Chapter 1061 The True Form of a Plain Girl

At this moment, as Ye Feng approached, he could clearly see the scene deep in the dark sea.

Under the dim endless sky, the steel dragon's 10,000-meter dark dragon body looked vigorous and majestic, and its lantern-like bloody eyes dyed the entire ocean red.

At this time, among the countless waves, an extremely perfect woman in green clothes, like a fairy in the mortal world, stepped on a small boat, filled with dense air, giving people an inaccessible and hazy feeling.

This woman in green is the lord of the Qingzhou Palace. She is also the only female palace lord among the nineteen human states under the command of the Tongtian Divine Dynasty in the spiritual world. She is a powerful human being in the immortal realm.

Leng Qingqiu, as its name suggests, is like the cold Qingqiu, giving people a slight sense of desolation and loneliness all over the body.

At this time, Ye Feng sank into the depths of the dark ocean, turning the Divine Eye of Creation, and was able to see the scene outside clearly.

On a flat boat, Leng Qingqiu was dressed in blue and white clothes. She had a graceful figure, tall and slender, with nine-colored divine light surging in her eyes. Her face was covered with a layer of pale white gauze, half-covered and half-covered. The alluring beauty under the tulle.

Even if Leng Qingqiu faced the Lord of the Dark Ocean, this terrifying ancient steel dragon, he was not afraid of danger.

Her voice was cold, and she just said lightly: "Dark Dragon King, I am ordered to take the heart of the dark ocean this time. This is the will of His Majesty the God Emperor. If you don't give it to me, aren't you afraid that His Majesty the God Emperor will cross the realm and descend with the power of the supreme gods? To kill you?"

When the steel dragon-like Dark Dragon King heard these words, he burst out laughing: "Leng Qingqiu, the battlefield of all races is not your human race's territory. Even though Gu Tongtian has

great luck and unfathomable cultivation, he is comparable to the gods." , but it is still too early for him to intervene in the battlefield of all races. Moreover, the Gate of Eternal Life is both a great opportunity and a boundless disaster for him. To tell you the truth, His Majesty the God Emperor of your Tongtian Divine Dynasty has been attacked by many great powers. The superpowers of the interface are eyeing it."

Leng Qingqiu was unmoved and said indifferently: "His Majesty the God Emperor is a scholar of heaven and man. He has mastered the most powerful artifact in the world, the door to eternal life. He has also cultivated his power to participate in creation and is comparable to gods. His Majesty the God Emperor is boundless and noble. How can he be a little kid like you?" Can a small dragon clan guess that?"

Hearing this, the Dark Dragon King smiled coldly and said: "Don't think that I don't know that the perfect Emperor Tongtian in your eyes was just an insidious traitor back then. He stole the fortune of the Divine Dynasty and established himself as the emperor. Emperor, this part of the past has been covered up by the Tongtian Divine Dynasty in the past three thousand years. Many people have almost forgotten this past, but history is history. No one can erase his unbearable past. After all, it is his stain. The Fortune Divine Dynasty The God of Creation is the true son of destiny. He upholds the creation of heaven and earth, and has received the favor and help of the princess from the legendary Second Universe Divine Kingdom, which is known as the most perfect world. Unfortunately, maybe everything went too smoothly before. The result was that he was dragged down by the useless son with a cursed body..."

"Shut up!"

Suddenly Leng Qingqiu shouted loudly, and a surge of murderous intent suddenly surged from his body, saying: "How can you, a small Dark Dragon Clan, discuss the past of our Human God Emperor? I say it again, hand over the Dark Ocean heart, otherwise I will let this dark ocean dye your blood red today."

"Hahaha!"

The Dark Dragon King laughed loudly: "I am the Lord of the Black Sea. In this dark ocean area, I am invincible. Let alone you, a small palace master, even if Gu Tongtian comes in person, you may not be able to do anything to me. , in this battlefield of thousands of races, super strong men from all major interfaces are watching, and there are even gods from alien races. I am afraid Gu Tongtian would not dare to come, and send a little girl like you to steal the heart of the dark ocean, what? In my opinion, this bullshit human god emperor is nothing more than a cowardly rat!"

"presumptuous!"

In Leng Qingqiu's heart, the Tongtian Divine Emperor was obviously supreme and would not allow any stain. She immediately took action in anger.

"boom!"

Leng Qingqiu stretched out her jade-like plain hand and shook it towards the sky. The nine heavens were suddenly pulled down. A long sword surging with nine-colored divine light was condensed directly in her hand, pointing directly at the darkness. The dragon king struck and killed him.

"Boom!!"

The entire dark ocean seemed to be split in half by the terrifying nine-color sword light.

Ye Feng was very horrified when he saw it from a distance. The power of the Immortal Realm, every move he made had the power to move mountains and fill seas, and destroy heaven and earth.

And what the Dark Dragon King said just now actually mentioned the Divine Dynasty of Creation, his father, the Divine Emperor Ye Qing, the so-called second universe of the most perfect world, the princess of the Kingdom of God, etc., which made Ye Feng Xin was extremely shocked and set off huge waves.

"Leng Qingqiu, you have practiced the ancient prime female skills well, but you have to know that this set of skills originally originated from the ancient dragon world where I am located. The nine-color divine light is also the nine-color mist of the ancient dragon world. Origin, these are all leftovers from my game, do you think you can beat me?"

The Dark Dragon King laughed loudly, his lantern-sized blood-colored pupils full of sarcasm and disdain, and said: "How dare a small mid-level immortal dare to challenge me? I will let you, a little girl, know, this battlefield of all races is not the spiritual world where your human race is the dominant commander!"

"Seal of the Universe!"

The Dark Dragon King shouted loudly, and a black dragon claw that covered the sky and the sun was suddenly grabbed from the sky, as if the giant beast fighting scene in ancient times had reappeared, as if the myth had been resurrected.

Buzz!

The huge black dragon claw, the moment it was caught, not only gave people an irresistible majestic feeling, but what was even more terrifying was that under this claw, the space where Leng Qingqiu was, the sea water, and everything else... Became stationary.

The space is locked!

Even time is locked!

The entire area immediately became stationary!

"The supreme secret art of the dragon world, the seal of the universe, contains the great sealing art of the three thousand avenues of the heavens!"

Leng Qingqiu's expression suddenly changed. Even though she was a powerful person in the realm of immortality, she still felt...

The surrounding space and time have been sealed and locked, and there is no way to break free no matter what.

This Dark Dragon King's strength and cultivation are indeed terrifying to the extreme!

Leng Qingqiu couldn't help but murmur: "No wonder this dark dragon caused great trouble in the Dragon Realm and stole the national treasure of an immortal fairy kingdom in the Dragon Realm. However, it was not killed, but escaped to the battlefield of all races. Dominate one side."

Leng Qingqiu watched the dark dragon claws that covered the sky fall. Once they fell, the static space was shattered. She would be cut and broken by countless space fragments in an instant, and she would fall directly.

"I still underestimated this Dark Dragon King, it seems that this is the only way!"

Leng Qingqiu closed his eyes for a moment, and then silently recited: "Plain Girl Reincarnation Method."

boom!

Almost at this moment, Leng Qingqiu's body seemed to have an ancient and incomparable power resurrected.

"Buzz!"

Her entire body suddenly bloomed with a vast expanse of extremely bright nine-colored divine light. .??.

Then Leng Qingqiu's whole body began to grow rapidly, and his whole body was overflowing with light, blooming with nine-color divine light. He suddenly broke free from the seal of the universe, and stood directly under the dark sky to become an ancient being several thousand meters tall. goddess.

The terrifying nine-color energy is like a stormy wave, sweeping through the sky and rushing thousands of meters across the earth.

"The original power of ancient virgins!"

The Dark Dragon King saw Leng Qingqiu suddenly transformed into an ancient goddess several thousand meters tall. His eyes were suddenly startled: "Are you the blood descendant of the ancient plain girl? No! That guy Gu Tongtian must be helping in the starry sky. You have found the original blood of the ancient primeval woman, and used unparalleled magic power to integrate the original blood of the ancient primeval woman into your body, in an attempt to create an ancient primeval woman who is comparable to the gods. Gu Tongtian has such great ambitions, By turning his ministers into gods, does he want to command the gods? Does he want to become the king of the gods?"

"die!"

At this moment, Leng Qingqiu, who had transformed into an ancient goddess, felt unprecedentedly powerful and surging divine power, which made her feel that she had almost surpassed the constraints of combat power in the fairyland.

"boom!"

She stretched out a plain white palm and pressed it from afar.

"Crack!"

Suddenly, a huge gap opened in the dark sky, and countless nine-colored divine light poured down from the sky. It condensed an incomparable hand of a goddess in the sky, which looked like it was cast from nine-colored jade, and struck all of a sudden. On the body of the Dark Dragon King.

"Click, click..."

"ah!"

The Dark Dragon King howled miserably, and countless of the dense black scales on his body were broken into pieces at this moment, and the dragon's blood suddenly dyed the entire dark ocean red.

"Uh-huh!"

At this moment, Leng Qingqiu took advantage of the victory and continued to use the magical power of the ancient primeval woman, because she knew that this state could not last long, and she would have to pay a huge price.

"

boom! ! "

Terrifying energy surged in the dark ocean, almost turning the entire sea upside down.

The Dark Dragon King, who was so arrogant just now, was being hunted down so badly that he fled directly into the deep sea in a panic.

"Heart of the Dark Ocean."

At this moment, Leng Qingqiu, who had transformed into an ancient plain girl, suddenly stretched out her hand and grabbed her, and directly grabbed her twenty thousand miles into the dark ocean.

"Boom!!"

The crust of the seabed was scratched to pieces, and in Leng Qingqiu's palm, a dark light group surging with terrifying energy was suddenly pulled out from the depths of the seabed.

This dark light group is the most precious treasure that the dark ocean has bred for thousands of years, the heart of the dark ocean!

The Dark Dragon King can become the Lord of the Black Sea and dominate here largely because he is nourished by the heart of the dark ocean.

"No!!"

At this moment, as expected, the unwilling roar of the Dark Dragon King came from the depths of the ocean.

"I'll fight you!!"

The Dark Dragon King roared loudly and jumped out from the depths of the ocean. The entire giant steel dragon surged out with boundless power and crashed into the true body of the ancient plain girl several thousand meters high.

This is a very simple and crude fight!

"boom!"

The ancient plain girl's real body was knocked away, and Leng Qingqiu suddenly fell out of the divine light, vomiting blood and looking extremely embarrassed.

But in her hand, she held a ball of dark light, which was the heart of the dark ocean. She finally captured it!

"Die to me!"

The Dark Dragon King roared crazily in the distance and came towards him.

Uh-huh!

Leng Qingqiu wiped the blood from the corner of his mouth, immediately identified a direction, and quickly ran away in that direction.

"Um?"

But suddenly at this moment, as if she sensed something, she stretched out her hand, took out a figure from the depths of the ocean, and held it in her hands.

Ye Feng never thought that Leng Qingqiu would have such terrifying perception and discover his existence.

He was pinched by Leng Qingqiu's neck and immediately shouted: "I am also a human being in the spirit world. I have no hostility towards seniors. I just happened to pass by here!"

Leng Qingqiu was about to kill Ye Feng, but after hearing these words, she felt the extreme weakness in her body. She said coldly: "Since you are not a foreigner, then don't resist, come with me, and I will spare your life." Maybe it's of some use."

Uh-huh!

After saying that, Leng Qingqiu took Ye Feng with him, and in a few jumps, he instantly crossed the mountains, rivers and seas and disappeared into this dark ocean area.

"The power of the Immortal Realm is indeed terrifying. I never thought that one day I would accidentally get caught..."

Ye Feng, who was caught, looked at the rapidly retreating land around him. Although he was a little helpless, he was quickly thinking of ways to escape.

Chapter 1062 The Future

"Puff!"

Halfway through, Leng Qingqiu suddenly spurted out a mouthful of blood, staining her clothes red.

Snap!

She shook instantly and fell directly from midair.

But Leng Qingqiu's bare hands still tightly grasped Ye Feng's neck.

It was obvious that she was very distrustful of Ye Feng, a stranger.

Moreover, this also showed that Leng Qingqiu was very vigilant.

Because Ye Feng's cultivation was just an ant in front of Leng Qingqiu, a great power in the fairy realm. .??.

But Leng Qingqiu still maintained a deep vigilance, which showed that she had her own reasons for being able to achieve what she has now and become the only female lord in the 19 states.

Ye Feng knew that Leng Qingqiu was a fanatical follower of Gu Tongtian, which could be heard from the conversation between Leng Qingqiu and the Dark Dragon King just now.

But Ye Feng was also very clear that his current cultivation was still too weak compared to this great power.

Ye Feng didn't have any idea of attacking Leng Qingqiu, because he knew very well that even if the powerful people in the Immortal Realm were seriously injured, as long as they were not dead, they could kill him with just one thought.

So at this time, Ye Feng was just thinking about getting away as soon as possible.

At this time, Ye Feng also knew that Leng Qingqiu came to the battlefield of all races alone this time to seize the Heart of the Dark Ocean.

And the words of the Dark Dragon King before also gave Ye Feng a clearer understanding of Gu Tongtian's strength.

Gu Tongtian actually started to create gods, and wanted to make his subordinates comparable to the gods.

And he, Gu Tongtian, wanted to become the king of gods and command the gods.

However, thinking that Gu Tongtian now controls the Gate of Eternal Life, the first artifact in the heavens, Ye Feng was also relieved.

But no matter what, Gu Tongtian, the God Emperor of the Tongtian Divine Dynasty, the first prime minister of the Creation Divine Dynasty, is now absolutely unfathomable and has unparalleled cultivation.

At this time, Leng Qingqiu fell from the sky and finally let go of Ye Feng.

At this time, she looked back and couldn't help but breathe a sigh of relief, "Finally got rid of the Dark Dragon King."

As she said that, Leng Qingqiu stared at Ye Feng beside her and said coldly: "You are very smart. You know that you can't resist, and you didn't break free to hinder me on the way to escape."

Ye Feng smiled slightly and said: "Senior has unparalleled cultivation and is a powerful existence in the realm of immortals. He is also the Lord of Qingzhou Prefecture in the Nineteenth State of our Spirit Realm Human Race. His status and position are extremely noble. How could the junior resist?"

Leng Qingqiu stared at Ye Feng and said: "Don't say some hypocritical words. I know you want to escape, but I am very curious. We have no grudges. I also said that I will not kill you, but you seem to be very hostile to me."

When Ye Feng heard Leng Qingqiu say this, his heart tightened immediately.

This woman's intuition is really accurate.

Because he is the crown prince of the Creation Divine Dynasty, he naturally has a natural hostility towards all people in the Tongtian Divine Dynasty.

However, Ye Feng quickly said, "Although I have no grudges against the senior, the senior is much stronger than me. Now I am in the life and death situation of the senior, so I naturally feel insecure." Seeing Ye Feng's neither humble nor arrogant look, Leng Qingqiu nodded slightly and said, "Don't worry, you and I are both human beings in the spiritual world, and we have never had any hatred. I will not kill innocent people." Ye Feng finally felt relieved when he heard Leng Qingqiu say this. Fortunately, Leng Qingqiu is not the kind of person who treats the weak as ants and can be trampled at will. Ye Feng looked at Leng Qingqiu and said, "The senior is so seriously injured, you should find a place to retreat and recuperate." Leng Qingqiu looked around and found that this was a primeval forest, completely far away from the dark ocean. Leng Qingqiu looked at Ye Feng beside him and said, "You stay with me for a while. I won't threaten you that I will kill you if you don't help me. You help me recover and heal my wounds. In fact, you just do some chores, help me collect herbs, and do some chores. When I recover, I will go to the Nebula Gathering Place. I will give you 90 million spirit crystals as a reward. How about it?"

Ye Feng wanted to refuse, but when he heard "90 million spirit crystals" and Leng Qingqiu was also going to the Nebula Gathering Place, he nodded and said, "Okay."

At this time, Ye Feng looked at Leng Qingqiu and had a better opinion of the Qingzhou Mansion Master.

After all, a great immortal like Leng Qingqiu doesn't need to spend much time talking to a weak being like himself. He can just force himself to become her puppet.

But Leng Qingqiu didn't do that, but proposed to hire him temporarily.

This shows that Leng Qingqiu is not the kind of vicious person, but a person who can get along normally.

Although Ye Feng had great hostility towards Tongtian Divine Dynasty, he would not lose his mind and become enemies with all the people of Tongtian Divine Dynasty, killing them all.

The people Ye Feng really hated were Gu Tongtian himself and the eight powerful men who helped Gu Tongtian seize power three thousand years ago.

Other people or ministers of Tongtian Divine Dynasty did not have much hatred with Ye Feng. They were just pawns in the secret game between Ye Feng and Gu Tongtian, the most powerful.

"If Leng Qingqiu could be won over, it would definitely be a huge harm to Gu Tongtian."

At this moment, Ye Feng suddenly had such an idea in his mind.

But he knew that it was too dangerous to bring up such a taboo topic for the time being.

After all, now I don't have any leverage to negotiate and win over the Immortal Realm Power.

"Let nature take its course for now."

Ye Feng thought in his heart, stepped forward to support Leng Qingqiu, and walked towards the depths of the forest.

Leng Qingqiu was most taboo about others touching her body.

But at this moment, for some reason, when she saw Ye Feng's pure dark eyes, she didn't say anything more and remained silent.

Soon, the two walked into the depths of the primeval forest and saw an abandoned wooden house next to a clear lake.

Ye Feng's eyes were filled with joy and he said: "I thought I was going to live in a cave, but I didn't expect to find a paradise."

Although the wooden house is abandoned and has a lot of cobwebs, it will be restored to like new as long as it is cleaned.

Moreover, this wooden house is built near the lake, surrounded by green forest trees, and in the distance is a mist-shrouded valley, with a blue sky. It is definitely a good place for self-cultivation and recuperation, peaceful and beautiful

.

“Really a nice place.”

Even Leng Qingqiu, the female palace master, couldn't help but speak out. There was an inadvertent smile on her slightly pale and blood-stained face, which was kind of stunningly beautiful.

Next, Leng Qingqiu decided to stay here temporarily to recuperate.

Ye Feng went to the forest to find elixir to help her recover.

During this period, Ye Feng thought about escaping directly, but after thinking about the reward of 90 million spiritual crystals, he finally resisted the urge to escape.

In addition, now that Ye Feng was taken to this place by Leng Qingqiu's escape, he didn't know where he was at all.

This primeval forest area has exceeded the scope of the map previously found in Brother Jianhen's storage ring.

Just follow Leng Qingqiu for the time being. .??.

And with such a powerful person from the Immortal Realm by his side, Ye Feng doesn't have to worry about any danger in this battlefield of thousands of races.

...

night.

The moonlight is like water, falling all over the ground.

The surface of the lake is sparkling.

Leng Qingqiu stood by the lake, tall and slender, with her eyes slightly closed, breathing in the essence of the sun and the moon.

Ye Feng stood beside the wooden house and wanted to step forward and ask about the eldest lady Ye Shenyue.

After all, it was Leng Qingqiu who came with a trace of supreme divine will on Longyuan Continent and took Ye Shenyue away before the crisis in the demon world came.

However, Ye Feng didn't want to reveal his identity from Longyuan Continent, and he didn't know what the relationship between Ye Shenyue and Leng Qingqiu was like now.

After thinking about it for a while, Ye Feng gave up the idea.

Wait until you have the opportunity to listen to this matter in the future, or go back to the spiritual world and visit Qingzhou directly.

"What are you looking at?"

Suddenly at this time, a slightly cold female voice sounded.

Ye Feng raised his head slightly and saw Leng Qingqiu looking back at him by the sparkling lake.

Ye Feng said quickly: "The junior is very surprised to see that the senior can directly breathe in the essence of the sun and the moon, and this scene is very beautiful."

It's not that Ye Feng deliberately boasted.

The green mountains and green water in the distance, under the night, the moonlight is like water, the beauty is picturesque, quiet and peaceful, it is indeed very beautiful.

"Beautiful?"

Leng Qingqiu seemed to smile helplessly. She waved and said: "Come here, I will teach you the secret of breathing in the essence of the sun and the moon."

Ye Feng's eyes were a little surprised.

Is this Leng Qingqiu so kind to me?

It's not a scam, right?

However, she was just a weak ant in front of this great master of the Immortal Realm. She really wanted to do something, so why go to all the trouble to deceive him.

Ye Feng thought for a while and walked over directly. He also came to the sparkling lake and stood beside Leng Qingqiu.

Leng Qingqiu seemed to see Ye Feng's surprise and couldn't help but said: "You don't have to make any malicious guesses. I just think that you and I are destined. Our human race is not a powerful race in the world. We meet in the battlefield of all races." I'm from the same clan and come from the same spiritual world. I'm pointing out my young clansmen. Isn't it strange?"

"Not surprising

No wonder. "

Ye Feng quickly shook his head and said: "The human race is fighting in the battlefield of thousands of races. In order to protect their homeland, they naturally have to unite."

Leng Qingqiu nodded slightly and said: "It's good that you know this. His Majesty the God Emperor's ideal is to lead countless human races to glory, so that all the heavens and worlds, even the demons in hell, the immortals in the fairy world, the dragons The dragons in the world...all must fear our human race. From now on, the human race can truly be respected in the world! This is the great ideal of His Majesty the God Emperor, and also the great ideal of all our races!"

Leng Qingqiu mentioned the Tongtian Divine Emperor at this time, and his beautiful eyes revealed an inadvertent look of fanaticism.

Seeing this, Ye Feng sighed secretly, but on the surface he did not show any abnormality, but suddenly said: "When I was in the dark ocean before, I heard what the dark dragon king said and understood the period three thousand years ago. The past is about to be unknown, I wonder what senior thinks about this matter? "

When Leng Qingqiu heard what Ye Feng said, her beautiful face suddenly changed, and a terrifying coldness surged out of her body instantly.

At this moment, Ye Feng felt like he was falling into an ice cellar, and his energy and blood were about to be frozen.

But the next moment, this terrifying coldness suddenly dissipated.

Leng Qingqiu's face returned to calmness. He looked at Ye Feng and seemed to sigh: "Let the past be in the past. The future and prosperity of the human race are what we want to pursue. Today's God Emperor has great destiny and control. The most powerful artifact in the world, the Gate of Eternal Life, deters all major worlds from facing the crazy attacks of the human race. I feel that His Majesty the God-Emperor will lead our human race to unprecedented glory in the not-too-distant future!"

Ye Feng was silent when he heard the words.

Just let the past go?

No!

In this case, how should Zhaoxue be vindicated by the countless loyal martyrs who died tragically in the Creation God Dynasty back then?

Gu Tongtian must repay all the hardships he and his father have suffered one by one!

Ye Feng worked so hard in this life just for the obsession in his heart.

This land and mountains belong to you!

"What's wrong with Gu Tongtian having great luck and mastering the door to eternal life?"

"I woke up after three thousand years and obtained the most mysterious and powerful soul gem among the gems of the gods. Isn't this great luck?"

"What Gu Tongtian can do, I can do the same, and I will do it better, even surpass him!"

"I can also lead the future and glory of the human race!"

At this moment, facing Leng Qingqiu's words, Ye Feng not only did not relax his ideas, but also strengthened his ideas.

Moreover, in addition to avenging his country and his family, Ye Feng also has a great ideal at this time, which is to lead the human race to glory!

Let the human race shine in all heavens and all realms, and even become the masters of all heavens and all realms!

Ye Feng is not arrogant and arrogant. He has obtained two gems of the gods and practiced the Divine Art of Creation. He has the confidence to have such a great ideal.

Ye Feng even felt that if he could kill Gu Tongtian and seize the most powerful artifact in the world, the Gate of Immortality, he would definitely be more powerful than Gu Tongtian! The human race will become stronger!

What Leng Qingqiu didn't know was that the young man standing in front of her at this moment was filled with turbulent thoughts about the future!

Chapter 1063 Complete Recovery

Under the moonlight night.

On the shore of the lake.

Ye Feng is learning from Leng Qingqiu how to absorb the essence of the sun and moon from heaven and earth.

"call!"

With each exhalation and inhalation, Ye Feng was able to inhale pieces of the essence of the sun and moon into his breath, and then integrated it into his body and into his magic power.

The essence of the sun and moon is one of the most pure and surging forces in the world.

Some beasts are born with the ability to swallow the essence of the sun and the moon. After swallowing for a long time, they can develop spiritual intelligence and transform from beasts into spirits and eventually monsters.

Ye Feng himself is a human race, and he has received huge benefits from swallowing the essence of the sun and the moon.

The essence of the sun and moon can not only strengthen the magic power and nourish the body, but also cleanse the spirit and enhance the soul.

At this moment, Leng Qingqiu beside him saw the entire process of Ye Feng absorbing the essence of the sun and moon.

Even the master of Qingzhou Palace, a powerful person in the realm of immortals, couldn't help but admire Ye Feng's speed of understanding.

Leng Qingqiu couldn't help but asked: "You said your name is Ye Di and you are from Qiren Mansion in Xuezhou. I wonder if you are willing to go to Qingzhou with me?"

Ye Feng looked at Leng Qingqiu in surprise, not expecting that the female palace master would say such words.

Is this considered recruiting yourself?

But Ye Feng naturally would not agree.

Qingzhou is an extremely high-ranking state among the nineteen states, and is home to countless superpowers from the Tongtian Divine Dynasty.

Moreover, Qingzhou is very close to the central Shenzhou.

In that kind of place, it is too dangerous for the current self and cannot stay for a long time, otherwise one's identity may be exposed.

But in a relatively remote small state like Selangor, it is more secure and safe.

As for practicing?

In Snow State, you can also enter the battlefield of thousands of races at any time to experience, but there is no shortage of training resources and places.

After all, this is the battlefield of all races.

, containing countless treasures from various major interfaces.

Moreover, the battlefield of all races is a place where even Gu Tongtian did not dare to come at will.

Cultivating here, Ye Feng can use all his trump cards to his heart's content, without having to worry about being discovered by interested people about the anomalies in his inheritance.

So at this time, Ye Feng looked at Leng Qingqiu and declined politely: "If I have time, I will definitely visit Qingzhou, but there are still many good friends of mine in Xuezhou, and I have no intention of leaving for the time being."

Leng Qingqiu didn't get angry when he heard Ye Feng's rejection. He just nodded slightly and said, "I'm not forcing you to do this. I just proposed this idea. If you want to come to Qingzhou, you can come at any time. By the way, I don't know what you have now, Emperor Ye." No marriage?"

Ye Feng's eyes were surprised and he said: "The junior is not married for the time being. What does the senior mean?"

Leng Qingqiu smiled and said: "I have a disciple who is about the same age as you. He has an extraordinary talent. He has an innate Taoist body, ice muscles and jade bones, and is extremely beautiful. I don't know if you are interested, Emperor Ye. I know you This kind of young prodigy has very high standards, but my disciple is definitely worthy of you."

Ye Feng couldn't help but ask: "What is the name of the senior's disciple?"

Leng Qingqiu smiled and said: "Her name is Ye Shenyue. She is a peerless young talent that I brought out from a small place. She will definitely become a pillar of the divine dynasty in the future."

She is indeed the eldest lady!

At this moment, Ye Feng's heart moved and he was a little happy.

The eldest lady's decision to be taken away was the right one.

He directly became a powerful disciple in the Immortal Realm.

This is a great opportunity that countless people can only encounter but cannot ask for.

After hearing the news about the eldest lady, Ye Feng felt relieved.

However, at this time, Ye Feng did not show any strange expression on the surface, nor did he reveal his relationship with Ye Shenyue.

After all, for a powerful being like Leng Qingqiu who was not familiar with it, the less details he revealed, the safer he would be.

In the next few days, the two people got along very harmoniously.

Ye Feng searched for various medicinal materials in the forest every day, while Leng Qingqiu quietly healed his injuries in the cabin next to the lake.

Occasionally, the two of them would gather by the lakeside and stare at the lake and the misty valley in the distance in a daze.

Ye Feng did not expect that a powerful person like Leng Qingqiu in the fairyland would occasionally enter a daze.

I just don't know what she is thinking.

... ??

Seven days later.

Buzz!

An extremely huge and terrifying aura spread from the cabin next to the lake.

Like a monstrous wave, it swept through the nine days, causing the ancient trees in the surrounding mountains to shake violently.

Ye Feng leaped over from a distance, holding a medicine jar in his hand with a hint of surprise in his eyes.

Unexpectedly, Leng Qingqiu recovered completely so quickly.

Moreover, it seems that the strength and cultivation have increased a lot than before.

"You are worthy of being the inheritor of the ancient plain girl. This is the qualification to become a god, even more powerful than the Innate Supreme Bone."

Ye Feng secretly murmured in his heart.

Squeak!

At this time, the door of the cabin was pushed open.

Leng Qingqiu walked out of it, and her beautiful face was covered with a hazy veil.

She has regained her former strong cultivation, and seems to have returned to her aloof and aloof state.

There is a big difference from her injured and approachable appearance before.

At this time, Leng Qingqiu came over and threw a storage spirit ring to Ye Feng, saying: "Thank you for taking care of me during this period. There are 90 million spiritual crystals in this storage spirit ring, all of which are top-grade spiritual crystals. , you take it."

Ye Feng's eyes turned hot, and he put away the storage ring without any pretense.

This is what you deserve for your hard work, and there is nothing to be embarrassed about.

Seeing Ye Feng being so happy, Leng Qingqiu nodded slightly.

Uh-huh!

She stretched out one hand, grabbed Ye Feng's shoulder in an instant, and moved directly into the distance. The earth and mountains quickly retreated, as if they could cross mountains, rivers and seas in an instant.

Leng Qingqiu said: "This time I came to the battlefield of all races, in addition to getting the heart of the dark ocean, I also have a mission, which is to go to the nebula gathering place to help the

human commander in the nebula gathering place to attack the most dangerous life in this battlefield area of all races. Forbidden area, Immortal Mountain.”

"Mountain of the Immortal?"

Ye Feng's eyes moved. This was the first time he heard this name.

Leng Qingqiu explained: "The Immortal Mountain is a very dangerous place in this battlefield of thousands of races. It is a restricted area of life and poses a great threat to the Nebula Gathering Area. Most of the human races in the Nebula Gathering Area are from our spiritual world. , so this time I received an order from the imperial court to join forces with the human commanders at the Nebula Gathering Area to attack the Immortal Mountain, wipe out this restricted area of life, and completely eliminate this scourge.”

Ye Feng nodded and said: "With the unparalleled cultivation of the seniors and the commander of the human race in a large gathering place, we will definitely succeed immediately."

Leng Qingqiu shook his head and said: "Every life restricted area in the battlefield of all races is very dangerous, and the Immortal Mountain is a well-known life restricted area. The immortal lord in it is probably more powerful than me. This matter You need to plan carefully. It is not as easy as you think. I need to go to the Nebula Gathering Area to discuss it with the human commander. As for you, Emperor Ye, you will be free after arriving at the Nebula Gathering Area and you can choose to leave at any time. "

Chapter 1064: Vigilance

Leng Qingqiu's speed was very fast. In just half a day, she and Ye Feng had crossed thousands of mountains and rivers and arrived in front of a towering building complex.

At this time, the two of them landed from high altitude. Ye Feng looked into the distance with some surprise in his eyes.

At this time, the area where he was standing was still a quagmire, full of wilderness.

But not far ahead, on the land, there are huge ancient buildings towering into the clouds.

The whole body was dark, like a steel fortress in the wilderness.

Each building was poured with molten iron, and the surface was imprinted with reinforcement-type spiritual patterns. It shone with immortal light and looked full of iron-blooded evil energy.

It can be seen that there are two huge towers in front of the gate of this nebula gathering place.

On top of each high tower, there are tall guards wearing thick black armor guarding them, looking into the distance. ??

Because in the battlefield of all races, there may be various vicious alien races spying on this huge human base at any time.

At this time, Leng Qingqiu and Ye Feng easily passed the review and entered the nebula gathering place.

This time Leng Qingqiu's arrival made all the races in the Nebula gathering place, including other allied races, such as elves, orcs, etc., feel very excited.

You know, Leng Qingqiu is a powerful person in the immortal realm.

Her status is extremely noble.

This time Leng Qingqiu came to the Nebula Gathering Area to help the gathering place eradicate a recent major disaster, the Immortal Mountain!

At the door of the nebula gathering place, Leng Qingqiu looked at Ye Feng beside him and said: "You are free now. You can leave directly, or choose to continue to follow me and attack the Immortal Mountain. You may get a lot of opportunities. Of course, there are It's dangerous, because even I'm not sure I can clear the mountain of immortality."

Ye Feng thought in his heart, and was about to leave directly. After all, he was with Leng Qingqiu, and with such a powerful person from the Immortal Realm of the Tongtian Divine Dynasty by his side, he always felt that he did not have much sense of security, and he was still alone. It is often more convenient and casual, and you don't have to worry about others discovering your secrets.

But just when Ye Feng was about to speak.

Suddenly a group of people approached in the distance.

The leader is a tall, middle-aged man wearing black gold armor. His body is majestic and majestic. His whole body is filled with a vast aura, as if he has come from the dust of history, giving him a sense of boundless greatness. Feeling of oppression.

This person's cultivation level is absolutely unfathomable, and he is even close to being able to compete with an immortal master like Leng Qingqiu.

The moment this middle-aged man wearing black gold armor arrived, he immediately looked at Leng Qingqiu and laughed and said: "The Lord of Qingzhou Leng's Palace has arrived, and it's hard to welcome him from afar."

Leng Qingqiu smiled slightly and said: "Lord Styx is heroic and commanding a large gathering place. As the commander of the human race, he has made great achievements in protecting the human race. There is no need to be so polite to me."

Ye Feng's eyes moved. It turned out that this middle-aged man wearing black gold armor was the commander of the human race in the Nebula gathering place. No wonder he felt so oppressed. It was as if he was facing an ancient giant. This man's cultivation level, Absolutely terrifying.

But at this time, Leng Qingqiu's next words caused Ye Feng's originally calm heart to surge into waves.

Leng Qingqiu looked at the middle-aged man in black gold armor in front of him and said with a smile: "Actually, Lord Styx and I have some connections. As far as I know,

Master Minghe's real hometown is not in the nineteen states of the human race in the spiritual world, but in a large island called 'Longyuan Continent' in the endless ocean. Coincidentally, I have a disciple named Ye Shenyue. He was also brought here from Longyuan Continent by me. "

The human commander in the Nebula gathering place, a middle-aged man wearing black gold armor, smiled in surprise and said: "Oh? If Lord Leng said so, it is really fate. Indeed, even though I claimed to be in Longyuan Continent, Emperor Styx, but he has been unable to break through to the true emperor realm, so he ventured into the endless ocean. As a result, he experienced a life and

death danger and finally arrived at the real land of the nineteen states of the human race, and achieved what he has achieved today..."

And just when Leng Qingqiu and the commander of the human race where the nebula gathered were talking to each other.

Ye Feng, who had been silent beside Leng Qingqiu, felt huge waves in his heart at this moment.

He raised his head slightly and stared at the middle-aged man in black gold armor in front of him. His heart was extremely shocked... The person in front of him was the Styx Emperor? !

Emperor Styx once established the Styx Demon Sect in Longyuan Continent, and almost unified the entire southern land of Longyuan Continent, which was glorious for a while.

But in the end, in order to break the curse on the cultivation limit of Longyuan Continent, Emperor Styx broke into the endless ocean alone and disappeared into history.

Shang was once the Demon Dragon Emperor under Emperor Styx.

The peerless inheritance of the Torrent of Times that Ye Feng is still using today was created by Emperor Styx.

Emperor Styx, who was astonishing for all eternity, was able to achieve his current achievements. Ye Feng was not surprised that he had the qualifications and abilities.

"One day, I actually saw with my own eyes the person who should have disappeared from history, Emperor Styx..."

Ye Feng stared at the tall, middle-aged man in front of him. Since he was also from Longyuan Continent, Ye Feng had even practiced the inheritance of Emperor Styx.

If you really want to count, Ye Feng can be regarded as half of Emperor Styx's apprentice.

At this moment, Ye Feng felt an impulse in his heart to recognize Emperor Styx, a man from his hometown.

But at this moment, a voice suddenly woke up Ye Feng from the depths of his distant memory.

"Don't believe Emperor Styx!"

Ye Feng suddenly remembered.

A long time ago, when I was communicating with my future body, my future body suddenly gave me this reminder.

Don't believe in Emperor Styx. This idea was transmitted from the end of the long river of time across time.

Ye Feng had almost forgotten it, but now that he had seen Emperor Styx with his own eyes, deep in his long-standing memory, the reminder of his future life rang in his mind again.

This made Ye Feng take a deep breath, suppress his inner impulse, and remained silent and calm at this time, without directly acknowledging Emperor Styx.

If there were no reminders from his future incarnation, Ye Feng would probably have been unable to bear the acknowledgment of Emperor Styx. After all, they were half master and apprentice.

But Ye Feng believed that his future self must have seen something, so he did not hesitate to spend his strength to remind himself across the river of time not to believe in Emperor Styx.

"As the commander-in-chief of the human race in the Nebula Gathering Area, Emperor Styx has noble conduct and protects countless humans and creatures in the entire gathering area. He is a bad person, but how is it possible..."

Ye Feng was thinking secretly in his heart at this time.

Although he couldn't figure it out, his future life had reminded him, which made Ye Feng still have a hidden vigilance towards the human commander in front of him, Emperor Styx. Leng Qingqiu's speed was very fast. In just half a day, she and Ye Feng had crossed thousands of mountains and rivers and arrived in front of a towering building complex.

Ye Feng, who had been silent beside Leng Qingqiu, was now in a huge wave of heart.

He raised his head slightly and stared at the middle-aged man in black and gold armor in front of him. His heart was extremely shocked...The person in front of him was the Styx Emperor? !

The Styx Emperor once established the Styx Demon Sect in Longyuan Continent and almost unified the entire southern region of Longyuan Continent, which was glorious for a time.

If there was no reminder from the future body that year, Ye Feng would probably have been unable to resist recognizing the Styx Emperor. After all, they were half a master and apprentice.

But Ye Feng believed that his future self must have seen something, so he spared no effort to cross the long river of time to remind himself not to believe the Styx Emperor.

"As the commander of the human race in the Nebula Gathering Place, the Styx Emperor has a noble character and protects countless human races and creatures in the entire gathering place. Is he a bad person? But how is it possible..."

Ye Feng was thinking secretly in his heart at this time.

Although he couldn't figure it out, his future self had reminded him, which made Ye Feng still have a hidden wariness towards the human commander, Emperor Minghe, in front of him.

Chapter 1065 Void Pill

Ye Feng thought secretly, feeling deeply wary of Emperor Styx.

"Who is this?"

But at this moment, Styx, who was now the commander of the human race in the Nebula gathering place, looked at Ye Feng and said with a smile: "I have always heard that Lord Leng has always been a loner, but I didn't expect this. I actually brought a friend with me once?"

Styx did not use words such as "guard" or "servant" at this time, but used the word friend, which made anyone feel very comfortable hearing it.

Even Ye Feng felt comfortable with what Styx said at this time, and could not generate any hostility at all.

But the reminder of his future body really made Ye Feng feel very calm at this moment.

He smiled slightly and said calmly: "Junior Emperor Ye is a member of Xuezhou Qiren Mansion and has met Commander Minghe."

"Xuezhou Qiren Mansion?"

Styx's eyes moved and he nodded slightly.

It seems that this young man is not a person with any special status.

This made Styx suddenly lose interest in Ye Feng.

However, he still maintained his courtesy and demeanor, and said with a slight smile: "It turns out that he is a disciple of the Qiren Mansion in Xuezhou. No wonder he can follow Palace Master Leng."

At this time, Leng Qingqiu smiled and said: "Lord Styx, please go back first. I will go to the mansion later to discuss the important matter of attacking the Immortal Mountain tomorrow."

Styx immediately smiled and said: "Okay, this time Palace Master Leng will arrive, and all the vicious creatures in the Immortal Mountain will be wiped out. By then, our Nebula gathering place will be completely safe. These days Let's discuss the attack plan carefully. With Palace Master Leng here, we will definitely succeed and achieve a complete victory."

After the words fell, Ming He cupped his hands towards Leng Qingqiu, turned around and left with a group of guards.

Leng Qingqiu looked at Ye Feng beside him at this time and said, "Why don't you leave? Now you are free."

Ye Feng's eyes flickered slightly, and then he said: "I don't want to leave now. I plan to go to the central mansion of the gathering place with my seniors. I also want to participate in this plan to attack the Immortal Mountain. Didn't seniors say that there may be Great opportunity?"

Leng Qingqiu glanced at the young man in black in front of him in surprise, then smiled slightly and said: "Okay, it's good that you have the courage to seize this opportunity. I will take you to the mansion, but when we attack the Immortal Mountain, I There may not be time to protect you, and you will need to protect your own life at that time."

Ye Feng nodded and said, "I know."

Next, Leng Qingqiu and Ye Feng, greeted by many servants in the central mansion where Nebula gathered, headed towards the mansion.

Walk to the residence.

...

At night, Ye Feng walked out of his room.

At this time, he looked at the bright moon in the dark night outside, feeling a little tangled in his heart. He didn't know whether he should remind Leng Qingqiu.

If there is really a problem with the Styx River, it must be related to the Life Restricted Area of the Immortal Mountain.

Ye Feng thought of a possibility, that is, Styx had taken refuge in the Immortal Mountain.

This is not difficult to guess, because the biggest threat to the Immortal Mountain now is Leng Qingqiu, a powerful person in the fairyland.

As the commander-in-chief of the human race where the nebula gathers, Styx is the least likely person to be suspected.

As long as the forbidden creatures in the Immortal Mountain control the Styx, Leng Qingqiu will definitely not be able to avoid this killing disaster as long as he gives Leng Qingqiu a fatal blow at the critical moment.

Although Leng Qingqiu is the master of Qingzhou Palace of the Tongtian Divine Dynasty, Ye Feng has a pretty good impression of Leng Qingqiu. He is a person who can distinguish between good and evil.

What's more, Leng Qingqiu is still the master of the eldest lady Ye Shenyue.

In the future, maybe he might be able to win over Leng Qingqiu and make Gu Tongtian lose his most loyal subordinate.

In addition, if Leng Qingqiu is really dead and the Styx and the Immortal Mountain are united, everyone in the entire Nebula gathering place will suffer, and he is no exception.

It can be said that the only person who can threaten Styx and the Immortal Mountain now is Leng Qingqiu.

"I cannot let Leng Qingqiu die, not only for myself, but also for the sake of all the people of the same race in the entire Nebula gathering place."

Thinking about it this way, Ye Feng strengthened his inner thoughts.

He quickly walked towards the place where Leng Qingqiu lived.

Soon, Ye Feng walked to a separate house.

"Squeak!"

And just when he arrived, the door of the house suddenly opened by itself.

Ye Feng's eyes showed a hint of surprise, and then he walked in directly.

He walked into the house and immediately saw a pavilion next to a rockery pond.

Leng Qingqiu was dressed in green clothes and had a slender figure. She was standing there, as beautiful as a picture scroll.

Leng Qingqiu seems to have been waiting for him for a long time?

Ye Feng stepped forward, clasped his fists slightly, and said, "Senior, do you know I'm coming tonight?"

Leng Qingqiu nodded slightly and said

: "During the day, I noticed something was wrong with your face when you saw the River Styx, and I knew that you were originally going to leave me, but then you suddenly changed your mind and said you wanted to join me in the plan to attack the Mountain of the Immortal. So I guess you must have discovered something."

Ye Feng walked to the pavilion, looked at the beautiful woman in front of him, nodded, and said: "Senior's guess is correct, I did find something unusual."

Leng Qingqiu stared at Ye Feng and said: "About the human commander in the nebula gathering place, Styx?"

Ye Feng nodded.

Of course, it is impossible for Ye Feng to tell the secret of his future body.

He spoke out at this time: "Senior, I don't know something. I am born with a very strong sense of perception, especially very sensitive to foreign races. When I saw that Lord Styx today, I felt that... Master He has a very strong alien aura about him."

What Ye Feng said at this time was actually not a lie, because when he saw Styx, Ye Feng found that he could not sense the original Qi of Emperor Styx at all, but a kind of energy that made Ye Feng feel very deep. Unfathomable evil energy.

Ye Feng has practiced the inheritance of Emperor Styx, and he has the soul gem in his mind, and his induction is very powerful.

At this time, Leng Qingqiu heard this, and his beautiful cold eyes stared at Ye Feng in front of him, and said: "Do you suspect that Styx and the Immortal Mountain are colluding?"

Ye Feng nodded and said: "That's right, that's why I stayed and wanted to remind the seniors. Of course, it is also possible that my induction and guessing were wrong. After all, Master Styx is the commander-in-chief of the human race in the Nebula gathering place. The patron saint, bright and majestic, everyone looks forward to. "

Leng Qingqiu thought for a while and then said: "Since you have discovered some clues, your guess is not unreasonable. This Styx was just a guard captain under the original human commander in the Nebula gathering place a few years ago, but The original human commander fell in a battle on the Immortal Mountain. All the guards in that battle died, and only Styx came back. As a result, Styx's cultivation level increased greatly in just a few years, and he was eventually defeated. Countless people consider him a hero, and he was elected to become the current commander-in-chief of the human race in the Nebula gathering place. I have investigated this matter before, and there are many

unreasonable things. Now everything you told me, Emperor Ye, makes me even more sure. He may have really colluded with the forbidden creatures in the Immortal Mountain. The reason why Styx so quickly urged the Tongtian Divine Dynasty to send powerful men to attack the Immortal Mountain is to hunt down the powerful men of the Divine Dynasty and reduce the pressure on the Immortal Mountain."

When Ye Feng heard what Leng Qingqiu said, his eyes were a little surprised and said: "

So what should we do now? "

Ye Feng knew that he might not be able to get involved in a fight between strong men of this level. It would be good to be able to give Leng Qingqiu a heads-up.

When Leng Qingqiu heard this, he fell into silence.

After a moment, she spoke out: "Don't alarm Styx yet, let's just pretend we don't know anything. I will use the excuse of formulating an attack plan in the past few days to delay with Styx for a while."

Ye Feng shook his head and said: "But sooner or later we have to attack the Immortal Mountain, otherwise the secret will be exposed."

Leng Qingqiu said: "So in the past few days, I want to quickly increase my strength. As long as I can break through from the lower immortal realm to the upper immortal realm, then I don't have to be afraid of the alliance between the Immortal Lord in the Styx and the Immortal Mountain."

Ye Feng said: "It is very difficult to break through each level of the nine secret realms, let alone a transcendent realm like the Immortal Realm."

Leng Qingqiu smiled, stretched out her jade-like palm, and a ball of dark light was surging in her palm, and said: "Have you forgotten that I just plundered the heart of the dark ocean? There is an entire dark ocean in it." With the surging power, I was already close to breaking through. Now with the help of the Heart of the Dark Ocean, if you give me a few more days, I should not have much of a problem breaking through to the higher realm."

Seeing that Leng Qingqiu was so confident, Ye Feng didn't say anything more. He just said: "Since I have said everything I want to say, I will leave first. This level of battle is not something I can get involved in." , I just want to remind you, Senior Leng."

Leng Qingqiu glanced at Ye Feng and said: "If Styx really joins forces with the Immortal Lord of Immortal Mountain, the war will indeed be very tragic and terrifying. It would be a good choice for you to leave first."

After saying that, Leng Qingqiu took out a glistening white pill from her storage spirit ring with a little finger, and said: "This pill is called 'Void Pill'. It contains huge power of void, compressed into After you swallow it and refine it for a period of time, it will help you to achieve complete perfection in the sixth secret realm, the Void Realm."

Ye Feng nodded, put the Void Pill into the storage ring, and then said: "Senior Leng, be careful, I will say goodbye, junior."

After the words fell, Ye Feng jumped up, and his figure disappeared into the distant end of the night in a few flashes.

On the spot, Leng Qingqiu looked at Ye Feng's retreating back and murmured a smile, "What a good young junior. He has first-class cultivation qualifications and amazing insight. It would be great if he could be used by me."

...

Chapter 1066 Spiritual Thread

After Ye Feng reminded Leng Qingqiu, he finally settled his inner tangle.

After all, I shouldn't even think about intervening in the powerful-level battle in the Immortal Realm at the moment.

Even fishing in troubled waters felt dangerous to Ye Feng.

Anyway, Leng Qingqiu has been reminded that the outcome is no longer up to Ye Feng.

He has done what he should do, and now it depends on whether Leng Qingqiu, the powerful female palace master, can turn the tide.

Ye Feng stayed away from the central mansion overnight and came to a location on the edge of the nebula gathering place.

Even if some unforeseen disaster did occur, he would be able to escape quickly.

At this time, Ye Feng was still staying at the Nebula gathering place. The first reason was to have a safe place to practice, and the second reason was to deal with the unnecessary wealth and treasures that had been plundered from the evil country's treasure house.

After all, it is still very dangerous in the chaotic battlefield of all races outside the gathering place.

Ye Feng found a small inn to stay at the edge of the gathering place.

It was getting late now, and he planned to go to some trading methods and chambers of commerce the next day to sell all the wealth and treasures he didn't need and exchange them for spiritual crystals or elixirs that could strengthen his cultivation.

In the small inn, Ye Feng was in his guest room and not sleeping.

Instead, he took out the Void Pill and the 90 million spiritual crystals that Leng Qingqiu had given him before.

"Just a reminder, I got a Void Pill in exchange, it's not a loss."

Ye Feng thought in his mind and swallowed the Void Pill in front of him.

It has to be said that a big shot at the palace master level is no ordinary person when he makes a move.

This void pill is of a very high grade, and the power of the void contained in it is very huge. It is exactly the original power that Ye Feng needs in the void realm now. It is stronger than absorbing spiritual energy or even the essence of the sun and the moon. Useful a lot.

"Boom boom boom..."

The moment Ye Feng swallowed the Void Pill, he immediately felt a huge and boundless force of void, like a cold knife, rapidly cutting through his body, limbs, flesh and bones.

A huge pain made Ye Feng's eyes red immediately.

But he didn't howl out, he just gritted his teeth and endured it.

If this Void Pill hadn't been given by a powerful person like Leng Qingqiu in the Immortal Realm, Ye Feng would have even thought that he had swallowed a highly poisonous pill.

This feeling of being cut through the void is really uncomfortable and extremely painful.

But just half an hour later, Ye Feng suddenly felt that the pain all over his body disappeared instantly.

Instead, there are tougher flesh and bones, a stronger body constitution, and more powerful void mana.

"The Great Perfection Void Realm!"

Ye Feng's eyes suddenly lit up.

Worthy of being an immortal

The elixir given by Jing Da Neng actually allowed me to completely restore the Void Realm to the Great Perfection Realm in just half an hour.

There is only one step away from the seventh secret realm, Tongyou Realm.

At this moment, Ye Feng looked at the 90 million spiritual crystals in front of him with a sharp look in his eyes: "Swallow them all! Attack the seventh secret realm, Tongyou Realm!"

There may be some chaos in this gathering place next. Ye Feng knows that the higher his cultivation level is now, the safer he will be able to protect himself.

If he could step into the seventh secret realm, Tongyou Realm, he would be considered a good master even in this battlefield of thousands of races.

"Rumble..."

For a whole night, Ye Feng's body turned into a big oven, rapidly burning the energy of 90 million spiritual crystals, producing a steady stream of boundless pure spiritual energy, which was infused into his body. middle.

Just when it was almost dawn.

"boom!"

An extremely surging martial arts momentum surged through the void like a river, and suddenly exploded in Ye Feng's wing.

"Crash!"

"Crash!"

All the rooms and buildings in the entire inn were shattered inch by inch at this moment and collapsed.

"Whoa! Whoa! Whoa..."

One by one, the warriors staying in this inn flashed out quickly, with horror in their eyes.

"Which senior made a breakthrough hiding in this small inn? He actually created such a huge momentum!"

Some warriors couldn't help but murmur.

Everyone looked at the collapsed inn in front of them, and their hearts were extremely shocked.

Wow!

At this time, a young man in black suddenly walked out of the ruins.

The boy in black is naturally Ye Feng.

At this time, he had refined all the energy in the ninety million spiritual crystals.

In addition, Ye Feng also swallowed most of the training resources obtained from the evil country's treasure house.

Finally, just now, he completely broke through the shackles of the void realm and rushed directly into the seventh secret realm!

"Beginner level of Netherland Realm!"

Ye Feng walked out of the ruins. Although his black clothes were a little dirty, his eyes were extremely bright.

After entering the Tongyou Realm, even in this battlefield of thousands of races, he is considered a master and can independently navigate some areas.

Ye Feng could feel at this time that his spiritual power had now formed invisible threads, like spider webs extending in all directions, from his brain

It spread out from the domain and touched the depths of the void.

"Is this the special thing about the Netherland? The spirit can reach various hidden interfaces and peek into the universe."

Ye Feng thought of the records about this realm in some ancient books, and couldn't help but feel very happy.

You know, Ye Feng was originally a soul master. Now he practices the way of spiritual patterns and his spiritual power is also very powerful.

After he stepped into the Nether Realm, he would definitely have a deeper understanding of the void and the interface universe than ordinary Tongyou Realm experts. .??.

This means that Ye Feng will be able to use his spirit to explore a very advanced and vast interface, draw the advanced energy in that interface from the void, and absorb it into his body through the spiritual thread to strengthen his cultivation.

This is the strength of those in the Tongyou Realm.

It's just that mediocre Tongyou realm warriors can only absorb energy from relatively low-level interfaces.

But the mental power of Ye Feng is very terrifying. The talented Tongyou Realm warrior can perceive more interfaces, use his spirit to connect to higher-level interfaces, and absorb the energy of major advanced interfaces through the void spiritual thread. , which is a precious nutrient that strengthens the origin of living beings.

At this moment, Ye Feng saw a middle-aged woman crying not far away. She was probably the shopkeeper of this small inn.

Ye Feng stepped forward and took out a head-sized spiritual crystal directly from the storage spirit ring. He squatted down, patted the woman's shoulder and said, "Sister, I'm sorry for collapsing your inn. A top-quality spiritual crystal is enough for you to rebuild several inns."

After saying that, Ye Feng stood up and walked towards the distance.

On the same spot, the middle-aged woman held the top-quality spiritual crystal as big as a human head in her hand, and immediately said happily to Ye Feng's back: "Thank you, sir! Thank you, sir!"

Ye Feng waved his hand casually, then jumped up and disappeared into the distance.

Next, Ye Feng walked directly towards a trading market where Nebula gathered.

He wants to find some large chambers of commerce with sufficient funds to sell the soldiers, armors, inherited books, etc. that he does not need in the evil country, in exchange for a large amount of spiritual crystals.

In the battlefield of all races, just like on the land of the spirit world, spiritual crystals can not only be used as money to purchase various resources, but can also directly absorb spiritual energy and increase mana. They are a hard currency in the practice of all worlds.

Soon Ye Feng found a large and reliable chamber of commerce, sold all the unnecessary wealth in the storage ring, and directly obtained 30 million spiritual crystals.

This is definitely a huge sum of money.

At least for the current Ye Feng, it was a huge sum of money, making Ye Feng rich again.

After all, Ye Feng had refined a total of 90 million spiritual crystals before and instantly became a pauper.

Ye Feng got what he wanted, and his cultivation level skyrocketed again. He walked around the nebula gathering place,

Guqin Lan was not found, which made Ye Feng slightly disappointed.

He is also planning to find Gu Qin Lan in the battlefield of all races, and see if he can get any news about great opportunities from Gu Qin Lan.

After all, Ye Feng knew that Guqinlan was very mysterious, not just the seventh lady of Xuezhou Mansion.

Moreover, Gu Qinlan often enters the battlefield of thousands of races to experience, and she must know many more secrets than a newcomer like herself.

Ye Feng wants to find that kind of great opportunity and good luck that will make him completely reborn. The most reliable way is to find Gu Qin Lan and cooperate with her again.

"Perhaps Miss Lan is in a super-large gathering place like the battlefield of thousands of races. It is said that there is an immortal base where the supreme power of the God Realm that transcends the Immortal Realm is located."

Ye Feng thought in his mind, preparing to leave the nebula gathering place and head towards the immortal base with more opportunities.

"boom!!"

But suddenly at this moment, in the center of the nebula gathering place, a terrifying and destructive roaring sound suddenly resounded throughout the world.

"what happened?!"

Swish, swish, swish!

At this moment, countless people in the entire nebula gathering place looked towards the central area of the gathering place with alarmed eyes.

In everyone's field of vision, they immediately saw that in the center of the gathering place in the distance, a huge destructive light group like a mushroom cloud appeared in the entire sky.

"That's the area of the central mansion!"

"Look at the destructive wave, it's definitely super strong men at the level of the fairyland fighting!"

"How is that possible? The commander-in-chief hasn't attacked the Immortal Mountain yet, so why did he start fighting? Could it be that the existence of the Immortal Mountain came to make a sneak attack?"

At this moment, countless people in the entire gathering place were trembling.

Although they were far apart, the terrifying destructive energy fluctuations made everyone tens of thousands of miles away feel fear from the depths of their souls and their whole bodies trembled with chills.

At this time, Ye Feng, who was standing in the crowd, suddenly changed his eyes.

"Did Leng Qingqiu take action directly?"

"Or will the Immortal Lord of the Immortal Mountain arrive in advance to attack?"

"I wonder if Leng Qingqiu can withstand the combined murderous attack of Styx and the Immortal Lord..."

Doubts arose in Ye Feng's mind.

But at this time, Ye Feng knew that a battle between strong men of this level was beyond his ability to intervene.

Everything I can do has been done.

Uh-huh!

Ye Feng didn't linger, he jumped up, his figure flapped, and flew quickly towards the distance, disappearing into the endless desolate area outside the nebula gathering place in the blink of an eye.

Chapter 1067 Lost Direction

After Ye Feng left the nebula gathering place, he ran far away. He only stopped when he was sure that the terrifying battle between the great powers in the fairyland would not affect him.

At this time, Ye Feng has arrived at a land of glaciers and snowfields. The land is completely white, and goose feather-like snow is floating on the sky, making people feel extremely cold.

Even with Ye Feng's current cultivation and terrifying physique, he still feels a bit chilly.

If an ordinary person came here, no matter how thick his clothes were, he would probably be frozen into a human-shaped ice sculpture in an instant, with no life left at all. ??

It has to be said that the natural environment in the battlefield of all races and the sky area is really unpredictable.

Ye Feng could only sigh at the power of nature, it was truly magical and great.

However, when I think about the battlefield of all races, it is itself a broken continent scattered among the major interfaces. Affected by the power of the interfaces of the major interfaces, it is normal for various extreme natural environments to appear in the battlefield of all races. It cannot be like a complete interface land. In this way, the natural environment is stable and unchanged.

Ye Feng jumped to the top of a huge glacier, sat cross-legged on the ice, and began to use the power of the Nether Realm.

According to records in ancient books, human warriors at the Nether Realm level can mentally reach various hidden interfaces in the void, peer into the heaven, earth and universe, and can reach all major interfaces.

So at this moment, Ye Feng had just broken through to the seventh secret realm, Tongyou Realm, and was naturally ready to test the wonders of Tongyou Realm.

Buzz!

At this moment, Ye Feng exuded his own spiritual power.

Transparent spiritual threads spread out from his mind in an instant, stretching into the void, and then touching the void interface barriers of major interfaces.

Ye Feng himself is a soul master and a spirit pattern master, so even though he has just broken through to the primary Netherworld realm, his mental power is also extremely strong.

Suddenly, thousands of dense spiritual threads submerged into the void and spread towards the void passages of the major interfaces.

At this moment, Ye Feng felt that his spiritual soul had touched all the majestic and vast interfaces.

Ye Feng felt like he, a tiny ant, was suddenly connected to various immortal interfaces.

At this time, Ye Feng was very surprised. The Tongyou Realm warriors were like this.

So powerful, that powerful person from the Immortal Realm who has surpassed the nine secret realms must have such terrifying means and abilities.

Not to mention the existence of the realm of gods that transcends the realm of immortals, I am afraid it is really like the arrival of gods into the world.

"I don't know what level my father's cultivation level reached back then..."

Ye Feng murmured, then stopped being distracted and began to concentrate on sensing the major interfaces.

Relying on the huge mental power that is dozens of times stronger than the same realm, Ye Feng instantly connected to an interface when he sensed the world for the first time.

Ye Feng couldn't really peek into the specific scene of this interface. He just felt that the energy transferred back from the spiritual thread connected to this interface was very hot, like boiling water, making Ye Feng's entire spirit burn. Same.

"Is it an interface covered in flames?"

Ye Feng murmured in his heart and didn't find it strange.

There are countless large and small interfaces in the universe, starry sky, and all the heavens and realms.

Some interfaces have given birth to extremely powerful life civilizations, but there are also interfaces that are covered with countless lava, thunder and lightning, stagnant water, etc., and are lifeless and desolate interfaces.

Ye Feng felt that the interface he connected to this time might be a barren interface covered in lava.

However, the burning energy absorbed by the spiritual threads allowed Ye Feng to feel that his whole body, including his spirit, was being roasted to become stronger and stronger.

It's like steel being made into steel!

The energy brought by this lava barren interface is of great help to practice.

Although Ye Feng was alone at this time, he was sitting cross-legged on the top of the glacier, under the wind and snow.

But his whole body, inside and out, seemed to be burning with fire.

Any wind and snow that comes close to him will melt instantly.

Even the entire thousand-meter majestic huge glacier under Ye Feng Seat is melting rapidly at this moment.

Half an hour later, Ye Feng withdrew his spiritual thread and disconnected from the

Connections to the Magma Barrage interface.

At this time, Ye Feng's face was a little pale, and he felt a little exhausted.

Using spiritual threads to communicate with an entire large interface in some unknown space is really draining of mental energy.

However, Ye Feng could feel that his magic power had been strengthened.

Moreover, the body constitution is also stronger and the qi and blood are more vigorous.

I have to say that although the lava barren interface does not have any high-level energy with special effects, it is still of great benefit to me.

At this moment, Ye Feng stood up and realized that the huge glacier under his feet had melted nearly half.

When Ye Feng saw this scene, he couldn't help but smile.

He jumped up and ran towards the distance.

The place where Ye Feng wants to go now is a very large gathering place in the battlefield of all races, also known as the 'Immortal Base', because there are supreme powerhouses at the level of the gods sitting there, even gods among the major alien races. , If you want to attack, you must weigh your own strength.

Therefore, in the battlefield of all races, the truly prosperous areas are those immortal bases.

However, in the next few days, Ye Feng still did not leave this glacier and snowfield area.

He found that he was lost.

This glacier and snowfield is full of white everywhere, and it is indeed easy to lose your way.

Ye Feng flew high into the sky and looked into the distance, still unable to see the end.

This made Ye Feng's face darken slightly. He didn't expect that he would be lost in the battlefield of thousands of races.

According to many seniors who have entered the battlefield of all races, if you lose your way in some strange Jedi in the battlefield of all races, it is equivalent to entering a dead end. You can only lose yourself and slowly wait to die.

A few days later, Ye Feng found that he was still spinning in circles, which made his mood suddenly sink to the bottom.

I didn't expect that I would encounter such a thing, it was really unlucky.

The most terrifying thing was that Ye Feng found that in this cold glacial snowfield, his energy and blood were flowing away rapidly, and there was almost no life in the vast white snow.

Ling, there is no food that can replenish basic qi and blood energy.

Fortunately, Ye Feng was physically strong, otherwise he would have froze to death in the snow and ice fields of this weird battlefield of all races.

On this day, Ye Feng, who was almost unable to bear it, suddenly saw a figure on the ice sheet in the distance, fishing next to a snowy lake.

"In this weird snowy ice field with hundreds of degrees below zero, even my human body is about to freeze, and yet there are still people fishing here? Moreover, the lake is not frozen into ice?"

Ye Feng was very confused, but at the same time he was also very happy, because he finally saw the same kind of people after several months of wandering around, and maybe he could lead him out of this ghost place.

"Crunch, crunch..."

Ye Feng stepped on the thick snow and approached the snowy lake. He immediately saw the figure, wrapped in a fur coat full of white fur. He looked a little bloated. His back was turned to him, and he had a real hand in his hand. Holding a simple fishing rod, he was fishing in a small lake, looking very devoted.

Ye Feng hurriedly stepped forward, smiled and said: "This old man, may I ask..."

"Who is the old man? Who are you calling the old man?"

But at this moment, the figure wrapped in an animal skin coat suddenly turned around and revealed his true appearance. He turned out to be a girl with delicate features and delicate features!

Her skin is snow-white, and her eyes are extremely rare ice blue. She is wrapped in a thick white fur coat, making her look small and cute.

Ye Feng saw that it was not an old man, but a pretty girl fishing, and he couldn't help but feel a little embarrassed and said: "I was wrong, it turned out to be a beautiful girl."

"That's pretty much it, huh."

The girl with ice-blue eyes snorted, then looked at Ye Feng, and said with caution: "Who are you? Why did you appear in the territory of our Snow Elf clan? You are from the human race, right? How could the human race run away? To reach such a deep area in the snow and ice fields, it would take at least several months to travel from the outside to our Snow Elf territory. If you don't eat or drink for several months, won't you starve to death? And besides, you are? Not a bad person?"

...

Chapter 1068 Snow Elf Clan

Seeing the series of questions from the pretty girl in front of him, Ye Feng suddenly smiled dumbly.

I originally thought she was an enigmatic senior, but unexpectedly she turned out to be an inexperienced little girl.

"Why are you laughing? Didn't I ask the right question? For a stranger, you must ask him clearly his origins."

The cute girl wrapped in an animal skin coat saw Ye Feng smiling and immediately snorted.

Ye Feng nodded, smiled slightly and said: "This is indeed the case. It is right to be wary of strangers, but I am not a bad person. I just got lost in this snowy plain, so I want to find Someone help me get out of this snowy area."

"be lost?"

The girl was slightly stunned, then said: "It turns out that you came to the territory of our Snow Elf clan by mistake! But you have to know that our Snow Elf clan has always been peace-loving, so you are very lucky, I will take you directly back to the clan "Here, it looks like you've been hungry for many days."

Ye Feng nodded immediately and said, "Thank you very much. By the way, can you, girl, take me directly out of this land of ice and snow?"

The girl shook her head and said: "I have grown up in this snowfield since I was a child. I have never gone out, so I don't know the way out. Don't worry, there are old people in our snow elf clan who have gone out. You Come back with me first, they will definitely be able to take you out."

Ye Feng immediately said gratefully: "Thank you then."

I have to say that the snow elves are very friendly.

On the way, Ye Feng learned the name of this cute snow elf girl, Lisa.

"Lisa?"

Ye Feng's eyes moved slightly, which was a little different from ordinary names.

Lisa was already familiar with Ye Feng at this time. She smiled and said: "Ye Feng, you should be from the spiritual world, and the ancestors of our clan are from the Western Continent Civilization, so their habits and names are all the same. Very different from you."

"Your ancestors came from the Western Continent?"

Only then did Ye Feng's eyes show a hint of surprise, and then he said with a smile: "I have a friend named Long Du, who is also from the Western Continent."

Lisa nodded and said: "I heard some old people say that our Western continent was once integrated with the spiritual world in ancient times, but after the War of the Gods, it split into the Eastern Spiritual World and the Western World. The two interface plates of the continent."

Ye Feng's eyes moved and he said: "War of the Gods?"

Lisa smiled and said: "Ye Feng, haven't you heard of it? The battle of the gods back then was very tragic. Many gods died. It was called 'Twilight of the Gods' by later generations. This shows that the

war at that time was very tragic." It's so terrifying that even the gods in ancient legends died and were injured, and only then did they enter the age of godless immortals and demons."

Ye Feng couldn't help but nodded when he heard this, but then said: "Now that the realm of gods has appeared in the spiritual world, does this mean that the age of gods is coming soon?"

Lisa immediately smiled and shook her head, and said: "The Realm of Gods is not a god, it is just self-promotion. The Realm of Gods is just the first step towards becoming a real god. It is not a real god. The ancient gods, then He is the true god, immortal and second only to the Lord of Eternal Life."

Ye Feng glanced at Lisa beside him in surprise. He didn't expect that this young girl who seemed to have no experience in the world could be so knowledgeable and know so much.

Lisa looked at Ye Feng and said with a smile: "I have heard these stories since I was a child, so I am very familiar with them, but I have never been out. They say the outside world is very exciting. I

I really want to go out and have a look. Ye Feng, you are from outside. Tell me, is the outside world really as wonderful as they say? There are a lot of delicious food, a lot of fun things, and all kinds of strange things. Interesting stuff. "

Ye Feng looked at Lisa's curious little face beside him and couldn't help but smile and said: "There are indeed many wonderful things out there, but they are also full of dangers and there are many bad people."

When Lisa heard what Ye Feng said, her face became even more curious: "Ye Feng, can you tell me about the outside world? I especially like listening to stories."

Ye Feng nodded and said: "When I return to your clan, I will tell you my story when I have time."

When Lisa heard this, she immediately smiled, clapped her hands, and said, "Okay, okay! I'm waiting for you, Ye Feng!"

And while the two were laughing and chatting, a small village-like building appeared not far away from their field of vision.

The entire village buildings were covered in heavy snow, and there were small castles inside the village, with a huge castle in the middle, which looked very beautiful.

The entire village, castle, castle, and heavy snow are now combined together like a natural and beautiful picture, giving people a very peaceful, peaceful and comfortable feeling.

Facing this isolated small village and castle, Ye Feng walked in the wind and snow, and felt that his whole soul had been purified a lot.

At this time, Taotie Soul suddenly spoke in his mind: "Ye Feng, you have been fighting continuously, and your killing spirit is too strong. Coming to such a peaceful place to rest occasionally will be of great benefit to your martial arts state of mind."

Ye Feng's eyes moved and he said in his mind: "Senior Taotie, I have always wanted to ask you a question. Where is the ancient world known as the center of all the worlds? In this battlefield of thousands of races, is there such a great world? A gateway to the world?"

After hearing this, Taotie Soul was silent for a while and said: "The great world of prehistoric times exists in the legendary dimension of mythical time and space. Although I came out of the great world of prehistoric times, I encountered a very terrifying war at that time. My god My thoughts were damaged, my soul was also severely damaged, and many ancient memories were missing, so I don't know much about it. However, this fragment of the battlefield of all races is only a relatively small fragment area close to the spirit world, so it is estimated that there will be no passage. The passage to the great world of mythical dimensions."

When Ye Feng heard what Taotie said, he couldn't help but fell silent and didn't ask any more questions.

The Great World of Prehistoric Times is a legendary huge interface. It is the origin of all cultivation civilizations in the world. It naturally fascinates every race and cultivator.

At this time, Lisa, the girl next to her, shouted to the entire village castle: "We have a new guest in the Snow Elf Castle, and he is a human."

"Human race?"

"Is it a race from the outside world?"

"Then let's go out and have a look. The human race is the legendary race of primates. I have never seen real people."

Almost at this moment, a series of extremely curious voices suddenly sounded in the village castle.

The next moment Ye Feng saw, snow elves with transparent wings on their backs came out of houses and castles, all looking towards him with curious eyes.

The Snow Elf clan is very small, and they can walk through the entire village and castle.

The total number of snow elves that came out was only a few dozen.

Ye Feng saw that almost all the Snow Elf clan members were perfect. Regardless of whether they were male or female, old or young, they were all very tall, with snow-white skin and ice-blue eyes. They looked dreamy and beautiful.

Ye Feng immediately smiled and greeted many snow elves and said: "Hello friends of the snow elves, my name is Ye Feng, I come from the Nebula gathering place. This time I am preparing to go to the immortal base of our human race. I didn't expect to pass by this piece of snow. When I was in the ice field, I got lost in it. I was lost for several months. Finally, by accident, I met the beautiful Lisa, who took me to the snow elves. "

Ye Feng's tone of voice was very gentle, and he also praised Lisa. Coupled with Ye Feng's handsome and harmless appearance as a young man, he immediately won the favor of the kind-natured races of the Snow Elf clan.

An extremely tall and perfect female elf wearing a colorful feathered coat, with a crystal crown on her head, slowly walked out of the middle castle.

She looked at Ye Feng, smiled and said: "Hello, foreign friends, I am the leader of the Snow Elf clan. Although I trust you very much, I still have to check whether your intention is really for me, the Snow Elf. The whole family is harmless."

Ye Feng smiled slightly and said: "This is what it should be. How should I check it?"

The leader of the snow elf clan stretched out his snow-white jade hand, and a purple crystal scepter appeared in the palm of his hand.

The Snow Elf Clan Leader said: "Master Ye Feng, all you need to do is touch your hand to my crystal scepter."

Ye Feng's eyes were curious, he nodded and put his hand on the crystal scepter.

Buzz!

Suddenly a sacred purple light, filled with a holy aura, enveloped Ye Feng's whole body.

At this moment, Ye Feng only felt that his whole body was bathed in a warm energy current, which was very comfortable.

"There is no problem."

And while Ye Feng was still enjoying this warm trend, the voice of the Snow Elf Clan leader suddenly sounded.

Ye Feng opened his eyes and found that the purple sacred light that enveloped him had dissipated.

At this moment, the leader of the Snow Elf clan showed a beautiful and moving smile and said: "Master Ye Feng, you have passed the detection of the sacred scepter. Your soul is extremely pure and peaceful. You are not an enemy. Next, you can stay in our Snow Elf Castle." Rest for a few days, and then I will send someone to take you out."

When Ye Feng heard this, he immediately said happily: "Thank you, clan leader."

The leader of the Snow Elf clan looked at Lisa next to Ye Feng and said, "Little Lisa, this Young Master Ye Feng will live in your house temporarily."

Lisa nodded immediately and said, "Okay, don't worry, Sister Patriarch, I will entertain Mr. Ye Feng well."

After the words fell, the Snow Elf clan leader nodded slightly, then turned around and left, returning to the central castle again.

Obviously, the chief of the snow elf clan came here to check whether Ye Feng was a bad person.

Ye Feng found it very magical. That crystal scepter could actually detect whether a person was good or bad. It was really magical.

Sure enough, the vast world, countless interfaces, and major races are full of wonders.

At this moment, Ye Feng followed Lisa and walked towards Lisa's home.

...

At night, Ye Feng received warm hospitality from Lisa's family.

Lisa cooked the fruits of her labor today, a dozen snow-caught fish, and they were very delicious.

Dinner was with Lisa and her family. In the small castle, candlelight flickered and the fireplace was warm. Looking at the howling wind and snow outside, Ye Feng felt a sense of warmth that he had not seen for a long time.

The night is already deep.

Ye Feng was in his room and did not fall asleep.

He is releasing his mental power, forming spiritual threads, submerging into the void, touching the void, and connecting major interfaces.

Soon, Ye Feng was familiar with the road and directly connected to the molten barren interface that he had connected to before.

Buzz!

In an instant, a surging heat was transmitted from the void, along Ye Feng's spiritual thread, and poured into his entire body.

This is high-level energy coming from a mysterious molten wasteland interface, containing blazing heat.

At this moment, Ye Feng felt that his whole body was being baked and smelted in a furnace of heaven and earth, like steel that was tempered a hundred times. His entire body was being tempered over and over again.

Qi and blood, bones, flesh and blood, and even essence, energy, and spirit are all growing rapidly, becoming tougher and more stable.

Ye Feng's strong mental power allowed him to release his mental power unscrupulously and draw nutrients from the advanced interface in the initial level of Netherworld.

It was midnight.

"boom!"

A huge roar instantly sounded in the dark night, waking up countless sleeping snow elves.

"what happened?"

"It seems like something happened over there in the dark forest."

"Could it be that the dark elves and the underground fire dragon in the abyss are fighting again?"

Almost at this moment, all the Snow Elf clan members in the entire Snow Elf Castle woke up from their sleep and walked directly outside.

Lisa's family also woke up and lit the candles in the room.

Ye Feng pushed out the door from the room on the second floor, walked down, and came outside the house.

At this time, many snow elves came out and looked in a certain direction in the distance.

Ye Feng moved in that direction, turning the Divine Eye of Creation.

His field of vision suddenly became extremely broad, and he could see scenes hundreds of miles away.

"It was...a dark forest."

Ye Feng's eyes moved, and he saw that in the deepest part of the snowland of the Snow Elf clan, there was a dark forest. The entire forest, all the trees, flowers and plants were all pitch black and looked extremely magical.

Ye Feng heard the discussion of some snow elves around him. It seemed that there were very evil creatures living in the dark forest. They were dark elves, fallen elves.

The roar that came from far away in the dark night just now seemed to be a battle between two evil races.

After watching for a while, many snow elves returned to the house.

At this time, Ye Feng's eyes showed a hint of expectation, and while all the snow elves were not paying attention, he quickly jumped directly into the void in the direction of the dark forest.

Ye Feng felt a very majestic energy from that direction. It seemed that a strange object was born, which caused the two evil races to fight in the middle of the night.

Chapter 1069 Immortal Corpse

Uh-huh!

Uh-huh!

At this moment, Ye Feng quickly jumped into the void under the dark night.

The place he wanted to go was naturally the dark forest area that had been shaken just now.

It seems that two evil races are fighting for the birth of some kind of treasure.

Ye Feng seemed to have stepped into the elementary level of Netherworld. He was initially regarded as a good master in the battlefield of thousands of races.

The skill expert was so bold that Ye Feng couldn't hold back at this moment and quickly leapt towards the dark forest.

Although the dark forest area is separated from the snow elves by a large area of ice and snow that is almost impossible to cross. .??.

But at this moment, Ye Feng's mental power thread is still connected to the molten barren interface in some unknown space.

As long as Ye Feng's mental power is not exhausted, he will be able to get a steady stream of heat from the void, from the barren interface of molten metal to bless his whole body, and he will not be afraid of the extreme cold of hundreds of degrees below zero, or even thousands of degrees.

Uh-huh!

Soon, in less than half an hour, Ye Feng continuously jumped in the air, crossed the ice and snow, and arrived at the edge of the dark forest.

The dark forest is filled with an aura of death and a kind of dark demonic aura. It is like a demonic land eroded by hell. The soil, trees, flowers, mountains, etc. are all pitch black. It looks like Very strange.

Ye Feng was secretly on guard while quickly approaching the source of the previous roar.

Finally, Ye Feng pushed aside a dark bush in front of him, and immediately saw a very shocking scene.

At this time, on the ground at the edge of an abyss ahead, tens of thousands of dark elves with black wings on their backs were holding large bows in their hands. They kept pulling the bows and shooting out flaming arrows. They were attacking. A huge creature lying on the edge of the abyss.

That behemoth was a majestic reddish-brown dragon that was several kilometers long. Many of its dragon scales were penetrated by arrows and a large piece was broken. The dragon was roaring angrily, opening its mouth and spitting out

A molten flame emitted a strong smell of sulfur.

This seems to be a very strange race, a flaming dragon living in the abyss!

The roar just now was the battle between tens of thousands of Dark Elf warriors and this flaming dragon crawling out of the abyss.

"That is....."

Ye Feng suddenly saw it at this time.

Behind the flame dragon, a purple flower emitting a strange light grew out of the abyss.

The purple flowers are very large, estimated to be tens of meters in size. There are nine huge stamens in the flowers, which are emitting a hazy purple light at this moment.

"This is... the fairy flower, the Abyss Mandala!"

Ye Feng's eyes were startled as he recognized the identity of this flower.

He once saw a record of this flower in an ancient book in the library of Xuezhou Mansion.

The Abyss Mandala is a strange flower that can grow by absorbing nutrients from the corpse of an immortal.

Ye Feng's eyes suddenly became extremely hot.

But what he was passionate about was not the fairy flower mandala, but the things that might exist in the abyss.

You know, the Abyss Mandala needs to absorb nutrients from the corpse of the immortal before it can finally grow and mature.

That means that in the abyss, at the root where the mandala grows, there is an immortal corpse!

An immortal corpse, how precious it is!

At this moment, Ye Feng looked at the dark elf and the flame dragon fighting for the Abyss Mandala, and felt a little funny.

These two powerful evil races probably don't know the secret of the Abyss Mandala at all.

"Read more and become erudite and understand everything. It does have huge benefits."

At the place. "

Ye Feng sighed, then jumped up, avoiding the battlefield between the dark elves and the flame dragon, and jumped directly into the vast abyss.

Wow!

At this time, Ye Feng was declining rapidly.

The cold wind howled in my ears.

After half an hour, Ye Feng finally touched the ground with his feet.

"This abyss is at least more than 10,000 feet deep..." .??.

Ye Feng couldn't help but murmur.

Then he directly activated the Divine Eye of Creation and quickly looked around.

Following the roots of the fairy flower mandala, Ye Feng soon found a skeleton in the soil in a corner of the abyss.

"This should be the immortal corpse!"

Ye Feng quickly stepped forward and immediately saw this immortal corpse. Only the skeleton was left.

The Immortal Corpse is not immortal either. As the endless years pass and the Abyss Mandala grows, it is sucked dry.

This made Ye Feng feel a little regretful. He decided that he must get the Abyss Mandala, which must contain a very rich source of immortal power.

However, even though the flesh and blood have decayed, the bones of this immortal corpse are still of great value.

The skeleton alone is a supreme treasure and can be used to forge immortal weapons that surpass Taoist weapons.

Moreover, what made Ye Feng's eyes brighten was that on one of the bone fingers of the immortal corpse, there was a storage ring covered by soil.

"This is the real treasure!"

Ye Feng suppressed his excitement and immediately stepped forward and took off the storage ring from the bones of this immortal corpse.

"Buzz!"

However, Ye Feng discovered at this time that this storage spirit ring actually contained a very strong seal of the immortal's spiritual thoughts. With his temporary state, he was unable to blast it away.

"It seems that we need to think of a way to open this immortal ring."

Time was running out at this time, and Ye Feng had no time to investigate. He directly put the immortal ring into his arms, and then put the immortal corpse bones into his storage ring.

"Harvest!"

Ye Feng sighed secretly.

Then he went directly to the root of the abyss mandala and pressed it with one hand.

"Swallow!"

Ye Feng muttered silently, and the palm he pressed on the abyss mandala suddenly burst out with a terrifying devouring power of darkness.

The entire original life force of the Abyss Mandala is being rapidly absorbed by Ye Feng.

"Boom boom boom..."

At this moment, Ye Feng only felt that the boundless power of the fairy spirit was rapidly surging into his body, rapidly growing his mana and body.

"What a pure and huge energy!"

"Sure enough, this abyss mandala contains a powerful source of immortal power!"

Ye Feng's expression was extremely passionate and excited, which was tantamount to robbing a part of the pure original power left by a dead immortal.

Although this part of the original power may only be one thousandth of the skill of a real immortal.

But for Ye Feng today, it is definitely a huge and terrifying energy!

...

"kill!"

"For the Mandala of the Abyss!"

"We must obtain the Abyss Mandala so that our Queen of Darkness can break through the final shackles and unify the entire arctic ice field!"

Above the abyss, there were faint sounds of killing.

Tens of thousands of dark elves and flame dragons are still fighting fiercely.

What they don't know is that at this moment, the abyss mandala is being secretly and rapidly devouring the pure life force in it by Ye Feng under the abyss!

Chapter 1070 Queen of Darkness

As he swallowed the Abyss Mandala, Ye Feng felt that the power in his body was growing at an incredible speed.

At this moment, Ye Feng's cultivation level was experiencing an incalculable surge.

Directly from the primary level of Netherworld Realm, to the middle level of Netherworld Realm, then to the high level of Netherworld Realm, and finally to Xiaocheng, and then Dazheng!

"Dachengtong Netherland!"

There was an unparalleled dazzling light in Ye Feng's eyes.

The power of the fairy spirit in this abyss mandala is really extremely powerful.

And at this time, what surprised Ye Feng the most was that the power of the fairy spirit actually had a huge nourishing effect on his body.

Ye Feng could feel that his immortal golden body of Law, Heaven, Elephant and Earth had broken through from the first level to the second level.

This also means that once Ye Feng uses Heaven and Earth, he will be able to directly expand into a golden giant with a height of 20,000 feet.

And this time, above the abyss.

The flame dragon and tens of thousands of dark elves were fighting fiercely, and what they saw at this moment was a scene that made them despair.

The Abyss Mandala that they were vying for, exuding bright divine light, was withering rapidly at this time. Its vitality seemed to have been sucked away by some mysterious force, and the light on the flower also dispersed. went.

"what's the situation?!"

At this moment, whether it was the ferocious flame dragon or the tens of thousands of dark elves exuding evil aura, they were all staring at the rapidly withering Abyss Mandala, their eyes filled with deep sorrow. Horrified and bewildered.

"No! There is a strange aura under the abyss! There are other creatures stealing this abyss mandala!"

At this moment, the flame dragon was the first to notice the abnormality.

"Damn it!"

The flame dragon let out a terrifying roar for the first time, roaring directly into the depths of the abyss.

boom!

From his mouth, a huge pillar of flames and molten light suddenly spurted out, instantly penetrating the

The darkness hit directly into the abyss.

"Invincible Sword Domain!"

But at this time, all the creatures suddenly heard it. Under the abyss, a young man's cold shout suddenly sounded.

"boom!"

Dozens of war swords blooming with dazzling divine light, with sharp edges that pierced the sky, flew up from the abyss, directly splitting the molten flames.

Uh-huh!

A young figure dressed in black suddenly jumped out of the abyss.

At this time, Ye Feng looked around and found that these creatures were not particularly powerful.

There are tens of thousands of dark elves, but they are all creatures who have entered the nine secret realms for the first time.

That flame dragon is an abyssal beast that leads to the netherworld.

But in the battle with the group of dark elves just now, a huge amount of power had been consumed.

"These dark creatures living in evil areas may cause harm to the Snow Elf clan. It is just the right time to get rid of these hidden dangers today. After all, the Snow Elf clan is kind to me. Moreover, I have the energy and blood skills to kill and devour these creatures. Maybe it can make my journey to the Netherworld complete."

Ye Feng murmured, and without saying a word, he directly released the terrifying power of the Invincible Sword Domain and instantly killed the group of dark elves.

"Pfft!"

"Pfft!"

There are dozens of war swords, all of high grade, not to mention two first-grade Taoist weapons, and a hell sword that contains destructive power.

Almost at this moment, nearly half of the tens of thousands of dark elves were killed by dozens of swords.

"Buzz!"

Ye Feng opened his mouth and inhaled, and the space in front of him suddenly turned into a vacuum. It was like an ancient statue absorbing water. The energy, blood and power of the killed dark elf were absorbed into him like an ocean.

in one's own belly.

boom!

Ye Feng immediately felt a very majestic energy exploding in his body, and his magic power was growing rapidly.

"This is a strong human being!"

The flame dragon's eyes were full of horror at this time.

It immediately ran away into the distance, feeling that it was no match for Ye Feng.

"Don't leave, stay."

Ye Feng suddenly grabbed at the distance.

boom!

A big hand like a star cast, strong and towering, immediately grabbed the entire huge body of the flame dragon, then crushed it into pieces and swallowed it directly.

"boom!"

At this moment, Ye Feng's cultivation level successfully increased and reached the Great Perfection Netherland.

"Human race, you are too presumptuous!"

But suddenly at this moment, a voice full of deep coldness sounded.

It's a woman's voice.

But it has a dark and eerie feeling.

"boom!"

Almost at the next moment, a mighty black light suddenly flew over from the depths of the dark forest.

In the black light, there turned out to be a huge dark throne. On the dark throne, sat a beautiful woman who looked extremely elegant.

This stunningly beautiful woman had an extremely perfect figure, with two black wings on her back, and a terrifying aura of cultivation that transcended the Nether Realm.

This is an unparalleled existence in the eighth secret realm of creation!

A truly powerful dark elf!

"It's our Dark Queen!"

"Your Majesty the Queen, you have finally arrived!"

"Her Majesty the Queen, please kill that human boy quickly. He is as cruel and bloodthirsty as a demon."

At this moment, all the dark elves who have not yet been killed are shouting angrily.

The mysterious Queen of Darkness in mid-air, the commander of the Dark Elf clan, was staring at Ye Feng not far away. Her voice was cold and full of killing intent: "Prodigy of the human race, you are so courageous. You dare to secretly swallow the entire Abyss Mandala, which is the foundation of my immortality, but you secretly plundered it. Then I can only kill you, and then throw you into the alchemy furnace to refine it into a human treasure. The medicine will absorb the power of the fairy spirit in your body."

This dark queen's tone was very cruel, and she even wanted to refine Ye Feng into a human elixir.

Facing this powerful creature from the eighth secret realm of creation, Ye Feng showed no fear in his eyes. He just sneered and said, "Then let's see if you have the ability to refine me into a pill. Kill me!"

Almost at this moment, Ye Feng directly released the Invincible Sword Domain and assassinated the Queen of Darkness.

boom!

Moreover, he also slapped himself and directly used his star-catching hand. A big star hand containing unparalleled and heavy power appeared, stretched across the sky, and suddenly bombarded the Queen of Darkness.

"The Dark Barrier of Nothingness!"

Facing Ye Feng's fierce killing attack, the Queen of Darkness only showed a contemptuous smile on her cold face.

She directly formed a seal with her hands, and a large piece of dark void instantly swallowed up all Ye Feng's attacks, even making the dozens of swords in Ye Feng's Invincible Sword Domain unable to move forward and lost in the darkness.

"Enjoy the eternal darkness..."

The Queen of Darkness smiled coldly and continued to lead with her hands. A dark and boundless enchantment area, like a small dark world, suddenly enveloped Ye Feng's entire body.

"Dark Barrier? What a powerful space void trapping technique!"

At this moment, Ye Feng suddenly found himself in an endless darkness, unable to find any direction in all directions, as if he was lost in the endless darkness.
