Chapter 1041 Leave it to me next

Seeing His Majesty the King and His Highness the Princess leaving the court hall in a hurry, many civil and military officials could not help but heave a sigh of relief.

"I don't know what's going on with His Majesty now. He suddenly became so moody. He also killed people at will in the court."

"It is simply a disgrace to our ancestors and ancestors of the royal family of the Kingdom of Dali."

"Shush! How dare you talk like that and risk your life?"

"Alas, being with a king is like being with a tiger, we can just pretend to be stupid..." ??

...

While many ministers and generals were discussing.

The king of the blood clan, disguised as the Lord of Dali Kingdom, followed Jiang Yanran, the princess, to the princess's palace.

"Father, this is the spiritual pattern master who knows the art of deduction that I introduced."

Jiang Yanran walked outside the princess's palace, pointed in a certain direction, and immediately spoke to the vampire king beside her.

The blood king nodded. He saw a skinny old man in black robe standing there outside the princess's bedroom. The aura on his body was unfathomable. He was a mysterious spiritual pattern master.

The blood king did not doubt that he was there. He just stepped forward, smiled slightly, and said, "Master, you said that you can deduce a person's whereabouts. How can you deduce it?"

The blood king sensed at this time that the skinny old man in front of him did not have any strong blood energy fluctuations at all, and there was no threat to him at all.

Therefore, the vampire king was very relaxed at this time.

And he also has strong self-confidence.

He is a powerful vampire warrior who fought his way out from the battlefield of all races.

Moreover, his body contains the noble blood of the vampire clan.

In the three-thirds of the land of Dali Kingdom, the blood king really felt that he was invincible.

At this time, the skinny old man in black robe introduced by Jiang Yanran was Wu Jiu.

"Greetings to Your Majesty."

Wu Jiu remained calm, pretending to be sophisticated, and walked up to the vampire king.

Jiang Yanran was standing aside at this time. Although her eyes were very calm, it could be seen that there was still something deep in her eyes.

Sisi was nervous.

However, Her Royal Highness the Princess grew up in the royal family and has a strong will and a very stable mentality.

So even though they knew they were pretending to ambush the vampire king, they still acted very gracefully.

At this time, Jiang Yanran said with a smile: "Father, this senior Wu Jiu is a descendant of the legendary Wu Clan. The ancient blood of the Wu Clan flows in his body. He is a natural spiritual pattern master and knows how to deduce various spiritual patterns." Technique."

What Jiang Yanran said at this time was naturally nonsense.

But the blood king doesn't understand the human race, so he naturally believes it to be true.

When he saw Wu Jiu coming, he was very happy and said: "Then Master Wu Jiu can help me deduce the traces of the little thief before. When I hunted down the little thief before, I obtained some of his blood. breath."

Wu Jiu nodded immediately and said: "Your Majesty, don't worry, as long as there is the blood breath of that thief, I can use the spirit pattern technique to deduce his whereabouts, but this requires your Majesty's cooperation."

"Jiang Taixu" disguised as the king of the blood clan was a little surprised and said: "How can I cooperate with you, master?"

Wu Jiu smiled slightly and said: "I only need to use a deductive spiritual pattern and trace it in front of Your Majesty. Your Majesty will stretch out your hand and sense the spiritual pattern to predict the whereabouts of the thief."

The blood king was immediately overjoyed and said: "It's so simple? That's great."

The blood king has been looking forward to and longing for the human holy body for a long time.

At this time, the excitement went to his head, and the vampire king asked Wu Jiu to immediately start tracing the spiritual patterns.

"Yes, Your Majesty."

Wu Jiu nodded, took out his spirit pattern pen, and began to trace the spirit patterns around the blood king's body.

At this moment, Jiang Yanran stood behind her, her eyes flashed, and she slowly retreated away from the blood king.

Wu Jiu, on the other hand, remained calm and was just tracing the spirit patterns carefully.

The blood king looked at Wu Jiu who was tracing the spiritual pattern in front of him, and was really confused.

Spirit patterns emitting divine light were drawn in the air, and he looked very expectant at first.

But at the next moment, the vampire king suddenly felt something strange.

Because he discovered that the space environment around him was changing rapidly.

"What are you doing!"

Suddenly, the vampire king stared at Wu Jiu in front of him.

Because he saw that Wu Jiu actually drew four sets of spiritual patterns in one breath, covering his entire body.

"What am I doing?" ??

Wu Jiu retreated sharply, a strange sneer appeared on his originally calm face, and said: "Of course I am going to ambush you! Blood Clan!"

"What? Do you know my vampire family?"

The blood king's expression suddenly changed at this time.

He turned around suddenly and suddenly found that Jiang Yanran, who was standing behind him, mysteriously disappeared at some point.

The blood king immediately became furious and said: "You are actually joining forces to play tricks on me? Damn it!"

boom!

Almost at this moment, the vampire king suddenly changed his human appearance.

His entire body began to swell and turned directly into a blood-colored alien body that was three to four meters tall. There were two huge blood-colored wings growing on his back, covered with dense scales, and he looked extremely vicious.

At this time, the blood king's body was filled with the aura of great perfection in the sixth secret realm, the Void Realm. It surged crazily, roaring and hissing in the void like an ocean.

Buzz buzz...

The entire princess's palace and the towering building were shaking violently, as if they were about to collapse in the next second.

At this moment, Wu Jiu shouted loudly:

"Spirit Pattern of Weakness! Activate!"

"Poison Spirit Pattern! Activate!"

"Fire Dragon Spirit Pattern! Activate!"

"Psychedelic spiritual pattern! Activate!"

At this moment, Wu Jiu relied on his incomparable spiritual power to instantly activate the four sets of spiritual patterns he had drawn around the blood king.

Power.

Wu Jiunai is a fourth-level spiritual pattern master, and he has practiced in seclusion for more than a hundred years. His strength is extremely strong.

So even though he traced the spiritual patterns at this time, most of them were third-level spiritual patterns.

But the power that exploded was extremely terrifying.

"Boom! Boom! Boom..."

Almost at this moment, around the vampire king, four different powers of heaven and earth suddenly enveloped his entire body.

The weak spiritual pattern made the vampire king's entire body suddenly become extremely weak.

The extremely poisonous spirit pattern made the blood king's entire skin turn black and he was in a poisoned state.

The flame dragon spirit pattern condensed into a giant flame dragon, surrounding the vampire king in a terrifying flame.

As for the last psychedelic spiritual pattern, the blood king suddenly became confused and unable to think calmly and reasonably.

Thanks to the four sets of spiritual patterns displayed by the master Wu Jiu, most people would probably die of mental exhaustion.

At this moment, the overall state of the blood king's entire body suddenly dropped significantly many times.

"Roar!!"

The blood king didn't expect to be caught off guard. He immediately roared and wreaked havoc on the surroundings.

But at this time, the killing array arranged by Wu Jiu suddenly lit up.

The entire princess's palace is well protected.

Moreover, there were streaks of purple-blue thunder and lightning striking down from the sky above the killing formation, causing the vampire king to roar in anger.

"Leave it to me next!"

At this moment, Ye Feng was dressed in golden dragon scale armor, holding the Poseidon Trident in his hand, surrounded by thirty-six flying swords in the void, cutting the void.

His black hair danced wildly and his eyes were bright, like a legendary young god of war descending upon him. He was fearless and charged directly towards the roaring vampire king.

...

Chapter 1042 How is this possible?

"kill!"

At this time, the vampire king, who was wrapped in countless spiritual patterns, became very depressed despite his overall condition.

But after all, he is a being of the Great Perfection of the Sixth Secret Realm of the Void Realm, and he is also a foreigner from the Blood Realm. His combat power is several times stronger than that of the strong humans of the same level.

So when the blood king saw Ye Feng charging towards him, he immediately recognized that the young man in front of him who looked like a god of war was the human holy body.

"The Holy Body of the Human Race! I didn't expect you to dare to throw yourself into the trap! Today I will use your holy blood to forge the strongest blood race foundation for me!"

The vampire king is extremely tall, and his voice is as cold as ice.

At this moment, the blood king suddenly burst out his core power.

It can be seen that there is a blood-colored ball like a bead in his abdomen, which is blooming with bright blood.

It was like a bloody flame burning in his abdomen.

This made the blood king suddenly become extremely powerful, with overwhelming arrogance, sweeping away the decadent trend just now.

"Invincible Sword Domain!"

Ye Feng didn't have any fear at all. His whole body erupted with divine light. He held the Poseidon halberd in his hand, and the swords around him were tearing and roaring.

"Dang Dang Dang!"

Under the cover of the Invincible Sword Domain, each sword erupted with brilliant sword light, stabbing the body of the blood king fiercely.

Because Wu Jiu put the weak spiritual pattern on the vampire king, the hardness of his skin membrane finally dropped a lot.

Under the attack of thirty-six war swords, many cracks and gaps appeared on his body in an instant.

"Damn it! Die to me! The sea of blood is overwhelming!"

The vampire king roared.

He quickly blasted out with both hands, and pieces of bloody waves suddenly burst out from his palms and flooded the void.

These bloody waves are filled with an extremely evil aura and can turn people into demons in an instant.

But at this time, Ye Feng was wearing the dragon scale armor of the five-clawed golden dragon, which had indestructible defense power.

Those bloody waves that seemed to be able to destroy everything hit Ye Feng and were unable to cause any harm to him at all.

"boom!"

Ye Feng used the terrifying power of the Galaxy Holy Body, held the Poseidon halberd in his hand, and directly stabbed him down from high in the sky.

"Pfft!"

The vampire king was not careful, and one of his arms was immediately pierced.

"ah!"

The blood king instantly let out a terrifying roar. He grabbed it with his big hand, and his blood-red claws instantly appeared above Ye Feng's head, blocking out the sky and the sun, and suddenly bombarded him.

"Boom!!"

Ye Feng had no time to escape, and his whole body was directly knocked to the ground, smashing a large area of the ground.

"puff!"

Ye Feng stood up from the ruins and spit out a mouthful of blood.

The power of this vampire king is really extremely powerful.

But Ye Feng was not seriously injured, but the bloody claw just now was too powerful.

Even with the protection of the golden dragon scale armor, a violent force that seemed to be able to destroy the body was transmitted to Ye Feng's body.

If Ye Feng had not transformed into the Galaxy Sacred Body, which was the Human Sacred Body, I am afraid that with that blow just now, Ye Feng's whole body would have been shattered in the armor and turned into a blood mist.

"The flood of the times!!"

Ye Feng knew that time was urgent, he stepped hard on the ground with his back foot, rushed directly in front of the blood king, and punched out the torrent of the times instantly.

"Boom!"

The vast white power of the era, from Ye Feng's fist

It burst out, like a wave of terrifying power that could tear apart mountains and rivers, all of which bombarded the blood king.

"ah!!"

No matter how powerful the blood king was, he was attacked head-on, and a huge blood-colored hole was immediately blasted out of his chest.

You can even see a beating heart in his body.

"The Blood Demon's Big Tearer!"

boom!

Suddenly at this moment, the vampire king felt the danger of death, and he frantically performed a very terrifying attack technique.

I saw that all the blood in his body was condensed and turned into a blood demon. The blood demon stretched out his big hand, like two mountains, and shot towards Ye Feng, wanting to shoot Ye Feng directly. into pieces.

"Beast King Transformation!"

But at this time, Ye Feng roared loudly in an instant, activating a drop of the divine blood of the ancient divine ape in his body.

"Boom!"

His whole body suddenly began to swell up on the spot, and eventually it swelled directly into an ancient divine ape that was several thousand meters tall. It was wearing golden holy armor, with colorful auspicious clouds at its feet, and holding a several-kilometer-long rod in its hand. Fang Tian painted a halberd, standing tall and proud of the common people!

"Boom!"

Ye Feng used the power of the ancient divine ape and transformed into an ancient divine ape. He directly smashed the blood demon's big tearing hands around him into countless pieces.

"What? This is! The supreme secret of the demon world, the Beast King Transformation!"

"You! How could you, a human boy from the spirit world, know the ancient inheritance of the demon world? And also obtain the divine blood of the ancient divine ape? How is this possible!"

At this time, the blood king saw Ye Feng, transformed into an ancient divine ape standing tall on the sky and the earth. His eyes widened in an instant, and he was extremely unbelievable.

"You don't need to know this question, because you are going to die soon!"

Ye Feng shouted loudly, holding the square in his hands with both hands.

The halberd painted in the sky crashed down with great force.

"Boom!!"

The entire void will be shattered.

"No!!!"

In the extremely frightened look of the vampire king, his whole body was cut into two halves, and he fell instantly, completely dead!

"hiss!"

"What a powerful force!"

At this moment, Jiang Taixu and Jiang Yanran, father and daughter, who were watching the battle not far away, looked at the mighty ancient ape and felt that their breathing was suffocating.

Wu Jiu was also shocked at this time. He did not expect Ye Feng to be able to burst out such ancient and terrifying power at a critical moment.

The sudden transformation from a small human being to an ancient divine ape that towered over the heavens and the earth really gave everyone present a strong visual impact and shocked their hearts.

Buzz!

At this time, Ye Feng dissipated the power of the Beast King Transformation. The thousands-meter-high ancient ape slowly dispersed, and finally Ye Feng himself emerged.

At this time, Ye Feng looked at the two halves of the vampire king lying on the ground. Although his mouth was stained with blood, his face looked a little pale due to excessive consumption.

But Ye Feng's eyes were full of excitement and he said: "This vampire king has finally been killed!"

"Buzz!"

Suddenly at this moment, an extremely violent spatial fluctuation came from the distance.

In addition to those spatial fluctuations, there is also a majestic and majestic aura that is like an interface, slowly spreading to the entire palace of the Dali Kingdom.

"not good!"

Ye Feng and Wu Jiu's expressions changed.

Jiang Taixu even exclaimed: "The direction from which this breath is coming is the direction of the altar! The cross-border passage connecting the blood realm seems to be opening automatically!"

...

Chapter 1043 The Destroying Talisman

Buzz!

The terrifying spatial fluctuations emanating from a distance, as well as the majestic aura that seemed to come from another large interface, caused the expressions of those present to change drastically.

"Walk!"

"Go and have a look!"

Ye Feng first put the body of the blood king into the storage spirit ring, and then followed Wu Jiu, Jiang Taixu and others, and flew in that direction.

The energy fluctuations there also attracted many people from the entire Dali Palace, and they all gathered towards it.

"On that altar, there are countless bloody human bodies. They cannot be seen by others because they don't know the specific situation and it may cause unnecessary trouble."

On the way, Ye Feng exuded soul power, and with his powerful perception, he immediately sensed that many people were speeding towards the altar.

At this time, Jiang Yanran heard what Ye Feng said and realized the seriousness of the matter.

Because if all the civil and military officials saw the bloody scene on the altar, they would definitely think that his father was a heinous villain.

Even if they explained to everyone that it was a blood alien disguised as Jiang Taixu, it would probably seriously damage the reputation of King Dali.

So at this moment Jiang Yanran immediately spoke out: "Master Ye Di, Master Wu Jiu, and father, the three of you are going to stop the cross-border passage first. I will immediately summon the palace guards and remove all the civil and military officials in the court." Block them all out and don't let anyone in."

"good!"

Jiang Taixu, who was in his soul state, nodded immediately. He waved his hand casually, and a golden jade seal appeared in Jiang Yanran's hand.

Jiang Taixu said: "After this battle, my soul power is almost gone. This jade seal inherited from the Kingdom of Dali is now in your hands, Yanran. With this jade seal, you can mobilize the entire nation." All the troops of the Dali Royal Family and the Dali Kingdom will be in your hands, Yanran."

"Father..."

Jiang Yanran held the heavy golden jade seal in her hand, her beautiful eyes full of grief.

But now that the situation was urgent, she had no time to say anything more. She just nodded heavily to her father who was in a state of soul, and said: "Father, I will definitely spend my whole life and try my best to protect him."

Protect the entire Dali Kingdom. "

Uh-huh!

After the words fell, Jiang Yanran jumped up and disappeared into the distance.

At this time, Ye Feng and others finally arrived at the altar made by the blood king after a quarter of an hour.

Several people immediately saw that on the huge altar, a blood-red space vortex was almost taking shape.

"boom!"

Ye Feng didn't say anything, and directly punched out the torrent of the times.

Click!

Boom! !

The altar carefully forged by the blood king was shattered in an instant.

Wu Jiu's eyes were a little ugly, and he stared at the spatial vortex in the sky that connected to the blood realm, and said: "It can't be stopped anymore. This cross-border passage has almost been formed."

Ye Feng's eyes turned cold and he said, "Let me give it a try."

boom!

Ye Feng instantly rushed into the sky, unleashed the invincible sword domain, and waved the terrifying fist of the Galaxy Holy Body, but he was unable to destroy the space vortex.

This made Ye Feng's heart suddenly sink.

If the Blood Realm Passage is truly formed, countless vicious vampire creatures from the Blood Realm will swarm out, which may turn the entire Dali Kingdom into a sea of disaster and be destroyed in an instant.

Ye Feng also felt a little depressed.

"boom!"

And suddenly at this moment, a huge claw that looked like it was made of blood-colored steel suddenly stretched out from the space vortex, exuding the ancient vast aura and possessing endless pressure.

Obviously, this is an ancient giant beast in the blood world, with ancient and huge cultivation. At this time, it can't wait any longer, and directly stretches out a claw, passing through the space vortex, wanting to descend to the spiritual world.

"kill!"

Ye Feng and Wu Jiu took action one after another, bursting out with powerful power.

when! !

But their attack, hitting the huge bloody claws, was like hitting a copper wall, making a dull sound.

Wu Jiu's eyes were startled and he said: "This is definitely a blood-realm evil beast that has transcended the void realm!"

"Here comes the sword!"

At the critical moment, Ye Feng suddenly inspired the Invincible Sword Domain.

"merge!!"

He roared loudly, and thirty-six war swords merged together at this moment to form a giant sword.

Ye Feng held the combined giant sword, and the sword body bloomed with divine light. He roared, and cast the Sorcery of the Gods. Suddenly, there was a great destruction, great terror, great vastness, and great years. The unparalleled sword energy and sword rhyme struck at the huge bloody claw clawed out from the space vortex.

The Sorrow of the Gods is now Ye Feng's most terrifying swordsmanship attack besides the Invincible Sword Domain.

The main focus of Death of the Gods is on one point, while Invincible Sword Domain focuses more on group attack damage.

"Boom!!" .??.

The next moment, the terrifying roar was earth-shattering and resounded throughout the sky.

"Crack!"

The bloody giant claw that looked like it was made of steel was cut off in half by the giant sword in Ye Feng's hand.

"Boom!"

"Boom!"

Two or three fragments of the huge claw tips were like mountains smashing down, smashing many surrounding palaces into pieces.

It has to be said that once the owner of this claw completely rushes out of the blood space vortex, it is estimated that no one in the entire Dali Kingdom can stop this blood beast.

"Roar....."

The huge bloody claw was cut off in half, and everyone faintly heard the roaring sound coming from the large interface on the other side of the space vortex.

But in the end, the broken claw retracted, and the space vortex returned to calm.

"We can't delay it any longer!"

Wu Jiu's eyes were cold and serious at this time.

, said: "There are too many ferocious creatures in the Blood Realm. If they all come, not to mention the Dali Kingdom, the entire Snow State will suffer. It will be plunged into countless killings and battles, and all life will be devastated."

Ye Feng nodded and said: "Yes, I tried my best to strike, but I could only cut off half of the claw. There are too many ancient creatures in the blood world."

At this time, Jiang Taixu was very anxious and said: "What can you two adults do?"

Wu Jiu thought for a while and suddenly took out a golden talisman that exuded terrifying energy fluctuations from the storage ring.

He spoke out: "This talisman is called the 'Destroying Heaven Talisman'. I got it from an ancient ruins. It is said to be the treasure of an ancient sect's 'Destroying Heaven Sect'. If it is activated, it can be destroyed instantly." A small piece of space may be able to blow up the space vortex."

Ye Feng's eyes lit up and he said: "Then let's try it quickly."

Wu Jiu shook his head and said: "If used on this side of the space vortex, the destructive energy generated by this sky-destroying talisman is enough to destroy most of the Dali Kingdom, leaving not a single blade of grass growing."

Ye Feng's eyes darkened slightly when he heard this.

At this moment, Jiang Taixu suddenly rushed forward, took the Heaven-Destroying Talisman from Wu Jiu's hand, and rushed resolutely towards the direction of the space vortex. A voice came out: "I

will go to the other side to release this Heaven-Destroying Talisman." , I am willing to sacrifice for the Dali Kingdom."

"Jiang Taixu!"

When Ye Feng saw this, he quickly shouted in surprise.

Uh-huh!

But the next moment, Jiang Taixu had already taken the sky-destroying talisman, jumped decisively, rushed into the other side of the space vortex, and disappeared from the sight of Ye Feng and Wu Jiu.

"Boom!!"

Almost at the next moment, a terrifying and boundless explosion suddenly burst out from the other side of the space vortex, and the faint howls and roars of countless vampires came from the other side of the space vortex.

"Click, click..."

At this moment, the originally stable space vortex suddenly shattered and finally disappeared in the sky, and the world returned to clarity again.

...

Chapter 1044 Omen

Looking at the disappearing space vortex, I remembered Jiang Taixu's resolute back.

Ye Feng and Wu Jiu stood there, both slightly silent.

Immediately, Ye Feng said: "Senior Wu Jiu, I now understand why we have to enter the battlefield of all races, fight with all races in the world, and protect the passages of all heavens. It is not for a certain force, but for us. The future of race."

Wu Jiu nodded, sighed, and said: "The human race is a rising star among all the races in the heavens. Although it is a new generation of creatures, it explodes with boundless power because of its own talents and the special characteristics of the human race. Therefore, the heavens All races, many races, regard our race as a huge threat and want to completely eradicate our race, which has unlimited potential."

Ye Feng nodded and said: "Let's stay in the Dali Kingdom for a few more days, and work together to refine the blood king."

When Wu Jiu heard this, his eyes suddenly lit up and he said: "Even if each of us can refine half of the blood king, our strength will be greatly improved, and it may even make my old body rejuvenate. , become vibrant again and regain their former youth."

Ye Feng smiled and said: "The vampires in the blood world have extremely pure Qi and blood. They can definitely restore your youth to Senior Wu Jiu."

Wu Jiu smiled dumbly, and then said with emotion: "I have been specializing in the spirit pattern for so long, but this time I discovered that if the spirit pattern is not at a high level, it will indeed not be able to produce any power, and it will only have a supporting role."

Ye Feng immediately said: "Senior Wu Jiu, there is no need to belittle oneself. If Senior Wu Jiu's four sets of powerful spiritual patterns hadn't caused the blood king's combat effectiveness and overall comprehensive state to plummet this time, no matter how strong my combat power was, I wouldn't be able to do it." his opponent."

As the two of them were talking, a graceful silhouette of a girl suddenly flashed over not far away.

It was Jiang Yanran, the princess of the Dali Kingdom.

As soon as she arrived, she saw the broken altar and the smashed ground, especially the bloody giant claws that looked like mountains, which was particularly shocking.

Without even thinking about it, an unimaginable horrific war must have broken out here before.

After Jiang Yanran was briefly shocked, she immediately looked forward, but she only saw Ye Feng and Wu Jiu standing there.

Her father has disappeared.

Even though she had guessed the result, Jiang Yanran still trembled slightly, looked at Ye Feng and said, "My father, he..."

"He sacrificed his life for the Kingdom of Dali. He is a true warrior."

Ye Feng spoke slowly.

Even though the reality was cruel, he still said it directly.

Because Jiang Yanran had to accept this result.

"Father..."

At this moment, looking at the empty ruins, Jiang Yanran's body trembled and she was about to fall to the ground.

Uh-huh!

Ye Feng's figure flashed, and he quickly supported the princess of the Dali Kingdom and said: "You can't fall down now. You have a more important task now, which is to deal with the aftermath of this storm and control the power of the entire court. Consolidate your royal rights in the Kingdom of Dali."

Although the words were cold, Ye Feng still said it.

There was endless fatigue in Jiang Yanran's beautiful eyes, but thinking of her father's instructions, she nodded vigorously.

Ye Feng, who was supporting her next to her, made Jiang Yanran finally feel a trace of reliability and warmth in her grief and despair.

Wu Jiu also came over at this time, sighed, and said: "Your father's sacrifice actually not only saved the Dali Kingdom, but also indirectly saved the entire Snow State. Don't worry, Emperor Ye and I will continue stay in the Dali Kingdom for a few days, on the one hand to refine the blood king, and on the other hand to provide a strong backer so that you can control the imperial power of the entire Dali Kingdom in the shortest time. "

Ye Feng nodded and said: "Princess Yanran has the jade seal in hand, and senior Wu Jiu and I are helping her, so there is no big problem."

Jiang Yanran looked at the two people at this time, with a hint of strength on her beautiful face, and then said gratefully: "Thank you two adults."

...

In the next few days, Jiang Yanran withstood tremendous pressure and grief, and finally stabilized the court and imperial power of the Dali Kingdom.

And Jiang Yanran became the first young queen in the history of the Dali Kingdom.

Regarding the sudden death of the late Emperor Jiang Taixu, even though there were many civil and military officials in the court of Dali Kingdom, they were very suspicious.

However, with the secret help of Ye Feng and Wu Jiu, those ministers who wanted to rebel were eliminated, and soon the entire court of the Dali Kingdom returned to peace.

...

Three days later.

Ye Feng and Wu Jiu successfully refined all the skills and blood of the vampire king.

Wu Jiu's body underwent incredible changes.

He directly regained his youth from an old man and turned into a middle-aged man with an impressive appearance.

Although he still had white hair, he looked more energetic, and the decline of Wu Jiu's previous appearance of a skinny old man was gone.

And Ye Feng also gained a lot.

The Divine Art of Creation that he originally practiced required a huge accumulation of energy.

As long as he accumulates enough energy, he can infinitely improve his cultivation.

After refining the body of half a vampire king, Ye Feng's cultivation has completely broken through from the Dacheng Heavenly Realm to the Dzogchen Heavenly Realm. He is even just one step away from being able to step into the sixth secret realm, the Void Realm!

In addition, Ye Feng discovered that inside his body, on the flesh, bones, and skin, there were patches of golden coverings, flowing with immortal golden light.

This made Ye Feng a little surprised.

His physique is now at the seventh stage of the Intermediate Galaxy Holy Body.

The golden covering that appears on the body and these abnormalities cannot be anomalies of the eighth-stage physique.

Because Ye Feng is still in the middle stage of the seventh stage and is still far away from the eighth stage.

Therefore, Ye Feng judged that this was probably the awakening of his natural companion talent in the seventh stage of the Divine Art of Creation.

Although Ye Feng's physique transformed to the seventh stage of the Galaxy Holy Body very early.

But what makes Ye Feng very confused is that his natal companion talent in the seventh stage of the Divine Art of Creation has not yet awakened.

This time, the appearance of these golden coverings emitting immortal light on the body may be related to the seventh stage of his natural talent that he is about to awaken, and it is a sign.

This made Ye Feng very happy.

The last time I awakened to the sixth stage of the heavenly horoscope was a long, long time ago.

There has been no news about the seventh-stage natal companion talent, which makes Ye Feng very anxious to wait.

But now, after refining the blood king, the talent of the seventh stage seems to be somewhat obvious.

This is definitely a happy event for Ye Feng.

Because the accompanying talents awakened in each stage of the Divine Art of Creation have special abilities and are very strange. Although some abilities are not outstanding, most of them are definitely abnormal-level talents.

For example, the furnace of creation in the first stage of awakening melts all things and strengthens oneself.

For example, the third stage of awakening of the Divine Eye of Creation, opening the Divine Eye can detect all illusions. Of course, the stronger the soul power, the deeper the illusion can be seen.

For example, the long river of time flows out of the crystal mirror, and the communication with the Dzogchen future body standing at the end of the long river of time involves the most mysterious thing in the world, the power of time...

"Dong dong dong."

And just when Ye Feng was thinking secretly, suddenly there was a knock on the door outside the house.

Squeak!

When the door opened, Wu Jiu was standing outside. At this time, he had transformed from an old man into a tall, muscular, and majestic white-haired middle-aged man.

Wu Jiu seemed a little excited and said with a smile: "Ye Feng, it's time for us to leave. This time I feel that after returning to Qiren's Mansion, I will stay in seclusion for another year or two to comprehend all the spiritual patterns I obtained from the auction. , perhaps, I will break through the obstacles and break through the spiritual power pattern to the fifth level!"

Ye Feng smiled and said: "Then I would like to congratulate Senior Wu Jiu in advance. By the way, before we leave, let's go say hello to Jiang Yanran."

Wu Jiu nodded and said: "Okay, she is probably going to court in the morning now, so we will go directly to the court hall."

...

Chapter 1045 Ascetic Monk

Above the court hall of Dali Kingdom.

At this time, Jiang Yanran, who was wearing a golden dragon robe, was listening to various reports from civil and military officials.

At this moment, she had suddenly become the real queen of the Dali Kingdom.

Buzz!

And suddenly at this moment, Jiang Yanran's eyes suddenly moved, as if someone was transmitting a message to her.

Uh-huh! .??.

At this moment, Jiang Yanran jumped up and disappeared on the dragon chair.

"His Majesty....."

When the civil and military officials in the court saw this scene, they were a little stunned.

...

In less than a moment, Jiang Yanran had arrived at the corridor outside the palace hall.

At this moment, Jiang Yanran immediately saw a young man and a burly middle-aged man standing there.

It was this young man who had just transmitted the message.

The young man was naturally Ye Feng. When he saw Jiang Yanran arriving, he immediately smiled and said, "I've delayed your morning visit."

Jiang Yanran immediately smiled and said: "These are just small things. The two adults sent a message to me. Are you ready to leave?"

Ye Feng nodded and said: "We are here this time to say goodbye to you. We have stayed in Dali Kingdom for too long this time. It is time to go back to the state capital."

Jiang Yanran received Ye Feng's affirmative answer, and her eyes couldn't help but feel a little sad.

With Ye Feng and Wu Jiu around these days, Jiang Yanran felt that there was support behind her.

But now that the two of them have left, the entire Dali Kingdom will be shouldered by her alone.

But Jiang Yanran forced a smile at this time and said: "This time, I would like to thank you two adults for helping my father and me to solve the huge disaster from the blood clan."

Ye Feng smiled slightly and said: "These are what we should do

No matter what, you will have to bear the burden of the entire Dali Kingdom alone in the future. However, Princess Yanran, if you have any difficulties in the future, you can always send someone to Qiren Mansion in the capital of Xuezhou to seek our help. "

Wu Jiu also nodded at this time and said: "In addition to us being your friends, if you encounter disasters from foreign races, your princely states cannot resist it. We, the capital of Xuezhou, as the guardians of the entire Xuezhou, will naturally I also have an obligation to help you tide over the difficulties."

At this time, Jiang Yanran immediately nodded vigorously and said gratefully: "Thank you two adults for the reminder."

"let's go."

Wu Jiu looked at Ye Feng at this time and walked a step ahead.

Obviously, Wu Jiu was deliberately leaving space for Ye Feng and Jiang Yanran to be alone.

"grown ups....."

Jiang Yanran's beautiful eyes looked at Ye Feng at this time, with awe, gratitude, and a hint of girlish confusion and pursuit in her eyes.

At this time, Ye Feng looked at the empress Jiang Yanran who was wearing a golden dragon robe in front of him. He was silent for a moment, then smiled slightly and said, "Take care."

After saying that, Ye Feng turned around and left.

But just as Ye Feng turned around.

"Uh-huh!"

Jiang Yanran's graceful figure suddenly moved, she stepped forward and hugged Ye Feng from behind.

Ye Feng paused and stood on the spot.

At this moment, Jiang Yanran's very reluctant voice sounded from behind: "Sir, remember me."

After the words fell, Jiang Yanran let go of her hand in a panic, and then quickly fled the scene.

Ye Feng felt his back

The fragrance was still warm, he shook his head, jumped up, and flew towards the distance, and soon caught up with Wu Jiu who took the first step.

Wu Jiu saw Ye Feng following him and couldn't help but smile and said, "Don't you be gentle for a while?"

Ye Feng smiled freely and said: "The little girl's short-term admiration is just the impulse when we first met, and it will disappear soon."

Wu Jiu glanced at Ye Feng in surprise, not expecting Ye Feng to say such words.

He looked at the extremely prosperous capital of the Dali Kingdom behind him, and suddenly smiled and said: "Actually, this Princess Yanran, oh no, she should be called the queen now, is quite good, and she is a good match for you. You are a member of the Selangor Qiren Mansion, she is the Queen and the Head of the vassal kingdom, and her status is quite suitable. More importantly, I can see that she is very interested in you. "

Ye Feng smiled helplessly and said: "Senior Wu Jiu, please stop teasing me. I have no interest in Jiang Yanran, and my only hope now is to become stronger!" .?? .

Wu Jiu looked at Ye Feng and sighed: "Ye Feng, your current strength, among the younger generation, not to mention in Snow State, even in the entire nineteen states of the spiritual world, among the younger generation, you are You are a first-class existence. Sometimes, you have to take a break. It is actually not good to keep advancing so aggressively. Moreover, the requirements you set for yourself are too harsh and cruel. "

Wu Jiu couldn't understand why Ye Feng had achieved such a high level now and was still so young.

If it were anyone else, I'm afraid they would have already begun to enjoy the various desires that power and power bring.

But Ye Feng is still like an ascetic monk, and he seems to be very repulsive to relationships.

When Ye Feng heard what Wu Jiu said, he couldn't help but look into the distance, his eyes a little misty, and said: "I still need to become stronger. A first-rate genius is not enough. I also need to become a genius."

To be the top, waiting until the top is still not enough, because I can't just compare with the generation of my age, there are also those old seniors, those ancient strong men, and even the ancestors, I have to surpass them. "

Wu Jiu stared at Ye Feng in amazement. He did not expect that the young man in front of him would set such a grand goal for himself. No wonder he could practice so hard all the time and struggle endlessly.

Wu Jiu stared at Ye Feng and said: "It seems that you still have your own big secret hidden in your heart, which makes you so motivated, but I won't ask you more, everyone has their own secret, I Why not?"

As he said that, Wu Jiu's eyes drifted into the distance, revealing a look that seemed a little melancholy and melancholy.

But at the next moment, Wu Jiu immediately said: "So seeing that you are so hardworking and motivated, Ye Feng, I will also start to practice hard and strive to become a peak spiritual pattern master as soon as possible. By then, the world is so big, I don't have to look at the face of any force."

At this moment, Ye Feng looked at Senior Wu Jiu next to him and said such motivational words. He couldn't help but smile. It seemed that Senior Wu Jiu had not only become younger physically, but also had a more energetic and energetic mentality. .

Along the way, the two of them laughed and chatted, watched the mountains and rivers, and understood and verified each other's various spiritual patterns.

In just half a month, the two people's spiritual pattern realms have improved a lot.

In addition to the Flame Dragon Spirit Pattern, Ye Feng now also has mastered many third-level spirit patterns, all of which he purchased from the previous auction.

This time they returned from the Dali Kingdom to the capital in the center of Selangor. They did not use the teleportation array, but walked on the vast land, discussing the Tao, watching the scenery, and observing the world.

The state of mind of both of them has been purified and improved.

...

Chapter 1046 No problem

After returning to Xuezhou Mansion, Wu Jiu told Ye Feng that he would go into seclusion for at least one year and then took his leave.

Ye Feng walked towards his residence in Qiren Mansion.

For Ye Feng, seclusion is not of much use at all.

The Divine Secret of Creation requires the accumulation of huge energy.

This is destined that Ye Feng must grow up on the road of bloodshed and searching for various opportunities.

After returning this time, Ye Feng had already made a plan, which was to directly enter the battlefield of all races in the passage of the heavens, kill the foreign races, and conquer the battlefield of all races.

On the one hand, you can plunder the skills and life energy of aliens and use them as nourishment to strengthen yourself.

On the other hand, the members of the Snow State Qi Ren Mansion have the obligation to enter the battlefield of all races to resist the alien races and maintain the stability and safety of the passages to the heavens.

As long as you kill enough aliens, you will be able to receive huge rewards from the upper echelons of the state capital after you come back.

These huge rewards may be very precious elixirs, or extremely high-level soldiers, or even seniors from the Snow State Prefecture may come out to personally help you teach you, solve your doubts, and improve your martial arts realm.

No matter what, as long as you kill the aliens and contribute to the human race, you can get feedback from the upper class of the human race.

This time, Ye Feng was going to return to his residence to sort out what he had gained from his career, and then he entered the passage of the heavens and went to the battlefield of all races.

Three thousand years ago, when Ye Feng was the crown prince of the Creation God Dynasty, he had heard about the battlefield of all races.

Although the land of the spirit world is vast and boundless, in the surrounding space barriers of such a large interface, there are passages to the heavens that have been passed down from ancient times.

As the name suggests, the channels to the heavens lead to all major interfaces of the entire universe.

There are small interfaces and there are large interfaces that are very dangerous.

Among these major interfaces in the heavens, such as the dragon world, fairy world, demon world, etc., they disdain to come to the spiritual world because their own interfaces have extremely high-level resources.

and energy.

Those who often want to invade the spirit world are mostly death interfaces, such as the world of the undead, the nightmare world, or the inherently cruel blood world, hell world, demon world, etc.

The nineteen states of the human race occupy a very prosperous area in the spiritual world, almost located in the center of the entire spiritual world.

Therefore, on the land of the nineteen states of the human race, there are many passages to the heavens that have been passed down from ancient times.

If the human race wants to be stable and the spiritual world wants to be stable, they must guard the passages to the heavens.

The passages of the heavens connect the major interface barriers. Between the spiritual world barriers and the major interface barriers that want to invade the spiritual world, there are very vast broken places.

These broken places floating between the spiritual world and the major interfaces are what everyone calls the "battlefield of all races."

As long as you guard the battlefield of all races, you can prevent all kinds of vicious alien races that want to come to the spiritual world from passing through the passages of the heavens.

After Ye Feng returned to his residence, the first thing he saw in the courtyard was two figures sitting on one side, practicing meditation.

It is Soaring Snake and Dragon Venom.

Ye Feng saw that both of them were practicing at a very deep level, so he didn't bother them.

He returned to the room, counted his harvest this time in the storage spirit ring, and then began to quickly comprehend the spirit patterns obtained from the auction.

As he comprehended the spirit patterns, Ye Feng discovered that his mental power and level as a spirit pattern master were gradually improving.

Three days have passed, and Ye Feng is also practicing deeply.

"who?"

"stop!"

Suddenly, in the early morning of this day, Ye Feng heard a sound outside the house.

There were two cold shouts.

He felt strange, opened the door directly, and walked out.

Immediately he saw outside, two young men in black, one palm turned into a claw, the other held a black scepter, trapped a graceful and beautiful woman in white in the middle, as long as the beautiful woman in white If you move, you will be killed instantly.

These two young men in black were Soaring Snake and Long Po who were practicing outside.

And that beautiful woman in white is the third young lady of Xuezhou Prefecture, Ning Qingxue.

Ye Feng came out and immediately said: "You two don't have to be so nervous. This is Ning Qingxue, the third lady of Xuezhou Prefecture, and I am a friend."

"It turns out to be the master's friend."

Soaring Snake immediately retracted its claws and stepped aside. .???.??

And Long Du also nodded, smiled slightly and said: "So it's Brother Ye, your confidante, then it's okay."

After saying that, Long Du also walked not far away and continued to sit cross-legged and practice.

At this time, Ning Qingxue, the third young lady of Xuezhou Prefecture, looked at Ye Feng with her beautiful eyes, and said in great surprise: "I didn't expect Mr. Ye to have two such powerful subordinates. I feel that none of them are as good as you." How weak it is, how powerful it is."

Ye Feng didn't explain much on this issue. He just smiled and asked, "Do you have anything to do with the third lady coming to see me today?"

When Ning Qingxue said this, her eyes immediately became a little solemn, and she said: "Recently, Su Yici, the ninth son of the Su family, has become more and more rude to me. Once, at a banquet, with the help of wine, he He actually wanted to belittle me in public. If my father hadn't been there, he would have forced me to combine with the exquisite heart in my body. Therefore, I couldn't bear it anymore and had to deal with him as soon as possible. "

Hearing this, Ye Feng nodded immediately and said, "Don't worry, Third Miss, this

Senior Wu Jiu and I once went to the Dali Kingdom and got a lot of opportunities. This time my strength has greatly increased. It should not be a problem to deal with Su Yici, the ninth son of the Su family, even if he is an innate supreme bone. , now my men will also be suppressed. "

At this time, Ye Feng spoke with strong confidence in his tone.

This time Ye Feng's cultivation level has skyrocketed, the Invincible Sword Domain is even more ferocious, and the way of spiritual patterns has also improved many times. He is many times more powerful than his previous self.

When Ning Qingxue saw Ye Feng say these words, she knew that Ye Feng was not a braggart, but was really capable.

She was very happy immediately and said: "I heard that you are about to enter the battlefield of all races. Before you go, you help me solve the big disaster of Su Yici first, and as Su Yici's substitute, I am After searching throughout the Snow State for a while, I have found a person who looks almost exactly the same. Although he is a mortal, I have used various elixir resources to accumulate his cultivation to a high level. When the time comes, Ye Feng, you Give him some more cultivation power. As long as we kill Su Yici secretly, we can immediately get a replacement who is completely obedient to our orders. When the time comes, we can use him as a chess piece to enter the Su family in the capital of God. Our ambition will also be revealed. It can be achieved step by step, although it is very long, but it will eventually open a breakthrough. "

Ye Feng's eyes lit up, he stared at Ning Qingxue in front of him, and said, "I didn't expect that the third lady has already done everything in secret. That's great."

Ning Qingxue nodded, stared at Ye Feng, her graceful figure came slightly closer, her eyes were flowing, her breath was like a blue, and she said: "Young Master Ye, I have bet everything on you, wait. We killed the Ninth Young Master of the Su family, and you stole his Innate Supreme Bone and integrated it into your body. When the time comes, I will have the Seven Orifices Exquisite Heart. Let's practice together, okay? Then we can plot the entire city of God, a little snow The state is too restrictive. I have the qualifications of an ancient goddess. The real stage is the entire land of the Nineteen States."

...

Chapter 1047 Opportunity

Ning Qingxue was speaking at this time, her eyes were moving and her charm was moving.

Ye Feng smiled slightly and said: "Anyway, let's secretly kill Su Yici, the ninth young master of the Su family. Su Yici is the ninth young master of a super family like the Su family. Our own strength is very strong, and there are countless powerful masters hiding and protecting us. We need to find a very suitable opportunity, and it is not easy to find this opportunity. "

Ning Qingxue smiled charmingly at this time, her eyes sparkling, and said: "Since I have found you now, it means that I have discovered the opportunity, otherwise I would not disturb your practice."

Ye Feng's eyes moved and he said, "Oh? What opportunity did Miss Third find?"

Ning Qingxue smiled and said: "In three days, the royal family of Qi State, not far from the capital of Snow State, will invite many young geniuses in Snow State to a grand exchange event on martial arts in Snow State. This time, Qi State The royal family also specially invited Su Yici, the ninth son of the Su family who is temporarily living in the capital of Selangor, to participate, so this time is our best opportunity. "

When Ye Feng heard what Ning Qingxue said, his eyes immediately moved and he said: "Okay, this is a good opportunity, but it needs to be arranged in advance."

Ning Qingxue smiled and said: "Ye Feng, those two of your men are both very powerful, especially the guy holding a black scepter. Even I can't see through him. He is absolutely extraordinary."

Ye Feng smiled and said: "Both of them are indeed very powerful. In terms of strength and trump card, they are actually comparable to me, and one of them even surpasses me. I will let them two help, don't worry, Miss Third." "

Ning Qingxue felt very relieved after receiving Ye Feng's confirmation. She smiled sweetly and said, "With Ye Feng's help, I feel that I have a very safe and powerful backer, and I won't feel that my confidence is lacking."

Saying that, Ning Qingxue suddenly stretched out a snow-white jade hand, grabbed Ye Feng, walked in a certain direction, and said with a moving smile: "Ye Feng, do you want to feel my seven-orificed exquisite heart? That's I think you will be very fascinated and comfortable with the energy of the ancient goddess..."

...

Early the next morning.

Ye Feng walked out of Ning Qingxue's residence.

Through some special methods, Ye Feng absorbed some of the pure virgin energy of the ancient goddess in Qiqiao Linglong's heart.

His cultivation at this time has been greatly improved.

He directly cultivated from the Dacheng Heavenly Realm and transformed into the Dzogchen Heavenly Realm.

In addition, Ye Feng can feel that his natal companion talent in the seventh stage of the Divine Art of Creation is about to be fully awakened.

At this moment, Ye Feng walked towards his residence.

He needed to discuss with Soaring Snake and Long Du to arrange a fatal killing situation to completely kill Su Yici, the ninth son of the Su family.

Although now the cultivation base cards have been greatly improved.

But Ye Feng did not underestimate Su Yici.

After all, Su Yici is a peerless talent born with supreme bones, a born young supreme.

As long as nothing unexpected happens, Su Yici can practice quietly and achieve great success in the future, and he will definitely be able to become a supreme being.

The Supreme Bone was, after all, a huge reward from God.

Ye Feng also coveted the Supreme Bone.

The Supreme Bone is stronger than the Innate Holy Body in the human race.

If he could obtain the Supreme Bone and integrate it into his body, Ye Feng knew that his entire body, including his cultivation skills, would undergo a huge transformation.

After thinking about this, Ye Feng became more and more looking forward to the Supreme Bone on Su Yici's body.

After Ye Feng returned to his residence, he directly sent a message to Teng Snake and Dragon Poison to come to him.

forward.

After hearing what Ye Feng said, Soaring Snake and Dragon Venom would naturally not refuse.

First of all, Teng She recognized Ye Feng as his master.

The dragon poison was released by Ye Feng from the shackles and traps held by his ancestors for generations.

And now in this strange spiritual world on the other side, Dragon Poison, the only existence from Western civilization, is the only two friends, Ye Feng and Teng Snake.

Therefore, Longdu will naturally help Ye Feng with all his strength.

Ye Feng knew that Dragon Poison came from the mysterious Western Civilized Continent and had very powerful and incredible methods.

Therefore, the addition of Dragon Poison made Ye Feng feel more confident in an instant.

Originally, Ye Feng was going to look for Senior Wu Jiu just to be on the safe side.

However, I thought that Wu Jiu was in seclusion now and needed to practice quietly and understand various spiritual patterns in an attempt to break through to the fifth level spiritual pattern master.

Ye Feng thought about it and decided not to disturb Senior Wu Jiu.

After all, with such a large lineup on his side, there should be no problem.

Ning Qingxue said before that what she was most worried about was not Su Yici himself, but the protectors hidden around Su Yici.

After all, Su Yici was the ninth young master of the super family Su family. The upper echelons of the family must have sent very powerful protectors to protect this born young supreme being.

That protector must have at least the cultivation level of the sixth secret realm, the Void Realm, or even the powerful cultivation level of the seventh secret realm, the Nether Realm.

Ye Feng deeply understood how terrifying a strong man of this level was.

Ye Feng had already seen it before when he killed the blood king in the Kingdom of Dali.

After thinking about it, Ye Feng knew that he needed to find a way to deal with Su Yici's protector in just three days.

Longdu knew Ye Feng's worries at this time.

, couldn't help but flashing his eyes slightly, and said: "Perhaps, we can divert Su Yici's protector away without facing a head-on confrontation, and when Su Yici is killed, the third lady will choose the one who looks exactly like Su Yici. Just put the counterfeit on top."

Ye Feng shook his head and said: "Generally, the guardians of big forces are strictly required to follow the guardian, and there is no way to divert them."

Long Du smiled and said: "It is very simple to lure away such a strong man. As long as I am in the distance at that time and release some of the aura of the corpse in the coffin that I am carrying, and create some strange phenomena, I will definitely be able to lure Su." The guardian of Yi Ci is led away."

When Ye Feng heard what Long Du said, his eyes suddenly lit up and he said, "You can really try this method."

...

Just when Ye Feng and others were discussing how to deal with Su Yici.

Su Yici's face looked deeply excited at this time, listening to his subordinate's report.

"What are you talking about? Qingxue took the initiative to invite me to a dinner party after the Qi Kingdom's genius event, and also said she wanted me to be his dinner dance partner?"

Su Yici was very excited at this time. Unexpectedly, Ning Qingxue, who had been in the dark for a long time, finally woke up and took the initiative to show her kindness to him.

At this time, the subordinate in front of him smiled and congratulated: "Young Master Ninth, there are countless celebrities from Selangor Prefecture attending this Qi National Prodigy Gala, so the third lady of Selechow Prefecture must want to find the most distinguished person. Only as her partner can she show her identity, and as a descendant of the super family in Shendu, Master Ninth, you must be the most noble and dazzling existence in this three-acre land of Snow State. "

When Su Yici heard the flattery from his subordinates, he immediately smiled triumphantly and said, "You are right, on the border of Xuezhou, who else is more noble than this young master? Huh, that Ning Qingxue, I have been pretending to be noble and holy these days. Isn't this time that the royal family of Qi State wants to curry favor with me? I must get this woman this time!"

Chapter 1048 Let's go

The news that the royal family of Qi State invited the entire Selangor State to hold a grand gathering of geniuses quickly spread throughout the land of Selangor.

Many heads of major forces in Snow State, as well as heads of vassal states, were invited.

In the past few days, the imperial capital of Qi State was full of excitement as strong men arrived one after another.

Many powerful people from the Snow State Prefecture have also arrived, and many members of the Qiren Mansion have been invited.

Of course, Ye Feng had just joined the Selangor Qiren Mansion and was not well-known, so he was naturally not on the invitation list.

However, in the team of Ning Qingxue, the third lady of Xuezhou Mansion, Ye Feng, Teng She and Long Du have secretly disguised themselves as Ning Qingxue's bodyguards and are lurking among them.

Ning Qingxue's team arrived at the capital of King Qi, and soon they were warmly greeted by members of the royal family of Qi.

You know, Ning Qingxue is the third young lady of Xuezhou Mansion, with a distinguished status.

So after Ning Qingxue's team arrived, the Qi royal family naturally sent many nobles to greet them and welcome them into the palace.

This scene was very shocking and attracted the attention of countless people.

"Look! Look! What are the identities of the people in that group? They are worthy of such a grand welcome from the Qi royal family. It's shocking."

"What do you know? Those are aristocratic personnel from Xuezhou Mansion. Didn't you see that the guards in that team are all wearing the state's special silver armor?"

"The alluringly beautiful fairy on the sedan chair surrounded by everyone in the team, if my guess is correct, must be a daughter of the lord of Xuezhou Prefecture."

"So beautiful, just like a fairy in the sky. I wonder what kind of peerless handsome man can win the favor of such a charming fairy."

...

On the streets of King Qi's capital city, many people's attention was attracted.

Everyone was talking a lot, their eyes full of envy and wonder.

At this time, around Ning Qingxue, among a group of guards wearing silver armor, Ye Feng was looking around.

Qi State is the vassal state that ranks first in comprehensive strength on the land of Snow State, and its royal capital city is still very prosperous.

At this moment, even Long Du looked at the bustling scene around him with curiosity in his eyes.

He comes from the Western Continent opposite the Spiritual World, so he is naturally very interested in all civilizations in the Eastern land of the Spiritual World.

As for Soaring Snake, he has no interest in anything.

He only half-closed his eyes, obviously in a state of cultivation.

For Soaring Snake, his only interest is to continuously absorb the spiritual energy of the world and awaken the ancient bloodline hidden deep in his body.

Soon, Ning Qingxue's team entered the palace area directly under the welcome of the Qi royal family.

After everything was settled, Ye Feng walked in Ning Qingxue's room wearing silver armor.

"Ye Feng."

Ning Qingxue immediately came to Ye Feng's side, very affectionately pulled Ye Feng to sit beside her bed, and said with a smile: "Ye Feng, let's wait and see if we can succeed tonight."

Ye Feng nodded and said: "Third Miss, the impostor you found who looks exactly like Su Yici, are you sure he won't be a gangster then?"

Ning Qingxue

Xin smiled and said: "Don't worry, Ye Feng. During this period, I have been letting specialized people secretly train the fake person who is exactly the same as Su Yici. He is now familiar with all of Su Yici's identity, posture and behavior. Speaking style and so on."

Ye Feng nodded and said: "I am a spiritual pattern master and know a secret soul technique. When the time comes to kill Su Yici, I can capture all of Su Yici's memories and integrate them into what you found, Miss Third." In the mind of that impostor."

When Ning Qingxue heard what Ye Feng said, her beautiful eyes suddenly moved and she said, "Ye Feng, you actually know such a mysterious method? That's great! In this way, the civet cat's plan to change the prince is truly seamless. "

In the following time, Ye Feng and Ning Qingxue used some special methods to transfer the original power in their bodies to each other in the room.

Ning Qingxue's seven-orificed exquisite heart and the pure power of the ancient goddess are really very attractive to Ye Feng.

Ye Feng has practiced the Divine Art of Creation and is now a human holy body. The holy power has also been greatly improved for Ning Qingxue.

This is equivalent to the intersection and transmission of yin and yang, which has huge benefits for both parties.

The two of them practiced together all day long and did not attend the grand meeting. It was not until the evening that the two of them finished their practice.

At this time, the cultivation levels of Ye Feng and Ning Qingxue have been greatly improved.

Ye Feng only felt that he was about to break through the bottleneck of the fifth secret realm, the heavenly realm, and was about to enter the sixth secret realm, the void realm.

"The grand party should have ended. Tonight is the time when I invite Su Yici to Shuijing Villa. It is estimated that Su Yici is heading towards my place now."

In the room, Ning Qingxue spoke to Ye Feng in front of her.

Ye Feng nodded at this time, with a hint of cold murderous intent in his eyes, and said: "Then I will go and prepare."

After saying that, Ye Feng turned around and walked out of the room.

He left Ning Qingxue's residence and soon found Soaring Snake and Dragon Poison guarding the door.

At this time, Ye Feng looked at Long Du and said, "This time, I have to trouble Brother Long to go to a distance to release the aura of the divine corpse and distract Su Yici's secret protector."

Long Du smiled and said, "Don't worry, leave this matter to me."

Uh-huh!

After saying that, Long Du jumped up and disappeared directly under the night in the distance.

At this time, Teng Snake said: "Master, what do I need to do?"

Ye Feng smiled and said: "Teng She, you and I are lurking in the darkness. We will camp halfway to Shuijing Villa and wait for the arrival of Ning Qingxue and Su Yici. When the time comes, you and I will surround and kill Su Yi." If he refuses, he must be killed on the spot."

Hearing this, Soaring Snake was eager to give it a try and said, "Okay! I finally got the chance to fight with my master!"

The two of them said that they also left the house this time and went to find a suitable place to stay halfway.

At this time, on a road outside the house where Ning Qingxue was, Su Yici led a group of guards and walked toward the house with expectant looks on their faces.

"Squeak."

Ning Qingxue sensed the breath outside and opened the door directly. She happened to see Su Yici approaching. She smiled and said, "Master Ninth, let's set off to Shuijing Villa."

Su Yici led a group of guards. When he saw the beautiful lady taking such initiative, he immediately said excitedly: "Okay! Let's go together!" The Qi royal family invited the entire Xuzhou Tianjiao to hold a Tianjiao event. News of the grand event soon spread throughout the entire Selangor state.

Many heads of major forces in Snow State, as well as heads of vassal states, were invited.

In the past few days, the imperial capital of Qi State was full of excitement as strong men arrived one after another.

The two of them practiced together all day long and did not attend the grand meeting. It was not until the evening that the two of them finished their practice.

At this time, the cultivation levels of Ye Feng and Ning Qingxue have been greatly improved.

Ye Feng only felt that he was about to break through the bottleneck of the fifth secret realm, the heavenly realm, and was about to enter the sixth secret realm, the void realm.

"The grand party should have ended. Tonight is the time when I invite Su Yici to Shuijing Villa. It is estimated that Su Yici is heading towards my place now."

In the room, Ning Qingxue spoke to Ye Feng in front of her.

Ye Feng nodded at this time, with a hint of cold murderous intent in his eyes, and said: "Then I will prepare too."

After saying that, Ye Feng turned around and walked out of the room.

He left Ning Qingxue's residence and soon found Soaring Snake and Dragon Poison guarding the door.

At this time, Ye Feng looked at Long Du and said, "This time, I have to trouble Brother Long to go to a distance to release the aura of the divine corpse and distract Su Yici's secret protector."

Long Du smiled and said, "Don't worry, leave this matter to me."

Uh-huh!

After saying that, Long Du jumped up and disappeared directly under the night in the distance.

At this time, Teng Snake said: "Master, what do I need to do?"

Ye Feng smiled and said: "Teng She, you and I are lurking in the darkness. We will camp halfway to Shuijing Villa and wait for the arrival of Ning Qingxue and Su Yici. When the time comes, you and I will surround and kill Su Yi." If he refuses, he must be killed on the spot."

Hearing this, Soaring Snake was eager to give it a try and said, "Okay! I finally got the chance to fight with my master!"

The two of them said that they also left the house this time and went to find a suitable place to stay halfway.

At this time, on a road outside the house where Ning Qingxue was, Su Yici led a group of guards and walked toward the house with expectant looks on their faces.

"Squeak."

Ning Qingxue sensed the breath outside and opened the door directly. She happened to see Su Yici approaching. She smiled and said, "Master Ninth, let's set off to Shuijing Villa."

Su Yici led a group of guards. When he saw the beauty taking such initiative, he immediately said excitedly: "Okay! Let's go together!"

Chapter 1049: Die with eyes closed

Just when Su Yici, Ning Qingxue and others had just left the house.

On the top of a large mountain not far from the house, under the dark night, stood a tall middle-aged man in black.

This middle-aged man in black is called Shen Yun. He is the protector of Su Yici, the ninth young master of the Su family, and is guarding him in secret.

This person's cultivation level is unfathomable. He has an unparalleled cultivation level in the seventh secret realm, Tongyou Realm. He is a very terrifying super master.

Chen Yun was standing on the top of the Great Mountain, looking at the Ninth Young Master Su Yici who was talking and laughing with Ning Qingxue not far away, and couldn't help but sigh.

Although Su Yici was born with supreme bones, he had never been interested in cultivation. His biggest hobby was women.

It's been so long since I came to Xuezhou this time, Su Yici's mission to destroy the Sword God Tiangong has long been completed.

But because of Ning Qingxue, the third lady of the Xuezhou mansion, Su Yici had been spending time in Xuezhou.

While Su Yici was in Xuzhou, he, Chen Yun, as the protector, had to protect Su Yici secretly.

Although Chen Yun was very helpless, after all, Su Yici was the ninth young master of the Su family, and he was also an innate supreme bone, and the upper echelons of the family attached great importance to him.

At this time, Chen Yun sighed, feeling quite helpless, and prepared to jump forward and lurk in the direction of Su Yici and his party.

"Buzz!"

But suddenly at this moment, a very obscure and huge aura suddenly came from a certain direction in the distance.

That kind of aura is very secretive and great.

Ordinary monks can't notice it at all, and only a super master of the Seventh Secret Realm, Tongyou Realm like Chen Yun, can notice it in an instant.

"This breath is..."

At this time, Chen Yun stopped and looked towards the dark mountains in the distance.

He could vaguely see pieces of bright divine light, flickering in the darkness, flickering on and off.

That twinkling divine light gives people the feeling

, like an artifact falling from the sky.

"This aura gives me such a vast and vast feeling. Could it be that some very ancient treasure is about to be born in the deep mountains?"

Chen Yun, Su Yici's protector, was suddenly attracted by that ancient aura at this moment.

For a super master like him, the only thing of interest in the world may be the ancient and advanced creation of chance.

So at this moment, there was a hint of hesitation in Chen Yun's eyes.

He looked at Su Yici and his group walking on the road in the distance, and felt in his heart that the Ninth Young Master was the innate supreme being and was very powerful in his own right.

And this time, Master Ninth is planning to spend the night with a beautiful woman, so there should be no danger.

"If I follow him, I will disturb Young Master Ninth's enjoyment."

Shen Yun thought so in his heart.

Then he no longer hesitated, and instantly jumped into the air, flying towards the depths of the dark mountains in the distance.

At this moment, on the road not far away, Su Yici didn't know that his most powerful protector had been led away.

At this moment, Su Yici didn't realize that the danger was coming towards him.

He was just filled with endless desire, listening to Ning Qingxue talking and laughing beside him.

Su Yici felt that he would definitely be able to get this woman tonight.

Even if you can't get it, you have to force it.

But before everyone arrived at Shuijing Villa, the group suddenly saw two men in black standing on the road not far away.

"The two people blocking the road on the other side

, hurry up and get out! Open your dog eyes and see, who are you trying to block? He is the ninth young master of the super family Su family! Get out of here! "

At the front of the group, the guards of the Su family all had a look of arrogance on their faces and shouted loudly at the two men in black in front of them.

Ning Qingxue asked knowingly, pretending to be confused: "What happened ahead?"

Su Yici smiled carelessly and said, "Maybe it's just two little thieves. It's normal for bandits to appear in a remote place here. Just let the guards take care of them."

boom!

But just as Su Yici finished speaking, a terrifying roar suddenly came from the front.

Immediately under the horrified gazes of everyone, one of the two figures in black in front suddenly grew in size and expanded directly on the spot to become an ancient soaring snake tens of thousands of meters long, filled with endless energy. of power.

"It's an ancient evil beast!!"

"Hurry up and form a formation to protect the Ninth Young Master!!"

The Su family guards and experts, after a brief shock, began to gather in the middle.

"boom!"

But at this time, another figure of a man in black standing in front just stretched out his hand and pressed it in the air.

boom! boom! boom.....

Suddenly, a war sword with terrifying sword light struck out from the void behind him. Dozens of war swords came down in an instant, and directly "puff" and "puff" pierced the bodies of all the Su family guards. .

"ah!"

"ah!"

The earth-shattering screams resounded throughout the night sky in an instant.

Boom! !

At this time, the huge snake body of the Ancient Soaring Snake pressed down, like a big mountain being bombarded, directly destroying all the remaining Su

The masters of the home guards smashed them to pieces.

Countless elites in the entire Su family were killed on the spot in an instant.

It has to be said that the destructive power of Teng She, a big guy, coupled with the group damage caused by Ye Feng's Invincible Sword Domain, is simply terrifying to the extreme.

"what's the situation?"

At this time, Su Yici looked at everything that happened in front of him, and even couldn't accept it.

In the blink of an eye, dozens of his elite Su family guards were all dead.

Su Yici and Ning Qingxue were the only two people left on the entire field, standing alone in the ruins in the middle.

Not far away, Soaring Snake transformed into a human form, and Ye Feng walked over from not far away.

"You...all deserve to die!!!"

Su Yici's eyes showed infinite madness. A strange bone in his body suddenly burst into light, giving Su Yici an extremely terrifying power. He released a terrifying and majestic aura all over his body. .

"Pfft!"

But suddenly at this moment, a cold and hard dagger pierced Su Yici's head, directly from the temple, and then penetrated Su Yici's entire head.

"ah!!!"

Su Yici let out a horrifying howl of pain. With a dagger stuck in his head, he looked at Ning Qingxue beside him in disbelief.

At this time, this holy lady, who was as beautiful as a fairy, let go of the dagger and took a few steps back.

"you....."

There was endless reluctance in Su Yici's eyes. He never thought that the people around him would be cruel to him, but in the end, his head was pierced by Ning Qingxue's knife.

"Bang!"

The ninth son of the Su family suddenly fell to the ground and died immediately.

Before death, his pupils were still wide open, and he refused to rest in peace.

Chapter 1050 Immortal Golden Body

Ning Qingxue looked at the two people walking not far away, showed a moving smile, and said, "We succeeded."

"Yeah, it worked."

Ye Feng came over, looked at the dead ninth young master of the Su family, Su Yici, and said with a smile: "Without the protection of the guardian, even if this Su Yici has the innate supreme bone, he is still an ant that we can crush to death at will. Although he is so weak, the Supreme Bone in his body is a good thing. "

At this time, Teng Snake walked forward directly and stretched out a hand.

That hand directly turned into a snake head, and with a "puff" sound, it bit Su Yici's chest into pieces and sucked out a bone that shone with a bright divine light.

The bones, stained with blood, looked very fresh.

The surface of the bone exudes a bright divine light, and inside it is surging with a suffocating power of the supreme aura.

At this time, Ye Feng didn't hesitate at all, he directly stretched out his hand and released the swallowing vortex.

"boom!"

The Supreme Bone, shining with brilliant divine light, was suddenly sucked into the devouring vortex, and then the bone merged into Ye Feng's body.

"Buzz!"

At this moment, Ye Feng suddenly felt a very terrifying energy, surging through his entire body, flesh, bones, even limbs and blood.

"That is the supreme power in the supreme bones!"

Ye Feng's eyes moved.

He looked inside and suddenly saw that the Supreme Bone was not grafted into his body at all.

Instead, he used the Divine Art of Creation to make his body actively absorb the supreme energy contained in this supreme bone.

Ye Feng understood immediately.

At this time, the Supreme Bone entered his body.

It is not grafted into one's own body and becomes a part of one's own body at all.

Instead, the Supreme Bone is being passively digested by his entire body.

Ye Feng immediately looked at Ning Qingxue and Teng Snake beside him and said: "Help me protect the law, I want to refine the ancient supreme power in the supreme bones.

, this may be able to help me inspire a powerful natural talent that I have not awakened for a long time! "

After saying that, Ye Feng sat cross-legged on the ground and began to run the Divine Art of Creation and concentrate on refining.

Ning Qingxue and Teng Snake naturally nodded and stood on either side of Ye Feng, wary.

Although now all the people of the Su family have been eliminated.

But in this dark wilderness, there may still be unknown dangers.

Sure enough, with the refining of the Supreme Bone in Ye Feng's body, the Supreme energy fluctuations were rapidly transmitted from inside his body to all directions.

Many evil beasts and creatures sleeping in the darkness in the wilderness were awakened by this supreme energy fluctuation, and they all woke up and turned around.

"what happened?"

"This kind of energy fluctuation makes me feel like a supreme being has arrived!"

"No! It's not the real Supreme! Although this kind of energy fluctuation is very noble in origin, its surging degree is very low. Therefore, it should be the awakening of the Supreme Bone of the human race!"

"The supreme bone of the human race? In that case, is there a young supreme human race nearby?"

At this moment, in the entire wilderness jungle, there are very ancient and ferocious creatures, whispering.

There are even many vicious creatures, with deep greed in their tone, approaching Ye Feng's location.

At this moment, Ning Qingxue and Teng Snake, who were protecting the law, naturally sensed a series of very obscure, powerful and vicious auras of creatures, which were approaching them crazily.

Ye Feng was unaware of this at this time, because he had already fallen into a deep state of cultivation.

The Supreme Bone contains very majestic and advanced energy.

At this time, Ye Feng knew that he should hurry up to refine and advance.

Entering your own body, you must take advantage of this opportunity to awaken the seventh-stage accompanying talent that you have not yet awakened.

At this moment, Ye Feng suddenly thought of the strange phenomenon in his body that he had seen before.

That is, on top of the flesh, flesh and bone membranes, there is a layer of golden substance that exudes an immortal luster.

At this time, Ye Feng was devouring the refining Supreme Bone while paying attention to the changes in his body.

Sure enough, as the Supreme Bone Energy integrated into his body, Ye Feng saw that a very bright layer of immortal golden substance appeared on the surface of his entire body and various internal parts.

This golden substance made Ye Feng feel a sense of immortality and supremacy.

This seems to be a very ancient power that exists in the very origin of human life, and it was inspired at this time.

At this time, in this dark wilderness.

Boom, boom, boom.

Boom, boom, boom.

Following waves of vibrations, ferocious wilderness beasts roared and charged out from the darkness of the deep mountains and forests.

There are a dozen huge evil beasts in total, such as the flaming giant ape, the mountain dragon, the six-armed lion, the golden eagle, etc. They are all the overlords of this group of mountains, and their cultivation levels are comparable to the sixth secret realm of the human race. The super master of the Void Realm is the commander-level evil beast in this wild forest.

There are more than a dozen Void Realm evil beasts, and they are also ancient relics. Such a huge force may be able to crush the entire Qi Kingdom and destroy it in one night.

But at this moment, these dozen ferocious giant beasts in the Void Realm were all roaring and roaring, their eyes filled with deep greed, and they were charging towards Ye Feng, who was sitting on the ground in the middle.

Because at this moment, the aura of the Supreme Bone exuding from Ye Feng was really attractive.

These evil beasts in the depths of the wild forest all regard Ye Feng as meat and potatoes, and want to swallow them directly to expand their lives.

origin.

Ning Qingxue's eyes were very nervous and she said: "Sixteen Void Realm evil beasts, once they arrive, we will all be trampled to pieces!"

Teng Snake's eyes were fearless and he just said indifferently: "Even if I die, I will die in front of my master."

"boom!!"

But suddenly I felt that at this time, Ye Feng, who was sitting cross-legged, suddenly stood up.

His whole body was actually beginning to grow in size at this moment. Every part of his body, his body and limbs, began to tower into the sky, and eventually grew directly on the spot, becoming a towering figure with a height of ten thousand feet. Golden giant.

The ten-thousand-foot golden giant was full of endless pressure.

This golden giant is different from the ancient divine ape that Ye Feng became using the Beast King Transformation.

The golden giant that Ye Feng has become at this moment is not the image of any ancient evil beast, but the appearance of Ye Feng himself, but the whole body seems to be made of gold, just like Ye Feng magnified ten thousand times.

This is the true power of the human race itself!

Rather than being transformed into a giant through the blood of other races.

"The laws of heaven and earth!"

"This is the talent associated with the seventh stage of my awakening!"

"The law of heaven and earth can fully develop the ultimate secret of the human body, allowing the human body to reveal its power in ancient times."

"The human race's body is not weaker than any other race. It has fully developed the secrets of the human body and is able to follow the laws of heaven and earth, and transform into an immortal golden body."

"The sky is like the earth, and the immortal golden body has a total of eighteen levels. Every time it breaks through one level, when the sky is like the earth, the immortal golden body that stands up will be ten thousand feet high."

"The first level of Dharma, Heaven, and Earth is the immortal golden body of ten thousand feet. The second level is the majestic body of twenty thousand feet. The third level is thirty thousand feet! And the final eighteenth level is one hundred and eighty thousand feet. The majestic immortal golden body is truly capable of moving mountains and filling seas, and reaching for the stars and the moon!"
