

AN EXPERT 391

Chapter 391: Grand Master Is Really Too Awesome

The baldy was naturally the same baldy from before. This was because there was only one baldy in the entire Nameless Sect.

This baldy was naturally Long Kuang.

He was simply extremely frustrated now.

Why?

Why did he choose to be a monk?

If he had not become a monk, he would not have ended up like this.

Although his master had all kinds of strange methods, it was still impossible for his master to have a Buddhist cultivation technique, right?

After all, his grand master was not a Buddhist.

Moreover, the Nameless Sect had just had a huge conflict with the Buddhist Sect. Even if his master had a cultivation technique, he probably wouldn't give it to him.

Moreover, his foundation in the Divine World was the Buddhist cultivation technique. If he cultivated other cultivation techniques now, it might conflict with the Buddhist cultivation technique and he might not be able to cultivate it.

Only by destroying the Buddhist power in his body could he continue cultivating!

Originally, his cultivation should have been the highest among the third generation disciples of the Nameless Sect.

However, with Grand Master's help, everyone would definitely surpass him.

Thinking of his future, Long Kuang felt extremely sad.

At this moment, Shi Changlin, who was not far away, suddenly shouted, "Baldy, come quickly. There's a Buddhist cultivation technique here!"

"What?"

Long Kuang was suddenly shocked and immediately ran over.

When he saw the row of Buddhist cultivation techniques, he was stunned.

"Heavens! This... this is actually the Gautama Divine Palm! It's really the Gautama Divine Palm!"

"There's also the Great Mighty Heavenly Dragon! Great Brahma Buddha Voice! Three Thousand Buddha Hands! Heavenly Dragon Eight Sounds! Heavens, why are there so many Buddhist cultivation techniques? Hahahaha... they're all top-notch Buddhist cultivation techniques. Even the Bodhi Temple doesn't have them!"

Grand Master is really too awesome! ”

Long Kuang was so excited that tears fell.

After all, if Lu Xiaoran did not have any Buddhist cultivation techniques, he would have definitely crippled his Buddhist power and restarted his cultivation.

Now, not only did Lu Xiaoran have Buddhist cultivation techniques, but he also had the top-notch cultivation techniques of the Buddhist Sect. In that case, wouldn't he be able to ride the wind and break the waves in the future?

Everyone looked at Long Kuang enviously.

There were also other immortal techniques in the dojo Library, such as the eighteen transformations, the avatar technique, and the earth escape technique... However, there was no hierarchy for immortal techniques.

Therefore, although they were all immortal techniques, some immortal techniques were ridiculously powerful. Some were ordinary.

It was impossible for them to compare something like the Earth Escape Technique to the Gautama Divine Palm, right?

Even if everyone had never been to the Immortal World, they still knew how powerful the Gautama Divine Palm was!

However, Jun Changming could not help but say, “However, these Buddhist cultivation techniques of yours are basically all immortal techniques! Can you cultivate immortal techniques now? If you want to show off immortal techniques, you probably have to wait until you cultivate an immortal body. Moreover, you have to be in the Immortal World to cultivate them, right?

“Otherwise, if the Heaven Dao Divine Punishment descends, won't you immediately become a roasted mudfish?”

Jun Changming's words were like a basin of cold water that instantly splashed on Long Kuang.

That's right!

Although the cultivation techniques were good, what was the use if he could not cultivate them?

Moreover, how long would it take for him to cultivate to the Immortal Realm?

He was only a Ten Domain Martial God Realm expert now.

There were so many realms after that. Moreover, the higher one went, the harder it was to cultivate.

When he cultivated to that point, these fellow disciples might have all become Zenith Heaven Golden Immortals!

At this moment, Long Kuang was like a drowning cat.

“No! I have to quickly find Grand Master and ask him to help me!”

Long Kuang immediately rushed to Lu Xiaoran's room.

He knocked on the door.

"Grand Master, Long Kuang requests an audience."

Lu Xiaoran, who was originally in seclusion, could not help but be slightly surprised when he heard Long Kuang's voice. He immediately undid the seal and let Long Kuang in.

"Come in."

Long Kuang was immediately overjoyed after obtaining Lu Xiaoran's permission.

He quickly entered the room and bowed to Lu Xiaoran.

"Grand Master, I apologize for disturbing you. Please forgive me."

"I'm fine. However, why didn't you go to the dojo Library to find a cultivation technique to cultivate? Why did you come to me?"

"Master, I've already gone to find a suitable cultivation technique for me. However, the techniques that are compatible with me are all immortal-level cultivation techniques. My current cultivation level is very low and I'm unable to cultivate them at all."

Only then did Lu Xiaoran understand what he meant.

"I thought it was something important, but it turns out to be the case. I indeed don't have any ordinary Buddhist cultivation techniques. When it comes to Buddhist cultivation techniques, the cultivation techniques with the lowest level are all at the immortal level."

Long Kuang's face immediately twitched fiercely.

Wasn't this ridiculous? The cultivation techniques with the lowest level are all at the immortal level?

The things that he started out with were actually the ultimate goals of the Buddhist Sect disciples in the entire Divine World!

"Then what should I do? Do I have to cripple the Buddhist power in my body and start cultivating other cultivation techniques again?"

Lu Xiaoran shook his head.

"There's no need for that. I'm already preparing to record your marks into my small world. From now on, you can escape from the three worlds and the Five Elements. The Six Paths of Reincarnation also won't be able to restrain you. At that time, the Heaven Dao won't be able to monitor you. Naturally, you can also cultivate immortal techniques!"

"Hiss ~"

Long Kuang immediately felt his scalp turn numb!

Wasn't this too impressive?

Their grand master could actually help them escape from the three worlds and the five elements!

Wasn't this too damn powerful?

Since ancient times, those who could do this had at least reached the Golden Immortal Realm!

However, even in those cases, they could only escape the three worlds themselves. They wouldn't be able to help others do the same.

And now, their grand master wanted everyone in the entire Nameless Sect to escape from the three worlds. Even a Zenith Heaven Golden Immortal could not do this!

Then... could it be that their master was a... Hiss ~!

Long Kuang felt that his entire soul was shocked speechless!

Heavens!

They had actually become disciples of a Saint, and they were even first- and second-generation disciples!

This was freaking... awesome!

Long Kuang simply wanted to laugh crazily now.

Back then, he was really too wise!

He chose to join the Nameless Sect and not go against his current master.

Otherwise, he would have long turned into dust.

He had really made a killing this time!

Long Kuang did not doubt Lu Xiaoran's previous performance in the lower realm at all. Even when Lu Xiaoran was unable to resist Ye Chen's self-destruction and could only lead them into the Divine World, Long Kuang still believed in Lu Xiaoran.

It was not because his master could not do it, but because his master's hands were tied.

This was because even though he was a Saint, the Heaven Dao still surpassed him!

Perhaps because they were in the lower realm back then, it would probably cause the divine punishment of the Heaven Dao laws.

Even Saints had to be wary of the Heaven Dao.

However, a Saint was the strongest existence below the Heaven Dao. It was not that Long Kuang was especially arrogant. After all, how many people in the entire three worlds could take a Saint as their master?

Basically, which one of them did not have a cultivation at the Golden Immortal Realm?

Thinking that he would basically be a Golden Immortal in the future, Long Kuang was so excited that his eyes turned red.

“Grand Master! You’re really too good to me. I won’t say anything else. I will definitely cultivate diligently and pledge my life to Grand Master and the Nameless Sect!”

Lu Xiaoran nodded.

“It’s fine as long as you have this intention. The marks will be completed very quickly and will be done in about a month. At that time, you can directly cultivate the immortal techniques and not worry anymore.”

“Yes! Thank you, Grand Master. I’ll leave now and not disturb you anymore.”

“Alright, go ahead.”

Long Kuang was about to leave when he suddenly thought of something and stopped. He immediately handed the spatial cage containing eight million demons gathered from the Puhua Temple to Lu Xiaoran.

“Grand Master, these are the eight million demons I found in the Puhua Temple. The Puhua Temple originally planned to send them to the Bodhi Temple for the Demon Exorcism Meeting.

“In the end, I saved them halfway.

“Grand Master, what do you think we should do? ”

Lu Xiaoran did not expect Long Kuang to have eight million demons.

“This is not a small sum of wealth. We can’t let it go. It’s already in our hands. If we let it go for nothing, it won’t conform to the rules of our Nameless Sect.”

“I think so too.”

Lu Xiaoran pondered for a moment and immediately said, “Sigh, I got it! I just happened to have created an Eight Treasures Glazed Pagoda recently. This Eight Treasures Glazed Pagoda is an immortal artifact to begin with. It just so happens that you cultivate a Buddhist cultivation technique. I’ll use the Buddhist Dharma to purify these eight million demons and then store them in the Eight Treasures Glazed Pagoda. I’ll get them to recite the Buddhist scriptures day and night and use their willpower to increase the strength of the Eight Treasures Glazed Pagoda.”

“In the future, as long as we trapped the other party in the Eight Treasures Glazed Pagoda, we would naturally be able to use this Buddhist power to exorcise the other party.

“In that case, the Eight Treasures Glazed Pagoda could even be considered a Postnatal spirit treasure. It can be considered to be quite impressive in the three worlds.

“Alright, go out first. I’ll arrange it for you after I finish the mark.”

Long Kuang’s hair stood on end again!

His master was indeed a Saint!

His thinking was indeed extraordinary.

With this move, he directly transformed an immortal artifact into a Postnatal spirit treasure.

Awesome!

He was too awesome!

He finally understood why his grand master had so many cultivation techniques and top-notch Dharma treasures.

If he could do whatever he wanted. didn't it mean that he could also get whatever he wanted.

No, he had to suck up to his master in the future.

By the way, speaking of which, wasn't Master Yun his grand master's favorite disciple? Master Yun definitely knew what his master liked. If he learned from Master Yun, he would definitely be able to obtain his grand master's favor in the future.

It would be fine as long as his grand master could be swayed by bootlicking.

Be it being a bootlicker or a servant, he, Long Kuang, was definitely going to obtain the favor of the grand master!

Of course, if his grand master had special hobbies, he... um... he could even consider becoming a female dragon!

After all, why would he care about gender if he could be liked by a Saint?

After reaching the Zenith Heaven Golden Immortal Realm, he could roam the entire three worlds. Wasn't it better than keeping that thing in his pants?

Thinking of this, he immediately bowed deeply to Lu Xiaoran and loosened his belt slightly, his butt sticking out high.

"Thank you for your love, Master. Thank you, Master. I'll leave now."

As he spoke, he pouted and retreated step by step.

Lu Xiaoran could not help but tilt his head and raise his eyebrows, his face filled with confusion.

Why did he suddenly see Lige's figure in Long Kuang?

Was it the shadow of... um... a bootlicker?

"If I remember correctly, Long Kuang should have taken Lige as his master, right?"

Thinking of this, Lu Xiaoran's face immediately darkened.

Why had Lige's disciples become bootlickers like him?

This brat Lige never did anything serious. What had he been teaching his disciples?!

No, he had to lecture Lige properly when he saw the other party later.

Thinking of this, Lu Xiaoran immediately began to engrave nervously.

In fact, he was also doing other work.

For example, refining weapons and upgrading weapons to the level of Connate spirit treasures.

Moreover, he also cultivated his cultivation technique, the Little Life Technique, and the other immortal techniques he had just obtained and improved them all to the perfected realm...

However, he already had ten avatars. Moreover, all these avatars even shared his cultivation and intelligence.

They could help him complete those unnecessary missions. He only needed to focus on being himself.

...

As for Long Kuang, after leaving Lu Xiaoran's room, he placed his hands behind his back and walked leisurely on the valley path.

At this moment, Jun Changming had just returned from the dojo library. He had learned two profound cultivation techniques and was about to find a place to cultivate when he saw Long Kuang walk over with a smug expression.

"Brother Long, what's going on? Why are you so happy? Did Master give you a profound-level cultivation technique?"

Long Kuang glanced at him.

"Profound cultivation technique? What do you want that for?"

"To cultivate, of course!"

"Cultivate? Hah!"

Long Kuang's words made Jun Changming even more puzzled.

"Brother Long, did you take the wrong medicine?"

"Get lost! I didn't take the wrong medicine. Don't talk nonsense."

"Then why don't you even care about profound cultivation techniques? It's not like you can cultivate immortal techniques."

Long Kuang waved his hand.

"Alright, alright, I'll tell you the truth. I don't need to cultivate a profound cultivation technique. In a month, at most a month, I can cultivate an immortal technique! At that time, you will definitely also cultivate an immortal technique. Therefore, there's no need for me to cultivate a profound cultivation technique at all."

Jun Changming was silent for a moment before saying carefully, "Old Long, are you sure you're not sick?"

Long Kuang glared at him angrily.

"What are you saying? I already told you that I'm not sick."

“Then why are you being so mysterious? Immortal techniques can only be cultivated with the body of an immortal. If you don’t cultivate a profound cultivation technique, how can you quickly advance and obtain the body of an immortal? If you don’t obtain the body of an immortal, how can you cultivate immortal techniques?”

Long Kuang shook his head helplessly.

“Forget it, forget it! I’ll tell you the truth! Get closer. I don’t want others to hear us.”

Jun Changming leaned over and whispered, “Grand Master wants us to escape from the three realms and the five elements! In this way, we can escape the surveillance of the Heaven Dao and cultivate immortal techniques!”

“Hiss ~! No way? Is Grand Master that awesome?”

“Grand Master is not just awesome! Grand Master is simply ridiculously awesome! Let me tell you, Grand Master is very likely to be a legendary Saint!”

Chapter 392: We Are All the Disciples of a Saint!

The air immediately fell into a deathly silence. After a while, Jun Changming suddenly screamed!

“Damn!”

Long Kuang was shocked and hurriedly covered the other party’s mouth.

“Do you have a death wish?! Why are you shouting so loudly?”

Jun Changming was so excited that he was already somewhat incoherent.

“No... no... no... did you just say that Grand Master is a Saint?”

“Of course!”

“How did you know? Did you hear Grand Master say it himself?”

“Basically! Didn’t I snatch eight million demons from the Puhua Temple previously? Guess what Grand Master said? Grand Master said that he wants to use them to transform an immortal artifact into a Postnatal spirit treasure!”

“Are you saying that Grand Master can casually make Postnatal spirit treasures? Doesn’t that make him a Saint?”

“Damn!”

Jun Changming screamed again, and Long Kuang immediately covered the other party’s mouth again.

“Do you want to die?! I told you not to shout just now, but you shouted again!”

“Sorry, I was too excited.”

Jun Changming was simply shocked to the extreme.

That was a legendary Saint!

It was the strongest existence in the world!

It could be said that if Lu Xiaoran was a Saint, their future would be secured.

It was extremely secure.

“Then... in other words, we don’t have to cultivate profound-level cultivation techniques anymore?”

“That’s for sure! Grand Master already said that in at most a month, he will be able to help us escape from the three worlds. At that time, we can cultivate immortal techniques and use immortal artifacts freely.”

“Then what’s the point of cultivating?!”

Jun Changming directly threw away the cultivation technique in his hand.

“No, I’m going to drink.”

“Old Jun, you can drink, but don’t talk nonsense after you’re drunk. You have to keep the identity of the Grand Master a secret. Don’t leak it.”

“Don’t worry, don’t you know me well? Am I that kind of person?”

“That’s good. I’ll go and practice my immortal technique first. This way, when the time comes, I’ll directly cultivate it.”

“Go, go.”

After the two of them bade farewell, Jun Changming immediately ran to Jun Bujian’s cultivation cave.

“Little brat, quickly remove your barrier. I have something to tell you.”

A moment later, Jun Bujian walked out of his cave with a dark expression.

“Patriarch, can you leave me some face? I’m still Master’s seventh disciple. If you call me a brat all day, won’t I lose face in front of my other senior and junior brothers?”

Jun Changming glared and said angrily, “Even when you’ve become a Saint, you’ll still be my descendant. How have I wronged you by calling you a brat?”

“Uh...”

Jun Bujian was speechless, but he could not refute the other party and could only ignore the other party.

“Alright, I didn’t come here to take advantage of you. I’m here to talk to you about serious matters! Do you know what the sect master’s cultivation is?”

“I just went to see Fourth Senior Brother. He said that Master was probably an immortal.”

“Bullsh*t! Immortals are nothing! How can immortals be worthy of being compared to our sect master? Let me tell you, the sect master is a Saint!”

“Damn!”

Jun Bujian suddenly screamed, his eyes widened!

Jun Changming immediately covered his mouth.

“Why are you shouting so loudly?”

Jun Bujian immediately pushed his hand away and looked around.

“Patriarch, where did you get this news? Is it true?! That’s not possible, right?”

“Don’t worry, the source of the information is definitely accurate. It’s long been confirmed. Only the heavens and the earth know about this. We can’t let a third person know. Do you hear me?”

Jun Bujian made a gesture.

“Don’t worry, I understand. I definitely won’t tell anyone about this top secret of the sect.”

Jun Changming nodded.

“Alright, I’ll go and drink. You should rest too. You don’t have to cultivate. I heard that in a month, we’ll be able to directly cultivate immortal techniques.”

“Understood.”

After Jun Bujian left, Jun Changming took a deep breath and said with a solemn expression,

“No, I have to correct Senior Brother Li’s mistake. Master is not an immortal. Master is a Saint!”

...

On Lu Xiaoran’s side, he relied on his avatar to cultivate while he was busy leaving the marks of his disciples. Then, he crazily increased his equipment to the Postnatal Spirit Treasure Realm. It could be said that he had put in a lot of effort. He did not sleep for an entire month and was so tired that dark circles were about to appear.

However, the results were still very impressive.

The marks of his disciples had already been imprinted in his world.

In the future, unless the other party was a Saint who obtained the mark of the Six Paths of Reincarnation, it was definitely impossible for the other party to completely kill his disciple.

He could let his disciples reincarnate endlessly.

Perfect!

From now on, the Body Modeling Mark was no longer needed.

However, Lu Xiaoran discovered that there was some power of laws, the strongest existence below the Great Dao, in the Body Modeling Mark.

Therefore, he directly disassembled the Body Modeling Mark and swallowed all the power of laws contained in it into his small world. Then, he fused the materials of the Body Modeling Mark into the Xuanyuan Sword, actually allowing the Xuanyuan Sword to quickly repair itself.

It had already surpassed the scope of a Postnatal spirit treasure and had become a Postnatal cardinal treasure!

This was also the first Postnatal cardinal treasure Lu Xiaoran had obtained.

It could be said to be a huge profit.

As for the Mountain and River State Painting, the Primordial Chaos Painting, the Creation Bell, the Chaos Bell, the Seven Treasures Glazed Pagoda, the Kunlun Sword, the Immortal Slaying Four Swords, the Immortal Slaying Sword Formation, the Heaven Emperor Mirror, the Emperor Brush, the Earth Emperor Book, and so on, all of them had also been upgraded to the level of Postnatal cardinal treasures.

Lu Xiaoran estimated that he should not be afraid of fighting an immortal now.

In his previous life, such treasures would have made him a rich big shot.

Long Kuang's Eight Treasures Glazed Pagoda was also completed. Lu Xiaoran used a Buddhist cultivation technique to refine all the eight million demons and sealed them in the Eight Treasures Glazed Pagoda. For generations, they would become psychic monks.

In the future, as long as Long Kuang fought others and could not defeat them, he could release the Eight Treasures Glazed Pagoda. No matter who the other party was, as long as they were sucked in, they would be refined by the Buddhist power in the Eight Treasures Glazed Pagoda and become a part of it!

It was a rather awesome Postnatal spirit treasure!

Lu Xiaoran's avatar had also learned the Little Life Technique, the Purple Heaven Divine Lightning, and various other immortal techniques.

After removing the avatars, these immortal techniques and the cultivation cultivated by the avatars naturally fused with his main body.

"Yes, let me see. Tsk tsk, not bad. My cultivation has already increased to the sixth level of the Supreme God Realm. Not bad!"

Lu Xiaoran nodded in satisfaction.

However, he quickly could not help but be puzzled.

Something... seemed to be wrong.

This was because according to normal logic, since his avatars had the same talent as him, the increase in his cultivation should not be this low.

Because Yun Lige had previously cultivated, he was already at the mid levels of the Supreme God Realm.

Why was he only at the sixth level of the Supreme God Realm now?

He had only increased his cultivation by one or two levels.

No, something was very wrong!

After all, his disciples had already arrived beside him and had enjoyed so many resources. It was impossible for them to only increase his cultivation by a little.

At such a close distance, Lu Xiaoran did not even need Wang Cai to do anything. He could easily investigate everyone's cultivation with his divine sense.

It would have been better if he had not seen it. Now that he did, he was shocked!

Other than Lige's realm increasing by another level and reaching the third level of the Supreme God Realm, only Ji Wuxia's cultivation increased slightly and she broke through to the ninth level of the God Emperor Realm. As for Zhuge Ziqiong, she had already broken through the Ten Domain Martial God Realm and reached the Hundred Domain Battle God Realm.

Other than the three of them, none of the others' cultivation had improved!

Was this a joke?

"Could it be my imagination?"

Otherwise, why did the disciples not increase their cultivation?

It had to be known that because he could utilize the Great Dao Reincarnation cultivation technique, everyone's cultivation speed would increase.

Although the effect of Lu Xiaoran's Great Dao Reincarnation would be dispersed a little because there were too many people, it would still extend one month into at least four months!

Therefore, from this perspective, their cultivation had actually not increased at all in the past four months!

Something was wrong!

Something was very wrong!

Something must have gone wrong.

Lu Xiaoran could not help but frown. He instantly teleported out and arrived beside Jun Bujian.

"Jun Bujian."

At this moment, Jun Bujian was sunbathing on a hammock leisurely. He had even gotten two leaves to block the sunlight.

Hearing Lu Xiaoran's voice, he could not help but say lazily, "How comfortable. I'm starting to dream again. However, why am I dreaming of Master? I'm not interested in men. Could it be that Master is too handsome and attracts both men and women, causing a problem with my orientation?"

Lu Xiaoran's face darkened as he swung his hand and slapped the other party.

Slap!

This ruthless slap directly slapped Jun Bujian off the hammock.

Thump!

How could Jun Bujian be Lu Xiaoran's match? He immediately suffered a big slap in the face!

Pfft!

He woke up with a start and spat out the mud as he hurriedly got up. The moment he saw Lu Xiaoran, his face turned pale from fear.

"Master... Master, why are you here?"

"Do I even have to report to you now?"

"No, no, no. Master, that's not what I meant. Please don't misunderstand."

"Let me ask you. Why aren't you cultivating? It's been a month and your cultivation hasn't increased at all. I can't believe that you're even in the mood to bask in the sun?!"

Jun Bujian smiled awkwardly.

"We originally wanted to cultivate too. However, isn't it all because Master is too powerful? Therefore, we decided to slack off and rest a little."+

"In any case, with a Great Saint like you protecting us, what is there to be afraid of?"

"We'll only start cultivating when you help us escape from the three worlds and allow us to cultivate immortal techniques. After all, that would be much faster than cultivating a profound cultivation technique. At that time, we can easily make up for the lost time. "

Lu Xiaoran: "???"

Chapter 393: The Bride Is Coming

"I'm a Saint?"

When did he become a Saint?

Why didn't he know about this? "

At this moment, Lu Xiaoran was dumbfounded.

Jun Bujian chuckled.

"Master, there's no need for you to hide it in front of your disciples. I'm your personal disciple. How could I spread the news that you're a Saint? Don't worry, I understand everything. I guarantee that I won't say a word."

Lu Xiaoran's face could not help but twitch fiercely.

He was really speechless at the imagination of these disciples.

Did he look like a Saint?

Was there a Saint who was as poor as him?

Why did he have to find these idiots to be his disciples?

Saints did not have the time to do such a thing.

“I’m not a Saint. Don’t talk nonsense.”

Jun Bujian revealed an understanding expression, making Lu Xiaoran even more speechless.

It was over. It seemed like the entire Nameless knew that he was a Saint.

At this moment, it was useless even if he wanted to explain. The other party did not listen at all.

Moreover, even if he did explain successfully, what would be the point?

In the end, it would only make these idiots feel that their master was actually not that capable.

Originally, he wanted these fellows to use a profound cultivation technique to cultivate before he completed the mark. In a month, with the Great Dao Reincarnation to amplify the time effect, the overall strength of the Nameless Sect would definitely increase.

However, he did not expect these idiotic disciples to have wasted such a good opportunity and had done nothing.

Now that the deed was done, time was already wasted. There was nothing he could do.

He could not beat up all the disciples.

However, Long Kuang definitely had to be beaten up. This was because Lu Xiaoran could easily guess that this matter was definitely related to Long Kuang.

After rubbing his temples, he immediately said, “Now, you can already cultivate the immortal techniques. Immediately inform all the disciples to cultivate quickly and not waste time. In addition, you and your senior brothers and sisters should also cultivate faster. If anyone continues to waste time, don’t blame me for being ruthless.”

“Understood.”

Lu Xiaoran passed down the immortal technique cultivation techniques for his respective personal disciples and then arrived at Long Kuang’s cave.

This guy had probably just had a drink with his fellow disciples and was drunk!

Lu Xiaoran did not care if the other party was drunk or not. He entered the cave and sealed it. He wrapped his hands in gloves and beat up Long Kuang.

Even if the other party was drunk, he still wanted to wake the other party up by beating the other party!

He would make Long Kuang sober up physically!

...

After doing all of this, Lu Xiaoran returned to his residence and continued to cultivate.

He wondered how the Lu family was doing. After returning this time, he wondered if he should reveal everything to the Lu family.

After revealing everything, he would fuse the marks of the Lu family disciples into his world and let them start cultivating immortal techniques.

In this way, he should be able to gain another group of powerful subordinates.

“By the way, Wang Cai, speaking of which, since they’ve already been imprinted in my small world, they should be my subordinates. Shouldn’t their cultivation also increase my cultivation now?”

“Master, are you referring to letting Long Kuang, Shi Changlin, and the other second-generation disciples also provide endless cultivation like Lige and the others?”

“Yes, yes, that’s what I meant.”

“Sorry, this is impossible. In fact, even a Saint can’t rely on his disciples’ cultivation to increase his own cultivation.

“It could even be said that even the other 49 Heavenly Dao could not do this.

“The reason why I can do this is because of my characteristics!

“This, as well as the rewards, are all of my characteristics!

“Each of the 50 Heaven Daos has a different nature. There are two parts to my nature. Creation and control.

“Take creation for example.

“Back then, when Hongjun was preaching, if he had me helping him, it would be easier for him to give out rewards. Moreover, there would be more rewards!

“Since he did not have my help, he could only distribute those Connate Dharma treasures that originally existed in the universe.

Moreover, when it comes to control, there are also various types...

“For example, blood essence control, mental control, soul control, and so on... However, my control can already be considered to be top-notch control. It’s already comparable to the Three Pure Ones Technique Hongjun taught me!

“By controlling the disciples and nurturing them to the level of Saints or even higher, I can increase Master’s strength.

“It was precisely because this control technique was too powerful that it had a certain limit.

“That was, it had a certain amount of control!

“Therefore, I chose nine disciples with the most potential for Master.

“At most, I can add one or two more disciples for Master. However, it’s impossible for there to be more. Otherwise, it will definitely surpass my limit.”

"I see. Then I want to ask you about the Monarch talent you mentioned previously. Now, it seems that it probably isn't referring to Martial Monarch Realm experts. Moreover, since everyone is about to break through to the God Monarch Realm, this Monarch talent probably also has nothing to do with God Monarch Realm experts, right?"

Wang Cai nodded.

"It's indeed not a Martial Monarch Realm expert or God Monarch Realm expert. The Monarch here is referring to an expert who surpasses the Supremes, like Monarch Pangu!"

"Uh... doesn't Pangu want to become a Saint by attaining the Dao? Since he's already a Monarch, why does he still want to become a Saint?"

Lu Xiaoran felt a little confused.

"He's not attaining the Dao to become a Saint! Even though Hongjun has fused with the Heaven Dao, his strength is still inferior to Pangu's. He only calls himself a Saint because his cultivation is actually invincible in the three worlds.

"From this perspective, it is not a problem for the other party to call himself a Saint. He could also call himself Buttface and make the title 'Buttface' the most respectable title in the three worlds!

"He is attaining the Dao in order to become the perfect controller of this Dao and an eternal existence, not to become a Saint.

"Can a Saint be considered to be an eternal existence?"

At this point, Lu Xiaoran understood.

Indeed, a Saint could not be considered to be eternal. This title was only used to confuse the world.

If a Saint was really eternal and could do as he pleased, Tongtian would not have wanted to use him to revive Jie School.

"Then... is there a way to get them to provide me with something more?"

Lu Xiaoran did not want his disciples to simply become his thugs.

Why did he need so many thugs to fight for him?

No matter how many Golden Immortals there were, they would still not be able to beat a Saint!

"They're already providing. As long as they fuse into Master's small world and develop respect for Master and trust Master, they will form faith. Master can then use them to absorb the power of faith!"

"Power of faith?"

"That's right. This is the simplest way to control the Dao. Master, you have yet to discover your Dao. You only have a world. It's as if you have a body but no soul. Or rather, Master's Dao is too weak, so weak that it's almost negligible.

“In this way, if Master could absorb more power of faith, it would be enough for you to produce Dao or make your originally weak Dao stronger. This would gradually increase Master’s strength.

“The reason why Master cannot sense it now is because there are really too few believers. Moreover, the cultivation of the believers is too weak.

“If these disciples of the Nameless Sect are all Zenith Heaven Golden Immortals or Primordial Chaos Golden Immortals, Master will be able to clearly sense the power of faith constantly pouring into your small world. ”

“Understood. Basically, Lige and the others can provide me the power of faith. However, the power of faith doesn’t directly increase my cultivation, so I can’t sense it.”

“That’s right.”

Lu Xiaoran held his chin. Looks like it was indeed necessary for him to increase the number of subordinates in his small world.

After all, this concerned his cultivation.

He had decided that after his disciples finished cultivating and increased their strength, he would return to the Lu family and reveal his true cultivation and take them in as his subordinates.

Speaking of which, he did not seem to sense the existence of his Dao.

Could it be that... his Dao was an ignoble Dao.

Because it was too ignoble, it was hiding and could not be sensed by him?

Shaking his head, Lu Xiaoran, who was unable to figure out the details, could only begin to cultivate.

...

At the same time, a group of uninvited guests arrived at the Lu family’s ancestral land in the Heaven Water City.

“Is this the Lu family? It’s indeed a lousy mountain village. The spirit energy is so thin, it’s probably difficult to nurture a super expert!”

“Unfortunately, the Divine Maiden is engaged to that brat from the Lu family. Moreover, the Divine Maiden is a person who always keeps her promises and is unwilling to cancel the engagement. This brat from the Lu family has really made a killing this time.”

“Sigh! The Divine Maiden has already stepped into the God Production Realm. If she can continue to stay in our Misty Sect, she will at least become a God Emperor Realm expert in the future! Why does she have to fulfill the engagement and marry that brat from the Lu family?”

“No, in a while, we have to mess with the entire Lu family. It’s best if we can make the Lu family retreat.”

“That’s right! We definitely can’t let a small family like the Lu family marry our Misty Sect’s Divine Maiden! They’re not worthy at all!”

“Everyone, be careful. There’s an array formation near the Lu family.”

“Tsk, what’s there to be afraid of? Let’s just barge in.”

In the crowd, a disciple at the back could not help but tremble when he saw this array formation.

“Damn! This array formation... these are actually all profound-level array formations? Is there a mistake? Moreover, it’s one after another! There are more than ten thousand array formations set up. How are the intruders supposed to survive this?”

The disciple beside him could not help but frown when he saw this.

“What’s wrong? Junior Brother Han Zhen, why aren’t you coming?”

Han Zhen felt bitter.

Why wasn’t he coming?

Why would he?!

These array formations were simply too awesome!

Anyone who entered would die!

Han Zhen had cultivated for so many years. Although he was talented, his cultivation speed was still limited.

At most, he could only deal with divine technique-level array formations now. He could not break through profound-level array formations at all!

“Uh... um... Senior Brother, my stomach hurts a little. I might have eaten something bad. I want to go and relieve myself.”

“I thought it was something serious. If you have diarrhea, I have a medicinal pill here that specializes in treating diarrhea. It’s effective and fast. It only costs three mid-grade divine crystals. Do you want it?”

Chapter 394: After Listening to My Inner Voice, I Choose To Kneel

“Uh... No need. I suddenly feel that my stomach seems to have recovered again.”

“That’s good. Let’s go in quickly.”

“Uh... okay.”

Han Zhen braced himself and nodded in agreement.

To be honest, he really did not want to go in. However, if he did not go in, the others would definitely think that something was wrong.

He did not want to be noticed.

It was even to the extent that he did not want to come to the Lu family previously.

However, he had just joined the Misty Sect and it just so happened they were about to carry out a mission. Helpless, he could only come.

It did not matter. He just needed to slack off!

In any case, he would not let anyone see through his cultivation and hidden strength.

Everyone quickly walked into the Lu family's array formation.

"See, I knew it. This array formation is nothing to us. I can walk through the outermost illusion formation with my eyes closed."

"That's right. They're just a small family. Why even bother setting up illusion formations? Isn't it embarrassing enough?"

...

An hour later.

Everyone's faces were solemn.

"Are you guys able to... see through this illusion formation?"

"I don't even know where I am now."

"I don't even know what's going on!"

"Damn! This small Lu family is actually so awesome?"

Han Zhen could not help but roll his eyes.

So what if they were a small family? After all, a small family could also have a hidden big shot!

Otherwise, why would Han Zhen hide for thousands of years?

Those who died quickly were usually those who looked down on small families.

Fortunately, this was an illusion formation. They were only simply trapped and were not injured. Otherwise, Han Zhen would definitely think of a way to break through the array formation.

Although... he was not very confident in breaking this array formation...

However, at this moment, a change suddenly occurred. The array formation that was originally an illusion formation actually changed, and some physical attacks appeared!

Boom!

A Misty Sect disciple was caught off guard and was suddenly sent flying.

Because the formation's strength was too powerful, he directly spat out a mouthful of blood in midair. When he landed, he fainted on the spot.

"Damn! Isn't this an illusion formation? Why is there a physical attack?"

Han Zhen's eyes turned cold, and his heart began to beat faster.

With his attainments in array formations, he could naturally tell that the other party had overlapped the array formations. Underneath the illusion formation was an attack array formation .

If one stayed in the illusion formation for a certain period of time, they would also be attacked by the array formation.

Han Zhen wondered who the person who set up these array formations was. The other party's attainments in array formations were actually so deep.

Just as he was feeling anxious, an attack arrived in front of him.

Han Zhen's pupils constricted, and the divine power in his body instinctively began to defend against the attack.

However, he only defended and did not counterattack.

Boom!

In the next second, his body was directly sent flying and fell heavily to the side.

"Han Zhen!"

He did not respond to the other senior brothers' shouts because he had already pretended to have fainted.

With his understanding of array formations, if one did not resist, such an array formation would not continue to attack. The more one resisted, the more violent its attack would be.

In any case, the Lu family would definitely save them when they came out. After all, they were here to deliver a wedding message. The Lu family had no reason to harm them.

Before that, he only needed to lie down.

At this moment, the other senior brothers had already begun to deal with the array formation.

The two sides exchanged blows happily. Light kept lighting up, and explosions sounded one after another.

Lying on the ground, Han Zhen pulled out a small grass and chewed it in boredom.

He did not understand why these people were so confident that they could defeat this array formation.

After being stuck for an hour in the illusion formation, how could they not have learned how powerful this array formation was?

Moreover, what was the use of defeating this array formation?

This was only a small illusion formation. There were still countless attack formations, defensive formations, and various other array formations behind. Could they really handle them?

Why not just lie on the ground and play dead like him?

However, it had to be said that these senior brothers were quite powerful. They actually fought for fifteen minutes before being beaten down by the array formation.

This result was already rather good.

This was because Han Zhen knew very well that this was a profound-level array formation. Moreover, the other party had already engraved it rather perfectly. Although it was only a small illusion formation, it would probably take him a quarter of an hour to crack it.

Moreover, his cultivation was stronger than theirs, and his attainments in array formations were even more terrifying!

When all the senior brothers were knocked out, a few figures quickly flew over.

“Something’s wrong. Quickly go and take a look.”

“It’s the people from the Misty Sect! Quick, bring them back to see the old master!”

Han Zhen could not help but ridicule in his heart, “What a drag.”

In the next moment, he was carried towards the center of the Lu family like a dead pig.

As he was lifted, he narrowed his eyes slightly and glanced at the other party.

Eh, the others seemed to all be carried by the female disciples of the Lu family. Why was it that the disciples that were carrying him were all men.

Could it be that they were discriminating against him, a handsome man who had just entered the Misty Sect?

Soon, he and everyone were carried to a room in the Lu family courtyard and thrown onto the bed. After that, they were each fed a medicinal pill to help them wake up.

It had to be said that this medicinal pill was simply top-notch!

It melted in their mouths immediately and was sweet and delicious. Moreover, it contained an extremely large amount of essence and almost no impurities. After eating it, he felt that it was better than eating a pile of the medicinal pills that were found outside!

He did not expect this Lu family to be filled with crouching tigers and hidden dragons!

Not only were the array formations outstanding, even the medicinal pills were so good.

Awesome!

It seemed like this small Lu family was about to make a killing. No wonder the Divine Maiden of the Misty Sect was determined to marry Young Master Lu.

That Divine Maiden had probably long known that this Lu family was extremely impressive.

At this moment, another voice suddenly sounded in Han Zhen’s mind.

As if sensing that Han Zhen did not react, the system continued, Ding! You have successfully been bound to the eavesdropping system. The system will bring you to marry a rich and beautiful woman and help you become the sect master to reach the peak of your life!

“Another system? Is there something wrong with these systems? Why do they keep looking for me every day? Could it be... that I’m being targeted by a hidden mastermind?”

“Damn! I hope he gets killed soon! ”

As if sensing that Han Zhen did not react, the system continued, Ding! You have successfully been bound to the eavesdropping system. The system will bring you to marry a rich and beautiful woman and help you become the sect master to reach the peak of your life!

“Stop talking nonsense. I heard you. Do I have to fight that Lu Xiaoran if I’m bound to this system?”

“Host is very smart. You even know how to create missions for yourself!”

“Don’t flatter me! Nothing good will happen if you do. I won’t fight Lu Xiaoran. Hurry up and leave. I won’t activate it.”

“Host, why are you so cowardly? With my help, it’s actually not difficult to beat Lu Xiaoran.”

“Cut it out. It’s not like I don’t know how powerful Lu Xiaoran is. I won’t agree no matter what you say.”

“Host, I’m an existence created by a Saint. Do you think that a system created by a Saint can’t defeat a small Lu Xiaoran?”

“Saint? Hiss!”

Han Zhen’s pupils constricted, and his hair suddenly stood on end.

It was actually a system created by a Saint!

Heavens, if it was created by a Saint, he could consider it.

After all, that was a Saint, the strongest in the three worlds!

However, he could not be too careless.

After all, even if this system was created by a Saint, he still had to be careful.

Firstly, it said that it was created by a Saint. It might not have been created by a Saint. Perhaps it was lying to him.

Secondly, what if Lu Xiaoran’s backer was also a Saint?

Han Zhen knew that there were more than one Saint in the world.

If the other party also had a Saint behind him and he went over to find trouble, he would be doomed if he really provoked the Saint. Moreover, if the Saint who created the system was also unable to defeat the other party, then wouldn’t he be done for?

He would probably be directly sacrificed as cannon fodder.

Therefore, after thinking for a moment, Han Zhen continued, “Can I ask why your system wants to kill Lu Xiaoran?”

“It’s not that our system wants to kill Lu Xiaoran, but that the hot shots want to kill Lu Xiaoran. There are many hot shots in the world, and as a system, I can help the hot shots. As for you, you’re also a hot shot.”

Han Zhen was silent for a few seconds.

A hot shot?

This title sounded very awesome.

However... If such an awesome existence wanted to kill Lu Xiaoran, how powerful was Lu Xiaoran?

Damn, he could not be tricked so easily.

“I have another question. Since you were created by a Saint, why don’t you summon the Saint?

After all, your goal is already confirmed. It’s to kill Lu Xiaoran, right? ”

“All the systems and hot shots are unable to return to the Immortal World before transcending the tribulation. It’s also impossible for them to communicate with that Saint.

“This involves some Great Dao laws that existed before the creation of the world. Even the Heaven Dao can’t easily change it. ”

The more Han Zhen listened, the more shocked he became. This actually involved the Great Dao!

Damn, this was getting ridiculous!

Lu Xiaoran was an existence who had only ascended to the Divine World from the lower realm a few years ago. How could he be involved in this matter?

No, he could not be fooled so easily and be used as cannon fodder.

Thinking of this, he continued, “I can activate you if you want, but I have to experience it first. After all, I don’t know how much strength you have! If your strength is very low, won’t I lose out?”

“This... Alright, I can give you fifteen minutes. In fifteen minutes, you can use my strength.”

“Alright! I agree!”

At this moment, Han Zhen felt an extremely mysterious and strange force slowly enter his ears.

“Be gentle, be gentle. Not so quick;y! This is my first time. Can you be gentler?”

“Yes, yes, yes... that’s the speed. Hey, yes, go down a little. Yes, yes, that’s the place. Just make sure to aim.”

Soon, Han Zhen heard an unusual voice.

“Fortunately, I was smart and chose to play dead. However, speaking of which, why aren’t the Lu family members here yet? I feel like farting. I can’t hold it in anymore.”

Han Zhen :”...”

This should be the voice of one of his senior brothers. He did not expect that other than him, another senior brother would actually choose to pretend to be unconscious.

This world was really too dangerous. Everyone was petty.

At this moment, the door was pushed open again.

“Master, these are the people.”

“What nonsense. They’re all disciples of the Misty Sect. Aren’t you going to give them better medicinal pills to wake them up sooner?”

In the next second, the Lu family disciples immediately fed everyone even better medicinal pills.

Han Zhen also received one.

“Wow! The medicinal pills of this Lu family are really getting better and better!”

This was not his inner thoughts, but the inner thoughts of the disciple who was pretending to be unconscious.

This made Han Zhen unable to help but feel disdain in his heart.

Wasn’t it just a medicinal pill? It was as if the other party had never eaten a medicinal pill in his eight lifetimes.

Was it really so... Eh, damn, this medicinal pill tasted even better than the previous medicinal pill.

Damn!

How delicious!

The Lu family was awesome!

At this moment, another voice sounded in his ear. It was Old Master Lu’s voice.

“Fortunately, our Lu family’s ancestor has the strength of an immortal and created so many good medicinal pills. Otherwise, with so many Misty Sect disciples injured today, it would probably be difficult for us to explain to the Misty Sect.”

Han Zhen, who was eating a medicinal pill, suddenly froze.

Immortal... immortal?

Did he hear wrongly?

Immortal?

What a joke!

The small Lu family actually had an immortal ancestor!

Damn!

The person with the highest cultivation in the Misty Sect was only the sect master and the sect master was only at the God Emperor Realm.

In the end, the Lu family directly had an immortal?

Was this a joke?

It turned out that it was not the Lu family that was powerful, but the Misty Sect.

No, he had to be obedient later. He definitely could not provoke that immortal. Otherwise, he would not even know how he died.

Soon, the disciples of the Misty Sect woke up one after another. When they saw Old Master Lu, they did not dare to be as arrogant as before and got out of bed to greet him.

“Greetings, Old Master Lu.”

Old Master Lu chuckled and said, “Sorry, everyone has come a long way. Our Lu family failed to give you a proper reception. Please forgive us for our poor hospitality.”

Everyone looked at each other.

“Old Master Lu, you’re too kind. We were too presumptuous and were dazed by the array formation. We’ve embarrassed ourselves.”

“Don’t say that. Why have you come this time?”

“We came here to inform the Lu family that our Misty Sect’s Divine Maiden, Gong Wan’er, has already cultivated to the God Production Realm. Therefore, she chose to fulfill her promise and asked us to inform the Lu family.”

Old Master Lu was overjoyed.

“So Divine Maiden Gong’s cultivation has risen. Good! Good! This is really great news. Everyone, follow me to the hall. I’ll get someone to set up a banquet to welcome you.”

“Thank you, Old Master Lu.”

“You’re welcome. It’s only right. By the way, Xiao Chen, go and get Xiaoran. Tell him that he can go to the Misty Sect to marry the Divine Maiden Gong!”

Chapter 395: I Was Dumbfounded On the Spot

In the valley, Lu Xiaoran, who was arranging for the disciples to cultivate, suddenly felt the Lu family avatar in the Heaven Water City summon him.

The disciples who were listening to Lu Xiaoran’s lecture could not help but be somewhat puzzled.

“Master! What’s the matter?”

Lu Xiaoran nodded.

“My family is summoning me.”

Everyone's eyes suddenly lit up. Damn, the Lu family!

Was it the top-notch family, the Lu family, that nurtured their master, a Great Saint?

They had to go and take a look.

Everyone had always been curious about the Lu family, but they had never seen the Lu family before.

The mystery and strength of the Lu family had always lingered in everyone's hearts, making everyone drool and yearn to meet them.

"Master, let's go to the Lu family with you!"

Song Xinian made this request on the spot.

Lu Xiaoran glanced at the other party.

"Why do you want to go to the Lu family?"

"Didn't you say that you wanted us to go to the Lu family to find you? We haven't been able to find you. I've wanted to go to the Lu family for a long time."

"I asked you to go to the Lu family previously because the Lu family is a family and would be easier to find in the Divine World. In fact, the Lu family is not much. Moreover, you've already found me, so there's naturally no need for you to go to the Lu family now!"

How humble!

This was the only thought in the disciples' hearts at this moment.

What a joke. How could the grand Lu family not be impressive when they had nurtured a Saint?

"Master! We just want to take a look. Please bring us there!"

"That's right. Master, I beg you. Our cultivation every day is very boring. Please bring us to see the Lu family."

"This... alright."

Lu Xiaoran was never soft-hearted towards others. However, he still agreed to his precious disciples' requests.

"I can bring you there, but I can only bring two to three. If I bring too many, it will attract too much attention."

"Moreover, my identity in the Lu family is that of a third-generation descendant. I've been wandering in the outside world for many years. Remember not to expose me and make sure to hide your cultivation. Many of you might even be stronger than the Lu family members... Just don't expose me. "

"Don't worry, Master. We know what to do. In any case, we just have to keep a low profile!"

Lu Xiaoran nodded.

Very good, his disciples had already grown up and knew how to act.

As long as he played his cards well, he could continue to survive.

With a thought, Lu Xiaoran brought his three disciples and teleported back to the Lu family's small courtyard.

His cousin Lu Xiaochen's knocking became more and more anxious.

"Xiaoran, what are you doing? Why aren't you out yet? Did something happen to you? Xiaoran, have you fallen into the state of berserking qi deviation? Answer me quickly, or I'll kick the door open."

Lu Xiaoran opened the door. Lu Xiaochen saw that the other party was fine and heaved a sigh of relief.

"You scared me to death. I thought something had happened to you."

With that said, he smiled evilly.

"Xiaoran, could it be that you're doing something bad inside? Were you doing it yourself?"

Lu Xiaoran glared at him angrily.

"Get lost!"

Xiao Chen smacked his lips.

"I was just joking. Don't take it seriously. Speaking of which... Damn! Why are there three more people in your courtyard?"

Only then did Lu Xiaochen discover the three disciples Lu Xiaoran had brought over: Li Changsheng, Song Xinian, and Jun Bujian.

Actually, it was not his fault. It was mainly because the cultivation of Li Changsheng and the other two far surpassed his!

As long as the three of them wanted to, it would be extremely easy for them to block his perception.

Therefore, he did not discover the three of them at the beginning.

However, his expression quickly began to become conflicted.

"Xiaoran, I didn't know that you have three grown-up sons... You do know that you're someone with an engagement, right? You can't mess around outside."

Lu Xiaoran : " ... "

"Can you not be so weird? These are the disciples I've taken in while wandering outside all these years."

"Pfft! You? You're still taking in disciples? With your cultivation, aren't you afraid of misleading others?"

Behind him, Li Changsheng and the other two could not help but frown.

"This person looks like Master's brother."

“Most likely. Otherwise, he wouldn’t have joked with Master so comfortably. Master would have definitely beaten him up long ago.”

“But his cultivation level is so low. He has only just reached the first level of the Hundred Domain Battle God Realm. This realm... He isn’t even worthy to wash my feet.”

“Could it be that what Master said is true? Is the Lu family really not that good?”

“Then wouldn’t Master be even more awesome? He had been homeless and was relying on himself to cultivate to the Saint level?”

“Master is awesome!”

“Master is awesome!”

Lu Xiaoran did not know what his disciples were thinking and only interrupted Lu Xiaochen speechlessly.

“Alright, alright, stop discussing this. Let’s talk about serious matters first. Why aren’t you focusing on your cultivation? Why did you come visit me?”

Lu Xiaochen stopped smiling and said seriously, “The people from the Misty Sect have arrived.”

Lu Xiaoran was somewhat stunned before understanding.

Back then, the Divine Maiden of the Misty Sect seemed to have said that she would fulfill her promise and marry him after cultivating to the God Production Realm.

What was her name again?

Damn!

What was her name again?

In his impression, her surname seemed to be... Qin?

Something seemed to be wrong.

In his impression, there seemed to be an idiot with the surname Qin who liked him, but he kept feeling that the other party was from a long time ago. She should not be the Divine Maiden of the Misty Sect.

Damn!

There were too many women who liked him. However, Lu Xiaoran only wanted to cultivate and could never remember the names of these women, so he mixed them up.

“The Misty Sect... um... that... um... that Divine Maiden, right?”

“That’s right, that’s right. It’s your fiancée! The people from the Misty Sect came to inform you that she has already increased her cultivation to the God Production Realm. You can marry her now. Speaking of which, you’ve benefited greatly this time. The girl is talented and intelligent and has already advanced to the God Production Realm.”

“It has to be known that our Lu family was also only able to reach this level by relying on the support of our ancestor. In comparison, the other party had relied on herself to break through to the God

Production Realm. She did not even have the support of an immortal like our Lu family's ancestor. Her future is simply limitless.

"In the future, when the two of you get married, you guys will make a good couple. Perhaps you can even reconstruct the glory Uncle and Auntie had back then!"

Lu Xiaoran raised his eyebrows slightly.

"You're thinking too much. I don't want to get married now. I told her before that I won't marry her."

Lu Xiaochen frowned.

"Xiaoran, are you stupid? Why would you say such a thing? She's the dignified Divine Maiden of the Misty Sect after all. How is she not worthy of you?"

"Don't be stupid and miss out on a good marriage. "

Lu Xiaoran shook his head.

"I can't explain it to you clearly. I think I'll go and talk to Grandpa."

Then, he stepped out and walked towards the Lu family hall.

Li Changsheng and the other two immediately followed.

Lu Xiaochen swept his gaze over the three of them and said, "This is your master's matter. You juniors shouldn't interfere."

The three of them glanced at him and said, "You're not our master. On what basis are you ordering us around?"

"I'm not your master, but I'm your master's cousin and your senior. Do you understand?"

"Oh! Elder!"

The three of them stretched out their hands in unison.

"Hello, Uncle-Master. It's our first time meeting. You're not a stingy person, right?"

"Our master said that you have the best relationship with him. Since we're your juniors, isn't there something you should give us?"

Lu Xiaochen was silent for a few seconds before continuing, "Actually, I think you guys should also go and take a look. After all, this is your master's marriage! I'll leave first. He might need my help."

As soon as he finished speaking, Lu Xiaochen ran away.

Li Changsheng and the other two raised their middle fingers in unison.

"Petty!"

"Master is already considered a direct descendant of the third generation of the Lu family. Then his cousin must also be a direct descendant."

“Since he’s so trashy, I think the entire Lu family is also very trashy.”

“I thought that the Lu family was a top-notch family in the Divine World. However, thinking about it carefully, it makes sense. Master is so awesome. If he was nurtured by the family, wouldn’t this family be filled with Saints?”

“In the end, Master is still the awesome one!”

“Let’s just stay in the Lu family for a while. With Master’s character, he definitely won’t marry that Divine Maiden. He’ll probably finish discussing this in a while and bring us back.”

...

On the other side, in the hall of the Lu family, the disciples of the Misty Sect were already done eating and drinking.

Old Master Lu personally accompanied them.

Actually, with the Lu family’s current level, he did not have to accompany these people personally.

He could even get a second or even third-generation disciple of the Lu family to accompany them.

However, for the sake of his grandson’s marriage, he still chose to lower his status and personally accompany the envoys of the Misty Sect.

At this moment, Han Zhen, who was drinking tea in the crowd, suddenly felt a sense of danger and quickly approached. It was even to the extent that his hair began to stand on end.

“Damn! This aura, this... this... this... isn’t this him?”

Han Zhen trembled, and his heart raced. He was so frightened that he splashed the tea in his hand on his crotch.

“Junior Brother Han, why are you so rude?”

Everyone frowned. Han Zhen immediately put down his cup and wiped the cold sweat from his forehead.

“Uh... I need to pee. I want to go to the toilet. You guys chat. I’ll leave first.”

As soon as he finished speaking, he hurriedly ran away, faster than a rabbit.

Everyone could not help but frown slightly.

“Why is this Junior Brother Han so rude?”

“Before he came, he even said that his stomach was in pain. He probably ate something bad. Old Master Lu, don’t blame him.”

Old Master Lu chuckled.

“No, no. After all, it’s a basic need.”

Outside the hall, Lu Xiaoran, who had just arrived at the entrance, suddenly sensed a familiar aura.

“This aura, is it Han Zhen?”

Lu Xiaoran almost instantly recognized that the aura belonged to Han Zhen.

Although he had not seen Han Zhen for many years, he still had an extremely deep impression of the other party.

“Why did this guy come to our Lu family? Wait, could it be that... he joined the Misty Sect?”

Lu Xiaoran’s expression was somewhat strange.

Chapter 396: Big Reveal, I’m the Ancestor of the Lu Family

However, he was not in a hurry to deal with Han Zhen.

With his perception just now, he could naturally tell that Han Zhen’s cultivation was not high and was not a threat to him at all.

Moreover, the entire Lu family was surrounded by the array formation. It would be difficult for Han Zhen to escape even if the other party had wings.

He decided to deal with the Misty Sect first before talking to Han Zhen.

Thinking of this, he stepped into the hall.

As for Han Zhen, he was trembling in fear and quickly escaped to the other courtyards of the Lu family.

“Damn, I should have thought of this long ago. The other party’s surname is Lu, so it’s only natural for them to be related to Lu Xiaoran! Damn! Why didn’t I think of this?”

“This time, I’m doomed. There are array formations everywhere, and they’re all profound-level array formations. I can’t escape at all.

“I’m definitely going to die!

“Why don’t... I take a Lu family disciple hostage? No, no. Won’t it be more troublesome if we intensify the conflict?”

“This Lu Xiaoran is very powerful. Just now, when I brushed past him, I actually could not hear his thoughts. His cultivation has probably surpassed the Supreme God Realm.

“I can’t beat him. I also can’t escape. How can I survive?”

Han Zhen thought hard as he walked. Suddenly, he felt a bad feeling coming from in front of him.

This was because he sensed the auras of three God King Realm experts.

“Damn! Other than that abnormal Lu Xiaoran, there are actually three God King Realm experts in the Lu family!”

Seeing the three of them walk towards him, Han Zhen immediately lowered his head and blocked his aura with all his strength as he walked past them.

Fortunately, the three of them only glanced at him and did not pay much attention to him.

However, at this moment, Han Zhen heard their thoughts again.

“This Lu family is really trash. There’s nothing to see.”

“That’s right. We haven’t even seen a God King Realm expert after walking for a long time. Looks like Master is right. There aren’t many people in the entire Lu family who are worthy of our attention.”

“I hoped for nothing.”

“Fortunately, Master has been abandoned since he was young. Master, if you were still in the Lu family, it would definitely be impossible for you to become a Saint”

The air fell into a deathly silence. Han Zhen looked at the three of them leave and was in a mess.

If he guessed correctly, the master they were talking about was definitely Lu Xiaoran!

Lu Xiaoran had even become a Saint?

Um... how was he supposed to fight the other party?

The system was created by a Saint. However, Lu Xiaoran himself was already a Saint!

Even the person who created the system might not be able to defeat Lu Xiaoran!

It was over, it was over, it was over!

It was completely over this time!

An urge to cry instantly surged into Han Zhen’s mind.

He could not cry. Crying was useless.

However... he could not help it... Wuwuwu...

He did not doubt the other party’s words because the other party did not know that he could listen to their thoughts.

...

On Lu Xiaoran’s side, he arrived at the Lu family hall and saw his grandfather and the disciples of the Misty Sect.

“Xiaoran, they’re all disciples of the Misty Sect. They’re here to help you deliver the good news. The Divine Maiden of the Misty Sect has already reached the God Production Realm. You can get married now.”

Lu Xiaoran first looked at everyone before looking at his grandfather.

“Grandpa, I have something to discuss with you in private. Can you come with me?”

Old Master Lu was puzzled.

“What’s the matter? Do we have to go somewhere else to discuss it? Aren’t we going to discuss your marriage first?”

“This matter concerns the secret of our Lu family, so it’s best not to let outsiders hear it. It’s also not appropriate to discuss it later.”

“This... alright.”

Old Master Lu said to the few Misty Sect disciples, “Everyone, wait for a moment. We’ll go over first and discuss the marriage later.”

Everyone hurriedly cupped their hands and said, “Old Master Lu, you’re too polite. Please busy yourself with your family matters first.”

Old Master Lu and Lu Xiaoran arrived at the Lu family estate alone.

“Xiaoran, what’s the matter? Why are you acting so mysteriously?”

Lu Xiaoran looked at his grandfather meaningfully. Actually, if the Lu family did not treat him well, he would definitely not have said anything about this. He might even have left the Lu family long ago.

However, the Lu family had sincere feelings for him, so there was no need for him to put on an act.

Moreover, he also wanted to help the Lu family.

In the future, he would sooner or later go to a higher world. It was impossible for him to stay in the Lu family forever, and it was also impossible for him to let the Lu family make decisions for him. He might as well confess now to avoid trouble in the future.

Taking a deep breath, he said with a solemn expression, “Grandpa, I won’t marry the Divine Maiden of the Misty Sect.”

Old Master Lu immediately widened his eyes.

“What did you say? Are you crazy? That’s the Divine Maiden of the Misty Sect. Even with the support of the ancestor, she would still make a good wife for you and our Lu family. You can’t miss this opportunity.

“Be it her status, talent, or appearance, they are all extremely rare.

“Do you know how many people wish to marry the Divine Maiden of the Misty Sect?”

“Why would he refuse such a good opportunity?”

“Are you stupid? Tell me, are you?”

Lu Xiaoran :” ...”

After a moment of silence, he continued, “Actually, I’m the Lu family’s ancestor.”

Old Master Lu was stunned and frowned even more.

“Could it be that you’re really crazy? Wait, could it be that you’ve gone crazy from cultivating? Is that why you’re spouting nonsense? Quick! Follow me to see Ancestor! Don’t burn your brain.”

Old Master Lu hurriedly reached out to pull Lu Xiaoran, his expression was extremely worried.

Cultivation deviation was not a small matter. In the early stages, one would lose his sanity and spout nonsense. Then, the divine power in one's body and meridians would fall into chaos. In the end, one would directly explode and die, suffering to the extreme!

However, just as he was about to pull Lu Xiaoran away, he accidentally discovered that he was unable to pull Lu Xiaoran away at all.

"Xiaoran, you..."

Old Master Lu turned around and looked at Lu Xiaoran. When he met those clear eyes, the profundity revealed made Old Master Lu's soul suddenly tremble.

At this moment, he suddenly realized that he had never seen through this grandson who had left home for many years.

A deep shock suddenly rose in Old Master Lu's heart, blasting his entire mind and consciousness into pieces.

Lu Xiaoran was actually the Lu family's ancestor!

He was actually the Lu family's ancestor with an unfathomable cultivation!

However, he was only in his thirties this year!

He was in his thirties and had cultivated step by step from the lower realm. Despite this, his cultivation had actually surpassed the Lu family. How much effort had he spent?

How many things had he experienced?

At this moment, Old Master Lu was not thinking about how powerful Lu Xiaoran was, but how much Lu Xiaoran had suffered for so many years.

A sour feeling surged into his heart, making Old Master Lu's heart ache so much that he wanted to cry.

"Xiaoran... you... you..."

Lu Xiaoran smiled apologetically.

"Sorry, for some special reason, I had no choice but to hide my identity.

"Previously, in order to save the Lu family, I could only impersonate the Lu family's ancestor. Please forgive me, Grandpa."

"Silly, you saved our Lu family and increased the Lu family's strength. Why would I blame you?"

Old Master Lu punched Lu Xiaoran on the shoulder.

"Speaking of which, why were you so stupid? Why didn't you tell me earlier? Were you afraid that Grandpa would expose you?"

Lu Xiaoran smiled awkwardly and touched his nose without saying anything. However, Old Master Lu's heart became even more bitter.

He knew that Lu Xiaoran had definitely suffered a lot after being alone outside for so many years. The path of cultivation was extremely dangerous. The hearts of people were vicious. If he was not careful, he might die one day.

Therefore, he was probably wary of the Lu family from the beginning, right?

This was all the Lu family's fault back then. They had failed to protect Lu Xiaoran's parents and Lu Xiaoran.

Now, after Lu Xiaoran returned to the Lu family, he had already become an expert. Even if the Lu family wanted to make it up to Lu Xiaoran, they would still not know where to start.

He took a deep breath and immediately said, "Xiaoran, I know that it's probably useless to say this now. There's nothing the Lu family can do to make it up to you now. However, if you need anything, I can still help. Just let me know. No matter what it is, Grandpa will definitely help you."

Lu Xiaoran nodded.

"Thank you, Grandpa. As for the matter regarding that Divine Maiden Wang, please help me cancel the engagement, Grandpa."

Old Master Lu : "..."

"What's wrong?"

Seeing that Old Master Lu was stunned, Lu Xiaoran could not help but be somewhat puzzled.

"Xiaoran, have you forgotten her name? Her name is Gong Wan'er. Her surname is Gong, not Wang."

Lu Xiaoran's face turned red.

"Cough cough... It was a mistake. I didn't mean to."

Old Master Lu did not know whether to laugh or cry.

"I think you really don't want to get married. Even now, you still don't know her name. Forget it, since you're unwilling, I won't force you."

"However, the Misty Sect has been good to our Lu family. I can't just dismiss them with a few words and let them return dejectedly. I'll personally go to the Misty Palace and cancel this marriage. "

Lu Xiaoran nodded.

"That's a good idea. However, Grandpa, please don't say anything about my cultivation."

"I understand. I know. I'll just say that it's because you're inexperienced, have a shallow cultivation, and lack talent. You're not worthy of the Divine Maiden, so you wanted to cancel the engagement."

Lu Xiaoran revealed a knowing smile.

Indeed, the older the wiser. His grandfather immediately understood his intentions.

“Let go with that then. After Grandpa helps me cancel the engagement, I’ll let you know about the next step. However, in order to prevent the Misty Sect from making things difficult for Grandpa, I will get my three disciples to accompany Grandpa to the Misty Sect to cancel the engagement. Their cultivation levels are not bad.”

“Alright! I’ll go to the Misty Sect now.”

Lu Xiaoran’s grandfather quickly left, and Lu Xiaoran looked in another direction.

Now, it was time for him to deal with Han Zhen.

He had already sensed the other party’s location. With a light tap of his toe, his body teleported to Han Zhen’s location.

“Long time no see, Fellow Daoist Han. How have you been?”

Han Zhen, who was thinking hard about how to resolve the situation, instantly had a bitter expression when he heard this voice.

Chapter 397: Report! A System Is Trying to Murder You

He turned his head back mechanically. The moment he saw Lu Xiaoran, tears fell uncontrollably.

In the next second, he knelt on the ground.

“Brother! Please spare me. Wuwuwu... I’ve never gone against you. I’ve also never provoked you. I’m just a small itinerant cultivator. I spent 2,000 years to cultivate to the Thousand Domain Battle God Realm.”

“For so many years, I have been living like a turtle every day.

“I don’t snatch what others fancy. I don’t dare to fight back when others pursue me. I haven’t even looked at many women. I don’t even dare to think about doing anything with them. I’m afraid I’ll provoke some big shot.

“I would even run after seeing someone with two cultivation levels lower than mine!

“Can you take pity on me? Can you let me live? ”

Lu Xiaoran narrowed his eyes slightly.

“Since you put it that way, I don’t even feel like killing you anywhere. However, in fact, someone like you is actually even more dangerous!”

Han Zhen :”...”

It would definitely be even more troublesome to deal with such a cautious person.

Instead of waiting for the other party to develop and kill him, it was better for him to kill the other party first.

In any case, one of them had to die.

Thinking of this, Lu Xiaoran slowly took out the Xuanyuan Sword that he had already forged into a Postnatal cardinal treasure.

Han Zhen trembled and hurriedly said, "Brother, don't be rash. Don't be impulsive! Can you give me a chance to make amends?"

Lu Xiaoran stopped and immediately said, "Make amends? How can you make amends?"

Han Zhen immediately raised his hand.

"There are a few fellows that call themselves systems that want to harm you! They all want me to activate them and then kill you. However, how could I possibly do something like that? You're my idol. How can I agree to such a despicable thing?"

"Therefore, I refused all of them!

However, an eavesdropping system has just been bound in my body and has not been activated. "

Han Zhen had already decided that if he could not beat the other party, he would report the systems to the other party. After this, he also wouldn't have to worry about the other party killing him.

If there was really no other way, he could also join the Nameless Sect.

If he could not win against the other party, he would join him. Perfect!

Lu Xiaoran could not help but be somewhat surprised.

There were several systems!

Looks like this Han Zhen was quite awesome!

Others would at most attract one system, but he had directly attracted several systems.

However, thinking about it carefully, it seemed to be understandable.

The hot shots of this world had basically been killed by him. Other than going to find Han Zhen, the systems didn't seem to be going to anyone else, right?

Rare items were precious. When there were too many plugs and too few outlets, the price of the outlets would grow.

Moreover, as the number of outlets decreased, the overall price would increase.

This was somewhat similar to the prostitutes in his previous life.

The more of them that got reported, the more expensive the remaining would be. The total income of the prostitutes would not change.

Wang Cai said in Lu Xiaoran's body, "Master, there's indeed a system in his body. Let me devour it and I will get it to reveal the location of the other systems. These systems are actually diluted from the Primordial Purple Qi separated from the Heaven Dao. They can greatly increase my strength."

"What's the relationship between the Heaven Dao and the Primordial Purple Qi?"

“The Heaven Dao is Pangu’s companion. Basically, there’s a total of 50 Primordial Purple Qi inside the Jade Creation Butterfly. However, when Pangu created the world, the Jade Creation Butterfly shattered. Hongjun obtained the largest piece that contained 7 Primordial Purple Qi.

“However, after so many years, he had probably already gathered a lot of Primordial Purple Qi again. Otherwise, it would be impossible for him to evolve the Heaven Dao again.

“However, without completely gathering 50 Primordial Purple Qi, it was impossible for him to completely control the three worlds.

“After all, there are still places in this world that can avoid the Heaven Dao. Those places might contain Primordial Purple Qi.

“Other than that, these systems created by the Heaven Dao are all the diluted Primordial Purple Qi created by the Heaven Dao.

“If I absorb them, the Heaven Dao and Hongjun will lose some Primordial Purple Qi.”

“I see.”

Lu Xiaoran somewhat understood. To put it simply, they were fighting for the same cake.

In a limited cake, the one who snatched more pieces would be stronger.

However, speaking of which, this Han Zhen was very tactful. The other party had actually lived for so long and even cultivated to the Thousand Domain Battle God Realm without his help.

This feeling made Lu Xiaoran feel that the other party was even more impressive than his disciples.

Killing the other party... would be a pity.

If he killed the other party, he would probably obtain some rewards. However, it would not be much. It would not be easy for him to nurture another Han Zhen.

Moreover, Lu Xiaoran would definitely step into the Immortal World in the future.

If Hongjun and the Heaven Dao wanted to kill him, they would definitely order their subordinates to do so.

At that time, be it the Heavenly Court, the Spirit Mountain, or the Netherworld, they might all attack him.

He could not be beaten passively. He had to think of a way to give himself more trump cards.

Thinking of this, Lu Xiaoran suddenly thought of a good idea.

Then, he narrowed his eyes and said to Han Zhen, “I can let you live, but you have to do something for me.”

Han Zhen immediately straightened his body.

“You have to be prepared to sacrifice yourself for me at any time!

“There’s no need for you to put on an act. It’s not like I don’t know you. Your word means nothing. I want you to perform the soul mark as well as the blood essence mark. Basically, you have to do all of them.”

“I understand!”

Han Zhen was very straightforward and cunning. He knew that in the face of a Saint, he could only be obedient. Other than that, he had no other choice.

Moreover, it was not bad to be the lackey of a Saint.

At the very least, it was quite reliable to have a Saint as his backer.

Seeing that he was so obedient, Lu Xiaoran nodded and immediately signaled to him. Han Zhen understood and immediately handed over his soul and blood essence.

“Senior Lu, here is my soul and blood essence.”

Lu Xiaoran checked. Because Han Zhen was a very sinister person, he had to be careful.

After confirming repeatedly that there was no problem, he fused Han Zhen’s blood essence and soul into Buttfacet’s body.

In fact, all the third-generation disciples of the Nameless Sect were under Buttfacet’s control.

The reason why Lu Xiaoran did this was so that he would be able to fight back when one of these disciples ended up getting controlled by a Saint. After all, at that time, if their cultivation surpassed his and they controlled him in reverse, it would be troublesome.

This was because Lu Xiaoran and Buttfacet’s relationship was established through the Beast Control Divine Art. Buttfacet’s blood essence and soul were both controlled by him, but they were only controlled through the Beast Control Divine Art. Their souls and blood essence had not fused into Lu Xiaoran’s body.

If Buttfacet dared to resist, he could instantly kill it. Buttfacet would also not be able to control him by using his blood essence and soul.

One could not control humans through the Beast Control Divine Art.

If the other party wanted to control him, he could only absorb their blood essence and souls into his body.

If he had not done this, it would be very easy for the other party to control him through some secret techniques if the other party’s cultivation was very powerful. Even if the other party could not control him, it would still be very troublesome if the other party injured his soul body.

Lu Xiaoran had always done things steadily. How could he allow such a thing to happen!

Of course, he had to eliminate all the factors that were disadvantageous to him!

Other than that, he would also use the Trinity True Eyes to add a mental mark and soul restriction to Han Zhen’s sea of consciousness.

This way, he could completely ensure that Han Zhen would not be controlled by any Saints.

After doing all of this, Lu Xiaoran directly ordered Han Zhen.

“Trick the system out of your body.”

“Yes! I’ll get it out right now.”

With that said, Han Zhen immediately began to communicate with the system in his body.

“Hey, system, come out.”

“Coming, coming, I’ve been here! May I ask how the host is doing? Are you prepared to activate me?”

“Sure, but before that, I want to see what you look like. Get out of my body and let me take a look at you.”

“Alright, no problem!”

The next moment, a golden light flew out of Han Zhen’s body.

At this moment, it finally noticed Lu Xiaoran and Wang Cai. Because its ability was far inferior to Wang Cai and Lu Xiaoran, it was completely unable to sense Lu Xiaoran and Wang Cai in Han Zhen’s body!

“...”

The air fell into a deathly silence. In the next second, the golden light suddenly cursed.

“Han Zhen, damn you!”

The moment it finished speaking, Wang Cai directly swallowed it.

Crack! Crack!

With a few cracking sounds, Wang Cai directly swallowed the system alive.

This scene made Han Zhen tremble in fear!

As expected of a dog raised by a Saint!

How awesome!

This system was created by a Saint, but it still could not escape the other party.

It was confirmed!

Lu Xiaoran was a Saint!

He was definitely a Saint!

Fortunately, he was smart and handed over the control of his body obediently. Otherwise, he would probably have already turned into dust.

“Senior Lu is awesome! Long live Senior Lu!”

Han Zhen yelled out at the appropriate time.

Lu Xiaoran glanced at him.

“Stop talking nonsense. I’ll give you a mission now. Think of a way to find all the previous systems. For every system that you find, I’ll give you a bottle of immortal pills.

“Do you know what to do if you’re discovered by others or the system?”

Han Zhen nodded.

“I know, I know. I understand. I won’t expose you even if I’m beaten to death. Even if I die outside and my soul is destroyed, I still won’t reveal your name.”

Lu Xiaoran nodded.

As expected of Han Zhen, he was really good at being ignoble.

If the other party had been his friend and not an enemy previously, he would not have taken the other party’s blood essence and soul to control him.

Perhaps the other party would have even become his confidant.

“Alright, go.”

Lu Xiaoran threw a bottle of immortal pills to Han Zhen.

In order for Han Zhen to do a good job, Lu Xiaoran first needed to develop the other party’s abilities.

In any case, Han Zhen was already completely under his control. By increasing his cultivation, Han Zhen could also work better for him.

“Thank you, Senior Lu. Oh, no, thank you, Master. I’ll go find the system now.”

Han Zhen quickly left. He knew that this time, Lu Xiaoran would not use the array formation to seal him. He could leave without worry.

Unfortunately, he had lost his freedom!

Forget it. Freedom was precious, but the price of life was higher.

It was already not bad for him to be alive. What was the point of thinking so much?

After Han Zhen left, Lu Xiaoran’s three disciples quickly arrived beside him.

“Master, you wanted us to accompany your grandfather to the Misty Sect to cancel the engagement?”

Lu Xiaoran nodded.

“Although Grandpa won’t be arrogant when he cancels the engagement, the Misty Sect has a huge family and business. It’s inevitable that they will feel embarrassed.

“My grandfather is only at the God King Realm, and the Misty Sect seems to have a God Emperor Realm expert. The three of you can fight those at a higher level. With the three of you protecting my grandfather, I can rest assured.”

“I see. Then we understand.”

“Wait, I have a more important mission for you guys.”

“Please tell us, Master.”

Lu Xiaoran placed his hands behind his back and looked up at the sky at a 45-degree angle.

“If that Wang... Qin... um... if that Divine Maiden dares to say anything when the engagement is canceled, the three of you will attack in secret and kill her. Don’t even leave her soul behind, understand?”

“Don’t worry, Master. We understand!”

“Alright, go on.”

“Yes!”

After everyone retreated, Lu Xiaoran finally thought of the third matter.

Previously, Lige had said that when he went to the Bodhi Temple, the Bodhi Temple only had Supreme God Realm experts at most. Moreover, only six Supreme God Realm experts had appeared.

With the size of the Bodhi Temple, there definitely had more experts than that.

It was said that the Bodhi Temple had more than ten God Monarch Realm experts.

Why did the other party not attack?

Could there be a dirty deal?

After all, Elder Tianji had said that there were also experts from Jie School in the Divine World who were in charge of welcoming him.

Could this person have hidden in the dark to help him?

However, if Lu Xiaoran remembered correctly, the current Buddha on the Spirit Mountain seemed to be a traitor of Jie School, right?

How could it be possible for the Spirit Mountain to cooperate with Jie School?

This clearly would not happen.

Then... could it be the other party?!

Lu Xiaoran still did not know who the other party was.

Back then, Elder Tianji had been killed by the other party and did not leave any message for Lu Xiaoran.

Lu Xiaoran estimated that the other party should not be from the Buddhist Sect or the Heavenly Court.

Could the other party be from the Netherworld?

The other party clearly knew his identity and wanted to capture him.

Lu Xiaoran suspected that the other party probably knew more than Jie School.

This was because Jie School only nurtured him as a chosen one. In fact, it was very likely that his body was a key used to revive Pangu.

The other party definitely knew something that he didn't

Who was this person that knew a secret that only Hongjun knew?

This question deeply disturbed Lu Xiaoran.

However, at this moment, Wang Cai said, "Didn't I give Master the Heaven Emperor Mirror, the Human Emperor Brush, and the Earth Emperor Book? These three items can be used to investigate everything in the world."

"Of course, they're only Postnatal spirit treasures now. The range of their search might be a little smaller, but there's still a chance of finding the other party. "

Chapter 398: Hunter and Fox

"Are these three treasures that awesome?"

"Of course. These three can investigate everything in the three worlds. They're Connate cardinal treasures that were developed when Pangu established the world and are connected to the three worlds. Through the Heaven Emperor Mirror, you can investigate the three worlds and write in the Earth Emperor Book with the Human Emperor Brush.

"However, there are also some existences in this world that can avoid these three treasures. For example, some Connate cardinal treasure, the Mountain and River State Painting, the Heluo Book, and the Chaos Bell... These things could avoid the detection of the three treasures.

"However, most of them cannot. "

"However, your three treasures are only pirated versions."

Wang Cai : "..."

"Master, do you have anything to gain by criticizing me like this?"

"No! I'm only telling the truth. Your treasures can't unleash the might of a true Connate cardinal treasure at all. They're only Postnatal spirit treasures now."

"Then... why don't I take it back?"

"It's fine. I'll just make do with it."

Lu Xiaoran found a remote place and began to use the three treasures.

As divine power was injected, the Heaven Emperor Mirror emitted a faint golden light. Some scenery began to quickly pass inside.

Starting from the spot under Lu Xiaoran's feet, it spread throughout the entire Divine World and then expanded to other worlds.

As the Heaven Emperor Mirror swept over, the Human Emperor Brush also gradually began to move.

The Earth Emperor Book opened automatically, and the Human Emperor Brush began to write automatically on the Earth Emperor Book.

it drew a stroke, a dash, and a few lines...

At the same time, in the Immortal World, a figure with white hair and beard suddenly opened his eyes as if he had sensed something.

“This detection power... Could it be...?”

The moment he pondered, a golden light had already shot out from his body, enveloping him.

“I didn’t expect this brat to have already grown to this level. As expected of the chosen one, he’s far from what those pirated hot shots can compare to.

“Looks like I have to speed up my crusade against you. ”

...

In the Divine World, the Human Emperor Brush that was originally writing suddenly stopped.

“Hmm?”

Lu Xiaoran raised his eyebrows.

“What’s going on? Why has the Human Emperor Brush stopped? What’s wrong?”

Wang Cai was also somewhat puzzled.

“That shouldn’t be the case. Logically speaking, the Emperor Brush has just begun to start writing. It should have already investigated the other party’s identity and location.”

Lu Xiaoran looked at the word “sheep” that had just been written halfway on the Earth Emperor Book and was extremely speechless.

“It must be because your Dharma treasure is not good enough. This is just a pirated version.”

“Uh... Perhaps the other party also has Connate cardinal treasures, so they can hide from the three treasures.”

Lu Xiaoran shook his head and was extremely speechless at Wang Cai’s words.

However, there was nothing he could do. He would take it one step at a time.

“By the way, speaking of which, if I can’t find the other party, can our allies?”

Lu Xiaoran thought of what Elder Tianji had said about the protectors of Jie School in the Divine World.

He immediately activated the Heaven Emperor Mirror again. In the next second, the Human Emperor Brush began to write.

Soon, a location was written in the Earth Emperor Book. Lu Xiaoran teleported out along this location.

When he reappeared, he had already arrived at that location.

There was a tomb that had already been emptied, making it look especially tragic.

Lu Xiaoran swept his divine sense and looked at the only coffin in the tomb.

With a wave of his hand, the coffin lid directly slid open.

Inside lay an extremely beautiful woman with an excellent aura.

Lu Xiaoran could almost tell at a glance that this person was arranged by Jie School to protect him in the Divine World.

This was because she looked exactly the same as one of the three fairies that Elder Tianji had engraved in the cave.

She no longer had a trace of life, but another extremely powerful and strange power had appeared in her body.

Lu Xiaoran was extremely familiar with this power.

Wasn't this the power in his fifth disciple, Zhuge Ziqiong?

The power of a zombie!

"There's really no one left in Jie School. They even sent over dead zombies. I wonder if zombies get paid.

"However, it has to be said that this zombie takes very good care of her breasts. In comparison, Ziqiong's breasts had already starved to death."

He flicked out a Postnatal Qi that entered the other party's body. With a soft sound, the other party slowly opened her eyes.

The moment her gaze met Lu Xiaoran, she was somewhat stunned.

"Junior Brother? Why are you here?"

Lu Xiaoran estimated that his appearance had been transmitted into the other party's memories in advance, so she recognized him at a glance.

However, this was also very normal. After all, as a Saint, it would be too disappointing if he could not even predict what he would look like in the future.

Therefore, he was not surprised and only said, "It's nothing. It's just that I was about to ascend and didn't see you leave the mountain, so I used a secret technique to come and find you to see if you encountered any trouble."

The beautiful senior sister's face revealed a trace of redness.

"Originally, I should have woken up two years ago. However, my tomb was robbed, so I didn't absorb enough power to complete my revival."

“You were robbed? Could it be that there’s a mastermind behind this?”

The beautiful senior sister shook her head slightly.

“I’m not too sure either, but it’s also possible that they’re ordinary tomb robbers. I remembered the names of a few people. There’s a person called Jun Changming. Their leader is called ‘Eighth Master’. You’ve been in the Divine World for so long, I wonder if you’ve heard of these names.”

Lu Xiaoran :” ...”

“Cough cough... I’ve never heard of them. Perhaps they’re some thieves, so I’m not too sure.”

Although he said that, he estimated that those people were from the Nameless Sect.

Needless to say, Jun Changming was Jun Bujian’s ancestor.

As for that “Eighth Master”, it was most likely Jiang Taixuan.

This was because Lu Xiaoran had heard from Jiang Taixuan that the other party had previously relied on the Auspicious Cloud Divine Lightning to dig tombs with the second-generation disciples in the Divine World and had earned a lot.

He had previously wondered why the people sent by Jie School had not come to find him. It seemed that his disciple had secretly attacked and destroyed the other party’s awakening.

This was really awkward.

Fortunately, the other party did not know that they were his disciples. Otherwise, it would be even more awkward.

“Is that so? If even you don’t know, it seems that the other party really isn’t a big shot.”

After a pause, she continued, “Speaking of which, since you took the initiative to find me, did you encounter any trouble?”

“It’s indeed somewhat troublesome, but I’m not too sure. Previously, when I was in the lower realm, Elder Tianji discovered that other than the hot shots, there was also an extremely powerful faction secretly dealing with me.

“I suspect that the other party has already gathered a large number of God Monarch Realm experts in the Divine World. ”

“An extremely powerful faction?”

The beautiful senior sister could not help but exclaim before frowning.

“Who is secretly dealing with you? Could it be that your identity has been discovered by other Saints?”

“I’m not too sure about the specifics. I don’t know the other party’s identity now either. However, since Elder Tianji died from dealing with the other party, I believe the other party’s strength is not low.”

Hearing that Elder Tianji and the other party had died together, the beautiful senior sister's eyes could not help but darken.

"I didn't expect her to die in the end."

Lu Xiaoran gave the other party a few minutes to mourn.

"Speaking of which, can you reveal your identities to me? I still don't know your real names."

The beautiful senior sister nodded and said with a solemn expression, "I'm Qiong Xiao from the Three Xiao Heavens. I was killed by that old dog, the Primordial Heaven Supreme, with the Three Treasures Ruyi. The one protecting you in the lower realm was my second sister, Fairy Bi Xiao.

"Because my second sister and I were killed by Primordial Heaven Supreme, it wasn't easy for the Heaven Dao to detect us. Therefore, Master used a secret technique to send us to the Divine World and the lower realm to be your Dao protectors to ensure that you can successfully advance to the Immortal Realm."

"I guessed it long ago."

Lu Xiaoran nodded, but he immediately continued, "Speaking of which, didn't the three of you become gods? You've already become gods of the Heavenly Court. Why are you here?"

Qiong Xiao said with a sad expression, "Since long ago, Master knew that the heavens' will could not be defied, so he was forced to sign the God Rankings, causing many of our Jie School's disciples to step into the Heavenly Court and be reduced to lackeys. However, he also secretly did something to keep the blood essence and soul essence of some of our disciples.

"He was waiting for the day when he could defy the heavens and change his fate to obtain a chance for our Jie School.

"My second sister was turned into blood water by the Heaven Supreme Treasure Box, and my head was shattered by the Three Treasures Ruyi. We all died and no longer pose a threat to the Heavenly Court. We're the perfect candidates to protect you."

"I see."

Previously, Lu Xiaoran wondered why Tongtian signed the God Rankings. After all, the other party was a Saint and was not easily manipulated like Buttface. Moreover, how could the other party not know the consequences of signing the God Rankings?

However, the other party was threatened by Hongjun and the other Saints. Even if he did not want to sign the contract, he had to.

Otherwise, if Hongjun directly killed him, the entire Jie School would be doomed. At that time, wouldn't the disciples still have to end up on the God Rankings?

To put it bluntly, it was just a matter of strength.

The weaklings would always be at the mercy of others.

It was not about whether one wanted to choose or not, but whether one had the ability to choose!

“Junior Brother Lu, Master has been planning for several periods of time to wait for this opportunity. This is also the only chance for our Jie School to recover. You have to succeed.”

Lu Xiaoran nodded, but he was calculating in his heart.

He did not want to be a lackey of Jie School. He wanted to cultivate to the highest level and defeat Hongjun and kick the Heaven Dao.

Jie School wanted to use him to revive the sect. He also wanted to use Jie School to temporarily save his life and hide from the Heavenly Dao.

At most, after he destroyed Hongjun, he would give Jie School a place to live. However, it was impossible for him to become a tool of Jie School.

Chapter 399: God Monarch Chat Group

“What’s your current cultivation level?”

“I can unleash the strength of an immortal. However, with my combat experience and level, it shouldn’t be a problem for me to fight a few immortals.”

Lu Xiaoran understood. Tongtian had accounted for everything. Because every small world was monitored by the Heaven Dao laws, the cultivation of the disciples Tongtian arranged was not too high but was enough for them to deal with a few people.

In this way, he would not be discovered by the Heaven Dao and could also protect himself to the greatest extent by successfully cultivating to the Immortal Realm.

It could be said that every step was already accounted for.

However, since the other party had ulterior motives, the price Lu Xiaoran had to pay after becoming an immortal was definitely not low!

In short, he still had to be careful and see how Tongtian treated him.

If the other party was good for him, he would be nicer to the Jie School. If the other party was not good to him, he would also be heartless.

In any case, he was not afraid that others would say that he was heartless. It was fine as long as he and his disciple could live well.

“For now, I’m not worried about anything else. The only thing I’m worried about is the mastermind. If the other party appears, it’s up to you.”

“I understand. In addition, Master told me that once your cultivation increases to the Immortal Realm, you can’t go to the Immortal World. You have to go to the Primordial World.”

“I know that.”

Currently, most places in the three worlds were controlled by the Heaven Dao. Only a few places were not controlled by the Heaven Dao.

However, almost no one could enter those places. Therefore, strictly speaking, only by going to the Six Paths of Reincarnation and some places in the Primordial Land could one avoid the surveillance of the Heaven Dao.

Lu Xiaoran was currently in the lower realm and the Heaven Dao was temporarily unable to monitor him. However, once he arrived in the Immortal World, the Heaven Dao would definitely capture him immediately.

After discussing this matter, the two of them bade farewell. Lu Xiaoran returned to the valley and continued to supervise the disciples' cultivation.

Only when his disciples cultivated quickly could his cultivation increase quickly. The higher his cultivation, the safer it was.

...

At the same time, a golden divine decree also landed on the Divine World's Profound Heaven Cliff.

In the next moment, a figure suddenly flew out from the cave of the Profound Heaven Cliff and enveloped the divine golden light.

He opened the divine decree. There was only a short word on it—kill!

This word was filled with extremely dense killing intent, as if the air was emitting a dense smell of blood!

A moment later, another figure also arrived beside him.

"Senior Brother Futu, what's going on?"

Futu said with a solemn expression, "Master ordered me to attack Lu Xiaoran."

"So soon? But we haven't set up the Hundred Monarch Realm formation yet!"

"God Monarch Realm experts aren't ordinary people... Although the entire Divine World is huge, it's only one of the 3,000 worlds. The number of God Monarch Realm experts here is ultimately limited.

"However, since Master has already said that he wants us to start attacking now, we can't delay any longer. You know that Master doesn't like it when others disobey his orders."

"But can we take down Lu Xiaoran with just the Immortal Slaying Sword Formation?"

"Now that things have come to this, we can only give it a try. However, although I haven't gathered a hundred God Monarch Realm experts, there are still many people with extremely good luck in this world. If I can choose some Supreme God Realm experts with relatively powerful good luck, it might be enough to make up for the Hundred Emperor Formation."

"If there's really no other way, I'll get the baldies of the Bodhi Temple to send all of their Supreme God Realm experts. That will also be enough."

"This is also a good idea. At the very least, it will allow us to set up an additional grand array. It will be relatively safer."

“Protect me. I’ll immediately find those Supreme God Realm experts with good luck.”

“Yes!”

...

In the valley, Lu Xiaoran was training his disciples when he suddenly heard Han Zhen’s voice.

“This brat Han Zhen is quite efficient. He found a system so quickly.”

Without wasting much time, Lu Xiaoran immediately went to pursue that system.

Just as he left, a powerful aura spread in the valley.

Everyone who was cultivating immediately could not help but be shocked.

“This aura... someone has advanced again. Moreover, this aura is very powerful. This is the aura of a Supreme God Realm expert!”

“It’s Eldest Senior Brother. Eldest Senior Brother broke through again.”

“Damn, is Eldest Senior Brother that awesome now? I remember that he just broke through a few days ago. Is he breaking through another level in the blink of an eye? Isn’t this too fast?”

“Eldest Senior Brother is getting more and more awesome!”

Su Lingwu had a faint sad expression.

“In the past, the younger the disciple, the higher the cultivation. Why is it that the situation is now reversed? Now, the older the disciple, the higher the cultivation!”

“Could it be that times have changed?”

As the saying went—what goes around comes around.

Lu Xiaoran, who was going to find Han Zhen, also suddenly felt that his cultivation had increased by another level.

This made him somewhat surprised. On careful look, it was actually Lige who had increased his cultivation again.

“Not bad. After Lige rose to prominence, he has been advancing triumphantly and has a very good momentum! Looks like if this continues, it won’t be long before I advance to the God Monarch Realm. Lige, you can do it! I’ll work hard with you! You have to cultivate well.”

...

At this moment, Yun Lige did not have the joy of breaking through. Instead, his face was filled with confusion.

This was because at this moment, a screen had actually appeared in his mind.

What was even more dumbfounded was that this screen actually said—Young man, do you want to become stronger?

There was also a button below.

“What the hell is this?”

Yun Lige was puzzled. However, he quickly used his mental strength to click the button.

This was because he was very curious as to which idiot had projected such a thing into his mind.

“Are you puzzled? You’ve already worked hard enough, but you just can’t cultivate to the God Monarch Realm?”

“Are you wondering about how to become a God Monarch Realm expert?”

“Are you thinking of obtaining more resources and cultivation experience?”

“This thing is somewhat interesting.”

Yun Lige continued to open the next step. The words on the screen suddenly changed.

“We have the most professional guidance.

“We have the most abundant resources.

“In the God Monarch Chat Group, there is always hope!

“Join us and become a God Monarch Realm expert!

“Join us and look forward to the future!

“Every dog has its day! Don’t bully the poor!

“Be brave and say no to those who look down on you!

“After cultivating to the God Monarch Realm, you will become invincible in the world!

“Join now! You will be able to listen to the lectures of God Monarch Realm experts for free!

“The top five participants will also receive a huge gift bag worth more than a hundred million top-grade divine crystals.”

“The rewards are quite generous.”

Yun Lige smiled and felt that it was quite interesting.

It was actually a God Monarch Realm expert lecture and they were even giving away huge gift bags with more than a hundred million top-grade divine crystals.

Was the other party that rich?

Was the other party that domineering?

Was this true?

He decided to join and see if there was anything fun.

He was not afraid of anything bad happening at all. After all, his master could protect him.

His master was a dignified Saint. What was there to be afraid of?

Yun Lige did not even think about it and directly clicked to join.

He was not really interested in becoming a Monarch God Realm expert. With his master's guidance, he could easily cultivate to the God Monarch Realm. Moreover, with his current cultivation, he could also fight those at a higher level. He really did not care about ordinary God Monarch Realm experts.

He just wanted to have some fun with it.

The next moment, his page suddenly changed to a large frame that contained a small frame.

"Eh, another newcomer? I'm Kongming God Monarch Liu Yunfei. May I ask where you're from?"

Yun Lige narrowed his eyes slightly.

Interesting. It was a God Monarch Realm expert. It seemed like there was really something going on in this group.

However, he did not respond.

After all, after reaching the Supreme God Realm, he did not care about the so-called God Monarch Realm at all!

Scum!

"Eh, looks like this new fellow Daoist doesn't like to talk. Fellow Daoist, can you change your name? Are you a man or a woman? Why don't you say something?"

The person who spoke was God Monarch Kong Chen.

Another God Monarch Realm expert!

Looks like this chat group was not simple. It was actually filled with God Monarch Realm experts.

However... what was the plan for so many God Monarch Realm experts to gather together?

Yun Lige did not believe that so many God Monarch Realm experts had only gathered together for cultivation.

How could there be peace in this world?

He would try to figure them out first.

Thinking of this, Yun Lige began to respond.

"Greetings, seniors. I'm... Ge Liyun. It's my first time here. Please forgive me if I've made any mistakes."

Yun Lige did not use his real name. Who knew if the other party was friend or foe? It was better for him to keep his information private.

“No problem, no problem. Basically, those who can come to this God Monarch Chat Group are all talented people.

“Brother Ge is probably also a famous genius in the Divine World, right?”

“I wonder which family Brother Ge is from? Or perhaps you’re the beloved disciple of some senior?”

“I’m just an itinerant cultivator with no background.”

After saying this, the entire chat group fell silent.

Yun Lige said carefully, “Seniors, did I say something wrong? Did I make you unhappy?”

After a moment, a person called God Monarch Hong Xiu replied,

“Those who can join our group have to be at least at the Supreme God Realm. Moreover, they have to cultivate to the Supreme God Realm at a certain age!”

“Therefore, to a certain extent, your talent is enough to make us sweat with shame!”

Yun Lige thought to himself that he had been careless.

He originally did not want to show off, but he did not expect to do so.

It looked like he had failed to keep a low profile and had not learned his master’s skills.

He should have said that he had eaten millions of medicinal pills to cultivate to the Supreme God Realm.

He coughed lightly and continued, “It’s all luck. I was also lucky to pick up an ancient God Emperor Realm expert inheritance.”

“That’s not bad. Fellow Daoist Ge, you don’t have to be too humble.”

Yun Lige was about to reply when the screen suddenly lit up.

Immediately after, God Emperor Realm expert Kong Chen immediately said,

“Group leader, you’re here. Everyone, please welcome the group leader!”

Chapter 400: What? You Want to Kill My Master? And You Want Me to Contribute?

Yun Lige’s heart tightened. He knew that the boss was here.

“I wonder who the boss of this place is? To be able to gather so many God Monarch Realm experts, he’s definitely not an ordinary character!”

Just as they thought of this, everyone said, “Welcome, Exalted Immortal Futu!”

“Immortal Futu hasn’t come to see us in a long time. I thought Immortal Futu didn’t want to talk to us.”

...

Everyone spoke one after another, making Yun Lige suddenly narrow his eyes.

Exalted Immortal?

He did not expect this guy to be an immortal.

This was quite a big deal!

The group leader quickly said, "Welcome, new friends. This group is the strongest God Monarch Group. The God Monarch Realm experts that join us will obtain all the help they need to transcend the tribulation and become an immortal!

"We can even help you become a God Monarch Realm expert even if you aren't one yet.

"In short, by joining here, you have already started on the path to becoming an immortal!"

"You sure know how to brag!"

Yun Lige could not help but ridicule in his heart.

The other party continued, "After joining the group, you can obtain the resources of the group. Next, I'll send a big gift bag to the few Supreme God Realm experts who have just joined the group according to the coordinates. Please accept them."

The next moment, Yun Lige saw his screen begin to flash. At the same time, a button appeared.

"We just need to click to receive it to obtain resources?"

The person who spoke was a cultivator who had just joined the group after Yun Lige.

Yun Lige estimated that the other party's cultivation should also be at the Supreme God Realm because the weakest among them was at the Supreme God Realm.

The other party's words were not impressive at all. Moreover, the other party was also not handsome like him. It was probably impossible for the other party to be a God Monarch Realm expert.

Soon, Group Master Futu explained again, "That's right. As long as you click the button, you can directly receive it."

The next moment, a new Supreme God Realm expert shouted, "It's true! It's actually true! I received 100 million top-grade divine crystals and a profound divine artifact.

"Heavens, this is truly an eye-opener.

"There's actually such a strange person in this world!"

Yun Lige could not help but slander in his heart.

It was only 100 million top-grade divine crystals and a profound divine artifact. Was there a need for them to be so excited?

In this day and age, how could anything below the immortal level be considered to be good?

However, that 100 million top-grade divine crystals was not bad. After taking it, he could give it to his master. His master liked divine crystals the most and would use them to set up array formations.

Speaking of which, in the past few years, Seventh Brother and Eighth Brother had all gotten a lot of divine crystals for their master. He was the only one who had not gotten any divine crystals for Master at all. It was really a little unreasonable.

After all, he was his master's favorite.

At this moment, a few more people sent messages saying that they had really received a big gift bag.

Yun Lige did not delay and directly clicked to receive it.

However, to his surprise, there was no reaction after he clicked to receive it.

Yun Lige: "???"

What did that mean?

Could it be that the other party didn't want to give it to him because he was handsome?

He clicked on it a few more times, but he still did not receive it.

This made Yun Lige somewhat puzzled.

After thinking for a while, he thought of something.

He was in this valley, and this valley had already been enveloped by his master's array formation!

Because of this, any item that was transported via spatial teleportation would not be able to pass through. Unless the items could be verified by Lu Xiaoran's array formation, Yun Lige would naturally be unable to obtain them successfully.

After figuring out this problem, Yun Lige used the Great Void Chaos Steps and instantly left the valley, arriving at a small hill 800 kilometers away.

At this moment, the light flashing on the screen became even clearer! Perfect!

It was as if the signal of contact had reached its peak.

Yun Lige directly clicked to receive it. In the next moment, a storage bag appeared in his hand.

Inside lay 100 million top-grade divine crystals and a profound divine artifact.

"Damn! I can really receive it!"

Yun Lige was a little excited. Why not let his junior brothers and sisters join this group? Then... hehehe, he would take advantage of them and give the divine crystals he obtained to his master!

If one junior brother took 100 million, the eight of them would be able to gather 800 million.

It would be even better if he could let the other second-generation disciples also take advantage of the other party.

Wouldn't that be equivalent to receiving billions of divine crystals?

Yun Lige was not worried that everyone's cultivation was not enough to reach the Supreme God Realm. With his master's help, wouldn't it be easy to create a group of Supreme God Realm experts?

He estimated that with his junior brothers and sisters' talent and his master's strength, they would at least advance to the Supreme God Realm in a month. At that time, he would at least be able to scam the other party of hundreds of millions of top-grade divine crystals.

Perfect!

It was rather perfect!

However, at this moment, the group leader's message sounded again.

"Alright! Next, I'll start assigning the first mission. The first mission is to help these new Dao friends in the group increase their cultivation to the God Monarch Realm!

"The mission reward will be a single immortal pill. All the God Monarch Realm experts that participate in this mission will be able to obtain the reward.

"In addition, if you contribute significantly, you will receive extra immortal pills. The number of immortal pills is uncertain. It all depends on the situation."

Hearing this, everyone suddenly became excited.

"The group master is too awesome. The rewards this time are actually so generous!"

"That's right. The reason why the rewards are so generous this time is because we want you guys to do a better job at completing the second mission!"

"The second mission is to set up the Hundred Monarch Formation!"

"Is this the same Hundred Monarch Formation you mentioned previously? The one used to deal with a person with great luck?"

"That's right, that's the one. The Hundred Monarch formation is extremely powerful. I want to use this formation to deal with that person with great luck! I want to make him fall into eternal damnation!"

Yun Lige's heart skipped a beat and he vaguely had a bad feeling.

These people were talking about people with great luck. However, no one seemed to have greater luck than his master, right?

Could it be that they wanted to... deal with his master?

He rolled his eyes and had an idea.

"Who is this person with great luck? You have to let us know the details. After all, we have to consider if we have the strength to go against the other party."

God Emperor Realm expert Kong Chen and the other God Monarch Realm experts immediately said, "Fellow Daoist Ge, you've crossed the line."

“That’s right. The missions arranged by the group master are definitely good for us. It’s somewhat against the rules for you to doubt it like this.”

At this moment, the group master immediately took the opportunity to act like a good person.

“It’s fine. Although I’m the group leader, I’m no better than any of you. We’re all friends. Moreover, it’s reasonable and understandable for fellow Daoist to want to know who the opponent is.

“Actually, there’s no harm in telling you.

“The person I want to deal with is a cultivator called Lu Xiaoran.”

Yun Lige’s heart skipped a beat.

Indeed, he knew that whenever the other party mentioned someone with great luck, it would definitely be related to his master.

Moreover, the other party was actually targeting his master.

Fortunately, he was smart and asked. Otherwise, wouldn’t he be making a fool of himself and disappointing his master?

Since they wanted to deal with his master, there was nothing to say. He would just kill them!

Yun Lige was about to curse when he suddenly felt that something was wrong.

“If I scold him now, he will probably know that I’m Master’s subordinate. Moreover, it’s very likely that he will directly kick me out of the group. After all, he was the one who established this God Monarch Chat Group.”

No, I can’t scold him. I can’t ruin Master’s plans just because I’m feeling emotional!

“Although Master is already a Saint and is not afraid of the threat of these small ants at all, as Master’s eldest disciple, I can’t let these ants disturb Master, right?

I have to think of a way to let this guy die without a burial place. At the same time, I also have to scam him. I have to make him regret going against my master.”

Yun Lige thought for a moment and the corner of his mouth curled up slightly. He already had an idea.

He would first deal with the other party before getting his junior brothers and sisters to increase their cultivation speed. Then... hehehe... he would drag everyone into this group. It would be best if they could join the Hundred Monarch Formation. That would be even more perfect.

At that time, he and the others could directly deal a ruthless blow to the other party.

Perfect.

It was rather perfect!

Thinking of this, he immediately replied, “Lu Xiaoran? I’ve never heard of him. He’s probably some small-time cultivator, right? Is such trash really worth the group master’s time?”

“Hehehehe... Fellow Daoist Ge, you might not know, but although this Lu Xiaoran is only one person and is unknown, his cultivation is definitely shockingly powerful!

“Not only is he powerful and had extremely high means, but his actual combat strength is also unfathomable.

:Putting everything else aside, just his methods of fighting those at a higher level are countless! ”

At this moment, God Emperor Realm expert Kong Chen could not help but say, “We can also fight those at a higher level. As long as we have enough cultivation techniques, coupled with divine artifacts, array formations, and other support, it’s very easy for us to kill enemies at a higher level than us..

“However, what if I told you that Lu Xiaoran is able to kill enemies with cultivation techniques and weapons without relying on array formations?”

“This...”

Emperor God Kong Chen was silent for a moment before saying, “It’s not entirely impossible. It’s still doable.”

“Then what if I tell you that he can surpass two realms?”

“Two realm levels? That’s definitely impossible. Group leader, you must be joking.”

“Sorry, I’m not joking. This is how strong Lu Xiaoran is.”

The entire group was silent for dozens of breaths before erupting.

“What a joke! How is this possible? This is definitely impossible!”

“Group leader, can he really kill enemies with a cultivation that is two realms higher than his own? Is he still human?”

“I don’t believe it! How can there be such an abnormal person in our world?!”

Everyone immediately discussed spiritedly, and Yun Lige rolled his eyes.

A group of ignorant fools.

As his master’s disciple, he could already surpass two realm levels. Wouldn’t his master be able to surpass four realm levels?

Moreover, his master was already a Saint. Even if his master can surpass realms, these pieces of trash were still not his match.

Of course, these guys were simply unqualified to oppose his master. How could a group of trash fight a Saint?

If they really could do it, then Yun Lige and the other disciples can just find a place to hang ourselves collectively!

The disciples of the Nameless Sect alone were already capable of destroying these trash. Why would they need Master to do anything?

Thinking of this, Yun Lige sent another message.

“If that’s the case, the more the better, right? The chances of victory will also be higher.”

“I have some friends here who are also Supreme God Realm experts. If the group master is willing, I can contact them and get them to join the chat group.

“Then, you can also give them some resources to advance. With everyone working together, it should be easy for us to take down that Lu Xiaoran.

“Group Master, what do you think? ”

“Oh? If that’s the case, then of course it’s not bad. However, ordinary Supreme God Realm experts can’t do. Without some special abilities, they will only be cannon fodder in battle.”

“Otherwise, why do you think that I only gathered a few Supreme God Realm experts from the entire Divine World?”

“Don’t worry, Group Master Futu. I can guarantee that these friends of mine all have unique skills. I guarantee that they won’t disappoint you.”

“Alright! If that’s the case, you can bring them in and I’ll take a look.”

“No problem, but they’re all traveling and training. It won’t be easy to find them for a while. How about this? I’ll write back to you on time in half a month or a month at most.”

“Alright! I didn’t expect Fellow Daoist Ge to work so hard just after arriving in the group. I’ll reward you with another 100 million top-grade divine crystals.”

“Thank you, Group Master.”

The corner of Yun Lige’s mouth curled up slightly. He had casually obtained another 100 million top-grade divine crystals. It seemed like this Group Master Futu’s intelligence was not very high!

Now, he just needed to find his junior brothers and sisters and get them to quickly cultivate to the Supreme God Realm.

The people in the group were extremely envious. They all asked Yun Lige to give out red packets. That was a special function of the chat group. They could put some resources in their hands, including divine crystals, natural treasures, and weapons, into a red packet for everyone to draw.

The items in the red packet would belong to whoever drew it.

Yun Lige simply ignored them.

A group of idiots. How could he spit out the food that had already entered his mouth? What a joke!

What’s yours is mine, but what’s mine is still mine!

He felt that he was the only one who could take advantage of others, not the other way around!

In the end, it was only when that group master Tufu sent a huge red packet that everyone let the matter rest.

Yun Lige had naturally snatched many red packets and even obtained the title of King of Luck!

Sect Master Tufu had only given out ten million top-grade divine crystals. He had snatched 9.9 million top-grade divine crystals alone!

This caused everyone to stomp their feet in anger again.

However, Yun Lige seemed to have disappeared and stopped talking.

Everyone was also helpless against him.

...

On the other side, Han Zhen was smiling and speaking nicely to a system.

"I was wrong previously. I was ignorant. Please forgive me, System."

"Hmph! Han Zhen, as the saying goes, a good horse doesn't turn back. Since you chose to give up on me, why did you return? Aren't you trying to make me laugh?"

Han Zhen smiled apologetically.

"Fellow Daoist, don't blame me. I didn't know what was good for me previously. How could I know that you're the rarest system in the world? Aren't I back now?"

I came back specially to bind and activate you. "
