ruyang would probably still be very troubling. He still needed to go and push Ji Wushang and the others onto the world stage.

...

At the same time, a shocking roar suddenly sounded from the Nalan Family in the ancient forest in the center of the continent!

"Who is it? Who is it? Who killed my son!"

Hearing this voice, many people from the Nalan family could not help but frown.

"This voice, is it Nalan Ruyu? What's she doing this time?"

As the center of the continent, the place with the most abundant spirit energy, the Eternal Forest contained countless top-notch families that had been passed down from ancient times.

The Nalan family was also one of them.

In the ancient times, they had also cultivated to the Martial Monarch Realm.

Therefore, the Nalan Family was rather respectable in the Eternal Forest.

However, a less respectable woman had appeared in this dignified Nalan family.

Nalan Hongyu!

She was once a genius girl in the family and had also been entrusted with high hopes by the Nalan family.

Unfortunately, she was extremely rebellious. She had actually gone to a small place called the Great Zhou and found a low-level man from a small family to marry and even gave birth to a little bastard!

This matter had once become a laughing stock in the Eternal Forest. For the sake of the dignity of the family, the Nalan family had no choice but to capture her and lock her in the family's forbidden area.

Now that they heard Nalan Hongyu's voice again, everyone had somewhat displeased expressions.

However, at this moment, a violent explosion suddenly sounded from the forbidden area.

Boom!

With this violent explosion, countless Nalan family disciples began to scream.

Clearly, Nalan Hongyu had rushed out of the forbidden area.

For a moment, several family elders used their movement techniques to step forward. Nalan Hongyu's figure also entered their sight.

She was dressed in red makeup that was fiery, enchanting, warm, unrestrained, and filled with dangerous information.

On her slender arm were two chains thicker than her arm!

"Nalan Hongyu, you're too arrogant. Who gave you the guts to be so arrogant?"

"Get lost!"

Before she arrived, Nalan Hongyu threw a punch. An invincible force directly forced the elders back. Then, her figure turned into a red light and suddenly shot into the sky, disappearing into the clouds.

The elders of the Nalan Family felt their blood surge, and their expressions were filled with shock.

"How is this possible? Hongyu... she's actually a Supreme Realm expert?"

...

Ignoring her family, Nalan Hongyu went straight to the southernmost tip of the Eternal Forest. It was said to be the most mysterious cliff in the entire continent.

"Elder Tianji, get the hell out here! You said that my son's luck is clearly rare in the world and at the peak of perfection. Why was he still killed?"

On the Hopeless Cliff, there was an extremely dark cave that seemed very lonely. It looked like a mouth that was about to devour everything.

At this moment, a mocking voice slowly sounded from the black hole.

"Fairy Hongyu, I've long warned you that you can't defy the heavens. You were the one who insisted on creating a hot shot. For this, you didn't hesitate to go to the Great Zhou Lin family and get married to an ordinary person. You gave birth to Lin Fei and even helped him find the inheritance of the number one assassin in the ancient times, a ring that contained the remnant soul of Martial Monarch Yue Ying!

Unfortunately, man proposes but god disposes. Even though you used the forbidden secret of the Heaven Secrets Pavilion to give birth to a hot shot, your son is still not the true chosen one! When he encounters the true chosen one... he will still be unable to escape death!"

## Chapter 160: Breakthrough

Nalan Hongyu fell silent, her expression flickering.

A thousand years ago, she had transmigrated to this world. Her family was famous and her talent was outstanding.

She originally thought that she was a legendary hot shot. Unfortunately, she was too naive. She would not become a hot shot just because she was a transmigrator.

After cultivating for hundreds of years and reaching the peak tenth level of the Emperor Realm, Nalan Hongyu seemed to have become ordinary. Her cultivation did not increase much anymore. It could even be said that she was unable to advance any further.

It was only when she arrived at the Heaven Secrets Pavilion that she realized that she was not a legendary hot shot. Her luck was no different from ordinary people!

According to this rhythm, she was expected to be like the mediocre people of this world, getting married and having children before finally dying.

She was unwilling to accept this!

It had not been easy for her to encounter a transmigration opportunity. She was really unwilling to die like this.

Therefore, she swore to the Heaven Secrets Pavilion that she would be one of the protectors of the Heaven Secrets Pavilion for the rest of her life. If the Heaven Secrets Pavilion was in trouble, she had to rush back and protect it no matter what.

At this price, Nalan Hongyu finally obtained the secret of the Heaven Secrets Pavilion and gave birth to a hot shot for herself.

As the saying went, those with great luck could escape the restraints of the mortal world and the rules of the Heaven Dao.

At that time, when this hot shot matured, she would bring him into the Divine World together and ultimately become a peak expert.

In the secret technique of the Heaven Secrets Pavilion, there were several conditions Nalan Hongyu needed to satisfy to create a hot shot.

The first condition was to find a small family whose ancestor had ascended but whose family had already declined. By giving birth to someone with such a bloodline, she could ensure that the child's bloodline was not bad. Moreover, in the future, as the child's cultivation increased, he would be guided by the bloodline power of the ancestor who had already gone to the Divine World.

In this way, her child's future would be infinitely raised.

The second condition was to find a dead master to assist this child.

In order to ensure that this expert master would seriously teach the child knowledge and guide him in his cultivation without harming him, she needed to make sure that this Master also needed her child's help.

She also needed to have a certain level of skills to build a good foundation for him. This was to prevent his foundation from being poor and his future from being poor.

With the help of the Heaven Secrets Pavilion, she chose the already deceased Martial Monarch Yue Ying and found her remnant soul ring and brought it to her son, allowing Lin Fei to awaken her in the future and become his master.

The third condition was to find a fiancée with an honorable status for him. This fiancée needed to humiliate him in the future and stimulate his potential to prevent him from faltering and becoming ordinary.

Because of this, she took King Zining's biological daughter, Ji Wuxia, and brought her away from the Purple Peace Imperial Palace. She also arranged for King Zining to bring her daughter back four years ago for her to end the engagement with her son.

The fourth and most important condition was for her to stay far away from her son so that her son would one day come to the Nalan family to save her.

These factors would give him motivation and support to advance. At the same time, they would also give him the power of luck that could resist the Heaven Dao rules.

Nalan Hongyu did not have the power of luck and was destined to be unable to break through the shackles in her life.

When she headed to the Great Zhou, she was already at the tenth level of the Emperor Realm. Now, after hundreds of years, she was only at the third level of the Supreme Realm.

Without her son's luck, she would at most be able to reach the Supreme Realm in her life, let alone reach the God Realm.

"It's useless to say those things now. My son is dead, and the plans I designed for hundreds of years have all disappeared. Without the power of luck, how can I transcend the tribulation and become a god?"

"There's another way now. That is, if you kill the chosen one and succeed, you will become the chosen one."

"Your son can only be killed by the chosen one. By killing the chosen one, you can not only avenge your son, but you can also rob the hot shot of his luck. Isn't it good to kill two birds with one stone?"

Nalan Hongyu's eyes immediately lit up.

"There's such a method?"

“That’s right. However, you have to remember that you’re only ordinary. You don’t have much power of luck at all. When facing a hot shot, not only will you be unable to kill him, but you might even be killed by him. Therefore, you have to find someone with great luck, who is also a hot shot, in order for you to have the chance to kill the chosen one!”

“Before that, don’t have any conflict with him or attack anyone related to him. Otherwise, even the Heaven Dao might not be able to save you. Moreover, what kind of existence is the Heaven Dao? It won’t save a tiny ant like you at all.”

“It’s fine.”

Nalan Hongyu was not discouraged because of this.

“As long as there’s hope of killing him, that’s enough. In order to nurture a hot shot, I, Nalan Hongyu, have worked hard for hundreds of years to get married and have a child with some nobody. Now that I can become a hot shot, what’s wrong with enduring for a while?”

“In that case, go. The Acacia Faction you created in the Great Zhou is enough for you to use. I hope that you can succeed this time. At that time, my Heaven Secrets Pavilion will also be able to rely on you to go to the Divine World.”

Nalan Hongyu turned around and left, laughing coldly in her heart.

There only needed to be one god.

Now that the Heaven Secrets Pavilion could be of use to her, she was naturally willing to cooperate.

However, if she became a hot shot and reached the God Realm, the Heaven Secrets Pavilion would not be qualified to continue cooperating with her.

...

On the other side, at the entrance of the Ancient Forbidden Area, everyone could not help but be shocked.

The name list on the rankings was simply unpredictable.

Putting everything else aside, just the few dark horses were already very surprising.

Ji Wushang, Ji Qingshan, Ji Fanghua, and the others firmly occupied the top six of the Heaven Ranking and had never come down.

Although their rankings changed from time to time, it still did not allow the crown prince and his siblings to enter the top six.

This was simply unimaginable in the past.

Other than that, Qin Zimo from the Black Tortoise True Sect had actually also broken into the Heaven Ranking from the Earth Ranking. Her ranking was not bad.

Of course, the results of the other Holy Sons and Holy Maidens who were originally ranked on the Earth Ranking were also very good.

However, at this moment, a change in the ranking instantly made the expressions of countless people present change.

“What’s going on? Lin Fei’s name has disappeared!”

“The disappearance of the name on the Heaven Ranking means that the other party has already died.”

“But... who did this? Lin Fei is such a powerful genius and has the support of the Imperial Family. How could an existence like him die?”

Just as everyone was feeling shocked, several figures rushed out from the Void Gate in succession.

Among them were the princes of the Imperial Family and the heirs of the various imperial palaces.

This made everyone present even more dumbfounded.

Before everyone could react, the Third Prince had already waved the spear in his hand and pointed it at King Zining.

“King Zining, is your Purple Peace Imperial Palace rebelling?”

King Zining’s head tilted, his mind filled with question marks.
