

AN EXPERT 291

Chapter 291: Signed in for 13 Years, Invincible in the World

“Sect Master, what should we do?”

Everyone’s expressions were somewhat nervous. Ye Junlin was at the fifth level of the God Realm, and his cultivation was higher than anyone in their Nameless Sect.

Lu Xiaoran’s expression was calm as he only said calmly, “Go and pursue the direct descendants of the Ye family. Don’t let a single one of them escape. Leave this to me.

“Remember, no one is to get involved in this battle.”

“Yes.”

Everyone replied and immediately left.

At their level of cultivation, everyone knew that they would only be courting death if they went forward with insufficient strength. They might even pressure Lu Xiaoran.

The moment everyone left, Ye Junlin also attacked at the same time.

He did not target Lu Xiaoran’s disciples.

He had actually prepared the wave of tribulation just now for Lu Xiaoran’s disciples. He originally wanted to kill Lu Xiaoran’s disciples and disturb his mental state.

However, he did not expect Lu Xiaoran to resolve it.

Since he had failed once, there was naturally no need for him to continue wasting time.

In any case, his target was Lu Xiaoran. As long as he dealt with Lu Xiaoran, the others were only small fries.

The moment Ye Junlin attacked, Lu Xiaoran also attacked at the same time.

Just their auras were already extremely powerful.

During the battle, they stirred the Heaven and Earth spirit energy around them. Although there were only two figures, they seemed more like two towering mountains.

As they collided, the spatial barrier within a hundred thousand meters collapsed with a bang.

The God Realm experts who had already left to pursue the people from the Ye family could not help but be shocked when they saw this.

Too powerful!

Even if the two of them were both at the fifth level of the God Realm and only had an additional two to three realm levels...

However, when they started fighting, their strength had already greatly surpassed the strength of these God Realm experts.

“Is this what the sect master meant by fighting those at a higher level? Just the combat strength they displayed at this moment is simply ridiculously powerful. At the very least, they have to surpass us by several levels and have the combat strength of a late-stage God Realm expert...”

“They’re all a bunch of perverts. The balance between the heavens and the earth is broken because of people like them.”

“Perhaps this is the difference between geniuses and ordinary people. Some people are destined to be kings!”

A battle between experts usually happened in an instant.

In only three breaths, the two of them had already exchanged 30,000 moves.

The order of this world was completely disturbed.

From afar, it was as if a huge hole had been torn in the world. Moreover, this huge hole was still slowly expanding, as if it was about to devour the entire world.

Between the two of them, the second layer of the spatial latitude had already been torn apart. Some strange and ugly insect-like creatures screamed and rushed out, wanting to break through the spatial barrier and enter the real world.

Unfortunately, just the combat shock wave from Lu Xiaoran and Ye Junlin was enough to instantly destroy those ugly creatures.

The two of them fought more and more fiercely. Ye Junlin was the same as Lu Xiaoran. He was not only proficient in sword techniques and saber techniques, but his strength in fist techniques, palm techniques, mental attacks, and other aspects was also extraordinary.

He had a way to resist almost every move Lu Xiaoran made. It was as if he was a combat machine that had been specially created to target Lu Xiaoran.

“How is it? Sect Master Lu, am I, Ye Junlin, to your satisfaction?”

“If you lie down obediently and don’t be so stubborn, I’ll be even more satisfied.”

“Hahahaha... that won’t do. However, if you lie down, I’ll still satisfy you!”

Lu Xiaoran could not be bothered with him. He activated the Trinity True Eyes and directly used the eternal flames.

However, the moment the flames touched Ye Junlin, he jumped away.

Lu Xiaoran was somewhat stunned. He did not expect Ye Junlin to even have a move like spatial jump.

He could use spatial jump to escape the moment the eternal flames came into contact with his body. In this way, he would not be burned by the eternal flames.

It seemed that the mastermind behind Ye Junlin knew Lu Xiaoran very well and had specially given Ye Junlin the solution to all his moves.

Of course, this did not mean that Lu Xiaoran was unable to defeat Ye Junlin.

As long as Lu Xiaoran used a new move he had never used before, it was enough to mess up Ye Junlin's moves.

However, the problem was that he seriously suspected that the Ye family still had another hot shot.

Moreover, he might be stronger than Ye Junlin.

It was very likely that he was hiding in the dark and observing his battle.

The other party could attack at any time and could wait for Lu Xiaoran to reveal all his moves.

If Lu Xiaoran did not use his full strength, the other party would not come out. However, if he directly used his full strength and did not hold back at all, who knew if the guy hiding in the dark would record it and develop a move to specially restrain him?

This was also the reason why Lu Xiaoran wanted his disciples to kill the members of the Ye family.

He wanted to be one step ahead of the other party and force the other party out before the other party could observe his true strength.

At this moment, the Nameless Sect's God Realm experts were crazily killing the Ye family cultivators in an unstoppable manner.

The members of the Ye family were simply unable to withstand the suppression of more than a hundred God Realm experts.

This was a completely one-sided suppression.

At this moment, the Ye family had become a living hell.

Shi Changlin chased after the two Ye family Martial Monarch Realm experts and arrived at the Ye family's holy land.

Before the two of them could escape into the holy land, Shi Changlin had already caught up. He punched out and tore through the spatial barrier, creating a 100,000-meter-long void river.

The punch swept across the two Martial Monarch Realm experts and instantly shattered half of their bodies.

Pfft...

The two of them spat out a mouthful of blood at the same time and fell out of the sky, extremely frightened.

The next moment, Shi Changlin also arrived beside the two of them.

In a world where the weak were prey to the strong, only idiots would be merciful to their opponents.

Because the Ye family was powerful, they had destroyed many descendants of the family, including the descendants of the Shi family.

Now, it was Shi Changlin's turn to take revenge. He naturally would not be soft-hearted at all.

As the cultivation technique circulated, Shi Changlin's pressure had already erupted.

God Realm experts did not need to attack. With just a thought, their divine power would attack automatically within a certain range.

Even if the other party was a Martial Monarch Realm expert, the other party would still be like an ant to him.

This was the strength of a god!

Facing that destructive attack, the two Martial Monarch Realm experts closed their eyes in despair.

However, at this moment, Shi Changlin seemed to have sensed something and suddenly stopped.

Then, he looked into the Ye family's holy land.

At some point, a servant had been standing there quietly.

Shi Changlin frowned slightly in confusion. Since when did a servant of the Ye family dare to look him in the eye?

Something was wrong.

The two Martial Monarch Realm experts could not help but be somewhat puzzled when they saw that Shi Changlin did not attack them. Then, they followed Shi Changlin's gaze and looked in that direction.

"This outfit... are you a sweeper disciple of the Ye family's Holy Land? What are you doing? Why didn't you run just now?"

The two Martial Monarch Realm experts could not help but roar.

When Shi Changlin attacked just now, this sweeping servant could have escaped.

He just stood there instead of running. In the end, he was discovered by Shi Changlin. Did he have a death wish?

In the past, they would definitely not care about the life of a sweeper disciple of the Ye family.

However, now that the Ye family had encountered a disaster, they would definitely try their best to escape!

However, the servant's expression did not change much. He only looked at Shi Changlin with a calm expression. Then, he walked towards Shi Changlin.

"Originally, I was hoping that you guys could stall for time so that we would be able to discover Lu Xiaoran's flaws. I didn't expect you guys to be so useless."

Forget it, I can only attack. After all, I'm also a disciple of the Ye family in this life. "

"Are you crazy? What nonsense are you talking about?"

The two Martial Monarch Realm experts looked at the servant as if they were looking at a fool.

Only Shi Changlin vaguely felt that something was wrong.

If it were before he joined the Nameless Sect, he would definitely think that this servant was crazy. However, now, Shi Changlin knew that the more insignificant a character was, the more he could not be underestimated.

The sect master had taught him that such a character was most likely a hidden big shot.

His status was low and he was unknown, but he was not afraid at all when facing a God Realm expert. His expression was extremely calm.

Even if such a guy was only putting up an act, he could not be underestimated.

However, Shi Changlin was not stupid.

If the other party was only a hidden big shot at the first or second level of the God Realm, he might not be afraid of him.

In that case, he did not have to worry too much.

He wanted to test the other party.

Thinking of this, Shi Changlin suddenly attacked.

His divine sense surged. In an instant, divine power surged towards the other party like a wave.

The attack also surged towards the two Ye Family Martial Monarch Realm experts.

If Shi Changlin was going to attack, he would want to kill all of them in an instant.

This was also the rule of the Nameless Sect.

The disciples of the Nameless Sect were not allowed to take action carelessly. If they did make a move, they needed to make sure to burn the other party's bones and scatter his ashes.

Sensing the powerful pressure of the God Realm again, the two Ye family Martial Monarch Realm experts felt like they had stepped into the door of hell again.

However!

At the same time, an even stronger and faster aura suddenly erupted from behind them!

Almost in an instant, the extremely powerful aura tore through space and swallowed Shi Changlin's aura in an unstoppable manner.

Sensing the powerful aura that was enough to destroy him, Shi Changlin's pupils constricted. He was extremely frightened, and the hair on his body stood on end.

"Damn, I've messed with the wrong person."

Almost the moment this thought appeared, Shi Changlin immediately circulated his divine power with all his strength and retreated quickly.

He had no intention of resisting.

The other party's aura almost suffocated him.

At this moment, any resistance was useless.

Running was the best choice!

Chapter 292: Chain Formation

However, although Shi Changlin's reaction speed was fast, the other party was even faster.

Almost the moment he left, the pressure of the sweeper disciple landed on him.

At this moment, Shi Changlin felt like he had collapsed.

The bones in his chest directly broke, and his organs suffered a violent impact. They were shattered into pieces on the spot.

Golden blood sprayed out of his mouth, and his entire body was sent flying like a kite with a broken string.

The air instantly fell silent. When the two Ye Family Martial Monarch Realm experts saw this, they could not help but be shocked and dumbfounded, petrified on the spot.

A sweeper disciple from their Ye Family Holy Land had casually made a move and sent the second level God Realm Shi Changlin flying, causing him to lose his combat strength on the spot?

Was this a joke?

Or were the two of them dreaming?

"You guys can leave. This battle is no longer something you can participate in."

Only when the other party spoke did the two of them wake up from their shock.

"Thank you, Senior, for saving my life."

The other party ignored him and only held the broom in his hand as he directly passed through the two of them and walked towards the battlefield where Ye Junlin and Lu Xiaoran were fighting.

Even after the sweeper disciple had disappeared far away, the two of them still had shocked expressions.

"I didn't expect that the real expert of the Ye family is not Ye Junlin but someone else!"

"Now, our Ye family is finally saved."

The sweeper disciple's expression did not change much when he heard the two of them discuss. It was as if all of this was extremely ordinary.

As he walked towards the battlefield ahead, he said indifferently,

"System, sign in."

"Ding... signed in successful. Reward: top-grade God Realm cultivation technique, the Supreme Art. It has already been cultivated to the perfected realm."

“Ding... a new Supreme Realm mission has appeared. The objective of the mission is to kill Lu Xiaoran. If completed, the system will increase host’s cultivation by a realm, a divine technique, and a divine artifact. Do you accept this mission? ‘

“Of course I accept.”

The sweeping disciple chose to accept it with an indifferent expression, as if this was an extremely ordinary matter. It was also as if he had long expected this mission.

In fact, he was not from this world. He was from a planet called Blue Water Planet.

He originally thought that he would reach the peak of his life after transmigrating. However, he did not expect to only transmigrate to become a sweeper disciple in the Ye family’s holy land.

Without talent, background, and everything, he was destined to be trash.

Fortunately, the heavens did not make him despair.

Just as he thought that his life had already been decided, that man appeared.

That man had given him a system. As long as he signed in every day, he could become the strongest existence in the world.

Therefore, from the moment he transmigrated until now, for an entire thirteen years, he had been guarding the holy land of the Ye family and sweeping the graves of the seniors.

Now that Lu Xiaoran had attacked, it was impossible for him to continue hiding his identity and signing in.

It was impossible for him to watch the Ye family be destroyed by Lu Xiaoran.

Therefore, he decided to make a move at this moment!

...

On the battlefield, in the intense and continuous battle, Ye Junlin clearly began to lose his footing.

This was also very normal.

Although his cultivation was similar to Lu Xiaoran’s, his equipment and cultivation technique seemed extremely insufficient compared to Lu Xiaoran.

In the same long battle, Lu Xiaoran appeared to be at ease, but Ye Junlin’s mentality gradually began to collapse.

This was because Lu Xiaoran had never treated Ye Junline seriously from the beginning. Moreover, Ye Junlin had been losing his balance step by step because he could not see the effect of the attack.

Finally, after a hasty mistake, Ye Junlin’s fingers were severed by Lu Xiaoran.

As his finger shattered, Lu Xiaoran opened the Trinity True Eyes and immediately used the eternal flames in an attempt to penetrate the other party’s finger.

With the help of the other party's wound, he could destroy Ye Junlin's body and soul from the inside.

"Not good!"

Ye Junlin's heart trembled and he suddenly discovered his mistake. He immediately tried to use a spatial jump to salvage the situation and maintain a certain distance from Lu Xiaoran.

Unfortunately, how could Lu Xiaoran let go of this good opportunity?

The Primordial Chaos Emperor Scripture was used with all its strength, and divine power surged out like a tide, instantly sealing off all of Ye Junlin's escape routes.

Although the eternal flames did not succeed, it still messed up Ye Junlin's plans again, revealing an even bigger flaw!

Without any delay, Lu Xiaoran waved the divine weapon in his hand. A cold sword beam spread for 30,000 feet and slashed towards Ye Junlin's neck.

In the blink of an eye, at the critical moment, Ye Junlin immediately resisted with his divine weapon. In order to maintain his resistance, he even used his palm to firmly grab the sword blade.

However, Lu Xiaoran's move was so shockingly powerful.

A sword beam slashed out, and the distance directly shattered the two-dimensional spatial barrier. After killing many monsters, it drew a semicircle trajectory and slashed fiercely at Ye Junlin's sword.

Boom!

In an instant, a shocking explosion erupted from the spot where the divine weapons collided.

A vast fluctuation directly sent Ye Junlin flying, shattering half of his eardrums and causing his ear canal to bleed crazily.

The palm that was tightly holding the sword was also pushed back by the huge impact and was directly slashed apart by the sword. His fingers fell, revealing the dark red flesh inside and the ghastly white bones.

There was even a trace of blood on it.

"Damn it!"

When Ye Junlin flew backward in midair, he did not dare to be careless at all and hurriedly used his cultivation technique to treat his injuries.

The broken palm and the shattered eardrum quickly recovered.

With such a good opportunity, how could Lu Xiaoran let Ye Junlin recover?

Taking advantage of one's weakness to take one's life had always been Lu Xiaoran's proudest rule.

However!

Just as Lu Xiaoran was about to pursue and attack, a figure suddenly flew over from afar and shattered more than ten thousand walls in a row.

Seeing that the other party was still in motion, Lu Xiaoran immediately used his divine power to stop the other party.

Pfft!

His body suddenly stopped. The powerful inertia made the other party's already injured organs injure even more.

Only a powerful cultivator with a powerful body could resist this.

If it were anyone else, they might have directly died because of this.

After Lu Xiaoran stopped the other party, he saw that the other party was Shi Changlin.

"Did that guy finally decide to show himself?"

Seeing that Shi Changlin's chest had collapsed, his ribs were broken, and his organs had been shattered, Lu Xiaoran's eyes suddenly turned cold.

With his eyesight, he could naturally tell at a glance that Shi Changlin's chest had been severely injured by a single attack.

It had to be known that Shi Changlin was a second level God Realm expert!

Although he was only an ordinary expert and could not fight those at a higher level, he was still an existence at the second level of the God Realm.

An existence of this level was actually unable to resist a single attack from the other party. It was obvious how powerful the other party was.

Without any delay, Lu Xiaoran used the Azure Thearch Longevity Art and immediately healed Shi Changlin's injuries.

Shi Changlin's somewhat dizzy mind slowly returned to normal under Lu Xiaoran's treatment.

Seeing Lu Xiaoran, he immediately said with a frightened expression,

"Sect Master, let's retreat quickly. The Ye family has crouching tigers and hidden dragons. There's an extremely powerful existence who's even stronger than Ye Junlin. We can't beat him."

Taking advantage of this opportunity, Ye Junlin had already repaired his injuries and spat.

"What's wrong with you? Are you crazy?"

How could there be an existence stronger than him in the Ye family?

He was a peerless genius that his master had painstakingly nurtured for decades. Even the blood in his body had been replaced with divine blood.

Not to mention the Ye family, but even in the entire world, other than Lu Xiaoran, who else could be considered his opponent?

However, just as he finished speaking, an indifferent and unfamiliar voice suddenly sounded in his ear.

“He’s not crazy. There’s also nothing wrong with him.”

Ye Junlin frowned slightly and turned around.

It would have been better if he did not see this. However, when he did, his eyes immediately widened, revealing a disbelieving expression.

“It’s you!”

The other party was moving with the power of laws. Every step he took seemed casual, but it actually contained dense divine power. He was an existence that had completely grasped the divine power laws.

Ye Junlin could tell with a single glance that the other party’s cultivation was much higher than his.

However, that was not the problem.

The problem was that the other party was actually a sweeper disciple in the Holy Land?? He did not even know the other party’s name.

What kind of joke was this?

All along, he had thought that the other party was only a small piece of trash. Was he really supposed to believe that the other party was a powerful big shot?

“That’s right, it’s me.”

Ye Junlin experienced a short shock and quickly calmed down.

“Who are you? With such a high cultivation, why have you hidden in our Ye family for so many years?”

The sweeper disciple’s expression was still indifferent, as if this was the only expression he could make.

“My name is Ye Chen, a disciple of the Ye family from the same generation as you.”

“This is impossible! If you’re a disciple of the Ye family from the same generation as me, why have I never heard the elders of the family mention you? How did you reach this strength?”

The main reason why Ye Junlin was able to reach such a powerful cultivation in such a short period of time was because his black-robed master had given him divine bones and divine blood and taught him a God Realm cultivation technique.

After all, divine blood was extremely rare.

It was impossible for his master to inject divine blood into both of them.

Therefore, Ye Chen’s background made Ye Jun suspicious.

Not far away, Lu Xiaoran did not attack.

Attacking at this moment would only make the enemies in the chaos quickly cooperate in the chaos.

Chapter 293: A Sudden Change

“It doesn’t matter if you believe me or not. I’m still a descendant of the Ye family. As for why I’m stronger than you, you should ask your master.”

Ye Junlin’s pupils suddenly constricted.

“Is this matter related to my master?”

“That’s right. Your master did not place all his hopes of killing Lu Xiaoran on you. From the moment he began to create you, he had also nurtured me.”

In other words, I’m your substitute. At the same time, I’m also your master’s last hope. ”

“This is impossible!”

Ye Junlin clenched his fists tightly, and his nails were stained with dark red blood because they were deeply embedded in his palm.

“It’s impossible for my master to do this to me.”

“Watch your tone. You were created by your master. Do you really think he is obligated to report to you his every action?”

Ye Chen let out an extremely disdainful ridicule. His tone was as if he was looking at a kindergarten child.

“Originally, in your master’s plan, I was only a substitute. The reason for our existence was to kill Lu Xiaoran. If you can successfully kill him, I naturally won’t need to do anything. However, if you can’t, I won’t sit idly by.

“Actually, speaking of which, I can’t be bothered to get involved. The reason why I appeared is because you’re too useless.

“However, that’s not all. After all, Lu Xiaoran is too powerful. ”

“Shut up!”

Ye Junlin roared angrily.

“I haven’t lost yet. I can still fight. On what basis are you calling me trash?”

Ye Chen said indifferently, “You’ve already lost.”

“Lu Xiaoran did not use his full strength at all. He was guarding against me, so he has been suppressing his true combat strength. Otherwise, you would have long become a dead soul under his sword.”

“What did you say?”

Ye Junlin’s heart suddenly trembled. He immediately looked at Lu Xiaoran and stared fixedly at him, as if he wanted to obtain confirmation from him.

Lu Xiaoran’s expression did not change at all. He only stared at Ye Chen with a calm and solemn expression.

Seeing this expression, the pride in Ye Junlin’s heart instantly collapsed.

He understood that what Ye Chen said was true!

Lu Xiaoran had not used his full strength from the beginning to the end!

Lu Xiaoran was going easy on him.

At this moment, Ye Junlin was extremely furious.

He had actually been treated as a plaything!

Not only did his most respected master treat him as a plaything, but even Lu Xiaoran treated him as a plaything.

Lu Xiaoran did not treat him as an opponent at all and only treated him like a child.

The other party could even injure him without even using his strength. If the other party really used his full strength, how long will he be able to last?

However, after being furious for a moment, Ye Junlin finally accepted his fate.

He relaxed his fist and exhaled.

In a world where the weak were prey to the strong, anger was not enough. Without strength, one was destined to be stepped on!

His current anger would only make him more embarrassed!

He was even more like a clown.

“You win! Lu Xiaoran is yours!”

As if he had accepted his fate, Ye Junlin turned around and prepared to leave.

“Stop!”

At this moment, Ye Chen suddenly stopped him.

“What do you want to do?”

Ye Junlin said with a cold expression.

Ye Chen glanced at him indifferently.

“I’ve told you so much information. Don’t you think you should contribute something?”

Ye Junlin smiled coldly.

“Why? After humiliating me to this extent, don’t tell me you still want me to work with you? Don’t you think that’s too ridiculous?”

“You’re the one who’s ridiculous!”

As soon as he finished speaking, Ye Chen’s huge aura suddenly enveloped Ye Junlin.

“Don’t you think it’s too ridiculous for you to work with me with your strength?”

“What do you want to do?”

Sensing the killing intent from Ye Chen, Ye Junlin’s expression suddenly changed.

“Although you’re not qualified to participate in the battle between me and Lu Xiaoran, your strength can help me by a lot.”

“Oh, right, I forgot to tell you something. This matter was also planned by your master.

“If you can’t defeat Lu Xiaoran, I will take your place. You will become my nourishment and increase my cultivation to ensure that I can successfully fight Lu Xiaoran. ”

Ye Junlin’s body began to tremble.

He could not believe his ears.

“I don’t believe it. You’re lying. You’re lying!”

Just as he roared, Ye Chen suddenly raised two fingers and made a hand seal.

In an instant, Ye Junlin’s body suddenly froze. The golden divine blood in his body was constantly absorbed by Ye Chen.

“Did you see that? Your master did something to the cultivation technique he gave you to cultivate. I only need to make a hand seal and all your blood essence and cultivation will belong to me. I don’t have to spend much effort at all.

“Your life is simply dedicated to me.

“If you could kill Lu Xiaoran, you wouldn’t have to be absorbed by me. Unfortunately, you can’t!”

At this point, no matter how unwilling Ye Junlin was to believe it, he had no choice but to believe it.

The most tragic thing was that it seemed that not only had the cultivation technique been tampered with, but even his body had been tampered with.

When Ye Chen used his cultivation technique to snatch away Ye Junlin’s cultivation and blood essence, Ye Junlin actually lost control of his body and was completely unable to control himself.

Seeing that his strength was quickly flowing away, Ye Junlin’s body quickly began to wither.

“Old Man, why are you doing this to me?”

As soon as he said this, a sword beam that contained a powerful pressure suddenly slashed down quickly from afar.

It tore through the spatial barrier and descended in a supreme manner, instantly enveloping Ye Chen’s body.

This was Lu Xiaoran’s attack.

He had not attacked just now because he did not want the two of them to work together to deal with him.

In the end, he did not expect this Ye Chen to directly eat Ye Junlin up.

At this point, if Lu Xiaoran still did not attack, he would really be stupid.

It was true that Ye Junlin was indeed not his match. However, this Ye Chen's cultivation was much stronger than Ye Junlin's. Lu Xiaoran was simply unable to figure him out.

If he absorbed Ye Junlin, it would really be troublesome for him.

However, the other party seemed to have long expected this scene. When Lu Xiaoran attacked, the moment the sword beam slashed down, the spatial barrier shattered. However, Ye Chen did not dodge at all.

He only raised his hand and punched out, facing Lu Xiaoran's sword beam.

The fist and sword beam collided, and the world instantly became boundless.

The shock wave directly swept out a million meters!

The sky was instantly blasted apart, and a black hole several times stronger than before suddenly formed.

However, Lu Xiaoran's sword did not cause any damage to Ye Chen.

To be precise, even the corner of Ye Chen's shirt did not flutter at all.

At this moment, Ye Chen had already completely absorbed Ye Junlin's blood essence, and his cultivation was rising rapidly.

Fifth level, sixth level, seventh level, eighth level...

In the end, Ye Chen's aura reached the tenth level of the God Realm before stopping.

At the same time, his body also quickly expanded. Veins popped on his muscles, making him look like a terrifying monster.

The sunlight shone on his muscles, reflecting arcs of light that reflected a ferocious and unique beauty.

It was filled with a destructive aura!

The aftershock of their attacks colliding disappeared completely, and the two of them fell into each other's eyes.

A series of notifications sounded in Lu Xiaoran's ear.

Ding... detected that the hot shot has been killed. Reward: Master's current cultivation level +1. Cultivation level increased from the fifth level of the God Realm to the sixth level of the God Realm. '

Ding... detected that the hot shot has been killed. Reward: divine artifact, the Heaven Demon Zither.

Ding... detected that the hot shot has been killed. Reward: divine weapon gift box x250. ‘

Ding... detected that the hot shot has been killed. Reward: divine technique, Boundless Maha.

Ding... detected a new hot shot and has swallowed the luck of a hot shot. Master, please kill him and obtain an even better reward!

Wang Cai’s series of notifications made Lu Xiaoran narrow his eyes slightly.

It seemed that he did not have to personally kill the hot shots to obtain the reward. Perhaps he could obtain the reward as long as he participated.

Previously, he had attacked Ye Junlin and was eventually eaten alive by Ye Chen. He could only be considered to have participated.

However, what Lu Xiaoran cared about now was not this, but the huge problem in front of him.

Ye Chen!

After absorbing Ye Junlin, Ye Chen’s cultivation increased in a straight line and he had already reached the tenth level of the God Realm.

Moreover, Lu Xiaoran could sense that compared to Ye Junlin, Ye Chen was not only stronger in terms of cultivation, but also in terms of intelligence.

Other than these, there was another factor—Ye Chen’s cruelty!

Lu Xiaoran also dared to say that he was ruthless enough. When dealing with enemies, he could even destroy the other party’s entire family without leaving a trace. He would not feel the slightest guilt and would not even blink.

However, he still could not directly eat his own people.

Unless it was a traitor.

This made Lu Xiaoran feel that he was inferior to Ye Chen in terms of viciousness.

A lunatic who killed without batting an eye and a cold and heartless killing machine. Now that these two extreme characters were mixed together, it made Lu Xiaoran feel that the current Ye Chen was simply a monster.

“In order to kill me, you went through so much trouble and even sacrificed your own people. The guy behind you and Ye Junlin is quite ruthless.”

Ye Chen smiled coldly, his eyes revealing a trace of madness.

“You don’t know what we want to do at all! What we want to do is an unprecedented matter!

“As long as we kill you, we would have a chance to suppress the myriad worlds!

“No one in their sane mind would say no to this. ”

Chapter 294: A Shocking Battle

“Looks like you should know something about me. Before the battle, can I ask what my identity is?”

Ye Chen did not answer. He only took a step and shattered the void, as if he was stepping on glass.

In the next moment, Lu Xiaoran had already grabbed Shi Changlin’s shoulder with one hand and teleported away.

Just as he left, the place he had just stood was shattered by a powerful force in the next second.

Then, Lu Xiaoran threw Shi Changlin to the side.

“Inform the others to leave this place and not to casually approach this place.”

“Yes! Sect Master, be careful!”

Shi Changlin transformed into a bolt of lightning and retreated. At the same time, Lu Xiaoran also changed into all his equipment.

He equipped divine artifact armor as well as combat divine artifacts.

The moment he finished changing, a void black hole was directly pierced through the void barrier in front of Lu Xiaoran.

An iron fist pierced through the space and headed straight for Lu Xiaoran’s heart.

Lu Xiaoran blocked with the Kunlun Sword. The other party’s fist smashed onto the Kunlun Sword, trembling as sword roars sounded. The power of laws transformed into fluctuation patterns that spread in all directions. Lu Xiaoran’s body also retreated tens of thousands of meters.

Because his speed was too fast, the moment he retreated, Lu Xiaoran’s body tore a spatial rift tens of thousands of meters long.

Before he could stabilize his body, the next attack had already arrived.

Lu Xiaoran slashed forward with his sharp sixth sense. The moment the light flashed, the other party’s attack also arrived at the same time.

The two attacks collided, and the explosive charge produced made the two of them fly out at the same time.

Lu Xiaoran could be considered to have temporarily obtained a breather.

However, it was only for a second.

This Ye Chen’s character was even more stable than his. When fighting him, Ye Chen could not be bothered to say a word and even directly attacked with a killing move.

It was as if he was afraid that he would lose if he was careless.

However, even though he only had a second, it was enough for Lu Xiaoran to set up.

He first activated the Supreme Profound Dipper. With the Supreme Profound Dipper as the center, he could control the spatial power in a certain range.

Be it his perception or his defense, they could instantly increase by a lot.

At the same time, by being able to control space, Lu Xiaoran would also have some means to resist the other party.

After all, Ye Chen was already at the tenth level of the God Realm.

The difference between the two of them was really too great.

The higher one's cultivation level was, the greater the difference between each level.

It was like how there was only a small difference between a penny and a dime.

However, there was a huge difference between ten yuan and a hundred yuan.

The reason why Lu Xiaoran was able to maintain the battle was partly because he had too many methods. He could take out one or even several trump cards in a short period of time.

On the other hand, it was also because he had a lot of resources.

Divine artifact armor, combat divine artifacts...

The combined might of these attacks was extraordinary. This was why Lu Xiaoran was able to not fall into a disadvantage when facing such a powerful cultivation.

Ye Chen knew how to pursue the enemy.

After seeing that Lu Xiaoran's methods were endless, Ye Chen did not want to give Lu Xiaoran too many chances to react.

Even if he was stronger and had more trump cards than any of the previous hot shots, he did not dare to be too careless with Lu Xiaoran.

This guy was a pervert, and an unreasonable one at that. One could easily lose everything after provoking him.

However, this time, when Ye Chen's attack was aimed at Lu Xiaoran again, an accident suddenly happened.

The punch that was originally aimed at Lu Xiaoran had a slight deviation when it finally landed.

In a battle between experts, any small mistake was fatal.

Because of this slight deviation, Lu Xiaoran did not have to focus on defense and could attack with all his strength.

The Kunlun Sword emitted a dazzling light that struck Ye Chen's chest.

Bang!

Ye Chen's body suddenly trembled as he was blasted ten thousand meters away by Lu Xiaoran.

This also made him a little stunned.

A moment later, Lu Xiaoran's second sword attack bombarded Ye Chen's heart again.

After two consecutive attacks, an almost invisible mark appeared on Ye Chen's protective divine armor.

When Lu Xiaoran attacked a third time, Ye Chen's mind had already reacted.

"You can actually control the spatial power around you? As expected of you, but you still can't kill me with this."

With the Supreme Art circulating, the world expanded!

At this moment, with Ye Chen as the center, his divine power surged in all directions without holding back at all. There was no blind spot at all.

Lu Xiaoran's sword move was only halfway through when it collided with the Supreme Art.

Boom!

Another dazzling light lit up, and another energy explosion occurred between the two of them.

At this moment, Ye Chen ignored the danger and relied on his divine armor to forcefully pass through the center of the explosion and arrive in front of Lu Xiaoran.

He wanted to give Lu Xiaoran another heavy blow before he could react.

The strength of the tenth level of the God Realm erupted at this moment.

The powerful pressure almost enveloped Lu Xiaoran and completely locked him in place, sealing the spatial power around him and not giving him any chance to dodge.

In this situation, Lu Xiaoran was almost forced into a dead end.

If nothing unexpected happened, he would be hit and severely injured.

However, at this critical moment, the river of time in the world suddenly seemed to have slowed down.

How terrifying was Ye Chen's speed at the tenth level of the God Realm?

Despite being ten thousand meters apart, as soon as he thought of attacking Lu Xiaoran, the attack would have already landed on Lu Xiaoran's body.

However, this time, his attack took him 0.001 seconds.

Lu Xiaoran, whose current cultivation had already reached the sixth level of the God Realm, was able to easily dodge this attack.

His body shifted slightly and Ye Chen's attack missed. Lu Xiaoran did not use the divine artifact sword again. Instead, he summoned his Sun Shooting Divine Bow!

Even though they were both divine artifacts, the might of the Sun Shooting Divine Bow was several times stronger than the divine artifact sword.

He aimed, nocked, pulled the bow, and locked onto the target in one go.

An arrow emitting a golden light suddenly formed and aimed at the spot where Lu Xiaoran had slashed Ye Chen twice previously.

As for Ye Chen, not only was his strength condensed on his attack, but he was also unable to easily retract his attack. Even his deeper defense was not activated in time.

There was nothing wrong with his thoughts or his strength. However, his speed had been forcefully slowed down by Lu Xiaoran.

It was this inconspicuous factor that became the key to victory and defeat between the two of them.

Boom!

Ye Chen felt his heart suddenly throb. His entire body seemed to have stopped for a moment.

The huge impact directly sent him flying on the spot.

He retreated hundreds of thousands of meters like a dazzling meteor in the sky.

The fluctuation in the sky returned to normal. The two of them were hundreds of thousands of meters away from each other and kept panting.

Ye Chen's expression was extremely solemn.

He shattered Lu Xiaoran's arrow with a palm. However, a small hole had already appeared in the armor at the location where his heart was located.

The only fortunate thing was that his armor was a top-grade divine weapon. Although there was a hole, it was still powerful enough to resist the might of this arrow.

However, this did not mean that he could rest easy.

The two special abilities Lu Xiaoran had just displayed made him deeply afraid at this moment.

Space Control!

Time Control!

This guy was far more abnormal than he had imagined.

However, Ye Chen would not lose his faith because of this.

Although Lu Xiaoran's move was powerful, it still had a certain range.

His range of control was not that far.

After taking a deep breath, Ye Chen summoned a top-grade divine weapon spear.

He looked at the spear as if it was his lover. He caressed the spear in his hand, his face carrying a trace of nostalgia.

"Thirteen years ago, I obtained you after signing in. In the past thirteen years, I've never used you because my cultivation had been insufficient."

However, I have no choice but to use you in this battle today, old friend.”

As if sensing Ye Chen’s thoughts, the divine weapon spear emitted a trembling sound, as if it was responding to Ye Chen.

The corner of Ye Chen’s mouth curled up slightly.

When he looked at Lu Xiaoran again, the gentleness in his eyes suddenly transformed into dense killing intent.

“Again!”

Ye Chen shouted as the light on his body spread for more than ten thousand feet. It was as if a new sun had appeared in the sky.

The pressure of the perfected tenth level of the God Realm erupted again at this moment. Like a tide, it swept over Lu Xiaoran.

A powerful force pressed down like sea water and enveloped Lu Xiaoran.

The feeling of power was so suffocating that it was even more terrifying than the feeling of drowning.

Without any suspense, in the next moment, Ye Chen had already stabbed over.

As killing intent spread, the spear beam was released.

At this moment, it was already too late and the effect of the Supreme Profound Dipper was unable to reach 100%.

Ye Chen’s cultivation was higher than Lu Xiaoran’s. When Lu Xiaoran used the Supreme Profound Dipper, he actually needed to unleash it twice.

On the one hand, he would displace Ye Chen. On the other hand, he would displace himself.

In other words, Lu Xiaoran needed to change both their positions at the same time in order for him to perfectly dodge Ye Chen’s attack.

However, now, Ye Chen was already outside his Supreme Profound Dipper. The position of the divine weapon was pressing forward. Lu Xiaoran was already unable to displace Ye Chen.

It was impossible for Lu Xiaoran to dodge this shot if he only displaced himself.

As for the Great Dao Reincarnation, it was even more uncontrollable.

The length of Ye Chen’s spear beam was fixed, and so was Ye Chen’s position. Ye Chen’s main body had already escaped the restraints of the Great Dao Reincarnation.

Therefore, this spear stabbed into Lu Xiaoran’s heart with full force!

Chapter 295: Immovable Netherworld King

...

The spear shot out and hit Lu Xiaoran's heart, emitting a purple lightning.

Lu Xiaoran's divine artifact armor was attacked by a divine weapon, so it naturally would not be pierced, unlike just now when he used his artifact weapon on Ye Chen's divine armor.

However, this did not mean that Lu Xiaoran would be fine.

The difference in cultivation made Lu Xiaoran's heart suddenly tremble. His blood essence was in chaos as his body was sent flying, tearing a tens of thousands of meters long rift in the spatial barrier.

The enhancement brought by a divine artifact was huge. However, be it a divine weapon or a divine artifact, in order to unleash enough strength, one needed to have a powerful cultivation.

The higher the cultivation, the greater the increase.

Lu Xiaoran's cultivation was insufficient, and the strength he could unleash was also insufficient.

After successfully attacking, Ye Chen pounced forward again.

"No matter how precious the divine artifact you use is, it's unable to make up for the difference in our realms.

The sharp sword in trash's hand will never be able to break the wooden rod in an expert's hand."

As he spoke, Ye Chen shot again.

He was very smart and still did not stand in the range of Lu Xiaoran's Supreme Profound Dipper and the Great Dao Reincarnation.

Be it spatial power or the laws of time, they were unable to affect him.

His spear tore through the sky and pressed down on Lu Xiaoran.

With a thought, Lu Xiaoran instantly activated the Phoenix Perching Parasol Mark and blocked above his head.

Ye Chen's spear smashed down and landed on the Phoenix Perching Parasol Mark, causing a loud bang.

The shock wave wandered in the world, shattering the mountains and rivers.

At this moment, Lu Xiaoran raised his hand and pulled the bowstring. Another golden arrow tore through the air.

"Hmph! Break!"

Ye Chen shouted softly and turned his wrist. The spear went up and directly broke the arrow.

In a moment, Lu Xiaoran shot three more arrows.

Ye Chen swept through them one by one.

Every time it was swept away, it would cause a violent explosion, making a few huge light balls appear in the sky. They were as dazzling as small suns.

After a few moves, Ye Chen seemed to have sensed something and suddenly retreated.

Almost at the same time, Lu Xiaoran held his long sword and pierced through the explosion area to arrive at his previous location.

A sneer flashed in Ye Chen's eyes.

Lu Xiaoran tried to get close to Ye Chen again so that he could use his two mysterious cultivation techniques.

Unfortunately, Ye Chen would not let him have his way.

On the contrary, Lu Xiaoran's mistake had become Ye Chen's greatest opportunity.

He activated all the divine power in his body and condensed it at a single point.

At this moment, Ye Chen's aura and cultivation had reached an even higher peak.

It was even to the extent that at this moment, he seemed to have already broken through to the peak tenth level of the God Realm.

A huge phantom appeared behind him. It held a golden rod and had a ferocious expression.

Immovable Netherworld King!

It was said that after one's cultivation broke through to the God Realm, they would reach the True God Realm.

When those above the True God Realm attacked, the soul in their bodies would release a phantom.

The taller the phantom, the stronger the other party's strength.

Although Ye Chen had not reached the True God Realm, his current performance was infinitely close to a True God Realm expert!

The moment the Netherworld King's divine soul phantom appeared, Ye Chen's aura spread out and immediately suppressed this small world.

Below, be it Ji Wuxia and the other personal disciples, Shi Changlin, Jun Changming, or the other second-generation disciples, they were all suppressed until they were unable to circulate their divine power flexibly.

"How powerful! Is this the strength of a hot shot?"

"Ye Chen is actually so powerful. This time, even the sect master won't be able to resist, right?"

"Could it be that we're going to die here?"

"If the sect master dies, who can still resist Ye Chen?"

Ji Wuxia and the others stared fixedly at the sky. Suddenly, Jun Bujian seemed to have thought of something and immediately said to Su Lingwu,

"Junior Brother, just now, when you arrived, how long did you say you were gone for?"

Su Lingwu raised his eyebrows slightly and said in confusion,

“Three years! What’s wrong?”

At this moment, the scene was somewhat quiet.

Be it Jun Bujian or Fang Tianyuan and the others, everyone vaguely felt uneasy.

Ji Wuxia clenched her fists slightly.

“Back then, Eldest Senior Brother shouted for at least five years. Moreover, his enemy was so trash that five years was enough to deal with him. However, now, the Ye Chen we’re facing is almost the strongest and most terrifying among all the hot shots.”

However... Junior Brother only said it had been three years. ”

“We... won’t really die here, right?”

Jiang Taixuan could not help but ask.

Everyone did not answer, but ten thousand curses surged in their hearts.

Would it kill him to add a few more years?

Would he die?

In the next second, Ye Chen had already attacked in the sky.

He threw his top-grade divine weapon into the void and fused it into the Immovable Netherworld King’s palm shadow before slashing out.

With a God Realm cultivation technique and a top-grade divine weapon, the explosive strength was simply unimaginable.

In an instant, his strength erupted to the limit and instantly locked onto this world.

Boom!

A palm mark that carried a destructive force instantly pressed down on Lu Xiaoran’s head without giving him a chance to adjust.

The rift that spanned a million feet appeared in the sky at this moment!

The black hole in the sky seemed to be able to devour the entire world.

Although all the God Realm experts below were far away and did not directly face this force, they still felt their blood surge and their souls tremble because of the pressure of the palm.

At this moment, they seemed to vaguely want to kneel on the ground and announce their submission.

From this attack, everyone felt small and helpless.

“Master!”

Ji Wuxia only clenched her fists and stared fixedly at the sky.

Even though she had always believed in her master, she could not help but start to worry for him.

This move was so powerful. Could their master resist it?

After an unknown period of time, the explosion light in the sky slowly dissipated.

The place where the battle had originally occurred had already recovered its clarity. The spatial power was slowly repairing the spatial barrier on its own.

However, Lu Xiaoran's aura had disappeared.

"What's wrong, Master? Where's Master?"

Everyone began to panic.

Lu Xiaoran was their backbone. If anything happened to Lu Xiaoran, their faith would also completely collapse.

In the sky, Ye Chen also heaved a sigh of relief, and his face finally revealed a rare joy.

He could sense that Lu Xiaoran's aura had completely disappeared from the sky.

In his full-power attack, Lu Xiaoran had already been completely killed.

Of course, if he had only sensed Lu Xiaoran's aura disappear, he would not be sure that Lu Xiaoran was already dead.

He was not that stupid.

The main reason was that the system had already begun to inform him.

Ding! Congratulations, host. You have successfully completed the Supreme Realm mission and killed Lu Xiaoran. The system has rewarded you with a divine artifact, the Sun Shooting Divine Bow.

Ding! Congratulations, host. You have successfully completed the Supreme Realm mission and killed Lu Xiaoran. The system has rewarded you with a defensive divine artifact, the Creation Bell.

Ding! Congratulations, host. You have successfully completed the Supreme Realm mission and killed Lu Xiaoran. The system has rewarded you with a divine technique, the Primordial Chaos Emperor Scripture.

Ding! Congratulations, host... '

These notifications sounded in Ye Chen's mind, making him feel extremely happy!

"Elder Jiang, did you see that? Ye Chen did not disappoint you! I have successfully killed Lu Xiaoran."

"The grand undertaking is about to be completed. No one will be able to stop our footsteps anymore."

He slowly spread his arms and enjoyed the breeze after his victory and the sunlight.

However!

At this moment, a certain part of his body suddenly began to explode.

Boom!

The violent explosion made the divine armor explode on the spot and detach from Ye Chen's body.

His skin in that area had also become bloody from the explosion.

Ye Chen: "???"

He did not react at all to what had happened.

Just as he was in a daze, an explosion sounded from his left shoulder.

His flesh exploded into a bloody mist.

Then, it was his chest, legs, head, and armpits...

Boom! Boom! Boom!

The explosions became more and more rapid. In the blink of an eye, all the divine weapons on Ye Chen's body exploded.

His entire body turned bloody, covered in golden blood.

His aura also quickly fell.

In the blink of an eye, he went from being energetic to panting and having a chaotic aura. It was as if he had experienced a calamity and was extremely weak.

At this moment, a pressure that carried a dense aura of death suddenly sounded from the space behind him.

"Not good!"

Without any delay, Ye Chen quickly used spatial jump.

However, he was still a step too late.

With his serious injuries, his speed would naturally decrease greatly. Moreover, Lu Xiaoran's Supreme Profound Dipper and the Great Dao Reincarnation were also present.

Pfft!

Lu Xiaoran slashed diagonally and slashed off half of his shoulder and an arm.

Ye Chen's body jumped ten thousand meters away, and his breathing became even more intense. His eyes stared fixedly at Lu Xiaoran who had stepped out of the spatial rift behind him.

Lu Xiaoran also had some light injuries, but compared to him, they were completely insignificant.

"How did you do it?"

Ye Chen's eyes were extremely cold.

He could roughly imagine that he seemed to have been under an illusion.

Other than the illusion technique, he really could not figure out what was going on!

However!

How did he fall for it?

Lu Xiaoran's illusion technique should have been released with that pair of eyes. However, Ye Chen had always been on guard. Other than Ye Chen's probing mental strength, his other mental strength had long been used to seal his consciousness and build a mental fortress that was like an iron wall.

In this situation, Lu Xiaoran's illusion technique should not have any effect on him at all.

In fact, Lu Xiaoran could not take credit for this. The real reason was...

Chapter 296: Nameless Sect's Escape

Lu Xiaoran had long expected an expert to appear behind the Ye family.

Therefore, before the other party appeared, Lu Xiaoran was not idle.

In the battle with Ye Junlin, he seemed to be stalling. However, in fact, he was using the Trinity True Eyes to continuously use an illusion technique on Ye Junlin.

This was because the effect of the illusion technique deepened with one's cultivation.

Lu Xiaoran could easily use an illusion technique on those below the Martial Monarch Realm and even successfully control others with his mind.

However, it was somewhat difficult for him to use them on those above the Martial Monarch Realm.

Especially Ye Junlin, who he had just dealt with.

Ye Junlin's cultivation was at the fifth level of the God Realm.

Lu Xiaoran could not instantly kill him. Therefore, he used his illusion technique to create a mark and fused it into Ye Junlin's blood essence and soul bit by bit.

Originally, Lu Xiaoran's idea was to wait for the mark to accumulate to a certain level before directly activating it and instantly killing Ye Junlin. Moreover, this way, he could also avoid others discovering his actions and exposing his methods.

Lu Xiaoran had even thought that after accumulating the mental mark to a certain extent, he could still control Ye Junlin and get him to cooperate with him, in case an existence similar to Ye Chen might appear.

However, he did not expect that after appearing, Ye Chen would actually directly swallow Ye Junlin in order to increase his cultivation.

In this way, the mental marks designed by Lu Xiaoran were all absorbed into Ye Chen's body.

Lu Xiaoran dared to swear to the heavens that this matter really had nothing to do with him. It was really Ye Chen who absorbed the mental mark into his body.

Later, in the battle with Lu Xiaoran, Lu Xiaoran first used the battle to keep Ye Chen busy. Then, he kept activating the Trinity True Eyes to activate the illusion techniques one by one.

It was only at the end did finally reached the level of controlling Ye Chen.

However, even so, Lu Xiaoran did not directly activate the illusion technique easily.

In the end, when Ye Chen could used his full strength to unleash the Immovable Netherworld King and focused all his attention on the attack, it just happened to give Lu Xiaoran a chance to unleash his illusion technique.

Just now, Ye Chen had indeed successfully used the Immovable Netherworld King. However, the target of his attack was not Lu Xiaoran but himself.

This was also why his divine armor would gradually explode after the battle. Even his main body suffered a huge impact.

It could also be said that Ye Chen was to blame for his current state.

If not for his greed and wanting to increase his cultivation by devouring Ye Junlin, he would not have absorbed Lu Xiaoran's mental mark.

With his cultivation that surpassed Lu Xiaoran's to begin with, even if he could not kill Lu Xiaoran, it was definitely not a problem for him to survive.

Unfortunately, his choice had ruined his only chance of survival. He had forcefully created a huge weakness in himself.

Naturally, he lost the battle.

Lu Xiaoran chased after him and naturally did not give him a chance to breathe.

After pulling away from the other party, Lu Xiaoran immediately took out his Sun Shooting Divine Bow.

As he drew the bow and nocked the arrow, four arrows shot out in a familiar manner, piercing through his remaining arm, legs, and even his dantian.

"Bastard!"

Ye Chen spat fiercely and circulated his divine power to directly break these arrows.

However, the injuries caused by the divine artifact's attack were not something that could be easily healed.

Golden blood was still flowing out of the wound pierced by the arrow.

However, before Ye Chen could be furious, Lu Xiaoran had already pounced forward. He held the Xuanyuan Sword and slashed down.

Ye Chen immediately blocked with the divine spear. When the Xuanyuan Sword slashed the divine weapon, a dazzling lightning light burst out on the spot, accompanied by sparks.

Because the divine weapon had been slashed by the divine artifact, a huge hole even appeared.

If not for the fact that Lu Xiaoran's cultivation was four realms inferior to Ye Chen's, Lu Xiaoran would have directly severed Ye Chen's top-grade divine artifact.

In the blink of an eye, just as Ye Chen blocked Lu Xiaoran's Xuanyuan Sword, another divine weapon appeared in Lu Xiaoran's left hand and swept across Ye Chen's waist.

Boom!

With a flash of light, Ye Chen's waist was directly slashed by Lu Xiaoran. Golden divine blood surged out. Lu Xiaoran could even see that some of Ye Chen intestines had been severed by him.

If not for the fact that Ye Chen was a God Realm expert and had extremely vigorous vitality, he would have long collapsed and died.

Ye Chen also felt sad.

Actually, after being attacked by the illusion technique, he might not immediately lose.

As long as he adjusted his mentality, he still had a chance to turn the tables.

If it were anyone else, they might really have made a comeback.

Unfortunately, his opponent was Lu Xiaoran.

He originally thought that his cultivation had surpassed Lu Xiaoran's by too much and that it was enough for him to take down Lu Xiaoran. However, he only learned the truth when he started fighting Lu Xiaoran.

Cultivation alone was not enough. One also needed money and divine equipment.

Ye Chen had originally thought that the sharp sword in trash's hand will never be able to break the wooden rod in an expert's hand.

However, he had made a mistake. Lu Xiaoran was not using a sword.

He was using a gun!

At this moment, if Ye Chen still did not understand that the situation was hopeless, he could really kill himself with a tofu.

After taking a deep breath, Ye Chen did not waste any more time.

"Lu Xiaoran, I lost to you this time. Consider it my loss.

"As the saying went: In this world, you have to admit your mistake and stand up straight when you're beaten. I lost to you today. There's nothing to be arrogant about.

"However, this does not mean that you have won. I still have one last move for you.

"If you can handle it, then it would mean that you're indeed very powerful."

As soon as he finished speaking, Ye Chen pressed his palms together and formed another seal.

This hand seal activated the huge blood formation below!

This was the blood essence energy gathered with the blood of all the disciples and elders in the Eternal Forest.

Even the God Realm experts below were unable to break through this blood formation!

In the next second, Ye Chen's body suddenly began to release a dazzling golden light.

Sensing this golden light and an extremely dense dangerous aura, Lu Xiaoran's eyes suddenly turned cold.

"Self-destruct?"

"Damn! Aren't you too shameless? Why would you self-destruct when you can't win?"

Ye Chen laughed loudly.

"Hahahaha... I didn't know that you were able to feel fear too... Interesting, very interesting! Is this what the legendary chosen one is like?"

After a pause, his expression gradually darkened.

"If you can't even handle the self-destruction of a perfected tenth level God Realm expert, you won't be qualified to be the chosen one! And my name will be immortalized and passed down for eternity!

"Let me show you the true art of this world. "

Bang!

After a soft shout, Ye Chen's body suddenly transformed into a pure white light.

This light was like a divine light that could split the world apart. In an instant, it spread mercilessly.

Wherever it passed, everything would be destroyed. The power of laws was disturbed. The powerful force brought with it a powerful pressure, making space crack before the shock waves could arrive.

Everything in the world was swallowed.

With the spatial power disturbed, Lu Xiaoran could not even open the Mountain and River State Painting.

The self-destruction of a perfected tenth level God Realm expert might not be a big deal in the Divine World.

However, in this world, the power of laws was simply unable to withstand it.

It had already surpassed the limit of this spatial dimension.

Lu Xiaoran arrived below at the fastest speed. Moreover, he immediately used the Six Paths of Reincarnation to slow down the time flow in a certain range and reduce the speed as best as he could.

"Time is of the essence. I'll only say it once. Listen carefully.

“Ye Chen self-destructed. He was at the perfected tenth level of the God Realm. None of us present could resist his self-destruction.

“Even if we could, we would not be able to withstand the spatial turbulence caused by his self-destruction.

“I heard that in the Eternal Forest, there’s a gate to the Divine World in the top ten families, right?”

Shi Changlin immediately replied,

“That’s right. The ten great families all have gates to the Divine World.”

“Alright! I originally planned to let everyone cultivate to the late-stage God Realm before entering the Divine World. However, now it seems that if we don’t escape from this place, we will die here today.

“The Ye family had sealed the entire Ye family with the blood of hundreds of millions of cultivators. By the time I resolve the array formation, the shock wave of Ye Chen’s self-destruction would already arrive. It would already be too late.

“Our only chance is to open the gate to the Divine World! With the help of the gate, we can enter the Divine World and avoid Ye Chen’s self-destruction.

“To cut a long story short, I’ve prepared a set for each of you to go to the Divine World. It includes a divine armor, a divine weapon, a divine pill, and some top-grade spirit stones.

“After arriving at the Divine World, those who could search for companions should immediately search for companions. Those who can’t should hide and cultivate on the spot. After our cultivation reaches a certain level, we should think of a way to go to the Lu family in the Divine World. Our gathering point is in the Lu family in the Divine World.

“Do you understand?”

“Understood!”

Everyone’s faces were red with excitement.

Were they finally about to step into that world?

Lu Xiaoran distributed the storage bags.

“Before entering the gate to the Divine World, recite the rules of the Nameless Sect again.”

“Firstly, if you encounter anyone being bullied, don’t interfere. Remember to avoid them.”

“Secondly, you are not allowed to deliberately get involved with others. If you have to attack, you have to kill the other party and burn their bones and destroy their souls. You are not allowed to let a single soul or a single drop of blood essence escape.”

“Thirdly, fight in groups if you can. Try not to fight one-on-one.”

...

“Beautiful!”

Lu Xiaoran snapped his fingers and raised his hand to slash out the Ye Family's Divine World Gate.

Nearly 200 Nameless Sect disciples and divine beasts swarmed over and rushed into the Divine World Gate in unison.

In the next moment, the light of Ye Chen's explosion devoured everything!

Chapter 297: Take things steadily. Cultivate in seclusion for a few years first

In the vast sea of stars, in the universe.

On an immortal island, immortal cranes roamed and flowers bloomed.

In a corner of the Immortal Island, inside a pavilion, two figures were playing chess. One of them had white hair and beard and was wearing a plain robe. The other person, on the other hand, wore a red robe and was about forty years old and looked middle-aged.

The atmosphere around the two of them was peaceful.

However, at this moment, a black chess piece suddenly exploded without any warning.

Seeing this scene, the two of them could not help but narrow their eyes.

"Looks like your pawn in the lower realm has already been crippled."

The old man holding the black chess piece slowly put down the chess piece in his hand and rubbed the space between his eyebrows, his face revealing a hint of exhaustion.

"It's still fate. Even with the help of a hot shot, it's still too difficult to resist..."

"It's not easy to defy the heavens. This is probably the so-called fate, right?"

"But even so, I don't want to let him off so easily. Only by killing Lu Xiaoran and seizing his luck can I take back everything that belongs to me."

"Perhaps it's time to use those bastards from the Divine World."

...

The world had changed.

In a certain mountain in the Divine World, space distorted and Lu Xiaoran's figure suddenly crawled out.

"I'm finally out. I almost died inside!"

He spat and crawled up from the ground. Sensing the dense divine power aura in the air, the corner of his mouth could not help but curl up.

"Is this the Divine World? With such dense divine power, it's indeed worthy of being the most suitable place for a God Realm expert to cultivate. With the cultivation of my disciples and my own talent, I should be able to break through to the God Realm and reach the True God Realm very quickly, right?"

A moment later, an anxious notification sounded in his mind.

“Congratulations, Master, for killing the hot shot successfully. You’re rewarded with a divine artifact, the Bodhi Bead, x1.”

“Congratulations, Master, for killing the hot shot successfully. You’re rewarded with a divine technique—External Avatar x1.”

With this technique, one would be able to create an avatar that completely obeyed the orders of the main body to assist in cultivation and combat.

It would not affect the main body’s cultivation or consume his blood essence at all.

“Congratulations, Master, for killing the hot shot successfully. You’re rewarded with a divine artifact, the Soul Freezing Awl x1.”

“Congratulations, Master, for killing the hot shot successfully. You’re rewarded with a profound soul x1!”

The profound soul could be used to advance a cultivation technique to the profound level. It could also be used to increase a weapon to the profound level;

“Congratulations, Master...”

Lu Xiaoran did not listen to the rest. His attention had been captured by two of the rewards.

One of them was an avatar.

This thing was so abnormal. Not only could it create existences as powerful as his main body to fight, but it could even cultivate.

If the talent of an avatar was the same as his main body, it would be even more abnormal.

After all, his main body’s cultivation talent was rather heaven-defying and surpassed the talent of his disciples.

In this way, he could rely on his avatar’s cultivation to quickly increase his cultivation. Moreover, if he added up the benefits his disciples brought him, wouldn’t it be too monstrous?

The other was the profound soul. This thing was even more abnormal. It could increase a cultivation technique or weapon to the profound level.

Although Lu Xiaoran still did not know what the profound level was, he was certain that it was definitely much stronger than a divine technique or a divine artifact.

Looks like this Ye Chen was very rich.

“Master, I just swallowed two portions of the power of luck. I’ll probably be in seclusion to advance for a while. Master, you have to work hard to cultivate. Please don’t be killed by others.”

Lu Xiaoran :” ...”

“Can’t you say something nice?”

He could not help but retort, but Wang Cai was already silent. It had probably gone into seclusion to advance.

He was really not used to suddenly arriving at an unfamiliar place without anyone talking.

He did not know where the disciples had been scattered or if they were around.

The teleportation of the Divine World Gate would not teleport everyone to the same place.

If not for Ye Chen's self-destruction disturbing the power of time and space, Lu Xiaoran would have actually wanted to use the Mountain and River State Painting to absorb everyone into it. Then, he would have kept everyone in the Mountain and River Painting to overcome the problem of the Divine World Gate.

In this way, everyone did not have to separate.

However, since things had already come to this, it was useless for him to complain.

At the very least, it was better for everyone to enter the Divine World alive than to be blasted to death in the Ye family, right?

"I should investigate clearly now and find out where I am. Also, I have to think of a way to investigate the Lu family and find out where they are."

Lu Xiaoran had already decided to see if the Lu family was doing well first. If they weren't, he would not go there.

He was just that pragmatic. In any case, the Lu family had never raised him. It would be nonsense to talk about a sense of belonging when he did not have any feelings for the Lu family.

What he wanted was an environment that could provide him with a safe place to cultivate.

If there was a better choice, Lu Xiaoran would definitely not refuse.

"Speaking of which, the Divine World is also quite sunny. Wang Cai even warned me to not be killed by others. In such a calm environment, and with me being a piece of trash who has just stepped into the God Realm, how could anyone attack me?"

As he spoke, Lu Xiaoran flew up a mountain.

As soon as he flew up, before he could take a look at the surrounding terrain and scenery, several streams of light quickly flew over from the distant sky.

"Stop! Zhang Haonan, you can't escape. Hand over the low-grade divine weapon in your hand and I'll spare your life!"

"Dream on. I spent hundreds of years planning to obtain this low-grade divine weapon. It's my lifeblood. If you want to take it, you'll have to kill me first!"

As soon as he finished speaking, several figures became involved in a chaotic battle. Light beams shot out from various moves, making it difficult for one to take in everything.

Explosions sounded in the sky as shouts and screams mixed.

A moment later, a scream suddenly sounded from the chaotic crowd.

“Zhang Haonan, are you crazy? You actually want to detonate the divine weapon?”

“So what if I’m crazy? The divine weapon is my life. Even if I detonate it, I won’t give it to you!”

In the next second, with a bang, a dazzling ball of light suddenly exploded in the sky.

Two of the God Realm experts were killed on the spot, and the rest were severely injured.

“Damn it! I was careless. I didn’t expect him to be willing to detonate the divine weapon!”

“What a pity. If we could obtain such a good low-grade divine weapon, I wonder how many cultivation resources we would be able to exchange for it.”

“Forget it, I miscalculated this time. I should quickly return and enter seclusion to treat my injuries. If other cultivators encounter us and see that we’re severely injured, they might take the opportunity to kill and rob us.”

“That’s right, retreat!”

After the few of them left, Lu Xiaoran, who was squatting in the forest, fell into a long silence.

Was the Divine World... that dangerous?

Although there were also cases of people killing and robbing in the lower realm, there were still some moral restrictions.

Other than the Demon Sect, most cultivators still followed the rules. Otherwise, sects like the Acacia Faction would not have been established in the entire Great Zhou. They would have long been robbed.

However... why did it feel like killing and robbing was common in the Divine World?

The few of them just now did not have any evil aura. Their auras were very normal, but they fought tooth and nail for a small low-grade divine weapon. In the end, several of them even died.

Um...

At this moment, Lu Xiaoran suddenly felt that it was a huge mistake for him to come to the Divine World so early.

Putting everything else aside, just the treasures on him alone were simply fat prey in the eyes of others!

If he casually took out one or two, wouldn’t he attract a large group of God Realm experts to pursue him?

He turned around and looked down the mountain. The Divine World Gate had long disappeared.

Moreover, even if it was still there, the Divine World Gate was basically a one-way gate.

It was easy to come to the Divine World from the lower realm, but it was basically impossible to return to the lower realm from the Divine World.

Other than that, he did not know if those idiotic disciples could handle it.

If he had known that the resources of the Divine World were so precious, he would have given them some Martial Monarch Realm weapons. Why would he give them divine weapons?

Death was a small matter. After all, he could still use the Body Modeling Mark to revive them. However, wouldn't it be a pity if the divine weapons were snatched away?

He hoped that the heavens would bless them and not let their intelligence drop. He hoped that they would not show off their divine weapons and be chased after and killed.

Lu Xiaoran swept his gaze over the Body Modeling Mark.

Fortunately, no one had died yet.

Hah!

After heaving a sigh of relief, Lu Xiaoran immediately returned to the foot of the mountain. He would dig a cave and enter seclusion for a few years first.

In order to prevent himself from being discovered, Lu Xiaoran had specially chosen a very inconspicuous place. Even the divine power here was much thinner than other places.

It could be said that as long as one's IQ was good, they would basically not come to this place.

Of course, although the divine power here was thin, that was only compared to the other places in the Divine World. In the lower realm, even the cultivation ground he created was far inferior to the abundant divine power here.

With his outstanding talent, it was enough to make up for the lack of divine power.

Lu Xiaoran dug a cave and set up more than a hundred array formations outside the cave.

Among them were attack formations, defensive formations, detection formations, illusion formations, and spatial teleportation formations.

He had to do his job well.

Otherwise, if some ignorant fellows came and disturbed his cultivation, he would be in trouble.

Even if he did not go crazy, if he killed the other party, it would still be very troublesome if the other party's parents, uncles, aunties, brothers, sisters, brothers, and sisters came to seek revenge on him.

After doing all of this, Lu Xiaoran set up the Great Dao Reincarnation in the cave to increase the speed of time in the cave and increase his cultivation.

After arranging all of this, Lu Xiaoran finally sealed the cave entrance in peace and began to enter a long seclusion cultivation period.

Chapter 298: Our Versions Are Slightly Different?

In a corner of the Divine World, in Myriad City.

A huge number of low-grade sects had gathered here. Overall, these sects could be considered as third-rate factions in the Divine World.

“Uncle-Master Jun, the divine power of the Divine World is so abundant! However, aren’t there too many God Realm experts here? At least a third of the people on the street are God Realm experts!”

“When we were in the lower realm, we could almost be considered the most awesome existences. But here, we’re simply not qualified.”

“What should we do next?”

After taking a deep breath, Jun Bujian’s expression became more solemn.

His luck was not bad. After passing through the Gate of the Divine World, he had arrived with many other disciples of the Nameless Sect.

Now, the group had just arrived at a nearby small city.

Here, many sects were recruiting disciples.

“Before passing through the door to the Divine World, my master said that we have to be careful and try to be as steady as possible. Now that we’ve just arrived in the Divine World, we won’t be able to find my master for a while and don’t know the situation in the Divine World. In my opinion, why don’t we find a sect to join first? We can develop wretchedly first before planning the next step.”

“Uncle-Master Jun is right. Our cultivation levels are very low and we’re not familiar with the Divine World. If we wander around recklessly, we might die at any time. It’s better if we find a sect to join and develop wretchedly while learning more about this world.”

“Alright, in that case, everyone split up and investigate the places where the various large sects recruit disciples. See which sect has the best benefits. Then, everyone will enter together. Remember, it doesn’t matter if the sect is famous or not. They just need to be strong enough. It’s best if we can get benefits as soon as we enter the sect. As for those sub-par sects, we won’t enter them matter what. Do you understand?”

“Understood.”

“Also, we only need to receive benefits when we enter the sect. If there’s a sect fight, we don’t have to participate at all. We need to ensure our safety and wait for the day we find Master.”

“Yes!”

Jun Bujian had already confirmed his development path in the Divine World.

In any case, he had the most disciples. Any sect that he joined would definitely welcome him warmly.

As long as the sect provided good treatment, he could directly bring his disciples to join the sect.

Although they were all only at the God Realm, it was not easy to find entry-level God Realm experts in the Divine World. When many people had already joined their respective sects, their most common people that could be recruited were only King Realm and Emperor Realm experts in the lower realm. In

particular, in the Myriad City, the sects here were basically all low-level sects. It was even harder for them to find good seedlings.

They were definitely in high demand.

...

Divine World, Phoenix Ruins.

The air distorted as a beautiful figure quietly arrived. It was Ji Wuxia.

“Is this... the Divine World? I didn’t expect the divine power here to be so abundant.”

She wondered how her master and her junior brothers and sisters were doing.

May the heavens bless them and keep them safe. ”

As soon as she finished speaking, Ji Wuxia was about to fly away and find some people from the Divine World to understand some knowledge about the Divine World.

Suddenly, phoenix cries began to sound endlessly from the surroundings.

This immediately made Ji Wuxia’s pupils shrink.

“This is... phoenix power? Why is there so much phoenix power here?”

After the shock, she was overjoyed.

With so much phoenix power to help her cultivate, wouldn’t it be easy for her soul and cultivation to increase?

“I didn’t expect the heavens to actually let me directly transmigrate to such a ruin filled with the power of the phoenix. Looks like it’s really my turn to be lucky!”

...

In the Divine World, the Taiyi Sword Dao.

As a top-notch sect in the Divine World, there was naturally no need to mention the strength of the Taiyi Sword Dao.

Moreover, although the Taiyi Sword Dao mainly focused on sword cultivators, the disciples of the sect were rather humble. In the entire Divine World, this sect also had a rather good reputation.

However, today, all the flying swords in the Taiyi Sword Dao began to tremble.

The few big shot experts of the Taiyi Sword Dao were immediately shocked to the extreme and gathered.

“Ten thousand swords trembling. This scene seems to have been mentioned in the ancestral teachings. A Sword Immortal has appeared in the world!”

“Quick, quickly send out all the disciples in the sect to immediately find this disciple. We have to return our Tai Yi Sword Dao to its former glory at all costs.”

...

Divine World, Heaven Saber Pavilion.

“Lu Ming, low-grade talent. You can be an outer sect disciple.”

“Ye Dao, medium-grade talent, can become an inner sect disciple.”

...

The elder at the entrance of the mountain was listless. With an indifferent expression, he read out the talent and names of the disciples one after another, as well as the level at which they were about to enter the mountain gate.

It was no wonder that he was listless.

The Heaven Saber Pavilion was a top-notch sect that was as famous as the Tai Yi Sword Dao. However, one of them was good with sabers and the other was good with swords.

The cultivation techniques of the Heaven Saber Pavilion were also extremely powerful and were not inferior to the Taiyi Sword Dao at all.

However, the disciples who came this year were really too disappointing.

Almost all of them had low-grade and mid-grade talent.

Even if such disciples were nurtured, in the future, they could only be used to keep up appearances. They would not be able to accomplish anything big at all, let alone promote the Heaven Saber Pavilion.

However, at this moment, a pure gold saber beam suddenly rose from the talent-testing rock and rushed into the sky.

The elder in charge of the test suddenly widened his eyes and stared fixedly at the most unbelievable existence in front of the rock.

“Song Xinian? Hahaha, good, you’re actually has the top-notch Saber God talent. Looks like the heavens really don’t give up on our Heaven Saber Pavilion!”

...

Divine World, God Burial Valley.

A figure stood proudly under a huge ape statue in armor with his hands behind his back, frowning.

“Strange, this is clearly my first time in the Divine World. Why do I feel incomparably furious and heartache for this stone statue I’ve never seen before?”

...

Divine World, Crow Ridge.

“All of you, be smart. From today onwards, before we find Master, we have to rely on ourselves to survive. In order to survive, don’t care about any despicable methods. Everyone has to work 100% harder and strive to achieve success in our cultivation when we see Master. Don’t give master the chance to make fun of us.”

“Uncle-Master Jiang, if you want to get rich quickly, other than robbing others, I’m afraid there’s no other way, right?”

As soon as this person said this, he was immediately berated.

“How dare you! What nonsense are you talking about? Have you forgotten what my master said when he arrived? We’re not bandits. Even if we are, this is the Divine World. Could it be that you want to rob those God Realm experts? Are you crazy? We have to hide and develop! If we try to kill someone, we will only be captured and become the target of everyone. Don’t you understand?”

Everyone was immediately puzzled.

“Then, Uncle-Master Jiang, do you mean...?”

Jiang Taixuan sneered.

“Needless to say, of course we’re robbing those dead people! Dead people tell no tales. At most, it will only be a little troublesome to break through the array formation. However, the things buried in the ancient tombs are all good stuff!”

Everyone was instantly speechless. It seemed that Jiang Taixuan was prepared to deal with the hidden tombs in the Divine World.

“But Uncle-Master Jiang, even if you want to rob a tomb, you have to know that robbing ancient tombs is as difficult as ascending to the heavens. It’s better for you to kill a few God Realm experts.”

Jiang Taixuan smiled mysteriously.

“What do you know? My master gave me a peerless divine weapon. With this divine weapon, not to mention a few tombs, so what if I want to rob all the tombs in the Divine World’s? Who can escape from my plunder?”

Hiss!

Everyone immediately felt their scalps turn numb.

If that was the case, they might really have a chance to live a good life with Uncle-Master Jiang!

...

Such a situation was still happening in many places.

After these disciples of the Nameless Sect learned Lu Xiaoran’s spirit, surviving in seclusion was simply a piece of cake.

Be it hiding in the wilderness or hiding in the city, they could carry it out with ease.

They were like a group of brats who had quietly entered this world and had broken the monotony of the Divine World, bringing a different style to this world.

...

Time passed in a flash, and the sun and moon flashed.

In the blink of an eye, two years had passed.

In the cave, Lu Xiaoran woke up from his meditation.

For two years, he cultivated day and night.

Although it was said that the Great Dao Reincarnation was far inferior in the Divine World since its reduction of time was not as effective in the Divine World...

However, it could also turn these two years into four years.

In the past four years, Lu Xiaoran had never left the house or stepped out of the cave.

He had been cultivating diligently.

When he opened his eyes slightly, two invisible power of laws erupted shockingly.

It was as if his eyes were not like those of ordinary people but more like... a higher-level creature?

The higher one cultivated, the more they would lose the characteristics of lower-level life forms.

“Two years have passed. With the help of the Great Dao Reincarnation, my cultivation should at least be able to increase to the fifth level of the True God Realm, right?”

The corner of Lu Xiaoran’s mouth curled up.

After reaching the God Realm, he needed more experience to increase his realm level. In fact, compared to before, the experience he now needed was twofold or even a fewfold!

Therefore, the time it took to cultivate definitely far exceeded when he was in the lower realm.

However, it was obvious that the heavens had not given up on him. His talent was still as good as before!

In a short two years, coupled with the enhancement of the Great Dao Reincarnation, he had basically broken through by one realm in four years, an entire ten realm levels!

It had to be known that this was not the lower realm. Such a gap was no longer the same as the difference between the Body Refining Realm and the Shattering Void Realm.

This was a gap between gods.

However, when he calmed his mind and looked at his cultivation, the smile on his face immediately stopped!

Chapter 299: Where Did The Disciples Go?

Perfected tenth level True God Realm!

He was only a step away from breaking through to a new realm?

“That’s not right. Why is my cultivation speed so fast? The divine power of the location I chose is already relatively thin. It’s impossible for it to increase my cultivation by so much.”

“No, something seems to be wrong.”

“Wait, could it be... them?”

Lu Xiaoran’s heart trembled as he suddenly thought of his disciples.

In two years, his cultivation should only be at the fifth level of the True God Realm at most. Even if his estimation was somewhat wrong, he shouldn’t have miscalculated by so much, right?

He had already reached the perfected tenth level of the True God Realm.

It had to be known that this gap was not something that those mortals from the lower realm could casually break through.

Back then, when he was still in the lower realm, even though he was already at the God Realm, after his nine disciples broke through to the first or second level of the God Realm, his cultivation had only increased to the fifth level of the God Realm.

Wang Cai had yet to wake up. Lu Xiaoran hurriedly looked at the Body Modeling Mark.

Fortunately, the personal disciples did not die. However, a few demon beasts and second-generation disciples died and had already been imprinted with the Body Modeling Mark.

This was also normal. After all, this was the Divine World, where experts were everywhere and there were as many gods as there were dogs. It would really be weird if one or two people did not die.

Fortunately, the people who died were not his personal disciples. Only personal disciples would increase his cultivation.

It was fine as long as it did not hinder his cultivation.

All that was left was to let the Body Modeling Mark slowly revive them.

Speaking of which, shouldn’t he go out and inquire about the disciples?

After coming to the Divine World, he had only cared about living ignobly and cultivating. He had never looked for his disciples. Perhaps they would be anxious.

Thinking of this, Lu Xiaoran arrived at the entrance of the cave and flew up the high mountain again. He prepared to cross the high mountain and find a place with people to investigate.

Just as he flew to the peak of the mountain, dozens of streams of light flew over from the distance.

“You bastards from the Flowing Wind Sect, you won’t be able to escape. If you know what’s good for you, join our sect. Otherwise, I’ll kill you!”

“You bastards of the Sword Demon Sect, don’t even think about making us submit. Even if we die, we won’t join your Sword Demon Sect!”

“Hmph, ignorant dog. Then die.”

Boom! Boom!

In an instant, dozens of extremely sharp auras erupted in the sky. Sword lights, saber lights, and fist lights complemented each other and collided crazily.

A moment later, more than ten God Realm corpses fell not far from Lu Xiaoran. The Sword Demon Sect disciples in the sky spat.

“A bunch of ignorant idiots!”

“Let’s go back to the Sword Demon Sect to drink.”

...

The mountain returned to silence again, leaving Lu Xiaoran alone on the mountaintop in deep thought.

Was the Divine World... that dangerous?

Lu Xiaoran could still understand why they were snatching other people’s weapons. However, did these people really needed to kill the other party just because the other party was unwilling to join their sect?

Wasn’t this too cruel?

After thinking for a moment, Lu Xiaoran turned around and walked back.

“The Divine World is still too dangerous. I should go back and cultivate first to increase my strength. Then, I’ll think about my disciples.”

After returning to the cave, Lu Xiaoran thought that this was not a good idea.

If he were alone, he could choose to hide here for ten thousand years and not go out. He would not feel lonely.

However, the problem was that his disciples were all outside. What if someone was bullied and he could not save them in time?

He could still tolerate them participating in ordinary small fights. However, if his disciples were killed, it would take him a few years to revive them. Wouldn’t this delay his cultivation?

“No, I have to think of something.”

Lu Xiaoran pondered for a moment before his eyes lit up.

“By the way, didn’t Wang Cai give me a cultivation technique that can create an avatar?”

He clapped and learned this avatar first.

...

Half a month later, Lu Xiaoran woke up from his cultivation and slowly opened his eyes.

When he saw the avatar in front of him that looked identical to him and even had the same cultivation, the corner of his mouth could not help but curl up.

This was indeed a good skill. After creating an avatar with a cultivation similar to his, not only would the avatar be 100% under his control and not betray him, but it would also be able to transmit information at any time and anywhere. Even if the avatar died, the avatar would still transmit information back at the moment of death.

Most importantly, the avatar's death would not affect or injure Lu Xiaoran at all.

It was a rather good skill.

He equipped a divine armor for his avatar. Then, he gave the other party a divine weapon and kicked him out of the cave.

"Quick, go to the surrounding towns and ask about the news of the disciples. Also, find out more about the Divine World."

"Yes."

Seeing his avatar leave, Lu Xiaoran began to ponder again.

"This is still not enough. My current cultivation is still too weak. I should think of a way to increase it again."

Two years ago, when he killed Ye Chen, Wang Cai seemed to have given him something called profundity.

That thing seemed to be able to be used on divine artifacts or cultivation techniques.

Should he... upgrade the Sun Shooting Divine Bow?

The Sun Shooting Divine Bow could attack from afar and attack in close combat. It was a rather good divine artifact.

However, speaking of which, although it was very powerful, it was mainly related to the strength of the user.

If a cultivator's strength was insufficient, then it would not be invincible. For example, if he used it to shoot a God Monarch, Lu Xiaoran estimated that the other party would not even feel pain.

Why not... use it to strengthen the Trinity True Eyes?

There was no doubt about the strength of the Trinity True Eyes.

Moreover, it belonged to him.

If the Sun Shooting Divine Bow was lost, he might not be able to find it. However, the Trinity True Eyes would not be lost. Who would be abnormal enough to dig out someone's eyes?

Of course, this was not the key problem.

The key problem was that the Trinity True Eyes had the Great Void Chaos Steps that was specially used to escape. Movement techniques still had to be considered.

After all, didn't that brat Han Zhen make a name for himself just by escaping?

Thinking of this, Lu Xiaoran did not hesitate to add the profound soul to the Trinity True Eyes.

The entire process lasted for half a month.

When half a month passed, Lu Xiaoran woke up from his meditation. Other than leveling up the Trinity True Eyes to the profound level, he also obtained something good—information his avatar had obtained from the outside world for the past half a month.

Actually, it had to be said that it was really a smart choice for Lu Xiaoran to not come out personally and instead choose to create an avatar to go out and investigate.

In this short half a month, Lu Xiaoran's avatar had killed fifteen God Realm experts. On average, he killed one God Realm expert a day.

This Divine World was indeed too dangerous.

Um...

Fortunately, he was smart. If his main body went out, he did not know how dangerous it would be.

Putting aside the fact that it would delay his cultivation, he would be doomed if he was killed by others.

However, the good thing was that his avatar had also obtained a lot of information about the Divine World.

Firstly, this place was called Sin City.

In the vicinity, most of the people here were itinerant cultivators. There were also some Divine World sects.

In this place, the one with the bigger fist was the boss.

If one was not capable and had something valuable on them, they would be slashed into meat paste in minutes.

Secondly, he had learned about the Lu family.

What made Lu Xiaoran very happy was that the name of the Lu family was still rather resounding.

It was said that they were also a rather powerful family in the Divine World. At the very least, compared to a place like Sin City, they were huge existences.

This was very comfortable. He could set a small goal in the short term and join the Lu family before hiding and continuing to cultivate.

Steady!

However, there was another troublesome matter. He had not heard any news about the disciples.

Where did these brats go?

Could they really have encountered some trouble?

However, they were not dead either. After they died, the Body Modeling Mark would appear. This was something that could not be faked at all.

Moreover, their cultivation had indeed increased. Otherwise, his own cultivation wouldn't have increased so much.

Logically speaking, it should not be troublesome for him to find out about them.

"Oh! I understand!"

Lu Xiaoran's eyes suddenly lit up.

He understood!

Hahahaha...

His disciples must be like him. They were all living ignobly and developing steadily to increase their strength.

At this moment, Lu Xiaoran was extremely relieved.

His disciples had finally learned to keep a low profile and develop steadily.

As long as these children cultivated well, they would be able to increase their cultivation to a big shot in a few years.

At that time, he could cut off the mountains and rivers with a single move. At that time, he would not have to worry about not being able to protect his disciples and grand disciples.

Thinking of this, Lu Xiaoran went to cultivate happily again.

He had to quickly increase his cultivation. After his cultivation increased, he could try to walk out of the cave and go to the Lu family first.

He had previously told his disciples to go to the Lu family to find him. He wondered if anyone had found out where the Lu family was and went to find them.

...

Myriad City, Sword Demon Sect.

At this moment, the elders of the Sword Demon Sect were kneeling in front of another group of elders and disciples with the disciples of the Sword Demon Sect.

"Elder Jun, we've gathered 500,000 divine crystals and a low-grade divine weapon. This is all our Sword Demon Sect has now. I beg you to leave our Sword Demon Sect!"

Jun Bujian had a difficult expression.

“Old Xu, aren’t you making things difficult for me?”

Chapter 300: This World Is Too Dangerous

“Although I, Jun Bujian, am not a peerless genius, ever since I joined the Sword Demon Sect, haven’t I been keeping to the rules? Have I ever done anything to let the Sword Demon Sect down?”

“Have my disciples ever made a mistake and violated the sect rules?”

Elder Xu’s face could not help but twitch fiercely. He had long cursed his ancestors in his heart.

It was true that he didn’t violate any sect rules, but he was also too reserved and obedient. He was so obedient that it simply droze Elder Xu crazy!

Every day, he would bring his disciples to eat on time. He was always the first to arrive at the sect’s canteen.

Every time the people from the other peaks went over, they would only see a long line.

As for when the sect distributed medicinal pills, divine crystals, and other cultivation resources every month, they would be even more eager, as if they were hungry wolves. In the entire Sword Demon Sect, Bujian and his disciples were always the first to obtain resources.

That was fine.

It did not matter if they were only shameless. After all, the sect was willing to provide food, accommodation, and cultivation resources. It was understandable. In any case, everyone had a limited portion. It was impossible for Jun Bujian and his disciples to take more than their share.

However, the main problem was that when the sect rushed into battle, Jun Bujian and his disciples, who were always the most eager to receive benefits, were more cowardly than anyone else.

Just yesterday, during the battle between the Sword Demon Sect and the Mad Dragon Sect on the neighboring mountain, the two sects had fought in full swing, but Jun Bujian and his disciples were still nowhere to be seen.

In the end, the battle caused the Sword Demon Sect to be defeated. The sect master had even been injured severely. Currently, he was still healing his injuries in the Saint Pill Sect, which had the strongest healing techniques in Myriad City.

He originally thought that Jun Bujian would give him a reasonable explanation.

But what did he say?

He said that he got lost.

Damn, there was only a valley between the two sects. Even if the other party was a pig, it was impossible for him to get lost!

Moreover, wasn’t he a peerless genius?

He had joined the Sword Demon Sect for less than two years and had already broken through to the eighth level of the God Realm.

Because his talent was very good, the sect even specially gave him many resources to nurture him.

In the past two years, Jun Bujian and his disciples had basically become an extraordinary force in the Sword Demon Sect.

This also directly made it difficult for them to kill Jun Bujian even if they wanted to.

Of course, the main reason was that the overall level of the Sword Demon Sect was too poor. In the vicinity of Myriad City, it could only be considered a small sect. There were not many experts in the sect. Moreover, they had just experienced a huge battle and had suffered heavy losses in the sect.

Otherwise, he would have long attacked and killed the other party. Why would he still be here trying to persuade him?

Another problem was that the security situation in Myriad City was relatively good and Jun Bujian had too many subordinates. If one of them escaped and news of their Sword Demon Sect killing the innocent spread, who would dare to come to their Sword Demon Sect?

With all kinds of factors mixed together, Elder Xu could only earnestly persuade Jun Wu to leave the sect.

Otherwise, he was really afraid that if Jun Bujian continued to develop like this, he would sooner or later devour their Sword Demon Sect.

“Elder Jun, you’re right. However, our Sword Demon Sect has just experienced a huge battle and has suffered a huge loss. We’re almost at our end.”

Jun Bujian immediately said seriously, “Old Xu, if that’s the case, it’s even more impossible for me to leave. I’ve received the favor of the sect. Now that the sect is in trouble, how can I leave the sect? Won’t that be too inhumane?”

Elder Xu was so furious that he was about to curse.

What was he pretending for? Why did he have to persuade the other party to leave the sect?

Because of Jun Bujian’s character, the sect was already in a very difficult situation now, and they still had to spend a large number of resources to support Jun Bujian and his disciples every month.

Elder Xu seriously suspected that this ancestor of his must also be a bastard and not a good person!

“Elder Jun, the sect appreciates your kindness. However, right now, the sect is struggling to make ends meet and really can’t afford to pay for resources. Therefore, we’re all firing people. My peak has also fired many disciples.”

“I see!”

Jun Bujian’s expression instantly became somewhat indifferent.

There was hope!

Elder Xu’s eyes lit up.

“However, Elder Jun, don’t worry. Although we sacrificed you for the sake of development, we definitely won’t let you leave for no reason. We’ll give you a huge compensation as a token of our appreciation.”

“Alright, since Elder Xu has already said so, it will make me seem too shameless if I still don’t leave. Alright, go and prepare the compensation. Make sure to give me a bit more. I’ll also get the disciples to clean up and leave immediately.”

“Alright!”

After Elder Xu left, Shi Changlin could not help but say, “Uncle-Master Jun, are we really leaving the Sword Demon Sect? This Sword Demon Sect is actually not bad. It’s not famous and is very suitable for us to hide and cultivate.”

They actually did not need much resources. After all, before Lu Xiaoran came to the Divine World, everyone had been given enough resources.

These resources were enough for them to cultivate to a certain level!

He actually had a few reasons for acting greedily after joining the Sword Demon Sect.

Firstly, as a large group of people, if they were not greedy for money or resources after entering the sect, it would arouse suspicion.

Secondly, who would complain about having too much money? In any case, he still needed to act like he was greedy. He might as well act more realistically and ask for more money every time.

Jun Bujian sighed.

“There’s nothing I can do about it. We’ve already taken a lot from the Sword Demon Sect. Their family is originally small and can’t take it. The key is that you guys are too shameless. Every time I tell you to leave some for them, you guys never do. If it were cultivation resources, I would have endured it. However, you guys even hog all the food in the canteen. What are you guys doing?”

“Uncle-Master Jun, you don’t know, but the food in the Divine World also contains divine power. Although it’s not much, eating more can still increase your cultivation. Moreover, you’re the one who always ate all the food with the most divine power.”

Jun Bujian :”...”

...

At the same time, a sneeze suddenly sounded from an ancient tomb in another corner of the Divine World.

“Hachoo!”

“Damn, Jun Changming, do you want to die? This place is still open. Why are you sneezing?”

“I don’t know either. It’s probably some bastard hiding behind my back and scolding me, right?”

“Did Uncle-Master Jun offend someone again? Every time Uncle-Master Jun offends someone, the other party will curse at his ancestor. It just so happens that you’re his ancestor?”

“Damn, this little bastard keeps causing trouble outside. When I see him, I’ll beat him to death.”

“Alright, cut the crap.”

Behind him, Jiang Taixuan’s expression was somewhat cold.

“Quickly open the coffin. The Auspicious Cloud Divine Lightning Master gave me is fluctuating very fiercely. There’s going to be something good.”

Everyone immediately worked together to open the coffin. In an instant, they could not help but gasp.

“Heavens! I’m rich! I’m really rich now!”

A beautiful woman lay quietly in the coffin.

She was wearing a bright red bridal gown and was as quiet as a sleeping beauty.

Beside her were seven divine artifacts and dozens of top-grade divine weapons.

Other than that, there were also countless medicinal pills.

After being shocked for a moment, Jiang Taixuan immediately instructed,

“Quickly take away all the equipment and medicinal pills.”

Everyone immediately took everything away.

A disciple could not help but say, “The clothes on this woman should also be expensive, right? Do you want to strip them off her?”

Jun Changming glared at him angrily.

“Strip your head. Do you think this is a living little girl? Do you think you can strip her clothes just because you want to? It’s fine to strip the clothes of living women. After all, they can find new clothes. If you strip this female corpse of her clothes, what is she going to wear? Leave her some dignity.”

“Old Jun, have you changed?”

“Get lost. No matter how much I like women, I still have my bottom line.”

“Alright, stop talking nonsense. Hurry up and leave. Don’t get discovered.”

With Jiang Taixuan’s order, everyone immediately retreated.

However, at this moment, a soft voice suddenly sounded in Jun Changming’s ear.

“Thank you.”

Jun Changming turned around and could not help but frown slightly.

“Strange, why do I feel like I’m hallucinating? Could it be that I’ve been with too many God Realm ladies recently? Have I become a little weak? Looks like after this, I have to go find an alchemy sect and buy a few divine pills that can strengthen my foundation.”

...

On Lu Xiaoran's side, he woke up again after cultivating for a month.

At this moment, his cultivation had already broken through to the second level of the God Slaying Realm.

His cultivation had increased by another two realm levels!

Wonderful.

"Looks like other than me cultivating diligently, the disciples are also cultivating diligently."

Lu Xiaoran was in a good mood and immediately thought of something.

"Speaking of which, I'm already at the second level of the God Slaying Realm. Generally speaking, it shouldn't be a big deal if I don't encounter any powerful big shots, right? My incarnation has never been able to find the whereabouts of my disciples. Perhaps I should go out and take a look myself."

Although an avatar could unleash strength equal to his, it was unable to unleash intelligence equal to his.

This was the only flaw of an avatar.

After all, an avatar was ultimately created by a divine technique and not a true living person!

Thinking of this, Lu Xiaoran prepared to fly to the peak of the mountain again.

However, this time, before he could fly to the top of the mountain, a corpse suddenly fell from the sky.

Bang!

Coincidentally, the corpse fell beside Lu Xiaoran and was smashed into a meat patty. Blood splashed all over Lu Xiaoran's face.

The corpse's large eyes stared fixedly at Lu Xiaoran.

Lu Xiaoran was stunned and swept his gaze towards the sky.

In the sky, wind and clouds surged, and thunder surged. Clearly, someone was fighting inside again.

After a moment of silence, Lu Xiaoran slipped back into his cave and sealed the array formation. He quietly focused and entered seclusion to cultivate.

This world was too dangerous. He was still not powerful enough.
