Chapter 1151 Great value

quiet!

Deadly quiet!

At this moment, under the entire night sky, in the shattered Jiuyou Demon City, the entire field fell into a dead silence.

Everyone stared at the two dark alien demon lords bleeding on the spot, and their broken demon bodies were shocked to the extreme.

At this time, countless dark alien races were desperate to the extreme.

These two descended human geniuses are really too powerful.

Especially the golden giant, who stood like a god under the night sky, immortal and huge, giving the dark aliens a feeling of suffocation.

Buzz!

At this time, the power consumption was huge, and the golden giant transformed into Ye Feng's body again in a golden light.

Uh-huh! .??.

Ye Feng quickly took out a set of white gown from the storage ring and put it on in an instant.

Transforming into a golden giant, his previous black clothes instantly burst into pieces.

At this time, Ye Feng descended from the sky, with long hair like a waterfall, bright eyes, and white clothes that surpassed the snow, like a banished immortal.

Li Shengyi walked over from not far away, wiped the blood from the corner of his mouth, patted Ye Feng's shoulder hard, and said in surprise: "I didn't expect you to hide it so deeply, brother. Even I didn't feel your fighting spirit before." The power is so terrifying. You can kill a demon lord from the Nine Nether Clan in the upper immortal realm with the cultivation level of the lower immortal realm. Brother, your combat power is really ridiculously strong!"

Ye Feng grinned and said: "This is my strongest state at present. Transforming into a golden giant, this state cannot be maintained for long, it consumes too much strength."

Li Shengyi nodded at this time, then looked at the many frightened dark aliens around him, and shouted: "Keep killing! All dark aliens must be killed!"

"kill!"

"kill!"

At this moment, the remaining dozen or so young prodigies roared loudly and charged towards the group of vicious dark aliens.

Now that the two demon lords have been killed, a group of dark alien minions were naturally crushed unilaterally.

Even though Li Shengyi was the top genius in the great religion, he bowed his hands deeply to Ye Feng at this time and said: "Anyway, thank you brother for your help this time."

Ye Feng wore white clothes and shengxue, put his hands behind his back, showed a slight smile, and said: "This is what it should be, Brother Li, your

I also admire the spirit of the human race. By the way, I need to get those two bodies of fallen demon lords. I wonder if Brother Li needs them? "

Li Shengyi immediately laughed and said: "Brother, if you need the body of the Demon Lord, just take it. I don't need this."

Ye Feng clasped his fists and said, "Thank you so much, Brother Li."

The next moment, Ye Feng jumped directly in front of the broken demon bodies of the two demon lords, and was instantly thrown into the oven of creation in his body.

The cultivation of these two demon masters is too strong. Even if they die, the energy in their bodies cannot be swallowed immediately.

Ye Feng decided to directly put the broken bodies of the two demon lords into the oven of creation, slowly smelting them, and plundering their skills and life essence.

"Crack!"

"Crack!"

In the world of Creation Oven, the broken demonic bodies of the two demon lords fell in.

Emperor Styx, who was practicing silently in the oven of creation, was suddenly shocked.

"this....."

Emperor Styx looked at the broken demonic bodies of the two demon lords that fell beside him, and felt the aura of cultivation on these two demon lords, which turned out to be in the realm of high-level immortals.

No matter how stable Emperor Styx's mentality is, he is still extremely frightened at this moment.

And at this time, Emperor Styx saw that the broken demon bodies of the two demon lords around him began to slowly melt in the oven of creation, turning into pure life energy, and integrated into the human body outside the oven of creation. .

"Who is this person who has temporarily trapped me in this big oven?"

Emperor Styx is becoming more and more curious now.

However, he was not in a hurry in the oven of creation. It happened to be a quiet place where he could quietly recover the strength injured in the previous battle.

But at this time, outside the oven of creation.

After Ye Feng threw the two demon lords from the upper fairy realm into the oven of creation, he immediately felt waves of majestic and high-level energy flowing out of the oven of creation and integrating into his body.

This is a subtle growth that makes Ye Feng's

Strength can grow every moment.

Ye Feng was very satisfied. This time he got the demonic bodies of two high-level demon lords from the upper-level immortal realm. It was really a huge gain, and he was even happier than getting a whole dragon vein.

"That's right, Dragon Vein!"

Ye Feng looked not far away at this time. Li Shengyi, who was sitting cross-legged in the ruins with his eyes closed and recovering his strength, walked over and said: "Brother Li, what do you think about this thing buried in the earth of Jiuyou Demon City?" Shouldn't the next dragon vein of heaven and earth be captured?"

Li Shengyi opened his eyes and saw the young man in white clothes standing in front of him. He couldn't help but smile and said: "Brother Ye, the purpose of my visit this time is not only to kill these vicious dark aliens, but also An important purpose is for the Heaven and Earth Dragon Vein. I personally think that all of us should share this Heaven and Earth Dragon Vein equally. I wonder if Brother Ye is willing?"

Ye Feng nodded and said: "Everyone is fighting hard for the human race this time, and I agree to split it equally."

At this time, many people around heard the conversation between Ye Feng and Li Shengyi, and they all breathed a sigh of relief.

Because everyone knows very well that the allocation of resources after the destruction of Jiuyou Demon City this time will completely follow the will of the two top combat forces, Ye Feng and Li Shengyi.

So now that they heard the two people were evenly divided, everyone naturally breathed a sigh of relief.

Because even if the two of them wanted to monopolize it by force, they dared not speak out in anger.

But the two didn't.

"Senior Brother Ye Feng and Senior Brother Li Shengyi are truly role models for our human race's geniuses!"

At this time, many geniuses could not help but speak out.

Ye Feng and Li Shengyi have already started to take action.

"boom!"

"boom!"

They all grabbed at the depths of the earth.

Ye Feng's palm turned into a big hand of stars.

Li Shengyi's palm turned into a big flaming hand.

Two big hands containing powerful energy blasted into the depths of the earth in an instant, and immediately grabbed out a dragon vein composed of golden energy.

"boom!"

The next moment, two big hands squeezed, and the golden dragon veins shattered, turning into countless small dragon auras as big as fists.

"Let's start dividing."

Li Shengyi smiled slightly and asked the other geniuses in this bloody fight to get the dragon energy they deserved.

Ye Feng didn't care about this. The two demon lords' broken bodies and the ten dragon veins he got were not as valuable as the two demon lords.

Soon, under the supervision of Ye Feng and Li Shengyi, everyone seriously received the Dragon Vein Qi that everyone deserved.

The geniuses who survived this time were extremely happy.

Ren Xiaoyao winked at Ye Feng at this time, obviously saying that the two of them had captured a lot of dragon vein tentacle energy before, and they had taken advantage of it.

Li Shengyi looked at Ye Feng at this time and asked, "Brother Ye, what are your plans next?"

Ye Feng smiled and said: "The selection of the Eighteen States is about to begin. I am going to return to the capital of Selangor, practice in seclusion for a period of time, and then participate in the selection of the Eighteen States."

Li Shengyi also smiled and said: "The selection of the Eighteen States is indeed the dream of all young people in the Eighteen States except China, because the land of the Divine Dynasty and the Divine Capital in China is where our young geniuses can truly display their talents. On the stage of talent, if we can be selected by the big families in the city of God, or even the princes and princesses, then we can start to make contributions, and eventually be granted the title of general by the royal family and become a big shot in control of the party. This time the dark alien race is fierce, this is also It's a great opportunity for us to make great achievements. After all, to put it bluntly, our Tongtian Divine Empire is too stable, and we, the ambitious new generation of geniuses, have no place to use it. But now this is a once-in-a-lifetime great opportunity."

Ye Feng nodded and said, "What Brother Li said is absolutely true, so I'll leave first."

Li Shengyi raised his hands to Ye Feng and said, "I hope to meet Brother Ye again in the Eighteen States Selection."

"Okay, look forward to that day."

Ye Feng also clasped his fists slightly.

Then he said goodbye to Ren Xiaoyao and jumped up.

Uh-huh!

The next moment, under the respectful gazes of many young prodigies in the ruins of the Nine Nether Demon City, Ye Feng's figure in white clothes and snow had disappeared into the endless wild jungle in the distance.

Chapter 1152 Redeem Rewards

After Ye Feng left Jiuyou Demon City, he rushed straight out of this endless wilderness.

Now that the Divine Eye of Creation and the Nine Nether Heavenly Eyes have merged, Ye Feng's eyes have become like clairvoyance. He quickly discovered the route back and moved forward quickly.

After three days and three nights, Ye Feng finally walked out of this endless wilderness.

As it happened, just after Ye Feng walked out of this endless wilderness, he met Ning Qingxue and Xuanyuan Han, the young master of Tianzhou's young mansion, who were resting on a piece of grass outside, and many other young geniuses from Xuezhou and Tianzhou.

When they saw Ye Feng coming out, their eyes immediately showed a look of great joy. .??.

"Master Ye!"

Especially Ning Qingxue, the third young lady of Xuezhou Prefecture, her beautiful eyes immediately showed a look of relief, and then she said in surprise: "Mr. Ye, you finally appeared again. We have been worried these past few days. "Last time you went to hunt down that demon alone, we were all worried to death."

Ye Feng immediately smiled slightly and said: "Miss Third, don't worry too much. Since I decided to hunt down the demon alone, it means that I have strong self-confidence and can kill him."

At this time, the young master of the palace, Xuanyuan Han, came over with joy in his eyes and said: "Since Mr. Ye Di has returned, we have the confidence to destroy the Huangquan Demon Sect. Let's set out to search for traces of the Huangquan Demon Sect. "

"Underworld Demon Sect?"

At this time, Ye Feng heard Xuanyuan Han say this, and suddenly there was a strange look on his face.

Then, amid the horrified expressions of everyone, Ye Feng smiled slowly and said: "The Underworld Demon Sect has been destroyed by me alone."

"What?!"

Almost as soon as Ye Feng finished speaking, the entire field suddenly fell into a violent boil.

"Has the Underworld Demon Sect been destroyed by Mr. Ye?"

"It's so awesome!"

"seriously?"

At this moment, the top geniuses from Snow State and Tianzhou suddenly widened their eyes, with incredible expressions on their faces.

boom!

At this time, Ye Feng suddenly burst out with his martial arts momentum.

"This is....."

"Fairy Realm!!"

Everyone felt the terrifying momentum, and their eyes showed expressions of horror.

They never thought that in just a few days, Ye Feng, who had returned once again, had already achieved the level of immortality!

"Master Ye! You! You have become an immortal!"

Ning Qingxue is the happiest at this time.

Uh-huh!

Her graceful figure moved and she came directly in front of Ye Feng. Her beautiful eyes were filled with surprise as she stared at the young man in white clothes in front of her.

Ye Feng smiled slightly and said: "This time I wiped out the Huangquan Demon Sect alone, and also met the top geniuses from other big states. I destroyed the real dark alien clan's nest, the Jiuyou clan's nest, and got a lot of benefits. With a few opportunities, he broke through to the realm of immortality."

Ye Feng naturally wouldn't say that he swallowed the entire Underworld Demon Sect to achieve the realm of immortality. That would be too shocking.

So at this time, Ye Feng used the opportunity to destroy the Nine Nether Demon City to get the blessing of opportunity to let everyone know that he got the blessing of opportunity from the Nine Nether Demon City.

"Nine Nether Demon City? Nine Nether Clan?"

"The Nine Nether Clan from hell! I've heard of it! It's an extremely ferocious dark alien race!"

"Young Master Ye Di actually had an affair with top men from other clans.

It's really enviable that a super genius has cooperated. "

At this moment, many of the geniuses present could not help but exclaim in surprise.

At this time, Ning Qingxue was extremely happy and said: "Great! Mr. Ye, you have broken through to the real fairyland. This time in the selection of the Eighteen States, our Snow State will not be as inferior as other big states." Oppressed!"

Ye Feng's eyes moved and he said: "Being oppressed by other big states?"

Xuanyuan Han, the young master of Tianzhou, seemed to have noticed Ye Feng's doubts, and couldn't help but smile bitterly and said: "Brother Ye, you heard it right, our Tianzhou, and your Xuzhou, are ranked last among the eighteen states. Xiaozhou, we have always been bullied by other top geniuses from the major states in the selection of the Eighteen States, saying that we are bumpkins from the backwoods, but this time, Brother Ye, you have broken through to the fairyland, and we have a fairy. He is a talented person who can lead us to shine in the selection of the Eighteen States."

Hearing this, Ye Feng nodded slightly and said: "The top geniuses from other major states are indeed very powerful."

Ning Qingxue said at this time: "Since Mr. Ye, you have destroyed the Huangquan Demon Sect by yourself, then our mission this time can be considered completed. By the way, Mr. Ye, when you destroyed the Huangquan Demon Sect, there are Didn't you keep the head of the Underworld Demon Lord?"

Ye Feng nodded and said: "I stayed. It is said that killing famous figures from the dark alien race can be redeemed for rewards from major state capitals, because I have made great contributions to the human race and killed invaders like the dark alien race."

"That's right."

Ning Qingxue immediately smiled and said: "After returning to Snow State this time, I will take you to the supervisory embassy on the upper level of Xuzhou Prefecture to meet with the supervisory envoys dispatched by Shendu in Xuzhou. You can use The head of the Underworld Demon Lord can be exchanged for a huge reward, which will be a huge fortune. "

When Ye Feng heard Ning Qingxue say this, his eyes flashed slightly.

You must know that in the furnace of creation, there are still two heads of the extremely high-status Jiuyou Demon Lord and the Black Scorpion Demon Lord.

If you exchange them all, what huge rewards can you get?

You know, the Underworld Demon Lord is just a demon, and he can exchange for huge rewards.

The Nine Nether Demon Lord and the Black Scorpion Demon Lord are both true dark alien races, and they are also high-level dark alien races in the realm of upper immortals.

The value of each of them is definitely hundreds of times, or even thousands of times more expensive than a mere Underworld Demon Lord.

Ye Feng's heart became increasingly hot when he thought of this.

...

Next, now that everyone knows that the Underworld Demon Sect has been destroyed, and even the home base of the Jiuyou Clan, the dark alien race that supported the demons, has been destroyed, all the young geniuses from Xuezhou and Tianzhou are very happy in their hearts. They all returned to the state capital.

After returning this time, their goal is to participate in the selection of the Eighteen States.

The selection of the Eighteen States means the future and future, and all young talents attach great importance to it.

And this time, Ye Feng broke through to the powerful level of the Immortal Realm so quickly, which made many geniuses from Snow State and Tianzhou feel at ease, because in every previous selection of the Eighteen States, the top geniuses from the big states, they will bully small states like them in various ways.

Ye Feng, Ning Qingxue, and a group of young geniuses from Snow State, after they returned to the capital of Tianzhou, they directly used the interstate teleportation array to return to the land of Snow State.

In less than three days, everyone returned to their sects and forces.

And Ye Feng

He Ning Qingxue returned to the capital of Snow State.

At this time, Ye Feng re-entered the Qiren Mansion in Xuezhou Prefecture. Seeing the luxurious gardens around it, he felt familiar.

Ye Feng quickly returned to his small courtyard where he lived alone.

The first thing he saw was the young man in black who had transformed into a flying snake, sitting cross-legged on the roof, practicing silently.

Buzz!

At this time, as soon as Ye Feng approached, Teng Snake immediately opened his eyes, and in a flash, he was already standing in front of Ye Feng. He immediately clasped his fists and said, "Master, you are back."

Ye Feng nodded slightly and looked around. It was empty, and he couldn't help but wonder: "Where is Brother Longdu?"

Teng Snake said: "A few months ago, the black coffin he was carrying seemed to have undergone a change. A vicious and terrifying dark aura was emanating from it. He didn't want the Dragon Poison to harm Xuezhou, so he left alone. I want to return to the Western Continent and find a way to suppress the terrifying dark power in the black coffin."

Ye Feng's eyes suddenly flashed.

He knew that the dragon poison came from the Western Continent. The black coffin he was carrying on his back seemed to contain a terrifying and ferocious Minotaur Dark Demon God from the ancient times of the Western Continent. It was very terrifying.

"I hope Brother Longdu can find a solution to the crisis."

Ye Feng murmured, then looked at Teng She and said with a smile: "Teng She, this time I brought a few new friends back from outside. You can get to know each other. You will all live together for a while. "

At this time, Ye Feng said and gently patted the spirit beast bag on his waist.

Uh-huh! Uh-huh!

Almost at the next moment, Lao Jinlong held the little unicorn in his hands, jumped out of the spirit beast bag, and stood beside Ye Feng.

"Ancestor!"

The moment Teng Snake saw Old Jinlong, his expression suddenly changed, and he knelt on the ground with a "pop".

The old golden dragon is a five-clawed golden dragon. In all the worlds, creatures like the five-clawed golden dragon are very rare.

The Soaring Snake is an ancient giant snake. It may not matter when meeting ordinary dragons, but when meeting a creature like the five-clawed golden dragon, there is definitely a kind of awe that comes from blood.

At this time, Old Jinlong stared at the Soaring Snake, smiled in surprise, and said: "Oh? A little snake seemed to have absorbed the energy of some ancient fragments, and it transformed into an

ancient Soaring Snake, but its bloodline is too rubbish. Following this ancestor, I'll help you raise your bloodline level from now on, and you'll definitely enjoy the spicy food if you follow me."

"What? Ancestor, can you improve my bloodline level?"

Teng Snake's face suddenly turned red at this moment, and he was obviously extremely excited.

At this time, Xiao Huo jumped down from the old golden dragon's big golden paw, like a puppy, running happily everywhere in the entire small courtyard.

Ye Feng walked towards the outside of the courtyard at this time. Ning Qingxue had already said before that after he came back, he could go directly to the supervisory embassy in Xuezhou Prefecture to look for the supervisory envoys from the divine capital and kill them with his own Identified demon heads in exchange for huge rewards.

After passing through buildings one after another, Ye Feng soon came to a majestic hall in the state capital.

He stepped up the huge steps and entered the hall.

At this time, the hall was empty, there was no one.

Ye Feng looked around, as if he wanted to see where the person was.

"Young man, this is the Supervisory Embassy of Shendu, a forbidden area in the capital of Selangor. What are you doing here? Hurry up.

Go back and practice, this is not a place that ordinary people can break into without permission. "

Suddenly at this moment, an extremely old voice suddenly sounded throughout the entire hall, the voice was extremely majestic.

Ye Feng's eyes moved, and he immediately clasped his fists at the entire hall and said: "Senior, my name is Emperor Ye, and I am a member of the Qiren Mansion in Xuezhou. This time, Miss Ning Qingxue and I are going to the endless wilderness outside Tianzhou. , wiped out the demons

supported by the dark aliens, and killed a powerful demon leader. I came here to redeem the reward.
"

"Oh? Who did you kill? Looking at your young age, you didn't expect to be able to kill the demon leader? I hope you are not lying to me, otherwise you will waste my time. I will not be polite to you. You need to be taught a lesson. Stop this kid."

The old voice just now sounded again.

Buzz!

Following a slight spatial fluctuation, an old man wearing a white robe appeared in the hall. His eyebrows were very long and pure white, almost hanging down to the ground.

At this time, Ye Feng's eyes changed slightly. He couldn't feel any aura fluctuations from this old man in white. It was obvious that his realm had reached a peak. Ye Feng was probably an older man comparable to the palace lord level. He was worthy of coming from the divine capital of China. The supervisory messenger is indeed very powerful and unfathomable.

The old man in white stared at Ye Feng, his eyes unwavering, and said: "Take out the head of the demon you killed. Let me see what level of demon it is. If the level is too low, there will be no reward."

Ye Feng nodded and said: "Senior, don't worry, since the junior is here, I will definitely not let the senior down."

After the words fell, the old man in white was a little surprised and said: "Oh? It seems that you are quite confident as a young man. Take it out and take a look."

Buzz!

The storage spirit ring in Ye Feng's hand flashed, and the head of the Underworld Demon Lord appeared immediately, bloody.

However, the old man in white turned a blind eye and nodded slightly, saying: "Oh, it turns out it's the Underworld Demon Lord. Although he is a small figure, for a young man like you, being able to

kill the Underworld Demon Lord is pretty good. Okay, this Give the head of the Underworld Demon Lord to me, it's worth thirty million spiritual crystals."

As he spoke, the old man in white stretched out his hand slightly.

Uh-huh!

A powerful suction force burst out, and the head of the Underworld Demon Lord in Ye Feng's hand appeared directly in front of the old man in white.

The old man in white took out an ice box, sealed the head of the Underworld Demon Lord in it, and said: "It can be used to sacrifice the flag when the next war with the dark alien tribe begins."

With that said, the old man in white threw a storage spirit ring to Ye Feng and said calmly: "There are 30 million spirit crystals in it, take it."

With that said, the old man in white turned around and prepared to disappear.

"Senior, wait."

Ye Feng suddenly spoke out again.

"What's wrong? Is there anything else?"

The old man in white turned around, impatience seemed to flash in his eyes.

Ye Feng said calmly: "Senior, this junior still has two heads. I need senior to take a look at them and see how much they are worth."

After saying that, Ye Feng took out the two heads of the Nine Nether Demon Lord and the Black Scorpion Demon Lord directly from the creation oven.

"This is....."

The old man in white looked stunned at first, and then he saw the heads of the two demon lords clearly. His eyes suddenly changed, and he said in surprise: "This is a big shot at the level of demon lords! He is a real strong man among the dark alien races, with status and status. Very high! Young man! How is it possible that you can kill such a being?"

Chapter 1153 Black Sky Demon Realm

Seeing the surprised look in the white-clothed old man's eyes in front of him, Ye Feng smiled slightly, as if he had anticipated the old man's reaction.

At this time, Ye Feng said: "Senior, you are right. These two heads are exactly the heads of two dark alien demon lords at the level of demon lords in the fairyland. One is the Jiuyou Demon of the Jiuyou Clan. Lord, one is the Black Scorpion Demon Lord of the Black Scorpion Clan, but they are all big shots."

The old man in white immediately laughed and nodded: "Hahaha! No matter how you got it, whether you killed it yourself or picked it up, I don't care. With these two demon lord-level heads, this time we and An The war between the demons will definitely greatly improve the morale of our human army!"

With that said, the old man in white grabbed the heads of the two demon lords and sealed them in the ice box.

He stared at Ye Feng and said, "Tell me, what reward do you want?"

Ye Feng thought for a while and said: "How much is a person of this level like a demon lord worth?"

The old man in white said: "The demon lords in the upper immortal realm are all absolute big shots, and they can be said to be priceless."

Ye Feng nodded and said: "Then I will make the request casually. If it is too much, I hope senior can forgive it."

The old man in white smiled slightly and said: "You tell me, as long as I can do it, I can satisfy you."

Ye Feng said: "The head of the first Nine Nether Demon Lord, I want my senior to give me a skill initiation, so that I can break through the first level, the middle-level lower immortal realm, and the high-level lower immortal realm."

The old man in white was stunned and said: "It's that simple? That's no problem! Let alone helping you to advance to the realm of high-level lower immortals, it's not a big deal to directly initiate your cultivation to the realm of intermediate immortals. Difficult matter."

Ye Feng stared at the old man in white, his eyes brightened, and said: "It would be great if we could be promoted to the intermediate immortal realm. I hope seniors can do it."

The old man in white immediately said: "What are you talking about? I am in the realm of Dzogchen Immortal. For a strong person like me, it will not take a minute to help you advance to a higher realm."

As he said that, the old man in white grabbed Ye Feng's head with his big hand.

"I will help you initiate your cultivation now, so that you, a young man, can know how powerful the immortal power of a strong man like me in the Dzogchen Immortal Realm is!"

At this moment, the old man in white was speaking, and boundless immortal power burst out from one of his hands.

This was an extremely powerful immortal power, like a vast ocean, which suddenly rushed out from the palm of the old man in white and poured into Ye Feng's body.

"boom!"

At this moment, Ye Feng immediately felt a majestic energy, which exploded in his body and was continuously transmitted from the top of his head to the limbs of his body.

This energy is much more powerful than the power of pure elixirs, and it is also extremely pure, just like the energy in pure fairy crystals taken from the fairy world, as pure and flawless as white snow.

At this time, Ye Feng immediately ran the Divine Art of Creation quickly, directing this surging energy towards his body, limbs and bones.

At this moment, Ye Feng's cultivation level is growing rapidly.

among.

"boom!"

At a certain moment, a new and huge cultivation aura burst out from Ye Feng's body.

His cultivation level, at this moment, suddenly reached the middle-level and lower-level immortal realm, and broke through to the high-level level.

"boom!"

Another half hour passed, and Ye Feng's cultivation level once again broke through.

His cultivation has surpassed the high level and reached the realm of Dacheng Lower Immortal.

At this moment, we are only one step away from the true middle-level immortal realm and the perfect lower-level immortal realm.

It can be seen with the naked eye that Ye Feng's original bronze immortal energy is transforming into silver immortal energy.

When the surging immortal energy in his body completely transforms into silver immortal energy, it means that Ye Feng's cultivation level has entered the true middle-level immortal realm.

But at this time,

There was a "click"!

Ye Feng immediately discovered that the pure and powerful immortal power transmitted from the top of his head was suddenly disconnected.

Without the source of energy, Ye Feng's cultivation finally stopped at the level of Dacheng Lower Immortal.

Ye Feng turned his head with some doubts, and immediately saw the strong man in white clothes. At this time, he was sweating profusely and panting. He was half lying on the ground and hesitantly said: "You, young man, your body is like It's a bottomless pit. The power absorbed by the breakthrough is so majestic. Even I have spent all my immortal power and can only elevate you to the realm of lower immortals. If you want to break through to the realm of intermediate immortals, you still don't know how much power you need. ,terrible."

The old man in white surrendered, not daring to say that he was a strong man anymore, and casually promoted Ye Feng to the middle level immortal realm.

Seeing this, Ye Feng was slightly startled at first, then he couldn't help shaking his head and smiled dumbly, and said: "Anyway, thank you senior. I know that senior has tried his best. This time, my cultivation level broke through two levels in a row, and I directly lowered myself from the middle level to the immortal level." It's really a huge gain to be promoted to the Dacheng Lower Immortal Realm. My strength has improved a lot all of a sudden."

The old man in white didn't dare to talk nonsense anymore. At this time, he stood up, recovered some of his lost skills, and then said: "What reward do you want to exchange for the second head of the Black Scorpion Demon Lord?"

Ye Feng thought for a while and said: "Senior, do you have any precious swords? I practice a kind of inheritance called Invincible Sword Domain. I need to collect various high-quality swords. The more swords there are, the more powerful the Invincible Sword Domain will be."

"Invincible Sword Domain?"

The old man in white's eyes moved. He had obviously heard of this very different swordsmanship inheritance. He nodded and said: "War swords, right? I collected a lot of them in my early years. I'll take them out and you can choose them yourself."

Buzz!

As he spoke, the old man in white had a thought in his mind, and the storage spirit ring on his finger flashed, and suddenly there was a "dinging, clanking" war sword, colorful, exuding a strong sword light, and they all fell to the ground of the hall. above.

These swords,

There are more than a hundred handles in total, all of which are of very high grade. There are even several war swords. They also exude strong fairy power and are obviously fairy swords.

Ye Feng's eyes lit up and he said: "These are all good swords. I want them all."

The old man in white stared at Ye Feng and said with a smile: "Take them all if you want them. Anyway, I am not practicing the inheritance of swordsmanship. There is no need to use swords. Most of these sword soldiers were killed by me along the way." Take all the spoils obtained by powerful enemies."

"Thank you, senior!"

Ye Feng's eyes were extremely excited, and he released the Invincible Sword Domain with a "boom", and directly integrated more than a hundred swords on the ground into his Invincible Sword Domain on the spot.

Buzz! .??.

Buzz! .??.

Along with the smelting, the domain of the Invincible Sword Domain becomes larger and larger, and the energy contained in it becomes more and more terrifying.

In the end, when Ye Feng successfully smelted all the swords in the entire Invincible Sword Domain, including the previous ones, there were already one hundred and eighty-nine swords.

Moreover, it also includes nine fairy swords, and other war swords are also of very high grade.

At this moment, Ye Feng stood in the Invincible Sword Domain, protected by one hundred and eighty-nine war swords suspended in the air around him. He was like a swordsman emperor, with a sharp edge that could tear the sky.

Ye Feng knew that after smelting more than a hundred war swords, the power of the Invincible Sword Domain was becoming more and more terrifying, and the destructive power of the super sword had definitely reached a higher level again.

The old man in white looked at Ye Feng and couldn't help but sigh and said: "Young people are awesome, young man, if you continue to practice your invincible sword domain, you will definitely shine."

Ye Feng nodded and said: "I have remembered the instructions of my seniors, so I will leave first."

After saying that, Ye Feng turned around and left the majestic hall.

He walked towards the direction of Qiren's Mansion and saw many young people along the way.

These young people include young geniuses within the state capital, as well as top talents from remote places in Selangor. During this period, they have all gathered in the core place of Selangor state capital.

Ye Feng knew that the selection of the Eighteen States was about to begin, and these young geniuses had come to follow the capital of Selangor to obtain the qualifications to participate in the selection of the Eighteen States.

When Ye Feng returned to his residence, he saw Ning Qingxue, the third lady, standing outside his courtyard, seemingly waiting for him.

Ye Feng walked over and said with a smile: "Miss Third is not busy participating in the selection of the Eighteen States. How come you have time to come to me?"

Ning Qingxue's beautiful and fair face now had a hint of solemnity. When she saw Ye Feng approaching, she immediately said, "I came to you this time to bring you some news."

Ye Feng's eyes moved and he said, "About the selection of the Eighteen States?"

"That's right."

Ning Qingxue nodded, her tone a little heavy, and said: "I have learned about the big shots in Shendu from insiders.

Due to their decision, this time the selection of the Eighteen States will allow countless young talents from the Eighteen States to enter the Black Sky Demon Realm. "

"Demon world?"

Ye Feng's eyes were startled, and he said: "That is a high-level interface. It contains countless dangers, and there are also demon gods. If we young people are allowed to enter, isn't that asking for death? I guess the Emperor Tongtian himself would not dare to enter the demon world rashly, right?" "

Ning Qingxue immediately shook her head and said: "It is not the real central demon world, but the black sky demon world. Mr. Ye, you may not know that the demon world is just a collective name for countless demon interfaces, just like hell, hell is composed of many different hells It is composed of interfaces, such as the Abi Hell interface, the Dark Hell interface, the Flame Hell interface, etc., and the same is true for the Demon Realm. The real central Demon Realm land is a vast land comparable to the God Realm. There are countless ancient demon gods living there. Who is it? I don't dare to go. The Heitian Demon Realm where our Eighteen Provinces selection place is located this time is a relatively low-ranking demon interface among the thousands of demon realms. It has a relatively weak background. But since it belongs to the demon world, even if it is ranked lowest The Demon Realm, and the Black Sky Demon Realm are definitely extremely dangerous and bad. I can predict that the deaths this time will be tragic, but in this worst environment, the most powerful existence can be selected. "

Ye Feng was a little strange and said: "I heard that the previous selections for the Eighteen States were basically set in some ancient ruins or the battlefields of saints. Why did you choose a harsh place like the Black Sky Demon Realm this time? "

Ning Qingxue sighed and said: "According to the news coming from the capital of the gods, it seems that the invasion of the spiritual world by the dark aliens made the gods very angry, so this time they allowed countless top geniuses from the eighteen states to enter. Fighting in the Black Sky Demon Realm and killing the Black Sky Demon Clan among the dark alien races is also an eye for an eye and a tooth for a tooth."

When Ye Feng heard this, he nodded with some clarity.

He looked at Ning Qingxue in front of him and saw the solemn and heavy look on the woman's face.

Obviously, for countless other geniuses of the human race except Ye Feng, entering the Black Sky Demon Realm means extremely cruel fighting, and there is basically no energy source. They need to be careful and cautious. They may die after being seriously injured without enough time for treatment and recovery. He died because the demon world does not have the spiritual energy of heaven and earth that human practitioners in the spiritual world need. It is all demonic energy and cannot be absorbed. If it is absorbed, it will turn into a demon and die suddenly.

But these huge dangers and worries do not exist at all for Ye Feng!

With the Divine Art of Creation and the Furnace of Creation, Ye Feng can smelt, devour, and combine all the attribute energy of all things in the universe, including all kinds of demonic energy, demonic energy, fairy energy, divine energy, evil energy, Buddhist energy, etc., into one furnace. , carry out a great fusion, and strengthen one's body strength.

Therefore, when Ye Feng heard the heavy news brought by Ning Qingxue, he did not feel any mood swings. On the contrary, he felt very happy.

This time, the top geniuses from the Eighteen States must all be monsters. After all, they are all ambitious people who want to break into the divine capital.

If it were a normal selection environment, Ye Feng might feel that he still couldn't compete with most of the top talent.

But in a harsh environment like the Black Sky Demon Realm, Ye Feng has an advantage!

Chapter 1154 Let's go together

After Ning Qingxue brought this heavy news, she left directly.

Ye Feng returned to his small courtyard and was in a good mood.

This time in the Eighteen States Selection, if you want to enter the harsh environment of the Black Sky Demon Realm, you will definitely have an innate advantage.

In the small courtyard, Old Jinlong was giving various reprimands and instructions to Teng She, as if he were a master.

Xiaohuo, on the other hand, learned from Lao Jinlong. His small body was lying on the ground, lazily basking in the sun.

Ye Feng originally planned to bring Xiao Huo, Lao Jinlong and Teng She with him.

But I thought that there might be huge dangers in the Black Sky Demon Realm.

He thought about it and decided not to take the three of them into the Black Sky Demon Realm.

Ye Feng looked at Old Jinlong at this time and said: "This time the selection of the Eighteen States is to enter the Black Sky Demon Realm. It is too dangerous inside and I may not have time to take care of myself, so Old Jinlong, you take Xiao Huo and Teng She, First rush to the divine capital of the Tongtian Divine Dynasty. After I finish the selection of the Eighteen States and am selected by a big force in the divine capital, I will welcome you in. "

Lao Jinlong's eyes moved, and then he said: "Ye Feng, boy, have you noticed that Xiao Huo has become more and more lazy during this time?" ??

Ye Feng looked surprised and said, "Didn't I learn from you?"

"How can it be!"

Old Jinlong immediately shook his head and said in a serious tone: "Xiaohuo is the overlord race of the starry sky. If it cannot always receive high-quality flame sources to replenish its energy, not only will it not evolve, but it will continue to degrade. Xiaohuo has been listless during this period. Yes, I guess life may have begun to degenerate."

Ye Feng's eyes were startled and he said: "Degeneration of life? What should we do?"

At this time, he looked at the little Qilin lying on the ground not far away, and indeed saw that this little guy was listless, his whole body seemed to have no strength at all, and was limp.

Old Jinlong thought for a while and said: "I decided to take Xiaohuo to some strange places in the spiritual world to find the strange fires of heaven and earth, so that the little unicorn can transform quickly. As long as it enters the mature stage from infancy, it can absorb the energy from the world on its own. The flame energy in the void of all major interfaces."

Ye Feng nodded and said: "I will leave the little fire to you for the time being. Remember to let the little fire grow up."

Old Jinlong patted his chest with his big golden claws and said with a smile: "Don't worry, I will have to rely on Xiao Huo for my old age. By the way, when Xiao Huo transforms and enters the mature stage, I will bring him with me." God is looking for you."

At this time Teng She also walked over, seeming a little hesitant.

Ye Feng said with a smile: "Follow Old Jinlong, you can just take care of Xiaohuo. Old Jinlong is so slovenly, I'm not worried about him. Tengshe, you are thoughtful, you can just take care of Xiaohuo, and you can also Learn skills from Lao Jinlong."

With that said, Ye Feng turned around and walked into his house.

Lao Jinlong glanced at Ye Feng's turned back and knew that Ye Feng must be very reluctant to part with him.

But Lao Jinlong can only leave with Xiao Huo now.

In the afternoon, Lao Jinlong gave Ye Feng a contact jade token, and then took Xiao Huo and Teng Sheli away.

He opened the Xuezhou Mansion and disappeared into the vast land outside the city of Xuezhou Mansion.

Ye Feng opened the door and walked out. As he watched the three figures slowly go away, a look of silence flashed across his eyes.

However, Ye Feng did not remain depressed for too long, and quickly strengthened his belief that this Eighteen States Selection was his best chance to break into the middle and upper classes of the Tongtian Divine Capital.

"Bang!"

Ye Feng closed the door and decided to retreat. In the last period of time before the selection of the Eighteen States, he carefully sorted out and comprehended the cultivation levels that he had just achieved breakthroughs in, as well as the major martial arts inheritance. Be fully prepared for the selection of the eighteen states.

Time passes quietly through your fingertips like quicksand.

Half a month passed in the blink of an eye, and Ye Feng also gained a lot during this retreat. Some things can only be understood through the meditation of retreat, and his mood became more stable.

"Squeak!"

Ye Feng opened the door and instantly felt that the atmosphere in the entire Qi Ren Mansion became extremely solemn.

The solemn aura can be felt from the air, and there is a kind of aura of a warrior going out to fight and killing with iron blood.

"I wonder how Miss Lan is doing now that she is in seclusion in the mansion to comprehend the realm of immortality?"

At this time, Ye Feng thought of Gu Qinlan, a mysterious old friend.

He walked directly towards a certain direction of the state capital, wanting to see if Miss Lan was still in seclusion.

Because the selection of the Eighteen Prefectures was about to begin, if Miss Lan hadn't left the country yet, she might have missed this great opportunity to enter the divine capital.

When Ye Feng arrived outside the palace of the nobles, he asked a maid in charge of the palace affairs and was told that Gu Qinlan was still in retreat.

Ye Feng's eyes suddenly showed a hint of surprise. Unexpectedly, Miss Lan was still in retreat, which meant that she had not yet broken through to the fairyland.

However, in the fairyland, not everyone can be as evil as Ye Feng, who uses the skills of all the creatures in the entire demon force to achieve the fairyland for himself.

After Ye Feng learned the news, he couldn't rush in and disturb Gu Qinlan's retreat.

"If you can break through to the Immortal Realm in the final retreat, it may be more worthwhile than participating in the Eighteen States Selection."

With this thought in his mind, Ye Feng turned around and left the palace.

On the way, Ye Feng happened to bump into a hurried guard, wearing silver armor. He knew at a glance that he was a senior guard from Xuezhou Prefecture.

At this time, the silver-armored guard walked up to Ye Feng and directly clasped his fists and said: "Master Ye Emperor, I finally found you. The third lady asked me to inform you to go to the meeting hall in the center of the mansion. It seems to be discussing the eighteen states. The big thing about selection."

Hearing the hasty tone of the silver-armored guard, Ye Feng immediately

With his eyes moving, it seemed that the selection of the Eighteen States was finally about to begin.

"I'll go immediately."

Ye Feng nodded to the silver-armored guard, and then rushed directly towards the central meeting hall.

Soon Ye Feng arrived at the meeting hall. After he stepped into the hall, he saw Ning Qingxue sitting on the side of the hall.

At this time, there were other young talents in the hall, dozens of them, both male and female. Most of them were the top talents that Ye Feng had used to annihilate the Huangquan Demon Sect in Tianzhou.

"Meet Brother Ye!"

"Meet Brother Ye!"

At this moment, when Ye Feng stepped forward, most of the young geniuses who had experienced with Ye Feng in the Tianzhou wilderness stood up one after another, with awe in their tone, and faced Ye Feng. Hold your fists and make a sound.

Obviously, Ye Feng's feat of wiping out the entire Huangquan Demon Sect all by himself had shocked these top geniuses, so they were in awe.

And some of the other newly joined top geniuses in Selangor, both men and women, stared at the young man in white clothes who walked into the hall with surprise and uncertainty.

Obviously they didn't know Ye Feng, so when they saw most of the geniuses who were more powerful than them, clapping their fists in front of Ye Feng and shouting respectfully, they were naturally shocked to the extreme.

"Who is this boy in white? Is he worthy of the awe of so many geniuses?"

At this moment, many of the new young talent from Selangor couldn't help but secretly guess in their hearts.

"Master Ye, you are here!"

Ning Qingxue immediately stood up and asked Ye Feng to sit next to her.

After Ye Feng sat down, he asked: "Miss Third, here should be everyone who will participate in the selection of the Eighteen States this time, right?"

Ning Qingxue smiled and said: "Yes, these are the top geniuses in Snow State who have been strictly selected by us during this period. They are powerful in battle. Although you can't compare with Mr. Ye, they are all in their own territory. A young expert who is unique in his own right."

Ye Feng nodded slightly and looked around at everyone in the hall. He discovered that many young geniuses had cultivation levels. They were basically at the level of the Half-Step Immortal Realm. There were also three real Geniuses in the Lower Immortal Realm, but they were hidden. It was very deep, but Ye Feng could still see it.

However, Ye Feng did not speak, but sighed inwardly. Sure enough, Snow State ranked very low among the eighteen states.

Before, when Ye Feng was in the Endless Wilderness State outside Tianzhou and attacking Jiuyou Demon City, he had come into contact with some of the top geniuses from other big states. The weakest ones were from the Lower Immortal Realm, even the number one in the Fire Worship Cult in Yanzhou. Tianjiao Li Shengyi is impressively in the realm of high-level immortals, and his inheritance is very powerful.

Ye Feng felt at this time that in this selection of eighteen states, the pressure on Snow State would be very high.

But Ye Feng knew that as the backbone of Xuezhou's genius, he would definitely bear the brunt.

However, Ye Feng has made a huge breakthrough in his cultivation this time, and half of

Through Yue's meditation retreat, his understanding of the secrets of the major martial arts traditions has also reached a higher level.

His current combat power is many times stronger than when he attacked Jiuyou Demon City before.

In addition, Ye Feng also has many incredible trump cards, such as the Dharma, Heaven, Elephant and Earth, Dzogchen Future Body, etc., which gives Ye Feng a strong self-confidence.

When Ning Qingxue saw that everyone had arrived, she immediately stood up and announced: "The selection of the Eighteen States is very important to us. As long as we can stand out among them, or in other words, as long as we can survive, we can enter the divine capital. Among them, being selected by major families and royal families, becoming their staff, eventually making great

achievements, being granted lordships, and in addition, being able to stand out in the selection of the Eighteen States will have a huge impact on the forces and families behind you. The good thing is that as long as you perform well, the upper echelons of the divine dynasty will reward you with unlimited resources. However, this time the selection place is in the Black Sky Demon Realm, which is a very dangerous and bad demon interface. I think everyone knows this news. , in addition to the killings from the demons, there are also threats from the geniuses of other major states. This time we all must be led by Mr. Ye! "

"Is Mr. Ye the leader?"

At this moment, the moment Ning Qingxue finished speaking, in the entire hall, except for the geniuses who had experienced in Tianzhou with Ye Feng before, the other newly arrived geniuses from Xuezhou all had displeasure in their eyes.

Especially the three top geniuses who were hidden among the people in the low-level immortal realm, even disdainfully said: "We are all top geniuses, why should we take the lead on this Emperor Ye? I don't believe that his strength is really real. Is he as powerful as you brag about! Killing a Huangquan Demon Sect by yourself? That's awesome!"

When Ning Qingxue heard the prodigies say this, her beautiful eyes suddenly showed a trace of anger.

She didn't expect that someone would immediately come out to look for trouble after they had agreed to it before.

At this time, Ye Feng stopped the furious Ning Qingxue, stood up slowly, looked at the group of dozens of new young geniuses, and said: "If you don't accept it, you can challenge me. I lose. I If you take the lead, if I win, then you must all listen to me."

A hidden young prodigy from the Lower Immortal Realm is a young man in yellow. He sneered and said, "I will be the first to challenge you."

"No."

Ye Feng suddenly shook his head.

"Are you scared?"

The young man in yellow was a little disdainful and said, "If you're scared, just sit back and sit down."

Ye Feng suddenly laughed and said: "I said no, not because I am afraid, but what I mean is that it is too slow for you to challenge alone. Dozens of you so-called top geniuses who are not convinced by me should all come together. I solved it once and for all to save time."

"What?!"

Almost at the moment Ye Feng said these words, all the young geniuses in the entire hall couldn't help but change their expressions.

This young man in white wants to fight against dozens of their top geniuses by himself?

Isn't this too arrogant?

Chapter 1155 The Land of God's Death

quiet!

Deadly quiet!

At this moment, the entire meeting hall fell into a dead silence.

Everyone stared at the figure of a young man in white clothes standing above the hall with incredulous eyes.

Not to mention the newcomers, even the old geniuses who had been to Tianzhou who had experienced with Ye Feng, all had deep shock in their eyes.

Although they know that Ye Feng is powerful, it is too much to ask one person to fight against dozens of top talents in Snow State, right?

You know, most of the newcomers who have recently arrived in the state capital are masters of the Half-Step Immortal Realm, and there seem to be a few top geniuses who are truly powerful in the Immortal Realm hidden among them.

Three low-level immortal realm experts, and more than twenty half-step immortal realm masters, these are not ordinary monks, but young geniuses whose combat power cannot be regarded according to common sense.

"Arrogant!"

"Too arrogant!"

At this moment, a group of newcomers Tianjiao immediately spoke out in anger.

"Suppress this boy in white directly!"

"This boy is called Emperor Ye, right? His name is domineering, but his heart is too arrogant, and he will be killed by his arrogance sooner or later."

"So now we have to teach this kid a lesson first, so that he will not be too arrogant in the selection of the Eighteen States, thus attracting an irresistible presence to our entire Snow State."

A group of new disciples spoke out one after another, gearing up and looking at each other with evil eyes.

"superior!"

"Come together! Suppress this Emperor Ye!"

A group of dozens of new disciples all spoke out one after another, bursting out with powerful fighting spirit.

boom!

boom!

boom!

Suddenly, waves of fighting spirit, skills, energy light waves, etc. of different colors and attributes all swarmed together, forming a huge attack frenzy, all bombarding Ye Feng.

Dozens of Snow State's top geniuses took action with astonishing momentum, surging crazily in the void like rolling thunder.

That kind of destructive attack frenzy makes even those in the mid-level immortal realm and even the upper-level immortal realm have to temporarily avoid the edge.

But at this time, Ye Feng looked at the dozens of young geniuses who were attacking, and grinned, saying: "Today I will let you see what real power is!"

"The Ancient Dragon Elephant Collapses Palm!"

"boom!!"

Ye Feng suddenly stretched out a hand, and the hand immediately turned into a big hand that covered the sky and the sun, almost filling the entire majestic hall.

"Roar!!"

An ancient evil

The beast-level ancient dragon elephant appeared, and it manifested itself in Ye Feng's hand. It had unparalleled terrifying crushing power. It blocked all the attacks at once, and then Ye Feng's Ancient Dragon Elephant Collapse Palm erupted with overwhelming power, blasting away dozens of young geniuses from Snow State in an instant.

"ah!"

"ah!"

"..."

Accompanied by screams, dozens of young geniuses seemed to have been severely injured. They spurted out mouthfuls of blood and were all blown away, lying on the ground with horror in their eyes.

Even the three young prodigies who were hiding in the lower immortal realm were frightened to the extreme.

They were also very embarrassed at this time. They were blown away. Although they did not vomit blood, they suffered internal injuries, their hair was messy, and they looked extremely miserable.

"What?"

"With one palm, dozens of top-notch geniuses from Snow State were blown away?"

At this moment, not to mention a group of new talents, even the young talents who had been to Tianzhou, their expressions were extremely shocked at this moment.

They knew that Ye Feng was very strong, but they never thought that Ye Feng would be so powerful!

Many people sighed: "Although Emperor Ye's cultivation is still in the realm of lower immortals, his combat power is so monstrous that he may be comparable to those top geniuses from the big states!"

Ning Qingxue was extremely surprised at this moment. She stared at Ye Feng with a pair of beautiful eyes and couldn't help but said: "Master Ye, you have become so powerful now. Okay, great!"

At this time, dozens of young geniuses from Xuzhou, including the three hidden geniuses from the Lower Immortal Realm, who were blown away by Ye Feng's slap not far away, all quickly got up.

Everyone walked up to Ye Feng honestly and gathered together. Then with a look of shock, anger or fear on their faces, they all clasped their fists and said, "Brother Ye Di, we are convinced! "

Being called "senior brother" shows that a group of newly arrived Selangor geniuses are completely convinced from the bottom of their hearts.

Ye Feng was very satisfied with everyone's reaction and couldn't help but smile and said: "That's right. If anyone is still not convinced, you can continue to challenge me alone until you are convinced."

hiss!

Hearing what Ye Feng said, all the geniuses from Xuzhou couldn't help but take a breath of air.

Challenge alone?

Then forget it!

Even dozens of people can't defeat it together.

If you go alone, I guess

The plan will be immediately defeated.

"alright."

At this time, Ning Qingxue spoke up: "This time, the selection place for the Eighteen States of our Tongtian Divine Dynasty is in the Black Sky Demon Realm, so this time we have to first go to a special area on the battlefield of all races, and compete with other The geniuses from all the major states gathered together, and then many big figures from the Divine Dynasty worked together to open the interface barrier of the Black Sky Demon Realm. We entered directly, carrying a teleportation talisman with us. After the selection time is over, we will all be teleported back directly, so teleportation The talisman must be kept well. If it is lost, it means that you will stay in the Black Sky Demon Realm forever and never come back."

With that said, Ning Qingxue took out the teleportation talismans from the storage rings and asked each of the young prodigies to hide them closely so as not to lose them.

When Ning Qingxue gave it to Ye Feng, she gave Ye Feng an extra teleportation talisman and whispered: "Young Master Ye, take one more. Just to be on the safe side, I also have two teleportation talismans. If you encounter other unstoppable big states, If you want to steal your teleportation talisman, you can give him one directly to confuse him."

Ye Feng's eyes flashed, then nodded slightly and said, "Okay."

After saying that, Ning Qingxue led everyone directly towards the outside of the meeting hall and said: "Now we will directly use the cross-border teleportation array in our Xuezhou capital to teleport to the battlefield area of thousands of races."

When everyone heard this, their eyes were shocked.

Is it finally time to officially enter the Black Sky Demon Realm?

Directly entering the legendary demon world is an unprecedented experience for many young geniuses, making everyone nervous, excited, and a little bit scared.

Soon, everyone came to the depths of Xuezhou Mansion. In the end, Ye Feng did not wait for Gu Qinlan to come out of seclusion to participate in the selection together. They had disappeared in the teleportation array.

Buzz!

Accompanied by a burst of severe dizziness.

Everyone opened their eyes one after another.

At this time, they looked around, with deep strange looks in their eyes.

At this moment, they had left the spiritual world and arrived at a battlefield of thousands of races near the edge of the dark demon world.

This battlefield of all races is not large in area. It is a very small broken continent, suspended in the void space of the major interfaces.

Everyone looked up to the sky and saw the endless dark sky and the extremely withered earth. However, there were many ancient buildings in the distance, but they had all collapsed, exuding the aura of ancient history.

In addition, there are many unknown huge skeletons floating in the sky, which look very strange.

Ning Qingxue looked at Zhou for a while

Surrounded, he said: "This is already a fragment of the battlefield of all races close to the edge of the interface barrier of the Black Sky Demon Realm. Gods once fell here, so this is also called the 'Land of Gods'." We We have to stay here for a while, waiting for the young geniuses from other states to arrive. After all the tens of thousands of geniuses arrive in this land of gods, the big shots from our Tongtian Divine Dynasty will arrive and join forces to tear apart the Black Sky Demon Realm. The gap in the interface barrier allows us to enter the real demon world. "

Ye Feng looked at the dilapidated land around him. There was no one around, and he couldn't help but said: "It seems that we are the first batch of young geniuses to arrive."

"uncertain."

Ning Qingxue shook her head and said: "Although this Land of God's Fall is a small piece of fragmented continent compared with other battlefields of all races, the area of the entire Land of God's Fall is still comparable to our entire Snow State. Territory, so there may be young prodigies from other states arriving in other locations, and there may be many young prodigies who will venture deep into the depths of this land of gods to look for the remnants of some ancient gods that may exist."

Ye Feng's eyes moved and he couldn't help but said in surprise: "On this dilapidated battlefield of thousands of races, could there still be remnants of ancient gods?"

Ning Qingxue smiled slightly and said: "Yes, otherwise why is it called the 'Land of the Fall of Gods'? But that is just a legend, and there may be huge dangers deep in the Land of the Fall of the Gods, so generally the places in the major states After Tianjiao arrives, he will not look for the ethereal remnants of the gods, but will quietly wait for the time when the Black Sky Demon Realm opens. "

Ye Feng's eyes flashed and he said: "I want to take a look, maybe I can find something good. If I can find some opportunities to improve my strength, enter the Black Sky Demon Realm, and face the top geniuses from other big states, And the fierce demon clan in the Black Sky Demon Realm will have greater confidence."

When Ning Qingxue heard what Ye Feng said, she couldn't help but smile and said, "Are you really going to investigate? But we are a group in Xuezhou now. Since Mr. Ye is going to go, let's all search together. In fact, I also want to see if this place where the gods fell is as mysterious as the rumors say."

Hearing this, all the prodigies of Xuzhou Prefecture were gearing up and said, "We are willing to be together and follow Brother Ye Di. We are not afraid."

Now Ye Feng has really become the backbone in everyone's minds.

Ye Feng smiled and said: "Okay, let's go together. If we meet the geniuses from other states, we can be together to avoid being bullied by others."

Ning Qingxue nodded in agreement, pointed in a direction, and said: "Let's go and take a look from this direction. My father secretly told me this before I left. There are many places in this direction of the Land of God's Fall. You might be able to find something good in the ancient ruins."

Chapter 1156 Crystal Palace

A group of young geniuses in Snow State, prompted by Ye Feng and Ning Qingxue, all looked excited and hurried towards a certain direction of the Land of God's Fall.

On the way, Ning Qingxue looked at the empty and desolate land around her, and said with a smile: "We are probably the first batch of people to arrive at this place where the gods have fallen. We have not met the top geniuses from other major states. It is we who are exploring A great opportunity for this land of gods."

At this time, Ye Feng was operating the Divine Eye of Creation, and his eyes suddenly bloomed with a dark light, looking in the direction pointed by Ning Qingxue.

The Divine Eye of Creation can increase Ye Feng's vision to the limit, which is many times more powerful than clairvoyance. It can also see through many illusions and penetrate some camouflage formations that protect ruins.

At this moment, Ye Feng was quickly observing to see if there were really ancient ruins in the direction pointed by Ning Qingxue.

Because time is limited, I don't know when the top young talents from other states may come directly.

If they discover any ancient ruins again and get the chance to find them, they may be jealous of the geniuses from other major states, and even the top geniuses from other major states may directly take the initiative to rob them.

At this time, Ye Feng used the Divine Eye of Creation to extend his vision infinitely. He soon saw an extremely majestic black hillside rising tens of thousands of miles away on the originally flat and ruined land.

This black hillside is like a huge black dragon, lying on the endless land, giving people a very shocking sense of vastness.

Ye Feng suddenly said: "Miss Third, I used a pupil technique to see a huge black hillside suddenly standing on the ground tens of thousands of miles away. Is that the ruins you mentioned? "

Ning Qingxue's eyes moved and she said, "It's possible, let's go and have a look."

With that said, everyone speeded up.

Half an hour later, they arrived at their destination.

Everyone looked at the black hillside that towered into the sky in front of them. It couldn't even be called a hillside. It was a large black mountain, standing horizontally in the sky, rising from the ground. It looked endlessly vigorous and majestic.

.

With a clang, Ning Qingxue took out a white jade war sword from her storage ring and slashed towards the black hillside.

"Boom!!"

Ning Qingxue is not weak. Although she is a half-step immortal, her innate qualifications as an ancient goddess will naturally not make her weak.

At this moment, she slashed with her sword, and with a "click" sound, she split the black hillside in half from the middle.

Ye Feng glanced at Ning Qingxue in surprise. Unexpectedly, the third lady was very decisive and directly drew her sword to chop the mountain.

"Boom!"

At this time, as the entire black hillside was split in half, countless gravel rolled down, and a huge black dragon skeleton appeared in front of everyone's eyes.

Some people couldn't help but exclaimed: "This black hillside is actually made of the bones of a huge black dragon!"

Ning Qingxue's beautiful eyes lit up and she said: "This may be due to the tragic battle that took place in the Land of the Gods. Although the body of an ancient black dragon that fell has decayed for endless years, the skeleton of this black dragon is a treasure, even for me. None of the high-level immortal weapons were broken."

Ye Feng also nodded and said: "Although he has been dead for a long time and even the dragon flesh has decayed, I can still feel a very strong dragon energy from this black dragon skeleton! No! Such a strong dragon spirit There is definitely something wrong with Qi! Could it be that the most essential thing in the black dragon's body is still preserved?"

Uh-huh!

Ye Feng instantly jumped up and flew directly in front of the huge black dragon skeleton. Then, with his big hands like sharp blades, he directly tore open the black dragon's seven-inch skeleton body.

"Buzz!"

And at the moment when countless black rotten flesh were torn open, a brilliant golden light suddenly emitted from the black dragon skeleton, like a golden little sun, dazzling people's eyes, and bursting out with an incomparable turbulence.

Golden dragon energy.

"It's a dragon ball!"

Everyone immediately saw that from the body of the black dragon skeleton that Ye Feng tore open, a golden dragon ball the size of a human head was revealed.

"This ancient black dragon didn't have time to detonate its Dragon Balls after it fell, and it still survived!"

Ning Qingxue was also extremely excited and couldn't help but say: "An intact dragon ball, even if it is the size of a fist, is extremely valuable. What's more, this black dragon's dragon ball is as big as a human head. This is simply a treasure!"

Many young geniuses showed excitement in their eyes. They did not expect that the first ruins they encountered contained such a huge treasure.

In the end, the black dragon skeleton was divided equally among many young talents. After all, dragon bones, dragon scales, etc. are all good things.

As for the golden dragon ball the size of a human head, it was divided equally between the two commanders, Ye Feng and Ning Qingxue.

The two of them directly refined the huge dragon ball on the spot, absorbing the dragon ball into gray-white color.

The golden dragon power in the dragon ball allowed Ning Qingxue to directly break through to the lower immortal realm, which was really shocking.

And Ye Feng's cultivation level, under the impact of half the dragon ball energy, directly accumulated and broke through to the lower immortal realm, and was only one step away from the middle immortal realm!

"Keep looking!"

After tasting the sweetness, everyone worked harder.

Ye Feng was also very happy. Perhaps before entering the Black Sky Demon Realm, he could accumulate his cultivation level to the middle level immortal realm!

In that case, his ability to survive in the demon world will become even stronger.

Ye Feng had previously come into contact with some of the top geniuses from other major states in the endless wilderness outside Tianzhou, such as Li Shengyi of the Zoroastrian Cult, whose cultivation and combat power were very terrifying.

Therefore, it is imperative to improve your cultivation.

Ye Feng continued to use the Divine Eye of Creation. Under the guidance of Ning Qingxue, he continued to move in the direction he originally chose.

Keep moving forward.

Soon, they once again discovered an ancient ruins.

In this ruins, the land is covered with deep water and swamps, and the environment looks very harsh.

But in the center of this deep swamp, there stands an extremely magical Crystal Palace.

That's right!

It is a palace made of purple crystal. It seems to be a long time ago, but it still shines brightly and looks very magical.

"There must be a huge treasure!"

A Selangor genius was so excited that he couldn't help but rush forward, wanting to search in advance.

"Pfft!"

But just as he was approaching, a jet-black arrow suddenly flew from a jungle not far from the Crystal Palace. It pierced one of the thighs of this Snow State prodigy. The powerful impact of the arrow struck him. He nailed this Snow State genius directly to the ground.

"ah!"

The genius of Selangor suddenly howled miserably.

"There's someone else around!"

At this moment, all the geniuses of Xuzhou became vigilant.

Ye Feng and Ning Qingxue also looked in the direction of the arrow.

They immediately saw a group of young men and women wearing aristocratic costumes. There were more than a dozen of them, and each of them turned out to be in the realm of immortality!

The leader was a young man wearing a black gown with two horns on his head. He seemed to have the blood of ancient beasts in his body, giving him the feeling of being the king of beasts.

This young man in a black gown with two horns looked at the geniuses of Snow State with disdain in his eyes and said indifferently: "A group of low-level low-level people from a remote place dare to search for the remains of ancient gods in this land where gods have fallen." The treasures that came down are really daring. I have discovered this Crystal Palace, and it is mine. You

untouchables, get away quickly. You have only a quarter of an hour to disappear from my sight, otherwise I will let you know what cruelty is.”

Chapter 1157 Vulnerable

Untouchable?

When all the geniuses from Xuzhou heard the young man's name, their faces suddenly showed anger.

The genius of Xuzhou whose thigh was pierced just now was furious and said: "Who are you? We are all human beings. Don't you think this is too much?"

The young man with two horns suddenly sneered and said: "Who are you, and you are qualified to question me? But for your words, I want to give you a message, that is, there are also three, six, nine in the human race Wait, high and low."

"you.....!"

The moment the young man finished speaking, the entire venue was in an uproar.

All the geniuses of Xuzhou were furious and said: "Who are you! Tell me your name!"

"Shut up, everyone!!"

Suddenly, a young man in red armor standing next to the young man spoke up and said with a sneer: "This is Ning Jiang, the young marquis of our Manzhou Split Tianhou Mansion. He has a very high status. You guys It's normal for these country bumpkins from remote small states not to know each other.”

Manzhou!

Split the Tianhou Mansion!

The moment this young man in red armor finished speaking, many of the geniuses from Selangor's eyes changed.

Naturally, everyone in the northwest land of the human race has heard of Manzhou's strength foundation, which is very profound.

Because almost the entire land surface of Manzhou is covered by virgin forests and endless forests, the young geniuses who grew up in Manzhou have grown up fighting in the jungle since they were young. They are all brave and ruthless. Moreover, he has been bathed in the blood of countless evil beasts from the wild since he was a child. He has more or less the bloodline magical powers of some ancient evil beasts, and his combat power is far beyond that of ordinary people.

So when they heard that this group of people actually came from Manzhou, many of the geniuses from Snow State shrank their heads.

r\u003e

Especially the young Marquis of Ningjiang who just scolded people as a pariah. The aura on his body was as deep as hell. The two horns on his head were like two sharp swords thrust into the sky, giving people a sense of sharpness and compulsion. a feeling of.

Many Xuzhou geniuses in Ningjiang are guessing that his strength must be extremely powerful.

Even the genius of Xuzhou, who was shot through the thigh by an arrow, suppressed his anger and fell silent at this moment.

Obviously, the identity of this group of people and the aura of cultivation they exude can simply overwhelm all the geniuses of Snow State.

At this time, all the geniuses of Selangor finally knew that after they came to the selection of these eighteen states, they were no longer the best among the crowd, but a group of extremely ordinary young people who might be attacked by others at any time. Bullied by top geniuses from other big states.

Manzhou is not a big state that ranks highly, but even so, a group of people from Xuezhou are simply not enough to watch in front of the dozen or so people from Manzhou.

Ning Jiang's whole body was filled with a kind of white and silver immortal energy, and he was obviously a master of the intermediate immortal realm.

Moreover, he comes from the Split Tianhou Mansion in Manzhou and is the heir of a nobleman. He must have other trump cards that can kill people beyond his rank.

So at this time, the feeling that Ningjiang gave to many Xuzhou geniuses was simply terrifying to the extreme.

Ning Jiang looked at a group of Xuzhou geniuses coldly and said: "You bunch of untouchables, get out of here!"

The geniuses of Xuzhou were all too angry and dared not speak out, so they could only choose to turn around and leave.

But at this time, Ye Feng suddenly stared at Ning Jiang and said indifferently: "Your mouth is too dirty, you are always a 'untouchable' or 'untouchable'"

Yes, I think you are the untouchable. "

"What did you say?"

Before Ning Jiang could finish speaking, a group of more than a dozen barbarian geniuses following him immediately became frightened and angry.

Especially the young man wearing red armor standing next to Ning Jiang, he immediately said angrily: "Little brat! You are so presumptuous! Die!"

The man in red armor simply carried a flaming war spear, and instantly a huge murderous aura erupted from his body. The powerful aura of the Lower Immortal Realm exploded, sweeping through the eight wastelands like a raging flame craze.

"Snapped!"

But at the next moment, Ye Feng stood there without moving and slapped the man in red armor away.

"ah!"

The young man in red armor simply let out a shrill scream.

The fiery red armor on his body was now shattered inch by inch, turning into pieces of metal fragments that pierced into the flesh and blood of his entire body.

The horrific pain caused by this made the young man in red armor almost faint from the pain.

"What?"

But what shocked everyone was Ye Feng's powerful combat power.

Ning Jiang, the young marquis of the Tianhou Mansion, and the geniuses from Manzhou beside him, their disdainful eyes suddenly turned into extremely horrified.

They all stared at Ye Feng and felt incredible.

Because the aura of cultivation exuding from Ye Feng was just that of a lower immortal.

But he slapped the man in red armor of the same level and flew away.

The man in red armor is not weak among the young geniuses in Manzhou. Instead, he is very powerful and can kill ordinary people.

The middle-ranking immortal realm powerhouse.

But in front of Ye Feng, he was as fragile as a child who was slapped away.

Ye Feng smiled coldly at this time and said: "You people from Manzhou are also vulnerable."

"you.....!"

At this time, it was finally the turn of a group of talented people in Manzhou to show their angry expressions.

"Senior Brother Ye Di is too fierce!"

"You are worthy of being my number one genius in Selangor, so awesome!"

At this moment, all the geniuses of Xuzhou were all excited.

And Ning Qingxue's beautiful face was also full of calmness, because she knew that Ye Feng was strong enough to solve the predicament at hand.

Ning Jiang's face finally darkened at this time. He stared at Ye Feng, his eyes full of ferocious killing intent, like a wild beast.

It can be seen that streams of bloody aura emerge from the horns on the top of his head, giving people a terrifying feeling of facing the beast king of the wilderness.

Ning Jiang slowly said: "You dare to hurt my people, and you are still in the spotlight. Do you know how big a crime this is? There are three levels of people, and a low-level person like you dare to Are you really not afraid of death if you attack high-ranking people like us? "Do you really think I don't dare to kill you?"

Ning Jiang's words at this time were full of deep threats and cruel killing intent.

Many Xuzhou geniuses felt a deep chill from those words deep in their bones.

boom!

However, Ye Feng was stepping on the ground at this moment, his body was tall and straight, and his white clothes were better than snow. He looked at Ning Jiang with no fear in his eyes, and a surging momentum surged from his body, and he shouted: "There is so much nonsense, there is What's the use? If you want to fight, then fight. I'll see who kills whom in the end!"

Chapter 1158 Destroy you

Ning Jiang's killing intent was terrifying, cold and formidable, iron-blooded and decisive.

But Ye Feng's words at this time were also without any fear, fearless and aloof, which made all the young prodigies of Manzhou look very ugly.

Many barbarian geniuses spoke out one after another.

"Little Marquis! Hurry up and teach this country bumpkin from Snow State a lesson!"

"That's right. Although the Divine Dynasty stipulates that no fights to the death are allowed before the selection of the Eighteen States, there is still no problem if this boy from Snow State loses an arm and a leg."

"After we deal with that boy in white, we will teach all the bumpkins in Selangor a lesson and let them know how serious the consequences will be for offending a noble being from a big state like ours, Manzhou." .??.

At this moment, the words of all the Manzhou geniuses are very confident in Ningjiang, the young prince who split the Tianhou Mansion.

Because Ning Jiang's cultivation is so powerful, he is the supreme talent of the Dacheng Middle Immortal Realm, and his inheritance is astonishing, and his combat power is close to that of a real ordinary high-ranking Immortal Realm expert.

It is naturally not a problem to deal with the boy from Xuezhou not far away who is only in the realm of lower immortals.

Ning Jiang nodded slightly at this time, stared at Ye Feng not far away, and said slowly: "You hurt my people and dare to speak rudely, then I will break off one of your arms and use one of your legs as punishment."

Ye Feng suddenly laughed out loud, and then said with cold eyes: "I am different, I will destroy your entire cultivation!"

"you.....!"

Ning Jiang's face turned livid all of a sudden. He had never encountered an opponent who dared to fight tooth for tooth with him.

"It seems that you, a pariah from a remote place, have no idea how high my status is in Manzhou. If you dare to confront me face to face, you are dead!"

Ning Jiang roared loudly, and the blood-colored aura permeating his feet unexpectedly condensed the figure of a blood-colored giant several hundred meters tall and majestic behind him.

"Hellboy!"

"Manifestation!"

boom!

Ningjiang again

With an explosive roar, the bloody giant behind him suddenly merged into his own body. Then Ning Jiang's entire body instantly expanded into a huge Hellboy, with long horns above his head. It became longer and bigger, like two sharp swords that could pierce the sky.

"Hellboy!"

"This Ning Jiang's body actually contains the blood of advanced creatures from hell!"

At this moment, all the geniuses from Xuzhou exclaimed in surprise.

"Whatever monsters you are, I will kill them all with one sword!"

Ye Feng's eyes suddenly flashed with a sharp and ruthless light.

Invincible Sword Domain!

"boom!"

More than a hundred battle swords appeared around Ye Feng in an instant, and then quickly combined into a super sword with a height of more than 100 meters. Ye Feng held it in his hand, and a majestic wave burst out from his whole body. Sword intent.

"Death to the Gods!"

Ye Feng came right up and showed off his most powerful kendo martial arts. He didn't bother to delay, and he was taken advantage of by the geniuses from other states.

Because Ye Feng has already sensed that many new auras have appeared in this land where the gods have fallen.

Those are definitely coming from other major states.

So at this moment, Ye Feng naturally solved the problem of Ning Jiang, the young prince of Manzhou, as early as possible and snatched away the Crystal Palace.

"boom!!"

The boundless and terrifying sword intent was full of terrible destructive power, as if all the gods were going to fall under this sword and cry in mourning.

Nowadays, as the super sword formed by the combination of the Invincible Sword Domain becomes larger and larger, its power becomes more and more terrifying. The power of the Gods of Death is rapidly increasing as if there is no upper limit.

Ye Feng killed him with this sword, and suddenly there was a terrifying wave of destruction.

It destroyed everything and directly enveloped Ning Jiang, who had become Hellboy.

"ah!!"

After all, Ningjiang's combat power is a bit weaker. He is not considered the real top genius among the Eighteen States, and is far behind Li Shengyi of the Zoroastrian Cult.

What's more, Ye Feng's current cultivation level is even more powerful than before in the endless wilderness outside Tianzhou.

"ah!!"

In that destructive sword energy, Ning Jiang suddenly let out a miserable howl of extreme pain.

The Hellboy he transformed into had a red demonic body that was as strong as divine iron, but now it was torn apart and destroyed inch by inch by the sword energy.

In the end, Ning Jiang's whole body was covered in blood, and he was suddenly blasted out, hitting the ground in the distance, creating a big pit in the ground.

"What?"

"Young Lord Marquis was defeated so quickly?"

At this moment, a group of young geniuses from Manzhou all looked extremely shocked.

And at this time.

Uh-huh!

Ye Feng's figure was like lightning, and he arrived in front of Ning Jiang in an instant.

"What are you going to do?"

Ning Jiang's eyes were full of fear.

"What do I want to do?"

Ye Feng smiled coldly and said: "I came here to fulfill the promise I just made, which is to destroy your entire cultivation!"

boom!

And almost at the next moment, Ye Feng did what he said and directly hit Ning Jiang's dantian with one hand.

At this moment, Ye Feng activated the Galaxy Sacred Body, and his palms suddenly became as if they were cast from the iron of the stars. His fingers were like iron bars, "Puff", "Puff", "Puff", five fingers pierced directly. In the Dantian of Ningjiang.

"Swallow!"

Ye Feng had defeated Ning Jiang, so naturally he would not waste the power of the young Marquis of Manzhou. He directly pierced his dantian with five fingers and began to violently devour the ocean of immortal power in his dantian.

.

"ah!!"

Ning Jiang suddenly let out an extremely terrifying scream.

But among the barbarian geniuses in the distance, no one dared to step forward, and they even ran away desperately towards the distance.

Amidst Ning Jiang's horrified howls, his entire hair turned white.

The Dantian was swallowed up completely by Ye Feng, and he became a useless person from then on.

Ning Jiang's eyes were full of death and despair.

Ye Feng's eyes were emotionless and he said: "I learned from you. Although there can't be a death struggle before the selection of the Eighteen States, if I destroy you and you don't die, that's fine."

After saying that, Ye Feng quickly refined all the devoured Ning Jiang's skills. He only felt that the immortal power in his Dantian suddenly increased a lot.

We are close to breaking through and reaching the realm of lower immortals, and we are about to transform!

"Let's plunder the Crystal Palace and leave! I feel that many other great geniuses have descended on the Land of God's Fall and are rushing towards this side. They may have noticed the fluctuations in the battle here."

At this time, Ye Feng suddenly stepped in front of Ning Qingxue and other snow state geniuses, and spoke quickly.

"Okay, let's get started and let's go!"

Ning Qingxue also nodded immediately.

Everyone entered the ancient ruins of the Crystal Palace not far away one after another and plundered all the wealth inside.

In the end, Ye Feng even directly installed the entire Crystal Palace into his storage ring.

Because the palace made entirely of amethyst was so magical, maybe the entire Crystal Palace was an ancient treasure, so Ye Feng took it away directly.

After everyone left, the top geniuses from other major states arrived one after another.

After they arrived, they found that the building was empty, leaving only a crippled Ning Jiang lying on the ground, covered in blood, like a dead dog.

"unlucky!"

Seeing this, all the geniuses from other major states frowned and left one after another.

Chapter 1159 A familiar and beautiful figure

In a remote valley in the Land of God's Fall.

Ning Qingxue and all the geniuses from Snow State were standing outside this remote valley.

At this time, in the center of the valley, a young man in white clothes was sitting on the ground, his eyes closed tightly, and powerful and unstable aura fluctuations were surging around his body. It was obviously at a critical moment of cultivation.

From this, it can be seen that Ning Qingxue and dozens of snow state geniuses are obviously practicing and protecting this young man in white clothes.

Ye Feng is naturally the only one who can make the top geniuses in the entire Selangor State devote themselves to protecting the law and receive such extremely high treatment.

The boy in white clothes is naturally Ye Feng.

This time he plundered all the skills of Ning Jiang, the young prince of Manzhou's Ritianhou Mansion, and he felt that his cultivation level was about to reach a breakthrough.

So after plundering the Crystal Palace and leaving that place, Ye Feng quickly found such a relatively remote small valley and prepared to attack the middle immortal realm.

If he could achieve the realm of mid-level immortal before entering the Black Sky Demon Realm, Ye Feng knew that his combat power would skyrocket to an unprecedented level.

At this moment, in the valley.

Buzz!

Waves of majestic energy are surging in Ye Feng's body.

"One Ning Jiang's skill is not enough!"

Ye Feng suddenly opened his eyes, with a hint of helplessness in his eyes.

But at the next moment, there was a hint of madness in his eyes.

"It seems that I can only forcibly smelt all the demonic bodies of the Nine Nether Demon Lord and the Black Scorpion Demon Lord! Transform them into the purest energy, so that I can break through the final bottleneck!"

Ye Feng was running the oven of creation at this time, and suddenly a terrifying smelting power melted the two demonic bodies of the Nine Nether Demon Lord and the Black Scorpion Demon Lord in the oven of creation, and then transformed them into majestic The energy was transferred and integrated into Ye Feng's own body.

\u003e The energy of the two demon lords is so terrifying.

After so many days of calcination in the oven of creation, the two demon lords' immortal realm body-protecting powers have been completely destroyed, and Ye Feng can already devour the two demon lords' demonic bodies at once.

"boom!"

Almost at this moment, a huge amount of energy exploded in Ye Feng's body.

And Ye Feng's cultivation level, at this moment, was unstoppable, as if it came naturally, he broke through the shackles in an instant, and broke through to the middle immortal realm!

And at this time, the energy of the two demon lords is still surging and sufficient, and they are far from exhausted.

"Continue to break through!"

Ye Feng's expression flashed with madness, and he continued to use the remaining energy of the two demon masters to attack the cultivation bottleneck.

His cultivation power and his body and bones are rapidly transforming and growing at this moment.

"boom!"

Finally, at a certain moment, Ye Feng's body burst out with an extremely powerful aura of cultivation.

His cultivation level has directly broken through from the first-level intermediate immortal realm to the middle-level intermediate immortal realm!

"Uh-huh!"

Ye Feng stood up all of a sudden, and his huge momentum had already alerted all the geniuses of Snow State outside the canyon.

Ning Qingxue was the first to step forward, her beautiful eyes filled with surprise as she said, "Mr. Ye, have you made a breakthrough?"

Ye Feng nodded slightly and said with a smile: "Thank you all for protecting me. Thank you for your hard work. This time I finally broke through to the middle immortal realm!"

"The middle fairyland!!!"

almost on the leaf

The moment Feng's voice fell, the entire field suddenly fell into a boil.

All the geniuses of Xuzhou shouted excitedly when they heard the news and received Ye Feng's confirmation.

"Okay! Great!"

"Senior Brother Ye Di has broken through to the middle level immortal realm! This level of cultivation is comparable to those of the top geniuses in the great states!"

"This time in the selection of the eighteen states, we have Emperor Ye in Snow State, which is enough to stand out among the entire eighteen states! We in Snow State will also get more attention from the upper echelons of the gods in the future! That's great!"

At this moment, all the geniuses from Selangor were cheering excitedly.

After being bullied by the group of geniuses from Manzhou before, all the geniuses from Xuezhou knew that if Ye Feng were not among them, maybe they could only swallow their anger before.

It can be seen from this that the emergence of a top genius in a state has huge significance. .??.

At this time, Ye Feng looked out of the canyon and said, "I can feel that more and more powerful auras are coming to this land of gods. It is estimated that the selection of the Eighteen States is about to begin."

Ning Qingxue stood aside, nodded at this time, looked in the distance, and said: "Let's quickly go to the place where we landed to gather with the geniuses from other states. The entrance to the Black Sky Demon Realm should be opened soon. "

"good!"

After the words fell, all the geniuses from Xuzhou nodded their heads.

Uh-huh! Uh-huh! Uh-huh...

Everyone jumped up and galloped away in the distance.

Ye Feng and Ning Qingxue took the lead, making other Xuzhou geniuses feel a huge sense of security.

After all, Ye Feng defeated that young prince from Manzhou with a sword before, which was really shocking.

r\u003e

Everyone understood that Ye Feng was not only the best in Snow State, but also among the entire Eighteen States, his monster fighting ability was probably among the best.

...

The speed of the crowd was very fast. In less than half a day, they had reached the place where they had arrived before with all their strength.

Here, everyone immediately saw young figures, thousands of them, all gathered on the ground.

This is the entrance to the Black Sky Demon Realm this time.

However, when a group of Selangor geniuses arrived, the entrance was still not opened, probably because it was not yet the specified time.

Because of the selection of the Eighteen States, this time he was entering the extremely vicious Black Sky Demon Realm, so he was naturally extremely cautious.

At this moment, Ye Feng and Ning Qingxue came with a group of snow state geniuses and saw many peerless geniuses from major states.

There are some peerless prodigies, holding immortal weapons in their hands, sitting on golden sacred cows that are the size of mountains. They exude an aura of extreme nobility. You can tell at a glance that they come from a super powerful force.

There are also many fairy-like figures, all dressed in palace attire, outlining their graceful figures, covered with veils, stepping on colorful cranes, floating high in the sky, giving people a high and sacred feeling.

"These people from the big states are indeed extremely rich."

"If I could be as rich as them, I would definitely be more popular than them."

At this moment, many of the geniuses from Xuzhou were exclaiming in surprise, their voices naturally filled with envy.

At this time, Ye Feng's eyes moved, and he saw a familiar and beautiful figure not far away, wearing a light blue dress, with an aloof temperament, ice-cold muscles, and bright eyes, standing in the middle of a group of people. , surrounded by stars like a moon, like a Guanghan fairy.

Chapter 1160 Is it worth it?

And it seems that he noticed Ye Feng's gaze. After all, once his cultivation reaches a certain level, his perception is very powerful.

At this moment, the beautiful woman who was like a fairy from Guanghan, held in the moonlight by all the stars, turned her head slightly and looked in the direction of Ye Feng.

With almost such a glance, the body of the beautiful woman immediately trembled slightly.

Her eyes, which were originally cold and aloof, turned red the moment she saw Ye Feng, and tears welled up in her eyes.

"Ye Feng, I haven't seen you for a long time. I knew I would be able to wait for your arrival in the spiritual world..." .??.

Almost at this moment, the beautiful woman in a light blue dress murmured something in a voice that only she could hear.

Uh-huh!

Then, under the horrified gazes of countless people on the field, this beautiful figure who was regarded by everyone as a fairy flew directly to a young man in white clothes not far away, and then jumped into the boy in white clothes. In the arms.

At this time, Ye Feng's eyes revealed a hint of sigh, he gently stroked the long black hair of Qianying in his arms, and sighed: "Miss, we finally meet again."

That's right!

This beautiful woman whom Ye Feng is extremely familiar with is none other than the eldest lady of the Ye clan, Ye Shenyue, who was taken away from the Moon God Palace in Longyuan Continent by Leng Qingqiu, the master of Qingzhou Palace!

Ye Shenyue's holy and cold demeanor disappeared at this time. In front of Ye Feng, she only felt that she was still the ordinary eldest lady of the Ye clan.

At this time, Ye Shenyue raised her head and stared at the extremely familiar face of the young man in front of her. Although her voice trembled, her beautiful face was filled with joy and she said, "I left Qingzhou and came to this place where gods fell. In fact, I have imagined more than once that I could meet you, Ye Feng, in the Eighteen States Selection. Unexpectedly, my wish has really come true. "

At this time, Ye Shenyue's small white hands grasped Ye Feng's skirt very tightly, obviously afraid that everything she saw in front of her was fake.

Ye Feng seemed to be aware of Ye Shenyue's inner thoughts, and immediately smiled slightly and said: "Miss, don't worry, I'm here, it's true, it's not an illusion."

And while Ye Feng and Ye Shenyue were chatting silently.

The entire surrounding field fell into deathly silence.

Everyone stared with wide eyes at the man and woman embracing each other.

At this moment, Ning Qingxue and all the geniuses from Xuzhou were also stunned.

They never thought that Ye Feng actually knew that peerless beauty from Qingzhou.

"The person who is in the arms of Senior Brother Ye Di at this time seems to be Shenyue Fairy, a direct disciple of the Qingzhou Palace Master. It is said that she has an innate Taoist body, and has also received the ancient prime female skills from the Qingzhou Palace Master. Because she is extremely powerful and beautiful like a fairy, she is the goddess in the eyes of countless young geniuses from all over the country."

"But now this high-ranking goddess is in the arms of Senior Brother Ye Di. She is really powerful! I didn't expect that Senior Brother Ye Di would hide so deeply and seduced the most beautiful woman in Qingzhou without even knowing it. Got it."

"Hush! Didn't you see the looks of the other young geniuses from Dazhou around you who looked like they wanted to kill someone? We should discuss in a low voice and stop inciting hatred for Senior Brother Ye Di."

At this moment, all the Xuzhou geniuses were talking a lot, and their admiration for Ye Feng was like an endless river.

Ning Qingxue's beautiful eyes flashed, staring at Ye Feng and Ye Shenyue not far away, wondering what she was thinking.

At this time, Ye Feng and Ye Shenyue didn't care about the eyes of the people around them. After talking for a while, they separated from each other.

Ye Feng looked at the many stunned faces around him and couldn't help but smile and said to the woman in front of him: "Actually, you don't have to come to me directly. If you do this, your goddess image will probably be gone."

"Goddess image?"

Ye Shenyue was stunned for a moment, then smiled and said: "Ye Feng, I haven't seen you for many years, you finally admit that I am a goddess? But I don't care about this at all.

Ye Feng, you are the only one I care about. To me, other people are no different from ants on the ground, and I don't have to care about other people's opinions. "

When Ye Feng heard what Ye Shenyue said, he couldn't help but shake his head and smile bitterly, and said: "I estimate that many male geniuses in big states now want to get rid of me."

"They dare!"

Ye Shenyue immediately flashed a murderous look in her beautiful eyes and said: "If they dare to take action against you, Ye Feng, I will chop them all into pieces!"

At this time, Ye Feng sensed Ye Shenyue's cultivation level and couldn't help but said in surprise: "You have broken through to the realm of the mid-level immortal."

Ye Shenyue chuckled and said: "Yes! It's awesome! In order to train me, my master gave me countless cultivation resources, and my innate Tao body was fully activated, so my cultivation speed is naturally very fast. Fortunately, my choice back then was correct, otherwise I would never be able to catch up with your cultivation level, Ye Feng, and I would never be able to follow your footsteps."

Ye Feng couldn't help but smile helplessly and said, "You don't have to be so tired. Is it worth it?"

A beautiful smile appeared on Ye Shenyue's fair face, and she said: "It's worth everything to follow you. If I didn't have such a great opportunity, I might have been forgotten by you long ago." .??.

Ye Feng couldn't help but said: "How is it possible? I will never forget the eldest lady."

Ye Shenyue couldn't help but stretched out her white jade hand, pinched Ye Feng's face, and said: "I don't believe it anyway, and if I can't follow your footsteps and become extremely mediocre, I won't dare to look at you when I see you. , I will definitely feel very humble if I can stand side by side with you."

"Junior Sister Shenyue? Who is this?"

At this time, a voice with a touch of coldness suddenly sounded.

It was a young man in Tsing Yi, tall and handsome, as rich as jade, carrying a long sword on his back, looking extremely dashing.

But at this moment, the young man in green looked at Ye Feng, and it seemed that there was some evil intention in his eyes.

But this young man in Tsing Yi

He did not show it directly, but walked to the two of them, looked at Ye Shenyue, and said: "Junior Sister Shenyue, the top geniuses in Qingzhou and other major states are watching. Let's return to the gathering place in Qingzhou. "

Ye Shenyue glanced at the young man in green clothes and said, "Senior Brother Chen Zui, they just look at me, what does it have to do with me?"

The young man in Tsing Yi is called Chen Zui. He is obviously from the Qingzhou Prefecture. He is the disciple of the master of the palace and Ye Shenyue's senior brother.

At this time, Chen Zui heard Ye Shenyue's indifferent words, and his eyes darkened slightly.

But then, he looked at Ye Feng on the other side and asked aloud: "Who is your Excellency?"

Ye Feng said: "Ye Emperor, from Xuzhou."

Emperor Ye?

When Ye Shenyue heard Ye Feng's self-promotion, her beautiful eyes flashed slightly.

Although she didn't know why Ye Feng hid his real name, she didn't ask any more questions.

She knew that since Ye Feng did this, there must be a reason for doing so.

"Snow State?"

At this time, Chen Zui's eyes showed a trace of disdain without concealing it, and said: "It turns out that Brother Ye comes from a small and remote place in Selangor. You must be careful when participating in the selection of the Eighteen States this time. You might enter the Black Sky Demon Realm." Such a dangerous place directly encountered a huge crisis, and then..."

"Shut up!"

Suddenly Ye Shenyue scolded, making Chen Zui's face turn pale all of a sudden.

Ye Shenyue stretched out her white jade hand, and under the spotlight of everyone, she took Ye Feng's palm and walked towards Xuezhou, saying, "Let's have a good chat over there where no one will disturb us."

On the spot, Chen Zui's face was extremely pale, but when he looked at Ye Feng's back, his eyes showed a cold smile, "A boy in the middle-level immortal realm also wants to climb the dragon and the phoenix? Humph, this time You have attracted so much hatred. When you enter the Black Sky Demon Realm, I want to see with my own eyes how you die. A peerless beauty is not something that just cats and dogs can get their hands on..."
