

## AN EXPERT 71

### Chapter 71 First Revenge, Start

Lu Xiaoran definitely did not want a woman. Falling in love would delay one's cultivation. This was what he could not stand the most. His cultivation level was very low to begin with, and he did not have a Martial Monarch Realm father. Moreover, his background was also not good. If he did not work hard to cultivate and fell in love, wouldn't that be considered degeneration?

Secondly, women were troublesome. The more beautiful a woman was, the more troublesome she was.

A woman like Qin Zimo, the Holy Maiden of the Black Tortoise True Sect, had countless admirers outside.

If he were to date her today, someone would go to the Heaven Demon Sect to challenge him tomorrow.

Most importantly, a woman's mood was like the weather. Usually, it seemed hot, but no one knew when a storm would arrive.

If she caused a scene at the critical moment of his breakthrough, he might go crazy and die from cerebral hemorrhage.

How could dating be more fun than cultivation?

Speaking of which, now was not the time to think about this. Xiao Bei should have already been pursued by the Demon Sect, right?

He should set things up as soon as possible and kill Xiao Bei.

Thinking of this, Lu Xiaoran immediately returned to the sect tent.

Sect Master Chen and the others had become even more polite to Lu Xiaoran. "Xiaoran, why are you back so quickly? Why didn't you spend more time with the Holy Maiden of the Black Tortoise?"

"She went back to cultivate, so I came back for the time being. It's time for us to return to the Heaven Demon Sect, right?"

"No rush, what's the rush? Xiaoran, this is a rare opportunity for you. You have to grasp it well."

"That's right. To be able to obtain the favor of the Holy Maiden of the Black Tortoise True Sect is a blessing that you only accumulate after a few lifetimes."

Lu Xiaoran waved his hand.

"Sect Master, stop fooling around. I'm only an elder of the Heaven Demon Sect. She's the Holy Maiden of the Black Tortoise True Sect. Our backgrounds are different. It's impossible."

"Who said it's impossible?"

Sect Master Chen's expression turned solemn. Then, he patted Lu Xiaoran on the shoulder and said with a serious expression, "Xiaoran, don't worry. Our Heaven Demon Sect will definitely not drag you down. The entire sect will support you. I've already prepared to abdicate and become a Grand Elder to pass the position of sect master to you."

Lu Xiaoran's face twitched. These gold digging higher-ups of the Heaven Demon Sect were really willing to bleed in order to get him to suck up to the Black Tortoise True Sect.

The sect master even wanted to pass the position of sect master to him.

It seemed that he could no longer stay in the Heaven Demon Sect. At this rate, he would become more and more famous in the sect.

This did not conform to his character of wanting to hide and develop steadily.

After all, he had not reached the Martial Monarch Realm yet and was not the strongest in this world!

Forget it. After destroying Xiao Bei this time, he would make a new plan and see if he should find a new place to hide or build a small sect again to develop.

At this moment, Sect Master Chen took out a storage bag and handed it to Lu Xiaoran.

"Xiaoran, you're a man. A man's back has to be firm. When you date someone, remember to pay for the lady. As a man, you can't lose face. Here are a million high-grade spirit stones. It's the expenses of our Heaven Demon Sect for two months. I'll give it to you now."

"We're about to leave the Black Tortoise True Sect, but you have to stay. This is a good marriage for you and also a good opportunity for my Heaven Demon Sect. You definitely can't give up."

The other elders also clenched their fists and said, "Xiaoran, you can do it! You have to get the beauty. We'll wait for your wedding."

Lu Xiaoran : "..."

He wanted to say, Sect Master, stop dreaming. It's impossible for me to pursue a woman. However, he ultimately did not say it. After all, a million high-grade spirit stones was really not a small number.

He received the spirit stones and took a deep breath.

"Sect Master, I guarantee that I'll return with her in the future." Sect Master Chen was extremely excited. He grabbed Lu Xiaoran's hand tightly, and his body kept trembling. "Good! Good! I knew it. Xiaoran, you won't disappoint us. Good luck." "Definitely."

After a few simple greetings, the people from the Heaven Demon Sect finally activated the flying ship and left the Black Tortoise True Sect.

After Lu Xiaoran took a deep breath, he arrived at an empty corner. He circulated the Great Void Chaos Steps and instantly disappeared from his spot.

Chasing Qin Zimo?

What a joke. Master Xiaoran never pursued women.

He wanted to return to the Heaven Demon Sect in the shortest time possible and complete the first mission to kill the hot shot.

Because of the increase in his cultivation, Lu Xiaoran's speed was much faster when he used the Great Void Chaos Steps.

Originally, from the middle point between the Heaven Demon Sect and the Black Tortoise True Sect, he had spent fifteen minutes arriving at the Black Tortoise True Sect.

This time, he was directly returning to the Heaven Demon Sect from the Black Tortoise True Sect. However, the time it took for him was still only fifteen minutes.

After arriving at Zhishui Peak, Lu Xiaoran immediately summoned the Eight Trigrams Sky Sealing Formation and completely surrounded the entire Zhishui Peak.

After revealing a little of their aura, Yun Lige and the other two immediately arrived at Lu Xiaoran's residence.

"Master, you're back."

Lu Xiaoran nodded and was very satisfied as he looked at their cultivation.

"That's right. Looks like your cultivation has not been sloppy during the time I've been gone."

"We naturally wouldn't dare to neglect Master's guidance."

Lu Xiaoran nodded again and immediately said, "This time, I returned first. The sect master and the others will probably return in a month. The reason why I returned early was to release a mission."

The three of them were shocked.

"Please tell me, Master."

"Kill Xiao Bei."

Hiss!

Hearing this name, Yun Lige immediately drew a cold breath, and his expression changed drastically.

Ji Wuxia and Lu Xiaoran could not help but be somewhat puzzled.

"Eldest Senior Brother, who's Xiao Bei?"

Yun Lige clenched his fists tightly, his eyes revealing killing intent and hatred. "He's that bastard who destroyed our entire Yun family because we didn't accept him as our master."

Ji Wuxia and Lu Xiaoran's pupils constricted.

So it was Eldest Senior Brother's enemy.

Lu Xiaoran smiled faintly and said, "This time, I met him in the array formation meeting and even secretly did something to him. He should be exhausted from rushing around now and his strength is not at its peak."

“But Master, in your words, shouldn’t he be a hot shot? Isn’t it a little too early for us to start dealing with him now?”

Ji Wuxia could not help but ask.

“You know my character. Without a certain degree of confidence, I wouldn’t dare to make a decision casually. I organized this. There’s information regarding Xiao Bei. You can take a look first.”

He handed out the information.

The few of them received the information and swept their eyes over it. Immediately, they could not help but feel a chill run from their feet to their heads.

Chapter 72 Lu Xiaoran’s Method

“Re... rebirth of a Martial Monarch Realm expert?!”

The three of them could not help but tremble.

A Martial Monarch Realm expert!

That was a legendary existence that they did not even dare to imagine. As for Xiao Bei, he was actually the legendary Martial Monarch Realm expert who had been reborn. It was no wonder that he had advanced from a young master of a poor family to such a powerful strength in such a short period of time and was able to instantly kill the Yun family.

Gulp.

Fang Tianyuan swallowed hard.

“Master, is this the strength of a hot shot? Isn’t this too powerful?”

Lu Xiaoran nodded and said, “It’s alright. He isn’t that impressive. There are many hot shots that used to be a Martial Monarch Realm expert in another life but only end up as an ordinary character in their new life. After all, he only has the cultivation memories and experience of a Martial Monarch Realm expert. He still has to cultivate bit by bit from a newbie.” The three of their faces could not help but twitch fiercely.

You call this not impressive?

How powerful was an impressive hot shot?

Could he be a Martial Monarch Realm expert from the beginning?

After being shocked for a moment, the few of them continued to read on.

Seeing the second piece of information, everyone’s faces could not help but twitch fiercely.

According to a conservative estimation, Xiao Bei had at least two cultivation techniques above the Martial Monarch Realm.

Was there a mistake somewhere?

They each only had one, alright? In the end, this Xiao Bei actually obtained several Martial Monarch Realm cultivation techniques. Wasn't this too monstrous? However, thinking about it carefully, Xiao Bei was still the reincarnation of a Martial Monarch Realm expert. It seemed to be more reasonable for him to have a few Martial Monarch Realm cultivation techniques.

The few of them continued to read on.

He had a Martial Monarch Realm weapon. "???"

The few of them were immediately petrified on the spot.

Was this a joke?

A Martial Monarch Realm weapon!

A Martial Monarch Realm weapon!

That was a legendary existence. Even a current Martial Monarch Realm expert like his master only had a single Martial Monarch Realm weapon. This Xiao Bei had just been resurrected and already had a Martial Monarch Realm weapon?

Was there any justice in this world?

The few of them did not know that Lu Xiaoran was not a Martial Monarch Realm expert. Moreover, Lu Xiaoran had more than one Martial Monarch Realm weapon.

Otherwise, they would all be riled up.

At this moment, they were all shocked speechless by Xiao Bei's information.

The few of them forced themselves to continue reading the last page.

Xiao Bei's current cultivation level was at the perfected tenth level of the Mountain Sea Realm.

Due to the fact that he was once a Martial Monarch Realm expert, it was estimated that he could fight someone a realm higher than him without using a Martial Monarch Realm weapon. He was equivalent to being at the perfected tenth level of the Soul Refinement Realm.

The few of them completely collapsed.

"Master, how can we fight him? We can't beat him. We really can't."

"A Martial Monarch Realm cultivation technique can cancel each other out, but what about his Martial Monarch Realm weapon? Moreover, the other party can fight someone above his realm level with his bare hands. We also have Martial Monarch Realm cultivation techniques, but at most, we can only fight above two realm levels. Most importantly, the other party's basic cultivation is already stronger than ours."

Lu Xiaoran glanced at the few of them.

“Look at how cowardly the three of you are. Are you admitting defeat just like that? Do you have any future left? You can’t even beat this simplest hot shot. Do you still want to deal with the other hot shots? I think you should all shave your heads. Let’s all become monks and not fight. We definitely don’t have to deal with hot shots.”

Ji Wuxia said helplessly,

“Master, it’s not that we want to act cowardly. The difference is simply too great. He’s Senior Brother Yun’s mortal enemy. Senior Brother Yun will definitely be the one to destroy him.”

However, Senior Brother Yun’s current cultivation level was only at the first level of the Mountain Sea Realm. His cultivation level is not even enough to reach the other party’s basic cultivation level, let alone fight the other party at his full strength?

I think Master should be the one to kill this Xiao Bei.”

Lu Xiaoran waved his hand.

“Of course I know what you’re talking about. However, don’t worry. I never fight a battle I’m not confident in. Moreover, Lige’s revenge will be taken by him himself. I don’t have to do anything.”

“First of all, Xiao Bei definitely wouldn’t dare to use his Martial Monarch Realm weapon in public. Once the secret of the Martial Monarch Realm weapon is leaked, I’m afraid the entire world will want him dead.”

“Secondly, since he came out of the Black Tortoise True Sect, he will probably be pursued by the Demon Sect until his death. In his weakened state, his cultivation in the battle won’t be able to surpass another realm.”

“Lastly, I’ll help the three of you increase your cultivation level one time without any side effects to ensure that you can resist Xiao Bei.”

The three of them looked at Lu Xiaoran doubtfully.

After all, aside from the first thing he said, everything he said was simply too mysterious.

It was not that they were unwilling to believe their master. It was definitely not a problem for their master to fight Xiao Bei.

However... just by looking at Xiao Bei’s resume, they were already trembling in fear. How could they dare to fight him?

Lu Xiaoran shook his head helplessly.

“You guys are just too unconfident. With me as your backup, what are you afraid of?”

With that said, he took out three Martial Monarch Realm Blood Pills.

Hiss!

nn

Sensing the pressure transmitted from the Martial Monarch Realm Blood Pill, the three of them immediately felt their scalps turn numb. “What powerful pressure! This medicinal pill can actually have such a powerful pressure? Is this a joke?” “Too powerful. This has already surpassed the scope of ordinary medicinal pills, right?”

Lu Xiaoran nodded and spread his hand, removing the suppression of his cultivation technique. The three medicinal pills instantly seemed to have come to life and scattered around the room.

“Heavens, this medicinal pill... can actually fly?”

Yun Lige and Fang Tianyuan were both dumbfounded.

Ji Wuxia’s heart trembled as if she had recalled something

“It’s a Martial Monarch Realm Pill! This is a Martial Monarch Realm Pill!”

“What? Martial Monarch Realm Pill!”

Hearing Ji Wuxia’s words, Yun Lige and Lu Xiaoran exclaimed in shock, their jaws almost dropping “Master... Master, is this a Martial Monarch Realm Pill?”

Yun Lige asked in disbelief.

After all, Martial Monarch Realm pills were simply too rare. It could even be said that they were even rarer than Martial Monarch Realm weapons, Martial Monarch Realm cultivation techniques, Martial Monarch Realm formations, and so on.

This was because those things could spread far and wide.

They would not lose their spirit energy or expose themselves. They had their own independent consciousness and could also attack and protect themselves. Among them, Martial Monarch Realm Pills were the most monstrous existences, but they were also the ones that could disappear the most easily.

Its spirit energy would disappear over time, or it would be stolen and consumed. This would all lead to the world losing another Martial Monarch Realm Pill.

However, now, not only had his master taken them out, but he had also taken out three at once.

This was simply inhumane!

At this moment, the three of them respected Lu Xiaoran as if he was a god.

Chapter 73 Gift Bag Rewards Explosion

“What do you think?”

Lu Xiaoran rolled his eyes angrily.

“Look at you guys. You all seem to be inexperienced. Isn’t it just a Martial Monarch Realm pill? It’s not like it’s anything that precious.”

Everyone’s faces twitched violently.

This was naturally not a precious thing for him. After all, in their eyes, he was a Martial Monarch Realm expert to begin with.

However, for those below the Martial Monarch Realm, it was still a very rare resource, alright? In fact, it was also very valuable to Martial Monarch Realm experts.

“Alright, stop talking nonsense with me. I came back secretly in advance this time. Even the sect master and the others don’t know. Hurry up and help me swallow the Martial Monarch Blood Pill and then increase your cultivation. After your cultivation increases, quickly follow me to Jiang City to hunt that hot shot Xiao Bei.”

“Yes!”

Everyone took out a Martial Monarch Blood Pill and immediately returned to their residences to cultivate.

In the following time, Lu Xiaoran blocked the entire Zhishui Peak. Even he began to quickly cultivate.

Although this cultivation session lasted for only a month, it was different from before. It seemed to be extremely long, so long that it felt like a century had passed!

A month later, Lu Xiaoran, who was cultivating cross-legged, suddenly opened his eyes. An extremely violent aura suddenly spread out from his body.

As for his cultivation, it was also rising continuously. His blood surged and his spirit energy surged. The air around him was being squeezed and shook because of the continuous appearance of spirit energy, emitting trembling sounds.

Moreover, the intense friction between the spirit energy and the air even produced lightning bolts that crackled. It was as if this was a science fiction movie. However, it was extremely real.

The ninth level of the Essence Realm!

The tenth level of the Essence Realm!

King Realm!

First level of the King Realm!

Second level of the King Realm! Third level of the King Realm!

An entire five realm levels!

With the addition of Lu Xiaoran’s own cultivation, his three disciples had increased his cultivation by a total of five realm levels!

At this moment, Lu Xiaoran felt an unprecedented strength condense in his body!

He felt that he could make a mountain collapse and rivers stop flowing with a single punch!

The King Realm made him feel confident!

Within a million kilometers, a King Realm expert was enough to suppress everything.

Taking a deep breath, Lu Xiaoran stood up. His spirit energy was triggered, causing a huge gust of wind.

He had just broken through to the King Realm and still did not know how to retract his strength for a while. This required a little time.

“That’s right. Looks like the Martial Monarch Blood Pill has been a huge help this time.”

The corners of his mouth curled up slightly. The stronger his strength increased, the better for him. This was because it meant that his chances of survival in this world were higher.

“Wang Cai.”

“Coming, coming, I’m here, Master.”

“Show me the cultivation interface of Yun Lige and the others.”

“Alright, Master. I’m currently generating the cultivation interface for Yun Lige and the others.”

Lu Xiaoran quickly saw their information. “Aiyo, their gains aren’t small either.”

Among them, Yun Lige improved the fastest because his cultivation was the weakest.

At this moment, his cultivation had already increased to the first level of the Soul Refinement Realm.

At this cultivation level, he could already be considered as a small expert.

At the very least, if he fought with Xiao Bei and set up a reasonable plan, it would not be a big problem for him to obtain a small advantage.

His second disciple, Ji Wuxia, was also at the third level of the Soul Refinement Realm.

The Martial Monarch Blood Pill was the same for everyone. There was no difference because of talent.

However, the problem was that Ji Wuxia’s strength was higher than Yun Lige’s. Therefore, after consuming the Martial Monarch Realm Blood Pill, her cultivation also increased by several times. It was very reasonable for her to advance faster than Yun Lige.

Fang Tianyuan was the strongest and had already reached the sixth level of the Soul Refinement Realm.

From the beginning, this brat’s strength had already surpassed several levels of the Mountain Sea Realm. Now, after consuming the Emperor Blood Pill, his strength increased without limit, crazily rising to the sixth level of the Soul Refinement Realm. It was no wonder that the three of them could provide him with such a powerful advancement.

“By the way, there should be a lot more gifts. I’ll open the gift bag first.”

Lu Xiaoran received the gifts one by one. There were a total of three big gifts and dozens of small gifts.

As usual, he opened his small gift bags first.

Mid-grade Saint Realm Glazed Sword x1.

High-grade Saint Realm Meteor Moon Chasing Formation x1.

Mid-grade Saint Realm Auspicious Cloud Armor x1.

High-grade Saint Realm Phoenix Feather Armor x1.

Basically, they were all Saint Realm items.

Moreover, there were several armors inside. This thing was much better than a defensive formation. For example, the defensive formation Lu Xiaoran set up probably could only resist attacks below the Essence Realm. Moreover, it was not permanent. If the attack was too much or the attack was too powerful, it was even possible for the formation to break in an instant.

**mor w**

However, Saint Realm armor was different. To be able to shatter a Saint Realm armor, one basically had to have an Emperor-level attack.

Moreover, Saint Realm armor already had the ability to repair itself and absorb spirit energy.

Not only could it defend against damage, but it could also increase the speed at which one absorbed spirit energy in combat.

It was many times better than a defensive array formation.

Not bad, these small gift bags were perfect.

Next were the three big gift bags. Lu Xiaoran rubbed his hands,

al

“Heavens, please bless me. Let my luck explode again.”

Then, he opened the first gift bag.

Top-grade Martial Monarch Realm cultivation technique-Ten Directions Everlasting x1.

“Ten Directions Everlasting, what’s this?”

Lu Xiaoran pulled out the explanation..

Ten Directions Everlasting, a top-grade Martial Monarch Realm cultivation technique and an exploratory mental cultivation technique. It could spread one’s divine sense in all directions. Even the existence hidden in other dimensions will be unable to avoid from Ten Directions Everlasting. The Ten Directions Everlasting’s effect also increased as one’s cultivation increased.

“This is too awesome!”

It was actually an exploratory cultivation technique. Moreover, it worked in 360 degrees without any blind spots. Even the figure hidden in the small space could not be avoided. This was simply too dazzling.

Lu Xiaoran was very satisfied and opened the second gift bag. Top-grade Martial Monarch Realm cultivation technique—True Intent Unravel x1.

It was another strange name.

Lu Xiaoran then opened its attributes.

True Intent Unravel, a top-grade Martial Monarch Realm cultivation technique and auxiliary cultivation technique. By attaching the cultivation technique to one's attack, it would produce an unbreakable effect. As one's cultivation increased, the effect would increase. When the strength reached a certain level, it could ignore the other party's defense and directly cause damage to the body and soul. "Hiss! How abnormal."

Although Wang Cai had given him auxiliary cultivation techniques, these auxiliary cultivation techniques were really abnormal when used together.

Lu Xiaoran felt that after he became a Martial Monarch Realm expert, even if he did not do anything, he could still sweep through the world by supporting a Martial Monarch Realm expert.

However, he could also use the disciples' attack cultivation techniques. Therefore, he did not need to support others.

He only needed to support himself.

"Next, there's only one big gift bag left."

Chapter 74 Assigning the Mission

Lu Xiaoran smacked his lips and opened the last big gift bag.

Top-grade Martial Monarch Realm weapon Mountain and River State Painting x1.

"Martial Monarch Realm weapon."

Lu Xiaoran's eyes lit up.

Right now, he really had too many Martial Monarch Realm cultivation techniques on hand. He no longer needed Martial Monarch Realm cultivation techniques. At the very least, he did not need them for the time being.

However, it was different for Martial Monarch Realm weapons. Martial Monarch Realm weapons were extremely rare, and they were treasures among treasures.

Every Martial Monarch Realm weapon had its own special use. Every Martial Monarch Realm weapon was a top-grade weapon that was one in a million.

However, when Lu Xiaoran opened the Mountain and River State Painting, he was instantly dumbfounded.

The Mountain and River State Painting was a spatial support type top-grade Martial Monarch Realm weapon.

With a special spatial ability, he could create a small world and absorb everything in the real world.

It was another auxiliary item.

It seemed that he would never leave the path of playing a supporting character.

Wang Cai did not give himself anything that could help him fight.

There was a faint sadness.

“Forget it, it’s better than nothing.”

Lu Xiaoran was somewhat discouraged, but he could only comfort himself in this way.

It just so happened that as he obtained more and more good items, his storage bag was already insufficient.

Ordinary storage bags were already unable to store Saint Realm weapons, let alone hide their aura.

Moreover, the Mountain and River State Painting was a Martial Monarch Realm weapon that could be directly absorbed into the body and was easy to carry. Receiving the Mountain and River State Painting could also be considered as making up for his current shortcoming.

Most importantly, it was not the time for Lu Xiaoran to be calculative. The most important thing now was to deal with Xiao Bei.

It had been a month. If he guessed correctly, Xiao Bei should be back in Jiangbei soon.

It was time to mess with him!

Lu Xiaoran stepped out of the room. As his aura was released, the three disciples sensed it and immediately arrived beside Lu Xiaoran.

**an.**

“Master!”

Lu Xiaoran swept his gaze over the three of them. Their auras were very impressive.

“It’s about time. It’s time to make a move.” He raised his hand and threw the two Saint Weapon armors to Yun Lige and Ji Wuxia.

“Among these two, one is a mid-grade Saint Realm Auspicious Cloud Armor, and the other is a high-grade Saint Realm Phoenix Feather Armor. They are both defensive Saint Realm weapons suitable for your cultivation techniques. Take them and wear them.” Yun Lige and Ji Wuxia’s hearts stirred as a warm feeling surged out.

“Master, you’re really too good to us.”

Lu Xiaoran waved his hand.

“Don’t misunderstand. It’s mainly because the two of you don’t have the Indestructible Golden Body like Tianyuan. I’m afraid you won’t be able to last. If you’re killed, I’ll have to collect your corpses.”

Yun Lige: “...”

Ji Wuxia :”...”

Ignoring their speechlessness, Lu Xiaoran took out three more storage rings for the three of them.

“Ever since a long time ago, I’ve thought of a problem. If we attack in the future, we will definitely attract the attention of others. When a person becomes famous, there are bound to be more problems. After all, the tallest tree in the forest is bound to be destroyed by the wind.

Therefore, I made a set of clothes to hide our true identities.

“The last time we attacked the White Bone Demon Sect, we were actually rather rash. If we had let one of them escape, it would be a fatal blow to us.

Inside are the clothes, cloaks, and masks that I made for you. They all have the same style, except for the gender difference.”

The three of them took out their uniforms. They were all dressed in pure black uniforms that looked a little like big windbreakers. It could perfectly cover the appearance of the three of them. On the surface of the uniforms, there were also various Eight Trigrams, Taiji, Nine Palace, and other array formations engraved with black-golden lines.

They looked very mysterious and appealing.

“These three sets of clothing were all made by me. There are defensive array formations that can resist damage on them, spirit gathering array formations that can increase the absorption of spirit energy, and self-repairing functions. Their might is not inferior to a top-grade Heaven Realm defensive Dharma treasure. Also, aside from having defensive array formations, these masks can also change your voices.”

After you leave, don’t mention your names. You can only use code names. For example, Li Ge will be Number One, Wuxia will be Number Two, and Tianyuan will be Number Three.”

Yun Lige tilted his head and asked curiously, “What if others ask us where we’re from? Will we just keep quiet? Won’t that seem very tasteless?”

Lu Xiaoran glared at him angrily.

“Why do you have so many problems? If anyone asks you where you’re from, tell them that we’re from the Avengers Alliance!”

“Hiss, Master has indeed thought things through. You should have thought of this name long ago, right?”

“Avengers Alliance. What a handsome name.”

“With Master’s guidance, we can definitely destroy all the hot shots.”

Lu Xiaoran :”...”

“Alright, stop bootlicking. We should go.”

As soon as he finished speaking, Lu Xiaoran placed the mark of the Great Void Chaos Steps on the few of them. With a thought, he directly brought the few of them away.

After a few breaths, Lu Xiaoran brought his three disciples to the vicinity of Jiang City. “The three of you, go to Jiang City and destroy the Xiao family first. Remember, you have to get rid of the roots. Do you understand?” The three of them could not help but shudder.

“We understand.”

“Second and most importantly, never underestimate your enemies. This is because you don’t know how many trump cards the hot shots have.”

“Yes!”

“The third and most important point is that we have to start fighting immediately when we get there. Of course, it’s best if we can work together and not give them a chance to breathe. During the battle, don’t waste your breath. Every word you say will give a certain enhancement to the hot shots and make them stronger!”

“Yes!”

“Yes! Alright, go.”

Lu Xiaoran ordered the three of them to go to Jiang City. He then set up an array formation outside Jiang City.

It was not an attack formation. After all, the entire Jiang City was much bigger than the White Bone Demon Sect. He did not want to spend so many spirit stones.

Moreover, the commoners in Jiang City had not offended him, unlike the White Bone Demon Sect who wanted to kill the Heaven Demon Sect.

He would not waste his time talking nonsense.

What he wanted to set up was a very simple scanning array formation.

Scanning array formations consumed very little. It might only require a few low-grade spirit stones.

Even surrounding the entire Jiang City would not cost much spirit stones.

Lu Xiaoran knew that the hot shots more or less had their own life-saving techniques. Even if they could not beat them, they might still choose to escape.

He could not be careless when dealing with the hot shots. He had to make sure that he had a backup plan. In this way, if the other party escaped, he would obtain a greater opportunity.

As long as the other party passed by the scanning array formation he had set up, he would be able to use the Great Void Chaos Steps to reach the other party’s side and then use a series of consecutive attacks to send his opponent to the afterlife.

Perfect!

Chapter 75 Five Years, I’m Finally Back

In the morning, the wind was slightly cold.

Three figures in black trench coats and bamboo hats quietly appeared beside the Jiang City path.

Under the sunlight, the three of them stood proudly on the road, attracting the attention of passersby on the street.

The figure in the middle looked at the sign on the city wall of Jiang City, his eyes revealing a complicated expression. "It's been five years. I, Yun Lige, have finally returned."

"???? :Ji Wuxia

Fang Tianyuan: "???"

The air was momentarily silent, revealing some embarrassment.

After a moment, Fang Tianyuan could not help but ask in a low voice,

"Eldest Senior Brother, it hasn't been a year since you left Jiang City, right? Where did the five years come from?" Yun Lige glanced at him and said indifferently, "What do you know? This is a secret technique Master imparted to me before I left. He said that as long as I say this, my chance of revenge will increase to more than 90%." "Hiss! What's so special about what you just said?"

Fang Tianyuan widened his eyes, and Yun Lige shook his head.

"I don't know what's so special about it. Moreover, Master said that anywhere between three or five years is fine. I thought that five years is more advantageous since it's higher. Therefore, I said five years. As for why it's special, I don't need to think about it. In any case, Master definitely has his reasons for telling me this."

Beside them, Ji Wuxia immediately took out her notebook from her storage bag and secretly recorded it.

"Before you take revenge, you have to say it's been three to five years since you've returned... It can greatly increase the success rate of your revenge."

**Uc**

Yun Lige heaved a sigh of relief and said coldly, "Alright, cut the crap. We should enter the city."

The three of them stepped into the city gate. The guards at the city gate immediately questioned the three of them.

"Stop, where are the three of you from? Why are you dressed in such strange clothes? Take off your masks. We want to check." Yun Lige glanced indifferently at the other party and directly crushed over mercilessly with the pressure of the first level of the Soul Refinement Realm.

In an instant, the other party's face turned pale, and his legs turned weak as he retreated repeatedly.

Then, Yun Lige directly stepped into the city gate.

“Mind your own business.”

The captain of the garrison wiped the cold sweat from his forehead with his sleeve and said with a trembling voice,

“Heavens, the pressure the other party emitted just now was too powerful, right? Where did these experts come from? Looking at their murderous looks, something big is about to happen in Jiang City!”

After the three of them entered Jiang City, Yun Lige led the way and arrived at the Xiao family estate directly.

It turned out that this was originally the Yun family estate. Back then... because Yun Lige’s fiancée, Jiang Luoyu, fell in love with Xiao Bei, Yun Lige became furious and went against Xiao Bei. In the end, it caused the entire Yun family to be destroyed. Even the Yun family’s centuries-old family business was turned into the Xiao family’s property.

How could Yun Lige not be furious?

Clenching his fists tightly, killing intent surged. Yun Lige could not be bothered to say another word.

“Kill!”

The faint word “kill” revealed dense killing intent. Without saying a word, Ji Wuxia and Fang Tianyuan directly attacked. The Xiao Family martial artist guarding the door was directly killed without even having the chance to react.

The door was directly and mercilessly blasted through. The two Soul Refinement Realm experts were like ferocious tigers that had trespassed into a flock of sheep. They crushed crazily and killed in an unstoppable manner.

Explosions and screams filled the air.

The entire Xiao family estate was covered in corpses and rivers of blood, as if it was a living hell.

The people in Jiang City naturally quickly discovered the tragic state of the Xiao Family. After all, the commotion was so huge that it was impossible to hide.

The first to bear the brunt were the various large families in Jiang City. Now, they were all Xiao Bei’s lackeys. Since the Xiao Family was being attacked, it was naturally impossible for them not to come out.

Wave after wave of martial artists rushed over quickly.

“How dare you kill people in my Jiang City? Aren’t you thinking too little of my Jiang City?”

“How dare you touch Master Xiao’s house. You’re really tired of living.”

“My Jiang City is not a place for you guys to act atrociously. The Xiao Family is not an existence you can casually bully.”

“With my Sun family around, you guys can’t attack Master Xiao’s family.”

Yun Lige treated them coldly.

These people had also been close friends of the Yun family in the past. Many of them even called his grandfather and father brothers.

However, to this day, in just a few months, they had become Xiao Bei's dogs and were loyal to him.

It had to be said that this was really a huge irony!

Yun Lige did not have any additional feelings for them.

The Primordial Chaos Emperor Scripture circulated, and Yun Lige's aura soared at a high speed.

At the same time, he raised his right hand high. Spirit energy condensed and spread on his arm, forming a hundred-meter-long saber of light. Everyone could sense Yun Lige's aura rising incessantly. Immediately, they felt their scalps turn numb. "What a powerful cultivation! Not good, his cultivation is too high. We're not his match. Quickly retreat!"

Yun Lige sneered.

"Don't you think it's too late to run now?"

Before he could finish speaking, the saber beam had already landed.

Boom!

The saber fell like a meteor sweeping the ground, its might boundless.

A huge ravine more than 200 meters long was torn out of the two-meter-long bluestone ground of the Jiang City!

Those who were struck by the saber beam were directly ground to dust by the powerful saber aura.

Other than the saber beam, even those who were not directly hit by the saber beam were still struck by the astral winds... They were all sent flying to the side. At best, their bones would break, and at worst, they would faint on the spot and be severely injured to the point of death.

This extremely terrifying technique directly dumbfounded everyone, making them panic and despair to the extreme.

They had never expected this mysterious person to unleash a killing move. Moreover, its might was so powerful that it could destroy so many of them in one move!

Half of them were killed and the other half were heavily injured!

Perhaps only Master Xiao could compare to this, right?

At the moment Yun Lige attacked, a beautiful figure also arrived with a team.

When she saw what was happening, her heart skipped a beat, and her face immediately turned as pale as wax. However, even so, she gritted her teeth and landed.

However, she did not attack like the others. She only cupped her hands and said, "Senior, I'm the daughter of the Jiang City City Lord, Jiang Luoyu, and also Xiao Bei's fiancée. If I may be so bold as to ask,

how did the Xiao Family provoke you to the point that you're so furious that you actually want to destroy the entire Xiao Family?" Yun Lige turned around and looked at his ex-fiancée. His eyes were filled with complicated emotions.

If not for Xiao Bei's appearance, she would have probably married him this year, right?

However, he was also grateful for Xiao Bei's appearance.

If not for Xiao Bei, how could he know how despicable Jiang Luoyu was?

Chapter 76 Demon Aura Soars into the Sky

"You don't need to know."

Yun Lige's gaze was cold. The current him only wanted to avenge his family. He only wanted to kill that unreasonable bastard, Xiao Bei.

Jiang Luoyu gritted her teeth. Because the mask Lu Xiaoran made had a change in sound, she did not recognize that it was Yun Lige's voice.

"Senior, no matter how the Xiao Family offends you, our Jiang City City Lord Manor is willing to compensate you. We only hope that Senior will be magnanimous and spare the people of the Xiao Family."

At this moment, Yun Lige sneered in his heart.

In the past, he might have been deceived by her. However, now, he would no longer be deceived by her.

She was only stalling for time. She was stalling for time until Xiao Bei returned and turned the tide.

His master had long told him this.

"You're too long-winded... You even have the leisure to plead for leniency for the Xiao Family. You should worry about yourself first."

With a cold smile, Yun Lige took a step and directly walked towards Jiang Luoyu.

Jiang Luoyu's expression changed. The martial artists from the City Lord Manor also rushed forward to protect her.

"Stop, don't injure our Miss." "Get lost!"

Yun Lige did not show any mercy. He circulated the Primordial Chaos Emperor Scripture and punched out. His fist light was like a long dragon as it swept through the house more than a hundred meters in front of him. In the range of the fist light, all the martial artists in the City Lord Manor vomited blood and were sent flying, seriously injured, and unconscious.

Just as Yun Lige was about to arrive in front of Jiang Luoyu and reach out to grab her, a powerful aura suddenly erupted from behind Jiang Luoyu.

His cultivation was actually not inferior to the second level of the Mountain Sea Realm.

“Senior, although your cultivation is powerful, this is the Great Zhou City. Senior, you’re acting arrogantly here and wantonly killing people. You even want to harm my daughter. Aren’t you afraid that I will report you to the Great Zhou Imperial City?”

Jiang Luoyu was overjoyed when she saw this.

“Father.”

Unfortunately, her happiness did not last long. This was because just as City Lord Jiang appeared, another figure had already flown out of the Xiao Manor and punched him into the wall.

Boom!

“Father!”

Jiang Luoyu’s expression changed drastically. Before she could think about it, she was already grabbed by Yun Lige like an eagle grabbing a chick. No matter how she struggled, she was unable to break free.

Fang Tianyuan retracted his fist and blew out a breath before glancing at City Lord Jiang in extreme disdain.

“A mere City Lord wants to threaten my eldest... wants to threaten Number One, you’re courting death!”

Then, Ji Wuxia also flew out of the Xiao Manor.

“Number One, the members of the Xiao Family have all been killed by us. None of them were spared.”

Yun Lige nodded. Then, he engraved a mark in Jiang Luoyu’s body and threw her to the ground.

Then, he took a deep breath and summoned the Dragon Burial Spear. He used the Primordial Chaos Emperor Scripture with all his strength and condensed all his strength at the first level of the Soul Refinement Realm to fiercely attack the Xiao Manor.

This was his previous home. However, now, Zhishui Peak was his home!

He could not let the Xiao Manor have any chance of survival. Therefore, he could only be at ease if the entire Xiao Manor was blasted into the sky.

He had learned all of this from his master.

It was always good to be certain.

After doing all of this, he looked at City Lord Jiang and said coldly,

“Get your lackey to go out and inform Xiao Bei. Tell him that I’m waiting for him by the river.”

“Don’t play any tricks on me. I’ve already set up a mark in your daughter’s body. My spirit energy will constantly destroy her meridians. Other than making her suffer so much that she wants to die, it will also constantly corrode her life force. She only has three days to live at most. Take care.”

As soon as he finished speaking, Yun Lige and the other two immediately retreated.

City Lord Jiang immediately struggled and arrived beside his daughter.

“Luoyu, how are you?”

“Ahem...”

Jiang Luoyu coughed violently and said, “Father, I’m so cold. My entire body hurts.”

City Lord Jiang clenched his fists.

“Don’t worry. Father will send people to find Xiao Bei now. Xiao Bei will definitely be able to save you.”

At the same time, far away from the Black Tortoise True Sect, under the Demon Suppression Tower, a figure in a luxurious white robe quietly arrived.

“First Elder.”

The disciple in charge of guarding the Demon Suppression Tower immediately bowed when he saw the other party. The First Elder nodded. A strange blood-colored light quietly flashed in his eyes.

“The sect master asked me to take a look and see if there’s anything wrong with the new array formation. Get lost, I want to check.”

“Yes!”

The disciples immediately made way for the First Elder to enter.

The First Elder arrived in front of the Demon Suppression Tower, the blood-colored light in his eyes jumping faster and faster. It was as if a voice in his mind was constantly reminding him something.

“Open the formation and follow me. I will give you even stronger strength.”

“Strength.”

Gulp.

The First Elder swallowed hard. After an intense struggle, his eyes finally became especially firm.

He took a deep breath and made a hand seal.

“Open!”

In the next second, light shone everywhere on the Demon Suppression Tower, revealing countless lights. Every light represented a formation.

Bang! One of the array formations was the first to explode. As it exploded, it was as if a chain reaction had been activated. The other array formations also began to quickly explode.

Demon aura soared into the sky, expanded rapidly from the Demon Suppression Tower, causing countless cracks to appear on the walls,

The demon aura did not lose its momentum and rushed into the sky. It actually connected to the clouds in the sky and assimilated into a black and red demon cloud.

A bloodthirsty and ecstatic voice suddenly sounded from the bottom of the Demon Suppression Tower.

“Hahaha... It’s been a thousand years, a full thousand years! I’m finally out!”

Everyone’s expressions changed drastically. “First Elder, what are you doing?”

The First Elder suddenly attacked.

The strength of an Essence Realm expert was simply not something the disciples of the Black Tortoise True Sect could compare to. In an instant, they were all killed by the First Elder with a single move.

“What am I doing? I want to obtain strength. I want to become stronger! I want to step into the King Realm! Hahahaha... I want to be in control of my own lifespan. I want to obtain more lifespan. Only in this way can I walk further in the world of martial arts!”

This soaring demon aura basically made countless people in the surrounding hundreds of thousands of kilometers sense it.

After all, it was too powerful!

The bloodthirsty killing intent contained in it was extremely evil. Even though they were thousands of miles away, it still made people shudder.

Lu Xiaoran, who was setting up the array formation outside Jiang City, suddenly stopped what he was doing and frowned as he looked in the direction of the Black Tortoise True Sect.

“Strange, what’s going on? Why is there such a powerful demon aura erupting from the Black Tortoise True Sect’s side? Could it be that the Demon Sect is gathering? No, this aura doesn’t seem to be an ordinary Demon Sect expert. Could it be that guy coming out?”

Although Lu Xiaoran had never seen the other party before. However, he was very smart and almost instantly thought of the other party’s identity.

However, he quickly shook his head.

“What does that have to do with me? Even if the sky collapses, there will be someone stronger to hold it up. I just need to kill my hot

shot.”

Chapter 77 Furious

Nine Yin Mountain was a mountain not far from Jiang City. It belonged to the sect, the Nine Yin Sect.

On this day, at the foot of the mountain, the air distorted as a figure in a black trench coat slowly crawled out.

“Cough cough cough...”

He coughed violently several times, and a trace of blood seeped out of the corner of his mouth. His face was pale and colorless, and he looked especially weak. “Are these damned bastards from the Demon Sect crazy? Why do they follow me wherever I go? Moreover, they attack me whenever they see me and even try to kill me.”

“If not for the fact that I, Xiao Bei, has yet to recover to my peak strength, how could I have been chased around like this by them? It’s as if I’m a dragon swimming in the shallows while getting mocked by shrimps.” “The day I return to the Martial Monarch Realm will be the day I destroy your Demon Sect.”

With that said, he felt the corner of his mouth turn sweet. He spat again with blood.

At this moment, the forest shook, making Xiao Bei’s pupils suddenly shrink. The spirit energy in his body immediately circulated, and his entire body was extremely vigilant.

“Could it be the Demon Sect again?”

Just as he was worried, a figure in armor suddenly crawled out of the forest.

The other party was first stunned when he saw him, and then tears instantly filled his eyes. He took two steps forward and knelt on the ground with a thump, his nose covered in tears.

“Master Xiao, I’ve finally found you. Wuwuwu...”

Xiao Bei was somewhat surprised, but when he saw the other party’s armor, he seemed to have remembered something and frowned.

“You... are from the City Lord Manor?”

“That’s right. I’m from the City Lord Manor. Master Xiao, you should hurry up and return to Jiang City. Something big has happened in Jiang City! Wuwuwu...”

Xiao Bei’s heart skipped a beat and immediately had a faint bad feeling.

“What’s going on? What happened in Jiang City?”

He grabbed the other party’s collar and ignored his injuries. His face was red and he could barely breathe.

“Master Xiao, two days ago, a few experts barged into Jiang City and slaughtered the entire Xiao Manor. They even injured our Miss and planted a mark in her body, constantly corroding her life force.”

“What did you say?”

Xiao Bei’s pupils constricted, and the blood in his entire body seemed to have started to burn as it surged crazily towards his head.

“What about the families in Jiang City? And your City Lord? Didn’t they step forward to protect our Xiao family?”

“They did. Everyone did, but the other party was too powerful. We’re no match for them at all. The elites of the few big families either died in battle or were severely injured. Even our City Lord suffered quite a few injuries.”

Pfft!

Xiao Bei could not help but vomit a mouthful of blood.

He was already severely injured. Now that his blood and Qi had attacked his heart, and he spat out a mouthful of blood, his entire aura became even more dispirited.

The servant of the City Lord Manor was frightened.

“Master Xiao, are you alright? What should we do now? Our Miss only has a day left to live.”

However, Xiao Bei ignored him and directly used his footwork to quickly leave this place and return to Jiang City.

Although he also knew that there was danger ahead and that it might be safer if he did not return, However, he was the reincarnation of a Martial Monarch Realm expert!

Even if he was no longer a Martial Monarch Realm expert, he still had the dignity of a Martial Monarch Realm expert!

His family had been destroyed and his woman had been bullied. How could he run when he encountered such a situation?

If he escaped, he would lose his self-esteem and his Dao heart would also be destroyed. In the future, when he attained the Martial Monarch Realm, he would still not be able to live with himself.

Therefore, he could not run. He had to return.

The Nine Yin Mountain was not very far from Jiang City. Therefore, Xiao Bei only spent half a day to return to Jiang City.

The moment he returned to Jiang City, the first place he went to was naturally his Xiao family estate.

He wanted to see if what the other party said was true.

However, when he saw the entire Xiao family estate that had been blasted to the ground, his entire person collapsed. His mind went blank and he even almost fell from the sky.

“Dad! Mom! I’m sorry for being late!”

Xiao Bei roared as the blood in his chest accumulated and he spat out another mouthful of blood.

Then, he stood at the entrance of the Xiao Manor and did not move for a long time.

That day, when it was almost noon, Xiao Bei finally turned around and left.

Anger was necessary, but it should not be maintained.

He had to lower his anger and let himself take revenge rationally. Otherwise, he might really be unable to take revenge.

He arrived at the City Lord Manor as quickly as possible and arrived at Jiang Luoyu’s room with familiarity.

In Jiang Luoyu’s room, only her father, City Lord Jiang, was beside her.

As for Jiang Luoyu herself, it could be said that she had already begun to fall into a coma. “Xiao Bei, you’re finally back.”

City Lord Jiang was extremely excited. This was his daughter. He naturally did not want anything to happen to her.

Xiao Bei nodded and did not pay attention to him anymore. Instead, he walked straight to Jiang Luoyu's side and grabbed her wrist. He injected a weak spirit energy and began to investigate the mark in Jiang Luoyu's body.

As soon as he touched it, he could not help but frown slightly.

This was because he could sense that this power was the power of a Martial Monarch Realm cultivation technique.

The other party actually had a Martial Monarch Realm cultivation technique?!

Just who was this?

At this moment, City Lord Jiang couldn't help but step forward and say, "Xiao Bei, what's going on? Is Luo Yu's situation serious?"

Xiao Bei's eyes moved.

"It's indeed a little tricky, but it's just a small trick in front of me."

Just as Lu Xiaoran had thought, Xiao Bei did not dare to casually tell others that he had a Martial Monarch Realm cultivation technique or a Martial Monarch Realm weapon.

This was because regardless of whether it was a Martial Monarch Realm cultivation technique or a Martial Monarch Realm weapon, once news spread, it was enough to make everyone in the entire Great Zhou crazy.

At that time, the other party would not only capture the other party, but also him.

As long as Xiao Bei was not an idiot, he would not expose such a thing.

Soon, his Martial Monarch Realm cultivation technique removed the mark in Jiang Luoyu's body and even helped her repair her meridians.

Jiang Luoyu suddenly woke up. When she saw Xiao Bei, she immediately pounced into Xiao Bei's arms and started crying.

"Wuwuwu... Xiao Bei, you're finally back. I thought I would never see you again."

Xiao Bei caressed her little head pitifully and consoled,

"No, I'm back. I'm back to save you."

"Wuwuwu... Xiao Bei, I'm sorry. I'm really too useless. I didn't help you protect the Xiao family."

Xiao Bei pinched her little nose.

"Who said that you're useless? You've already done very well. In that kind of situation, I didn't even expect you to stand up for the Xiao Family."

“Thank you, Xiao Bei.”

“Why are you being so polite with me? Get some rest. I’ll go out for a while.”

“Where are you going?”

Jiang Luoyu’s heart tightened, and Xiao Bei said coldly, “I’ll go and kill that bastard.”

## Chapter 78 Destiny Battle

Xiao Bei stepped out and transformed into a stream of light that rushed to the riverside.

Jiang Luoyu struggled and got up from the bed.

“Father, bring me over. I want to watch Brother Xiao kill that bastard.”

City Lord Jiang couldn’t help but worry.

“Are your injuries alright? Why don’t you just lie at home? With Xiao Bei’s strength, dealing with the other party will definitely be easy!” Jiang Luoyu shook his head. “No, I already feel guilty for not helping Brother Xiao and protecting the Xiao family. If he kills his enemy by hand and I still don’t go and watch the battle, I won’t have a place in Brother Xiao’s heart.”

City Lord Jiang sighed.

“Alright, in that case, I’ll accompany you.”

Xiao Bei arrived at the riverside at the fastest speed.

On the riverside, three figures stood as if they had long expected him to arrive and had been waiting here.

In fact, Yun Lige and the other two were not the only ones gathered here. There were also many martial artists from Jiang City.

Yun Lige and the other two had caused such a huge commotion in Jiang City and had also killed many experts from their families. Therefore, everyone wanted to take a look.

They wanted to see how Xiao Bei planned to kill the three of them.

“Hey, who do you think is going to win?”

“Needless to say, it’s definitely Master Xiao. Who doesn’t know Master Xiao’s strength? Who doesn’t? Along the way, have you ever seen him lose?”

“That’s right. Master Xiao’s strength is indeed indisputable. In the entire Jiang City, he can already be considered an invincible existence.”

“These three people are brainless and rash. They can’t bear the anger of Master Xiao at all after destroying the Xiao family.”

These words sounded strange to Xiao Bei.

He could not tell what was strange, but it was very strange. It was as if these praises should not be directed at him but at the other party.

In the past, whenever he rose to prominence, these bystanders would definitely not think highly of him. Instead, they would think highly of his long famous opponents and even look down on him.

In the end, he would always smack their faces and kill his opponents.

However, now, after hearing someone praise him, he seemed to have lost something that he could not see or touch.

However, soon, Xiao Bei shook his head and shook off these complicated thoughts. Now was not the time to care about these strange words. Instead, it was important to kill the enemy. Taking a deep breath, he strode forward and arrived in front of Yun Lige and the other two.

“Ever since I became famous, no one has dared to attack my family. The three of you are the first and last.”

Fang Tianyuan said angrily, “I don’t think so. Your entire family has been destroyed by us. I even threw away your ancestral grave. I even peed on your grandma’s ashes before throwing all of it into the river to feed the fish. In the future, even if someone wants to attack your family, they won’t be able to.”

Oh, that’s not right. If someone wants to make you a cuckold, that’s still possible.”

When the surrounding people heard this, they could not help but shudder.

“This guy is really crazy. He’s still infuriating Master Xiao.”

“They’re dead for sure. Master Xiao probably won’t even leave their ashes behind.”

Xiao Bei clenched his fists tightly, and killing intent surged in his eyes.

It was not only because of Fang Tianyuan’s words. At the same time, he also realized that every time someone flattered him, he seemed to lose something he did not know.

He could not delay any longer. If he did, he would only lose more and more things.

“You... are courting death!”

With a cold snort, Xiao Bei took a heavy step and headed straight for Fang Tianyuan.

“I’m your opponent.”

Seeing that he was about to arrive in front of Fang Tianyuan, Yun Lige stepped forward. He circulated the Primordial Chaos Emperor Scripture, and the aura on his entire body suddenly erupted at a rapid speed.

In the blink of an eye, his aura rushed to the first level of the Soul Refinement Realm.

The two of them exchanged fists, and a hint of disdain flashed in Xiao Bei’s eyes.

“You’re only at the first level of the Soul Refinement Realm, but you still dare to be arrogant in front of me. Do you think you’re worthy?”

Although he was only at the perfected tenth level of the Mountain Sea Realm and had even been surrounded and injured by the Demon Sect...

However, he was still the reincarnation of a Martial Monarch Realm expert!

The combat experience of a Martial Monarch Realm expert was not something one should underestimate.

The strength of a Martial Monarch Realm cultivation technique was even more impressive!

Without any hesitation, Xiao Bei turned his target from Fang Tianyuan to Yun Lige.

“Get lost!”

As soon as he attacked, an explosion suddenly sounded in the air!

Then, violent winds spread, and the river surface surged like a dragon.

Xiao Bei’s move was actually monstrous. The hearts of the spectators by the river bank pounded violently, and their eyes widened as they stared fixedly at this scene. Every attack Xiao Bei made was a visual enjoyment. Moreover, more importantly, if they could obtain a trace of concept from Xiao Bei’s attack and fuse it into their martial arts, it would be a huge opportunity for them!

No one thought that Xiao Bei would lose because he was too powerful! Ever since he became famous, countless experts had wanted to kill Xiao Bei to build their reputation. However, all of them were killed by Xiao Bei.

Everyone was already used to his victory. In their eyes, the outcome already seemed decided by the heavens. As long as the two sides fought, Xiao Bei would definitely win.

Even City Lord Jiang and his daughter, who had just rushed over, had spirited expressions when they saw this. They were filled with confidence in Xiao Bei.

“Brother Xiao, you can do it!”

However!

Just as everyone thought that Xiao Bei would easily defeat Yun Lige, the moment the two fists collided, a dazzling white light was triggered and quickly spread. With a merciless attitude, it instantly blasted a huge pit more than ten meters deep into the ground. Then, it quickly spread and swallowed the ground. In an instant, the pit was expanded to a hundred meters!

This powerful shock wave also forced the two of them to retreat at the same time.

However, Xiao Bei retreated 300 meters, but Yun Lige only retreated less than 100 meters.

“What?!”

Everyone's jaws instantly dropped.

Xiao Bei was actually unable to obtain the upper hand in this attack?

What a joke!

That was Xiao Bei, Master Xiao from Jiang City!

No one knew how powerful he was, but he was the strongest in Jiang City. This knowledge was already engraved in everyone's bones.

However, at this moment, he was actually unable to even obtain the upper hand in the hands of a stranger.

Who... was the other party?

Xiao Bei's heart also pounded as he looked at the other party in confusion. He did not expect Yun Lige's strength to be so powerful.

Even if he was injured, even if his cultivation was a realm lower than Yun Lige's, and even if Yun Lige might also have a Martial Monarch Realm cultivation technique, he was still someone who was able to fight those with superior cultivation.

In fact, his combat experience as a Martial Monarch Realm expert would even make up for the difference between him and his opponent, allowing him to gain the advantage.

But now, what was going on?

Chapter 79 Young People Don't Care About Martial Monarch Realm, They Beat Up a Thousand Year Martial Monarch Realm Expert like Me

Yun Lige did not expect to be able to gain the slightest advantage.

All of this was given to him by his master. He definitely could not waste his master's painstaking nurturing. He had to strictly abide by the rules his master had taught him.

Stop talking nonsense and just do it!

Kick the opponent when he is down!

With a heavy step, Yun Lige attacked again. Xiao Bei narrowed his eyes and emitted two cold lights. Then, he snorted and took a heavy step. His body immediately soared and met Yun Lige head-on.

Yun Lige circulated the Primordial Chaos Emperor Scripture in his body crazily and attacked Xiao Bei's heart.

After suffering a loss once, Xiao Bei was not stupid. He knew that Yun Lige's methods were not insignificant, so he avoided facing the other party head-on.

With a thought, he activated the high-grade Saint Realm movement technique-Flickering Light Passing Shadow. It increased his speed by several times and he easily avoided Yun Lige's attack.

Boom!

His attack landed fiercely on Yun Lige's chest, forcing Yun Lige's figure to retreat. Yun Lige retreated repeatedly and finally returned to his original spot.

However, his body was not injured at all.

Xiao Bei's attack could not even break through the defense of Yun Lige's clothes, let alone the Saint Weapon Armor hidden inside Yun Lige's clothes.

On the second attack, Xiao Bei pulled back.

Although he had not injured Yun Lige, it had to be known that Yun Lige was at his peak state. He was also a realm higher than Xiao Bei and had two layers of defense.

If not for that, Yun Lige would have been in trouble.

"Alright!" On the shore, someone shouted. In the next moment, everyone began to cheer.

Jiang Luoyu's nervous mood was also swept away. Her small hands were placed on her chest like small claws. She heaved a sigh of relief and her expression was much more relaxed.

"I knew it. Brother Xiao Bei won't disappoint me."

Ji Wuxia transmitted her voice to Fang Tianyuan.

"Eldest Senior Brother, the hot shots are indeed extraordinary. His Martial Monarch Realm experience is not something we can compare to." "That's right. His previous move, the exquisite control of his spirit energy, and the prediction of his attack... They were all so perfect. In my opinion, even if he's injured, he can still fight someone several realm levels higher than him. At this moment, he can at least fight above the fourth level of the Soul Refinement Realm... which is around your current level. If the two of you fight, it won't be easy to determine the winner even after three days and nights."

Yun Lige took a deep breath, and his expression became especially solemn.

He really wanted to take revenge himself. However, from the looks of the situation, it was probably a fool's dream for him to take revenge on his own.

With the two of them having equal strength, it was very difficult to determine the winner.

Moreover, the other party could still escape. It was no wonder that his master had always advocated the concept of a group fight. It seemed that his master had long known that the hot shots were all difficult fellows.

"Looks like I can only use a group attack strategy. In a while, I'll go first. Tianyuan will attack second. Wuxia will attack in the dark. Since I've already made a move today, I can't let Xiao Bei go no matter what."

"Yes!"

Hearing the two of them answer, the aura on Yun Lige's body erupted again. The Primordial Chaos Emperor Scripture circulated crazily, making him instantly arrive in front of Xiao

Bei.

Xiao Bei snorted.

"Your courage is commendable, but... courage alone is not enough. You killed my Xiao family. Today, I will definitely take your head to offer as a sacrifice to the souls of the more than 130 people in my Xiao family."

The two collided. This time, they were no longer probing each other. Instead, their fists collided.

Boom! Boom! Boom!

As soon as the battle began, they immediately entered a heated state. The two of them were extremely fast, leaving behind afterimages in the air. Everyone was dazzled. For every two figures that appeared, ten more would appear on the other side.

The sound of fists and palms colliding sounded endlessly. Spirit energy shock waves surged wave after wave.

Large craters were constantly blasted out from the ground.

The vegetation on the river bank was forcefully pushed down by the spirit energy because of the strength of the two of them. The energy that struck the river exploded, and it even severed the river on the spot, forcing the river water to flow backward. In the next second, the water body collided again, shocking countless fish and prawns to death.

As the battle continued, Xiao Bei became more and more shocked.

Actually, with his rich combat experience, he could already tell Yun Lige's trump card.

First of all, Yun Lige's spirit energy recovery speed was very fast, faster than he imagined. This was definitely not an ordinary Martial Monarch Realm cultivation technique. It was at least a high-grade Martial Monarch Realm cultivation technique.

Secondly, Yun Lige definitely had a Dharma treasure on him, and it was an existence that surpassed the Saint Realm.

This was because in the two of them fought, he had already relied on his experience and methods to attack Yun Lige many times.

However, Yun Lige seemed to be fine every time.

If not for the fact that he had an armor above the Saint Realm that helped him resist the attacks, Yun Lige would at least have suffered some injuries.

This simply made Xiao Bei vomit blood. He was really shocked!

Where did this guy come from? Not only did he have a Martial Monarch Realm cultivation technique, but he also had a Saint Realm weapon.

If the other party was a Martial Monarch Realm expert or even an expert above the Emperor Realm, he would still more or less understand.

However, the other party was only a small fry at the Soul Refinement Realm!

Moreover, he was at the first level of the Soul Refinement Realm!

Where did he get this configuration from?

Just as he was feeling puzzled, he suddenly felt a sense of danger. Xiao Bei's pupils constricted as he forced Yun Lige back with a palm. Then, he quickly adjusted his spirit energy to resist the sense of danger on the left.

Bang!

Just as he turned around, a huge force collided violently. Xiao Bei felt his arms turn numb on the spot and almost break! His entire body was sent flying more than a hundred meters.

Even though he forcefully stabilized his body, his blood was still surging. What a hard fist!

He swept his gaze over Fang Tianyuan and saw the other party's glass golden fist, his eyes jumping

Top-grade Martial Monarch Realm!

He definitely had a top-grade Martial Monarch Realm cultivation technique!

Yun Lige's Primordial Chaos Emperor Scripture was not released, so it was not easy for him to determine. However, he could tell at a glance that Fang Tianyuan's Indestructible Golden Body was definitely a top-grade Martial Monarch Realm cultivation technique.

Moreover, that was a completely different cultivation technique from Yun Lige.

Damn it, where did these people come from? This guy seemed to only be at the fifth level of the Soul Refinement Realm. How did he have a top-grade Martial Monarch Realm cultivation technique?

The people on the river bank immediately could not help but discuss.

"They're too despicable. How could this be? Isn't this a group fight?" "That's right. Are they fighting together because they can't beat Master Xiao in a one-on-one battle?"

Jiang Luoyu sneered.

"So what if it's a group fight? Ants are still ants. It's not like Brother Xiao hasn't dealt with a group of experts at the same time. In the end, he will still obtain a complete victory! In front of Brother Xiao, all teamwork and schemes are just paper tigers!"

Chapter 80 I Must Have Been Tricked

As soon as Jiang Luoyu finished speaking, Yun Lige and Fang Tianyuan had already pounced forward from both sides.

The two of them attacked continuously. They attacked with their Martial Monarch Realm cultivation techniques and instantly destroyed Xiao Bei's advantage, forcing him to retreat repeatedly.

Xiao Bei was so furious that he almost vomited blood. He could clearly sense that when Jiang Luoyu spoke just now, he seemed to have lost something

Originally, he did not think it through. However, when Yun Lige and Fang Tianyuan attacked him at the same time, Xiao Bei suddenly understood.

He understood what it was that he lost!

It was luck.

He realized that as long as these people praised him, he would lose a portion of his luck. As a result, his attack that should have been successful in the battle became useless. Instead of obtaining the upper hand, he fell into a disadvantage.

However, there was no other way. This was his battle. If he did not succeed, he would die trying

Moreover, no one was there to help him.

Therefore, he could only work hard now.

However, he was not afraid. Even if the other party had a Martial Monarch Realm cultivation technique and a Saint Realm weapon protecting his body, so what?

They never had the combat experience of a Martial Monarch Realm expert like him!

In his previous life, he had encountered more than ten million enemies.

Which Martial Monarch Realm expert did not step on white bones?

It was not like he had never fought a group battle alone.

How could such a small loss and predicament disturb his mental state?

Therefore, after experiencing the initial chaos, Xiao Bei quickly adjusted and was able to barely keep up with the pace. He could be considered to be able to fight normally with Yun Lige and Fang Tianyuan and not be beaten passively.

Very good, as long as he continued to attack at this pace, it would not be long before he could reverse the counterattack and take down the two of them. It would only be a matter of time before he obtained victory in the battle.

Boom!

With the help of a counterattack shock wave, Xiao Bei and Yun Lige pulled away a little.

Then, he quickly formed a mark with his hands. The surrounding Heaven and Earth spirit energy seemed to have sensed something and quickly condensed towards him.

Jiang Luoyu's eyes lit up and he was overjoyed.

“Brother Xiao told me about this move before. It’s the Fearless Lion Seal! He said that this move is an extremely powerful killing move. Once it is used successfully, the power will be endless.”

“Since he used this move, those two black-robed men definitely won’t be able to

last.”

“This battle is about to end.”

However!

The moment she finished speaking, Xiao Bei’s back was suddenly struck by a huge force, making him vomit blood on the spot. He turned into a stream of light and smashed fiercely onto the ground like a meteor.

Boom!

A loud bang sounded, and the ground trembled violently. Xiao Bei smashed into the ground and created a huge pit more than 50 meters in diameter on the ground. The surrounding of the pit cracked, and countless turbid river water poured in. The scene was extremely spectacular. “Brother Xiao!”

Jiang Luoyu was shocked and her eyes immediately turned red. Not far away, Ji Wuxia slowly retracted her Mountain Overturning Mark.

“Idiot, there’s still me. Do you think we’ll give you a chance to use your ultimate technique?”

Xiao Bei, who was in the water, was about to question his life.

Be it Jiang Luoyu or the other people in Jiang City, weren’t their mouths too foul?

Every word they said would cause him to lose a lot of luck.

Just now, if he attacked with his Fearless Lion Seal, he would at least be able to regain the dominance of the battle in a short period of time.

However, those people had ruined it.

At this moment, he even suspected that he had been deceived.

Could it be that these bastards from Jiang City had joined forces with these three to deal with him?

Forget it, it was not the time to think about this for the time being. Ji Wuxia’s move just now had made his blood and Qi surge. The spirit energy in his body also became chaotic. He would hide in the water for a moment and quickly recuperate.

At this moment, Jiang Luoyu’s voice sounded through the turbid river.

“Brother Xiao Bei will be fine. His strength is simply unimaginable for you guys! You’ll see soon. Brother Xiao Bei is only messing around. As long as he gets serious, killing these three people will be as easy as flipping his hand.”

Hearing this voice, Xiao Bei immediately felt that something was wrong. The battle experience of a Martial Monarch Realm expert told him that he could not be careless.

“Retreat!”

He had just retreated when a spear pierced straight into the water in the next second. The energy contained in it directly sent the water flying, revealing the ground that was moist.

The scene was extremely spectacular!

However!

Before Xiao Bei could rejoice that he had dodged this move, a golden light passed through the water screen.

“Not good!”

Without being careless at all, Xiao Bei immediately circulated his cultivation technique forcefully, condensed his arms, and crossed them in front of his chest to resist.

Boom!

Almost the moment he completed his action, the golden light happened to arrive in front of him. It was Fang Tianyuan’s punch that he exerted with all of his strength. This punch mercilessly landed onto his arms.

The huge force made him fly out like a meteor again, fiercely crashing through the wall more than five meters thick.

Xiao Bei felt that his body was about to fall apart. However, before he could breathe, a phoenix cry sounded in his ear.

Clang!

Xiao Bei was just about to circulate his cultivation technique to resist when he was already struck in the shoulder by Ji Wuxia’s

palm.

The True Phoenix Nine Transformations covered Xiao Bei. On Ji Wuxia’s palm, a huge phoenix claw appeared. Like a steel saber, it tore apart Xiao Bei’s shoulder.

At the same time, the huge force brought him out like a ball.

Boom!

With another loud bang, Xiao Bei smashed through the wall again.

Before he could stabilize his body, Yun Lige had already taken out the Dragon Burial Spear and shot out.

Boom!

A huge spear beam spread out for hundreds of meters and smashed fiercely onto Xiao Bei's waist, directly smashing him into the ground.

Xiao Bei had already completely lost the right to fight.

Even if he had been injured by the Demon Sect previously, Yun Lige or any one of the other two might still be slightly inferior to him in a one-on-one battle.

However, once the three of them joined forces, the advantage was not something Xiao Bei could bear.

At this moment, in front of everyone in Jiang City, Xiao Bei was beaten up like a ball and was unable to fight back.

Everyone was dumbfounded.

This was the arrogant Xiao Bei and Master Xiao in Jiang City!

When had he ever suffered such humiliation?

In the past, no matter what enemies he encountered, he would always step on their faces.

Now...

"Do you think... Master Xiao... will be killed?"

At this moment, a young martial artist from Jiang City could not help but ask carefully.

However, he was quickly berated by several Jiang City big shots. "Nonsense! Who do you think that is? That's Master Xiao!"
