

AN EXPERT 361

Chapter 361: Each with their own ulterior motives

After the novice monk entered the hall, he immediately escaped into the underground space.

After the elders of the Puhua Temple saw him, their expressions immediately changed.

“Bastard, why did you come in? If you attract those demons, don’t you know you’ll be punished?”

The novice monk said in fear, “Elder, calm down. Everyone above has been killed. I had no choice but to come and hide in here.”

“You!”

The elder who cursed wanted to speak again, but another elder shouted softly.

“Alright, since he’s already in, let him stay. In any case, it’s impossible for the other party to know that we’re underground. We can rest assured when the reinforcements sent by the Bodhi Temple arrive.”

...

On the other side, everyone rushed into the hall, but the novice monk was nowhere to be seen.

“What’s going on? Why did he disappear?”

“No, he didn’t disappear. There’s an array formation preventing us from detecting him.”

Shi Changlin frowned.

“So many big fish haven’t escaped, but this little bastard has?”

“Don’t worry, I’ll take a look!”

Long Kuang immediately used the Buddhist cultivation technique, Heaven’s Eye, and his eyes immediately turned golden.

“Damn, Brother Long, isn’t this the Buddhist Sect’s Heaven Eye? I’ve encountered it once before. It was used by the other party when Seventh Master was fighting an abbot of the Buddhist Sect. It’s said to be a top-notch divine technique of the Buddhist Sect that can see through all illusions. Where did you learn it?”

Long Kuang coughed lightly and said, “As the Buddha says, this information can’t be disclosed.”

Shi Changlin :”...”

“Brother Long, you’re not a real monk. Aren’t you being a little pretentious?”

Long Kuang ignored him.

He could not tell others that he had learned it in the Peach Blossom Monastery, right?

Because a certain nun of the Peach Blossom Monastery had a good relationship with the High Buddha, the Peach Blossom Monastery had many top-notch Buddhist divine techniques.

If Shi Changlin and the others learned of this, wouldn't they laugh their heads off?

After scanning with his Heaven Eye, Long Kuang immediately discovered the Buddhist diversionary tactic in the entire hall.

He formed a hand seal and shouted.

"Open!"

The Buddhist Sect's array formation was instantly opened. When the leisurely elders of the Puhua Temple below saw this, their expressions immediately changed.

"How is this possible? How can you break through our Puhua Temple's array formation?"

"You want to hide from us with just two Buddhist Light Blocking Formation? Aren't you thinking too highly of yourselves?"

Seeing Long Kuang take the lead, the people from Puhua Temple were even more shocked.

"Buddhist Sect disciple? You're a Buddhist Sect disciple? Why did you betray the Buddhist Sect?"

The other party was definitely a Buddhist disciple. This was definitely true. This was because the other party's head had been shaved and scarred.

The other party obviously had the status of a Buddhist disciple. Disciples from the other sects were unable to replicate it.

However, why would the disciples of the Buddhist Sect help these evil demons?

"I'm your father!"

As soon as he finished speaking, Long Kuang directly attacked without any mercy.

"Mahayana Vajra Fist, Hinayana Prajna Palm, Dragon Subduing Tiger Fist, Hinayana Gautama Divine Palm..."

"Brothers, take care of them."

Shi Changlin and the others also rushed forward and directly attacked.

...

At the same time, a figure quickly rushed into the hall.

"Abbot, the Puhua Temple is in danger. The eight million demons can be released at any time."

The abbot of the Bodhi Temple, who was dressed in a red kasaya, sat cross-legged on the meditation cushion. When he saw the other party, he only glanced at the other party.

"Didn't we already ask the disciples of the Tianhui Temple and the Buddha Heart Temple to send reinforcements?"

“For some reason, the people from the Tianhui Temple and the Buddha Heart Temple were stopped 70,000 kilometers away from Puhua Temple. Their speed has decreased a lot. Perhaps they were stopped by the companions of those demons.”

“There’s no rush. Let the disciples of Guang Neng Temple help from another direction.”

“It would be too slow and it also doesn’t make much sense. Can we ask them to send a God Monarch Realm expert? Or... a Supreme God Realm expert will also be enough to resolve the danger of the Puhua Temple.”

The abbot smiled coldly.

“God Monarch Realm? Those are all treasured experts of the High Buddha. Do you think you can touch them just because you want to?”

“What about the Supreme God Realm experts? They should at least be able to send one, right?”

“Stop thinking about it. The High Buddha has already arranged for an entire ten years. Supreme God Realm experts have to help set up the Buddhist Sect’s Heaven Ascension Formation to absorb all the power of faith in this world and increase the cultivation of all the God Monarch Realm experts to their peak state. Then, the Demon Exorcism Meeting will be carried out to help them ascend to become immortals. It’s simply a fool’s dream for you to ask the High Buddha to remove the Buddhist Sect’s Heaven Ascension Formation and send out God Monarch Realm experts and Supreme God Realm experts. However, they can still send out some God Emperor Realm and God King Realm experts.”

“How can the High Buddha be like this? Recently, our Buddhist Sect has been in trouble. It’s time for him to send experts to fight. Why can’t he give up on the Buddhist Sect’s Heaven Ascension Formation and send experts to calm the situation? If he sends out a God Monarch Realm expert, he will definitely be able to kill those ants.”

The abbot snorted.

“Congratulations, the pigs think so too. Unfortunately, even though pigs can understand this, the High Buddha might not. Or rather, he deliberately doesn’t want to understand.”

“Master, do you mean...?”

“Don’t forget that the term of the High Buddha is almost up. As long as he gets ten more God Monarch Realm experts to transcend the tribulation and become immortals, he will be able to complete the mission and return to the Immortal World’s Spirit Mountain.”

“It is true that he would be somewhat responsible for the disaster of the Divine World’s Buddhist Sect. However, this has already happened and he could not change it.

“However, if he could bring a few more God Monarch Realm experts to the Immortal World, his credit would be enough to offset his work mistake in this world.

“What he wanted was to obtain the reward of the Spirit Mountain. As long as he could obtain the reward of the Spirit Mountain, he would have a chance to advance his cultivation.

“As for what will happen to the Buddhist Sect in our world, that would be none of his business.

“This is because after he leaves, a new High Buddha would take over.

“He could just leave the mess to the next High Buddha.”

The messenger disciple clenched his fists tightly, his face red from anger, and the veins on his forehead bulged. He was as ferocious as a dragon on a mountain range.

“Monks are merciful. How can he sit idly by and let our Buddhist disciples be massacred?”

The abbot glanced at him and said with an indifferent expression, “Merciful? We only say that in our slogan. If our Buddhist Sect is really merciful, why would we have strict rules? Why would we surpass other sects?”

“This so-called mercy and love are only said to attract disciples.

“Among the 3,000 Great Dao, becoming a god, becoming a demon, becoming an immortal, becoming a Buddha, there are all kinds of peaks for one to advance to...

“The High Buddha is also a human, not a Saint. He only wants to complete his goal and then return to the Spirit Mountain to continue cultivating. Why should he care about us?”

“Don’t be too naive. Listen to me and ask the disciples of the Guang Neng Temple to send reinforcements first.

“As for the rest, we don’t need to worry about it anyway. There’s no need to ask so many questions.

“Moreover, there’s an expert holding down the fort at the Puhua Temple. Nothing should happen for a while. ”

“Yes!”

The disciple quickly retreated, and the abbot looked at the forbidden area of the Bodhi Temple behind him and shook his head helplessly.

In the forbidden area, the nearly 200 Supreme God Realm experts of the Buddhist Sect were doing their best to help the 15 God Monarch Realm experts speed up their cultivation.

The High Buddha in the middle of the Buddhist Heaven Ascension Formation could not help but smile when he saw the cultivation of the God Monarch Realm experts increase endlessly.

Very good, as long as these fifteen God Monarch Realm experts all advanced to the Spirit Mountain, he could erase his mistake and not be punished and perfectly obtain the reward.

He was not stupid. Of course, he was aware how much these people from the Buddhist Sect hated him for not sending experts to fight.

However, awareness was one thing, and taking action was another.

Originally, the High Buddha also wanted to send experts to suppress the rebellion and deal with the demons that disturbed the Buddhist Sect.

However, when he thought that the other party might be the hot shot his senior brother had once told him, he immediately rejected this idea.

If the other party was that so-called hot shot, not only would it be impossible for him to defeat the other party, but he would also die.

It was said that those were existences that even the two Saints of the Buddhist Sect were afraid of.

It was said that every hot shot's luck was top-notch and peerless.

They were invincible. In fact, all of them had the potential to become Saints!

This was a terrifying existence that these Buddhist disciples in the Divine World did not understand at all.

He would rather be cursed at in secret than face the hot shots.

It was not like reputation could help him become stronger. How could it be more valuable than returning to the Spirit Mountain to obtain rewards and continue cultivating?

If... he cultivated to the Buddha Realm, he would really become an existence that could last for thousands of years and not die.

...

At the border of the Ancient Sacred Land, a group of demon beasts lay in ambush in the forest, forming a dense and extremely long battle line.

Su Lingwu lay on a tree trunk with his eyes closed and cultivated his cultivation technique.

At this moment, a figure flew over quickly and landed beside him.

It was a golden lion divine beast.

"Ninth Master, the disciples of Guang Neng Temple have all been dispatched. Even the disciples of the few small temples near Guang Neng Temple have come out. They've gathered an entire army and are heading over."

Su Lingwu sat up and frowned slightly.

"Strange, haven't we killed enough of these baldies from the Buddhist Sect? Shouldn't they be afraid of coming out? Why are they out again now? Moreover, why are there so many of them at once?"

"Do they want to go to the Bodhi Temple?"

"The Bodhi Temple is in the east. If they really went to the Bodhi Temple, they wouldn't have come this way."

"But they don't seem to be heading in our direction."

Su Lingwu frowned and thought of the reason.

“No, there’s a problem. They might be going to reinforce someone or deal with someone. Although I don’t know who the other party is, it’s very likely that they’re disciples of the Nameless Sect or are people dealing with the Buddhist Sect like us.”

The golden lion’s expression turned cold.

“Then we can’t let them pass.”

“That’s right. No matter what they’re going to help, someone is definitely attacking the Buddhist Sect’s branch. Although I don’t know who the other party is, as long as they’re going against the Buddhist Sect, I, the Ten Thousand Demon Emperor, will definitely help them!”

Chapter 362: Explosion Is Art

...

Divine World, Jiang Taixuan’s army.

The battle directly entered the climax from the beginning.

In the past few years, Jiang Taixuan had traveled everywhere in the Divine World. With the help of the Auspicious Cloud True Lightning bestowed by his master, Lu Xiaoran, and the array formation ability Lu Xiaoran had taught him, he had plundered countless ancient tombs.

There were so many ancient tombs and countless assets. However, all of them had been taken by him alone. The divine crystals he had were no less than five billion top-grade divine crystals.

Therefore, when setting up the array formation, he did not hold back at all. The array formations were set up one after another in an extremely dense manner.

With the help of these array formations, Jiang Taixuan immediately attacked the Buddhist Sect’s reinforcements. Everyone was dumbfounded.

What made them even more dumbfounded was that the array formation Jiang Taixuan set up was extremely long!

Even if they crossed a thousand kilometers, they could still encounter the array formation set up by Jiang Taixuan and the second-generation disciples of the Nameless Sect.

This simply made the Buddhist Sect disciples curse angrily.

They originally wanted to stop and take a short rest, but Bodhi Temple’s urging kept coming from behind.

It was said that the danger at the Puhua Temple was already imminent and they needed reinforcements urgently.

Helpless, they could only bite the bullet and advance again.

The disciples of the Nameless Sect immediately called Jiang Taixuan over.

“Eighth Master, look, the baldies are starting to come up again. Our array formation is about to collapse. If this continues, we’ll have to fight them head-on.”

Jiang Taixuan's expression was still solemn.

"There's an array formation attack, but they still want to advance. Looks like this group of baldies received a death order."

"Then what should we do? They're all heading in the same direction now and breaking out at a fixed point. At this rate, it won't be long before they destroy the array formation. However, there are still a lot of people in this group of baldies. Looking at the long team behind, I think many of them will pass through."

Jiang Taixuan was silent for a moment before saying, "Use the divine weapons. We've obtained so many divine weapons from tomb robbing over the years. Take them all out now and throw them out to detonate."

"Ah?"

Jun Changming and the others were immediately dumbfounded.

"If we detonate the divine weapons, how are we supposed to use them in the future?"

"There's nothing we can do about that. The crazier the enemy is, the more necessary it is for us to stop them. Moreover, if the divine weapons explode, we can still survive. It's better than letting them come and kill us, right? Moreover, we've been robbing tombs for so many years and basically have divine artifacts in our hands. Why do we need to care about divine weapons?"

Jun Changming and the others were enlightened.

"That's right! We already have divine artifacts. Why do we still need divine weapons? Let's detonate them all."

"Explosion is art. Brothers, attack fiercely!"

"Kill all the baldies! Long live the Nameless Sect!"

The Buddhist disciples that were originally doing their best to destroy the array formation suddenly saw beams of light shoot from the opposite sky.

"Attack! Disciples who know the Golden Bell Shield Technique, come forward."

Soon, the disciples who knew the Golden Bell Shield Technique rushed forward and used the Buddhist cultivation technique, Golden Bell Shield.

A huge golden wall of light suddenly appeared in front of everyone.

Almost at the same time, the other party's attacks also landed on the Golden Bell Shield.

Boom! Boom! Boom!

In an instant, the huge golden wall formed by the Golden Bell Shield trembled incessantly.

In less than three breaths, cracks began to gradually appear.

Seeing this scene, the Buddhist disciples were extremely frightened.

“What a powerful attack. The Golden Bell Shield can’t hold on anymore. How powerful is the other party’s cultivation?”

“However, if the other party’s cultivation is really so powerful, why did he set up an array formation to attack us?”

Just as the Buddhist Sect disciples were puzzled, the huge golden barrier formed by the Golden Bell Shield was directly blasted apart.

The white light was dazzling, making everyone narrow their eyes.

At this moment, everyone finally saw what the beam was. It was a weapon or armor that emitted a golden light.

They were all thrown over in an ignited state.

When these weapons arrived in front of them, they directly exploded.

“These are divine weapons! Damn it!”

“Retreat!”

The explosion of a divine weapon was not inferior to the full-power attack of a God Creation Realm expert or even a God Production Realm expert.

No wonder the other party could directly destroy their Buddhist Sect’s Golden Bell Shield in a few breaths.

However... why did they have so many divine weapons?

At this moment, everyone could not help but collapse.

If the other party was a group of experts, they could still understand.

However, now, they were relying on array formations and detonating divine weapons to deal with him.

This was simply even more maddening than them being a group of experts.

Weren’t these guys a little too rich?

The explosion of the divine weapons immediately slowed down the attack of the Buddhist Sect disciples.

Jiang Taixuan and the others temporarily gained the upper hand again.

...

In the Bodhi Temple’s hall, the messenger disciple rushed over again.

“Master, something happened.”

“What’s going on?”

“Get the elders and disciples of the Guang Neng Temple to go to the Puhua Temple to support. They have long been ambushed by the demon beasts at the border of the Ancient Forbidden Area. As for the Tianhui Temple and the Buddha Heart Temple, they have yet to advance further.”

The abbot raised his eyebrows slightly.

“I didn’t expect it to be so troublesome this time. All the gods have come out to show their strength. Looks like I have to think of a way to get some experts to come and support the sect.”

“If I remember correctly, there are still a few Mahayana God King Realm experts from our Buddhist Sect and the Immortal God Emperor Realm expert in the Ancient Forbidden Area, right?”

Let them step in and help. ”

“Yes!”

...

In the valley, before Lu Xiaoran could cultivate, his cultivation actually began to shake again. He actually broke through again and successfully reached the ninth level of the Immortal God Emperor Realm.

“I broke through again? Looks like the disciples are doing well.”

He raised his hand and directly severed one of his hands. In the next moment, a new palm quickly grew out of his severed arm. The entire process took less than fifteen seconds.

“The Immortal God Emperor Realm is indeed powerful. When I was at the early-stage, I could quickly repair broken fingers. Now that I’ve reached the ninth level of the God Emperor Realm, my recovery speed is already able to quickly repair a hand.

“Moreover, I’m not even using the Azure Thearch Longevity Art. If I use the Azure Thearch Longevity Art, I’m afraid I can instantly repair my injuries, right? ”

Just this alone made Lu Xiaoran countless times stronger than others.

In a battle, the more serious one’s injuries were, the lower their strength would be.

Lu Xiaoran had the strength to repair his body at an extremely fast speed, so his combat strength was naturally stronger than the others.

Of course, this did not mean that Lu Xiaoran was a true immortal.

Even though it was called the Immortal God Emperor Realm, these experts could still die.

The reason why it was called the Immortal God Emperor Realm was because the speed at which the Immortal God Emperor Realm expert healed his physical injuries was faster.

This is especially true when they were facing enemies below the Immortal God Emperor Realm. The other party couldn’t even cause a rupture in their skin, yet they could constantly repair their bodies. Compared to such lowly existences, the Immortal God Emperor Realm expert was definitely immortal.

However, if the other party's cultivation was stronger or the other party's cultivation technique was very powerful and was enough to severely injure Lu Xiaoran, the speed at which Lu Xiaoran's injuries healed would definitely be greatly weakened.

The speed of repair was not permanent. It not only depended on a person's cultivation and physique, but also the strength of the enemy in battle, cultivation techniques, and weapons.

All of these factors were important.

However, Lu Xiaoran was not worried. This was because in this world, no one could use immortal techniques unless they were hot shots.

If the other party was a hot shot and his cultivation did not surpass his, he was also confident in defeating the other party.

Therefore, he still had to cultivate.

As long as he cultivated to the God Monarch Realm, no one in this world could defeat him.

Of course, it was best if he could directly cultivate to the Immortal Realm.

In any case, with Wang Cai protecting him, he did not have to worry about the Heaven Dao laws dealing with him.

He could use immortal techniques without worry.

Thinking of this, Lu Xiaoran immediately sat cross-legged and began to cultivate the immortal techniques and other cultivation techniques he had just upgraded.

...

The battle at the Puhua Temple was also ongoing.

As Long Kuang, Shi Changlin, and the others continued to attack, the true appearance of the dungeon finally gradually appeared.

"There are demons here. There are many demons. This is the Buddhist Sect's dungeon. Since they imprison demons here, they must be sending them to participate in the Demon Exorcism Meeting."

"Demon Exorcism Meeting? What's that?"

Shi Changlin and the others did not know that there would be a Demon Exorcism Meeting.

"The Demon Exorcism Meeting's goal is to capture about 100 million demons and let the God Monarch Realm monks of the Bodhi Temple use the Buddhist Dharma to exorcise them and accumulate merit for themselves."

"In this way, they could transcend the tribulation and become immortals safely.

"However, rather than saying that it was a Demon Exorcism Meeting, it was more like a torture meeting. In this meeting, they would torture the 100 million demons to death with Buddhist scriptures. It was simply cruel to the extreme.

“To put it bluntly, it was just a confrontation between the Buddhist Sect and the hostile factions that did not obey the Buddhist Sect.

“They’re just using the name of the Demon Exorcism Meeting to beautify their behavior. ”

“Damn! The Buddhist Sect is really hypocritical.”

“That’s right. Those with bald heads deserve to die!”

Long Kuang :” ...”

He couldn’t help but feel like crying. After all, he was also bald now.

“Amitabha. Senzai senzai. Why do you have to kill in a peaceful place like our Buddhist Sect?

“Why not put down the butcher’s knife and embrace the path of the Buddha? The sea of bitterness is boundless. Repent and be saved. Amitabha. ”

Long Kuang’s heart trembled as he said coldly, “Something’s wrong. Be careful. This guy’s cultivation level is not low. He seems to have already reached the Hundred Domain Battle God Realm. I’m not his match.”

The monk smiled and continued, “Since you know, why aren’t you kneeling?”

Long Kuang’s expression was gloomy. Before he could speak, Shi Changlin had already pulled him behind him.

“Don’t be afraid of him. He’s just a Hundred Domain Battle God Realm expert. What’s there to be afraid of?”

Long Kuang was dumbfounded.

Weren’t these guys only God Production Realm and God Production Realm trash? That was a Hundred Domain Battle God!

Were they all crazy?

Chapter 363: Total Suppression

“Brothers, don’t be rash. The space here is narrow. I can’t transform into a dragon. If I can transform into a dragon, I can still increase my cultivation by another realm level. If I can’t turn into a dragon, I won’t be able to fight him.”

Long Kuang was afraid that Shi Changlin and the others would do something suffocating, so he immediately reminded them.

The senior monk frowned slightly and immediately shook his head.

“Ignorant.”

As he spoke, he had already begun to circulate the Buddhist power in his body.

As the dense Buddhist power circulated, a holy golden light appeared on his body.

“Retreat!”

Long Kuang’s expression froze and he immediately gathered everyone to quickly retreat.

The senior monk chuckled and waved his palm, immediately cutting off everyone’s escape.

“Since I’ve already made a move, it’s naturally impossible for me to let you escape. Accept your fate.”

However, at this moment, Shi Changlin and the others took out their storage bags. There was a large number of top-grade divine crystals inside, totaling nearly a million.

Be it the senior monk or Long Kuang, they were immediately stunned on the spot.

Shi Changlin smiled smugly.

“It was useless for us to take out the divine crystals just now. However, now, in this sealed space, if these hundreds of thousands of divine crystals explode, even if you’re the Hundred Domain Battle God, you won’t be able to withstand it, right?”

The senior monk fell silent, his expression uncertain.

“How is it? Weren’t you feeling arrogant just now? Continue being arrogant! Why aren’t you arrogant anymore?!”

The senior monk was so furious that his face was livid, but he was helpless.

Shi Changlin and the others were right. In this narrow and sealed space, if they really detonated so many divine crystals at once, even a Hundred Domain Battle God would not be able to survive.

After taking a deep breath, he said with a solemn expression, “Consider yourselves lucky. Get lost.”

“Let’s go.”

Shi Changlin and the others immediately raised their storage bags and began to retreat.

“Where did you get so many divine crystals? And they’re all top-grade divine crystals?”

“Seventh Master got them from the Buddhist Sect after tricking their disciples. The Buddhist Sect wanted us to help investigate who attacked the Buddhist Sect secretly, but they didn’t expect that we were actually the ones who attacked . Hehehe...”

Long Kuang’s eyes widened.

“That happened? How impressive.”

“It would be a waste not to scam something from the Buddhist Sect. By the way, Brother Long, did you just say that if you transform into your main body, your cultivation will increase by another realm?”

“What are you planning? Don’t do anything rash!”

“It’s nothing. It’s just that if that senior monk doesn’t die later, you can handle it.”

Long Kuang immediately had a bad feeling.

Unexpectedly, as soon as he finished speaking, Shi Changlin and the others directly threw the divine crystals into the dungeon of the Puhua Temple.

“Run!”

Someone shouted, and everyone ran and quickly rose.

In the next second, a heart-wrenching shout sounded from the dungeon of the Puhua Temple.

“Bastard! You’ll die a horrible death!”

Almost at the same time as he finished speaking, more than half of the Puhua Temple was directly blasted into the sky.

Countless black auras escaped crazily. These were all the demons sent to the Puhua Temple by the various temples. There were a total of eight million of them.

In an instant, the demonic aura soared from Puhua Temple. Even the sky was enveloped by a black cloud.

“Damn, looks like we might have gone too far.”

Shi Changlin and the others did not expect so many demons to be hidden here.

He originally thought that it would only be a few hundred thousand. From the looks of it, there were probably a few million.

The demons fled crazily in all directions. The Buddhist Sect elders and disciples hidden in the dungeon of the Puhua Temple had already been severely injured by Shi Changlin and the others. At this moment, the demons were wreaking havoc and attacked them crazily. Some demons even directly ate the Buddhist Sect disciples alive.

In the overwhelming evil aura, the Ancient Bronze Hall quickly escaped with Zhuge Ziqiong.

Seeing Shi Changlin and the others, Old Tie immediately shouted,

“Brothers of the Nameless Sect, Fifth Miss is over here.”

Shi Changlin and the others swept their gazes over.

“It’s really Fifth Miss. Those damn baldies actually captured Fifth Miss.”

“Quick! Save Fifth Miss.”

Everyone quickly welcomed them.

The evil aura was still spreading endlessly as the demon forces escaped.

“Hahaha... our Netherworld Sect has finally escaped again!”

“The sect master will definitely be blessed after surviving this disaster! He will unify the Divine World for thousands of years!”

The Netherworld Sect Master clenched his fists and said with a cold expression, "Buddhist Sect, just you wait. My Netherworld Sect will sooner or later make you pay a thousand times more for today's humiliation! My Netherworld Sect will sooner or later become the strongest demon sect in the Divine World. Then, we will kill all the baldies!"

"Eh! Sect Master, look, there's a baldy in the crowd."

The Netherworld Sect's sect master looked up and swept his gaze over. He happened to see Long Kuang standing in the air. Because Shi Changlin and the others had already gone forward, he did not go forward to save Zhuge Ziqiong.

"Hahaha... Baldy! It's really Baldy! Disciples, it's time for revenge. Our Netherworld Sect has been bullied by the Buddhist Sect for so long. Let's collect some interest first. Kill!"

With a command, the Netherworld Sect elders and disciples rushed crazily towards Long Kuang under the lead of the Netherworld Sect's sect master.

Long Kuang, who was about to go save Zhuge Ziqiong, was suddenly attacked by the Netherworld Sect and the others. He was dumbfounded.

Although the cultivation of the Netherworld Sect and the others was not very heaven-defying and they had also been imprisoned by the Buddhist Sect for a long time, they still had the advantage in numbers. They rushed forward like a swarm of bees and directly confused Long Kuang.

"Are you guys crazy? Why are you attacking me?"

"You're a damn bald monk! If not you, who else should I attack? All the baldies have to die!"

"Damn you!"

Long Kuang was so furious that he almost collapsed. It was not like all baldies were monks.

Unfortunately, the other party was surrounded by a large group of people. In his human form, it was really not easy to fight.

"He's about to die. Kill him! Kill this damn bald monk!"

The people from the Netherworld Sect fought more and more happily.

Long Kuang was extremely aggrieved.

"Damn, do you really think I'm easy to bully? Dragon Transformation!"

With a furious roar, Long Kuang directly transformed into his main body. At this moment, the huge figure of the Ancient Dragon Emperor was reflected in everyone's eyes.

His aura had even reached the Hundred Domain Battle God Realm.

The entire Netherworld Sect was dumbfounded.

How did this monk transform into a dragon?

Moreover, why had his cultivation increased after transforming into a dragon?

Something was wrong. Wasn't this too much?

Shi Changlin, Zhuge Ziqiong, and the others gathered.

"Fifth Miss, I didn't expect you to be here."

Zhuce Ziqiong said weakly, "I didn't expect to encounter you guys here either."

"Eh? Fifth Miss, why do you sound so weak? Where's your canine teeth? Where's your canine teeth?"

"These damn Buddhists even knocked out your big teeth, Fifth Miss. They're simply crazy."

Zhuce Ziqiong's expression was somewhat awkward as she coughed lightly.

"Stop discussing this. Speaking of which, why are you guys here? Did you specially come to save me?"

Shi Changlin and the others immediately had complicated expressions.

"Actually, we didn't know that you were here. We were only going against the Buddhist Sect. This is because Grand Master was killed by the Buddhist Sect."

Zhuce Ziqiong's heart trembled.

"This... how is this possible? No, my master is so powerful! How can he die?"

"We don't want to admit it either, but it's true."

Zhuce Ziqiong's blood surged and she immediately spat out a mouthful of blood.

"Fifth Miss, you have to restrain your grief. Although Grand Master is already dead, his heroic spirit will always be around. He's still alive in our hearts."

Zhuce Ziqiong wiped the blood from the corner of her mouth and nodded.

"You're right. This place is too chaotic. Let's leave this place first and think about it later."

"Yes!"

Everyone turned around and saw that Long Kuang was devouring a wave of demons crazily.

"What is Long Kuang doing?"

"I don't know. What's wrong with him again?"

"He's a demon beast. Perhaps devouring these demons will increase his cultivation."

"Hiss ~! This Long Kuang is really smart. I was wondering why he didn't come to save Fifth Miss just now. It turns out that he wanted to take the opportunity to devour these demons and increase his cultivation."

"Fifth Miss, this dragon is too disloyal. It's not like us. We didn't do anything else and immediately ran to save you. Why don't we roast it and eat it?"

Zhuge Ziqiong :”...”

“Let’s leave first, alright?”

“Fifth Miss is right. We should leave this dangerous place first.”

Just as everyone was about to escape, a huge Buddha palm suddenly landed in the void in the next second.

The moment the Buddhist palm appeared, it emitted a ten thousand feet light that tore through the dark clouds and demon aura that filled the sky.

The eight million demons were immediately shocked.

“It’s a Buddhist array formation! Damn it! A Buddhist big shot is setting up an array formation in the sky.”

The demons instantly began to despair.

After Long Kuang finished devouring the disciples from the Netherworld Sect, he transformed into his human form again and roared, “It’s the Buddhist Sect’s Gautama Buddha Light Formation! As soon as this array formation appears, anyone who’s not from the Buddhist Sect will be sealed inside. We won’t be able to escape with spatial array formations either. Everyone, hurry up and escape!”

As soon as he finished speaking, he immediately began to recite the Buddhist scripture. A faint golden light began to be emitted from the surface of his body.

Zhuge Ziqiong immediately said, “The range of this array formation is too big. We’re already too late. It’s all my fault. If not for me, you guys would have long escaped. However, we’re all disciples of the Nameless Sect. If we can die together, we can also have companions on the path to the netherworld.”

Shi Changlin and the others silently activated the array formation on their armor.

“Fifth Miss, I’m sorry. There’s a teleportation formation on our armor, but the teleportation formation on our armor can only teleport us. We’ll leave first.”

Zhuge Ziqiong :”...”

“Don’t you guys have more armor? Give me a set.”

As soon as she finished speaking, a light flashed on everyone’s bodies and they instantly escaped.

Zhuge Ziqiong looked at the Buddhist light that had already spread in the sky and was in a mess again.

She had been captured again.

Old Tie said indignantly, “Men are all liars!”

Chapter 364: Big Shot Group Appears

“Forget it, let them go. It’s better for them to escape than to be captured by the Buddhist Sect with me.”

The Ancient Bronze Hall said angrily, “Fifth Miss, you’re too kind!”

As soon as he finished speaking, the Buddhist palm had already forced the two of them and the demons below back into the dungeon of the Puhua Temple.

As for Long Kuang, because his entire body was enveloped in Buddhist light, he was directly filtered by this Gautama Buddha Light Formation. He was like a small fish filtered out of a net.

“Hiss ~! This Buddhist Light Formation is too powerful. I think many senior Buddhist monks are unleashing it together. Fortunately, I know a Buddhist cultivation technique. Otherwise, even if I transform into a dragon and break through to the peak of the Hundred Domain Battle God Realm, I still wouldn’t be able to escape from this formation.”

As he spoke, 81 Buddhist elders had already descended from the sky.

Among them, there were more than 50 peak Hundred Domain Battle God Realm experts and more than 20 Thousand Domain Battle God Realm experts. Among the remaining few, there were 5 Mahayana God King Realm experts and 2 God Emperor Realm experts. Their cultivation levels could be considered to be high. This lineup was also somewhat luxurious.

“Amitabha! Senzai senzai! I didn’t expect there to be an existence here who could avoid the Buddhist Light Formation.”

Seeing Long Kuang, everyone could not help but be somewhat curious.

“Senior, don’t attack. We’re all on the same side. I’m the last disciple of Nun Jingxin of the Peach Blossom Monastery. My Dao name is Tianxin.”

“Amitabha, so you’re Junior Sister Jingxin’s disciple. No wonder you can avoid the Buddhist Light Formation. How is Junior Sister Jingxin these days?”

“Good, good, she’s very good. She eats well and her body is excellent. She even guides her disciples several times a day.”

He changed the topic and continued, “It’s all thanks to the help of seniors this time. Otherwise, these millions of demons would have all escaped and caused misery and suffering!”

Everyone nodded.

“You’re not bad either. You didn’t escape even when facing millions of demons. You’re really a role model of our Buddhist Sect.”

A God King Realm monk raised his hand and threw out a bag of divine crystals.

“This is your reward. I hope you can work harder in the future.”

Long Kuang received the reward and cupped his hands in thanks.

“Thank you, Senior. I’ll definitely cultivate the Buddhist Dao diligently and do more good deeds.”

Everyone nodded again and landed.

“This Puhua Temple has been attacked too severely and is already unable to continue storing these demons. Since we’re here, let’s escort these demons to the Bodhi Temple to prevent any more mistakes.”

“Alright.”

...

On the other side, Jun Bujian was peeing when Shi Changlin and the others suddenly transmigrated over.

Hiss!

“Damn!”

Jun Bujian was shocked and immediately retreated. In an instant, the stream was unstable and danced in the air. Everyone’s expressions changed drastically from fear and they jumped away.

“Damn, Seventh Master, isn’t the range of your stream a bit far?”

“Seventh Master, take it easy. It’s all splattered on me. My clothes are new.”

“Seventh Master, your pee can travel 30 feet even when you’re facing the wind. Not bad.”

Jun Bujian trembled and said with a dark expression, “Why did you guys suddenly teleport here? Did you encounter a big shot of the Buddhist Sect so quickly?”

“No, it’s a long story. Put that thing away first.”

Jun Bujian raised his pants and tied his belt as he continued, “Tell me quickly.”

“It’s like this. We were ordered to go to the Puhua Temple, but we encountered Long Kuang.”

“Long Kuang? Isn’t he my Eldest Senior Brother’s disciple, the Ancient Dragon Emperor of the Primordial Mountain Range?”

“That guy has joined the Buddhist Sect, but his heart is still with us. Then, we worked together to destroy the Puhua Temple. We also discovered the demons that will be participating in the Demon Exorcism Meeting. They had been imprisoned in the Puhua Temple. Fifth Miss is also among them.”

“Who?”

Jun Bujian suddenly raised his voice.

“Fifth Miss.”

“My Senior Sister Zhuge?”

“That’s right! She was captured by the Buddhist Sect and has to participate in some Demon Crossing Meeting. Those bastards from the Buddhist Sect even knocked out her two canine teeth. She’s so pitiful.”

Jun Bujian's pupils constricted and he immediately clenched his fists!

"These bastards actually dare to do this to my senior sister. Do they really think there's no one left in our Nameless Sect? Then why didn't you guys save my senior sister?"

"We originally saved them, but the big shots of the Buddhist Sect arrived and set up some Buddha Light Formation. They also captured all the demons. The few of us could only rush back and tell you first."

"Damn! My master has just been killed by them. Now, these damn baldies even captured my senior sister and even knocked out her teeth. Do they really think that there's no one left in my Nameless Sect? Today, I, Jun Bujian, will use my status as the future sect master of the Nameless Sect to destroy these damn baldies. Lead the way and bring me straight to the Puhua Temple!"

...

On Jiang Taixuan's side, he had originally relied on detonating the divine weapon to suppress the other party's attack aura. However, after they stopped for a moment, the other party quickly rushed forward again. Moreover, this time, the other party had already begun to let the Buddhist Sect elders take the lead. It was already impossible for divine weapons to kill or injure the other party, and the efficiency was greatly reduced.

Seeing that the array formation was gradually destroyed and the other party had begun to move again, Jiang Taixuan gritted his teeth.

"Jun Changming, where's your divine artifact? Take out your divine artifact and detonate it."

Jun Changming gritted his teeth and said, "Eighth Master, that's a divine artifact. It's our treasure. Isn't it too ruthless to detonate it like this??"

"If you're not ruthless, how can you stand firm? Detonate it, quick."

Although Jun Changming was unwilling, he had no choice. He could only take out the storage bag that contained the divine artifact and ignite it with everyone before throwing it out.

Boom! Boom! Boom!

In an instant, the ground began to tremble again, and the trembling was even more intense than before!

Mushroom clouds rose as if the ground was shooting out something at the sky.

When the aftershock of the explosion dissipated, everyone could not help but be happy when they saw the results.

"Damn, he killed more than twenty Ten Domain Martial God Realm experts and several Hundred Domain Battle God Realm experts at once."

However, before they could be excited, the sharp-eyed Shi Changlin shouted again, "Something's wrong. Look, although we blew up some Buddhist experts, the remaining Buddhist experts have begun to attack the array formation again. This time, there are also Thousand Domain Battle God Realm experts participating!"

“Eighth Master, our divine artifacts are not divine weapons. We don’t have that many. If this continues, we will even lose our pants.”

Jiang Taixuan frowned.

“Looks like this group of baldies has received a death order. However, the more fiercely they fight, the more anxious the situation over there probably is. Although it’s not a problem for us to retreat now, it will be troublesome for the brothers over there. Moreover, what if it’s our Nameless Sect’s brothers?”

“We’re also disciples of the Nameless Sect. We can’t just die, right?”

“We can’t continue fighting like this. The other party has too many people. There are also other Buddhist branches sending reinforcements endlessly. We have too few people. Moreover, if this continues, it will be troublesome if the Buddhist Sect sends experts above the God Emperor Realm.”

“I’m only at the third level of the Thousand Domain Battle God Realm now. At most, I can fight a God King Realm expert.

“How about this, Changming? Bring a group of people and set up an array formation in front. Don’t set up too many formations. Set up one at a certain distance. Even if you can’t kill them with the explosions, you have to scare them and slow them down.

“The others, get out of the way and let them pass. Then, we’ll attack from behind. Their goal is to provide reinforcements. They definitely won’t fight us to the death. We’ll have a greater advantage if we stay behind. ”

“Yes!”

...

At Su Lingwu’s location.

From the beginning of the battle, Su Lingwu had always firmly grasped the advantage in his hands.

He had many divine beasts and demon beasts. These were all the assets he had painstakingly accumulated over the years.

His original cultivation technique, the Battle God Eight Desolates, was not very good. However, it could be said that the Beast Control Divine Art had been developed successfully in his hands.

It was even to the extent that with the Beast Control Divine Art, his cultivation had increased to the first level of the God King Realm.

His level of combat strength was not high and was far inferior to Jiang Taixuan, Jun Bujian, and the others. However, in terms of military strength and numbers, no one could compare to him.

Therefore, the disciples of the Buddhist Sect were beaten by him until they could not even recognize their mothers.

Seeing that Su Lingwu had the upper hand, a few more auras suddenly appeared in the sky, making Su Lingwu frown.

“Amitabha. How dare you bully our Buddhist Sect’s disciples. Do you really think you’re invincible?”

Su Lingwu narrowed his eyes.

“God King Realm?”

He shouted at the Black Tortoise and the other divine beasts, “Hurry up and destroy these baldies. I’ll hold off these God King Realm experts!”

“Ninth Master, don’t worry. Leave it to us.”

Su Lingwu circulated the Battle God Eight Desolates and held the God Slaying Axe and the Ancient Shield as he rushed into the sky. In the sky, three golden Buddhist lights quickly fell.

When Su Lingwu circulated the Battle God Eight Desolates, a headless phantom appeared behind him. It was filled with an ancient aura that was shockingly dense and powerful. It was as if a battle god was standing between the heavens and the earth.

A Bodhi Supreme phantom also appeared behind the three Buddhist God King Realm experts.

The four of them suddenly collided in the sky with their four divine souls.

Boom! In an instant, the world became vast.

A huge void zone was blasted out of the clouds in the sky. It was as if a new sun had appeared in the sky.

Su Lingwu was already at the first level of the God King Realm. Although his realm level was not high, with the enhancement of the Ancient Desolate Shield, he was simply not afraid of the attacks of the three Buddhist God King Realm experts. The God Slaying Axe in his hand made the three God King Realm experts extremely afraid.

In an instant, light filled the sky and kept colliding, causing shocking balls of light to explode.

“Hahaha... the dignified God King Realm experts of the Buddhist Sect are only at this level? That’s all?”

The three Buddhist God King Realm experts were furious, but they were helpless!

However, at this moment, an even stronger aura suddenly fell from the sky.

“Amitabha, a mere demon dares to underestimate our Buddhist Sect? Looks like our Buddhist Sect is still too merciful!”

That terrifying aura made Su Lingwu’s expression suddenly change.

Chapter 365: We’re Professionals At Scamming

“It’s Senior Tie Wu. He’s a first level God Emperor Realm expert! Hahaha... Now, let’s see how this brat plans to continue to be arrogant!”

In the sky, golden lights pierced through the clouds and cut them apart.

As the clouds dissipated, a huge golden Bodhisattva phantom hundreds of meters tall descended from the clouds.

“It’s huge!”

Su Lingwu’s pupils constricted. When the demon beasts and divine beasts on the battlefield sensed this aura, their hearts could not help but beat faster.

The strength of an expert came from the fact that they did not really have to attack. Just their aura was enough to make people lose their combat strength.

Clearly, at this moment, this so-called Tie Wu was one of them.

The divine soul of Bodhisattva fell, and an old monk in a pure white monk robe with white hair and beard slowly fell.

As he fell, some mist also fell with him and surrounded him, making him look like an immortal that had descended to the mortal world.

It was the clouds that had been forcefully pressed down by the divine power he spread.

The three Buddhist God King Realm experts immediately arrived in front of him and bowed.

“Amitabha, greetings, Senior Tie Wu.”

Old Monk Tie Wu nodded.

“You guys have worked hard. Leave. Leave the rest to me.”

“Yes!”

The three Buddhist God King Realm experts retreated behind Old Monk Tie Wu. However, they did not go down to help out the others.

As God King Realm experts, they had the dignity of God King Realm experts.

Among the demon beasts and divine beasts below, the one with the highest cultivation had only reached the level of the Ten Domain Martial God Realm.

At this level, it was not worth it for them, dignified God King Realm experts, to attack. If they attacked, they would lose their dignity.

Moreover, as an Immortal God Emperor Realm expert, Old Monk Tie Wu’s combat experience was also extremely rare. If they observed carefully, they might be able to learn something.

Old Monk Tie Wu swept his gaze over Su Lingwu and paused for a second on the God Slaying Axe and the Ancient Shield in his hand, revealing a strange expression.

Then, he looked at Su Lingwu and continued, “Since you’re a human, why do you have to collude with demons? Won’t you lose the dignity of a human? I think you’re fated to be with our Buddhist Sect. Why don’t I be your guide and let you enter our sect? I guarantee that your treatment will definitely not be inferior to any God King Realm expert in the Buddhist Sect. How about that?”

Su Lingwu smiled coldly.

“I killed so many of your Buddhist Sect’s disciples! Don’t you care at all?”

“Hehehehe...”

Tie Wu chuckled and immediately said, “As the saying goes, put down the butcher’s knife and embrace the path of the Buddha. As long as you can turn over a new leaf and send all the demon beasts and divine beasts below to the Bodhi Temple and let them participate in our Buddhist Sect’s Demon Exorcism Meeting, you can also be considered to have made up for your mistake. I’ll also get the Bodhi Temple to give you an additional reward. How about that?”

Su Lingwu raised his middle finger in his heart.

The Buddhist Sect was really shameless. They were always talking about righteousness and morals. In the end, they actually made him betray his subordinates in exchange for status in the Buddhist Sect.

Perhaps, after he agreed and sent these subordinates to the Bodhi Temple to be exorcised, he would be abandoned in minutes.

He did not believe that the people from the Buddhist Sect would be so kind.

However, in the past, Su Lingwu would definitely have directly attacked without saying a word.

However, after experiencing Lu Xiaoran’s guidance, Su Lingwu was definitely not that stupid. He would take advantage of the situation.

He pretended to be tempted.

“Really?”

Old Monk Tie Wu smiled. “Of course.”

“Then... write me a guarantee. Swear with your blood essence.”

Old Monk Tie Wu nodded.

“Sure.”

Soon, he directly wrote a guarantee. Then, he forced out a drop of his blood essence from his finger and imprinted it on it.

“Is this guarantee enough?”

He threw the guarantee letter into Su Lingwu’s hand.

He was not afraid that Su Lingwu would play any tricks. This was because the guarantee only said that if Su Lingwu entered the Buddhist Sect, he would give Su Lingwu the treatment of a God King Realm expert. Moreover, it also stated that if Su Lingwu sacrificed these demon beasts and divine beasts, he would give Su Lingwu an additional sum of resources.

However, there was a premise. Su Lingwu had to join the Buddhist Sect.

If Su Lingwu really joined the Buddhist Sect, he would also make a huge contribution to the Buddhist Sect and obtain a lot of resources.

If Su Lingwu did not join the Buddhist Sect, he would directly kill Su Lingwu. Other than a little time, nothing else would be delayed.

However, to his surprise, Su Lingwu obtained his guarantee and directly used his divine power to extract the blood essence from the guarantee.

Then, before the other party could react, he directly activated the Beast Control Divine Art and injected his thoughts into this drop of blood essence.

This was an attack method he had been exploring with the Beast Control Divine Art for several years.

This was because the Beast Control Divine Art was a cultivation technique that used mental strength to invade the mind of others. Although he had yet to figure out whether the Beast Control Divine Art could directly control people, he had long discovered that the Beast Control Divine Art could be used as a mental strength attack.

With his cultivation, he could surpass so many realm levels to defeat a God Emperor Realm expert. However, after absorbing so many divine beasts and demon beasts, his mental strength had long surpassed his current realm.

It was not a problem for his mental strength to surpass a realm.

The Beast Control Divine Art was directly activated, instantly making Tie Wu's body tremble. Even the divine soul phantom behind him began to tremble violently.

"Bastard, you actually schemed against me!"

Tie Wu suddenly became furious.

It was not that he was unprepared. He was very powerful and had three God King Realm experts beside him. Moreover, Su Lingwu's cultivation was not as powerful as his. Therefore, he was not afraid at all and was only slightly vigilant.

However, he did not expect this Su Lingwu to suddenly attack. Moreover, it was a mental attack.

Caught off guard, he suffered a huge loss and was instantly dumbfounded.

This attack was extraordinary and directly made his soul dizzy for a short period of time.

Taking advantage of this opportunity, Su Lingwu directly ran.

His master had said that if the other party was stronger than him, he should run. If the other party had more people than him, he should also run.

Now, not only was the other party stronger than him, but he also had more people. He would be a fool not to run.

He was no match for the other party. The moment he saw the other party, he had already begun to plan in secret.

He did not expect the other party to fall for it.

Before escaping, he had directly used the Beast Control Divine Art to communicate with the divine beasts and demon beasts below, allowing them to instantly escape into the Ancient Sacred Land.

“Damn it! Don’t let them escape. Chase after them!”

Tie Wu was already furious. He was a dignified God Emperor Realm expert of the Buddhist Sect, but he had been tricked by a brat. How could he be willing to accept this? He immediately ordered the Buddhist Sect disciples to chase them into the Ancient Sacred Land.

Su Lingwu brought the divine beasts and threw divine crystals as he ran.

There were many divine crystal mines in the Ancient Sacred Land. Moreover, divine beasts and demon beasts did not need these divine crystals.

Therefore, the divine crystals he had gathered in the past few years might be countless times more than the number of divine crystals Jiang Taixuan had obtained from digging graves.

As he ran, he threw divine crystals and detonated them, making the Buddhist Sect disciples behind him suffer incessantly.

Su Lingwu was very smart. He did not use too many divine crystals to avoid angering these Buddhist disciples and making them unwilling to come.

He had only detonated a small number of divine crystals first. It was as if he was pointing a middle finger at him.

It was as if he was saying: “Come on! Come and chase me. If you catch me, I’ll let you hehehe...”

The damage was not high, but it was extremely insulting!

The people from the Buddhist Sect also collapsed from anger.

In particular, Tie Wu felt that his intelligence had been insulted today.

This Su Lingwu was only a small first level God King Realm expert, but he had actually fooled him. If he did not kill Su Lingwu, he would simply not be able to stay in the Buddhist Sect in the future. It was too embarrassing!

Therefore, after his soul recovered its calm, he immediately used a Buddhist divine technique to pursue Su Lingwu.

Su Lingwu had long guessed that they would chase after him and that there would be experts among them. He knew that it was almost impossible for him to rely on his speed to lose the other party.

Therefore, he led everyone to a lake.

After arriving at the lake, he immediately stopped attacking from behind. However, he threw divine crystals into the lake.

Boom! Boom! Boom!

In an instant, the entire lake trembled.

Waves surged on the water.

Then, they continued to run and only stopped when they arrived at the other side of the lake. They laid on the ground and stared fixedly at the lake.

In the next moment, the disciples of the Buddhist Sect arrived at the lake.

Almost at the same time, an extremely huge divine beast suddenly rose from the bottom of the lake. It looked like a crocodile, but its body was even bigger than a mountain.

It opened its huge mouth and almost instantly swallowed all the Buddhist Sect disciples.

The three God King Realm experts and a God Emperor Realm expert suddenly stopped. Their eyes widened as they stared fixedly at the huge crocodile in front of them.

“S-Supreme God Realm demon?”

The alligator demon glanced at the few of them and said coldly, “You’re just humans. Who gave you the right to step into my territory?”

“Misunderstanding, misunderstanding, this is all a misunderstanding. We’ll leave now.”

“Leave! Since you’re already here, how can you still leave? You bunch of bastards, do you really think this Ancient Sacred Land is your backyard?”

As soon as it finished speaking, it directly pounced forward, its huge mouth almost devouring the heavens and the earth.

Hearing that tragic voice, Black Tortoise and the others could not help but say faintly, “As expected of the Alligator Demon Venerable! Even the Immortal God Emperor Realm expert won’t be able to handle it.”

“Fortunately, we were smart and used the Alligator Demon Venerable to capture them all. Otherwise, we would probably be the ones to be wiped out.”

Chapter 366: A Group of Baldies Among Crowd, A Traitor Among the Baldies

“However, where are we going next? After destroying this group of people, can we stop for a while?”

Su Lingwu pondered for a moment and immediately said with a firm gaze,

“No, we have to go to the west. This group of Buddhist Sect disciples is going to the west to provide reinforcements. A Buddhist Sect in the west must have been attacked. We have to go over. What if we can find my senior brothers and sisters?”

The Black Tortoise whispered, “Ninth Master, actually, why do you have to do this? The sect master is already dead, so why do you still have to find those senior and junior brothers? In any case, you’ve also killed many Buddhist disciples and can be considered to have avenged your master. Next, why don’t you hide in this Ancient Sacred Land and cultivate with us?”

“Think about it. Now that the sect master is dead, the other young masters and the two young mistresses will definitely snatch the sect master’s position!

“Although your cultivation has already reached the God King Realm, there might be someone stronger than you who has already reached the God Emperor Realm.

“Moreover, even if your cultivation is higher than theirs, you can’t fight those at a higher level. They can do it! How can you compare to them?

Instead of going out to be someone’s lackey, it was better for him to take over the Ancient Sacred Land and cultivate to the God Monarch Realm first.

“With us divine beasts assisting you and you constantly absorbing the divine beasts, I guarantee that your future will be limitless. Your martial luck will be... Hey, hey, hey, Ninth Master, let’s talk nicely. Let’s talk nicely. Don’t attack. My neck can’t withstand your God Slaying Axe.”

Su Lingwu held the God Slaying Axe and placed it on the Black Tortoise’s neck. He used his divine power to grab the other party’s head tightly, preventing it from shrinking into its turtle shell.

“You dare to encourage me to betray my master? You old bastard, I think you’ve lived for too long and have become senile! Even if my master dies, I’m still a member of the Nameless Sect. If not for my master, I would still be in the lower realm and a piece of trash. How could I have become the current God King Realm expert?”

Let me tell you, I was born a member of the Nameless Sect and will die a ghost of the Nameless Sect. You old bastard, as my master’s demon pet, you advised his disciple to establish his own sect. You’re despicable. ”

“Ninth Master, calm down. Ninth Master, calm down. This is for your sake. Moreover, your master is already dead. It’s not wrong for you to establish your own sect.”

“Even so, you can’t talk about this right after my master died. I’ll definitely kill you and make you into soup today.”

The Black Tortoise was so frightened that its face was livid. It hurriedly turned to the other divine beasts for help.

“Brothers, save me quickly. We’re all brothers. You can’t leave me in the lurch.”

However, when it turned around, it discovered that the divine beasts had long dispersed. Their eyes were shining as they stared at it like wolves and tigers. Some even drooled.

“Quick, Master Nine, kill it.”

“I’ve long wanted to eat this bastard. I never had the chance. Today, I finally found the chance.”

“Ninth Master, let’s boil half of its body and roast the other half. This old bastard has lived for more than ten thousand years. Its meat will nourish our energy and greatly improve our kidneys.”

...

“Damn!”

After the Black Tortoise cursed, it felt a pain in its neck in the next second and directly lost all consciousness.

Su Lingwu stepped on its big head and said coldly, "Did you see that? This is the outcome of trying to create a division in our Nameless Sect! My master will always be my master. No matter if he's alive or dead, he's still my master!"

"If anyone dares to sow discord between us again and the relationship between me and the Nameless Sect, they will suffer like this old bastard. "

"Ninth Master, you're so valiant!"

"Master Nine is mighty!"

"Ninth Master is so manly!"

The divine beasts cheered as they divided the Black Tortoise into two and sent it to the barbecue pit and the soup pot.

Actually, it was not their fault.

Back then, if not for the Black Tortoise, many of them would not have been taken in as demon pets by Lu Xiaoran.

Although they had also obtained a lot of cultivation after coming to the Divine World because of Lu Xiaoran, this still could not change the fact that their souls still contained Lu Xiaoran's blood essence.

If Lu Xiaoran had a son with a woman, they would still be controlled.

This was because Lu Xiaoran's blood essence could easily control them. If Lu Xiaoran's direct descendants had the same bloodline, which meant that they also had a chance to control them.

Basically, it was no different from a time bomb.

It could be said that there was a huge hidden danger buried in their bodies for all eternity. In this situation, who did not hate the Black Tortoise to the bone?

Everyone ate the Black Tortoise completely, not even leaving behind its special part. It was swallowed by the Golden Lion like a golden needle mushroom.

According to the lion, the body part one ate would nourish the respective body part on one's body.

After eating, everyone immediately headed west, wanting to see what the Buddhist Sect was doing.

...

At the same time, the 81 Buddhist experts in Puhua Temple also packed these demons in batches.

Storage bags and storage rings could not store lives, and the Demon Exorcism Meeting definitely could not exorcise dead demons.

Therefore, they needed a cage that could hold life like the previous prison carriages.

Fortunately, the Buddhist Sect had long done countless things to imprison demons.

“We’re finally done packing. Now, it’s also time to send these bastards to the Bodhi Temple.”

“These bastards wanted to attack our Buddhist Sect, but in the end, what harm can they do to our Buddhist Sect? They’re just toying with us.”

“That’s right. For so many years, who has survived to the end against our Buddhist Sect? Weren’t they all suppressed by our Buddhist Sect’s exquisite Dharma?”

“Alright, let’s go quickly. Don’t delay the Demon Exorcism Meeting. Otherwise, the High Buddha will probably be angry.”

At the mention of the High Buddha, the expressions of these Buddhist elders instantly turned solemn.

To them, the High Buddha was an existence at the Immortal Realm. It was something small figures like them could only dream of becoming.

If they could work for the High Buddha and obtain his favor, they would be able to come across an extraordinary opportunity and reach the heavens in a single step.

After everyone made preparations, they were ready to depart.

Long Kuang sighed faintly.

At this moment, no disciple from the Nameless Sect had arrived. Looks like they were really helpless this time.

He was only a second-generation disciple. Without Lu Xiaoran’s personal guidance, he was naturally unable to unleash powerful strength, unlike Lu Xiaoran’s personal disciples!

Looks like he could only make plans after arriving at the Bodhi Temple.

If no one really came to save Zhuge Ziqiong, he could only clean up Zhuge Ziqiong’s ashes and prepare a coffin for her.

However, just as everyone rose and was about to fly away, a huge light ball suddenly fell from the sky in the next second.

“A bald monk from the Buddhist Sect actually dares to capture my junior sister? Do you really think my Nameless Sect is easy to bully?”

The huge ball of light contained a terrifying aura. It was ridiculously powerful, as if it could tear apart and destroy everything.

“It’s the divine crystals! Someone detonated the divine crystals!”

A Buddhist elder could not help but shout in fear.

In the next moment, all the Buddhist elders’ expressions turned solemn.

They could sense that the might of this attack was definitely not inferior to an attack from a peak God Monarch Realm expert.

To be able to create such a powerful attack with divine crystals, how many top-grade divine crystals did the other party have?

The other party had used at least seven to eight million top-grade divine crystals, right?

Wasn't this too extravagant?

It was simply inhumane.

"Quickly defend!"

The God Emperor Realm Buddhist expert immediately ordered everyone to attack at the same time. In the next second, everyone circulated the Mahayana Golden Bell Shield and the Mahayana Vajra Art at the same time.

The Golden Bell Shield Technique could unleash a defensive barrier in front of them, and the Vajra Art could strengthen them.

Their 81, no, including Long Kuang, a total of 82 Buddhist experts, attacked at the same time. The defense of the Mahayana Golden Bell Shield was enough to resist 60 to 70% of the other party's attack. Only by using the Mahayana Vajra Art could they resist the remaining attack and resolve the other party's move.

The moment the Mahayana Golden Bell Shield Barrier formed, the divine crystal light source fell.

It directly smashed down in an extremely rude and unreasonable manner. The violent impact was mostly blocked by the Golden Bell Shield. The remaining shock wave kept attacking the organs of the Buddhist Sect elders.

However, with the protection of the Mahayana Vajra Art, their entire bodies, including their organs, and even every hair on their bodies, had been strengthened. Therefore, the divine crystal light source that had blocked most of the attack was no longer able to severely injure them.

They could quickly recover from some light injuries with their powerful physical recovery ability. They did not even need to use the healing cultivation technique of the Buddhist Sect.

Under the barrier, everyone looked at each other and grinned.

After resolving a huge attack, they felt that nothing else would make them happier.

If there was, then it would only be the fact that they would kill the mastermind later and snatch the other party's divine crystals.

However, just as everyone was feeling smug, Long Kuang suddenly struck a palm at the back of two of the Hundred Domain Battle God Realm Buddhist Sect elders.

"Mahayana Prajna Palm!"

Bang!

These two attacks almost exhausted his full strength as he struck the two of them fiercely, making the two of them vomit a mouthful of blood on the spot. Their auras began to become chaotic, and they were unable to control their divine power. The area of the Golden Bell Shield they were in charge of also instantly collapsed.

After a huge hole appeared in the defensive barrier, the rupture quickly spread like a broken dam.

“Not good!”

Everyone’s expressions changed drastically. The powerful shock wave from the divine crystals’ explosion had already surged down crazily from the huge hole.

The energy was too powerful. Without giving anyone any time to react, it directly tore apart all the defensive barriers of the Golden Bell Shield.

The light enveloped all the Buddhist Sect elders.

The God Emperor Realm elder shouted angrily, “Don’t panic. Sit cross-legged with me as the head and form a cone to disperse this attack. We have the Mahayana Vajra Art protecting our bodies. Even without the Golden Bell Shield, this attack can’t do anything to us!”

Chapter 367: These Days, People Are No Longer Humans

With a shout from the God Emperor Realm expert, everyone immediately used the Mahayana Vajra Art with all their strength. Then, they sat cross-legged.

With two God Monarch Realm monks holding the fort above, the pressure was dispersed.

The attack instantly rushed down. The explosion that was comparable to a peak God Emperor Realm expert made everyone’s hearts tremble, and the divine power in their bodies circulated crazily.

It was even to the extent that because the might was too powerful, the two high-level God Emperor Realm monks at the top could not help but fart the moment they suffered the attack.

Pfft!

Fortunately, because the shock wave from the explosion was very powerful and fast, everyone only smelled it a little before the scent was washed away by the attack in the next second.

After enduring this attack, the two God Emperor Realm experts could not help but heave a sigh of relief, their faces revealing joy.

Fortunately, they had resisted this wave of attacks that was only created by the other party’s detonation of the divine crystals.

How expensive were divine crystals?

It had already cost him a lot to detonate one wave. It was impossible for him to detonate a second wave, right?

However, the smiles on their faces did not last long before they instantly cooled and froze.

This was because an even stronger aura had descended above their heads.

Another explosion of divine crystals appeared. Moreover, this time, it was even stronger and more intense.

It was estimated that more than ten million divine crystals had been detonated.

Boom!

The shock wave smashed down on their heads and instantly made everyone vomit a mouthful of blood.

In particular, one of the two God Emperor Realm experts in front had his neck broken. His mind and organs were directly shattered into meat paste, and his body was destroyed on the spot.

The other one was not any better. His mind and body had been injured, and countless bones had been broken.

However, he was smarter. When the second wave of attacks arrived, he directly lowered his body.

In this way, the other expert would suffer an even greater wave of damage than him, and he would be able to reduce the damage he needed to suffer by a lot.

Otherwise, if the two of them shared the damage at the same time, they might still have a chance to survive together. However, both of them would be severely injured.

In such a battle, being severely injured was an extremely disadvantageous situation.

If he was careless, it might mean death. Therefore, this was the reason why he lowered his body.

After the explosion, a huge mushroom cloud rose in the sky above the entire Puhua Temple and soared into the sky like a heavenly pillar.

The Buddhist Sect elders were like cannonballs as they fell and bombarded the ground incessantly.

The combat shock wave was too powerful. They were simply unable to control their bodies in that situation.

“Damn, this is too awesome. Which master is this? He directly spent 10 to 20 million top-grade divine crystals. This is simply too extravagant!”

Long Kuang could not help but click his tongue.

It had to be known that the abbot of the Little Buddha Temple had only accumulated nearly a million divine crystals in his entire life. However, here, the other party's wealth was about twenty times larger than his.

How terrifying was this?

Those Buddhist elders did not have the time to be pretentious. They quickly crawled out of the holes and stared fixedly at Long Kuang.

It was all because of this bastard. If not for him secretly attacking, they would not have lost so miserably.

At the very least, the other party's second wave of attack would have only destroyed the defensive barrier of the Golden Bell Shield.

Their Mahayana Vajra Art would have been able to resist.

This bastard.

"You traitor of the Buddhist Sect! You actually dare to collude with demons and scheme against us!"

Long Kuang hurriedly said, "Stop, don't say that. I can't take responsibility. I'm originally a disciple of the Nameless Sect. However, after coming to the Divine World, I was captured by those damn nuns from the Peach Blossom Monastery. If I didn't become a monk, I would have died."

"Therefore, strictly speaking, I have been an enemy of your Buddhist Sect from the beginning.

"Moreover, you guys killed our Nameless Sect's sect master and captured our Nameless Sect's Fifth Miss. I wish I could slap you baldies to death myself. "

"When did we kill the sect master of the Nameless Sect?"

"Hmph! Stop quibbling here. There are so many people from the Buddhist Sect. Even if you guys didn't kill them, someone else from your sect did. In any case, don't even think about escaping."

As he spoke, Jun Bujian's figure had already descended from the sky. Shi Changlin and the others were all waiting in the distance. The battle here was no longer suitable for them, so Jun Bujian did not let them come.

If the other party counterattacked before death and made a big move, they would not be able to resist at all.

For safety reasons, he just let everyone hide and watch the battle.

When Long Kuang saw Jun Bujian land, he immediately narrowed his eyes and smiled.

"So it's Seventh Master. I was wondering which master it was! Seventh Master is really generous. I can't believe you immediately detonated ten to twenty million top-grade divine crystals."

Jun Bujian chuckled and said, "This is nothing. Let me tell you, these divine crystals were all given to me by the Buddhist Sect. Previously, when the Buddhist Sect wanted to rope me in, I extorted tens of millions of divine crystals from them. Hehehe... I still have a lot left."

When the people from the Buddhist Sect heard this, they were so furious that they almost vomited blood. Their eyes were red.

Damn, it turned out that the divine crystals were given to them by the Buddhist Sect themselves.

This was simply heartbreaking!

"Alright, cut the crap. I'll kill these guys first while they're injured."

As soon as he finished speaking, Jun Bujian immediately surged into the crowd and used the Dragon God Art with all his strength. A golden dragon-shaped phantom kept swimming as his figure moved. It looked

lifelike and was filled with a dignity that made one's heart palpitate. It was as if a real divine dragon had descended.

Jun Bujian's hands were even covered in a huge golden dragon claw. As he waved it, the dragon claw even directly destroyed the divine power in the air.

As the dragon claw passed, two Hundred Domain Battle God Realm experts were torn into pieces in unison. Blood mixed with flesh flowed on the ground.

Then came the fourth Hundred Domain Battle God Realm expert, the sixth, the eighth...

As time passed, death also continued to spread. He was like a death god that wanted his life as he rampaged on the battlefield.

When Long Kuang saw this scene, he could not help but frown and was somewhat stunned.

"Strange, why do I feel that Seventh Master's cultivation technique is somewhat similar to the natural dragon race cultivation technique in my body? What's going on?"

In fact, the Dragon God Art was originally created from the dragon race cultivation technique and could also be considered a top-notch cultivation technique of the dragon race.

Long Kuang, on the other hand, had the bloodline of the dragon race. The genes in his body naturally contained dragon race cultivation techniques. Therefore, it was very normal for him to feel that they were similar.

"Quick! Quickly retreat!"

The Buddhist Sect Elder roared.

Jun Bujian's cultivation was originally only at the first level of the Thousand Domain Battle God Realm. However, after using the Dragon God Art, he could fight someone an entire realm higher.

The Hundred Domain Battle God Realm experts and the Thousand Domain Battle God Realm experts here were only small trash in front of him. They were simply not enough.

Jun Bujian killed these Buddhist elders crazily like cutting cabbage.

"Brat, don't be arrogant."

Seeing that Jun Bujian was wantonly killing his fellow disciples, the few God King Realm experts finally could not take it anymore.

Two of the God King Realm experts directly roared and rushed towards Jun Bujian.

"Good timing!"

Jun Bujian smiled coldly and stretched out his hands. Two dragon claw phantoms directly blocked the other party's fist.

"Get lost!"

With a furious shout, the divine power in Jun Bujian's body circulated quickly. He exerted strength in his hands and actually broke each of their fists.

As if he was twisting a watermelon, he forcefully removed the other party's fists.

Pfft!

Golden blood instantly surged out.

Before the two God King Realm experts could let out a tragic cry, Jun Bujian slashed his hands diagonally. The dragon claw phantom that covered his palms directly tore the flesh on their chests, revealing their bones. Their fiery red hearts could even be seen clearly.

The shock wave even forced the two God King Realm experts back.

"How powerful!"

Everyone's hearts trembled.

Even though everyone had just been severely injured, their strength was still there.

A God King Realm expert was still a God King Realm expert!

However, Jun Bujian had killed the other party so easily in a single exchange. This strength and cultivation simply dumbfounded them.

Seeing that Jun Bujian was about to approach and completely kill the two God King Realm experts, the God Emperor Realm monk suddenly attacked. He transformed into a golden light and instantly arrived, punching Jun Bujian's dragon claw.

Bang!

With a violent explosion, the two of them were instantly forced back by each other's divine power.

The other party narrowed his eyes slightly, and the God Emperor Realm monk immediately said, "This child is too powerful. I'm severely injured and can't defeat him. Set up the array formation so that I can unleash the perfect strength of the first level of the God Emperor Realm. Otherwise, we will all die!"

He was severely injured. Because of this, his current recovery speed was very slow.

If he did not use the array formation, he could not guarantee that he could really kill Jun Bujian.

With a command, the elders of the Buddhist Sect immediately scattered and set up the array formations at the same time.

A golden Bodhi Supreme Divine Soul appeared behind every elder, illuminating the surrounding world like gold.

The Buddhist God Emperor Realm expert pressed his palms together and the corner of his mouth curled up slightly. A faint golden Bodhisattva phantom was projected from his body.

"Arhat Buddha Heart Formation, activate!"

Long Kuang's eyes turned cold.

“Not good, it’s the Buddhist Sect’s Arhat Buddha Heart Formation! As soon as this array formation appears, that God Emperor Realm expert will quickly repair his body and recover to his peak state. At that time, Seventh Master will be in trouble.”

However, before he could prepare to attack, in the next second, Jun Bujian directly transformed into a four-clawed golden dragon. This was only his initial state. As the battle continued to increase, his claws would continue to increase.

“Damn!”

Long Kuang’s eyes widened as he looked at the scene in disbelief.

The other party had actually become a dragon!

Was this a joke?

With his status as a dragon, he could tell with his own eyes that the other party was definitely a true dragon. This was definitely not an illusionary technique!

Chapter 368: Avengers, Gather

After transforming into a dragon, Jun Bujian roared and pointed at the Buddhist God Emperor Realm expert.

At the same time, the Bodhisattva phantom behind the Buddhist God Emperor Realm expert had already gradually condensed.

This was because the Buddhist God Emperor Realm expert’s injuries had been healed. At this moment, he had already recovered to his peak.

The moment Jun Bujian’s sharp claws arrived in front of him, the Buddhist God Emperor Realm expert suddenly opened his eyes. Two golden lights shot out like sharp swords.

The powerful pressure resisted the aftershock of Jun Bujian’s sharp claws. In just an instant, a might comparable to the detonation of a million top-grade divine crystals erupted.

Boom!

The shock wave instantly rushed out, and the man and the dragon retreated repeatedly. However, the dozens of Buddhist Sect elders were impregnable and were not injured at all. Their bodies did not even move at all.

Jun Bujian’s dragon eyes revealed a vigilant expression, and the Buddhist God Emperor Realm expert smiled.

“The Arhat Buddha Heart Formation can allow all the Buddhist disciples in this array formation to suffer damage together.”

“Their cultivation levels are inferior to ours, but if they split our combat shock wave equally, it won’t do them any harm.”

Jun Bujian snorted coldly and began to circulate his body again. He rushed straight towards the Buddhist elders who were setting up the array formation.

Seeing this scene, the Buddhist God Emperor Realm expert revealed a mocking expression. Then, he teleported in front of Jun Bujian and blocked his path.

The two of them fought again. Golden light kept erupting in the sky, becoming brighter and brighter, almost blinding everyone.

Jun Bujian could fight an expert an entire realm above him, but it was not like he could instantly kill an enemy an entire realm above him. Even so, he was already powerful enough to fight a first level God Monarch Realm expert alone.

Long Kuang was dumbfounded.

“Damn, isn’t Seventh Master too powerful? He’s simply too strong!”

Jun Bujian had already shown that his cultivation was only at the first level of the Thousand Domain Battle God Realm. After transforming into a dragon, he could also increase his cultivation by an entire realm, just like Long Kuang.

However, the problem was that Long Kuang could not fight those at a higher level, but Jun Bujian could.

In the end, these should all be thanks to the cultivation techniques taught to him by the sect master.

The cultivation techniques the sect master taught the disciples of the Nameless Sect should all be extremely special. Only extraordinary cultivation techniques could allow them to fight someone a realm higher. Otherwise, it would definitely be impossible for Jun Bujian to be so powerful.

How enviable. How good would it be if he could also be a disciple of the sect master?

However, speaking of which, the sect master was already dead. He wondered who would take over the sect master’s position next.

The seven masters and two young mistresses were all the direct disciples of the sect master. In other words, every one of them was qualified to take over the sect master’s position.

First, he could eliminate his own master, Yun Lige.

Although Yun Lige was his master in name, Long Kuang did not think that he was qualified to compete for the sect master’s position.

It was just that his talent was simply not enough for him to compete against the other senior brothers and sisters.

It was really not that Long Kuang wanted to belittle him. It was really because he was useless.

When the sect master was around, he could still barely rely on the sect master’s favors.

Now that the sect master was gone, his cultivation might not even be comparable to Long Kuang’s.

It was even to the extent that he might have long been beaten to death. It was unknown if he was dead or alive.

On the other hand, Fifth Miss could not either.

Fifth Miss had been captured by the Buddhist Sect and could not even resist. She was probably also a weakling.

There was definitely no future in following her.

On the other hand, Seventh Master looked handsome and dignified. Not only could he fight those at a higher level, but he also had many divine crystals.

Long Kuang wondered if he should... think of a way to join the Seventh Master first?

After all, the other party was so handsome and was also from the dragon race. The other party might more or less give him some face.

Alright, it was decided.

In a while, he would think of a way to find a reasonable excuse and then persuade Seventh Master to take him in as a disciple.

Perfect.

At this moment, Jun Bujian and the Buddhist God Emperor Realm expert's fight was getting more and more intense. The shock wave energy had already begun to affect the Buddhist elders.

The golden dragon he transformed gained another claw.

His combat strength was still increasing. As the number of claws increased, his strength also continued to increase.

At this rate, in less than five minutes, he would be able to surpass the other party and completely obtain victory.

However, just as everything was going well, several powerful auras suddenly attacked from the southeast.

This aura made the pupils of the people from the Nameless Sect suddenly shrink.

"Damn it! The Buddhist Sect's reinforcements are here!"

Jun Bujian, who had already transformed into a dragon, suddenly had a solemn expression.

The reason why he chose to transform into a dragon was because he wanted to fight quickly and prevent the other party's reinforcements from arriving.

However, he did not expect to still miscalculate. The other party's reinforcements had already arrived.

Now, he probably could not save his senior sister for the time being.

However, the problem was that if he did not save Zhuge Ziqiong this time, he might not be able to save her again.

This was because once Zhuge Ziqiong was transferred to the Bodhi Temple, he would not have the ability to deal with the Bodhi Temple.

Could it be that he also had to watch his junior sister be killed by these baldies? After all, his master had already been killed by these monks.

With a furious roar, Jun Bujian felt extremely unwilling. An extremely cold battle intent kept spreading. It seemed that he had activated the Dragon God Art in his body and made it circulate faster!

At this moment, the Dragon God Art had actually advanced on its own, from a divine technique to a profound cultivation technique.

Jun Bujian's cultivation also soared again and quickly reached the second level of the Thousand Domain Battle God Realm.

With the help of the dragon transformation and the enhancement of his combat strength, his true combat strength had already increased to the second level of the God Emperor Realm at this moment.

Moreover, he still had the Battle God Art.

The Battle God Art could allow him to increase his strength endlessly in battle. Therefore, his combat strength would only become stronger and stronger. He would not quickly give up like ordinary people.

Originally, the Buddhist God Emperor Realm expert could still fight Jun Bujian.

However, as Jun Bujian's cultivation increased, he was immediately suppressed.

In a short two breaths, several claw marks appeared on his body, so deep that his bones could be seen. The monk robe on his body was also dyed red by blood.

"There's hope!"

Jun Bujian began to go crazy. He wanted to kill these Buddhist elders in the shortest time possible.

In this way, he still had a chance to escape with Zhuge Ziqiong.

As he increased the momentum of his attack, the Buddhist God Emperor Realm expert clearly could not take it anymore. More injuries appeared on his body.

"Quick, change the formation to the Nirvana Vajra Formation!"

He could not help but exclaim.

The Nirvana Vajra Formation was also one of the supreme array formations of the Buddhist Sect. This array formation could greatly increase the speed at which his injuries recovered.

Originally, he was not afraid of Jun Bujian. However, he was starting to lose the ability to handle Jun Bujian's increasingly ferocious attacks.

In any case, as long as he persisted for a few more breaths, he would be safe once the main force of the Buddhist Sect arrived.

No matter how powerful Jun Bujian was, it was impossible for him to turn the situation around by himself, right?

When Long Kuang, Shi Changlin, and the others saw this, their expressions immediately changed.

“Quick! Destroy their formation. Don’t let their array formation succeed. Once the array formation is successfully set up, he can stall for even longer.”

Everyone’s hearts stirred as they immediately attacked the many Buddhist elders.

Long Kuang directly transformed into a dragon and increased his cultivation to the Hundred Domain Battle God Realm. He also charged into two Buddhist Sect elders who were also Hundred Domain Battle God Realm experts.

Shi Changlin and the others were no match for the other party, so they directly ignited the divine crystals and threw them out, attacking incessantly.

For a moment, the Buddhist formation was disturbed on the spot.

The Buddhist God Emperor Realm expert lost the enhancement of the array formation and his combat strength instantly decreased greatly.

In the beginning, he was already being suppressed by Jun Bujian. Now, he was even less of a match for the other party.

Jun Bujian was overjoyed.

A good opportunity.

“Baldy, die!”

“Not good!”

At this moment, Jun Bujian and the other party had both entered the moment before death.

However, at this moment, a golden light suddenly fell from the sky and instantly enveloped the Buddhist God Emperor Realm expert.

Boom!

With a violent explosion, Jun Bujian’s dragon claw also slapped fiercely onto the pillar of light.

In an instant, the pillar of light spread and blasted Jun Bujian away.

“Damn it!”

He gritted his teeth and complained.

He was so close!

Unfortunately, it was simply heartbreaking!

“Hahahaha... As the saying goes, the righteous will always be able to handle the tricks of the evil. You’ve schemed and schemed, but you’re still no match for my Buddhist Sect! Hahaha... you can’t kill me anymore, and your death has also arrived.”

As he spoke, the Buddhist God Emperor Realm expert had already begun to circulate his divine power in an attempt to pursue and capture Jun Bujian.

This pillar of light was a protective divine light born from the strength of the Buddhist disciples in the sky.

Jun Bujian’s attack was unable to break through it. In other words, the other party had basically activated a defensive cheat.

Therefore, even if Jun Bujian’s current attack power was stronger than his, he was not afraid at all.

“Does the heavens really want our Nameless Sect to die?”

Jun Bujian’s dragon eyes were filled with endless anger.

Seeing that the other party was about to attack him, he could not help but feel grief and indignation.

He was not afraid of the other party’s cultivation. He was only furious that the other party had too many companions, preventing him from using his full strength!

However, just as the Buddhist God Emperor Realm expert was feeling smug, an explosion suddenly sounded in the sky in the next second. Then, some Buddhist disciples fell like dumplings.

“What’s going on?”

The Buddhist God Emperor Realm expert’s heart paused.

Why were the reinforcements being attacked in the sky just as they arrived?

Chapter 369: Demonized Buddha

In the valley, an aura suddenly soared.

All the living beings around the entire valley were suppressed by this terrifying aura and trembled in fear.

Li Changsheng and Song Xinian also suddenly trembled and woke up from their cultivation.

“This aura is so powerful! Who broke through? Someone broke through to the Supreme God Realm!”

“Could it be Master?”

Song Xinian’s eyes revealed a puzzled expression, and Li Changsheng looked at him as if he was an idiot.

“Are you a fool? Master’s cultivation is above the Immortal Realm! How could he have broken through to the Supreme God Realm?”

“That’s right. Could it be one of Master’s demon pets? Or is it another disciple Master took in?”

“Damn, a newbie? Are all newbies these days so powerful?”

“I thought that it was already not bad for me to cultivate to the peak of the Thousand Domain Battle God Realm so quickly. I didn’t expect these rising stars to be even faster than me.”

“No, we brothers have to cultivate quickly. Otherwise, won’t we lose face in front of Master?”

“Yes, yes, yes. Hurry up and cultivate.”

The two of them hurriedly began to cultivate again.

On Lu Xiaoran’s side, he finally completed the advancement to the first level of the Supreme God Realm after a few breaths. This also made him heave a sigh of relief.

“I’ve finally stepped into the Supreme God Realm. If I’ve already reached the Supreme God Realm, how far away is a God Monarch Realm expert?”

As long as he reached the God Monarch Realm and had the strength to kill enemies at a higher level, it was basically not a big problem for him to deal with large-scale God Monarch Realm experts.

Of course, with his more ignoble character, he would not have a large number of God Monarch Realm experts surrounding him because he had always kept a low profile.

“Speaking of which, Buttfacet should be near the Bodhi Temple soon, right?”

The Divine World was really too vast. Even after reaching the God Monarch Realm, it was not easy to reach the ends of the world.

“I wonder if it found my seventh, eighth, and ninth disciples. If it’s too slow and they get killed, wouldn’t it all be in vain?”

Lu Xiaoran swept his gaze over. Wang Cai had not woken up yet. However, it had not been long since Wang Cai advanced. It would probably take a while. No matter how anxious Lu Xiaoran was, he could not do anything.

Sigh, he could only wait.

Just as Lu Xiaoran was about to enter cultivation again, the Body Modeling Mark that had already advanced to an immortal artifact suddenly lit up.

“Another disciple is being revived? Why are so many disciples being revived? What happened?”

Lu Xiaoran could not help but be shocked.

He immediately checked. Fortunately, it was not his disciples but some other second-generation disciples.

“Sect Master, we’ve finally seen you. Is this hell? It doesn’t seem that terrifying!”

The disciples stuck their heads out and asked.

Lu Xiaoran’s face darkened. It was all because of these two idiots. Why did they have to announce to the world that he had died?

He coughed lightly and immediately explained to everyone.

When they learned that this was not hell and that everyone was still alive, everyone was overjoyed.

After all, who would want to die if they could live!

Lu Xiaoran then arranged for everyone to cultivate with the previous group of disciples.

After finally finishing this matter, his Body Modeling Mark actually lit up again.

This time, the one who was resurrected was actually the Black Tortoise.

The moment the Black Tortoise saw Lu Xiaoran, it was first stunned before immediately wailing.

“Master! I’ve finally seen you! Wuwuwu... You don’t know, but Ninth Master and those bastards actually killed me. Half of my body was turned into soup and the other half was roasted. Even my subordinates were killed and eaten by that bastard Golden Lion. You have to help me.”

Lu Xiaoran’s expression was somewhat strange as he raised his eyebrows slightly.

“That’s impossible, right? Although Lingwu was the last disciple I took in, his character is definitely passable. How could he bully you? Did you do something infuriating?”

When Wang Cai took in disciples, he would check. If it was possible for the other party to develop the intention to rebel, he would not let the other party become his disciple no matter what.

“Sect Master, I didn’t say anything. I just persuaded Ninth Master a little and he killed me. I’m innocent. You have to help me.”

“Really?”

“Absolutely.”

After Lu Xiaoran asked again, he did not waste his breath and directly used the Beast Control Divine Art to check the Black Tortoise’s memories.

When he saw the Black Tortoise persuade Su Lingwu to establish his own sect, he immediately understood why the Black Tortoise was killed by Su Lingwu.

After taking a deep breath, Lu Xiaoran took out the Xuanyuan Sword that had already been upgraded to an immortal artifact.

The Black Tortoise was stunned before saying, “Master, what are you doing?”

“Master, don’t come over!”

“Help!”

...

On the other side, in the sky of the Puhua Temple, as the Buddhist Sect disciples who came to help were attacked, Jiang Taixuan’s voice sounded from the sky.

“Seventh Senior Brother, don’t panic. I’m here!”

With this voice, several more explosions soared in the sky.

The Buddhist Sect disciples were blasted into darkness.

The reinforcements in the sky were bombarded, and the protective divine light could no longer be formed. Naturally, it was also unable to protect the Buddhist God Emperor Realm expert.

The huge dragon head smiled sinisterly and was extremely terrifying.

“Old thing, you have reinforcements... However, I have my Junior Brother! Looks like your plan is about to fail!”

The Buddhist God Emperor Realm expert’s expression was extremely gloomy. He snorted and turned to run.

However, just as he raised his legs to run, Jun Bujian chased after him like a shadow.

Without giving him any chance to escape, Jun Bujian raised his hand and grabbed the other party’s ankle. Then, he smashed the other party fiercely onto the ground.

Once!

Twice!

Three times!

...

“Damn baldy, who asked you to posture in front of me? Continue to posture! Why did you stop? Get up and posture again!”

“Aren’t you the mighty God Emperor Realm expert of the Buddhist Sect?”

“Didn’t you want to capture my senior sister?”

“Weren’t you very arrogant?”

“You want me to convert to Buddhism, right? Come, get up! Get up!”

Jun Bujian beat the other party fiercely like he was torturing a dog, making the other party unable to fight back.

The Bodhisattva phantom behind the other party flickered, as if it had suffered a lot of light injuries.

The Buddhist reinforcements in the sky were also in a mess.

An inexplicable sadness suddenly surged into the heart of the Buddhist God Emperor Realm expert.

Why?

Why did he have to shoot himself in the foot by coming here?

He had not only failed to show off, but he had also been beaten like a dog. He was probably going to die now.

Despite his thousands of years of bitter cultivation, he was actually inferior to this brat after the other party transformed into a dragon. This simply made him want to cry. He also hated the other party to the extreme!

“Brat, don’t be too arrogant! Do you really think there’s no one left in our Buddhist Sect?”

The Buddhist God Emperor Realm expert shouted angrily and forcefully forced Jun Bujian back. Then, he roared into the sky, and the divine soul phantom behind him also quickly soared at this moment.

The Bodhisattva Divine Soul emitted thousands of lights.

Then, the Buddhist God Emperor Realm expert summoned his small world and shone the divine light of the Bodhisattva Divine Soul onto the small world.

His originally loving face was already filled with a demon aura at this moment.

After being extremely furious, he was already somewhat obsessed.

“Hahaha... I’ll use my small world and divine soul to summon all the heroic spirits of the disciples cultivating in the Puhua Temple. I know that I can’t kill you, and there might not be anyone present who can kill you. However, at the very least, I can kill all your subordinates and friends!”

He wanted to show the other party the price of going against the Buddhist Sect!

“I want you to live in regret for the rest of your life.”

As soon as he finished speaking, the Buddhist God Emperor Realm expert directly burned his blood essence.

He wanted to sacrifice himself and everything in exchange for the heroic spirits of the disciples who had once sacrificed themselves here.

This was a very strange move. It relied on him completely sacrificing his divine soul and small world. Once he succeeded, he would fall into a situation where he would never be able to reincarnate.

However, in order to kill Jun Bujian’s subordinates and friends, he had already chosen to completely sacrifice himself.

Just as he was completely sacrificing his small world and divine soul at the first level of the God Emperor Realm, golden light began to surge in the entire Puhua Temple in the next second.

These golden lights represented the heroic spirits of the Buddhist Sect who had once cultivated day and night in the Puhua Temple and were then killed.

As soon as the heroic spirits appeared, they rushed crazily towards the disciples.

“Bastard!”

Jun Bujian shouted angrily and immediately flew towards the heroic spirits. However, there were really too many heroic spirits.

Even though he could destroy dozens or even a hundred heroic spirits with a single dragon breath, it was still impossible for him to kill all of them in such a short period of time.

Shi Changlin and the others' expressions immediately changed drastically.

Long Kuang immediately transformed into his original form to increase his actual combat strength.

Among these heroic spirits, there was no lack of top-notch experts. If Long Kuang encountered one or two and was slashed by them, his life would be over.

However, even so, his efforts were still insignificant.

This was because heroic spirits not only included the heroic spirits who had died in battle today, but also the heroic spirits who had died in battle in Puhua Temple in the past.

After all, that was the curse of a God Emperor Realm expert. The might emitted was really not to be underestimated.

What was even more abnormal was that they seemed to have received the guidance of that God Emperor Realm expert. All the heroic spirits avoided Jun Bujian and only dealt with Shi Changlin and the others.

In a moment, a few disciples had already been killed. Shi Changlin and the others were also injured and panting.

Jun Bujian could not help but spit fiercely.

"Damn! If only we could have another batch of reinforcements!"

Now that their master was already dead, who knew if they could still be revived after dying?

Therefore, this was the true reason for his anger.

He did not know if the heavens really thought highly of him or if there was some other reason, however, just as he finished complaining, a familiar voice suddenly sounded from the northeast sky.

"Senior Brother needs reinforcements?"

Chapter 370: God Emperor Realm expert Appears

"This voice is... Junior Brother?"

Jun Bujian was overjoyed.

In the next moment, Su Lingwu brought the divine beasts to the battlefield of Puhua Temple like a divine weapon descending from the sky.

These Buddhist heroic spirits were condensed from the Buddhist power, divine power, and the power of laws of the Buddhist God Emperor Realm expert's small world. However, when the divine beasts appeared, they were instantly shattered. Their thoughts sank into the soil again.

Su Lingwu arrived beside Jun Bujian. Jun Bujian had already transformed into a human and tapped the other party's chest with his fist.

“Damn, you actually brought so many divine beasts. Looks like you’ve mastered the Master’s Beast Control Divine Art.”

Su Lingwu chuckled.

“It’s normal. It’s all because Master taught me well.”

“By the way, Fifth Senior Sister is here. The Buddhist Sect captured her.”

“Damn! These bald bastards. Sooner or later, I’ll kill all the baldies in the world.”

Not far away, after Long Kuang heard this, his face could not help but twitch fiercely.

“Ninth Master, not all baldies are monks!”

Its anxious expression made the Fire Phoenix and the other divine beasts immediately laugh.

Seeing this, the two of them did not waste their breath and immediately began to search for the Buddhist prison.

This was because Zhuge Ziqiong was not the only one in every Buddhist prison. There were also many other demons.

If all of them were released and the demons rushed out at once, the consequences would be unimaginable.

Who knew if it would cause damage to the disciples?

Fortunately, Long Kuang immediately crawled out of the crowd at this moment.

“Seventh Master, Ninth Master, I know which cage Fifth Miss is in. I’ll open it.”

He quickly found Zhuge Ziqiong’s cage and opened it. In the next moment, the demons rushed out crazily.

However, they could still accept this. After all, it was only the demons from a single cage.

With a thought from Su Lingwu, the divine beasts surrounded them. These demons immediately became obedient.

Soon, Zhuge Ziqiong was released. The moment they saw Zhuge Ziqiong, Jun Bujian and Su Lingwu finally heaved a sigh of relief.

However, when they saw Zhuge Ziqiong’s pale face and her two canine teeth that had been knocked out, their hearts could not help but ache.

These Buddhist bald donkeys had actually knocked Senior Sister’s canine teeth off!

Beast!

What a bunch of bastards!

Her canine teeth were a symbol for her zombie identity, but they had mercilessly shattered them. They wondered how much pain the Senior Sister had endured?

At this moment, the two of them hated themselves for not being powerful enough to attack the Bodhi Temple and avenge their master and their senior sister.

“Senior Sister, you’ve suffered.”

Su Lingwu’s eyes were somewhat sour as he said with a choked voice.

Zhuge Ziqiong forced a smile.

“It’s all in the past. It’s also been difficult for you guys. You guys even risked your lives to fight the Buddhist Sect for me.”

“We really wish we could kill all the baldies.”

Jun Bujian clenched his fists tightly, his knuckles cracking.

Zhuge Ziqiong nodded.

“We have to kill the Buddhist Sect, but not now. We’re still very weak. We should develop first. This is not a place to stay for long. Let’s quickly retreat.”

“Yes!”

Jun Bujian shouted into the sky.

“Eighth Brother, stop fighting. It’s time to retreat!”

“Understood!”

Jiang Taixuan transmitted his divine sense to the disciples, and everyone immediately retreated from the Buddhist Sect.

The Buddhist disciples were naturally unwilling and immediately went forward to counterattack and pursue.

However, Jiang Taixuan would not let them succeed so easily. He threw out the divine artifact and the divine crystals and directly detonated them.

Boom!

In the next moment, another huge ball of light rose in the sky, and the powerful light almost pierced through everyone’s eyeballs.

“Damn it! Are we going to let them escape like this?”

The Buddhist Sect disciples were extremely furious.

The Puhua Temple was gone, as were dozens of Buddhist elders. Moreover, the various Buddhist disciples who had come to support them had also suffered heavy casualties.

If the enemy escaped, wouldn’t the Buddhist Sect lose face?

How was the Buddhist Sect supposed to command respect in the future?

Wouldn't the entire Divine World laugh at the Buddhist Sect?

"We can't let them escape so easily! Even if we die, we have to protect the dignity of our Buddhist Sect!"

Some radical Buddhist disciples could not endure this humiliation and actually pressed their palms together and began to burn their Buddhist power.

"Are you guys crazy? You'll be consigned to eternal damnation!"

An elder immediately could not help but exclaim, and the other elder shook his head.

"Let them be. At this point, everyone is already crazy from killing. Their Buddhist hearts are already in chaos. If this battle doesn't end, they will also develop mental demons. Sooner or later, they will fall into the Demon Dao."

The elder could not help but sigh faintly when he heard this.

As the Buddhist disciples sacrificed themselves, dense Buddhist power surged into the sky, immediately forming a golden spatial gate.

As soon as the spatial gate formed, a vast and powerful Buddhist power pressed down crazily like a waterfall.

Sensing the terrifying aura above their heads, the expressions of Zhuge Ziqiong and the others could not help but change.

"What a powerful aura! It's a God Emperor Realm expert! Moreover, there's more than one!"

Su Lingwu's eyes revealed a solemn expression.

"The other party's cultivation is very powerful. He's not an ordinary early-stage God Emperor Realm cultivator. Looking at the strength of this aura, the other party is at least at the fourth level of the God Emperor Realm."

Everyone's hearts suddenly sank.

The first level of the God Emperor Realm was already terrifying enough. Now, they had sensed the aura of an expert above the fourth level of the God Emperor Realm had actually arrived. Moreover, there were probably more of them.

With this, how could they win?

No, to be precise, this was no longer a matter of whether they could win or not. This was a matter of whether they could escape.

This was because the moment that aura appeared, it directly enveloped everyone.

How powerful was the aura of a God Emperor Realm expert?

Only Jun Bujian, Jiang Taixuan, and Su Lingwu could resist. Jun Bujian also could only barely resist after transforming into a dragon.

However, what about the others?

It was impossible for the four of them to leave the others behind and escape alone, right?

“Amitabha! Senzai senzai. Due to your stubbornness, you’ve forced many of our Buddhist disciples to sacrifice themselves. Even though I’ve cultivated the Buddhist Dao for many years, I have no choice but to start a massacre today.”

As soon as this voice sounded, a figure emitting golden light transmigrated from the spatial gate.

The divine soul behind him was a Bodhi Supreme divine soul.

Although it was only the lowest-level divine soul in the Buddhist Sect, this still did not change the fact that he was a fourth level God Emperor Realm expert. His cultivation and attack power were still the same.

After he completely walked out of the spatial gate, his aura soared crazily, suppressing Shi Changlin and the other second-generation disciples of the Nameless Sect, the Fire Phoenix, and the other divine beasts. They were unable to control themselves, and the divine power circulating in their bodies fell into a standstill.

“How powerful!”

Zhuge Ziqiong gritted her teeth and immediately said, “Junior Brother Jun, Junior Brother Jiang, Junior Brother Su, your cultivation is powerful enough. Leave quickly. Let’s save as many people as we can.”

“But how can we abandon you?”

“I’m just a burden now. If you bring me along, you’ll only die without a burial place.

“Why don’t you guys leave first and save a trace of hope for our Nameless Sect? In the future, you can avenge Master.”

The three of them looked at each other, their eyes revealing sadness.

Who could bear to see their senior sister and so many brothers they had spent time with be killed by the Buddhist Sect?

However, if they did not escape, they would all die here.

Once they all died, who could avenge the Nameless Sect in the future?

“Fifth Senior Sister, take care!”

Jun Bujian gritted his teeth and directly transformed into a dragon and left. Jiang Taixuan and Su Lingwu also turned around and left.

It was not that they did not value feelings. It was precisely because they valued feelings that they left.

Death was not terrifying. On the other hand, if no one could take revenge, that would be truly terrifying.

Only an idiot would rashly choose to stay.

They could not save their senior sister and the others today... However, in the future, they would definitely be able to avenge their senior sister and the others.

If all of them died here, there would really be nothing left.

However, before the three of them could leave, another powerful aura surged out from the spatial door in the next second. It was even stronger than the fourth level God Emperor Realm Buddhist expert!

Fifth level God Emperor Realm expert!

“You came to our Buddhist Sect to cause trouble and still want to escape. Do you really think that our Buddhist Sect is a place where any Tom, Dick, or Harry can behave atrociously?”

The previous fourth level God Emperor Realm monk suppressed Zhuge Ziqiong, Shi Changlin, and the other divine beasts.

This Buddhist God Emperor Realm expert directly suppressed Jun Bujian, Jiang Taixuan, and Su Lingwu.

The fifth level of the God Emperor Realm was enough to suppress the three of them. Even though the true combat strength of the three of them was already powerful enough, they were still not the other party's match. Their divine power immediately stopped and circulated slowly. The strength in their bodies was suppressed to the point of zero.

“Damn it! Break!”

Jiang Taixuan roared as the Netherworld divine soul behind him surged crazily. The ghost aura around his body kept erupting and colliding... He actually vaguely felt like he was about to break out.

However, at this moment, a third aura arrived from the spatial gate.

It was another fifth level God Emperor Realm expert!

“It's over!”

Almost as soon as the three of them thought of this, a heavy blow fell on their heads.

Boom!

At this moment, the three of them fell like meteors at the same time.

Boom! Boom! Boom!

This time, the God Emperor Realm expert did not use his aura to suppress the other party. Instead, he directly used his divine power to attack.

The three of them smashed fiercely into the ground, creating three huge pits.

The huge rocks on the ground shattered. Some of the rocks were even more than ten meters tall and were sent flying by this huge force.

One could imagine how powerful this attack was!

“Junior Brother!”

Zhuge Ziqiong exclaimed, her heart desolate.

She knew that her junior brothers were really doomed this time!
