Chapter 1141 The Base Camp of the Underworld Demon Sect

Hearing Ye Feng's question at this time, the body of the demon god immediately answered honestly: "The high-level combat power of our Huangquan Demon Sect has a total of nine great demon elders, all of whom are powerful in the lower immortal realm. , and the strongest one is our sect master, the 'Demon Lord of the Underworld', he is the most powerful demon, with a powerful cultivation level in the middle of the immortal realm."

When Ye Feng heard this, his eyes suddenly showed a hint of surprise.

The most powerful Demon King of Underworld is just a powerful person in the intermediate immortal realm?

Then Ye Feng felt relieved.

Although this group of demons have been transformed by the dark power from the high-level interface of the dark alien race, their combat power is estimated to far exceed that of the powerful human beings at the same level of cultivation.

But Ye Feng is not a vegetarian, and his combat power is also extremely powerful. When he reached the Dacheng Holy Body before, he was able to compete with the middle-ranking immortal from a big state like Yanzhou just by relying on the power of the Dacheng Holy Body. Mr. Zhuge, a great master of the realm, could not be defeated with a single blow, and even knocked the opponent back.

Therefore, as long as Ye Feng does not meet the forbidden and powerful figures in the upper immortal realm, he will not have any life or death crisis.

Although the Underworld Demon Lord commands a huge demon force, he must have very powerful killing methods. ??

But Ye Feng felt that this risk was worth it.

If you can swallow up the entire Underworld Demon Sect, maybe the entire Underworld Demon Sect can help you achieve the true fairyland!

Become a real powerhouse!

From now on, we have entered the level of immortality and are no longer bound by time and years!

At this thought, Ye Feng's heart became even more intense.

He decided not to go back to look for Ning Qingxue, Young Master Xuanyuan Han and others, and directly prepared to go to the Underworld Demon Sect.

Thinking of this, Ye Feng immediately stared at the demon spirit body in front of him, and said in a cold tone: "Take me directly to the Underworld Demon Sect."

This body of demonic spirit is like

As if he had guessed what Ye Feng was thinking, he couldn't help but exclaimed: "Sir, you want to go to the Underworld Demon Sect alone? Don't you need to unite with your companions...ah!"

The body of the devil's spiritual thoughts still wanted to say something, but in Ye Feng's mind, a golden soul flying knife suddenly flashed out, and with a "puff", one of the arms of the body of the devil's spiritual thoughts was removed. .

"ah!"

The demon's body of divine thoughts immediately howled miserably.

Ye Feng's indifferent voice sounded: "Just do as I say, don't talk so much nonsense, there are some things you are not qualified to ask."

"Yes Yes Yes!"

The devil's spiritual body felt Ye Feng's iron-blooded will, and immediately understood that this young man in black was a ruthless person and should not be offended.

Although the body of this handsome young demon was now dead, his soul was not dead after all. He thought to himself that he might as well lead the way for Ye Feng with peace of mind. Maybe he could still keep his soul body and survive, which was better than losing everything.

So along the way, the demon spirit body even began to take the initiative to explain to Ye Feng the various defensive buildings and distribution locations of the Huangquan Demon Sect, and how to completely capture the entire Huangquan Demon Sect and prevent any demon from escaping. , all became Ye Feng's devouring nourishment.

...

After three days and three nights, Ye Feng, led by this devil's spiritual body, passed through countless barren mountains and rivers and traveled hundreds of thousands of miles, and finally came to the end of this endless wilderness.

At this time, Ye Feng was standing on a swamp. He saw a huge, pitch-black mountain rising up in the wilderness not far away.

The entire pitch-black mountain range is extremely majestic.

It is huge, but it exudes a very evil dark demonic aura.

The body of the handsome young demon's spiritual mind introduced aloud next to Ye Feng: "That black mountain is said to be a piece of hell ore brought from hell by a powerful dark alien race, and it turned out to be directly there. This place has become a magic mountain, exuding strong and pure demonic energy from hell. The demonic energy emitted by this magic mountain has hatched countless powerful demons, and the most powerful demon king in our Huangquan Demon Sect is Huangquan Demon Lord. , and even accepted the first ray of pure hellish demonic energy emitted by the Demonic Mountain when it first arrived, and then finally transformed into a mid-level immortal realm power, becoming extremely powerful and commanding the entire Huangquan Demonic Sect. "

At this moment, listening to the words of the demon body beside him, Ye Feng nodded and said: "Okay, I know everything. You are no longer of use. If you become a demon, you will end up like this." There is only one, and that is the destruction of both form and spirit."

Uh-huh!

Almost at the moment Ye Feng finished speaking, a golden soul knife flew out of his head, instantly tearing apart the body of the demon spirit around him who had no time to scream.

Although the body of the devil's spiritual thoughts helped him, Ye Feng knew very well that if he released the body of the devil's spiritual thoughts, the devil might take away other innocent and weak human beings and resurrect them, which would endanger the world. , it is better to just do nothing and eliminate it completely.

At this moment, Ye Feng slowly lurked towards the headquarters of the Huangquan Demon Sect ahead.

Buzz!

He exuded powerful soul power, covering the entire Underworld Demon Sect.

At this time, Ye Feng knew that among the demon forces, there was an extremely powerful Demon Lord of Underworld, a mid-level immortal realm expert, and nine demon elders, who were lower-level immortal realm experts.

one

The power of the middle immortal realm!

Nine powerful men from the lower realm of immortality!

Moreover, they are all ferocious demons whose means and combat power are far beyond ordinary people. They have been transformed by the dark power from the higher interface, and they are very cruel and powerful.

At this time, Ye Feng even had the guts to release Emperor Styx who was suppressed in the oven of creation.

But Ye Feng asked Old Jinlong and found that the special poison that Old Jinlong prepared for Emperor Styx last time had not completely eroded into Emperor Styx's body.

"Let little Qilin help you!"

The old golden dragon jumped out of the spirit beast bag at this time, holding in his hand a small crimson unicorn covered in flames.

Ye Feng stared at Xiao Huo and said, "What level of Holy Spirit can Xiao Huo's flames hurt now?"

The old golden dragon held Xiao Huo in his two golden dragon paws, chuckled, and said: "Now Xiao Huo's mysterious fire Qilin's natal fire is enough to seriously injure a low-level immortal, even a mid-level immortal." The realm can cause some minor injury threats."

When Ye Feng heard what Lao Jinlong said, he immediately looked at Xiao Huo in surprise and said, "Xiao Huo has grown so fast? Not bad, not bad!"

"Ho ho ho!"

Xiaohuo seemed to understand Ye Feng's praise at this time, and he roared cutely.

At this time, Ye Feng's eyes were very bright and he looked at Lao Jinlong and said: "Then you take Xiao Huo and join me to kill the Huangquan Demon Sect and completely wipe out this demonic force. No, before we take action, Lao Jinlong, you first secretly arrange a powerful sealing formation around the base camp of the Underworld Demon Sect. When the time comes, no demon from the Underworld Demon Sect can be allowed to escape, and no power is wasted. Can I become an immortal today? It depends on whether this Huangquan Demon Sect can do anything!"

Chapter 1142 The Nine Demonic Elders

In the next few hours, Ye Feng did not take action directly. Instead, he and Lao Jinlong used various precious formation materials to silently arrange a formation on the ground around the base camp of the Huangquan Demon Sect. A very huge seal formation.

This sealing formation does not have any killing power, but Old Jinlong said that this is the most powerful sealing formation it can currently deploy.

Lao Jinlong said with a smile at this time: "Although this sealing formation I have arranged has no killing power, the binding power of the seal is absolutely invincible. By then, let alone the demons

under the fairyland, it will be the middle fairyland. That Underworld Demon Lord, don't even think about escaping from the sealing formation in a short period of time."

When Ye Feng heard this, his eyes immediately showed a hint of joy and said: "That's great, this time the entire Huangquan Demon Sect will be stewed in one pot!"

boom!

And almost the moment Ye Feng finished speaking, Old Jinlong directly activated the huge sealing formation he had arranged.

Buzz!

The next moment, the entire base camp of the Huangquan Demon Sect around the Demon Mountain was suddenly shrouded in a golden divine light array.

The moment the sealing formation was activated, the entire base camp of the Underworld Demon Sect became commotion.

"What happened? Is this a formation?"

"Enemy attack, enemy attack! An unknown strong person secretly set up a huge formation around our base camp, trapping us!"

"Everyone, cheer up! A powerful enemy has invaded!"

Almost at this moment, the demons in the buildings of the Huangquan Demon Sect all had their eyes shaken, and they all ran out.

They looked at the golden formation of light in the sky, and felt that the entire area where their Huangquan Demon Sect was located was completely isolated from the world. It was like the outside world was suddenly divided, and they could no longer feel any outside sounds or the energy of heaven and earth. .

"boom!"

And just when many demons from the Underworld Demon Sect were in a daze, a sword with a terrifying sword light suddenly flew down from the sky, all of which were full of very powerful edge and power.

"Pfft!"

"Pfft!"

"Pfft!"

Almost at this moment, in just a few seconds, dozens of various demons under the immortal realm of the Underworld Demon Sect were pierced by the flying sword, and they were killed in an instant. In place.

"What??"

All the demons were shocked when they saw this scene.

The power of those dozens of war swords was so terrifying that even the powerful Demon Captain, who was in the half-step fairyland, was pierced through his body at once, without any resistance at all.

"Hahaha, demons from the Underworld Demon Sect, you will all die today!"

At this time, along with a long laugh, a young figure was wearing black clothes, looking extremely free and easy.

, stepping from a distance in an instant.

Next to him was a five-clawed golden dragon, holding a small unicorn in its claws.

It was Ye Feng and Lao Jinlong!

And a small fire!

They spent several hours from just now to finally successfully setting up this sealing formation and then activated it.

Naturally, they would not lurk any longer now. They simply broke into the Underworld Demon Sect and began to kill the demons who had fallen into the dark demon clan without mercy.

Ye Feng activated the Invincible Sword Realm as soon as he came up. He used dozens of swords to kill many masters of the Huangquan Demon Sect in an instant, and blood flowed into rivers in an instant.

Ye Feng's soul power is very powerful, so no matter how many swords there are in the Invincible Sword Domain, he can control them at will. When dealing with many enemies, the Invincible Sword Domain is very effective, and its lethality is terrifying.

At this time, Ye Feng stared at the depths of the Huangquan Demon Sect and shouted: "I am here today to destroy the dark forces like you that betray the human race. Now let your commander-in-chief, the Huangquan Demon Lord, come out and fight with me!"

Ye Feng felt that in the depths of the Underworld Demon Sect, there was a life wave with a very powerful aura and extremely strong energy and blood lurking.

That is definitely the Underworld Demon Lord!

If such a powerful demonic creature swallowed up all his skills and life essence, Ye Feng would not even dare to imagine how far his cultivation base would grow.

So Ye Feng is very excited now, and his desire to kill is rising!

"Whoever is coming, please tell me your name!"

Swish, swish, swish!

Swish, swish, swish!

At this time, nine figures in black clothes, including men and women, old and young, stood in front of Ye Feng.

Buzz!

These nine demons all exude the surging momentum of the lower immortal realm, they are very powerful!

Obviously, these nine figures are the nine great demon elders of the Underworld Demon Sect.

A demon elder stared at Ye Feng and said coldly: "Your Excellency's cultivation is only half-step to the realm of immortality. You are so weak. I can't figure out who gave you the courage to come directly to us. Provocation from the base camp of the Underworld Demon Sect?"

Ye Feng smiled and said: "You guys are no match for me. Get out of the way. The one I want to fight is your sect leader, Demon Lord Huangquan!"

A demon elder immediately smiled disdainfully and said: "A young boy dares to come here and pretend, then I will kill you on the spot, just to scare the monkeys, and see who dares to trespass into the important place of our Huangquan Demon Sect in the future! "

"The devil is coming!"

"Slay the sky!"

boom!

This demon elder is a female demon. At this time, she stretched out her white jade hand, and a black spine-like demon sword appeared in her hand. She shouted, and directly displayed a set of dark alien skills. inheritance.

Buzz!

In an instant, a huge dark ancient demon appeared around her, filled with endless demonic energy. It was really like a demon coming to the world, trying to kill everyone.

"I don't have time to hang out with a little guy like you here!"

Ye Feng rushed directly towards the depths of the Huangquan Demon Sect in the distance, and slapped him casually.

boom!

A big star hand, towering like a mountain, appeared in an instant, with infinite heaviness and pressure. It was like an ancient mountain. With a roar, it directly slapped away the charging demon female elder.

"ah!"

This demonic female elder is a powerful person in the realm of lower immortals, but at this moment, she collided with Ye Feng's big star hand, as if it had hit a copper wall. The magic sword in her hand suddenly "clicked" and shattered. Then her whole body was hit, and she spurted out a mouthful of black blood and flew backwards.

"What?!"

"Elder Yafei is a genuine great master of the Immortal Realm! How come he was blown away by a human boy who is only half a step into the Immortal Realm?"

"How can this be!"

Almost at this moment, seeing the shocking scene of the female demon elder being slapped away by Ye Feng, all the demons in the Huangquan Demon Sect couldn't help but exclaimed.

Even the other eight demon elders from the Lower Immortal Realm had expressions of surprise in their eyes.

"Stop this boy quickly. He is definitely the top genius among the human race and possesses incredible combat power!"

"His strength is probably comparable to that of a genuine mid-ranking expert from the Immortal Realm!"

"The master of the sect is retreating to break through to the realm of higher immortals. We must stop this young prodigy!"

At this moment, the nine demon elders all shouted loudly.

Uh-huh! Uh-huh! Uh-huh!

They all rushed towards Ye Feng in an instant, releasing monstrous demonic energy from their bodies and possessing terrifying killing power.

"small fire!"

Ye Feng roared instantly.

"I'm coming!"

Lao Jinlong immediately held a small fire and flashed not far away from Ye Feng.

"Small fire, burn these demons to death!"

Lao Jinlong roared instantly.

"Roar!!"

Xiao Huo instantly roared and roared. Although it looked very cute, it was really about to release the flames. This roar was like the roar of a tiger and a dragon.

Like this, full of endless pressure and the innate momentum of the overlord race!

"boom!!"

An extremely terrifying naked flame suddenly burst out from the mouth of Xiao Huo's unicorn, directly forming a sea of flames in the sky, blocking all the demon elders who rushed over, and shrouded in infinity in the flames.

"How powerful can the flames spewed out by a little thing be? Put it out!"

When a demon elder saw how small and cute Xiaohuo was, he immediately disdained to take action and wanted to directly destroy the sea of flames.

"Wow!"

But when the demon elder just stretched out his hand, the flames sprayed out from the small fire suddenly attached to his palm, and then burned his demon claws to ashes in just one second. Drifting away in the wind.

"ah!!"

The demon elder suddenly let out a howl of extreme pain: "What kind of fire is this? What kind of flame is this! Even the body of an immortal who is invulnerable to a hundred fires can be burned to ashes in an instant? Why? possible!"

The other demon elders who saw this scene all exclaimed in surprise.

"What? How can the flames spewed out by a little beast be so powerful!"

"Is this fire unicorn one of the legendary fire unicorns with high bloodline?"

"Sir, Sect Master! Sect Master, please save us!"

A group of powerful demon elders from the Lower Immortal Realm were trapped in the endless sea of fire, struggling to resist.

At this time, Ye Feng had already arrived at the dark palace deep in the Underworld Demon Sect.

"boom!"

Ye Feng slashed with his sword, directly splitting the top of the black palace.

Wow!

Wow!

Among the countless broken buildings, in a secret room inside the dark palace, a young man wearing a pale golden robe slowly opened his eyes at this moment.

And the moment he opened his eyes, a dark cloud appeared above the entire sky, with thunder and flashes.

Buzz!

After opening his eyelids, his pupils were red, filled with endless magic power and murderous aura.

This person is none other than the leader of the Underworld Demon Sect, the Underworld Demon Lord!

At this moment, at the last moment, he finally broke through the shackles of the middle immortal realm and stepped into the upper immortal realm!

Old Jinlong was frightened in the distance and immediately shouted: "Ye Feng! This Underworld Demon Lord has just broken through in cultivation, and his realm is still very unstable. Take action quickly and attack him crazily. Don't let him stabilize his cultivation." Why, then we will all die here today!"

Obviously no one expected that at the last critical moment, the Underworld Demon Lord would directly step into the upper immortal realm!

Chapter 1143 The Nine Netherworlds Connect to the Heavenly Eye

Buzz!

At this time, as the eyes of the Underworld Demon Lord opened, a huge and terrifying aura, like eternal pressure, suddenly covered the entire field.

"boom!"

"boom!"

Even at this moment, two small bloody beams of light, like two bloody swords, suddenly burst out from the red pupils of the Underworld Demon Lord and shot directly into the sky.

Under the dim sky, the eyes of the Underworld Demon Lord burst out with two red rays of divine light, penetrating the sky.

This scene looked very shocking.

"Hahaha! I finally successfully fused two of the Nine Nether Clan's Demonic Eyes to form the Nine Nether Heavenly Eyes!"

At this moment, the Underworld Demon Lord burst out laughing, and the red light in his eyes dimmed.

Ye Feng, on the other hand, rushed in front of the Underworld Demon Lord without any delay.

"kill!"

Ye Feng held the super sword of the Invincible Sword Domain that had been assembled for a long time, and directly struck it with the Sorrow of the Gods.

boom! !

The extremely terrifying sword energy energy directly formed a hurricane storm in the void, filled with a terrible sword energy frenzy of great terror, great decay, and great destruction, covering the entire person of the Underworld Demon Lord.

"How dare an ant in the half-step immortal realm dare to offend the majesty of a strong man like me? He deserves to be damned!"

The Demon King of Underworld suddenly stood up in the secret room, and immediately grabbed the sky with his big hand.

"boom!"

Countless demonic energy in the void suddenly surged from all directions and condensed into a huge devil's claw in the sky that covered the sky and the sun.

Boom!

The huge sky-covering devil's claws seemed to be able to encompass the entire sky, crushing all the great destruction sword energy storms of the Gods' Shang that Ye Feng had slashed at, and turning them into powder.

"What?!"

When Old Jinlong not far away saw this scene, his eyes suddenly showed surprise.

Lao Jinlong knew that the Sorrow of the Gods used by Ye Feng with the super sword of the Invincible Sword Domain combination had extremely terrifying lethality, and was almost Ye Feng's most powerful killing method now.

But now, the extremely violent sword energy of destruction caused the Underworld Demon Lord to crush it with one hand.

"How about we withdraw!"

At this time, Lao Jinlong sent a message to Ye Feng Shen Nian.

"You've already come, how can you retreat now? Moreover, this Demon Lord of Underworld has just stepped into the realm of high-level immortals, and his realm is still very unstable. This is a good opportunity for me to take advantage of it. There will be no such big deal in the future. Opportunity!"

Ye Feng immediately sent a message back: "Tell Xiao Huo to kill the nine demon elders quickly, and then come over to help suppress the Underworld Demon Lord!"

boom!

After saying that, Ye Feng's whole body burst into monstrous divine light, and he charged directly towards the Underworld Demon Lord like a god of war.

The power of the Dacheng Holy Body exploded instantly, full of terrifying explosive power.

"boom!"

"boom!"

At this moment, Ye Feng immediately chose to use his body to defeat the Underworld Demon Lord.

"Nine Netherworlds reach the Third Eye!"

Suddenly at this moment, the Underworld Demon Lord suddenly roared.

boom!

boom!

Almost at the next moment, the two pupils of the Underworld Demon Lord turned red all of a sudden, and then two red beams of light instantly burst out from his pupils, piercing the void and bombarding him. Ye Feng's body.

"Poof! Poof!"

Jiuyou Tongtianmu, this is an ancient and powerful inheritance originating from the Jiuyou clan in hell. The two red blood lights are like supreme swords, with terrifying penetrating power. Even Ye Feng's Great Saint Body, At this moment, I was penetrated instantly

.

"ah!"

Ye Feng couldn't help but scream. Although his body was extremely strong, he was directly pierced by two bloody lights.

This shows how terrifying the Nine Nether Eyes are.

Demon Lord Huangquan immediately burst into laughter and said: "Young human race, although I have to admit that your combat power is unparalleled in this generation and is extremely terrifying, but how can my methods be stopped by a young boy like you? After all, you are still Too young, too weak in background, too few cards, you will still die in my hands." .??.

boom!

Almost at the next moment, the Demon Lord of Underworld once again used the Nine Nether Heavenly Eyes. Two crimson beams shot out from his eyes in an instant. "Puff" and "Puff" penetrated the space in an instant, tearing Ye Feng's legs apart. It was pierced and bleeding profusely.

"The laws of heaven and earth!"

"Immortal golden body!"

boom!

Ye Feng knew that he could no longer keep it at this time, and he instantly activated his extremely powerful taboo ultimate trump card.

"boom!"

At this moment, Ye Feng's entire body suddenly began to expand and grow on the spot. In an instant, it turned into a golden giant with a height of 30,000 feet, as if it had crossed time and space from the ancient wilderness era. Come, full of endless confusion and shock.

At this moment, the 30,000-foot-tall golden giant was filled with huge muscles like a horned dragon, as if it were made of golden iron, and was filled with a shocking sense of power.

"What? What is this?"

Instantly, a 30,000-foot-tall golden giant appeared on the spot, standing tall and tall, reaching through the clouds and into the sky, shocking all the demons beyond measure.

Even the Underworld Demon Lord was stunned for a moment, shocked by Ye Feng who suddenly turned into a golden giant in front of him.

"kill!"

Ye Feng roared, and the 30,000-foot golden giant roared loudly, with a sound like the roar of an ancient demon.

, there was a thunderous roar, the sea of clouds surged, the earth trembled, and the terror was extreme.

boom!

An endless golden hand clenched into a fist and struck down at once, full of huge impact and speed, as well as terrifying destructive power!

"Nine Netherworlds reach the Third Eye!!!"

The Demon King of Underworld roared loudly, and his eyes fired two crimson beams that lit up the entire starry sky, and suddenly hit the golden giant fist that Ye Feng waved down.

But the fist of the golden giant was too huge and too heavy. It was like an ancient mountain smashing down, and it directly destroyed the two red light beams.

"Boom!!"

The golden fist hit the ground hard, knocking the Underworld Demon Lord into the ruins.

"ah!"

An extremely miserable roar suddenly erupted from beneath the ruins.

At this time, Ye Feng removed his huge golden fist and found that the whole body of the Underworld Demon Lord was cracked, black demon blood was flowing out, and his head was about to split.

"Devouring the Realm!"

Ye Feng roared instantly, without any hesitation, and enveloped the Underworld Demon Lord in the devouring realm of endless darkness, and then pressed the body of the Underworld Demon Lord with his big golden hands, preventing him from moving or escaping, and began to devour it quickly.

"My power and life... are passing quickly!!!"

The Underworld Demon Lord felt a deep fear in the Devouring Domain, and he immediately roared.

But it was of no avail. He was pinned to the ground by big golden hands, unable to move.

Under the horrified gazes of countless demons from the Underworld Demon Sect, the entire burly demon body of the Underworld Demon Lord, who had just broken through to the higher realm of immortals, was rapidly drying up, and his majestic skills were drained away by being swallowed up. And the essence of life!

At this moment, Ye Feng's life fluctuations and cultivation aura were getting stronger and more terrifying, and finally reached a peak state!

Chapter 1144 Nine Nether Demonic City

"Ahhhh..."

In the horrified roar of the Underworld Demon Lord and the horrified eyes of countless demons from the Underworld Demon Sect, the tall and muscular body of the Underworld Demon Lord suddenly shriveled up completely.

The rich immortal energy and life essence he had just broken through were all plundered by Ye Feng.

Ye Feng laughed loudly, stared at the frightened Demon Lord of Underworld, and said: "You have practiced to the end, but in the end, you will all achieve me. All your efforts will become my efforts. Your skills are simply a great supplement." ah!"

boom!

And almost at the next moment, Ye Feng swallowed up all the strong real energy of the entire Underworld Demon Lord, and an extremely tyrannical aura suddenly burst out from all over his body.

At this moment, Ye Feng felt that his soul, spirit, and body were undergoing rapid transformation.

The most important thing is obviously that the magic power in his Dantian is rapidly compressing at this time, and then undergoes a deep qualitative change, and finally becomes an extremely terrifying high-level power.

That's Xianli!

Pure and incomparable immortal power!

"boom!"

Almost at this moment, Ye Feng suddenly looked up to the sky and roared, and his whole body burst into endless bright divine light.

He is like a young war god among the human race, possessing an unparalleled terrifying aura that dominates the world.

"Finally achieved the realm of immortality!"

"From now on, I will become an immortal and jump over the shackles of longevity!"

"From now on, I live forever!"

Ye Feng laughed heartily, feeling extremely happy as never before.

He stared at the dying Demon Lord of Underworld, his eyes flashed sharply, and he immediately grabbed hold of him with his big hand.

"boom!"

The withered Demon King of Underworld was instantly shattered by this hand, turned into ashes all over the sky, and disappeared between heaven and earth.

"hiss!"

At this time, all the demons in the entire Huangquan Demon Sect could not help but tremble.

They never expected that the lord of the clan, who had broken through to the realm of upper immortals, still could not defeat this prodigy of the human race who suddenly arrived. Not only was he defeated, but all his skills were swallowed up. It was really miserable to the extreme.

"metropolitan!!!"

At this time, when several demon elders not far away saw this scene and the shocking scene that happened not far away, they couldn't help but yell in shock and anger.

"boom!"

But at this time, the small fire suddenly spurted out more fierce flames, and the ocean of flames became more turbulent and vigorous.

The nine demon elders in the Lower Immortal Realm were in unspeakable misery at this moment and could no longer hold on any longer.

"I come!"

Suddenly Ye Feng stepped forward suddenly, and Xiao Huo immediately retracted all the flames obediently.

"Boy

! You beheaded the leader of our Huangquan Demon Sect. He was a close confidant of the Dark Alien God Realm Demon Clan. If you are so courageous, you will definitely be doomed! "

"When the real strong men of the dark alien race arrive, no matter how powerful you are, kid, you will eventually be killed by the dark demon."

At this time, the nine demon elders from the Lower Immortal Realm roared loudly.

"A group of demons who betrayed the human race dare to provoke me in front of me. All of them will die!"

There was boundless murderous intent in Ye Feng's eyes. He had finally become an immortal, and his current combat power was simply terrifying to the extreme.

"Tai Chi Heaven-Destroying Sword!"

Ye Feng shook his hand towards the void, and the True Dragon Fairy Sword appeared in his hand.

With one slash of the long sword, the sword energy stretches nine thousand miles!

"puff!"

"puff!"

"puff!"

The nine demon elders were all killed at once, their bodies cut into two halves.

"Swallow!"

Ye Feng did not waste any time. At this moment, he swallowed the realm with darkness, covering all the nine demon elders, and then devoured their skills to his heart's content.

"Invincible Sword Domain!"

"Destroy!"

At this moment, Ye Feng continued to activate the Invincible Sword Domain. Dozens of powerful swords were indestructible and sharp, as if they had turned into peerless swords, cutting and killing in the entire Huangquan Demon Sect.

"ah!"

"No!"

"Have mercy, my lord!"

At this time, under the terrifying cutting and tearing of the Invincible Sword Domain, countless demons in the entire Huangquan Demon Sect screamed in fear, and were extremely frightened.

But Ye Feng naturally showed no mercy to these demons who fell into darkness and betrayed the human race, and killed them all.

The entire Huangquan Demon Sect suddenly became extremely quiet.

The entire earth was flowing with black blood, and the atmosphere was tragic.

At this moment, Ye Feng was sitting on the ground, swallowing up all the energy and blood in the entire Huangquan Demon Sect.

His state in the Lower Immortal Realm was completely stable in an instant!

"Let's go."

Ye Feng asked Lao Jinlong and Xiao Huo to enter the spirit beast bag, and then walked towards the outside of Huangquan Demon Sect.

However, when passing by the magic mountain, Ye Feng thought about it, pulled out the entire magic mountain, and put it into his storage ring.

This magic mountain, according to what the previous devil's spiritual body said, is a piece of high ground from hell.

Hell ore with a large interface should be quite precious.

Ye Feng left the Huangquan Demon Sect and walked into the wild forest.

He planned to return directly to look for Ning Qingxue, the young master of Tianzhou and others.

But after walking for several days, Ye Feng suddenly realized that he didn't know the way back at all.

When he came to the Huangquan Demon Sect area before, it was the demon's spiritual body that brought him there.

"If I had known better, I wouldn't have wiped out that devil's spiritual body."

Ye Feng was lost in this vast wilderness and couldn't help but cursed himself secretly.

"boom!"

But suddenly at this moment, there was a violent noise from a certain direction not far away, as if some powerful creatures were fighting each other.

"Is there anyone?"

Ye Feng's eyes lit up and he immediately shot in that direction.

Soon Ye Feng passed through a large grassland and came to a quiet canyon.

At this moment, he immediately saw a fat man in white clothes in the quiet canyon, holding a big hammer made of silver in his hand. He looked like a berserker, fighting with a head of several people. Fighting with ferocious golden scorpions that are hundreds of meters tall.

"boom!"

The golden scorpion tail hook seemed to be made of steel, and it pierced through at once, like the sharpest war spear in the world, and instantly pierced the head of the fat man in white.

"when!!"

But at this time, Ye Feng instantly threw a battle sword outside the canyon and directly knocked away the golden scorpion tail hook.

The fat young man in white was suddenly startled, and then he saw Ye Feng outside the canyon. He immediately laughed and said: "Thank you brother for saving me, otherwise my head would have exploded! Brother, I will thank you later. Now I want to Kill this beast!"

After saying that, the fat young man in white stared at the ferocious golden scorpion in the canyon, the fat on his face trembled, and shouted: "Damn monster! I will kill you immediately!"

"Crazy Hammer Technique!"

"Boom boom boom!"

"Boom boom boom!"

Almost at that moment, the fat young man in white held the huge hammer in his hand, and he seemed to be crazy. He hammered the golden scorpion violently, as if forging iron, and the roar resounded throughout the valley.

No matter how ferocious the giant golden scorpion was, at this moment, under the hammer of the crazy fat man in white, it was knocked dizzy for a moment, and then with a "pop", its head exploded and was blown away by the big hammer.

"Boom!"

The huge ferocious body of the golden scorpion collapsed and died in the canyon.

"call!"

At this time, the fat young man in white suddenly let out a sigh of relief. It was obvious that the last hammering technique was very energy-consuming.

At this time, he seemed to have thought of something. He suddenly looked at Ye Feng outside the canyon, laughed boldly and said: "Thank you brother for drawing your sword to help me when I saw the injustice. Otherwise, it would not be this World of Warcraft Scorpion that would be the one with the brain, but myself." By the way, my name is Ren Xiaoyao. I come from the Xiaoyao Sect in Manzhou and am a low-level immortal. I don't know what your name is, brother, and where are you from?"

Ye Feng smiled slightly and said: "My name is Ye Feng. I come from Snow State. We are the same human race. We naturally have to help each other to deal with this kind of monster that has been eroded by the power of darkness."

"That's right!"

Ren Xiaoyao immediately laughed and said: "Brother Ye may have been summoned by Li Shengyi, the top talent around here, to gather here and go to Jiuyou Demon City together to defeat the Jiuyou Clan, the real darkness from hell. Let's destroy the alien race's lair."

"Li Shengyi?"

"Nine Nether Demon City? Nine Nether Clan?"

Ye Feng's eyes flashed, and then he smiled and said, "I just got lost in this wild forest, and I happened to meet you, Brother Xiaoyao."

"get lost?"

Ren Xiaoyao's eyes were stunned for a moment, and then he laughed and said: "Since Brother Ye has nothing to do here, and he is here to fight against the dark alien race and kill evil spirits, why not come with me to a gathering place for geniuses nearby? There are top geniuses from all the major states in the field. Let's go to Jiuyou Demon City to kill the Jiuyou Clan, eliminate demons and protect the way. We can also plunder a heaven and earth dragon vein in Jiuyou Demon City. The Jiuyou Clan has occupied a dragon vein. It's so abominable."

Dragon veins of heaven and earth?

Ye Feng's eyes flashed, and then he said: "Okay, anyway, I came to this wilderness forest this time to wipe out the minions of all kinds of dark alien races. Surprisingly, what survives in Jiuyou Demon City is not demons, but real darkness. Foreign races, the Jiuyou clan from hell, will be killed even more."

Ren Xiaoyao laughed and said: "Okay! Brother Ye is indeed not a person who is greedy for life and afraid of death, he is generous enough! But don't worry, the commander of Jiuyou Demon City, Jiuyou Demon Lord, is a powerful person in the upper immortal realm, but on our side There is Li Shengyi, the number one genius from the Fire Worship Cult in Yanzhou. He is also a cultivator in the upper immortal realm. He is extremely powerful, so there is no need to worry. Even if we, the geniuses in the lower immortal realm, cannot eat meat, we can drink behind the backs of these strong men. The mouth soup is enough. We can obtain some dragon vein power in Jiuyou Demon

City, which will be of great benefit to our cultivation. This time, the selection of the Eighteen States is coming soon, and the young geniuses from each major state are all They swarmed out, exterminating demons and defending the Dao, while strengthening their cultivation strength, so this time to destroy Jiuyou Demon City and plunder the fortune and wealth within it is a great opportunity to increase our strength. "

Chapter 1145 Smelting

Ye Feng listened to what Ren Xiaoyao said in front of him, and a trace of expectation arose in his heart.

Although all the people living in the Nine Nether Demon City are genuine dark alien races, they are the Nine Nether Race among the dark alien races. They come from hell and must be very vicious and terrifying.

But this time in the gathering of geniuses, the leader, Li Shengyi, is a top genius from a large state. He also has a powerful cultivation level in the realm of high-level immortals, so he is not that dangerous.

Besides Dragon Veins, the race that Ye Feng is most concerned about is the Jiuyou Clan. .??.

This Jiuyou clan is a dark alien race from the real higher realm of hell. The energy contained in their bodies is definitely more advanced and powerful than the demons.

If entering Jiuyou Demon City this time can secretly devour the advanced blood and skills of the Jiuyou clan, Ye Feng feels that it is a very good deal even if he does not get any wealth and treasures.

After all, this time when I went to Jiuyou Demon City, I didn't need to take the lead at all. Instead, Li Shengyi and other top talents from all major states rushed to the front.

Ye Feng felt that Ren Xiaoyao was right, just follow a group of top geniuses from big states and silently reap the benefits.

At this time, the fat man Ren Xiaoyao walked up to the golden scorpion corpse in the canyon.

He took a set of knives from the storage ring, and like a butler cutting off an ox, he skillfully cut out the scorpion claws, scorpion shells, scorpion tail stings, etc. from a whole golden scorpion of the

Warcraft, which were relatively valuable. Some of the materials were cut off and put into storage rings.

Obviously this is not the first time Ren Xiaoyao has done such a thing.

Ye Feng smiled slightly when he saw this scene.

This Ren Xiaoyao comes from some Xiaoyao sect in Manzhou. Ye Feng has never heard of this Xiaoyao sect. It may be a small sect.

But among the small sect, there emerged such a peerless genius with the cultivation level of a lower immortal. Although Ren Xiaoyao looked chubby,

It seems inflexible, but this is definitely a being who has achieved such great achievements through hard work.

At this time, Ren Xiaoyao cut all the materials and put them into the storage ring.

He looked at Ye Feng, his fat face suddenly smiled, and said: "Brother Ye, I will treat you to a big meal next."

Ye Feng's eyes were stunned and he said: "Big dinner? Do you mean this scorpion?"

"That's right."

Ren Xiaoyao smiled, seeming to have a very good knowledge of cooking, and began to say: "Brother Ye, don't look at this golden scorpion, it is very vicious, and it is covered with a hard shell, it seems that there is no meat, but let me tell you, this golden scorpion, is definitely the best among scorpions. Although its mind has been eroded by the dark evil energy, the scorpion meat is extremely delicious and very delicious. There is not much scorpion meat, but precisely because there is not much, the only scorpion meat is, are all essence, concentration is essence, you should have heard this sentence, Brother Ye, you will know what the best delicacy in the world is when I cook it."

After saying that, Ren Xiaoyao began to take out various cooking tools, pots and pans, and various other strange utensils from the storage ring, some of which even Ye Feng had never seen before.

Ye Feng asked in surprise: "Where did you get these tools?"

Ren Xiaoyao chuckled and said: "I researched and refined it myself according to the needs of cooking. It is the only one in the world."

After saying that, Ren Xiaoyao extended his palm directly.

Buzz!

A ball of crimson flame suddenly appeared in his palm.

Ye Feng's eyes moved and he said: "Is this a strange fire from heaven and earth? Such a strong flame power."

Ren Xiaoyao suddenly smiled and said: "Don't be surprised. I specially purchased this flame from the Yanzhou Zoroastrian Cult's Chamber of Commerce and integrated it into my body. It has no power. I mainly use it for barbecue."

After saying that, Ren Xiaoyao immediately pressed his palm against the shelled golden scorpion in front of him.

"Boom!" .??.

Suddenly a sea of flames enveloped the Golden Scorpion's body.

Ren Xiaoyao chuckled and said: "This kind of strange fire is a weak flame that I specially bought, because a flame that is too strong will burn the meat quickly, which is not good."

With that said, Ren Xiaoyao continued to take out bottles and cans one by one from the storage ring and started tossing in the seasonings.

In less than half an hour, a pot of delicious roasted scorpion meat was ready.

It has to be said that even Ye Feng smelled a scent that made people drool from afar.

"No wonder he looks so rich."

Ye Feng looked at Ren Xiaoyao's fat body and couldn't help but murmured.

That night, Ye Feng and Ren Xiaoyao both feasted in the canyon, like two hungry wolves, eating an entire majestic golden grilled scorpion several hundred meters long.

In the end, both of them were feeling their bellies and were full, lying on the green grass of the canyon and looking at the boundless sky at night.

But the sky in this wilderness was completely dark, not to mention the moon, not even a single star.

After Ren Xiaoyao had eaten and drank enough, he felt a little confused and murmured: "Kill all those dark alien races away, and the sky in our spiritual world will be filled with stars again..."

After saying that, Ren Xiaoyao fell asleep directly.

Ye Feng stood up and walked to a tree not far away.

, sat down cross-legged.

His storage ring flashed, and two crimson beads appeared in his hand. The beads exuded a strong crimson light, which was extremely hot.

These two crimson orbs are exactly the two Nine Nether Heavenly Eyes that Ye Feng got from killing the Demon Lord of Underworld.

The Jiuyou Tongtian Eye is not only an innate killing ability, but also a special eye of an entity, which is passed down from the Jiuyou clan in hell.

In fact, the Demon Lord of Underworld's own combat power is not very powerful, but at that time, the Demon Lord of Underworld used the newly fused Nine Nether Heavenly Eyes and shot out two

bloody beams from his eyes, which instantly destroyed Ye Feng's Great Saint Body directly. Pierced.

If it weren't for the super talent of transforming into a golden giant of the ancient human race with the power of heaven and earth, he could cut through the mess with a sharp knife and kill the Underworld Demon Lord with one punch.

Ye Feng even felt that in the battle with the Underworld Demon Sect, he would eventually be shot to death by the red laser eyes of the Underworld Demon Lord.

So after devouring the Underworld Demon Lord, Ye Feng dug out the Demon Lord's two Nine Nether Heavenly Eyes and prepared to refine them into his own eyes.

The Nine Nether Sky Eye is a powerful innate ability from the Nine Nether Clan in Hell, and its power will even become stronger as the cultivation level increases.

Although Ye Feng's Divine Eye of Creation can detect many illusions, its biggest drawback is that it has almost no attack power.

If the Divine Eye of Creation and the Nine Nether Heavenly Eyes could be fused together, it would definitely be a killer weapon.

Ye Feng's eyes will not only be able to instantly see through the hiding places of all enemies, but also be able to launch terrifying attacks instantly.

"Hopefully it will work out."

Ye Feng looked at the two red eyeballs emitting red divine light in his hand, took a deep breath, and then directly shot the two red eyeballs into his own eyes and began to smelt!

Chapter 1146 Invisible Array

Jiuyou's Heavenly Eye is a super innate ability derived from the Jiuyou clan in hell.

The Jiuyou Tongtian Eye has extremely terrifying attack power, and it can instantly ignore the distance in space and hit wherever it points. It is very powerful.

Ye Feng himself has awakened the Divine Eye of Creation and can detect all illusions.

Even if the enemy is hiding in the endless fog of the void, Ye Feng can see and find it instantly.

If the Divine Eye of Creation and the Nine Nether Heavenly Eye can be fused together and cooperate with each other, the Divine Eye of Creation can find the enemy's hiding place, while the Nine Nether Heavenly Eye is responsible for blasting out a red laser, which can destroy any hidden enemy in an instant.

As soon as he thought of this, Ye Feng immediately accelerated the smelting of Jiuyou Tongtianmu.

He practices the Divine Art of Creation, and his body is like a great oven of heaven, earth, and the universe. The power of creation flowing in his body can accommodate any energy in the world.

Even if it is the original eyeball of the dark alien race, Ye Feng can accommodate it into his body, become a part of himself, and obtain the abilities within it.

Previously, Ye Feng and his good brother Xiao He killed a royal descendant of the Blood Demon clan in Longyuan Continent. Ye Feng directly and perfectly integrated the source of the Blood Demon into his body, achieving the innate ability of the Sea of Blood Demon.

Even if the body is blown into countless pieces, as long as there is a drop of blood, it can be turned into a sea of blood and reshaped into a new body. It can almost be said that the sea of blood never dries up and my body is immortal.

So now when smelting the Nine Nether Clan's Nine Nether Heavenly Eyes, Ye Feng did not encounter any conflict of power. His unique creation skills completely wrapped up the two Jiuyou Clan's rare Nine Nether Heavenly Eyes. Then it was smelted and fused into his own eyes.

After a whole night, Ye Feng finally succeeded in smelting.

At this time, the sky was still dark and dawn had not yet arrived.

Ye Feng stood up suddenly and thought: "The Divine Eye of Creation!"

Buzz!

Ye Feng's eyes instantly captured a demonic dragon lurking in the quagmire thousands of miles away. He was sleeping and exuding demonic aura.

"Nine Netherworlds reach the Third Eye!"

And at the next moment, Ye Feng thought again, and his originally dark eyes suddenly turned red.

boom! !

Two laser-like red beams rushed out of Ye Feng's eyes in an instant, traveling through thousands of miles of space and directly piercing the body of the demon dragon deep in the quagmire.

"

Boom! ! "

Along with a roar, the demon dragon was hit by Jiuyou Tongtian Eye, and his body exploded in an instant, and the blood dyed the mire red.

This demon dragon died in his sleep.

Thousands of miles away, Ye Feng, standing under the big tree, looked happy.

The attack power of Jiuyou Tongtian Eye is really too powerful!

And in conjunction with the Divine Eye of Creation, he can hit wherever he points, regardless of spatial distance, which is really amazing!

"Now there is another killing method, and it is an attack method that can kill instantly!"

Ye Feng looked overjoyed and walked towards the canyon.

He saw that fat man Ren Xiaoyao was still lying on the green grass from last night, sleeping like a dead pig.

"Get up."

Ye Feng stretched out his foot and kicked Ren Xiaoyao.

The fat man woke up immediately, and instantly took out his big silver hammer from the storage ring. He looked like he was defending against an enemy, obviously very alert.

"It's you, Brother Ye."

Ren Xiaoyao opened his eyes and saw the young man in black in front of him. He immediately breathed a sigh of relief, put the big hammer on his shoulder, and said with a smile: "It's almost dawn, let's hit the road."

Ye Feng nodded and said: "Brother Xiaoyao, please lead the way. I don't know the location of Tianjiao's gathering place either."

Ren Xiaoyao laughed and said: "Get on my boat."

Wow!

As Ren Xiaoyao spoke, he pressed his plump hand towards the sky, and a huge ship suddenly popped out of his storage ring. The whole body was made of gold, with a magic circle engraved on it. Every inch of the ship's hull was Exuding dazzling golden light.

Ye Feng looked at the giant golden ship and felt the energy fluctuations transmitted from it. He couldn't help but look shocked and said: "This is a giant flying ship of the immortal weapon level."

Immortal weapons are very rare to begin with.

And flying immortal weapons are extremely rare.

Ren Xiaoyao chuckled and said: "This is the thickest wealth I have ever accumulated. It is my most powerful treasure. It can travel thousands of miles a day."

Uh-huh!

Ren Xiao

Yao said, jumping directly onto the golden ship.

Ye Feng also stepped onto the golden ship.

The moment he entered the golden ship, Ye Feng could overlook the entire land below from the clouds.

This land is boundless and vast, mainly composed of wilderness, wild forests, swamps and mire, and countless deep mountains and old forests.

This is no longer the land of the nineteen states of the human race, but a barbaric land in the spiritual world.

Looking at the huge golden ship, which was emitting golden divine light, Ye Feng looked at Ren Xiaoyao who was sailing the ship, and couldn't help but ask: "Are we too ostentatious in this ancient and wild land?"

Ren Xiaoyao looked at the huge ship emitting golden light, and couldn't help but touch his chin, thinking: "It seems to be a bit ostentatious indeed. If it attracts some ancient and vicious creatures in the depths of the wilderness, it will be over. But Brother Ye, don't worry, I This fairy ship has many functions."

After saying that, Ren Xiaoyao walked to the front of the golden ship and pressed a groove, which seemed to activate some magic circle.

Buzz!

Almost at this moment, the entire golden ship suddenly dispersed, and then the entire hull turned transparent, as if it was invisible.

Ye Feng's eyes lit up and he said: "Invisible magic circle!"

Ren Xiaoyao chuckled and said: "Yes, it is an extremely rare invisible magic circle. It has been lost in the spiritual world for a long time. I got it from a blind old man in exchange for an out-of-print picture of a hundred women competing for beauty. of."

"A picture of a hundred girls vying for beauty?"

Ye Feng: "..."

After being speechless for a moment, Ye Feng walked up to Ren Xiaoyao and asked with some anticipation: "Brother Xiaoyao, can you let me see the veins and patterns of the invisible array engraved on the hull of the ship?"

Ren Xiaoyao glanced at Ye Feng in surprise and said, "Brother Ye, do you want to learn the invisible magic circle? Although this is confidential, Brother Ye, you saved my life, so I won't be stingy. You can look at it as you like, but I advise you In a word, the invisible magic circle is too mysterious. I have been studying it for more than ten years without any results. You have been wasting your energy in just a few days without getting any results. "

Ye Feng smiled and said: "My memory is naturally better, maybe I will succeed."

Ren Xiaoyao's fat face trembled, he glanced at Ye Feng and said: "My memory

At that time, Li ranked second in our martial arts school in Manzhou, and was praised as the reincarnation of a saint. I have been studying the invisible magic circle for more than ten years, but I can't find out the trajectory and secrets of the invisible magic circle. It's too profound, Brother Ye, Really, I'm not going to lie to you, I advise you to give up. "

Ye Feng ignored it and walked directly to the location where the invisible magic circle was imprinted on the hull of the giant ship. He began to activate the soul gem, use his powerful soul power, and began to trace the memory.

Seeing this, Ren Xiaoyao just shook his head helplessly and smiled, "I was just as devoted as you at the beginning, but I couldn't stand it the next day. I was stunned by the mysterious formations in the invisible magic circle and almost exhausted my soul."

Ye Feng didn't speak, just stared at the secret of the invisible magic circle.

The next day, when Ren Xiaoyao saw that Ye Feng's legs and clothes had turned transparent, he was immediately shocked.

After the fourth day, Ye Feng became invisible, completely transparent, and could not see anything. If it were not for being able to sense the life fluctuations in Ye Feng, Ren Xiaoyao would only feel that there was no one else on the ship.

"Oh my god...Brother Ye, are you really a human?"

Ren Xiaoyao saw Ye Feng dispersing the invisible magic circle not far away and revealing his body again. He was immediately shocked and the fat on his face was shaking. He felt deeply unbelievable. He couldn't help but walked in front of Ye Feng, ecstatically Said: "Brother Ye! No! Boss! Boss, can you teach me! I also want to be invisible! In that case, I can lurk in the major holy places in our Manzhou and secretly learn various inheritance and martial arts! "

When Ye Feng saw the excited fat man in front of him, he couldn't help but smile and said, "Okay, but I don't have time now. I'll teach you when I have time."

At this time, Ye Feng looked in the direction not far away and said, "We should have arrived at the gathering place for young geniuses from all major states."

Ren Xiaoyao also looked in that direction, and immediately saw a huge city built on the wilderness. Compared with the surrounding barren mountains, mire and ancient trees, it was very conspicuous.

Ren Xiaoyao immediately exclaimed: "That's right! That's right there! That city is not built, but the entire city is a powerful immortal treasure. Look at the word 'burn' written on the plaque of the city. This It is definitely the high-level immortal weapon 'Burning Sky City'! It is the iconic treasure of the powerful figure Li Shengyi, the first genius of Yanzhou Zoroastrian Cult!"

Chapter 1147 Direct Attack

Uh-huh!

Uh-huh!

The two people jumped off the flying giant ship and walked directly towards Burning Sky City.

As he got closer, Ye Feng immediately felt a huge force of flames coming towards him.

Although the entire Fentian City is completely dark, giving people a cold and forbidding feeling.

But in Ye Feng's eyes at this moment, he seemed to see the entire city burning with raging flames, filled with endless burning power.

At this time, Ye Feng suddenly thought of the flame saint Chi Ling'er, the daughter of the leader of the Zoroastrian Cult, whom he met in the Infinite Fire Realm, and the protector Mr. Zhuge.

However, in the end, the immortal soul of the God of Fire was captured by the forbidden masters of the Heavenly Soul Palace, and Chi Ling'er may have failed to become a disciple.

This time, the top genius who gathered young geniuses from all major states is Li Shengyi, the number one genius from the Zoroastrian Cult in Yanzhou. He is a powerful genius in the realm of high-level immortals. His combat power is estimated to be many times more terrifying than his cultivation level.

Ye Feng couldn't help but murmur at this time, "It seems that the Zoroastrian Cult in Yanzhou is quite powerful. It can actually cultivate powerful geniuses in the upper immortal realm. It is worthy of being that the Nineteenth Human State is the same as Qingzhou, and it is among the top state."

At this time, thinking in his heart, Ye Feng followed Ren Xiaoyao into Fentian City.

Although the entire Fentian City is a weapon and an immortal weapon, when it becomes larger, everything in the city, including pavilions, palaces, defense towers, etc., is included.

The moment the two entered Fentian City, they immediately saw a group of more than a dozen young figures standing in the center of the city.

Among this group of people, there are men and women. Although they all look extremely young, the ones with the weakest cultivation are all half-step immortals. There are six geniuses in the lower immortal realm and three geniuses in the middle immortal realm.

In addition, the most eye-catching thing is a tall and tall young man wearing a flaming red gown and carrying a red guqin on his back. He has an extraordinary temperament and nobility. The fluctuations in his cultivation level exuded from his body are clearly the aura of a higher-level fairy!

This person should be the first genius from the Zoroastrian Cult, Li Shengyi!

The aura on his body was indeed extremely terrifying, making people involuntarily feel a deep fear in their hearts.

\u003e

Obviously, this person's cultivation has reached a very terrifying level, and he can invisibly affect the mood of the people around him.

Ye Feng looked around at this time and did not see Chi Ling'er, the daughter of the leader of the Zoroastrian Cult.

Maybe Chi Ling'er's flame holy body is too precious, and the upper echelons of the Zoroastrian Cult will definitely not let her rashly enter the endless wilderness beyond the nineteen states of the human race to experience it. It is too dangerous.

At this time, Ye Feng and Ren Xiaoyao arrived at the gathering place in the center of Fentian City, causing many other young geniuses to look sideways.

However, I sensed that the cultivation level of the two people was in the realm of lower immortals. They could not be said to be weak, but they were not outstanding, and they were ordinary. Everyone took one look at them and lost interest.

At this time, Ye Feng saw everyone's reaction and was happy to do so. Only by not being noticed could he fish in troubled waters in the chaos and reap the benefits silently.

"It's been seven days. We can't waste any more time. Otherwise, the news will leak out and the Lord of the Nine Nether Demons in the Nine Nether Demon City will know that we are going to attack and kill them. If we do this, we will be in trouble."

At this time, Li Shengyi suddenly spoke up.

Buzz!

And the moment he finished speaking, he stretched out a hand and touched the entire sky.

"boom!"

The entire Fentian City suddenly floated into the sky, and the entire huge city suddenly rushed towards a certain direction in the distance.

That kind of speed was really terrifying to the extreme, producing a series of sonic booms in the sky, and even the void was about to shatter.

Everyone stood in Fentian City, and all the young geniuses had envious eyes.

This Burning Sky City is obviously a very high-quality immortal weapon and a treasure.

Ren Xiaoyao stood next to Ye Feng, with a hint of envy in his eyes, and said: "This Burning Sky City is much more popular than my golden ship."

Ye Feng smiled and whispered: "Your golden ship's invisibility method

The formation has already put Fentian City beyond its reach. "

Ren Xiaoyao was stunned for a moment, then stared at Ye Feng and said: "Thank you, Brother Ye, for the compliment. By the way, please teach me the invisible magic circle. When I learn it, I can go to Manzhou to bring the martial arts of the major holy lands and powerful forces to Manzhou." I learned the inheritance secretly, and then I can share half of it with you when I come back, okay?"

Ye Feng smiled slightly and said: "Deal."

...

In the following time, a group of young prodigies meditated and practiced in Fentian City.

Everyone knew that after arriving at Jiuyou Demon City, even if Li Shengyi, the top genius in the upper immortal realm, took the lead in the charge, there would definitely be a very brutal fight.

So at this time, these geniuses from all major states are taking advantage of their time on the road to continue to understand martial arts and practice their skills.

Because now they have increased their combat power, their security will be greater by then.

At this moment, Ye Feng also sat cross-legged and began to comprehend the powerful set of fifth-grade immortal-level martial arts he had obtained before, the Ancient Dragon Elephant Collapse Palm!

This set of martial arts was plundered by Ye Feng as trophies from Zhuang Ruochen, the young palace leader of Ming Palace, a powerful force in Tianzhou. It is a very powerful martial arts inheritance, and it is centered on strength and strength, so it is very suitable. Ye Feng, who has become a saint.

The Queen of Yaochi's inherited fairy black jade hand that Ye Feng practiced before is indeed a genuine fairy-level martial arts, but it is more suitable for female warriors after all. When Ye Feng uses it, it is a little uncomfortable after all, and it lacks a little flavor. .

But this Ancient Dragon Elephant Big Collapse Palm is violent and boundless, containing the fierceness and ferocity of a roaring beast, which is very suitable for the fierceness and majesty of the Dacheng Holy Body!

With the monster's understanding after the transformation of the soul gem, Ye Feng understood the ancient Dragon Elephant Collapse Palm very quickly. His brain was like an extremely sophisticated horoscope, quickly analyzing the meaning of the entire ancient Dragon Elephant Collapse Palm. .

Since Ye Feng had practiced the Ancient Dragon Elephant Fist back then, he was also very familiar with the ancient Dragon Elephant Big Collapse Palm.

These are all created by simulating the ancient evil beast Overlord Dragon Elephant.

Come violent martial arts.

Time passes quietly through your fingers like quicksand.

In the blink of an eye, Fentian City has crossed countless barren mountains and rivers, and finally arrived at the destination of this trip.

Wow!

Fentian City suddenly fell from the sky, and many geniuses walked out of the city.

Li Sheng grabbed it with one big hand and took Burning Sky City into his body.

Then he led everyone and continued to lurk and walk for three days and three nights, before finally approaching a huge castle that exuded black energy.

That huge castle was made entirely of solid ores from the higher realms of hell. Teams of real dark aliens were the Nine Nethers. They were tall, holding dark soldiers and wearing thick black armor. Walking with heavy steps, they were extremely iron-blooded and numbered tens of thousands, patrolling around the entire huge castle.

"That is the Jiuyou Demon City. It is the home base of the Jiuyou clan. It is a dark alien race that truly comes from a higher realm like hell. They are very ferocious and powerful!"

At this time, a group of geniuses were squatting in the jungle outside the Nine Nether Demon City, looking through the countless weeds and jungles at the Nine Nether Demon City standing on the ground in the distance.

"Let's attack directly!"

Li Shengyi suddenly spoke up. He is a top genius with a terrifying cultivation level in the upper immortal realm. At this time, he is extremely confident, his eyes are blooming with bright divine flames, and endless flames are emitting from his body. He is like a flaming war god, and he is directly upright. Rushing towards the Nine Nether Demon City.

"That's it?"

Ye Feng's eyes were stunned. This Li Shengyi didn't have any plan and just started a war?

However, Ye Feng saw the next moment. The young prodigies from all the major states around him were all filled with enthusiasm and strong fighting spirit. They held weapons in their hands and rushed toward the Nine Nether Demonic City.

"Okay, let's go."

Ye Feng smiled helplessly. These young geniuses were really confident. He no longer hesitated, his eyes filled with boundless killing intent, and he directly activated all his holy power, jumped up, and rushed into the Nine Nether Demon City. The land that stands there.

Chapter 1148 The Power of Dragon Vein

"Boom!!"

It has to be said that Li Shengyi was extremely ferocious. He went up and smashed Burning Sky City hard. The ground shattered and thousands of ordinary Jiuyou tribe soldiers were immediately smashed into pieces and blood spilled all over the ground. .

"Enemy attack! Enemy attack!"

At this moment, the entire Jiuyou Demon City was boiling.

Uh-huh! Uh-huh! Uh-huh!

Countless Nine Nether Demon Clan with dark demon wings on their backs flew out of the city one after another.

They saw dozens of young geniuses killing countless Jiuyou Clan soldiers, and they immediately became extremely furious.

"They turned out to be hateful human masters! They were so brave that they came directly to our Jiuyou Clan's stronghold!"

"Kill! Resist quickly! Kill these despicable human ants and let them have a taste of our power!"

"Hurry up and activate the city defense formation to prevent these people from coming back!"

At this moment, in the entire Jiuyou Demon City, countless Jiuyou Demon Clan began to roar loudly.

"boom!"

"boom!"

"boom!"

Almost at this moment, a terrible battle broke out on the entire field.

Blood splattered, fighting spirit boiled, and the whole earth shook and vibrated violently.

The battle was extremely brutal, with the roars and screams of the Nine Nether Demon Clan and the human race all mixed together.

"Boom!!"

At this time, Li Sheng suddenly used his Burning Sky City to hit the majestic wall of Jiuyou Demon City, and instantly made a terrifying roar.

Wow!

Wow!

Countless pieces of rubble rolled down, and the majestic Nine Nether Demon City, the huge city wall, was suddenly hit and collapsed, and a huge crack appeared.

"kill!"

"Destroy demons and defend the Way!"

At this moment, Li Shengyi's bravery reached the extreme. His whole body was blooming with the terrifying power of flames, like a flaming war god, shining brightly in the entire dark night sky, and directly passed through the gap and entered the Nine Nether Demon City.

"kill!"

"kill!"

"kill!"

At this moment, the other young geniuses all shouted loudly, and their eyes turned red.

At this moment, they even forgot to plunder the treasures, and just frantically killed these dark and ferocious aliens who invaded the spiritual world.

At this time, Ye Feng was killing the Nine Nether Demon Clan while running the Devouring Domain, quickly devouring the huge amount of blood in the battlefield.

this

The Jiuyou tribe in Jiuyou Demon City are all very powerful high-level creatures.

Although they are demons, coming from hell and extremely vicious, the energy contained in their bodies is actually high-level energy, extremely powerful and majestic.

"Boom boom boom..."

Waves of majestic blood and high-level demonic energy were all swallowed up by Ye Feng and entered his body.

His body's immortal power, blood, life energy, and martial arts foundation are all growing rapidly at this moment.

Moreover, Ye Feng discovered that when he stepped into the fairyland, released the Devouring Domain, and used the God of Creation to devour the power, he could actually absorb the remnant souls of fallen creatures, thus strengthening his soul power and making his spirit stronger. be able to grow.

This discovery made Ye Feng very happy, because before, Devouring Domain could only devour Qi and blood skills, and then strengthen his own cultivation.

But now if you can swallow even the remnant souls of the dead, your soul will be able to grow continuously, which will be of huge benefit to the cultivation of the Soul Emperor Seal.

"Swallow!"

"Swallow!!"

In the next period of time, Ye Feng quickly shuttled through the entire battlefield, using the Devouring Domain to quickly devour all the blood energy and spiritual souls in the entire battlefield.

Ye Feng's comprehensive strength is growing rapidly.

"boom!"

At a certain moment, Ye Feng's body suddenly burst out with a new and powerful aura.

That was his cultivation, from the first-level low-level immortal realm he had just stepped into, to the intermediate-level lower-level immortal realm!

This kind of breakthrough in cultivation is very fast, almost to the extreme.

You know, when a practitioner enters the realm of immortality, it is very difficult to achieve a breakthrough at every small level.

But in just half an hour, Ye Feng had already accumulated enough energy. Quantitative changes caused qualitative changes, and he directly broke through to the middle-level lower immortal realm.

The speed of this breakthrough is simply appalling.

At this time, Ye Feng felt more and more that his Divine Art of Creation was too powerful.

"According to what Uncle Lin, the God of Fire, said before, the Divine Secret of Creation that my father and I practiced was a peerless inheritance brought by my mother from the perfect world of the Second Universe. I always feel that the Divine Secret of Creation is not just as simple as the Nine Heavens. , Nine Heavens is not necessarily the peak state of the Divine Art of Creation. "

Ye Feng was thinking secretly at this time.

Because the power of the Divine Art of Creation is real

It's so evil.

Ye Feng's Divine Art of Creation is currently at the seventh stage, but it is still far away from the realm of true domination.

Therefore, Ye Feng guessed that the ninth level of the Divine Art of Creation was definitely not the end.

But this is just Ye Feng's own guess for the time being. He can ask about it after he rescues his father.

"Roar!!"

Suddenly, a Jiuyou Demon Clan wearing black armor came towards Ye Feng.

"The Ancient Dragon Elephant Collapses Palm!"

Ye Feng roared and slapped him away instantly.

boom!

The majestic immortal power burst out, and an extremely majestic ancient dragon elephant appeared in the palm of Ye Feng's palm. The huge and majestic evil beast dragon elephant had infinite heaviness, and he killed it in one fell swoop. The Nine Nether Demon Clan was crushed.

Now in this Nine Nether Demonic City, although Ye Feng's cultivation level is in the realm of lower immortals.

But his combat power is definitely the first person to be inferior to those in the upper immortal realm such as Jiuyou Demon Lord and Li Shengyi.

"Brother Ye! They have all entered the city! Let's go in quickly! Seize the dragon veins!"

At this time, Ren Xiaoyao's chubby figure immediately appeared and came directly to Ye Feng's side.

He stared at Ye Feng, as if he had discovered something, and said in great surprise: "Brother Ye, how do I feel? The more people fight, the more they consume and the more their breath becomes exhausted, but you give me the feeling that the more you kill, the stronger you become!"

Ye Feng laughed and said: "This is the special nature of my inherited skills. I will explain it to you when I have time in the future. Now the Jiuyou Demon Clan outside has almost been wiped out, and many masters have entered the Jiuyou Demon City. It's inside, let's go in quickly."

Swish!

Ye Feng and Ren Xiaoyao quickly jumped into the Nine Nether Demon City.

They immediately saw corpses all over the city, including those from the Nine Nether Demon Clan and those from the Human Race's Prodigy.

At this time, not far away, many human race geniuses were pulling out tentacles condensed with golden light from the depths of the earth.

Ren Xiaoyao's eyes lit up and he said: "Those golden tentacles are the manifestation of the power of dragon veins deep in the earth of Jiuyou Demon City. Let's get more of the power of dragon veins quickly."

Boom!

At this time, there was a violent roar in the infinite building deep inside the Nine Nether Demon City. It seemed that there was a very fierce battle. Li Shengyi should have led a group of top geniuses into it to fight against the Nine Nether Demons. The main fight.

Ye Feng didn't want to join in the fun for the time being. He immediately nodded to Ren Xiaoyao in front of him and said with shining eyes: "Let's grab more land first."

Let's talk about dragon veins! These are all good things. They are of great benefit to the solidification and reinforcement of the foundation of our immortal realm, and they also have a very good effect on tempering the immortal body! "

When Ye Feng was talking, Ren Xiaoyao had already taken out the hoes from the storage ring and started digging into the earth, looking for the earth dragon veins condensed with golden light.

Ye Feng smiled dumbly when he saw this, and immediately started to operate the Divine Eye of Creation.

Buzz!

His gaze instantly penetrated the dark earth, and he immediately saw where the Emperor's Dragon Vein was buried.

"Nine Netherworlds reach the Third Eye!"

boom!

After Ye Feng found it with the Divine Eye of Creation, he directly activated the Nine Nether Heavenly Eyes, and two red beams of light suddenly shot out from his eyes, directly exploding the earth at that location.

Wow!

As the soil rolled, a golden tentacle immediately appeared in the blasted hole, which was the power of the earth's dragon veins.

"Oh My God!"

Ren Xiaoyao, who was digging hard at the side, saw this scene, his eyes were shocked and he said: "My dear, Brother Ye, you are so awesome! You found it in an instant! The efficiency is so fast!"

Ye Feng smiled and said, "I'll look for it. Brother Xiaoyao, hurry up and collect it, and then we'll share it equally."

"good!"

Naturally, Ren Xiaoyao immediately shouted with joy and rushed towards the ground that Ye Feng blasted away, digging out the power of the earth's dragon veins.

At this time, Ye Feng started searching again, and the hard work was left to Ren Xiaoyao, a powerful fat man.

Ye Feng had seen the battle between Ren Xiaoyao and the golden scorpion before, and knew that the fat man was very brave and powerful. They cooperated with great efficiency, making other geniuses not far away who were struggling to find the earth dragon veins dumbfounded. .

A prodigy of the human race in black came over and stared at Ye Feng with evil intentions. He smiled coldly and said: "I am a nobleman from Shuiyue State. I order you to hand over the power of

the dragon veins you have obtained." Give me some, or I will join forces with others to give you two weaklings who are no more than a low-level immortal a lesson. If you know what you are doing, kid, you can work as coolies for us!"

"boom!"

But the next moment, Ye Feng suddenly swung his sword towards the genius of the black-clothed human race and killed him.

"boom!"

The genius of the black-clothed human race was suddenly blasted away by a violent sword energy, his chest was torn, and he died on the spot.

"hiss!"

Some of the other human geniuses with ill intentions could not help but gasp at this moment. They were all too frightened and did not dare to come over again.

Chapter 1149: Hymn of Courage

In the following time, no other human genius would dare to invade Ye Feng and Ren Xiaoyao's dragon vein power.

They can only look at Qian and drool, and then silently search hard in other places. If they occasionally find a dragon vein tentacle, they will be very happy.

But the cooperation of Ye Feng and Ren Xiaoyao in just half an hour had dug out hundreds of dragon vein tentacles condensed with golden energy.

This is a huge fortune!

The two of them laughed and quickly split the score.

At this time, Ye Feng held a dragon vein tentacle condensed with golden energy in his hand and opened his mouth to inhale.

"Wow!"

The golden energy immediately turned into an extremely pure dragon vein energy, which was sucked into Ye Feng's body.

"boom!"

At this moment, Ye Feng felt that his entire body suddenly exploded with a huge flow of energy.

His entire cultivation foundation suddenly became more powerful.

In addition, Ye Feng discovered that the power of this golden dragon vein was of great benefit to the transformation of his holy body.

"This Heaven and Earth Dragon Vein is really a good thing."

Ye Feng was thinking about refining all the hundreds of golden dragon vein tentacles in the storage ring.

Boom! !

But at this moment, a shocking roar suddenly came from the innermost part of Jiuyou Demon City.

And at the next moment, an extremely miserable howl suddenly sounded: "Jiuyou Demon Lord! You actually knew that I was coming! You actually joined forces with the Black Scorpion Demon Lord to plan to ambush me! Damn it!!"

This voice turned out to be the voice of Li Shengyi, the top human race genius, full of endless shock, anger and indignation.

"boom!"

And at the next moment, along with a huge energy collision wave, a bloodstained and embarrassed figure was suddenly blasted out from the depths of Jiuyou Demon City and fell hard to the ground.

This figure is none other than Li Shengyi.

But at this time, the Heavenly Fire Demonic Piano he was carrying on his back was completely broken into pieces. If Burning Sky City hadn't been a very powerful high-level immortal weapon, it would have been suspended above his head.

Above his head, a bright sun shield shone down to protect him. Li Shengyi was probably dead.

But even so, Li Shengyi was covered in scars, obviously seriously injured and dying, and his breath was exhausted.

"Hahaha! Stupid genius of the human race, we have received the news a long time ago that you are coming to attack my Nine Nether Demon City. There has been a spy among you for a long time. Report the situation to me at any time. Now you are a top combat power They are all about to be seriously injured and die, and all the geniuses of the race who come this time will die!"

At this moment, accompanied by a deep and cold voice, a strange young man wearing a black robe leapt out from the inside of Jiuyou Demon City.

This mysterious young man in a black robe is definitely the controller of the Nine Nether Demon City, the Nine Nether Demon Lord, a strong man from the Nine Nether Clan from hell, and a powerful dark alien from the upper immortal realm.

At this moment, the void around him fluctuated, and another beautiful woman appeared. However, this beautiful woman's skin was covered with pitch-black scales, and although she was in human form, there was a pitch-black figure growing behind her. The ink-like scorpion tail sting looks both beautiful and ferocious.

This beautiful woman with a body and a scorpion tail should be the Black Scorpion Demon Lord that Li Shengyi just mentioned. She is also a powerful female demon in the realm of upper immortals!

At this moment, the Black Scorpion Demon Lord stared at Li Shengyi who fell on the ground with his beautiful eyes, showed a charming smile, and said with a smile: "This little brother from the human race, you have a good talent, you are a talent that can be created , if you are willing to voluntarily surrender to this queen now, this queen promises not to kill you, but will also help you

transform into a demon, accept the baptism of the power of the dark demon, and become stronger than you are now. Our dark alien race comes from the infinite vastness You humans in the spiritual world cannot resist the high level interface. The darkness will eventually cover this rich land, and the spiritual world will become the paradise of our dark alien race. "

"Shut up!!"

Li Shengyi's eyes were extremely firm, full of a decisive will to die. A huge and boundless momentum suddenly burst out from his body, and he shouted: "I was born as a human being. When I live, I am a human race. When I die, I am a human race. I I will never fall into the darkness and become you

We are the lackeys of the dark alien invaders! Although I am in a serious injury situation now, I will let you know that the backbone of my human race would rather break than bend! "

Li Shengyi's tone was full of infinite will, with a boundless light that would not succumb to the power of darkness.

Demon Lord Jiuyou sneered and said: "The only ones left now are the defeated generals. Li Shengyi, you can't stand alone and will definitely die!"

Li Sheng's face was stained with blood, and he laughed loudly: "I fell into the trap this time. I didn't expect that there would be a traitor in my human race! But even if I am trapped, I will die to burn my last glory. Demon Lord Jiuyou and Demon Lord Black Scorpion, between the two of you, I can definitely support you!"

"Self-destruction!!!"

Li Shengyi's roar filled with determination and madness sounded.

It can be seen that at this time, a crimson energy like an explosion of fire began to bloom inside his body, and a divine light began to bloom from his body.

"What? Self-destruct!"

The Jiuyou Demon Lord and the Black Scorpion Demon Lord, who were originally sneering, were immediately shocked, and their expressions suddenly changed: "You are the top genius of the human race, possessing unparalleled talents. You have suffered so much in cultivation until today, and you actually Willing to self-destruct!"

Li Shengyi laughed wildly: "You underestimate the blood and will of our human race. Not all races are timid!"

"I am born as a human being, and die as a human soul! As long as I can destroy you dark alien invaders, what dare I not do!"

"Send my ambition to the bright moon and splash the sky with my blood!"

"burst!!!"

Li Shengyi roared crazily, and his whole body turned into a sea of crimson flames, crashing towards the two demon lords in front, fearless of death, and moving forward indomitably!

"madman!!!"

The Jiuyou Demon Lord and the Black Scorpion Demon Lord felt the devastating fluctuations and power at this time, and their expressions changed greatly and they retreated crazily.

Li Shengyi's eyes were crazy and he was about to blow himself up.

"Snapped!"

But suddenly at this moment, a strong palm,

Suddenly there was pressure on his shoulder.

Boundless power surged out of this hand, suppressing all the violent energy that Li Shengyi was about to self-destruct.

Li Shengyi's eyes immediately changed, and he quickly looked around him, and immediately saw a young man in black standing next to him.

Li Shengyi yelled: "What are you doing?! Let me blow myself up! If you miss this opportunity, it will be over!"

The young man in black was naturally Ye Feng. He said: "I admire your unparalleled courage as a human being! So I will not let you die! If I am not here today, then you are dead, but today I am here, Then I won't allow you to die!"

boom!

Almost at the moment Ye Feng finished speaking, a huge and terrifying wave suddenly surged from his body.

Although Ye Feng's cultivation aura at this time was that of a lower immortal.

But at this moment, he burst out with all his fighting power, and the divine light of the galaxy surged out from his body, giving everyone in the audience the feeling that a young god had arrived, and his fighting power was close to that of a powerful being in the upper immortal realm!

"So strong!"

Li Sheng exclaimed in surprise for a moment.

He obviously didn't expect that in the team he led, there would be such a peerless genius with invincible fighting power.

At this moment, the Nine Nether Demon Lord and the Black Scorpion Demon Lord not far away laughed loudly: "Young man in black, you didn't let your friend blow himself up and missed the best opportunity to die together. This is what you did. Make the wrong choice, because both of you will be killed by us!"

Ye Feng smiled indifferently and ignored the two demon lords. Instead, he looked at the bloody man Li Shengyi beside him and said: "The hymn of the human race is the hymn of courage. Let's fight

side by side and kill the evil demons together! Let this The dark aliens know that those who offend our human race will be punished no matter how far away they are!"

boom!

Almost at the moment Ye Feng's words fell, his whole body began to collide, rising up in the sky, and directly transformed into a majestic golden giant with a height of 30,000 feet, like a majestic mountain, capable of Supporting the sky brought an unparalleled shock to everyone in the audience, including those dark alien races!

Chapter 1150 Tear into pieces

At this moment, Ye Feng turned into a tall golden giant of 30,000 feet, towering under the dark sky, full of unparalleled visual shock.

"Oh my god! What kind of creature is this?"

"Is this still a human race? It's like a golden god has arrived!"

Looking at the golden giant standing tall on the sky, everyone was shocked, and simply horrified to the extreme.

"This is....."

Even the first genius, Li Shengyi, had extremely shocked eyes at this time.

And the fat man Ren Xiaoyao shouted excitedly with a fat face: "My brother is a god!!"

At this moment.

The two demon lords standing on the roof not far away were also shocked when they saw the golden giant rising from the ground and measuring tens of thousands of feet tall.

At this time, Demon Lord Jiuyou said with a trace of surprise in his eyes: "This seems to be a very ancient human physique. I have lived for tens of thousands of years, and I encountered this when I was fighting an ancient small interface. Each and every human race can inspire the ancient origin of

the human race and transform into this ancient golden body like an immortal golden body, possessing the power of a giant."

Obviously, the Nine Nether Demon Lord comes from a high level realm like hell, and has extraordinary vision. He has lived for tens of thousands of years, experienced a lot, and has very profound knowledge.

The beautiful Black Scorpion Demon Lord standing next to him at this time stared at the majestic body of the golden giant that Ye Feng had turned into, with a look that seemed to be of deep longing.

She said slowly: "Kill that Li Shengyi first when the time comes, but don't kill this genius who can turn into a golden giant of the human race. I will imprison him and train him to be my slave and serve me every day."

boom!

Suddenly at this moment, a big golden hand, filled with unparalleled majesty, endless pressure and heaviness, pressed down from high in the sky.

Demon Lord Jiuyou erupted with monstrous light and shouted: "The body of the real demon of Jiuyou!"

boom!

At this moment, the entire body of the Nine Nether Demon Lord actually began to collide, and his demon clan was suddenly revealed.

The true form instantly stood up and turned into an ancient demon true form that was several thousand feet tall.

"Boom!!"

The Nine Nether Demon Lord stretched out a huge claw at this time, and it instantly struck Ye Feng's golden hand.

"boom!"

A huge force burst out like a frenzy in an instant.

"Deng Deng Deng!"

"Deng Deng Deng!"

At this moment, the golden giant transformed by Ye Feng and the ancient demon's true form transformed by Demon Lord Jiuyou both took several steps backward before stopping.

"good!!"

When Li Sheng saw this scene, he couldn't help shouting, his eyes full of excitement.

Although he saw Ye Feng transform into a shocking golden giant, Ye Feng's cultivation was at the level of a lower immortal after all, so Li Shengyi was still very skeptical of Ye Feng's combat power at first.

But now that he saw that the golden giant was able to defeat the ancient demon's true form of the Nine Nether Demon Lord without falling behind, Li Shengdun was overjoyed.

"good!"

"Great! We have another top fighter here!"

"This time we all have hope!"

At this moment, the remaining young geniuses in Jiuyou Demon City were all excited and expressed surprise.

"kill!"

"Fengtian City!"

"Burn the sky and destroy the earth!"

boom!

At this moment, Li Shengyi also quickly regained his strength, with Burning Sky City above his head and endless flames burning all over his body, he was killing the Black Scorpion Demon Lord.

The Black Scorpion Demon Lord sneered, with a trace of disdain on his beautiful face, and said: "Li Shengyi, you were seriously injured by Jiuyou and I in the sneak attack just now, and

And now that your strength is about to expire, you still have the guts to fight me, so let me, the queen, put an end to your ridiculous courage. "

"Black Scorpion Sting!"

The Black Scorpion Demon Lord shouted loudly, and the jet-black evil sting growing out of his back was like the most powerful poisonous hook in the world. It was highly toxic and had a huge impact like a war spear. All of a sudden, it was like a poisonous hook. Pierced the void and stabbed directly in front of Li Shengyi.

"when!!"

But Fentiancheng helped Li Shengyi withstand this fatal blow.

"Nine Heavens Divine Fire Infinitely Violent Flame Palm!"

At this moment, Li Shengyi suddenly roared loudly, activated his power crazily, integrated the flame source all over his body into his hand, and blasted out a huge hand of raging flames, which seemed to be able to burn everything.

"Boom!!"

The Black Scorpion Demon Lord was bombarded by this huge hand of blazing flames.

Moreover, this big flaming hand, combined with the "Nine Heavens Divine Fire" that Li Shengyi had cultivated, has extremely terrifying power of burning and destruction.

"ah!!"

The Black Scorpion Demon Lord immediately let out a scream. After all, Li Shengyizhong was the top human talent from the Zoroastrian Cult. He had been holding back this move for a long time, and now he released it all, causing irreparable damage to the Black Scorpion Demon Lord.

"Ahhh!"

The entire body of the Black Scorpion Demon Lord was burned, and his beautiful face was burnt into a charred black blur. This made the Black Scorpion Demon Lord extremely hysterical.

"You ruined my beauty! How dare you ruin my face! Ahhh! You must die!!"

The Black Scorpion Demon Lord screamed, and thousands of demonic auras erupted from his body. Like a ferocious female demon, he stretched out his demonic claws and struck in front of Li Shengyi.

"boom!!"

The power of the Black Scorpion Demon Lord's madness was so powerful that he blasted Burning Sky City away with one claw.

\u003e Li Sheng had no means of defense for a moment.

"Fire Flame Shield!"

Li Shengyi immediately activated the source of flames around himself, condensing a huge shield of flames.

"die!!"

The Black Scorpion Demon Lord grabbed it with his claws, directly pierced Li Shengyi's flame shield, and then bombarded Li Shengyi's chest.

"when!"

But the next moment, the devil's claw did not tear open Li Shengyi's chest. Instead, it seemed to hit the copper wall and the iron wall, making a crisp sound of metal collision.

At this time, the clothes on Li Shengyi's chest were torn apart, revealing a golden breast mirror. This was an immortal-level breast mirror!

Li Shengyi suddenly sneered: "Devil! I come from a big power, and the treasures on my body are beyond your imagination!"

"Sacred Fire Sword!!"

At this moment, a gap suddenly opened between Li Shengyi's eyebrows, and a red flaming long sword rushed out of it. Like a red lightning, it pierced the Black Scorpion Demon Lord in front of him with a "pop" sound. head.

"ah!!"

The Black Scorpion Demon Lord let out a shrill scream, and his whole body suddenly fell to the ground from a high altitude, and he died.

"ah!"

At this moment, a miserable howl came from not far away.

It turned out that the Nine Nether Demon Lord had one of his arms torn off by the golden giant, and then his left leg was trampled to pieces.

The golden giant was too ferocious, like a violent giant beast. His attacks were rough and ferocious. Under the night sky, he forcibly dismembered the Nine Nether Demon Lord and tore him to pieces.

"ah!"

"ah!"

The miserable howls of the Nine Nether Demon Lord resounded throughout the night sky, making all the dark aliens feel terrified.

At this moment, they were all trembling with fear as they looked at the golden giant covered in black demonic blood.
