

AN EXPERT 481

Chapter 481 Because I'm the Chief of the Nameless Sect

With Lu Xiaoran and Yun Lige's dual strength, they did not miss anything and bombarded Grand Supreme Elder.

The extremely powerful force even shattered the entire spatial barrier of the thirty three layers of the Heavenly Court, revealing the fourth dimension space inside.

However, after the explosion, they did not take down Grand Supreme Elder like the two of them had expected.

This was because a huge bell was actually enveloping Grand Supreme Elder!

"It's the Chaos Bell! The intrinsic Dharma treasure of the East Emperor Taiyi, the Chaos Bell! This Dharma treasure has disappeared for tens of thousands of years. I didn't expect it to actually be in the hands of Grand Supreme Elder. This guy is really despicable. He had held onto the Chaos Bell for so many years but no one actually knew about it. He's simply hidden it too well!"

"Thinking about it carefully, it makes sense. Even if East Emperor Taiyi died, his strength is still under the supervision of the Heaven Dao. After he died, it's impossible for his Dharma treasure to disappear without a trace. It turns out that it was obtained by Grand Supreme Elder."

Lu Xiaoran's heart sank. Grand Supreme Elder probably kept this thing to deal with him.

The Pangu Axe in his hand was also refined from the fusion of the Pangu Banner, the Chaos Bell, and the Taiji Painting.

However, his Chaos Bell was produced by Wang Cai and not the Chaos Bell that originally existed in the world.

Not daring to be careless at all, Lu Xiaoran slashed several times!

The divine might of the Pangu Heaven-Opening Axe fell endlessly on the Chaos Bell.

In just a few moves, a large number of cracks had already appeared on the Chaos Bell, and it was unable to withstand it anymore.

.....

However, at this moment, Grand Supreme Elder threw out his Taiji Painting.

The Taiji Painting enveloped the power of the Pangu Heaven-Opening Axe, preventing it from releasing its strength.

It was also at this moment that Grand Supreme Elder had already arrived beside Lu Xiaoran.

Lu Xiaoran was naturally not stupid to stand here and let the other party's scheme succeed.

His speed was very fast. Almost in an instant, he retreated and maintained a certain distance from Grand Supreme Elder.

However, just as he escaped from the pursuit of Grand Supreme Elder, his body was suddenly suppressed by an extremely special force in the next second.

It was the Great Void God Armor!

Patriarch Hongjun used the power of the Great Void God Armor to seal the space, freezing Lu Xiaoran.

It was also this pause in time that made Grand Supreme Elder transform into Pangu's Essence Soul again and fuse into Lu Xiaoran's body.

After the Pangu Essence Soul fused into Lu Xiaoran's body, it immediately began to be refined by Lu Xiaoran.

The moment he refined it, Lu Xiaoran's body was unable to move.

Moreover, be it Houtu, Tongtian, Primordial Heaven Supreme, their strength was not powerful enough. It did not take long for them to fuse with Lu Xiaoran.

However, Grand Supreme Elder was different!

Grand Supreme Elder's strength was several times stronger. He was Hongjun's favorite disciple.

The time it took for Lu Xiaoran to completely absorb him was at least several times longer than the others.

Even if this time was only one to two seconds, it was definitely fatal for existences of their level.

However, Hongjun did not directly attack Lu Xiaoran. He made a strange hand seal in the air. In the next second, all the Saints in the Heavenly Court belonging to Patriarch Hongjun's faction began to emit golden light.

At this moment, everyone could not help but be dumbfounded and puzzled. They were completely puzzled. What was going on?

"What's going on? Why do I feel like my strength is out of control?"

"My strength is also out of control. Something's wrong."

Jie Yin's expression was extremely ugly.

"Master, could it be that you want to detonate us? We're all your disciples! Is this how you treat us?"

Everyone was shocked when they heard this.

"What? He actually wants to detonate all of us? How can he do this?"

"Hong Jun, do you still have any humanity? We're your disciples. How can you treat us like this?"

Patriarch Hongjun smiled coldly.

"Stop talking nonsense here! I taught you your strength. I gave you everything. Now, what's wrong with me wanting you to do something for me?"

“If not for me, you would still be a group of ants without intelligence!”

After hearing this, almost everyone completely understood Patriarch Hongjun’s true colors.

Many people who were still unwilling to believe it had no choice but to believe it at this moment!

The despair and anger of being betrayed filled everyone’s hearts.

“Hong Jun, you’re really a bastard! You’re simply not human! To think that we thought that you had supreme morals. We didn’t expect you to be so despicable.”

Hongjun ignored these people.

“You only know now? This is also my last lesson to you. If you’re not despicable, you’ll never reach the end.”

After saying this, Hongjun completely began to detonate these Saints.

First, it was Guanyin, Maitreya, and Randeng... Powerful Saints were detonated under his control.

The strength of a Saint’s self-destruction was unimaginable in the entire three worlds.

A Saint’s self-destruction could have a huge impact on the entire three worlds.

With so many Saints self-destructing together, the impact was enough to destroy the entire three worlds.

However, Hongjun had sealed all their strength in the Great Void God Armor. This directly led to a situation where only the Heavenly Court was destroyed.

After the Heavenly Court was destroyed, the other places in the three worlds were spared. Hongjun still did not suffer much.

Moreover, narrowing the range of the explosion would also cause the people in the center of the explosion to suffer greater damage.

All of this was completed in a second. Hongjun used the sacrifice of the Grand Supreme Elder to fuse the Grand Supreme Elder into Lu Xiaoran’s body, buying him one to two seconds, preventing Lu Xiaoran from carrying out his plan completely.

By the time Lu Xiaoran reacted, the explosion had already ended. He could not stop it even if he wanted to.

At this moment, everyone from the Nameless Sect was in extreme despair.

This was because almost everyone from the Nameless Sect was here. If this explosion really succeeded, it could be said that the entire Nameless Sect would be swept away.

Most importantly, Lu Xiaoran was also here. He was still digesting the Grand Supreme Elder. At this moment, he was unable to fight and could not use his defensive strength.

If he died, the entire Nameless Sect would really be finished.

After seeing this scene, Yun Lige’s expression was extremely solemn.

The black lotus behind him instantly emitted an incomparable black light that enveloped everything.

“Eldest Senior Brother, what are you doing?”

Fang Tianyuan discovered the abnormality immediately.

Yun Lige said indifferently, “The world only knows that Demon Ancestor Rahu controls killing power. However, they don’t know that Demon Ancestor Rahu is actually not only good at killing power, but also at escaping.”

“Now, I’ll burn my body, cultivation, Essence Soul, and even my life mark in Master’s small world in exchange for increasing my strength... Using my best spatial escape technique, I will help you guys escape.

“Although I won’t be able to help you escape far, it will still be enough.

“The range of this explosion would only be contained in the Great Void God Armor. It will not spread.

“As long as you escape from the Heavenly Court, you will be fine.”

“What about you? You haven’t found your origin life mark yet. If you burn your life mark in Master’s small world, you will completely disappear from this world forever. Even Master can’t revive you.”

“There’s nothing we can do. Time is tight. We have no choice. In order to obtain the final victory, what’s the big deal of sacrificing me?”

“Why does it have to be you?!”

Fang Tianyuan clenched his fists tightly, his heart aching like a knife!

The two of them had a deep friendship. The two of them were both disciples Lu Xiaoran had taken in at the beginning and had left the Heaven Demon Sect’s Zhishui Peak together.

There was also Ji Wuxia.

The three of them had a deeper relationship with each other than the others.

At this moment, Fang Tianyuan really could not accept watching Yun Lige sacrifice himself.

Yun Lige turned around and smiled.

“Junior Brother, don’t cry. It’s naturally because I’m the chief disciple of the Nameless Sect!”

Fang Tianyuan’s body trembled, and his eyes could not help but turn red.

So what if this guy was the chief disciple of the Nameless Sect?

Who said that the chief disciple of the Nameless Sect had to sacrifice himself for everyone?

This was something that should not have happened!

However, in fact, this was Yun Lige's own choice.

A willing choice.

In his previous life, he only knew how to be selfish and even occupied the entire three worlds in order to increase his strength.

He even did not hesitate to provoke a war between the living beings of the three worlds and let the three races destroy the world to complete his killing Dao.

However, in this life, under Lu Xiaoran's guidance, he had grown up with his junior brothers and sisters. He was no longer the heartless Demon Ancestor Rahu from before.

He was now the chief disciple of the Nameless Sect-Yun Lige!

The current him had the responsibility to protect everyone.

Just like a big brother, he was destined to protect his younger siblings.

Only in this way could their family survive.

Only in this way would he not regret his life.

In the past, his goal in life was to become stronger.

And now, his goal in life was to let everyone live together!

If he could not complete this goal, he would at least sacrifice himself. He would let everyone live!

"Master, farewell!"

"Junior Sister, Junior Brother, and everyone from the Nameless Sect, farewell!"

"I will never forget you. If... I can survive this, that is."

After this thought appeared, the entire Heavenly Court was enveloped in a golden light as everyone in the three worlds watched everything in the Heavenly Court through the mirror.

This was because this force was too powerful. It had already destroyed all karma and all laws.

Chapter 482 I Once Fought Him for Nine Days and Nine Nights, But It Was Only His Avatar

The light from the explosion covered everything. At this moment, be it sound or sight, everyone's senses in the three worlds were blocked.

It was even to the extent that the consciousness in many people's minds fell into a standstill at this moment.

Many Saints self-destructed, and the power of laws was disturbed. Although it was not comparable to Pangu creating the world, it was still enough to shock the entire three worlds.

The entire explosion seemed to have happened a century ago, but it also seemed to have happened in an instant.

Everyone did not know how long it took for their consciousness to barely recover. In any case, no one was conscious during that time.

“How is it? Look, who won?”

“Needless to say, it’s definitely Patriarch Hongjun. He detonated so many Saints. Even if Lu Xiaoran is the reincarnation of Pangu, it’s impossible for him to escape this disaster.”

However, when everyone saw the true situation, they could not help but be dumbfounded.

Lu Xiaoran was actually unscathed. His other disciples were also alive and well.

...

The only thing missing was the chief disciple of the Nameless Sect, Yun Lige.

Other than that, no one else died.

However, Patriarch Hongjun’s side had already been completely wiped out.

.....

None of his disciples survived.

They had either died by self-destructing or were destroyed by the self-destruction of a Saint.

It could be said that this time, Patriarch Hongjun had suffered an extreme defeat!

All the disciples had died, leaving him alone. Lu Xiaoran had even taken the opportunity to absorb the Grand Supreme Elder and had already suppressed Hongjun in terms of cultivation.

Hongjun had already entered a dead end. Even if he wanted to fight, it was impossible for him to defeat the other party.

Lu Xiaoran opened his eyes, and two sharp lights shot out like lightning, forming a huge figure behind him.

It was Pangu!

Sensing this figure, all the living beings in the three worlds could not help but kneel and worship.

This was the godfather of the entire world, Monarch Pangu!

It was precisely because of him that the world was established and the living beings of the myriad worlds were born.

There was no need to say anything about his greatness. Every living being should be grateful for his efforts!

It was undeniable that some of them were afraid of his strength.

However, be it gratitude or fear, he was an absolute overlord in the three worlds.

Anyone in front of him had to kneel and worship him.

After seeing this scene, even Patriarch Hongjun could not help but begin to tremble in fear.

Back then, it was this figure who held the Heaven-Opening Axe and fought 3,000 Chaos Demon Gods without falling into a disadvantage.

The impact of that battle was too great for him.

Even now, as long as he recalled it, it felt as if it had only happened yesterday.

After tens of thousands of years, seeing Pangu's phantom again made him feel that death was so close.

Gulp!

He swallowed hard and stared fixedly at Lu Xiaoran.

"Lu Xiaoran, you're ruthless! I didn't expect you to be able to dodge this. I can't believe Rahu to become so caring.

"However, don't be happy too early. I might have lost today, but I won't die in your hands.

"The battle between us has only just begun."

"You killed my Eldest Senior Brother! Do you think you can still escape?"

Fang Tianyuan's eyes were scarlet red. He was about to step forward and directly smash his rod fiercely towards Patriarch Hongjun's head.

However, when his strength arrived, it only passed through a phantom.

"What!"

Fang Tianyuan was shocked. It was not only him. Everyone else was also dumbfounded and did not understand what was going on.

"Where's Patriarch Hongjun? Where did he go?"

Lu Xiaoran placed his hands behind his back and had a calm gaze, as if he had long seen through everything.

"No need. He escaped long ago."

He had already escaped from this place ever since he detonated all the Saints.

The figure just now was only an avatar.

His goal was to see if they would die.

"Master! What should we do? He killed Eldest Senior Brother. We can't let him off so easily."

Lu Xiaoran turned around and tore through the void, returning in the direction of Golden Ao Island

"I naturally won't let him off, but now, there are more important things to do. Go to the three worlds and occupy the entire three worlds.

"From today onwards, the world belongs to me. I'm the master of the world!"

"Yes!"

Although Fang Tianyuan and the others did not know what their master's plan was, since it was what their master said, it must be right. They only needed to abide by it.

On the other side, in the land of chaos outside the three worlds, space suddenly shattered, and a figure crawled out in a sorry state.

It was none other than Patriarch Hongjun!

"Damn it, I almost died."

He did not expect Pangu to still be so powerful after dying for so many years. He had been careless.

"Fortunately, I'm relatively smart and know how to set up a teleportation formation in advance to escape from Lu Xiaoran."

"Hehehehehe... I've long told you that this world belongs to Pangu. If you and I want to succeed, we can only leave the three worlds and find other opportunities. Unfortunately, you just won't listen.

"How is it now? You've worked hard for countless years, but in the end, it was all for someone else's sake."

Just as Patriarch Hongjun finished speaking, another mocking voice sounded from the void.

"Hmph!"

Patriarch Hongjun seemed to know who the other party was and knew that the other party would come and ridicule him at this moment. He only snorted to express his dissatisfaction.

"Stop talking nonsense here, Ancestor Yang Mei, I was not the only one who wanted to snatch the three worlds back then. Didn't you also covet this fat piece of meat?"

"Hahaha... Hongjun, a gentleman loves wealth. Since ancient times, greed has always been inevitable. However, this doesn't mean that I'm brainless.

"Although I coveted the entire three worlds, I knew that this place belonged to Pangu, so I had never dabbled in the three worlds.

"Moreover, I'm not as petty as you.

"If you were willing to let us enter the three worlds and fight him with you before he completely absorbs the Three Peerless Saints...

"At this moment, he would have definitely been killed by us.

"To put it bluntly, isn't it because you want to annex the three worlds alone? Are you afraid that once we enter the three worlds, we will fight you for territory?"

“In the end, because of you, Pangu has been revived. Are you happy now?”

“Hmph!”

Patriarch Hongjun snorted with a very dissatisfied expression.

Patriarch Yang Mei continued, “Now that Pangu has already been revived, although he has yet to recover his full strength, his cultivation can’t be underestimated.

“After absorbing the Grand Supreme Elder, his current cultivation would at least break through to the ninth level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm!

“This realm has already surpassed all of us. It’s definitely impossible to rely on numbers to fight him.

“He will definitely not let us off.

“Since you’re unwilling to let us enter the three worlds, I believe you have some way to destroy him, right?” “Of course. I, Hongjun, have never failed before.

“It’s been so long since Pangu created the world until now. If I didn’t have any backup plans, I would have died countless times.”

“Then what are you thinking? I’m warning you, this matter is no longer your own.

“With Pangu’s revival, all of us will be in danger. We should work together. Don’t think about acting alone again.”

Patriarch Hongjun took a deep breath to calm his mood. Then, he looked at the other party impatiently.

“Got it. Why are you so long-winded?”

After a pause, he continued, “Pangu is not the only expert in this world. There are many people who are much stronger than Pangu.”

Patriarch Yang Mei raised his eyebrows slightly.

“Do you mean the one you once told us about?”

“That’s right! It’s the master who controls the entire starry sky.”

At this point, Patriarch Hongjun’s expression became extremely solemn.

“I once fought him for nine days and nights. It was not until his main body appeared that I realized that I was only fighting his avatar.”

Patriarch Yang Mei’s heart trembled.

With just an avatar, the other party was able to resist existences like them. The other party’s strength was probably really comparable to Pangu.

It was even to the extent that the other party might be much stronger than Pangu.

“He had a lot of fun from that battle. Because of that, he once promised to help me in the future.

“Now, it’s time for him to fulfill this promise.

Nine Nether Land!

This was a place that was not controlled by the entire three worlds.

This was also a place that no one could easily reach.

Even if one was a Saint, if they rashly came here, they might still die.

Here, there was no light. There was only endless darkness.

At this moment, a consciousness woke up in a daze in an unknown place in the Nine Nether Land.

“Could... could this be the Netherworld?”

“No, this is not the Netherworld. The pressure here was much stronger than the pressure in the Netherworld!”

“I detonated everything. My Essence Soul, my body, my cultivation. Logically speaking, I shouldn’t still be alive.

“However, this place did not seem to be anywhere in the three worlds.

“Where am I now?”

As soon as he finished speaking, an ethereal voice immediately sounded from afar.

“This is the Nine Nether Land.”

“Nine Nether Land?”

Hearing these words, the figure could not help but tremble fiercely.

“This is the Nine Nether Land? The Nine Nether Land that transcends the three worlds and the six paths? How is this possible? I’m clearly dead? Moreover, my soul has dissipated. Why am I still in such a place?”

“You’re indeed dead. Moreover, it’s precisely because you’re completely dead that you came to this place.”

Chapter 483 Nine Nether Land

“What does this mean?”

“The Nine Nether is a place that all people whose souls have dissipated will come to. When you turn to ashes in any one of the three worlds, you will come to the Nine Nether and stay in this place for all eternity.”

“Is that so?”

Her voice was inexplicably lonely.

The beautiful figure seemed to have seen his loneliness and consoled, “You don’t have to be sad. Think about it. At the very least, you can still live in another world and start a new life.

“Moreover, in the Nine Nether Land, all your cultivation will be retained. The weapons that were destroyed will also continue to accompany you here.”.

Yun Lige’s wrist trembled. Indeed, the God Slaying Spear and other treasures appeared in his hand.

These weapons had already been strengthened to the level of Chaos spirit treasures by his master.

This gave Yun Lige a new understanding of the terror of the Nine Nether Land.

...

Other than him, it could even store the mark of the Chaos Spirit Treasure.

How terrifying!

However, he quickly recovered from his shock.

.....

“That’s right. Master and the others should have already destroyed Patriarch Hongjun, right? The three worlds should have returned to Master’s hands. I, Yun Lige, have sacrificed myself to save everyone in the Nameless Sect. I can be considered to have not let Master down.”

In Yun Lige’s heart, it was fine as long as his master and the other senior brothers could live well.

As for himself, it did not matter if he lived or died.

The moment he chose to sacrifice himself, he had already accepted the outcome in his heart.

Now, it was also a blessing to be able to live again in the Nine Nether.

“By the way, who are you?”

“Me?”

The other party tilted her head and shook it.

“I don’t know who I am either. I only know that my name is Ming Yu. From the moment I was born and have consciousness, I’ve always been living in the Nine Nether and floating here.”

Yun Lige could not help but be shocked.

The Nine Nether Land had been around for a long time. Long before the world was created, he had already heard of the name of the Nine Nether Land.

However, the other party had actually already been born since then.

Then her strength was probably not something he could imagine.

“By the way, there should be a lot of people in the Nine Nether, right? After all, so many people in other worlds have their souls scattered.”

Ming Yu nodded.

“There are indeed many people. There are good people and bad people. However, after everyone arrived here, they all wanted to escape from here. Therefore, they chose to devour others to increase their cultivation and strength before attacking the barrier of the Nine Nether Land.”

“We can still escape from this place?”

Yun Lige’s eyes instantly lit up.

“Of course. Although the Nine Nether Land is an independent space, it’s still in the universe, so there are still barriers connecting it to other worlds.

“However, you need to have very powerful cultivation.

“You need to be around my level. Otherwise, it’s impossible for you to break through this barrier. “

Yun Lige: “???”

“It’s as if you didn’t say anything.”

This fellow had lived for so long, so her cultivation must be unfathomable. Otherwise, how had she been able to live in the Nine Nether for so long?

If she did not have sufficient strength, just the experts who had entered this place over the years were enough to tear her into pieces.

Yun Lige might not even be able to reach her strength in a few million years.

However, at this moment, an extremely familiar voice suddenly sounded in his ear.

“Yun Lige?”

Yun Lige was stunned. He turned around and swept his gaze over, and his expression instantly began to turn solemn.

“Xiao Bei!”

That’s right, this person was Xiao Bei, his old enemy.

It was because the other party had stolen his fiancée and destroyed his entire family that he had run to the Heaven Demon Sect to become Master’s disciple!

Later, his master had beaten Xiao Bei until his soul dissipated. Yun Lige did not expect him to also come to the Nine Nether.

“Hahahaha... It’s really you! I didn’t expect you to have such a day.”

After mocking, Xiao Bei’s expression became as gloomy as water.

“Yun Lige! I’ve been waiting for this day for a long, long time. For so many years, I’ve tried my best to devour the other wandering souls because I wanted to rush out of the Nine Nether Land and take revenge on you!

"I originally thought that it was too difficult to rush out of the Nine Nether Land and that I might never see you again in my life... I had thought that it was impossible for me to take revenge!

"I didn't expect the heavens to let me meet you here.

"Now, I don't need to leave the Nine Nether anymore.

"As long as I kill you here, all the problems will be resolved."

Yun Lige glanced at him. "Idiot! Can't you tell who this is?"

He pointed at Ming Yu.

"The big shot of the Nine Nether Land is here. She hasn't even spoken yet. Why are you being so arrogant here?"

"Hahahaha..."

Xiao Bei looked up and laughed again.

"Idiot! She won't participate in any disputes. In her eyes, we're all ants. Do you really think she'll help you?"

Yun Lige: "???"

He tilted his head and looked at Ming Yu.

"Isn't there anyone in your Nine Nether who rules?"

Ming Yu shook her head.

"Here, the strong are respected! Only true experts can survive here. Therefore, I won't help anyone."

Xiao Bei clenched his fists, and his knuckles creaked.

He smiled sinisterly.

"Did you hear that? Yun Lige, your death has arrived. In addition, let me tell you something. If you die here, you will really die completely, not even leaving behind a trace of consciousness."

Yun Lige's expression became solemn.

"Are you starting to be afraid? Kneel and beg me for mercy. Perhaps I'll be merciful and choose to... let you go and let you be my dog. How about that?"

"Forget it. After all, you're uglier than me. If I acknowledge you as my master, I'll be letting my master down."

Xiao Bei's expression suddenly became extremely cold again!

"Damn idiot, I gave you a chance but you don't even know how to cherish it.

In that case, don't blame me for being ruthless."

In the next moment, a powerful and terrifying aura immediately erupted from his body.

“For so many years, in order to deal with you, I crazily devoured other wandering souls. My cultivation has long become incomparable!

“The current me has already become a Heaven Immortal Realm existence!

“Killing you is as easy as pie.”

As soon as he finished speaking, he waved his hand.

“Spear!”

As he shouted, a spear filled with cold killing intent suddenly appeared in his hand.

“This is...”

Yun Lige was dumbfounded as he stared fixedly at the spear.

“Hehehehe...”

Xiao Bei smiled proudly.

“Are you very shocked? You didn’t expect this, right? I actually obtained the God Slaying Spear of the ancient Chaos Demon God, Rahu, here!”

“With this spear in hand and my Heaven Immortal Realm strength, I will definitely tear you apart completely today and turn you into my nourishment.”

Yun Lige’s face could not help but twitch fiercely. This Xiao Bei was still the same as before. He revealed an aura of posturing everywhere. It was as if he would feel uncomfortable if he did not show off.

However, after seeing the God Slaying Spear, his eyes became much gentler.

The God Slaying Spear in his hand was actually a fake. It was created by his master, Lu Xiaoran, with the fragment of the Jade Creation Butterfly-Wang Cai. Later, Lu Xiaoran strengthened it many times.

His current God Slaying Spear had already surpassed the grade of the God Slaying Spear in Xiao Bei’s hand. Xiao Bei’s God Slaying Spear was only a Connate cardinal treasure.

On the other hand, his spear was already a Chaos Spirit Treasure.

However, the God Slaying Spear in Xiao Bei’s hand was still an old friend who had accompanied him in killing for many years!

Back then, if not for it, it would have been impossible for him to compete with Patriarch Hongjun for the support of the Heaven Dao.

Although it had failed in the end, Yun Lige still remembered how much it contributed.

“Alright! Yun Lige, stop staring at it. No matter how envious you are, it’s useless. A peerless treasure like the God Slaying Spear is something you will never be able to obtain.

“Die!”

After a shout, Xiao Bei raised his hand and threw out the God Slaying Spear. In the darkness, the God Slaying Spear transformed into a black lightning that pounced towards Yun Lige.

However, Yun Lige did not move at all and only let the God Slaying Spear blast towards him.

Xiao Bei smiled coldly. At this moment, Yun Lige was already dumbfounded.

After all, it was impossible for anyone to be so calm in the face of an ancient Demon God item.

However, at this moment, an accident suddenly happened.

The God Slaying Spear had already arrived in front of Yun Lige. In the next moment, it was about to completely tear him apart. In the end, it stopped a few centimeters from his nose.

“What! What... what’s going on?”

The cold smile on Xiao Bei’s face instantly disappeared, replaced by dense shock and disbelief.

Yun Lige smiled and reached out to caress the God Slaying Spear. The God Slaying Spear actually emitted a weak trembling sound, as if it was crying

“Old friend, long time no see.”

The God Slaying Spear let out a cry and instantly severed all contact with Xiao Bei. Then, it quickly spun around Yun Lige.

“This... this... how is this possible?”

Xiao Bei was already completely dumbfounded.

Yun Lige continued, “Sorry to disappoint you. The God Slaying Spear is my weapon to begin with. Of course it’s impossible for you to use it to deal with me.”

Boom!

These words instantly threw a huge bomb into Xiao Bei’s mind. He was shocked speechless!!

The God Slaying Spear originally belonged to Yun Lige?

What did this mean?

Could it be... could it be... that Yun Lige... was... the reincarnation of the Demon God Rahu?

As if reading his thoughts, Yun Lige smiled and said, “That’s right. I’m the reincarnation of Demon God Rahu!”

Chapter 484 Goal, Rush Out of the Nine Nether

“Impossible! This is definitely impossible! I don’t believe it!”

Xiao Bei roared angrily. He was unwilling to believe that Yun Lige was actually such a powerful figure.

The guy he had always looked down on and wanted to kill was actually so powerful!

Yun Lige caressed the God Slaying Spear and looked at the other party indifferently.

“Actually, you know that this is the truth. You’re only unwilling to believe this because you don’t dare to face failure.”

“Shut up! Shut up! I’m going to kill you!”

Xiao Bei rushed towards Yun Lige angrily, but Yun Lige still did not attack.

When his punch landed on Yun Lige, an extremely powerful energy suddenly erupted from Yun Lige’s body, directly rebounding his fist.

In the next moment, the shock wave directly destroyed Xiao Bei’s entire body.

...

Before his consciousness completely disappeared, Yun Lige finally said coldly,

“Sorry, I forgot to tell you. My current cultivation level is at the Primordial Chaos Zenith Heaven Golden Immortal Realm!”

Xiao Bei was completely in despair and had completely disappeared from this world.

.....

From then on, his consciousness and figure would no longer appear in the entire universe. He was doomed forever.

Only at the moment of his death did he suddenly regret it.

Why did he have to be so stupid? Why did he have to show off?

He had only been reborn and had only made up for some of the regrets of his previous life. However, he already started to feel like the strongest and most special existence in the world.

In the end, he was only a joke.

After completely destroying Xiao Bei, Xiao Bei’s strength fused into Yun Lige’s body.

Although this force was dispensable to Yun Lige, it would accumulate sooner or later and increase Yun Lige’s strength to an unimaginable level.

“You’re a very interesting person. In all these years, this is the first time I’ve seen someone as interesting as you.”

Ming Yu said with interest.

Yun Lige chuckled and did not care.

Ming Yu was the master of the Nine Nether, a god that surpassed everything in the Nine Nether Land!

She was omnipotent!

She looked at him as if he was a small ant, so she found him interesting.

However, he could not really take himself too seriously.

He had to absorb more souls to increase his strength and then rush out of the Nine Nether!

Originally, he did not have much hope. However, after seeing the God Slaying Spear, he suddenly had an idea.

If the God Slaying Spear was here, then... Was the power of killing also here?

The power of killing was one of the 3,000 Great Daos, and it was ranked in the top ten Great Dao!

Although it was not comparable to the power of strength of his master's creation, it was extremely powerful!

Moreover, the Nine Nether Land was also far inferior to the entire Chaos World!

If he could find the power of killing and imitate his master to open the sky and split the Nine Nether, did it mean that he could leave this place and reunite with his master and the others?

On the other side, on Golden Ao Island, Lu Xiaoran immediately began to enter seclusion after returning.

This was because after completely absorbing the Three Peerless Saints and Houtu, he discovered that his body was somewhat out of control.

To be precise, another consciousness had appeared in his body. It was fighting for control of this body.

Even with his toes, Lu Xiaoran could roughly guess who was behind this.

When he calmed his mind and arrived at his sea of consciousness, he said coldly, "Come out! Pangu!"

After a sound, another figure slowly condensed in his sea of consciousness.

This was an extremely burly figure. His entire body was filled with sharp muscles. Just looking at him was enough to shock people greatly.

He was an existence that had once established the world and used strength to attain the Dao.

It was also an existence that everyone knew!

The Great Monarch Pangu!

"I didn't expect to still see the legendary Pangu after so many years."

The other party smiled, his expression revealing endless confidence, as if everything in front of him was within his expectations.

"That's right. Your growth has far exceeded my expectations. This body has been cultivated well by you. Although your cultivation is still a little lacking, this is already the limit for an ordinary person."

"From now on, this body will be under my control. I will send you to a new body so that you can cultivate again."

Lu Xiaoran smiled coldly.

This guy was really dreaming. Lu Xiaoran had spent so much effort to cultivate to this point, but the other party wanted to take it away just like that. He did not want to leave it for him at all.

Did the other party really think he was a fool?

Even if he was Pangu...

Even if he was the strongest among the 3,000 Chaos Demon Gods...

Even if he had created the world and had given birth to everything, Lu Xiaoran was still not meant to become his dog. He couldn't just let Pangu make arrangements for him.

"What if I refuse?"

Lu Xiaoran's expression was cold, and Pangu smiled confidently. "You can't refuse. You're not qualified or capable. Back then, when I used my strength to attain the Dao and establish the world, I had already expected this to happen."

"I thought of the other three thousand Chaos Demon Gods attacking me. I also thought of how the world would not tolerate me.

"Therefore, I chose to transform into everything to avoid the danger of death. "When I gather all my Essence Souls, my consciousness will begin to revive again. Since I can control this body, I will reach the peak again and control the three worlds to completely attain the Great Dao!

"Why struggle? You're only a Primordial Chaos Limitless Golden Immortal now. "However, this cultivation level is already the limit of this world. It's impossible for you to advance further.

"If you hand this body to me, I can break free from this world. I can lead everyone to a higher level.

"Once I step into that level, everyone in this world will be grateful to me.

"Think about it. It will be a change in dimension.

"As long as I break through that level, even if I let you cultivate again, your future strength will not be inferior to your current strength.

"Your disciples will also benefit from the new world.

"We will break through and reach an unprecedented level!

"With a single glance, we can destroy the three worlds!

"How glorious will that be?"

Lu Xiaoran snorted.

"You make it sound good. If I'm not wrong, you'll sacrifice more people to achieve this goal, right?"

Pangu said proudly, "Of course. Changes are often accompanied by blood. Moreover, this can't be considered blood. Almost all the lives in the entire three worlds are formed from my flesh and blood. Is it wrong for me to take them all back now?"

"Like hell it isn't!"

Lu Xiaoran could not help but curse.

Of course, Pangu was right. He had given everyone their lives. Now, it was only right for him to take these lives.

However, the problem now was that Lu Xiaoran did not want these people to die!

He did not care about justice or rules!

He would definitely not allow anyone to harm his disciple.

If Pangu obtained control of the body, he would definitely start a massacre!

Putting everything else aside, Ji Wuxia and Jun Bujian would definitely not be able to escape.

One of them was the Essence Phoenix, and the other was the Ancestral Dragon. They had both evolved from Pangu's body. Moreover, the two of them were so powerful. It was simply impossible for Pangu to not devour them.

Zhuge Ziqiong was the same. She was the Nine Heavens Mystic Maiden and probably could not escape.

How could he let Pangu harm the disciples he had painstakingly brought up?

Stop joking.

Lu Xiaoran would rather self-destruct than let Pangu succeed.

Pangu shook his head slightly.

"Looks like I can't reason with you. However, it's fine. There are certain limitations to your thoughts. No matter what I say, it's impossible for you to understand.

"Since you're unwilling to surrender, you can't blame me."

As they spoke, three lights had already slowly risen in their sea of consciousness.

It was the Pangu Heaven-Opening Axe, the Great Void God Armor, and the Jade Creation Butterfly of Wang Cai's main body.

When Patriarch Hongjun used the Great Void God Armor to trap Lu Xiaoran and the others, he had already escaped. Therefore, without anyone controlling the Great Void God Armor, it was obtained by Lu Xiaoran.

However, in theory, these three treasures all belonged to Pangu. They would only listen to Pangu's wishes.

This was also the reason why Pangu wanted to gather them.

In this way, Lu Xiaoran would have nothing. His chances of winning were almost negligible.

"Before you die, is there anything else you want to say?"

Lu Xiaoran snorted.

“It is still uncertain who the winner is. It’s still too early to judge.”

Pangu shook his head.

“Looks like you won’t give up. Forget it, in that case, I’ll send you on your way and then digest your mental strength.”

As soon as he finished speaking, he directly used his mental strength to communicate with the Pangu Axe, the Great Void Divine Armor, and the Jade Creation Butterfly.

However, at this moment, he suddenly discovered that his mental strength was actually unable to mobilize his Chaos cardinal treasures!

What a joke!

These Chaos cardinal treasures were all his treasures!

Why couldn’t he control them with his mental strength?

At this moment, Wang Cai transformed into a human and smiled.

“Sorry, I was the one who did something to your treasures.”

“This Pangu Heaven-Opening Axe is not your own Pangu Heaven-Opening Axe, but a replica I created. Therefore, it will only listen to my orders.

“As for the Great Void God Armor, it has already acknowledged Lu Xiaoran as its master and will not listen to your orders.

“Most of the Jade Creation Butterfly was in Hongjun’s hands or scattered in unknown corners of the three worlds.

“Therefore, you’re basically unarmed.”

Pangu raised his eyebrows slightly, but he immediately chuckled. “You want to betray me? Interesting. “However, it’s fine. In any case, as long as I kill Lu Xiaoran and absorb all his consciousness, you will also become my Dharma treasures again!”

Chapter 485 Breakthrough, Peerless Realm!

Pangu was confident that even if he did not have any Dharma treasures, he would still be the strongest person in the world.

He was not afraid of Lu Xiaoran at all!

In fact, he indeed had the right to be confident.

As a man who had once established the world and was also the strongest expert in the world, he knew his strength too well.

That power was so terrifying that even he sometimes felt afraid.

That was not a strength that ordinary people could imagine.

That was a force that even Primordial Chaos Limitless Golden Immortal might not be qualified to mess with.

In front of him, Lu Xiaoran was like a small ant. In the end, Lu Xiaoran would only be destroyed.

Soon, he released his powerful aura.

...

As soon as this aura appeared, Lu Xiaoran's sea of consciousness instantly began to surge violently.

The entire sea of consciousness was like a roaring sea. It was completely restless and was filled with a doomsday feeling. When Pangu's Essence Soul transformed into the Three Peerless Saints, the strength they displayed was not that powerful. It could even be said that they were far from this level.

However, when he fused all the power of his Essence Soul together, his cultivation instantly soared. It was not as simple as one plus one.

.....

His strength increased endlessly, as if there was no end to it.

His Essence Soul became stronger and stronger! It was so powerful that it was enough to support an entire world!

"Did you see that? Lu Xiaoran! This... is my Dharma Idol True Body. It's also a manifestation of my strength.

"In front of me, you are as insignificant as a speck of dust that is invisible to the naked eye.

"Do you still dare to fight me when you're so insignificant?"

Lu Xiaoran placed his hands behind his back and looked up at him, but there was no fear in his eyes.

"Pangu, take a good look around. Who's the insignificant one?"

Pangu raised his eyebrows slightly. "At this point, do you still want to act mysterious with me? It's meaningless. No matter what, you have to die today!"

However, just as he finished speaking, his shoulder was suddenly patted fiercely.

He turned around and his pupils instantly constricted.

"What?"

The person who appeared behind him was actually Lu Xiaoran!

How was this possible?

He had already used his Dharma Idol and his body had already reached its peak!

However, Lu Xiaoran was actually able to keep up with him. Didn't that mean that Lu Xiaoran could mobilize as much mental strength as him?

Before he could finish this thought, someone patted his other shoulder.

He immediately looked forward and his heart trembled again.

In front of him was actually another Lu Xiaoran.

Lu Xiaoran had actually used two Dharma Idols?

Moreover, every Dharma Idol was actually the same as him.

Didn't this mean that Lu Xiaoran's mental strength would far surpass his?

However, the shock was still far from stopping.

Then, the third Lu Xiaoran, the fourth Lu Xiaoran, the fifth, the sixth, the seventh...

Until the entire sea of consciousness was filled with Lu Xiaoran.

Pangu's Essence Soul was completely dumbfounded.

What was going on?

He had used his Dharma Idol!

It was only his strongest technique, but it was easily replicated by Lu Xiaoran in the blink of an eye. Was this a joke?

"What's going on? Can someone tell me what's going on?"

"The answer is very simple. You have been planning to devour me for hundreds of thousands of years... However, what you failed to expect is that you are just a tool."

Lu Xiaoran placed his hands behind his back and slowly walked over.

Pangu's body suddenly trembled as if he had thought of something.

It was an ancient memory buried in the depths of his mind.

At that time, he was still a child living in the embryo of the entire universe.

He had yet to develop.

On the long night when he was waiting to be born, he had once seen a scene outside the chaos.

Moreover, he saw a person there.

That was the most shocking thing in Pangu's life.

At that time, he was only a small baby and could not understand everything.

However, that person was already powerful enough to travel in the world outside the chaos. Moreover, he had even stopped and looked at him.

Even after so many years, he had never been able to forget that glance.

At this moment, Lu Xiaoran's footsteps and expression were exactly the same as that person.

“It’s you? It’s actually you. Did you trick me?”

Lu Xiaoran said with an indifferent expression, “Don’t say it like that. What do you mean by I tricked you? Didn’t you also want to use me as a tool to revive you? Now, our identities have been swapped... Don’t tell me you can’t handle it?”

“You can’t have such double standards.”

“You!”

Pangu was furious.

Lu Xiaoran was simply murderous.

Although he wanted to find someone to revive, he had also worked very hard. Not only had he fallen into a deep sleep for tens of thousands of years, but he had also specially nurtured a puppet, Lu Xiaoran.

However, he did not expect to become someone else’s puppet and tool in the end!

When Lu Xiaoran was traveling in the starry sky and saw him, the other party had directly used a spell to imprint the other party’s memories and marks onto him.

The other party had waited until today to devour and digest him. He had simply become the other party’s revival tool.

“You despicable guy, I’ll kill you.”

Pangu roared and the Dharma Idol Heaven and Earth directly attacked on the spot, wanting to destroy Lu Xiaoran’s Dharma Idol Heaven and Earth.

Unfortunately, Lu Xiaoran had too many Dharma Idols!

In other words, his mental strength was really too powerful. It was so powerful that it was monstrous!
was

As a result, even an existence like Pangu was unable to resist at all.

Countless Lu Xiaoran’s Dharma Idols directly attacked and began to devour Pangu’s Essence Soul.

“No! Lu Xiaoran, I curse you! I curse you! You will die a horrible death! Your soul will definitely dissipate and you will die in the Nine Nether!”

Pangu kept roaring, no longer looking like the hero who had once created the world.

However, it was only natural. After all, no one in his shoes would be able to accept this situation.

He had worked hard for so many years just to be revived today. In the end, he had only worked hard for someone else’s sake.

It was as if he had worked hard to get married and had done everything he was asked to do. In the end, another man had bedded his wife on the night of the wedding.

In the end, Pangu completely became Lu Xiaoran’s nourishment and helped Lu Xiaoran advance again.

Of course, this increase was actually not big because Lu Xiaoran's mental strength had already far surpassed Pangu's.

Therefore, after absorbing Pangu, it was as if a small river had mixed into the ocean. It was not worth mentioning at all.

However, after Lu Xiaoran completely melted his Essence Soul, his affinity with this world also increased!

Because he had absorbed Pangu, he had obtained more memories that he had never had before.

The world was like Pangu's parents. In other words, it was created for Pangu.

In this way, all the forces in the entire three worlds could be compatible with Pangu.

Originally, because he had not absorbed the Three Peerless Saints, he could not sense this power.

Now, after completely absorbing Pangu's Essence Soul and completely fusing with Pangu, he could sense it.

It was as if the entire three worlds could be used by him.

No wonder Pangu was so confident that he could defeat him just now.

This was the reason for everything.

As long as he wanted to, he could instantly absorb all the power scattered throughout the three worlds and form Pangu's True Body

again!

However, it was useless now because the other party had already been absorbed by him.

In the future, Pangu would no longer exist in this world. There would only be Lu Xiaoran.

Moreover, he could also use the power of Pangu to absorb the power of the three worlds.

Lu Xiaoran thought for a moment and immediately sat cross-legged and began to absorb the power of the three worlds.

At this moment, the spirit energy of the entire three worlds was absorbed onto Golden Ao Island on a large scale.

Strange phenomena appeared in the world as ghosts wailed and wolves howled.

The entire three worlds began to tremble, as if they were afraid of something.

Even Fang Tianyuan and the others, as well as everyone in the entire three worlds, could not help but tremble after sensing this force.

"What powerful strength!"

"Is this Master's true strength?"

“We always thought that we already knew Master’s strength, but we didn’t expect to always be one step behind.”

“Master is really worthy of being the strongest expert in the three worlds!”

Just as everyone finished speaking, another force was quickly released from Golden Ao Island in the next second.

It was as if this force had received an order to suppress the entire three worlds.

Moreover, this force was several times stronger than the power Lu Xiaoran had absorbed just now!

This was because everyone did not know that Lu Xiaoran’s strength had already reached an even higher level.

In the secret room, Lu Xiaoran heaved a long sigh of relief, and his eyes became much gentler.

His cultivation had finally broken through. Moreover, he had broken through to the peak tenth level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm!

At this moment, he suddenly comprehended a whole new realm.

The Peerless Realm!

That was a realm that surpassed Pangu. It was a true realm that could travel beyond the three worlds!

Pangu had been restrained his entire life.

At the same time, he had also been thinking about how to break through this shackle his entire life.

He wanted to break through the three worlds and travel in space to become a true and unrestrained person.

Unfortunately, in the end, he did not succeed.

It had to be said that he was quite pitiful.

However... this also made Lu Xiaoran even more uneasy.

Even an existence as powerful as Pangu was unable to control his fate. What about them?

He had just reached the Peerless Realm and was powerful enough compared to the others.

However... what about the existences outside the three worlds?

Chapter 486 Who Is the Master?

“Wang Cai.”

“Coming, coming, Master, I’m here.”

“I’ve already reached the Peerless Realm. Do the other disciples also have a chance to reach this realm?”

“That’s right. Everyone can reach this realm and increase their strength according to Master’s limit.”

“Are there any stronger realms above the Peerless Realm?”

“This... there definitely is, but I don’t know what level it is unless you find all the fragments of the Jade Creation Butterfly.”

“A fragment of the Jade Creation Butterfly? Could it be that there is something different about the Jade Creation Butterfly?”

“Yes. Actually, in every world, a top-notch expert will be born. Each one of these worlds are only created to nurture this expert.

“For example, the expert of our world is Pangu.

...

“Pangu also had two treasures.

“The first is the Chaos Azure Lotus. The Chaos Azure Lotus is the foundation of all things and also Pangu’s resource. It could be transformed into many Connate cardinal treasures and used as Pangu’s weapon.

“The second is the Jade Creation Butterfly. The Jade Creation Butterfly was created to teach Pangu.

.....

“The Jade Creation Butterfly and the Chaos Azure Lotus are not products of this world. They had been placed in the Chaos World when Pangu was born.

“The Jade Creation Butterfly not only contains the 3,000 Great Dao, but it also contains the Dao laws that taught Pangu.

“At the same time, it is also an encyclopedia.

“It records the matters of another world. With it, Master will be able to understand the universe outside the Chaos World and what it is like.”

“I see. However, Patriarch Hongjun has 49 Jade Creation Butterflies. I’m afraid it won’t be easy for me to gather all of them.”

“It’s fine. Master’s current strength has already reached the Peerless Realm. You can find Patriarch Hongjun at any time and anywhere.”

“I’m related to the Jade Creation Butterfly in his hand and can easily find him.

“After finding him, won’t it be a small matter for Master to snatch the Jade Creation Butterfly back with your strength and cultivation?”

Lu Xiaoran nodded.

“That’s a good idea. Think of a way to find Patriarch Hongjun immediately.”

“Yes!”

As soon as he finished speaking, Wang Cai immediately fell into meditation and did his best to find Patriarch Hongjun's location.

Lu Xiaoran issued his orders to the second-generation disciples of the Nameless Sect.

"All second-generation disciples of the Nameless Sect, listen up. Immediately go to any place in the three worlds and find the fragment of the Jade Creation Butterfly. Bring it back to me."

After the order was given, all the experts on Golden Ao Island quickly scattered elsewhere.

Soon, Fang Tianyuan and the others quickly arrived.

"Greetings, Master." Lu Xiaoran swept his gaze over the few of them.

"What are the few of you doing here?"

Fang Tianyuan and the others hurriedly said, "Master, why don't you let the few of us find the Jade Creation Butterfly fragment too?"

"I thought it was something important. Is such a small matter worth you coming all the way here to ask me?"

"In the future, we will face more enemies. However, in the future, our enemies will no longer rely on quantity but will rely on quality to win!"

"In other words, the enemies we encounter in the future will all be top-notch experts. I got them to find the fragment of the Jade Creation Butterfly because their talent was insufficient and it is very difficult for them to advance."

"However, you guys are different. I still hope that your cultivation will increase even more."

"How can I send you guys to look for the Jade Creation Butterfly?"

"I see."

"Go back and cultivate well."

As he spoke, Lu Xiaoran flicked his finger and shot out several purple lights.

Those were all Primordial Purple Qi.

After advancing to the Peerless Realm, the Supreme Primordial Art in his body circulated even faster, as if his meridians had been expanded.

Because of this, the Primordial Purple Qi in his body accumulated more and more quickly.

He also gave some to the disciples to increase their cultivation.

Everyone thanked him and dispersed to cultivate.

As for Lu Xiaoran, he looked up at the deep sky until... his body quietly disappeared from his spot.

Wang Cai had already told him in his mind that it had found Patriarch Hongjun's location.

Therefore, Lu Xiaoran naturally had to rush over without stopping and deal with Patriarch Hongjun first. Outside the three worlds, in the Great Void, Patriarch Hongjun was wandering in the universe alone. Soon, the solemn expression on his face turned to joy.

“We’re almost there. It’s in front. That’s the lord’s residence!”

However, at this moment, a sense of danger that made his hair stand on end suddenly appeared in the sky above his head.

It was as if there was a huge python coiled in front of him and he was unable to escape.

“Senior, is that you?”

He could not help but stop and ask carefully.

However, there was no response from the empty universe.

“Senior?”

He could not help but ask carefully.

This time, someone finally responded.

“Sorry to disappoint you.”

After hearing this voice, Hongjun’s already extremely frightened expression could not help but tremble.

“Lu Xiaoran! Why are you here?”

Space shattered, and Lu Xiaoran’s figure slowly appeared in Hongjun’s eyes.

“You don’t own the Great Void. Do I have to report to you whenever I go anywhere?”

That careless expression made Patriarch Hongjun furious.

It was even more painful than mocking him. It was a feeling of disregard.

It was as if he had already become an ant and was not qualified to fight the other party at all.

“Lu Xiaoran, don’t be too arrogant.”

“Although your cultivation has increased greatly after absorbing the Three Peerless Saints,

However, don’t forget that I’m still a seventh-grade Primordial Chaos Zenith Heaven Golden Immortal. If you fight me, it will still be a life and death struggle. You won’t be able to obtain any benefits.”

Lu Xiaoran smiled indifferently and began to straighten his sleeves.

“Is that so? Then why don’t we find out!”

As he spoke, his aura had already begun to quickly rise.

0

Sensing the strength and terror of this force, Patriarch Hongjun's face instantly turned purple.

"This... this cultivation... what cultivation is this? Why have I never encountered it?"

"Of course you haven't! This is the Peerless Realm, a realm above the Primordial Chaos Limitless Golden Immortal Realm!"

"No! Impossible! I should be the one who reached this level. How could it be you?"

Lu Xiaoran could not be bothered to waste his breath on him and directly attacked with his thoughts.

As soon as this thought appeared, the spatial barrier between the two of them was instantly shattered

The strength of a Peerless Realm expert was filled with a crushing aura as he pounced towards Patriarch Hongjun.

Patriarch Hongjun was frightened out of his wits, and his mind instantly became much clearer.

Now was not the time for him to investigate the other party's cultivation or why the other party was so powerful. Instead, it was time for him to escape!

He immediately took out his Connate cardinal treasure and used it to block.

Unfortunately, the current him was no longer Lu Xiaoran's match. In front of Lu Xiaoran, he was unable to even resist.

Boom! Boom! Boom! All the Connate cardinal treasures exploded the moment they touched Lu Xiaoran's cultivation.

The pressure did not lose its momentum and instantly surrounded Patriarch Hongjun!

"Not good!"

Patriarch Hongjun's expression suddenly changed drastically.

However, there was nothing he could do. All his Connate cardinal treasures had already been taken. Moreover, he had already lost the Great Void God Armor in the Heavenly Court.

At the critical moment, he had no choice.

In an instant, he took out the only thing he had left, the Jade Creation Butterfly, to resist Lu Xiaoran's strength.

The Jade Creation Butterfly was indeed quite powerful. With its appearance, Lu Xiaoran's attack suddenly stopped.

Taking advantage of this opportunity, Patriarch Hongjun directly used the Saint's Blood Explosion Art to explode one of his arms, transforming it into a Great Dao power to help him escape.

Everything had happened too quickly. It was also because the Jade Creation Butterfly was too powerful.

However, this was not the reason why Lu Xiaoran stopped. The reason why he stopped was because he sensed a few forces rushing over from the distant Great Void.

Each of these forces was around the first level of the Primordial Chaos Zenith Heaven Golden Immortal Realm.

It could be said that they were much stronger than his disciples.

Of course, this did not mean that Lu Xiaoran was afraid.

The main reason was that he was not sure about the factions in the Great Void!

Since the other party could gather a few Primordial Chaos Limitless Golden Immortals, it was inevitable that the other party had an even stronger expert behind him.

It was best to escape!

He decided to figure out this world first.

This had always been Lu Xiaoran's character. He would live ignobly if he could.

He had not been living ignobly enough recently mainly because he no longer had any secrets in the three worlds.

However, he could still live ignobly outside the three worlds because no one here knew his identity!

Most importantly, it was time for him to return and fuse the Jade Creation Butterfly.

Somewhere in the Great Void, space was suddenly slashed open, and Patriarch Hongjun's incomplete body staggered out.

At this moment, because he had lost an arm, he was already dispirited!

"This damn Lu Xiaoran's strength actually increased so quickly. He's really abnormal!" "However, fortunately, in the end, the Jade Creation Butterfly helped me resist him. Otherwise, I would have died!"

This also made him hate Lu Xiaoran even more!

"Damn Lu Xiaoran! Just you wait. Don't think that just because you have the strength of a Peerless Realm expert and are much stronger than a Primordial Chaos Limitless Golden Immortal, I'll be afraid of you!"

"As long as I see Ye Chen and find his help, I'll return to you in minutes!"

After Lu Xiaoran returned to Golden Ao Island, a portion of the disciples had already returned. The outcome was very obvious. They found nothing!

The fragments of the Jade Creation Butterfly were actually very difficult to find. Otherwise, Patriarch Hongjun would have already found them after so many years.

However, Lu Xiaoran was not worried.

Patriarch Hongjun did not find it because he only had 49 fragments. Now, he had 50!

One should not underestimate this additional fragment.

Even such a small piece had an effect. It was enough to double or even multiply!

The effect of every additional Jade Creation Butterfly was huge and unimaginable.

Chapter 487 Primordial Pearl

Lu Xiaoran immediately began to fuse the Jade Creation Butterfly.

However, it was not easy to successfully fuse these things.

The Jade Creation Butterfly was actually very powerful. Even though it was only a small piece, it could still develop its own consciousness.

A Chaos cardinal treasure had long surpassed the scope of the Great Dao laws.

Back then, Wang Cai originally belonged to this fragment of the Jade Creation Butterfly. However, it had chosen to leave this Jade Creation Butterfly. In the eyes of this Jade Creation Butterfly, Wang Cai was a traitor.

And now, this traitor wanted to fuse with them again and even dominate them. They were definitely unwilling.

However, this was not up to them to decide. This was because Lu Xiaoran only trusted Wang Cai and not Patriarch Hongjun's old subordinates.

Under the powerful suppression of Lu Xiaoran's Supreme Primordial Art, it took a total of 108 days before he finally combined all the Jade Creation Butterflies.

In this way, 50 Jade Creation Butterflies had been fused.

...

After this, Wang Cai's strength increased greatly, almost not inferior to Patriarch Hongjun's cultivation.

"Wang Cai, come out." "Coming, coming, Master, I'm here."

"Can you already start searching for other Jade Creation Butterfly fragments?"

.....

"Of course. I'll start searching now."

Wang Cai seemed to have become a police dog. Its sensitive perception was like the sensitive nose of a police dog as it quickly swept through the three worlds.

Soon, it found the first fragment of the Jade Creation Butterfly.

Then the second, third, fourth... until the last piece.

At the same time, Lu Xiaoran used his avatar to look for the fragment of the Jade Creation Butterfly.

With his current Peerless Realm cultivation, no matter how powerful the Jade Creation Butterfly was, it was impossible for it to disobey his orders, let alone escape from his palm.

Soon, all the fragments of the Jade Creation Butterfly were found and smelted, condensing into an entire Jade Creation Butterfly again.

This process was much faster than before.

This was because Wang Cai had previously swallowed 49 fragments alone.

Now, it already had 50 Jade Creation Butterfly fragments. One could imagine how fast it was to devour one with 50.

Moreover, as it devoured, it would become stronger and stronger, and the speed of its absorption would increase.

In the end, the 3,000 Jade Creation Butterflies were all controlled by Wang Cai.

Every fragment of the Jade Creation Butterfly contained a Great Dao.

With 3,000 of them combined, it was equivalent to gathering 3,000 Great Dao.

At this moment, Lu Xiaoran finally understood the information on the Jade Creation Butterfly.

It turned out that there were still worlds above the Chaos World. Although the Chaos World was very powerful, it was only equivalent to a drop in the ocean when compared to the other worlds.

In the universe, there were also countless extremely powerful existences.

Among them were many Peerless Realm experts, and above the Peerless Realm were terrifying existences at the Ruler Realm.

Above the Ruler Realm was the Creation God Realm, and those in charge of all the Creation Gods were called Ancestors!

Peerless Realm experts had only broken through the restraints of the origin world.

It was just like how after Pangu advanced, he could escape the restraints of the Chaos World and enter the Great Void.

Of course, even if they did not advance, they could still enter the Great Void. Even Primordial Chaos Limitless Zenith Heaven Golden Immortals had a chance to enter.

However, there was a huge difference between the two

The Primordial Chaos Limitless Golden Immortal and the Primordial Chaos Zenith Heaven Golden Immortal were only able to temporarily enter.

Moreover, according to their cultivation level, the time they spent in the Great Void was also different.

Moreover, a Primordial Chaos Zenith Heaven Golden Immortal was no longer an expert in the Great Void and could be instantly killed at any time.

Therefore, in this sense, only Peerless Realm experts could completely escape the restraints of their world.

A Ruler Realm expert was an overlord!

He could control the Peerless Realm experts and was even stronger. He could almost control the life and death of the living beings in the myriad worlds.

Peerless Realm experts were as insignificant as ants in front of him.

However, even someone as powerful as a Ruler Realm expert could not create a world like the one Pangu, Lu Xiaoran, and the others lived in.

The Chaos World Pangu was in had actually been designed long ago.

As long as he split open the sky, he could create three worlds.

Only Creation Gods were true gods and emperors.

This was because not only did they control destruction, but they also controlled life and creation.

If they were dissatisfied with anything, they could fill in everything in front of them at any time and anywhere and then create an identical world again.

How powerful and shocking was this?

However, what Lu Xiaoran cared about the most was those Ancestors.

It was said that since the establishment of the universe, only a few Ancestors had appeared!

However, although there were very few of them, they did not even care about the Creation Gods.

They represented the past, the present, and the future. They represented everything.

They could do anything they wanted.

No one could stop the Ancestors!

He had decided that he had to become an Ancestor!

Only by becoming an Ancestor could he be truly invincible in the world. Only in this way could he be satisfied.

However, at this level of cultivation, it was already impossible for him to cultivate faster.

He had to think of something.

Otherwise, he might not be able to cultivate successfully even if he died.

This thing was no longer something that could be achieved by accumulating cultivation.

How could he become an Ancestor?

Lu Xiaoran continued to search for information on the Jade Creation Butterfly.

Soon, he found it.

“Primordial Pearl! It’s actually the Primordial Pearl.”

It was said that only by finding the Primordial Pearl and deciphering the mysteries inside could one find the path to becoming an Ancestor. The Jade Creation Butterfly was the ticket to find the Primordial Pearl.

Without the Jade Creation Butterfly, it was simply impossible to find the Primordial Pearl.

“Wang Cai, tell me quickly! Where’s the Primordial Pearl?”

“Master, I don’t know either.”

“Didn’t you say that the Jade Creation Butterfly is the key to finding the Primordial Pearl? Aren’t you the Jade Creation Butterfly?”

“I’m indeed the Jade Creation Butterfly, but I’m not the only Jade Creation Butterfly. We’re more like an instruction manual. As long as it’s a world born in the Great Void Heaven Realm, a Jade Creation Butterfly will appear.”

Lu Xiaoran :” ...”

At this moment, he suddenly felt that his future was somewhat uncertain.

He originally thought that he only needed to cultivate diligently and reach the strongest. However, from the looks of it, it did not seem to be that easy! At the very least, he was not the most special one.

In the Great Void, there were countless existences similar to Pangu. Only by breaking through themselves and breaking through the restraints of the Chaos World could they barely be considered Peerless Realm experts.

The Peerless Realm was like a new beginning.

If he succeeded, he would be able to live a luxurious life. If he failed, his soul would dissipate and he would completely disappear.

Wait a moment.

Lu Xiaoran suddenly thought of something and hurriedly said, “Wang Cai, if Pangu is only one of the children in the various worlds, then does it mean that there are many children like him in the Great Void? Is there a hot shot among them?”

“This...”

Wang Cai immediately hesitated.

This was because it was also unsure.

“Uh... I’m not too sure about the specifics, but I can’t rule out the possibility.

However, if there really is such a guy, I think the two of us will be very tragic.”

Lu Xiaoran’s face could not help but twitch fiercely.

Damn!

He was really doomed this time.

In the past, although he had dared to resist the hot shots head-on, it was only because he had Wang Cai to help him.

Now, Wang Cai's own strength was inferior to his. What else could he hope for?

However, if he were to die in such a sloppy manner...

He was definitely unwilling.

What a joke. It was not easy for them to come this far.

They knew how difficult it had been.

He had been trembling in fear and treading on thin ice for so many years... He did not want to end up becoming someone else's stepping stone.

"No, I have to think of a way to find the Primordial Pearl. Only by finding the Primordial Pearl can I defy the heavens and change my fate."

"Master, you can do it. I'll definitely support you and accompany you to the last step."

"If you live, I live. If you die, I die."

"Can you stop being so affectionate here? I've already told you that we're not the same species. Stop acting as if you're my little wife."

"Uh... Master, your current cultivation is already so powerful. Are you still afraid of something like that?"

"There's no need to worry. If you marry me, you will definitely be able to create a child."

"I think you're itching for a beating again."

As he spoke, Lu Xiaoran took out a horsetail whisk!

Seeing this scene, Wang Cai's expression instantly changed drastically.

"I was wrong, I was wrong. I won't do it again!"

With that said, it crawled back into Lu Xiaoran's chest.

"Consider yourself lucky this time!"

However, Lu Xiaoran quickly began to gather his strength to find the Primordial Pearl!

It was very unrealistic for him to find the Primordial Pearl by himself.

The Primordial Pearl had been around for so many years, but no one had ever obtained it.

This was probably a long battle.

Therefore, Lu Xiaoran looked at his disciples again.

After all, as long as his disciples increased their cultivation, he could also increase his own cultivation.

At that time, if anyone was unwilling to accept it, they could directly suppress them with their strength.

“All disciples of Golden Ao Island, listen up.

“From now on, seal the entire three worlds for me. The first generation disciples will cultivate with all their strength. The second generation disciples will do their best to find the Primordial Pearl!”

As soon as he said this, it directly formed a golden decree in the sky.

It was a decree that belonged to the Peerless Realm!

Chapter 488 Creation God Ye Chen

After his cultivation reached the Peerless Realm, Lu Xiaoran already had an extremely special ability.

This ability was very special. It was not that this ability had made him very strong and would allow him to suppress others.

Instead, it would form a power of laws!

These were two completely different concepts. It was as if the former was only an order and could still fail due to insufficient strength.

On the other hand, the power of laws contained countless possibilities.

In other words, when the power of laws was activated after Lu Xiaoran gave the command, the disciples would sense the existence of the Primordial Pearl if they were very close to the Primordial Pearl.

It was like a truth, something that had to be obeyed.

It was even to the extent that in the process of searching for this, some existences with weak cultivation might become impressive existences and their cultivation increase greatly because they absorbed the Great Dao laws inside.

Of course, the limitations still depended on the other party's cultivation and Lu Xiaoran's cultivation.

For example, Lu Xiaoran was currently at the Peerless Realm. Now that he filled the command with the power of laws, if someone carried out his order, even if he was only an ordinary person, he might also instantly advance to the Zenith Heaven Golden Immortal Realm.

...

If he was a Zenith Heaven Golden Immortal, it was possible for him to advance to the Primordial Chaos Golden Immortal Realm. However, the effect would decrease as one's cultivation increased.

It did not matter if he could not find it. As long as he obeyed the order, he would also obtain an increase in his cultivation.

He could also absorb a little of the Great Dao laws!

Overall, Lu Xiaoran was much stronger than an existence like Patriarch Hongjun.

Back then, Patriarch Hongjun relied on preaching to his disciples.

Only by comprehending it could one's cultivation increase. If one could not comprehend it, it would be useless.

It was far from being as effective as Lu Xiaoran's method.

This was the difference between a Peerless Realm expert and a Primordial Chaos Limitless Golden Immortal.

After doing all of this, Lu Xiaoran began to reconstruct Tongtian and Houtu's bodies.

Tongtian had done him a favor. It was because Tongtian had created this body that Lu Xiaoran had endless possibilities.

He had once promised him that after destroying Patriarch Hongjun, he would definitely reconstruct Tongtian's body.

Although he had yet to destroy Patriarch Hongjun, he had already reached the Peerless Realm. It was time for him to fulfill his promise.

As for Houtu, she was willing to sacrifice herself to help him advance again in the most difficult time. It was also reasonable for him to reconstruct her body.

On the other side, in the East Sea Dragon Palace, the four sea dragon kings were gathered and knelt in front of Jun Bujian.

"I didn't know that you had arrived. Please forgive me for not welcoming you sooner, Saint."

Jun Bujian raised his eyebrows slightly.

"What era is this? Why are you still calling me a Saint? Don't you know that this is the era of my master's rule? My senior and junior brothers and I are all Primordial Chaos Zenith Heaven Golden Immortals. Saints are Old Man Hongjun's lackeys. Why are you calling me a Saint?"

The dragon kings could not help but look at each other.

"Then how should we address you?"

"You should call me Ancestor."

The dragon kings could not help but raise their eyebrows slightly.

"Senior, we know that you're the disciple of the reincarnation of Emperor Pangu and your cultivation is already comparable to a Saint. However, it's not appropriate for us to directly call you Ancestor, right?"

"Although our dragon race has already declined, we still have a trace of the dragon race's backbone! If you directly humiliate us like this, you might as well directly kill us."

Jun Bujian rolled his eyes.

“Now, all of you are pretending to be proud. You’ve been lackeys of the Heavenly Court for so many years, but you haven’t shown any backbone.”

The dragon kings choked and their faces turned red.

Jun Bujian could not be bothered with them and directly revealed his true body, transforming into a purple-gold divine dragon.

Boom!

This was no different from throwing a huge bomb onto the dragon kings.

“Purple Gold Divine Dragon! It’s really a Purple Gold Divine Dragon!”

“How is this possible? The Purple Gold Divine Dragon is a legendary existence. It’s an existence that carries the rebirth of the Ancestral Dragon!”

“Could... could it be that he’s the reincarnation of the Ancestral Dragon?”

“At least your brains haven’t rusted to death! Kneel immediately and welcome my return!” The dragon kings immediately knelt down excitedly. How many years had it been?

The dragon race had always chosen to be silent and low-key.

They were suppressed by the Heavenly Court and ostracized by the gods.

In the entire three worlds, anyone could step on their heads.

Thinking back, when Dragon King Jing He was traveling to the west during the tribulation, he had been killed by a mere mortal. How humiliating was this?

However, in the end, they didn’t do anything about it.

Moreover, even the dishes the Jade Emperor ate used dragon liver and phoenix marrow as ingredients.

Although those dragons were not real dragons and were only water creatures that had been infected by some dragon aura, they were still subordinates of dragons!

In the ancient times, they had been experts. Although they were not as powerful as true dragons, they could still kill gods and Buddhas.

Why was this happening?

It was because after the Dragon Phoenix Tribulation, the dragon race had lost their greatest reliance—the Ancestral Dragon!

Without the support of the Ancestral Dragon, the dragon race gradually declined and became the lackey of others.

It was because the dragon race was helpless that they gradually declined after so many years.

When the Heavenly Court was overthrown by Lu Xiaoran and Patriarch Hongjun was defeated by Lu Xiaoran and escaped, they did not gloat much.

This was because they knew that no matter who it was, as the masters of the world, their dragon race would always be suppressed and be inferior.

Therefore, they had extremely humble attitudes when the other party arrived.

This was because they were really afraid that the last descendants of the dragon race's bloodline would be slaughtered by others.

In the end, they did not expect the dignified disciple of the master of the world to be the reincarnation of their Ancestral Dragon.

In this way, they would have found a backer.

Moreover, because Jun Bujian was Lu Xiaoran's disciple, his status was extremely noble. After all, Lu Xiaoran now controlled the three worlds.

There was hope for the rise of the dragon

e

W

race.

"Welcome back, Ancestral Dragon." "Immediately open the dragon race's ancestral land and let me enter to repair my strength."

"Yes!"

Previously, Houtu had told Lu Xiaoran that Jun Bujian's life mark was placed in the territory of the dragon race. Now, Jun Bujian could take it back and increase his strength further.

At that time, he could follow his master and advance to the Great Void.

Everyone in the three worlds was working hard. Lu Xiaoran also began to enter meditation and quickly increased his strength.

On the other side, Patriarch Hongjun, who had luckily escaped from Lu Xiaoran, also arrived at a certain place in the Great Void.

"It should be right this time!"

He heaved a long sigh of relief and wiped the sweat from his forehead.

Then, he immediately took out an item. It was a ring. The material was ordinary, but there was a strange pattern engraved on it.

After taking this thing out, he immediately held it with both hands and raised it high.

“Honorable Great Void expert, I, Hongjun, have specially come to meet you. Please allow it!”

There was no sound in the darkness. It was empty, as if he had been blocked.

However, Patriarch Hongjun did not give up and continued to speak.

When he shouted the third time, an extremely impatient voice suddenly sounded from the void.

“Don’t you think you’re too noisy?”

Hongjun’s body suddenly trembled, and then he was extremely excited.

It was him!

It was him!

It was him!

It was this voice that made him feel as if he had encountered a nightmare back then.

They had fought for an entire nine days and nights! It had to be known that he and Lu Xiaoran had never fought for such a long time. It could be imagined how powerful the other party was. The other party had almost always been fighting him.

In the end, he had to use his full strength to detonate the Primordial Purple Qi he had accumulated from cultivating for ten thousand years. In the end, he finally exploded the other party into ashes.

What was very laughable was that the body he exploded was actually not the other party’s main body but only the other party’s avatar.

From then on, Patriarch Hongjun had always secretly vowed to reach this level in the future no matter what.

The reason why he chose to completely control the three worlds was because he wanted to rely on the great merit of billions of living beings to advance his strength and reach the Peerless Realm.

As long as he could reach the Peerless Realm, it was equivalent to having a chance to reach that level.

Unfortunately, Lu Xiaoran had appeared in the end and messed up all his plans.

Not only that, but Lu Xiaoran had also snatched away all his things and took away his three worlds. The other party had even stepped into the Peerless Realm when he was not paying attention!

However, there was nothing he could do now. The matter had already been decided and he could not change it.

Moreover, even if he wanted to change it, he was still no match for Lu Xiaoran.

He was still at the seventh level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm, and Lu Xiaoran was already heading to the Peerless Realm.

How could he beat them up? He would only end up getting beat up.

Should he try to be shameless?

Now, his only way was to pretend to be the other party's grandson!

Then, he would use the strength of this expert to help him complete his revenge.

He would kill Lu Xiaoran and take back the three worlds.

Moreover, if Lu Xiaoran was killed, he would definitely be able to refine all the places he could not refine in the three worlds. It could be said to be killing two birds with one stone. It was rather perfect.

At that time, he would have a higher chance of becoming a Peerless Realm expert.

Moreover, what was wrong with pretending to be the other party's grandson?

Back then, when he was still in the Chaos World, he had relied on these despicable methods to exhaust himself to the end and become the master of the three worlds. Moreover, because of this, his cultivation had greatly increased, allowing him to reach the seventh level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm!

Now, he wanted to use these despicable methods again.

If he pretended to be the other party's grandson now, in the future, if his strength surpassed Ye Chen's, he could easily turn Ye Chen into his grandson at any time and anywhere.

Patriarch Hongjun had always been a malleable existence!

Chapter 489 Returning to the Divine World

"Great Creation God, I really suffered a huge disaster and had no choice but to come to you. Otherwise, even if I had ten thousand guts, I wouldn't dare to disturb your rest."

"If you have something to say, say it."

"Yes!"

Patriarch Hongjun hurriedly cupped his hands and said, "My world has been occupied. The other party is stronger than me, and I can't defeat him. That's why I was forced to come out and find you! In fact, other than you, I can't find a second person to help me."

"Why should I help you?"

Patriarch Hongjun continued, "I can submit to you and become your subordinate. I'm already at the seventh level of the Primordial Chaos Limitless Zenith Heaven Golden Immortal Realm and am only a little away from advancing to the Peerless Realm!"

"I think with my strength, I should still be qualified to be your subordinate, right?"

As soon as he finished speaking, a crisp cracking sound suddenly sounded in the air.

It was because the spatial rift had been shattered.

Immediately after, a figure in a Chaos cardinal treasure robe slowly stepped out.

...

His strength was too powerful and was not an existence Patriarch Hongjun could see through at all.

In front of him, Patriarch Hongjun was like an ant looking up at the sky.

At this moment, a small divine dragon floated beside Ye Chen. It was only about three meters long, but the dignity emitted from its body was actually much stronger than Patriarch Hongjun.

This was the legendary Ye Chen!

Continue reading on MYBOXNOVEL.COM

An existence that had already surpassed the Peerless Realm!

It was said that Ye Chen could create an entire universe.

“Interesting. Although I don’t really need one, it’s still quite interesting to have a dog when I’m bored.”

These words were filled with humiliation. If it were in the past, Patriarch Hongjun would probably have long lost his patience and gone up to fight the other party to the death.

However, that was not possible now.

The current him was indeed as the other party had said. He was a dog, a stray dog. In front of the other party, he was not qualified to refute.

Moreover, what was there to refute?

The other party was originally stronger than him. If not for that, he would not have come to find the other party.

He was originally here to ask for help. So what if he pretended to be weak?

“Tell me, what do you want me to do for you?”

“Creation God, I want you to help me kill the expert in my universe, Lu Xiaoran!” “As long as I can kill him, I’m willing to offer myself and the entire three worlds with both hands.”

Ye Chen’s dazzling gaze searched Hongjun and instantly obtained all of Patriarch Hongjun’s memories.

“Peerless Realm? I thought he was very powerful. He’s just a piece of trash who has just stepped into the Peerless Realm. Is he worth you making such a big fuss over?”

“Such trash is not worthy of me attacking at all. Durfis!”

As Ye Chen shouted indifferently, another rift appeared in the spatial barrier.

Then, a burly figure holding a huge axe and a pair of huge bull horns actually walked out!

His aura was far inferior to the divine dragon beside Ye Chen.

However, it also far surpassed Patriarch Hongjun and had Peerless Realm strength!

“I’ll let Durfis accompany you.”

Patriarch Hongjun hurriedly said, “Great Creation God! Although this Lord Durfis is very powerful, the other party is also at the Peerless Realm. If he is forced into a desperate situation, won’t he choose to fight to the death? If that’s the case, won’t we be in danger?”

Ye Chen raised his eyebrows slightly.

“You’re right. When two people with similar strength fight, it’s inevitable that there will be casualties. Moreover, it’s uncertain who will die.”

“How about this? I’ll give you a medicinal pill. After eating this medicinal pill, your cultivation will increase greatly and you will reach the Peerless Realm in a short period of time.

“Although it won’t be long, it’s still enough for you. After all, it’s not a problem for two Peerless Realm experts to work together to kill a single Peerless Realm expert.”

Patriarch Hongjun was overjoyed.

“Thank you, Creation God!”

It was as if he was determined that Lu Xiaoran would die!

In this way, after Lu Xiaoran died, he could conveniently take over the three worlds.

At that time, no one could stop him from completely refining the three worlds and becoming a Peerless Realm expert.

Patriarch Hongjun did not think that there was anything wrong with becoming Ye Chen’s subordinate from now on.

The weak submitted to the strong. This was an eternal rule!

Moreover, after becoming a Peerless Realm expert, he would inevitably have to continue cultivating in the Great Void to increase his strength.

If he did not have anyone to protect him, he would definitely not have a good life.

However, it was different with someone protecting him.

At the very least, no one would bully him. In fact, the other party could even provide him with some convenience most of the time.

On the other side, Lu Xiaoran was also cultivating diligently.

He knew in his heart that Patriarch Hongjun’s escape this time would not be so simple.

There were many experts in the Great Void Universe to begin with, and some of them were even stronger than him.

If the other party could find reinforcements there, it would undoubtedly be a huge disaster for him.

The other party might not be able to kill Lu Xiaoran, but what about Lu Xiaoran's disciples?

He could not watch his disciples be killed!

It was possible for him to escape with his disciples, but what about the entire three worlds?

It was impossible for him to escape with the entire three worlds, right?

This was the biggest problem.

As the ancients said, it was easy to conquer a country, but difficult to defend it.

This was the reason.

This was because one could be very mobile when conquering. Moreover, they did not have to be cautious. They only needed to kill their way through.

As for guarding the territory, there were too many things to consider. There were also too many people to protect.

It greatly limited mobility.

Without mobility, their combat strength would also decrease greatly.

Therefore, Lu Xiaoran did not dare to be careless.

Fortunately, Pangu's Supreme Primordial Art was very powerful, so his cultivation speed was very fast.

His current cultivation had already broken through to the third level of the Peerless Realm.

This speed was indeed fast.

Moreover, as his strength increased, Lu Xiaoran had also vaguely discovered many memories he did not have before.

He gradually understood something.

In his previous life, he had sealed his own memories. He would need to increase his strength to gain back those memories.

The reason he had sealed his memories was because he was worried he might attract some existences he could not resist or be killed because of these memories!

This was because these memories were actually related to a cardinal treasure of the Great Void.

This treasure was the Primordial Pearl!

Wang Cai had also said before that if he wanted to become stronger and resist the Great Void, he had to increase his strength. If he wanted to further increase his strength, the key was the Primordial Pearl.

In other words, the Primordial Pearl might exist in the three worlds.

Now that he had his memories, Lu Xiaoran vaguely guessed that the Primordial Pearl might have been placed in this world by him.

For some special reason, he had placed the Primordial Pearl in this world and imprinted a portion of his memories into Pangu's memories. He had also placed his life mark in this world.

The reason why he did this was definitely because he was being pursued at that time and was unable to protect the Primordial Pearl.

Now, since he had already reincarnated, it meant that he had been killed not long after meeting Pangu in his previous life.

This might also be the reason why his previous self had sealed his memories.

Thinking of this, Lu Xiaoran's sense of danger became even stronger.

However, at this moment, his consciousness suddenly sensed an unusual fluctuation somewhere in the three worlds.

This fluctuation was very weak, but Lu Xiaoran did indeed sense it.

He looked at his disciples. Everyone was cultivating. Moreover, with the enhancement of the Primordial Purple Qi he provided, their cultivation speed was very fast.

They had already broken through one after another. Many people had reached the sixth or seventh level of the Primordial Chaos Zenith Heaven Golden Immortal Realm and were about to advance to the Primordial Chaos Limitless Golden Immortal Realm!

This was a good sign.

Lu Xiaoran knew that Patriarch Hongjun had some good friends from the Chaos Era.

Among them were Patriarch Yang Mei and the others. Their strength seemed to be at the Primordial Chaos Limitless Golden Immortal Realm.

At the very least, if he really had to fight Patriarch Hongjun again in the future, he would not need to worry too much.

Then, Lu Xiaoran teleported over according to the coordinates he had just sensed.

That was the Divine World of the three worlds!

The Divine World was a world above the 3,000 worlds. It was an important link between the three worlds and the small worlds below the three worlds.

Back then, Lu Xiaoran was born in the Divine World. However, he was later brought to the lower realm by Elder Tianji.

"This position..."

He muttered and instantly disappeared from his spot.

Now that the entire three worlds were under his control, he only needed a thought to easily arrive at any place.

When he appeared at that place, he could not help but be slightly stunned.

Below were two female cultivators resisting a few Demon Sect evil disciples.

However, it was obvious that the two of them were far from being the other party's match. At this moment, they had already been beaten back by the other party and were covered in many injuries.

It could be seen that the two girls were in a deadlock with the other party. Neither of them was willing to give up.

Although their strength was insufficient, with the two of them working together, they could at least last for another incense stick of time.

However, they wouldn't be able to last any longer than that.

After another fifteen minutes, the two of them were completely helpless.

However, Lu Xiaoran did not care.

He was never interested in women. He did not care if two women were surrounded by others or ants from the Divine World.

However... there was a strange fluctuation coming from these two women.

What was even stranger was that these two women were both related to him.

Chapter 490 Cardinal Treasure Appears

In Lu Xiaoran's life, he never had any ties with women.

They were either his opponents, his disciples, or passersby he had taken advantage of.

However, the two women were different.

Qin Zimo!

Gong Wan'er!

These two women had a slightly ambiguous relationship with him.

Although in the end, these two women were tricked by him, Lu Xiaoran did not think of meeting them again.

In the end, he had inexplicably encountered them today.

It had to be said that sometimes, fate was really somewhat unfathomable.

At this moment, the two girls below were already gradually unable to hold on.

...

After all, their strength was limited. Since they were not his disciples, their speed of improvement would be far slower.

At the same time, they still had to face several demon cultivators. It was really difficult for the two of them.

“Hehehe... little girl, how is it? You can’t take it anymore, right?”

“In a while, the two of you won’t be able to hold on anymore. At that time, I’ll settle the score with you. At that time, don’t wet your pants.”

Continue reading on MYBOXNOVEL.COM

“It’s even better if they wet their pants! I like it when they’re frightened out of their wits!”

“Hahahaha...”

The two girls’ faces were already pale. Clearly, the two of them had already reached their limit.

“Sister Qin, I’m afraid I can’t hold on anymore, but I definitely can’t let these people capture me. I’ll destroy my corpse. I’m sorry, I’ll leave you alone to hold on.”

Qin Zimo’s heart turned cold.

“Sister Gong, don’t do anything stupid. Don’t give up hope until the last moment. Perhaps we still have a chance?”

Gong Wan’er smiled bitterly.

What chance did they have?

The strength of the two sides was similar, but the other party had more people.

In a situation where the strength of each individual was the same, the larger the group, the greater the advantage.

Seeing that the two of them were already unable to resist, the other party’s demon cultivators already revealed ferocious and smug expressions.

However, in the next moment, the few of them suddenly turned to dust and disappeared with the wind, as if they had never been here.

“What?”

“What happened?”

The two girls’ expressions changed drastically, completely puzzled by the situation in front of them.

“Did an expert attack?”

The two girls were smart and almost instantly understood what was going on.

“Which senior is it? Please come out and help. We want to thank you.”

Qin Zimo immediately cupped her hands and bowed.

A moment later, a voice that had been on her mind for a long time suddenly entered her ear.

“Long time no see.”

Qin Zimo’s delicate body trembled, and so did Gong Wan’er’s delicate body!

The two girls were filled with disbelief. They were shocked as they looked at Lu Xiaoran who had appeared in front of them.

“Lu... Lu... oh no, greetings, Master of the three worlds.”

Gong Wan’er also lowered her head slightly in agreement.

“Greetings, Master of the three worlds.”

After not seeing each other for many years, everything had changed.

The two of them were no longer the two girls who dared to confide in him.

Moreover, he was not the person they admired, but the master of the three worlds.

After feeling somewhat emotional, Lu Xiaoran said, “You’re welcome. We’re all old friends. There’s no need for such etiquette.”

The two girls nodded and looked at Lu Xiaoran in front of them. They were both afraid and hopeful.

However, they still respected and feared the other party more than they yearned for him.

“Third... Lu Xiaoran, why did you suddenly come to us?”

Qin Zimo mustered her courage and shouted Lu Xiaoran’s name.

Lu Xiaoran explained, “I was cultivating previously and sensed a strange fluctuation from the two of you. Then, I followed this fluctuation and arrived here. I discovered that the two of you were being surrounded by the Demon Sect, so I decided that I might as well save the two of you.”

“I see.”

The two girls could not help but be somewhat disappointed.

They actually still had a little hope that Lu Xiaoran had specially come to protect them.

However, it was obvious that the two of them were thinking too much.

Lu Xiaoran did not want to lie to them too much.

As a responsible man, love was love. If he did not love her, he would tell them honestly.

Only a true scumbag would keep the other party’s fantasies alive.

Actually, be it Qin Zimo or Gong Wan'er, the two of them knew this in their hearts.

Gong Wan'er was actually fine. Her feelings for Lu Xiaoran were far inferior to Qin Zimo. At first, she only had very ordinary feelings for Lu Xiaoran. However, later, when Lu Xiaoran canceled the engagement, she had some strange feelings for him.

Then, Lu Xiaoran became stronger and shocked the three worlds. After defeating Patriarch Hongjun, he continued to become stronger.

Her feelings for Lu Xiaoran also gradually became stronger!

However, Qin Zimo was different.

She had always had Lu Xiaoran as her goal.

It could be said that it was precisely because of the promise Lu Xiaoran had given her back then that she was where she was today.

If not for Lu Xiaoran's promise to her back then, she might not even be a god now.

Lu Xiaoran had already become her religion.

Of course, she also knew very well that it was impossible for Lu Xiaoran to fancy her.

How could the dignified master of the three worlds fancy a small fry like her?

Soon, she seemed to have thought of something and immediately took out a palm-sized crystal ball from her storage bag.

This small ball looked ordinary, but just by looking at it, Lu Xiaoran's heart could not help but beat violently.

It was even to the extent that even Wang Cai immediately shouted, "Master. This is it! This is it!"

Wang Cai's tone was ridiculously excited!

Lu Xiaoran's breathing also froze.

He had already vaguely guessed what this

was.

It was the existence he had been searching for all along.

The Primordial Pearl.

A Primordial cardinal treasure that surpassed the three worlds!

Just sensing a trace of its strength, his cultivation seemed to be unable to help but increase!

Too powerful!

"The two of us were lucky to find this thing in a cave. However, it's also because of this that the two of us were pursued by the Demon Sect.

“Do you need this thing?”

Lu Xiaoran nodded.

“This thing is a cardinal treasure. The strongest cardinal treasure in the entire three worlds.”

“Indeed, I guessed that it was definitely a good thing. When I obtained it, I vaguely sensed your aura.

“I thought to myself that it would help me meet you again in the future.”
