

## **AN EXPERT 241**

### **Chapter 241: Slaying a Martial Monarch Realm expert**

When the light dissipated, Zhuge Fei'er's figure appeared.

She was not dead.

To be precise, she used a top-grade Martial Monarch Realm mark to block the attack from above her head and forcefully resisted most of the attack!

However, even though it was a top-grade Prime Emperor Realm mark, several cracks still appeared when it blocked Lu Xiaoran's attack. It was equivalent to being completely destroyed.

Moreover, even if it helped Zhuge Fei'er resist most of the attack, Zhuge Fei'er still suffered a lot of damage.

At this moment, the Martial Monarch Realm armor on her body had already been completely damaged.

The huge impact from the attack had already torn apart her delicate skin.

Blood flowed down her skin and soaked her clothes.

Zhuge Fei'er panted, her eyes revealing a trace of fear.

She was Asura!

She was the invincible Battle God of the Great Qin Empire!

She had fought countless battles in her life and had never lost!

In 200 years, she had grown from a daughter of a concubine to a Martial Monarch Realm expert!

All the men in the entire Great Qin Empire wanted to kneel before her.

It could be said that she had never encountered anyone or anything that frightened her in her life.

However, today, she was afraid!

Or rather, for the first time in her life, she was afraid.

The person in front of her, whose name she did not even know, was so powerful that she found it difficult to breathe in front of him.

She had been suspecting from the beginning why the other party would injure her Shadow Severing Saber and make a dent in it.

Now, she understood that Lu Xiaoran was holding an existence above the Martial Monarch Realm!

That was a divine weapon!

And he had obtained two at once!

She even seriously suspected that Lu Xiaoran had other divine items, such as his armor.

If that was the case, wouldn't she be unable to even break through the other party's defense?

Damn it, when did she provoke such an existence?

The most despairing thing was that the other party had picked the best moment to attack her.

Usually, she could have requested for a Martial Monarch Realm expert from the Great Qin Empire to help her.

However, at this moment, a huge battle was happening in the Great Qin Empire. She was simply unable to get any help.

This was also what made Zhuge Fei'er feel despair.

In her life, she had never thought of asking for help. In fact, even when facing the Martial Monarch Realm demon beasts of the Primordial Mountain Range, she had never admitted defeat.

In the end, she gritted her teeth and persisted.

Now, facing Lu Xiaoran, she was so exhausted that had been pushed to the point of asking for help. Moreover, she could not even ask for help!

For the first time in her life, she experienced fear and despair.

"Who the hell are you?"

Zhuge Fei'er gritted her teeth and asked.

Unfortunately, Lu Xiaoran ignored her at all.

When facing a hot shot, it was safer for him to speak less and slash more.

When Zhuge Fei'er asked this question, Lu Xiaoran's sword also slashed over again.

This time, he did not accumulate strength in his sword beam. However, with the enhancement of the divine sword and his extreme strength, he did not need to accumulate strength at all to deal with the other party, a Martial Monarch Realm expert who had already been severely injured by him.

Zhuge Fei'er's breathing froze. With a thought, she took out another Martial Monarch Realm sword in an attempt to resist Lu Xiaoran's attack.

However, the moment he took out the long sword, Lu Xiaoran activated the Trinity True Eyes and the flames quickly swallowed Zhuge Fei'er.

"Ah!"

Without the defense of the Martial Monarch Realm weapon, the pain of having her soul burned was simply heartbreaking.

Even though she was a Martial Monarch Realm expert, she still could not withstand it.

This was because although the will of a Martial Monarch Realm expert was powerful, the pain a Martial Monarch Realm expert endured was felt more vividly.

She could not avoid feeling it from every hair, every pore, every inch of skin, and even every corner of her soul!

It was also this moment of pain and absent-mindedness that made Lu Xiaoran raise his hand and cut off Zhuge Fei'er's arm.

Before Zhuge Fei'er could resist, another sword strike severed her head. Then, it slashed open her chest and severed her waist, tearing her into pieces as if she was a dead person.

However, this was not enough.

Lu Xiaoran, who had always been cautious, would not give others any additional chances to revive. Moreover, the other party was a Martial Monarch Realm expert and a hot shot!

Immediately after, Lu Xiaoran slashed more than a thousand times.

Every sword attack shattered the spatial barrier like lightning.

Every sword move contained a destructive energy that was simply unstoppable!

Space roared and the power of laws danced.

When the thousand swords were all slashed out, Lu Xiaoran also completely slashed Zhuge Fei'er into pieces.

Then, he punched out, mixed with the power of the Indestructible Golden Body and the Primordial Chaos Emperor Scripture, blasting Zhuge Fei'er's soul into pieces.

At the same time, a shocking bang suddenly erupted from below.

After everyone surrounded the remaining three heavenly kings, Fang Tianyuan detonated a Martial Monarch Realm Core Pill.

As soon as the Martial Monarch Realm Core Pill appeared, even if these heavenly kings had the enhancement of the array formation and broke through the Supreme Realm, they were still unable to resist.

This was because the attack of the Martial Monarch Realm Core Pill was already equivalent to a Martial Monarch Realm expert's ordinary attack.

Although it was only a normal attack, it was not something anyone below the Martial Monarch Realm could resist.

"Damn it! Run!"

The array master was so frightened that he had goosebumps all over his body and did not dare to stop for a moment.

Almost a second before the three heavenly kings were surrounded and died, he immediately fled.

He escaped very quickly because he had already set up a teleportation formation in the Great Qin Empire before coming.

When he was setting up the array formation just now, he had actually also set up a teleportation formation that was connected to this array formation.

In this way, he could use the teleportation formation to instantly escape.

The moment the array formation was successfully implemented, he instantly heaved a sigh of relief and the corner of his mouth curled up.

This was because the teleportation formation was extremely exquisite and fast.

Its speed was not something that any movement technique could easily catch up to.

In other words, after entering the teleportation formation, he only needed a few breaths to return to the Great Qin Empire.

After arriving at the Great Qin Empire, he would be completely safe.

Unfortunately!

Just as he thought that he could escape, the void barrier was suddenly slashed open.

“What!”

Before he could react, the sword beam swept him in and even tore his soul apart!

“No!”

A few breaths later, only this world-shaking tragic cry was transmitted from the spatial tunnel.

In fact, in front of Lu Xiaoran, no matter how exquisite the teleportation formation was, it was useless.

In less than a second, Lu Xiaoran could break the array formation and open the void tunnel of the teleportation formation.

However, he did not need to use this method now.

Currently, he was already a Martial Monarch Realm expert and controlled the power of laws.

With a single slash, he could directly shatter the void and kill the enemy.

This was the strength of a Martial Monarch Realm expert!

The disciples and demon servants flew over.

“Master, the hunt was successful. The four heavenly kings and all of Zhuge Fei’er’s attendants have been killed by us. We really won this time.”

Lu Xiaoran only smiled at this and looked in the direction of the sky meaningfully without saying anything.

...

The void in the Mountain and River State Painting distorted.

A moment later, a figure fell from the void and landed heavily on the ground.

It was actually Zhuge Fei'er!

Zhuge Fei'er panted violently, and every inch of her skin was trembling.

The pain of being burned by the flames and being slashed a thousand times by Lu Xiaoran was fresh at this moment and could not be forgotten for a long time.

"Damn it! I almost fell for it this time! If not for me using a secret technique to transfer my heart to Zhuge Ziqiong, I would probably have died long ago, right?"

This was a backup plan Zhuge Fei'er had left for herself.

Back then, she did not kill Zhuge Ziqiong. Instead, she suffocated Zhuge Ziqiong to death.

Then, she refined her heart into Zhuge Ziqiong's body with a God Realm cultivation technique she had luckily obtained.

With this secret technique, no matter where and how she died, even if her soul was blasted into pieces, she would still be revived near Zhuge Ziqiong.

This was because the heart she transplanted to Zhuge Ziqiong contained her remnant soul and blood essence.

This secret technique was extremely cruel. She had to fuse it to a loved one to complete it.

However, as long as she completed the fusion and Zhuge Ziqiong was not destroyed, she would always have a way out.

This was also why she was so worried after Zhuge Ziqiong was saved.

She was afraid that if Zhuge Ziqiong was killed, she would forever lose this escape route.

Fortunately, Zhuge Ziqiong was still alive now, allowing her to revive so easily.

"What is this place? Is this the Primordial Mountain Range?"

Zhuge Fei'er could not help but frown. She had never seen the surrounding scenery before. Moreover, for some reason, her heaven-defying perception was also useless at this moment.

Although she had just been resurrected and her cultivation was definitely not at the peak, it was not to the extent that her divine sense could not spread at all, right?

At this moment, a voice suddenly sounded in her ear.

"This is not the Primordial Mountain Range. This is your burial place."

Hearing this familiar and unfamiliar voice, Zhuge Fei'er's expression immediately changed drastically and she suddenly turned around.

“It’s you?”

Who else could it be but Zhuge Ziqiong?

Zhuge Ziqiong sneered.

“Zhuge Fei’er, you didn’t expect this, right? In 200 years, we meet again.”

Zhuge Fei’er smiled in disdain.

“So what if we meet? 200 years ago, you were just an ant to me. To this day, you’re still an ant to me. Is there a difference?”

Zhuge Ziqiong did not deny it.

“Don’t be so quick to come to conclusions.”

As soon as she finished speaking, she threw a medicinal pill into her mouth.

Seeing this scene, Zhuge Fei’er could not help but ridicule, “Your cultivation level is only at the Supreme Realm. So what if you consume a medicinal pill and surpass your realm?”

“Just because I became weaker doesn’t mean you’ve become stronger!”

#### **Chapter 242: Wealth Can Reach the Gods**

“Is that so?”

Zhuge Ziqiong smiled slightly, revealing her canine teeth.

Zhuge Fei’er still wanted to say something when she suddenly felt Zhuge Ziqiong’s aura suddenly begin to swell.

At this moment, her expression immediately began to turn ugly.

“That’s not right. Your cultivation... How did your cultivation increase to the Martial Monarch Realm? This is impossible! This is impossible!”

After a pause, she seemed to have recalled something and said with a frightened expression,

“It’s the Martial Monarch Realm Arrival Pill! It’s said to be made from the blood and bones of a Martial Monarch Realm expert! You actually have the Martial Monarch Realm Arrival Pill?”

“Smart. Now, let your big sister reward you.”

Zhuge Ziqiong smiled and raised her hand to unleash a palm wind. In an instant, it shattered Zhuge Fei’er’s legs.

It made her fall to the ground with a plop.

After being resurrected, she was simply unable to unleash the strength of a Martial Monarch Realm expert. Facing Zhuge Ziqiong, who had consumed the Martial Monarch Realm Pill, it was simply impossible for her to resist!

“That attack just now was for my mother, who was forced to death by you and your mother.”

As soon as she finished speaking, Zhuge Ziqiong slashed out again and directly exploded one of Zhuge Fei'er's arms.

"That was for the suffocating humiliation I suffered from you."

Then, Zhuge Ziqiong slapped again and exploded Zhuge Fei'er's other arm.

"That was for my 200 years of suffering in that extremely cold place."

After doing this, Zhuge Ziqiong also arrived beside Zhuge Fei'er.

Zhuge Fei'er was in extreme pain. Her face was pale as she gritted her teeth.

"Zhuge Ziqiong, don't be too arrogant. you only broke through to the Martial Monarch Realm temporarily with the help of the Martial Monarch Realm Arrival Pill. Even if a dog wears a wolf's skin, it's still a dog! When I return in the future, I'll definitely tear you into pieces!"

After saying this, Zhuge Fei'er directly bit the tip of her tongue and attempted to use the Blood Transformation Art to forcefully increase her strength and instantly escape.

However, after she used a secret technique, her body did not escape!

This made her expression instantly change.

What was going on?

Before she could react, Zhuge Ziqiong had already grabbed her neck and raised her from the ground.

Zhuge Fei'er's face was filled with confusion and shock.

"Are you very puzzled? Is the Blood Explosion Art useless? To tell you the truth, we're in my master's divine weapon. Just like how you mocked me for being inferior to you, you're also inferior to my master here."

Hearing this, Zhuge Fei'er's expression instantly changed.

She understood.

She understood everything.

All of this was a trap to deal with her!

Zhuge Ziqiong's disappearance was definitely related to Lu Xiaoran.

She did not know why Lu Xiaoran wanted to help Zhuge Ziqiong... She had never seen Lu Xiaoran before. Even now, she still did not know Lu Xiaoran's name.

However, Lu Xiaoran could be said to have planned every step carefully and thoroughly.

The destruction of the Zhuge family must be related to Lu Xiaoran.

He used the Zhuge family to attract her. Then, the demon beasts began to attack the people from the Hall of Gods.

Today, among the experts who were attacking her, there were a few demon beasts.

This was definitely because Lu Xiaoran had taken advantage of the situation to subdue those demon beasts.

Moreover, Lu Xiaoran was definitely also the reason why the Great Zhou Emperor had gone to the Great Qin Empire to complain.

Otherwise, even if the Great Qin Empire and the Hall of Gods were to fight, they wouldn't have fought so soon.

Lu Xiaoran's actions had brought this matter forward.

In this way, she was unable to seek help.

Then, Lu Xiaoran took the opportunity to kill her.

Moreover, with his strength, it was enough for him to perfectly kill her.

His plan was simply perfect.

However... why?

Why?

Why did Lu Xiaoran want to kill her? How were they related?

Was it because she had killed Lu Xiaoran's family?

Or had she obstructed Lu Xiaoran's path to wealth?

Just as Zhuge Fei'er was feeling puzzled, Zhuge Ziqiong opened her small mouth, revealing her two sharp canine teeth, and directly imprinted them on her neck.

"Wu!"

Zhuce Fei'er was in extreme pain. The feeling of the blood in her body being forcefully extracted made her collapse.

It was as if she was watching herself walk towards death step by step.

What was even more tragic was that she was still unable to resist.

Finally, when the effect of Zhuge Ziqiong's Martial Monarch Realm Arrival Pill disappeared, Zhuge Ziqiong had also completely absorbed all the essence in Zhuge Fei'er's body.

It was not only blood. There was also the blood essence of his bone marrow and organs...

At this moment, Zhuge Ziqiong's cultivation also began to increase incessantly.

First level Supreme Realm... second level Supreme Realm... third level Supreme Realm... In the end, she only stopped when he reached the first level of the Saint Realm!

This was because the blood and essence of a Martial Monarch Realm expert was not enough to make a person a Martial Monarch Realm expert.

Martial Monarch Realm experts gathered their strength and soul power into one. However, it was not enough for one to advance to the Martial Monarch Realm just by sucking the blood of a Martial Monarch Realm expert.

Moreover, Zhuge Fei'er had been revived with a God Realm cultivation technique and was not at her peak.

At this moment, outside the Mountain and River State Painting, Lu Xiaoran's body trembled slightly, and his cultivation directly broke through to the second level of the Martial Monarch Realm.

He knew that Zhuge Ziqiong had succeeded.

Indeed, in the next second, Wang Cai's voice sounded in his ear.

Ding... congratulations, Master, on killing the hot shot successfully. Reward: current cultivation level increased by one realm level.

Lu Xiaoran felt that his cultivation had indeed increased by a realm level.

Ding... congratulations, Master, on killing the hot shot successfully. Reward: Divine Dao True Intent x61. '

Ding... congratulations, Master, on killing the hot shot successfully. Reward: True God Spirit Stone x61. '

The True God Spirit Stone was an advanced version of the Divine Dao Spirit Stone. It could increase a weapon from the divine weapon level to the divine artifact level.

A divine artifact was an existence that surpassed divine weapons. Its might was endless and extraordinary.

Ding... congratulations, Master, on killing the hot shot successfully. Reward: Golden Luck Dragon x61. '

Ding... congratulations, Master, on killing the hot shot successfully. Reward: top-grade divine beast egg x61. '

Ding... congratulations, Master, on killing the hot shot successfully. Reward: God Realm weapon x61. '

...

Lu Xiaoran felt that Wang Cai was definitely hinting at something, but he could not tell what it was.

Wang Cai had already entered the Mountain and River State Painting to eat Zhuge Fei'er's luck.

After consuming the luck, he would probably enter seclusion to advance again, right?

Forget it, he should return to the Nameless Sect first.

When he returned to the Nameless Sect, it was already very late.

However, although it was very late, there was still someone standing outside the Nameless Sect.

Moreover, it was none other than Ji Wushang, who should have been in the Great Qin Empire.

"Senior Lu."

Lu Xiaoran's heart immediately skipped a beat.

"Ji Wushang, why are you here?"

Ji Wushang took a deep breath and said with a solemn expression, "Senior Lu, something bad has happened. The Great Qin Empire has lost control."

Lu Xiaoran: "???"

"What's going on?"

"Half of the Great Qin Empire has already fallen. If this continues, it won't be long before Su Chen attacks the Imperial City. I took advantage of the chaos in the Great Qin Empire and escaped without anyone noticing."

"What's this?"

Lu Xiaoran's eyes instantly widened.

Was this a joke?

He only wanted to use the Great Qin Empire to suppress Su Chen's Hall of Gods.

In the end, he did not expect the Great Qin Empire to fail to suppress the Hall of Gods and instead allow the Hall of Gods to develop quickly!

"It's true. Su Chen's Hall of Gods is developing too quickly. There are more experts appearing almost every day."

"You have to know that the Great Qin Empire is not our Great Zhou Empire. The strength of our Great Zhou Empire's kings and nobles might only be at the Emperor Realm or King Realm. The reason why they were able to advance to the Supreme Realm and Emperor Realm now is all thanks to Senior Lu.

In fact, the configuration of all the empires was probably similar.

However, in the Great Qin Empire, their kings and nobles were all Supreme Realm and Martial Monarch Realm existences.

"Other than that, among the first-rate sects in our empire, the sect master might only be at the Essence Realm or the King Realm. As for the first-rate sects in the Great Qin Empire, they already have King Realm and Emperor Realm experts. This does not include the sects that have surpassed the first-rate sects. If you count them, it will really be countless."

Lu Xiaoran was completely dumbfounded.

He rubbed his temples fiercely and fell into a deep depression.

The hacks of these hot shots were really too powerful.

It was so powerful that it simply made him feel helpless and despair.

An empire that had accumulated for tens of thousands of years was actually inferior to one man who had acquired wealth for a few months. It really made him want to vomit blood.

In fact, this was not because the hot shots were too powerful. In fact, it was because Su Chen was too special.

Other people's hacks might be related to cultivation and combat strength.

On the other hand, his hack was money.

Wasn't it simple to recruit with money?

Experts were unwilling to be servants?

That was because the salary was not enough.

Each of them received a million top-grade spirit stones a month.

It did not matter if his own strength increased quickly or not. As long as he had money, he could expand to a sufficiently powerful, monstrous, and abnormal strength in an extremely short period of time!

Moreover, Lu Xiaoran had never stopped fighting the hot shots.

It had only been a few years since he fought Xiao Bei..

Starting from Xiao Bei, the other hot shots also increased. However, Xiao Bei was too unlucky. Not long after he was reborn, he was killed.

If Xiao Bei was given enough time, his achievements would probably also be very high and he would also be quite difficult to kill.

This was also the case when facing Su Chen.

Su Chen had already developed for a long time. Moreover, he was the type to develop extremely quickly, which was why he was in this situation today.

Moreover, Lu Xiaoran estimated that the other party was not just rich.

His hack might even allow him to control these experts.

Otherwise, with so much money, those experts would have long snatched his wealth away. Why would they still submit to him?

They were not stupid!

In this way, even if Lu Xiaoran wanted to destroy the Hall of Gods internally and take over Su Chen, he probably could not.

### **Chapter 243: Great Zhou Empire**

"Other than that, is there any other information?"

Ji Wushang was silent for a moment before whispering, "I discovered that the son of the Qin Emperor has an unusual relationship with one of the Qin Emperor's concubines. This concubine seems to also have an unusual relationship with the brother of the Qin Emperor, who is related to the female sect master of another sect, who is once again related to the son of the Qin Emperor..."

Lu Xiaoran :” ...”

“Do you have nothing better to do? Why are you going around learning about such trivial matters?”

“I had nothing to do and heard the young eunuch in the Imperial Palace talk about this. The thing is that the other information is not easy to find and I also thought that this information could also be useful to Senior Lu, so I kept it in my head. After all, Senior might be able to use this information to control the Qin Emperor’s son and brother at the same time.”

Lu Xiaoran looked at Ji Wushang speechlessly.

What was the use of controlling them?

Now, the Great Qin Empire was in an intense battle with the Hall of Gods.

As the saying went, the enemy of an enemy was a friend. Since he was already friends with the Great Qin Empire, why should he do anything unnecessary?

“Forget it, let’s put it this way first. It’s already so late. I don’t want it to seem like I’m being too harsh on you by asking you to rush back to the Imperial City overnight. You can stay here for the night and return tomorrow.”

“Thank you, Senior Lu.”

Then, the two of them returned to the mountain together. Lu Xiaoran immediately returned to his study to think.

As for Ji Wushang, he found Ji Wuxia to arrange a room for him.

Ji Wuxia brought Ji Wushang to an empty room.

“Brother, I’ll have to trouble you to stay here for the time being.”

Ji Wushang shook his head.

“No, this is Senior Lu’s sect. I’m already lucky to be able to stay here for the night.”

Ji Wuxia nodded.

“If there’s nothing else, I’ll go back and cultivate first.”

“Wait a moment.”

Ji Wushang stopped Ji Wuxia, as if he wanted to say something, but he hesitated.

“What’s wrong, Brother?”

Ji Wushang hesitated for a moment and finally mustered his courage to say,

“Wuxia, although I don’t know if I should say this, I still want to say that the opponent you encountered this time is very powerful!”

He emphasized the last two words, and his expression was very solemn.

Ji Wuxia said with an indifferent expression, “So what?”

Ji Wushang was stunned for a moment before continuing, "Wuxia, don't you understand me? The enemy you encountered this time is especially powerful, so powerful that it's heaven-defying. He's no longer a simple Martial Monarch Realm expert. He even has a Martial Monarch Realm servant."

Think about it carefully. How powerful must an existence be for him to dare to use a Martial Monarch Realm expert as a servant?

"Let me tell you this. In comparison to our Great Zhou, the Great Qin Empire is already extremely powerful and heaven-defying. They have the highest combat strength in the human world—the Martial Monarch Realm. Moreover, they have more than one Martial Monarch Realm expert.

"They also have countless other Saint Realm and Supreme Realm experts.

"However, even so, they still find Su Chen to be very troublesome.

"Do you know why the Great Qin Imperial Family has never sent a Martial Monarch Realm expert to directly destroy the Hall of Gods?

"It was because the Great Qin Empire also felt danger and fear this time.

"As far as I know, the few Martial Monarch Realm experts of the Great Qin Empire are all in seclusion. They are preparing to resist Su Chen in their best state.

"The Great Qin Empire also doesn't dare to rashly deal with the Hall of Gods because they cannot afford to lose. Once the Martial Monarch Realm experts of the Great Qin Empire fail, the entire Great Qin Empire would be finished.

"The Great Qin Empire will completely change its surname to Su!"

"And?"

Ji Wuxia asked with an indifferent expression.

Ji Wushang was somewhat anxious.

"Aren't you anxious? If even the Great Qin Empire is no match for the Hall of Gods, then although Senior Lu has the strength of a Martial Monarch Realm expert, he might not be able to protect all of us!"

Ji Wuxia asked indifferently again, "What are you trying to say?"

Ji Wushang took a deep breath and said in all seriousness, "I think you should talk to Senior properly. Perhaps Senior should bring us to escape from the Great Zhou."

"I've already thought about it. It's said that there's a huge sea to the east of the Eternal Forest. There are countless small islands there. We can casually find a small island and cultivate there.

"Although there are many experts in the Eternal Forest, with Senior's Martial Monarch Realm strength, he can definitely help us pass through the Eternal Forest safely.

"Moreover, as a Martial Monarch Realm expert, I think Senior is completely capable of protecting us on the East Sea. "

Ji Wuxia did not show much interest in this and only gave a simple “oh”.

Hearing this “oh”, Ji Wushang immediately felt rather speechless.

It seemed that his sister did not listen to him at all.

Taking a deep breath, Ji Wushang continued, “Wuxia, don’t treat my words as a joke. I’m not joking with you!”

If you don’t listen to me, this is very likely to cost all our lives. ”

Ji Wuxia took a deep breath and said helplessly, “Brother, if you’re worried about this, then I advise you to drop your concerns. You just have to be a good emperor. Don’t worry and leave the rest to my master.”

As soon as he finished speaking, Ji Wuxia turned around and left.

Ji Wushang hurriedly followed to the door and shouted, “Why should I?”

“Because my master is not a Martial Monarch Realm expert!”

Buzz!

Hearing this, Ji Wushang instantly felt his entire mind tremble violently.

Senior Lu was not a Martial Monarch Realm expert?

Then what was he?

It was impossible for him to be a Saint Realm expert, right?

If he was only a Saint Realm expert, how could he be so heaven-defying and abnormal?

After all, he had even killed a Battle God of the Great Qin Empire like Zhuge Fei’er.

Wait a moment...

Ji Wushang’s body suddenly trembled.

He suddenly thought of something.

Something was wrong!

Something was really wrong.

Senior was not a Martial Monarch Realm expert, but he could kill a Martial Monarch Realm expert...

Moreover, he could even make his sister so relaxed and not fear the Hall of Gods at all...

There was only one possibility.

Senior had already surpassed the Martial Monarch Realm and reached that legendary level.

God Realm!

Heavens!

Senior was actually a God Realm expert.

Ji Wuxia did not doubt the truth of this matter because she had read about it in some ancient literature a long time ago.

Although some martial artists had already reached the God Realm, because the God Realm was not the strongest realm in the Divine World, many God Realm experts would choose not to ascend to the Divine World in order to live longer.

Didn't that fit Senior Lu's character?

It was extremely ignoble.

This meant that it was indeed true that he was a God Realm expert.

At this moment, Ji Wushang was so excited that tears streamed down his face.

He actually knew a God Realm expert.

God Realm!

That was an existence that many Martial Monarch Realm experts yearned to become.

To a God Realm expert, Martial Monarch Realm was only just the beginning

Mortals did not even dare to think about it.

It was even an extravagant hope for mortals to cultivate to the Martial Monarch Realm!

As for Senior, he was already the high and mighty God Realm expert!

At this moment, Lu Xiaoran's status was infinitely elevated in Ji Wushang's heart.

Originally, Lu Xiaoran had used the Trinity True Eyes to affect his mental strength, causing him to worship Lu Xiaoran.

However, now, he really and sincerely began to worship Lu Xiaoran.

They would definitely win!

With a God Realm expert backing the Great Zhou Imperial Family, what was there to be afraid of in the future?

What Hall of Gods, what Great Qin Empire?

Hehehehe, in front of Senior Lu, they were just ants.

After they fight to the death, Senior Lu would sweep through them all with a single move and let them know what unifying the world for all eternity meant!

Moreover, now that Senior Lu was so powerful, and the Ji family had now become his confidant...

In addition, Ji Wushang's sister, Ji Wuxia, was one of the senior's beloved disciples...

If nothing unexpected happened, the Ji family would definitely have a lot of weight under Senior in the future.

Ji Wushuang felt that he should probably plan ahead, in case the Ji family became as big as the Qin Empire in the future.

He will start planning tonight.

Thinking of this, Ji Wushuang took a deep breath and immediately walked into the room. He took out a pen and paper from his storage bag and began to write the first draft.

“In regards to the Great Zhou Empire’s national policy of expansion...”

“The first and most basic rule is to be loyal to Senior Lu.

At any time or anywhere, anyone from the Ji Family has to agree to Senior Lu’s requests and answer his questions. In short, if Senior needs anything, the Ji Family has to be the first to provide. If Senior does not need anything, the Ji Family still has to be on standby at all times. It would be best if they could create a few needs for Senior Lu when Senior Lu has none.

“For example... recruit more beautiful women for Senior. It’s best if these women are from the Ji family and even better if they can get pregnant with Senior Lu’s bloodline. ”

“Speaking of which, there seem to be a few good concubines among the batch I’ve just chosen. Since they’ve just entered the palace and don’t have a status yet, maybe I can send them Senior?”

After a pause, he wrote the second rule.

“Secondly, the Great Zhou Empire will annex the Great Qin Empire and take over the Great Qin Empire’s territory. The demon beasts in the Primordial Mountain Range will also be under the management of the Great Zhou Empire.”

“Should we include the Eternal Forest? There are a large number of hidden families gathered in the Eternal Forest. Many of them are even much stronger than the Great Qin Empire and have countless experts.

“In any case, Senior Lu is still a God Realm expert. It is definitely fine for him to fight Martial Monarch Realm experts.

“No matter how powerful you are, you’re still just a group of ants to Senior Lu.”

...

On the other side, in the study, Lu Xiaoran fell into a deep headache.

The Hall of Gods was so powerful that it even had a Martial Monarch Realm expert.

He still did not know how many Martial Monarch Realm experts there were.

Moreover, what was even more embarrassing was that he was the only Martial Monarch Realm expert on his team. None of his disciples had reached the Martial Monarch Realm yet.

They spent all their time cultivating other than eating...

Why were they still not Martial Monarch Realm experts yet?

It was too disappointing.

#### **Chapter 244: As long as the money is enough, who cares?**

“Based on this situation, I reckon that if Su Chen is given another half a month, he will be bold enough to attack the Eternal Forest!”

Lu Xiaoran did not dare to underestimate the other party.

Moreover, Wang Cai had just swallowed Zhuge Fei'er's power of luck and was starting to advance again.

He would not even be able to obtain anything good for a while.

The other party's hack had allowed him to rope in countless experts. On the other hand, his hack was still being updated and could not be used for a short period of time.

How sad was that?

It was too pitiful.

Thinking of this, Lu Xiaoran grabbed a few Golden Luck Dragons and used the Martial Monarch Realm spear to pierce through their buttocks. Then, he stabbed them all the way until the spear exited from their throats. He smeared oil, roasted them, sprinkled cumin, sprinkled salt, and sprinkled chili powder...

He would eat a few Golden Luck Dragons first and see if he could get any good luck.

Before he could finish eating the Golden Luck Dragons, the Body Modeling Mark suddenly lit up. Then, Buttface was resurrected from the Body Modeling Mark.

In the previous battle, Buttface had been killed by Zhuge Fei'er's subordinate. Now that it had been revived by the Body Modeling Mark, it immediately felt relaxed.

“Master, it's great to see you.”

Lu Xiaoran nodded and finished the last mouthful of the Golden Luck Dragon Meat before putting the spear back into the Mountain and River State Painting.

It seemed that eating some Golden Luck Dragon Meat was not very useful. It only sped up the revival of Buttface.

It was not like Buttface was a Martial Monarch Realm demon beast.

Hmm?

Lu Xiaoran was suddenly stunned on the spot, and his eyes lit up.

“That's right!”

Even if the Hall of Gods had countless top-notch experts, he still had nothing to worry about. This was because he was backed by the Primordial Mountain Range. There were countless powerful demon beasts there.

For example, the Azure Ox Supreme and the others were actually only a small portion of the demon beasts in the Primordial Mountain Range.

Their boss was not the only Martial Monarch Realm demon beast.

In fact, there were many other Martial Monarch Realm demon beasts in the Primordial Mountain Range.

Thinking of this, the corner of Lu Xiaoran's mouth curled up.

"Buttface, go and call the Azure Ox and the others over."

"Yes, Master."

Soon, the green bull and the other demons were called over by Buttface.

Lu Xiaoran saw the few demons arrive and immediately smiled.

"The few of you have all contributed a lot in the battle this time. Not bad. You did very well."

The Azure Ox and the others immediately replied humbly,

"Master, you're too kind. We're actually very ordinary."

"Yes, yes, everything is for Master's needs."

Lu Xiaoran nodded.

"That's right. The fact that you guys have such intentions proves that I didn't give you so many medicinal pills to increase your strength for nothing."

After a pause, he took out a divine beast egg.

When the Azure Ox and the others sensed the aura on the divine beast egg, their pupils suddenly constricted.

"Hiss ~! This... this aura! Could this be a divine beast egg?"

Although these demon beasts had demon beast bloodlines, in fact, strictly speaking, they were only a group of dabblers.

Not to mention anything else, the divine beast bloodline in their bodies was completely impure and was rather chaotic. Moreover, it only accounted for a portion of the overall bloodline. Most of them still had ordinary bloodlines.

However, a divine beast egg was different. It was a pure egg with only the bloodline of a divine beast.

It was even to the extent that although this was only a small divine beast egg that had yet to hatch, its aura had already suppressed all their greater demons.

Lu Xiaoran nodded.

"That's right, this is indeed a divine beast egg."

Hearing Lu Xiaoran admit it personally, the demons could not help but shudder.

“Heavens, this is really a divine beast egg.”

“I can even sense how powerful the Azure Phoenix bloodline in its body is. If it can hatch, it will at least be a Martial Monarch Realm existence in the future!”

“Stop talking nonsense. Do you think that’s you? This is a divine beast egg! After hatching it, it will definitely be able to cultivate to the God Realm in the future.”

Lu Xiaoran frowned and interrupted the conversation of the few demons.

“Alright, cut the crap. What’s the point of discussing so much? I’m prepared to give you this divine beast egg to consume and then increase the bloodline power in your bodies. Are you willing?”

“Hiss!”

The few demons immediately gasped and were shocked.

“Master, you can’t do that. We’re only ordinary demon beasts with a little divine beast bloodline. How can we really eat a pure divine beast egg?”

“You guys don’t want to eat it? If you don’t, I’ll add some chives and leeks later and prepare it for myself. This is great. It can even increase one’s cultivation. Tsk tsk, what a rare treasure.”

Hearing this, the few demons immediately swallowed in unison and looked eagerly at Lu Xiaoran, who took out a Martial Monarch Realm weapon and was prepared to shatter the divine beast egg.

The moment Lu Xiaoran reached out with his hand, the demons suddenly said,

“Wait. Master, we think that we’re actually already your servants now. We should listen to your orders. How can we still stick to the ways of demon beasts?”

“That’s right, that’s right. If Master wants us to die at midnight, we won’t dare to wait until morning. It’s just a divine beast egg. We’ll just eat it. At most, when we see other demon beasts in the future, won’t it be fine if we don’t tell them that we ate a divine beast egg?”

“That’s right. The Golden-Winged Eagle is indeed the smartest.”

Lu Xiaoran retracted his Martial Monarch Realm weapon and smiled.

“Alright, in that case, tell me. Where are the other demon beast groups located in your Primordial Mountain Range? Where can I find a Martial Monarch Realm demon beast?”

Hearing this, the demons who were originally prepared to obtain the divine beast egg suddenly began to be vigilant.

“Master, what are you trying to do?”

“It’s nothing. I just want to meet your demon race’s big shot and chat. I want to have a cup of tea.”

The demons immediately rolled their eyes.

Forget it. There was no other person in the world who was more scheming than their master.

Their master's tricks were especially cunning. Nothing good could come of this.

The few of them were not stupid and did not want to help the person who subdued them.

"Master, we don't want to eat the divine beast egg anymore."

"That's right, Master. We thought about it and felt that we shouldn't eat the divine beast egg. After all, we have to have a certain level of piety towards divine beasts."

Lu Xiaoran shrugged.

"Alright, I originally planned to give you guys another divine beast egg after this matter is done. Since you say so, since there's no more divine beast egg, I'll directly use the Beast Control Divine Art to forcefully control you and get you to lead the way."

The Azure Ox : "..."

The Golden-Winged Eagle : "..."

The Golden-Armed Divine Ape : "..."

The Earth Tiger Bear : "..."

They knew that Lu Xiaoran was simply too cunning.

He would use the soft approach first and use the hard approach later. In any case, they would still have to lead the way.

Moreover, Lu Xiaoran was very cunning. He did not directly try to force them to lead the way. Instead, he wanted them to admit that they chose to lead the way on their own will.

However, thinking about it carefully, the owner of a demon pet like Buttface was probably not any better, right?

Moreover, these demon beasts could also obtain divine beast eggs if they agreed.

If they did not agree, not only would they not be able to receive the divine beast eggs, but they would still have to be forcefully controlled by Lu Xiaoran to lead the way.

Even a fool would know what to choose.

"Master, we're willing to bring you to find demon beasts."

The corner of Lu Xiaoran's mouth curled up.

Actually, he was just scaring them. Although the Beast Control Divine Art was powerful, a forceful order would damage the soul of the demon beast and affect the other party's growth.

Perhaps the guy who created this cultivation technique back then also had a bigger heart.

Therefore, unless there was no other choice, Lu Xiaoran would definitely not be willing to use it to force them.

After all, he still had to go to Su Chen's Hall of Gods and definitely needed a large number of experts.

At this moment, he decided to save as much manpower as he could.

"Alright, then bring me to the Martial Monarch Realm demon beast now."

"Then, Master, please hand over the divine beast eggs."

"You guys work first. After you're done, I'll pay the rest."

"Master, you won't scam us, right?"

"Don't worry, I'm not that bad."

The demons were silent for a moment and were deeply suspicious of Lu Xiaoran's words.

However, they had no choice. After all, they were others' slaves.

Without a choice, it was useless to think too much.

Therefore, while it was dark, the demon beasts immediately brought Lu Xiaoran to the Primordial Mountain Range.

The Primordial Mountain Range was very large, but Lu Xiaoran had already completely ignored this wide area when searching for Martial Monarch Realm experts.

He still had the Heaven-Breaking Shuttle that he had already forged into a divine weapon. As long as he had the coordinates, he could go wherever he wanted. He would not need to worry about navigation at all.

Soon, the few demons brought Lu Xiaoran to a place not far from a lake in the Primordial Mountain Range.

"Master, the Martial Monarch Realm demon beast's hiding place is right ahead."

"However, Master, you better be careful. That demon is very powerful. If you don't handle it well, you might die."

"Is it that powerful?"

Lu Xiaoran could not help but be somewhat curious.

"It's not just powerful. A thousand years ago, a Demon Ape reached the Martial Monarch Realm and was arrogant in the Primordial Mountain Range. It wanted to become a king and make us submit to it. In the end, the big shot of this lake directly swallowed it. I heard that the next day, a demon in the distance saw that big shot taking a dump by the lake which contained the bones of that Demon Ape."

"It's tragic. I heard that the female apes of the Demon Ape were even snatched away by other demon races."

Lu Xiaoran narrowed his eyes slightly and swept his gaze over the water. It seemed that there was indeed an extremely powerful energy cultivating at the bottom of the lake.

However, he did not know what kind of demon beast this guy was or what special abilities it had.

## Chapter 245: The Fish Will Only Be Willing to Take the Bait If It's Good

However, although he did not know the other party's level, he still had to do what he needed to do.

Then, the recruitment process began.

Of course, according to Lu Xiaoran's character, it was necessary for him to prepare in advance.

After all, the other party was a dignified Martial Monarch Realm expert. What if the other party came out and he was unable to defeat the other party?

Even if he could win, what if the other party escaped?

Even if the other party did not escape, what if it found reinforcements?

Even if the other party did not find reinforcements, what if it was unwilling to be subdued by him?

Moreover, the other party's territory was underwater. Who could guarantee that there would not be a second Martial Monarch Realm demon beast underwater? What if the other party was married?

Or perhaps the other party had set up some traps that were enough to finish him off.

In any case, Lu Xiaoran would not be so stupid to not prepare himself before going on someone else's home ground. Moreover, if he had to make a move, he would do it on his own home ground or in an unfamiliar home ground.

Therefore, in view of this, Lu Xiaoran quickly set up two Eight Trigrams Sky Sealing Formation, two Starfall Emperor Formation, three Primordial Dragon Formation, seven Spacetime Deceleration Formation, and several other Martial Monarch Realm formations around the lake.

In any case, when he was raiding the Acacia Faction, he had obtained a large number of top-grade spirit stones from Nalan Hongyu. At this moment, Lu Xiaoran did not lack spirit stones at all.

After arranging all of this, Lu Xiaoran kicked the Earth Tiger Bear.

"Go and lure that guy out."

The Earth Tiger Bear trembled.

"Ah? Master, I can't. I'm just a Supreme Realm trash. I'm simply unable to deal with this old guy. If you let me go, I definitely won't be able to return."

Lu Xiaoran swept his gaze over the other demon beasts, and the demon beasts also retreated. Lu Xiaoran immediately raised a finger.

"Whoever goes will be given ten Martial Monarch Realm Blood Pills."

The demons' eyes lit up, but they still shook their heads and refused.

After all, one had to be alive in order to enjoy those benefits.

That was a Martial Monarch Realm demon beast big shot. A casual sneeze from the other party could blast them until not even their souls were left. Who would dare to go against it?

Moreover, they were luring it out so that Lu Xiaoran could subdue it.

This was simply worse than digging up eighteen generations of the other party's ancestors.

Lu Xiaoran raised his second finger.

"Then twenty."

The demon beasts clearly had some desire as they swallowed their saliva.

However, the demons still did not agree.

Lu Xiaoran was silent for a moment before starting to count down.

"Nineteen."

All the demons: "???"

"Eighteen."

The demons : "..."

"Seventeen."

"Master, you're too much. Why is it getting lower?"

"Sixteen."

"..."

"Fifteen."

"Stop, Master. Stop shouting. Twenty pills. I'll go."

The Golden-Armed Divine Ape hurriedly stopped Lu Xiaoran. Boss Ox and the others stared fixedly at it.

"Don't look at me. I don't have a choice either. I'm about to break through. I need medicinal pills."

"Monkey, you're a ruthless person!"

"I, Old Niu, am willing to respect you as the bravest!"

The Golden-Armed Divine Ape took a deep breath and then carefully approached the lake.

It turned around and looked at Lu Xiaoran to silently boost its courage.

"It's fine. Master is also a Martial Monarch Realm expert. There's no need to be afraid. As long as you lure it out, make a run for it."

Thinking of this, it immediately released its "weak" divine sense to contact the big demon at the bottom of the lake.

"Hello, is anyone there?"

“Get lost!”

The other party said this word indifferently, but it was mixed with an unquestionable order.

The Golden-Armed Divine Ape immediately nodded.

“Alright.”

Then, it immediately turned around and ran back.

Lu Xiaoran :” ...”

Boss Ox :” ...”

The Golden-Winged Eagle :” ...”

The Earth Tiger Bear :” ...”

“Does your father know that you’re so cowardly??”

The Golden-Armed Divine Ape wiped the cold sweat from its forehead.

“My father probably doesn’t know because I only know who my mother is. I don’t know who my father is at all. I think my father also doesn’t know who I am.”

Lu Xiaoran was silent for a moment.

“Then you won’t be getting any medicinal pills.”

The Golden-Armed Divine Ape immediately raised its hand.

“Don’t, Master. I was just warming up. Let me do it again.”

“Then hurry up.”

“Alright.”

The Golden-Armed Divine Ape performed a set of monkey fists on the spot. After emboldening itself, it ran to the lake again.

This time, before it could speak, the cold and extremely dignified figure’s voice had already sounded in its ear.

“Get lost.”

It was still a faint word. The other party seemed to be a man of few words.

However, although it was only two words, the pressure contained in it was not low, making the dignified Golden-Armed Divine Ape tremble in fear.

“Senior, actually...”

“Get lost.”

“I...”

“Get lost.”

“...”

“Get lost.”

“Senior?”

“Get lost.”

“Senior, is that really you?”

“Get lost.”

“Senior, it’s me. I’m the husband of your distant cousin’s son’s eldest cousin’s friend’s sister-in-law’s husband.”

“Get lost.”

The Golden-Armed Divine Ape vaguely felt that something was wrong.

It had to be known that the other party was a Martial Monarch Realm demon. If the other party was really annoyed by it, the other party would have long attacked and killed it or chased it away.

How was it possible for the other party to keep shouting the words “get lost”?

This was very abnormal.

Moreover... Why did this voice feel like it was coming from beside it?

Thinking of this, the Golden-Armed Divine Ape lay on the ground and listened. Then, its expression was somewhat strange. Then, it directly punched the ground. In the next moment, a dark green figure suddenly exploded from the water and fell beside it.

“Get lost... get lost... get lost... get lost...”

The Golden-Armed Divine Ape’s face darkened. So it was actually a Heaven Peal Frog.

This was an extremely small and low-level demon beast. The ape could kill a large group of them with a single fart. Its main function was to leave messages. If one set a message for it, it would keep repeating the message.

Damn, it turned out that it had been fooled by this small Heaven Peal Frog for a long time.

Extremely furious, the Golden-Armed Divine Ape immediately raised its iron fists to end the other party’s life.

However, in the next moment, an extremely dignified voice suddenly sounded from under the water.

“What do you want to do to my subordinate?”

The Golden-Armed Divine Ape suddenly trembled, and the hair on its entire body stood up.

It knew that this time, it was really that big shot who appeared.

Even though it was covered in sweat, it did not dare to be careless. This was because it knew that if anything went wrong at this moment, it might die.

With a gulp, it swallowed hard and said, "Senior, you're mistaken. I just wanted to see you and thought that it was messing with me."

"Why did you ask to see me?"

"It's like this. I picked up a Heaven Mountain Snow Lotus. I wonder if Senior dropped it?"

Behind him, Boss Ox and the others immediately could not help but secretly raise their hooves.

What a powerful excuse. It could even attract the other party like this.

Moreover, the Heaven Mountain Snow Lotus was an excellent natural treasure that could increase one's demon power by a lot. It was also rather tempting.

Unfortunately, the other party did not even look at it and directly said, "Put it down. You can leave."

"Uh..."

The Golden-Armed Divine Ape's face could not help but twitch fiercely. Was it all for nothing?

"Senior, actually, I also picked up a Heaven Mountain Blood Lotus. I wonder if it belongs to you."

"Yes, just throw it into the lake. Then leave."

The Golden-Armed Divine Ape : "..."

Was this really a Martial Monarch Realm demon beast?

Why did it feel like there were so many tricks up its sleeve?

The other party was even better at this than its master.

It would not refuse anything but was not willing to come out. How ignoble!

If it really gave it to the other party, it would really be for nothing.

"Senior, I've never seen a Martial Monarch Realm demon beast in my life. I've always wanted to see how powerful one is. I wonder if Senior can satisfy my wish?"

The other party was silent for a moment before continuing, "I don't want the items. Leave."

The Golden-Armed Divine Ape : "..."

If not for the fact that it had stayed in the Primordial Mountain Range for thousands of years and had brought Lu Xiaoran here with Boss Ox and the others, it would even begin to wonder if there was a true Martial Monarch Realm expert under the lake.

Helpless, it could only take a deep breath and say, "Alright, then. I originally wanted to take Senior as my master, but since Senior is unwilling, I can only forget it. Looks like the Emperor Hidden Snow Lotus I spent so much effort to find will be wasted."

As soon as it finished speaking, the originally calm lake suddenly began to surge with gushing waves.

In the sky, the clouds surged and rolled incessantly.

A moment later, as several explosions sounded quickly from the water, a huge turtle figure slowly rose from the water.

To be precise, it was a Martial Monarch Realm Black Tortoise with the Black Tortoise bloodline.

Its huge body was already more than a few hundred meters long. It could even be said that it had already become an independent island that could provide a living environment for many small demon beasts.

The Golden-Armed Divine Ape was simply like a small flea in front of it.

“Where is the Emperor Hidden Snow Lotus?”

The Black Tortoise spoke slowly. Hearing this, the Golden-Armed Divine Ape was immediately dumbfounded.

How would it know where it was?

If it knew, wouldn't it immediately eat it? Would it really run over and foolishly give it to other demons?

Lu Xiaoran did have one, but Lu Xiaoran had to be willing to give it to him.

Seeing that the Golden-Armed Divine Ape was silent, Black Tortoise's expression turned cold and he immediately erupted with an extremely powerful aura.

“How dare you lie to me!”

The Golden-Armed Divine Ape's heart skipped a beat. Sensing the despairing pressure, it immediately collapsed.

Damn it.

If the other party attacked, wouldn't he be slapped into ashes on the spot?

Fortunately, at this moment, Lu Xiaoran's voice sounded at an appropriate time.

“That guy doesn't have the Emperor Hidden Snow Lotus, but I do.”

### **Chapter 246: What Human? He's My Dear Master!**

Hearing Lu Xiaoran's voice, the Black Tortoise was first stunned before it immediately became furious.

“Human! Why would a lowly human appear in the Primordial Mountain Range? You dirty little demon, you actually dare to collude with humans. I'll kill you.”

The Black Tortoise roared as the power of laws suddenly attacked the Golden-Armed Divine Ape.

The terrifying force instantly pierced through the void for ten thousand meters, shattering the spatial barrier and revealing the void inside.

The Golden-Armed Divine Ape directly peed itself on the spot.

Fortunately, Lu Xiaoran instantly teleported in front of it and raised his hand to block this power of laws.

The Black Tortoise smiled coldly.

“I was wondering why it dared to collude with humans. It turns out that you’re a Martial Monarch Realm expert. However, even so, if you dare to be impudent in the Primordial Mountain Range, I’ll still kill you.”

Its thick limbs slid slightly in the void, but its body instantly tore through the spatial barrier and rubbed against the space, producing a powerful impact.

Lu Xiaoran pushed the Golden-Armed Divine Ape away and directly took out the Xuanyuan Sword.

Demon beasts were originally arrogant and thought highly of themselves. They looked down on humans. If they were not beaten into submission, Lu Xiaoran could forget about having a good discussion.

Without saying much, Lu Xiaoran directly used the Azure Lotus Sword Art. As soon as the Xuanyuan Sword appeared, the black hole soul in his body displayed the ability of the Sword Soul that it had previously devoured.

A sword beam more than 100,000 meters long instantly spread from the Xuanyuan Sword and rushed forward. Under the starry sky, it was so beautiful that it made one’s heart palpitate and illuminated the entire sky.

The Black Tortoise smiled in extreme disdain.

“A mere human cultivation technique is only formed by mixing the rules of the world with the bloodline of our race. How can it compare to our demon race’s natural divine technique? Die!”

A sharp golden aura spread from the sharp long claw. The power of laws attached to it seemed to be able to destroy everything.

The Black Tortoise felt that Lu Xiaoran would definitely die if the two of them fought!

This was because it had the Black Tortoise bloodline of the divine beasts.

The Black Tortoise was the leader of defense. The defense of the Black Tortoise bloodline was almost several times or even dozens of times stronger than any other demon beast in the world.

Although it was also a Martial Monarch Realm expert like Lu Xiaoran and their attack power might be the same, its defense was countless times stronger than Lu Xiaoran’s. How could it possibly lose when Lu Xiaoran couldn’t even break through its defense.

However, the moment Lu Xiaoran’s sword landed, it realized that it was wrong. Moreover, it was extremely wrong.

When the Black Tortoise’s sharp claws were less than ten meters away from Lu Xiaoran, Lu Xiaoran’s sword beam carried an invincible strength as it smashed fiercely onto its turtle shell. With just one sword move, it directly broke through the defense it was proud of.

The defensive barrier attached to the Black Tortoise’s body was shattered by this huge force on the spot.

“What?”

The Black Tortoise’s heart instantly trembled.

“This is impossible!”

How could Lu Xiaoran instantly break through its defensive barrier?

His cultivation was clearly at the third level of the Martial Monarch Realm. Although the Black Tortoise was only at the second level of the Martial Monarch Realm, Lu Xiaoran still had to at least have the combat strength of the fifth level of the Martial Monarch Realm to break through its defensive barrier.

Something was wrong!

It was because of the weapon!

At this moment, the Black Tortoise had already noticed something strange about Lu Xiaoran’s weapon. The light emitted from Lu Xiaoran’s weapon was actually dense gold instead of pale gold.

This meant that it was a divine weapon!

This Martial Monarch Realm expert actually had a divine weapon?

Don’t panic!

It absolutely could not panic.

It decided to hide in its turtle shell and calm down first.

The Black Tortoise did not despair just because the other party had a divine weapon.

Its true strength laid in its turtle shell that had long surpassed the hardness of a Martial Monarch Realm weapon.

Even without the spirit energy defensive barrier, its turtle shell was still able to resist Lu Xiaoran’s attack!

No matter how powerful the other party’s cultivation or attack was, the other party was definitely unable to do anything to it.

However!

This time, it had miscalculated again.

The moment the sword beam landed on the turtle shell, Lu Xiaoran opened the Trinity True Eyes.

With the True Intent Unravel attached to the sword beam, no matter how powerful the Black Tortoise’s defense was, it instantly became useless.

Boom!

The sword beam finally landed on the turtle shell.

“Damn you!”

The Black Tortoise instantly spat out blood. Its head, limbs, and tail were shocked out of the turtle shell by this huge force.

Its eyes were about to crack, and they were bloodshot to the extreme.

“You are too much. I’ll fight you to the death!”

The Black Tortoise condensed its full strength and gathered the power of laws in its huge mouth, forming a power of laws beam that directly bombarded Lu Xiaoran.

Boom!

The huge beam of light instantly swallowed Lu Xiaoran. Moreover, a spatial tunnel hundreds of kilometers long blasted out behind Lu Xiaoran.

It could be imagined how powerful the attack was.

Damn human, who asked you to fight me? I’ve cultivated for nearly ten thousand years. Why would I be afraid... Hmm?

Before Black Tortoise could finish its thought, it saw Lu Xiaoran walk out of the beam unscathed in the next second.

“Damn you!”

The Black Tortoise’s worldview instantly collapsed.

Could this brat also be from the Black Tortoise Clan?

Why was his defense so powerful?

Was it stronger than the divine weapon it had cultivated for more than ten thousand years?

Something was wrong!

Something was wrong!

It was impossible for humans to easily resist its attack with their cultivation alone. After all, no matter how weak it was, it was still a Martial Monarch Realm expert.

It was definitely because the other party was wearing armor... Moreover, it was not an ordinary armor.

Since the other party even had a combat divine weapon, he definitely had a divine armor.

This guy was too powerful. It was no match for him at all. At this moment, it could only run!

Almost in an instant, the Black Tortoise analyzed all the factors and realized that it was no match for Lu Xiaoran.

Without any hesitation, it directly turned around and ran as quickly as possible.

Everyone thought that the Black Tortoise bloodline’s defensive strength was very powerful. In fact, what the world did not know was that even though the speed of the Black Tortoise bloodline was slower than

the Phoenix and the White Tiger, it was still enough to surpass most bloodlines below the four divine beasts.

However, the Black Tortoise was too big and its body was too heavy. It could maintain its high speed for long, but within a short distance, its speed could not be underestimated.

It just needed to escape back to the lake.

The bottom of this lake was actually a layer of Profound Heavy Water. The Profound Heavy Water had a strange ability and was even heavier than soil and rocks. Moreover, the more one struggled, the stronger the pressure.

Other than the Black Tortoise Clan, it was difficult for any other race to endure it.

As long as it could escape back to the bottom of the lake, Lu Xiaoran would be unable to get to him. At that time, it would hide at the bottom of the lake for a while and see how long Lu Xiaoran could last!

It was impossible for Lu Xiaoran to waste his life waiting for it to come out, right?

First, it would set a small goal. It would not leave the lake for ten thousand years.

With the lifespan of the Black Tortoise bloodline, even ten Lu Xiaoran would not be able to outlive it.

However, at this moment, it suddenly felt somewhat strange.

This was because according to normal logic, it should have already entered the lake.

Its speed was extremely fast, enough for it to return to the lake in an instant. However, now, it seemed like several seconds had passed.

At this moment, it was still floating in the air.

“An array formation? You actually used an array formation to seal the spatial power. Despicable human, can you be any more shameless?”

With a thought, Lu Xiaoran had already arrived in front of it. He picked up the Mountain God Pillar and smashed the other party’s back with it.

Then, spirit energy surged crazily into the Mountain God Pillar, pressing the other party firmly to the ground and preventing it from moving.

“Let go of me! Despicable human, if you have the guts, fight me for another 300 rounds!”

“I’ll satisfy you.”

Lu Xiaoran attacked the Black Tortoise with the Primordial Chaos Emperor Scripture at full strength and threw ten thousand punches first.

The Trinity True Eyes was used to the limit. Every move could easily break through its turtle shell and hit its body.

“Ah! Damn human, I told you to let go of me and attack together, not to suppress me!”

...

"Let go of me if you have the guts!"

...

"Stop if you have the ability. Let me catch my breath."

...

"Consider yourself ruthless. Stop fighting. I admit defeat!"

...

Only then did Lu Xiaoran stop. The Black Tortoise panted heavily, and its aura decreased to a freezing point. Its entire turtle body was extremely weak.

The Black Tortoise was both resentful and sad.

It still remembered that the last time it felt this weak was more than 8,000 years ago. When it was young, it had gotten intimate with three female tortoises and had to rest for three days before it could recover.

It did not expect to be reduced to this state by a human.

It was too embarrassing.

"I want to take you in as my slave now. Are you willing?"

"If it means that you'll stop hitting me, then yes, I'm willing."

"Then I'll take it that you're willing."

Lu Xiaoran directly used the Beast Control Divine Art to subdue the Black Tortoise and make it his subordinate.

Then, he continued, "Now, I'll issue my first order. Bring me to the other Martial Monarch Realm demon beasts."

The Black Tortoise's expression suddenly changed.

"That's impossible. Although I've been subdued by you, I'm still a demon! You can order me to do anything, even let me die here... However, it's impossible for me to betray the demon race and my other clansmen."

After a pause, it even swept its gaze over the green ox and the others in extreme disdain.

"Shame, the shame of our demon race!"

The Azure Ox and the other demons immediately lowered their heads in shame.

Lu Xiaoran took out a divine beast egg.

"Do you recognize this?"

The pupils of the originally indignant Black Tortoise instantly constricted.

“This aura... this is a divine beast egg with the Black Tortoise bloodline? Heavens! Where did you get it?”

Demon beasts were all spirits born from the world and naturally relied on their bloodline power to increase their strength.

Ordinary demon beasts would be filled with fear and reverence for the divine beast egg because of the suppression of their bloodline.

However, demon beasts at the Martial Monarch Realm were not like this.

This was because once they transcended the tribulation to become gods, they would also completely activate the bloodline in their bodies and become divine beasts.

And the more bloodline power they had, the higher their chances of successfully transcending the tribulation.

This divine beast egg had a pure Black Tortoise bloodline. If it ate it, who knew how much Black Tortoise power it would obtain!

It was naturally impossible for the Black Tortoise not to covet it.

The Azure Ox and the other demons immediately whispered,

“Black Tortoise Martial Monarch, this human has many divine beast eggs with various bloodlines.”

“That’s right. His disciple even fried a divine beast egg.”

“How dare you!”

The Black Tortoise immediately roared.

“What human? How rude. This is my beloved master!”

**Chapter 247: Old Friend, Open the Door. I Have Come From the Primordial Mountain Range to Give You Warmth. If You Don’t Open the Door, We’ll Break It.**

...

Five minutes later, a group of figures quietly approached the Blazing Mountain to the west of the Primordial Mountain Range.

The temperature here was abnormally high. Even at night, a raging fire burned, illuminating the surroundings as if it was daytime.

“Master, the Blazing Flame Mountain is ahead. There’s a demon with the bloodline of the Azure Phoenix and Fire Phoenix inside. Like me, its cultivation is at the Martial Monarch Realm.”

The Azure Ox and the other Supreme Realm demons looked at the Black Tortoise in front of them who was leading the way for Lu Xiaoran in all seriousness and could not help but be speechless.

As demons, they still resisted when they were subdued by Lu Xiaoran. They were initially unwilling when Lu Xiaoran asked them to deal with their own kind.

However, despite being a Martial Monarch Realm demon beast, this Black Tortoise actually ignored the dignity of the demon race and brought Lu Xiaoran to deal with the demon race.

This simply refreshed their worldview.

No wonder they were not Martial Monarch Realm experts. It turned out that they were not shameless enough.

Lu Xiaoran opened the Trinity True Eyes and swept his gaze into the Blazing Mountain. Indeed, he could clearly sense a ball of hot flames.

The demon beast wrapped in the flames was definitely the Martial Monarch Realm Fire Phoenix with the Azure Phoenix bloodline.

This time, Lu Xiaoran would not use baiting methods.

It would be too slow. He could not keep baiting Martial Monarch Realm demon beasts. It would take too long.

Moreover, he had already subdued the Black Tortoise. Coupled with himself, his combat strength had already surpassed that of two Martial Monarch Realm experts. He definitely had to take down the Fire Phoenix in one go.

In any case, the Black Tortoise's blood essence and soul had already been put into the Body Modeling Mark by him. He could let the Black Tortoise scout the way. It was fine even if it died. He could still revive it.

"Black Tortoise, go and take it down. In the future, if there are divine beast eggs, I'll give them to you first."

"Alright..."

Hearing this, the Black Tortoise naturally flew over without saying a word.

This old bastard had lived for more than ten thousand years and was very smart.

Knowing that it could not resist Lu Xiaoran, it simply did not resist and listened to Lu Xiaoran's orders. In any case, it was fine as long as it could bring benefits.

It immediately flew to the entrance of the Flame Mountain and shouted,

"Sister Fire Phoenix, I'm being pursued by humans. Quickly open the door and let me go in to hide. Save me."

The next moment, the entrance to the Flame Mountain suddenly opened.

"Brother Black Tortoise, come in quickly."

The Black Tortoise crawled in quickly. A moment later, a scream suddenly sounded from inside the Flame Mountain.

"Black Tortoise, what... what are you doing? You're shameless! Let go of me. Don't come over... Ah!"

Lu Xiaoran :” ...”

Boss Ox and the other demons :” ...”

“Master, could this old bastard be taking advantage of the situation?”

“I don’t think so. One is a turtle and the other is a bird. They’re not compatible.”

“However, as the saying goes, a toad lusts after a swan’s flesh.”

“Stop talking. I’ll go take a look.”

Lu Xiaoran immediately flew into the cave. It was still early and there was no inappropriate scene. This old bastard had only bitten one of the other party’s wings.

It used its demon power to freeze the other party in the cave.

Then, Lu Xiaoran used his usual methods to subdue the other party.

The Azure Ox and the other demon beasts waiting outside could not help but fall silent again when they saw that Lu Xiaoran had also entered and was silent.

“Could it be that this Fire Phoenix is too beautiful?”

“That’s not necessary. That old bastard Black Tortoise and the Fire Phoenix are already not compatible. Master and the Fire Phoenix are probably even less compatible.”

“That’s right. If they were to do it, Master would have to stuff his whole body in. It would be like stuffing a bean sprout.”

However, just as the demons were discussing, an azure light suddenly shot from the distant sky.

“Hiss ~! What a powerful aura.”

“This aura, is it also a Martial Monarch Realm demon beast? Could it be a reinforcement invited by the Fire Phoenix?”

“We’re doomed. With two Martial Monarch Realm experts appearing at the same time, can Master and the others still defeat them?”

“It doesn’t matter. In any case, let’s stay away. If he doesn’t die, we’ll continue to be our slaves. If he dies, we’ll be able to escape from his control. In any case, no matter what we do, we won’t lose out.”

“Good idea.”

At the same time, in the cave...

“Phoenix greets Master.”

The Black Tortoise smiled and said, “Sister Fire Phoenix, do you understand? I didn’t scam you, right? Following Master is really good for you. You definitely won’t lose anything.”

“Get lost!”

The Fire Phoenix's expression was cold as she retorted angrily.

It had to be known that not all demon beasts wanted to become Lu Xiaoran's servants.

Even though Lu Xiaoran had the divine beast egg as bait, some demon beasts were still unmoved.

For example, the bloodline of the Fire Phoenix was much stronger than that of the Black Tortoise.

Although the divine beast egg was useful, it was not cost-effective for her.

The Black Tortoise also knew that it was in the wrong and smiled awkwardly without replying.

However, at this moment, a powerful aura suddenly descended.

"Fire Phoenix, I just sensed that your aura was somewhat chaotic. Are you in danger?"

"Not good!"

The Fire Phoenix's expression changed.

The Black Tortoise was overjoyed.

"Master, this is the Golden Lion. It's also a Martial Monarch Realm expert. It has long admired the Fire Phoenix."

Lu Xiaoran's eyes lit up. Without waiting for the Fire Phoenix to signal for the Golden Lion to escape, he directly activated Soul Force Control to control the Fire Phoenix.

"I've gone berserk with qi deviation. Come and help me."

"Alright! Fire Phoenix, don't panic. I'll be right down."

In the next second, the Golden Lion entered quickly. However, what awaited it was a ruthless blow.

The Mountain God Pillar had the might of a divine weapon. With it, Lu Xiaoran knocked out the golden lion with a single strike.

After another incense stick of time, the Fire Phoenix said apologetically, "Golden Lion, I'm sorry. It's all my fault."

"It's fine, Fire Phoenix. It's not your fault. If I have to blame someone for this, I'll only blame the old bastard. It's too shameless."

The Black Tortoise: "???"

"What does that have to do with me? I was also forced to come here after being subdued by Master."

The Golden Lion sneered.

"Why are you so calm and composed despite being ordered to do so? You don't seem to be mentally injured at all. How shameless."

"..."

The Black Tortoise knew that it would probably never be able to rise up again in its life. It would forever become a traitor of the Demon Race.

However, this also increased its desire to capture all the demon beasts in one go.

As long as everyone was its master's servant, there would naturally be anyone to call it a traitor. It was simply shameless.

Therefore, in the following time, the Black Tortoise almost did its best to help Lu Xiaoran subdue everyone.

Therefore, under the night sky, loud voices sounded from the Primordial Mountain Range from time to time.

"Old friend, open the door. I'm Black Tortoise..."

...

"Old friend, open the door. I'm here to deliver something good to you."

...

"Old friend, open the door. I really only have good intentions. I definitely won't hurt you."

...

"Old friend, open the door. If you don't open the door, don't blame me for being ruthless! I have several Martial Monarch Realm experts here!"

...

"Come, brothers, I'll count to three and we'll pry open the mountain gate. Hey, you guys... I know you were just subdued by Master, but don't stand there foolishly. Go to the back of the mountain and block the gate. Don't let it escape from the back of the mountain."

...

"The Nameless Sect recruits various Martial Monarch Realm, Saint Realm, Supreme Realm, Emperor Realm, and King Realm experts.

"If you have ambitions that you haven't realized, if you have passion that you can't implement, please join our Nameless Sect.

"You don't need to pay any spirit stones, resources, or money... It's absolutely free to join.

"At our sect, you can enjoy the treatment of an emperor after entering. Not only will you be rewarded with divine beast eggs, but you will also receive a large number of Martial Monarch Realm medicinal pills.

“If you’re at the Martial Monarch Realm. As soon as you enter, you will be given a divine beast egg. If you are not a Martial Monarch Realm expert, you can also receive medicinal pills to help you cultivate quickly.

“The Nameless Sect is a sect that specializes in serving powerful demons. Treat yourself and join now!”

...

In this way, after working for nearly half a month, Lu Xiaoran recruited all the nearly twenty Martial Monarch Realm demons in the Primordial Mountain Range.

Of course, that was not all.

This was because every Martial Monarch demon beasts had countless Demon Saint, Demon Venerable, Demon Emperor, and Demon King subordinates.

All in all, these numbers were not inferior to Su Chen’s Hall of Gods at all.

With these demons, Lu Xiaoran could finally heave a sigh of relief.

At this moment, no matter how powerful Su Chen was, he still stood a chance.

During this period of time, the disciples also cultivated diligently and increased their cultivation by a few more realms in the Mountain and River State Painting.

Originally, because Zhuge Ziqiong had absorbed Zhuge Fei’er’s essence, she had already broken through to the Saint Realm. Now, with the help of the Martial Monarch Realm blood extracted from the Martial Monarch Realm Blood Pill and the divine beast egg, she had already advanced to the eighth level of the Saint Realm.

After her cultivation increased to the Martial Monarch Realm, Lu Xiaoran would be able to let her absorb the divine blood essence in the Divine Blood Pill. At that time, her cultivation speed would probably still not be slow.

Li Changsheng and Song Xinian’s cultivation levels were no longer that high.

The two of them were only at the fifth level of the Saint Realm.

After all, the two of them had not absorbed a large amount of essence energy from a Martial Monarch Realm expert. They were still much inferior to Zhuge Ziqiong.

Fang Tianyuan was not bad either. He had broken through to the first level of the Saint Realm.

Ji Wuxia was currently at the seventh level of the Emperor Realm.

Lige...

Every time he saw Lige’s cultivation, Lu Xiaoran always felt as if he was looking at a stock that was constantly balanced. He could barely see the stock price rising.

His heart turned cold.

Fortunately, the cultivation of the other disciples increased very quickly, making Lu Xiaoran's cultivation increase rapidly.

Now, he had already increased from the third level of the Martial Monarch Realm to the fifth level.

For Martial Monarch Realm experts, the difference in every realm level was huge.

Even if the disciples' cultivation increased rapidly, the enhancement to Lu Xiaoran was still far inferior to before.

Lu Xiaoran estimated that after reaching the eighth or ninth level of the Martial Monarch Realm, he might need a few more disciples with first level Martial Monarch Realm cultivation before he would have a chance to advance by another realm level.

However, after they advanced to the Martial Monarch Realm and could withstand the energy intensity of the Divine Blood Pill, they could also begin to eat medicinal pills like the Divine Blood Pill.

In this way, he would probably be able to increase his cultivation even more.

Steady!

At this moment, Wang Cai also woke up.

#### **Chapter 248: Don't Talk to Me About Money. I'm Not Interested in Money**

**Translator: Atlas Studios Editor: Atlas Studios**

"Master, did you miss me?"

When Wang Cai's voice sounded, only the heavens knew how happy Lu Xiaoran was.

He did not have to use his hack, but it was at least safer when it was available.

"Come out."

"Alright, Master."

A golden light flashed, and a petite figure quietly appeared on Lu Xiaoran's bed.

It lay on the side of the mountain.

Wang Cai, who had advanced again, had already changed from a little loli to a young and beautiful girl around twelve or thirteen years old.

She had a pure face, fair skin, jade-like arms, and a willow-like waist.

However... some places seemed to be illogical!

"How is it? Master, is my new image alright?"

Lu Xiaoran looked at Wang Cai, who was lying on the bed and wagging his tail crazily. He was silent for a moment.

"Unbind me."

Wang Cai: “???”

“Womanly charm comes in a man’s way of getting stronger. I can’t be influenced by that.”

Wang Cai coughed lightly and immediately transformed into a puppy. He did not look young anymore and was about six to seven months old. He was almost about to become an adult dog.

“Will Master still be influenced in this state?”

“You look much more pleasing to the eye this way. Don’t become a woman again in the future. You know, I don’t want my weakness to be challenged.”

“Understood.”

“Give me the gift bags for my disciples’ advancement.”

“Alright, the gift bags are being generated. Please accept them, Master.”

After receiving dozens of gift bags, Lu Xiaoran immediately began to open them.

Before opening the gift bag, he would eat a few roasted Golden Luck Dragons first.

Lu Xiaoran realized that if he ate the roasted Golden Luck Dragons, his luck would be very good.

It was just like how some men liked to take two pills to increase their strength before doing anything.

After eating the Golden Luck Dragons, Lu Xiaoran began to open the gift bags.

Divine Beast Egg x521.

“That’s right. The first small gift bag gave me so many divine beast eggs. Looks like there will probably be many good things in the gift bags this time.”

Lu Xiaoran smiled and opened the second gift bag.

Divine Dao True Intent x521.

This was also not bad. The Divine Dao True Intent could allow him to have more God Realm cultivation techniques.

Then, there was the third small gift bag.

Divine Dao Spirit Stone x521.

Lu Xiaoran could not help but frown slightly.

There was no need for there to be 521 of everything, right?

Damn, could it be that the dog was hinting at something?

At this moment, Lu Xiaoran was vaguely speechless.

“Wang Cai.”

“Coming, coming, Master, I’m here.”

“I want to treat you to a meal tomorrow. Do you have time?”

“Sure, sure. I have time. What do you want to eat, Master?”

“Crispy dog meat. It’s very good. After it turns golden in the frying oil, even the sect master next door will be craving it.”

Wang Cai :”...”

“I understand, Master. I’ll go and rest.”

“Yes, good child.”

Lu Xiaoran continued to open his small gift bags.

Top-grade Martial Monarch Realm gift box x1111.

High-grade divine weapon gift box x11.

Divine Beast Egg x1111.

God Blood Pill x1111.

Top-grade spirit stones x1111111.

...

Lu Xiaoran smiled knowingly. With so many ones, these numbers looked much more pleasing to the eye.

Next was to cultivate the Supreme Profound Dipper and the Six Paths of Reincarnation.

Lu Xiaoran had always coveted these two God Realm cultivation techniques.

One could control space within a certain range.

The other could control time.

When the two were combined, their might was extraordinary in battle.

It could be considered a new life-saving method for him.

In this way, in the future, if they fought an emergency battle or if they fought on enemy ground, they could make up for their lost combat strength from the lack of array formations.

It was rather perfect.

...

On the other side, 60,000 kilometers away from the Imperial City of the Great Qin Empire, the main camp of the Hall of Gods was stationed.

The size of the camp was extremely huge, not inferior to three huge first-level cities at all.

To cultivators, building a city was simply a small matter.

Even if each of them threw a huge rock, thousands of people could still throw more than ten thousand huge rocks. Moreover, the sizes of these huge rocks were even comparable to basketball courts.

It was naturally easy for the experts of the Hall of Gods to set up array formations.

At this moment, Su Chen was sitting on his top-grade Martial Monarch Realm weapon, the Steel Emperor Throne. He crossed his legs and looked in the direction of the Great Qin Empire.

Beside him, beautiful Holy Maiden servants with good figures surrounded him. Some were massaging his legs, some were massaging his feet, and some were fanning him.

Su Chen was inexplicably obsessed with women. Perhaps because he had been dumped by a woman before, he had some problems. Even when he wanted to eat, he still needed a Holy Maiden to feed the food to him with her small mouth.

The current him could be said to be extravagant to the extreme.

“How far are we from the Great Qin Imperial City?”

“Hall Master, there’s still 60,000 kilometers left. We’ll arrive tomorrow.”

Su Yang swallowed a spirit energy fruit and the corner of his mouth curled up.

“Looks like we can end this boring war tomorrow. Remember, don’t let that Great Zhou Emperor Ji Wushang off. I want to personally scrape him and use his flesh and bones to feed my green wolf demon beast.”

“Yes.”

The subordinate paused and immediately said, “Hall Master, aren’t you being a little too ostentatious? I heard that some of your subordinates are already somewhat dissatisfied with you.”

“Hehehehe... Old Liu, if you had endless spirit stones and Martial Monarch Realm weapons like me, you would probably be even more arrogant than me.”

Old Liu smiled bitterly and nodded.

That’s right. If he could have so many endless spirit stones at the age of 20 or 30, he might really be even more arrogant than Su Yang.

Everyone was like this. When they surpassed a certain limit, it would be difficult for them to control their hearts.

However, he quickly continued, “But what about those dissatisfied cultivators?”

Su Chen’s expression was calm.

“Dissatisfied? If anyone dares to be dissatisfied, just kill them.”

Old Liu’s heart trembled.

Since Su Chen was so crazy, there were definitely many people who had ill intentions behind his back. Moreover, these people had originally become Su Chen's subordinates for the sake of money. How could they be respectful to him?

It was also very normal for them to have other thoughts.

However, Su Chen did not care.

After all, the Ultimate Big Boss System naturally had this covered.

Could it be that the system would allow him to nurture a group of wolves to stab him in the back?

Of course not.

Every subordinate who was subdued by Su Chen would sign a contract.

Of course, in the eyes of his subordinates, they all felt that they were protected and not be harmed by him since they were not being controlled via blood essence or soul

However, their thoughts were simply too simple.

As long as one signed the contract, they would be recorded into the system.

What these people did not know was that as long as Su Chen wanted to, he could kill them at any time.

Rebellion?

That was simply a dream.

At this moment, a group of prisoners of war were pressed down.

The leader of these prisoners was an extremely beautiful woman.

The moment he saw her, Su Chen's pants twitched.

The two Holy Maidens who were massaging his legs and feet were shocked and thought that they had done too much.

However, when they saw what was happening, they lowered their heads with red faces.

Su Chen's subordinates below had already begun to report.

"Hall Master, these are the elites of the Great Qin Empire's first-rate sect, the Glazed Tile Palace. Among them is the sect master of the Glazed Tile Palace, Shangguan Liuli."

"There are also the other elders, Zhuge Xiong, Wang Cheng, Liu Neng, and Hu Shengyun. "

Su Chen swept his gaze over everyone with interest and finally returned his gaze to Shangguan Liuli.

"Raise your head."

Shangguan Liuli took a deep breath and finally raised her head. She was neither servile nor overbearing as she stared into Su Chen's eyes.

“Kill me.”

After saying these words indifferently, coupled with her rather cold and arrogant aura, Su Chen’s eyes kept flickering with green light.

This was a woman who was very worthy of being conquered.

The corner of his mouth curled up slightly.

“It’s a pity to kill such a beautiful woman. Be my woman. You’ll serve me tonight.”

Shangguan Liuli frowned and said coldly, “Stop dreaming. Just kill me directly.”

The few elders of the Glazed Tile Palace also sneered, especially Wang Cheng. He directly mocked on the spot.

“Su, why don’t you take a look at yourself? Do you really think you deserve to pursue our sect master? Our sect master is at the first level of the Martial Monarch Realm. As a Martial Monarch Realm expert, how could she fancy a loser like you? How laughable.”

Su Chen narrowed his eyes slightly.

This elder called Wang Cheng should be interested in Shangguan Liuli.

For some reason, this scene made him feel as if he had returned to the past.

That day, his woman had also been snatched away like this.

However, later, not only did he make a comeback, but he had also killed the other party until the other party’s soul was gone.

Now, it was his turn to snatch. He seemed to be inexplicably excited.

Interesting.

He was determined to get this woman tonight. No one could stop him.

“It’s not up to you to decide whether I’m worthy of her. She’s the one who really decides.”

After a pause, he continued, “Shangguan Liuli, be my woman. I can give you 50 million top-grade spirit stones every month.”

Shangguan Liuli’s gaze was still firm.

Although 50 million spirit stones was a lot, it was not like she had never seen it before. After all, her Glazed Tile Palace was a top-notch sect of the Great Qin Empire.

In fact, she herself was a Martial Monarch Realm expert. How could she care about a mere 50 million top-grade spirit stones?

Moreover, the other party wanted her to sell her dignity for a mere 50 million top-grade spirit stones.

That was definitely impossible.

“Don’t talk to me about money. I’m not interested in money. Stop wasting your energy. Just attack and kill me.”

Wang Cheng also sneered again.

“Did you see that? Su Chen, this is our Glazed Tile Palace’s palace master! A Martial Monarch Realm expert! Your stinky money is useless against her!”

### **Chapter 249: Great Qin Is Dead?**

Su Chen was not angry at all.

He still had that calm smile on his face.

It was as if he was not afraid of Shangguan Liuli’s rejection at all.

Or rather, he was certain that he would be able to get his way with her.

“That’s right. A mere 50 million top-grade spirit stones is indeed not much. To a Martial Monarch Realm expert like you and the sect master of a sect, 50 million is indeed a little too little. How about this? I’ll give you 500 million top-grade spirit stones and... a Martial Monarch Realm armor. How about that?”

Shangguan Liuli’s eyes moved, but she did not say anything.

However, this trace of movement in her eyes did not escape Su Chen’s eyes.

This made a playful smile appear on the corner of Su Chen’s mouth.

As long as the other party’s gaze flicker, it meant that the other party was not far from being obtained by him.

So what if she was reserved?

So what if her status was high?

So what if her cultivation was powerful?

If he could not win the other party over with money, he would use other resources.

In this vast world, there were only a few things that cultivators were attracted to.

There was always a way to make them give in.

Su Chen was not only rich.

Seeing that his sect master still ignored Su Chen, the corner of Wang Cheng’s mouth curled up excitedly.

“Su Chen, you bastard, did you see that? Our sect master definitely doesn’t care about your stinky money or your things. You should give up on your thoughts as soon as possible! Kill us as soon as possible! It will also save you from being ridiculed. Hahahaha...”

Su Chen still ignored him. He could not be bothered to speak to such a small character.

Moreover, as long as Shangguan Liuli agreed to be his woman, he would be able to instantly kill her.

At that time, he would be the happiest.

Therefore, he continued, "Shangguan Liuli, do you want to die with them like this? Don't you think that's a pity? You're so young, only 2,000 years old. According to the age of a Martial Monarch Realm expert, you're at the peak of your youth. It's very likely for you to break through past the Martial Monarch Realm in the future and become a God Realm expert. Are you really willing to die here?"

Shangguan Liuli closed her eyes slightly, but the unwillingness in her eyes also fell into Su Chen's eyes.

Su Chen continued, "Five billion top-grade spirit stones. I'll also throw in a Martial Monarch Realm weapon and an extra Martial Monarch Realm armor. If you're willing, I'll also give you three Martial Monarch Realm pills every month. In addition, I can guarantee that you'll break through at least a realm level in the next three years."

Shangguan Liuli's delicate body trembled almost imperceptibly.

The conditions Su Chen offered were really unbearable for her.

On one hand, it was death and dignity. On the other hand, it was abandonment of dignity. However, afterwards, she could increase her strength and also obtain so many spirit stones, Martial Monarch Realm weapons, and Martial Monarch Realm pills.

Most importantly, if she broke through another realm level in three years, her lifespan would be extended again. Coupled with spirit stones, medicinal pills, and other resources... she might really have a chance to step into the God Realm in the future.

If she died, all her efforts so far would be in vain.

However, if she did not die, her future would be unimaginable.

After ten thousand years, everything would change. Who would remember that she, Shangguan Liuli, was a so-called chaste woman?

What was the point of being a chaste girl?

In the world of martial artists, only by living and becoming stronger could one become famous.

Moreover, Su Chen was so powerful now. Who could guarantee that he would not become a legend in the future?

As the woman of a legend, what was there to be embarrassed about?

Wang Cheng was still mocking him.

"Su Chen, shut your damn mouth. What kind of figure is our sect master? Why would she care about your things? I've already said it. Stop talking nonsense. Give up and kill us as soon as possible."

However, just as he finished speaking, a voice suddenly sounded in his ear.

"I want the spirit stones, Martial Monarch Realm weapons, and Martial Monarch Realm pills right now."

The voice and smile of Wang Cheng immediately disappeared.

He immediately looked at the sect master in disbelief. He looked at this woman who he had always dreamed of chasing after and who he thought might become his wife in the future.

In his heart, she had always been a noble white swan, holy, cold, and inviolable.

However, at this moment, she had actually lowered her proud head to a licentious man for money!

This was simply the greatest blow to him and almost made him completely collapse.

“Sect Master, what are you talking about? Are you crazy? How could you agree to that? No! He’s only a...”

“Shut up.”

Shangguan Liuli berated with a cold expression, “Wang Cheng, what I want to do has nothing to do with you. Please mind your own business. Otherwise, don’t blame me for being rude to you.”

Wang Cheng was completely dumbfounded. He looked at Shangguan Liuli in disbelief, as if he had never known her.

The corner of Su Chen’s mouth curled up slightly. With a flick of his finger, he removed the restriction on Shangguan Liuli’s body. Then, he threw a storage bag at her.

Shangguan Liuli immediately picked up the storage bag. When she swept her divine sense over it and saw the items inside, she could not help but be shocked.

Although she had long heard of Su Chen’s generosity and had just heard Su Chen say the number himself...

However, when she really obtained what she was promised, she could not help but be shocked.

There were too many of them!

The dense spirit stones simply piled up into a huge mountain!

There were also Martial Monarch Realm weapons, Martial Monarch Realm armor, and Martial Monarch Realm pills.

Even a Martial Monarch Realm expert like her could not help but be moved by this.

No wonder so many Martial Monarch Realm experts were willing to be ordered around by him.

With so many good things, what was the use of the so-called dignity of a Martial Monarch Realm expert?

Could dignity be eaten as a medicinal pill?

Or could it be used as a Martial Monarch Realm weapon?

Or could it be exchanged for so many top-grade spirit stones?

“Crawl over.”

Su Chen curled his finger at her.

Shangguan Liuli gritted her teeth. Then, she really knelt down and crawled towards Su Chen like a dog.

It was not because of these five billion top-grade spirit stones, nor was it because of these Martial Monarch Realm weapons and Martial Monarch Realm pills.

She wanted to become Su Chen's woman and win his favor. Then, she would obtain more spirit stones and Martial Monarch Realm pills.

She now had greater ambitions.

Seeing the woman he liked crawl into someone else's arms like a dog, Wang Cheng completely collapsed.

"Shangguan Liuli, you slut! You're a slut! You're a slut! I was blind. I can't believe that I actually liked a slut like you!"

The corner of Su Chen's mouth curled up slightly, and he was extremely happy.

He looked at Wang Cheng who was struggling like an ant, just like his previous useless self.

However, from now on, he will no longer be that person. He was now the master of the Hall of Gods, Su Chen!

An omnipotent god!

"If the other elders are willing to surrender, each of you will get ten million top-grade spirit stones, a Saint Realm weapon, and a Saint Realm armor."

As soon as he said this, the other elders were all moved.

"We're willing!"

"We're willing to surrender."

At this moment, they did not care if they were Supreme Realm experts or Martial Monarch Realm experts!

The sect master, a dignified Martial Monarch Realm expert, had already knelt like a dog. What reason did they have to not kneel?

Moreover, the sect master still had to sacrifice her body. They did not even need to sacrifice themselves. Only a fool would not surrender.

Wang Cheng's eyes were scarlet red like blood.

"You spineless bastards, get up. Get up! Do you still have any backbone? Are you still human?"

As soon as he finished speaking, Su Chen directly slashed him into two.

"Shut up!"

Su Chen's experience with Song Xinina had taught him that if he encountered such a small ant again, he would directly kill the other party!

It saved him the trouble of finding trouble later.

At this moment, Shangguan Liuli had already crawled to Su Chen's feet.

Su Chen lifted her chin and met her exquisite and beautiful face. Then, he pulled her into his arms.

"Old Liu, announce that when the sun rises tomorrow, I want the Great Qin Imperial City to change its surname to Su!"

"Yes!"

Then, Su Chen picked up Shangguan Liuli and directly entered the back of the hall.

...

In the Nameless Sect, Lu Xiaoran was crazily increasing his strength.

He had finished cultivating the Supreme Profound Dipper and the Six Paths of Reincarnation. Moreover, he had fused them all into his Trinity True Eyes.

This was because the Trinity True Eyes could allow him to unleash his skills instantly. In this way, it could avoid giving the enemy extra time to defend. This also prevented the possibility of the move being countered.

Although he had these very magical skills, he could not guarantee that the other party did not have some abnormal super skills.

It was better to be careful.

Other than that, he also opened Martial Monarch Realm weapons and gift boxes. After that, he also increased his cultivation techniques and equipment.

Moreover, he also helped his demon pet big shots he had just subdued increase their cultivation.

In short, he was extremely busy and worked hard every moment.

He did everything he could for survival!

In this way, after working for fifteen days in the Mountain and River State Painting, Lu Xiaoran came out.

At this moment, his cultivation was already at the sixth level of the Martial Monarch Realm.

The cultivation of the demon pets under him was also not weak.

There were originally 20 Martial Monarch Realm experts. Later, a few more had eaten the divine beast eggs and advanced to the Martial Monarch Realm. Now, there were a total of 28.

Among them, there was 1 fifth level Martial Monarch Realm expert, 3 fourth level Martial Monarch Realm experts, 6 third level Martial Monarch Realm experts, 8 second level Martial Monarch Realm experts, and 10 first level Martial Monarch Realm experts.

The number was rather impressive.

Other than that, there were also more than 100 Saint Realm experts, including his three disciples, Xinian, Changsheng, and Zi Qiong.

There was no need to mention Supreme Realm or Emperor Realm experts. In this battle, their strength was already at the bottom.

It could not be decisive.

Overall, it was still comparable to the Hall of Gods.

Of course, it would be even better if he could develop for a while more.

However, at this moment, Ji Wushang sent a message.

The flag of the Hall of Gods had already been raised in the Great Qin Empire's Imperial City.

### **Chapter 250: Look at This Idiot**

"What? The Great Qin Empire lost?"

When he heard this news, Lu Xiaoran was instantly dumbfounded.

The Great Qin Empire had lost so quickly?

How long had it been?

That was a freaking empire!

Were these hot shots all so shameless?

At this moment, Lu Xiaoran felt bad.

In fact, it was very reasonable for Su Chen to destroy the Great Qin Empire so quickly.

This was because he was constantly absorbing new experts in battle.

The more experts he absorbed, the stronger he would be. On the other hand, he would also further weaken the combat strength of the Great Qin Empire.

Therefore, this outcome caused the Great Qin Empire to be destroyed faster.

Moreover, what was even more unexpected was that the emperor of the Great Qin Empire had actually lost.

However, thinking about it carefully, it was understandable.

After all, he was the emperor of the Great Qin Empire. Compared to someone like Su Chen who had the protagonist template, he was basically a super bad villain. It was only natural for him to die.

However, this was really not good news for Lu Xiaoran.

This was because Lu Xiaoran did not have as many people as Su Chen did.

The Hall of Gods had absorbed countless Martial Monarch Realm experts from the Great Qin Empire. There were at least dozens of them.

This was even when all the other factors were not considered. Moreover, the other party had both Martial Monarch Realm weapons and armor.

Other than that, the other party also had a huge number of spirit stones that he could not use up!

Su Chen's manpower, combat strength, wealth, and other aspects completely suppressed him.

Therefore, he could only choose to take the high-end path.

This was also why he had chosen to go to the Primordial Mountain Range and find so many demon beast subordinates to nurture with the divine beast egg to increase their strength.

Lu Xiaoran's idea was very simple. He would first nurture a certain number of experts and crush the other party in terms of number. Then, he would head to the Great Qin Empire and directly kill all the experts of the Hall of Gods, including Su Chen.

He would completely destroy the Hall of Gods.

Of course, there was a problem with this plan now.

This was because after Su Chen conquered the Great Qin Empire, it was very easy for him to cross the Primordial Mountain Range.

Previously, he had been rejected by Ji Wushang. Later, it was also Ji Wushang who complained.

As a protagonist, he definitely had to kill Ji Wushang.

Moreover, it probably wouldn't take long.

Of course, it would not be today or tomorrow.

These hot shots all had a common problem. They were all especially rash and would never tire.

Ordinary protagonists might have relatively stable and normal personalities, such as Li Liushui.

However, Su Chen was definitely not like that. He was a tycoon hot shot that would directly show off endlessly after becoming rich.

People like him actually had an extremely low self-esteem.

As the saying went, the less impressive a person was, the more they tried to show off.

Since he had already defeated the Great Qin Empire, he had to at least become an emperor.

After a few days, in order to increase his prestige, he would no doubt directly attack the Great Zhou.

Lu Xiaoran could not watch them destroy the Great Zhou and the Heaven Demon Sect, right?

Was he supposed to watch so many brothers and friends die in vain?

Was he supposed to hide for a few years before coming back to take revenge?

If he did that, he would probably develop mental demons.

Just as Lu Xiaoran was having a headache, Wang Cai's voice suddenly sounded.

Ding... detected a new disciple to recruit. '

Lu Xiaoran raised his eyebrows.

The other party was a tycoon. How could he turn the tables just by recruiting a new disciple?

How ridiculous!

However, forget it. He didn't have any good solutions anyway. He would take a look first.

Thinking of this, Lu Xiaoran immediately said, "Show me his information."

"Alright, information is being generated."

Soon, a screen lit up in Lu Xiaoran's mind with the other party's information.

Jun Bujian, the Holy Son of the Jun family, one of the ten top-notch families in the Eternal Forest.

First level Martial Monarch Realm.

Since ancient times, those with great talent were always the successor of the Jun family.

"Damn, his background is quite big. As the Holy Son of the Eternal Forest, his status is probably much higher than Song Xinian. After all, Song Xinian is only the Holy Son of the Great Qin Empire's Vast Heaven Sect. However, he's directly from the Eternal Forest, the strongest existence in this world."

After a pause, Lu Xiaoran said, "Wang Cai, release Soul Guidance."

"Sorry, Master. I'm unable to use Soul Guidance on him at the moment."

"Understood. Tell me, is he crippled or dead? His soul is probably about to dissipate, right?"

"No, he's fine now. He's still the Holy Son of the Jun family that the Jun family's elders think highly of. Moreover, his luck is not bad. If it increases a little more, he can be considered a hot shot. It's also because he has luck protecting his body that he can resist skills like Soul Guidance."

Lu Xiaoran : " ... "

"Wang Cai, be a human. Could it be that you want me to take in a guy with an extraordinary status, strength, and talent who is at the peak of his life as my disciple?"

"However, this current disciple will be of sufficient help to Master in the Great Qin Battle. The Jun family behind him is powerful enough to destroy the Great Qin Empire."

"Of course, it is already not bad if Master succeeds in subduing Jun Bujian before Su Chen deals with the Great Zhou. It is probably impossible for Master to take advantage of the Jun family.

"However, even so, Jun Bujian still has several Martial Monarch Realm experts with him.

They are also enough to increase a portion of Master's strength. "

Hearing Wang Cai say this, Lu Xiaoran continued, "Then what is he doing now?"

"He's chasing after his hot shot."

Lu Xiaoran : " ... "

"Damn, ever since I started taking in disciples, I've never had a disciple who hasn't been beaten up. Now, look, this guy is actually suppressing the hot shots. Are you joking with me? Is he the protagonist or is the hot shot he's fighting the protagonist?"

Thinking of this, Lu Xiaoran continued to open the message and began to take a look.

Han Zhen was at the first level of the Martial Monarch Realm and was born to be extremely cautious. He was naturally cowardly.

If he could beat the other party, he would silence them. If he could not, he would run. He never cared about his pride and only wanted to become stronger.

Lu Xiaoran : " ... "

Damn, he was actually an ignoble protagonist!

He knew that Jun Bujian's enemy was definitely not simple.

Although this Han Zhen was only at the first level of the Martial Monarch Realm, he probably had many tricks up his sleeve.

It was estimated that no matter how powerful Jun Byhuan was, he would still be unable to kill Han Zhen. On the other hand, Han Zhen would develop steadily as he lived ignobly. When Han Zhen could kill Jun Bujian, it would be the death of Jun Bujian.

At that time, no matter how powerful Jun Bujian was, he would not be able to resist Han Zhen's attack.

Alright, in order to deal with Su Chen's Hall of Gods, he indeed needed more people.

"Where is Jun Bujian now?"

"Master, don't you see that Jun Bujian is leading people to pursue Han Zhen? He's currently by the sea at the eastern border of the Great Zhou."

"Send me the coordinates."

"Alright, I'll send the coordinates to Master here."

After obtaining the coordinates, Lu Xiaoran directly used the Heaven-Breaking Shuttle and flew towards the eastern border of the Great Zhou.

...

At the same time, in the Great Zhou's eastern border, several figures were chasing after something in the forest.

"Chase after him! All of you! No matter what, you have to catch up to Han Zhen and kill him. Let him know the consequences of offending my Eternal Forest's Jun family."

Jun Bujian was roaring.

This time, he was really furious.

They had chased for tens of billions of kilometers from the Eternal Forest!

Tens of billions of kilometers!

They had been chasing after the other party for a few months!

He had chased them from his home to a remote place like the Great Zhou Empire, but he still did not capture that damn first level Martial Monarch Realm small fry.

The most hateful thing was that during this period of time, two of the top experts and Martial Monarch Realm experts he had brought out had actually been killed by the other party.

He had never encountered such a shameless person in his life!

As soon as he finished speaking, another violent explosion sounded in front of him. A huge smoke rose from the ground, and the shock wave made the few Martial Monarch Realm experts of the Jun family suddenly block in front of Jun Bujian.

"Protect the Holy Son! Quick!"

Before the aftershock of the explosion dissipated, Jun Bujian pushed his subordinate away.

"Get lost! I'm not trash. Why would I need your protection?"

Soon, a figure flew back and said with a solemn expression,

"Holy Son, Fifth Brother is also injured. We can't take it anymore. If this continues, we'll probably lose even more brothers. Let's retreat."

"That's right. Holy Son, it's not too late to retreat and stop the losses in time. Otherwise, our Jun family will suffer a huge loss, especially since you're involved."

"Damn it!"

Jun Bujian was so furious that he almost collapsed.

"Could it be that I, the dignified holy son of the Jun family, need to let a nameless junior escape from under my nose? I refuse to accept this!"

"Holy Son, calm down. We're useless, but we really have no choice. This Han Zhen is simply too good at running. His name shouldn't be Han Zhen. His name should be Han Escape."

“The key is that not only does he know how to escape, but he can also set up powerful traps one after another as he escapes. He also has array formations, poisons, and even despicable tricks to lure people into the nests of Martial Monarch Realm demon beasts! We can’t do anything at all.”

“I don’t care. I have to kill him! I have to kill him!”

Jun Bujian’s eyes turned blood red.

Clearly, he had already lost his mind from anger.

Not far away, Lu Xiaoran, who had just arrived and was observing in the void, could not help but shake his head.

This disciple seemed to be a little crazy!

He could not catch the other party and had even been schemed against. If this continued, he might even lose his life to increase the other party’s experience.

However, despite this, he actually did not give up and continued to pursue.
