

Ancient 1181

Chapter 1181 Threat

Ye Feng lowered his head at this time and followed the genius of the Holy Beast State who was hypnotized by him, and soon reached the small attic in the southwest corner of the steel city.

At this time, the entire sky was dark, the moon was dark and the wind was high, which was a good environment for a sneak attack.

When we reached the small attic, the door was open.

Ye Feng saw it immediately. The decoration in the small attic was very simple.

A young man wearing light gray linen, like an elegant little scholar, was sitting inside, holding an ancient book in his hand and reading quietly.

The entire small attic was dark, but the young man read with gusto. He didn't need light when he read.

Ye Feng's eyes flashed slightly when he saw this, and he secretly thought that he was indeed a very powerful soul master, and he seemed to have practiced some kind of strange soul pupil technique. It was really strange to be able to read in the dark.

At this time, the Holy Beast State genius who was controlled by Ye Feng's hypnosis was walking in the front, came to the door of the attic, clasped his fists and said: "Brother Duanmu, I have a friend who found what seems to be an ancient soul master in the endless wilderness outside. I want to dedicate this relic to you, Senior Brother Duanmu."

The young man reading in the dark in the small attic is Duanmu Cangqiong.

At this time, he heard the voice of the young prodigy from the Holy Beast State outside, and immediately turned around and looked outside, smiling and saying: "Oh? The relics of the ancient soul master? It's interesting, let your friend give it to me. "

"yes."

Ye Feng came out from behind, with his head slightly lowered, holding a disk in his hand. On the disk were two knives, one red and one golden.

At this time, Ye Feng walked up to Duanmu Cangqiong holding the plate.

Duanmu Cangqiong didn't care much at first, looking a little indifferent.

But the moment his eyes touched the two knives, he suddenly seemed to have discovered something. His eyes suddenly moved and he said: "Oh? It seems to be some kind of ancient soul weapon?"

Duanmu Cangqiong stretched out his hand, wanting to take it into his own hands and take a closer look.

"Qiang!"

"Qiang!"

But almost at this moment, the two small knives that were lying in the disc without any movement suddenly erupted with a terrifying sword light, instantly turning into two lightning bolts, directly piercing Duanmu's sky.

"What?!"

Duanmu Cangqiong never expected that such a change would suddenly occur.

He wanted to dodge, but it was too late. The two soul weapon knives in front of him were like two bolts of lightning. They were too fast and pierced directly into his soul.

"ah!"

Duanmu Cangqiong suddenly let out an extremely sad howl.

At this time, blood was flowing from his eyes, and he looked at the person in front of him incredulously.

A young man looked at it.

At this time, Ye Feng raised his head slightly, with a sly smile on his face.

"who are you?!"

Duanmu Cangqiong was indeed very powerful. After his soul was stabbed by two soul weapon knives, he was not seriously injured.

"Soul Emperor Seal!"

However, Ye Feng naturally would not give Duanmu Cangqiong a chance to breathe at this time. He directly used his powerful soul attack method, the Soul Emperor Seal.

"boom!"

"boom!"

"boom!"

Almost at this moment, the three great emperor seals that Ye Feng understood, the great thunder emperor seal, the gale emperor seal and the fire emperor seal, all turned into three soul giants and appeared in the soul world of Duanmu Cangqiong, suppressing His soul power.

Duanmu Cangqiong "saw" the three soul giants in his soul at this time. One was shining with thunder, one was shrouded in a storm, and the other was in flames. He seemed to recall something and suddenly said in horror: "This is... a legend The Soul Emperor Seal in it was created by the forbidden Soul Dao legend, the Dark Master! It is said that this Soul Dao inheritance has been lost in our world for a long time. How come you have it?"

Ye Feng was a little stunned at this time. He didn't expect that Duanmu Cangqiong could see that his soul inheritance was the Soul Emperor Seal.

Moreover, it seems that he also knows the existence of the created soul emperor seal, and he seems to be called the dark mage?

"As expected of a master soul master from the Heavenly Soul Palace, he is indeed knowledgeable."

Ye Feng sneered at this time and walked up to Duanmu Cangqiong.

This time, he made a sneak attack and suppressed the soul of Duanmu Cangqiong with the soul weapon knife and soul emperor seal. It was really a huge success.

Duanmu Cangqiong's soul was suppressed, and he basically couldn't make any waste.

After all, his martial arts cultivation level is very low, but his soul skills are powerful.

Not everyone can be like Ye Feng, a fellow practitioner of Soul Martial Arts, and both Soul Dao and Martial Arts are very powerful.

Duanmu Cangqiong's eyes were extremely frightened and angry at this time. He suddenly stared at the Holy Beast State genius outside the small attic and roared: "As the genius of our Holy Beast State, you dare to betray our Holy Beast State and unite with this foreign enemy. Come to attack me?"

The Holy Beast State genius also walked in at this time, looked at Duanmu Cangqiong, smiled slightly and said: "Senior Brother Duanmu, don't be so angry. Why don't you give up struggling and believe in Master Ye Feng like me. Your heart will be You will find peace like never before."

When Duanmu Cangqiong saw this, he immediately stared at Ye in front of him.

Feng said angrily: "You hypnotized him! You made me, the genius of the Holy Beast State, become your loyal lackey! Damn it!"

Ye Feng directly grabbed Duanmu Cangqiong's neck with one hand and said coldly: "Stop talking nonsense, I don't have time to waste with you. Next, I will ask a question and you answer it, otherwise I will crush your neck directly." neck."

Ye Feng sensed that the soul power of Duanmu Cangqiong was not much weaker than his own. It was basically impossible to hypnotize him. He could only use the most primitive method and directly interrogate him.

Ye Feng asked: "You are from the Heavenly Soul Palace. Do you know that a few months ago, a major event happened in the infinite fire domain of the spiritual world?"

Duanmu Cangqiong's eyes were startled and he said, "What is your relationship with the Vulcan in the Infinite Fire Domain?"

Ye Feng's eyes flashed, and then he sneered and said: "So, you know that the God of Fire was captured by the big shot of your Heavenly Soul Palace?"

Duanmu Cangqiong's eyes were uncertain, and then he could only nod his head and said: "The God of Fire is a great man with amazing talents. He fought with Emperor Tongtian for three hundred years, and only one soul of the God of Fire was left. So Our Lord, the Palace Master of the Heavenly Soul Palace, personally took advantage of the danger and imprisoned the Soul of the Fire God, and now it is suppressed in the soul sea of our Heavenly Soul Palace."

Ye Feng's eyes were filled with joy, and then he immediately asked: "How can we save the soul of the Vulcan?"

"impossible things."

Duanmu Cangqiong immediately shook his head and said: "A big shot like the Fire God is guarded very strictly. Even a core disciple of Tianhun Palace like me cannot enter the Soul Sea area, let alone an outsider like you. I, Tianhun, There are many people in the palace who are more powerful than me, and they can kill you with just one look."

Ye Feng snorted coldly and said: "You don't need to remind me about this. No matter what, I need to rescue the Vulcan, and you have to cooperate with me."

Duanmu Cangqiong's eyes were uncertain and he said: "You can't hypnotize me. You can either kill me or let me go, but I won't do anything for you."

Ye Fengsen smiled coldly and said, "That's not up to you."

Saying that, Ye Feng directly took out a poison-eating insect that had grown to the size of a thumb.

Duanmu Cangqiong saw the poison-eating insect in Ye Feng's hand. The black-gold insect body and the densely packed silver fangs in its open mouth made him immediately frightened to the extreme. He couldn't help shouting: "What are you going to do?"

Ye Feng slapped the poison-eating insect into Duanmu Cangqiong's mouth with a "pop" sound, then pinched his neck and made him swallow it with a "gulu" sound.

"No!!!"

Duanmu Cangqiong roared, but the poisonous insects had already crawled down his throat and crawled into his body.

Ye Feng said coldly: "Let me tell you, this kind of bug is called a poison-eating bug."

"Poison-eating insect?!"

Duanmucang

Qiong suddenly turned pale.

Ye Feng showed no emotion and said: "You come from the Heavenly Soul Palace and have extraordinary experience. You should know how terrifying the poison-eating bugs are. If you don't listen to me, the thumb-sized poison-eating bugs can kill you in one second. Devour your entire internal organs and turn you into an empty shell!"

"don't want!!!"

Duanmu Cangqiong turned pale with fright, and he knelt on the ground with a "pop" sound.

Ever since he was a child, Duanmu Cangqiong has been like a flower in a greenhouse, meditating and cultivating his soul in the Heavenly Soul Hall, and has never experienced any beatings or killings.

Now being threatened by Ye Feng, swallowing poison-eating insects such as ancient ferocious insects, and being frightened by Ye Feng again, his mentality has collapsed.

Duanmu Cangqiong even had tears streaming from his eyes, shouting: "Why am I so miserable..."

Ye Feng couldn't help but be a little stunned when he saw Duanmu Cangqiong's cowardly appearance. It seemed that he didn't need to scare him anymore, otherwise he would scare this fragile soul master to death.

"why are you crying!"

Ye Feng suddenly grabbed Duanmu Cangqiong and shouted: "As long as you listen to me and do things for me, I won't kill you, do you understand?"

Duanmu Cangqiong immediately nodded his head and said: "I know...I know."

Ye Feng looked towards the center of the city not far away and said: "What I want you to do is very simple. After the selection of the Eighteen States, take me into the Heavenly Soul Palace and help me rescue the Fire God."

Duanmu Cangqiong immediately turned pale and said, "This is an impossible task!"

Snapped!

"Shut up!"

Ye Feng slapped Duanmu Cangqiong directly and said, "You don't need to worry about whether it can be completed. You just need to take me into the Heavenly Soul Palace."

Saying that, Ye Feng continued: "Of course, this matter will be planned slowly after the selection of the Eighteen States. The first thing I want you to do for me now is to help me deal with that ridiculous man and put him to death. kill."

"No no no!"

Duanmu Cangqiong immediately said with an ugly face: "Huang Wudao is my friend, and this time I came to this black sky demon world, he gave me a lot of cultivation resources, I can't harm him."

Ye Feng stared at Duanmu Cangqiong and said with a smile: "Okay, then I'll let the poison-eating insects eat you into an empty shell."

"Don't!"

Duanmu Cangqiong's face turned pale with fright, and then he nodded sharply, his eyes extremely firm, and said: "Actually... Huang Wudao and I are not very familiar, and he actually used the geniuses from all major states. As a bait, he is really inhumane and extremely hateful. I have disliked him for a long time. Brother, don't worry, I will fully cooperate with you later to kill the villain Huang Wudao! "

Chapter 1182 Not a good person

Duanmu Cangqiong surrendered so quickly that Ye Feng wasted a lot of time.

He patted Duanmu Cangqiong on the shoulder, and in the latter's frightened eyes, smiled and said: "As long as you listen to me and actively cooperate with me, I will take back the poison-eating insects soon and let you be free."

Duanmu Cangqiong heard what Ye Feng said and immediately believed it to be true. He quickly raised his hands and said, "Thank you brother, thank you brother."

"Okay, no more nonsense."

Ye Feng looked at the center of the steel city not far away and said, "Your Holy Beast State's commander-in-chief, Huang Wudao, is in that black hall, right?"

Duanmu Cangqiong nodded and said: "He is inside, but Huang Wudao is a super genius at the level of a great immortal. Even in the divine capital of our Tongtian Divine Dynasty, there are many

young geniuses who are no match for him. Are you sure you want to fight him? Why don't you just escape from here?"

Ye Feng shook his head and said: "First, in order to prevent other innocent geniuses from being persecuted, I must get rid of this unruly genius. Secondly, among the geniuses that this unruly plundered, there is me, the genius of Xuezhou. I want to get this place back. Thirdly, people like Huang Wudao are evil, but he must have plundered and accumulated a lot of wealth with such cruel methods. If I kill him, those huge wealth will be mine. ?"

Duanmu Cangqiong was speechless when he heard Ye Feng's three reasons. He didn't know what to say for a moment.

He suddenly understood that the young man in black robe in front of him was not a good person. .??.

Thinking of this, Duanmu Cangqiong did not dare to say anything more and simply chose to shut up.

At this time, Ye Feng looked at the genius of the Holy Beast State who was hypnotized by him, and said: "You and Duanmu Cangqiong will go to visit Huang Wudao in the central hall later, and say that you have something to discuss, and then you two will take the opportunity to attack There is no way, I hide in the dark and beat up the drowned dog."

"Yes, Master."

The hypnotized Holy Beast State genius immediately spoke respectfully.

Ye Feng flashed the storage ring in his hand, took out a long sword, and then took out a poison-eating insect, and applied the poison secreted by the poison-eating insect to the blade of the long sword.

Ye Feng handed this poisonous sword to the hypnotized genius of the Holy Beast State and said: "I will use this poisonous sword later to find the right opportunity to give your Holy Beast State commander Huang Wudao a cruel blow." Give him a hard blow and let him taste what it feels like to be instantly chilled."

"yes!"

The genius of the Holy Beast State immediately took the poisonous sword from Ye Feng respectfully.

When Duanmu Cangqiong on the side saw this scene, his eyes felt cold.

This young man in black robe is really ruthless.

Ye Feng glanced at Duanmu Cangqiong, and Duanmu Cangqiong immediately changed his expression, and said quickly: "Brother Ye, what a good trick! To deal with evil people like Huang Wudao, you should have this kind of poisonous plan, so that Huang Wudao can get the answer." Lessons learned."

Ye Feng smiled slightly and said: "Brother Duanmu said it well, so next, when Huang Wudao hits the sword, you must use your strongest soul attack technique to severely damage Huang Wudao's spirit. Wudao is a warrior. No matter how strong his martial arts skills are, his spiritual soul is not very strong. If he is unexpectedly attacked by your 'friend', he will definitely suffer heavy losses."

Duanmu Cangqiong immediately said: "Okay, I will do it according to Brother Ye's plan."

At this time, Duanmu Cangqiong was speaking, and his heart was silently mourning for the wilderness.

No matter how powerful Wu Dao was, he would probably be beaten to death by Ye Feng in the end.

Ye Feng

Knowing that Huang Wudao is a very powerful top genius, he can try not to fight head-on.

Sometimes things can be easily solved by using his head, but Ye Feng doesn't want to fight to the death and fight with his own hands.

Soon, several people arrived outside the central hall of the steel city.

Ye Feng winked at the two of them, then jumped up to the roof of the central hall, lay down, and lurked in the dark night.

Duanmu Cangqiong took a deep breath and said to the hypnotized Holy Beast State genius next to him: "Let's go."

"good."

The prodigy of the Holy Beast State hid the poisonous sword coated with poison-eating insect poison in his arms, and walked directly towards the entrance of the central hall, with Duanmu Cangqiong following beside him.

The genius of the Holy Beast State immediately said: "Senior Brother Huang, Senior Brother Duanmu suddenly has something important to discuss with you."

"Oh? Brother Duanmu, what's the big deal?"

A manly voice came from the central hall.

Wow!

Then the door of the main hall suddenly opened, revealing the scene inside.

A tall young man wearing a silver robe and a handsome face was sitting in it.

This person is completely ignorant.

The aura on his body was very terrifying, and his whole body was filled with an unrivaled sense of terrifying power.

Duanmu Cangqiong tried his best to keep his expression unchanged. He walked into the hall with a smile and said: "Brother Huang, I went out tonight and found a treasure from the wilderness outside. This paragraph Brother Shi Huang takes such good care of me, so I came to share with you immediately, Brother Huang."

"Oh? Treasure?"

Huang Wudao had no doubt that he was there. After all, he was very familiar with Duanmu Cangqiong. He immediately smiled and said: "Brother Duanmu comes from Tianhun Palace and has an extraordinary status. If Brother Duanmu can call it a treasure, it must be a treasure. Then quickly let me see."

Duanmu Cangqiong nodded immediately, looked at the hypnotized Holy Beast State genius outside, and said: "Zhao Yang, come in and show Brother Huang the treasure I found."

"yes."

The hypnotized Holy Beast State genius immediately walked in respectfully, holding a box in his hand and walked up to Huang Wudao.

Duanmu Cangqiong and Zhao Yang in front of him were both confidants, and Huang Wudao had no suspicion at all.

He immediately looked at Zhao Yang and said, "Open it and show it to me."

"Yes, Senior Brother Huang."

Zhao Yang opened the box honestly, and inside was a stone emitting colorful light.

Huang Wudao's eyes flashed, he took the stone in front of his eyes and looked at it carefully. Then he looked at Duanmu Cangqiong beside him and said with a smile: "Brother Duanmu, I guess you are mistaken. This stone seems to be just an ordinary one." ..."

Poof!

Suddenly there was a sound of broken flesh and blood.

Huang Wudao's face, which originally had a faint smile, suddenly became stiff.

He looked in front of him in disbelief and found that a long sword had been inserted into his chest, and the sword body was pitch black, which seemed to be some kind of poison.

"Zhao Yang, you..."

Huang Wudao's eyes were full of disbelief.

At this time, his confidant, Zhao Yang, the prodigy of the Holy Beast State, had a respectful expression on his face, but now he showed a sly smile. Duanmu Cangqiong surrendered so quickly that Ye Feng wasted a lot of time.

The Holy Beast State Tianjiao held the poisonous sword coated with the poison of the poisonous insect in his arms and walked directly to the door of the central hall, and Duanmu Cangqiong followed him.

The Holy Beast State Tianjiao immediately said: "Brother Huang, Brother Duanmu suddenly has an important matter to discuss with you."

"Oh? What's the important matter, Brother Duanmu?"

A strong male voice came from the central hall.

Crash!

Then the door of the hall opened all of a sudden, revealing the scene inside.

A tall young man in a silver robe and handsome face was sitting in it.

This person was Huang Wudao.

His aura was very terrifying, and his whole body was filled with an unmatched sense of terrible power.

Duanmu Cangqiong tried his best to keep his expression unchanged. With a smile, he walked into the hall and said, "Brother Huang, I went out at night tonight and found a treasure in the wilderness outside. Brother Huang has taken such good care of me during this period, so I came to share it with you first."

Huang Wudao did not doubt him. After all, he was very familiar with Duanmu Cangqiong. He immediately smiled and said, "Brother Duanmu is from the Heavenly Soul Hall and has an extraordinary status. What Brother Duanmu calls a treasure must be a treasure. Let me see it quickly."

Duanmu Cangqiong nodded immediately, looked at the hypnotized Saint Beast State Tianjiao outside, and said, "Zhao Yang, come in and show Brother Huang the treasure I found."

"Yes."

The hypnotized Saint Beast State Tianjiao immediately walked in respectfully, holding a box in his hand, and walked in front of Huang Wudao.

Duanmu Cangqiong and Zhao Yang in front of him were both confidants, and Huang Wudao did not have any doubts at all.

He immediately looked at Zhao Yang and said, "Open it and show me."

Puff!

Suddenly, a sound of flesh and blood breaking sounded.

Huang Wudao's face, which was originally smiling lightly, suddenly became stiff.

He looked in front of him in disbelief and found that a long sword had been inserted into his chest, and the sword body was pitch black, as if it was some kind of poison.

"Zhao Yang, you..."

Huang Wudao's eyes were full of disbelief.

At this time, his confidant, Zhao Yang, the Tianjiao of Shengshou State, had a respectful face, but now he showed a strange smile.

Chapter 1183 Uninvited Guest

"Ah! How dare you betray me?!"

Wu Dao, who was stabbed into the chest by the poisonous sword, looked at Zhao Yang in front of him, his eyes suddenly showed deep disbelief and anger.

"die!"

boom!

Huang Wudao roared and slapped Zhao Yang directly, shattering Zhao Yang's whole body into a bloody mist.

Zhao Yang was dead, but the poison of the poisonous insect had begun to spread rapidly in Huang Wudao's body. .

"The Overlord of Ten Thousand Beasts!"

Huang Wudao instantly activated his powerful physique, and scales suddenly appeared on the surface of his entire body.

A kind of aura like the king of beasts in the wilderness instantly emanated from Huang Wudao's body.

Boom, boom, boom!

Boom, boom, boom!

A heart beating sound as powerful as a real dragon sounded.

At this moment, Huang Wudao pulled out the poisonous sword from his chest. He was indeed extraordinary. He actually suppressed the toxins of the poison-eating insects with his Ten Thousand Beast Tyrant Body in an instant.

"Brother Duanmu!"

At this time, Huang Wudao suddenly looked to his side and said quickly: "Maybe someone under my command has rebelled. Let's hurry up now..."

boom!

But suddenly at this moment, Duanmu Cangqiong took action instantly and directly used a very terrifying soul attack technique on Huang Wudao: "Nine Lightning Whips!"

Snapped! Snapped! Snapped.....

Almost at this moment, Huang Wudao didn't even react. His soul was whipped nine times in a row by a soul whip surging with lightning.

"ah!"

Although Huang Wudao is a top genius, he is only a warrior and cannot defend himself against soul attacks.

He was so miserable that he howled miserably all of a sudden. He felt that his soul had been severely damaged and was extremely weak from the electric shock.

Huang Wudao never thought that even Duanmu Cangqiong would betray him?

What the hell is going on!

Wu Dao roared in his heart, feeling deeply doubtful about life.

But after all, he is a top genius, a genius in the Dachengxian Realm, and his combat power is comparable to a super power in the Dzogchen Immortal Realm!

"I hate it! Anyone who betrays me will die!"

Huang Wudao immediately stared at Duanmu Cangqiong, stretched out a hand, and that hand immediately turned into a huge claw of a monster. The claws were like black gold, exuding terrifying tearing power. , to directly tear Duanmu Cangqiong into pieces.

"Boom!!"

At this time, the top of the black hall suddenly shattered.

A big hand that looked like it was made of stars exuded heavy pressure and struck down all of a sudden.

"Boom! Click!"

Huang Wudao was directly knocked into the ruins of the earth.

Uh-huh!

Then a young figure in white clothes jumped down from the broken dome and stood beside Duanmu Cangqiong.

The boy in white is naturally Ye Feng. He has been lying on the dome of the hall for a long time.

At this time, taking advantage of the desolate situation,

Pay attention, give him a hard slap at the end, sending the top genius of the Holy Beast State into the ground.

Ye Feng looked at Duanmu Cangqiong beside him, patted him on the shoulder, and said with a smile: "Well done."

Duanmu Cangqiong immediately clasped his fists and said, "I don't dare to take it seriously. Brother Ye is the most powerful."

"puff!"

Suddenly at this moment, in the ruins on the ground of the hall, Huang Wudao suddenly spurted out a mouthful of blood.

At this time, he was covered in blood, and the so-called hegemonic body of all beasts had begun to rot under the poisonous attack of the poison-eating insects.

At this time, Huang Wudao stared at Ye Feng and Duanmu Cangqiong, who were collaborating with each other, with a sad smile on his face: "Okay, okay, okay! I didn't expect that one day I would fall into the hands of the people around me, and you, the boy in white. , who are you? We have no grievances, why do you want to deal with me? "

Ye Feng smiled coldly and said: "You are so cruel, you use our own people as bait, regardless of their life and death, use them as bait to attract dark monsters, and among the people you captured, there are people from Xuezhou like me. , you deserve it."

Hearing this, Huang Wudao was immediately speechless, but his eyes became even colder.

Suddenly at this moment, he suddenly shouted: "I will not give in just like that! Anyone who disobeys me will die! If I don't survive, you will all be buried with me!"

Buzz! !

Finally, at this moment, an extremely blazing red light suddenly emerged from Huang Wudao's body.

"No! He's going to blow himself up!"

Ye Feng's expression suddenly changed at this moment.

A top genius in the realm of great immortality blew himself up?

How terrifying is this?

It can definitely destroy the entire steel city in an instant!

Ye Feng suddenly thought that there were many other people in this city, as well as the young talents of Xuezhou.

"There is a way!"

Almost in the middle of the flash of lightning, Ye Feng suddenly flashed in front of Huang Wudao, who was glowing with red and destructive light, and pointed directly at the top of his head.

"Golden dragon scales!"

"Armor fusion!"

Ye Feng shouted loudly.

But this time Ye Feng didn't put on the golden dragon scale armor himself.

Instead, the entire five-clawed golden dragon scale armor instantly wrapped the entire Huang Wudao's body inch by inch.

"No!!!"

Huang Wudao was covered in golden dragon armor, and he couldn't help but roar.

But at this time he could no longer stop himself from self-destructing.

"Boom!!!"

Suddenly, in the inner space of the Golden Dragon Armor, Huang Wudao's entire body exploded, producing an extremely terrifying and destructive wave.

"Dang Dang Dang!"

"Dang Dang Dang!"

But at this time, the golden dragon armor had already wrapped up Huang Wudao's entire body. The scales of the five-clawed golden dragon were invisible.

It was so hard that it was almost as if it was made of divine iron. There was a sound of metal being delivered and colliding inside the armor, but after all, the five-clawed golden dragon armor was hard enough, and it could withstand the terrifying self-destruction of Huang Wu Dao.

Ye Feng and Duanmu Cangqiong, who were present, let out a sudden sigh of relief.

At this time, Ye Feng walked up to the Golden Dragon Armor, touched it lightly, and found that the entire scales of the armor were hot.

"receive!"

Ye Feng put the five-clawed golden dragon scale armor into his body and found that there was only a pile of debris left inside. Even the storage ring was blown to pieces. The treasures inside were probably lost to the turbulent flow of the void.

But no matter what, Ye Feng finally managed to kill the most troublesome person in this steel city without any danger.

The next step was simple. With the cooperation of Ye Feng and Duanmu Cangqiong, he casually fabricated an enchanting lie for Huang Wudao.

Duanmu Cangqiong was originally from the Holy Beast State, and he was a soul master from the Heavenly Soul Palace. In terms of status, he was actually not much lower than Huang Wudao.

Therefore, at Ye Feng's request, Duanmu Cangqiong, without conscience, fabricated a lie about the absurdity to all the unsuspecting Holy Beast State geniuses in the city.

That is because Huang Wudao went crazy hunting and killing dark monsters and practicing with the blood of monsters, and then he became obsessed with it. Then he couldn't control his cultivation and blew himself up in the hall.

This explanation sounds very bizarre, but many Holy Beast State geniuses believe it. First, it was said by Duanmu Cangqiong himself. Second, during this period, everyone saw that Huang Wudao was practicing with the blood of Warcraft. His own overwhelming body of beasts.

Many people secretly thought that Huang Wudao might be possessed by a demon, but because Huang Wudao was so powerful, no one dared to gossip.

Now that the news of Huang Wudao's self-destruction has spread, many of the Holy Beast State's geniuses feel relieved.

Ren Xiaoyao and the others went to rescue the young geniuses from other states who had become bait. With the help of Ye Feng, they did not encounter any obstacles and successfully rescued all the young geniuses who were enslaved in dozens of other states.

What Ye Feng didn't expect was that among these rescued young geniuses, nearly half of the people in Snow State were here.

However, Ye Feng did not see anyone he was familiar with. For example, Ning Qingxue, the third young lady from Xuzhou, was not among them.

"Thank you, Senior Brother Ye, for the help!"

"Thank you, Brother Ye!"

All the young geniuses from Xuzhou and other states were grateful to Ye Feng for being rescued.

The death of the culprit, Huang Wudao, also made many imprisoned geniuses let out a bad breath.

Next, the entire steel city was naturally controlled by Ye Feng.

Ye Feng organized all the young geniuses, more than a hundred of them, to unite and use the Steel City as a base to start a mass hunt in the wilderness and forests outside.

With the powerful fighting force of Ye Feng, the mysterious soul master Duanmu Cangqiong, and more than a hundred young geniuses joining forces to hunt down the monsters and demons on the surrounding land, they will hardly encounter any danger. With everyone's improvement, The speed is very fast.

During this period, including the Holy Beast State

All the geniuses, including Ye Feng, have great admiration for Ye Feng, the new "commander".

Because Ye Feng did not bully anyone, but joined forces with everyone to hunt down the monsters and demons together, and practice and improve together.

Compared with the selfishness and audacity, this is like heaven and earth.

Even Duanmu Cangqiong has a huge change in his view of Ye Feng and feels that Ye Feng is a trustworthy person.

However, when Duanmu Cangqiong thought that Ye Feng was going to sneak into the Heavenly Soul Palace to rescue the Fire God, Duanmu Cangqiong was a little suspicious of what the relationship between this Ye Feng and the controller of the infinite fire domain was.

In the next few months, the entire Steel City was prosperous, and everyone helped each other. Everyone felt safer in this ferocious Black Sky Demon Realm, and their cultivation strength also improved a lot.

On this day, Ye Feng was practicing in the rebuilt central hall.

Tap tap tap!

But at this time, accompanied by a burst of hurried footsteps, Duanmu Cangqiong's slightly panicked figure ran quickly and entered the hall.

Ye Feng opened his eyes, looked at Duanmu Cangqiong, and couldn't help but ask: "What's wrong? Are you in a panic?"

Duanmu Cangqiong looked a little frightened and said: "A group of uninvited guests came outside our city. They seem to be the descendants of the divine family from above the sky. Their status is extremely noble. They discovered our steel city and seemed to have some plans. It means to seize."

"The divine family in the sky?"

Ye Feng stood up, his eyes a little surprised, and said: "Aren't the nine great divine families in the sky hostile to the Tongtian Divine Dynasty in our spiritual world? How could they get involved in the selection of the Eighteen States and come here? In this dark demon world?"

Duanmu Cangqiong immediately said: "Brother Ye doesn't know something. Over the past thousand years, as our Majesty the Emperor Tongtian's cultivation has become more and more terrifying, he has even obtained the legendary first artifact in the heavens, the Gate of Immortality. Therefore, the group of divine descendant families above the sky who originally looked down on our ordinary people in the spirit world have begun to take it seriously. Nowadays, the nine major divine descendant families above the sky, and even the descendants of many divine descendant families, are Enter the divine capital of the divine dynasty, or the land of the nineteen states of the human race, and work for the people in the imperial court in order to gain the respect of His Majesty the Tongtian Divine Emperor. "

"real or fake?"

Ye Feng's eyes were slightly startled.

Is Gu Tongtian so powerful now?

Even the nine divine descendant families high in the sky are going to give in to Gu Tongtian?

Even sending young heirs from the family to the spiritual world to make achievements in the Tongtian Divine Dynasty?

Ye Feng's heart sank a little. He did not expect that in this selection of the Eighteen States, even the descendants of the ancient divine families in the sky would participate.

That group of people all have profound backgrounds and terrifying inheritances, which makes them quite troublesome.

Uh-huh!

Ye Feng stepped towards Duanmu Cangqiong, with a calm expression on his face, and said: "Let's go and see the uninvited guests outside first, and see which of the nine divine descendant families is here. As for them wanting to seize this steel city? It's not that easy. , first you have to ask me if I agree."

Chapter 1184 Old friends meet

Duanmu Cangqiong led Ye Feng towards the outside of the city.

From a distance, Ye Feng saw an extremely huge flying spirit boat, floating in the sky outside the steel city.

There were many figures wearing silver armor standing on the spirit boat. All of them were tall and had stern faces, and they looked like they were well-trained.

This group of figures wearing silver armor should be the guards of the divine family. The aura of cultivation on each of them is that of a lower immortal.

Being able to have a powerful person from the lower level of the Immortal Realm serve as a bodyguard, which shows how deep the heritage of the Goddess family is, which is simply extremely terrifying.

At this time, even Duanmu Cangqiong, a guy from the Heavenly Soul Palace, couldn't help but exclaim: "As expected of a divine descendant family from above the sky, they really have a profound background. They participated in the selection of the Eighteen States and entered the Black Sky Demon Realm. It's really inhumane to be able to bring so many guards."

Seeing Duanmu Cangqiong being so excited, Ye Feng couldn't help but patted his shoulder and said with a smile: "No wonder you are called Duanmu Cangqiong and you have such admiration for the sky."

Duanmu Cangqiong: "...".???

When the two of them walked to the city wall outside the city gate and faced the huge spiritual boat, they both felt an extremely majestic aura.

This spirit boat is definitely an immortal weapon, and it is also a very high-level immortal weapon.

Ye Feng looked at the group of silver-armored guards on the flying spirit boat at this time, smiled slightly, and said: "I wonder which of the divine descendant families you are? What do you want to do when you come to my steel city?"

"Who is this voice? Master!"

But the moment Ye Feng finished speaking, a very familiar girl's voice suddenly came from inside the spirit boat.

Uh-huh!

Almost at the next moment, Ye Feng immediately saw a girl wearing a light red dress appearing at the edge of the spirit boat.

"Xiao Tao?"

Ye Feng's eyes were stunned.

Unexpectedly, the descendant of the divine family in this flying spirit boat turned out to be the maid Xiao Tao who followed him in the Sword God Heavenly Palace.

However, Xiao Tao's origin is very terrifying. She was born with a bone of her natal Immortal King in her body, and she is also the little princess of the Bai family, one of the nine divine descendant families in the sky.

"Master!"

Xiaotao was the same as before, with her small and graceful body, she jumped directly from the spirit boat to the city wall, and came to Ye

In front of Feng, a pair of big eyes were full of surprise.

Ye Feng brought the girl inner warmth when Xiaotao was most helpless and humble.

Therefore, in Xiao Tao's eyes, no matter what her identity or cultivation level is, Ye Feng will always be a young master worthy of her attachment.

"Xiao Tao, long time no see."

The descendant of the Goddess family that Ye Feng met at this time turned out to be Xiao Tao, and his face was very happy. He couldn't help but reach out and touch the girl's black hair.

"I didn't expect that you have cultivated to such an extent now, and that you have controlled more than a hundred of the top geniuses from the nineteen states for your use."

Suddenly, a slightly cold female voice sounded.

On the spirit boat not far away, a graceful mature woman in white appeared.

It was Xiao Tao's protector, Bai Ling.

When Ye Feng and Xiao Tao were still living in the Sword God Tiangong, it was Bai Ling who came to the spiritual world from the sky and gave Xiao Tao a lot of training resources. Later, after the Sword God Tiangong was destroyed, it was Bai Ling who took Xiao Tao away. He also took away Ye Feng's close senior sister Chu Zixuan, and the guy Bald Bird.

Ye Feng looked at the cold Bai Ling and waved briefly, which was regarded as saying hello.

"Ye...Brother Ye..."

At this time, Duanmu Cangqiong, who was standing aside and watching the whole process, was dumbfounded.

How is this going?

A scion of a high-ranking divine family.

Are you so familiar with Ye Feng?

Moreover, the slim and beautiful girl standing in front of Ye Feng at this moment could be known at a glance that she was the core descendant of the Divine Family, and everyone in the entire Lingzhou was serving her.

But this beautiful girl with a lofty status was as well-behaved as a little rabbit in front of Ye Feng, and even called her "young master", which made Duanmu Cangqiong's legs tremble with fear.

At this time, Duanmu Cangqiong looked at Ye Feng again, feeling that the identity of this "Brother Ye" was really unfathomable.

Not only does he seem to have a deep relationship with the God of Fire, but now even the core descendants of the divine family in the sky are so close to him?

"Brother Ye, who are you?"

This is the huge question in Duanmu Cangqiong's heart.

But he didn't dare to ask directly. He could only stand aside in fear and act like an honest man.

At this time, Xiao Tao seemed to have thought of something, and immediately smiled at Ye Feng and said, "That's right! This time I brought Sister Chu Zixuan and Senior Bald Bird out."

"real?"

Ye Feng's eyes were filled with joy.

"Sir, come with me."

Xiao Tao stretched out a white and tender hand, pulled Ye Feng and flew to the huge spirit boat.

When Bai Ling, the protector, saw this scene, he couldn't help but roll his eyes with his cold beautiful eyes. It seemed that he didn't expect that Xiao Tao would still be in love with her, the young master, after so long.

At this moment, many of the silver-armored guards on the entire spirit boat were staring at Ye Feng, who was being held closely by Xiao Tao, their eyes full of surprise. .??.??

"Who is this young man? He actually made our little princess of the Bai family so close?"

"There will be a good show later. Our Lord Saint Guard has always admired the little princess and will not allow anyone of the opposite sex to get close to the little princess. Now that the boy in white is so close to the little princess, I guess he will be taught a lesson by Lord Saint Guard later. awful."

"Not necessarily, I don't think so. Although Lord Holy Guard is very powerful, this young man in white can make the little princess so anxious, and you can see that Lord Bai Ling did not stop him, which shows that this young man in white is definitely not an ordinary person."

...

At this time, many silver-armored guards on the entire huge spirit boat were talking secretly.

At this time, Xiao Tao pulled Ye Feng to the spirit boat and shouted directly to a room in the spirit boat: "Sister Zixuan, senior bald bird! Come out and see who I met?"

"Squeak!"

The door of a room inside the spirit boat opened, and a beautiful woman with a cold aura and sharp eyes appeared. She was dressed in black and holding an ancient sword. She looked heroic.

It was Ye Feng's best friend in Sword God Tiangong back then, senior sister Chu Zixuan!

"Sister!"

When Ye Feng saw this familiar figure that he hadn't seen for a long time, he immediately shouted in surprise.

"Junior Brother Feng!"

Uh-huh!

Chu Zixuan was stunned for a moment, and then her beautiful eyes suddenly lit up with joy. She suddenly ran in front of Ye Feng, grabbed Ye Feng's shoulders, and said with some disbelief: "Junior Brother Feng! We have been away for several years, but we didn't expect that we We meet again! At that time, the Sword God Tiangong was destroyed, and although I was taken away by Xiao Tao, I was always worried about whether Junior Brother Feng, who had returned from the trial in the secret realm, would be in danger."

Ye Feng smiled and said: "Senior Sister Zixuan, don't worry, I'm living well."

"Yes! Don't worry about this kid's death. Even if everyone in the world dies, he may not die."

Suddenly, a slightly mocking, old-fashioned voice sounded.

Squeak!

Not far away, inside the spirit boat, a door opened.

A bald bird that looked like a featherless duck looked a little funny. It actually walked out of the room with two paws on its back, pretending to be serious.

Ye Feng's eyes lit up, he walked over and slapped the bald bird, saying, "Master Bird! Long time no see!"

"Damn! It hurts like hell!"

The bald bird immediately covered its hairless head, glanced sideways at Ye Feng, and couldn't help shouting: "Boy Feng! You still haven't gotten rid of the bad habit of slapping my head! And your

body is getting harder and harder. Ah, Master Bird, I'd better stay away from you, lest I get concussed by you one day!"

"Hahaha!"

When several people present saw this scene, they couldn't help laughing.

When old friends meet, the atmosphere is naturally warm.

"Who is this kid? Why did he suddenly appear on my Bai family's fairy boat? Don't you know that all cats and dogs can get on the Bai family's boat?"

Suddenly at this moment, a cold and slightly sarcastic voice sounded.

From inside the spirit boat, a tall young man walked out, wearing silver armor engraved with dragon patterns. He stepped towards Ye Feng and the others, with a majestic face like a knife. With a hint of sneer.

"Greetings to Lord Holy Guard!"

"Greetings to Lord Holy Guard!"

"..."

Almost at the moment this young man appeared, hundreds of Bai family's silver-armored guards on the entire spirit boat knelt on the ground, clasping their fists respectfully.

Chapter 1185 Qin Xiu

A tall young man wearing silver armor. All the carvings on the armor were dragon-shaped patterns, which seemed to be full of terrifying energy.

At this time, this tall young man is naturally the Lord Holy Guard mentioned by many silver-armored guards of the Bai family, named Qin Xiu.

Qin Xiu is not a member of the Bai family, but a descendant of a foreign family who married into the Bai family.

But he was able to become the Holy Guard who commanded the entire Bai family's huge spirit boat as a heir with a foreign surname. This shows how powerful his ability is.

At this time, Ye Feng looked towards Qin Xiu and immediately felt how unfathomable this person was.

At this time, Xiao Tao secretly said in Ye Feng's ear: "Sir, this Lord Holy Guard is called Qin Xiu. He has a terrifying cultivation level in the Dzogchen Immortal Realm. Even Sister Bai Ling is not his opponent. He is very powerful. In The Bai family's status is also very high, and I can't even order him."

Ye Feng nodded slightly, looked at Qin Xiu, and said, "Qin Xiu, right? I'm not just a cat or a dog. I'm Xiao Tao's friend, so I'm naturally qualified to enter this spirit boat. This spirit boat belongs to the Bai family." It is a treasure, and you, Qin Xiu, are just a person with a foreign surname. You have the right to control the spirit boat temporarily, but you have no decision-making power. I am standing on this spirit boat now, what can you do to me? "

"Boy, you are crazy."

Qin Xiu's eyes suddenly darkened, with a hint of murderous intent in his eyes.

In the eyes of people from a divine family like Qin Xiu, so-called young prodigies from the spirit world like Ye Feng were just insignificant ants.

After all, in the minds of many people in these divine families above the sky, the human races on the spiritual world have not inherited the blood of gods. They are ordinary humans, not noble humans like them.

So at this moment, when Ye Feng's tit-for-tat words fell, Qin Xiu's eyes suddenly showed deep murderous intent.

And this murderous intention was not concealed at all. Everyone on the field immediately felt a cold and terrifying aura emanating from Qin Xiu's body, and everyone's bodies were a little chilly.

Xiao Tao wanted to say something, but was stopped by Ye Feng. He smiled and shook his head at the girl: "Don't worry, your young master is not as weak as you think."

At this time, the bald bird came close to Ye Feng's ear and said: "Boy Feng, this Lord Holy Guard is very powerful, be careful."

Senior sister Chu Zixuan was standing next to Ye Feng, hugging the ancient sword in her arms tightly, her eyes as sharp as a sword that was about to be unsheathed.

"Uh-huh!"

At this time, Bai Ling, Xiaotao's protector, suddenly appeared.

She glanced at Qin Xiu and Ye Feng indifferently and said, "If you want to fight, please leave the Lingzhou area and fight outside."

Qin Xiu immediately jumped up and flew directly to a cloud outside. Looking down at Ye Feng, he said coldly: "Boy, do you dare to come up and fight?"

"Why don't you dare?"

Ye Feng too

With a sudden step, he jumped high into the sky.

"Come on, Lord Holy Guard!"

"Come on, Lord Holy Guard!"

"..."

Almost at this moment, many other silver-armored guards on the entire spirit boat shouted out.

"Come on, Master!"

"Junior Brother Ye, come on!"

"Young man Feng, get down on that piece of shit Lord Holy Guard who likes to pretend to be serious!"

At this moment, Xiao Tao, senior sister Chu Zixuan and Bald Bird all shouted out.

Bai Ling has a graceful figure, dressed in white, standing tall and graceful, standing on the edge of the spirit boat, holding her shoulders slightly, staring at Ye Feng on the clouds with interest.

She didn't seem to think that Ye Feng, a young man, would really have the courage to fight against the Holy Guard of their Bai family.

You know, the other party is a powerful person in the Dzogchen Immortal Realm!

He is a super master!

And Ye Feng's current cultivation level is only at the level of a high-ranking immortal.

No matter how powerful his combat power is, he is unlikely to be so powerful that he can directly fight against a Dzogchen Immortal, right?

At this time, Bai Ling became more and more curious. Who gave Ye Feng the courage to fight Qin Xiu.

"Look! It's Senior Brother Ye Feng!"

"Yes, Senior Brother Ye Feng actually got into a fight with that big shot of the Goddess family?"

At this moment, in the entire steel city, more than a hundred geniuses from the nineteen states of the spiritual world also saw the scene high in the sky.

Their eyes were shocked, and then they were excited. They felt that there was a huge passion in their hearts that wanted to rush out.

From ancient times to the present, human warriors on the spiritual world have been frightened and cowered when they encountered warriors above the sky.

But today, Ye Feng was directly going to fight the holy guard of the Bai family, which was really exciting.

At this time, high in the sky, the reason why Ye Feng faced Qin Xiu's provocation and fight was, firstly, to establish his authority, secondly, to make the people of the Bai family feel more at ease in this steel city area, and thirdly, Ye Feng has always been very concerned about Above the Sky, because his father's serious injury was caused by what happened above the Sky.

Therefore, Ye Feng really wanted to challenge these divine families in the sky to see how powerful they were.

"war!"

Ye Feng's fighting spirit surged all over his body, and he suddenly burst out with divine light and charged directly towards Qin Xiu.

Qin Xiuseen smiled coldly and said coldly: "I think you are quite brave and dare to take the initiative to attack me. Well, then I will let you know.

What is called real power? The heritage of our divine family is beyond the imagination of ordinary people like you. "

boom!

Qin Xiu's body suddenly erupted with a terrifying aura that was as brutal as hell.

"Qiang!"

He suddenly pulled out an ancient black gold sword on his back and shouted: "I want you to see the power of my Shura sword, the life-killing God-killing Sword!"

boom!

At this moment, Qin Xiu displayed a very terrifying sword technique. It was a kind of secret technique of swordsmanship. With one strike of the sword, no ghosts or gods were left behind!

Ye Feng felt the destructive fluctuations, which were very terrifying. This Qin Xiu's sword was simply going to kill him.

"How cruel! Originally, I just meant for everyone to spar, but I didn't expect that Qin Xiu would directly use such a killing move. He clearly wanted to kill me in public and regarded human life as a pig or dog. Then I will let him know. Today he messed with someone he shouldn't have messed with!"

Ye Feng thought quickly in his mind, feeling the destructive wave emitted by the sword, he stretched out his palm and shouted: "Invincible Sword Domain! Combination!"

Clang! Clang! Clang...

Accompanied by the sounds of metal collisions, more than a hundred war swords, exuding sharp sword energy, rushed out of Ye Feng's body and instantly formed a sword of more than 100 meters in his hands. Super metal sword.

"Death to the Gods!"

Ye Feng roared, holding the metal sword in his hand, and directly unleashed his most powerful sword attack.

Boom!

Boom!

Suddenly, a terrifying and destructive wave of sword energy rushed out from the metal sword in Ye Feng's hand, sweeping across the sky, as if it could cut and destroy everything.

"Boom!!"

The Shura sword light and the destruction sword energy collided together, and an earth-shattering roar suddenly sounded across the sky.

Everyone on the field couldn't help but cover their ears at this moment, otherwise the eardrums might be shattered by the concussion.

"What? You actually blocked my Shura Sword?"

Suddenly at this moment, Qin Xiu's surprised voice rang out in the endless smoke and chaos.

At this time, the dust in the sky dispersed, and everyone immediately saw Ye Feng and Qin Xiu standing at opposite ends of the sky, neither of them suffering any injuries.

But you must know that Qin Xiu is a super strong person in the Dzogchen Immortal Realm.

And what about Ye Feng?

The current level of cultivation is nothing more than the realm of a high-level immortal!

Although the two of them fought to a draw with each sword, Qin Xiu actually lost.

"How can this kid be so powerful?"

Qin Xiu was standing high in the sky at this time, staring at the man in white opposite him.

The young man had a hint of surprise in his eyes.

The sword strike just now was not Qin Xiu's ordinary sword strike, but a killing strike that he had accumulated for a long time. It was a powerful killing sword technique that he had practiced for many years.

But it didn't cause any harm to Ye Feng.

At this time, Ye Feng stared at Qin Xiu, suddenly smiled coldly, and said: "You probably wanted me to kill him with the knife just now, but it's a pity that you failed."

After hearing Ye Feng's words, Qin Xiu's face turned gloomy in an instant, "Damn it, this kid saw through it."

At this moment, the people watching below did not hear the conversation between the two people above.

They just saw the two fighting to a draw.

But this was enough to cheer everyone up.

Especially Xiao Tao, Bald Bird and senior sister Chu Zixuan who were a little worried before.

The eyes of the two women and the bird showed surprise. They did not expect that Ye Feng's current combat power has become so powerful, and he can even fight with the Holy Guard of the Divine Family.

Especially Chu Zixuan, her eyes were extremely bright, and she couldn't help but murmured: "Junior brother Ye! I knew you had become stronger, and it was beyond imagination!"

At this moment, even Bai Ling, Xiao Tao's protector, couldn't help but be startled, "This Ye Feng does have two brushes, he is quite powerful."

No one knows the cultivation strength of Qin Xiu, the Holy Guard, better than Bai Ling.

She knew very well that Qin Xiu was very powerful and his strength was terrifying.

But Ye Feng still resisted it very calmly.

I have to say that Bai Ling had a strange feeling of admiring Ye Feng at this time.

"Wow! Senior brother Ye Feng actually withstood the attack of the big shot from the Goddess family!"

"That is a powerful person in the Dzogchen Immortal Realm! How can Senior Brother Ye Feng be able to fight with all his strength?"

"With one person's power, he can defeat the big man in the sky! It's amazing! It's amazing! Although this is a small step for Senior Brother Ye Feng, it is a giant step for our entire human race in the spiritual world!"

...

At this time, more than a hundred young geniuses in the steel city could not help but cheer.

And this time high in the sky.

Qin Xiu suddenly smiled cruelly, stared at Ye Feng across from him, and said: "Boy, don't be too proud. The sword strike just now was just the starting move of my life-threatening Killing God Slash, but the sword strike you just made was already It's your strongest attack method."

boom!

Almost at the moment Qin Xiu's voice fell, he struck out with a sword again, and with the killing of this sword, a terrifying artistic conception like killing a god appeared in the light of this sword, which was much better than the first one just now. The destructiveness of one knife was more than ten times more terrifying. He looked like a madman and shouted: "The next second knife, I bet you will die!"

Chapter 1186 Holy Mountain of Gods and Demons

Qin Xiu's second sword was very terrifying. He struck down with one strike, and in the light of the sword there was a terrifying vision of killing a god.

This sword has tremendous destructive power and is extremely terrifying. It is Qin Xiu's strongest sword.

"What a terrifying sword! He is worthy of being a strong man in the Dzogchen Immortal Realm!"

Ye Feng's eyes couldn't help but become extremely solemn at this time.

This knife struck him, and Ye Feng seemed to see the horrific scene of countless gods falling and gods crying and dying.

"But I can't retreat!"

Ye Feng suddenly shouted in his heart: "Future body, help me!"

boom!

Almost at this moment, a huge crystal mirror appeared in the void behind Ye Feng.

"Buzz!"

And at the next moment, a tall and majestic figure suddenly stepped out of the crystal mirror.

This tall and majestic figure is Ye Feng's future Dzogchen body!

In the future, he will possess Ye Feng's Dzogchen cultivation.

That is the cultivation of the Dzogchen Immortal Realm!

Ye Feng couldn't even imagine how terrifying he would be when he entered the Great Perfection Immortal Realm.

Maybe he can fight against the existence of God Realm?

Ye Feng couldn't guess.

He just saw it now.

Buzz!

The future body of Dzogchen just stretched out a big hand casually, and the entire sky suddenly became dark.

A big star hand exuding infinite divine light seems to have condensed endless years and is full of monstrous power. It seems to be able to move mountains and fill seas, and reach for the stars and the moon.

"boom!!"

This big hand of stars struck down at once, which was simply devastating. The destructive light of Qin Xiu's second sword was completely crushed by this big hand.

"Boom!"

Then the extremely terrifying power, like a huge fallen planet, crashed into Qin Xiu's body, shattering the silver armor on his body inch by inch.

"ah!!"

Qin Xiu let out an earth-shattering roar, but he couldn't stop that incomparable star hand from beating his entire body to pieces, staining the sky with blood!

Qin Xiu, die!

"What?!"

The scene that happened at high altitude was really too fast. From Ye Feng communicating with the future body of Dzogchen to the future body slapping Qin Xiu to death, the whole process was extremely fast, like lightning.

Everyone's eyes turned into deep astonishment.

Even the many silver-armored guards on the spirit boat, including Bai Ling, the cold protector, all stared blankly at the bloody scene in the sky with their mouths wide open.

No one could have imagined that Ye Feng had been tied with Qin Xiu just now, but with the next move, he had already killed Qin Xiu. His body was blasted into countless pieces, and he could no longer die.

"This is how it feels! It feels so good! It feels so good!"

Suddenly the bald bird was the first to scream. As an outsider of the Bai family, this guy seemed to be bullied by Qin Xiu a lot.

"Young Master is so awesome!" Xiao Tao was also so excited that her face turned red.

Chu Zixuan was also horrified to the extreme, and then a dazzling light burst out from her beautiful eyes.

And at this moment.

In the entire steel city below.

Seeing Ye Feng's ferocious scene high in the sky, more than a hundred young geniuses' eyes were bloodshot in an instant, and their excitement reached a peak.

"Senior Brother Ye is mighty!"

"Senior Brother Ye is mighty!"

"..."

Countless people were shouting and roaring, as if they were crazy.

From the moment Ye Feng killed Qin Xiu, in the minds of many geniuses of the human race in the spiritual world, the sky was no longer a myth!

The big men in the sky are also living people, they can be killed and they can die!

At this moment, Ye Feng, invisibly, established in the minds of countless people a courage that had not been seen in ordinary people in the spiritual world for a long time!

And the long-lost passion was once again ignited!

"Lord Holy Guard!"

At this time, the hundreds of silver-armored guards on the spirit boat were extremely frightened.

Their faces were extremely livid and pale. They did not expect that Lord Holy Guard, who they thought was invincible, would die in the hands of an ordinary human boy from the spiritual world.

This simply subverted their three views.

Let them all begin to doubt life.

At this time, Bai Ling jumped up to high in the sky, staring at Ye Feng with his cold eyes, and said: "You killed the Holy Guard of my Bai family, you are very brave."

Ye Feng glanced at Bai Ling and said, "Why is Qin Xiu so important to your Bai family?"

Bai Ling said: "It's not too important."

Ye Feng nodded and said: "If he wants to kill me, then I can only kill him tooth for tooth. Since he is not important to your Bai family and is just a person with a foreign surname, then just kill him. Keep such trash, right?" It's also a shame for the Bai family."

"waste?"

Bai Ling was stunned for a moment.

How dare anyone say that a super strong man at the level of the Dzogchen Immortal Realm is a waste?

At this time, Ye Feng rushed to the place where Qin Xiu died, secretly touched the palm of his hand and released a small swallowing vortex, swallowing and refining the remaining blood and life essence after Qin Xiu's death into his body.

Then he found a storage spirit ring from the ground, which belonged to Qin Xiu. After exploring it with his spiritual mind, his eyes suddenly lit up and he found many good treasures and huge wealth.

Bai Ling saw that Ye Feng didn't care and was still searching for Qin Xiu's relics.

She immediately shouted: "Ye Feng! I said you are too courageous! What the hell are you doing?"

Did you hear me? "

boom!

Suddenly at this moment, Ye Feng's body suddenly burst out with a powerful aura of cultivation.

It is the realm of great immortality!

Ye Feng's eyes were filled with joy as he devoured and refined Qin Xiu's remaining blood energy, finally allowing himself to break through the shackles of the upper immortal realm and successfully enter the great immortal realm!

At this moment, Ye Feng felt that his combat power had soared many times.

He looked at Bai Ling again, and the invisible power in his eyes made Bai Ling, who was originally angry, suddenly speechless in front of Ye Feng.

Ye Feng looked at Bai Ling and said, "I know what you said. If there is any guilt, I can bear it alone."

Uh-huh!

Xiao Tao flew over at this time, stood beside Ye Feng, grabbed the corner of Ye Feng's clothes, looked at Bai Ling and said: "Sister Bai Ling, we all saw with our own eyes that Qin Xiu wanted to kill the young master. Now the young master He killed Qin Xiu by mistake. This was self-defense and there is no guilt whatsoever. "

Ye Feng glanced at Xiao Tao in surprise, then smiled and said: "Yes, I really just wanted to destroy Qin Xiu, but I didn't expect that my last move was too powerful and accidentally killed Qin Xiu. This trash was blown to pieces."

"you.....!"

Bai Ling suddenly turned blue with anger, but at this moment she saw Ye Feng staring at her with a cold warning look.

Bellington couldn't help but tremble all over.

She suddenly remembered that the Ye Feng in front of her was no longer the weak disciple of the Sword God Tiangong.

Instead, he has grown into a super strong person who can kill the existence of the Dzogchen Immortal Realm!

And when Bai Ling recalled the last move that killed Qin Xiu, he felt extremely terrifying. He couldn't help feeling a little chilly in his heart and didn't dare to say anything more.

At this time, Ye Feng followed Xiao Tao back to the spirit boat. Hundreds of guards wearing silver armor looked at him with deep fear in their eyes, and they did not dare to say any more gossip.

Ye Feng sneered in his heart, as expected, he needed to rely on his strength to speak wherever he went.

Even if it is a group of pretentious divine descendant families in the sky, as long as your fists are strong enough, you can still make them respect you like gods.

"too strong!"

At this time, the bald bird suddenly rushed over, stretched out its little paws, jumped up and patted Ye Feng's shoulder, and then said extremely excitedly: "Feng boy, you are so powerful, when you get to the Holy Mountain of Gods and Demons, then You will definitely get great luck!"

"Holy Mountain of Gods and Demons?"

Ye Feng's eyes moved and he asked with some confusion: "What is the Holy Mountain of Gods and Demons?"

"You don't know about the Holy Mountain of Gods and Demons?"

The bald bird was extremely surprised, and then shouted: "Feng Boy, the Holy Mountain of Gods and Demons is recognized as the final place for the selection of the Eighteen States. The God descendant family participated in this selection of the Eighteen States just to be able to enter the selection of the Gods and Demons. In the holy mountain, I realized that countless gods and demons stayed there back then.

The laws of heaven and earth in a space are trying to condense one's own godhood. After all, one must know that if one wants to achieve the legendary realm of gods, one must understand the power of the laws of heaven and earth. The laws of condensation are constantly condensed and compressed in one's own body. Only then can we transform into the true godhead and achieve the level of the most powerful person in the realm of gods! "

Ye Feng heard the bald bird's explanation and immediately understood.

The Holy Mountain of Gods and Demons must be a place containing countless opportunities and creations.

It can even allow people to understand the power of the laws of heaven and earth, condense part of the divine personality in advance, and achieve part of the divine realm.

This is simply a huge attraction to Ye Feng, and probably to all the geniuses.

At this time, Ye Feng immediately stared at Xiao Tao and said, "You Bai family came to participate in the selection of the Eighteen States, also to enter the sacred mountain of gods and demons?"

Xiao Tao immediately nodded with a smile and said: "Yes, Young Master can go with us. If you want to enter the holy mountain of gods and demons, you need the blood of the nine great divine descendant families in the sky to be allowed to enter. I can bring you Enter with the young master and all the young master's subordinates."

"It would be great!"

Ye Feng's eyes lit up immediately, and he said: "Let's set off immediately! Go to the Holy Mountain of Gods and Demons! If I hadn't happened to meet Xiao Tao and you guys, I might not have known the news."

Bai Ling flew over from high altitude at this time, glanced at Ye Feng, and said, "You are lucky."

At this time, Ye Feng flew back to the Steel City from the spirit boat and said to the more than a hundred young geniuses in the city: "Next, I will go to the Holy Mountain of Gods and Demons with the Bai family. Which of you is willing to come with me?" , just come up to the spirit boat with me. Of course, I would like to remind you that the Holy Mountain of Gods and Demons is the ultimate place for the selection of the Eighteen States. It must be very dangerous. You have to think carefully about whether to go. "

"I'd like to go."

Duanmu Cangqiong was the first to vote for his will and flew directly to Ye Feng's side to stand.

Naturally, he didn't want to miss this opportunity.

"I'd like to go too."

Ren Xiaoyao, the fat man, immediately flew to Ye Feng's side.

"I also want to see it."

Then more than a dozen geniuses joined one after another.

What surprised Ye Feng was that there were more than 80 people left who were unwilling to go.

These young geniuses smiled bitterly and said: "We are weak in cultivation, so we should not go, lest we die without knowing how. We will stay in this steel city and hunt a few more monsters and monsters, and then return to After entering the spiritual world, I can still achieve good results in the selection of the Eighteen States."

Ye Feng respected their choice and said with a smile: "Then I wish you all good luck."

Uh-huh!

After saying that, Ye Feng took Duanmu Cangqiong, Ren Xiaoyao and a dozen other young geniuses and flew to the spirit boat.

"Set off!"

Xiao Tao gave an order, and the huge flying spirit boat roared and flew towards the Holy Mountain of Gods and Demons in an instant!

Chapter 1187 Reaching the Destination

The Holy Mountain of Gods and Demons is a very mysterious place left behind in the legendary battle between the gods of the human race and the demon gods of the demon world, standing on the land at the end of the Black Sky Demon Realm.

It is rumored that the Holy Mountain of Gods and Demons is also connected to the ruins of an ancient war base. If you can enter the ruins of the war base, you may be able to obtain the inheritance of some gods from ancient times.

After learning these secret information from Xiaotao, the little princess of the Bai family, Ye Feng finally understood that the upper echelons of the Tongtian Divine Dynasty finally chose the trial place for the Eighteen States to be selected in the Black Sky Demon Realm.

Perhaps it is not only to kill the demons, but the biggest purpose is to allow the top geniuses in the Eighteen States, including the descendants of the divine family in the sky, to finally enter the sacred mountain of gods and demons and find the legendary ancient war. The method of using the ruins of the base to obtain the inheritance of God from within.

The inheritance of the gods of the human race in ancient times is indeed an irresistible temptation, and it will definitely attract countless top talents to flock to the Holy Mountain of Gods and Demons.

In the huge spirit boat flying high in the sky, the bald bird stood beside Ye Feng, looking at the clouds and mist that were retreating on both sides. It spoke out, with a hint of reminder in its tone, "Feng Boy, you have to know, then In the ruins of the ancient war base connected to the Holy Mountain of Gods and Demons, there is not only the inheritance of the human gods, but also the inheritance of the demon gods."

Ye Feng's eyes flashed and he said: "Master Bird, do you mean that this time, some very terrifying demon geniuses from the Black Sky Demon Realm will enter the Holy Mountain of Gods and Demons?"

The bald bird nodded and said: "It is very possible that demon princes, demon gods, etc. will appear by then. You have to be careful. These demon geniuses naturally like to pick some of the top human geniuses to attack. They are very brave. Every one of them is extremely cruel." ??

"correct."

Ye Feng suddenly turned around and looked at the bald bird, and said with a smile: "Have you found the divine fire that was knocked down by Gu Tongtian?"

When Ye Feng met the bald bird for the first time, he heard the bald bird accidentally mention that it had been

The flaming bird in the sky, but was seriously injured by Gu Tongtian, lost his own divine fire, and turned into an ugly bald bird.

"Not found yet."

When the bald bird heard this, he suddenly became a little downcast and said.

Ye Feng's eyes moved and he said: "You have been in the Bai family above the sky for such a long time. If you ask Xiao Tao for help, Xiao Tao should mobilize the power of the Bai family to help you find it."

The bald bird shook his head helplessly and said: "Xiao Tao did help me find it, but I couldn't find it in the place I predicted. Maybe my natal divine fire had been taken away by some evil beast."

When Ye Feng heard what the bald bird said, he immediately fell silent. He just patted the bald bird on the shoulder and said, "Look slowly, you can always find it."

The bald bird nodded and sighed. Then it suddenly seemed to think of something and stared at Ye Feng beside it. There seemed to be an inexplicable meaning in its eyes and said: "Feng Boy, I have been here during this time. The Bai family above the sky has read a lot of ancient books, and also learned some of the deeds of my enemy Gu Tongtian. You know, I think about revenge all the time, but Gu Tongtian is now so powerful that even the sky is full of people. All the divine descendant families in the world are afraid of him, so I can only get to know this person first."

Ye Feng spread his hands and said: "The existence that controls the entire nineteen states of the human race in the spiritual world must be very powerful."

The bald bird still stared at Ye Feng and said slowly: "When I learned about some historical records about Gu Tongtian, I also learned that the imperial power stolen by Gu Tongtian was once the imperial power of the Creation God Dynasty, and then I accidentally In the book, I saw that the Divine Dynasty of Creation seemed to have a very 'famous' crown prince, who was an innate curse. In that ancient historical book, the historian also teased the Divine Emperor of Creation, a generation of unparalleled heroes.

The God Emperor gave birth to an innate waste body that could not be cultivated. What I find very coincidental is that the crown prince with an innate cursed body, what do you think his name is? "

Ye Feng's expression remained unchanged, and he said with a smile: "I can't guess, does it have the same name as me?"

"That's right!"

The bald bird suddenly shouted excitedly.

Ye Feng shrugged and said, "There are so many people with the same name in the world. This is normal."

The bald bird shook his head and said solemnly: "Little Feng, you actually have the same name as the crown prince of the ancient dynasty of creation three thousand years ago. This represents great luck. Although I said you may not believe it, you can't see it's luck to collide with an ancient figure from three thousand years ago."

Ye Feng seemed to be laughing at himself, and said: "You are not saying that the Crown Prince of the God of Creation is just a body with an innate curse and a useless person. Then what luck can I have with him and me with the same name?"

The bald bird smiled and said: "After all, he is the son of the God Emperor! Hey, forget it, let's not talk about this. I just think it is a coincidence that I happened to see this dusty period of history, and there is someone with the same name as you, Mr. Feng, so I just shared it with you because I thought it was interesting, Feng Boy, but you look indifferent and don't even want to cooperate with me to surprise me. I find you are so boring. "

The bald bird said, shook his head and walked toward the inside of the spirit boat, saying: "I'm going to sleep."

Ye Feng watched the bald bird's retreating back and disappeared inside the spirit boat.

At this time, he turned around and looked at the lingering clouds in front of the spirit boat. His smiling face turned deep and cold...

...

Time passes quietly through your fingers like quicksand.

Half a month passed in the blink of an eye.

Since the Flying Spirit Boat was flying at a height of 10,000 feet, it hardly encountered any demons from the Black Sky Demon Realm along the way.

Attention clans and monsters.

In the early morning of this day, a towering huge ancient city wall sealed the entire land in front of it.

Standing on the spirit boat, you can see that in the middle of this endless ancient city wall, a huge city gate is tightly closed.

"Wall of Gods and Demons."

Suddenly a voice sounded in Ye Feng's ears.

At this time, Bai Ling's graceful and beautiful figure appeared next to Ye Feng.

She looked at the huge towering city wall in front of her, and said slightly: "This wall is called the Wall of Gods and Demons. It is said to be cast by ancient gods and demons. The Holy Mountain of Gods and Demons we are going to, It's just behind this wall, so we've reached our destination."

Ye Feng said: "How do we open the ancient city gate?"

Bai Ling said: "It can be opened with the blood of the heirs of my Bai family, because the gods among our Bai family's ancestors all fought in the ruins of the ancient war base connected to the Holy Mountain of Gods and Demons, leaving us this A magnificent place."

boom!

Bai Ling controlled the spirit boat and landed directly from high altitude.

At this time, everyone walked out of their respective rooms, jumped off the spirit boat, and walked to the wall of gods and demons.

Looking at the endless ancient city wall that sealed the entire sky and earth, everyone sighed. There was such a majestic building appearing in such a barren interface as the demon world.

At this moment, Xiao Tao was the first to walk towards the huge city gate, bit her finger and dripped a drop of her own blood on the gate.

"Buzz!"

And almost at the next moment, the majestic city gate, which was several kilometers long, suddenly began to exude an aura of vastness like an ancient wilderness.

An ancient voice without any emotion also sounded: "Welcome the descendants of the noble gods to the Holy Mountain of Gods and Demons."

Chapter 1188 The Ancient Tower of Enlightenment

Following that ancient sound, Ye Feng and others immediately saw the huge and heavy city gate in front of them slowly opening.

"Rumble..."

After the city gate opened, everyone immediately saw a very desolate land inside.

But in the center of this desolate land, there is a huge and huge mountain.

However, this mountain is completely circular. It can be seen that from the foot of the mountain to the top of the mountain, there are ten levels in total.

It is equivalent to a circular mountain, divided into ten levels from bottom to top.

At this time, everyone looked away and could see that there were many cushions and futons placed in the area from the first floor to the eighth floor, which seemed to be specially designed for practitioners to sit on and comprehend the rules of the world.

In the ninth floor area, six ancient pavilions were built, exuding the atmosphere of ancient times and seeming to have mysterious functions.

As for the tenth-level area at the top, which is the top area of the Holy Mountain of Gods and Demons, there is a magnificent golden hall, which penetrates into the sky and is surrounded by clouds and mist. It looks full of architectural majesty from the ancient times.

"Is this the Holy Mountain of Gods and Demons..."

At this time, everyone walked into the city gate, and they were all deeply amazed and shocked by the great mountain in front of them.

At this moment, Ye Feng also instantly felt an extremely strong power of the rules of heaven and earth, spreading throughout the space of this sacred mountain of gods and demons.

And the closer you get to the sacred mountain of gods and demons, the more profound the mysterious power of the rules of heaven and earth becomes, making people feel like they are in the legendary world of gods.

At this time, Xiao Tao looked at the Holy Mountain of Gods and Demons and said to Ye Feng: "Sir, the cushions and futons placed in each area on the Holy Mountain of Gods and Demons are for practitioners to sit in and comprehend the world. The power of the laws of heaven and earth, and the higher you go, the stronger the power of the laws of heaven and earth."

The bald bird's eyes flickered at this time and said: "Feng Boy, you are very talented. You can try the six ancient enlightenment towers in the ninth floor area."

Ye Feng stared at the six mysterious ancient pavilions on the ninth floor and couldn't help but ask: "The six ancient enlightenment towers? Who left them?"

"They are left behind by six of the most amazing and talented seniors in history."

Bai Ling appeared with a graceful figure at this time. Her eyes showed a hint of longing for the ancient ancestors, and she said: "The entire Holy Mountain of Gods and Demons is the result of the blood and bones accumulated in the battle between the gods of the human race and the demon gods of the demon race. It was forged by later generations into a sacred mountain of gods and demons, and the six ancient enlightenment towers in the ninth level area of the sacred mountain of gods and

demons were cast by six great beings in the history of our race since ancient times. They were here Enlightened and became a god, leaving behind six extremely precious ancient towers of enlightenment.”

When Bai Ling said this, he glanced at Ye Feng and said: "However, although the Six Ancient Enlightenment Buildings are buildings, they have attributes

Due to their own ancient will, wizards with peerless talents may not be able to be recognized by the ancient will of the Ancient Tower of Enlightenment. If they break in forcefully, they will definitely be instantly blown away by the will of the ancient ancestors in the Ancient Tower of Enlightenment, or even He was seriously injured as a lesson. "

Ye Feng's eyes were shocked. He didn't expect that these buildings actually had their own ancient will.

At this time, Ye Feng looked at the magnificent golden hall at the top of the Holy Mountain of Gods and Demons, and couldn't help but ask: "Since the six ancient enlightenment towers in the ninth floor area are so powerful, what about the top tenth floor?" The golden palace in the area must be even more extraordinary. "

Bai Ling nodded and said: "The six ancient enlightenment towers are left by the ancestors of the human race who achieved enlightenment and became gods, and the golden hall on the top floor is the legacy of the gods left by the war between gods and demons. It is called It is the 'Palace of the Divine Emperor', which contains very powerful inheritance from the gods, but unfortunately, for thousands of years, no genius has been qualified to enter it, so no one knows what is in the Palace of the Divine Emperor."

When Ye Feng heard this, he nodded. It seemed that this Holy Mountain of Gods and Demons was indeed very extraordinary. It had so many ancient powerful men and even the inheritance of ancient gods.

At this moment, many descendants of the Bai family, as well as senior sisters Chu Zixuan, Ren Xiaoyao, Duanmu Cangqiong and others, all walked towards the Holy Mountain, sat on cushions and futons, and began to comprehend the world. The power of rules, don't want to waste time.

The bald bird looked at Ye Feng at this time and said: "Boy Feng, you are very talented. Go directly to the ninth floor area and try to see if you can enter the six ancient enlightenment buildings. If you can enter the six ancient enlightenment buildings, If you go to any one of the buildings, you will

definitely get a huge harvest. As for the God Emperor's Palace on the top floor, don't even think about it. For thousands of years, no one can enter. "

Ye Feng nodded slightly and said: "Okay, let's go to the six ancient enlightenment towers first."

Bai Ling took Xiao Tao along with Ye Feng and Bald Bird.

Bai Ling looked at Xiao Tao and said, "Little princess, you must also work hard to enter an ancient building of enlightenment, which represents the potential to become a god."

Xiao Tao nodded vigorously, and then said: "I am now the inheritor of the Bai family. Naturally, I also have my own responsibility, which is to revitalize the Bai family. Sister Bai Ling, don't worry, Xiao Tao will work hard."

Bai Ling touched Xiaotao's little head, showed a warm smile, and said, "Come on."

Boom!

At this moment, the ancient city gate outside the Holy Mountain of Gods and Demons suddenly opened again.

A group of people walked in, and the cultivation auras on each of them were very powerful.

And the leader is a handsome young man wearing purple clothes

, his pupils turned out to be purple, and his whole body was bathed in the energy of chaos. He looked extremely powerful, like the king of heaven and earth.

"He's from the Xuanyuan family!"

"That is Xuanyuan Split Sky, the most amazing and talented young genius of this generation of the Xuanyuan family."

At this moment, both Bai Ling and Xiao Tao were a little surprised.

Apparently they knew the gang.

Ye Feng also followed the gazes of the two women and saw the Xuanyuan Split Sky.

The Xuanyuan Clan is also one of the nine great divine descendant families in the sky, and it is an extremely powerful family. It is recognized as the "Xuanyuan Imperial Clan", representing the supreme glory. The ancestor is the Xuanyuan Emperor God, one of the nine great divine descendants. The most powerful clan in the family. .??.

Ye Feng saw Xuanyuan Split Sky and felt a huge sense of crisis from this young man. His cultivation strength was absolutely terrifying.

"Boom!"

At this time, the ancient city gate outside the Holy Mountain of Gods and Demons opened again, and another group of people walked in.

The leader of this group was a young man wearing gold jade clothes. He held a huge golden battle ax in his hand. He had a burly body and looked like an ancient barbarian god of war.

Xiao Tao said: "That is Chu Wudi. He is the grandson of Chu Tianji, the god-lord of our Chu family in the sky. It is said that he has awakened an ancient physique, 'Cangtian Hegemon Body'. He is very powerful and named himself after 'Invincible'." , represents his terrifying martial arts will."

Ye Feng nodded slightly, feeling a sense of threat from Chu Wudi's body.

At this time, Ye Feng's eyes became slightly serious. It seemed that there were still many top geniuses in the world, and they were stronger than the older generation.

As he entered the Holy Mountain of Gods and Demons, which was the final place for the selection of the Eighteen States, Ye Feng found that he met more and more top talents.

These top young people from the major ancient forces are slowly beginning to surface.

As the city gate opened again, other top geniuses came here.

Among them are not only the terrifying geniuses from the nine great divine families, but also the peerless geniuses from the spiritual world.

But no matter what, the peerless talent in the spiritual world really dimmed a lot and looked mediocre in front of these descendants of the divine family above the sky.

After Ye Feng looked around, his eyes remained unchanged and he walked towards the Holy Mountain of Gods and Demons.

There are so many top geniuses here at once, and there are only six ancient enlightenment towers in the ninth floor area. They must be very popular, so you should hurry up and occupy one.

At this time, Bai Ling seemed to have seen through Ye Feng's thoughts, and couldn't help but said: "Don't worry, since ancient times, countless geniuses have poured into this sacred mountain of gods and demons, but there has never been a time when all the six ancient enlightenment towers have been occupied. able to enlighten

There are very few existences recognized by the ancient will in the Dao Ancient Tower. Even the peerless geniuses and noble heirs of the Divine Descendants family would find it difficult to enter the Ancient Dao Enlightenment Tower. "

While everyone was talking, many other top geniuses, like Ye Feng and others, had arrived at the ninth level area of the Holy Mountain of Gods and Demons.

Among them were the former Xuanyuan Split Sky of the Xuanyuan Clan, Chu Wudi, the grandson of the Chu Family Divine Lord, and other top geniuses in the spiritual world who were equally strong in cultivation, all gathered here.

"Ye Feng, I knew you would be able to get here in the end."

A female voice with a hint of joy sounded.

It's Ye Shenyue.

The disciple of the Lord of Qingzhou Palace.

It is an innate Taoist body that is very extraordinary, and has brought many geniuses from Qingzhou to come here.

"Miss."

Ye Feng smiled and greeted him.

"A group of low-level people from the spiritual world dare to come to the ninth level area. They really overestimate their capabilities. How can a group of low-level people covet a sacred place like the Ancient Tower of Enlightenment?"

Suddenly, a very discordant sound sounded on the field.

It's Xuanyuan Splitting Heaven!

This inheritor of the Xuanyuan Imperial Clan, relying on his noble status, saw many geniuses from the spiritual world arriving, and he couldn't help but sneered.

"Inferior people?"

Many geniuses in the spiritual world dared to get angry but dare not speak out when they heard this.

After all, they knew that Xuanyuan Split Sky's identity was extremely noble, and his strength and talent were also terrifying.

Ye Feng frowned, looked at the Xuanyuan Split Sky, and said: "We are all human beings, how can we talk about superiority and inferiority?"

Xuanyuan Splitting Heaven didn't even look at Ye Feng, but looked at Xiao Tao and Bai Ling beside Ye Feng, and said with a cold smile: "The people from the Bai family actually went to mix with these low-level humans in the spirit world. It's really a shame." We are in disgrace in the sky."

Xiaotao was extremely angry all of a sudden and couldn't help but said: "Xuanyuan Splittian, I don't allow you to talk about the young master like this!"

Bai Ling just snorted coldly and didn't say anything else. Obviously, with her status, she didn't dare to provoke Xuanyuan Splittian, the most outstanding genius of the Xuanyuan Imperial Clan.

The bald bird suddenly said: "Why is there a mad dog barking in front of me? What a bad luck."

"What did you say?"

Xuanyuan Huitian's expression suddenly changed, and he stared at the bald bird standing next to Ye Feng. His eyes were murderous, and he shouted: "Dare to insult me? Die!"

boom!

Xuanyuan Huitian suddenly struck out, and a sword light erupted from his palm, which could tear the sun and moon. He used his killing move as soon as he came up. He was lawless and wanted to directly kill the bald bird on the spot.

Chapter 1189 The last one

"He actually wants to kill me if we disagree?"

The bald bird was frightened and jumped directly behind Ye Feng.

boom!

At this moment, Xuanyuan Split Sky did not stop at all, and the sharp edge of the stabbing sky rushed towards Ye Feng, with deep murderous intent.

Obviously, in the eyes of Xuanyuan Splittian, the young master of the Xuanyuan clan, a low-class person like Ye Feng has a life as low as an ant, so he kills him without any hesitation.

"Get away!"

Ye Feng suddenly shouted loudly and slapped his hand directly. The hand immediately turned into an indestructible star hand, crushing all the terrifying sword light that came towards him.

"Um?"

Almost at this moment, many people in the entire field looked at him with surprise and focused their attention.

Xuanyuan Split Sky is the young master of the Xuanyuan Imperial Clan above the sky. He possesses the cultivation level of the Dacheng Immortal Realm, exudes Chaos Immortal Qi all over his body, and his combat power is close to that of a super strong person in the Dzigchen Immortal Realm.

But now, he is being resisted by an unknown boy?

Moreover, it seems that he resists very casually?

Swish, swish, swish!

Swish, swish, swish!

In an instant, countless eyes were all focused on Ye Feng.

At this moment, the eyes of this upright young man made everyone feel dizzy.

"He is a genius! I didn't notice it just now, but I didn't expect that among the geniuses of this spiritual world, there are also hidden dragons and crouching tigers."

Not far away, Chu Wudi, the peerless genius of the Chu family, was staring at Ye Feng, clenching the golden battle ax in his hand, his burly body full of fighting spirit.

He seemed to be a fighting maniac. When he saw Ye Feng, a new peerless genius, he couldn't help but want to fight.

But at this time, the most surprising thing was Xuanyuan Split Sky.

The young master of the Xuanyuan Imperial Clan stared at the young man in white opposite him with deep incredulity in his eyes and said, "Are you the genius of the spiritual world?"

Ye Feng stared at him coldly and said: "It's true, I come from the land of Snow State in the spiritual world."

"Snow State?"

Hearing Ye Feng's voice at this time, many other top geniuses in the spiritual world couldn't help but change their faces, and their eyes showed horror.

"Snow State, a small and barren state, actually produced such a peerless being who can stand up to the descendants of the Goddess family?"

At this moment, many of the top talent from other states had excited eyes.

Since ancient times, the divine family in the sky has been a superior existence to the human race on the spiritual world. They are extremely noble. They are the descendants of the gods. They have the blood of gods flowing in their bodies and are superior to others.

Therefore, all the talented people in the spiritual world cannot hold their heads high in front of the God descendants family and have no self-confidence.

But now that Ye Feng can confront Xuanyuan Split Sky, many geniuses in the spirit world feel a strong sense of excitement.

Xuanyuan Splittian looked a little ugly. As a descendant and inheritor of the noble divine family in the sky, he was now tied with a talented person from a small state in the spiritual world. This was for him who always thought highly of himself. Say, it's a shame.

Xuanyuan Split Sky suddenly stared at Ye Feng who was not far away, and said coldly: "If you have the guts, come with me to fight under the Holy Mountain. I want to see your true fighting power."

Ye Feng glanced at the young master of the Xuanyuan Imperial Clan and said indifferently: "I don't have time. I came to the Holy Mountain of Gods and Demons to understand the power of the rules of heaven and earth, not to play with you in this boring child-like competition. A competitive duel."

"Toddler?"

When Xuanyuan Splittian heard that Ye Feng actually compared him to a child, he immediately became extremely furious.

"I want to duel with you!"

He roared, and suddenly pulled out a black gold sword from his waist. In an instant, purple energy erupted from the blade for three thousand miles.

"It's the Xuanyuan Emperor Sword!"

Immediately there were shouts of exclamation from the crowd: "Xuanyuan Emperor Sword, the inherited magic weapon of the Xuanyuan clan!"

"Uh-huh!"

But suddenly at this moment, a young man suddenly stepped to Xuanyuan Splittian's side and stopped him: "Young Master, don't get angry easily. This time we come to the Holy Mountain of Gods and Demons, the most important thing is to enter the Six Ancient Enlightenment Towers." Instead of fighting with irrelevant people."

The young man seemed to have an extraordinary status among the Xuanyuan clan. When Xuanyuan Splittian heard the voice of the young man beside him, the anger on his face immediately subsided, and then nodded and said: "Okay, I understand."

After the words fell, Xuanyuan Litian looked at Ye Feng and sneered: "So what if you are stronger in combat? If you want to enter the six ancient buildings of enlightenment, you must have unparalleled talent and blood. You come from a barren place. The boys of the earth will never know how noble the bloodline of our divine family is."

Ye Feng didn't bother to talk to him at all, and just ignored him, taking Xiao Tao, Bald Bird, and Ye Shenyue towards the six ancient enlightenment towers in the ninth floor area.

"you.....!"

Xuanyuan Splittian saw that Ye Feng ignored him and turned around to leave. His face suddenly turned livid, and his heart was full of murderous intent.

At this time, Bai Ling suddenly walked up to Xuanyuan Split Sky, with an indifferent expression, and said: "You are the one who is so petty and kills at will, you are the one who really embarrasses us in the sky."

As soon as the words fell, Bai Ling's graceful and beautiful figure floated away, chasing Ye Feng and the others.

"you.....!"

Xuanyuan Splittian was so furious that his eyes were bloodshot, and his ferocious eyes seemed to want to devour Ye Feng and the others!

"Young Master, calm down."

The young man from the Xuanyuan family next to him spoke up and said: "The first thing for the young master now is to enter the ancient tower of enlightenment, comprehend the power of the rules of heaven and earth, and condense his own godhead. If the young master can enter the six ancient towers of enlightenment, If you condense the godhead from any one of them, even if you only condense one-tenth of the godhead, you can make the young master invincible in the fairyland. By then, the combat power will be greatly increased, and no one will be you, young master. When the time comes, the young master will kill whoever he wants in this holy mountain of gods and demons."

When Xuanyuan Splitian heard this, his eyes immediately revealed a deep murderous intent. He smiled cruelly and said, "That's right."

Uh-huh!

After saying that, Xuanyuan Split Sky flew directly to the front of the Six Great Enlightenment Ancient Buildings not far away.

At this moment, all the geniuses came here, staring at the six huge ancient towers of enlightenment.

Each ancient enlightenment building has its own name. For example, the first ancient enlightenment building that everyone saw at this time is called "Sword Saint Tower". It was obviously left by a super power of the sword. The place of enlightenment.

"I'll try."

A man in black with a stern face appeared.

He is a swordsman from a large state in the spiritual world. His understanding of the art of swords is already very high, and he has a powerful cultivation level in the realm of upper immortals.

"Uh-huh!"

The swordsman in black immediately stepped towards the "Sword Saint Tower", but he had just reached a distance of less than 100 meters from the "Sword Saint Tower".

"boom!"

Suddenly, a huge and dazzling sword burst out from the ancient space in the Sword Saint Tower.

"Boom!!"

Before the black-clothed swordsman even had time to resist, he was suddenly sent flying. There was a huge knife mark on his body and he was bleeding profusely. However, he was not dead, just a flesh wound.

The black-clothed swordsman looked shocked. While recovering from his injuries, his eyes were full of disappointment. It was obvious that he had not been recognized by the ancient will of the Sword Saint Tower and could not control the Sword Saint Tower.

"Let me give it a try!"

At this time, a tall and burly figure wearing gold jade clothes and holding a golden ax appeared.

It turned out to be Chu Wudi, the top genius of the Chu family, one of the nine divine descendants in the sky.

At this time, he held the golden giant ax in his hand, and his majestic body like a demon suddenly rushed into the Sword Saint Tower.

"boom!"

Almost at this moment, a terrifying sword light, three thousand meters in diameter, rushed out of the Sword Saint Tower.

"Well done!"

Chu Wudi was not surprised but overjoyed. He suddenly waved the golden ax in his hand and struck directly at the majestic sword light.

"Boom! Click!"

What shocked everyone was that Chu Wudi actually directly chopped into pieces the mighty sword light coming from the Sword Saint Tower.

"boom!"

"boom!"

"boom!"

But before Chu Wudi could be overjoyed, thousands of countless sword lights rushed out from the Sword Saint Tower. Each sword light had the same power as the previous sword light.

"Depend on!"

Chu Wudi's originally proud face suddenly turned pale with fright, and he instantly retreated crazily and exited the Sword Saint Tower.

"It was so dangerous, I almost died!"

Chu Wudi turned pale with fright, but when he left the area of the Sword Saint Tower, the thousands of sword lights disappeared.

Obviously, although he has strong cultivation and terrifying strength, he cannot occupy the Sword Saint Tower if he cannot get the recognition of the Sword Saint Tower.

At this time, everyone also understood a little bit. Every ancient building of enlightenment has an ancient will, and can actively select people. Those who are not selected will not be able to occupy the ancient building.

Ye Feng also felt some pressure at this time. He did not expect that the Ancient Tower of Enlightenment was much scarier than he imagined.

The thousands of swords that erupted in the Sword Saint Tower just now, I am afraid that even a strong man in the Dzogchen Immortal Realm would be torn apart in an instant if he could bear it.

Next, everyone tried one by one, and Ye Feng also tried, but they were unable to get the approval of the Sword Saint Tower. Everyone could only give up the Sword Saint Tower and walk towards the second Ancient Enlightenment Tower.

The second ancient enlightenment building is called the "Red Dust Tower", which exudes an intoxicating atmosphere of the red dust.

Everyone tried the same thing one by one, and finally a very ordinary-looking human woman from the spirit world entered it, and was recognized by Hongchen Tower.

Everyone was surprised and envious of this, but there was nothing they could do, because once the Ancient Building of Enlightenment was occupied, it could no longer accommodate anyone else.

The third Ancient Tower of Enlightenment is called "The First Tower in the World". Everyone thinks that the ancestor who built this Ancient Tower of Enlightenment was a very narcissistic person.

But no matter what, each of the casters of these six ancient towers of enlightenment are the six most amazing and talented people in the history of human cultivation. They were able to achieve enlightenment and become gods on this holy mountain of gods and demons, and cast the ancient tower of enlightenment.

In the end, no one was recognized as the best in the world, and everyone could only give up.

At this time, a group of geniuses came to the fourth ancient tower of enlightenment, called "Eternal Tower". What is surprising is that the moment everyone came, the Eternal Tower took the initiative to release a piece of light, shining directly

On Chu Wudi's body.

"Hahaha! I knew I was a genius!"

Chu Wudi laughed loudly, holding the golden ax in his hand, and swaggered into the Eternal Tower.

At this moment, the remaining young geniuses present, including Ye Feng, Xiao Tao and others, all looked a little downcast.

Unexpectedly, this ancient building of enlightenment is really as rumored, and few people have been able to enter it for thousands of years.

However, everyone finally came to the fifth ancient tower of enlightenment. The name of the fifth ancient tower of enlightenment was very short, just two words "Tao Tower", but it gave everyone a strange feeling of simplicity.

Everyone tried one by one, and to Ye Feng and Bai Ling's delight, both Xiao Tao and Ye Shenyue were selected and entered the Taoist building.

"Master!"

"Ye Feng!"

At this time, Xiao Tao and Ye Shenyue looked at Ye Feng outside the building, their eyes hesitant to speak.

Ye Feng smiled and said: "Xiao Tao, Miss, you don't have to worry about me. You can quickly enter the Taoist Tower to understand the power of the rules of heaven and earth. I am lucky to get it, but not my life. Even if I can't enter the Ancient Tower of Enlightenment, for me It's just a loss of a relatively important opportunity, it's not a big deal."

Seeing Ye Feng being so free and easy, Bai Ling, who was standing next to him, looked at him in surprise. He didn't expect Ye Feng to be so broad-minded.

However, at this time, Xuanyuan Split Sky was in sharp contrast to Ye Feng's open-mindedness.

This young master from the Xuanyuan Imperial Clan above the sky has always been pretentious and thinks that he is very noble.

But five consecutive Ancient Enlightenment Towers did not recognize him, and Xuanyuan Splittian's mentality suddenly exploded.

His face was extremely gloomy, his eyes were ferocious, and he murmured to himself: "Why! It's impossible! Why is it that a peerless genius like me, a noble being like me, can't enter the Ancient Tower of Enlightenment?"

At this moment, everyone's eyes are focused on the last one, which is the direction of the sixth ancient enlightenment building.

The last Ancient Enlightenment Tower was the most majestic and tallest among the six Ancient Enlightenment Towers. It was ten times the size of the other five Ancient Enlightenment Towers, and it looked extremely shocking.

The bald bird smiled slightly at this time and said: "It is said that this last ancient enlightenment building was cast by the most amazing and talented human master in the history of the human race.

It is extremely extraordinary, second only to the tenth level area. The Temple of the Divine Emperor, no, this last ancient enlightenment building was built to be as high as the Temple of the Divine Emperor in the tenth level area. This shows that the great human race's ambition was to rival the ancient gods even before he became a god. Martial arts will!"

Many people heard the sound of the bald bird, and their eyes suddenly became extremely hot.

Xuanyuan Splittian seemed to have grasped the last straw at this time. His eyes were filled with the flames of ambition, and he murmured: "I must get the last ancient tower of enlightenment! I must get it!"

Everyone walked towards the last ancient enlightenment building.

And just when everyone had just arrived, Ye Feng, who was standing in the crowd, suddenly looked shocked, with an extremely complicated look on his face, including surprise, shock, memories, and a deep joy. .

"Qingdi Tower"

Three vigorous and powerful characters are now carved on the plaque of the last ancient building of enlightenment. .

Ye Feng stared blankly at the three big characters, and instantly felt a sense of familiarity originating from the depths of his blood and soul, as well as a sense of belonging in the Qingdi Tower.

"Isn't this the ancient enlightenment building built by my father back then..."

Ye Feng's eyes were extremely surprised. At this moment, his heart was filled with turmoil. He couldn't tell whether it was surprise or shock.

Chapter 1190 Heavenly Tribulation Sword

"The last ancient tower of enlightenment!"

At this moment, everyone on the field looked at the last Qingdi Tower with deep fiery eyes.

This is the last Ancient Enlightenment Tower. All the remaining young geniuses present naturally hope that they can be recognized by the Qingdi Tower.

Everyone tested them one by one, and the results were beyond doubt, and they were all excluded.

Including Xuanyuan Splittian, the young master of the Xuanyuan Imperial Clan, they were all blasted out by the Qingdi Tower.

"Why is this happening?"

Xuanyuan Splittian's mentality completely collapsed all of a sudden. He really didn't get the welcome from any ancient enlightenment building.

Tap tap tap...

Suddenly at this moment, Ye Feng suddenly stepped into the area of Qingdi Tower.

At this moment, Ye Feng felt a long-lost sense of familiarity, as well as a sense of warmth and security.

That was the aura of my father's past, the strength and will of his past, which remained in it.

After three thousand years, Ye Feng finally came into contact with his father at such a close distance. Although it was only the ancient enlightenment building left behind, it made Ye Feng feel happier than ever before.

"What?!"

At this time, Xuanyuan Splittian outside saw Ye Feng walking into the Qingdi Tower without encountering any attacks. His eyes were immediately shocked to the extreme, and then turned into deep jealousy and hatred.

"Why can this low-level person be recognized by the Ancient Tower of Enlightenment? And a descendant of God like me, a noble being like me, can't even enter the Ancient Tower of Enlightenment!"

Xuanyuan Splittian immediately roared angrily.

"I can not be reconciled!"

Xuanyuan Splittian's eyes were extremely ferocious at this time, and he suddenly rushed into the range of Qingdi Tower, roaring crazily: "I am the unique genius! I am qualified to enjoy the Ancient Tower of Enlightenment. people!"

"boom!"

But suddenly at this moment, a terrifying energy suddenly surged out of the Qingdi Tower.

The amount of energy bombarded Xuanyuan Splittian's body in an instant.

"puff!"

Half of Xuanyuan Splittian's body was directly shattered, blood surged wildly, and the scene was shocking.

"Little Lord!"

The young man from the Xuanyuan clan not far away rushed into the Qingdi Tower and forcibly pulled Xuanyuan Splittian out, thus saving Xuanyuan Splittian's life.

At this time, the flesh, flesh and bones of Xuanyuan Splittian's shattered half body were growing rapidly.

After all, for a being of the level of Xuanyuan Split Sky, as long as it is not instantly bombarded into blood mist, it can regenerate its body.

But Xuanyuan Splittian's eyes were full of deathly gray at this time, because he felt that all his past pride and self-esteem had been completely destroyed.

His martial arts heart was about to be broken at this moment.

"Young Master! Cheer up!"

The young man from the Xuanyuan clan immediately shouted loudly.

Many people around him looked at Xuanyuan Split Sky with happy expressions.

Especially the geniuses from the spiritual world were filled with bad breath.

Because Xuanyuan Splittian has been saying that the geniuses in the spiritual world are all "lower people", while he is the "upper class".

Now seeing Xuanyuan Splittian in such a miserable state, everyone naturally felt refreshed.

"He is indeed a mad dog. He even dares to question the ancient tower of enlightenment left by the ancient great power. He is lucky not to die."

At this time, the bald bird sneered, causing Xuanyuan Splittian to spit out a mouthful of blood in anger.

"You deserve to die!"

The young man next to Xuanyuan Splittian immediately stared at the bald bird, his eyes filled with murderous intent.

"Fuck! You want to kill me?"

The bald bird was immediately startled. It had not yet recovered the divine fire, and now it was extremely vulnerable.

"come on."

But at this time, Ye Feng, who was standing in the Qingdi Tower, suddenly stretched out his hand and grabbed it. The bald bird was directly taken to his side, and it was also within the scope of the Qingdi Tower.

"What?!"

Everyone present who saw this scene felt deeply shocked.

This Ye Feng, not only can he walk into the Qingdi Tower safely, but he also has the power to control the Ancient Tower of Enlightenment, pulling other creatures into it, and not being attacked and repelled by the Ancient Tower of Enlightenment?

"Monster!"

At this moment, countless geniuses standing outside showed deep shock.

"Brother! Take me to enlightenment together!"

"That dear fellow in the Qing Emperor Tower, I am willing to pay 100 million spiritual crystals to buy a vacant seat in the Qing Emperor Tower."

At this moment, all the young geniuses standing outside were shouting loudly, their eyes extremely excited.

But Ye Feng closed the door of Qingdi Tower with a "bang" at this time.

Everyone was extremely disappointed when they saw this.

But there are still many people staying outside the Qingdi Building, waiting for Ye Feng to change his mind.

But at this time, Xuanyuan Splittian's face looked ashen and extremely despairing.

At this time, the young man from the Xuanyuan clan next to him suddenly said: "Young Master, don't be too discouraged. That boy named Ye Feng comes from an extremely barren small state in the land of the human race in the spiritual world. He is weak and weak. , after he comes out of the Qingdi Tower, we can unite with the other geniuses of the Divine Family to deal with Ye Feng and force Ye Feng to hand over all the treasures and inheritance he got from the Ancient Tower of Enlightenment. "

When Xuanyuan Huitian heard the young man next to him say this, his eyes immediately lit up, and his face that was originally full of despair also flashed for an instant.

He became excited and said: "Yes! That's right!"

The young master of the Xuanyuan clan had a cruel smile in his eyes at this time, and said: "When the time comes, we must let this hateful boy named Ye Feng hand over everything he got from the Ancient Tower of Enlightenment and dedicate it to I, if he doesn't want to, then I will kill him directly!"

...

In the Qingdi Tower.

After the door was closed, the entire ancient building seemed to have blocked out all the noise from the outside world and became extremely quiet.

At this time, the bald bird's eyes were full of surprise. It stared at Ye Feng beside him. It seemed that he had never thought that Ye Feng could do this and actually take it in from the outside without encountering any Qingdi Tower. s attack.

"This Qingdi Tower seems to have been cast by the amazingly talented God Emperor of Creation back then."

At this time, the bald bird's eyes were extremely excited and he couldn't help but say: "Feng Boy, do you still remember what I told you on the spirit boat before? When I learned about Gu Tongtian, I also learned about it from historical books. Regarding the previous divine dynasty that was at its peak in the spiritual world, did you know that the God of Creation Emperor of the divine dynasty was apparently called Emperor Ye Qing..."

However, Ye Feng did not listen to the bald bird at this time. He just walked towards the center of the Qingdi Building in a daze.

There, on a huge black iron stone, was a light cyan long sword. On the hilt of the long sword, two small words were carved: "Heavenly Tribulation..."

Ye Feng walked up to him, stretched out his hand to touch the light blue long sword, and couldn't help but murmured to himself: "Is this really...the Heavenly Tribulation Sword? This is the creation created by my father's cultivation back then. Is it the peerless divine sword, the Heavenly Tribulation Sword, which was the first talent awakened from the Divine Art? The Heavenly Tribulation Sword that once killed a majestic ancient dragon..."

The bald bird was standing not far away at this time. Looking at Ye Feng's changing expression, he couldn't help but stretched out his bird's paw and touched his chin, "Little Feng has a secret..."
