

Ancient 1011

Chapter 1011 Emperor Ye

Under the leadership of Gu Qinlan, Ye Feng came to the Qiren Mansion in Xuezhou Prefecture.

Qiren Mansion is a very special place in Selangor Prefecture, and it is also a very special department.

The Qiren Mansion, as the name suggests, is an institution where the state government recruits strange people and strangers.

As long as you have special abilities, are strong, or have unique insights in a certain aspect, you can join the Qiren Mansion and enjoy the various cultivation resources and various benefits provided by the state government.

Ye Feng followed Gu Qinlan and walked outside the Qiren Mansion area. .???.??

He immediately saw a series of ancient pavilions built in this area.

There are birds singing and flowers blooming everywhere, meandering water flowing to drink wine, and it is different from most other architectural styles in the cold and serious mansion. It is like a paradise.

This is the Mansion of Strange People, a place specially created by the state capital for all kinds of strange people to be recruited.

Gu Qinlan said: "Ye Feng, after you enter the Qiren Mansion, you can have a good discussion and exchange with some strange beings living in it. It may be of great benefit to your martial arts practice."

Ye Feng nodded and said with a smile: "I have heard a long time ago that Qiren's Mansion is a magical place that attracts all kinds of strange people from all over the world. They all have their own special methods. If you have the chance, you must visit. visit."

Gu Qinlan said: "It depends on the situation. There are some guys in Qi Ren Mansion who are aloof and withdrawn. You'd better not provoke them to avoid any conflicts."

Ye Feng said: "I know, by the way, I hope that after I enter the Qiren Mansion, Miss Lan, the name you reported to me can be changed."

Gu Qinlan was a little surprised and said: "Isn't Ye Feng a bad name?"

Ye Feng smiled and said: "Because I am now a remaining disciple of the Sword God Tiangong. If some people know me, it may cause some unnecessary trouble."

Gu Qinlan suddenly nodded and said: "That's right, then what name do you want me to report to you for the court?"

\u003e

Ye Feng thought for a while, then smiled and said: "Call me Ye Emperor."

"Emperor Ye?"

Gu Qinlan was stunned for a moment, and then said with a smile: "Ye Di, Ye Di... This name is quite domineering. Okay, Ye Feng, don't worry. The name I will report to you will be Ye Di. From now on, Qi Ren Mansion It's a new person named Ye Di."

At this time, Gu Qinlan walked towards a certain direction in the distance and said: "I will go and give you the information to apply for entering the Qiren Mansion. You can wait here first."

Ye Feng smiled and said, "Okay, thank you so much, Miss Lan."

Looking at Gu Qinlan walking away, Ye Feng himself fell into thinking.

The reason why he wanted to change his name from Ye Feng to "Ye Di" was mainly to prevent his name from attracting attention.

Apart from his identity as a disciple of the Sword God Tiangong, the most important thing is that he was the crown prince of the Creation God Dynasty in his previous life, also called Ye Feng.

Although three thousand years have passed, and at that time he was just a sick crown prince who was cursed by God, and his reputation was not obvious.

But after all, those who experienced the turmoil back then must know that the crown prince of the Fortune God Dynasty was named Ye Feng.

Now that we have come to the land of the spirit world, the nineteen states of the human race are all ruled by the Tongtian Divine Dynasty, so Ye Feng naturally has to be cautious.

Now Ye Feng temporarily lives in the state capital and joins the Qiren Mansion, hoping to sneak into the imperial organization of the Tongtian Divine Dynasty in an attempt to take revenge.

So Ye Feng knew that his name must be hidden from the beginning.

It doesn't matter that only Gu Qinlan knows her real name.

From now on, in the eyes of others, I will have another name.

Moreover, Ye Feng knew that he had entered the relevant institutions of the imperial court.

, then many of the methods of his Divine Creation Technique cannot be revealed easily, lest they be discovered by interested people.

However, Ye Feng felt that there was not much danger in the inherent talents awakened from each level of the Divine Art of Creation.

Because the talent he awakened by practicing the Divine Art of Creation is different from the natural talent his father, Emperor Ye Qing, awakened back then.

In this world, there are many people whose bodies contain special bloodlines and talents, and who have awakened various abilities. Ye Feng himself does not need to be so cautious.

As for why he is called Ye Di?

Ye Feng was just a name that came to mind at the moment.

Back then, there were some connections that reminded him of his father, Emperor Ye Qing.

Emperor Ye, it can be regarded as a promise made by Ye Feng to himself. He must assassinate Gu Tongtian, overthrow the rule of Tongtian Divine Dynasty, and let the royal family of the Creation Divine Dynasty regain the title of emperor!

Ye Feng waited there for a long time, and Gu Qin Lan came over from a short distance with a few old men.

Gu Qinlan introduced: "These old people are all the deacons in charge of Qiren Mansion in our state capital. I came to them this time to register your identity information for you, Emperor Ye, and then you can directly join Qiren Mansion. That's it." A member of the Qiren Mansion."

In Gu Qinlan's words, Ye Feng was called "Ye Di". Naturally, he did not forget Ye Feng's explanation to him before and wanted to change his real name.

When Ye Feng heard the name Gu Qinlan, he immediately blinked at her and expressed his gratitude.

Gu Qinlan also responded by blinking her beautiful eyes, obviously also responding that she had always remembered your instructions.

At this time, a deacon walked up to Ye Feng, a white scroll appeared in his hand, and said with a smile: "Master Ye Di, right? You fill in your origin and identity information in this scroll, and then It's time to join the Qiren Mansion."

Ye Feng is so young, but he is attracted by Gu Qinlan, a seven-year-old

With the young lady attaching such importance to her, several deacons in the Selangor Prefecture were also very polite to Ye Feng.

"Okay, I understand, thank you, senior."

At this time, after Ye Feng took over the scroll, he saw that the information that needed to be filled in in the scroll was very basic, and he had no intention of getting to the bottom of it.

Obviously, the Qi Ren Mansion is a very special organization. The identity of those who have the ability to join it is not important. Filling in the information scroll is just a formality. The main thing is to abide by certain rules in the state government, and there will be no problems. .

At this time, Ye Feng quickly filled in the information questions that needed to be filled in the scroll, and then he handed the scroll back to the deacon.

At this time, several deacons saw that the matter was done, and they all smiled and said: "Congratulations, Mr. Ye Di, for officially joining our Qi Ren Mansion in Xuezhou Prefecture. The rules after joining Qi Ren Mansion, I think Miss Seven will understand I told you very clearly."

At this time, several deacons said, and walked away directly, obviously to send Ye Feng's identity information to the archives cabinet in the Snow State Prefecture for storage, and then "Ye Di", starting from today, He officially became a part of the Selangor state capital.

From now on, Ye Feng can enjoy various cultivation resources and welfare benefits handed down from the upper levels of the state government.

Of course, as a member of the Qiren Mansion, Ye Feng also needs to complete various tasks for the state capital.

Of course, these tasks are not heavy or numerous, but as long as they appear, they will definitely be impossible for ordinary people to complete and do, so they need the help of Qiren Mansion.

At this time, Gu Qinlan stretched out a jade-white little hand and said, "Ye Feng, oh no, I should say Mr. Ye Di, congratulations on joining our Qiren Mansion in Xuzhou."

At this time, Ye Feng smiled and stretched out his hand, holding the white hand of the beautiful figure in front of him, and said: "I am honored to join the Snow State Qiren Mansion. I will ask Miss Seven for your guidance in the future."

Chapter 1012 Disguise

Gu Qinlan led Ye Feng towards the inner area of Qiren Mansion.

At this time, Ye Feng looked at the beautiful figure beside him and asked, "By the way, what are the rules of Qiren Mansion that the deacons mentioned before?"

Gu Qinlan said with a smile: "There are no other important rules. Qi Ren Mansion is the most special institution in Xuezhou Prefecture. Everyone who joins Qi Ren Mansion has special means and abilities, so the upper level of our state government has There are no compulsory requirements for these special guys in Qiren Mansion. They only need to help solve the problems when there are some special problems that cannot be solved in the state capital. There are no other restrictions. They are better than you in the sect. I'm afraid I still have to be free."

Hearing this, Ye Feng nodded and said, "In that case, it would be a good idea for me to join the Qiren Mansion, because I like the unrestricted place very much."

Gu Qinlan said with a smile: "You and I have experienced so much, Ye Feng. Naturally, I know your character, Ye Feng, is very free and easy. If it weren't for the fact that Qiren Mansion is very special, I would not have tried my best to invite you to join Qiren Mansion." "

At this time, the two of them chatted without saying a word, and soon came to the center of Qiren Mansion.

Guqinlan is the seventh young lady in Selangor Prefecture, so she naturally has some special rights. She helped Ye Feng arrange a place to live, which is a very comfortable place near the center of Qiren Mansion.

This is an extremely quiet courtyard, surrounded by meandering streams and rows of weeping willows. It looks full of greenery and vitality.

The air is very good, the environment is very quiet, and there is a tentacle of the earth dragon vein under the ground here, spreading here, providing extremely strong spiritual energy and earth dragon vein dragon energy.

Ye Feng approached his small courtyard at this time, and immediately felt a fresh air, which made his spirit and soul feel extremely comfortable.

Ye Feng immediately understood that this was a high-quality place that Guqinlan specially selected for herself.

Ye Feng looked at Gu Qin Lan beside him and said with a smile, "Thank you so much, Miss Lan."

\u003e

Gu Qinlan smiled casually and said: "I invited you to join the Qiren Mansion in our Xuezhou Prefecture. Naturally, I have to make good arrangements for you, my best friend, otherwise I will feel uncomfortable in my heart. I'm so sorry."

When Ye Feng heard this, he smiled slightly and didn't say anything more. He just walked into his own exclusive small courtyard.

Ye Feng's soul power was radiating out at this time, and he immediately sensed that there was an extremely rich earth dragon vein energy under the ground.

This is of great benefit to his practice of the Ten Thousand Dragons Sacred Art.

Uh-huh!

At this time, a talisman suddenly flew from not far away.

The talisman flew to Gu Qinlan's side, and a voice suddenly came out: "Miss Qi, the Lord of the Palace has something to discuss with you. I also ask Miss Seven to come to the Lord's Hall as soon as possible."

At this time, Gu Qinlan put the talisman into her hand, then looked at Ye Feng, and said with a smile: "Ye Feng, then you can go to the Qiren Mansion area by yourself first. I have something to deal with."

"Okay, go ahead."

Ye Feng nodded and said with a smile.

"Um."

Gu Qinlan nodded slightly, then jumped up.

The graceful figure has disappeared into the distance.

At this time, Ye Feng walked into a house behind the small courtyard and looked at the decoration and environment of the house. It was not luxurious and had a fresh and calm atmosphere, which Ye Feng liked.

Next, Ye Feng looked at the void beside him and said: "Teng She, this will be our temporary residence from now on."

Buzz!

There was a fluctuation in the void, and a shadowy man in black clothes and black hair appeared. He was none other than the Ancient Teng Snake.

Teng She nodded and said: "I know, the environment here is indeed very good. The entire area seems to be shrouded in a very powerful creation formation of heaven and earth. When people are in it, they just feel that every moment Every moment, I am bathed in the pure aura of heaven and earth."

Ye Feng nodded and said, "As long as you like it here, by the way, I'll go out for a walk, and you can keep the house here."

"good."

Teng She nodded.

He jumped up to the roof, sat cross-legged, closed his eyes and breathed.

For Soaring Snake, he does not need any luck.

Teng She inherits the ancient bloodline from his ancient ancestors, and he only needs to continue to discover the bloodline treasures hidden deep in his body.

Ye Feng walked out of the small courtyard at this time. His soul power was strong and his perception was also very powerful. In an instant, he noticed many powerful and obscure auras, each of which was hidden in various directions and locations of this strange man's mansion.

"It seems that there are still very powerful guys in this strange man's mansion..."

Ye Feng murmured.

Some of the auras he sensed made even Ye Feng feel extremely fearful.

Ye Feng came out at this time. Firstly, he wanted to take a look at the general environment of Qiren Mansion. After all, he might live here for a long time. Secondly, Ye Feng wanted to find out what he had known before. The Wu Jiu.

Wu Jiu, a skinny old man, was an unfathomable and very powerful senior spiritual pattern master.

Back then, Ye Feng had just escaped from Longyuan Continent and came to the land on the edge of Snow State. He had killed an evil sect and happened to save Wu Jiu.

r\u003e

At that time, Wu Jiu was trapped underground by this evil sect. The evil sect used strange poison to control Wu Jiu, but under Ye Feng's poison-eating insects, Wu Jiu's poison was easily released.

After not seeing each other for a long time, Ye Feng almost forgot about the person he had met.

Moreover, Ye Feng also has a piece of Qingshan Order on his body, which was given to him by Li Qingshan, the number one painter in Xuezhou Prefecture.

Ye Feng still admires this great painter and great spiritual pattern master who wrote a scroll on the frontier land and killed countless demons.

Ye Feng is now also practicing the Spirit Pattern Master. If he can find these two people, anyone can be his teacher. He can learn from them and let his Spirit Pattern Master transform and improve.

Nowadays, the most powerful spiritual pattern in Ye Fenghui is the third-level low-grade spiritual pattern, the Lantern Spiritual Pattern.

This is no longer enough for Ye Feng now.

If he could improve his level as a spirit pattern master, then he would have a status respected by everyone in the Qirin Mansion in this state capital.

And Ye Feng has now changed his name to "Ye Emperor". If he can make his spiritual pattern master his main focus, let everyone think that he is a powerful spiritual pattern master, and he can also contribute to his martial arts. It creates a concealing effect with the Divine Art of Creation.

After all, if an ancient powerful man from three thousand years ago saw the Divine Art of Creation and his own martial arts power, he might be able to recognize him. Then he would realize that he was the crown prince of the Divine Dynasty of Creation three thousand years ago. It's troublesome.

Together with the spirit pattern master, as the "Ye Emperor"'s exclusive identity and ability, he can definitely deceive others.

Thinking of this, Ye Feng eagerly wanted to improve his ability as a spiritual pattern master.

He quickly shuttled through the Qiren Mansion area, trying to find Wu Jiu or Li Qingshan.

Chapter 1013 Ning Qingxue

Ye Feng was currently wandering around the strange man's house, trying to see if he was lucky enough to meet an old friend from the past.

But in the end, after walking around, Ye Feng found that the sky was already dark, but half of the Qiren Mansion had not been finished yet.

This made Ye Feng have to sigh at how luxurious and vast the Qiren Mansion was.

The capital of Selangor is worthy of being an institution directly under the imperial court of the Tongtian Divine Dynasty, and its foundation is too rich.

Ye Feng is ready to go back, so he might as well ask Gu Qinlan tomorrow where his old friend lives in Qiren Mansion.

After all, Ye Feng already knew at this time that the entire Qiren Mansion area was like a maze.

When I first arrived, I was really going to faint.

"You go back and tell your ninth young master, Su Yici, that I have already told him that I don't like him! Tell him to stop sending you to bother me!"

Suddenly, just as Ye Feng was about to return, a woman's angry voice came from not far away.

Su Yici?

Ye Feng's eyes moved.

This name was very familiar to him, like thunder.

Su Yici was the ninth son of the Su family, one of the eight super families in the divine capital of the Tongtian Divine Dynasty in the center of the nineteen states of the human race.

Moreover, the Sword God Tiangong was destroyed this time because the Sword God Tiangong got into trouble with the Su family, a super family.

The Su family asked Su Yici, the ninth son, to lead countless powerful men to destroy the entire Sword God Heavenly Palace.

Although Ye Feng does not have deep feelings for the Sword God Tiangong.

But in the end, Great Elder Ziyunchuan and others must have died because of this man.

Moreover, this Su family is most likely a descendant family founded by one of the eight powerful men who followed Gu Tongtian's rebellion three thousand years ago.

Therefore, Ye Feng naturally has a vague hostility towards Su Yici and the Su family.

At this time, he heard the angry roar of the woman, who was probably the daughter of the lord of Xuezhou Palace.

Because Ye Feng had heard before that Su Yici, the ninth son of the Su family, did not return directly to the Su family in the capital after annihilating the Sword God Tiangong.

He stayed in the Snow State Mansion as a guest, seemingly to pursue a daughter of the Lord of the Snow State Mansion.

Ye Feng thought that the daughter was Gu Qinlan before, but later he realized that she was not.

But the owner of the angry voice at this time must be the daughter of the Xuezhou Palace Lord Su Yici was pursuing.

However, the daughter of the head of Xuezhou Palace seemed to be very cold towards Su Yici.

Just as Ye Feng was thinking secretly, a group of people came over not far away.

Uh-huh!

Ye Feng suddenly dodged and hid directly in a surrounding garden.

Looking through the grass and trees, you can see the scene not far away.

At this moment, there were seven or eight guards of the Su family, all of whom seemed to be under the command of Su Yici, the Ninth Young Master. They were holding a gift box in their hands, asking a graceful woman to open it.

This graceful woman is very young, she looks no more than eighteen or nineteen years old. She is dressed in white, her skin is like snow, and her temperament is classic and elegant.

Obviously, this beautiful woman is the daughter of the lord of Xuezhou Palace whom Su Yici is pursuing.

At this time, Ye Feng heard that a Su family guard called her "Miss Ning Qingxue."

Ye Feng's heart couldn't help but move, "Ning Qingxue? She seems to be the third daughter of the Lord of Xuezhou Palace. No wonder the Ninth Young Master from the super family Su Family is attracted. She is indeed beautiful and elegant, like a fairy above the nine heavens. , falling into the mortal world, the beauty is incomparable. "

However, the most confusing thing in Ye Feng's mind at this time is that Ning Qingxue followed her father's surname Ning, but Guqinlan's surname was Gu and did not follow her father's surname Ning. Could it be that Miss Lan followed her mother's surname?

Ye Feng was thinking in the dark at this time, but on the road outside, a group of people had already started an argument.

Ning Qingxue, who was like a snow-white fairy, stared at the several Su family guards and said angrily: "Can you please stop annoying me? I will not accept Su Yici's gift box.

"

Even though Ning Qingxue had always been well-educated, very elegant, and had an aloof temperament, she was now furious at being annoyed by this group of Su family guards.

At this time, a Su family guard immediately bowed and said: "Miss Ning Qingxue, please accept this gift box. Otherwise, if we go back, Master Ninth will definitely punish us severely and even kill us." "

"so serious?"

When Ning Qingxue heard what the Su family guard said, her beautiful eyes suddenly trembled. She didn't expect Su Yici, the ninth son of the Su family, to be so violent?

Thinking of this and looking at the group of Su family guards, Ning Qingxue couldn't bear it. She finally nodded and said, "Okay, then I'll accept this gift box and you can go back."

With that said, Ning Qingxue went to pick up the gift box held by the Su family guard.

"boom!"

But the moment Ning Qingxue touched the gift box, the lid opened automatically.

laugh!

A colorful strange gas suddenly emitted from the box.

Just as Ning Qingxue took a breath, she inhaled this gas.

At this moment, her expression suddenly changed: "It's a scam!"

Buzz!

But the next moment, Ning Qingxue realized that she couldn't bring out her powerful cultivation at all.

She only felt that her whole body suddenly became limp and fell to the ground.

"you....."

Ning Qingxue suddenly looked at the group of pitiful Su family guards.

However, they found that all the Su family guards had smiles on their faces as if they had succeeded in their conspiracy.

Ning Qingxue was extremely frightened and angry, and shouted: "What are you going to do?"

"What?"

A Su family guard sneered and said: "Third Miss, your attitude towards our Ninth Young Master has been really unfriendly during this period.

Our Ninth Young Master is impatient to wait. He is the young master of the Su family, one of the eight super families in the dynasty. He can get wind and rain if he wants. You are a daughter of the state capital of Xuzhou. Young Master Ninth wants you. To be his concubine, you have to obey! "

Ning Qingxue's beautiful eyes were extremely ugly, with an expression of disbelief, and said: "You... you want to take this young lady back by force? Are you not afraid of my father..."

"What are you afraid of!"

A Su family guard interrupted Ning Qingxue, the third young lady, and said, "Third young lady, I'm sorry. This is our ninth young master's order. If we don't obey, there will only be death. Therefore, we can only take you back now." , after our Ninth Young Master favors you, even if you are the master of Xuezhou Palace, due to the huge power of our Su family, I am afraid that he will not be able to say anything, and he will probably just turn a blind eye. "

"No!"

Ning Qingxue saw several people walking towards her, and her beautiful eyes suddenly showed a look of extreme fear.

She never expected that Su Yici, the ninth young master of the Su family, would be so ruthless and daring to do such a thing directly in the state capital!

However, Ning Qingxue felt extremely desperate because the gas she had just breathed in made it impossible for her to exert even the slightest bit of strength at the level of a perfect celestial being!

A group of Su family guards all had dark eyes, staring at the helpless Third Miss lying on the ground not far away, and said with a sinister smile: "Third Miss, just accept your fate, you are born with a seven-orificed body. Exquisite heart is a physique blessed by God. Our Ninth Young Master

is born with supreme bones. You are definitely a match made in heaven. If you become a martial arts partner, you will definitely be able to nourish each other..."

"Shut up!"

Ning Qingxue shouted angrily, her beautiful and elegant face filled with an ugly look, and said, "I will never become that Su Yici's partner until I die, he makes me feel sick!"

Several Su family guards disagreed and just sneered: "Then it's not up to you, Miss Third, now!"

With that said, several Su family guards were about to stretch their claws towards Ning Qingxue.

Chapter 1014: Destroy with one sword

"stop!"

Suddenly at this moment, a young boy's cold shout suddenly sounded.

Uh-huh!

The next moment, Ye Feng's handsome and tall figure appeared in everyone's sight.

Ning Qingxue is the third young lady of Xuezhou Prefecture and the sister of Guqinlan. Naturally, Ye Feng will not leave her alone.

What's more, the behavior of these people of the Su family was really vicious and cunning, which made Ye Feng very disdainful.

"Boy, who are you?"

"Get out of here and stop meddling in other people's business!"

"Do you know what kind of existence you are facing now? You are not someone you can afford to offend."

At this time, seeing Ye Feng duck out from the surroundings, several guards were startled at first, but then they all yelled angrily. .??.

At this time, Ning Qingxue looked at Ye Feng with her beautiful eyes, very surprised. She did not expect that someone would jump out to help her at this time.

Ye Feng stared at a group of Su family guards not far away and said coldly: "My name is Emperor Ye, and I am from the Qiren Mansion in the state capital. Do you think I should be involved in this matter?"

"Strange Man's Mansion!"

"Emperor Ye?"

At this time, a group of Su family guards heard Ye Feng announcing his home status, and their eyes were suddenly startled.

After all, the name of Qiren Mansion is not in vain. Those who can enter Qiren Mansion definitely have very powerful or special means.

"From Qiren Mansion?"

Ning Qingxue, the third young lady of Xuezhou Prefecture, was now keeping an eye on Ye Feng.

Seeing Ye Feng's young face, she never imagined that such a young boy would come to the Qiren Mansion in the state capital.

But at this time, a group of Su family guards looked hard and said: "This boy looks so young. Even if he is a member of the Snow State Qiren Mansion, he is still a newcomer. Maybe he got in through connections, not at all." We entered with our own strength, so we don't need to be afraid. We can just go together and kill this kid. Then no one will know what happened today."

"good!"

"Go together!"

"Kill this nosy boy!"

At this moment, all the Su family guards looked fiercely in their eyes and burst out with murderous intent, rushing towards Ye Feng.

"How dare a bunch of bastards dare to act in front of me!"

Ye Feng shouted loudly. Although he entered the Qiren Mansion through the "back door" of Gu Qinlan, his strength could not be surpassed.

It's not as simple as everyone thinks.

"sword!"

Ye Feng did not have the talent to use the Divine Art of Creation and his own Galaxy Holy Body.

When entering the imperial court, everything must be restrained.

Ye Feng would not use his trump card easily unless absolutely necessary.

So at this moment, a sword appeared in Ye Feng's hand.

The sword is an ordinary spiritual sword.

But in Ye Feng's hands, the long sword burst out with a huge and boundless sword light, covering the group of Su family guards in an instant.

"boom!!"

An extremely terrifying sword light and sword energy exploded in the void in an instant.

"ah!"

"ah!"

Suddenly, each of the Su family guards let out howls of agony.

At this moment, the chests of these powerful guards in the Life Palace Realm were pierced by a cold and biting sword energy. It penetrated directly and stabbed to the core. Their hearts burst and blood suddenly flowed. "Bang" "Bang" "bang" fell to the ground.

Destroy them all with one sword!

"Amazing!"

"What a fast sword!"

At this moment, the beautiful eyes of Ning Qingxue, the third young lady of Xuezhou Prefecture, suddenly revealed a look of surprise.

Although she is also at the level of Dacheng Tianren, she can never guarantee that she can kill seven or eight powerful Su family guards at the Life Palace level with one move.

But the young man in black in front of him did it.

That sword strike just now was truly amazing.

"It's okay, my swordsmanship hasn't deteriorated much."

At this time, Ye Feng retracted his sword, murmured to himself, and a smile appeared on the corner of his mouth.

After entering the capital of Xuezhou, Ye Feng knew that his trump cards, the Divine Art of Creation, various innate powers, and the Galaxy Battle Body could not be used at will to avoid attracting the attention of interested people.

After all, the Divine Secret of Creation, the ultimate inheritance of the Divine Secret of Creation that ruled the entire human race in the nineteen states of the spiritual world three thousand years ago, was known as the first inheritance among all races in the spiritual world at that time. It was not just the human race, but also the spiritual world. The ultimate inheritance among all races is really too involved.

So now Ye Feng is exposed to the outside world,

It can be the way of swordsmanship and the way of spiritual patterns.

Fortunately, Ye Feng's swordsmanship is also very powerful, and he has not deteriorated much over the years.

The main thing is that Uncle Nan laid a good foundation for Ye Feng back then.

Moreover, Ye Feng himself loves swords, and his understanding of the way of swordsmanship has not fallen far for a long time.

Now Ye Feng's level in swordsmanship is not too high at the beginning of the rules of sword, but it is not low either.

After all, there are not many swordsmen who can understand the rules of the sword, they are very rare.

That's why the power of Ye Feng's sword just now was able to explode with such terrifying lethality. He killed seven Life Palace level guards with just one sword, and he didn't even have time to resist.

"Your name is Emperor Ye?"

Although Ning Qingxue was still half lying on the ground, her voice was hollow and her behavior was still elegant.

Apparently now that the crisis was over, she felt relieved and was very curious about Ye Feng.

Just now Ye Feng announced his name as "Ye Di", but Ning Qingxue had never heard of it.

So she wants to ask now.

But Ye Feng just nodded slightly at this time, and then said: "Miss Third, I think the most important thing for us now is not to understand each other, but to think about how to deal with the current situation."

Ning Qingxue's eyes were stunned. She didn't expect Ye Feng to be so calm.

She secretly admired in her heart that the young man in black had extraordinary strength and was a superb swordsman, and he was also very calm and rational.

Ning Qingxue felt grateful and appreciative of Ye Feng's life-saving grace.

But now, as Ye Feng said, the most important thing is how to deal with everything that happens here.

Ning Qingxue said: "You help me up and give me some mana. I will release a talisman and ask the secret guards I trained to come over and secretly deal with these killed Su family guards. They cannot be left behind." Every trace."

Although Ning Qingxue hated Su Yici, the ninth son of the Su family, to the extreme.

But the third lady of Selangor Prefecture knew that Su Yici couldn't offend blatantly at the moment.

The Su family, one of the eight super families in the divine dynasty, was so powerful that the Lord of Xuezhou Palace could not openly provoke them.

So Ning Qingxue knew about this matter. No matter how angry and disgusted she was, she couldn't go directly to Su Yici to confront and take revenge. She would delay it like this.

Ye Feng nodded at this time and helped Ning Qingxue up from the ground.

This third lady had a special smell and fragrance that made Ye Feng smell very fresh and felt that his spirit and soul were growing.

"Is it the power of the Qiqiao Exquisite Heart?"

Ye Feng's heart moved secretly.

He just heard from the few words of the Su family guards that this Ning Qingxue was very extraordinary. Her innate body gave birth to an exquisite heart with seven orifices. It was a gift from God. Otherwise, Su Yici would not have such feelings for Ning Qingxue. Interested, even to capture it by force.

Ning Qingxue felt Ye Feng getting closer and closer, but she just had a strange color flash in her beautiful eyes and didn't say anything more.

"I didn't expect that the Seven Apertures Exquisite Heart would have such a strong attraction for me. It is indeed a natural alien body, a natural wonder..."

Ye Feng suddenly reacted at this time and found that he was almost touching Ning Qingxue's snow-white face.

He immediately distanced himself and said apologetically: "Miss Third, I'm sorry, I was attracted by a strange force."

Ning Qingxue's beautiful white face showed only a hint of strange color, and then she said: "It doesn't matter, that is the natural function of the seven orifices exquisite heart in my body, I understand."

After saying that, Ning Qingxue didn't dwell on the matter anymore. She let Ye Feng press against her back and give her a bit of mana. She took out a talisman from the storage ring and quickly threw it out.

Then Ning Qingxue looked at Ye Feng beside her, smiled slightly, and said, "We can just wait quietly."

Ye Feng nodded, walked to the Su family guards, and squatted down, secretly devouring their skills while searching for their belongings.

When Ning Qingxue saw this scene, she couldn't help but smile in surprise and said, "Master Ye Di, you are a member of our Xuezhou Qiren Mansion. Logically speaking, you have no shortage of training resources."

Ye Feng grinned and said: "I have just joined the Qi Ren Mansion, and my background is weak. Moreover, my cultivation method is special. The consumption of cultivation breakthroughs is dozens or even a hundred times that of ordinary people. It consumes resources, and wealth is never enough. "

Ning Qingxue's beautiful eyes moved slightly and said: "Master Ye Di, you are young and promising, and I suddenly had an idea."

Ye Feng turned around, looked at the third young lady from Xuzhou, and asked, "What do you think?"

Ning Qingxue smiled and said: "I would like to invite you to be my personal bodyguard and protect me personally. I will give you ten times the supply of training resources you had in Qiren Mansion. How about that?"

Chapter 1015 Good calculation

Personal bodyguard?

Listening to what Ning Qingxue, the third young lady from Xuzhou, said, Ye Feng's eyes were slightly stunned.

I didn't expect that Ning Qingxue would make such a request.

However, Ye Feng immediately shook his head with a smile and refused: "I'm sorry, Third Miss. I am used to being unrestrained. I'm afraid I won't be able to be Third Miss's personal bodyguard. I joined Qiren Mansion because of the freedom of Qiren Mansion."

Ning Qingxue was slightly dumbfounded, and then she could only nod her head and said: "Since Mr. Ye Di is not willing, I will not force you to be my personal bodyguard. By the way, Mr. Ye Di is so young and has such strong strength. Who recommended entering our Qiren Mansion?"

Ye Feng smiled and said, "It's Gu Qinlan, the third lady's sister."

"Guqinlan?"

However, Ning Qingxue's beautiful eyes moved at this moment. She stared at Ye Feng and said, "Master Ye Di and Gu Qinlan are good friends?"

Ye Feng smiled and said: "We can be considered good friends. Miss Lan and I once entered the Tiannan ancient ruins for a long time and experienced a lot together." ??

Ning Qingxue's eyes flickered and she said: "I would like to advise Mr. Ye Di, don't get too close to Gu Qinlan. She is a mysterious woman, and she cannot have friends. She will only use you as a tool for her to use." "

When Ye Feng heard what Ning Qingxue said, he was immediately confused.

It sounds like the relationship between the two sisters is not very good.

Ye Feng quickly asked: "Miss Third said that, but I'm actually surprised that Miss Lan doesn't follow the surname of the master of the Snow State Palace, does she follow her mother's surname?"

Ning Qingxue shook her head and said: "I don't know this either. It seems that only my father knows the true origin of Gu Qin Lan. Although everyone says that Gu Qin Lan is my father's illegitimate daughter outside, she gave up Gu Qin Lan because of guilt. Lan joined the Selangor state government and became the seventh lady, but I always feel that things are not as simple as imagined. Guqin Lan gives me the feeling that she is very mysterious and dangerous, and she is an emotionless person. People only serve their own mysterious purposes."

At this time, Ning Qingxue walked up to Ye Feng, stared at him and said something

Said: "So, don't get too close to that woman Gu Qinlan, believe me, she just treats you as a tool."

Ye Feng was thinking in his heart and was about to say something.

But this time.

Uh-huh! Uh-huh!

Several figures flew from a short distance away.

These people are all women, wrapped in black clothes and with their faces covered, outlining their graceful figures.

It was obvious that these women in black were Ning Qingxue's secret guards. Each one of them had very strong cultivation and restrained aura. They were obviously masters.

When they arrived, they saw the corpses of the Su family guards scattered all over the place. There was no change in their eyes. They just knelt down on one knee towards Ning Qingxue, clasped their fists and said, "Third Miss, what should we do?"

Ning Qingxue glanced at the corpses of the Su family guards not far away and said: "Dispose of all these corpses without leaving any traces, and do not reveal a single bit of what happened here."

"Yes, Miss Third."

Several female secret guards in black clasped their fists and shouted, and then began to quickly deal with the bodies of the Su family guards on the ground.

At this time, Ye Feng was a little surprised. He sensed that the cultivation strength of these female secret guards in black were very good, and they were all at the Life Palace level.

It seems that Ning Qingxue, the third young lady of Snow State, is an extraordinary person. Although she is a woman, she has powerful means of her own.

Soon, under the handling of these secret guards, the bodies of the Su family guards were cleaned up.

At this moment, Ning Qingxue had time to buffer, and the seven-aperture exquisite heart born in her body also emitted a sacred and pure power, cleaning out all the poison in her.

Ning Qingxue regained her cultivation strength, and her body was filled with murderous aura, which was very cold.

Obviously this time

What Su Yici, the ninth son of the Su family, did made Ning Qingxue extremely furious.

But thinking about the huge power of the Su family, a super family in the city of God, and Su Yici's identity, Ning Qingxue could only endure her anger for the time being.

Ye Feng saw the change in Ning Qingxue's face, from angry, to cold, to finally calm.

This made Ye Feng somewhat admired for this third lady's endurance and fortitude.

However, Ning Qingxue was born with an exquisite heart with seven orifices and extraordinary talents. She was favored by God and was naturally not comparable to ordinary women.

However, Ye Feng felt that there was still a huge difference between Ning Qingxue and Gu Qinlan.

Although Ning Qingxue is also very extraordinary and a strange woman, Ye Feng can see through everything about Ning Qingxue at a glance, including her trump cards.

But Guqinlan is different.

Ye Feng could only see a mist from Gu Qinlan's body.

Soon everything on the field was dealt with neatly.

Ning Qingxue stared at Ye Feng, showed a moving smile, and said: "Master Ye Di, I really want to thank you this time, otherwise I may not even dare to imagine the consequences."

Speaking of this, Ning Qingxue's eyes were filled with cold murderous intent.

Ye Feng nodded and said with a slight smile: "I have now joined the Qiren Mansion in Xuezhou Mansion, and I can be considered a member of the state government. Naturally, I will not ignore death, and Su Yici, I, and the entire Su The family also has some personal grudges."

Ning Qingxue's eyes lit up and she said, "Master Ye Di, do you also have a grudge against Su Yici? That's just right. I'm just trying to think of a way to deal with this Su Yici. It's best not to let him leave our Xuzhou alive, but we must let the world know that it was not me, but Su Yici's accidental death."

Ye Feng's eyes moved and he said, "Miss Third, are you trying to fake Su Yici's death?"

Ning Qingxue nodded, her beautiful face full of murderous intent, and said: "How dare he use such vicious means to deal with

If he wants to forcefully possess me and steal the exquisite heart with seven orifices in me, then I will make him pay the price! "

Ye Feng suddenly had an idea in his mind and said: "Maybe we can cooperate, but after killing this Su Yici, I need his Supreme Bone, which is a good thing."

Ning Qingxue smiled sweetly and said: "I only want revenge and want Su Yici to die. I don't care about the rest. Although the Supreme Bone is powerful, I already have the Seven Apertures Exquisite Heart and there is no need for it at all. But Mr. Ye Di, you are sure Useful. If you get the Supreme Bone and graft it onto your body, then you will become the Innate Supreme. At that time, I will inevitably be able to practice dual cultivation with you, Mr. Ye Di, and grow together. My ambition is not just for Snow State. "

Although Ning Qingxue looks elegant and beautiful, she is a strong woman in her heart. She said: "I don't want to waste the talent God gave me. The exquisite heart with seven orifices. In ancient times, it was the qualification of an innate goddess. It is destined to enjoy the worship of all souls."

After Ye Feng heard Ning Qingxue's words, a smile appeared on his face and said: "I like to cooperate with a strange woman like Miss San, but we have to discuss this matter in the long term and not let any of it leak out, otherwise we won't talk about you and me. , even the entire Xuzhou capital will suffer endless anger from the Su family in the divine capital."

Ning Qingxue smiled and said: "Of course I know this. With Mr. Ye Di joining us, I think we will definitely succeed. When the time comes, you and I will share the fruits of victory. I have even thought about it. I am now going to the entire Selangor to look for someone who looks similar to Su Yici and see if I can find him. After we kill Su Yici, we can re-train a 'Su Yici' who will obey our orders and infiltrate the Su family. This is a plan for the entire Su family, one of the eight super families."

Ye Feng's eyes lit up and he said: "Miss Third is very calculating, this is really okay."

Ning Qingxue's amazing idea and calculation were exactly what Ye Feng needed.

He wanted to take revenge, to wash away the hatred of the destruction of the Divine Dynasty of Creation, and to place a chess piece in the current divine capital of the Tongtian Divine Dynasty in advance, which would definitely bring benefits and no harm.

Chapter 1016 Invincible Sword Domain

After Ye Feng and Ning Qingxue discussed some things again, they separated.

Ye Feng went directly back to his residence and saw Teng Snake practicing on the roof. He didn't say anything, but returned to his room and practiced silently.

Now that he is in the capital of Selangor and has infiltrated into the imperial court, Ye Feng is naturally preparing to improve his publicity skills.

There are two main ones, one is swordsmanship, and the other is the art of spiritual patterns.

In addition to relying on the soul master's soul power to increase its power, the practice of the spirit pattern technique also involves learning new advanced spirit patterns and then purchasing advanced spirit pattern pens.

The direction of spiritual pattern cultivation is very clear and simple. Just keep looking for advanced spiritual patterns.

However, as for kendo, Ye Feng has not had much systematic learning and training in kendo.

The reason why he is quite good at swordsmanship is mainly because he laid a solid foundation when he practiced swordsmanship in the past.

Especially the three sword moves given to him by Uncle Nan gave him a very solid foundation in swordsmanship.

Especially the third move, Sorrow of the Gods, is still being used by Ye Feng to this day. It can meet his needs. As his cultivation level increases, it can explode with extremely terrifying power.

This is very rare.

You know, Ye Feng also learned a set of Taikoo Dragon Elephant Fist before, which can keep getting stronger as his cultivation level improves.

But in the end, when Ye Feng reached the Emperor Realm, the Ancient Dragon Elephant Fist also lost its ability to continue to improve.

In other words, the imperial realm is the highest limit that the Ancient Dragon Elephant Fist can increase the attack power of a warrior.

But the Sorrow of the Gods and the Flood of the Times are still becoming more and more powerful as Ye Feng's cultivation improves.

This shows that the sword style of the Gods of Sorrow and the Tao of the Flood of the Times are extremely precious, allowing Ye Feng to continuously improve the power of these two moves.

At this moment, Ye Feng has determined a direction in his heart, which is to sort out his swordsmanship.

Ye Feng's sword practice has always relied on Uncle Nan's three-move sword style as the foundation and support.

But as his cultivation level increased to the current level, Ye Feng discovered that if he wanted his swordsmanship to explode with stronger power, he needed a set of very powerful basic swordsmanship techniques.

Because Ye Feng practices the Divine Art of Creation, and his body is like a big oven that can contain all things, so his swordsmanship skills have no impact on the Divine Art of Creation.

At this time, Ye Feng walked out of the house, looked at the two cold guards standing outside the small courtyard, and said: "Take me to the storage place of Qiren's Mansion. I want to select some swordsmanship skills. "

These two aloof guards, one male and one female, are both tall and have powerful auras. They have the cultivation level of Fate Palace. They are one of the best masters in a hundred.

These two guards are naturally the gatekeepers assigned to Ye Feng by Gu Qinlan. At the same time, Ye Feng can tell these two guards at any time if he needs it.

At this time, Ye Feng's voice fell, and the tall female guard immediately said respectfully: "Master Ye Emperor, I will take you there, please come this way."

At this time, the tall female guard spoke up and led Ye Feng towards a certain direction.

After walking for half an hour.

Soon, a tall pavilion appeared in Ye Feng's field of vision.

This pavilion has a total of

The seventeenth floor is made of a special kind of vermilion wood, which looks full of scholarly and noble atmosphere.

At this time, the tall female guard smiled and said: "Master Ye Di, all the martial arts skills of Qiren Mansion are stored in this pavilion, but Master Ye Di has not helped the state government to complete any tasks, so the level is relatively low. You can enter the first three floors first."

Hearing this, Ye Feng nodded and said with a smile: "I understand, you go back first, I will go in by myself."

"Yes, sir."

The tall female guard nodded and left respectfully.

Ye Feng took a step forward and walked into the pavilion.

There was no guard at the entrance to the pavilion.

Ye Feng walked into the first floor and immediately saw several people. They should all be members of the Qiren Mansion. They were choosing skills and martial arts on the first floor, or they were reading and practicing on the spot.

Ye Feng walked towards the second floor and found a divine light shield at the entrance of the stairs connecting the first and second floors.

Ye Feng approached the light mask, and the token around his waist trembled slightly. The light mask immediately cracked, and Ye Feng passed through the crack in the light mask and entered the second layer.

"It seems that each layer is protected by a light shield of the power of the formation, which can prevent low-level members from entering the upper levels."

Ye Feng guessed in his mind that he came to the entrance from the third floor to the fourth floor, but found that the Qiren Mansion token on his waist could no longer help him crack the light shield.

Ye Feng stretched out his hand, and a huge force surged out of his palm, unable to break the light shield in front of him.

"It is definitely a very powerful formation. Even with my current strength, I cannot destroy it."

Ye Feng did not forcefully use his strongest power.

Now that we are in the strange man's house, we still have to abide by these rules.

When my status level in Qiren Mansion is improved, it won't be too late to go up and have a look.

Ye Feng started searching on the third floor. He was looking for swordsmanship and sword skills.

As for the spirit pattern technique, Ye Feng found nothing.

It is estimated that the bottom floor of this pavilion will not store extremely precious spiritual pattern books at all.

In the end, Ye Feng chose a set of ninth-grade true saint-level swordsmanship techniques called "Invincible Sword Domain". He cultivated a life-giving sword energy, melted it into a solid sword weapon, and integrated it into his body. When it is used, it will be forged into a realm of swords that is exclusive to oneself. Everything pointed by the sword's edge will be the truth!

This set of kendo martial arts is not only of a very high grade, but also the description of the kendo and the final creation of a set of "invincible sword realm" that is exclusive to him. These ideas make Ye Feng's eyes light up.

Ye Feng thought in his mind and took out this set of books from the bookshelf, preparing to take them away directly.

"Stop it!"

But suddenly at this moment, a voice with a hint of command sounded.

At the entrance of the third floor, a young man wearing a silver gown appeared. He looked very noble and his status must be extraordinary.

He stared at Ye Feng coldly, his eyes were extremely unkind, and even his whole body exuded a cold murderous aura. He said with great certainty: "I am Yin Jiankong, the chief steward of Qiren Mansion. I have never seen him before." As for you, you are not a member of the Qiren Mansion at all! Are you a demon thief from outside the state who has lurked in our Qiren Mansion in Xuezhou and wants to steal our martial arts secrets? After the two of them discussed some things again, they separated.

Ye Feng went directly back to his residence and saw Teng Snake practicing on the roof. He didn't say anything, but returned to his room and practiced silently.

Are you a demon thief from outside the state who has lurked in our Qi Ren Mansion and wants to steal our martial arts secrets? "

Chapter 1017 Astronomical Numbers

The butler of Qiren Mansion?

Silver sword empty?

Ye Feng stared at the young man not far away who was yelling at him coldly and angrily, and couldn't help but said: "My name is Emperor Ye. I just joined Qiren Mansion in the past few days. It was Gu Qinlan, the seventh lady, who brought me to join. I have the application information and identity token."

At this time, Ye Feng said, shaking the token on his waist in front of Yin Jiankong. ??

"this....."

Yin Jiankong's eyes were full of anger, but he was stunned for a moment.

He could clearly see the token on Ye Feng's body. It was indeed a special token from Qiren Mansion, and the name written on it was indeed "Ye Di".

This cannot be faked.

Because the upper echelons of the Selangor Qiren Mansion had special means and used extremely rare materials to create this identity token.

At this time, Yin Jiankong, the chief steward of Qiren Mansion, looked a little embarrassed.

Because he mistook Ye Feng's identity and thought Ye Feng was a thief lurking in from outside.

After all, something like this happened before. A manghuang demon from outside the Snow State disguised himself as a member of the Qiren Mansion, entered the Qiren Mansion, and stole secrets.

As a result, he was discovered by some old monsters in the strange man's house, and was finally killed.

Looking at the token on Ye Feng's body, the butler Yin Jiankong was a little embarrassed, but when he thought of his identity, he looked calm and said: "It turns out that he is a newcomer who has entered our Qiren Mansion, then I ask Have you completed your newbie assessment?"

Ye Feng was a little surprised and said: "After joining the Qiren Mansion, there is still a newbie assessment? I didn't know."

Yin Jiankong nodded and said: "Come with me, the newcomer assessment is in charge of an elder from our Qiren Mansion. I don't know the content of the assessment very well. It seems that everyone is different. Although you were introduced by Miss Seven, But this assessment still requires a visit."

Ye Feng saw that Yin Jiankong didn't have any hostility, it was just a routine matter. He couldn't help but nodded and said: "Okay, let's go for the assessment."

Yin Jiankong nodded and said with a smile: "Master Ye Di, if you were able to be introduced into the Qiren Mansion by the most mysterious Seventh Miss in Snow State, you must have special means and powerful trump cards, otherwise our Seventh Miss would definitely not see it. Eye-catching."

When Ye Feng heard this, he just smiled and said: "There is no special method, but my swordsmanship and spiritual pattern skills are pretty good."

"Brother Ye Di, are you a spirit pattern master?"

The chief steward Yin Jiankong's eyes suddenly moved and he said: "May I ask Emperor Ye what level of spiritual pattern master you are?"

Ye Feng glanced at him in surprise and said: "He is currently a third-level spiritual pattern master."

"Third level spiritual pattern master?"

Yin Jiankong suddenly looked happy and said: "That's enough for the third-level spiritual pattern master!"

Ye Feng said in surprise: "What does it mean that a third-level spiritual pattern master is enough?"

Yin Jiankong said with some surprise: "I once found an ancient map, which pointed to a certain location where precious treasures were buried. I followed the map and went to an ancient cave, but the door of the cave... But it is sealed by layers of spirit pattern marks, which requires a high-level spirit pattern master to unblock. I didn't expect that, little brother Ye Di, you are actually a spirit pattern master. That's great. I invite you to join me! Go break open the door of the cave, I promise to find the treasure and share it with you."

Ye Feng wondered: "There should be other powerful spirit pattern masters in Qiren Mansion. Why are they looking for someone like me, who we have a close relationship with?"

Yin Jiankong immediately smiled and said: "You don't know something. I have asked someone to look at the spirit pattern seal on the cave door. It is a very powerful spirit pattern master in our Qiren Mansion, named Wu Jiu, but he said that the spirit pattern seal requires two spirit pattern masters to work together at the same time to unlock it. In Qiren Mansion, in addition to Wu Jiu, a fourth-level spirit pattern master that I can hire, there is also a spirit pattern master, so it's senior Li Qingshan, our number one painter in Selangor. He is

A sixth-level spirit pattern master is simply a master-like existence. I can't afford to hire him. I wouldn't worry if you find a casual spiritual pattern master from outside the Qiren Mansion. But, little brother Ye Di, you are a member of the Qiren Mansion. Even if we meet for the first time, we are from the same school. "

Ye Feng's eyes moved and he said: "Wu Jiu? I know Wu Jiu. I once had a relationship with him. Moreover, I rescued him from the dungeon of an evil sect. This time I join the strange people." I have been looking for him, but the Qi Ren Mansion is too big, so I fainted and went back. "

"Do you know Wu Jiu?"

The chief steward Yin Jiankong was very happy and said: "It would be great if you know each other. Then I don't need to introduce you to this cooperation."

Ye Feng smiled and said: "I haven't promised to help you, Butler Yin."

Hearing this, Yin Jiankong was stunned for a moment, and then said: "Please help me. I see that you have chosen this set of techniques called 'Invincible Sword Domain'. This set of techniques is indeed very magical in the way of swordsmanship." A kind of skill, but it is very difficult to practice, because if you want to condense the invincible sword realm, you need countless swords to fuse your natal sword energy, so that you can create an invincible sword realm in your body. Therefore, Ye Di Little brother, you will need to spend countless costs to find various high-quality swords, at least they need to be true saint-level swords, otherwise it will have a huge impact on the power of your Invincible Sword Domain."

Ye Feng's eyes were startled and he said: "Every sword needed to forge the Invincible Sword Domain needs at least the True Saint level?"

Yin Jiankong nodded, very seriously, not as if he was joking, and said: "That's right, because there are many sword cultivators in our Qiren Mansion who have practiced the Invincible Sword Domain, but without exception, they all failed. , the reason for the failure is also very simple, that is, as the Invincible Sword Domain reaches the end, more and more swords are needed, even dozens, hundreds, thousands, even tens of thousands, hundreds of thousands. Sword."

Ye Feng was slightly shocked when he heard this.

.

yes!

One true saint-level sword, or a dozen true saint-level swords, is nothing.

But a few hundred handles, or even thousands, tens of thousands...

Not to mention tens of thousands.

There are thousands of true saint-level swords, or swords of higher grades, which is simply an astronomical number.

At this time, Yin Jiankong continued to speak: "But as you practice the Invincible Sword Domain, as the number of swords accumulates, more and more, the power of the Invincible Sword Domain will become more and more powerful. If you gather all the metal, wood, water, and fire Earth, wind, lightning, etc. Swords with various attributes are all gathered together and integrated into the Invincible Sword Domain. It is really invincible! Imagine that when facing the enemy, you can release the Invincible Sword Domain at once and command countless numbers in an instant. How terrifying it would be to fight against thousands or even tens of thousands of swords, and they are all true saint-level swords. I am afraid that one person is enough to rival an army of tens of thousands of monks!"

Ye Feng nodded, his eyes showing a trace of passion and expectation. He was sure that he was going to practice this invincible sword domain which was extremely difficult.

But the next moment, Ye Feng smiled helplessly, shook his head, and said to himself: "With all the wealth I have now, I'm afraid I can't even afford a true saint-level sword. A true saint-level war sword. Even the lowest level, first-grade true saint-level battle sword, would require at least several million top-quality spiritual crystals."

At this time, Yin Jiankong chuckled, came over, and said: "Brother Ye Di, to be honest, I also had a bad experience back then. I practiced the Invincible Sword Domain for a period of time and spent many years of savings. I purchased four true saint-level swords, all of which are of high quality. If, little brother Ye Di, you are willing to cooperate with Wu Jiu this time and help me open the door to the cave where the treasure is buried, in addition to using a sword myself, How about I give you the remaining three true saint-level swords? Anyway, I don't practice the Invincible Sword Realm anymore. I just have one sword in my hand. I have been reluctant to sell the other three. If you do me a favor once, how about I give you all three swords? It's a great deal!"

Chapter 1018 Three Swords

"Three true saint-level swords?"

When Ye Feng heard what Yin Jiankong said in front of him, his eyes suddenly moved.

Three true saint-level swords, this is not a small sum of money.

The best spiritual crystal worth nearly 10 million!

At this moment, Ye Feng smiled and said: "I am willing to accept your invitation, Chief Butler."

If you can get three true saint-level swords and integrate them into your own invincible sword domain, it will definitely greatly increase your sword's lethality.

"You agreed?"

When Yin Jiankong, the chief steward of Qiren Mansion, heard this, he was immediately very happy. He pulled Ye Feng and walked in a certain direction. As he walked, he said: "Then let's not conduct any newcomer assessments now. , Anyway, you can just go there anytime, I will take you to my residence now, and I will give you the three true saint-level swords, and you can get them."

Seeing how anxious Yin Jiankong was, Ye Feng couldn't help but smile.

It seems that Yin Jiankong is afraid that he will regret it.

However, Ye Feng would naturally not refuse such a good thing, that is, he would use the spirit pattern technique to open an ancient door in the cave.

At most, I spent some mental energy, but I got back three true saint-level swords. It was really a very cost-effective deal.

At this time, Ye Feng also understood how popular and rare spiritual pattern masters were.

There are only two spirit pattern masters in the huge Qiren Mansion in Xuzhou.

One is Wu Jiu, a fourth-level spiritual pattern master.

The other one is Li Qingshan, the number one painter in Xuezhou Prefecture. He is a sixth-level spiritual pattern master with terrifying strength.

However, Ye Feng also knows that spiritual pattern masters are rarely willing to be inferior to others.

Most of the powerful spirit pattern masters are casual cultivators. They have their own sect. Naturally, there will be people who come to ask for help. There is no need to be inferior to others.

at this time

Ye Feng followed Yin Jiankong and soon arrived at his residence.

It has to be said that Yin Jiankong is worthy of being the great steward of Qiren Mansion. The place where he lives is a private mansion with a huge courtyard wall that stretches for several kilometers, which is extremely luxurious and magnificent.

Obviously, this Yin Jiankong is very wealthy and is definitely a very wealthy owner.

At this time, Yin Jiankong led Ye Feng directly into his mansion. Ignoring the respectful greetings of the surrounding guards and maids, he led Ye Feng into a secret room in the deepest part of the mansion.

There are many treasures placed in the secret room, which are sparkling with light.

The most eye-catching thing is the three swords hanging on a shelf in the middle of the secret room.

The three swords are all about three feet long.

The hilt of each sword is engraved with their names.

The first sword was completely black, as if made of black iron, and emitted a frightening sword light. It was called "Obsidian".

The second sword has a pure white body, but there are magic lines on it, surging with black light of demonic energy. It is called "White Demon".

The third sword was made of pure gold and exuded a dazzling divine light. There was a faint golden dragon roaring in the sword body, named "Wandering Dragon".

The three swords are all true saint-level swords, and the sword energy emanating from them makes people feel the pain of their skin.

At this time, Yin Jiankong stared at the three swords with a sigh on his face and said: "These three swords were all bought from the auction at a great cost by me. These swords are all from ancient times." Swords are very rare, hard to come by, and even if you have money, you may not be able to buy them. Now, I will give them all to you, Emperor Ye!"

Ye Feng nodded slightly, his eyes also

With a hint of joy, he said: "Okay, thank you to the butler for giving me the sword."

Buzz!

Ye Feng stretched out his hand, silently running the technique route of Invincible Sword Domain, and suddenly grabbed the three swords.

"boom!"

Suddenly, the three swords seemed to have suffered a huge suction, and were sucked into Ye Feng's hand.

Then very strangely, all three swords quietly sank into Ye Feng's palm and appeared in the invincible sword field in the inner space of Ye Feng's body, sinking and floating in it.

"Invincible Sword Domain!"

"Manifestation!"

Ye Feng shouted loudly.

boom!

The void behind him shook, and a sharp field suddenly appeared. In that field, the three swords just now were sinking and floating in it, and the light of the swords pierced the sky, which was extremely terrifying.

Yin Jiankong exclaimed: "Brother Ye Di, you are really a genius of swordsmanship through the ages. You just watched this invincible sword domain once, and you were able to condense the initial sword domain. Moreover, you instantly combined my three sword domains." The sword is integrated into the sword domain, releasing a killing power. It's powerful, it's really powerful!"

At this moment, looking at Ye Feng's series of methods, Yin Jiankong, the great butler, was amazed and said: "I'm afraid even some special geniuses with innate swordsmanship can't compare to you, Emperor Ye, in the way of swordsmanship." The devil's understanding."

When Ye Feng heard this, he just smiled slightly. His own comprehension ability had been transformed by the soul gem, the most mysterious among the gems of the gods. How could he not be a monster?

At this moment, a guard's voice sounded outside the secret room: "Inform the butler, Lord Wu Jiu is here. He wants to see the butler. It seems there is something very important."

"Wu Jiu is here?"

Ye Feng's eyes moved.

I haven't seen Wu Jiu for a long time

Faced.

I wonder if this person still remembers that he saved him.

At this time, Yin Jiankong immediately said to the outside: "Mr. Wu Jiu is here? Please come quickly!"

After Yin Jiankong finished speaking, he looked at Ye Feng beside him and said with a big smile: "Wu Jiu is here just in time. We can go directly to the hidden cave."

Ye Feng and Yin Jiankong walked out of the secret room.

At the first glance in the hall, Ye Feng saw a skinny old man with a vague memory but a familiarity, wearing a black robe and wrapped tightly, walking over from a distance.

Wu Jiu walked to the hall, originally planning to greet Yin Jiankong.

But at this time, his eyes suddenly noticed a young man in black standing next to Yin Jiankong.

"you....."

Wu Jiu's eyes were stunned, and then the old man said with great joy: "It's you, little friend! Why didn't you tell me that you came to the capital of Xuezhou?"

Obviously, Wu Jiu still remembers Ye Feng.

But it's normal to think about it.

After all, Ye Feng had rescued him from the dark dungeon and helped him detoxify him. He no longer had to endure the darkness of imprisonment and the fear of death, so he naturally remembered it deeply.

Ye Feng immediately stepped forward, walked in front of Wu Jiu, and said with a smile: "Back then, you only told me your name, Wu Jiu, and that you were in Qiren Mansion in Xuezhou. I didn't expect you to be so powerful. You are the only one in Qiren Mansion. The spiritual pattern master second to the great painter Li Qingshan, the fourth-level spiritual pattern master, is amazing."

Wu Jiu laughed immediately and said: "It's nothing, it's just like what I said back then, it's just a little bit of status."

When Yin Jiankong saw that the two of them really knew each other and were old friends, he couldn't help but be very happy and said: "Without further ado, let's go to the hidden cave as soon as possible. I want to open the door of the cave and see what treasures are inside. "

Chapter 1019 Palace Ruins

The three of them were very fast. After making the agreement, they set off from the mansion.

This operation was very secretive, and they did not tell anyone.

He just sneaked out of the strange man's house.

Because usually if members of the Qiren Mansion go out, they need to tell some of the upper-level elders of the Qiren Mansion what they are doing.

Yin Jiankong himself is the chief steward of Qiren Mansion, Wu Jiu is a distinguished spirit pattern master, and Ye Feng is also the latest member to join Qiren Mansion.

Therefore, if the three of them go out together, it will inevitably attract the attention of some interested people.

So this time they went out in secret.

Under the leadership of Yin Jiankong, they walked out of the capital of Xuezhou and came to the wild forest outside the capital.

Soon the three of them traveled through a large wilderness and arrived under a huge mountain.

This mountain is extremely majestic, like a giant sword, tearing through the entire sky.

At this time, under the sword-shaped mountain, there was a cave on a cliff.

Yin Jiankong led the two of them into the cave, along the dark passage, to the end.

Sure enough, an extremely ancient stone door appeared in front of them.

This stone door has extremely complex veins engraved on it, and it looks full of vicissitudes and antiquity.

At this time, Wu Jiu stepped forward and said: "The veins engraved on the stone door are a very ancient and mysterious sealing ancient spirit pattern. I traced the veins on the stone door and studied them after returning to Qiren Mansion. It took me a long time to figure out how to crack it, but I need another spirit pattern master to cooperate with me. "

Ye Feng stepped forward, nodded and said, "Okay, let's get started and see what treasures are hidden behind this stone gate."

According to what Yin Jiankong said, there are definitely very rare treasures buried behind this stone gate.

At this moment, Ye Feng and Wu Jiu looked at each other, nodded one after another, and each put a

His hand was pressed on the stone door.

"Buzz!"

At this moment, the two of them input their spiritual power and entered the stone gate.

In an instant, the mental thoughts of Ye Feng and Wu Jiu seemed to fall into a deep and vast alien space.

At this time, the cave disappeared around them, and Yin Jiankong also disappeared.

The place where the two of them stood was an extremely ancient and wild land.

They were standing above the sky, looking at the earth below.

There are ancient tribes on the earth, but the people in those tribes are different from the people on the spiritual world.

Most of the human races on the spiritual world have yellow skin, black eyes, and black hair.

But the people in the tribes on this land are all tall, with white skin and golden hair. Most of them, both men and women, look like this.

They originally worked and lived hard on the earth.

But one day, a huge monster with a towering height of several thousand meters came out of the mountains.

It was a bull-headed demon as majestic as a mountain, with a giant body and a bull-demon head. Its eyes were like red lanterns. It held a giant ax in its hand, and it looked full of boundless evil energy.

The bull-headed demon walked out of the mountains, holding an ancient giant ax in his hand, trampling on the ground at will, causing all life in the world to be devastated.

This scene is full of extremely cruel and bloody atmosphere.

Wow!

At this moment, Ye Feng and Wu Jiu were shocked, and the world around them suddenly disappeared again.

They found that they were still standing in the dark cave, with their palms still pressed against the stone door.

of.

At this time, the faces of the two of them were a little ugly.

Ye Feng spoke up and said: "I'm afraid we just saw a disaster scene in the fragments of ancient past time."

Wu Jiu nodded in agreement and said: "But that group of humans is obviously not the same ethnic group as the humans in the nineteen states of our spiritual world. I have heard that there is a Western Continent in the far west of our spiritual world, which is similar to ours. On the eastern

land, separated by a huge natural chasm, there are different human races, which may be the ones we saw in the time fragment just now. "

Ye Feng said: "It is possible that the two cultivation civilizations, including the appearance of the human race, are very different. However, since ancient times, hasn't the Western Continent been separated from our nineteen states by an insurmountable natural chasm? Why do we have snow? In this state, will there be traces of that mysterious spiritual civilization in the Western Continent?"

Wu Jiu shook his head and said: "I don't know about this. Maybe in ancient times, the east and west lands were originally connected together."

Ye Feng thought for a moment, looked at Yin Jiankong behind him who looked confused, and said: "Butler, Senior Wu Jiu and I just saw a very terrifying scene in this stone gate."

Wu Jiu nodded and said, "I've concluded that once this stone door is opened, something very dangerous may be hidden inside. Are you still sure you want to open it?"

Upon hearing this, Yin Jiankong saw the serious expressions on the two men's faces and knew that something was serious.

He looked hesitant, struggled for a while, and then said: "Open it! I have been planning this place for so long and have spent so much energy and price. If I don't open it and take a look, I won't be willing to do it."

Ye Feng nodded and said: "To be honest, I also know very well whether what exists behind this stone gate is the legendary magical cultivation civilization of the independent Western Continent that is opposed to our spiritual world."

Ye Feng was still the god of creation in his previous life

When he was the crown prince, he had actually heard a lot of stories about the Western Continent.

Ye Feng had always been very curious about the other Western Continent with a different cultivation civilization.

Even the God of Creation, Ye Qingdi, seemed to have used his unparalleled magic power to cross the natural chasm that even the top of the immortals could not cross and entered the mysterious Western Continent opposite the spiritual world.

However, after returning, Ye Qingdi said nothing. When Ye Feng asked him, he didn't say much, just said, I went to deal with a very important matter.

So at this time, Ye Feng suddenly saw traces of the cultivation civilization of the mysterious Western Continent from this ancient stone gate, and naturally he was very curious.

Since Ye Feng and Yin Jiankong both agreed to open the stone gate, Wu Jiu stopped persuading them and directly worked with Ye Feng to activate the complex spiritual patterns on the stone gate.

"Boom!"

Suddenly at a certain moment, the stone gate opened with a loud noise.

The next moment, the three of them immediately looked inside and were shocked by the scene in front of them.

After the stone gate opened, the other side was not a deep passage, but a magnificent underground suspended palace.

However, most of these suspended palaces were damaged and in a mess. Broken temples, stone pillars, palaces, etc. were floating in the air.

Yin Jiankong stared at the scene in front of him, and his eyes were shocked. He said: "It seems that everything you two saw through the stone gate through spiritual power is true. All the architectural styles in this broken suspended palace ruins are completely different from the architectural styles of the human land of the 19 states in our spiritual world. I have learned from some ancient books that this may really be the remains of the legendary mysterious Western continental cultivation civilization opposite to our spiritual world! Let's go in and look for it, maybe we can find treasures from the Western cultivation civilization!"

Chapter 1020 Spiritual Crystal Stone

After Yin Jiankong finished speaking, he jumped directly into the suspended ruins of the broken palace and mausoleum below.

When Ye Feng and Wu Jiu saw this, they jumped down one after another and shuttled through the ruins of the palace.

This area seems to be an ancient relic from the magical Western civilization. The atmosphere exuding from it makes people feel like they have arrived in ancient times.

Several people judged that this place might have been covered in dust for endless years.

At this time, the three of them are each looking for the treasures contained within.

But it seems that there was a big war here and many things were broken.

Almost no treasures or anything like that were found.

Uh-huh!

At this time, Ye Feng flashed into a broken palace.

From above a circular counter, several drawers were discovered.

He opened the drawer and saw pieces of crystal stones inside.

These crystal stones all have different colors and emit different lights.

What makes Ye Feng feel very strange is that among these dozen crystal stones, they all exude very strong mental power fluctuations.

It is different from the spiritual stones on the spiritual world.

Contained in the spiritual stone is the very pure spiritual energy between heaven and earth, which can supplement the practitioner's magic power.

But these crystal stones are exuding mental power fluctuations.

Ye Feng tried to put a small piece of crystal stone on his forehead, and he immediately felt a very strong and pure spiritual power hidden in the crystal stone.

This kind of spiritual power is not a conscious spiritual power, but an extremely pure, extremely pure spiritual power.

"Could it be that these crystal stones hide extremely pure spiritual power that can be directly absorbed?"

Ye Feng's eyes were a little surprised.

As we all know, among the spiritual pattern masters, the stronger the spiritual power, the stronger the spirit.

, the spiritual patterns traced out will exert more powerful power.

Many spirit pattern masters are troubled by their low mental power.

Even though there are many senior spiritual patterns left behind by the seniors, the spiritual pattern masters themselves lack mental strength and cannot trace those advanced spiritual patterns at all.

The reason why spirit pattern masters are noble is that it is very difficult to awaken the initial mental power, and the second reason is that the improvement of mental power is very slow, almost like a snail's pace.

The cultivation of mental power is very difficult.

If Ye Feng was not a soul master, and the improvement of soul power had a strengthening effect on mental power, I am afraid that Ye Feng's progress as a spirit pattern master would never have been so fast.

Wu Jiunai is a very powerful spirit pattern master, second only to Li Qingshan in the Qiren Mansion in Xuezhou.

However, he practiced all his life, gave up martial arts, and specialized in the spiritual pattern master. It took him nearly a hundred years of training before he became a fourth-level spiritual pattern master.

This shows how difficult it is to practice as a spiritual pattern master and improve your mental power.

Many powerful and advanced spirit pattern masters basically encountered some special opportunities and fortunes, and finally achieved such high achievements.

It is said that Li Qingshan, the number one spiritual pattern master in Selangor, once fell into a secret mountain cave and received the spiritual imprint of an ancient great painter, and finally became a sixth-level spiritual pattern master. One painting can destroy thousands of armies. Thousands of horses.

But at this time, Ye Feng stared at the dozen crystal stones in the drawer, and his heart was shaken violently.

These crystal stones actually contain natural and pure spiritual power, which can be directly absorbed to strengthen and enhance one's own spiritual power.

This is equivalent to allowing the spiritual pattern master's training to be the same as that of a warrior, allowing him to absorb the energy in the stone.

Strength, self-improvement.

This is equivalent to bringing a very rare spiritual food to the spiritual pattern master's practice!

Ye Feng was secretly shocked. This kind of crystal stone, which contains natural and pure spiritual power, has never been heard of in the spiritual world.

"It must come from the mysterious and distant continent of Western cultivation civilization. If this kind of spiritual power crystal stone can be mined in the Western continent, then wouldn't everyone in the entire Western continent be a strong spiritual power? All spiritual pattern masters? "

Ye Feng thought secretly in his heart and was a little shocked.

But this is just his temporary guess.

At this time, Ye Feng suddenly became more and more curious and expectant about the mysterious Western Continent on the other side of the chasm.

If his guess is true, Ye Feng knows that if he can continuously obtain this kind of spiritual crystal stone, how terrifying can his spirit pattern master be?

Ye Feng secretly thought, and directly packed up these dozen mental power crystal stones, and then took them back to study.

This is good stuff!

Ye Feng left here and searched in another direction.

The ruins of the palace and mausoleum suspended in the air were very vast and large in area. The three of them searched at the same time but did not encounter each other.

Buzz!

At this moment, Ye Feng's soul power spreads out like a scanning field, covering an area within a kilometer around him.

But what surprised Ye Feng was that his soul search failed in the ruins of the palace.

The soul power is emitted, and nothing can be sensed. It is like a fog in the soul.

"The soul power can't be used, it just fails? It seems that this ruined land is really mysterious."

Ye Feng looked at the countless broken palaces and buildings around him.

Wait, there are a lot of them, search them one by one, I don't know how long it will take.

Seeing no one around, Ye Feng's eyes were fixed, and he directly released his sixth natal talent, the destiny chart of the heavens.

You can consume Qi, blood and longevity to make the heavens and fortune boards rotate, looking for chance treasures in a certain fixed area and space.

Buzz!

With a thought in Ye Feng's mind, a huge ancient destiny chart of the heavens was condensed directly in front of him.

Now that Ye Feng has reached his current level of cultivation, his longevity and energy and blood are very sufficient.

At this time, spending some time to deduce chance treasures will not damage the foundation.

"The horoscope of the heavens!"

"Deduction!"

Buzz!

Ye Feng burned Qi, blood and life essence, and a mysterious force caused the fortune boards of the heavens to slowly rotate.

Sure enough, although this area restricted soul searching, it was unable to curb the mysterious and terrifying talent of the Destiny Chart.

At this time, it was accompanied by the slow rotation of the heavenly natal charts.

Uh-huh!

Suddenly the huge life chart flew away in a certain direction.

"found it!"

Ye Feng's eyes lit up and he immediately jumped in the direction of the birth chart.

Soon, Ye Feng followed the destiny boards of the gods and came to a very remote corner of this ruined land.

This place is almost on the edge of the ruins of the palace, and it is very dilapidated and deserted.

But at this moment, when Ye Feng came here, he saw the destiny disk of the gods, suspended on a broken stone pillar, slowly rotating.

Ye Feng's eyes moved, staring at the broken stone pillar, and thought to himself: "Is there anything special about this broken stone pillar?"
