Chapter 1031 Dragon Soul Sect Master

And just when everyone in the audience was discussing the extremely advanced Flame Dragon Spirit Pattern.

The old man in charge of the auction stage said with a smile: "This set of third-level top-quality flame dragon spirit patterns is very precious, and the starting price is five million spirit crystals."

"What?"

"five million?"

Almost as soon as the old man in charge finished speaking, the entire venue was in a state of uproar.

Many people have ugly eyes.

Originally, they thought that this kind of spiritual pattern would be worth a million or so at most.

But I didn't expect that the starting price was five million.

After seeing the gloomy looks in many people's eyes, the old man in charge also had a stiff smile.

He was actually a little weak inside.

Because he also felt that the starting price was too high.

After all, the starting price does not represent the final transaction price.

If the starting price is too high and everyone loses interest, it may result in a failed auction.

At that time, the entire auction will be extremely embarrassing.

But the old man in charge had no choice.

Because this set of third-level top-grade Flame Dragon Spirit Patterns is not the auctioneer's own property.

It was a descendant of a lonely family who entrusted their auction to auction this set of spiritual patterns.

Therefore, the treasure appraiser of the auction itself does not have pricing power.

The starting price of this set of third-level flame dragon spirit patterns was five million, which was set by the person who entrusted the auction.

So at this time, the old man in charge just smiled bitterly at the audience and said: "Don't be angry, everyone. This set of spiritual patterns was entrusted to our auction by others, so the price is a bit high. This is not something that our auction can decide. Everyone Let's auction it based on the situation."

The old man in charge was speaking at this time, and everyone was a little surprised.

It turned out that someone else had entrusted this auction to auction it, no wonder the lion was so open-mouthed.

After all, an auction has its own reputation, and generally will not obviously ask for sky-high prices.

At this moment, many people who were originally very interested in the Flame Dragon Spirit Pattern suddenly lost interest.

Obviously, the starting price of this set of Flame Dragon Spirit Patterns is too high, and many people simply don't want to buy it.

So almost at the next moment, there was an awkward atmosphere in the entire field where no one was bidding.

The old man in charge was also a little at a loss at this time. Could it be that this set of high-level spiritual patterns that he carefully introduced was going to be rejected?

"five million."

Suddenly at this moment, a young man's voice came from an Accord.

It was Ye Feng who was calling the price.

The sound of Ye Feng's voice slightly eased the awkwardness of the scene.

The old host's eyes also lit up, and he quickly cast a grateful look at the Accord, and said loudly: "Someone has already offered five million, is there anyone else who wants to buy it?"

The moment he finished speaking, a middle-aged man wearing a black robe in the audience suddenly said: "Five million and one million."

Ye Feng in the Accord had a look of surprise in his eyes. He didn't expect that someone would buy at such a high starting price.

However, Ye Feng is bound to obtain the third-level top grade Flame Dragon Spirit Pattern this time, not to mention Wu Jiu's financial help.

He continued: "Five million and two hundred thousand."

"Five, three million."

But the middle-aged man in black robe continued to follow the price.

"Five and a half million."

Ye Feng also continued to increase prices.

"Six million!"

Suddenly the middle-aged man in black robe in the auditorium on the first floor shouted six million,

Everyone in the audience was very surprised.

At this moment, the middle-aged man in black robe suddenly stood up and said to the Yage where Ye Feng and Wu Jiu were on the second floor: "I am the leader of the Dragon Soul Sect, Ao Wuchang. I hope this little brother will not bid with me anymore. Yes, this Flame Dragon Spirit Pattern is of great use to our Dragon Soul Sect, so please give me your love."

At this time, the leader of the Dragon Soul Sect, Ao Wuchang, spoke in a very polite tone.

But the meaning in the words was very obvious as a threat.

That is to directly show his noble status and threaten Ye Feng not to bid with him again.

"Master of the Dragon Soul Sect?"

"Is he Ao Wuchang, the leader of the Dragon Soul Sect, the largest sect in the northwest of our Dali Kingdom?"

"This is a very powerful person. It is said that his cultivation has already reached the fifth secret realm, the Dzogchen realm. He is only one step away from entering the legendary sixth secret realm, the Void Realm, and becomes a powerful person. exist."

...

At this moment, everyone in the entire field was talking about it.

Obviously, this Dragon Soul Sect Aowu Chang is still very famous in the vast land of Dali Kingdom, and many people have heard of his name.

At this time, looking at the reactions of the people around him, Ao Wuchang's eyes showed a hint of pride.

He has been in the land of Dali Kingdom for so many years, and founded the largest Dragon Soul Sect in the northwest region. It is so famous that everyone in the world knows it!

So at this moment, the leader of the Dragon Soul Sect, Ao Wuchang, simply reported himself to the family and asked the other party to give up the competition with him.

But Ao Wuchang didn't know that what Ye Feng hated most in his life was others threatening him.

So at this moment, Ye Feng stood up directly from his seat in the Accord.

A cold voice came from the Accord: "Ao Wuchang, right?"

I have never heard of you, and I don't care who you are as the leader of the Dragon Soul Sect. Since in this auction venue, everyone is equal to the auction items, you want to threaten me, this is impossible, you bid Six million, right? Then I'll bid 6.01 million. "

Six million and one million?

Almost at the moment Ye Feng finished speaking, everyone in the entire field couldn't help but cast their shocked eyes in the direction of the Accord.

Now no one expected that this person who sounded like a young man could be so proud and proud.

At this time, Dragon Soul Sect leader Ao Wuchang's eyes were extremely gloomy. He was the king of the northwest of the Dali Kingdom, so naturally he could not tolerate others provoking him like this.

He immediately yelled at the Yage: "Boy, don't be so shameless."

Ye Feng's voice continued: "If you have money, just follow. If you don't have money, get out."

"you....."

Ao Wuchang's face suddenly became extremely ugly.

"Dragon Soul Skill!"

"Big Dragon Soul Claw!"

Ao Wuchang roared and took action directly. The guards who maintained order at the auction around him were no match for him at all, and were directly blown away by Ao Wuchang's aura.

Ao Wuchang transformed into a huge black dragon soul, and instantly rushed towards the Accord where Ye Feng was, full of endless murderous intent and domineering.

"Oops!"

"This hero of the Dragon Soul Sect couldn't help but take action!"

"I'm afraid that young man is going to suffer. He probably never thought that the rules of the auction are useless to a hero like Ao Wuchang!"

At this moment, everyone in the auction was shocked when they saw Ao Wuchang surging with murderous intent.

...

Chapter 1032 Lessons

Dragon Soul Sect leader Ao Wuchang's sudden attack was something that no one in the room expected.

This unparalleled hero from the northwestern land of the Dali Kingdom has a terrifying cultivation level in the Dzogchen Realm. He is only one step away from stepping into the Void Realm. He is a truly super strong man.

boom!

As soon as he made a move, the entire auction house was shaking violently, as if a major earthquake had occurred.

Many strong men released body-protecting auras one after another, trying to resist the ferocious momentum. ??

Even if it was just the aftermath energy emanating from Ao Wuchang, it was still full of huge destructive power, shocking everyone.

It can be seen from this that the young man in the Accord, who is currently undergoing a truly terrifying attack from Ao Wuchang, must be under tremendous pressure.

"presumptuous!"

But suddenly at this moment, the young man's cold shout suddenly sounded in the Accord.

boom!

And along with the young man's cold shout, a crystal dagger suddenly burst out from the Accord, the sword light shot out, and the sky was split.

"You want to block my attack with a small dagger?"

Ao Wuchang smiled disdainfully and shouted: "Big Dragon Soul Claw! Tear the heaven and earth apart! Destroy the universe!"

This leader of the Dragon Soul Sect launched extremely ruthless attacks, which were very destructive.

He grabbed it fiercely, and his hand suddenly turned into a huge dragon claw as black as ink. It was grabbed from the blue sky and covered thousands of meters in the void. It possessed incomparable terrifying power.

"boom!"

But at this moment, Ye Feng was in the Accord, and with a thought, the power of the Invincible Sword Domain burst out.

At this time, in everyone's field of vision, the small, seemingly ordinary crystal dagger suddenly burst out with a divine light.

The crystal dagger, which was originally only half an arm long, suddenly began to expand and grow. Almost at this moment, it turned into a huge crystal sword with a size of tens of thousands of meters in the void. Pressed down, it was filled with endless heaviness and majesty, like a divine sword bursting out from the ancient times.

"Boom!!"

The crystal giant sword smashed Ao Wuchang's big dragon soul claw into pieces in one fell swoop, and then suppressed Ao Wuchang's body without losing any force.

sensation! !

The huge sword was like a mountain, pressing on Ao Wuchang's body, directly blasting the leader of the Dragon Soul Sect, the hero of the northwest land, thousands of meters deep into the ground. The scene

Suddenly a dark and bottomless abyss of broken land appeared.

"hiss!"

Everyone who saw this scene had looks of horror in their eyes.

Even the expert guards at the auction actually had shock on their faces.

They never thought that the mysterious young man in the Accord would be so powerful!

You know, Ao Wuchang is the king of the northwest land. He is a peerless hero with unparalleled powerful cultivation.

But at this moment, he was suppressed directly into the underground ruins.

He was defeated too quickly!

No one even reacted.

Ao Wuchang, the unparalleled hero, was like a dead dog, suppressed by the crystal giant sword into the underground ruins, which made people's hearts tremble.

"powerful!"

"too strong!"

At this moment, everyone's eyes were staring at the Accord with deep shock.

"That crystal sword looks ordinary, but the energy fluctuations it emits are definitely Tao tools that surpass magic weapons!"

In the auction venue, many old people with extraordinary eyesight suddenly exclaimed.

"Taoist weapon!"

Everyone couldn't help but tremble when they heard the voices of these old people.

Even the royal family of the Dali Kingdom probably don't have Taoist weapons.

A Taoist weapon, even the lowest first-grade Taoist weapon, contains the power to destroy the world and is very terrifying.

"What is the identity of the mysterious young man in the Accord?"

"No one knows, but what is certain is that the young man's identity is absolutely extraordinary and he has a great background!"

Everyone on the field was talking about it.

At this moment, Ye Feng reached out and grabbed it.

boom!

In the auction venue outside, a big hand of stars suddenly condensed in the void.

That big hand of stars grabbed a broken figure from the ruins of the abyss underground.

Ao Wuchang has not yet

There is death, after all, he has strong cultivation and tenacious vitality.

But at this time, this unparalleled hero was extremely miserable.

His clothes were all broken, there were scars all over his body, and he didn't know how many bones were broken.

After all, the crystal giant sword was reduced to its original size. It was a Taoist weapon, full of endless heaviness, like an ancient mountain being bombarded. It was not something that normal people could withstand.

Ao Wuchang was bleeding all over, and the high-spirited look he had just now was long gone.

His blood-stained face was full of fear. He stared in the direction of the Accord in horror, yelling and begging for mercy: "Brother! Brother! It was my fault! Spare me, spare me this bitch." Life."

Ye Feng's faintly smiling voice came from the Accord: "There is no enmity between us, I just blame you for being too impulsive."

"Yeah!"

Ao Wuchang immediately shouted: "It's my brother, I'm too impulsive!"

Ye Feng continued to speak: "But you are the leader of the Dragon Soul Sect. This life is very valuable. I just let you go like this. Isn't it a bit too..."

"I see!"

Ao Wuchang suddenly said: "As long as the eldest brother lets me go, I will immediately return to the northwest land and go to the Dragon Soul Sect to take out countless wealth and dedicate it to you, eldest brother!"

When Ye Feng heard what Ao Wuchang said, he immediately nodded with satisfaction.

It seems that Ao Wuchang still knows how to observe words and emotions.

Ye Feng knew that this Ao Wuchang was a peerless hero in the northwest. The Dragon Soul Sect behind him had been established for so long, so it must be extremely wealthy.

Rather than killing him directly, it would be better to let him donate countless wealth to himself.

Ye Feng reached out and grabbed the storage ring on Ao Wuchang's finger at this time, and said, "Collect some interest first."

"Yes Yes Yes!"

Ao Wuchang nodded like a chicken pecking at rice, not daring to resist at all.

Everyone couldn't help but gasped when they saw this scene.

This mysterious young man is really a powerful person. He taught Ao Wuchang a lesson in a matter of seconds without losing his temper.

Buzz!

At this time, Ye Feng let go of Xingchen's big hand, and Ao Wuchang immediately ran out of the auction, preparing to go to Northwest University

He prepared a generous gift for Ye Feng.

At this time, Ye Feng's voice continued: "Senior host, six million, can you give me the Flame Dragon Spirit Pattern?"

The old man in charge of the auction stage heard Ye Feng's reminder and immediately recovered from his dazed state. He quickly said respectfully: "Of course, this Flame Dragon Spirit Pattern now belongs to you."

Regarding Ye Feng's action, the auction house was not only not angry, but also very grateful.

Because it was Ao Wuchang who made the first move and broke the rules of the auction.

If Ye Feng hadn't been extremely powerful and suppressed Ao Wuchang, I'm afraid today's auction would really have ended badly.

But now everything has been resolved, and the Flame Dragon Spirit Pattern has been auctioned off.

The old man in charge was in a good mood at this time, and he even secretly sent a message to Ye Feng: "If you like high-level spiritual patterns, sir, we have some stored in the auction, although they will not be sold in this auction." , but in order to thank you, after the auction is over, you can trade with me privately if you want."

Ye Feng in the Accord was exploring Ao Wuchang's storage spirit ring. At this time, he heard the secret transmission from the old man in charge. His eyes suddenly moved, he was a little happy, and he immediately sent the transmission back: "Okay, great, I am now There is a huge lack of high-end spiritual patterns. If you have any in stock at the auction, I will buy them all as long as the price is right."

For Ye Feng, this was really an unexpected surprise.

At this time, Ye Feng took out nine gleaming long swords from Ao Wuchang's storage ring. Each sword contained power with different attributes.

These are nine top-quality magic swords!

Although it is not a Taoist weapon, it cannot withstand large quantities.

If it is integrated into the Invincible Sword Domain, the power of the Invincible Sword Domain will once again be greatly enhanced!

Ye Feng didn't hesitate at all. In the Yage, he directly started to use his skills to integrate all nine magic swords into his sword domain.

Wu Jiu looked on with regret in his eyes.

He had seen many people in the Qi Ren Mansion practice the Invincible Sword Domain, a very domineering sword technique, but without exception they all failed.

But at this time, I saw Ye Feng's bravery and strength, and in a short period of time, he had integrated so many powerful swords.

Wu Jiu suddenly felt that maybe Ye Feng could really recreate the glory of the Invincible Sword Domain!

Chapter 1033 Alternative Skills

Ye Feng was sitting in the Accord at this time.

All around him were nine war swords.

These nine war swords are all top-grade magic weapons.

Although it is not as good as the crystal dagger that Ye Feng got before.

But the best magic weapon is already very good.

Ye Feng found out that these nine top-quality magic swords were almost the most valuable items in the Ao Wuchang Storage Ring. They were very precious.

Buzz!

At this time, with the integration of nine top-quality magic swords into the Invincible Sword Domain.

Ye Feng felt that the sword field in his body was getting stronger and stronger.

All of a sudden, it merged into nine top-grade magical swords. It must be said that this is indeed a huge transformation and growth for the Invincible Sword Domain.

At this time, Ye Feng opened his eyes.

In the pupils, there was a terrifying sword light flashing and surging.

Obviously, this is a vision of an improvement in the realm of swordsmanship.

That's right!

With the nine top-grade magic weapon-level war swords integrated into the Invincible Sword Domain.

The Invincible Sword Domain has been enhanced, thus giving Ye Feng a more advanced and powerful kendo artistic conception.

At this moment, Ye Feng's artistic conception of swordsmanship transformed from the rules of intermediate swords to the rules of high-level swords.

This means that Ye Feng's control over the Invincible Sword Domain and the power that emerges from controlling the Invincible Sword Domain will become increasingly powerful.

At this time, Ye Feng also understood the abnormality of Invincible Sword Domain.

That is, the more swords you incorporate, the stronger it will be, and it can also enhance your master's artistic conception of swordsmanship.

Even Ye Feng had to sigh that this Invincible Sword Domain was really a very different kind of sword technique.

The being who created the Invincible Sword Realm was probably also a person of amazing talent and beauty.

Because practicing the Invincible Sword Domain is very simple, rough and direct.

There is no need to go anywhere like ordinary swordsmen practitioners.

Such a strange place to learn the way of the sword, or endure the pain of being torn apart by the sword's will.

To practice the Invincible Sword Domain, Ye Feng just needs to keep looking for various high-quality swords and integrate them into his Invincible Sword Domain.

With the integration of a sword, not only the Invincible Sword Domain itself will become more and more terrifying, but Ye Feng's own artistic conception will also become more and more powerful.

At this moment, Wu Jiu on the side smiled and said: "Ye Feng, although the Invincible Sword Domain is very expensive, you are a spirit pattern master. After you return to Qiren Mansion this time, I suggest you directly cross the passage of the heavens. Enter the battlefield of all races, hunt foreign races, accumulate wealth, and strengthen yourself."

Hearing this, Ye Feng nodded and said: "Compared with other cultivators on the human race in the nineteen states of the spiritual world, my cultivation base is really too weak, and I really need to accumulate it."

Ye Feng had more on his mind at this time.

If you want to avenge the hatred of family and country three thousand years ago and assassinate Gu Tongtian and the founder of the eight super families of the gods, this is tantamount to provoking the strongest group of people in the entire human race.

So Ye Feng knew that in order to achieve that kind of achievement as soon as possible, he had to go through some special methods.

Ye Feng is planning to follow Gu Qinlan into the battlefield of all races after returning this time.

On the one hand, it can maintain the stability of the passages of the heavens, and on the other hand, it can conquer and kill foreign races to its heart's content.

You know, in the battlefield of all races, there are no powerful men from the various heaven-reaching divine dynasties on the human race.

So when the time comes, Ye Feng can freely use his divine art of creation and various trump cards.

Use all races as nourishment for your own cultivation growth, strengthen your own cultivation strength, and reach the pinnacle!

This is the best plan Ye Feng can think of now.

At this time, Ye Feng suddenly looked at Wu Jiu beside him and asked: "Senior Wu Jiu, I don't know how much you care about Lan Gu.

How much does your mother know? "

Wu Jiu's eyes were stunned and he said, "Are you talking about the Seventh Miss Gu Qinlan?"

Ye Feng nodded and said, "Although Miss Lan and I are very good friends, I always feel that she has a big secret."

Wu Jiu nodded and said: "The seventh lady is indeed very mysterious, but although I have been a member of Qiren Mansion for more than a hundred years, I don't know much about this seventh lady, but she did grow up in the Xuezhou Mansion. of."

Ye Feng's eyes flashed slightly and said: "Well, it seems that you don't know, Senior Wu Jiu. You can only wait for me to find out personally in the future."

Although Gu Qin Lan told Ye Feng that she had no other secrets, Ye Feng felt that this girl Lan was definitely not as simple as she seemed.

Although Ye Feng trusted Gu Qinlan very much, his identity was the reincarnation of the crown prince of the Divine Dynasty of Creation three thousand years ago, and he also had the Divine Secret of Creation, so the things involved were really too big.

Ye Feng didn't want his secret to be completely exposed to anyone who couldn't trust him.

Therefore, Ye Feng was still very curious about Gu Qinlan's true identity and wanted to find out.

Gu Qinlan's surname was Gu, and she grew up in the imperial court. She also had countless tricks and strange treasures on her body. Ye Feng had to connect Gu Qinlan with the Gu family, the royal family of the Tongtian Dynasty.

Ye Feng has always retained this vigilance.

However, Ye Feng would not be full of hostility when he saw people from the Gu family.

In Ye Feng's eyes, the main culprits for the destruction of the Divine Dynasty of Creation were Gu Tongtian, an old man, and the ancestors of the eight super families, who followed Gu Tongtian to rebel against Creation.

These people are Ye Feng's enemies.

Ye Feng's revenge would not be so extreme as to kill everyone in the Tongtian Divine Dynasty or the Gu family.

That's obviously stupid.

As long as Gu Tongtian and the ancestors of the eight super families can all be killed.

The entire Tongtian Divine Dynasty

, it will exist in name only.

When the time comes to restore the Creation Divine Dynasty, all we need to do is kill all the old officials who oppose it, and then take over the empire that the Tongtian Divine Dynasty has been running for so many years.

The changes in human dynasties in the spiritual world have never had anything to do with the lower class. It is a game played by the royal family and the upper class.

"Dong dong dong."

And just when Ye Feng was thinking secretly, there was a sudden knock on the door of Accord.

"come in."

Wu Jiu spoke out.

Squeak!

The door to the Accord opened.

A beautiful maid came in from outside.

In her hand, she held a plate.

Lying on the plate was an animal skin scroll.

It was the animal skin that traced the flame dragon spirit pattern.

"Level 3 top quality spiritual pattern!"

At this moment, the eyes of Ye Feng and Wu Jiu in the Accord lit up.

They finally got the biggest purpose of their trip.

Uh-huh!

Without any hesitation, Ye Feng directly stretched out his hand, grabbed the animal skin in his hand, and then used his soul to trace the entire Flame Dragon Spirit Pattern into his mind, waiting to slowly comprehend it later.

The next moment, Ye Feng gave the animal skin scroll to Wu Jiu and said with a smile: "Senior Wu Jiu, you should also understand it."

Wu Jiu nodded, couldn't put it down and began to comprehend the Flame Dragon Spirit Pattern.

At this time, the beautiful maid said respectfully: "Two adults, Senior Mo of our auction, who is also the host of this auction, has invited two of you to come into the hall behind our auction to meet us. , let's talk about the transactions of other spiritual pattern reserves in the auction."

Ye Feng's face lit up, he stood up immediately, pulled Wu Jiu away, and said: "Okay, take me to see your senior Mo right away."

...

Chapter 1034 Warehouse

When the beautiful maid brought Ye Feng and Wu Jiu to the hall behind the auction.

Ye Feng immediately saw that the old man who hosted the auction was already standing there, as if he had been waiting for them for a long time.

The old man in charge is the Senior Mo whom the beautiful maid mentioned before.

Ye Feng stepped forward, clasped his fists slightly, and said with a smile: "Senior Mo."

The old man immediately felt flattered and said: "My little brother is a young prodigy with the best fighting ability in his generation. I am really lucky to be able to meet my little brother."

It has to be said that this Senior Mo is indeed an old man who has been involved in auctions for many years.

As soon as he spoke, his words were very smooth, which made people feel very comfortable.

Ye Feng immediately smiled and said: "Senior Mo is ridiculous. By the way, you told me through a message before that there are still a lot of high-level spiritual patterns stored in the warehouse of the auction. I need these very much. Can you take me directly to have a look?"

Senior Mo immediately said: "Of course, but these high-level spiritual patterns are the last inventory in our auction, so the price may be relatively high."

"It doesn't matter if the price is higher."

At this time, Wu Jiu, who was silent, suddenly spoke up and said: "As long as those spiritual patterns satisfy us, we will definitely give you the price you want."

When Senior Mo heard what Wu Jiu said, his eyes suddenly lit up and he said quickly: "Okay, you two are quick to talk, I will take you to see it right now."

With that said, Senior Mo immediately walked towards the depths of the auction.

Ye Feng and Wu Jiu both followed, with a hint of anticipation in their expressions.

Soon, they followed Senior Mo to the warehouse, the core of the auction venue.

Two tall guards wearing black chainmail, with unfathomable auras, stood guarding the door of the warehouse.

At this time, Senior Mo came over and immediately said: "Two Black Guards, I am here to introduce the auction."

Introduce two very wealthy buyers who want to purchase the spiritual patterns in the warehouse. "

These two black chain-mail guards are obviously not ordinary guards. They have high status. Even Senior Mo, the old man in charge, is respectful.

At this time, Ye Feng did a little exploration and found to his surprise that these two guards were both super masters of the sixth secret realm, the Void Realm.

This made Ye Feng sigh slightly. It must be said that this auction still has a very solid foundation.

At this time, the two guards who were called "Secret Guards" looked at each other, and then nodded to Senior Mo at the same time, saying: "Since it was you, Mr. Mo, who introduced me, they must be very honest and reliable. Buyers, then go in, you only have one hour, and complete the transaction as soon as possible. "

At this time, the two secret guards spoke and took out a black token from their arms.

Then they put the two black tokens into the groove of the warehouse door.

"boom!"

The warehouse door opened with a bang, revealing a huge warehouse space, filled with countless extremely precious treasures, soldiers, elixirs, ancient books, and even alien slaves, etc., all of them, countless Endless.

At this time, Ye Feng and Wu Jiu understood why this auction was so solemn and they sent two Void Realm super masters to guard the warehouse here.

Because this vast warehouse is filled with too many treasures, which are priceless.

At this time, Senior Mo smiled and said to Ye Feng and Wu Jiu who were following behind him: "You two, please come with me."

With that said, Senior Mo stepped into the vast space of the warehouse.

Ye Feng and Wu Jiu also quickly followed.

The warehouse is extremely huge, almost like a

Like a hidden palace.

Ye Feng couldn't help but look around and saw countless rare treasures along the way.

Senior Mo smiled and said: "The warehouse of our auction has been accumulated for hundreds of years and contains countless treasures. There are even slaves from foreign races, ancient treasure inheritance from outside the territory, etc. If you are interested, you can buy it at any time if you come across something you want."

When Ye Feng and Wu Jiu heard this, they couldn't help but look slightly startled.

You must know that the warehouses of such large auctions are kept as heritage, and many of the stored treasures will not be auctioned off easily.

But now Senior Mo is saying that they can buy what they want at any time.

It seemed that Senior Mo was really grateful to Ye Feng for saving the situation and for attaching great importance to the two of them. .??.

In fact, what Ye Feng didn't know was that his casual attack had inspired the Invincible Sword Domain.

Using the crystal giant sword, he casually suppressed a peerless hero like Ao Wuchang, the leader of the Dragon Soul Sect.

That scene was a huge shock to everyone present.

Especially this Senior Mo, he was even more amazed.

And when he saw Ye Feng's appearance and life fluctuations, which were as young as his voice, Senior Mo was even more horrified.

He has never seen a monster genius with such terrifying combat power.

So at this time, in Senior Mo's heart, Ye Feng is simply a son of Qilin with infinite glory in the future.

Senior Mo's current emphasis on Ye Feng and even the various preferential treatments he gave him showed that he wanted to make friends with this peerless prodigy.

Ye Feng naturally felt it too.

But he didn't say much about it.

However, Senior Mo's attitude really made Ye Feng feel like he was being treated like a VIP, which was very comfortable.

but

Ye Feng's entire attention at this time was placed on the countless treasures in the warehouse.

Ye Feng didn't care much about those pill inheritances and so on.

What he values most now is the spiritual pattern, and the other is a high-grade battle sword.

A quarter of an hour later, Ye Feng walked to a row of shelves and couldn't move away.

Because there are more than a dozen swords hanging on this shelf, all of which exude terrifying energy fluctuations and swallow sharp sword energy.

These are more than a dozen top-quality magic weapon-level war swords!

and.

The ice sword in the center looks like it is made of tens of thousands of years of ice. It is exactly the same as the waves on the crystal sword. It is a first-grade Taoist-level war sword!

Ye Feng's heart was moved, and he was very moved.

If you integrate these dozen of top-quality magic weapon swords and a first-grade Taoist weapon sword into your own Invincible Sword Domain, how powerful can you make the Invincible Sword Domain?

I'm afraid Ye Feng doesn't have to be afraid even if he faces a strong person in the Void Realm.

At this moment, Ye Feng quickly asked Senior Mo beside him, "How many swords are needed to buy them all?"

Senior Mo hesitated a little, but still said: "A dozen magic weapon swords and a first-grade Taoist weapon sword are a bit expensive. If little brother Ye wants to buy them all, even if I give you the lowest price, it will probably cost you Thirty million spiritual crystals."

"thirty million?"

When Ye Feng heard this, he couldn't help but gasped.

Then he smiled bitterly, how could he have so much money now?

Even in Ao Wuchang's storage spirit ring, there are only nine million spirit crystals, not enough for thirty million.

"Buy them all."

But at this moment, Wu Jiu suddenly spoke up.

...

Chapter 1035 The Treasure of the Town Meeting

Wu Jiu suddenly spoke, making Ye Feng slightly startled.

Then Ye Feng said with a hint of gratitude: "Senior Wu Jiu, I really need these swords. After all, high-grade swords are not common. You pay me the 30 million first, and I will pay them back after I go back." for you."

Wu Jiu nodded with a smile and said: "Okay, I also think that since you have encountered a high-quality war sword, it would be a bit of a loss if you don't buy it. Moreover, after you go back, you will have to cross the passage of the heavens and enter the spiritual world. The surrounding battlefields of all races are too dangerous. The stronger your invincible sword domain, the higher your safety. You saved me before, so I naturally want to repay you. If you can afford to pay back the 30 million, Forget it, if you can't afford it, 30 million is not too much for me."

When Wu Jiu spoke, his tone was full of pride. It was obvious that he was really, really rich.

Senior Mo glanced at Wu Jiu in surprise at this moment. He didn't expect that this old man with an unattractive appearance turned out to be a hidden noble being.

Thirty million spiritual crystals, giving away as much as you want, is really too arrogant.

At this moment, Wu Jiu took out a 30-million-denomination spiritual crystal card from one of his black storage rings, and handed it to Senior Mo very casually.

Senior Mo's palms trembled slightly.

This is thirty million!

A huge sum of money!

At this moment, Ye Feng quickly said: "Senior Mo, I will accept all these dozen swords."

Senior Mo quickly smiled and said: "Okay, okay, little brother Ye, you can just accept it."

Uh-huh!

This is what Ye Feng was waiting for.

He grabbed it with his big hand and instantly refined the thirteen top-grade magical swords in front of him, as well as a first-grade Taoist-level ice sword, into his own invincible sword domain.

"boom!"

At this moment, Ye Feng's whole body was shocked.

He felt that his artistic conception of swordsmanship had once again improved by one level, directly stepping into Dacheng.

The realm of sword rules.

In addition, Ye Feng could detect that the power of the Invincible Sword Domain had increased by an unknown number of times at this moment.

Ye Feng looked inside, and he saw the invincible sword domain existing in the vast inner space of his body.

Now there are densely packed long swords suspended among them.

Ye Feng counted and found that there were thirty-six swords in the Invincible Sword Domain.

Among them, the two first-grade Taoist war swords, the crystal dagger and the ice sword, have the strongest sword light. They are in the leading position among the many war swords in the Invincible Sword Domain.

At this time, Wu Jiu suddenly saw a small bronze bell not far away.

He immediately stepped forward and took a closer look. His eyes flashed with a hint of surprise, as if he had discovered something.

This seems to be a treasure.

Wu Jiu turned around and looked at Senior Mo who was not far away, and said, "I bought this bronze bell. How much does it cost?"

Senior Mo looked at the bronze bell and immediately said with a smile: "This is just a piece of junk. If Mr. Wu Jiu needs it, I will give it to you for free."

At this time, Senior Mo was still looking at the spiritual crystal card worth thirty million in his hand.

"A rag?"

Wu Jiu smiled hoarsely and couldn't help but shake his head.

But he didn't say anything else and directly put the copper bell into his storage ring.

When Ye Feng saw this scene, he smiled secretly in his heart.

The thing Wu Jiu was looking at was definitely a rare treasure, how could it be tatters?

However, Ye Feng didn't point it out, but said to Senior Mo beside him: "Senior Mo, take us to see those spirit patterns. I don't need any other treasures. Even if I do,

, I guess I don't have the money to buy it, after all, I still need to buy the spiritual pattern. "

Senior Mo immediately smiled and said: "Okay, I will take you to the place where the spiritual patterns are stored immediately."

At this time, Senior Mo was in a good mood.

Because as long as he sells one of the treasures in the auction warehouse, he can get a lot of reward.

Seeing Wu Jiu casually squandering 30 million, Senior Mo knew that this old man who looked unattractive was definitely a wealthy man.

Soon, under the leadership of Senior Mo, Ye Feng and the others arrived at the deepest part of the warehouse.

There are actually small rooms there, which are completely made of steel and look full of cold and forbidding feeling.

At this time, Senior Mo said with a smile: "The advanced spiritual patterns you need are in one of these small houses." ??.

At this time, Senior Mo said, a huge key appeared in his hand, and he directly opened one of the small rooms.

Wow!

As soon as the door opened, Ye Feng and Wu Jiu immediately saw a dazzling light penetrating from the black iron room.

"That is....."

The next moment, the two looked at each other in shock.

They saw it.

In the iron stone room, the animal skins hanging on the walls were all engraved with different types of spiritual patterns.

According to the fluctuations of spiritual power emitted by those spiritual patterns, the spiritual patterns are at least second-grade, and the ones with the most severe fluctuations are fourth-grade spiritual patterns.

"There are actually fourth-grade spiritual patterns?"

Wu Jiu's eyes suddenly lit up with joy.

I didn't expect that this auction would have quite a profound background.

I have to say that this Dali Kingdom is worthy of being one of the top ten vassal states in Snow State.

In the Holy King City, the capital of the country, this auction still has its own confidence.

Wu Jiu walked directly into the small room at this time.

Ye Feng also followed Wu Jiu into the room at this time.

He looked at the animal skins hanging on the wall, all of which were imprinted with spiritual patterns.

There are probably more than a dozen spirit-patterned animal skins hanging in the entire room.

But most of them are second-level spiritual patterns.

There are also third-level spiritual patterns, but there are only two.

The fourth-level spiritual pattern is the only one.

At this time, Wu Jiu directly skipped the second and third level spiritual patterns.

He has been a level 4 spirit pattern master for a long, long time.

Therefore, in order to seek a breakthrough, Wu Jiu was only interested in high-grade beings in the fourth-level spiritual patterns.

At this time, Wu Jiu stood in front of the only animal skin with a fourth-level spiritual pattern in the room.

Depicted on this animal skin are the patterns of a thousand ancient Buddhas. They are wearing cassocks, with golden halos hanging on the back of their heads, and their whole bodies are shining with the incomparable sacred light of Buddha. They are meditating, chanting sutras, and singing the Buddha's Dharma, as if there really is a Buddha. Thousands of ancient Buddhist monks were sealed in this small animal skin scroll.

Senior Mo spoke up at the right time and introduced with a smile: "Mr. Wu Jiu has a good eye. The spirit pattern traced on the animal skin you are looking at now is the treasure of the town in our auction warehouse. It is a treasure." A set of fourth-level high-grade spiritual patterns, called the 'Thousand Buddha Spirit Patterns'. It is said that hundreds of years ago, an ancient holy monk in Selangor, when he was about to die and was about to pass away, suddenly his spiritual platform reached into the void. , broke through the interface barrier, and dreamed of the legendary supreme interface: the Buddha Realm. The Thousand Buddha Spirit Patterns left behind, once traced, can manifest a thousand holy Buddhas in the heavens, which can kill evil spirits and disperse strange things. It can kill powerful enemies and purify the souls of thousands of living beings. Moreover, this Thousand Buddha Spirit Pattern not only has powerful attack power, but when tracing the Thousand Buddha Spirit Pattern itself, it is also of great benefit to enlightenment and practice. "

...

Chapter 1036 Entering the Palace

For Ye Feng, this Thousand Buddha Spirit Pattern is too advanced, and he is currently unable to comprehend it.

But Ye Feng knew that he would definitely need it in the future.

So at this time, after discussing with Wu Jiu, he decided to purchase all the spiritual patterns here.

This made Senior Mo at the auction very happy.

After all, with such a large transaction order, Senior Mo can definitely earn a lot of money.

After Ye Feng and Wu Jiu searched for their storage rings, they finally gathered the required price and paid it all to Senior Mo. .??.

Senior Mo smiled widely and immediately said: "You two can directly take away all the spirit patterns in this room now."

Wu Jiu spoke up and said to Ye Feng: "You just need to take these spiritual patterns and spend a few days tracing them into your soul, and then give them all to me."

Ye Feng nodded and said, "Okay."

Saying that, Ye Feng grabbed it with his big hand and immediately put all the spirit patterns into his storage spirit ring.

Senior Mo smiled and said: "Since you two have got what you want, why not rest at our auction for a few days."

Ye Feng smiled and refused: "Senior Wu Jiu and I have other things to do in the Dali Kingdom, so we won't delay Senior Mo."

Senior Mo nodded and said, "Okay, then I'll give you two a treat."

...

In the afternoon, Ye Feng and Wu Jiu left the auction.

They returned to the inn, where Rushuang was waiting.

Seeing the satisfied expressions on the two people's faces, Rushuang knew that Ye Feng and Master Wu Jiu must have gained a lot from their trip to the auction.

Ye Feng looked at Rushuang and said, "Senior Wu Jiu and I have something important to discuss. You stay outside our house and don't let anyone disturb us."

Rushuang immediately raised her fist and said, "Yes, Lord Ye, don't worry."

Ye Feng nodded and took Wu Jiu back to his room.

Buzz!

At this time, Ye Feng released the Invincible Sword Domain and manifested the crystal dagger.

"Come out, Jiang Taixu."

Ye Feng said.

"Yes, Lord Ye Di."

Following the voice of a middle-aged man, Jiang Taixu, the leader of the Dali Kingdom, stepped out from the crystal dagger.

At this time, Wu Jiu spoke up: "Jiang Taixu, you said that the current leader of the Dali Kingdom was transformed from a blood race of a foreign race, so how can we sneak into the palace?"

Jiang Taixu immediately spoke out: "I am the real king of the Dali Kingdom. I am naturally very familiar with the palace. As long as the two adults follow my guidance and lurk into the palace from a very secret passage, Zhongdi, go directly to my daughter Jiang Yanran, she can not only verify my identity, but also help us seize our rights. "

"good."

Ye Feng nodded and said: "Because we still don't know what kind of strength the vampire king disguised as you has, so we'd better sneak in first."

Wu Jiu also nodded and said: "That's right, you can't go wrong by being cautious."

After the three people negotiated, they secretly left the inn and lurked towards the Dali Palace in the center of the Holy King City.

Sure enough, Jiang Taixu was very familiar with the entire Dali Palace.

After all, he was once the head of the Dali Kingdom, so he was naturally extremely familiar with the palace he built.

So under his leadership, Ye Feng and Wu Jiu quickly entered the palace.

And they entered the palace without attracting anyone's attention.

They walked through a secret passage on the northwest side of the palace. Under the leadership of Jiang Taixu, they soon arrived at a very splendid palace.

Jiang Taixu looked at the dormitory and immediately said: "That dormitory is the dormitory of my daughter Jiang Yanran. Let's go and take a look."

"Wait a moment."

But at this moment, Ye Feng suddenly said: "Something is wrong, let me take a look."

The Divine Eye of Creation!

Almost at this moment, Ye Feng used the Divine Eye of Creation.

Buzz!

In his pupils, a dark divine light flickered.

The Divine Eye of Creation was activated, allowing Ye Feng to see through all illusions in an instant.

At this moment, in Ye Feng's field of vision, he immediately saw that the outside of the palace was completely surrounded by dense blood-colored spiritual patterns.

Ordinary people couldn't see these blood-colored spiritual patterns at all, but Ye Feng was a soul master and had the talent of awakening the Divine Eye of Creation, so he naturally noticed the abnormality at once.

"Your daughter's palace is wrapped in a very strange spiritual pattern formation. According to my judgment, this spiritual pattern formation is an invisible formation and is at the soul level. Ordinary people can't feel it at all when traveling through it. There is a formation."

Ye Feng spoke out and told everything he saw.

Jiang Taixu was a little confused and said: "Since ordinary people can't feel this formation at all, it means that this formation has no harm to ordinary people at all, so why is this formation still set up here? "

Ye Feng smiled and said: "The person who set up this formation is probably the blood king. He does not want to harm the people in the palace, but to supervise everyone. Although these formations have no effect on us, But if we walk directly over, we will definitely be sensed by these formations, and then pass the message to the blood king, and he will instantly notice that there is an uninvited guest in the palace, and we will definitely be alerted. "

Wu Jiu nodded and said: "This is a surveillance spiritual pattern formation. Although it does no harm to anyone, it can make the person who set up the formation aware of all kinds of uninvited guests in an instant. "

Jiang Taixu looked a little ugly and said: "Then what should we do? If we can't contact anyone in the royal family, can we just rely on ourselves?"

Ye Feng thought for a while and said: "I once realized an ability called 'Void Jump', which allows me to travel in the void for an instant and directly pass through any tangible and invisible obstacles."

Jiang Taixu's eyes lit up and he said: "Master Ye Di actually has such a powerful ability, that's great!"

Ye Feng nodded, let Jiang Taixu return to the crystal dagger, then grabbed Wu Jiu, and said: "Senior Wu Jiu, be careful and don't move around. I will take you to jump in the void. The turbulence in the void is terrifying and extremely lethal."

Wu Jiunai is a spirit pattern master and has not practiced martial arts, so his body is relatively delicate. If he does not warn him, he may be torn into pieces by the turbulent flow of the void if he moves casually while jumping in the void.

Wu Jiu immediately smiled and said, "Don't worry, I can use treasures to defend you."

...For Ye Feng, this Thousand Buddha Spirit Pattern is too advanced, and he is still unable to comprehend it.

...

Chapter 1037 Princess Yanran

At this time, Wu Jiu took out a set of gold-lined jade clothes from his storage spirit ring.

After he put on the golden jade clothes directly, his whole body was immediately wrapped in an indestructible golden light shield.

Ye Feng looked at the scene in front of him and said with a smile: "Senior Wu Jiu indeed has many treasures. That would be even better. I'll start."

Buzz!

Ye Feng grabbed Wu Jiu's shoulders, and almost at that moment, he suddenly launched a void jump.

Uh-huh! ??

In an instant, the figures of Ye Feng and Wu Jiu had disappeared.

Their figures instantly disappeared into the void, and then passed directly through the densely packed blood-colored spirit pattern formation area.

Uh-huh! ??

Almost at the next moment, there was a violent spatial fluctuation at the door outside the princess's bedroom, and the figures of Ye Feng and Wu Jiu were instantly revealed.

"Buzz!"

At this time, Jiang Taixu also stepped out of the crystal dagger. He was very happy and immediately said: "Master Ye Di is really amazing!"

Ye Feng smiled slightly and said: "Go and see your daughter. Is there any way for us to get close to the blood king? If the blood king is really secretly forging a cross-border passage and wants to open the entrance to the blood world, then... Time is really running out, we can't let this happen, otherwise countless blood clans will come to the Dali Kingdom. Not to mention your small vassal state, I am afraid that the entire Snow State will be plunged into endless battles and killings. In the process of cutting."

Jiang Taixu also knew the urgency of the matter. He nodded immediately and said, "I understand."

Ye Feng nodded and started knocking on the door.

"Dong dong dong."

"Who?"

Along with the knock on the door, a light girl's voice came from the palace.

Squeak!

The door to the bedroom opened.

Jiang Yanran saw Ye Feng and Wu Jiu outside the door, her eyes immediately became confused and she asked, "Who are you two?"

"Yanran, it's me."

At this time, Jiang Taixu immediately flashed in front of Jiang Yanran.

However, Jiang Taixu was in a soul state, which made Jiang Yanran startled. She quickly exclaimed: "Father, you? How did you become like this?"

When Jiang Taixu saw his daughter again, his eyes suddenly filled with tears of excitement. He burst into tears and said, "I will tell you this matter slowly. Let's enter your palace first to avoid being exposed by some malicious people outside." Found it."

As a princess of the Dali Kingdom, Jiang Yanran's mind is naturally not comparable to that of ordinary people.

At this time, she nodded calmly, and let Ye Feng, Wu Jiu, and her father, who had turned into a soul state, immediately walk into her bedroom, and then quickly closed the bedroom door with a "bang".

In the palace, Jiang Yanran was listening to Jiang Taixu's story.

Ye Feng and Wu Jiu, on the other hand, released their mental power to explore if there was anything abnormal around them.

After all, the countless blood-colored spirit pattern formations wrapped outside the palace kept both of them on guard at all times.

What they faced this time was no ordinary enemy.

Rather, he was a blood king who escaped from the battlefield of all races to the spiritual world.

This is a very scary alien race and a very fierce enemy. Naturally, Ye Feng and Wu Jiu treat it seriously.

After checking it carefully, the two breathed a sigh of relief.

Because they didn't find any other abnormalities.

How come, the blood king who pretends to be the current leader of Dali Kingdom?

, and had no intention of alerting the enemy. He hid it from everyone in the palace and secretly forged a cross-border passage.

"hateful!"

And suddenly at this moment, Jiang Yanran, who was not far away, suddenly shouted angrily:
"Alien! In these days, it turned out to be a hateful alien disguised as your father! No wonder these days in the morning, I found something very wrong with you, Father. I feel like you are not paying attention to anything. It turns out that your body has been destroyed a long time ago, and you have become a remnant soul, hiding in the crystal dagger, eking out an ignoble existence. Damn it, damn it. ah!"

Although Jiang Yanran is a princess and a woman, she has a strong personality. At this time, she immediately picked up the sword and went to avenge her father.

But Ye Feng suddenly stopped Jiang Yanran and said coldly: "Your Highness, although I know that this matter is like the revenge of killing your father, you have to stay calm now, because we don't know at all now. How powerful is that vampire king?"

Wu Jiu came over at this time and advised: "You really shouldn't be too impulsive. If the blood king is weak, it's okay, we won't be in any danger, but if he is strong, then all of us will be ruined by him." on the hand."

Jiang Taixu also hurriedly spoke out at this time: "Yanran, the two adults are right. We can't act on impulse until we understand the true strength of the blood king. That's why we came to you because we hope you can find him." Take the opportunity to get close to the blood king, explore his bottom line, and then cooperate with the two adults of Qi Ren Mansion, Ye Di and Wu Jiu, to annihilate the blood king in one fell swoop and completely eliminate this scourge. "

Hearing what the three people said, Jiang Yanran's beautiful face suddenly showed a hint of guilt, and said: "The two adults and father are right, I was too impulsive, but seeing that father, you have become what you are now. Such an appearance makes Yanran feel so heartbroken."

Jiang Taixu sighed and said: "Yanran, the reason why I have one left

The remnant soul is still holding on, just to be able to eradicate that blood king. After that blood king is killed, I can feel relieved. By then, the entire Dali Kingdom will be handed over to you, Yanran. "

When Jiang Yanran heard that Jiang Taixu was asking for help, she couldn't help but fell silent, feeling extremely sad in her heart.

Ye Feng stepped forward, handed Jiang Yanran a tissue, and said, "Wipe your tears."

Jiang Yanran took the tissue and murmured in a low voice: "Thank you."

Ye Feng looked at Jiang Taixu and said: "Tonight I want to sneak into the depths of the palace to find out in advance how far the blood king has progressed and see if his cross-border passage has been cast."

With that said, Ye Feng looked at Wu Jiu and said, "Senior Wu Jiu, you will stay here and discuss the next plan with Jiang Taixu and Princess Yanran."

Wu Jiu nodded and said: "Okay, you really need to plan carefully, but you must be careful when you go to investigate the situation."

Ye Feng smiled slightly and said, "Don't worry."

Wu Jiu nodded when he heard this. He was indeed very reassured by Ye Feng's strength and methods.

Uh-huh!

At this moment, Jiang Yanran suddenly came to Ye Feng, stretched out her arms, and hugged Ye Feng.

Ye Feng was slightly startled when Nephrite came into his arms.

Jiang Yanran cried and said: "Thank you, thank you for bringing my father back."

When Ye Feng heard this, he immediately smiled and patted the girl's back gently, saying: "This is what I should do. Facing the vicious aliens who want to plot against the human race, the human race must unite."

After saying that, Ye Feng let go of Jiang Yanran, jumped up, and disappeared into the darkness deep in the palace.

...

Chapter 1038 Discovery

Ye Feng restrained his aura and reduced his life fluctuations to the lowest point.

After he left the princess's palace, he lurked directly towards the main hall in the center of the palace.

Along the way, Ye Feng saw many guards, all wearing heavy armor, with extremely solemn eyes, patrolling everywhere.

However, these guards were not powerful. Ye Feng just moved his body casually and shuttled through the void.

In the entire palace of Dali Kingdom, Ye Feng was simply in a deserted place.

Suddenly at a certain moment, Ye Feng stopped outside a royal garden.

With his powerful soul power, he immediately felt a very chilling and strange aura spreading in a certain area in front of him.

Ye Feng slowly lay down and lurked over.

With the help of the bright moonlight, he immediately saw a terrifying scene.

At this time, the bodies of the human beings who were killed were broken into several pieces, and they were all thrown on a huge altar.

At this time, "Jiang Taixu", who was wearing imperial robes, was holding a bloody scepter in his hand and was chanting in front of the altar.

Above the altar, a bloody space vortex was slowly condensing and then slowly taking shape.

Obviously, this "Jiang Taixu" is the disguised vampire king.

At this time, he used the blood of countless humans to perform a very vicious and strange secret technique, hoping to communicate with the blood world and open a cross-border channel.

At this time, Ye Feng was very hesitant. He didn't know how far the spatial vortex had reached now, and whether it needed to be destroyed immediately.

Ye Feng asked directly in his mind: "Senior Taotie, wake up quickly and take a look at this space vortex. Is it about to open the passage to the blood world?"

Taotie's soul woke up in his mind, and his voice sounded: "There will still be a while, and it will not be that simple to open the cross-border passage, but this space vortex is fast and is about to take shape."

Ye Feng nodded and said: "There will still be some time.

That's good, then we still have time to prepare. "

At this time, Ye Feng breathed a sigh of relief.

Because he felt a terrifying energy fluctuation from the vampire king that made his heart palpitate.

This shows what?

It shows that the strength of this vampire king must be very terrifying.

He is definitely a super strong person at the level of the Void Realm, the sixth secret realm.

Moreover, it is the great achievement of the Void Realm.

Even a Dzogchen level existence.

At this moment, Ye Feng could still feel that streams of pure blood energy were being transmitted from the space vortex and being absorbed by the blood king.

The blood king's cultivation is rapidly developing and transforming, and he is almost about to break through to the seventh secret realm, the Nether Realm!

A warrior at the level of Tongyou Realm can really make his spiritual soul extend in all directions, and he can spy on various interface spaces and various deep voids.

"Fortunately, this vampire king has not yet completely entered the seventh secret realm, Tongyou Realm. Otherwise, no matter how deep I lurk, even if I am hidden in the void, he will find me in an instant."

At this time, Ye Feng was thinking secretly in his heart.

Now that it is confirmed that the cross-border passage has not been formed yet, Ye Feng can be regarded as temporarily relieved.

At this time, Ye Feng got what he wanted and was ready to leave directly.

But suddenly.

"Uh-huh!"

A figure in black suddenly stepped out of the void not far away and shot towards the altar in an instant.

"boom!"

The figure in black, holding a golden sword in his hand, slashed directly at the altar.

Suddenly a large golden flash burst out from the blade of the long knife, full of unparalleled cutting power and endless edge, as if it could split the sky and the earth directly.

Ye Feng was lurking in the dark, and his eyes were extremely surprised when he saw this scene.

Obviously, he did not expect that before he took action, someone would actually take action in advance and wanted to directly destroy the altar of the blood king.

"Um?" .??.

"presumptuous!"

The vampire king, who was disguised as the leader of the Dali Kingdom, suddenly became furious with his eyes.

He roared instantly and stretched out a hand.

boom!

That hand was originally a human palm, but now it suddenly turned into a bloody claw. It looked full of ferociousness and very evil.

"Boom!"

The terrifying blood-colored claws have the power to block out the sky and the sun. This shows the unparalleled cultivation of this vampire king.

"when!!"

The blood-colored claws seemed to be made of very hard iron stone and were indestructible. They actually wiped out all the terrifying sword light in one go.

"What?"

The man in black immediately made a horrified sound.

"Get down here!"

At this time, under the moonlight, the leader of the Great Li Kingdom suddenly transformed from a human into a vampire with blood-colored wings on his back. There were two silver fangs in his mouth, and he looked extremely vicious.

"boom!"

The vampire king had now completely transformed into his own appearance. He rushed directly into the sky and caught the man in black in his hands in an instant.

At this time, the mask of the man in black was torn off at once.

The face of a middle-aged man suddenly appeared.

This is black

The man in black yelled in shock and anger: "I knew our king had been killed! You are not our king at all, you are a foreigner!!"

"Pfft!"

But before the man in black could finish speaking, the vampire king stretched out his huge bloody claws and tore the man in black into two halves, staining the sky with blood, which was very cruel.

Ye Feng was lurking in the darkness, and when he saw this scene, his eyes were extremely cold.

This man in black seems to be a loyal person in the Dali Kingdom.

Ye Feng originally planned to help.

But I didn't expect that this vampire king would move so fast, and his strength was extremely powerful.

Thinking of this, Ye Feng suddenly felt a huge sense of crisis in his heart.

This vampire king must not be allowed to grow any longer.

If this blood king is allowed to grow further and surpass the sixth secret realm of void and enter the seventh secret realm of Netherland, and his body and spirit become extremely powerful, and his soul is as strong as iron, then he will really be unable to deal with it.

With this thought, Ye Feng turned around and left quickly, preparing to return to the princess's palace.

"who?"

But suddenly at this moment, the blood king who had just landed from high altitude not far away suddenly looked at the dark place where Ye Feng was hiding with his red eyes.

"No! After this vampire king turned into his true body, his perception expanded rapidly, and he actually discovered my breath!"

At this moment, Ye Feng felt a strong sense of crisis in his heart.

Uh-huh!

He quickly jumped into the void and ran directly outside the palace.

Ye Feng did not run directly towards the princess's palace, because that would expose the whereabouts of Jiang Taixu, Wu Jiu and others.

So now Ye Feng ran desperately towards the outside of the palace, waiting to get rid of the blood king before returning to the princess's palace.

...

Chapter 1039 Human Sacred Body

"He is another thief who does not know how to live or die. He dares to peek into my secrets. It is simply presumptuous!"

At this time, the blood king did not change back to his human appearance at all. He directly returned to his original state. He opened his blood-red wings and instantly turned into a red lightning, chasing in the direction of Ye Feng's escape.

Half an hour later, they all ran away from the palace area and arrived in the wilderness outside the Holy King City.

What shocked Ye Feng was that even though he had the ability to jump in the void, he could not get rid of the vampire king behind him at all.

This vampire king spreads the huge red wings on his back, giving him unparalleled speed.

It was like a red lightning bolt, traveling through the darkness, nothing could stop it, it was reaching its peak.

"Heaven Locking Spirit Pattern!"

At this moment, Ye Feng took out the spirit pattern pen and quickly drew a set of spirit patterns in the space behind.

"How dare you stop me despite your small skills?"

The blood king possesses powerful cultivation in the Great Perfection Void Realm.

At this time, he smiled coldly, stretched out two huge red claws, like the hardest blades in the world, and tore into pieces the Heaven-locking Spirit Pattern drawn by Ye Feng in an instant.

Wow!

The spiritual pattern was shattered into pieces.

The power of the second level spirit pattern was as fragile as tofu in front of this blood king.

"Invincible Sword Domain!"

Ye Feng knew he couldn't escape, so he quickly took out a black cloak from the storage ring, covering his body and covering his face.

Then he suddenly stopped and instantly activated the Invincible Sword Domain.

Buzz buzz...

Almost at this moment, a total of thirty-six war swords swallowing sword light, surging with sharp sword energy, floated up and down in the void behind Ye Feng.

The blood king also stopped at this time. His red eyes stared at Ye Feng, who was wrapped in a black robe across from him. He sneered and said: "A person from the fifth secret realm."

Boy, you dare to stop in front of me, you are so bold. "

Ye Feng smiled indifferently and said: "It's not certain who will win and who will lose. If you draw a conclusion so early, you may end up slapping yourself in the face."

boom!

Almost at the moment Ye Feng finished speaking, the thirty-six swords floating behind him suddenly flashed out, as if they turned into thirty-six lightning bolts of various colors, instantly tearing through the darkness. Directly towards the blood clan king to kill and stab.

"Your attack, in my opinion, is simply vulnerable."

The blood king spoke out, his tone full of disdain.

He suddenly waved his hand, and the endless blood-colored divine light immediately condensed together and turned into a surging blood-colored ocean, surging in the void and rushing directly in the direction of Ye Feng.

"boom!"

"boom!"

"boom!"

Thirty-six war swords erupted with earth-shattering sword light. The sharp edge could tear the sky apart, and cut the bloody ocean into more than a dozen pieces in one fell swoop.

"when!"

"when!"

But at the next moment, every war sword stabbed at the blood king's body, as if stabbing at a copper wall, unable to penetrate his skin at all.

Even the two leading swords among the thirty-six swords, the crystal short sword and the ice long sword, these two first-grade Taoist-level swords, were unable to cause any harm to the blood king.

You know, Ye Feng's current Invincible Sword Domain incorporates thirty-six high-grade swords, which can instantly kill a Dacheng Void Realm powerhouse.

But this blood king is not only a strong man in the Great Perfection Void Realm, but also a very ferocious alien, many times stronger than the strong human race with the same level of cultivation.

Therefore, even if the Invincible Sword Domain is now extremely terrifying, it cannot harm this blood king.

The blood king suddenly laughed and said: "Human boy, you can't even hurt me with your strongest means, how can you fight me?"

boom!

But suddenly at this moment, Ye Feng jumped up and waved a fist directly towards the blood king.

Seeing this scene, the blood king said with disdain: "You can't even break through my defense with your sword, and now you want to fight me with your fists. It's simply ridiculous. Then I will take action directly. You were torn to pieces."

boom! !

But at this moment, Ye Feng's fist suddenly burst into light.

This fist, directly from the body of flesh and blood, suddenly turned into something like the most perfect star iron in the world. It was tempered thousands of times, as if it had just come out of the divine furnace, shining with immortal divine light, possessing Unrivaled terrifying power.

"boom!!!"

Accompanied by an earth-shattering roar.

The huge bloody hand of the vampire king had two fingers smashed to pieces, bleeding profusely.

"What?!"

"How can your body be stronger than that of my vampire family!"

"You are a young human holy body!!"

The vampire king screamed in pain from the heartbreaking pain.

But his heart was more violently shaken.

"Come die!"

At this moment, the blood king suddenly shot out a claw, as fast as lightning, and it was printed directly on Ye Feng's chest.

boom!

Ye Feng's entire body was directly blasted several thousand meters away.

Uh-huh!

"puff!"

He spat out a mouthful of blood.

However, Ye Feng didn't want to fight. He jumped up and his figure disappeared into the dark wilderness in the distance.

At the same place, the blood king wanted to continue to pursue him, but he was unable to capture Ye Feng's aura.

At that moment, Ye Feng had obviously quickly distanced himself from him, and his breath completely disappeared into the endless wilderness.

"Damn it!!"

At this time, the blood king's face suddenly became extremely angry.

"If this young human holy body can be captured, then my vampire body, after bathing in the holy blood, will definitely be able to transform to another level, and maybe it will allow me to directly break through to the seventh secret realm, the Netherworld. territory!"

The blood king roared unwillingly.

He turned around and quickly returned to the palace, transforming into the king of the human race again. He summoned his ministers overnight and announced an order: "Use all efforts to search for a traitor from the Kingdom of Dali, a young man wearing a black robe!"

And at this time.

In the dark wilderness.

After Ye Feng stayed for a while, he covered his aching fist and lurked back into the palace of the Dali Kingdom.

After he returned to the princess's palace, Jiang Taixu, Wu Jiu, Jiang Yanran and others immediately stepped forward and asked, "How was the investigation?"

Ye Feng nodded and said: "It will take some time for the cross-border passage to be completely formed. We still have time to prepare. However, my whereabouts were exposed tonight, which may

have made the blood king suspicious. I think these days God, let's do it as soon as possible, otherwise the vampire king will find out sooner or later."

Wu Jiu nodded and said: "Okay, when you leave, we have already discussed the plan. I will arrange a super spiritual pattern killing array in the princess's palace, and let Princess Yanran lead the disguised vampire king there. Come to the palace, and then we will kill the blood king in one fell swoop, and then destroy the altar."

...

Chapter 1040 Looking at each other

After several people made plans in the palace.

Wu Jiu directly took out the spirit pattern bases one by one from his storage spirit ring.

These formation bases were the wealth that Wu Jiu had accumulated over the years.

Ye Feng saw that each formation base was engraved with extremely complex spiritual patterns.

These spirit patterns, even Ye Feng's current level three spirit pattern master, felt very dizzy when he saw them.

This made Ye Feng slightly shocked. He didn't expect Wu Jiu to really spend a lot of money this time.

The imprinting and casting of these formation bases must have consumed a huge amount of energy and cost.

Wu Jiu seemed to have seen Ye Feng's thoughts. He smiled and said: "According to the strength of the blood king you mentioned before, I am afraid that he is a blood creature with noble blood. If he can be imprisoned and captured, By transferring all his pure blood into my body, I can definitely rejuvenate my body that is almost decaying."

Ye Feng immediately smiled and said: "Okay, this time it's up to you, Senior Wu Jiu. As long as Senior Wu Jiu can trap the blood king and make him lose part of his combat power, then I will kill him." It will be very easy, but in practice, it will be very difficult. I have fought against that vampire king, and he is very, very strong."

Wu Jiu took out a roll of animal skin from the storage spirit ring, and said with a hint of evil in his eyes: "Have you forgotten that among the spirit patterns we just purchased from the auction warehouse, There are several spirit patterns that can inflict evil on people, such as poisonous spirit patterns, gravity spirit patterns, weakening spirit patterns, hallucination spirit patterns, etc. As long as they are all applied to the blood king, how much do you think he will have left? Combat strength?"

When Ye Feng heard what Wu Jiu said, his eyes suddenly lit up and he said: "Yes, senior Wu Jiu, your spirit patterns are very powerful and your realm is very high. Those spirit patterns you display will definitely be able to cause damage to the blood king." big influence."

At this time, I saw Ye Feng and Wu Jiu discussing with great interest how to kill that person.

The blood king.

Jiang Taixu's father and daughter standing next to them looked at each other in confusion.

Originally, they thought that the vampire king was very vicious and difficult to deal with.

But now hearing these two guys from Qiren Mansion talking to each other, Jiang Taixu and Jiang Yanran suddenly changed from a state of "feeling like they are facing a powerful enemy" to a state of "wanting to watch a good show".

This made the two royal bloodlines of the Dali Kingdom couldn't help but smile bitterly.

Sure enough, all those who can enter the Qiren Mansion in Snow State are not simple masters, but ruthless people.

But with these two ruthless men, Jiang Taixu only felt that this time their kingdom would be saved.

And just when several people were preparing for the killing array in the princess's palace.

The king of the blood clan pretends to be the leader of the Dali Kingdom, and he has been very depressed these days.

Because he finally encountered a human holy body.

Moreover, he is still a young Holy Body whose cultivation is not very strong and has not fully grown up.

The Human Sacred Physique is a physique favored by God.

The vampire king knew that if he could absorb the holy blood of the human holy body, its vampire body would undergo an extremely gorgeous transformation.

Moreover, he has never been able to break through the bottleneck of the seventh secret realm, Tongyou Realm, and may break through in an instant.

But even if he searched across the country for so many days, he still couldn't find a single trace.

...

In the main hall of the Royal Palace of Dali Kingdom.

"A bunch of trash!"

This is the blood king

When he was sitting on the dragon chair in the main hall, he slapped the guard in black armor in front of him and crushed his head to pieces.

Snap!

The guard didn't even have time to let out a scream. His whole headless body fell to the ground, looking extremely bloody and horrifying.

"Your Majesty, calm down!"

At this time, many ministers in the court, as well as some generals, actually knelt on the ground and made noises in horror. .???.??

Although they did not dare to have any thoughts of resistance, nor did they dare to have any thoughts of remonstrance.

But at this time, all the ministers and generals felt a deep chill in their hearts.

They suddenly felt very strange to this familiar Majesty.

In the past few months, His Majesty, who was originally a wise king, suddenly became bloodthirsty, cruel, moody, and full of boundless hostility.

His Majesty's temperament changed drastically, making everyone in the court tremble with fear.

At this time, the leader of the Dali Kingdom looked above him with a very gloomy face. Almost no one among the hundreds of people in the entire court dared to speak, and no one dared to make a single utterance.

"Father, what's wrong with you? Why are you so angry?"

Suddenly at this moment, a light girl's voice sounded from above the court.

Not far away, Jiang Yanran, the princess of Dali, walked over with light and natural steps.

At this time, the blood king saw Jiang Yanran. Although he was very impatient, after all, he was pretending to be the leader of Dali Kingdom. He naturally had to be more patient with his only daughter, otherwise he might arouse others' suspicion.

Although the blood king is very powerful, if his alien identity is exposed, although no one in the Dali Dynasty can beat him, it is likely to attract people from outside the Dali Kingdom.

A strong human being, his plan to open the blood realm channel will fail when the time comes.

Therefore, at this time, the blood king pretended to be "Jiang Taixu", and his gloomy face immediately softened slightly, but his eyes were still a little impatient. He looked at Jiang Yanran who came over and said: "I am discussing important matters in the kingdom, and you are alone Girls, please go back to your bedroom and don't disturb the order of the court."

The blood king said this, obviously wanting to send this princess away quickly.

Because he is very upset now. He cannot find the human holy body, which makes him a little crazy.

Jiang Yanran suddenly said: "These days, I have also heard that my father wants to arrest a young thief in black robe, so I also want to share my father's worries."

The blood king was a little impatient and said: "How can you help me relieve my worries?"

Jiang Yanran smiled slowly and said: "To be honest with my father, my daughter has recently recruited a strange person. He is an old man who specializes in spiritual patterns. He knows some legendary deduction techniques, although he cannot deduce any peerless things. Where is the treasure, but there should be no problem in deducing the traces of a little thief."

"Old Spirit Pattern Master?"

The blood king heard this at this time, and his impatient eyes suddenly moved slightly.

Although he is a human spiritual pattern master from the Blood Realm, he has also heard that he specializes in spiritual power and studies souls. He is different from human warriors and is very mysterious.

This kind of person might really be able to help him find the human holy body.

The blood king immediately stared at Jiang Yanran and said happily: "Okay! She is indeed my daughter! Let the master come to see me quickly, no, I will go see him in person!"

Desperate to find the human holy body that he longed for, the vampire king couldn't wait any longer. He was going to go there in person, hurry up and find the human holy body, and then capture it and bring it back to practice.

...
