Chapter 1071 Space Trajectory

At this moment, Ye Feng was trapped in the endless dark barrier.

His perception also disappeared in this dark realm at this time, and he could not sense any energy fluctuations.

It's like all five senses and perceptions of a person are blocked by darkness.

This is not a simple dark scene where the light disappears.

Rather, it is a state of darkness and nothingness that can cause a creature to lose all its senses.

"It seems to be somewhat similar to the legendary Great Dark Technique." Taotie Soul muttered in his mind at this time.

But Ye Feng wasn't too worried at this time.

If it was before that he was still in the primary level of Netherland, then Ye Feng would definitely run away in an instant when he met the Dark Queen of the eighth secret realm of Creation.

But now it has swallowed the Abyss Mandala, and killed so many dark elves and a flame dragon.

Ye Feng's current cultivation level has grown to the level of Dzogchen Netherworld at an incredible speed.

It is only a thin line away from the eighth secret realm.

So at this moment, Ye Feng was thinking calmly about how to break through this dark barrier.

"According to records in ancient books, when practitioners enter the eighth secret realm of creation, they will be able to seize part of the natural creation of the heaven and earth, and condense and

construct a small world of creation that contains the mysteries of their own practice. This small world of creation is larger than the realm. It's much more powerful and contains the true secrets of heaven and earth."

Ye Feng was thinking about the knowledge he had gained from studying.

He immediately understood that the small dark and void world he was in at this time was the small world of creation that the Queen of Darkness built when she entered the eighth secret realm of creation.

According to the muttering voice of Senior Taotie in his mind just now.

This small dark world created by the Queen of Darkness seems to be a kind of art that ranks extremely high among the three thousand avenues of the heavens and the world, and is the core secret of the Great Dark Art.

Very powerful!

"The Divine Eye of Creation!"

"Discover the illusion!"

Buzz!

At this moment, Ye Feng thought silently in his heart, and two groups of divine light suddenly appeared in his pupils.

That is the power of the Divine Eye of Creation.

But Ye Feng was surprised to find that when he looked around, it was still dark.

"It seems that my current soul power is not enough to support the Divine Eye of Creation to explore this small dark world of Creation that contains the secrets of the Great Dark Technique."

Ye Feng couldn't help but look a little downcast.

"boom!"

Suddenly at this moment, a spear as dark as prison pierced Ye Feng's head from the darkness.

"when!"

But at the collision point, there was a roar of metal collision.

Click, click...

The pitch-black spear suddenly shattered inch by inch.

After Ye Feng entered the seventh stage of the Divine Art of Creation, his body transformed from a mortal body to a human holy body, and now it has evolved to an intermediate galactic holy body.

Ordinary soldiers' weapons would not cause any damage even if they hit him close to the skin.

What's more, now, Ye Feng's seventh stage of awakening, the Immortal Golden Body, his natal companion talent, has not been activated. Ye Feng's skin still contains a layer of golden immortal material, making his body indestructible. Forged like divine iron.

So at this time, the war spear that was supposed to be a fatal blow pierced Ye Feng's head, but Ye Feng's head was as hard as steel, and the war spear naturally shattered inch by inch.

But this reminded Ye Feng that although he was in darkness and nothingness at this time, the Queen of Darkness outside could definitely see him and was ready to give him a killing blow at any time.

This means that the enemy is in the light and you are in the dark, and the situation is very unfavorable to you.

At this time, Ye Feng immediately asked in his mind: "Senior Taotie, what should I do now? This dark and void creation..."

In this small world, the secret essence of the Great Dark Technique is melted. Even my current Divine Eye of Creation is unable to detect the illusion and can only passively defend. However, if I don't break free from this dark void barrier, I will be consumed to death sooner or later. "

Taotie Soul was silent for a while, and then said: "The great darkness technique is extremely terrifying, allowing people to sink in the darkness forever, unable to see any hope or light, but this queen of the dark elves, although she cast and constructed her own The small dark world, but after all, it only involves a little bit of the core secrets of the Great Darkness. Therefore, it is not difficult to break away from this small dark world. As long as Ye Feng can find the traces of the Elf Queen outside who took action against you, You can jump out of this dark little world."

Ye Feng's eyes lit up and said: "That's right! Although I can't find a way out of this dark little world, every time the Elf Queen attacks me, it connects the outside world with this dark little world. As long as she follows the space where she attacks, Traces, then it is possible to escape from this boundless darkness!"

After Ye Feng figured this out, he was no longer in a hurry. He just stood in the endless darkness, waiting for the Elf Queen's next move.

"boom!"

Sure enough, in less than a moment, a sinister white bone claw suddenly invaded from a certain direction in the darkness. It was a terrifying murder weapon that landed on Ye Feng's head.

"It's now!"

Ye Feng's slightly closed eyes suddenly opened, and two dazzling lights suddenly bloomed.

"boom!"

He did not crush the sharp claw that suddenly appeared in the darkness. Instead, he stretched out his hand and pinched the sharp claw instantly like a pair of iron pliers. Then he sensed the spatial trajectory of the claw and followed it. The space trajectory jumps past.

"Uh-huh!"

Almost at the next moment, Ye Feng jumped in the darkness and jumped out of the dark void barrier.

At this time, he finally came outside and saw the Queen of Darkness preparing various killing moves not far away.

"What?"

"How can it be!

"

The Queen of Darkness was sitting elegantly on the Dark Throne, preparing various killing weapons, but at this moment she saw Ye Feng jumping out of the darkness. Her eyes suddenly became extremely horrified, as if she could not help but I couldn't believe what I was seeing.

"Do you find it incredible?"

Ye Feng stared at the Queen of Darkness with a cold smile on his face.

"Dark Barrier!"

The Queen of Darkness shouted loudly, and she wanted to use the dark creation small world again.

"I didn't know it the first time. You enveloped me in this small world. Do you want to envelope me a second time? It's impossible!"

Ye Feng roared and shook his big hand.

"Invincible Sword Domain!"

"The swords merge!"

Ye Feng suddenly grasped the palm of his hand, and the thirty or so war swords in the Invincible Sword Domain were like fragments. With the most powerful Hell Sword as the core, they were quickly assembled and merged together to form a super sword.

Ye Feng held the super sword and instantly slashed out the Gods of Sorrow.

"boom!!"

An extremely terrifying destructive sword energy erupted, containing a terrifying connotation of the withering away of all things in the world, and directly bombarded the Queen of Darkness.

"This kind of sword-killing technique! This is the secret of the Great Destruction Technique! How could it possibly appear in the hands of a little human boy like you! Impossible!"

The Dark Queen's beautiful face was filled with horror.

She tried to use various means to defend herself, but to no avail.

The super sword, coupled with the Sorrow of the Gods, is almost one of Ye Feng's most terrifying killing cards now, and its destructive power is quite astonishing.

"ah....."

In a burst of earth-shattering screams of terror, the dark throne where the Queen of Darkness sat, including herself, her beautiful face, and perfect body, were shattered like porcelain, inch by inch, and then exploded in an instant. Kill!

Chapter 1072 Yaochi Holy Land

boom!

The entire body of the Queen of Darkness, a powerful dark creature at the beginning of the eighth secret realm, was shattered directly by the terrifying sword energy.

"Swallow!"

At this moment, Ye Feng didn't hesitate at all. He grabbed it with his big hand and swallowed up all the energy and blood power contained in the space exploded by the Queen of Darkness, a powerful figure in the eighth secret realm.

"boom!"

Suddenly, a huge amount of energy exploded directly in Ye Feng's body and limbs.

Ye Feng couldn't help but screamed in the sky, scaring countless dark elves to lie on the ground, not daring to move at all.

Although the energy is very huge, it is too difficult to break through to the big realm.

Ye Feng swallowed up the entire Dark Queen's power, but ultimately failed to break through to the Great Perfection Nether Realm.

But Ye Feng could feel that with the blessing of the Queen of Darkness, his cultivation in the Great Perfection Nether Realm had almost skyrocketed to a critical point.

All it takes is another huge accumulation of energy, and you can definitely break through to the eighth secret realm of creation!

"Invincible Sword Domain!"

Boom boom boom boom...

Ye Feng showed no mercy and released a war sword to form a dragnet, killing all the remaining thousands of dark elves.

However, the skills and blood of these ordinary dark elves are almost negligible to Ye Feng today, and they do not have much growth effect.

"This time my cultivation has skyrocketed, and I also got an immortal corpse and an immortal storage ring. It's definitely a great harvest!"

Ye Feng's eyes were full of joy at this time. Fortunately, he was curious and lurked into the dark forest to take a look, otherwise he would really miss this opportunity.

At this moment, Ye Feng looked around and after making sure that there were no evil dark creatures, he turned around and leaped in the original direction.

With this surge in cultivation, Ye Feng's speed became even faster.

In less than half an hour, Ye Feng had returned to the ice and snow castle of the snow elves.

Buzz!

At this time, the door of the central castle not far away opened.

A tall and beautiful mature woman appeared.

She is the leader of the Snow Elf clan. She wears a crystal crown on her head and a colorful feathered coat. Her whole body is exuding a hazy sacred light.

She walked towards Ye Feng and asked with a smile: "Did Mr. Ye Feng go to the dark forest?"

Ye Feng nodded, there was nothing to hide, and he admitted: "That's right."

There was a hint of surprise in the eyes of the Snow Elf Clan Leader, and then he said: "You are not in any danger, are you? There are powerful and terrifying dark creatures living in the dark forest. There are dark elves that fall into hell, and there are also abyss fire dragons that can destroy and burn everything. , are taboo creatures, you must not provoke or be attacked by them

They discovered. "

Ye Feng heard the fear in the tone of the Snow Elf Clan Leader's voice and couldn't help but smile.

The so-called "forbidden creatures" in the eyes of the Snow Elf Clan Leader have all been killed and devoured by him.

However, Ye Feng did not explain anything, he just smiled and said: "Don't worry, clan leader, you snow elves no longer have to worry about the threats from the dark forest in the future."

"What's the meaning?"

When the Snow Elf Clan Leader heard what Ye Feng said, he couldn't help but asked in confusion.

"nothing."

Ye Feng waved his hand casually and said: "Tomorrow, the clan leader will arrange for a clansman to take me out of this ice and snow. I need to rush to the immortal base of our human race, and I don't want to waste any more time."

The snow elf clan leader immediately nodded and said with a smile: "Don't worry, Mr. Ye Feng, I will definitely find someone to help you take him out tomorrow."

After saying that, Ye Fengdao thanked her, then walked directly into Lisa's house, quietly went to the room on the second floor, and began to fall asleep.

At this moment, the beautiful face of the Snow Elf Clan Leader was filled with doubt.

She was still thinking about what Ye Feng meant by what she just said.

...

Early the next morning, under the reluctant eyes of the little girl Lisa, Ye Feng followed an old elf from the snow elf clan on the road and left the snow elf castle.

This old elf has been to the outside world many times, so he is very familiar with the way out.

Under his leadership, Ye Feng could no longer lose his way.

Just three days later, they walked out of this land of ice and snow and arrived at the edge of a large reddish-brown Gobi desert covered with rocks, with no end in sight.

The old elf smiled kindly and said: "Master Ye Feng wants to go to the largest human race gathering place in this area. As long as he crosses the black Gobi, he can see the buildings of the super large gathering place. I once went Once, we exchanged some training resources for our Snow Elf clan, so we are very familiar with it. The super large gathering place is called the 'Thunder God Base'. It is huge, very vast, and very safe."

Ye Feng solemnly clasped his fists at the old elf and said, "Thank you for your advice."

After saying that, Ye Feng jumped up and left the ice and snow directly, heading towards the reddish-brown Gobi Desert.

"I still have to find a way to break through the shackles of the Dzogchen Nether Realm as soon as possible. If I can break through to the eighth secret realm of creation and condense and construct my own small world, it will definitely greatly increase my combat power and eliminate that kind of immortality. It will also be safer in the base."

Ye Feng thought secretly in his heart and quickly rushed towards the distance.

walking in the desert

In the extremely barren Gobi area, from the earth to the end of the sky, there is a large area of reddish brown, and there are few living things or trees to be seen.

The sun in the sky was blazing, and the entire Gobi region was like a huge oil pan, making it unbearable for people to endure the scorching heat.

Ye Feng quickly jumped into the void, wanting to leave this area with extremely harsh natural environment as soon as possible.

But just when he was halfway there, he sensed very powerful aura fluctuations from the center of the Great Gobi.

"There are so many strong people gathering in this desolate Gobi desert?"

Ye Feng walked closer and immediately saw figures, including hundreds of figures, standing around a huge barren mountain in the middle of the Gobi Desert with solemn expressions.

Ye Feng approached the crowd. He observed that among the hundreds of figures, there were strong men from the human race and masters from other races. They were all standing quietly around the barren mountain, with their eyes slightly closed, as if they were waiting for something. .

"Of these hundreds of people, the weakest ones have the cultivation base of the Sixth Secret Realm of the Void Realm, most of them have the cultivation base of the Netherworld Realm, there are also many super masters of the Creation Realm, and even a few figures, let me Nowadays, the cultivation level makes me feel heart palpitations. It is definitely a terrifying existence in the Ninth Secret Realm of Immortal Realm, and it is only a short step away from the real Immortal Realm. "

Ye Feng was secretly shocked at this moment. Why did so many people suddenly appear in this desolate desert where even life was very rare?

"Is there something hidden in the barren mountains?" .??.

Ye Feng was very curious and walked forward directly to a handsome young man and asked in a low voice: "Brother, what are these people doing here? I think except for our strong human race , and there are many masters from other races."

The young man glanced at Ye Feng beside him and said with a smile: "It seems that you just arrived here and don't know what happened here."

Ye Feng smiled slightly and immediately said: "I have indeed just arrived here. I was originally planning to go to a nearby immortal base to find a friend, buy some cultivation resources and look for opportunities."

The young man smiled and said: "The nearby Immortal Base is called the 'Thunder God Base'. There is a powerful man who is at the level of the God of our human race. No foreign race dares to be arrogant, so the Thunder God Base is very prosperous. Brother, you go You can definitely buy any cultivation resources you want at the Thunder God Base, and if you want to find opportunities, there is one right in front of you, but I just don't know if you have the courage to go in and find out."

Ye Feng's eyes moved, he glanced at the barren mountain not far away, and said, "Is this the barren mountain that brother mentioned about luck?"

"That's right."

The young man smiled and said,

Said: "Brother, you don't know something. In this barren mountain, there is buried the entrance to a great force from the ancient Immortal Period. That great force is called Yaochi Holy Land. It has been buried in the long river of history for tens of thousands of years. Now I don't know who released it. The news said that there is an entrance in the barren mountain in the middle of the Gobi Desert, which will be opened in a few days, so it attracted the attention of countless powerful people, our human race, and other alien races living nearby, such as the Silver Armor Tribe and Shuangyu Tribe. Tribes, blood tribes, and even ferocious beast tribes are all coming in droves."

"The great power of the Immortal Ancient Era, the Yaochi Holy Land?"

Ye Feng's eyes moved. He had never heard of this ancient power, but it dared to call itself a "holy land". It would definitely be brilliant in the ancient immortal period.

Ye Feng looked at the young man beside him, immediately smiled and clasped his fists and asked, "Thank you very much, brother, for clearing up my doubts. I'm Ye Feng, may I ask you your surname?"

The young man smiled and said: "My name is Su He, I come from the Beacon Fire Mercenary Group at the Thunder God Base. I see that Brother Ye Feng, you have a full body and sharp eyes. You must not be an ordinary person. Why don't you, Brother Ye Feng, join me and enter this place?" Looking for opportunities in the ancient ruins of the Yaochi Holy Land, I would like to have someone to take care of me along the way."

Ye Feng smiled slightly and said: "Okay, anyway, I am not familiar with everything here. After exploring the ancient ruins of Yaochi Holy Land, I may need Brother Su to take me to the Thunder God Base to familiarize myself with the Thunder God Base." Very large gathering place environment."

Su He immediately smiled and patted Ye Feng's shoulder and said: "That's easy to say. Ye Feng, your cultivation aura is in the Great Perfection Netherland. Like me, you are already a young master. Then come back to the Thunder God Base with me." , maybe I can recommend you to join our Beacon Fire Mercenary Group. Our Beacon Fire Mercenary Group is a very famous mercenary group in the Thunder God Base. We specialize in hunting directly in the lairs of some ferocious aliens, and we gain huge rewards every time. , the name is very famous."

Ye Feng couldn't help but smile elegantly when he saw that Su He was about to recruit him into the Beacon Fire mercenary group behind him.

However, Ye Feng did not refuse, but smiled and said, "Let's talk about this later."

Su He nodded, looking at the barren mountain, his tone became a little solemn, and said: "In a few days, the ancient ruins of the Yaochi Holy Land will be opened. It is said that the Yaochi Holy Land was glorious for a while, but it seems to have caused something strange. With its power, the entire Holy Land was destroyed overnight, and everyone died, so this Yaochi Holy Land is very strange. When we enter, we must be careful, accept it as soon as possible, and don't be too greedy. "

Ye Feng nodded in agreement and said: "My current cultivation level is the Great Perfection Netherworld Realm. This time I enter this ancient ruins, hoping to find an opportunity to break through to the true creation realm."

Su He smiled and said: "I have the same idea. This time I took the risk to come here and enter the legendary ancient ruins of the Yaochi Holy Land, also to break through to the realm of creation. If I can break through this time, when I return to Fenghuo How can a mercenary group be promoted to the status of a team leader?"

Chapter 1073 Beating Adult Insects

In the next few days, Ye Feng and Su He stayed in the desolate desert, sometimes chatting, sometimes closing their eyes to practice.

As time went by, more and more figures arrived in the area around this barren mountain, including strong human beings and various powerful alien creatures.

There are even hundreds of people from an entire force, or thousands of figures from an entire alien race, arriving one after another.

The vast desert, which was originally desolate and silent, suddenly became lively.

Many people saw the major forces forming alliances one after another, and couldn't help but start looking for partners around them, hoping to form a team to enter the ancient ruins of the Yaochi Holy Land, which would be safer.

However, there are also many beings whose cultivation is unpredictable and who have not formed a team. They look aloof and stand alone around the barren mountains. They seem to be very confident in their own strength.

Ye Feng asked Su He if he wanted to recruit a few more people, but Su He shook his head and said: "The Yaochi Holy Land is a very glorious and prosperous spiritual power in the ancient immortal period. Its area is extremely huge. According to estimates, the peak of the Yaochi Holy Land is During that period, the entire holy land could accommodate millions of disciples. Now there are only tens of thousands of people around this barren mountain. After we enter, we may not meet other people, so there is no need to form a team with too many people. On the contrary, it will limit the number of disciples. Our actions and efficiency."

When Ye Feng heard what Su He said, he nodded and said, "Brother Su is right, but I didn't think about it that much."

Uh-huh!

Uh-huh!

Uh-huh!

While Ye Feng and Su He were talking, three figures suddenly flashed not far away.

Then three people, two men and one woman, appeared beside Ye Feng and Su He.

The two men and one woman were both wearing long robes and brocade robes embroidered with fire patterns.

A man is powerful and has a majestic body.

The other man was handsome and handsome.

The third woman has a graceful posture, her black hair is tied up, and she has a dashing and heroic beauty.

"Three captains! Why are you here?"

At this moment, when Su He saw these three people, his eyes were suddenly startled.

These three people are all captain-level figures in the Fenghuo mercenary group and have distinguished status.

The cultivation of the three people is impressively all in the eighth secret realm of creation, and they are among the best young masters.

Su He immediately introduced to Ye Feng beside him: "These three

All of them are big shots at the captain level of our Beacon Fire Mercenary Group. "

He pointed at the powerful young man who looked like a giant humanoid beast and said: "This is Wei Ba. He has bathed in the blood of a wild dragon and practiced advanced body refining techniques. His body strength is as strong as the Great Wilderness True Dragon. He can It's very powerful to tear apart the monster with your hands."

Su He then continued to point to the second handsome man in Fengshen and the dashing woman in red, and said: "These two are Captain Yu Tianyu and Captain Qin Xueqin, both are masters of the Eighth Secret Realm. His cultivation is profound, his methods are extraordinary, and he is very powerful."

When Ye Feng saw these three people, he couldn't help but smile and said: "I have met the three captains. Ye Feng is Su He's friend. This time I am going to team up with Su He and enter the ancient ruins of the Yaochi Holy Land."

"No."

Suddenly among the three people, the powerful Wei Ba spoke up.

His face was calm, with a hint of aloofness, he stared at Su He and said: "Your sister Su Qianqian, let the three of us take care of you this time, and reluctantly let you follow the three of us into the Yaochi Holy Land to find opportunities and fortune. , you just need to stay with us, what a cuckold you are, let him go and play alone."

"Captain Weiba!"

When Su He heard what Wei Ba said, his face suddenly became anxious and said: "Brother Ye is my friend, just let him follow me."

At this time, Ye Feng heard the disdainful words of Wei Ba among the three, and the smile on his face immediately disappeared.

Ye Feng actually didn't pay much attention to these three people.

But three elementary creation realm warriors who have just stepped into the eighth secret realm are nothing.

In a duel, Ye Feng is confident that he can completely defeat anyone.

The reason why Ye Feng greeted him with a smile was to give face to Su He, a good friend.

But who would have thought that Wei Ba among the three people looked very confident.

Especially the commanding tone and the unabashed sarcasm made Ye Feng very unhappy.

At this time, Su He was pleading for Ye Feng, but Ye Feng suddenly pressed Su He's shoulders and said: "Brother Su, there is no need to say more, since this big man

If the old man doesn't welcome me, it doesn't matter if I go alone. "

"Big boss?"

Hearing Ye Feng's name for Wei Ba, it seemed to be tit for tat, and the colors of several people on the field changed.

Su He's expression changed and he wanted Ye Feng to stop talking.

But by this time it was already too late.

"boom!"

Wei Ba's body suddenly erupted with a terrifying and huge murderous aura, like a cold hurricane, suddenly descending in front of Ye Feng. ??

Buzz!

At this time, the temperature of the entire surrounding air suddenly dropped to zero, and the ground began to freeze.

The scene was very scary.

I have to say that this Wei Ba is very powerful.

Just releasing murderous intent can freeze the void.

At this time, Wei Ba walked towards Ye Feng step by step, and the ground shook, like a giant beast walking on the earth, shaking the mountains and shaking the ground.

The heavy pressure made Su He, who was standing next to Ye Feng, couldn't help but back away, feeling extremely suffocated.

However, Ye Feng, on the other hand, was standing on the same spot at this time, motionless as a mountain, calm and calm, and seemed not to be affected at all.

Wei Ba's eyes were like cold knives. He stared at Ye Feng coldly and said with a cruel smile: "To be honest, this is the first time I have seen such an arrogant kid in front of me. Did Su He tell you, Fenghuo Maid?" There is a ruthless person in the Corps who is called the 'Slaying Dragon', and that person is me. "

Ye Feng smiled indifferently and said: "Slaying Dragon? The name is not bad, but unfortunately, in my eyes, you are not a crazy dragon at all, but a weak and pitiful little insect."

"Poor little bug?"

Wei Ba's eyes widened suddenly, as if he couldn't believe that Ye Feng would be so bold to ridicule him. He immediately said angrily: "You are so brave! Although you are Su He's friend, but you are so arrogant today, then I I'm going to give you a lesson on the spot, and when I step on you, let's see if you still dare to be so stubborn?"

Wei Ba spoke at this time, his tone filled with a deep murderous intent, extremely cold.

The two captains, Yu Tian and Qin Xue, stood aside and watched with cold eyes.

Su He's face became very ugly, and he quickly said to Ye Feng:

"Brother Ye, you are no match for Captain Wei Ba. Please apologize quickly and I will help you to beg for mercy and ask Captain Wei Ba to let you go."

"Brother Su, I appreciate your kindness, but I don't need to apologize, and I don't need you to plead for me, because I will let this Wei Ba know what it means to be someone outside the world, and there is a sky outside the world!"

Ye Feng suddenly shouted loudly, and with a bang, his whole body suddenly surged with a huge and boundless momentum, murderous intent soaring into the sky, directed at the Wei Ba.

Wei Ba yelled: "Boy, do you really dare to take action against me? That's so presumptuous!"

"Great wild wild dragon power!"

Wei Ba roared and used a very powerful technique inheritance.

The blood energy in his body surged out crazily, and in the void around him, a huge phantom of a wild dragon appeared, hundreds of meters tall.

At this moment, Wei Ba's whole body muscles swelled, and his skin was suddenly covered with strong and cold black dragon scales. His hands turned into ferocious dragon claws, and he suddenly turned into a humanoid with powerful destructive power. The wild dragon tore towards Ye Feng in an instant.

"Even if you become a dragon, I will beat you into a worm!"

Ye Feng laughed loudly, directly bursting out the power of the Galaxy Holy Body, and then used his star-catching hand. His palm suddenly expanded into a star-like hand in the sky, and his whole body looked like the most indestructible hand in the world. The divine iron was cast and bombarded all of a sudden.

"Boom!!"

What shocked the people around him to the extreme was that Ye Feng's big star hand, which seemed to contain infinite weight, directly knocked Wei Ba, who had turned into a humanoid wild dragon, to the ground in an instant.

Boom! !

The ground shattered, and a large area of ruins appeared. Wei Ba was lying in the ruins, vomiting blood from his mouth, and his eyes were filled with deep disbelief.

"What?"

"Wei Ba was suppressed with one move?"

Yu Tian and Qin Xue, who were watching coldly, and the other two captains of the Beacon Fire Mercenary Group, all changed their colors.

Su He was even more alarmed. He stared at Ye Feng and said in horror: "Oh my God! Brother Ye, aren't you in the same realm as me? Why are you so fierce!"

...

Chapter 1074: Please

At this time, whether it was Su He or the captains of the other two Fenghuo mercenary groups, Yu Tian and Qin Xue, their eyes showed deep shock.

Obviously, they never expected that Ye Feng actually defeated Wei Ba, and he defeated him so easily that he could suppress it with just one hand.

"How is it possible? You are only in the Nether Realm, how can you be so powerful!"

At this moment, Wei Ba, who was lying in the ruins, struggled to get up, his eyes full of disbelief.

Ye Feng smiled indifferently at this time and said: "What? Don't you want to teach me a lesson? Keep fighting."

"you....."

Wei Ba's expression suddenly turned extremely ugly.

But I thought of the terrifying power that Ye Feng suddenly burst out from just now.

Wei Ba immediately shrank his head, with an involuntary look of fear in his eyes.

At this time, everyone knew that Ye Feng, a handsome young man who did not seem to be amazing in appearance, was definitely a genius with unparalleled combat power.

At this time, Ye Feng looked at Su He and said: "Brother Su, if your friends don't welcome me, then I'll go to the ancient ruins of Yaochi Holy Land alone."

Su He quickly grabbed Ye Feng and said apologetically: "Brother Ye, Captain Wei Ba has already been taught such a miserable lesson by you, so just come with us. Now all the captains must look at you with admiration."

At this time, the other two captains, Yu Tian and Qin Xue, saw this and clasped their fists at Ye Feng and said, "We were wrong just now. We didn't expect that this little brother is so powerful. Now Wei Ba Ye really knows that he is wrong. Brother Ye Feng, please join us. We are a strong alliance. Moreover, we have a map fragment about the ancient ruins of the Yaochi Holy Land in our hands, which can guide us. Brother Ye Feng is with us. , it's definitely better than wandering around alone."

"Do you have map fragments in your hands?"

Ye Feng's eyes moved.

He originally wanted to leave directly

of.

But after seeing Su He's strong invitation, and considering that these people had maps of the ancient ruins of the Yaochi Holy Land in their hands, they couldn't help but nodded and said, "Okay, I will agree to go with you, but..."

At this time, Ye Feng stared at Wei Ba who was bleeding from the corner of his mouth not far away, and said: "But if this Wei Ba dares to have bad thoughts about me again, I will not give Su He any more face, I will kill him directly. I'll say this in advance so that you won't think I'm not giving you face."

Ye Feng knew very well that if he wanted to scare this group of people, he still needed to rely on his own strong strength and iron-blooded will.

At this time, when Wei Ba heard what Ye Feng said, he suddenly trembled and said: "I was too arrogant before. I didn't expect that Young Master Ye Feng is a peerless genius. I will not treat Young Master Ye Feng again in the future." What bad thoughts come up."

When Ye Feng heard Wei Ba admit his mistake, he nodded slightly and said, "I wonder if I can take a look at the map fragments in your hands first?"

"sure."

Yu Tian, one of the three captains, laughed out loud.

A storage ring on his finger flashed, and an ancient animal skin scroll suddenly appeared in his palm.

The animal skin scroll was a fragment of a map, with countless complicated lines traced on it, intertwined with thousands of threads, making people dizzy just by looking at it. It was really an extremely complex topographic map.

Yu Tian was not worried about Ye Feng stealing the route map in the map fragment.

Because even if this map fragment is only a small part, it is extremely winding and complicated, and a normal person would not be able to remember it in his mind even if he looked at it for three days and three nights.

So it's okay for Ye Feng to just take a look at it at this time.

Yu Tian and others felt that Ye Feng just wanted to confirm that they had

Map fragments, not deception.

However, they probably never expected that Ye Feng did not want to confirm that they had the map in their hands, but directly wanted to memorize it.

Ye Feng's brain has been transformed by the soul gem, so his perception, memory, etc. are all very evil.

So I just looked at it for a while, and Ye Feng imprinted all the route maps on the entire map fragment into his mind and memorized them all.

"Thanks."

Ye Feng didn't say anything more. He looked at the map in his hand for a while and gave it back to Yu Tian.

At this time, Qin Xue, a brave and mature woman, walked up to Ye Feng. With her beautiful eyes filled with curiosity, she stared at Ye Feng and said, "I wonder where Mr. Ye Feng comes from, what force in our battlefield of thousands of races? "

Qin Xue is not as cold as her name, but full of charm and mature enthusiasm.

Ye Feng smiled and said: "I come from the spirit world and am not a local practitioner in the battlefield of all races. This time I entered the battlefield of all races for the purpose of experience."

Qin Xue's eyes moved and said: "It turns out that Young Master Ye Feng comes from another interface. No wonder the power and inheritance he just displayed. I didn't see which sect he belonged to. However, in the battlefield of ten thousand races, I think Young Master Ye Feng can consider joining. A certain force, such a big force can not only provide you with protection, but also allow you to enjoy all kinds of information about the opportunities and fortunes in various places on the battlefield of all races. "

Su He couldn't help but said: "After coming out of the ancient ruins of the Yaochi Holy Land this time, Brother Ye will also go to the Thunder God Base. At that time, Brother Ye can join our Fenghuo mercenary group. My sister Su Qianqian is a Fenghuo mercenary." Deputy Commander of the Corps, as long as I tell her, with the strength you just showed, Brother Ye, you will definitely be able to become a captain-level figure and command hundreds of people as soon as you enter."

The process of Ye Feng suppressing Wei Ba just now was really shocking and showed Ye Feng's strength.

force.

This made Qin Xue and others very optimistic about Ye Feng and wanted to win Ye Feng into the Fenghuo mercenary group. Even if Ye Feng had only experienced in the battlefield of thousands of races, such a young prodigy had been recruited into the mercenary group for a few months. That would also be of huge benefit to the Beacon Fire Mercenary Group.

Ye Feng saw several people wooing him at this time, and said with a noncommittal smile: "Let's talk about this later. Now let's focus on looking for opportunities and good fortune from the ancient ruins of the Yaochi Holy Land. I hope to find a breakthrough to the eighth level this time. The opportunity of the secret creation realm."

Yu Tian patted Ye Feng's shoulder at this time and said with a smile: "Brother Ye, don't worry, the Yaochi Holy Land is very ancient and has been glorious for an era. It must contain very precious opportunities. Besides, we have a map in our hands. The residual scroll can avoid many dangers. If Brother Ye can step into the eighth secret realm of creation, then Brother Ye, I can't even imagine how powerful your combat power will be. It may be comparable to the top players in our Fenghuo mercenary group. The captain of the brigade."

Su He's eyes were surprised. He didn't expect Captain Yu Tian to speak so highly of Ye Feng.

Ye Feng looked at the change in everyone's attitude and laughed secretly in his heart. Sure enough, showing great strength would make people involuntarily start to awe and please him.

At this time, watching Ye Feng being surrounded by Su He, Yu Tian and Qin Xue, chatting and laughing, Wei Ba's eyes on the side were extremely gloomy.

However, he was very wary of Ye Feng's strength. He didn't dare to say anything at this time and just stood aside silently.

"Buzz!"

But at this moment, on the barren mountain not far away, a layer of mysterious seven-colored light began to shine through the gray-white mountain.

"There is movement at the entrance to the ancient ruins of Yaochi Holy Land! It should be opened soon!"

At this moment, the tens of thousands of powerful masters gathered around the entire barren mountain all had expressions of deep excitement.

Chapter 1075 Under the water

Along with that, the barren mountains emitted patches of colorful light.

Wow!

Wow!

The entire huge barren mountain is rapidly collapsing with rubble rolling down it.

As the mountain collapsed and shattered, a huge colorful space door with a ring-like shape appeared. .??.

Standing on the ruins of the collapsed mountain, it is full of boundless majesty.

"That is the space entrance to Ancient Yaochi!"

Many strong men jumped up and rushed towards the colorful space door.

Buzz!

The moment they came into contact with the colorful space door, they disappeared directly into the vast desert.

Obviously, they all crossed the space and were transported to the ancient ruins of Yaochi Holy Land.

"Let's set off too, don't waste any time."

At this time, Yu Tian also spoke up.

Ye Feng, Su He, Qin Xue and Wei Ba all nodded.

A group of five people, all holding hands, jumped and flew to the colorful space portal high in the sky.

"Buzz!"

It was accompanied by a violent vibration.

The five people discovered that the Great Gobi was no longer around them.

It is a place with antique pavilions and houses.

Not far away there is a pool full of flower petals.

On both sides of the pool, there are elegant pavilions and courtyards.

It looks very beautiful.

Because the five people were holding hands, they were teleported in at this time, and they were all together.

At this time, Yu Tian looked around and said, "We have entered the Yaochi Holy Land."

At this time, Qin Xue looked at the fragment of the map in his hand and said: "This seems to be the residential area for the disciples of Yaochi Holy Land. There may be good things in the pavilions and courtyards on both sides of the pool. Let's go look for it quickly."

"Um."

Everyone nodded and quickly jumped towards the pool courtyard area.

Several people spread out and began to search every room.

Ye Feng

I walked to a pavilion next to the pool and looked at the beautiful things around me. Instead of feeling beautiful, I felt chilly.

According to what Su He said before, this Yaochi Holy Land was very glorious and prosperous in the ancient times, with millions of disciples.

But I don't know what strange force or some kind of force was provoked, and the Yaochi Holy Land became a dead place overnight.

The entire Yaochi Holy Land is very beautiful, and the buildings have not suffered any damage, but all the people are gone.

That's millions of people!

From the lowest disciples to the top elders, Holy Masters, etc., all disappeared mysteriously.

The huge and prosperous Yaochi Holy Land turned into a strange place of death.

Now, having been buried deep in the earth for tens of thousands of years, the Holy Land of Yaochi has once again appeared.

But the buildings inside are still intact and even extremely beautiful.

But there is no trace of life, which is in sharp contrast with the prosperous and beautiful buildings.

This gave Ye Feng a chill in his heart, and he felt that the Yaochi Holy Land must have provoked some kind of extremely terrifying existence, or was contaminated by some weird and incomparable power.

Squeak!

Without thinking much, Ye Feng pushed open the antique pavilion in front of him, his soul power spread out, and he quickly searched for any treasures.

In a wing room, Ye Feng found several swords, of unknown rank.

"Qiang!"

But when Ye Feng drew his sword, the sword was still cold and sharp.

The immortal swords that have lasted for tens of thousands of years are definitely not ordinary. Ye Feng refined these swords and integrated them into the Invincible Sword Domain.

There are now forty-seven swords in the Invincible Sword Domain, and their power is even more powerful.

With soul power to explore, Ye Feng quickly found several bottles of elixir hidden in the secret cabinet under the bed in another wing.

Opening the bottle cork, Ye Feng saw that these elixirs were still exuding colorful colors.

The light is obviously a very high-grade panacea.

It is best not to use these elixirs directly for the time being. When the time comes, go to the Thunder God Base to find the alchemist in the alchemy pavilion to identify them before you can take them.

So many high-end swords and elixirs can be found in these areas where ordinary disciples live, which shows how glorious the Yaochi Holy Land was in its heyday.

However, it was eventually lost in the vast river of history.

Ye Feng couldn't help but sigh, only by living forever in heaven and earth can he not be afraid of time and the erosion of history.

At this time, Taotie Soul reminded aloud in his mind: "This Yaochi Holy Land seems a bit weird. Ye Feng, you'd better be careful. If the situation goes wrong, hurry up and escape from here."

When Ye Feng heard what Taotie said, he couldn't help but nodded and said: "I also feel that such a huge force, with millions of people disappearing overnight and being wiped out in an instant, is really shocking and weird, even if it happened several times in the past. It's been ten thousand years, but it still makes me feel chilly. I really need to be careful."

"ah!" .??.

Suddenly at this moment, a woman's scream came from the direction of the courtyard.

It's Qin Xue's voice!

"what happened?"

Uh-huh!

Ye Feng rushed out of the pavilion in an instant and looked towards the courtyard beside the pool outside.

"Captain Qin Xue, what's wrong with you?"

At this moment, Su He, Yu Tian and Wei Ba all rushed out from the rooms they were exploring and looked at Qin Xue with doubtful eyes.

At this moment, several people immediately saw that Qin Xue's tall and graceful body was trembling violently.

Her eyes trembled, staring intently at the pool of water covered with petals in the courtyard.

"What's in the pool?"

Several people looked at the pool of water with doubtful eyes.

"That is....."

Almost at this moment, everyone's eyes turned cold and they couldn't help but take a breath of cold air.

Although the surface of the pool is covered with petals, it looks very pretty at first glance.

of beauty.

But at this time, several people looked carefully and looked through the petals on the water. They immediately saw white bones covered with black hair lying under the water!

White bones, covered with strange black hairs, lay next to each other in the pool, almost filling the entire pool.

Under the beautiful petal pool, there are piles of white bones with black hair.

This scene is very strange.

It gives people chills in their hearts!

"Are these white bones covered with black hair the same people who disappeared overnight in the Yaochi Holy Land?"

At this moment, Qin Xue was so frightened that her face turned pale and she couldn't help but speak out.

At this time, several people came over, and Yu Tian's tone was full of shock as he said: "It is said that the Yaochi Holy Land had millions of disciples during its glory days. If you put it this way... In the entire Yaochi Holy Land, there are hundreds of people lying there. There are all these weird white bones covered with black hair."

At this time, when Yu Tian finished speaking, everyone couldn't help but have cold eyes and felt a strange atmosphere.

"Jiejiejie..."

And when several people were extremely shocked, a burst of sinister laughter that sounded like a devil suddenly sounded.

"That is....."

Su He suddenly looked startled at this moment and pointed at the pool of water.

At this time, I could see the black hair and white bones of the skulls under the water, and the two empty eye sockets were all lit up with clusters of green light.

The sinister laughter that suddenly sounded came from these black-haired and white bones.

"These strangely dead disciples of Yaochi Holy Land turned into bones and were resurrected again!"

At this time, Yu Tian said with an ugly expression.

Ye Feng seemed to have discovered something, and suddenly shouted: "Let's go! Let's go!"

boom! boom! boom.....

And almost at the moment Ye Feng finished his words, the strange white bones covered with black hair under the water suddenly jumped out of the mud under the water, letting out creepy sinister laughter, and moved toward them. Several people rushed away quickly.

Chapter 1076: Hard to guard against

boom!

boom!

boom!

Strange white skeletons covered with black hair, with green flames surging in their empty eye sockets, jumped out of the mud in the pool and roared towards a group of people in the courtyard.

"These are definitely the disciples of Yaochi Holy Land who died mysteriously back then, and now they have turned into Yin spirits!"

At this moment, Yu Tian let out an angry roar.

"Blue sword!"

He suddenly pulled out the long knife on his back, and instantly exploded with powerful fighting power. The sword slashed out with sword light all over the sky, and struck a dozen black-haired and white-bone skeletons.

"Boom!"

Suddenly, the dozens of black-haired and white-bone skeletons were blown away.

But what is shocking is that the black-haired and white-bone skeleton that was attacked did not suffer any damage at all. It got up directly from the ground and continued to charge towards several people.

"What?"

"Such a hard skeleton!"

At this moment, several other people couldn't help but change their expressions.

You know, Yu Tian, the captain of the Beacon Fire Mercenary Group, is a super master of the Creation Realm who has stepped into the eighth secret realm, and his combat power is very powerful.

But when he slashed with the sword, he only pushed back the group of white skeletons, without breaking even a single bone.

"These are Yin spirits infected with unknown power! They have been eroded and nourished by strange and incomparable power for tens of thousands of years. Now people from outside come in and disturb these Yin spirits. It is estimated that all Yin spirits in the entire Yaochi Holy Land have been awakened. ”

At this time, Ye Feng suddenly spoke up.

He looked at the dozens of white-bone skeletons covered with black hair that rushed towards them, and immediately punched out the torrent of the times.

"Boom!!"

A large river of white light shot out directly from Ye Feng's fist, like a terrifying shock wave, instantly shattering dozens of white skeletons into pieces and turning them into broken bones.

"So strong!"

At this moment, Yu Tian, Qin Xue and others couldn't help but their eyes trembled.

At this time, they felt more and more that this young man who was only in the Netherworld Realm of Dzogchen was really too powerful.

At this time, Su He was a little frightened and said: "If we outsiders really awaken all the Yin spirits in the entire Yaochi Holy Land, then the millions of Holy Land practitioners who mysteriously disappeared that year, including those who stepped on The Holy Lord who enters the Immortal Realm will turn into a strange and terrifying ghost and wake up again? "

After Su He finished speaking, several people on the field suddenly fell silent.

They just felt trembling inside at this time.

It's scary to think about it.

Millions of Yin spirits and white bones and skeletons, all awakened?

For the tens of thousands of people who entered this ancient ruins, it was simply an unimaginable disaster.

Ye Feng was extremely calm at this time and said: "Let's quickly use the fragments of the map to find as much treasure and wealth as possible before the real crisis comes, and then walk out of this ancient ruins directly."

"I agree with Mr. Ye Feng's point of view."

Qin Xue spoke up at this time, her beautiful eyes were full of solemnity, and she said in a serious tone: "I originally thought this was a geomantic treasure, but unexpectedly it turned into a dragon's pond and a tiger's den. It is extremely dangerous. We must hurry up."

Yu Tian also nodded and said: "Captain Qin Xue is right. Let's go directly to the several treasure hiding places marked on the map. There are several alchemy pavilions and weapons depots in Yaochi Holy Land. I'm sure There are good things, let's go find them quickly, let's not waste time slowly searching some ordinary places."

"good!"

Several people nodded one after another and hurried towards a certain direction according to the guidance on the map fragment in their hands.

Along the way, although the entire Yaochi Holy Land was extremely beautiful, it was still and quiet, without the slightest breath of life.

There was a strange and sinister aura in the air, which made several people feel very uncomfortable.

At this time, Su He walked to Ye Feng's side, with a hint of excitement in his eyes, and whispered: "Brother Ye, I didn't expect you to be so powerful. Even Captain Yutian can't hurt that black-haired and white-bones skeleton. You It's all solved in one move, it's really amazing."

When Ye Feng heard this, he just smiled slightly and said, "I also used some special methods."

The special method that Ye Feng mentioned was naturally incorporating a trace of the power of Death's backbone into the torrent of the times that he had just used.

Sure enough, the effect was very obvious. Dozens of skeletons with black hair and white bones were blasted to pieces. ??

Ye Feng was also eroded by unknown and strange forces back then, and was almost drained of his life force several times, turning into a black-haired monster that was neither human nor ghost.

But in the end, by chance, Ye Feng integrated a death spine into his own spine.

From then on, the power of death in the backbone of the god of death suppressed the unknown and strange things, and there were no major problems again.

Ye Feng guessed that the backbone of the god of death might also have a huge restraint effect on these strange ghosts in the Yaochi Holy Land.

That's why Ye Feng tried it just now, and it turned out to be very useful.

The black-haired and white-bone skeletons that even a strong person in the Creation Realm couldn't break were all shattered by his fist.

Therefore, Ye Feng can now tell that the reason why these strange white bones and skeletons are so indestructible is that most of them are blessed by unknown powers.

And the death spine fused in his own spine can break through the unknown power of these ghosts.

As long as the unknown hidden in these white bones of Yin spirits is broken, the combat power and defense power of these white bones and skeletons will become extremely weak in an instant.

However, what Ye Feng smashed to pieces just now might just be a group of ordinary disciples from the Yaochi Holy Land.

You must know that among the millions of people in Yaochi Holy Land, there are countless masters of the nine secret realms, and even holy masters are still in the fairy realm.

The existence of fairyland,

How terrifying would it be to be eroded by the unknown and become a ghost?

Ye Feng couldn't even imagine it himself.

So now Ye Feng feels that it is better to grab some benefits before the Yin spirits in Yaochi Holy Land are awakened on a large scale, and then escape from this ancient ruins.

On the way, Ye Feng and his party walked very fast. They did not waste any more time searching for some rooms, pavilions and other ordinary places. They went directly to the first location pointed on the map, which was the outer gate of the Yaochi Holy Land where pills were stored in the past. A library of medicinal elixirs.

After half a day, several people passed through many ancient buildings without disturbing the resurrection of any Yin spirits, and finally came to a majestic tower that reached the sky for several kilometers.

Qin Xue looked at the fragment of the map in her hand, with a hint of excitement in her beautiful eyes, and said: "This is the most precious place on the map. This Tower of Babel was the place where the elixirs were stored at the outer gate of the Yaochi Holy Land. , let's not waste any time, go in quickly."

With that said, Qin Xue walked directly towards the entrance to the first floor of the Babel Tower.

"etc."

Ye Feng's soul power spread out, and he suddenly noticed an unusual aura and said immediately.

But at this time, Qin Xue had already reached the entrance of the first floor, and she was just about to turn around and ask Ye Feng what was going on.

"Pfft!"

Suddenly, a rusty iron spear pierced her abdomen, and blood poured out instantly.

"ah!"

Qin Xue screamed suddenly, and her beautiful face suddenly became extremely frightened.

She saw, at the entrance to the first floor of the Tower of Babel, a tall white skeleton wearing simple armor. The bones were also covered with black hair. At this time, she was holding a rusty iron spear in her hand, piercing it. her belly.

Everything happened so fast that no one could react.

Even Ye Feng, who had been alert with his soul power, was a step too late.

These ancient evil spirits with unknown contamination are really difficult to guard against!

Chapter 1077 Healing

"Qin Xue!"

Almost at this moment, the expressions of several people on the field couldn't help changing.

Especially Yu Tian, his eyes suddenly widened and his expression became extremely frightened and angry.

Although he and Qin Xue were not martial arts partners, they were both comrades in the Fenghuo mercenary group and had fought and practiced together for many years.

Even though no feelings developed, there was still a deep and pure friendship.

"Damn ghost! Die!" ??

Yutian roared loudly, pulled out the blue sword on his back, and released terrifying power from his whole body, slashing at the tall white skeleton wearing simple armor.

"Boom!!"

After all, Yu Tian is a strong man in the eighth secret realm of creation. This sword was shot with anger, and even killed him out of his small world of sword territory.

The terrifying explosive force directly sent the tall white-bone armored skeleton flying into the distance.

"Well!"

At this moment, Qin Xue clutched her bleeding abdomen, her white and beautiful face covered with cold sweat, and fell to the ground in pain.

"How about it?"

Yu Tian immediately came to Qin Xue's side, squatted down and asked nervously.

Qin Xue's beautiful face was full of pain, and she said: "I feel that my life force is losing rapidly, and..."

Having said this, Yu Tian lowered his head and suddenly saw black veins of black energy appearing on the skin near the wound on Qin Xue's abdomen, spreading towards the entire body.

"These Yin spirits are contaminated with unknown ominousness. When they stab you, they can actually infect you with this weird ominousness!"

Yutian's eyes widened all of a sudden, not knowing what to do.

"Jie Jie Jie!"

At this time, the tall, black-haired skeleton in armor who was blasted away not far away climbed up from the ruins, holding the rusty iron spear in his hand, and charged over again.

"Beast! I'll kill you!!"

"

Yu Tian knew that Qin Xue could not be saved, so his eyes suddenly turned red, and he immediately burst out with terrifying fighting power. Holding the blue sword in his hand, he frantically killed towards the tall black-haired armored skeleton.

"boom!!"

The terrifying collision and roar suddenly resounded throughout the entire earth.

At this moment, Su He and Wei Ba stood aside, both looking very ugly.

At this time, they didn't know what to do.

At this moment, Qin Xue covered the blood wound flowing in her abdomen. Her beautiful face was full of fear and panic. She looked towards Wei Ba and said: "Captain Wei Ba, you are a strong man in the middle level of creation. Think of a way." Help me, help me..."

But at this moment, Wei Ba looked at Qin Xue's black strange aura and was infected with something unknown. He immediately took a few steps back and did not dare to get close at all, fearing that he would also be infected with that kind of aura. Weird and unknown power.

When Qin Xue saw this scene, she suddenly felt endless despair in her heart.

Soon she will be swallowed up by the unknown, her blood will drain out and she will die.

Uh-huh!

But suddenly at this moment, a young man in black, whom Qin Xue had never expected, flashed to her side.

"Master Ye Feng..."

Qin Xue wanted to say something.

But Ye Feng just said: "It's a small wound. It's not too serious. It's just that it's a bit difficult to remove. But maybe you can give it a try."

Ye Feng seemed to be mumbling to himself.

Before Qin Xue could say anything, Ye Feng directly pressed a hand on her abdominal wound.

Buzz!

At this moment, Qin Xue suddenly trembled all over, and then she suddenly felt an extremely rich life force.

Qi was surging out of Ye Feng's palm, helping her recover from the serious wound pierced by the iron spear.

At this time, Ye Feng naturally activated the life energy of the immortal tree growing in his body to help Qin Xue heal his injuries.

At this moment, Ye Feng tried to incorporate some of the power of Death's backbone into this breath of life.

Suddenly, the strange and ominous black energy covering Qin Xue's body dissipated quickly.

Just like ice and snow meeting the scorching sun, they quickly dissolved and turned into nothingness.

"What?"

Su He and Wei Ba, who were not far away, saw this scene and their eyes widened.

Qin Xue herself was pulled out of the despair of death by Ye Feng.

The wound on the abdomen has healed as before, leaving only a scar.

And the strangest ominous power also dissipated.

"this....."

Qin Xue suddenly stared at the young man in black next to her, with a stunning brilliance in her beautiful eyes.

Su He was very happy and quickly stepped forward and said: "Brother Ye, I didn't expect that you are not only a powerful warrior, but also an unpredictable healer!"

"Healer?"

Ye Feng smiled and said: "I just happen to have a rare treasure that can restore the body and restrain the strange and unknown power of the Yin spirit."

At this time, Qin Xue recovered her health. At this time, she stood up immediately and gave Ye Feng a woman's blessing gift. Her beautiful face was full of gratitude and said: "Thank you, Mr. Ye Feng, for your help." save."

At that moment, Qin Xue really felt like she was going to die.

It was Ye Feng who pulled her out of the darkness of death by his own strength.

"Qin Xue, are you okay? Hahaha, great! Brother Ye Feng, this time when you go back to Thor Base, I will treat you to a big meal

! "

At this moment, Yu Tian saw his comrade Qin Xue regaining health, and immediately laughed happily.

"boom!"

He slashed down with his sword, directly splitting the tall white-bones skeleton in armor that had been fighting for a long time into countless pieces.

Ye Feng smiled carelessly at this time and said: "We are all comrades in arms now. It is my duty to rescue Captain Qin Xue."

At this moment, Wei Ba, who was not far away, felt extremely embarrassed and his eyes were a little gloomy.

Because just now Qin Xue asked him for help, but he didn't dare to get close at all.

Yu Tian looked at Wei Ba at this moment and couldn't help but snorted coldly, his eyes full of coldness.

Qin Xue was injured, and he was the first to run to Qin Xue.

But Wei Ba avoided his injured comrades like a snake or a scorpion, for fear of harming himself.

This made Yu Tian and Qin Xue feel chilled by their comrade Wei Ba for the first time.

Wei Ba saw the look in their eyes, and his face suddenly became a little ugly.

Wei Ba, whose eyes were downcast, suddenly stared at Ye Feng, trying to divert everyone's attention. He suddenly smiled gloomily and said: "Ye Feng, you just said that you have a treasure that can restrain Yin spirits. I think , We are all a team, you should take out the treasure now and let us share it together."

What Wei Ba said at this time was very vicious, and he wanted to drive a wedge between Ye Feng and several other people.

When Ye Feng heard what Wei Ba said, his eyes immediately turned cold, he smiled sternly, and said: "Wei Ba, have you forgotten what I said when we entered the ancient ruins before? Do you dare to provoke me again? , I will kill you directly!"

boom!

Almost at the moment Ye Feng finished speaking, a huge murderous aura suddenly surged out of Ye Feng's body. It was bone-chilling, the sky was freezing, and it crazily enveloped Wei Ba.

Chapter 1078 The best elixir

Buzz!

The cold and terrifying killing intent, like a wild wave sweeping through the nine heavens, instantly enveloped Wei Ba who was not far away.

Ye Feng walked towards Wei Ba step by step, his eyes were cold, and he said: "I originally thought that you were sincerely sorry and wanted to spare your life, but I didn't expect that you would be so bold and come to provoke me again and again. , do you really think I don't dare to kill you?"

boom!

At this time, Ye Feng said and suddenly arrived not far in front of Wei Ba.

The terrifying murderous aura made Wei Ba's face pale, and he suddenly shouted: "Yutian, Qin Xue, Su He! We are all members of the Fenghuo mercenary group and comrades in arms. Please take action to kill Ye Feng, an outsider." ! Otherwise, when I return to the Fenghuo Mercenary Group, I will definitely let the leader punish you all!"

Qin Xue's eyes were extremely cold at this moment, and she could never forget Wei Ba's heartless look before.

At this time, she said coldly: "Wei Ba, you are not worthy of being called a comrade by us. Now that Young Master Ye Feng is taking action, you should give up. We will not help you. You can fend for yourself." .?? .

Yu Tian and Su He also remained silent at this time, obviously not planning to intervene.

When Wei Ba saw this scene, he was immediately frightened to the extreme.

He never expected that this group of people would ignore him at all.

"Hmph, Ye Feng, and you guys, wait until I return to the Beacon Fire Mercenary Group, and I will look good on you!"

At this moment, Wei Ba suddenly smiled fiercely, then turned around and ran away, laughing loudly: "Ye Feng, I can't beat you, but you can't keep me if you want to run away!"

Wei Ba is the being with the highest cultivation level among the few people, and has a powerful cultivation level in the middle-level creation realm.

At this time, he hated everyone present, and then fled here with hatred.

"Stay!"

Ye Feng seemed to have expected it. He didn't panic at all and just grabbed the front.

"boom!"

In the direction where Wei Ba was escaping, more than forty war swords bursting out with bright light burst out of the void in an instant.

It was like flying feathers all over the sky, surrounding Wei Ba's entire path.

Ye Feng had long expected that Wei Ba would escape, so he had secretly placed the Invincible Sword Domain behind Wei Ba.

The direction unfolds and lurks.

At this time, the Invincible Sword Domain instantly appeared. More than forty war swords were clanking and sharp, and they surrounded Wei Ba, making him feel that there was no way to go to heaven and no way to go down to the earth.

"No!!!"

Wei Ba yelled: "Savage Dragon Sacred Art!"

boom!

His whole body suddenly expanded rapidly, directly enlarging into a dragon-man several hundred meters tall. His muscles were like a horned dragon's, filled with boundless violent power. It was like

an ancient humanoid beast, beating its chest and stamping its feet towards the distance. Chu rushed madly, trying to escape from the restraints of the Invincible Sword Domain.

"Sleepy!"

But at this moment, Ye Feng just uttered a word and stretched out a hand to hold it in the distance.

Clang! Clang! Clang...

Almost at this moment, there were bursts of piercing sword sounds.

Forty-seven war swords floating in the sky flew in front of Wei Ba and instantly pierced every part of Wei Ba's body.

"Pfft!"

"Pfft!"

"Pfft!"

Wei Ba doesn't have Ye Feng's holy body as strong as divine iron.

His wild dragon body was directly pierced by an extremely sharp sword.

"ah!"

Wei Ba suddenly let out an earth-shaking scream.

His entire wild dragon body was pierced by dozens of war swords at once, and he was nailed to the ground, bleeding profusely, and there was no way he could escape.

"Ye Feng! Ye Feng! I was wrong! I shouldn't have targeted you! Give me another chance and let me go. I am willing to become a dog under your command!!!"

At this moment, Wei Ba was staring at the ground with dozens of swords, and he immediately screamed in pain and terror, begging for mercy.

But at this time, Ye Feng stepped forward and it was impossible to give this Wei Ba a chance.

He directly pulled out a sword and said, "Pfft

"With a sound, Wei Ba's head was immediately cut off.

An intermediate-level creation realm expert was killed instantly!

The three Yutian people not far away saw this scene and didn't say much.

The relationship between this Wei Ba and them was not very good, but this time they teamed up with each other. .??.

Just now, Wei Ba's attitude towards Qin Xue by refusing to save her and even avoiding him had made Wei Ba extremely disgusted in the minds of several people.

Moreover, this Wei Ba targeted Ye Feng again and again. Ye Feng killed Wei Ba, and several people pretended not to see anything.

At this time, Qin Xue looked at the Tongtian Tower and said with a smile: "Let's quickly enter the Tongtian Tower and look for the miraculous medicine of the Yaochi Holy Land."

Ye Feng had just searched Wei Ba's storage spirit ring at this time, then nodded and followed a few people into the Babel Tower.

In view of the fact that Qin Xue was attacked by an armored skeleton Yin spirit just now, several people were very careful when entering the Babel Tower this time.

However, what made a few people breathe a sigh of relief was that they entered the giant tower safely and were not attacked by Yin spirits.

"Wow! So many pills!"

At this time, several people walked in, and Su He couldn't help but exclaimed in surprise.

On the first floor of the Tower of Babel, there are rows of shelves and boxes filled with elixirs that sparkle with various auras.

There are thousands of boxes on this level, which means there are thousands of pills.

Qin Xue also looked surprised and said: "These elixirs have not decayed after tens of thousands of years, but are still blooming with spiritual light and exuding a strong medicinal fragrance. They must be top-quality elixirs, possibly top-notch true saint-level elixirs." , second only to the legendary immortal elixir."

Yu Tian immediately rushed forward and said: "Hurry up and collect it. This Babel Tower has a total of nineteen floors, and there are hundreds of thousands of high-level elixirs. This time we distributed them!"

Ye Feng didn't care to talk at this time, and rushed directly to the middle of the first floor, collecting the pills that exuded strong energy fluctuations one by one into the storage ring.

Seeing this, Su He quickly started collecting the pills.

The four of them were in perfect agreement at this time. They each found an area to collect the pills without disturbing each other. How much they could collect depended on their own speed.

Soon, all the elixirs on the first eighteen floors of the Babel Tower were swept away.

Ye Feng looked at the tens of thousands of sparkling top-grade elixirs in the storage ring, and felt extremely happy in his heart.

If all these tens of thousands of top-quality elixirs are refined, the huge medicinal energy will definitely break one's final bottleneck and step into the eighth secret realm of creation!

But there is no time to refine it now.

Because the four people came to the nineteenth and last floor of the Babel Tower.

"boom!!"

When everyone worked together to open the door to the nineteenth floor, they immediately saw that there was no elixir inside, but there was a vermilion coffin in the middle, which seemed to give off a very strange aura.

Yu Tian's eyes were a little wary, and he said: "Logically speaking, the highest level of this giant tower that stores elixirs contains the most precious elixirs. I originally thought that there would be many immortal-level elixirs in this nineteenth floor. Why is the medicine a scarlet coffin?"

Qin Xue's beautiful eyes also showed a hint of vigilance as she said: "We'd better leave. The Yaochi Holy Land is really weird, so it's better not to provoke it."

Su He also nodded, not intending to take risks.

But at this time, Ye Feng stared at the scarlet coffin and suddenly said: "Sir, stop pretending to be a ghost and come out of the coffin quickly."

"What?"

"Is there anyone in that coffin?"

Almost at the moment Ye Feng finished speaking, Yu Tian, Qin Xue and Su He could not help but stare blankly.

Ye Feng nodded and said: "Someone got there early, plundered the elixir on the 19th floor, and then hid in the mahogany coffin, probably to scare us away."

"real or fake?"

When several people around him heard what Ye Feng said, their eyes suddenly showed a trace of weirdness.

If this is really the case, then the person hiding in the vermilion coffin at this time must be too insidious.

Chapter 1079 Old Golden Dragon

After Ye Feng finished speaking, he found that there was still no movement in the vermilion coffin.

There was a hint of evil in his eyes, and he said to the scarlet coffin: "Since you want to be a rogue and can't come out, well, I will come and invite you in person."

After saying that, Ye Feng held his hand directly in the air, and the Hell Sword appeared in his hand, exuding a terrifying and destructive wave, and he walked towards the vermilion coffin.

"No, no, no! I'm coming out! I'm coming out!"

And almost at the next moment, a weak and fearful voice came out of the vermilion coffin.

"Is there really someone who got there first and hid in the scarlet coffin, pretending to be a ghost and trying to scare us all away?"

At this moment, listening to the begging for mercy coming from the coffin, Qin Xue, Yu Tian and Su He couldn't help but have a strange look on their faces.

If Ye Feng hadn't discovered the clue, I'm afraid they would have been scared away.

"Squeak!"

And at this moment, with a burst of friction, the vermilion coffin lid slowly opened.

At this time, everyone's eyes were focused on the scarlet coffin.

Obviously they were all very curious, who was it? With this ability, he was able to hide from their perception and lurk in the nineteenth floor in advance.

And the next moment, when the coffin lid was completely opened, several people saw the figure inside, and their eyes immediately widened.

It turned out not to be a human being.

But a dragon!

But it is a dragon that is only as tall as a person. Although it is a dragon, it does not have any majesty at all, but looks a bit wretched.

Moreover, this dragon is also a five-clawed golden dragon. It should have been the emperor of the dragon clan and the most orthodox dragon clan.

But at this moment, this five-clawed golden dragon, which is only as tall as a person, has no trace of it at all.

His image and majesty were beyond words, but he grinned and crawled out of the coffin. He smiled at Ye Feng and the others and said, "I'm sorry, everyone. I didn't mean to lie to you, but I really didn't." No way, because I ate all the elixirs on the 19th floor."

"What?"

When Yu Tian and others heard the words of this five-clawed golden dragon, their expressions suddenly changed.

Especially when they saw the elixir fragments under the five-clawed golden dragon's feet scattered all over the floor, they immediately felt extremely sad and regretful.

If this five-clawed golden dragon is a true emperor of the dragon clan, then maybe forget it.

But at this moment, the five-clawed golden dragon rubbed its two claws together, like a person rubbing his hands, and looked like a wretched old gangster, which made people feel that these elixirs were wasted.

Yu Tian and others had expressions of pity in their eyes, but there was nothing they could do.

After all, the elixir was eaten by this five-clawed golden dragon.

What else can be done?

Did you stew it?

But the power of the medicine must have been digested by the five-clawed golden dragon.

Ye Feng was staring at the five-clawed golden dragon with a strange look in his eyes.

Ye Feng had also encountered a five-clawed golden dragon from the ancient era before, but that five-clawed golden dragon had a towering body of tens of thousands of meters and stretched across the entire mountain. Although it was dead, it still maintained the majesty of the dragon emperor.

But the five-clawed golden dragon in front of me, which is as tall as a person, looks like an old fried dough stick. Not only does it have no majesty, but it also has no fluctuations in cultivation strength. It is very weak.

If it weren't for the strong energy radiating from his body

The dragon spirit of the authentic five-clawed golden dragon, perhaps even Ye Feng thought it was an old ruffian pretending to be it.

At this time, Ye Feng's Taotie Soul looked very unhappy in his mind. He felt that it was so embarrassing that such a wretched coward appeared among his father's five-clawed golden dragon clan.

However, the five-clawed golden dragon is very rare. It is the rarest species among the dragon clan. It is the natural emperor among the dragon clan and represents the most orthodox dragon.

So at this time, Ye Feng walked up to the old gangster-like five-clawed golden dragon, smiled slightly, and said: "Senior Old Golden Dragon, I wonder where you came here from?"

"Old Golden Dragon?"

The five-clawed golden dragon glanced at Ye Feng, seeming to be unhappy with this title, but he could feel that Ye Feng was very strong, and said honestly: "After I woke up, I was in this ghost place, and there are weird spirits everywhere. , If it weren't for my pure golden dragon blood that can ward off evil spirits, I would have been destroyed by those weird and terrifying ghosts."

When Ye Feng heard the old golden dragon in front of him saying that its dragon blood could ward off evil spirits, the corners of his mouth twitched slightly.

The blood of the five-clawed golden dragon is the purest orthodox dragon blood in the world. It is as precious as the immortal wine.

But in Lao Jinlong's place, he used it to ward off evil spirits?

I have to say that this old golden dragon is very strange.

Ye Feng knew that the old golden dragon had taken a lot of elixirs, so he couldn't help but stare at the golden dragon body of the old golden dragon, with a look of enthusiasm and expectation, and said: "Old golden dragon, you have snatched so many elixirs and wonderful medicines here, now let you I really don't want to leave like this. How about you give each of us a drop of the golden dragon's blood and let you go?"

A drop of blood of a five-clawed golden dragon has magical effects and contains incredible power of creation.

It is said that in ancient times, most of the human race

They all regard the five-clawed golden dragon as a supreme being on the same level as the gods.

So when they saw the old Jinlong in front of them looking like a coward and a coward, the people present had very strange looks in their eyes.

Even the Taotie soul in Ye Feng's mind was so angry that he didn't want to speak.

Ye Feng was staring at Old Jinlong at this time.

Although this cowardly five-clawed golden dragon is weak in strength and character, it is a genuine five-clawed golden dragon after all, and his dragon blood must be very pure.

At this time, when Lao Jinlong heard that Ye Feng wanted his dragon blood, his expression suddenly changed and he shouted: "Brother, I am anemic. If I give you some dragon blood, I will fall into coma immediately. Then I will be poisoned by this ancient ruins." Once the evil spirit is killed, it will be over, I don't want to die yet."

anemia?

At this time, Ye Feng, including Yu Tian and others around him, heard the words of the five-clawed golden dragon and couldn't help but twitch the corners of their mouths.

This five-clawed golden dragon, which is as tall as a person, is truly a wonder.

Ye Feng didn't care so much, he just stepped forward and grabbed the old golden dragon's claw with one hand.

"Qiang! Qiang!"

The old golden dragon wanted to escape, but he suddenly found that his dragon claws, which could cut gold and iron, were cutting into Ye Feng's palm, and they made sounds like metal being delivered, and even sparks appeared. Son.

"Holy crap! What is your kid's body made of? Ancient divine iron? Why is it so hard! Even I can't break free from the divine dragon's claws, and not even a layer of your skin is cracked."

Lao Jinlong's eyes suddenly widened and he stared at the young man in black in front of him in shock.

Ye Feng grinned, stared at Old Jinlong, and said, "Anyway, you won't be able to leave unless you let out some blood today."

Chapter 1080 Follow you

At this time, Lao Jinlong had two dragon claws stuck on his waist, and his dark golden eyes were staring at Ye Feng and the others in front of him, and he saw the evil look in their eyes.

At this time, Qin Xue cooperated with Ye Feng very much and said: "Ye Feng, why don't we stew this five-clawed golden dragon? He swallowed the entire nineteenth-level elixir and ate it after stewing it. It will definitely be comparable to eating a whole Dunxianzhen may be able to greatly increase our cultivation."

Stewed?

The moment Qin Xue finished speaking, Lao Jinlong immediately changed his face in fear, and shouted quickly: "Don't stew me! Stew me! I'm quite old, and my skin is rough and my flesh is thick. It will definitely not taste good if stewed." "

Ye Feng squeezed the old golden dragon's dragon claw tightly and said: "You are a male dragon, just be happy and give each of us a drop of your golden dragon's blood. We will not hold you responsible for eating all the elixirs on the 19th floor." , there are only four of us, just four drops of blood, why are we so cowardly? "

When Lao Jinlong heard what Ye Feng said, his mouth twitched slightly.

"All right."

After thinking for a long time, Lao Jinlong could only give in.

Otherwise, he felt that these people might really stew him.

Especially for Ye Feng, Lao Jinlong felt that this black-clothed human boy was staring at his dragon body as if he were looking at a pot of dragon meat.

"Ahhh!"

Next, the old golden dragon screamed in an exaggerated manner, reluctantly pierced a layer of dragon skin on his dragon claw, and then squeezed out four drops of blood.

These four drops of blood are all pure gold, shining with immortal golden light, and look very magical.

"It hurts me to death!"

Lao Jinlong immediately shouted loudly.

Ye Feng distributed four drops of golden dragon's blood to each of Qin Xue, Yu Tian and Su He, and kept one drop for himself.

He looked at the old golden dragon who was howling miserably, slapped the huge dragon's head directly, and said: "Stop howling, it doesn't hurt that much, you are exaggerating."

Lao Jinlong suddenly stopped howling miserably, stared at Ye Feng, and said: "By the way, what kind of skills does your kid practice? Why do you belong to the human race?"

Can the body become so hard through cultivation? "

Ye Feng smiled and said, "You want to know?"

Old Jinlong nodded and said, "I think so."

Ye Feng stared at the pure golden dragon body and said, "Give me another drop of golden dragon blood, and I will tell you this secret."

"you!"

Lao Jinlong's voice suddenly got stuck in his throat, and then he stopped talking. It took him a long time to hold back one sentence: "You're such a money fan."

At this time, Ye Feng ignored the old golden dragon, looked at the three people beside him, and said: "It's very safe here. We have got so many pills and a drop of golden dragon's blood now. Let's practice here first." Well, if we can break through in cultivation, it will be safer for us to search for opportunities in this weird Yaochi Holy Land."

Yu Tian also nodded in agreement at this time and said: "We have gained a lot this time. We should digest all the cultivation resources first and improve our cultivation. I originally thought that the Yaochi Holy Land was very safe, but I didn't expect to encounter contamination. There are ghosts like ominous Yin spirits, so we can still improve our cultivation and improve our cultivation as quickly as possible."

Qin Xue and Su He both nodded at this time and began to find a place on the nineteenth floor. They sat down cross-legged and began to refine the various high-grade elixirs they had obtained from the first eighteen floors.

At this time, Ye Feng also walked to the side, sat down cross-legged, and took out all the tens of thousands of top-quality true saint-level elixirs that he had obtained before, second only to the immortal-level elixirs. He opened his mouth and fiercely With one breath, all the tens of thousands of pills were sucked into his stomach.

"boom!"

At this moment, a terrifying and powerful medicinal power exploded in Ye Feng's body.

When Old Jinlong not far away saw this scene, he couldn't help but gasped.

Apparently Ye Feng's tough training method allowed him to swallow tens of thousands of pills in one go

The elixir shocked the five-clawed golden dragon with mysterious origins and identity. It was really shocking.

"Is this kid the reincarnation of a giant sky-swallowing beast? Why is he so fierce!"

At this time, Lao Jinlong couldn't help but muttered something not far away.

At this time, Ye Feng felt the power of tens of thousands of pills, surging through his body like a violent storm.

"The oven of creation!"

"Swallow and refine!"

boom!

At this moment, Ye Feng visualized the oven of creation and regarded his small body as a large oven that could accommodate all things in the world.

Therefore, the power of tens of thousands of pills could not break through Ye Feng's body at this time, and they were all refined in an instant.

"not enough!"

Ye Feng suddenly opened his eyes and swallowed the drop of golden dragon's blood he had just received.

"boom!"

Although the old golden dragon is very timid and doesn't seem to have any strength for some reason, he is a genuine five-clawed golden dragon after all.

A drop of pure Dragon King's blood from a five-clawed golden dragon, the moment Ye Feng swallowed it, was combined with the power of tens of thousands of top-grade elixirs.

The bottleneck of his seventh secret realm, the Great Perfection Realm, suddenly broke through. Like a dam releasing floods, Ye Feng instantly stepped into the eighth secret realm, the realm of creation!

The next step is to condense your own little world of creation.

Ye Feng is temporarily able to smelt two small worlds, the first is the Devouring Small World, and the second is the Sword Domain Small World of the Invincible Sword Domain.

By creating a small world, the power of these two methods will be greatly improved.

It took three full days for Ye Feng to finally succeed.

At this time, he finally opened his eyes and let out a long breath.

This breakthrough was very smooth.

\u003e The main reason is that the training resources obtained are really abundant.

Tens of thousands of top-quality true saint-level elixirs second only to immortal-level elixirs, plus a drop of pure five-clawed golden dragon's blood.

Even if you feed it to a pig, the pig can take off instantly and become a pig monster!

At this moment, Ye Feng stood up. He saw that not far away, Yu Tian, Qin Xue and Su He were still practicing. The cultivation aura of the three people was significantly better than three days ago. The growth made Ye Feng smile slightly.

As their strength increases, the overall comprehensive ability of this small team will improve a lot, and they will be safer in this weird ancient ruins of Yaochi Holy Land.

"Um?"

Suddenly at this moment, Ye Feng suddenly saw a five-clawed golden dragon as tall as a person, lying like a dead dog at the door of the 19th floor, sleeping soundly.

This old fritter hasn't left yet?

Ye Feng was a little surprised, walked over, kicked the old Jinlong who was sleeping soundly on the ground, and said, "Why haven't you left yet? You are free now, you can go, we won't embarrass you anymore."

Old Jinlong was woken up, rubbed his eyes, glanced at Ye Feng, and said: "I gave you several drops of blood. It's really a shame. There are only a dozen elixirs in the nineteenth floor." "

Ye Feng was a little surprised and said, "Then what do you want?"

Old Jinlong looked at Ye Feng, smiled, rubbed the dragon's claws, and said: "I woke up in the ancient ruins of this Yaochi Holy Land, and I couldn't find a way out. If I follow you out now, I can always Isn't that too much to ask for?"

Ye Feng stared at Old Jinlong and said, "Do you want to leave the Yaochi Holy Land?"

Old Jinlong nodded and said: "Yeah, that's for sure. I don't want to stay in this ghost place all the time. My divine power has been sealed inexplicably. I have to find a way to unlock this seal."

When Ye Feng heard this, his eyes flashed slightly, and then he nodded and said, "You can follow if you want. I don't have any objection anyway."
