Chapter 1171 Pluto's Will

Following Princess Ziyue, Ye Feng quickly entered the Jiuyou Kingdom without encountering any obstruction.

Soon Princess Zi Yue took Ye Feng directly towards the top of the Dayue Demon Mountain.

A very luxurious black palace stands at the top of the Dayue Demon Mountain where the Jiuyou Kingdom depends. It looks vast and majestic.

But just when they were resisting the main hall area, they felt a very iron-blooded killing atmosphere.

Princess Ziyue's eyes suddenly moved and she said: "So many familiar generals from the kingdom outside this hall have disappeared? Could it be that the war has already begun?"

When Princess Ziyue thought of this, she immediately condensed her beautiful eyes and ran towards the palace hall.

Uh-huh!

Ye Feng also quickly followed and entered the dark palace hall.

The moment he stepped into the hall, he saw Princess Zi Yue already talking to several demons from the Jiuyou tribe wearing black armor. ??

Those Nine Nether Clan demons are probably all very tall, otherwise it would be impossible for them to be stationed in this hall.

At this time, Ye Feng came over and asked: "Sister Ziyue, what happened?"

Princess Ziyue immediately said with serious eyes: "The war has begun. My father has already fought on the battlefield with the leader of the Golden Burning Ancient Demon Clan. However, the

warriors of the Golden Burning Ancient Demon Clan are too powerful. Our Jiuyou Clan The soldiers are at a disadvantage, and the situation is very critical now.”

At this time, a tall old demon standing next to Princess Ziyue looked at Ye Feng and asked with some confusion: "Your Highness, who is this young demon? Where does he come from?"

Princess Zi Yue immediately said: "Elder, this is called Ye Feng. He is the young son of Pluto that I met during my training outside. He is from the same origin as our Jiuyou Clan."

"What? The youngest son of Pluto?"

The old demon who was called the "Elder" immediately looked shocked and said: "Pluto is the most amazing and talented ancestor of our Jiuyou clan, but as far as I know, Pluto was killed in a tragic battle.

He was beaten to pieces in the battle and had no descendants at all. Could this young demon be a liar? "

At this time, the elder said, a pair of demonic eyes immediately stared at Ye Feng, and said coldly: "Who are you? Hurry up and tell your true identity!"

Buzz!

At this moment, the veteran's eyes immediately shone with a faint green light, which seemed to hypnotize Ye Feng.

"Want to hypnotize me? Get out!"

Ye Feng roared loudly, and two bright bloody lasers immediately burst out from his eyes, destroying all the green light of the old demon in front of him.

"ah!"

The old demon immediately screamed, his eyes were bleeding, and his eyes were filled with horror: "This is the long-lost Nine Nether Heavenly Eyes! How could it appear in a young demon like you?"

Ye Feng smiled indifferently and said: "Sister Ziyue just said that I am the youngest son of Pluto, and I have the most orthodox bloodline and inheritance of Pluto. You still dare to doubt me, you are simply audacious!"

boom!

Ye Feng instantly activated the Nine Netherworld Sword in the back of the God of Death.

Buzz!

Suddenly, a tall and majestic figure appeared in the void behind him, wearing imperial robes and holding the Nine Netherworld Sword, possessing deep majesty.

"This is?"

The old devil's eyes widened immediately.

"Plop!"

And at the next moment, this old demon could not help but kneel in front of Ye Feng from the depths of his bloodline, and said in horror: "It is the will of Hades! You are really the son of Hades!"

Although the old devil was full of dissatisfaction,

It was incredible, but everything in front of him confirmed Ye Feng's identity.

The old devil immediately became respectful and said: "Greetings to the son of Pluto! I was so rude just now! Please forgive me, son of Pluto!"

Ye Feng waved his hand and said: "The ignorant are not guilty. Forget it, I just taught you a lesson. Next, you must obey my orders without any disobedience."

"Yes Yes Yes!"

The old devil stood up immediately, his eyes were extremely excited, and said: "God bless our Jiuyou clan. At such a difficult time, the son of Pluto has arrived. It's great!"

Princess Ziyue looked at the old devil and said: "Senior, please stop sighing and hurry up to gather the remaining soldiers in our Jiuyou Kingdom together. Then Ye Feng and I will hurry up to support my father!"

The old devil immediately nodded and said: "Okay, your Royal Highness, wait a moment, I will go and gather all the remaining troops!"

After saying that, the old devil took a red-gold weapon talisman from the palace hall and immediately walked out of the palace.

At this time, Princess Ziyue looked at Ye Feng and said: "Brother Ye Feng, I'm really sorry. I originally wanted to entertain you for a while so that you could have enough time to practice and accumulate skills, but I didn't expect that now. Our kingdom has actually fallen into such a critical situation, a war has begun ahead, and my father has also fallen into an endless war."

Ye Feng nodded and said: "It doesn't matter. The skills I practice are just suitable for the battlefield. My cultivation can make rapid breakthroughs on the battlefield, so let's rush to the battlefield immediately."

Princess Ziyue said: "Okay, when the elders gather all the remaining soldiers of our Jiuyou clan, we will set off directly!"

The old demon was very fast. In less than a day, the entire palace hall was already filled with densely packed soldiers of the Nine Nether Demon Clan.

These Jiuyou Demon Clan soldiers are all very tall, wearing black armor, holding

The ancient black golden sword looks full of iron blood and killing power.

This group of Jiuyou Demon Clan soldiers, numbering in the tens of thousands, are the only remaining soldiers in the Jiuyou Kingdom.

Tens of thousands of demon soldiers are nothing in a battle between two major races.

Because on the real battlefield, there were probably hundreds of thousands of demons fighting, and it was very brutal.

But now, Princess Ziyue is staring at the last more than ten thousand Jiuyou Demon Clan soldiers and said: "We are now the last hope of the Jiuyou Kingdom. This time we go to reinforce our king, who is my father." King, every one of us needs to be determined to die!"

"Mortality!"

"Mortality!"

...

At this moment, more than 10,000 Jiuyou Demon Clan soldiers roared loudly.

At this time, Princess Ziyue looked at Ye Feng and introduced to the more than 10,000 Jiuyou Demon Clan soldiers present: "Next, let me introduce to you, this person is called Ye Feng. He is the descendant of the most amazing and talented ancestor of our Jiuyou clan! He is the son of Hades! This time he comes with the Jiuyou Nether Sword and will fight alongside us!"

"Wow!"

And almost the moment Princess Ziyue finished speaking, the entire venue suddenly fell into a boil.

A series of surprised and uncertain glances were directed at Ye Feng.

"Pluto's Will!"

At this moment, an inexplicable smile flashed across the corner of Ye Feng's mouth, instantly stimulating the will of Hades in the Nine Netherworld Sword.

"Plop!"

"Plop!"

"..."

And almost the next moment, all the Jiuyou Demon Clan soldiers in the audience felt a kind of power coming from the depths of their blood, making them kneel on the ground uncontrollably, facing Ye Feng's direction!

Chapter 1172 Endless Battlefield

quiet!

Deadly quiet!

At this time, the entire square outside the palace hall was on.

More than 10,000 elite soldiers of the Nine Nether Demon Clan were all kneeling on the ground.

Moreover, he knelt down involuntarily!

It was a kind of coercion coming from the depths of their bloodline, causing them all to kneel to the ground, facing Ye Feng's direction.

At this time, even Princess Ziyue couldn't help showing surprise in her beautiful eyes.

She was originally thinking about how to get this group of elite soldiers in their Jiuyou Kingdom to recognize Ye Feng, the new young son of Pluto.

But now that she saw the shocking scene in front of her, Princess Zi Yue knew that she didn't need to say anything. This group of elite soldiers might have been shocked to the point of panic in their hearts at this moment.

Princess Ziyue looked at a group of shocked soldiers and said: "This is called Ye Feng, and he is the descendant of King Jiuyou Ping. This time he came to our Kingdom of Jiuyou to save our Jiuyou clan. The battle situation ahead is very critical now. Next, Ye Feng and I will lead you into the battlefield to rescue my father and the hundreds of thousands of Jiuyou Clan troops."

"Yes, it all depends on the orders of Her Royal Highness the Princess and the Son of Hades!"

The soldiers of the Nine Nether Demon Clan stood up one after another, claspng their fists and making noises, their voices full of respect.

Just now, Ye Feng released the will of Hades, which made these Jiuyou Demon Clan soldiers awe him from the bottom of their hearts.

It was a kind of coercion that came from the depths of blood and could not be faked at all, so all the soldiers of the Jiuyou clan believed that Ye Feng was the son of Hades!

"Set off!"

At this moment, Princess Ziyue gave an order, and more than 10,000 Jiuyou Demon Clan soldiers suddenly raised their weapons in their hands, with an iron-blooded and huge aura.

"Walk."

At this time, Ye Feng was also urging the power in his body to maintain the will emanating from the Nine Netherworld Sword.

At this time, an extremely huge and majestic shadow of Pluto stood behind Ye Feng.

This phantom of Pluto, wearing an emperor's robe, looks full of infinity.

All majesty.

At this moment, Ye Feng seemed to have truly transformed into the Nine Netherworld King, exuding the aura of a Demon Clan emperor, giving all the Nine Nether Demon Clan soldiers a huge sense of security and pride.

Princess Ziyue was extremely happy when she saw this scene.

If Ye Feng had not come back with her this time, I am afraid that their small team of 10,000 would be nothing more than cannon fodder if they entered the battlefield.

But now that Ye Feng has joined, the entire team has gained an extremely strong will, and the momentum of the entire team has suddenly become extremely high!

"Boom!"

"Boom!"

Under the leadership of Ye Feng and Princess Ziyue, a group of powerful demons walked out of the Jiuyou Kingdom in an instant, and soon arrived on the desolate land.

The place where the battle is ahead is on a huge desert desert.

As soon as the team arrived on the land, they immediately saw dust billowing in the distance, and there were terrifying sounds of fighting coming from the distance.

Moreover, the clouds in front turned from dim to blood red, looking extremely terrifying, indicating that the battle had become extremely cruel.

"Let's get there quickly!"

At this moment, the entire team was moving at full speed.

Finally, in the evening of this day, we arrived at the front line of the battle.

A very shocking scene suddenly appeared before their eyes.

Countless Nine Nether Demons with wings on their backs were fighting each other with gold-burning ancient demons that were dozens of meters tall.

"Boom!!"

The Golden Burning Ancient Demon was so powerful and huge in size that it smashed a dozen Nine Nether Demons into pieces with just one strike of the golden ax in his hand.

And dozens of Nine Nether Demons united in one

Only then can we deal with a golden ancient demon.

The battle was extremely brutal!

"kill!"

At this moment, Princess Ziyue's eyes suddenly burst out with terrifying murderous intent, and she rushed directly into the endless battlefield.

"kill!"

At this moment, more than 10,000 elite soldiers of the Jiuyou Clan roared and rushed into the battlefield.

Ye Feng looked at the endlessly tragic battlefield with a deep greed in his eyes.

"What a rich and majestic energy and blood! So much gold burning ancient demons, and countless Nine Nether Demon Clan! This time I got it!"

Ye Feng couldn't wait for a long time and directly unleashed all his power without any scruples.

"Invincible Sword Domain!"

"Devouring the Realm!"

"Kill! Kill! Kill!"

"Plunder! Plunder! Plunder!"

"Only by constantly plundering can I become stronger and more terrifying!"

Ye Feng roared in his heart, his eyes full of fanaticism, and he rushed directly into the endless battlefield.

Clang! Clang! Clang!

Clang! Clang! Clang!

Suddenly, a sword exuding terrifying divine light appeared around him.

Those are one hundred and eighty-nine war swords in the Invincible Sword Domain, all of which are high-grade war swords, and there are several powerful fairy-level war swords.

At this time, everything was surrounding Ye Feng, spinning rapidly, like a storm of swords.

"Roar!"

A ten-meter-tall gold-burning ancient demon roared from a distance, holding a several-hundred-meter-long golden machete in its hand, and headed towards Ye Feng.

"Pfft!"

"Pfft!"

But before this golden burning ancient demon could get close to Ye Feng, it was directly torn apart by numerous blade storms and turned into blood mist all over the sky.

"Swallow!"

At this time, the darkness devouring domain around Ye Feng directly erupted with a terrifying devouring power, swallowing up all the energy and blood left after the golden burning ancient demon was killed.

boom!

At this moment, Ye Feng's body suddenly received a pure power from the Devouring Domain.

Although this golden-burning ancient demon is only a half-step fairyland demon, its contribution of energy and blood is not large.

But you must know that there are dozens of millions of demons on this huge endless demon battlefield.

How terrifying is this?

"Hahaha! Kill!!!"

Ye Feng roared loudly, as if he was crazy.

The invincible sword field around him strangled quickly, like a meat grinder, mincing the golden burning ancient demons, and then directly used the devouring field to devour the power.

In addition to those killed by Ye Feng himself, there were millions of powerful demons rampaging and fighting fiercely on this endless battlefield.

Every second and every moment, countless demons are dying and sacrificing, generating huge and majestic energy and blood, which permeates the entire endless battlefield.

The Dark Night Devouring Domain behind Ye Feng is like a bloody mouth at this moment, crazily devouring the majestic energy and blood in the entire endless battlefield, strengthening Ye Feng's martial arts power!

"Boom boom boom boom..."

Waves of extremely pure power exploded in Ye Feng's body. Ye Feng wanted to look up to the sky and scream at this moment. This kind of power was simply stronger than a powerful person in the realm of gods helping him to perform mana initiation. Terrible and majestic.

"boom!"

Just half an hour after Ye Feng entered this endless battlefield, a terrifying aura of cultivation suddenly erupted from his body.

It was the aura of power that had transformed into the realm of a higher immortal.

"The first level of the upper immortal realm!"

Ye Feng's eyes were extremely bright at this moment. At this moment, he finally broke through to the realm of the upper immortal!

Chapter 1173 Invincible

Boom boom boom...

Endless demon blood, containing very high-level energy, gathered from all directions on the battlefield and formed a tornado of blood, all surging towards the dark devouring vortex behind Ye Feng.

Abundant and majestic qi and blood energy was surging through Ye Feng's entire body at this time, like angry dragons, roaring through his limbs and bones.

Ye Feng was so furious at this moment that he really looked like a powerful demon. He raised one hand and shouted: "Invincible Sword Domain! Combination!"

boom! boom! boom!

Immediately, a war sword was combined together to form a super metal sword with a length of more than 100 meters.

"Boom!" .??.

Ye Feng directly grasped the super metal sword and slashed forward.

"Death to the Gods!"

Boom!

Suddenly, a violent sword energy filled with great terror and destruction was directly struck by Ye Feng, and then a huge crack spread tens of thousands of meters in the entire battlefield.

"ah!"

"ah!"

In an instant, thousands of golden ancient demons were chopped into pieces and died tragically on the spot.

"So powerful!"

At this time, in the chaos on the endless battlefield, countless demons finally noticed Ye Feng, who had just joined the battlefield.

This demon who looks extremely young holds an exaggerated metal sword that is more than 100 meters long, and his combat power is simply astonishing.

And the most terrifying thing is that Ye Feng, a demon clan, has a fighting power that is comparable to that of a team of ten thousand people. The lethality is really exaggerated!

"kill!"

"Kill that boy from the Nine Nether Clan first!"

Almost at this moment, in the enemy camp, several golden ancient demons with a body of several hundred meters, burning with golden flames, stepped towards Ye Feng, trying to kill this powerful warrior. The young Jiuyou

Kill the demons.

"The Ancient Dragon Elephant Collapses Palm!"

Ye Feng was not afraid and directly blasted out the Ancient Dragon Elephant Collapse Palm.

Because he used his own demonic energy to activate it, an ancient demonic elephant exuding terrifying black energy, like an evil beast from hell, rushed out of Ye Feng's palm, exuding an incomparable The terrifying crushing energy.

"Boom!!"

The Ancient Dragon Elephant Collapse Palm is originally a very terrifying crushing martial art.

At this time, Ye Feng's cultivation had broken through to the realm of the first-level high-ranking immortal, and his fighting power was simply extremely powerful.

You know, even if Ye Feng's cultivation level only breaks through a small level, his combat power will soar several times.

But now that he has directly broken through an entire realm, Ye Feng's combat power at this time has skyrocketed hundreds to thousands of times!

"Boom!!"

At this time, Ye Feng blasted out with a palm, and a towering ancient demon dragon elephant appeared, directly crushing several powerful gold-burning ancient demons that rushed over.

"boom!"

Then the darkness devouring realm behind Ye Feng swallowed up all the blood and life essence.

Those golden burning ancient demons, which are hundreds of meters tall, have powerful cultivation levels in the mid-level immortal realm.

At this time, he was killed by Ye Feng in an instant and then devoured, providing Ye Feng with an extremely sufficient accumulation of skills.

"boom!"

Ye Feng's cultivation level directly broke through to the middle-level and high-level immortal realm in an instant.

"Hahaha!"

Ye Feng looked up to the sky and laughed, filled with demonic power. This time the endless battlefield brought him huge energy, which was a once-in-a-lifetime opportunity.

"What?"

"us

The leader of the group was instantly killed by that young Jiuyou Clan powerhouse? "

On this battlefield, many other gold-burning ancient demons saw this scene and were frightened and retreated one after another.

"The son of Hades is invincible!"

"The son of Hades is invincible!"

"..."

And at this moment, on this peripheral battlefield, cheers rang out one after another.

That was the roar of the Nine Nether Clan warriors.

Originally, they were defeated steadily by the golden burning ancient demon, and their hearts were filled with despair.

But now that Ye Feng has arrived, he has slaughtered countless golden ancient demons as soon as he comes on stage.

And just now he slapped several leaders of the Golden Burning Ancient Demon to death.

This is simply one person who can defeat an army of ten thousand people!

The appearance of Ye Feng, his ridiculously powerful combat power, and his terrifying killings greatly boosted the morale of all the warriors of the Jiuyou clan.

At this moment, countless warriors from the Nine Nether Demon Clan roared and gathered around Ye Feng, surrounding Ye Feng in the center.

Ye Feng saw this scene at this time and secretly smiled in his heart.

Originally, he came to the Jiuyou clan just to plunder some energy and strengthen his cultivation.

But he didn't expect that he would become the savior of the entire Jiuyou clan in the end.

But Ye Feng didn't care about it.

After all, it was a fight between demons, and all I had to do was swallow up the power honestly.

"kill!"

Ye Feng roared loudly at this time, and instantly poured all his infinite demonic energy into the spine of the god of death on his back.

The Nine Netherworld Sword vibrated even more rapidly in an instant, and actually flew out from the spine, but there were several black threads connected to the hilt. Obviously, they were the power threads of the Death God's spine, entangling the Nine Netherworld Sword. Hold on and prevent the Nine Nether Sword from escaping. \u003c

br\u003e

"Uh-huh!"

Ye Feng immediately grasped the Nine Netherworld Sword.

This is a true god-level sword!

It has extremely terrifying energy!

"kill!"

Ye Feng held the Nine Netherworld Sword and directly activated the power of the divine sword in it.

"boom!"

Almost at this moment, Ye Feng suddenly felt the boundless dark power, which surged from the sword body of the Nine Netherworld Sword into his own body.

"Roar!!"

Ye Feng roared uncontrollably at this time, and his entire body began to expand and grow. He actually actively activated Fa Tian Xiang Di and turned into a golden giant with a height of 30,000 feet.

But at this time he turned into a golden giant, which was different from usual.

The usual golden giants are all made of pure gold. They look extremely sacred and represent the peak physical strength of the human race.

But now Ye Feng has accepted the power of the dark demon in the Nine Netherworld Sword and turned into a golden giant. On the pure golden body, there are vicious centipede-like magic lines, and the golden pupils have also turned red. The color looks extremely evil, like an ancient dark giant, full of endless darkness and power.

"Nine Netherworlds reach the Third Eye!"

At this moment, the golden giant roared, and in the huge pupils, two huge blood-red lasers burst into the sky. In an instant, there was a "boom" that penetrated the entire battlefield and destroyed tens of thousands of golden burning ancients in an instant. magic.

"ah!"

"The ancient dark giant has arrived!"

"Run quickly! Run to the core area of the battlefield and seek help from the elders!"

At this moment, on the outer battlefield, the Dark Giant seemed to be invincible. Countless gold-burning ancient demons abandoned their armor one after another, with extremely fear in their eyes.

Chapter 1174 Top Ten Super Warriors

Boom!

Boom!

On the outer battlefield, with the help of the dark golden giant transformed by Ye Feng, the situation on the entire battlefield turned one-sided towards the Jiuyou Demon Clan.

Countless gold-burning ancient demons retreated and fled in fear, being hunted down into darkness.

At this time, the Nine Netherworld Sword also automatically became extremely huge, several kilometers long.

Ye Feng transformed into a 30,000-foot-tall dark gold giant, holding a dark gold giant sword several kilometers long, which really brought an unparalleled visual impact to all the demons.

Uh-huh!

At this time, Princess Ziyue's graceful figure suddenly rushed into the sky and stood on the broad shoulders of the golden giant.

The beauty in purple and the dark giant formed a beautiful and strange picture in this endless battlefield!

"Brother Ye Feng! Let's fight side by side! Enter the central battlefield and rescue my father!"

At this time, Princess Ziyue stood on the shoulders of the dark golden giant and spoke out.

Ye Feng nodded, and a loud voice came out of his big golden mouth: "Charge!"

Boom!

Boom!

The 30,000-foot-tall dark golden giant running across the entire battlefield was really shocking.

And behind this dark golden giant, there are also an army of more than 100,000 Nether Demon Clan, charging into battle, roaring and shouting, looking unstoppable.

Finally they arrived at the central battlefield area, where countless powerful demons were fighting.

Ye Feng clearly felt that in the central battlefield area, most of the demon creatures at the fairyland level were fighting in a melee.

However, he is now in the state of law, heaven and earth, and Ye Feng feels that the golden giant he has become has been transformed by the majestic dark power in the Nine Netherworld Sword, becoming more tenacious and majestic.

Although Ye Feng doesn't know whether the current dark state of the golden giant and the dark invasion of his talent of Law, Heaven, Elephant and Earth are good or bad.

But now in this chaotic and dangerous endless battlefield of demons, the golden giant's state has been demonized and strengthened. For Ye Feng now, it is indeed a good thing.

At the very least, his combat power has been greatly improved.

At this moment, Ye Feng could feel that the demonized golden giant he had become was almost his strongest state.

Even with the blessing of the Nine Netherworld Sword, his strength is comparable to that of a real Dzogchen Immortal Realm powerhouse!

"Look! What is that dark golden giant?"

"There are so many warriors from our Jiuyou Clan behind it, and they are from our Jiuyou Clan's side!"

"Look clearly! On the shoulders of the dark golden giant, stands Her Royal Highness Princess Ziyue of the Jiuyou Clan. She must be the helper that Her Royal Highness has found!"

The 30,000-foot dark golden giant transformed by Ye Feng, standing under the dark sky, is really eye-catching.

Almost at the moment Ye Feng arrived, all the demons on the entire central battlefield attracted attention.

Princess Ziyue immediately asked a group of Jiuyou tribe generals wearing black armor below:
"Where is my father?"

A tall general of the Jiuyou Clan immediately shouted and replied: "Reporting to Your Highness the Princess, Your Majesty is fighting the leader of the Golden Burning Ancient Demon Clan above the starry sky!"

When Princess Zi Yue heard this, she and Ye Feng immediately looked up into the sky.

They immediately saw that there seemed to be an extremely terrifying divine light shining in the dark clouds at the top of the central battlefield.

Buzz!

And waves of devastating fluctuations spread out from the clouds.

That was a life-and-death fight between two of the most powerful men in the realm of gods!

They did not directly fight on this demonic land.

Because the battle between the strongest in the realm of gods is really terrifying.

Every move is filled with infinite destructive power.

Maybe a single move can destroy half of the entire endless battlefield.

So the two major demon clans

The strongest warriors in the realm of gods jumped directly into the starry sky above the demon world to fight in the boundless universe.

"The most powerful person in the realm of gods can directly jump into the starry sky and cross the universe with his body. It is really powerful."

Ye Feng was staring at the divine light shining in the dark clouds above, with envy in his eyes.

Even though he is now in the golden giant state, he does not dare to jump into the starry sky.

There are countless dangers in the starry sky of the universe, including various starry sky turbulences, huge black holes, time singularities and other terrifying fields. If you are not careful, you will be swallowed up by the boundless universe and disappear from the world.

Therefore, before entering the realm of God, you cannot jump into the starry sky alone. That is an extremely dangerous move.

However, Ye Feng had heard that in the spiritual world, many powerful forces sent large numbers of teams to use ancient artifacts to enter the starry sky in order to find cultivation resources and rare treasures from the major planets in the starry sky. method.

"Report to Your Highness the Princess! The most critical thing on our central battlefield now is to kill the ten super generals who kill the golden burning ancient demon!" ??

At this time, a general from the Jiuyou clan below spoke up again.

Many Jiuyou clan warriors looked towards the center of the battlefield in the distance, and immediately saw ten golden burning ancient demons that were several kilometers tall. They held various huge weapons in their hands and were killing the Jiuyou clan warriors crazily.

Those ten golden burning ancient demons, the cultivation auras on their bodies are all beings in the realm of Dachengxian!

"Let's go!"

Ye Feng turned into a dark golden giant without any nonsense, and he held the Nine Netherworld Sword, a god-level sword in his hand, which gave him great confidence.

"good!"

Princess Ziyue knew that there was no other choice now.

In a battle between the strongest in the realm of gods, they simply can't get involved.

The only thing they can do now is to try their best to reverse the situation on the central battlefield.

"ah!!"

"

ah! ! "

"ah!!"

And suddenly at this moment, several consecutive screams suddenly sounded from the central battlefield in the distance.

It was a few powerful men from the Nine Nether Clan who were in the Great Immortal Realm. They were outnumbered. Ten super generals from the Golden Burning Ancient Demon Clan joined forces to attack them with huge battle axes. They were seriously injured, and they were thrown upside down and fell to the ground. , a large area of ruins was knocked out.

"Commander!!"

Countless Jiuyou Clan warriors saw this scene, and the most powerful Jiuyou Clan commanders were all knocked away and seriously injured, and they all felt extremely desperate.

"Hahaha!"

At this time, ten super warriors who were thousands of meters tall, golden burning ancient demons, holding giant axes in their hands, laughed and said: "Jiuyou Clan! A weak race like you should have been wiped out long ago. On this land, you occupy such a vast territory, it is really a waste of resources! Now that the most powerful commanders of the Nine Nether Clan in your race have been defeated by us, I think you are not far away from annihilation!"

"Oh, is it so?"

But suddenly at this moment, a low and majestic voice sounded.

Boom!

Boom!

Accompanied by huge shaking sounds on the ground, a dark golden giant that was 30,000 feet tall and majestic came over. His eyes were red, and he was holding a giant sword several kilometers long in his hand. He looked full of evil. It is ferocious, violent and brutal, with an extremely shocking sense of power!

"The aura of a higher fairyland?"

"Hahaha! No matter how big you are, what's the use? Your cultivation is too weak!"

"And you're the only one? Don't you have any help?"

At this moment, the ten super generals of the Golden Burning Ancient Demon clan all laughed out loud, their voices full of disdain.

But at this time, the dark golden giant transformed by Ye Feng grinned.

"I don't need help."

Ye Feng made a low voice, then his eyes were full of endless domineering, and he shouted to the sky: "I want to fight ten of them!"

Chapter 1175 Great tonic

I want to hit ten!

Almost as soon as Ye Feng finished speaking, the entire field suddenly fell into a boil!

"What? The son of Hades wants a super warrior who can fight against ten gold-burning ancient demons?"

At this moment, countless warriors from the Jiuyou clan exclaimed, feeling incredible.

Even Princess Ziyue's beautiful face showed worry.

Because the ten super generals of the Golden Burning Ancient Demon Clan are not ordinary beings.

But the most powerful and ferocious Dachengxian Realm expert!

At this time, the princess of the Jiuyou Demon Clan could not help but look at the majestic dark golden giant beside her, and said: "Brother Ye Feng, we can temporarily retreat and guard the fortress of our Jiuyou Kingdom, waiting for our father. The return of the king."

Ye Feng shook his head and said: "Don't worry, if I didn't have strong self-confidence, I wouldn't have said such words."

At this time, Ye Feng's bold words to fight ten of them aroused huge anger and dissatisfaction among the countless gold-burning ancient demons on the opposite battlefield.

"Arrogant! Too arrogant!"

"How dare a junior boy who has just broken through to the realm of higher immortals dare to speak like this to our ten great generals and commanders?"

"This kid is bound to die, he must be killed!"

...

At this moment, a large group of warriors from the Golden Burning Ancient Demon were all making angry noises.

"Commander, War General! You don't need to take action, I will go directly to kill that brat from the Jiuyou Clan who doesn't know the heights of heaven and earth!"

At this moment, a powerful golden-burning ancient demon appeared.

He is human-sized, with golden flames burning all over his body. The aura on his body is that of a high-level immortal being, very powerful.

"Go away!" Ye Feng suddenly shouted coldly. He held the Nine Netherworld Sword and walked forward.

"If I don't give you some clues, you really don't know how high the sky is!"

The golden-burning ancient demon who took the initiative to fight shouted loudly, with a disdainful tone.

He smiled cruelly, and a jagged round wheel suddenly appeared in his hand, spinning rapidly and able to cut into pieces any body.

"boom!"

But at this moment, Ye Feng suddenly raised the giant sword in his hand and struck down.

"Pfft!"

Along with a terrifying and sharp sword light, the entire body of this golden burning ancient demon has been chopped into pieces, turned into blood mist, and the energy was absorbed by the darkness devouring field around Ye Feng.

This sword was so fast that almost all the demons on the field could not see clearly that the gold-burning ancient demon who took the initiative to fight had died a violent death.

"What?!"

"Die so soon!"

All the demons on the field were shocked.

Ye Feng stared at the top ten super generals not far away and said coldly: "You will definitely die today."

"Damn boy, I'm here to play with you!"

A great immortal realm warrior couldn't help it anymore. He held the golden ax in his hand and slashed directly towards Ye Feng, full of violent aura.

"when!"

Ye Feng raised his sword's crossbar and directly blocked the warrior's golden axe.

When two powerful warriors collided, a huge sound wave was emitted, shattering the entire surrounding ground and turning it into ruins.

"Death to the Gods!"

Ye Feng didn't hesitate at all, holding the Nine Netherworld Sword in his hand, he directly slashed with his powerful and terrifying blow.

"Boom!!"

An infinitely terrifying blade storm suddenly erupted from the Nine Netherworld Sword in Ye Feng's hand. With the power of this demon sword, the secret of the Gods' Sorrow was infinitely strengthened.

"Pfft!"

A golden arm of the super warrior in front of him was cut off directly, and blood surged wildly.

"ah!"

The super warrior immediately let out a miserable howl. He didn't expect Ye Feng's sword to be so terrifying.

But this hasn't stopped yet. The sword energy storm of the Gods' Sorrow is full of endless destructiveness and has enveloped the entire demonic body of this super warrior.

"Ahhh!"

This super warrior let out continuous miserable howls, and it could be seen that his body of ancient demon was being rapidly destroyed by the sword energy storm.

"stop!"

"Stop it boy!"

"Stop it quickly! Otherwise, I will slaughter your entire Jiuyou clan!"

Almost at this moment, the other nine super generals who were watching casually not far away suddenly shouted loudly and their expressions changed drastically.

They seemed to have never thought that the young demon from the Jiuyou Clan across from them had such a powerful fighting force, and the sword in his hand was really powerful.

"Die!"

But just as the nine super generals finished speaking, a sinister smile flashed across Ye Feng's face, and the giant sword in his hand struck down hard again.

"puff!"

The first super warrior who was shrouded in the storm of sword energy had his entire demonic body split into countless pieces by the second sword in an instant, and was completely dead.

"No!!"

Another super warrior looked frightened and angry, holding a black sledgehammer in his hand, and instantly hit Ye Feng hard.

"kill!"

Ye Feng was not afraid at all. He mobilized the huge energy in the giant's body, held the Nine Netherworld Sword in his hands, and slashed down with the maximum strength, like an ancient giant creating the world.

"boom!!"

The giant sword immediately collided with the black hammer in the super warrior's hand.

Click!

Suddenly a crisp sound of shattering sounded, and then in the incredulous eyes of countless demons, the black hammer of the fairy weapon level suddenly shattered and was split open on the spot by the dark gold giant sword in Ye Feng's hand.

The sword body of the dark gold giant sword was not damaged at all, and it still glowed with a cold metallic luster, sharp and sharp!

"ah!"

Then the giant sword suddenly fell, and the super warrior holding a big hammer was chopped into two halves!

The second general, die!

"What?!"

Everything on the field happened too fast. By the time everyone reacted, the battle was already over.

The result was that Ye Feng did not suffer any damage, while the Golden Burning Ancient Demon clan on the opposite side had lost two powerful super warriors.

"boom!"

Just when everyone was shocked, Ye Feng had already swallowed all the blood and life essence of the two super generals he had killed.

However, Ye Feng's body was like a bottomless pit under the tempering of the Divine Art of Creation.

But the life essence of the ancient demons of the two super warriors was as vigorous as the vast ocean. In one fell swoop, Ye Feng's cultivation level was already breached by the first level again!

"The realm of high-level immortals!"

Ye Feng's whole body was shaken all of a sudden, and he felt new energy being continuously generated in his body. He was getting stronger as he fought, without any signs of exhaustion.

"These super warriors of the Golden Burning Ancient Demon Clan are indeed a great tonic!"

Ye Feng's red eyes, filled with deep greed and desire, immediately focused on the remaining eight super warriors on the field!

"Who is this Jiuyou Clan boy?"

"How can it be so powerful!!!"

At this time, the countless gold-burning ancient demon warriors on the opposite side were stunned to the point of being stunned.

The invincible super general in their minds was actually killed one after another in the hands of Ye Feng, a young demon. Two of them fell almost instantly, which really frightened these demons to the extreme.

"This boy is a ruthless character! The sword in his hand seems to be the legendary Nine Nether Clan's Nine Nether Sword! It is a god-level sword!"

A group of super generals from the Golden Burning Ancient Demon Clan all changed their expressions at this time.

A super warrior couldn't help but said in horror: "This kid can actually turn into the legendary oldest dark golden giant of our demon clan. Could it be that he is the inheritor of the Nine Netherworld King!"

"Now we can only do it together!"

"That's right! The two partners who died before died because of contempt!"

"Now the eight of us are working together to deal with this kid from the Jiuyou Clan!"

The remaining eight super generals of the Golden Burning Ancient Demon finally began to pay attention at this time. They roared one after another, and all of a sudden they all jumped to the sky and shouted in unison:

"The art of fusion with the golden body of the Nine Heavenly Demon that is indestructible!"

At this moment, eight super warriors of the Golden Burning Ancient Demon gathered together and performed a very ancient fusion technique.

Under the shocked gazes of countless demons, the eight super generals actually merged together and turned into a golden burning giant tens of thousands of feet tall.

This golden troll is very terrifying. It erupts with monstrous golden flames and is filled with endless demonic energy. The majestic and turbulent momentum can shake the heavens and the earth and tremble in the whole world!

"That kind of momentum is comparable to the existence of the Dzogchen Immortal Realm!"

Countless Jiuyou clan warriors were trembling in fear.

At this time, many warriors of the Golden Burning Ancient Demon clan shouted excitedly: "Great generals! Crush that Jiuyou clan boy! Trample him to death!"

"boom!"

At this time, the fused golden troll directly struck down with a fist, like a meteorite hitting the ground hard.

"boom!!"

Ye Feng crossed his arms, trying to resist the punch, but was suddenly blown away and directly smashed a dozen mountains in the distance before stopping.

"Hahaha! Boy, the golden troll formed by our combination technique is the most terrifying inherited secret technique of our golden-burning ancient demon clan. If you can't defeat us, you are destined to die!"

The golden troll laughed heartily.

"boom!"

Ye Feng suddenly stood up from the ruins. There were cracks in his arms and his bones were about to break.

The fused golden troll on the opposite side was indeed terrifying to the extreme. Every move he made was filled with overwhelming power. With the punch just now, Ye Feng felt as if a piece of sky was pressing down on him, giving him a kind of human power. The illusion of being unable to fight against the power of heaven.

"Tianli?"

Ye Feng's eyes suddenly moved, and then he suddenly remembered the Great Way of Falling Demons from the Heavens that he had understood.

It is a set of great avenue inheritance, and what it exerts is the power of the great avenue of heaven and earth, which can definitely fight against the golden troll.

"kill!"

At this moment, Ye Feng instantly ran towards the golden troll in the distance, and as he ran, he instantly activated the path of demons in the heavens that he had just comprehended.

"boom!!"

It was like a demon god that had been sealed for countless years had awakened in Ye Feng's body, and groups of terrifying visions appeared in the space around him.

Among these visions, countless demons on the field saw interfaces floating around Ye Feng's body, but these interfaces were invaded by endless demonic energy.

If you look carefully, you can even see that the creatures in the interface are roaring and roaring like crazy demons. The evil and depraved dark aura burst out from Ye Feng's body, overwhelming the sky, as if to infect The entire Nine Heavens and Ten Earths.

"kill!"

Ye Feng roared and punched out instantly.

And at the moment when his fist came out, all the visions of the fallen demons in the space around him began to rotate, and then condensed into this punch.

This punch was incomparably terrifying, as if the infinite power of the interface immersed in the demonic energy had been fused together, bursting out with monstrous dark power, like a demonic dragon waking up, roaring upwards to the sky, capable of tearing apart the stars and engulfing the heaven and earth!

"Boom!"

A terrifying collision sounded, like stars hitting the earth, or like the universe collapsing. The entire earth was reduced to ruins, and countless waves of destruction flooded the entire battlefield.

All the demons, including the Nine Nether Clan, the Golden Burning Ancient Demon Clan, and millions of demons, closed their eyes involuntarily at this moment, and even prostrated themselves directly on the ground, feeling a sense of fear of death in their hearts. meaning.

"Wow!"

After a while, wait until the smoke and dust light waves dissipate.

On the ground not far away, a huge ruin covering thousands of miles has appeared.

Among the huge rubble of ruins, Ye Feng's face was pale and he had transformed into a normal human form. He supported his body with the Nine Netherworld Sword and stood in the ruins with cold and firm eyes.

Opposite him, the Golden Troll had disappeared, leaving only eight broken corpses of the Golden Burning Ancient Demon, lying on the ground, their armors shattered, their bodies covered in blood and flesh, and their deaths were extremely miserable.

"hiss!"

Seeing this dilapidated and shocking scene, all the demons on the field couldn't help but gasped, and the entire field instantly fell into a deep silence!

Chapter 1176 Nine Nether Demon Emperor

quiet!

Deadly quiet!

On the entire battlefield, millions of demon warriors from the two major races had dull eyes, and they all fell into deathly silence.

This is an extremely shocking scene.

Countless eyes were all focused on a young man at this moment.

Looking at the figure of the young man standing in the ruins, supporting his body with a sword, even the most ferocious demon felt fear.

This young man brought unprecedented shock to all the demon clan.

Alone, he rushed into the battlefield, turned the tide, and even killed the top ten super generals who suppressed the golden-burning ancient demon!

All of this is like a legend, making all the Jiuyou clan, and even the Golden Burning Ancient Demon clan, feel awe from the bottom of their hearts.

Uh-huh!

At this time, Princess Ziyue's beautiful eyes were filled with shock and disbelief.

But she quickly flew to Ye Feng's side and supported the extremely weak Ye Feng.

Uh-huh! Uh-huh! Uh-huh...

Almost at this moment, all the Nine Nether Clan warriors and hundreds of thousands of demon clan troops ran to Ye Feng's side and surrounded the ruins where Ye Feng was standing. Protecting Ye Feng.

Hundreds of thousands of Jiuyou Clan troops surrounded Ye Feng, just to protect Ye Feng. This kind of treatment was simply extremely high.

From this we can also see how noble Ye Feng is now in the minds of this group of Nine Nether Demon Clan.

At this time, Ye Feng spoke out to Princess Zi Yue beside him: "Sister Zi Yue, help me get to the corpses of those eight super warriors."

"good."

Princess Ziyue nodded immediately.

Ye Feng came to the corpses of eight super generals, his eyes full of fire.

If he could devour the eight super warriors of the Golden Burning Ancient Demon clan, his own cultivation level would be greatly improved.

But just when Ye Feng wanted to release the Devouring Domain and prepare to devour it.

"Boom!!"

lofty

A very terrifying roar suddenly sounded from the clouds high in the sky.

Just like countless volcanoes erupting in the clouds, the extremely brutal killing energy pours down from high in the sky and spreads in all directions.

"Did the battle between the two strongest gods come to an end?"

Ye Feng's eyes were startled, and he immediately waved his hand and put the eight golden bodies of the ancient burning demons in front of him into his storage ring.

And almost the next moment.

"boom!"

"boom!"

Two figures with immeasurable divine light blooming all over their bodies suddenly crashed down from the distant clouds high in the sky and floated on the battlefield on both sides.

These two figures are none other than Jiuyou Demon Emperor, the most powerful person in the divine realm of the Jiuyou Clan, and the leader of the Golden Burning Ancient Demon Clan.

However, of the two of them, one was shrouded in immeasurable black divine light, and the other was burning with golden flames, and neither of them could see his true face.

But the divine aura emanating from the two most powerful men was extremely terrifying, making the entire army of millions of demons feel an irresistible sense of pressure.

No one knew how the battle was going, but the two strongest men in the realm of gods had both returned, indicating that there was no winner.

But in the chaotic battlefield below, the winner was determined.

At this time, the leader of the Golden Burning Ancient Demon Clan, with golden flames burning all over his body, seemed to sense something at this time, and suddenly shouted: "Where are the ten generals under my command?"

"died."

Suddenly, Princess Ziyue in the distance spoke.

Facing the leader of the Golden Burning Ancient Demon Clan, the Princess of the Nine Nether Clan had no good looks at all and was not polite at all.

Princess Ziyue said coldly: "All your ten super generals were killed by the son of Hades from our Jiuyou clan!"

"Pluto's

Invincible! "

"The son of Hades is invincible!"

"..."

At this moment, the hundreds of thousands of Nine Nether Clan troops on the entire battlefield roared one after another.

At this time, Ye Feng looked slightly at the sky.

At this time, the figure floating in the sky above the Jiuyou clan, shrouded in black light, was staring at him.

Ye Feng could feel that the Nine Nether Demon Emperor in the black light, the commander of the Nine Nether Demon Clan and the most powerful person in the realm of gods, was observing him!

Buzz!

At this time, Ye Feng could clearly feel a very powerful and terrifying insight, which seemed to penetrate his own body and analyze various physical conditions.

"I hope you won't see any flaws."

Ye Feng thought secretly, feeling a little nervous and ready to escape at any time.

But what made Ye Feng breathe a sigh of relief was that when the invisible terrifying insight disappeared, the Nine Nether Demon Emperor, the most powerful person in the realm of gods, didn't say much.

But at this moment, the leader of the Golden Burning Ancient Demon on the opposite battlefield heard what Princess Zi Yue said, and he became extremely furious: "What? All the top ten super generals here are dead? Impossible! They are all They are super strong men trained by me personally, and each of them has the terrifying cultivation level of a great immortal. How is it possible that there is someone in your Jiuyou clan who can kill them?"

Princess Ziyue smiled coldly and said: "No matter how you roar, it's useless. It's just incompetent rage. The top ten super generals are already dead."

"How presumptuous! A little girl dares to say that I am incompetent and furious? Damn it!"

The leader of the Golden Burning Ancient Demon immediately roared angrily, with monstrous divine power surging from his body, and he headed directly towards the battlefield area opposite the Jiuyou Clan.

"boom!"

But at this moment, the Nine Nether Demon Emperor suddenly waved his hand, and a large space collapsed, and countless black hole-like whirlpools of demonic energy appeared, forming a wall of black holes, which almost destroyed the people who rushed over. The gold-burning ancient demon leader was sucked into the endless dark void.

\u003c

br\u003e At this moment, Jiuyou Demon Emperor also surged with a huge and terrifying aura. His voice was cold and strong, like metal, and said: "Golden King, you dare to take action in front of this emperor, in the starry sky Haven't you been taught a hard enough lesson by me? Although I can't kill you, you are no match for me! And now our Jiuyou Clan is protected by the son of our ancestor Pluto. In this war on the ground, our Jiuyou Clan will not be able to defeat you! If we win, then the dark forest adjacent to our two clans will belong to our Jiuyou clan from now on. Golden King, you and I are both the strongest in the realm of gods. We must abide by our previous promises and never leave our words in vain. The letter has made the juniors laugh, how can they hang out in this northwest land in the future!"

"you.....!"

The leader of the Golden Burning Ancient Demon was extremely angry, but he was helpless at the moment. He just stared at Princess Ziyue and Ye Feng, then turned around and led a group of defeated soldiers, retreated into the distance, and disappeared in the blink of an eye.

"we won!!"

At this time, the entire battlefield was immediately filled with cheers from countless Jiuyou Demon Clan warriors.

Princess Ziyue's beautiful face was also full of excitement at this time.

If this war is won, the dark forest between the two clans will belong to the Jiuyou clan, and they can exploit the resources of heaven and earth contained in it in the future.

At this time, the Nine Nether Demon Emperor restrained the magic light on his body, revealing a tall middle-aged man wearing a black dragon robe.

"Father! Let me introduce to you, this is..."

"I already know that, son of Hades, right?"

Princess Ziyue wanted to say something, but was interrupted by the Nine Nether Demon Emperor.

The Nine Nether Demon Emperor came to Ye Feng at this time, looked at the weak Ye Feng, with an inexplicable smile on his face, stared at him, and said: "Son of Hades, you come to a place with me alone, you and I Something to say."

alone?

Have something to say?

When Ye Feng heard the words of the Nine Nether Demon Emperor, his heart suddenly suddenly jumped.

Could this Nine Nether Demon Emperor have seen through his identity?

Chapter 1177 Leaving

The Nine Nether Demon Emperor walked out of the battlefield.

Ye Feng's eyes flickered at this time, and he followed him directly.

They came to a barren mountain far away from the battlefield.

Ye Feng looked at the strongest person in the realm of God of the Nine Nether Demon Clan in front of him, and couldn't help asking: "Senior asked me to come alone, is there something special?"

The Nine Nether Demon Emperor turned around, looked at Ye Feng, smiled slightly and said: "You are not the son of Hades."

Ye Feng's eyes flickered suddenly, but he still clasped his fists and said: "I am indeed not the son of Hades, I am just a backbone of the Nine Nether Hades."

The Nine Nether Demon Emperor smiled, as if he had seen through everything, and said: "You are not the backbone of the Nine Nether Hades at all. From you, except for the Nine Nether Hades Sword, I don't feel the breath of our ancestors from anything else."

Ye Feng paused in his heart. Sure enough, the strongest person at the level of God is very powerful and saw through his disguise.

But what made Ye Feng relieved was that this Nine Nether Demon Emperor probably couldn't tell that he was not a demon, but a human.

This demon clan's strongest god-level person only saw through his first disguise, but not his second disguise.

Ye Feng was silent for a moment, and then said, "Why didn't the senior attack me?"

Jiuyou Demon Emperor smiled and said, "You helped our Jiuyou clan win this war, I must thank you, how could I attack you."

Ye Feng was relieved when he heard Jiuyou Demon Emperor say this.

Indeed.

Although he disguised himself as the son of Hades, he did not cause any damage to the Jiuyou Demon Clan, and helped them win this crucial war.

As long as Jiuyou Demon Emperor did not see through his true identity as a human, there was no need for him to attack him.

Ye Feng said, "That Jiuyou Dark Sword..."

"Give it to you."

Jiuyou Demon Emperor waved his hand and said, "It's a token of your gratitude for winning this war for our clan."

Ye Feng was stunned when he heard Jiuyou Demon Emperor say this.

The Nine Nether Sword, that is the ancestor sword of the Nine Nether Clan, an extremely powerful divine-level sword, with terrifying power. The Nine Nether Demon Emperor seemed to see Ye Feng's doubts. He turned around, put his hands behind his back, looked down at the earth on the barren mountain, and said a domineering sentence: "I don't need to inherit the things of my ancestors, because I will surpass my ancestors in the future." After the war, all the warriors of the Nine Nether Clan cheered and returned to the Nine Nether Kingdom. Ye Feng also followed the Nine Nether Demon Clan back to the kingdom. On the way, Princess Zi Yue was very curious and kept asking what her father had said to Ye Feng alone. But Ye Feng kept his mouth shut and did not tell about his conversation with the Nine Nether Demon Emperor. He just said that the Nine Nether Demon Emperor gave him a reward. After returning to the Nine Nether Kingdom, Ye Feng directly announced his retreat in a secret room in the kingdom. In the dim little secret room, Ye Feng took out all the eight super warrior demon bodies of the golden burning ancient demon clan that he had collected before. Then he released the Devouring Domain without any hesitation and began to devour and refine.

With the improvement of his cultivation, Ye Feng found that his devouring power was getting stronger and stronger.

However, it took Ye Feng more than a month to devour and refine eight super warriors in the Great Immortal Realm.

And his cultivation, under the vast energy, directly accumulated and broke through to the Perfect Upper Immortal Realm.

Only one step away, he could step into the Great Immortal Realm!

In just two months, Ye Feng entered the dark demon world, and the speed of his cultivation improvement has almost reached an extreme.

I am afraid that there is no young genius in the Eighteen States who can be as evil as Ye Feng.

On this night, the moon was dark and the wind was high.

Ye Feng was alone and flashed out of the secret room of cultivation.

He took a look at the entire Nine Nether Kingdom around him and walked directly outside the kingdom.

Ye Feng was ready to leave the Nine Nether Kingdom secretly.

He

had thought about continuing to practice in the Nine Nether Kingdom.

But the Nine Nether Demon Emperor had seen through his identity as the son of the Hades.

Moreover, this strongest person in the God Realm is an emperor with huge ambitions.

Serving the emperor is like serving a tiger.

Ye Feng felt that if he did not escape early, he would be bound by the moody emperor like Jiuyou Demon Emperor in the future.

Because Ye Feng could not guess the mind of this strongest person in the God Realm Demon Clan. Maybe he still praised you today, but he would imprison and kill you tomorrow.

Of course, Ye Feng also knew that he might have thought too much.

But staying in the domain of the strongest person in the God Realm Demon Clan like Jiuyou Demon Emperor, and the other party also knew that he was not from the Jiuyou clan, but from other demon races.

Under this circumstance, Ye Feng felt that it would be better for him to leave secretly.

Ye Feng did not like this feeling of being on tenterhooks. This feeling of not being able to control his own life was really tormenting.

Anyway, the purpose of coming to the Jiuyou Kingdom this time was also achieved. Ye Feng swallowed enough energy.

Swish! Swish! Swish...

Ye Feng was wrapped in a black robe, thin and alone. In a few flashes, he disappeared outside the Nine Nether Kingdom.

...

Three days later, Ye Feng was completely away from the territory of the Nine Nether Kingdom.

He came to a rare forest in the demon world, found a large mountain, and temporarily used this place as his habitat.

On the mountain, Ye Feng sat cross-legged and took out a huge crystal palace from the storage ring.

This crystal palace is a treasure that Ye Feng obtained in the Land of the Gods before entering the Black Sky Demon Realm.

Ye Feng still remembers that he had a conflict with a young prodigy from other states because of this Crystal Palace treasure.

"I wonder what treasures there are in this Crystal Palace..."

Ye Feng released a huge crystal palace, placed it on the top of the mountain, and then stepped inside.

There is only one main hall in the Crystal Palace, and there are no layers of rooms.

After Ye Feng entered, he found that the entire Crystal Palace was empty. There was nothing, not even a statue or a futon for meditation.

The entire Crystal Palace was just an empty ordinary hall made of amethyst, with nothing in it.

"No..."

Ye Feng was a little stunned.

Fortunately, I had a conflict with a young prodigy from other states and had a big fight.

Unexpectedly, the Crystal Palace that I grabbed contained no treasures, it was just an empty palace.

However, Ye Feng does not believe in evil. There is no way that such a strange-looking crystal palace made of amethyst in the land of gods is nothing.

But Ye Feng searched for several hours, checking every inch of the ground and crystal walls in the Crystal Palace, even the top of the hall, and found nothing.

"Damn it..."

In the end, Ye Feng could only curse secretly, it was really bad luck.

"I spent so much effort fighting with the geniuses from other states to get this Crystal Palace, but in the end my happiness was in vain, hum!"

Ye Feng shook his head in disappointment and walked out of the Crystal Palace, ready to throw away the broken Crystal Palace.

But the moment Ye Feng walked out of the Crystal Palace, his eyes suddenly trembled.

Because at this time Ye Feng saw that the sky outside was already dark.

"When I walked into the Crystal Palace more than an hour ago, it was obviously early morning. Why did it get dark outside after I stayed in for more than an hour?"

Ye Feng thought quickly in his mind, and then he suddenly seemed to understand something, his whole body was shocked, and his pupils shrank suddenly.

He turned around and looked at the ordinary Crystal Palace behind him, and couldn't help but swallow his saliva: "Could the internal space of this Crystal Palace be able to slow down the flow of time? I have only been in the Crystal Palace for more than an hour, but it's getting dark outside, could this be..."

Is this a time-attributed treasure?

Ye Feng's eyes suddenly widened, and his eyes that were originally disappointed suddenly became extremely hot!

Chapter 1178 Ten times difference in flow velocity

The Crystal Palace in front of me is actually a treasure with the attribute of time? !

After Ye Feng understood this, he was immediately overjoyed.

The emotions of disappointment and loss were swept away in an instant.

A treasure of time!

That can really be called a "treasure"!

Although some treasures are powerful, they are terrifyingly destructive.

But it is far from comparable to this kind of time attribute treasure that can change the flow rate of time!

"I'm going to try how many times I can slow down in this Crystal Palace."

Ye Feng thought in his mind.

He said in his mind: "Senior Taotie, I seem to have obtained a treasure that can change the flow of time."

"What?"

The Taotie soul was suddenly awakened from its deep sleep.

It immediately ran out from Ye Feng's eyebrows.

The ghostly shadow of a gluttonous evil beast appeared next to Ye Feng.

This is a spiritual manifestation of Taotie's soul, not its true body.

Because its body is still a golden prison released by the soul gem, locked in Ye Feng's mind.

Although Ye Feng now knows that Taotie Soul is not hostile, and they have become good friends.

But what Ye Feng is helpless about is that he is currently unable to control the gems of the gods such as soul gems.

Even a space gem that Ye Feng obtained in his early years is still floating quietly in Ye Feng's mind, unable to use the power of the space gem.

Therefore, Ye Feng himself sometimes feels a little helpless. It is estimated that the gems of the gods come from the most advanced interface, or even originate from the perfect world of the second universe.

Otherwise, it would be impossible for him to become an immortal in this first universe and still not be able to control the gems of the gods.

It seems that we can only wait until the cultivation level is improved a little higher, and then try to see if we can use the power of some gems of the gods.

Ye Feng knows very well that once he has the ability to use the power of the Gods Gemstones, even if he only has two Gods Gemstones so far, his abilities will undergo earth-shaking changes.

"I don't know where the rest of the nine gems of the gods are. Of course, they may be controlled by other big shots..."

Ye Feng secretly murmured in his heart at this time.

And this

At that time, the spiritual body that came out of Taotie's soul was observing the Crystal Palace in front of him.

Taotie Divine Mind suddenly spoke out at this time: "Ye Feng, you just said that after staying in this Crystal Palace for an hour, the sky outside will become dark. In other words, time in this Crystal Palace is very slow. After one day outside, it will be dark inside. An hour."

Ye Feng nodded and said, "That's right."

Taotie thought: "If you put it this way, then this treasure is not of much use. If it can be reversed, for example, after staying in the Crystal Palace for a day and only an hour has passed outside, then it will have meaning."

When Ye Feng heard this, he couldn't help but said: "It seems to be such a truth."

Taotie's mind observed carefully again, and suddenly seemed to find something. He flew to the top of the Crystal Palace, where there was a crystal button.

"boom!"

Ye Feng also flew up and pressed it hard.

Buzz!

The entire Crystal Palace suddenly shook.

Taotie thought: "Ye Feng, try again now."

"good."

Ye Feng's eyes flashed and he immediately walked into the Crystal Palace.

He stayed there for a whole day, and then walked out of the Crystal Palace again.

It was still dark outside at this time, and the moon and stars were sparse.

Taotie Divine Mind stood outside and said with a smile: "Has time reversed from before now? How long have you been in there just now?"

Ye Feng said: "One day."

Taotie Divine Mind immediately nodded and said: "I have only been in this outside world for an hour."

Ye Feng's eyes immediately lit up with joy, and he couldn't help but say: "Sure enough, Ginger is still old and hot. Senior Taotie, you discovered the secret of time reversal in the Crystal Palace in an instant."

Taotie Shen Nian smiled and shook his head: "Because I have seen this kind of time attribute treasure before, so I am familiar with it. A great refiner who can refine this kind of time attribute treasure will definitely leave the control button. The time in the treasure's internal space can be switched between acceleration and slowdown modes."

Ye Feng's eyes moved and he said: "Then my Crystal Palace,

Approximately how many times the time difference is? "

Taotie thought: "I just calculated it, and it's about ten times the time difference."

Ye Feng nodded slightly and said: "In other words, if I enter the inner space of the Crystal Palace and stay for ten days, only one day has passed in the outside world, and the Crystal Palace can speed up the flow of time inside it."

"That's right."

Taotie Divine Mind nodded and said: "If you switch the time flow mode and slow down the time inside the Crystal Palace, then if you stay in the Crystal Palace for one day, ten days will have passed outside. This slowdown mode is useless, it's okay. It's so useful, the most powerful thing is the acceleration mode."

Ye Feng smiled and said: "Of course the time acceleration mode is more useful. For example, if I practice with other people, one day has passed by the outside world, and the others have practiced for one day. But if I am in the Crystal Palace, one day has passed by the outside world, and I am already inside. I've been practicing for ten days."

Taotie's divine mind nodded, and then said: "A ten-fold difference in time velocity is actually not too much. I have seen an unparalleled overlord in the starry sky holding a treasure with a ten thousand times difference in time velocity."

"The treasure of ten thousand times time flow speed difference?"

Ye Feng's eyes were shocked and he said: "How powerful is that?"

Taotie Divine Mind nodded and said with a smile: "Yes, if you have this treasure with a ten thousand times difference in time flow speed, you can capture some cubs of ancient evil beasts and put them in the time treasure. It will only take one year for the outside world to In time, the cubs of the ancient evil beasts have grown for ten thousand years in the time treasure space, directly growing into the mature stage. In a short period of time, they can cultivate countless powerful creatures. Time will always be in this world. The most mysterious and powerful force."

When Ye Feng heard this, he immediately nodded, his eyes a little shocked.

Taotie Divine Mind patted Ye Feng on the shoulder and said with a smile: "If you, the boy, can one day find the time gem among the nine gems of the gods, and have the power to control time, and can extend and shorten the flow of time infinitely, that would be truly heaven-defying, but it's said that the Time Stone was so evil that it was destroyed before the Supreme Lord decomposed itself, leaving only some fragments of the Time Stone. Of course, I don't know whether this rumor is true or not."

Taotie Divine Mind said, and then suggested: "Ye Feng, you can explore this Crystal Palace again and see if you can increase the multiple difference of the time flow rate, which is only ten

times, in fact, it is not of much use to you now. At least you have to increase the time flow rate difference to a hundred times to have some use. "

Hearing this, Ye Feng nodded immediately and said, "Okay, I will look for it. When I return to the spiritual world, I will go to the library of some big forces to check the ancient books about time attribute treasures. Maybe we can find the answer to improve Crystal Palace's capabilities."

Buzz!

At this time, the Taotie spirit had returned to Ye Feng's mind.

And Ye Feng also took back the Crystal Palace. In any case, this time attribute treasure is definitely a good start for Ye Feng. If a way to increase the time flow rate difference in the Crystal Palace can be found in the future, it means that Ye Feng has obtained an inverse treasure. Heaven's treasure.

"Rumble..."

Suddenly at this moment, there was a huge earth shaking sound from the depths of the forest not far away.

Ye Feng immediately looked in that direction, and immediately saw a dozen dark monsters as tall as mountains, chasing three figures.

Those three figures are all young geniuses of the human race!

This is the first time Ye Feng has finally met the genius of the human race in the spiritual world since he entered the Black Sky Demon Realm for so long.

Moreover, Ye Feng is very familiar with one of these three people.

It was a chubby figure, wearing dark gold armor and holding a silver sledgehammer in his hand.

"Brother Xiaoyao, we are really destined..."

Ye Feng couldn't help but murmured, and a smile appeared on the corner of his mouth.

That chubby figure was none other than a friend Ye Feng had met in the endless wilderness outside Tianzhou. His name was Ren Xiaoyao. He was a fat man. Ye Feng vaguely remembered that he seemed to come from Xiaoyaomen in Manzhou.

"Brother Ye!"

At this moment, three people not far away discovered Ye Feng standing on the top of the mountain.

The fat man Ren Xiaoyao recognized Ye Feng immediately. He looked overjoyed at first, and then heard the roars of more than a dozen dark monsters behind him. He immediately shouted anxiously to Ye Feng in front of him: "Brother Ye! Run quickly! There are more than a dozen dark monsters who are in the middle-level immortal realm, and there is also a monster king who is in the upper-level immortal realm! Don't be stunned, brother, run away!"

Chapter 1179 I am not weak either

Ren Xiaoyao and three other young geniuses were running wildly at this time.

In a blink of an eye, they ran past Ye Feng's location.

The other two young geniuses continued to flee, but when Ren Xiaoyao saw Ye Feng standing on the top of the mountain, motionless, he immediately gritted his teeth, rushed in front of Ye Feng, pulled him and ran away.

"boom!"

But at this time, Ye Feng suddenly waved his hand in front of him.

Wow!

A large amount of sword energy burst out from his palm in an instant, like a sharp sword, instantly piercing through the dozens of ferocious demonic beasts that were chasing him. .??.

"Pfft!"

"Pfft!"

"..."

The ferocious dark monsters were all pierced by the sword energy at this time. The huge beasts fell to the ground, dead.

Ye Feng grabbed it with his big hand, and a large amount of dark devouring power burst out from his palm, swallowing up all the dozen dark monsters.

His accumulation of cultivation skills immediately improved a lot again, and he was getting closer and closer to the true level of the Great Immortal.

Ye Feng killed the dozen dark monsters very quickly.

It was so fast that no one could see clearly. When they turned around, more than a dozen dark monsters were already dead.

"What?!"

Including Ren Xiaoyao, the three young geniuses all had extremely shocked eyes.

The two young prodigies who had run not far away stopped and walked towards Ye Feng.

Ren Xiaoyao's plump face at this time was also full of disbelief.

My Brother Ye, whom I haven't seen for just a few months, has become so terrifying.

Previously, in the endless wilderness outside Tianzhou, Ye Feng seemed to have a very difficult time dealing with the strong man at the level of the Demon Lord.

But now, the dozen or so powerful dark monsters, and even a high-ranking fairy realm monster king at the same level as the demon lord, were instantly killed by Ye Feng with his sword energy.

A dozen heads made the three young geniuses feel extremely frightened by the darkness.

The monster, in front of Ye Feng, was as weak as an ant on the ground, and was easily crushed to death.

This kind of combat power is really terrifying to the extreme.

A young prodigy came over with incredible eyes and said: "This brother is so powerful! Like you, I am both in the realm of high-level immortals, but why are you so powerful? You feel dozens of times stronger than me. !"

Ye Feng smiled and said: "I gained experience in this land of demon world."

Listening to Ye Feng's vague words, several young geniuses could only smile bitterly.

However, they were still very happy in their hearts. They were able to meet a young prodigy with extremely monster fighting power in this forest.

And he doesn't seem to be an evil person, but an upright person.

At this time, Ye Feng looked at the three geniuses in front of him, especially Ren Xiaoyao, and couldn't help but ask: "Brother Xiaoyao, how did you get into trouble with such a powerful dark monster? Did you fall into some kind of devil's cave? "

The moment Ye Feng finished speaking, the faces of the three young geniuses showed wry smiles, and at the same time there was a trace of anger.

Ren Xiaoyao said: "Let me tell you, we did not actively provoke these powerful dark beasts, but an evil young prodigy captured us and used us as bait to put us in the endless wilderness. , attracting all kinds of ferocious monsters on this land, and then the evil genius can set up an ambush in advance to capture the dark monsters, seemingly in order to practice a very terrifying skill inheritance. "

"What?"

When Ye Feng heard what Ren Xiaoyao said, his eyes immediately turned cold and he said, "Our own clan is actually killing each other? There is an evil human race genius who uses you people of the same clan as bait to set up traps." Traps to capture those dark monsters?"

"That's right."

The three young geniuses couldn't help but nodded, their eyes full of anger.

A man in yellow standing next to Ren Xiaoyao said: "Brother, you don't know something. If the three of us hadn't joined forces to escape the trap, I'm afraid we would have been torn apart by more than a dozen dark monsters. Although we I managed to escape by luck, but there are many other young geniuses who were imprisoned by that evil genius."

Ren Xiaoyao knew that Ye Feng was from Xuzhou, so he said: "Brother Ye, among the imprisoned young geniuses, there seems to be some geniuses from your Xuzhou."

"Too cruel!"

Ye Feng's eyes were cold and he said: "Our human race has come to this land of demons. Although we are all competitive in the selection of the Eighteen States, we must always retain our own righteousness in the face of great right and wrong. But I didn't expect that there are still people Dare to do this and treat people of your own race as low-level bait to attract monsters just to let you practice martial arts. This is simply inhumane!"

Ye Feng stared at Ren Xiaoyao at this time and said: "Which state does that evil genius come from? What is his cultivation level?"

Ren Xiaoyao immediately said: "His name is Huang Wudao. He comes from the great state of Holy Beast State. He has many masters under his command. Huang Wudao himself is also a young genius in the realm of high-level immortals. Now he is capturing magical beasts to practice in this demon world. He broke through to the Dachengxian realm some time ago, and he seems to be on the verge of developing a very terrifying inherited physique of the Holy Beast State, the 'Ten Thousand Beast Overlord Body'. The combat power is very terrifying, and it is estimated that it can rival the existence of the Dzogchen Immortal Realm. The foundation is too deep for us to resist."

Ye Feng thought for a moment and said, "Do you want to take revenge?"

"Of course I do!"

The three young geniuses in front of them all said in unison.

But the next few people were a little worried, and said helplessly: "But Huang Wudao is too powerful, and he has many powerful helpers. If we resist, it will be like throwing an egg against a stone."

Ye Feng smiled and said: "Don't worry, I'm not weak either."

After the words fell, Ren Xiaoyao and others' eyes lit up.

yes!

The killing power that Ye Feng casually displayed just now really opened the eyes of the three of them.

Ye Feng stared at the three people in front of him and said: "I don't force you to follow me to rescue those young geniuses. If any of you are afraid, you can leave directly."

"will not leave!"

Ren Xiaoyao immediately shouted: "That Huang Wu Dao bullied others too much, and among the other young geniuses who were imprisoned, there are also many people from our Manzhou, including Xuezhou, etc. Now that we have such a powerful fighter like you, Brother Ye, Maybe we can go back and get revenge."

The other two young geniuses hesitated for a while, and then thought of the powerful strength Ye Feng had just shown, and their anger at being imprisoned and used as bait. They said one after another: "Let's go back together! Find an opportunity to kill that evil Huang. Kill it without any means!"

Ren Xiaoyao said at this time: "But when we go back to take revenge, we must plan ahead together, because not only is Huang Wu Dao powerful, he also has countless loyal masters under his command, and the most powerful among them is a man named Duanmu The man from Cangqiong is said to be an extremely terrifying soul master, coming from the most mysterious Heavenly Soul Palace in our spiritual world!"

"Tianhun Palace?"

When Ye Feng heard Ren Xiaoyao's words, his eyes flashed slightly.

My own Fire God, Uncle Lin, was captured by a taboo figure in the Heavenly Soul Palace.

Perhaps we can get some information from the mouth of this Duanmu Cangqiong.

If Uncle Lin, the God of Fire, can be rescued from the Heavenly Soul Palace, even if Uncle Lin only has one Fire God soul left, he will be a powerful helper when he enters the divine capital of the Tongtian Divine Dynasty.

At this moment, Ye Feng thought of a lot at once.

However, it is indeed very troublesome for a top talent in the realm of great immortality and a mysterious soul master.

But Ye Feng would not give up easily. He looked at the three people in front of him and said, "Let's go to that desolate territory first and see the situation before we talk."

"good."

Ren Xiaoyao and the other three nodded, and then quickly rushed in a certain direction with Ye Feng.

Chapter 1180 Separate Actions

Several of them were top geniuses among the human race. They were very fast and passed through the vast forest in the blink of an eye, arriving at a deep mountain and swamp on the other side.

At this time, Ye Feng saw at a glance that a towering mountain in the distance was cut in half by a powerful sword, forming a huge mountain plain.

On top of the mountains and plains, a solid city made of steel stood, looking full of coldness and murderous aura.

Ye Feng's eyes were a little surprised and he said: "How dare you build such a huge and conspicuous city in this demon world. It seems that Huang Wudao from the Holy Beast State does have huge confidence."

Ren Xiaoyao next to him said: "Brother Ye, so we must be careful. The strength of Huang Wu Dao is terrifying, and there are a large group of powerful masters around him."

A young prodigy said at this time: "I think it is unwise for us to attack directly. It is best to disintegrate from the inside."

Ye Feng looked at this young prodigy and asked: "How to disintegrate from the inside?"

The young genius replied: "The purpose of building a steel city in this wasteland is not only as a place for him to live, but also to attract the young geniuses from other states who pass by. I was passing by here and was attracted by this steel city. He went straight into it, seeking refuge, but was drugged the next night, weak and imprisoned, and used as bait."

Ye Feng's eyes flashed and he said: "You mean, we can pretend to be a group of young geniuses from other states who happen to be passing by, and then be deliberately led into the city by them. Wait until night, and we will attack directly inside the city."

"That's right."

Ren Xiaoyao also looked happy and said: "This is a great idea, but the three of us who escaped cannot enter because we will be recognized by them."

Ye Feng nodded and said: "It's okay. I have a treasure called the Crystal Palace. It can hold a living person. I can take you in."

Although the current time flow rate difference in the Crystal Palace is only ten times, which is not of much use, the internal space of the Crystal Palace is huge and can contain living people, which can come in handy now.

Ye Feng released the Crystal Palace at this time, allowing Ren Xiaoyao and others to enter.

"Buzz!"

Then Ye Feng closed the Crystal Palace again and put it into his storage ring.

At this time

At that time, Ye Feng quickly approached the steel city, then pretended to pass by, and was met by several prodigies of the Holy Beast State in the steel city, and was successfully tricked into the city.

When night fell, Ye Feng was already staying inside the Steel City.

At this time, Ye Feng found a relatively remote place and released the Crystal Palace.

Uh-huh! Uh-huh! Uh-huh!

Ren Xiaoyao and the other three immediately walked out of the Crystal Palace.

They looked around at this time, saw the towering steel city walls around them, and found that they were already inside the steel city.

Ren Xiaoyao's eyes were full of shock, and he said: "Brother Ye, your speed is too fast. We have only been in the Crystal Palace for more than an hour, and you have already blended into this steel city?"

At this time, a young genius was a little confused and muttered, "Why did it get dark so quickly..."

However, Ye Feng did not explain the mystery of the Crystal Palace at this time. He just stared at the three people and said: "It is already night, which is our best opportunity to take action."

Ren Xiaoyao suddenly seemed to have thought of something. He stared at Ye Feng and asked, "Brother Ye, before you entered this steel city, did the people from the Holy Beast State give you anything to drink?"

Ye Feng nodded and said: "They said I had a long journey, so they gave me some sweet spiritual spring water, and I drank it, otherwise they seemed to not let me in."

"Brother Ye! You are confused!"

Ren Xiaoyao's eyes immediately changed, and he said: "They have definitely put very poisonous poison in the water of the spiritual spring, which can make you lose your power for three days. Maybe tonight your poison will take effect, and they will come." Capture you."

Ye Feng immediately smiled and said: "If I don't drink the poisonous spiritual spring water, do you think these people from the Holy Beast State will be so relieved to let me stay alone at night?"

Ren Xiaoyao's eyes were stunned and he said: "That's true, but..."

"Stop it."

One of the other two young prodigies smiled and said: "Brother Ren, are you still worried about Brother Ye? Doesn't Brother Ye know that the water of the spiritual spring is poisonous? Brother Ye, what's wrong with Brother Ye?"

If you drink it calmly, you must not be afraid of the poison. "

Ye Feng glanced at the young prodigy who was speaking, then smiled and patted Ren Xiaoyao's shoulder, saying: "Don't worry, I have detoxified the poison a long time ago. There is an ancient strange insect on my body that can swallow any toxin." , the highly poisonous spiritual spring water I drank just gave my ancient strange insects a feast."

When Ren Xiaoyao heard what Ye Feng said, he immediately became happy and said, "That's great, let's take action directly."

Ye Feng nodded and said: "I have thought about the plan many times. The safest way is that Brother Xiaoyao and you three have been imprisoned before, so you must be familiar with this entire steel city. You go and rescue those imprisoned people first. Young geniuses from other states, I will give you a few poison-eating insects, and you can instantly help those imprisoned young geniuses detoxify."

When Ren Xiaoyao heard what Ye Feng said, he immediately said: "What about you, Brother Ye? Brother Ye, don't you want to deal with that desolate man alone?"

Ye Feng nodded and said: "I am the only one here who is qualified to fight against Huang Wu Dao, but since Huang Wu Dao is very powerful, I will lurk first to see if I can kill him first in the dark night. Seriously injured in a sneak attack, and then beaten up. To deal with such inhuman and cruel people, there is no need to fight openly. If you can make a sneak attack, then attack in a sneak attack. If the sneak attack fails, then fight. "

Ren Xiaoyao nodded immediately and said: "Okay, now that Brother Ye has made up his mind, we will split up and hope to succeed. If Brother Ye is in danger, he can escape for a while. We have rescued the other people who were imprisoned. Dozens of young geniuses will rush over to help you!"

"good."

Ye Feng nodded, and then gave Ren Xiaoyao and other three young geniuses a poison-eating insect each.

Uh-huh! ??

Ye Feng jumped up, and with his soul power emanating, he quickly lurked towards the center of the steel city, and disappeared into the night in the blink of an eye.

"Let's also hurry up to rescue other people and try to help Brother Ye as soon as possible!"

Ren Xiaoyao also immediately spoke to the two people around him, and then the three of them flew in the other direction.

...

Uh-huh! ??Shua! Uh-huh...

Ye Feng's figure, under the dark night, is like a ghost, erratic, and has successfully avoided many holy beasts

The patrol of state masters quickly approached a black palace in the center of the steel city.

Because he knew that in the core of the steel city, there existed a mysterious soul master named Duanmu Cangqiong, who came from the Tianhun Palace.

Therefore, Ye Feng did not release his soul power during the entire process, fearing to offend others. He relied entirely on his powerful five senses to listen and sense all movements.

Soon, Ye Feng approached the central black hall and heard a very strong sound, like the heart of a real dragon beating.

"Able to emit a powerful heartbeat sound like the beating heart of a real dragon, the one who exists in this black hall is probably the evil and powerful genius of the Holy Beast State. It is inhumane."

Ye Feng secretly thought to himself that he could sense that this heartbeat was very unstable. It seemed that Huang Wudao had not yet entered a deep breath-holding state. He might have just started to fall asleep or just started to meditate.

"Let's deal with that troublesome soul master first, Duanmu Cangqiong..."

Ye Feng quickly left the central black hall.

He ducked in front of a prodigy from the Holy Beast State who was on patrol.

"you....."

The genius of the Holy Beast State had just seen Ye Feng appear in front of him. Ye Feng had already released his soul attack and used the Soul Emperor Seal to directly hypnotize the genius of the Holy Beast State.

Ye Feng immediately asked: "Tell me, where is the soul master Duanmu Cangqiong?"

The genius of the Holy Beast State looked confused and answered honestly: "Senior Brother Duanmu lives in a small attic in the southwest corner of the city."

Ye Feng looked in that direction, and sure enough he saw an extremely exquisite small attic, standing alone in a corner of the city in the dark.

Ye Feng immediately stared at the genius of the Holy Beast State in front of him and said: "Take me to Duanmu Cangqiong and tell him that I picked up the relics of an ancient soul master in the wilderness outside and want to dedicate it to him."

The genius of the Holy Beast State immediately nodded and said: "Okay, everything will follow the master's arrangements."

After the words fell, the genius of the Holy Beast State took Ye Feng directly towards the small attic.

Ye Feng put on the clothes of a disciple of the Holy Beast State, lowered his head, controlled the aura fluctuations on his body, and walked behind the genius of the Holy Beast State.
