

## Ancient 1161

### Chapter 1161 Tooth for Tooth

When Ye Feng and Ye Shenyue arrived at the Snow State gathering area, many of the Snow State geniuses looked at Ye Feng with admiration and a meaning that all men would understand.

Ye Feng was speechless and shook his head. He looked at Ning Qingxue and found that Ning Qingxue was also staring at him meaningfully.

Ye Feng could only introduce aloud: "Hello everyone, this is Ye Shenyue, the eldest lady of my family back then, and now the direct disciple of the Lord of Qingzhou Palace. We have experienced a lot and have been apart for a long time. , I didn't expect to meet here again."

When many Selangor geniuses heard Ye Feng's introduction, they all blinked at Ye Feng, as if to say, don't explain, we all understand.

Ning Qingxue smiled slightly at this time, suddenly looked at Ye Shenyue, stretched out a hand, and said: "Fairy Shenyue, the true disciple of the Master of Qingzhou Palace, I have heard the name for a long time, my name is Ning Qingxue, I am from Xuezhou The third daughter of the Palace Master is also the leader of Xuzhou this time. She is a very good friend with Mr. Ye and has experienced a lot together. Fairy Shenyue, this is the first time we meet. Please give me some advice. "

Ye Shenyue stared at Ning Qingxue with her beautiful eyes, her eyes seemed to have an inexplicable meaning, but she still stretched out her hand and shook it slightly with Ning Qingxue.

Although the two women were holding hands at this time, the surrounding Xuzhou geniuses suddenly felt an invisible confrontation, which seemed to have the smell of gunpowder.

Everyone's eyes were focused on Ye Feng.

They all understood in an instant. It seemed that both Ning Qingxue and Ye Shenyue, two beautiful beauties, were jealous of Ye Feng.

Ye Feng seemed to have noticed some unusual looks between the two women, and he was about to say something.

"Buzz!"

"Buzz!"

But suddenly at this moment, two huge momentums that made everyone feel extremely frightened suddenly descended from high in the sky.

At this moment, everyone's eyes were focused on the sky.

In the sight of countless people, two figures shrouded in black robes descended from high in the sky.

The aura exuding from these two black-robed figures was as majestic and great as the ancient prehistoric times.

Brought to everyone

A suffocating feeling.

It was like facing two ancient gods, and it was impossible to guess their specific cultivation levels.

"These two are definitely the most powerful people at the level of God who have surpassed the Immortal Realm!"

Almost at this moment, suspicion suddenly erupted from the crowd.

At this moment, looking at the two black-robed figures who were suspected of being in the realm of gods, even the pretentious top geniuses in the major states suddenly became extremely solemn in their eyes.

The realm of gods transcends the existence of immortals and belongs to the most powerful. Even in the divine capital of the Tongtian Divine Dynasty, they are absolutely like the supreme figures. They are aloof and majestic and cannot be offended.

So at this time, everyone looked at these two black-robed figures with a deep awe in their eyes.

"The Black Sky Demon Realm is extremely dangerous. You enter it to fight and gain experience. If you really encounter an unbearable crisis, you can directly crush the teleportation talisman on your body, and then you will be teleported directly. But once the teleportation talisman on your body is crushed, Teleportation talisman, it means that you have withdrawn from the selection of the Eighteen States and will lose the qualification to enter the Divine Capital."

A majestic voice came from a black-robed figure.

"boom!"

And almost at the next moment, two mysterious and powerful men in black stretched out their hands, activating the supreme divine power in their bodies, and quickly grabbed hard at the edge of this land where gods fell.

"Wow!"

The entire space and earth were torn apart like a piece of paper.

Buzz!

Waves of extremely thick demonic energy, evil and cold, suddenly surged out from the other end of the space crack.

"Ho ho ho..."

Everyone could even hear the roars of many fierce demon clans from the other side of the space crack.

A man in black said: "We have joined forces to tear apart the spatial barrier of the Black Sky Demon Realm."

Hurry up and enter it. If you have the ability, kill the demons in this demon world and teach these dark aliens a harsh lesson! "

After the words fell, many of the top geniuses in the big states looked fearlessly and jumped into the space crack, entering the real Black Sky Demon Realm.

At this time, another man in black reminded: "In order not to attract the attention of some powerful dark demons in the demon world, this time we have torn apart the interface barrier of the black demon world. The space crack formed may not be stable, so after you enter it, , may be randomly sent to various locations on the Black Sky Demon Realm, I wish you good luck."

Uh-huh!

Uh-huh!

Since each of the geniuses has chosen to participate in the selection of the Eighteen States, there is naturally no one who is timid.

They all rushed into the space crack.

"Everyone must be careful after entering."

At this time, Ye Feng looked at the surrounding Xuzhou geniuses, as well as Ye Shenyue and Ning Qingxue, and said, "I hope we can meet in the devil world." .??.

As Ye Feng said, everyone fell silent.

Because they know very well that the entire black demon world is too vast.

Although the Black Sky Demon Realm is only a relatively low-ranking demon world among thousands of demon realms, according to some human seniors, the Black Sky Demon Realm is estimated to have half the area of the spiritual world.

Therefore, when practicing in such a vast land, it is still very difficult and almost impossible to encounter each other.

Even if there are some special talismans on the body, they will probably be useless in such a vast land as the Black Sky Demon Realm.

Therefore, this selection from the Eighteen States to enter the Black Sky Demon Realm is destined to be a lonely training!

"must be careful!"

Ye Shenyue stared at Ye Feng with her beautiful eyes, then jumped into the space crack.

Ning Qingxue and other snow state geniuses also jumped into it one after another and disappeared.

In the entire Land of God's Fall, there are almost no traces of the many geniuses left.

\u003e

At this time, Chen Zui, Ye Shenyue's senior brother, suddenly rushed towards Ye Feng from somewhere far away.

In his hand, he actually held a sword, and a terrifying killing power erupted from the blade. Chen Zui smiled cruelly and said: "Boy! You dare to approach Junior Sister Shenyue and try to climb up the dragon and become a phoenix. You are so audacious! Now! Everyone is gone. Although I can't kill you directly in this land of gods, I will seriously injure you and let you enter the black sky demon world. You will be killed by countless demons in an instant! Ha ha!"

Ye Feng originally wanted to jump into the space crack, but at this moment, his eyes suddenly turned cold, and he revealed a cold murderous intention, and blasted the Ancient Dragon Elephant Collapse Palm directly at Chen Zui!

"Boom!"

Immediately, infinite power, filled with violent trampling power, rushed out from Ye Feng's palm, like a huge wave, blowing away Chen Zui who was killing him.

"ah!"

Chen Zui immediately spat out a mouthful of blood, his eyes full of horror, and couldn't help but yelled in disbelief: "Emperor Ye! How can you, a kid from a small border state, be so powerful! I don't believe it!"

"An eye for an eye, a tooth for a tooth!"

Ye Feng sneered and slapped Chen Zui again, directly shattering Chen Zui's Dantian. Then he ducked over and directly picked up Chen Zui with one hand.

"You! What are you going to do?"

Chen Zui's eyes were filled with fear.

"Of course I'll send you to the Black Sky Demon Realm!"

Ye Feng laughed evilly and immediately threw the seriously injured Chen Zui into the space crack leading to the Black Sky Demon Realm.

"No!!!"

Chen Zui immediately roared in extreme panic.

It is conceivable that the moment the seriously injured Chen Zui entered the Black Sky Demon Realm, he would definitely be devoured by countless demons.

At this time, Ye Feng jumped into the crack in space and disappeared in the blink of an eye.

At this moment, in the entire Land of God's Fall, there are only two men in black from the God Realm floating high in the sky, guarding this space rift.

Chapter 1162 Hunting Breakthrough

boom!

Following a violent spatial fluctuation, Ye Feng suddenly fell from the dark sky of the Black Sky Demon Realm.

At this moment, the area where Ye Feng fell turned out to be a demon cave!

The barren valley caves were filled with densely packed demons.

These demons are all tall, covered with black scales, and have bone wings on their backs. They look extremely ferocious.

"Jie Jie Jie! It's the blood of the human race!"

"A human race actually appeared here? This is simply bringing us delicious food!"

At this moment, looking at Ye Feng falling from the sky, the eyes of the tens of thousands of tall demons standing in the demon cave turned red, and they were extremely bloodthirsty.

"I didn't expect that I would encounter the Devil's Cave as soon as I came out!"

Ye Feng came back to his senses and immediately saw tens of thousands of demons standing densely on the ground. He couldn't help but smile helplessly.

It seemed that I was not very lucky. The place where I landed was very dangerous.

"Uh-huh!"

Ye Feng didn't hesitate at this moment. He quickly mobilized the power in his body, quickly stopped his falling body in mid-air, and then flew quickly in a certain direction.

"Hurry and catch that human!"

At this moment, seeing Ye Feng escaping, a group of ferocious demons in the devil's cave immediately roared, spread their wings, flew high into the sky, and chased Ye Feng. .

Then, a very shocking scene appeared in the entire sky.

A figure of a young man in white clothes was flying quickly in front of him.

Behind him, there were tens of thousands of demons densely packed, dancing their wings and chasing the boy in white.

"boom!"

Suddenly, when Ye Feng flew to a certain swamp, a huge bull-headed monster that was several kilometers long rushed out of the mire, opened its bloody mouth, and swallowed tens of thousands of flying demons in an instant. Most of it fell off.

"hiss!"

Seeing this scene, even though Ye Feng had experienced strong winds and waves since his cultivation, he couldn't help but take a breath of air at this moment.

The bull-headed monster that suddenly sprang out from the depths of the quagmire had at least the power of a great immortal, and was very terrifying, otherwise it would not have been able to swallow more than 10,000 flying demons in one go.

"Run! Run!"

At this time, Ye Feng knew that he must have come to a very vicious place in the Black Sky Demon Realm. There were countless demons, and there were also ferocious monsters.

The terrifying giant monster is really scary.

Even with Ye Feng's current fighting power, he felt a slight life crisis.

This time, according to the selection rules of the Eighteen States, the demons were killed in the Black Sky Demon Realm and their heads were cut off. The more demon heads who brought out in the end, the higher the level of the demons, which means that this time The greater the merit and the

better the performance in the selection of the Eighteen States, the more you can stand out from the selection of the Eighteen States. This is a symbol of strength.

Swish, swish, swish!

High above the dim land of the Black Sky Demon Realm, Ye Feng, with the "help" of the previous bull-headed monster, finally escaped the pursuit of the entire demon cave's flying demons.

After a few days of long journey, Ye Feng came to a piece of dry yellow land.

This land finally lost the life fluctuations of many powerful creatures.

Ye Feng used his soul power to carefully sense the surroundings. After confirming that there was no danger, he breathed a sigh of relief.

What Ye Feng didn't expect was that the Black Sky Demon Realm was so dangerous. Even his own fighting power could be lost if he went to some dangerous places if he wasn't careful.

At this time, Ye Feng has seen the fate of many talented people, and they may suffer heavy casualties.

However, if the genius can come back alive from a dangerous place like the Black Sky Demon Realm, he will definitely undergo a huge transformation and become even more terrifying than before.

During the past few days of traveling, Ye Feng did not see other geniuses from the human race. Apparently, tens of thousands of geniuses were scattered throughout the Black Sky Demon Realm.

Ye Feng has also passed through a lot of areas in the past few days, and he discovered that there are almost no complete civilized buildings in the Black Sky Demon Realm.

If it is on the land of the spirit world, let alone the nineteen states of the human race. Outside of the land of the human race, many races in the spirit world have also built various huge buildings and produced all kinds of dazzling lights. Cultivation of racial civilization.

But all this does not exist on the land of the Black Sky Demon Realm.

During Ye Feng's journey these days, he discovered at most some very primitive demon tribes. Just like the orc tribes in the spiritual world, their spiritual intelligence was not civilized.

However, Ye Feng also felt that maybe the place where he landed was too remote.

Not all demons are barbaric, many demons have normal wisdom, so Ye Feng guesses that maybe he is now

The area where he was located was a fringe area. On the central land of the Black Sky Demon Realm, Ye Feng believed that there must be a very hierarchical demon kingdom.

However, Ye Feng does not want to go directly to that kind of place for the time being, because once the demon kingdom appears, the control will definitely be very strict. When the time comes, if he wants to kill the demons and practice devouring, he will definitely be easily captured by the demon kingdom. existence discovered.

Therefore, Ye Feng's current plan is very simple, which is to first find the demon clan's lair in such a remote place and kill it.

One thing that Ye Feng has an advantage over any genius in this black world is that he doesn't need to worry about not having any source of energy at all.

The Divine Secret of Creation makes Ye Feng's body like a big oven of heaven and earth, which can melt and absorb the power of any attribute and strengthen his cultivation.

Moreover, the creatures that exist in this demon world are either vicious monsters or demons from the dark alien races.

To Ye Feng, these are all enemies, and he can kill them to his heart's content, devouring and plundering their creations and skills.

So in the next period of time, for half a month, Ye Feng searched for all kinds of lone monsters in this area, or some tribes and lairs with a small number of demons, and killed them directly.

"Boom! Boom! Boom..."

And Ye Feng swallowed up the huge skills of each demon beast. These are all high-level energy, which makes Ye Feng's cultivation level increase day by day.

...

Half a month later, in a desolate desert.

"boom!"

Ye Feng held the super sword in his hand and slashed down a 10,000-foot-long shocking sword light. He directly killed a towering demonic insect that was several kilometers long on the Great Gobi Desert and chopped it into several halves.

"Swallow!"

Ye Feng grabbed it with his big hand, and at this moment, a dark devouring field appeared in the sky, swallowing up all the demonic energy and life essence of the entire giant demonic insect.

"boom!!!"

As the giant demonic insect thousands of meters long was sucked dry, Ye Feng's cultivation level finally broke through to the realm of Dacheng Middle Immortal at this moment!

In just half a month, Ye Feng's cultivation level went directly from the middle-level intermediate immortal realm to the Dacheng intermediate immortal realm!

The speed of this breakthrough is simply terrifying!

You know, it is very scary for a normal warrior to have such a breakthrough speed.

And Ye Feng's body was like a bottomless pit, breaking through so fast.

It can be seen from this that in the past half month, how many demons and monsters did Ye Feng hunt and kill, and devoured infinite majestic skills, to achieve such a rapid breakthrough.

"Hahaha! This is really my paradise!"

Ye Feng had achieved a breakthrough in cultivation at this time and was in a good mood. He couldn't help laughing out loud and felt very high-spirited.

In this dark demon world, Ye Feng knew that as long as he was careful, secretly hunted and strengthened his cultivation, he would definitely have a better life than any other genius.

In the past half month, except for one time when Ye Feng strayed into an abyss and angered one of the trolls, which was ten thousand feet tall, he had basically not encountered any danger.

At this time, Ye Feng's cultivation level had made great progress and he had reached the realm of Dacheng Intermediate Immortal. This made Ye Feng eager to challenge the giant monster in the abyss that he had mistakenly entered before.

"That ten-thousand-foot giant monster has the cultivation strength of the Great Immortal Realm. It has lived under that abyss for endless years. If I hadn't run fast last time, I would have been swallowed by the ten-thousand-foot giant monster. In the past half month, I My cultivation has improved again, and I may be able to fight that troll. If I can kill that troll and harvest the head of a great giant in the realm of immortality, my merit points will probably skyrocket to a very terrifying level. Moreover, Swallowing all the magic energy from the body of a giant monster might allow me to directly transform into the middle-level immortal realm, or even reach the upper-level immortal realm. It's not impossible!"

Ye Feng was thinking secretly in his heart at this time, and then his eyes showed a crazy look. He could no longer hold back and ran directly towards the abyss where the trolls lived.

Half an hour later, when Ye Feng sneakily approached the edge of the abyss.

He suddenly saw a group of demons with black wings on their backs, surrounded by a beautiful but extremely enchanting woman, floating in the air above the entrance to the abyss, seeming to be saying something.

That stunningly beautiful woman was wearing a purple dress, and she had a perfect posture, but she had a pair of black wings flapping behind her back, her fair face had fine black lines, and her eyes had red pupils. This is the transformation of a very powerful demon!

Ye Feng immediately lay down on the ground among the black bushes, using his ears to find out what the sudden appearance of the demons wanted to do.

This is the first time in a long time that Ye Feng has seen a female demon in human form. Her body is filled with the aura of a high-level immortal. She is obviously a very powerful demon, and it is very likely that she is a demon. The royal bloodline in the clan has seen the interface outside the demon world, so it turned into such a beautiful female human form.

#### Chapter 1163 God-level Sword

A beautiful and enchanting woman with demon wings on her back and dressed in purple is the daughter of the demon emperor of the "Jiuyou Kingdom", a powerful demon kingdom in the northwest of the Black Sky Demon Realm. Her name is Princess Ziyue.

This time she brought a group of men to this abyss in order to find a treasure that had been lost for many years from the ancestors of the Nine Nether Kingdom, called the "Nine Nether Sword".

Obtaining this ancestral treasure is of great significance to their Jiuyou Kingdom, because the Jiuyou Kingdom is about to go to war with another demonic force. If they can obtain this ancestral treasure, they may be able to awaken their sleeping ancestors. The will of the Nine Netherworld King.

The Nine Netherworld King is a dark demon at the level of the God Realm. Although he has been dead for countless years, as long as he awakens his demonic will through the Nine Netherworld Sword, he can still erupt with terrifying power.

However, Princess Ziyue knew that under this abyss, there lived a terrifying giant demon that was in the realm of a great immortal. It was ten thousand meters tall and had terrifying combat power. It was not something that ordinary demons could provoke.

Therefore, it is still very difficult to find the Nine Netherworld Sword that has been lost for many years, and it may be extremely dangerous.

At this time, Princess Zi Yue looked at the demon guards around her and said: "We have studied so many ancient books left by our ancestors, and the crucial Nine Netherworld Sword is under this abyss. First What we have to do next is to think about how to deal with the tall abyss troll. Although

the troll family all live independently in our Black Sky Demon Realm, a troll is like a war machine. It is too terrifying. "

At this time, a tall demon next to him hesitated for a moment, and then said: "Your Royal Highness, that abyss troll has been born for hundreds of thousands of years. It has the terrifying cultivation level of the Great Immortal Realm. We are probably no match for it." "

Princess Ziyue frowned slightly, and there was an ugly look in her red eyes.

"No matter what, the Nine Netherworld Sword is too important to our Jiuyou Kingdom. The war is about to begin. I must bring back the Nine Netherworld Sword of our ancestors, even if I die!"

Princess Zi Yue immediately spoke out, her tone extremely firm.

The dozen or so demon generals beside them all said, "I am willing to go through fire and water for Her Royal Highness, no matter what!"

"good!"

Princess Ziyue immediately spoke out: "You should immediately use various long-range attacks to provoke the troll out of the abyss. I will set up a sealing formation outside. After the troll comes out, Being shrouded in the sealing formation, I can only rely on you to fight the trolls, while I go down alone to find the Nine Netherworld Sword."

At this time, a group of demon generals heard the words and immediately exclaimed: "Your Royal Highness, although the Nine Netherworld Sword is the ancestor of our Nine Nether Kingdom, the Nine Netherworld Sword is difficult to conquer. It is an extremely evil and powerful demon sword. Even if Your Highness, Princess, has the blood of the Nine Netherworld King in her body, so it may be very dangerous. We will accompany you, Your Highness, into the abyss!"

"no!"

Princess Ziyue immediately shook her head and said: "That abyss troll is very powerful. It is an old monster that has lived for hundreds of thousands of years. The sealing formation I have arranged can only trap the troll for a while at most. It requires a dozen of you masters." Fighting with the troll on the abyss can delay the troll's time, so that I have enough time to find where the Nine Netherworld Sword is under the abyss, and even if I find the Nine Netherworld Sword, I think It

will take a lot of time to conquer the legendary sword of the Nine Netherworld King, even if I am a descendant of the Nine Netherworld King.

Maizi Si, I don't have much confidence. "

"this....."

Hearing Princess Ziyue's analysis, more than a dozen demon generals in the middle immortal realm nodded.

They stared at Princess Ziyue with solemn eyes, and said in a serious tone: "Then Princess, you must be careful. If your life is really in danger, please escape as soon as possible! Without that sword, we can still annihilate the enemy together. military!"

"good!"

Princess Ziyue nodded heavily, and then took out the dark formation foundations from her storage ring and placed them on the ground at the entrance to the abyss, surrounding the entire entrance to the abyss.

She is setting up a very powerful seal formation to deal with the giant giant in the abyss.

At this time, this group of demons from the Nine Nether Kingdom were discussing how to deal with the abyss troll. ??

What this group of demons didn't notice was that a human boy in white clothes was lying in a bush not far away. He used his powerful perception to hear all their conversations.

"Nine Nether Kingdom? Your Highness the Princess? Nine Nether Sword?"

Ye Feng was lurking not far away at this time, and heard the conversation of several demons, his eyes flickering.

Judging from the content of the conversations between these demons, it seems that the Nine Netherworld Sword is a very powerful and ancient demon sword, left behind by an extremely powerful demon clan.

"Maybe it's a divine weapon that surpasses the immortal weapon! It's a divine sword!"

Ye Feng's eyes suddenly lit up.

How terrifying would it be if my invincible sword domain could be integrated into a god-level sword?

But Ye Feng sensed

Well, those dozen demon generals all have powerful cultivation levels in the middle-level immortal realm.

Especially the princess in purple clothes is a witch from the upper fairy realm. As the princess of a demon kingdom, she must have countless means and terrifying strength.

In addition, the giant in the abyss is also in great danger.

"But that Nine Netherworld Sword may be a god-level sword! Fight!"

Ye Feng had no resistance at all to such a treasure, and was attracted to it wholeheartedly.

At this time, he was lying around, slowly lurking towards the entrance of the abyss.

Ye Feng has just heard all the plans of this group of demons. When the time comes, the princess will directly lurk under the abyss.

When the time comes, Ye Feng can go directly down and follow the princess from Jiuyou Kingdom.

"But the human aura on my body is too strong now, and Shengxue's outfit in white is really attracting too much attention, which is not conducive to latent tracking..."

Ye Feng thought secretly in his heart, and took out a set of black robes from the storage ring, covering himself in the black robes.

Moreover, in addition to this, Ye Feng was using the Divine Art of Creation at this time to transform all of his life energy and skills into the origin of the demon race.

In this way, even if Ye Feng is discovered, he will not be particularly hostile because he is also a "demon".

At this moment, you can see that Ye Feng is wearing a black robe, exuding strong original demonic energy. Even Ye Feng's eyes, which have been fused with the Nine Nether Sky Eyes, have turned red at this time, completely fake. , I am afraid that even if a dark demon god comes, he will not be able to tell that Ye Feng is a human race, but an out-and-out young demon race!

#### Chapter 1164 Mutation

After using the Divine Art of Creation to disguise himself as a demon, Ye Feng was wrapped in a black robe and lurked towards the abyss.

At this moment, at the entrance of the abyss, Princess Ziyue from the Jiuyou Kingdom had already arranged the sealing formation.

At this time, the dozen or so powerful demon generals following Princess Zi Yue all looked at each other and then nodded.

"It's time to take action."

Princess Zi Yue walked not far away and then spoke out.

"Yes, Your Highness Princess!"

A dozen demon generals immediately shouted loudly, their voices full of determination.

A tall demon who seemed to be the commander shouted: "Let's use the dark ancient demon killing technique together! We must completely anger the abyss troll, provoke it from the abyss, and then run out!"

"good!"

All the other demon generals spoke out one after another.

Then a dozen demon generals began to stretch out their pitch-black claws, quickly forming seals, and muttering words, as if they were performing a very powerful and ancient demon-killing technique.

Suddenly at a certain moment, a dozen demons shouted in unison:

"The Great Dark Nine Heavenly Demon God's world-destroying forbidden soul-locking spell!"

"kill!"

boom! !

At this moment, a blood-red wave of destructive light burst out from the bodies of more than a dozen demon generals. They merged together to form a huge blood-red claw. Like a meteorite falling from the sky, it instantly carried The terrifying impact and destructive force hit the abyss hard.

"Boom!!"

The next moment, there was an earth-shattering roar under the abyss. It was like a star falling to the earth, erupting with a terrifying bombardment.

"Roar!!"

And at the moment when the roar sounded, an earth-shattering roar of a giant beast sounded from beneath the abyss.

Buzz!

Almost at the next moment, a behemoth with a height of ten thousand feet stood up from the abyss.

This is a giant monster living in the abyss. At this time, a head sticks out, which is the size of a mountain. It is full of infinite demonic energy. It has two eyes as big as the sun, blooming with blood-red eyes. The light turned the entire dark night into a shining blood red.

"Roar!!"

The troll jumped out from under the abyss, and its huge body immediately rushed towards the dozen demons who took action, intending to tear them all into pieces.

"Buzz!"

But suddenly at this moment, a formation suddenly lit up on the originally calm land at the entrance to the abyss. The light of the formation condensed into thick silver chains, covering the whole body of this giant giant. Tethered.

This formation is exactly the sealing formation arranged by Princess Ziyue!

"Roar!!"

The troll roared wildly, but for a while it was unable to break free of these silver chains. However, it could be seen that as the troll broke free, the silver chains tied to his body were breaking apart inch by inch.

Uh-huh!

At this time, Princess Ziyue's graceful and perfect purple-clothed figure suddenly flashed and rushed directly into the abyss.

The dozen demon generals had firm eyes and shouted: "Let's attack this troll quickly, don't let him break free of the silver chain, we must buy enough time for Her Royal Highness the Princess!"

boom!

boom!

boom!

One after another, the demon generals burst out with powerful power and killed the abyss troll, disrupting the troll's efforts to break free from the sealing chains on his body.

"Buzz!"

At this moment, without any demon noticing, a figure wrapped in a black robe secretly lurked to the edge of the battlefield, and then jumped into the abyss.

This figure is none other than Ye Feng who has been lurking around!

At this time, he took advantage of the time when there were not a dozen demon generals fighting with the abyss trolls, jumped directly into the abyss, and followed the demon princess.

Buzz!

This abyss is simply bottomless.

Ye Feng once entered by mistake once and was almost swallowed by the sleeping abyss troll inside.

Now that he entered again, without the threat of the troll, he felt a lot more relaxed.

The further you go under the abyss, the more humid and cold the air becomes, like a deep devil's cave

, there is never a bottom.

"boom!"

Ye Feng activated the power in his body and accelerated his fall. At this time, his speed had exceeded the speed of free fall.

In this way, Ye Feng only fell for a quarter of an hour before finally landing at the bottom of the abyss.

Ye Feng immediately saw that under the abyss, it was not as dark as imagined, but on the walls, they were covered with luminous crescent stones, emitting a faint white light.

"The Divine Eye of Creation!"

Ye Feng wasted no time and directly activated the Divine Eye of Creation to find out where the demon princess was at this time.

"Huh? She has actually found the deepest cave!"

Ye Feng immediately saw that there was a cave in the deepest part of the abyss.

On the floor of the cave, there lay a strange and unknown monster. A dark golden war sword stabbed the monster's head, nailing it to the ground.

The dark golden war sword has complex and obscure black veins engraved on the sword body, which looks like the veins of a demon, giving people the feeling that the sword is alive.

At this moment, the demon princess in purple had just arrived at the cave and seemed to want to step forward and pull out the dark gold sword.

"Oops! She's so fast!"

Ye Feng's eyes darkened at this time, and he quickly rushed towards the cave while continuing to observe with the Divine Eye of Creation.

What made Ye Feng breathe a sigh of relief was that the demon princess seemed unable to pull out the dark gold sword.

When Ye Feng finally lurked near this cave, Princess Ziyue still didn't pull out the dark gold sword.

Her Highness the Demon Princess couldn't help but murmur: "Why, as a descendant of the Nine Netherworld King, can't I pull out this Nine Netherworld Sword? It's impossible!"

At this moment, Princess Zi Yue suddenly pricked one of her fingers, and then squeezed out a drop of black demon blood, which dripped on the body of the Nine Netherworld Sword.

"Buzz!"

At the next moment, the Nine Netherworld Sword burst out with a jet-black and rich demonic energy, and then roared rapidly.

"You really need my blood

activation! "

A deep excitement suddenly appeared in Princess Ziyue's eyes.

Ye Feng, who was lurking not far away, saw this scene, his eyes flashed, his body moved, and he wanted to snatch it.

"boom!"

But suddenly at this moment, Ye Feng suddenly felt a huge pain, passing from his back spine.

"Click, click..."

A seemingly terrifying energy fluctuation spread out from Ye Feng's spine.

Such a sudden change in energy fluctuation was something Ye Feng himself did not expect.

"This is...the power of Death's backbone!"

Ye Feng was suddenly shocked.

But then, what worried him most happened. Princess Ziyue, who had just activated the Nine Netherworld Sword in the cave not far away, suddenly noticed the sudden energy fluctuation outside.

"Who is it? Sneaking there! Come out to me, princess!"

Princess Ziyue was suddenly filled with demonic energy. She was not a delicate princess, but a powerful witch in the realm of upper immortals!

At this moment, she turned around and instantly saw Ye Feng lurking not far from the cave.

But before Princess Zi Yue could say anything, something happened that neither she nor Ye Feng had expected.

"boom!"

Accompanied by the sound of flesh and blood exploding, the backbone of Death was squirming rapidly on Ye Feng's back. The dark spine spread out from Ye Feng's back automatically, forming a dark hand of Death. Carrying infinite power, Princess Ziyue was knocked away with a "boom", and then the hand of death grabbed the Nine Netherworld Sword, pulled it up directly from the ground, and then quickly retracted it.

The hand of the God of Death held the Nine Netherworld Sword, retracted into the spine of Ye Feng's back, and turned into a large black spine again, and the Nine Netherworld Sword was integrated into Ye Feng's spine.

"What?"

Ye Feng felt shocked all of a sudden.

"Damn! What is that?"

Not far away, Princess Zi Yue, who was slapped away by the hand of death, was also stunned.

None of them expected that such a change would suddenly occur!

Chapter 1165 You misunderstood me

Death spines suddenly emerged from Ye Feng's big spine. The bones of the spine formed a dark hand of death. It had infinite power and pulled out the Nine Netherworld Sword of the Nine Netherworld King, and then Together they reintegrated into Ye Feng's spine.

This sudden change was something Ye Feng never expected.

He never thought that the Death God's backbone, which had been silent all this time, would undergo such a change.

Does this Nine Netherworld Sword have anything to do with the God of Death?

Ye Feng had a lot of questions in his mind, and the most important thing was that after Ye Feng discovered that after the Death God's spine dragged the Nine Netherworld Sword into his own spine, he didn't feel any changes at all, as if he had disappeared into the sea.

Originally, Ye Feng wanted to snatch the Nine Netherworld Sword, a god-level sword, and refine it into his own invincible sword domain.

But now, his Death Backbone has snatched the Nine Netherworld Sword. Although it is fused into his own spine, Ye Feng cannot sense any power.

This is like getting a duck and flying away out of thin air.

Ye Feng was a little depressed.

At this moment, Princess Ziyue, a powerful witch, was even more depressed than Ye Feng.

Not only did she not get the powerful sword left by her ancestors, but she was slapped by the hand of death for no reason, almost breaking her demonic body into pieces.

So at this time, Princess Ziyue stood up and stared at Ye Feng angrily.

Although he felt the demonic energy emanating from Ye Feng's body, it was only in the realm of mid-level immortals, but the big black bone hand that grew out of Ye Feng's back was severely slapped away just now. This powerful witch dared to be angry, but she couldn't. Dare to take action.

Her enchanting and beautiful eyes stared at Ye Feng, and said coldly: "Who are you? Which demon country do you come from?"

Ye Feng looked at the demon princess in front of him and didn't know how to answer for a moment.

He turned around and ran away.

Uh-huh!

Ye Feng's whole body instantly turned into an afterimage and ran outside.

This demon princess's cultivation was very strong, and Ye Feng could feel a sense of life-and-death threat from her.

In any case, the Nine Netherworld Sword was eventually dragged into his body by the Death God's spine.

So Ye Feng felt at this time that he was still making a lot of money.

"Little thief! Want to run away?"

At this time, Princess Ziyue saw Ye Feng running away. She was very smart and immediately understood that the hand of death that had grown on Ye Feng's back must not be used at any time.

"Don't even think about running away! Stay with the Nine Nether Sword! It's the life-saving sword of our Nine Nether Kingdom. You can't just take it away!"

Princess Zi Yue shouted loudly, and the graceful figure in purple clothes flashed quickly, chasing Ye Feng.

"boom!!"

But suddenly at this moment, a huge sensation suddenly sounded in the entire abyss.

"Roar....."

A huge and boundless roar was transmitted from the depths of the abyss through the layers of the earth's crust.

It was like an ancient evil beast that had been locked away for countless years and was awakened deep underground.

"This is?"

At this moment, both Ye Feng and Princess Ziyue showed deep shock in their eyes.

They feel it instantly

I received an unimaginably powerful life wave, transmitted up from under the crust of the abyss.

Princess Ziyue and Ye Feng's expressions changed.

"In the earth's crust beneath the abyss, there is still an ancient monster that is more terrifying than the troll!"

This was the only thought in Ye Feng and Princess Ziyue's minds at this time.

"Rumble..."

Almost at the next moment, the abyss ground beneath their feet instantly shattered, and a huge gap appeared.

At this moment, both Ye Feng and Princess Ziyue suddenly found that they had lost the ability to fly, as if they had entered a restricted area.

"This is a forbidden area!"

Princess Ziyue's face suddenly changed and she said.

boom!

boom!

And at the next moment, the two of them fell into the suddenly cracked abyss ground, and fell into the endless darkness deep in the earth's crust.

...

"Huh? Where is this?"

After a long time, in a dark environment, Princess Zi Yue woke up from her coma.

"Little thief! What are you doing!"

The first thing she saw was that Ye Feng, who was wearing a black robe, was observing something not far away.

Ye Feng was standing on a huge transparent crystal wall, looking out.

Hearing Princess Ziyue's cry, Ye Feng immediately turned to look at her and said, "If I wanted to kill you, I would have killed you long ago when you fell down and fell unconscious."

"you.....!"

Hearing Ye Feng's words, Princess Ziyue's beautiful face suddenly showed an ugly look.

Ye Feng was right. If he wanted to kill this demon princess, he would have done it long ago.

But now Ye Feng doesn't want to kill Princess Zi Yue because he is trapped in an underground prison under the abyss.

At this time, Ye Feng looked through the transparent crystal wall of the prison and saw outside. There were iron ropes locking a humanoid demon fetus the size of a mountain.

Ye Feng could feel that as long as he stayed in this small prison, the life force in his body would continue to flow away, and all of it would be injected into the giant demon fetus.

At this moment, Princess Ziyue obviously discovered this. She walked to the crystal wall and looked outside. She also saw the demon fetus that was the size of a mountain. She immediately exclaimed: "This is A huge demon child was conceived under this abyss? No! The abyss troll doesn't have this ability yet!

Ye Feng shook his head and said: "I don't know either. After we fell from the abyss into this underground space, we were absorbed into this prison made of transparent crystal by an invisible space force. I guess. We are all the nourishment for the birth of that giant demon fetus."

At this time, Ye Feng said, with a trace of ugly look in his eyes.

Unexpectedly, one day he would be captured in a prison and become the nourishment for other living beings.

and

When Princess Ziyue was in a coma, Ye Feng had used various methods, and the Invincible Sword Domain could not tear this small underground crystal prison apart.

Even Ye Feng's use of Heaven and Earth was unable to break the crystal prison.

In the end, Ye Feng went crazy and directly communicated with the Dzogchen future body on the other side of the river of time, but he was unable to tear through this crystal prison.

Ye Feng immediately understood. It is estimated that only the most powerful person who has surpassed the realm of immortals can break this crystal prison.

The reason why Ye Feng did not kill the demon princess was because he was waiting for the strongest person behind the demon princess to come to the rescue and save himself at the same time.

This demon princess comes from an extremely powerful demon kingdom. Her father, a demon emperor of the demon kingdom, should be the most powerful person in the realm of gods among the demons.

Ye Feng stared at Princess Ziyue at this moment, and a series of thoughts flashed through his mind.

Princess Ziyue was extremely smart, and she understood Ye Feng's thoughts in an instant.

Princess Ziyue immediately sneered and said, "You want to rely on my crystal prison?"

Hearing this, Ye Feng did not speak, but remained silent.

When Princess Ziyue saw that Ye Feng was silent, she even said proudly: "Little thief! You stole the Nine Netherworld Sword from the ancestor of our Nine Nether Demon Clan. It is an unforgivable crime! You still dare to rely on me to escape? Wait. My father is here, I will be the first to let him kill you! Pull out the Nine Netherworld Sword from your spine!"

"You misunderstood me."

Suddenly Ye Feng spoke up.

"Misunderstood you?"

Princess Ziyue stared at Ye Feng, whose face seemed to be a little heavy, and said suddenly: "What do you mean?"

Ye Feng suddenly stretched out his hands and pressed Princess Ziyue's shoulders. His eyes seemed a little excited and said: "I shouldn't tell you the truth, but I have to tell you now. In fact, I am the Nine Nether Pluto King." The reincarnation of the body!"

"What?!"

"What did you say?!"

When Princess Ziyue heard this, her beautiful face suddenly showed an extremely incredible look.

At this moment, a red light suddenly appeared in Ye Feng's eyes, filled with endless laser power.

"This is? The Nine Nether Sky Eyes! It is a talent that can only be awakened by the purest royal bloodline of my Nine Nether Clan!"

Princess Ziyue stared into Ye Feng's eyes and was suddenly shocked.

"That's right!"

Ye Feng's face was very serious and solemn, and he said: "Although I now have my own independent thoughts and personality, I am indeed the reincarnation of a spine from the broken demon body after the death of the Nine Nether King. "

Princess Ziyue stared at Ye Feng, who had a solemn and serious face in front of her, her beautiful eyes widened, and she couldn't help but said: "You...are you the reincarnation of a spine of my ancestor, the Nine Nether King? Now you have own independent body and independent thoughts?"

Although what Ye Feng said was extremely mysterious at this moment, Princess Zi Yue suddenly remembered that before, she could not pull out the Nine Netherworld Sword, but when Ye Feng came, a dark spine suddenly turned into a big hand, He pulled out the Nine Netherworld Sword and integrated it into Ye Feng's body.

Apart from this

In addition, the Nine Nether Heavenly Eyes currently displayed by Ye Feng is a magical talent that can only be awakened by the extremely pure descendants of the Nine Nether Demon Clan royal family.

Princess Ziyue couldn't help but murmured: "When I was young, I heard my father say that the Jiuyou Pluto King, the most amazing and talented ancestor of our Jiuyou Demon Clan, seemed to have awakened the legendary Jiuyou. The Tongtian Eye, this kind of eye, is one of the top ten special demon eyes among all the demons in our Black Sky Demon Realm. It possesses incredible destructive power. If the Nine Nether Tongtian Eye is cultivated to perfection, it can even Shooting through the starry sky in an instant!"

"That's right!"

When Ye Feng heard that Princess Ziyue started to make associations, he was immediately overjoyed and realized that he had successfully deceived her.

However, Ye Feng relied on his rare Nine Nether Heavenly Eyes and the Death Spine to pull out the Nine Netherworld Sword. He was able to frighten Princess Zi Yue, the princess of the Nine Nether Demon Clan.

After all, when coincidence reaches a certain level, it often becomes a convincing truth.

At this time, Princess Zi Yue looked at Ye Feng in front of her again, and suddenly thought that Ye Feng had just followed her before and did not take the initiative to snatch the Nine Netherworld Sword. Instead, his spine automatically turned into a big hand and pulled out the Nine Netherworld Sword.

This also means that Ye Feng is not a thief, but a guardian who follows her silently.

At this thought, Princess Ziyue suddenly felt endless regret in her heart. She quickly stared at Ye Feng, bowed deeply and respectfully: "Ancestor, I misunderstood you! I'm sorry!"

Ye Feng felt happy in his heart when he saw it, but on the surface he looked a little sad. He quickly helped Princess Ziyue up and said, "You don't have to be like this! Although I am the reincarnation of a spine of the Nine Nether King." However, I already have my own independent thoughts, so I

am not your ancestor. We can be equals. By the way, I have a new name now, called Ye Feng. Where are you, Princess? "

"My name is Ziyue!"

Princess Zi Yue immediately acted as if she had become a relative of Ye Feng. She quickly grabbed Ye Feng's hand and said, "It's really unbelievable. You are actually the reincarnation of a part of the spine of my ancestor of the Nine Nether Demon Clan." "But why don't you come to our Jiuyou Kingdom? My father will definitely be very happy if he finds out."

When Ye Feng heard this, he immediately sighed and said: "Back then, my true self was severely injured and my demonic body was shattered, leaving only my spiritual spine of the Nine Netherworld King, because the trauma I suffered was too huge. , so I stayed away from those prosperous places and came to this remote place to recuperate, absorb the essence of the world, the sun and the moon, temper myself, and let my body be reborn. So I have just been reborn not long ago, and I don't know much about the outside world. In addition, my spine is the spine of the Nine Nether King, and there must be many other demons who are very coveted and want to dig out my spine!"

When Princess Ziyue heard Ye Feng's fearful words, her beautiful eyes suddenly turned red. She immediately hugged Ye Feng into her arms, feeling a strong desire to protect her, and said excitedly: " It turns out that you are a newly born demon clan, equivalent to a child among the demon clan. I misunderstood you. Don't be afraid, don't be afraid. You are a part of the body of the ancestor of our Nine Nether Demon clan. You are equivalent to the youngest son of Pluto. You are still alive now. After integrating the Jiuyou Nether Sword, you follow my sister and I back to our Jiuyou Kingdom. Our entire Jiuyou Demon Clan will protect you! When my father comes, we can escape from this crystal prison. My father is here. The strongest person in the realm of gods is very powerful!"

Chapter 1166 The Edge of the Divine Sword

In this way, Ye Feng became the "youngest son of Pluto" in Princess Ziyue's mouth.

Originally, Ye Feng just wanted to scare the demon princess so that she would not be hostile to him, so that he could take him out after rescue came.

But now, Ye Feng discovered that things seemed to be developing in a direction he could not expect.

But now that Princess Zi Yue was holding her in her arms, Ye Feng felt pretty good.

At the very least, as the so-called "youngest son of Pluto", I temporarily have a dignified identity to live in the black demon world.

"I'm such a little genius."

At this moment, looking at Princess Ziyue as if she had suddenly transformed from a witch into a gentle big sister, Ye Feng secretly wiped out a cold sweat in his heart.

Fortunately, he had an idea and perfectly eliminated the gap between him and Princess Ziyue.

In the following time, Ye Feng and Princess Zi Yue became good friends who talked about everything.

Especially Princess Ziyue, when she learned that Ye Feng was a new demon, equivalent to a demon child, she became even more protective and vowed to let Ye Feng follow her back to the Jiuyou Kingdom, and the entire Jiuyou Kingdom would be destroyed. Protect him.

In this way, the relationship between Ye Feng and Princess Ziyue was extremely close.

In the past few days, she couldn't get out of this crystal prison anyway. Princess Ziyue decided to help Ye Feng to see if she could actively inspire the Nine Netherworld Sword fused in the backbone of the God of Death.

Ye Feng naturally had no objection to this. If he could take the initiative to use the Nine Netherworld Sword, it would be a huge and powerful killing trump card for him.

In the crystal prison, Princess Zi Yue transferred the pure skills of Pluto's descendants from her body to Ye Feng.

At this time, Ye Feng obtained such a pure power from the descendants of Pluto, all of which was injected into the spine of the god of death in his back.

Faintly, Ye Feng felt that deep in the back of the God of Death, an ancient and evil dark gold war sword was rising and falling in it. It was the Nine Netherworld Sword, which was trapped by the black energy threads on the back of the God of Death, unable to move. move.

At this time, Ye Feng used Pluto

The power of future generations to activate the Nine Netherworld Sword.

"Buzz!"

Almost at this moment, a mysterious dark golden light suddenly emitted from Ye Feng's spine. In this light, there seemed to be a majestic figure wearing a godless robe standing.

Princess Ziyue stared at the majestic figure with her beautiful eyes, her eyes full of excitement, and said: "That is definitely our Jiuyou Demon Clan's astonishingly talented ancestor, Jiuyou Pluto King!"

Ye Feng could no longer hold on at this time, because he found that activating the Nine Netherworld Sword in the Death God's spine required a huge amount of energy, and even his powerful strength was somewhat unable to sustain it.

Wow!

Ye Feng dissipated his strength, sweating profusely, and said with a helpless smile: "It's really too difficult, the energy that needs to be activated by the Nine Netherworld Sword is so majestic, and I always feel that there is a kind of energy in my spine. The deep confining power is locking the Nine Netherworld Sword."

Princess Zi Yue quickly came over and wiped the sweat from Ye Feng's forehead. A warm smile appeared on her beautiful face and said: "Brother Ye Feng, don't be anxious, let's take our time."

Boom, boom...

Suddenly at this moment, the two heard the sound of earth shaking coming from outside the crystal prison.

And almost at the next moment, a behemoth with a height of ten thousand meters appeared in the sight of the two people.

It's that abyss troll!

But at this time, this abyss troll was covered in wounds, scarred and bleeding profusely, but it was not dead.

Ye Feng looked through the transparent crystal wall in front of him and suddenly seemed to see something. His eyes suddenly changed and he said quickly: "Sister Ziyue, look at the shoulders of the troll."

Princess Ziyue looked over quickly, and her expression suddenly became extremely ugly.

Because at this time, the troll's shoulders were carrying a total of more than a dozen tattered corpses.

A dozen demon generals followed Princess Ziyue.

But at this time, these dozen demon generals were all dead. They were killed by the trolls, their bodies were carried back, and they were all thrown into the huge mountain-sized demon fetus in the center of the underground world. In the culture pond, it serves as nutrients.

At this moment, the giant demon fetus is squirming rapidly, exuding a terrifying demonic energy, and it seems that a new terrifying life is about to be born.

"It's over!"

Princess Ziyue suddenly turned pale and said: "All the dozen or so generals under my command were killed by the giant demon, so there was no one to help us deliver the news of being trapped back to Jiuyou Kingdom, and my father also Without knowing what is happening here, we may be trapped in it forever, and eventually become the nourishment of the ancient demon fetus." .??.

Ye Feng shook his head and said in a firm tone: "Now it seems that we have to carefully think of a way to escape."

Princess Ziyue looked at Ye Feng and said: "Brother Ye Feng, what can you do? With our current skills and cultivation, we cannot do any harm to the walls of this crystal prison, not to mention that the abyss troll is back. "

Ye Feng looked through the crystal transparent wall and saw that the abyss troll outside seemed to be seriously injured. He found an abyss and lay down casually and fell into a deep sleep.

He thought for a moment and said: "The two most powerful forces we have now are probably the divine sword, the Nine Netherworld Sword. As long as we can activate the divine power in the Nine Netherworld Sword, we might be able to split this crystal prison." prison."

When Princess Ziyue heard this, her beautiful eyes suddenly lit up, but then she shook her head and sighed: "But brother Ye Feng, you are just a new young demon, even if you are transformed from a part of the body of the ancestor of the Nine Nether Underworld King The reincarnated body is temporarily unable to control the Nine Netherworld Sword."

Ye Feng said: "It doesn't matter if we can't control it, as long as we can inspire the sharp edge of the Nine Netherworld Sword to help us tear open the crystal prison that traps us."

Princess Ziyue's eyes flashed and she said, "How to activate the power of the Nine Netherworld Sword?"

Ye Feng said: "You just input some of the pure skills of your descendants of Hades, and I passed it into the spine, and found that it can activate a trace of the power of the Nine Netherworld Sword, and the will of the Nine Netherworld King just appeared, You also saw it, even if it was just for a moment, but it represented hope."

When Princess Ziyue heard what Ye Feng said, she immediately showed a hint of excitement on her face and said, "Okay, let's give it a try. Now I will transfer all the skills I have cultivated to you, and then we will inspire you together." Let's see if the Nine Netherworld Sword can succeed!"

"Um."

Ye Feng nodded, then stretched out his hand to Princess Ziyue, smiled slightly and said: "Sister Ziyue, give me your hand, and we will split this crystal prison together!"

"good!"

Princess Ziyue's beautiful eyes showed bright colors, she stretched out a slender jade hand covered with magic patterns and held it with Ye Feng.

"boom!"

Almost at this moment, Princess Ziyue urged the powerful demonic energy she had cultivated to pass towards Ye Feng.

At this moment, Ye Feng was also running the Divine Art of Creation, fusing Princess Zi Yue's demonic energy with the demonic skills that he had now transformed into, and pouring them towards the Death spine in his back.

"boom!"

Sure enough, there was a reaction in the next moment. With a "click" and "click" sound like cracking bones, the body of an ancient and evil dark gold war sword slowly penetrated into the cracks in Ye Feng's spine. Flesh and blood spread out.

"hack!"

Ye Feng roared at this moment and poured all the demonic energy into the Nine Netherworld Sword.

boom! !

This ancient dark golden Pluto sword suddenly erupted into thousands of blood-red sword lights.

Buzz!

A towering shadow of Hades wearing imperial robes appeared in the void behind Ye Feng. It held the Nine Netherworld Sword and seemed to have unrivaled divine power. It suddenly hit the wall of the crystal prison in front of it. Kill him and go away.

Chapter 1167 Demon God Fetus

Boom! !

Along with a huge roar, the sharp edge of the Nine Netherworld Sword suddenly struck the wall of the crystal prison.

"Crack!"

What made Ye Feng and Princess Ziyue look happy was that at this moment, broken cracks suddenly appeared on the extremely solid crystal wall.

"good!"

"It worked!"

Both of them were overjoyed.

"Roar!!"

But at this moment, in the underground world, the sleeping abyss troll in the distance was suddenly awakened by this huge vibration.

The behemoth opened its eyes all of a sudden, and then saw Ye Feng and Princess Ziyue in the crystal prison quickly bombarding the crystal wall, trying to escape. .??.

"Roar!!"

This troll already possessed basic wisdom. It roared angrily, and the tall troll body stood up in the underground world. It was full of unparalleled oppression and ran wildly towards the crystal prison. go.

Ye Feng had already anticipated their attack, which would definitely alarm this terrifying troll.

So at this time, when he saw the troll running madly, Ye Feng did not panic at all. Instead, he clenched the hand of Zi Yue, the demon princess next to him, and said coldly and resolutely: "Let's continue!"

"good!"

Princess Ziyue immediately nodded and continued to activate the majestic demonic energy of the descendants of the Nine Nether King.

"cut!"

Ye Feng roared loudly, and the tall shadow of Hades behind him, holding the Nine Netherworld Sword, once again burst out with the terrifying power of the demons!

"Zi la!!"

Finally, at this moment, the extremely solid crystal wall was torn open by the tip of the Nine Netherworld Sword.

\u003e "Success!"

Ye Feng roared loudly, clenched his hand into a fist, and released a huge amount of demonic energy with one punch. The power of the Holy Body directly hit the crystal wall.

"Crack! Click!"

The wall of the crystal prison was torn open, like a balloon that burst a crack. It instantly became extremely fragile and was directly shattered into pieces by Ye Feng's punch.

"We're out!"

At this moment, Princess Ziyue also showed deep surprise in her beautiful eyes.

But at this time, without the urging of power, the Nine Netherworld Sword suddenly retracted and merged into the backbone of the Death God in Ye Feng's back, and was imprisoned again.

Ye Feng did not use the Nine Netherworld Sword at this time, because the two swords just now had consumed a huge amount of magic energy from him and Princess Ziyue, and it was really too much.

If he used another sword, both of them would be drained of their strength in an instant.

"Boom! Boom! Boom..."

At this time, the troll not far away was already running over.

Princess Ziyue thought of all her dozen demon generals being slaughtered by this giant monster. She immediately said with cold eyes: "Evil beast! I will cut you into pieces!"

Uh-huh!

Princess Ziyue opened the demon wings on her back and flew high into the sky in an instant. Two white bone swords appeared in her hands, and she attacked the giant demon crazily.

Ye Feng was about to go up to help, but at this time, Taotie Soul's voice suddenly sounded in his mind: "Ye Feng, have you come to the demon world? I feel an ancient life wave of the demon god's placenta."

Ye Feng's eyes turned sharply

As soon as he moved, the divine thought in his mind said: "Senior Taotie, I am indeed in the demon world now. This is the black sky demon world. You said that you feel the life fluctuation of the demon god's placenta. Could it be the huge demon fetus in front of me now? "

At this moment, Ye Feng's eyes were fixed on the huge mountain-like demon fetus in the center of the underground world. It was indeed like a placenta, wriggling violently.

The Taotie soul was awakened from its deep sleep at this time. It looked through Ye Feng's eyebrows and saw the huge demon fetus in the underground world outside. It immediately couldn't help but said: "This is definitely the demon fetus of an ancient demon god! The demon fetus of a demon god. In addition to having extremely pure life force, the most important thing about the demon fetus is that there is definitely a demon bone inherited from the demon god in the demon

fetus. On that inherited demon bone, there may be recorded the forbidden ancient inheritance of the demon clan. A peerless magical power that can take over the creation of heaven and earth!"

"Really?"

When Ye Feng heard the voice of Taotie Soul in his mind, his eyes suddenly became extremely hot. ??

He looked at Princess Ziyue who was fighting with the troll not far away. The troll was also seriously injured now. Princess Ziyue and the troll were fighting. There was no danger for the time being and she did not need his help.

At this time, Ye Feng immediately shouted to the distance: "Sister Zi Yue, I will destroy the life of this ancient demon fetus first. Once this demon fetus wakes up, we will not be able to leave. It will be a huge disaster!"

After the battle with Princess Ziyue not far away, she immediately nodded and said: "Okay, brother Ye Feng, you must be careful!"

Uh-huh!

Ye Feng did not hesitate at the next moment and jumped directly onto the demon fetus the size of a mountain.

At this time, what Ye Feng was stepping on was the demon fetus. He saw that the surface film of the demon fetus was a very tough material, extremely hard.

"Invincible Sword Domain!"

Ye Feng stretched out his hand directly

Grab it high in the air.

Clang! Clang! Clang...

A sword with a bright light appeared directly above his head.

There are a total of one hundred and eighty-nine sharp swords floating high in the sky.

Each sword is filled with sharp sword light, clanging, and exuding strong killing sword energy.

"Here comes the sword!"

Ye Feng shouted loudly and held his palm empty.

Buzz!

"Crack! Crack! Crack!"

Almost at the moment when Ye Feng made a clenching movement with his palm, more than a hundred war swords floating above his head were instantly combined like pieces of metal fragments to form a sword more than a hundred meters long. Super metal sword!

Ye Feng took hold of this super metal sword, with fierce eyes, and stabbed directly at the skin of the demon fetus under his feet.

"Pfft!"

The super metal sword is a combination of more than a hundred powerful war swords. It has extremely terrifying edge and impact, and it directly penetrates into the devil's womb.

"Zi la!"

Then Ye Feng made a powerful stroke, cutting open the entire surface of the Demon God Fetus in an instant.

Wow!

Wow!

Immediately, countless black demonic blood and demonic water surged out from the huge crack where the demonic fetus was opened, like a vast ocean pouring down. The scene looked extremely disgusting.

But at this time, Ye Feng did not hesitate and jumped directly into the huge demon fetus, swimming in the black blood towards the inner core of the demon fetus.

An inherited demon bone bred from the demon womb of an ancient demon god may record an extremely powerful and extremely precious peerless demon inheritance!

Chapter 1168 Inheriting Demonic Bones

Swimming in the blood ocean of the Demon God Fetus, Ye Feng held his breath and soon arrived at the center of the Demon God Fetus.

He immediately saw that at the core of the demon fetus, there was a bone that exuded strong divine light. It was about the size of a palm. The surface of the bone was engraved with black magic patterns, and it seemed to be full of a mysterious and ancient aura.

"This piece is the inherited demon bone of the Demon God's Demon Fetus!"

Taotie Soul's slightly surprised voice sounded in Ye Feng's mind.

Hearing this, Ye Feng's eyes lit up with joy. He quickly stretched out his hand, and with a "click" he broke the newly conceived inheritance demon bone in front of him, then put it into the storage spirit ring and quickly moved towards it. Swim outside.

"No!!"

But suddenly at this moment, a very terrifying howl suddenly sounded throughout the inner space of the Demon God Fetus.

That is the divine thought of the newly born Demon God Demon Fetus!

At this moment, Ye Feng snatched away its inherited demon bone, which naturally angered the newly born demon fetus.

"Boom!" ??

Suddenly, a huge energy frenzy surged from all parts of the demon fetus towards Ye Feng's current location.

It is a kind of destructive energy that can destroy the hardest things in the world almost instantly.

"not good!"

At this moment, Ye Feng felt endless destructive pressure, squeezing out from the sea of black blood around him, as if there was a huge millstone that was going to crush Ye Feng into pieces. .

"Click, click..."

At this moment, Ye Feng could already hear the bones all over his body being broken rapidly.

"Golden dragon scales!"

"Armor fusion!"

Ye Feng thought about it, piece by piece

The golden five-clawed golden dragon's scales instantly covered Ye Feng's entire body like pieces of armor.

The five-clawed golden dragon scales have extremely terrifying hardness. At this time, Ye Feng's whole body was wrapped in the five-clawed golden dragon scale armor, and he instantly felt the destructive pressure around him, which dissipated in an instant.

"call!"

Ye Feng let out a long breath, and instantly stopped swimming, instead slamming a palm towards the surrounding black sea of blood.

"The Ancient Dragon Elephant Collapses Palm!"

Boom! !

Terrifying energy burst out from Ye Feng's palm, as if an ancient dragon-like evil beast with its head in the blue sky and its feet in the Nine Nether Abyss appeared. It roared to the sky and moved the earth, and it penetrated the demon fetus in one fell swoop. The top membrane.

"Uh-huh!"

Ye Feng jumped up and jumped out directly from the inside of the magic fetus.

At this moment, Ye Fengchen was floating high in the sky, condensing the golden dragon scale armor all over his body.

At this time, he was staring at the demon fetus below, with a look of surprise on his face.

Originally, Ye Feng planned to release the Devouring Domain directly inside, swallowing up all the life force of the entire Demon God Fetus.

But he didn't expect that after he broke the inherited demon bone, the entire demon fetus suddenly erupted with such a terrifying force of destruction that even the hardness of his own Dacheng Holy Body was almost unable to withstand it, and he almost fell directly into the demon fetus. was crushed.

"boom!"

And while Ye Feng was observing, a big black hand composed of countless black demon blood suddenly stretched out from the demon fetus, heading in the direction of Ye Feng.

Catch it.

"Here comes the sword!"

"Death to the Gods!"

"kill!"

The clay figurine still had three points of fire, not to mention Ye Feng. When he saw the demon fetus chattering incessantly, he directly grasped the super metal sword in his hand, which was more than 100 meters long, and directly slashed with his powerful sword strike.

"Boom!!"

Suddenly, the terrifying destructive sword energy was like a violent hurricane, forming a large storm of swords and blasting away at the big black-blooded hand protruding from the demon fetus.

"boom!!"

An earth-shattering roar sounded, and the big black-blooded hand was suddenly chopped into pieces by the Sorrow of the Gods.

But before Ye Feng had time to rejoice, with a "boom", another big black-blooded hand stretched out from the demon fetus and grabbed him fiercely.

"Could it be that if the demon blood in the demon fetus does not dry up, it will always have the power to condense this big black blood hand that is almost as good as my own, the Death of the Gods?"

Ye Feng's eyes were slightly startled all of a sudden.

At this time, Taotie's soul spoke in Ye Feng's mind: "Run! You have snatched the most precious inherited demon bone bred in this demon god's demon fetus! The divine thoughts born in this demon fetus will definitely... Fight with you at all costs!"

Ye Feng originally thought of swallowing the whole demon fetus directly, but now he discovered that this demon fetus had its own will and was able to control the origin of the devil in the demon fetus.

"But being able to grab the most precious inherited demon bone is a huge gain. The demon bone bred in the body of the descendant of the demon god is absolutely priceless!"

At this moment, Ye Feng saw big hands with black blood grabbing at him, and he immediately flew towards the abyss.

go.

At this moment, Princess Ziyue not far away sacrificed a sharp claw left by the demon god's transformation. This was a treasure. The strange black claw was like the sharpest sword in the world, and it seriously injured that end at once. The Abyss Troll was torn into pieces and divided into several halves.

Ye Feng's eyes lit up, he suddenly grabbed the body of the killed troll and put it into his storage ring. Anyway, looking at Princess Ziyue, she didn't seem to be interested in the troll itself. It seems that he is only interested in killing the troll to vent his hatred, but Ye Feng really needs the giant abyss beast with powerful blood and strong demonic energy like the troll.

"Sister Ziyue! Let's go quickly! Divine thoughts were born in that demon fetus, which is stimulating the original power of the demon god. We cannot resist it. I am afraid that only the existence of the divine realm can completely destroy this demon fetus!"

Ye Feng roared loudly, rushed directly in front of Princess Ziyue, pulled the demon princess, and rushed towards the abyss quickly.

"No!!!"

Immediately, an earth-shattering roar came out of the devil's womb.

The loss of the inherited demon bone means that the demon fetus has lost its innermost core. Even if it emerges from the womb, it is equivalent to being born with a disability and losing the infinite possibilities in its cultivation.

Ye Feng's eyes showed no emotion at all. It was this demon fetus that activated the power of space absorption to imprison him and Princess Ziyue in this underground world, hoping to slowly absorb them as nourishment.

If he leaves without collecting some interest, then Ye Feng will naturally not be willing to accept it, and he must not suffer a loss!

"boom!"

Ye Feng pulled Princess Zi Yue and flew high into the sky. In a blink of an eye, she disappeared into the abyss of the underground world, leaving only a broken body of the demon fetus, roaring in the angry darkness underground. Called, but all to no avail.

Chapter 1169 Decision

After escaping from the abyss of endless darkness and returning to the ground, Ye Feng and Princess Ziyue were afraid that the demon fetus would continue to pursue them, so they quickly left the place without any stop.

Three days later, they came to a dark forest and found a stream in the forest. The two finally breathed a sigh of relief.

Princess Ziyue had a brutal fight with the troll before, and had to run away day and night for three days and three nights. Even though she was a demon, she was extremely tired at this time, and she quickly sat down by the stream. On the grass, he said loudly: "We don't have to run anymore, this place is completely far away from that abyss."

Ye Feng nodded and said: "Then let's rest here for a while and recover before leaving."

"good."

Princess Ziyue nodded, and then she gently patted a small green bag on her waist.

Uh-huh! Uh-huh! Uh-huh...

Small palm-sized black mouse-like monsters instantly burst out of the small bag on her waist, ran quickly in the surrounding direction, and disappeared into the surrounding dark jungle in the blink of an eye.

Ye Feng looked a little surprised and said, "What kind of monster is this? It's so small."

Princess Ziyue smiled slightly and said: "This is a very rare magical beast called the 'Devil-Eating Rat'. Although it has little attack power, it can quickly travel hundreds of thousands of miles a day to explore the surrounding terrain and specific locations."

Ye Feng looked shocked and said: "This little mouse can actually run hundreds of thousands of miles in one day? So fast? It's amazing."

Princess Zi Yue stared at Ye Feng and said with a smile: "If you want, I can give you a few. They are all cultivated by me. We escaped from the entrance of the abyss in a hurry just now. Now I don't know where we are. It's time for these demon-devouring rats to explore the surroundings and see where we are now."

Ye Feng nodded and said, "Will Sister Zi Yue directly return to Jiuyou Kingdom next?"

When Princess Ziyue heard this, the smile in her beautiful eyes suddenly faded away, and she said with some worry: "This time I came out of Jiuyou Kingdom.

We are here because our Jiuyou Demon Clan in the Jiuyou Kingdom is about to go to war with another demon clan in the northwest land. That demon clan is the 'Golden Burning Ancient Demon' clan. They are very scary, powerful and ferocious. We The Jiuyou Kingdom may not be an opponent, so this time I came out to find the Jiuyou Nether Sword, the ancestor of our Jiuyou clan. The Jiuyou Nether Sword had been used to fight against the enemy with the help of the ancestor's divine power. "

When Ye Feng heard this, his eyes flashed slightly.

Gold burns the ancient demon clan?

It sounds like a very powerful and noble demon clan.

If you can participate in this war between the two demon kingdoms, how many demon heads will you get?

And on the demon battlefield, how majestic and powerful the blood and energy of the demons should be for him to devour?

I'm afraid it's unimaginable!

"Anyway, I came to this land of the Black Sky Demon Realm to enhance my cultivation, kill the demons, obtain the heads of the demons, and stand out in the selection of the Eighteen States. Then I will do it. This is better than what I did in this remote place." It's much better to wander around."

Ye Feng thought secretly in his heart.

Then he looked at Princess Ziyue with a worried look in his eyes, and said with a smile: "Sister Ziyue, don't worry, this time I decided to follow the will of the King of the Nine Netherworld, walk out of this remote place, and follow you to the Kingdom of the Nine Netherworld. , participate in the fighting battle with the golden burning ancient demon clan!"

When Princess Ziyue heard this, her eyes were immediately overjoyed. She quickly stared at Ye Feng and said, "Really? Brother Ye Feng, if you don't want to go out, I won't force you. You are the youngest son of Pluto, and you have a distinguished status. It's safer to hide in the mountains and forests."

Ye Feng shook his head, his eyes were extremely firm, and said: "I have long been unhappy with the Golden Burning Ancient Demon Clan. They actually want to start a war with our Jiuyou Clan this time. It is simply audacious! I uphold the principles of Pluto.

Will, now that I see that the Jiuyou clan is in such trouble, I will naturally not flinch. I have decided that I will return to the Jiuyou Kingdom with you, Sister Ziyue! But you must hurry up and use various resources to cultivate me and make my cultivation stronger. When the time comes, I will adhere to the will of Pluto and lead countless demon warriors from my Nine Nether Demon Clan to kill those gold-burning ancient demons. Leave no armor behind! "

"good!"

Princess Ziyue heard Ye Feng's firm words and the loyalty and belief in the Jiuyou clan revealed in her tone. The demon princess was immediately moved to tears, and her beautiful eyes were red and filled with tears. Light flashes.

Ye Feng's heart suddenly trembled when he saw Princess Ziyue like this.

Although the demons are all powerful and cruel, their IQ and mentality are indeed not very good. They will be moved to tears by being fooled casually.

But Ye Feng was also happy. He immediately stared at Princess Ziyue, grabbed her shoulders, and said very seriously: "After we have rested here, we should hurry back to the Jiuyou Kingdom. I hope the Jiuyou Kingdom can give me Enough cultivation resources will help me grow, and at least allow me to break through to the realm of high-level immortals. In this case, I will have enough demonic energy to activate the divine power of the Nine Netherworld Sword in my spine. I will definitely use it by then. The Golden Burning Ancient Demon Clan will be killed directly, and the entire Golden Burning Ancient Demon Clan will be wiped out."

Princess Ziyue immediately nodded vigorously and said: "Brother Ye Feng, don't worry! You must know that you are the youngest son of Pluto. After you and I go back to Jiuyou Kingdom, our entire Jiuyou Kingdom will treat you as a treasure, my father Even if the king is the most powerful person in the realm of gods, I am afraid he will be extremely respectful after knowing your identity, brother Ye Feng."

Ye Feng nodded slightly and said with a smile: "That's great."

After finishing speaking, Ye Feng took out the broken body of the abyss troll that was killed by Princess Ziyue before, and then directly operated the devouring field to swallow up all the magic energy and blood of the entire abyss troll. Empty.

On the land of the Black Sky Demon Realm, where Princess Zi Yue lives in such a pure demon world,

In front of the clan, Ye Feng did not have to hide his devouring ability at all, which was originally a magical ability.

"boom!"

The galloping energy exploded in his body, and Ye Feng's entire cultivation skills broke through in an instant.

Directly from the Dacheng Middle Immortal Realm, he broke through to the Perfect Middle Immortal Realm.

But in the end, there is still an incomparably huge distance between us and the true realm of higher immortality.

At this time, Ye Feng also felt more and more that his body was a bottomless pit, which was swallowed by a giant monster before he broke through a small level.

But what makes Ye Feng happy is that although he only broke through a small level, his strength increased several times in an instant.

This is the wonderful thing about the Divine Art of Creation. It can consolidate the foundation of one's martial arts to an extremely powerful level, and at the same level, it can explode into a monster's combat power that far exceeds that of ordinary people.

"I hope that the Jiuyou Kingdom can have resources that I can devour to my heart's content, accumulate energy to my heart's content, improve my skills and cultivation, and break through to the true realm of high-level immortals."

Ye Feng's eyes were extremely bright.

If you can break through to the realm of higher immortals, your combat power will be raised to a new level.

When the time comes, in this Black Sky Demon Realm, if I meet the top geniuses from other eighteen states, I won't have to be afraid at all.

At this moment, Ye Feng once again took out a piece of dark demon bone from the storage ring.

It is the inherited demon bone that was previously obtained from the demon fetus.

Ye Feng was about to start to understand and see what kind of powerful peerless demon inheritance was born from this inherited demon bone, which was regarded as a treasure by senior Taotie.

"The Great Road of Fallen Demons in the Heavens..."

And just when Ye Feng put the inherited demon bone on his forehead and used his spiritual mind to comprehend it, several majestic ancient black demon characters, exuding monstrous demonic energy, floated on Ye Feng. in the spiritual world.

Chapter 1170 Return to Jiuyou Kingdom

"The Great Road of Fallen Demons in the Heavens..."

Ye Feng murmured at this time, and his spiritual thoughts entered the space of the inherited demon bone in his hand.

At this moment, his entire spiritual body suddenly seemed to be in the starry sky of the universe.

Ye Feng looked at the surrounding starry sky and saw the heavens and the worlds, huge and vast interface continents, floating in the void, exuding ancient and vast immortality.

But at this moment, a majestic and majestic voice came from the depths of the universe: "The Great Way of Fallen Demons in the Heavens!"

Buzz!

A huge dark demon god that can support the starry sky and the universe appeared. Under the voice of this dark demon god, endless demonic energy appeared in the entire universe, covering the entire world.

Every interface is infected by demonic energy, and everything has fallen into a world of demonic energy.

At this time, Ye Feng was simply amazed.

The scene in front of him was full of endless shock.

He also understood what a terrifying way of cultivation the "Way of Fallen Demons from the Heavens" was.

The Dark Demon God who created this peerless inheritance is definitely an extremely terrifying figure. He actually has endless ambitions and attempts to turn all the worlds and interfaces into a demonic world.

This is a great ambition among demons, wanting to spread the demonic path to the entire world.

"Buzz!"

And at the next moment, Ye Feng's spiritual thoughts immediately returned to his original body from the inherited demon bone in his hand.

At this time, the inherited magic bone in Ye Feng's hand actually "clicked" and "clicked" into pieces.

Obviously, all the moral principles of the Great Way of Fallen Demons have been absorbed by Ye Feng's spirit and soul.

However, this does not mean that Ye Feng has mastered the Great Way of Falling Demons in the Heavens, but that the inherited secrets of the Great Way of Falling Demons in the Heavens have been deeply imprinted in Ye Feng's spiritual soul, and he still needs to continue to understand and practice. .

At this moment, Ye Feng stood up and saw Princess Ziyue sitting cross-legged on a hilltop to recover from her practice.

Ye Feng did not disturb Princess Zi Yue, but

It was he who began to comprehend the path of demon-falling in the heavens in his mind.

Although this is a very terrifying inheritance of the ancient demon god, by practicing the Divine Art of Creation, you can naturally transform your own power into the power of demonic energy at any time, thereby stimulating this path of demon-falling in the heavens.

However, Ye Feng also knew that if he returned to the spiritual world, it would be best not to use this kind of trump card.

But this avenue of fallen demons can be used as one of his trump cards.

At this moment, Taotie Soul couldn't help but ask in his mind: "Ye Feng, how are you? What inheritance did you comprehend?"

Ye Feng smiled and said in his mind: "The Great Way of Fallen Demons in the Heavens sounds very powerful."

"What?!"

But at this time, Taotie Soul seemed to have heard something extraordinary, and immediately exclaimed: "It turns out to be a kind of inheritance of the Great Dao?"

Ye Feng's eyes were stunned and he said: "Dao inheritance? What's so great about it? Is it different from ordinary inheritance?"

Taotie Soul immediately said: "Of course it's different! Ordinary inheritance, no matter how powerful it is, is only limited to human power, while inheritance of the great road implies the great road of heaven and earth and the laws of the universe, which have far exceeded human power. Exploding the mighty power of heaven, earth and universe."

Hearing this, Ye Feng nodded in understanding and said, "Although I don't understand it very well, according to what you said, Senior Taotie, I already know that this set of inheritance is extremely terrifying."

"That's right!"

Taotie Soul immediately said: "Can you pass on to me a copy of this inherited secret? I also want to understand it."

Ye Feng's eyes were surprised and he said: "Senior Taotie, you are a ferocious beast from the ancient times. You are not a demon. Can you still practice the inheritance of the demon?"

Taotie Soul immediately smiled and said: "The inheritance of the avenue is different from other inheritances. Once an inheritance involves the avenue of the universe, heaven and earth, even if I am not a demon, if I study and comprehend it carefully, I can still get huge gains. Maybe I can

Let my soul transform. "

Ye Feng immediately said: "Okay, then I will pass it on to you."

The stronger the Taotie soul is, the greater the benefit to Ye Feng will naturally be.

Previously, Taotie Soul used a dead five-clawed golden dragon to refine the golden dragon scale armor. Ye Feng is still using it now, helping Ye Feng survive many crises.

Therefore, Ye Feng would naturally not refuse Taotie Soul's request.

At this moment, Ye Feng continued to sit cross-legged and began to silently absorb the pure demonic energy between heaven and earth, strengthening his cultivation and tempering his body.

Three days later, Princess Zi Yue, who was sitting on the top of a hill not far away, suddenly opened her eyes, and a very majestic cultivation aura erupted from her body.

Obviously, her cultivation has returned to its peak state. At this time, her eyes are emitting a light red light, and she looks extremely strange.

Uh-huh!

Ye Feng also sensed this aura at this time, and couldn't help but smile and said: "Congratulations to Sister Ziyue for your great improvement in cultivation."

Princess Zi Yue took one step forward and came directly to Ye Feng. She smiled slightly and said: "The stronger my cultivation is and the deeper my skills are, the better I can help when the time

comes to fight against the Golden Burning Ancient Demon Clan." Ye Feng, you inspired the Nine Netherworld Sword in your spine."

Ye Feng nodded and said: "This time we fight side by side, bursting out the divine power of the Nine Netherworld Sword, and we can definitely defeat the enemy with one man."

Princess Ziyue pulled Ye Feng and said, "Let's go back to Jiuyou Kingdom."

The two of them rushed to high altitude, flying quickly under the dim sky.

At this moment, Ye Feng can truly observe the entire Black Sky Demon Realm.

He saw that when they flew away from the remote place where they lived before, the earth was still barren and there was very little life.

At this time, Ye Feng somewhat understood why the demon world and other dark alien races wanted to invade the spiritual world.

Compared with the desolate and barren land of the demon world, the land of the spiritual world is extremely fertile.

But what Ye Feng is a little confused about is

, why is the land of the demon world so barren.

"Maybe the corrosiveness of the demonic energy is too strong. Only the demons can adapt to this kind of demonic energy, while many other creatures have withered in the endless years..."

Ye Feng had such a guess in his heart.

Seven days later, the two traveled through the endless demonic land and finally came to a huge mountain.

What surprised Ye Feng was that every city was built on the mountain.

A huge stone tablet, a hundred feet tall, with two ancient demonic characters carved on it: Jiuyou.

"This is our Jiuyou Kingdom!"

Princess Ziyue looked at the city group built on the mountain and said with a smile to Ye Feng beside her.

Ye Feng's eyes were surprised. He didn't expect that the entire Jiuyou Kingdom was built on a Dayue Demonic Mountain, which was different from some human dynasties in the spiritual world.

Maybe the demons prefer to live in groups.

Moreover, building an entire demon kingdom on a towering mountain will be more conducive to the operation of the entire kingdom.

The Lord of the Kingdom can dispatch his troops at any time without wasting time on the road to notify.

Ye Feng followed Princess Ziyue at this time and walked towards the huge mountain of Jiuyou Kingdom.

In fact, his decision to come to Jiuyou Kingdom was also a temporary decision.

At this time, Ye Feng was actually still a little unsure. After all, the leader of the Jiuyou Kingdom, the Jiuyou Demon Emperor, was a demon in the realm of gods, a demon god.

"I hope the Nine Nether Demon Emperor won't see through my identity."

Ye Feng thought in his heart as he walked towards the kingdom.

Although it is a bit risky to follow Princess Ziyue back to Jiuyou Kingdom this time, it is a once-in-a-lifetime opportunity.

Because participating in a nationwide fight between two major demon clan forces may cause you to swallow up endless skills.

In addition, you can also collect countless demon heads on the battlefield. When the selection of the Eighteen States is over and you return to the spiritual world, you will definitely become a blockbuster.
