

## **AN EXPERT 271**

### **Chapter 271: Challenging the Divine Rules**

Before this saber beam landed, its aura had already suppressed the strength of dozens of Martial Monarch Realm experts.

It was as if only the aura of the saber beam was left in the world. All the other auras had disappeared!

The spatial barrier shattered one after another. The saber beam was about to envelop all of Lu Xiaoran's demons in an invincible manner.

At the critical moment, Lu Xiaoran stepped forward and caused ripples to appear in the void. At the same time, the Battle God Art in his body circulated crazily. With the help of the Supreme Profound Dipper and the Great Dao Reincarnation, he reduced the other party's attack speed and increased his own attack speed.

Then, with the Kunlun Sword in hand, he swept it horizontally, releasing a sword beam more than 100,000 feet long.

Boom!

The moment the sword beam appeared, it directly collided with the saber beam.

The moment the two collided, the small hill was directly torn apart and exploded into ashes.

The point of contact between the saber and the sword tore apart space.

Seeing that the spatial rift was constantly spreading, Lu Xiaoran did not waste much time. He used the Mountain and River State Painting to directly put Li Changsheng and the other Martial Monarch demon beasts into the Mountain and River State Painting.

Li Qingfeng's demon beasts were not so lucky.

Sensing the strength of this force, they were extremely frightened and turned around to escape.

Unfortunately, the strength and speed of the shock wave far exceeded them.

The shock wave spread over and instantly swallowed several Martial Monarch demon beasts, shattering them into pieces.

Lu Xiaoran narrowed his eyes slightly.

This Li Qingfeng's strength was rather strange.

His true cultivation level was not even at the Martial Monarch Realm. Or rather, he did not have any cultivation at all. He should only be a mortal.

However, the damage he caused was so real and powerful.

This damage seemed to have been augmented by the rules of the God Realm. As a result, although he was only an ordinary person, he was able to fight evenly with Lu Xiaoran in that exchange.

The power of laws of the God Realm surpassed the power of laws of the mortal realm.

Therefore, the fluctuation produced by the attack was so powerful.

The two were on completely different levels in terms of quality.

Although Lu Xiaoran's attack had not reached the God Realm, he had the Trinity True Eyes and the divine weapon, the Divine Art.

With the three combined, even if one's cultivation was not at the God Realm, it was still enough to resist the power of the God Realm rules.

After this move, Li Qingfeng did not stop at all. He directly crossed space and arrived in front of Lu Xiaoran.

The huge hand tore through the spatial barrier in the void, attempting to directly tear apart Lu Xiaoran's neck.

Lu Xiaoran was not careless at all.

Although he did not know how a mere mortal like Li Qingfeng could use the power of laws of the Divine World so easily, it was basically standard for hot shots to exceed expectations.

After all, it was just a matter of speed.

Without any hesitation, Lu Xiaoran directly slashed out with the Kunlun Sword. Li Qingfeng did not dodge and directly resisted with his large hand. The web between his thumb and index finger directly blocked the Kunlun Sword and emitted lightning power. In an instant, he threw a punch with his left hand.

Lu Xiaoran did not dodge at all and allowed the other party's punch to land on his body.

How powerful was Li Qingfeng's punch that contained the power of laws of the Divine World?

It shattered the space and imprinted itself on Lu Xiaoran's shoulder. In just an instant, it shattered the armor on Lu Xiaoran's body!

Bang bang bang...

The two Martial Monarch Realm armors exploded one after another and could not even resist for a second.

However!

When Li Qingfeng's Divine World power of laws smashed into Lu Xiaoran's third armor, it was suddenly blocked by a powerful force.

"Hmm?"

Li Qingfeng's pupils constricted as if he had thought of something.

"Divine armor?"

Only divine armor could resist divine power.

Otherwise, his fist would definitely be able to destroy Lu Xiaoran's armor.

"Damn it!"

Li Qingfeng could not help but spit.

At this moment, he had a new understanding of Lu Xiaoran's strength!

Almost at the same time, Lu Xiaoran directly activated the Mountain and River State Painting and threw it behind Li Qingfeng, releasing Li Changsheng and the other Martial Monarch demon beasts.

"Don't let Li Qingfeng's lackeys off."

"Yes!"

Hearing Lu Xiaoran's voice, everyone almost instantly transformed into lightning and rushed towards the various Martial Monarch demon beasts.

One had to eliminate the roots to prevent the other party from rising again.

This was one of the extremely important sect rules of the Nameless Sect. It could even be ranked in the top three rules.

"It's been a trillion years. I, Patriarch East Demon, have returned. Li Qingfeng, this time, you will definitely die!"

Jiang Taixuan, who had just come out of the Mountain and River State Painting, immediately said according to the words Yun Lige and the others had taught him.

Hearing that 1 trillion years, the muscles on Li Changsheng and Song Xinian's faces could not help but twitch fiercely. They gave Jiang Taixuan a thumbs up in unison.

"Old Jiang, you're a ruthless person!"

"Old Jiang, are you trying to end Li Qingfeng's bloodline?"

Jiang Taixuan's old face could not help but turn slightly red.

"You're too kind."

Actually, he did not understand what this meant at all.

In any case, his senior brothers and sisters said it was fine to come with any big number.

As for whether it was exaggerated or not, he could not be bothered.

In any case, it was only a small matter.

Fang Tianyuan swept past the three of them and immediately said, "Stop talking nonsense. Quickly save Seventh Junior Brother."

"That's right."

Thinking of this, Song Xinian used the Great Void Chaos Steps and teleported to Jun Bujian's side.

After his disciples' cultivation strength increased and had long surpassed the Martial Monarch Realm, Lu Xiaoran no longer hid anything and directly imparted top-notch movement techniques like the Great Void Chaos Steps.

"Sixth Senior Brother."

Jun Bujian shouted excitedly. The moment he saw his senior brother from the Nameless Sect, he felt inexplicably at ease.

Song Xinian nodded.

"Don't be anxious. I'll save you now."

As soon as he finished speaking, Song Xinian took a deep breath and suddenly raised his hand to slash.

With the enhancement of the Saber Soul, a powerful force directly slashed at the chains that bound Jun Bujian.

However, although the saber beam was powerful, it only left a faint saber mark on the chain.

The huge rebound impact only made Song Xinian's figure retreat repeatedly. Every step left heavy footprints in the void, cracking the void barrier.

It made him retreat more than ten steps before stopping.

"How powerful!"

Song Xinian could not help but exclaim.

He was currently at the Martial Monarch Realm and had a Martial Monarch Realm weapon. However, he was actually unable to break through this chain?

Patriarch Jun could not help but say, "It's useless. This chain is no different from a divine weapon. It's already two dimensions above an Martial Monarch Realm weapon. You can't break it."

Everything Li Qingfeng created was at the God Realm. The power of laws inside had long surpassed this world.

This was also why he could instantly kill so many top-notch experts when he was not even at the Body Refining Realm.

His existence had already surpassed the dimension of this world and surpassed this world.

Although Song Xinian was powerful, Song Xinian's cultivation technique and weapon were both at the Martial Monarch Realm. No matter how powerful he was, even if he could fight those at a higher level, it would be useless as long as he was unable to attack the power of laws of the Divine World.

Even if he had a divine soul, the function of a divine soul was only to increase his combat strength and not change the laws.

The stronger Song Xinnian was, the stronger the divine soul would be.

If Song Xinian could reach the God Realm, or if he was a hot shot, he could still use divine weapons or the power of laws of the Divine World to attack like Lu Xiaoran and Li Qingfeng. The enhancement of the Saber Soul would also become stronger.

Unfortunately, he was neither a hot shot nor Lu Xiaoran. Without anyone to protect him, he was unable to use these powers that surpassed the laws of this world.

At this moment, Li Changsheng had already caught up.

Seeing this scene, he immediately said with a solemn expression,

“Although this contains the power of laws of the Divine World, we don’t have to be too desperate. Senior Brother Song, did you see that? You’ve already slashed a small dent on this chain. Although it’s not much, it’s still there. As long as we work together, it’s enough to break the chain and save Junior Brother.”

“Alright!”

After the two of them confirmed the direction, one circulated the Saber Soul and the other circulated the Sword Soul. They took turns to attack and combined the saber and sword. Each of them attacked with a killing move and slashed the chains until sparks flew.

The saber beam and sword beam interweaved incessantly, and the spatial barrier was being slashed at again and again!

Fortunately, the chain was indeed being slashed open bit by bit.

However, the two of them were shocked by the rebound of the chains until their blood surged. Their bones, muscles, and even their internal organs began to crack slightly.

A trace of blood seeped out of the corners of their mouths.

Jun Bujian was shocked and touched.

“Senior Brothers, stop quickly. The rebound of a divine weapon is really too powerful. Even you won’t be able to withstand it.”

“Don’t worry, I’m here.”

Zhuge Ziqiong stepped in the void and formed a seal with her hands, directly using the Azure Thearch Longevity Art.

The Azure Thearch phantom flashed behind Zhuge Ziqiong. An emerald green light directly shone on the two of them and instantly healed their injuries.

The two of them regained their spirits and looked at each other before attacking again.

Boom!

Boom!

Sparks shot everywhere, and lightning bolts constantly erupted as the two of them slashed.

Finally, when their Martial Monarch Realm weapons had started to disform, the chain finally shattered.

At this moment, the two Martial Monarch Realm weapons had also completely shattered and become trash.

Even so, this was already a rather impressive result.

They had challenged the laws of the Divine World by using mortal weapons to sever a Divine World weapon.

This was a provocation to the gods!

Perhaps because of this, when the two of them completely severed the chains, a violent lightning bolt clearly fell from the sky and landed above their heads.

Without the restriction of the divine weapon chain, the spirit energy in Jun Bujian's body began to explode. He immediately shouted and directly shattered the chain.

### **Chapter 272: God Slaying**

"Brothers, let them taste our strength!"

A cold glint flashed in the sect master's eyes. Four fully armed Martial Monarch Realm experts had directly joined the battlefield, greatly increasing the Nameless Sect's combat strength.

Patriarch Jun hurriedly shouted, "No, there's still me! There's still me."

With a wave of his hand, Patriarch Jun was directly swept into a safe area.

"Patriarch, sorry for offending you. I'll have to trouble you to stay for a while. After the battle ends, I'll remove the chains on your body."

At this moment, the battle was urgent. Opening the chains on his body had already wasted a lot of time. It was unknown how long it would take for him to open the chains on the patriarch's body again.

At that time, it would be too late.

Patriarch Jun collapsed from anger.

"You brat, I'm your patriarch."

Unfortunately, Jun Bujian ignored him.

In a decisive battle, there was no hierarchy. There was only victory.

"Senior Brothers and Sisters, let's go!"

The other party circulated his cultivation technique and a high dragon roar sounded from his body. A dragon phantom seemed to have appeared in the surroundings. It was lifelike and had an extraordinary aura as it pounced towards Li Qingfeng's demon beast army.

Patriarch Jun, who was originally furious, suddenly widened his eyes when he saw this.

"This... this... this... could this be the Dragon God Art recorded by the Jun Family's ancestor?"

“This form, this aura, it’s the Dragon God Art. It must be the Dragon God Art! This brat actually learned the Dragon God Art? Where did he learn it from?”

As soon as he finished speaking, Patriarch Jun suddenly trembled. Then, he looked at Lu Xiaoran in disbelief.

Without a doubt, this was definitely taught to him by Lu Xiaoran.

Other than his master, who else could teach him the Dragon God Art?

However, the Dragon God Art was a legendary cultivation technique. Even the ancestor of the Jun family, a true dragon expert, had never learned the Dragon God Art!

How did Lu Xiaoran obtain it?

Who was this Lu Xiaoran?

The battle was still ongoing. When Li Qingfeng saw that the demon beasts he raised had been defeated, his eyes turned cold and he immediately prepared to return to help.

However, the system did not allow him to return to help.

Under the control of the system, Li Qingfeng was forced to attack Lu Xiaoran.

However, the battle between the main and secondary consciousness made Li Qingfeng lose focus for a moment.

Taking advantage of this opportunity, Lu Xiaoran took out the Xuanyuan Sword and slashed at Li Qingfeng’s crotch.

A golden light flashed. Li Qingfeng was forced back a few steps by Lu Xiaoran’s sword. The God Realm power of laws that filled his body also became chaotic because of Lu Xiaoran’s sword.

“Shameless.”

Li Qingfeng spat fiercely. Lu Xiaoran did not care about that and would not hesitate to take advantage of the other party’s weakness.

The Trinity True Eyes was fully activated, and the eternal flames instantly attacked Li Qingfeng’s crotch.

“Bastard!”

Li Qingfeng cursed again and immediately used the power of laws to extinguish the flames on his pants.

In the next second, he was shocked.

“Why can’t this flame be extinguished?”

It had to be known that the power of laws he used was not the power of laws of this low-level world. Instead, it was the power of laws from the Divine World. It was not just a little stronger.

However, even so, he was unable to extinguish the flames.

A panic instantly began to envelop Li Qingfeng's heart.

"System, quickly put it out!"

"What's there to panic about? This flame also contains the power of laws of the Divine World. His eyes are in the True God Realm and are a pair of treasures. After killing him, I'll take his eyes off and give them to you."

"Damn it."

Li Qingfeng cursed in a low voice and cooperated more with the system to fight Lu Xiaoran.

The two of them fought in a crushing manner and instantly pierced through the spatial barrier. Moreover, the cut in the spatial barrier began to spread.

This state was several times stronger than the battle in the Great Zhou Imperial City.

In that big move, when the void was torn apart to a certain extent, it was almost very difficult for it to be torn any further. From the beginning to the end, it would be maintained at a relatively fixed level.

However, now, because their cultivation levels were too powerful, it was very easy for them to open a larger spatial rift with every attack.

In the sky, it was as if a huge mouth had opened, wanting to devour everything.

In every instant, the two of them had already exchanged 7300 blows.

In the void, stars flickered. Every starlight actually represented an exchange between the two of them.

After ten breaths, the two of them separated. There were already a few deep injuries on Li Qingfeng's body that were slowly healing.

Clearly, he was being suppressed by Lu Xiaoran.

The damage caused by battles between experts also healed rather slowly.

This was a relative matter.

Ordinary attacks could not injure experts. However, the damage caused by attacks between experts could not be easily healed in a short period of time.

Li Qingfeng panted heavily, his expression somewhat ugly.

"System, are you sure we can take him down? This bastard Lu Xiaoran... Damn, I can't do anything to him! After 73,000 moves, I can't even break through his defense. He has already slashed me several times!"

"Why don't we retreat first and think of a way to extinguish this flame?"

"Does that mean that you can help me put out this fire?"

"No, but I can at least make the host last 60 breaths."

Li Qingfeng : "..."

He even had the urge to curse.

Previously, he had some doubts as to why this system had suddenly returned to find him. It was definitely not up to any good. However, he did not expect it to trick him like this.

However, he had no choice. If he did not fight Lu Xiaoran, he would die.

He could only risk it.

With a cold gaze, Li Qingfeng attacked again.

However, this time, he was no longer fighting empty-handed. Instead, he held his divine weapon and resisted Lu Xiaoran.

With the enhancement of the divine weapon, Li Qingfeng's attack was several times stronger.

He was even more ruthless when facing Lu Xiaoran.

Every time he attacked, light spread, causing the spatial barrier of the second dimension to explode layer by layer.

Some powerful and mysterious auras peeked out of the spatial rift. However, when they sensed the battle between the two of them, they immediately retreated in fear.

Explosions constantly sounded in the sky, and the shock wave kept expanding the black hole.

Another twenty breaths later, Li Qingfeng was sent flying by Lu Xiaoran again.

At this moment, the injuries on his body were several times more severe than before!

Blood flowed, and the wounds healed slowly.

Li Qingfeng felt that his consciousness was leaving his body and he was unable to control it.

In this battle, he had been beaten by Lu Xiaoran until he could not even breathe.

Fear and retreat clouded his mind again.

At this moment, he suddenly felt a pressure filled with death and destruction suddenly creep in.

The extremely frightened him immediately looked up and saw Lu Xiaoran holding a long bow and facing him with killing intent.

The killing intent transmitted from the long bow made Li Qingfeng's legs tremble uncontrollably. He was almost dumbfounded.

"This feeling... something's wrong! System, what's that?"

"This is impossible! This is impossible!"

Li Qingfeng's system had clearly also fallen into madness. It was shocked silly by the thing Lu Xiaoran took out at this moment. It trembled and could not even speak properly.

“Then what is it?”

“That’s... a divine artifact!”

“Damn!”

Hearing this, not only the system, but even Li Qingfeng himself completely collapsed.

It was actually a divine artifact!

That was an extremely respected existence in the Divine World.

It was just like how the Martial Monarch Realm weapons in the lower realm were honorable to martial artists. Divine artifacts were existences that surpassed divine weapons. In the Divine World, they could even be fought over by a group of big shots.

And now, such a noble divine artifact was actually in the hands of a mortal from the lower realm.

Was there any justice in this world?

Was there still any law?

“Run!”

Almost at this moment, Li Qingfeng himself thought of a countermeasure.

Since he could not beat the other party, he decided to leave first.

However, almost at the same time, Lu Xiaoran’s Trinity True Eyes was instantly opened. The illusion technique invaded Li Qingfeng’s sea of consciousness and instantly made Li Qingfeng lose control of his body.

“It’s over!”

In the next moment, Lu Xiaoran shot out an arrow. A powerful light was like a meteor falling from the night sky as it shot straight into Li Qingfeng’s dantian.

Boom!

Almost in an instant, Lu Xiaoran directly pierced through Li Qingfeng’s dantian, even piercing a huge hole in his soul.

After the sword beam pierced through Li Qingfeng, it pierced tens of thousands of kilometers in the void and finally exploded in a certain void.

However, Li Qingfeng was not dead. He was actually still alive.

“He’s still alive?”

Lu Xiaoran was speechless. The divine artifact had actually failed to kill the other party. Wasn’t the luck of a hot shot a little too powerful?

However, he quickly noticed that it was not that Li Qingfeng was powerful, but that there was actually a silver-white bronze mirror in his dantian.

This bronze mirror had blocked the damage of the Sun Shooting Divine Bow for him and helped him avoid the explosion of the Sun Shooting Divine Bow arrow, allowing the arrow to pass through his body.

However, the bronze mirror was only a divine weapon after all. It helped Li Qingfeng block more than ten percent of the damage and avoided the explosion of the arrow, but it still could not completely block it. The remaining ten percent of the damage still severely injured him.

After understanding the reason, Lu Xiaoran placed his hand on the Sun Shooting Divine Bow again.

This time, with the additional True Intent Unravel, he wanted to see how Li Qingfeng planned to dodging this time!

Sensing that danger was completely approaching, Li Qingfeng went completely crazy.

“System! Retreat! Quickly retreat! Damn it, I told you to retreat!”

His mentality had already completely collapsed.

However, the system did not respond. Instead, he suddenly felt that the energy in his body was gathering.

Li Qingfeng’s heart paused as he vaguely had a bad feeling.

“System, what are you doing?”

**Chapter 273: Perfected Tenth Level Martial Monarch Realm Expert, Senior Lu, Please Take Me In**

“Sorry, host. The order I received was to kill Lu Xiaoran. If I can’t kill Lu Xiaoran, I have to self-destruct and cause some damage to Lu Xiaoran.”

Therefore, let’s self-destruct together. ”

Li Qingfeng: “???”

Self-destruct?

What a joke!

And what were these orders? Whose orders?

This damn system had an ulterior motive all along.

He knew it. How could such a dog-like system be so kind as to bind him a second time?

At this moment, Li Qingfeng felt like a fool who had been taken advantage of.

Moreover, he even had to die after being used.

“Damn you! If you want to self-destruct, self-destruct yourself. I won’t let you off even if I die!”

Since he was going to die anyway, Li Qingfeng would rather be beaten to death by Lu Xiaoran than let this damn system take advantage of him.

He attempted to release the God Realm power of laws around his body and let the eternal flames quickly spread, burning him to ashes.

One of the things the system needed for him to self-destruct was his blood essence.

If he was burned and extinguished by the flames, he would no longer be able to self-destruct.

Unfortunately, the system was not prepared to give him this chance.

“Sorry, host. Previously, I asked you to activate all the permissions for me, including the permissions to forcefully self-destruct your body. The current you is simply unable to resist my control. Accept your fate.”

“I’ll kill your mother! Lu Xiaoran, quickly kill me. Quick! It’ll be too late if you delay any longer.”

At the critical moment, Li Qingfeng even began to seek the help of his enemy, Lu Xiaoran, to give him a quick death.

In that case, he would not have to die such an aggrieved death.

Secondly, he would more or less had a chance to reincarnate.

Once he self-destructed, he would be completely finished. From his body to his soul, he would no longer exist!

All of this struggle was formed in an instant.

When Li Qingfeng shouted this, Lu Xiaoran narrowed his eyes and immediately realized something. Without any hesitation, he immediately shot out the arrow that had just been nocked on the Sun Shooting Divine Bow.

Almost in an instant, Lu Xiaoran immediately summoned the Phoenix Perching Parasol Mark and used it to resist in front of him. Then, he put on the divine armor. He wore a total of ten layers and opened all the defensive barriers.

Then, he used the Indestructible Golden Body with all his strength to form a golden giant phantom that completely enveloped him.

As soon as he did this, Li Qingfeng directly exploded.

“Damn you, system! Damn your ancestors!”

In an instant, the dark void was enveloped by a pure white and extremely dazzling light.

This light was too powerful and even tore apart the void barrier of the second dimension. Some of the living beings that wandered in the void were mercilessly destroyed on the spot.

This light continued to spread for more than ten breaths.

Even the powerful Martial Monarch Realm experts on the ground were unable to move at this moment. They had no choice but to close their eyes and circulate the spirit energy in their bodies with all their strength to resist the shock wave from the explosion.

After an unknown period of time, the light finally disappeared without a trace.

Everyone hurriedly looked into the sky and were immediately shocked.

Two entire layers of void barriers exploded in the sky.

It looked like layer after layer of rose petals, but it was a little dark. The faults were not uniform and were somewhat wrinkled.

It was very difficult to imagine that this was a void black hole that had just exploded.

It had only exploded once, but it had already become like this. If it happened a few more times, it was unknown how dark it would become.

In the void of the second dimension, some mysterious wandering creatures were directly blasted into ashes.

However, because no one continued to fight, no energy continued to fill, vibrate, and stir.

Therefore, the spatial barrier inside also began to gradually heal.

According to the current progress, it would probably return to its original size in a few minutes.

Soon, everyone suddenly thought of something and hurriedly said,

“By the way, where’s Master? Where’s Master?”

“Could it be... could it be that Master...”

Everyone’s hearts trembled and their eyes immediately turned sour.

Jun Bujian swallowed hard, his expression solemn, and his tone revealing a trace of choking.

“Master, although you just took me in as your disciple not long ago, your voice and smile will always be spread in my heart. You will always be my master.”

Jiang Taixuan also sighed faintly.

“Master, from today onwards, the disciples of the East Demon Sect will all treat you as their ancestor! You can die in peace. Us juniors will make sure to promote the Nameless Sect.”

Unlike everyone’s sadness, the Black Tortoise said excitedly, “Master is dead? That’s great! Master is dead! Hahaha... doesn’t that mean that from today onwards, I’ll be free again? Hahaha... that’s great!”

“Do you really want me to die that badly?”

Just as the Black Tortoise was laughing happily, Lu Xiaoran’s voice suddenly sounded from behind it, scaring it so much that it instantly stopped and did not even dare to fart.

Then, it turned around and said in disbelief, “Master... Master... are you alright? That Li Qingfeng is so powerful. You’re actually fine after he self-destructed?”

Seeing that Lu Xiaoran’s expression was not right, Black Tortoise immediately coughed lightly and said, “Master, you’re really too powerful. I actually guessed long ago that that Li Qingfeng is no match for you at all. I knew that he would definitely be killed by you.”

Lu Xiaoran did not answer it and only said indifferently to the other Martial Monarch demon beasts, "You've all worked hard today. Tonight, I'll cook a pot of turtle soup to nourish your bodies."

The demons immediately cheered excitedly.

"Long live Master! Long live Master!"

"Master is wise. I've long disliked this damn bastard. Now, it's just perfect for it to be turned into soup."

"My back hasn't been too good recently either. This is just perfect. I call dibs on the head of the Black Tortoise. It will nourish my body. Brothers, please don't snatch it from me."

The Black Tortoise was immediately dumbfounded and hurriedly said, "Master, you can't do this! After I die, you'll lose a Martial Monarch demon beast subordinate."

"It's fine. After you die, I can still revive you with the Body Modeling Mark. Don't worry."

As soon as he finished speaking, Lu Xiaoran ignored the Black Tortoise. The other Martial Monarch demon beasts surrounded it with sinister expressions.

"Hey! Brothers, let's talk nicely. Let's not be rash. We're all demons. Give each other face."

"Aiyo! Who's hitting my private part? How can you be so shameless?"

...

Lu Xiaoran walked in front of the disciples and everyone immediately stepped forward.

"Greetings, Master."

Lu Xiaoran nodded and was rather satisfied.

These disciples were not bad, unlike that idiotic Black Tortoise. Although they were also a little idiotic, they still cared about him.

"Master, it's great that you're fine. That battle just now frightened us."

"That's right! Master, you're really too heroic."

Lu Xiaoran raised his eyebrows slightly. Why were these disciples all learning to be bootlickers?

Could it be that they had all been infected by Lige?

If that was the case, he would have to teach that brat a lesson.

However, in fact, although they were also bootlicking Lu Xiaoran, they were actually still somewhat sincere.

Lu Xiaoran's battle today was really shocking enough.

The most top-notch battle in the world would probably be his battle with Li Qingfeng today.

At this moment, Jun Bujian hurriedly pulled his patriarch over.

“Master, my patriarch is still tied with a God Realm weapon-level chain. Can you help him untie it?”

Lu Xiaoran swept his gaze over and Patriarch Jun lowered his head in embarrassment. Lu Xiaoran smiled indifferently and waved his right hand to take out the Kunlun Sword. With a diagonal slash, he instantly removed the chains on the other party’s body.

Patriarch Jun immediately bowed to Lu Xiaoran.

“I, Junior Jun Changming, I didn’t expect to encounter a peerless expert like Senior in this world today. It’s really an eye-opener.”

Lu Xiaoran waved his hand.

“Senior Jun, you’re welcome. In terms of age, I should be the one calling you senior.”

“No, no, no. On the path of martial arts, the accomplished are the masters. Since Senior Lu’s cultivation is so powerful, it’s only natural for me to call you Senior Lu.”

Seeing that the other party was insistent, Lu Xiaoran did not say anything else.

“Alright, since you’re willing to call me that, then it’s up to you.”

“Thank you, Senior Lu. Senior Lu, I have another presumptuous request.”

“Tell me.”

“Actually, I was also very talented when I was young. I wonder if Senior’s sect still has any empty slots for disciples. Can you leave one for me?”

Lu Xiaoran :” ...”

He knew it. This Patriarch Jun was the grand patriarch of the Jun family. How could the other party be willing to lower his own status and call him senior if he wasn’t looking for any benefits?

He was speechless.

Seeing that his master’s expression was somewhat ugly, Jun Bujian immediately pulled Patriarch Jun’s sleeve and said angrily,

“Patriarch, stop embarrassing yourself. How old are you?”

Patriarch Jun flung his sleeve and said, “What’s there to be embarrassed about? Me asking Mr. Lu to be my master is a testament to my dedication to the pursuit of the martial path. Why would I be embarrassed?”

After a pause, he knelt down towards Lu Xiaoran again.

“Senior, I, Jun Changming, am at the tenth level of the Martial Monarch Realm. I want to take you as my master. I wonder if you’re willing? As long as you’re willing, I’ll definitely serve you for the rest of my life.”

Lu Xiaoran could not help but frown.

He did not know if he could accept it.

After Li Qingfeng self-destructed just now, Wang Cai immediately swallowed the other party's luck and absorbed it into his dantian. Now, Wang Cai needed to go and cultivate to advance.

During this period, it would not respond.

Because time was tight, Lu Xiaoran did not even have the time to hear Wang Cai report what he had obtained from killing the hot shot.

However, speaking of which, although the other party could not increase his own cultivation, he was still a perfected tenth level Martial Monarch Realm expert!

He could take the other party in as a disciple of the Nameless Sect and use him as a fighter. Wouldn't that be perfect?

### **Chapter 274: Step by Step**

A perfected tenth level Martial Monarch Realm fighter... Tsk tsk... This deal was definitely profitable.

Thinking of this, Lu Xiaoran finally said, "I personally won't casually take in disciples. If the other party's talent is insufficient, I won't take him in."

Patriarch Jun's eyes revealed a trace of disappointment.

"However, even so, it doesn't mean that you can't enter my sect. How about this? From today onwards, my disciples will have the qualifications to take in disciples. They can take in disciples and teach them the cultivation techniques of the Nameless Sect. If you want a master, you can choose to take them as your master. You can also learn cultivation techniques from them."

By making the other party a disciple of his disciple, not only would it not trouble him, but he could also recruit the other party into the Nameless Sect.

In the end, he was still a tenth level Martial Monarch Realm expert. Such a guy would be useful sooner or later.

Patriarch Jun's eyes immediately lit up.

He was definitely somewhat regretful that he could not take Lu Xiaoran as his master...

However, if he could take Lu Xiaoran's disciple as his master and learn a few moves to replenish the last bit of his martial intent, he would definitely be able to ascend to the Divine World.

In this way, his goal would be achieved.

In order to ascend and become a True God, what did he have to care?

"Alright! Thank you, Senior Lu."

Lu Xiaoran nodded and immediately said, "Everything here has been settled. Everyone, return to the Nameless Sect immediately and prepare to cultivate."

"Yes!"

Everyone replied and flew towards the Nameless Sect in unison.

Patriarch Jun and his grandson flew at the back.

“Patriarch, why do you have to take someone in as your master? You’re our Jun family’s patriarch!”

“What? I’ve worked hard for the Jun family my entire life. Can’t I live for myself for once? Isn’t it just taking in a master? It’s not like I’m looking for a concubine.”

“That’s not true either. However, my master has already said that if you want to take someone in as your master, you can only do it with a first-generation disciple of our Nameless Sect. In that case, wouldn’t you be a generation younger than me? You’re my patriarch! If you do this, won’t you be inferior to me?”

Patriarch Jun said meaningfully, “You silly child. After you reach my level, you’ll understand. The so-called fame and fortune and seniority are nothing but fleeting clouds. Only cultivation is yours.”

The other party’s body immediately trembled.

He did not expect the patriarch to be so obsessed with the path of martial arts that he did not even care about seniority and fame.

This was a martial artist with a firm heart!

However, he actually insisted on stopping his patriarch time and time again. Only now did he realize that he shouldn’t have done this.

After taking a deep breath, he said with a solemn expression, “Patriarch, in that case, acknowledge me as your master! From now on, I’ll be in charge of guiding your cultivation. Don’t worry, with me around, the Nameless Sect definitely won’t let you be bullied.”

Patriarch Jun was silent for a moment before suddenly slapping Jun Bujian on the head.

“Are you trying to take advantage of me? I’m your patriarch. How can I take you as my master? You disrespectful brat, I think you’re itching for a beating.”

Jun Bujian said with an aggrieved expression,

“Patriarch, didn’t you say just now? If you want to pursue martial arts, you don’t care about seniority at all.”

“Just because I don’t care about seniority doesn’t mean you can take advantage of me.”

“However, I’m your descendant. If I were to teach you, I would definitely be more concerned than the others.”

“Huh? Does that mean that if I take someone else as my master, you will not bother to teach me?”

Jun Bujian: “Of course not! Of course I’ll teach you”

Did he dare to say that he would not teach his patriarch? If he did, Patriarch Jun would probably send him a coffin in no time.

However, he really could not understand. If the patriarch acknowledged someone else as his master, wouldn’t he also be considered the patriarch’s uncle-master?

In this way, he had still taken advantage of the patriarch!

He really did not know what the patriarch was thinking.

In fact, the older the wiser. Jun Changming had already decided.

In any case, Jun Bujian had already become Lu Xiaoran's disciple. There was no point for him to be Jun Bujian's disciple.

However, it would be different if he became someone else's disciple.

It was no different from being in an office. It was better for a family to work in a different departments, right?

If anything happened, they could also protect each other. Moreover, they could also prevent themselves from being fired together.

In addition, there was a very important problem.

That was, Jun Changming seriously doubted Jun Bujian's ability.

Of course, Jun Bujian was indeed a genius. He was already the face of the younger generation of the Jun family and was already a fourth level Martial Monarch Realm expert.

However, with such a cultivation, he was definitely nothing in front of the other disciples of Senior Lu.

This was the biggest problem.

What he, Jun Changming, wanted to find was a peerless expert. Even if he could not become Senior Lu's disciple, he still had to become the disciple of Senior Lu's strongest disciple.

Generally speaking, such disciples were mainly the chief disciples of the sect!

Therefore, he, Jun Changming, had to think of a way to become a disciple of the Nameless Sect's Eldest Senior Brother!

With this, Jun Changming felt that he was definitely going to have a bright future. Hahaha...

...

On the other side, in a certain part of the Eternal Forest, Han Zhen was hiding under a big tree. Through the gaps in the leaves, he secretly glanced at the sky.

There, he had set up a spirit energy formation!

This array formation was used to capture a Martial Monarch demon beast in this area.

As long as he could capture it, he could exchange for a large number of resources. At the very least, his cultivation would not be a problem in a short period of time.

Just as he was focused on hunting, the corner of Han Zhen's mouth suddenly curled up.

This was because he discovered that the figure of the Martial Monarch demon beast was approaching.

Soon, a crane with a phoenix phantom arrived on the wind and quickly entered Han Zhen's array formation. It was not guarded at all.

"Alright!"

Han Zhen was overjoyed and directly activated the array formation.

In the next moment, the white crane with the phoenix bloodline was instantly trapped by the array formation.

However, just as Han Zhen was about to attack and capture the immortal crane, the spatial barrier in the sky was suddenly broken by a huge force on the spot.

"Not good!"

Han Zhen's pupils constricted. He was about to attack in advance and capture the immortal crane, but it was already too late.

In less than half a second, the spatial rift directly swallowed the Martial Monarch Realm immortal crane.

At this moment, Han Zhen immediately flew up from below and roared crazily,

"Damn the heavens! Another damn bastard! How shameless! If you have the guts, come out and fight me!"

"What kind of man are you to hide in the background? You're always ruining my plans. Don't let me see you. Otherwise, I'll definitely curse your entire family for eighteen generations."

...

"Hachoo!"

Lu Xiaoran, who had just returned to the Nameless Sect, instantly sneezed with a puzzled expression.

"Which bastard is cursing me behind my back? Is he tired of living?"

However, he quickly shook his head.

Then, he placed his mind into the screen Wang Cai had left behind.

These were all good things Wang Cai had given him when he killed Li Qingfeng.

Firstly, his cultivation had increased by one level. Lu Xiaoran had already increased from the ninth level of the Martial Monarch Realm to the perfected tenth level of the Martial Monarch Realm.

He was just a little bit away from breaking through to the tenth level of the Martial Monarch Realm and becoming a true God Realm expert who stood proudly in the world.

Many people might not be able to break through in their lives...

However, Lu Xiaoran was definitely one of them.

Firstly, his talent was monstrous enough, so it was not a problem at all.

Secondly, he still had his disciples. Even if he only relied on his disciples, he would still successfully break through to this level.

It was just a small matter.

Then, Wang Cai rewarded him with a pile of materials, such as the Divine Dao True Intent. He got a lot of them. They were as cheap as onions and were distributed in bulk.

Of course, they were still good stuff.

Other than that, this was the first time Wang Cai had given Lu Xiaoran so many divine crystals.

They were like the spirit stones of the mortal world. Wang Cai only gave him 100,000 of them.

Lu Xiaoran had to use this thing sparingly.

In the future, who knew if he would need it?

Next were some divine artifact armor.

Lu Xiaoran needed this thing more than anyone else and liked it more.

With this thing, he basically did not have to be afraid even if he encountered an opponent with an attack divine artifact.

At the very least, he had the first layer of protection.

Basically, these were all the things that he had obtained from killing the hot shots this time.

After Lu Xiaoran sorted out the items he had obtained this time, Patriarch Jun walked over with a solemn expression.

“Sect Master, I’ve already thought of a candidate for my master.”

“Oh? Which master do you want to take in?”

Lu Xiaoran could not help but ask curiously.

“Sect Master, I’m willing to take the Nameless Sect’s Eldest Senior Brother, Yun Lige, as my master!”

“Who?”

Lu Xiaoran suddenly raised his voice, and Patriarch Jun was secretly happy.

He couldn’t help but feel that he had made the right choice. After all, even the sect master was frightened by his decision.

“Sect Master, I want the chief disciple of the Nameless Sect, Yun Lige, to be my master.”

“Are you sure?”

“I’m certain.”

“Then... alright.”

Lu Xiaoran looked at Patriarch Jun's extremely serious expression and did not stop him.

Perhaps this Jun Changming had some special interests.

"Thank you, Sect Master. In that case, I'll go and take him as my master."

"Go, go."

"Yes!"

Seeing Patriarch Jun leave happily, Lu Xiaoran was even more speechless.

Patriarch Jun's expression made it seem as if he was afraid that Lige would be snatched away by others if he was late.

...

At the same time, in the Ye family in the Eternal Forest.

"Li Qingshui is indeed dead. Looks like Master was right. He's not Lu Xiaoran's match at all."

"However, Master had long set everything up. Even if Li Qingfeng could not defeat Lu Xiaoran, he would still self-destruct and severely injure Lu Xiaoran. The current Lu Xiaoran is definitely severely injured.

Looks like it's time to carry out the next step of the plan. "

## **Chapter 275**

After obtaining Lu Xiaoran's permission, Patriarch Jun immediately ran to take Yun Lige as his master.

Yun Lige was also dumbfounded.

"You want to take me as your master?"

"Yes, Senior Yun. I've already obtained the sect master's permission. Please take me in as your disciple."

Yun Lige : "..."

At this moment, ten thousand curses raced through his heart.

He had never expected his seventh junior brother's patriarch to actually want to take him as his master!

This was a super expert at the perfected tenth level of the Martial Monarch Realm!

To be honest, in front of the other party, he was no different from a small ant.

He was not even qualified to carry the other party's shoes.

Something was wrong. Something was very wrong.

It was impossible for Master to have made such a low-level mistake!

What kind of figure was their master?

That was a peerless expert!

Even those hot shots who could easily fight those at a higher level were no match for their master.

How could his master make such a simple mistake?

However, the other party was a top-notch tenth level Martial Monarch Realm expert...

Wait, could it be... could it be that Master saw that his cultivation was too weak, so he arranged for a peak-level Martial Monarch Realm expert to be his bodyguard?

At this moment, Yun Lige's eyes immediately turned red.

Yes, that must be the case.

Other than this reason, Yun Lige really could not figure out why his master would let this guy be his disciple.

It turned out that Master had not given up on him.

It turned out that he was still his master's favorite.

Wuwuwu...

Yun Lige felt that his master was simply too good to him and that he couldn't repay his master in this life.

He decided that he would work hard and become Master's strongest helper and live up to his status as the Eldest Senior Brother of the Nameless Sect.

Thinking of this, he accepted Jun Changming with tears in his eyes.

"Alright! From today onwards, you're my disciple!"

Jun Changming immediately knelt.

Yun Lige hurriedly helped him up.

"No need to be so polite, beloved disciple. Get up quickly."

"You just became my disciple today, so I don't have anything to give you. I'll give you a few Martial Monarch Realm weapons first. Here are a few bottles of Martial Monarch Realm pills and divine pills to help you cultivate."

"Oh right, have you eaten the divine beast eggs? I'll give you two. Use them to make boiled eggs and fried eggs. Do whatever you like."

"If you're done eating, tell me at any time. I'll ask your grandmaster for more."

"Hiss ~"

Patriarch Jun could not help but gasp.

Who was he? He was a Martial Monarch Realm expert who had survived from the ancient times ten thousand years ago.

He did not lack Martial Monarch Realm weapons, but it was still quite difficult for him to take out a few at once.

The most precious things were those medicinal pills.

To be honest, a Martial Monarch Realm Pill was already precious enough!

However, his master had even given him a divine pill!

That was a divine pill!

A peerless medicinal pill!

In this world, one could forget about buying such pills.

Most importantly, there was also the divine beast eggs!

At the very least, he, Patriarch Jun, could be considered to be a member of the strongest group of people in this world.

What had he not seen before?

However, today, he admitted that he was a country bumpkin.

However, in the blink of an eye, he felt secretly happy.

That's right, he was secretly happy.

Fortunately, he had become Yun Lige's disciple!

Indeed, he was right. In a sect, the strongest person was definitely the chief disciple.

Other than the chief disciple, the others were all trash.

Jun Bujian was also trash!

Otherwise, why didn't Jun Bujian give him a divine pill or a divine beast egg when Jun Bujian returned to the Jun family?

Not to mention divine pills, even if Jun Bujian had given him a few Martial Monarch Realm pills, he would have considered Jun Bujian to be capable!

However, the other party did not even give him a single Martial Monarch Realm Pill.

This was enough to prove that Jun Bujian was not doing well.

Thinking of this, he hurriedly received the things Yun Lige gave him.

"Thank you, Master."

Yun Lige nodded.

"Although I've given you a lot of things, you still have to cultivate well. You can't slack off, understand?"

“Yes.”

“If there’s nothing else, then go.”

“Understood.”

Patriarch Jun arrived outside happily and happened to encounter Jun Bujian.

Jun Bujian immediately said, “Eh, Patriarch, why did you walk out of the hall?”

“Wait... Eldest Senior Brother is the only one in the hall, right?”

Jun Bujian’s heart skipped a beat, “Patriarch, could it be that... you acknowledged my Eldest Senior Brother as your master?”

“That’s right!”

Jun Bujian’s expression changed.

Then, he slapped his forehead.

Indeed.

He knew it.

“Patriarch, you... why did you have to take my Eldest Senior Brother as your master?! Do you know that my Eldest Senior Brother... he... he...”

Speaking of this, Jun Bujian immediately whispered, “My Eldest Senior Brother is actually not very capable.”

As soon as he said this, Patriarch Jun’s expression suddenly darkened.

“Bastard! How dare you speak ill of my master! You’re courting death!”

Patriarch Jun’s tenth level Martial Monarch Realm pressure directly pressed down on Jun Bujian’s head, immediately making him feel double the pressure. He suddenly knelt on the ground, his face red.

“Patriarch...”

“I’m warning you. Although you’re my descendant, you can’t humiliate my master. Since this is your first mistake, I won’t find trouble with you. If this happens again, don’t blame me for being rude.”

“Yes. I... I understand.”

After saying this, Patriarch Jun removed the pressure and heaved a sigh of relief.

Patriarch Jun then said, “Let me ask you for the time being. You’ve been in the Nameless Sect for so long. How many divine beast eggs have you eaten? How many divine pills have you obtained? And what about Martial Monarch Realm weapons?”

“Hmm... I only ate one divine beast egg and one Divine Concentration Pill. As for the other Martial Monarch Realm pills and ordinary divine pills, it’s not easy to calculate.”

Hearing this, Patriarch Jun could not help but ridicule, "That's all? And yet you still have the cheek to ridicule my master? How laughable."

Jun Bujian: "???"

What did he mean by that? That was already very impressive, alright?

Who else in the entire world could take out so many things?

It was not as if those things were as cheap as cabbages. Not to mention the Jun family, but even in the entire Eternal Forest, who could take out a divine beast egg or divine pill?

Wait, something seemed to be wrong.

Jun Bujian could not help but frown.

"Patriarch, how many resources did my senior brother give you?"

"It's not much. It's just a few divine beast eggs and a few bottles of divine pills... A few Martial Monarch Realm weapons..."

Jun Bujian : "..."

This was not right. They were both Master's disciples. Why did Eldest Senior Brother have so many resources? Why did he not have any?

Could it be that his master was biased?

No, he had to ask.

Thinking of this, Jun Bujian immediately ran to find the others.

Soon, he arrived at Ji Wuxia's door.

"Second Senior Sister, are you inside?"

Ji Wuxia, who was cultivating, frowned slightly and immediately said, "What's the matter, Seventh Junior Brother?"

"Yes... I have something to ask Senior Sister."

Ji Wuxia immediately opened the door and said, "What is it? You even came all the way here to ask me."

"Um... It's not a big deal. I just want to ask if Senior Sister knows what the relationship between Eldest Senior Brother and Master is?"

Ji Wuxia's brows raised slightly.

"It's just an ordinary master-disciple relationship. What else can there be?"

"Really?"

"Of course it's true. Otherwise, what did you think?"

“Could Eldest Senior Brother be Master’s illegitimate son?”

“Of course not. Eldest Senior Brother might be a year or two older than Master. How could he be Master’s illegitimate son? You’re simply ridiculous.”

“That’s strange! If Eldest Senior Brother isn’t Master’s illegitimate son, there’s no reason for him to have so many more resources than me! His resources could almost be compared to Master’s.”

Ji Wuxia’s face could not help but twitch fiercely.

Then, she looked at Jun Bujian and said, “Actually, you can do it too.”

Jun Bujian: “???”

Seeing his puzzled expression, Ji Wuxia was silent for a moment.

“Um, how’s your verbal skills?”

“Verbal skills?”

“What I mean is, how’s your bootlicking skills?”

“Uh... I’ve never sucked up to anyone, and I don’t know how to. Ever since I was young, I’ve always been the one who was sucked up to. I’ve never sucked up to anyone.”

“Then if you want to be like Eldest Senior Brother, you should practice your verbal skills.

“To be honest, Master’s resources are unimaginable.

“The key is whether one is capable of obtaining it.

“If you’re good enough at bootlicking, you can have as many resources as Eldest Senior Brother.”

Jun Bujian :” ...”

Was this a joke?

Could one become stronger by relying on bootlicking?

Then what about them, the people who cultivated hard?

As if sensing his thoughts and confusion, Ji Wuxia continued, “It’s like this. Actually, the resources Master gave us are enough.”

For example, for medicinal pills like the Divine Concentration Pill, the Martial Monarch Realm Blood Pill, the Martial Monarch Realm Marrow Pill, and the Martial Monarch Realm Soul Pill, we just need to eat one of them. The rest would not be of much use. Even if you obtained more from Master, it would not be of much use! Right?

Take Eldest Senior Brother for example. He has so many resources, but isn’t he still the one with the weakest cultivation among us? ”

Jun Bujian nodded.

“Therefore, cultivation is not related to resources. The key is still talent. The resources Master gave us are actually similar. He did not hide anything or favor Eldest Senior Brother.”

“I see. I understand. Thank you for your explanation, Second Senior Sister.”

“Yes, it’s best if you can think it through. I still have to cultivate, so I won’t talk to you anymore.”

“Yes.”

Seeing this, Ji Wuxia cupped her hands and closed the door.

His senior sister was right. It was useless to have so many resources. It was fine as long as it was enough.

There was no need to learn from Eldest Senior Brother.

After all, Eldest Senior Brother’s cultivation was too low. If he was not outstanding in other areas, he would really be ordinary.

...

At the same time, in the Great Zhou Imperial City, Ji Wushang, who was reading the report of the Great Qin Empire, suddenly received a secret report.

When he saw this secret report, his expression instantly changed.

“Who did this? Who is it?”

The ministers were immediately shocked and hurriedly knelt.

“We... we don’t know.”

“Quick, prepare a flying ship for me. No, use the teleportation formation. I want to find Senior Lu. Quick! It’ll be too late if we’re any slower!”

## **Chapter 276: Opening of the Primordial Supreme Ranking**

Eternal Forest, Shi Family.

As one of the top ten families in the Eternal Forest, the Shi family had an extraordinary status in the Eternal Forest.

This was closely related to the constant hard work of the Shi Family members.

Even the head of the Shi family was cultivating all the time.

However, at this moment, the sudden intrusion of a figure broke the peace of the Shi Family.

“Patriarch, Patriarch, something bad has happened! Something bad has happened!”

The patriarch of the Shi Family woke up from his cultivation. His eyebrows could not help but raise slightly, and his expression was somewhat displeased.

“What’s going on? What’s with the panic?”

The Shi Family disciple hurriedly handed over a jade slip.

“Patriarch, take a look at this. After reading this, you won’t complain about me anymore.”

The patriarch of the Shi family immediately sent his divine sense into it.

“Primordial Supreme Ranking, what’s this?”

“I don’t know, but now, this thing has been spreading like wildfire outside. It’s said to be a ranking of the strength of the cultivators in this world.”

“Oh? How arrogant. There’s even a ranking for such things?”

The head of the Shi family immediately focused and began to look at the rankings.

Soon, he discovered the crux of the problem.

“300th, Patriarch East Demon, Jiang Taixuan, fifth level Martial Monarch Realm.”

“200th place, Grand Pure Demon Master Lin Batian. Seventh level of the Martial Monarch Realm.”

...

“These rankings are rather well-deserved.”

As he spoke, he continued to look down.

“The 100th place is Jun Tianzui from the Jun family... the 90th place is Chen Shuhua from the Chen family... the 80th place is Shi Huairou from our Shi family... the 76th place...”

“The top 100 spots have almost all been taken by the top ten families of our Eternal Forest. If I remember correctly, this Jun Tianzui should be at the ninth level of the Martial Monarch Realm, right? Is the competition for the top 100 so intense?”

Patriarch Shi continued to read and could not help but frown.

This was because he saw that he was only ranked 27th.

It had to be known that he was at the perfected tenth level of the Martial Monarch Realm!

However, when he saw that the few family heads who were as famous as him also had similar rankings, he felt relieved.

The people ranked in the top twenty were all the ancestors of the top ten families in the Eternal Forest.

These ancestors had almost all survived from the ancient times.

Some of them were stuck at the tenth level of the Martial Monarch Realm and could transcend the tribulation to become gods at any time.

Some had already transcended the tribulation, but they had failed and had no choice but to cultivate again.

This type of existence was called a quasi God Realm expert.

Their combat strength had already surpassed the tenth level of the Martial Monarch Realm.

Of course, there were also some God Realm experts who transcended the tribulation to become gods but used secret techniques to block themselves from being sensed by the Heaven Dao laws.

In this way, they naturally did not have to be discovered by the Heaven Dao and could naturally stay in this world to intimidate the other families.

Such a top-notch expert usually would not casually attack. This was because even if he had a secret technique to stay hidden, he would still be easily discovered by the Heaven Dao laws.

It was common knowledge that there was currently such a person in the Ye family.

However, despite being hidden, this person was still recorded on the Primordial Chaos Supreme Ranking.

What was even more terrifying was that the other party's information was clearly displayed on this ranking.

This was too terrifying.

Even a quasi God Realm expert had been recorded. This guy who created the Primordial Supreme Ranking was quite capable!

Patriarch Shi's expression was already solemn to the extreme.

What really made him afraid was not anything else, but that this ranking only ranked the Ye family seventh!

That was a quasi God Realm expert!

quasi God Realm!

That was a top-notch existence that even Martial Monarch Realm experts respected. Such a person had already been given the chance to step into that world and surpass human martial artists!

With this doubt, the Shi Family Head continued to read.

Sixth place, Ancient Dragon Emperor of the Primordial Mountain Range.

This was a God Realm expert of the dragon race, a supreme demon big shot who hid in the Primordial Mountain Range all year round.

Fifth place, Han Zhen.

Second level of the Martial Monarch Realm.

The head of the Shi family: "???"

What was going on? A second level Martial Monarch Realm expert was ranked in the top five of the continent? Was there a mistake?

Could it be that this Han Zhen could defeat a God Realm expert?

He continued to read on.

Fourth place, the Island Master of the Honno Sea Island.

“Who is this?”

A lot of question marks immediately appeared in the head of the Shi family master.

Then, the third place went to Elder Tianji.

The Shi family head more or less knew what was going on with Elder Tianji.

He had more or less heard of the series of rumors regarding Elder Tianji, the Heaven Secrets Pavilion, and the Heaven Secrets Cliff.

Ever since this extremely mysterious organization appeared in the Eternal Forest, it had always been an existence that the various large families in the Eternal Forest feared.

It was not strange for her to be ranked third.

The second place was Ye Junlin!

The Shi Family Head still acknowledged Ye Junlin.

The things that had happened to Ye Junlin had really left a deep impression on him.

Even the head of the Shi family had to take it seriously!

Even though he was only at the tenth level of the Martial Monarch Realm now, it was said that he was suppressing his strength. If he wanted to reach the God Realm, he would be able to do so with little to no effort.

Therefore, it was not strange for this guy to be ranked second.

However, when he saw the first place, the Shi Family Head was completely dumbfounded.

“Lu Xiaoran? Who is this? Moreover, he’s a perfected tenth level Martial Monarch Realm expert and not a God Realm expert. Could it be that he’s stronger than Ye Junlin?”

With a trace of doubt, the head of the Shi family could not help but frown and continue to read Lu Xiaoran’s information.

“Damn!”

With just a glance, the dignified tenth level Martial Monarch Realm expert of the Shi family actually cursed on the spot.

He was so shocked that he had already forgotten his identity.

The more he read, the more shocked he became.

The other party had the most Martial Monarch Realm weapons in the world! He already had more than ten thousand Martial Monarch Realm weapons?

The other party also possessed the most Martial Monarch Realm pills in this world? The number of Martial Monarch Realm pills he had was almost endless?

He had divine pills that had never been seen in this world!

And even divine beast eggs?

What a joke!

He even had divine beast eggs and divine pills?

Wasn't that something that only the Divine World had?

Had he gone to the Divine World to steal them?

The head of the Shi family felt like he was about to collapse.

This guy was simply too powerful and abnormal.

No wonder this guy was evaluated as the strongest. He was not an ordinary person at all.

Who was he? Was he a god?

Even a God Realm expert could not be so abnormal, right?

After all, wasn't the quasi God Realm expert from the Ye family and the quasi God Realm demon from the Primordial Mountain Range both ranked behind him?

This Lu Xiaoran was simply too heaven-defying!

However, this was not the main point. The main point was that all the cultivators in the world had probably gone to find Lu Xiaoran.

No matter if Lu Xiaoran was a Martial Monarch Realm expert or a God Realm expert, the entire world would still be able to obtain a slight advantage.

Taking a deep breath, the Shi Family Head's eyes revealed a cold light.

The Shi Family definitely could not miss this opportunity!

"Relay my orders. Gather all the disciples of the Shi Family and set off for the Great Zhou Empire. No matter what, we have to find the Nameless Sect in the shortest time possible."

"Yes!"

After his subordinates went to gather the disciples of the Shi Family, the head of the Shi Family took a deep breath and said, "This might be the Shi Family's chance. Patriarch, you've been silent for so many years. Let's leave the mountain one last time for our Shi Family."

...

In fact, it was not only the Shi family. At this moment, almost all the families in the entire world were heading towards the Great Zhou Empire at the same time.

It was inevitable. In the face of such huge benefits, everyone was tempted.

The greed of humans was endless.

Moreover, even if one was not greedy, wouldn't others be?

After all, what if other people tried to snatch Lu Xiaoran's equipment?

No one was able to resist it.

If others snatched Lu Xiaoran's equipment and greatly increased their strength, it was hard for these families to guarantee that the other families won't come and destroy them.

In this world where the weak were prey to the strong, if the balance was not broken, everyone would obediently abide by the rules and not overstep their boundaries.

However, once the balance was broken, the dark side of people would erupt without any reservation.

Of course, everyone was also aware that Lu Xiaoran was shockingly powerful. After all, the other party was ranked first in the world

However, compared to how terrifying Lu Xiaoran was, the resources he had were even more tempting!

Most importantly, if everyone in the world went over, no matter how powerful Lu Xiaoran was, how could he resist?

Two fists were no match for four hands!

...

Great Zhou, Nameless Sect.

Lu Xiaoran was originally cultivating, wanting to break through the last realm.

In any case, he had Wang Cai. Even after breaking through to the God Realm, he did not have to worry about being forcefully brought to the Divine World by the power of laws.

Suddenly, Ji Wushang's arrival interrupted his cultivation.

"Senior Lu, something bad has happened."

Seeing Ji Wushang rush over, Lu Xiaoran glanced at him angrily.

"Ji Wushang, did you encounter some trouble again? I haven't looked for you yet. I asked you to gather the spirit stones of Su Chen's subordinates, but you haven't given them to me yet."

"That's not a problem. Su Chen has too many spirit stones under him. It has already exceeded a few hundred trillion! I'm counting them now. Now, there's a more important problem!"

"What's the problem?"

"Take a look at this."

When Ji Wushang showed Lu Xiaoran the Primordial Supreme Ranking, Lu Xiaoran was dumbfounded.

What was going on?

Who had come up with this ranking?

Was there a mistake?

The ranking had directly exposed him.

Who would do such an immoral thing?

Moreover, his more than ten thousand Martial Monarch Realm weapons and Martial Monarch Realm pills had been exposed... The other party had basically doomed him!

If these things were exposed, wouldn't the entire continent tear him apart and eat him alive?

Birds die for food, and humans die for wealth. It was impossible for the entire continent to let go of such benefits!

### **Chapter 277: Fighting the World Alone? Only a Fool Would Do That**

"Which bastard did this?"

Lu Xiaoran was so furious that he almost collapsed.

This guy was simply trying to kill him. Moreover, he was the kind of person who would scatter his opponent's ashes.

"Senior Lu, why don't we find a place to escape and live in seclusion? Now, the entire continent is looking for you. Someone will probably arrive soon."

"Run? Where to? I'm basically wanted by the entire world now. No matter where I escape, I'll be pursued."

This was different from how Lu Xiaoran used to hide somewhere.

In the past, when he found a place to hide, others would not deliberately look for him.

Now, he had been exposed to the entire world. If these people knew that he had so many treasures, they would definitely search for him desperately.

Perhaps, this world would end up in a massacre and go crazy!

"Then... then what should we do? This is the entire world! Can you beat them?"

Ji Wushang's tone carried deep despair.

This time, they were no longer dealing with a single Hall of Gods and dozens of Martial Monarch Realm experts. Instead, all the top-notch experts in the world were coming for him!

"What's there to panic about? Get out first. I'll think about it."

"Yes."

Ji Wushang was about to leave when Lu Xiaoran suddenly said, "Wait."

“Senior Lu, is there anything else?”

Lu Xiaoran curled his finger.

“Give me my spirit stones.”

Ji Wushang’s face could not help but twitch fiercely. Then, he handed a storage bag to Lu Xiaoran.

Lu Xiaoran frowned slightly. Could a few hundred trillion spirit stones really be stored in a single storage bag?

However, he quickly discovered that there were dozens of storage rings in the storage bag.

Every storage ring was full. Moreover, the storage space of a storage ring was much stronger than a storage bag.

Then there was no problem.

“Alright, go out first. Inform Wuxia to activate all the array formations.”

“Yes!”

After Ji Wushang left, Lu Xiaoran began to think.

Since the other party had created this ranking, it meant that this person was definitely targeting him.

Otherwise, the other party would not have spread the news that he was at the top of the list and that he had so many Martial Monarch Realm weapons, Martial Monarch Realm pills, and even divine pills.

Elder Tianji definitely would not. She was on his side and still hoped that he could help her restore the sect.

However, this matter only appeared after Elder Tianji died. Therefore, it could not be ruled out that there was a traitor under Elder Tianji.

Secondly, it was also possible that it was the person who created the system behind the scenes.

Although Elder Tianji was dead, it was still uncertain whether that guy was dead!

Who was he and where was he?

Or rather, the entire matter was planned by him behind the scenes. He was trying to use the entire world to attack him and severely injure him.

At this moment, he was the most suspicious.

This was because he had not registered Li Qingfeng.

Li Qingfeng was definitely his subordinate, and Li Qingfeng was a lot stronger. Although he was only at the Body Refining Realm, he controlled the power of the laws of the Divine World and was more than qualified to be ranked on the rankings.

However, no matter what, at least one thing was true.

That was, the entire world would really attack him immediately.

The problem was that this was a conspiracy. After the entire world attacked him and severely injured him, the other party would definitely come and harvest.

This was really an eye for an eye.

In the past, he had always been the one to scam others. He had probably guided the two factions to fight and then sat idly by to reap the spoils.

In the end, today, he had been tricked. Moreover, he had been tricked ruthlessly and was targeted by the entire world.

Lu Xiaoran did not believe that he could stop this battle by simply telling them that he didn't have those Martial Monarch Realm weapons.

In the face of a group of greedy people whose overall strength was greater than his, it was even harder for him to persuade the other party.

In short, he could not easily fight this battle and let himself fall into someone else's trap.

What should he do?

Lu Xiaoran rubbed his temples fiercely and frowned.

However, at this moment, Patriarch Jun Changming walked in.

"Sect Master, do you want me to gather the disciples of the Jun family to help? With our Jun family's help, perhaps we can reduce some of the pressure on the sect."

However, Lu Xiaoran did not answer him because when he saw Jun Changming, an idea suddenly flashed in his mind.

"By the way, I can totally do that!"

Thinking of this, Lu Xiaoran clapped and the corner of his mouth curled up.

"Jun Changming, are you about to break through to the Tribulation Realm?"

Jun Changming nodded.

"That's right. Actually, I'm already about to transcend the tribulation. However, the sect is in trouble, so I can't bear to transcend the tribulation and leave."

Jun Changming was a peerless expert to begin with and had already reached the perfected tenth level of the Emperor Realm for many years. This time, after eating so many good things from his master, Yun Lige, he was definitely qualified to transcend the tribulation.

"Alright! You did well. In a while, I'll let you transcend the tribulation. Don't worry, with me around, I guarantee that you'll successfully transcend the tribulation."

"Alright, go out first and prepare quickly."

"Yes."

After Patriarch Jun left, Lu Xiaoran immediately gathered a few more disciples in. Then, he arranged everything he needed to prepare and pay attention to before stopping.

Soon, several auras appeared near the Nameless Sect.

Some were strong and some were weak.

Although many of them were not powerful, it did not stop them from being greedy.

When lions hunted, vultures and crows would also accompany them.

After the lions finished eating the residue, they would swarm over.

This was the eternal law of nature.

Lu Xiaoran did not panic at all and quietly waited for the true big shots to appear.

As long as he could deal with those big shots, he did not even need to look at these small fries.

Yun Lige and the others had been ordered to pile the Martial Monarch Realm weapons on the peak of the Nameless Sect. There were a total of 100,000 of them! They were almost piled into a small mountain.

Beside them were hundreds of thousands of Martial Monarch Realm medicinal pills.

Because the two small mountains were both at the Martial Monarch Realm, they emitted a powerful golden light. They were like two small suns that illuminated the surroundings. At the same time, they also made countless cultivators hiding in the distance drool.

Time passed second by second. After an unknown period of time, finally, as the void barrier in the sky trembled, an extremely powerful aura slowly descended.

“Someone’s here.”

All the cultivators began to look towards the sky.

The void barrier in the sky was slowly opened. Then, a huge spirit energy ship that was like a city slowly appeared in the sky. It was majestic and covered the sky.

“This... this is the Wang family of the Eternal Forest, right? The Wang family is here. This is the family that is ranked in the top twenty in the Eternal Forest.”

“Is that so? I think I’ve seen it before. Their patriarch is already in the top 200 of the Primordial Chaos Supreme Ranking. I think he’s ranked 198th.”

A few figures quickly landed from the spirit energy ship and floated in the void. They looked at the Nameless Sect below but did not attack directly.

“Patriarch, did you see that? One of the two golden mountains below is a pile of Martial Monarch Realm weapons, and the other is a pile of Martial Monarch Realm pills.”

“Of course I see it.”

“Patriarch, why don’t we attack first and snatch some before the other families arrive?”

The family head glanced at the Wang family elder in extreme disdain and sneered.

“Snatch? How? Don’t forget that the guy below is the number one existence on the Primordial Chaos Supreme Ranking. If our Wang family’s ancestor goes down, he will probably be instantly killed.

“Moreover, so what if we snatch it? The bird that sticks out gets shot. At that time, the other families will make you spit it out. At that time, what can you do?

“The only smart thing we can do now is to wait and see what those top-notch factions do before considering our matter. ”

As soon as he finished speaking, another huge spirit energy ship appeared in the void.

Accompanying this was a deafening voice.

“Old Wang, your family sure is early!”

Patriarch Wang immediately bowed to the other party.

“Patriarch Chen, you’re too kind. My Wang family is only a little closer.”

When the people below heard this, they could not help but tremble in fear.

“Who is this family? Why is the patriarch of the Wang family, a top twenty family in the Eternal Forest, so polite to the other party?”

“Of course they have to be polite. That’s a family that’s ranked in the top ten in the Eternal Forest! Their family has several big shots who are on the Primordial Ranking. Can the Wang family afford to provoke them?”

“Hiss! The dragons are really going out to sea today.”

A moment later, huge spirit energy ships appeared in the sky. The flags on each spirit energy ship represented a huge family.

Each one of these families was famous. They all had spots on the Primordial Chaos Supreme Ranking.

Because the aura gathered in the sky was really too dense, the clouds were even shaken away.

Not only that, but because there were too many auras, the experts had no choice but to suppress them. As a result, many cultivators were forced to circulate their cultivation techniques to resist.

However, even so, many cultivators still knelt on the ground because they could not withstand the pressure.

It was even to the extent that some small fries who had yet to break through to the Connate Realm were already bleeding from their seven orifices and were about to die because of this aura.

At this moment, a dragon roar suddenly sounded from the sky.

This dragon roar seemed to have come from the ancient times and pierced through the hearts of countless human cultivators.

Even the many families in the Eternal Forest had solemn expressions as they stared fixedly at the sky.

Over there, an indistinct figure shuttled through the clouds. Its golden scales flickered with a cold light that was filled with a destructive aura.

No one expected even an expert of this level to come.

**Chapter 278: Two Spirit Stones, Two Spirit Stones Each. You Won't Get a Loss or Get Tricked.**

"Heavens, it's the one from the Primordial Mountain Range."

Countless cultivators began to tremble.

It was too terrifying.

That was the strongest expert of the Primordial Mountain Range, an existence ranked in the top six of the Primordial Supreme Ranking!

In the sky, the experts of the various large families could not help but sigh.

"I didn't expect even the Primordial Dragon Emperor to be here. Hasn't he been hiding in the Primordial Mountain Range and had never left?"

"No matter how much he wants to hide, I'm afraid he won't be able to sit idly by after such a huge matter has happened."

Only a fool would sit idly by. With so much wealth down here, who wouldn't want to interfere?

Yun Lige and the others were all below, staring fixedly at the dark experts in the sky. Their hearts could not help but beat faster, and they felt extremely depressed.

"These guys are so abnormal! They're much stronger than the people from the Hall of Gods!"

Jun Bujian said with a solemn expression,

"That's for sure. Putting everything else aside, in the Eternal Forest, other than the Ye family, everyone from the top twenty families has come. Which one of these families doesn't have a top-notch Martial Monarch Realm expert? Moreover, some families even have more than one."

Other than that, there were also the other factions on the entire continent. In total, there were countless Martial Monarch Realm experts.

This is not even counting the few quasi God Realm experts and the Ancient Dragon Emperor in the sky who has already reached the God Realm."

Yun Lige and the others immediately fell silent.

Wasn't this... too many people?

How could they win?

Since ancient times, no one had ever made the entire world their enemy.

However, at this moment, Lu Xiaoran stretched and said to the few of them, "All of you, guard below. No one is allowed to come out. If my plan succeeds, everything will be fine. If it doesn't, activate the array formation I left behind.

"That's a God Realm teleportation formation. Even the ancient Dragon Emperor in the sky can't stop it."

"Master!"

Everyone's eyes turned red.

At this moment, their master was still thinking about their safety.

In fact, Lu Xiaoran had no choice.

He also wanted to run, but he could not escape this time.

He had to face it.

Since he was already destined to be involved, why should he let his disciples follow?

If his plan really failed, at the very least, he should let these disciples leave.

"I didn't expect that a despicable guy like me who would do anything to survive would one day think for others in the face of danger. I don't even feel like myself."

Lu Xiaoran rubbed his temples and mocked himself.

After taking in so many disciples, his heart seemed to have softened.

He was no longer as ruthless and unscrupulous as before!

Shaking his head, he tapped his foot lightly and slowly soared into the sky.

The big shots from all directions cast their gazes on Lu Xiaoran.

Lu Xiaoran dared to guarantee that as long as he dared to say anything that made him appear to be weak, these people would immediately charge over mercilessly and tear him into pieces.

Facing so many experts attacking at the same time, Lu Xiaoran might really be unable to take it.

After all, he was only at the perfected tenth level of the Martial Monarch Realm and had yet to officially break through.

Moreover, he was almost certain that the mastermind this time was the Ye family from the Eternal Forest.

With such a huge matter happening this time, only the Ye family did not come. If it was not the Ye family, who else could it be?

Even if he really fought and ended up panting from exhaustion, the Ye family would definitely step forward to harvest.

After taking a deep breath, Lu Xiaoran removed the complicated thoughts in his mind and said with clear eyes,

“Since everyone is here, I won’t waste my breath.”

“You guys came here just to snatch my things. However, I definitely can’t let you snatch them away for nothing.

Therefore, I also thought of a compromise! ”

As soon as he finished speaking, a Martial Monarch Realm expert from the Wang family sneered.

“A compromise? What compromise? Your only solution is to give up all your treasures.”

The other Martial Monarch Realm expert from the Wang family beside him also sneered.

“That’s right. The only thing you can do now is give up your treasure. Other than that, there’s no room for discussion.”

As soon as he finished speaking, Lu Xiaoran directly activated the Trinity True Eyes and used the eternal flames.

Boom!

The two low-level Martial Monarch Realm experts were swallowed by the eternal flames on the spot.

“Ah!”

The moment the screams sounded, the expressions of the others suddenly changed drastically. The experts of the families behind the two of them naturally did not watch Lu Xiaoran attack. They immediately roared and wanted to go forward to save him.

However, how could Lu Xiaoran give them a chance?

The Great Dao Reincarnation was directly activated, accelerating the time flow beside the two Martial Monarch Realm experts and instantly increasing the speed of the flames.

The two of them were only low-level Martial Monarch Realm experts to begin with, and Lu Xiaoran was already at the perfected tenth level of the Martial Monarch Realm. How could the two of them resist?

In just an instant, the two of them were directly cremated on the spot by Lu Xiaoran.

Instant kill!

He had instantly killed two Martial Monarch Realm experts!

Although they were only two low-level Martial Monarch Realm experts, they were still Martial Monarch Realm experts!

It was unbelievable for them to be instantly killed just like that.

Moreover, it was an instant kill?

At this moment, everyone’s hearts suddenly trembled.

They suddenly remembered that other than being rich, this Lu Xiaoran was also the number one expert on the Primordial Chaos Supreme Ranking!

Previously, everyone had been blinded by Lu Xiaoran's wealth. Moreover, they had never seen Lu Xiaoran's strength and did not take it to heart.

At this moment, they finally treated Lu Xiaoran seriously and carefully.

Lu Xiaoran also heaved a sigh of relief.

Fortunately.

Fortunately, there were two low-level Martial Monarch Realm experts. If there were two high-level Martial Monarch Realm experts, it would be troublesome.

The power of his eternal flames increased according to his cultivation.

At the same time, it also depended on the other party's cultivation.

If the other party was a high-level Martial Monarch Realm expert, although the other party could also be burned to death, Lu Xiaoran would not be able to instantly kill the other party.

This would not make him look as cool.

And if he did not look cool enough, there would be a stiff friction and they would not be shocked.

"Bastard! You're courting death!"

The family of those Martial Monarch Realm experts suddenly became furious.

Lu Xiaoran glanced over again.

This glance frightened everyone until they suddenly took a few steps back and circulated their cultivation techniques with all their strength. They tried their best to guard against Lu Xiaoran, afraid that he would burn them too.

However, they were not stupid. Although they did not dare to attack Lu Xiaoran, with all the super experts in the world gathered here, how could they not find someone to deal with Lu Xiaoran?

"What are you waiting for? Hurry up and attack together and kill this brat. There are a large number of Martial Monarch Realm weapons, divine pills, and Martial Monarch Realm pills down there. Don't you want them?"

Patriarch Shi swept his gaze coldly over the other party and said coldly, "Wang Shenghai, can you stop talking nonsense there? If you want to do it yourself, don't drag us down. It's not up to you to order us around."

The Wang family was humiliated and gritted their teeth in anger, but they were helpless. After all, the Shi family was much stronger than their Wang family.

Actually, there was a reason why many families did not attack.

The higher one's cultivation was, the more one could tell what was going on.

Lu Xiaoran was an existence who had been conferred the first place on the Primordial Supreme Ranking.

Although they did not know who the mastermind was or why they said that Lu Xiaoran was the strongest person in the world,

However, they at least knew one thing.

That was, since Lu Xiaoran had so many Martial Monarch Realm weapons and Martial Monarch Realm pills, he definitely also had extraordinary methods.

There was no harm in listening to what he wanted to do before making a move.

In any case, everyone in the world was here. What was there to be afraid of?

"What are you trying to say? Speak."

The Shi Family Head spoke indifferently, and the corner of Lu Xiaoran's mouth curled up.

"Awesome. Then I'll be direct. If we really fight, it's impossible for me to be arrogant enough to say that I can defeat everyone in the world."

However, at the very least, I think I can still make a portion of you die here.

"And you guys don't want to sacrifice the Martial Monarch Realm experts in your family to obtain some Martial Monarch Realm Martial Monarch Realm pills, right?"

One of the Martial Monarch Realm experts sneered.

"We have so many families here. Even if we only sacrifice one Martial Monarch Realm expert, it will still be enough for you to suffer. Your point of view is simply not valid."

Lu Xiaoran narrowed his eyes and smiled.

"You're right. May I ask which family you're from?"

The other party immediately said proudly, "My name remains unchanged. I'm Yu Zesheng from the Yu family in the Eternal Forest!"

"Oh! The Yu family, right? Then in a while, I'll take special care of your Yu family. In any case, I'm going to die anyway, so I'll just specifically target your Yu family. I'll make sure to kill all the Martial Monarch Realm experts in your Yu family."

The smile on Yu Zesheng's face instantly stopped, and he seemed to have become a huge sand sculpture.

Some of the surrounding families could not help but laugh.

This made Yu Zesheng even more embarrassed.

He originally wanted to show off, but he did not expect something like this to happen.

If Lu Xiaoran was forced into a corner and he really attacked the Yu family and severely injured them, the Yu family would be completely finished from now on.

Patriarch Shi and the other big shots also understood Lu Xiaoran's meaning and were slightly shocked. Previously, they wanted to be the first to attack, but now, they had to think twice.

Lu Xiaoran continued, "Since everyone wants something and doesn't want to lose the strength of their families, why don't we just shake hands and make up?"

"As long as you join my Nameless Sect and become disciples of the Nameless Sect, every Martial Monarch Realm expert can buy my Martial Monarch Realm weapons and Martial Monarch Realm pills.

"Saint Realm items can also be bought!

"Moreover, each person only needs to pay two spirit stones for every item. However, each person will only be limited to two portions every year.

"Two spirit stones. You won't lose out if you don't buy it. Two spirit stones. Bring two Martial Monarch Realm weapons or Martial Monarch Realm pills home every year. If you want them, then join now! What are you waiting for?"

### **Chapter 279: Playing Tricks With Me? You're Only Worthy of Licking My Shoes**

Hearing Lu Xiaoran's words, everyone was instantly petrified on the spot.

The entire sky instantly fell silent, even the sound of the wind disappeared.

Everyone present looked at Lu Xiaoran in confusion. No one expected Lu Xiaoran to use this move.

This guy was simply unpredictable!

After joining a sect, they could directly buy a divine weapon with two spirit stones?

Moreover, they could buy two sets every year?

They could obtain Martial Monarch Realm weapons, Martial Monarch Realm pills, and divine pills without any effort?

Wasn't this too good?

However, if it were those small families or itinerant cultivators, they might immediately agree to this condition.

However, those top-notch families would not agree so easily.

After all, they were originally kings. It was naturally impossible for them to become Lu Xiaoran's disciples and subordinates.

As for the small families and itinerant cultivators, without the approval of the large families, they did not dare to easily agree.

In the sky, the Ancient Dragon Emperor did not move either. It was unknown what he was thinking.

At this moment, the head of the Qian family, one of the ten great families, slowly stepped out.

“It’s impossible for us to agree to this condition. It’s unreasonable for you to monopolize so many resources alone. How about this? We’ll buy the Martial Monarch Realm weapons from you without joining your sect. If so, we don’t mind retreating.

“Of course, your price needs to be reasonable.

“Otherwise, we can only fight. ”

Hearing the other party’s words, Lu Xiaoran could not help but smile coldly in his heart.

What a joke.

The other party wanted to obtain benefits but didn’t want to be obedient. He was simply too greedy.

Moreover, what was it the other party said? That it was unreasonable for him to monopolize so many resources alone?

No matter how unreasonable it was, it was still given to him by Wang Cai. Why would it be reasonable for them to take these things from Lu Xiaoran?

He even issued a threat in the end.

What a joke. Did they really think that Lu Xiaoran was afraid of them?

“Is this what the Qian family, one of the top ten families in the Eternal Forest, is like? If you want to use numbers to suppress me, just say it.

“However, you were wrong about one thing.

The head of the Qian family narrowed his eyes. In the next moment, Lu Xiaoran directly used the Sword Control Technique and summoned a total of 500 Martial Monarch Realm weapons from below. At the same time, they transformed into streams of light that quickly shot into the sky.

“What does he want to do?”

“Summoning a Martial Monarch Realm weapon to attack? Could it be that he wants to fight?”

“No, he doesn’t want to fight. He wants to detonate the Martial Monarch Realm weapon! Quickly disperse.”

In the crowd, some cultivators had already discovered Lu Xiaoran’s intentions in advance and quickly began to retreat.

The Qian family head’s expression changed and he naturally wanted to retreat.

Facing the explosion of 500 Martial Monarch Realm weapons, he did not dare to take it head-on.

However, just as he retreated, Lu Xiaoran sneered and said, “Why? Weren’t you very awesome just now? If you have the ability, take it head on!”

The head of the Qian family was so furious that he vomited blood after being humiliated in front of the entire world. However, he quickly discovered that something was wrong.

Lu Xiaoran was deliberately angering him and making him lose his mind.

It was also at this moment that Lu Xiaoran suddenly used the Supreme Profound Dipper to reduce his speed.

“It’s over!”

This was almost the only thought of the head of the Qian family.

However, as a top-notch tenth level Martial Monarch Realm expert, his many years of combat experience had long fused into his bones.

Although his figure was trapped, he still used his cultivation technique with all his strength and activated his Martial Monarch Realm armor to defend.

Just as his defense was set up, Lu Xiaoran’s Martial Monarch Realm weapons also detonated at the same time.

Boom! Boom! Boom!

Countless dazzling lights instantly exploded in the sky. In the end, they fused into a huge sun!

“Quickly defend!”

Countless cultivators seemed to have gone crazy as they used their defensive methods with all their strength.

It was even to the extent that even the Nameless Sect’s automatic defensive array formation had been activated.

In the sky, only the patriarchs of the top-notch families and the Dragon Emperor in the void were not flustered at all.

The explosion tore apart the spatial barrier in the sky.

The void black hole swallowed a large amount of energy. The two-dimensional spatial barrier was also about to shatter, killing countless mysterious creatures inside.

The explosion lasted for dozens of seconds before slowly stopping.

This wave of explosions had killed countless cultivators.

Although many cultivators still maintained a defensive posture, their souls had already been shattered.

In the void, the head of the Qian family was not dead.

He was the head of a top-notch family and naturally had a life-saving Dharma treasure passed down from his ancient ancestors.

However, even so, he was still covered in blood from the explosion and was severely injured.

“Hahahaha... you can’t kill me! I have the protection left behind by the Qian family’s ancestor...”

Before he could finish speaking, a light flashed in the void. Lu Xiaoran directly slashed him into two on the spot.

“Patriarch!”

The entire Qian family collapsed on the spot.

That was their family head!

He was actually killed by Lu Xiaoran just like that?

Everyone naturally could not accept this. They all attacked and transformed into a few streams of light that headed straight for Lu Xiaoran.

Lu Xiaoran could not even be bothered to look. He slashed with the Xuanyuan Sword in his hand, and a sword beam seemed to sweep through the nine heavens.

Boom!

One sword!

It was only a single sword move!

Lu Xiaoran directly forced back all the direct descendants of the Qian family!

Everyone’s hearts raced again.

That was several Qian family Martial Monarch Realm experts. Moreover, every one of them was a high-level Martial Monarch Realm expert. They were not low-level Martial Monarch Realm experts with one or two levels!

However, even so, they were actually forced back by Lu Xiaoran’s sword.

Lu Xiaoran’s terror as the person who was ranked first on the Primordial Supreme Ranking was indeed heart palpitating.

In fact, his strength was already enough for him to fight those at a higher level. Moreover, his cultivation had already reached the perfected tenth level of the Martial Monarch Realm.

With this strength, only top-notch Martial Monarch Realm experts with many means were qualified to fight him one-on-one.

If not for the fact that there were a few quasi God Realm and God Realm experts present, as well as a group of perfected tenth level Martial Monarch Realm experts, Lu Xiaoran would not have needed to worry at all.

He drew his sword and directly threw the corpse of the Qian family’s patriarch into his Nebula Thousand Qi Cauldron in front of the Qian family, refining it into a pile of Martial Monarch Realm pills.

“No!”

The people from the Qian family all collapsed.

Lu Xiaoran said coldly,

“Who else wants to snatch my Martial Monarch Realm weapon?”

As soon as he said this, everyone retreated in fear, and their faces could not help but turn pale.

Lu Xiaoran’s aura was simply too powerful!

It was so powerful that they were simply unable to resist!

They finally understood that it was impossible for them to snatch Lu Xiaoran’s teeth today.

This guy was crazy!

If he was really angered, he would even dare to detonate all these Martial Monarch Realm weapons.

How were they supposed to compete with him then?

Looking at that Martial Monarch Realm weapon, there were at least a hundred thousand of them!

If so many Martial Monarch Realm weapons exploded, this world would definitely not be able to withstand this explosion!

Patriarch Shi and the others looked at each other.

They were already feeling vaguely uncomfortable.

Originally, they were the ones who suppressed Lu Xiaoran.

However, as time passed, it started to feel as if Lu Xiaoran was suppressing everyone.

After taking a deep breath, everyone took advantage of the fact that Lu Xiaoran had not completely reversed the situation and continued, “Fellow Daoist Lu, since we’re all here to discuss matters, there’s no need to be so tense.”

How about this? If you sell the Martial Monarch Realm weapon to us, we can give you enough spirit stones.

As for joining the Nameless Sect, forget it.”

Lu Xiaoran smiled coldly in his heart.

Should I sell the weapon to you and let you attack me?

Did they think he was stupid?

With the Martial Monarch Realm weapon in his hand, there was still room for discussion. After all, he could still explode them.

However, after handing over the Martial Monarch Realm weapons, he’ll be at their mercy.

Moreover, all of these people had come to rob him. Now, they even want to cheat him of his Martial Monarch Realm weapons without even sacrificing a little? Do you really think he is a philanthropist?

If the Ye Family wanted them to exhaust him, that's perfect. He'll simply beat the Ye Family at their own game and directly take in all these families!

Then, he'll bring them to beat up those bastards from the Ye family.

Thinking of this, Lu Xiaoran directly refused.

"No! This is the rule set by my Nameless Sect. Since you're here, you naturally have to abide by it."

"Either join my Nameless Sect or get lost!!"

"Of course, if you're not afraid of death, you can directly fight me."

However, you might not be able to see how much risk there is. "

Lu Xiaoran's words made many people fall into deep thought.

He was right.

He was ranked first on the Primordial Chaos Supreme Ranking.

They would definitely not be able to defeat him in a one-on-one battle.

They could only fight in groups.

However, the problem was that none of the people present were cohesive enough to get all of them to work together.

In this way, how could they gather everyone's strength to deal with Lu Xiaoran?

Moreover, Lu Xiaoran also knew how to detonate the Martial Monarch Realm weapon. They did not dare to directly rush forward!

Could it be that... he really had to follow Lu Xiaoran's instructions and join the Nameless Sect?

All the experts in the world were here, but they were all stopped by Lu Xiaoran like this?

Was there a mistake?

They were really unwilling to accept this.

Many of them were top-notch big shots!

Who would be willing to become someone else's lackey?

How could Lu Xiaoran not tell what they meant?

They were only in a stalemate.

They needed something to happen.

They needed something to happen that would change their minds.

Facing this situation, Lu Xiaoran naturally would not let it go.

He directly released his divine sense.

Boom.

In the next moment, lightning suddenly began to gather in the sky above the entire Nameless Sect.

This move directly shocked everyone.

“What’s going on? What happened?”

“This lightning... someone is transcending the tribulation! Someone is transcending the tribulation!”

Soon, someone discovered that this lightning tribulation was somewhat different.

Everyone’s hearts immediately tightened.

What was going on? Who was suddenly transcending the tribulation at this moment?

Just as they were feeling puzzled, a figure suddenly rushed out from below the Nameless Sect and rushed straight into the thunderclouds that filled the sky.

“Isn’t that figure the ancestor of the Jun family?”

“What? It’s actually him?”

### **Chapter 280: Number One Sect in the World**

“Patriarch Jun? When did he break through?”

The big shots present were all shocked to the extreme.

After their strength reached their level, it was almost as difficult as ascending to the heavens to break through.

Although it was only the last step, since ancient times, countless outstanding geniuses had been stuck at this last step until they died of old age.

“It’s a medicinal pill! Lu Xiaoran’s medicinal pill helped him break through.”

Some people had already reacted to the crux of the problem.

Lu Xiaoran smiled and said, “Fellow Daoist, you’re right. Our Nameless Sect doesn’t dare to say that we’re very awesome, but we’re still very powerful when it comes to professional businesses like cultivating to the Martial Monarch Realm and transcending the tribulation to become a god.

“For cultivation, we have a special tutoring center and a medicinal hall. We provide the best services to ensure success. From cultivation techniques to cultivation, from medicinal pills to comprehension, we’ll take care of everything.

“We have a perfect countermeasure to the tribulation.

“What you’re seeing now is the famous ancestor of the Eternal Forest’s Jun family. I believe many fellow Daoists know his situation. He has been trapped at the perfected tenth level of the Martial Monarch Realm for many years.

“Cultivation was useless, and he could not take medicine.

“It was even to the extent that because of his aging, his blood essence began to decrease, and even his cultivation decreased.

Ever since he joined our Nameless Sect, his waist had stopped hurting and his legs had stopped aching under the full guidance of our Nameless Sect. He could eat several divine pills in a single meal. He could be said to be the model of a peak martial artist in his twilight years.

Today is the day he transcends the tribulation to ascend. It’s a good opportunity for us to test our Nameless Sect’s tribulation plan. ”

All the cultivators gathered here were dumbfounded.

The blood essence of the Jun family’s ancestor was declining. How could he be saved by Lu Xiaoran and break through again to transcend the tribulation?

Was this true?

Moreover, Lu Xiaoran had a plan to ensure that he would successfully transcend the tribulation?

Was this a joke?

It had to be known that transcending the tribulation was not child’s play. It was a test from the heavens. It was a test of the power of laws for all aspects of a cultivator.

It involved the laws of the Great Dao and was not a small matter. After all, with the power of laws, one could break a spatial barrier with a single punch.

When it came to such things, how could Lu Xiaoran cheat?

Boom!

With a violent explosion, a bolt of lightning suddenly fell from the sky.

This lightning bolt contained a huge dignity.

It did not tear the spatial barrier because it was also a part of this world and would not cause damage to this world.

However, it was different for living beings.

Coincidentally, the lightning just now landed in the crowd of the Qian family. The few Martial Monarch Realm experts were instantly destroyed.

“Spread out!”

The expressions of the heads of the various large families suddenly darkened and they immediately retreated.

They did not dare to be impudent in the face of the heavenly tribulation.

It was even to the extent that the figure in the sky had long retreated.

Even though it had long transcended the tribulation to become a god, the pressure of the heavenly tribulation was still not something it could casually resist.

Boom! Boom! Boom!

At this moment, the heavenly tribulation detected Jun Changming's aura and kept emitting lightning bolts and low roars, as if it was intimidating or challenging him.

Patriarch Jun took a deep breath and slowly arrived beside Lu Xiaoran.

"Sect Master."

Lu Xiaoran took out a Golden Dragon Luck that had long been roasted and handed it to him.

"Eat this thing."

"Yes!"

Patriarch Jun did not hesitate at all. He immediately received it and began to eat the Golden Dragon Luck.

The cultivators in the distance immediately could not help but be puzzled.

"Patriarch Jun, what are you eating?"

"I don't know. It looks like an eel. However, are eels this thick?"

"Patriarch, what's that?"

Even the experts of the Shi Family were puzzled.

The head of the Shi family also frowned tightly, looking completely puzzled and deep in thought.

At this moment, the huge figure in the sky transformed into a proud figure in a dragon robe and landed in the crowd.

"That thing should be a Golden Luck Dragon, right?"

The entire scene was instantly silent.

After a while, someone could not help but say, "What?"

"Are you deaf? Didn't you hear? It's the Golden Luck Dragon!"

"Damn!"

At this moment, everyone present went crazy.

Golden Luck Dragon!

It was actually the legendary Golden Dragon of Luck that could increase one's luck?

Was there a mistake?

If this thing was obtained by a family, sect, or empire, they would have to treat it like their ancestors.

That was an existence that was even more precious than divine pills, Martial Monarch Realm weapons, and even divine weapons!

This was really a treasure among treasures!

However, now, Lu Xiaoran had actually directly given it to Patriarch Jun?

Were they dreaming?

Of course, they were not stupid enough to think that this was fake. After all, this was what the other party from the Primordial Mountain Range had said.

As a God Realm expert, how could the Ancient Dragon Emperor lie?

At this moment, everyone had a new understanding of how terrifying Lu Xiaoran was.

Soon, Patriarch Jun swallowed the Golden Luck Dragon in a few bites.

What was even more infuriating was that he even burped.

“Burp!”

This almost made countless cultivators present want to kill him.

“Alright, go up if you’re done eating.”

“Yes!”

Jun Changming cupped his hands in response and immediately soared into the sky.

Boom! Boom! Boom!

In an instant, countless lightning bolts struck fiercely towards Jun Changming.

However, everyone present could tell at a glance that the especially lightnings had all avoided Jun Changming.

Only a small portion of the relatively weak lightning landed on Jun Changming.

This dumbfounded everyone.

As everyone knew, other than strength, tribulation transcendence also relied on luck.

This was because during the tribulation, everyone’s strength was basically equal. It was just like an exam. It was fair and square!

Only a few top-notch geniuses with no upper limit could break through the limit of the heavenly tribulation.

However, since ancient times, such geniuses had always been rare.

It had to be known that those who could cultivate to the Tribulation Transcendence Realm were already geniuses among geniuses.

Such a genius might not even appear in tens of thousands of years.

Therefore, when everyone saw Patriarch Jun use the method of eating the Golden Luck Dragon to increase his luck during the tribulation, they were so shocked.

If this method could really be popularized, then from now on, the chances of successfully transcending the tribulation would greatly increase.

The original success rate of 1% would probably be able to reach 100% now!

At this moment, countless people began to be tempted.

Patriarch Jun quickly broke through the blockade of lightning and rushed into the lightning clouds in the sky.

At this moment, the lightning in the sky immediately stopped, and what replaced it was a holy golden auspicious cloud.

It was mysterious and filled with a peaceful aura.

“He successfully transcended the tribulation just like that? Just like that?”

“Damn... Damn it!”

When the hundreds of millions of cultivators present saw this scene, their worldview completely collapsed.

Lu Xiaoran also heaved a sigh of relief.

Fortunately, it worked.

Previously, in order to prevent himself from transcending the tribulation, he had checked some information in advance.

He had guessed that the golden dragon of luck could help one successfully transcend the tribulation. He did not expect to really succeed today.

Jun Changming was so excited that tears fell.

He had succeeded!

He had succeeded!

He had transcended the tribulation to become a god!

It was not that he had never wanted to transcend the tribulation and become a god. He had had such beautiful dreams countless times.

However, after being unable to break through for many years, he had long given up hope. The decline of his blood essence made his heart despair.

However, he did not expect to break through the last step in such a short period of time after entering the Nameless Sect. Moreover, with Lu Xiaoran’s help, he had perfectly transcended the tribulation to become a god.

All of this was like a dream to him!

“Sect Master, please accept my bow!”

Without any hesitation, Jun Changming immediately came back down and knelt to Lu Xiaoran.

Lu Xiaoran nodded and immediately said to the people in the distance,

“Do you see that? Our Nameless Sect is just that reliable. Now, if anyone else wants to fight our Nameless Sect, please stand on the left. If not, please stand on the right. If you want to join, please stand in the middle.”

As soon as he finished speaking, Lu Xiaoran could clearly see the crowd begin to surge and squeeze towards the middle.

“Let me in. I want to join the Nameless Sect.”

“Join the Nameless Sect? Are you even worthy? Get lost!”

Some cultivators even directly began to fight.

Those top-notch families were not so impatient.

Patriarch Shi said, “Sect Master Lu, if we join your sect, the Nameless Sect will definitely dominate. At that time, how can you guarantee that you won’t take revenge on us because you’re too powerful?”

Lu Xiaoran smiled.

“That’s very simple. We can sign a contract. I swear with my blood essence that I definitely won’t casually bully others and injure my fellow disciples.”

Of course, although he said that, Lu Xiaoran was not a pushover. He would not use his blood when it was time to really sign the contract.

At that time, he would use Buttface’s blood.

Lu Xiaoran would not add any restrictions to himself.

He only needed to take these people in as his subordinates. Did they think they could put the Band-tightening Spell on him? Dream on!

After hearing him say this, everyone finally put down the grudge in their hearts.

“Alright! In that case, we’re willing to join!”

Lu Xiaoran’s methods had already completely convinced them.

If they really fought, with so many of them working together, they would definitely suppress Lu Xiaoran until he could not breathe.

After all, top-notch experts of the entire world were gathered here.

However, they also knew that the price they had to pay to kill Lu Xiaoran was definitely not low.

More than half of the experts present would definitely die, or even more than half!

Instead of that, it was better for them to join the Nameless Sect.

Although they might lose their independence and autonomy, they could still buy Martial Monarch Realm weapons, Martial Monarch Realm pills, and divine pills with two spirit stones a year.

Moreover, the most important thing was that they could transcend the tribulation!
