

# Ancient 1051

Chapter 1051 One Night

Buzz!

The 10,000-foot golden giant was now stepping under the dark sky, filled with an unparalleled sense of shock.

At this time, more than a dozen ferocious beasts attacked from a distance. Although they were all void realm creatures, they were very powerful.

But at this moment, these evil beasts all stopped in place, their eyes full of fear, and they did not dare to move forward at all.

Although each of them is very towering, like a mountain.

But after all, it's only a few hundred meters or a few kilometers.

But at this time, Ye Feng, who was standing in the distance, the immortal golden body behind Fa Tian Xiang Earth, turned into a golden giant, but it was a full ten thousand feet!

In front of Ye Feng at this time, those dozen evil beasts looked like children.

"Run!"

Almost at this moment, an unknown evil beast suddenly roared loudly.

Boom!

Boom!

Immediately, more than a dozen evil beasts from the Void Realm fled madly.

"Is it okay to leave now?"

An extremely coercive voice sounded.

It was the golden giant transformed by Ye Feng who was speaking.

At this moment, Ye Feng suddenly stretched out a hand.

This hand was several kilometers long, and its entire body seemed to be made of gold. Immortal divine light flowed on its surface, and it was captured in one fell swoop.

Buzz!

The big golden hand was filled with unparalleled heaviness and pressure, and instantly it was like a golden mountain bombarding down.

"Boom!!"

Along with an earth-shattering roar, a huge slap mark was directly shot by Ye Feng on the wilderness in the distance.

The dozen or so fleeing Void Realm evil beasts didn't even scream. They were directly blasted into countless pieces and died in the huge slap mark.

"What kind of magical means is this?"

At this moment, Teng She and Ning Qingxue were both shocked.

God showed deep shock.

After all, Ye Feng suddenly expanded from a normal person to a 10,000-foot golden giant. Even the powerful evil beasts at the Void Realm level, the dominant creatures in this wild forest, were all smashed to pieces with one slap. .

It can be seen that the golden giant not only looks extremely tall and heavy, but the damage caused by it is also extremely terrifying.

Buzz!

At this time, along with a violent energy fluctuation, Ye Feng's entire body suddenly became its original size.

Ye Feng recovered his true body at this time, from a ten thousand-foot golden giant to his true body again.

The two people next to him saw that Ye Feng had returned to normal, and they stared at him with surprise in their eyes.

Ye Feng looked at the two people beside him, and naturally knew that they were very shocked. He couldn't help but smile and said: "Actually, I am also as confused and shocked as you are. This is the first time that I have turned into such a golden giant. , I didn't expect it to be quite powerful."

Pretty awesome?

Ning Qingxue and Teng She looked at each other, both showing a bitter smile.

Obviously Ye Feng's casual words at this time made them both very helpless.

Uh-huh!

At this time, Ye Feng leaped into the distant ruins of the big handprint and began to release the devouring vortex.

Suddenly, a large devouring field appeared around Ye Feng.

"boom!"

In an instant, countless majestic blood emerged from the surrounding ruins and merged into Ye Feng's devouring field.

At this time, Ye Feng suddenly felt countless energy, all rushing into his body.

At this moment, Ye Feng suddenly felt that his cultivation level had skyrocketed.

Because there are more than ten people buried in these ruins

A wild forest beast in the void realm.

These dozen wild forest beasts are all very powerful and have survived in this wilderness for many years.

The energy and blood of every evil beast is very majestic and powerful.

So at this moment, Ye Feng's body was suddenly filled with countless majestic energy.

"boom!"

Almost at this moment, an extremely huge energy burst out in Ye Feng's body.

His cultivation level broke through the bottleneck in an instant, and he finally entered the sixth secret realm, the Void Realm!

"Elementary Void Realm!"

Ye Feng was standing in the ruins at this time, and his whole aura had undergone earth-shaking changes.

Because Ye Feng, who practices the Divine Art of Creation, will have a huge improvement in combat power even if he only breaks through a small level.

At this moment, Ye Feng directly broke through a great realm.

His fighting power increased exponentially at this moment.

What makes Ye Feng most delighted is that he finally refined and fused the entire Supreme Bone and awakened his companion talent.

The majestic golden giant with the heaven and the earth, the immortal golden body, as majestic as the ancient true god, simply has unparalleled destructive power.

Ye Feng definitely has a terrifying trump card at this moment.

Ye Feng walked not far away, walked in front of Ning Qingxue and Teng She, and said: "We are now going to erase all traces of the battle here. Then, Third Miss, you will pull the counterfeit of the ninth young master of the Su family." Come out and let him take his place now."

At this time, Ye Feng said, walked to the place where the ninth young master of the Su family died, and directly grabbed the head of the corpse on the ground, and instantly pulled out a ball of light.

Ning Qingxue said with some curiosity at this time: "Ye Feng, this ball of light is the soul memory of Su Yici, the ninth young master of the Su family?"

Ye Feng Diandian

He raised his head and said: "Yes, this is the memory soul light group of the ninth young master of the Su family. As long as this memory soul is fused into the soul of the impostor, the impostor can instantly master Su." In this way, no one can see all the memories of Master Jiu. This time, the civet cat's plan to replace the prince is really flawless. "

Ning Qingxue was immediately very happy and said: "With Ye Feng's magical methods, that's why I dared to set up this killing trap."

Teng Snake was silently following Ye Feng's orders at this time, spitting out his natal flames and destroying everything around him.

Ning Qingxue took out a transmission talisman from her storage spirit ring and said: "You guys are at Shuijing Villa, let the impostor get ready. He will appear next. As long as you can If you deceive the guardian who was led away before, everything will be fine."

Ye Feng now helped Teng Snake and restored everything around him to its original appearance.

Then the three of them rushed towards their original destination.

When they arrived at Shuijing Villa, Ye Feng saw that Dragon Poison was already waiting here.

Ye Feng was a little surprised and said: "Brother Long, why are you back so soon?"

Long Du smiled and said: "Don't worry. After the guardian was lured away, don't even think about coming back until dawn. When I used our Western continent's civilized methods to lure him there, he was already there. Trapped in a magic formation, I won't be able to get out until tomorrow."

When Ye Feng heard this, his eyes immediately lit up and he said: "Brother Long is a great talent, that's great. We still have one night to prepare."

At this time, Ye Feng looked at Ning Qingxue and said, "Miss Third, where is that fake now?"

Ning Qingxue directly pulled Ye Feng and ran towards the depths of Shuijing Villa, saying: "I have already asked that person to prepare."

Ye Feng spoke up at this time: "Are you sure that the impostor you found who looks exactly like the ninth young master of the Su family is completely loyal to us?"

Chapter 1052 Amazing

Ning Qingxue nodded at this time and said: "Ye Feng, don't worry, that impostor is a mortal I found. All his cultivation was given by me, and he will definitely be loyal."

Ye Feng shook his head and said: "I don't believe that a stranger will be completely loyal to you. Everyone will have their own little thoughts, especially this kind of mortal who was suddenly selected to become a strong person will definitely It breeds desire and self-centered arrogance from within."

Ning Qingxue nodded and said helplessly: "I know this, but I don't have any way. How can a stranger be completely loyal to me, unless it is a death guard who has been trained since childhood? Such training in a short period of time The chess pieces that get up are definitely unable to grasp what is really in their hearts."

Ye Feng smiled at this time and said: "I have a way to make that fake person completely loyal, but I need to see the fake person with my own eyes."

Ning Qingxue nodded and said, "I will take you to see him."

Soon, several people came to the deepest garden of Shuijing Villa.

There, under a pavilion, under the light of a lantern, several guards from the Xuezhou mansion were standing there with a young man.

This young man looks exactly like Su Yici, the ninth young master of the Su family.

Especially during this period, Ning Qingxue has been letting people train her secretly.

So at this time, this fake person was exactly the same as Su Yici in appearance, demeanor and behavior.

However, it lacks the aloofness of the Supreme Bone.

After all, it's just a fake.

However, Ye Feng smiled faintly at this time and said: "One night is enough for me to operate."

At this time, Ye Feng walked towards the fake Su Yici.

When the fake Su Yici saw that Ye Feng was the leader of the group, even Ning Qingxue, the third lady of the noble Xuezhou mansion, had to stand beside Ye Feng as a foil.

Immediately, the fake Su Yici's eyes showed a trace of panic, and he quickly stepped forward and clasped his fists, saying: "See you, sir."

Ye Feng smiled slightly, nodded, and said: "From now on, you will be Su Yici. From now on, you will go to the Su family and become the ninth young master of the Su family. But don't forget that you are the third lady and me. chess pieces."

The fake Su Yici immediately clasped his fists and said excitedly: "I know this, and I will definitely work hard."

At this time, when the fake Su Yici lowered his head slightly, a look of ambition flashed deep in his eyes.

Under the plan of the counterfeit Su Yici, after he disguises himself as the ninth young master of the Su family, he will be able to obtain countless training resources and a distinguished status.

As long as he practices silently for a period of time, he will definitely be able to escape the control of Ning Qingxue and others.

The ambition flashed deep in the eyes of this fake Su Yici. He hid it well and no one noticed it.

Buzz!

But suddenly at this moment, the fake Su Yici suddenly felt a steel-like hand spread its fingers and pinched his head.

Su Yici's eyes were startled, and he quickly raised his head, just in time to see Ye Feng standing in front of him.

He couldn't help but exclaimed: "Sir?"

Ye Feng smiled slightly and said: "Relax, I'm just infusing you with some power of the Supreme Bone and Su Yici's memory soul. I will help you fuse it and make you completely perfect. Even if you are Su Yici's former protector, I can't tell you are a fake anymore."

When the fake Su Yici heard this, he immediately laughed happily and said, "Okay, thank you, sir!"

The fake Su Yici was extremely happy at this moment. He didn't expect that these people would put so much effort into cultivating him and even instill some power of the Supreme Bone into him.

"Great, great! In the future, when I truly become the young master of a super family like the Su family, who can restrain me? I will definitely be a fish in the ocean by then.

Leap, the sky is high and the birds can fly! But now I am still under the control of this group of people, and I still need to be humble and patient. When I go to the Su family, I will kill these people who control me. I am the only one who dominates! "

At this time, the fake Su Yici was thinking in his heart, and he was extremely happy.

He was inexplicably chosen from a mortal to become what he is today.

Therefore, the fake Su Yici's heart at this time was naturally full of blazing ambitions for the future.

But just when the fake Su Yici was enjoying the baptism of the Supreme Bone Power from Ye Feng and accepting the memories of the original Su Yici.

Suddenly, Ye Feng's eyes showed a hint of cruelty, and he shouted directly: "Seal of the Soul Emperor!"

boom!

Suddenly, the infinite soul power attacked the spirit of the fake Su Yici.

"What? This is..."

The fake Su Yici was stunned for a moment. Several huge soul emperors appeared in his spiritual world, instantly shattering the spirit and soul of the fake Su Yici.

Then Ye Feng directly planted a seed of faith in the heart of the fake Su Yici.

At this moment, the fake Su Yici has completely become a follower of Ye Feng. He is loyal and will never have second thoughts in the future.

This is the application of hypnosis, one of the soul master's abilities.

In just a moment, Ye Feng directly hypnotized the fake Su Yici and made him his disciple.

Ye Feng smiled and said at this time: "Su Yici, tell me what you really thought before."

The counterfeit Su Yici had been completely hypnotized by Ye Feng and believed in Ye Feng. He clasped his hands and said piously: "I am guilty. I even thought of using the power of the Su family to pretend to be me after entering the Su family. With my identity, I will kill Miss Ning Qingxue and Master Ye Feng, and I will be the only one from now on."

When Ning Qingxue heard the fake Su Yici's words, her beautiful eyes widened immediately.

Showing shock and anger.

Sure enough, this fake Su Yici had a bone on the back of his head.

At this time, Ning Qingxue also admired Ye Feng more and more. Ye Feng's methods were simply miraculous.

At this moment, the fake Su Yici stood in the middle of the crowd, having successfully integrated part of the Supreme Bone Aura and the memory soul of Su Yici before.

Even if the guardian came back at this time, he would feel nothing unusual.

Ye Feng said to Su Yici: "This time after you return to the capital of God and enter the Su family, you will not only practice on your own, but also steal various rich cultivation resources, martial arts, family inheritance, etc. from the Su family. Wait, you can secretly send it to the Snow State Mansion for us to use."

Su Yici immediately smiled and said: "Don't worry, Lord Ye Feng, I will definitely do it."

At this time, Su Yici was loyal to Ye Feng, so he naturally obeyed Ye Feng.

Ning Qingxue was a little surprised and said: "Ye Feng, if you have such a method, wouldn't it be enough to directly control the real Su Yici at that time?"

Ye Feng shook his head and said: "My method can only hypnotize people who are much weaker than me. The real Su Yici's cultivation level is comparable to mine, and he is born with supreme bone. Even if he is hypnotized by me, he can still be hypnotized." Being restored to clarity by the power of the Supreme, it is best to kill him. Moreover, I really need Su Yici's Supreme Bone, which awakened a very terrifying talent in me."

When Ning Qingxue heard this, she suddenly nodded.

At this time, Ye Feng suddenly stared at the fake Su Yici in front of him and said: "There is one more thing I want you to do for me. After you return to the Su family, you have the opportunity to meet the former members of the Su family. The founder, the first generation ancestor of the Su family, described his appearance to me. "

Su Yici naturally obeyed Ye Feng's orders and immediately said: "I understand."

Ye Feng's eyes flickered at this time. He wanted to confirm whether the ancestor of the Su family was one of the eight powerful men who followed Gu Tongtian in the rebellion.

Chapter 1053 Entering the battlefield of all races

After Ye Feng perfected all aspects of the fake Su Yici, the sky around Shuijing Villa was almost brightening.

At this time, not far from Shuijing Villa, deep in a group of mountains, a middle-aged man, looking a little embarrassed and a little angry, came flying from a distance.

This person is Su Yici's protector Shen Yun, a great master of the Seventh Secret Realm of Netherland.

Last night, he was attracted by a mysterious and huge aura, thinking that there was some unnatural chance in the deep mountains.

But when he arrived at his destination, he discovered that it turned out to be an ancient formation.

Shen Yun was trapped in it for the whole night before finally coming out.

At this time, he came directly to a large mountain outside Shuijing Villa and saw Su Yici, the ninth young master of the Villa, who seemed to be bidding farewell to Ning Qingxue and other people from Xuezhou Mansion.

Chen Yun's eyes were calm, and he didn't notice anything unusual. He stood on the top of the mountain, closed his eyes, and guarded silently.

What he didn't know was that this was the Su Yici he saw in the distant villa. He was no longer the original Su Yici, but a fake.

And at this moment.

The entrance to Shuijing Villa.

Ye Feng, Ning Qingxue and others were bidding farewell to Su Yici.

Su Yici smiled and said: "You two, please come back. There is no need to send you off. When I go to the capital of the gods, I will definitely carry out my mission and fulfill your instructions."

Ye Feng patted Su Yici on the shoulder and said, "Okay, remember to keep in touch with the secret guards. Don't let the Su family discover anything unusual."

Su Yici said: "Don't worry, I will take care of this."

As soon as he finished speaking, the fake Su Yici walked towards the distance with a group of disguised Su family guards.

At this time in Shuijing Villa, Ye Feng and Ning Qingxue looked at each other and saw the look of anticipation in each other's eyes.

This time, they successfully deployed Su Yici as a chess piece and entered the divine capital.

Ning Qingxue's ambition was not to be limited to being the daughter of a small snow state capital.

She was born with an exquisite heart with seven orifices, and she boasted her qualifications as an ancient goddess, so she wanted to be famous all over the world.

Ye Feng's ambition is simpler, that is, to muddy the water in the divine capital where the Tongtian Divine Dynasty is located. In this case, he will have the opportunity to overthrow the imperial power of the Tongtian Divine Dynasty and kill Gu Tongtian and the eight powerful men of the year. .

Everything they did to the Divine Dynasty of Creation back then, Ye Feng would have to pay them back one by one after three thousand years in this life.

Three thousand years may be a very long time in the eyes of mortals.

But in the eyes of the powerful monk, it was just a snap of a finger.

Because those who have transcended the Nine Mysterious Realms and stepped into the Immortal Realm will live forever and have endless longevity.

As long as you are strong enough and don't encounter murder, you won't die.

...

After Ye Feng, Ning Qingxue and others bid farewell to the fake Su Yici, they returned directly to Xuezhou Mansion.

As for the brutal killings that took place on the road between King Qi's capital and Shuijing Villa, I'm afraid it will be buried in history forever, and no one will know about it.

In Xuezhou Mansion, after Ye Feng came back, he immediately announced his retreat.

He was ready to digest the chance fortune he had recently received, stabilize his cultivation, and then fully appreciate his newly awakened talent.

A month later, Ye Feng walked out of the training room.

Soaring Snake and Dragon Poison were practicing in the courtyard as usual.

Because the cultivation place here has a branch of the dragon vein buried underneath, the energy of the dragon vein is very abundant. For them, it is a holy land for cultivation.

Ye Feng came out, looked at the two of them, and walked directly towards the central area of the state mansion without disturbing their practice.

He is ready to pass through the passage of the heavens and enter the battlefield of all races.

Now Ye Feng knows that on the land of Snow State

To gain experience, it is better to directly enter the battlefield of thousands of races to fight.

Not only can you hunt down all the races in the world, but also the powerful creatures in all major interfaces, absorb and refine their high-level energy, and quickly improve yourself.

You can also hunt foreign creatures and get contribution points from the upper levels of the Snow State Mansion. Through the contribution points in the Snow State Mansion, you can exchange for various cultivation resources and peerless inheritance.

Moreover, Gu Qin Lan is now in the battlefield of all races, so it is just right to go to her to learn about various situations in the battlefield of all races. .??.

In addition, Ye Feng knew that if his many methods were used in the spiritual world, the super powerful people in the Tongtian Divine Dynasty would most likely see some clues.

But in a no-care zone like the battlefield of all races, there is no such worry.

Ye Feng thought in his mind and quickly walked towards the central area of the mansion.

Soon Ye Feng came to the headquarters of the mansion, where a huge pavilion and palace were built, connected together, looking extremely magnificent and luxurious, and exuding an aura of nobility.

Ye Feng walked in, showed his identity token, and was taken directly to a secret room by an old man in the mansion.

Ye Feng saw that an ancient teleportation array was engraved on the ground at the center of the secret room.

A very vast and vast aura emanated from the ancient teleportation array, giving people a very terrifying feeling.

Ye Feng's soul power is powerful, and his perception is naturally very terrifying and sensitive.

At this time, Ye Feng immediately realized that the aura transmitted from this ancient teleportation array was the aura of all heavens and worlds.

That kind of aura was very strong, giving Ye Feng the feeling that he was facing countless vast world spaces.

At this time, the old man beside him looked at Ye Feng, and when he saw his expression, he knew that it was Ye Feng's first time to go to the battlefield of all races.

The old man could not help but solemnly remind: "Young man, the battlefield of all races is very vast.

, a fault area between the spiritual world and the interface barriers of many large interfaces. After you enter, you may encounter countless ferocious aliens you have never seen before. Are you sure you want to enter? "

Ye Feng smiled and said: "Senior, please activate the teleportation array. I have already thought about it. I want to enter the battlefield of thousands of races to fight and practice. There is nothing

on the land of Snow State that is worthy of my experience. I need to find more cruel battles." , an even older treasure.”

When the old man heard what Ye Feng said, he immediately admired him and said, "I have to say that although you look very young, you have such a strong martial arts will that many seniors cannot match. Okay, I will I will send you to the battlefield of all races, and you will hunt more foreign races, and when you come back, you will be able to get many contribution points as rewards from the upper levels of our mansion.”

Ye Feng nodded immediately and said: "Okay, I understand, but I have a question. When I hunt a foreign race, do I need to intercept part of the foreign race's body as a reward for contribution points after I come back?"

The old man smiled and said: "Don't go to such trouble. The identity tokens on your Qiren Mansion members are all specially cast by the master casters in our mansion. After you hunt the aliens, based on the strength of the aliens, the identity tokens will be cast." The card will automatically count your contribution points, but there are also many peace-loving aliens living in the battlefield of all races. If you kill these aliens, your contribution points will be deducted, because that may make those peace-loving aliens The alien race is at odds with our human race, so don't kill indiscriminately.”

Ye Feng smiled and said: "Senior, don't worry. I am a person with a clear distinction between good and evil. I will not kill innocent people indiscriminately. I will only kill those vicious and ferocious alien races. It is helpful to our human race or a peace-loving race. I We will treat them peacefully.”

The old man nodded and said: "There are some human gathering points in the battlefield of all races, or neutral race gathering places. If you encounter a disaster or are unable to resist the ferocious aliens, you can take refuge in these gathering points."

After saying that, the old man waved his hand, and the teleportation array suddenly lit up with light.

Ye Feng stepped directly into it, and his figure immediately disappeared into the teleportation array.

#### Chapter 1054 Creatures from the Undead World

The battlefield of all races is located in the fault area between major interfaces.

The battlefield of all races that Ye Feng has entered now is only a part of the entire battlefield of all races, a part close to the land of the spirit world.

But even if it is only a part of it, the battlefield of all races is extremely grand and has an endless area.

Buzz!

In the battlefield of all races, a harsh place where the earth cracked and boiled with molten flames, suddenly a space crack opened in the sky, and a young and tall boy in black stepped out of it.

Then, the spatial cracks slowly dissipated.

The boy in black is naturally Ye Feng.

Uh-huh!

Ye Feng was standing high in the sky and landed on the ground. He stepped on the ground that was blackened by the flames and lava, and felt that the soles of his feet were hot. .??.

Looking up, Ye Feng only saw a devastated area.

The land he came to at this time was full of cracks, and hot magma surged out of the cracks, as if he had arrived in hell.

Ye Feng looked around and found that there was no end in sight.

This lava-cracked land was extremely bad, the sky was dark, and the air was filled with anxious breath.

"Buzz!"

At this time, Ye Feng released his soul power and spread it around.

He wanted to find some breath of life.

"The battlefield of all races, this is the atmosphere of the battlefield of all races, I haven't been here for a long time..."

At this moment, Taotie Soul's voice suddenly sounded in Ye Feng's mind.

One of the ten evil spirits from the ancient times, who had been sleeping soundly, was awakened by the aura of the heavens on the battlefield of all races.

Ye Feng's eyes were surprised and he asked in his mind: "Senior Taotie, has he ever been to the Battlefield of Ten Thousand Races?"

Taotie nodded in the space in his mind, his eyes showing memories, and said: "I can't remember exactly when I came to the battlefield of all races. Anyway, it was a long time ago, maybe hundreds of thousands of years ago. "

"A hundred thousand years ago?"

Ye Feng heard Taotie say this in his mind, and couldn't help but twitch the corner of his mouth slightly.

But I thought that Taotie was one of the ten most ferocious beasts in ancient times.

This ancient existence is like a living fossil. It is not surprising that it has lived for hundreds of thousands of years.

Ye Feng nodded slightly and said, "Senior Taotie, if you remember any place created by chance, remember to tell me."

Taotie said: "There are very few places of creation among the battlefields of all races. Most of them are places where all races fight and survive. However, there are some ancient battlefields where large races fight, and it is very likely that some of them will be left behind. If you come across ancient treasures, you can pick them up."

Ye Feng nodded and said: "The main reason why I entered the battlefield of all races this time is to accumulate my own heritage and strengthen my cultivation, so I'd better go hunting for various alien races first."

Ye Feng knew very well that although he was already considered a top expert among the younger generation in Snow State.

But compared with the older generation of monks, it is still far behind.

Not to mention that Snow State is only a relatively low-ranking state among the nineteen human states.

The land of China where the royal family of the Tongtian Dynasty is located is the real and most prosperous core place.

Ye Feng's enemy is the most powerful figure in the Tongtian Divine Dynasty. The Tongtian Divine Emperor Gu Tongtian is a being truly comparable to the gods. He also possesses the most powerful artifact in the world, the Gate of Immortality, and is the one who envelopes great fortune.

Such a terrifying opponent, like a superior god, really makes people feel desperate.

But Ye Feng was extremely determined in his heart.

Therefore, he needs to continuously strengthen his cultivation and improve his strength.

He not only has to compare with his peers, but also with all the strong men of different ages and statuses in the nineteen states of the human race.

The pressure is huge.

But Ye Feng knew that this was his responsibility as the crown prince of the previous dynasty.

God allowed Ye Feng to live another life and revive after three thousand years.

Then Ye Feng couldn't turn a blind eye to everything.

The tragic destruction of the Creation God Dynasty is still vivid in my mind.

"Uh-huh!"

At this moment, Ye Feng flies towards the distance

Go, the huge soul power spreads out, ready to find the aliens to hunt.

On this hell-like lava-scorched land, there are still very vicious creatures living there.

Because Ye Feng had not been flying in mid-air for long.

"Boom!!"

Suddenly, a large area of the ground collapsed, and a huge white-bone dragon sprang out from the lava.

That's right!

This is a giant white bone dragon with no flesh and blood, and is completely made of bones.

This giant white-bone dragon was several thousand meters tall. A huge claw stretched out from the lava. Each bone claw was burning with flames, full of endless power.

"Fire Bone Dragon!" ??

"Isn't this a creature from the world of the undead? It actually appears in this harsh place of lava?"

"It seems that the battlefield of all races that I teleported in is very close to the world of the undead, and there are creatures from the world of the undead surviving..."

At this time, Ye Feng looked at the visually stunning white bone dragon, and some thoughts quickly flashed through his mind.

But the movements of his hands were not slow.

"Invincible Sword Domain!"

Ye Feng shouted loudly.

Buzz!

In the void behind him, a fierce field suddenly appeared, covering Ye Feng's entire body.

At this time, a war sword blooming with bright divine light immediately appeared in the void around Ye Feng.

There are a total of thirty-six war swords, thirty-four magic weapons, and two Taoist weapons!

"kill!"

Ye Feng roared loudly, and with a thought in his mind, thirty-six war swords clanged out one after another, directly turning into thirty-six bolts of lightning, which instantly pierced the body of the giant white bone dragon.

"Dang! Dang! Dang..."

But the creatures in the battlefield of all races are not simple people. A war sword stabbed into the body of the white bone dragon, just like stabbing into a copper wall and an iron wall, making the sound of metal delivery.

There are only two first-grade Taoist-level battle swords, the crystal short sword

The sword and the ice sword suddenly hit the body of the white-bone dragon, causing cracks to appear on the surface of the bones in the place where they were hit, like broken porcelain.

"Roar!!"

Although it was only a small injury, it still caused the white-bone dragon, which was living in the magma to suddenly attack, to roar in anger.

"boom!"

Almost at this moment, the giant white bone dragon suddenly opened its mouth.

Boom!

A beam of blazing light erupted directly from the mouth of the giant white-bone dragon, which could penetrate the entire dark sky. It was filled with endless power of molten flames, and seemed to be able to melt and burn everything.

"Star Reacher!"

At this moment, Ye Feng suddenly stretched out a hand, frantically running the holy power in his body, and the Ancient Star Art also exploded.

One of his hands suddenly expanded to the size of a mountain high in the sky. The whole body seemed to be made of star iron, shining with the cold light of stars, as if an asteroid had hit it and hit the ground directly. On the body of the giant white bone dragon.

"boom!!"

This big hand of stars was so heavy that it was like a meteor hitting the earth, knocking the majestic white bone dragon directly and flying away. The whole body of the dragon's bones was broken at this moment.

"The giant white bone dragon in the Dacheng Void Realm doesn't seem to be that strong..."

Ye Feng looked at the power of his star-picking hand and couldn't help but murmured something.

What he didn't know was that after awakening the Law of Heaven and Earth and the Immortal Golden Body, Ye Feng's normal physique had been greatly enhanced and improved even though he had not changed into the true form of the human golden giant.

So at this time, the power of his Star Picker is many times more powerful than that of the Invincible Sword Domain.

This made Ye Feng couldn't help but think that he must find more high-quality swords and integrate them into the Invincible Sword Domain to continue to enhance the edge of the Invincible Sword Domain.

"Roar....."

At this time, the white-bone dragon, which flew backwards and was knocked unconscious in the distance, let out a low roar of fear. The huge dragon body was about to dive directly into the underground lava, obviously trying to escape.

Chapter 1055 The Evil Kingdom

I saw the giant white bone dragon not far away burrowing into the underground lava, seemingly trying to escape.

Ye Feng smiled faintly, flew forward, and suddenly stretched out his hand to grab it.

"boom!"

An even more majestic starry hand suddenly appeared high in the sky, like a huge palm, directly grabbing the majestic white bone dragon that was several kilometers away.

At this time, Ye Feng is holding the giant bone dragon, and the scene is very visually shocking.

This giant white bone dragon's eyes burning with flames were full of fear.

Originally, he sensed Ye Feng's aura and wanted to swallow this little creature directly.

In the eyes of the White Bone Dragon, Ye Feng, who came to this area, was nothing more than a small bug to a creature like him, the overlord of the magma land.

But what the White Bone Giant Dragon never expected was that the little bug in its eyes would burst out with unparalleled power. Every move it made was like an ancient giant walking.

The giant white-bone dragon was caught by Ye Feng's big star hand and could not move at all. It immediately begged for mercy: "Sir, have mercy! Master, have mercy! Xiaolong, I didn't know that you are a master in the human race. I offended you. It's really wrong." The crime deserves death."

Ye Feng glanced at the giant white bone dragon in surprise.

This very ferocious-looking white-bone giant dragon, an evil spirit from the world of the dead, looked very funny as it begged for mercy.

However, Ye Feng frowned slightly as he stared at the giant white bone dragon.

Because this giant dragon is a white-bone undead dragon, with no flesh and blood on its body, it naturally does not have any vitality.

Ye Feng originally planned to swallow it directly, but after thinking about it, swallowing a bunch of bones seemed to have no power.

This made Ye Feng's face suddenly darken.

The White Bone Dragon observed Ye Feng's expression, and when he saw Ye Feng's gloomy expression, he immediately realized that the secret path was bad.

It immediately said: "My lord, are you looking for something when you come to this area? I am very familiar with this area. I can help you find wherever you want to go."

Ye Feng stared at the giant white bone dragon and said with a smile: "I want to find ferocious alien creatures with extremely powerful blood and skills to hunt. Can you?"

Can you help me find it? "

When the White Bone Dragon heard this, he immediately smiled and said: "Yes, yes, yes! This is really too simple! According to my memory, there is a huge primitive jungle near the edge of this lava land. In that primitive forest, there are An extremely evil country was established by criminals who were exiled from the demon world, the demon world, the dragon world and other large interfaces to this battlefield of thousands of races. The living creatures in it are all criminals who were exiled from various higher interfaces. , each one is powerful, has majestic blood, and has profound skills, and is definitely the first choice for adults. "

Ye Feng stared at the giant white-bone dragon and said, "Take me there. If you dare to lie to me, lead me into some dangerous place, and want to escape by yourself, I will crush you directly."

When the White Bone Dragon heard Ye Feng's threat, he was trembling with fear and said: "Don't worry, sir! Now I am a prisoner in your hands. It must be important to save my life. How dare I deceive you? I have seen your methods before. It's so powerful that I can't escape even if I want to."

Ye Feng nodded and dispersed the big hand of stars.

Uh-huh!

He jumped up and stood directly on top of the white bone dragon's head, with his hands behind his back, overlooking the entire vast molten land.

Ye Feng said: "Without further ado, just take me there. By the way, tell me about the cultivation strength of the criminals exiled from the various high-level interfaces in that evil country."

The giant white bone dragon nodded honestly and said: "Okay!"

Boom!

Almost at this moment, the giant white bone dragon drove its huge dragon body, like a fast giant ship, sailing quickly towards the distance in this land of lava.

With the White Bone Dragon as a local snake, Ye Feng's speed is very fast.

Because the White Bone Dragon has lived here for so many years, it can quickly avoid all kinds of dangerous places.

Just now, Ye Feng was standing on top of the giant white bone dragon and saw that not far from the lava land, there were countless poisonous thorns growing on the ground. As long as people approached that area, they would be instantly killed. Densely packed

The poisonous sting pierced the body.

But at this time, with the help of the White Bone Dragon, Ye Feng perfectly avoided all the dangers of the lava land. In less than a few days, he had safely walked out of this harsh lava land.

And when Ye Feng reached the edge of this lava land, he looked into the distance and saw a virgin forest, full of green and full of vitality, which happened to be adjacent to this lava land.

It has to be said that the geographical and natural environment in the battlefield of all races is really amazing.

At this time, Ye Feng was standing on the edge. On his left was a lifeless, harsh and monstrous lava land, and on his right was a primeval forest that was full of vitality.

The contrast between the regional environments on both sides gives people a strong visual impact.

Ye Feng looked at the giant white bone dragon and said, "Where is that evil country? Just take me there."

The giant white bone dragon was obviously hesitant and said: "If a huge evil spirit like me enters the primitive forest, I will definitely be discovered by various powerful creatures."

Ye Feng thought about it and realized that it was indeed the case. .??.

After all, Ye Feng would definitely not break into that evil country, but would lurk first to see the situation.

Ye Feng looked at the giant white bone dragon and said, "Go into my spirit beast bag."

The giant white bone dragon did not resist and obediently entered the space inside the spirit beast bag.

Ye Feng then jumped directly from the edge of the lava land into the virgin forest on the opposite side.

After crossing countless mountains and continuous forests and ancient trees along the way.

Finally, on the morning of the third day, Ye Feng saw a huge country built in the center of the forest in the distance.

To say it is a country, it is better to say it is like an ancient city in the forest.

Ye Feng saw that many alien creatures were living in it.

And at the very center of this evil kingdom, a huge blue palace stood above the clouds, and there was a huge and terrifying aura coming from it.

Ye Feng approached lurking, sensing the auras, and his eyes suddenly moved slightly, "It seems that there is an existence beyond the void realm. This

In the evil kingdom, there exist powerful beings in the Seventh Secret Realm of Netherworld. "

Just when Ye Feng was thinking about whether he should directly communicate with the future body of Dzogchen and break into this evil country to fight.

Uh-huh! Uh-huh! Uh-huh!

In the sky not far away, several figures suddenly flew over.

There are three people in total, all of them are human race, and they are very young.

The cultivation aura of the three of them is unfathomable, and they are obviously the most talented people in the human race.

Ye Feng's eyes showed surprise. He didn't expect that he would meet the genius of the human race in the battlefield of all races so quickly.

However, Ye Feng is not sure whether these three human races are from other interfaces.

Because the human race is spread all over the heavens and all realms, it is not just the spiritual world where humans exist.

"Three people, two of them are at the Dacheng Void Realm, and there is one person who gives me an unfathomable feeling. I am afraid he is a peerless master of the Seventh Secret Realm of Netherworld."

Ye Feng was lurking in a valley not far away, secretly watching all this.

These three human geniuses came here probably for the sake of that evil country.

At this time, among the three people, a beautiful girl wearing a red dress smiled slightly and said: "Brother Jianhen, Senior Brother Nie Yun, this is the evil country that the human commander in the Nebula gathering place said. All of them are criminals who have been exiled from the higher interface. They are burning, killing and looting around this area. They must have accumulated countless wealth and have extremely rich cultivation resources. If we can destroy this evil country, not only can we get The generous reward given by the human commander in the place where the nebula gathers, these treasures are all ours."

A senior brother wearing a green gown next to him smiled proudly and said: "That's for sure. We are here this time just for those countless treasures. Junior sister Xun'er, don't worry. We have plundered the treasures for the sake of it." Junior Sister Xun'er, you have built the foundation of the Peacock Holy Body. With the help of Master, our Star Sect will become the most powerful force in the Nebula gathering place. Even the human commander in the gathering place will look at the face of our Star Sect. act."

...

Chapter 1056 The Scorpion King

At this time, the conversation between the three people was not deliberately concealed.

So Ye Feng was lurking in the distance, relying on his strong perception to hear everything clearly.

I'm afraid these three people would never have thought that there was another person hiding in the dark outside the evil country of such a remote primitive forest.

Ye Feng heard the words of these three people, but he no longer thought about breaking into the evil country directly. Instead, he lurked quietly in the dark and watched everything.

It was naturally impossible for Ye Feng to hand over the countless resources and treasures in this evil country to others. He was prepared to observe first.

At this time, the giant white-bone dragon in the spirit beast bag spoke up: "Sir, these three people are actually from the Nebula Gathering Place. The Nebula Gathering Place is the largest gathering place in this area. Not only are there... There are countless strong human beings like you, sir, as well as powerful creatures from all major interfaces."??

Ye Feng heard the voice of the giant white bone dragon and couldn't help but be a little surprised: "In the gathering place, can the human race coexist with other alien races?"

The White Bone Dragon immediately explained: "There are too many races in the major interfaces. How can we all be enemies with the human race? In the battlefield of all races, such as demons, demons, etc., they are the common enemies of almost all races. They are cruel and evil. Of course, everyone of this race calls for beatings."

Ye Feng smiled and said: "Then the undead tribe that came to you from the undead world should be considered a race that everyone shouts about, right?"

Hearing this, the giant white bone dragon smiled innocently in the spirit beast bag and said nothing more.

At this moment, three powerful geniuses from the Nebula gathering place not far away took action directly.

"boom!"

Among them, two powerful senior brothers opened the way for the girl named Junior Sister Xun'er.

The two men held battle swords in their hands, and they burst out with extremely powerful power, directly heading towards the evil country.

"Enemy attack! Enemy attack!"

"The top talents of the human race are attacking! Come out and stop them!"

"kill!!"

In the entire evil country, countless powerful criminals suddenly began to rise up to resist.

Ye Feng watched this scene from a distance, but there was a hint of surprise in his eyes.

I didn't expect these three people to be so brave, they broke into the evil country and started fighting.

Swish

!

Ye Feng quickly jumped out of the hidden valley and lurked in the direction where the three people were fighting.

Because he saw that although the evil kingdom was full of powerful criminals who were exiled from various high-level interfaces.

But the fighting power of the three people who arrived at this time, especially the two senior brothers, was really terrifying.

One senior brother is even a super master of the Nether Realm that has surpassed the Void Realm.

So they broke into the evil country directly. Those demons, dragons, etc. who lived in the evil country couldn't resist at all. They were all killed in an instant, like cutting wheat, and they fell into a large area at once.

In the blink of an eye, the figures of the three people had disappeared in the outer area, leaving only corpses of creatures on the ground, bloody and bloody.

Uh-huh!

But at this moment, Ye Feng leaped over, his eyes filled with deep joy.

"Swallow!"

He instantly released the devouring domain, and a group of dark devouring whirlpools suddenly spun in the void around Ye Feng.

boom!

The huge amount of blood energy was immediately absorbed into Ye Feng's body.

Then, after being smelted in the oven of creation, it turned into streams of pure and huge power.

Rapidly growing Ye Feng's limbs and cultivation!

These creatures all come from the advanced interface, creatures from the demon world, creatures from the dragon world, the demon clan, etc.

The skill and blood in their bodies contain high-level energy.

With the same amount of energy, these high-level beings provided Ye Feng with much more power than Ye Feng could absorb and devour the powerful men on the spiritual world.

So at this moment, with the devouring, Ye Feng felt that his cultivation level was improving at an extremely fast speed.

At this time, in the spirit beast bag, the white-bone dragon looked at all this, saw Ye Feng's training scene, and directly sucked all the bodies of demons, dragons, etc. dry.

This strange scene made the White Bone Dragon, an evil spirit from the world of the dead,

I felt very scared.

At this time, the White Bone Dragon finally understood why Ye Feng didn't kill him directly.

It turned out to be because it was an undead, and except for a ball of soul fire, the huge dragon bone had no power to absorb at all.

This gave the White Bone Giant Dragon a feeling of joy in his heart.

Fortunately, he was an undead, otherwise he would have been sucked dry.

"boom!"

Suddenly at a certain moment, Ye Feng's body suddenly burst out with a new and powerful aura of cultivation.

"Intermediate Void Realm!" .??.

Ye Feng opened his eyes and found that all the advanced creatures around him had lost their life essence and skills.

It was a scene of white bones, and the scene looked a bit weird.

Ye Feng did not stop and quickly rushed towards the center of the evil country.

For those three human geniuses, perhaps the treasure in this evil country is cultivation resources.

But to Ye Feng, all the creatures in this evil country are themselves a huge treasure.

"Boom!!"

And just when Ye Feng reached the inner circle area of the evil kingdom.

An extremely powerful and terrifying roar suddenly erupted in the distance.

Ye Feng used the Divine Eye of Creation, and his field of vision was infinitely narrowed, and he could directly see the scene far away.

At this moment, Ye Feng saw a barren mountain in the distance.

One of the three geniuses of the human race, the Dzogchen Brother of the Void Realm, was instantly nailed to death on a barren mountain by a black bone spur tail that instantly penetrated his body.

At this time, on the barren mountain, the owner of the pitch-black bone spur tail slowly walked out of the hall floating in the clouds.

It turned out to be a creature with a human body and a scorpion tail. It was covered with black scales. Its upper body was humanoid, and its lower body was that of a scorpion. It had a very vicious and long scorpion-spiked tail.

This is a powerful creature that leads to the Nether Realm!

I don't know what interface it comes from.

I don't know what race it is.

But for sure, this person

The vicious creature with a scorpion tail is an extremely terrifying existence.

At this moment, the senior brother who was nailed to death by the scorpion tail spikes on the barren mountain didn't even have time to scream.

His entire body instantly turned black, and then melted into a pool of fragments, which was extremely terrifying.

Obviously, the scorpion tail spikes are not only sharp and piercing, but also contain highly poisonous substances.

Even the majestic vitality of the Dzogchen master in the Void Realm could not withstand the poison for a moment.

It was melted by the poison in an instant!

How miserable!

"Senior Brother Nie Yun!"

The girl named Junior Sister Xun'er was watching helplessly as a senior brother died in front of her, not even leaving a whole body behind, and she immediately burst into tears.

At this moment, the most powerful senior brother Jianhen was surging with the powerful cultivation of Tongyou Realm.

He was holding a silver sword in his hand, standing next to Junior Sister Xun'er, looking at the scorpion creature in the high-altitude hall, and said coldly: "Scorpion King, you are indeed hiding in this evil country, and you are still in this evil country. The king of the country, I have to say that you have been very successful these years after escaping from the prison in the Nebula Gathering Area, but it is a pity that you killed my junior brother today, and you must die! "

The half-human, half-scorpion Scorpion King stood on top of the main hall, overlooking the bottom, with a cruel smile in his eyes, and said: "You are a good talent of the human race, and you can just be my blood food."

"kill!"

"Sword travels in the void!"

Without any hesitation, Brother Jianhen released his killing move in an instant. The silver sword in his hand suddenly turned into thousands of silver lights, bursting out directly from the void and heading towards the Scorpion King.

At this time, Ye Feng in the distance was watching the battle while devouring countless high-level creatures from the evil kingdom that had been killed in the inner circle.

His cultivation level was rapidly improving at an incredible speed at this moment.

"When the snipe and the clam fight, the fisherman wins. I just have to watch from behind."

Ye Feng thought as he quickly devoured it.

...

Chapter 1057 Golden House

Boom!

Boom! !

In the distance, in the barren mountains at the center of the evil country, an extremely intense and brutal battle broke out.

Two peerless masters, Brother Jianhen and Scorpion King, were fighting each other at this time, and the energy aftermath caused by them completely shattered the surroundings.

The entire evil country was shattered and devastated in one fell swoop.

The two beings are both strong men in the Seventh Secret Realm, Tongyou Realm. Although the battle between them is extremely dangerous, it is estimated that the winner will not be determined in a short time.

At this time, Ye Feng devoured the high-level creatures, blood and skills in the inner circle of the evil kingdom.

His cultivation level once again achieved a breakthrough and he rushed directly into the high-level void realm.

"Cool!"

"It's so cool!"

Even though Ye Feng had always been calm and calm, at this moment he couldn't help but want to scream.

If you stay in Qiren's Mansion and practice in seclusion, you don't know when you will be able to advance to the first level of cultivation.

But now that he has entered the battlefield of thousands of races, there are countless advanced creatures and strong aliens here. By chance, Ye Feng's cultivation level has been greatly improved in a short period of time.

At this time, the white bone dragon suddenly said: "Sir, the two strong men probably won't be able to tell the winner in a short time. I know where the treasure house of this evil country's buried wealth is. Your Excellency, you can take advantage of this moment to seize the treasure house." Loot them all."

Ye Feng's eyes were very surprised and said: "How do you know?"

The giant white-bone dragon chuckled and said: "I have sneaked around the evil country in this primeval forest from the lava land several times. I have long been salivating over the treasure trove in this evil country."

Ye Feng suddenly realized and said: "It turns out that you have been planning for this evil country's treasure house for a long time. You have even found out where the treasure house is."

The giant white bone dragon immediately chuckled and said: "But now these all belong to you, as long as you can spare my life and let me go back to the lava land."

Ye Feng smiled and said: "Don't worry, if I get the rich treasure resources in the treasure house, I won't

I will not only spare your life, but also reward you with a portion of my wealth. If you have made a contribution to me, I will naturally not treat you badly. "

When the White Bone Dragon heard what Ye Feng said, he immediately said excitedly: "Thank you! Thank you for your gift, sir!"

Ye Feng said: "Don't thank me. Let's wait until we grab the resources in the treasure house. You can immediately take me to the place where the treasure house is based on your memory."

The white-bone dragon immediately said: "Don't worry, sir. I have already investigated it. The treasure house of this evil country is not in this area, but is buried in the remote back mountains of this evil country. Let's go grab the treasure house. No. It will alarm the two Tongyou Realm experts who are fighting. As long as you can get rid of the guards guarding the treasure house, all the wealth in the treasure house will be yours."

Ye Feng felt happy, nodded, and immediately followed the instructions of the White Bone Dragon, bypassing the battle area where the powerful peerless master was fighting in front, and headed towards the back mountain.

At this time, on the barren mountain, Junior Sister Xun'er received a message from Senior Brother Jianhen who was fighting at high altitude: "Junior Sister Xun'er, the treasure house of this evil country is in the back mountain. I am holding it back now." If you kill the Scorpion King, hurry up and plunder him. I probably won't be able to defeat the Scorpion King, but I can try to delay it for you."

Junior Sister Xun'er was crying for the death of a senior brother, but at this moment she suddenly heard the voice transmission from Senior Brother Jianhen. She immediately nodded, and her graceful figure flew towards the back mountain.

"presumptuous!"

When the Scorpion King saw this scene, he immediately became furious. He knew that Junior Sister Xun'er was going to plunder the treasure house.

"Destroy the world!"

The Scorpion King roared, suddenly opened his mouth, and directly sprayed out a poisonous shock wave like thick ink, blasting towards the bottom.

"Ten thousand swords return to the clan!"

Brother Jianhen slashed out his sword fiercely at this time.

boom!

Thousands of silver sword lights condensed into a huge sword, cutting the poisonous shock wave in half and dissipating instantly.

"Hahaha! Scorpion King, your opponent is me!"

Brother Jianhen laughed loudly, his whole body filled with sword energy soaring into the sky, shrouded in circles of silver sword light, like a sword wheel, and continued to kill the Scorpion King.

"hateful!"

The Scorpion King was furious, but there was nothing he could do. Brother Jianhen was very powerful, so he could only continue fighting with him.

...

The back mountain area of the evil kingdom.

Under a green mountain range.

A figure leaped over, it was Ye Feng!

He took advantage of the battle between two peerless masters and came to plunder the treasure house.

But just when he arrived here, a group of powerful dragons and demons suddenly jumped out from the surrounding grass and directly surrounded Ye Feng.

"Invincible Sword Domain!"

Ye Feng didn't hesitate at this moment. He was very decisive and ruthless. He instantly released dozens of war swords and penetrated directly in all directions.

"Pfft!"

"Pfft!"

"ah!"

"ah!"

Accompanied by screams one after another, the dozens of powerful men from the evil kingdom were unable to withstand a single blow. Their bodies were directly pierced, and they fell to the ground instantly and died.

Although the dozens of creatures guarding the treasure house all have cultivation levels of the Heavenly Realm and the Void Realm, they can be considered experts.

But in front of Ye Feng, he was indeed vulnerable.

After all, Ye Feng now dares to challenge even the peerless master of the Seventh Secret Realm, Tongyou Realm.

After killing dozens of strong men, Ye Feng came directly to the mountain range and struck with his big hand.

"Boom!!"

An extremely powerful shock wave burst out from Ye Feng's palm in an instant, and the powerful concussive energy shattered the entire mountain range in front of him.

Wow!

Wow!

Suddenly, countless pieces of gravel rolled down, and the entire mountain range collapsed.

As the mountain collapsed, a huge golden house was revealed.

This golden house is the treasure house of the evil kingdom.

Ye Feng's eyes were astonished, staring at the mountain-sized gold house in front of him, and couldn't help but murmured: "The creatures of the evil country are really extravagant. They actually used extremely precious gold to build such a huge house. The incomparable mountain-like golden house is so luxurious."

boom!

At this time, the giant white bone dragon also flew out of the spirit beast bag, and shouted very excitedly: "Even the treasure house containing wealth is made of gold and is as big as a mountain. The real wealth resources contained there must be very amazing. ! Sir, let's go in quickly!"

"good."

Ye Feng also had a look of expectation and surprise. He walked directly to the door of the golden house and smashed the golden door into pieces with a slap.

Uh-huh!

Ye Feng and the White Bone Dragon stepped directly into the treasure house.

And the next moment after they entered the treasure house.

Another graceful figure flew from the distance.

It was none other than Junior Sister Xun'er, one of the three talented people of the human race.

She saw the corpses of the guards of the evil kingdom all over the place, and also saw the huge golden house revealed by the collapse of the mountain.

Junior Sister Xun'er's beautiful eyes were immediately startled, knowing that someone had gotten there first.

However, she did not rush into the golden room immediately, because she knew that the person who got there first might be very powerful.

The smart girl quickly took out the formation foundation stones from her storage ring and arranged them at the entrance of the Golden House.

This is a very advanced killing array!

...

Chapter 1058 The Sword of Hell

And just when Junior Sister Xun'er was quickly setting up a killing array outside.

In the huge golden house like a mountain, Ye Feng and the White Bone Dragon were shocked by what they saw.

In this treasure house, there are countless treasures piled up, including soldiers, armors, spiritual stones, and most importantly, countless strange things, which seem to be precious treasures from various interfaces.

The giant white bone dragon looked at it at this time, and immediately shouted in surprise: "Sir, look, that is the soul stone of the ghost world, which can quickly increase the soul power of living beings!"

"And that small emerald green tree is the tree of life in the fairy world. No matter how serious the injury is, as long as you swallow this tree of life, you can recover directly as before!"

"And the energy amethyst comes from..."

...

At this moment, the giant white bone dragons screamed out in surprise one by one, making Ye Feng have to admire the knowledge of this bone dragon.

At this time, Ye Feng thought of his old friend, Shang.

"Shang, this old demon dragon, I don't know how he is doing in the demon world now, but with Shang's character, he will definitely not suffer..."

Ye Feng couldn't help but murmured secretly.

He looked at the chattering white bone dragon and grabbed it with his big hand, first plundering all the resources and wealth in the treasure house.

"Crash!"

"Crash!"

Suddenly, precious treasures gathered together like quicksand, and were all put into the storage ring by Ye Feng.

All kinds of panaceas, weapons, soldiers, armors, inheritances and other extremely rich training resources from all major interfaces have all entered Ye Feng's bag.

The giant white-bone dragon saw this scene from the side and felt envious in his heart.

However, thinking of what Ye Feng had said before, that it would be rewarded with some resources and wealth, the White Bone Dragon suddenly had expectations again.

Soon, Ye Feng transferred all the wealth in the treasure house to

All the rich resources were collected.

Among these resources, there may be some that Ye Feng himself cannot use at all.

But Ye Feng knew that if they could be put up for auction directly, they would definitely get a huge sum of money.

And just after all the treasures were collected.

Ye Feng and the White Bone Dragon's field of vision immediately saw the center of the treasure house. Finally, there was a huge black sword surrounded by countless golden iron ropes, floating in the middle space.

The huge black sword exuded an extremely evil aura, filled with a ferocious and vicious aura.

Those golden iron ropes entangled the pitch-black giant sword.

It's like a sacred chain trapping an extremely vicious demon.

At this time, one person and one dragon saw that the body of the pitch-black giant sword was engraved with densely packed ancient characters. The characters glowed with pitch-black light, as if they contained extremely terrifying secrets.

The giant white-bone dragon was extremely knowledgeable and immediately exclaimed: "Those ancient characters are the characters of hell!"

Ye Feng's eyes were surprised and he said, "Can you still understand hell characters?"

The hell interface is a very huge and vast top-level interface among all the major interfaces in the world. It is older and more vast than the demon world, the spiritual world, the ancient demon world and other large interfaces.

According to legend, only immortal legendary interfaces such as the fairy world and the divine world can withstand the power of hell.

At this moment, the giant white bone dragon stared at the dark giant sword and said: "I know that these words are all hell words, but I don't know their specific meaning. But what is certain is that this hell sword, it definitely has extremely terrifying destructive power, and is a treasure. However, I don't know if you can control it, sir, because the Hell Sword contains the vastness of hell!

The vast evil will, if you don't cultivate enough, you may be backlashed and become a human demon! "

When Ye Feng heard this, his eyes did not move, but he was eager to try: "Anyway, I will know if I try it directly now."

When the white-bone dragon heard Ye Feng's simple and rude words, the soul fire in his eyes trembled slightly.

This powerful human race boy is really a ruthless person!

"boom!"

At this moment, Ye Feng didn't hesitate at all. He grabbed it with his big hand and shattered all the golden chains wrapped around the Hell Sword.

"Jie Jie Jie, you stupid creature, you dare to break the lock and trap this demon god. This demon god has been trapped in this sword of hell for so many years, and he is finally getting out..."

At the moment when the golden chain was broken and shattered, a ferocious voice like an eternal demon suddenly came from the sword of hell.

Buzz!

At this time, it can be seen that a large area of extremely evil demonic energy gathered together and condensed into a huge demonic god directly in the space behind the Hell Sword.

This demon god has three huge ugly heads and more than a dozen arms, growing on the body and showing an irregular shape. It looks extremely vicious and ugly.

"The will of the most powerful creature in hell..."

The giant white bone dragon was cowering aside at this moment, its eyes burning with soul fire filled with fear.

But at this time, Ye Feng was standing on the field without any fear on his face.

He just stared at the Hell Sword, looking forward to it. This Hell Sword was definitely a very powerful and ancient magic sword. If it was integrated into the Invincible Sword Domain, the power of the Invincible Sword Domain would be will be taken to the next level.

But at this time, the sword of hell condensed in the void above

The ugly demon god suddenly stared at Ye Feng, and said coldly: "You are the one who released me. It's very good. If you have merit, I won't kill you, and I will give you something." It would be an honor for you to become my sword slave with the demonic energy initiation."

Ye Feng looked at the huge demon and said lightly: "How dare you speak nonsense in front of me? I really don't know how you died."

"presumptuous!"

The Ugly Demon God immediately shouted: "It is your honor to let you become my sword slave. You should kneel down and kowtow to thank me for my gift."

"A gift?"

Ye Feng smiled coldly and said: "Then I will also give you some gifts, which is to give you death!"

boom!

Almost at the moment Ye Feng finished speaking.

A gap suddenly opened between his eyebrows.

"boom!"

The terrifying golden divine light rushed out in an instant, forming a long golden river in the void, directly in the fearful eyes of the ugly demon god, covering his entire body.

"ah!"

The ugly demon suddenly let out a painful howl: "What kind of power is this? Impossible! This is the supreme master..."

Click!

Before the ugly demon's voice could be fully finished, the entire resurrected demonic body of residual thoughts was shattered into pieces by the long golden river rushing out of Ye Feng's eyebrows.

"How is that possible!" The giant white bone dragon not far away was stunned when he saw this scene.

At this time, Ye Feng suddenly stepped forward and grabbed the Hell Sword.

Buzz!

In an instant, Ye Feng felt an extremely vicious and terrifying energy contained in this hell sword, which was many times more terrifying than the first-grade Taoist war sword he had obtained before!

Chapter 1059 Super Sword

boom!

Sure enough, the moment Ye Feng held the Hell Sword, a huge and boundless ferocious demonic energy poured directly through his palm into his entire body.

It was like forcing countless demonic energies into Ye Feng's entire body, turning him into a human demon.

The giant white bone dragon not far away immediately screamed: "Sir, let go! Although the demonic thoughts in this hell sword have been removed, the demonic energy contained in the sword body is really terrifying!"

Ye Feng's eyes were extremely firm at this moment, and he shouted directly: "Suppress me!"

boom!

The holy power of the Galaxy Holy Body, flowing with the power of the immortal golden body, suddenly exploded in Ye Feng's body.

The terrifying demonic energy was directly resisted.

Moreover, Ye Feng practices the Divine Art of Creation, and his power can accommodate all things.

Even the vicious demonic energy from hell can be assimilated.

At this time, Ye Feng input his own mana into the Hell Sword, and soon refined the Hell Sword.

This scene stunned the giant white-bone dragon not far away.

At this time, it finally understood how terrifying this humble human youth in front of it was.

When dealing with it before, I just used some simple methods.

At this time, Ye Feng refined the Hell Sword. He directly displayed the Invincible Sword Domain and integrated the Hell Sword into the Sword Domain.

"boom!"

At this moment, more than thirty war swords had been smelted in the Invincible Sword Domain, including the two first-grade Taoist-level crystal daggers and the ice sword. The swords were vibrating and seemed to be trembling, welcoming the hell. The arrival of the sword, the sword of kings.

Seeing this vision, Ye Feng's eyes suddenly lit up with joy.

It seems that the Hell Sword is really an incredible ancient sword with unfathomable power.

However, Ye Feng has not yet tested the power of the Invincible Sword Domain. He does not know what kind of improvement the integration of the Hell Sword has brought to the Sword Domain.

Ye Feng looked around at this time and saw that the entire treasure house had been emptied by him.

At this time, Ye Feng fulfilled his promise and rewarded the White Bone Dragon with some resources and wealth.

This made the giant white bone dragon immediately laugh with joy, very happy.

"It's time to slip away."

Ye Feng said to the giant white bone dragon, and one person and one dragon walked directly towards the outside of the treasure house.

"boom!"

But just at the moment they stepped out of the treasure house door.

A huge killing array suddenly enveloped it.

"Crack!"

A huge blade composed of thunder, like a heavenly sword, killed him instantly.

"Pfft!"

The giant white bone dragon didn't even have time to let out a scream. The entire huge white bone dragon body was cut off at once, and even its dead soul fire was extinguished.

Killed in an instant!

"Pfft!"

Even with Ye Feng's strong physique, he was caught off guard at this moment, and a huge scar was torn directly on his chest, with bones visible and blood flowing like water.

"The everlasting tree!"

At this moment, Ye Feng retreated suddenly, activating the longevity tree growing in his body, stimulating the energy of life, and quickly repaired the wound on his chest.

At this time, the white bone dragon looking at the bones scattered on the ground not far away was already dead.

Ye Feng's eyes suddenly became extremely cold.

Someone actually ambushed him at the entrance?

If he hadn't been physically strong, he might have been killed instantly by the Thunder Sky Sword just like the White Bone Dragon.

At this time, Ye Feng looked not far away and happened to see a graceful girl in a red dress standing outside the killing array.

This graceful girl was none other than Junior Sister Xun'er, one of the three human race geniuses that Ye Feng had secretly spied on before.

At this time, Junior Sister Xun'er's beautiful eyes were full of shock: "The Thunder Sky Sword that I had charged up for half an hour, and melted the power of the entire killing array, did not kill your body, but only opened a wound. , and you recovered so quickly! Are you a human?"

"boom!"

Ye Feng was too lazy to talk nonsense and directly exploded with powerful combat power.

"Just in time to try out the current power of the Invincible Sword Domain."

Ye Feng instantly activated the Invincible Sword Domain.

The Invincible Sword Domain dominated by the Hell Sword presents a ferocious blackness.

"boom!"

The sword of hell instantly erupted with terrifying sword light and demonic energy, destroying the entire killing array at once.

"What?"

When Junior Sister Xun'er saw this scene, she was so frightened that her face changed color and she was about to turn around and run away.

"boom!"

But at this time, Ye Feng had already stepped forward and shouted: "The battle swords merge!"

boom! !

At this moment, more than thirty war swords in the Invincible Sword Domain clanked instantly. All the war swords, including the Hell Sword, gathered together to form a super sword of different colors.

boom!

Ye Feng took hold of the fused super sword and struck it down with a single blow.

"No!!!"

Under the horrified gaze of Junior Sister Xun'er, he directly chopped the whole person into a bloody foam, killing him instantly.

After identifying him as an enemy, Ye Feng would naturally not show mercy.

In a place like the battlefield of all races, to be kind to the enemy is to be cruel to yourself.

"Junior sister! No!!!"

At this time, Senior Brother Jianhen, who was fighting with the Scorpion King not far away, sensed the death of Junior Sister Xun'er on this side. He suddenly screamed angrily: "The Peacock Holy Body cannot die!! All the hopes of our Star Sect, It's completely shattered!"

boom!

Brother Jianhen was indeed very strong. He slashed away the Scorpion King in front of him with a sharp sword, which turned into a bolt of lightning and flashed in the direction of Ye Feng.

A powerful man in the Nether Realm who was extremely angry, was very terrifying, and his murderous intent boiled for nine days.

Brother Jianhen stared at Ye Feng, his eyes filled with deep ferocity: "Beast! You committed a big crime! You have done a big crime! Peacock Holy Body, you actually killed him directly!"

br\u003e

Ye Feng smiled coldly and said: "What nonsense is the Peacock Holy Body? Anyone who stops me will die anyway!"

Brother Jianhen said angrily: "Arrogant and ignorant boy! Today I will torture you a hundred times before killing you!"

boom!

Brother Jianhen stepped towards him and slashed down with his sword. In an instant, countless sword lights poured down like the Milky Way, and the entire space was about to be torn apart.

"Death to the Gods!"

Ye Feng did not hesitate at this moment. Holding the super sword condensed with all the swords in the Invincible Sword Domain, he directly used his strongest sword killing move, the Sorrow of the Gods!

Suddenly a great terror, great vastness, great ferocity, and the murderous aura of great years appeared.

"Boom!!"

An extremely violent collision and roar suddenly erupted in the space.

Kick, kick, kick!

At this moment, Ye Feng suddenly took several steps back.

But instead of being surprised, he was overjoyed, "I actually withstood the attack of a strong man from the Nether Realm. The Sword of Hell is indeed very strong, allowing my Invincible Sword Realm and the Sorrow of the Gods to erupt with such terrifying power!"

At this time, Brother Jianhen not far away also took several steps back, his eyes full of shock: "This kid is only in the high-level void realm, how can he be so powerful!"

Senior Brother Jianhen was shaking in his heart and thinking, preparing to use his strongest killing move to avenge Junior Sister Xun'er.

"Pfft!"

But suddenly at this moment, Senior Brother Jianhen felt a pain in his chest.

A jet-black scorpion sting filled with venom suddenly penetrated his back and penetrated his entire chest.

"No!!!"

Brother Jianhen roared, but his skin began to turn black, and then he was directly poisoned into a pool of blood.

"Hehe, you will die in my hands after all."

At this moment, the Scorpion King, the master of the evil kingdom, appeared in a void behind Senior Brother Jianhen.

Apparently this vicious Scorpion King had been watching around for a long time, and now he gave Senior Brother Jianhen a fatal blow in an instant!

Chapter 1060 Dark Ocean

Senior Brother Jianhen was attacked by the Scorpion King and died instantly, turning into a pool of blood.

At this time, the Scorpion King's crimson eyes were filled with a ferocious aura, staring at Ye Feng, who was walking high in the sky not far away.

He smiled coldly and said: "I didn't expect that in addition to these three hateful human geniuses, there would also be a sinister boy like you who wanted to fish in troubled waters and secretly lurked in the back mountain to plunder my treasure house. It's really damn good. "

Ye Feng stared at the Scorpion King in the distance, his eyes cold.

If it were before, Ye Feng might have been very afraid of the existence of this kind of secluded realm.

But as the Hell Sword integrated into the Invincible Sword Realm, Ye Feng discovered that his sword power exploded with extremely terrifying attack power.

Now that he was facing the Scorpion King again, he was not so afraid.

Ye Feng spoke indifferently and said: "The creatures of your evil country are doing evil everywhere on this land, burning, killing and looting. I plunder your treasure house and kill the creatures of your evil country. That is justice for heaven."

"shut up!"

The Scorpion King suddenly roared, then smiled coldly and said: "Walking for heaven... Haha, what a high-sounding word!"

Ye Feng remained unmoved. He just clenched the thirty-seven swords in his hand, the super sword condensed together. Murderous aura surged from his body, and his sharpness pierced the heavens. He said, "Come on, let the battle explain everything!"

"Then I will help you!"

The Scorpion King shouted loudly, and boundless demonic energy suddenly erupted from his body.

A pitch-black war spear suddenly appeared in his hand.

"Hell Spear!"

The Scorpion King roared loudly, and the battle spear in his hand suddenly burst out with endless black flash, filled with the power of deep vicissitudes of destruction.

"boom!"

The pitch-black war spear, like a bolt of black lightning, rushed towards Ye Feng in an instant, as if it could penetrate everything.

"Death to the Gods!"

Without any hesitation, Ye Feng grasped the super sword in his hand and struck it down with a single blow.

Boom! !

Countless terrifying roars instantly resounded throughout the entire back mountain area.

Click, click...

Boom boom boom...

At this moment, countless mountains and earth around them were shattered, and they were all shattered by the horrific aftermath of the battle.

This shows how terrifying the aftermath of this collision was.

"Crack!"

After the aftermath dissipated, the so-called hell spear in the Scorpion King's hand suddenly broke apart inch by inch.

The super sword in Ye Feng's hand was not damaged at all and still had a bright metallic luster.

Especially the jet-black handle that is the central part of the super sword.

Mo's Hell Sword provides a steady stream of huge energy to the entire super sword.

"How can it be....."

When the Scorpion King saw this scene, he couldn't help but reveal a sense of fear deep in his eyes.

"kill!"

But Ye Feng would not hold back. He rushed forward in an instant and slashed down with the super sword. A terrifying huge sword light instantly bombarded him, which could tear the heaven and the earth apart.

"Pfft!"

One of the Scorpion King's arms was cut off and fell to the ground.

"ah!!"

The commander of the evil country suddenly screamed and wanted to escape.

"There's no escape!"

Ye Feng roared loudly, holding a big sword in his hand, and his sword energy spread across thousands of meters. He was like an invincible swordsman emperor, who could decide life or death with one sword.

"boom!"

He slashed them all out with several swords. Even if he didn't use the Gods' Sword, the power of the Invincible Sword Domain itself was enough to beat the drowned dog.

"Oh no!!!"

At the Scorpion King's desperate roar, Ye Feng cut off his head, killing him instantly.

"call!"

At this time, Ye Feng let out a sudden breath, and it was finally over.

Although Ye Feng seemed brave just now, he actually consumed almost all his mana.

Activating the Invincible Sword Domain and performing the Sorrow of the Gods are both very costly.

At this time, Ye Feng looked at the evil kingdom that was surrounded by dead and injured people, and directly released the devouring vortex, swallowing and refining the two powerful creatures from the Seventh Secret Realm of Netherworld, Brother Jianhen and Scorpion King.

His cultivation level suddenly skyrocketed, and he directly broke through to the Dacheng Void Realm!

"Not bad!"

Ye Feng nodded with satisfaction.

This time, he really made a lot of money.

Not only has his cultivation level been greatly improved, but he has also plundered the treasure house wealth of an entire evil country.

It's a pity that the giant white bone dragon was destroyed by the Killing Formation, otherwise it would have been a pretty good follower.

But in the world of spiritual practice, life and death are unpredictable.

Ye Feng walked not far away, put away the storage ring of the White Bone Dragon, and then helped this creature from the undead world dig a grave and bury it, which was considered as fulfilling his last obligation.

After doing all this, Ye Feng turned around and left this evil country that had become a place of death.

Next, Ye Feng is going to go to that so-called

The nebula gathering place.

Not only do humans live there, but there are also many races that live in peace with humans.

Such a huge nebula gathering place must have a large chamber of commerce.

This time, Ye Feng plundered the treasure house of the entire evil country. Many of the treasures and wealth that he could not use had to be sold and exchanged for what he needed.

Ye Feng wanted to deal with it as soon as possible. At this time, he found a map from the storage ring of Brother Jianhen. The geographical context and marks traced on it were exactly the area where the nebula gathers.

Ye Feng took a rough look and found that in addition to the Nebula gathering place, there were also some small gathering places, but they were basically the temporary stopovers of the powerful human race.

The real place of prosperity and safety is still the place where the nebula gathers.

Because in the nebula gathering place, there seems to be a strong person from the ninth secret realm, the fairy gate realm, which is the pinnacle of the nine secret realms among the human race.

Stepping into the existence of the ninth secret realm is tantamount to reaching the last step of the nine secret realms.

This secret realm is called the "Fairy Gate Realm", which means that you can knock on the door to the fairyland.

Once you break through the Immortal Gate Realm, it means becoming a real immortal. Stepping into the Immortal Realm, you can live forever and have countless longevity.

Therefore, there are super strong men from the Ninth Secret Realm, the Immortal Gate Realm, in the Nebula Gathering Area. Naturally, they can intimidate the young people from all major interfaces in this battlefield of ten thousand races.

However, according to the description on the map of Brother Jianhen, the Nebula Gathering Place is only a commander-level gathering place in this area.

At the far end of this vast battlefield of all races, there is an even more vast large-scale gathering place.

In those large gathering places, there are even transcendent existences in the fairyland, which are powerful and protect the safety of the human race in the battlefield of all races.

Ye Feng was thinking at this time that he didn't know where Gu Qinlan, the girl Lan, was on the battlefield of all races. She should probably be in such a large gathering place.

Secretly planning in his heart, Ye Feng quickly flew towards the direction of the nebula gathering place according to the map.

Along the way, Ye Feng passed through countless strange areas, including a withered ancient country covered in ice, an endless fire domain with burning flames everywhere, a barren land with mountains reaching into the sky, and a dead land full of tombstones...

Each area brought an extremely strong visual impact to Ye Feng.

The battlefield of all races is indeed a place where countless civilizations are buried. Powerful creatures from all major interfaces once fought bloody battles here. They were glorious for a while, but eventually declined and withered, leaving only some traces in the long river of history.

Soon, Ye Feng was approaching the nebula gathering place.

At this time, there was a black ocean in front of Ye Feng

, the sea water is all dark and looks very scary.

According to the map, as long as you cross this black sea, you can reach the land. The center of the land is the largest human gathering place in this area, the Nebula Gathering Place.

The ocean in front of him was dark, and the water seemed to have been poured with countless inks, giving people a dizzy feeling of deep darkness.

Ye Feng took a deep breath and prepared to cross the black sea directly.

"Boom!!"

But suddenly at this moment, a terrifying roar suddenly sounded in the distance.

"what happened?"

Ye Feng's eyes were startled, and he immediately lay down on the ground temporarily, looking into the distance.

At this time, in his field of vision, in the depths of the dark ocean in the distance, a giant dragon tens of thousands of meters long leaped out of the black sea.

This giant dragon is full of infinite vigor and majesty. Its body is covered with dense black scales, each scale is the size of the mouth of a bowl, just like a giant steel dragon living in the dark ocean.

At this moment, the giant steel dragon appeared. The two dragon eyes were like two huge red lanterns, flashing with a strange red light, illuminating a large area of dark ocean. Under the dark sky, it seemed to be full of... An extremely shocking feeling.

This giant steel dragon living in the dark ocean is definitely an extremely powerful and terrifying ancient creature!

At this time, the giant steel dragon seemed to be staring at a certain direction in the deep sea, mouthing human words in a deep voice: "Leng Qingqiu, although you are the Lord of Qingzhou Palace of the Tongtian Divine Dynasty and a great human being in the fairyland, But in this dark realm, I am the absolute overlord. Unless you, the God Emperor of the Tongtian Divine Dynasty, take action, you should not be so presumptuous and ask Gu Tongtian to get the heart of the dark ocean in person!"

Leng Qingqiu?

Heart of the Dark Ocean?

Ye Feng, who was lying on the ground in the distance, suddenly changed his expression when he heard these words.

Leng Qingqiu, the palace master of Qingzhou, a peerless female power, would actually appear here?

This was not the first time Ye Feng heard about Leng Qingqiu, because he still remembered that before the crisis of the demon world came in Longyuan Continent, Ye Feng had some interactions with Leng Qingqiu in the Moon God Palace in Zhongzhou.

Ye Shenyue, the eldest lady of the Ye clan, was selected by Leng Qingqiu, the only peerless female palace master in the Nineteen States, on Longyuan Continent. She sent a trace of divine will to take Ye Shenyue from Longyuan Continent. He was led out and entered the spiritual world.

"Leng Qingqiu is in this dark ocean right now? I wonder if Miss Shenyue is here..."

Ye Feng suddenly felt a sense of expectation in his heart, and quickly leapt towards the dark ocean not far away.
