Chapter 1191 Condensing Godhead

The Heavenly Tribulation Sword is the first talent awakened by the God of Creation, Ye Qingdi.

In Ye Feng's long-lasting memory, after he was born, his father, Emperor Ye Qing, had already reached the level of a god.

But Ye Feng had seen Emperor Ye Qing use the Heavenly Tribulation Sword once. Its power was terrifying and he directly killed a majestic ancient dragon.

At that time, Emperor Ye Qing took Ye Feng to kill the ancient true dragon in order to obtain the blood of the true dragon and extend the life of Ye Feng, the crown prince who had an innate curse.

Buzz!

At this moment, in the Qingdi Tower, when Ye Feng stretched out his hand and touched the Tribulation Sword, Ye Feng's whole will and spirit were suddenly pulled into a mysterious field.

At this moment, Ye Feng looked around and found that the area around him was no longer inside the Qingdi Tower, but a vast expanse of land.

At the end of this vast land, there is an extremely huge abyss.

"Roar!"

Along with an earth-shattering roar, a giant dragon measuring tens of thousands of feet suddenly jumped out of the abyss.

But at this moment, at the end of the vast land, a tall man with boundless majesty walked over.

He was wearing a golden imperial robe, a flat crown on his head, and held a light blue sword in his hand. He exuded a vast aura that overshadowed the heavens.

"Father..."

Ye Feng's eyes trembled, this tall man was his father, Emperor Ye Qing!

At this time, Emperor Ye Qing stepped from a distance, flew directly to the sky, and slashed down the giant dragon with a sword.

"Boom!!"

Suddenly, the terrifying and violent sword energy was filled with an artistic conception of great destruction. It struck down at once and directly tore the giant dragon into pieces.

Wow!

And at this moment, Ye Feng's divine will,

He returned to his original self in an instant.

At this time, the vast land around Ye Feng disappeared, and he was still in the Qingdi Tower.

"Little Feng, what's wrong with you?"

At this time, the bald bird asked quickly from the side.

Just now, the bald bird saw Ye Feng touching the sword. It remained motionless for a while, and then it suddenly ran over.

"I'm fine. It's just that my spiritual thoughts entered the artistic conception of this Heavenly Tribulation Sword just now."

Ye Feng glanced at the bald bird beside him and explained casually.

Then he stared at the light blue sword in front of him with some doubts.

Ye Feng knew that the Heavenly Tribulation Sword was the first natal talent awakened by his father.

Logically speaking, for Emperor Ye Qing, the Heavenly Tribulation Sword should be the same as his talents such as the Furnace of Creation, the Ancient Stele, and the Destiny Chart. It is inseparable from his own body. It is a talent, not an external one. weapon.

"Could it be that the Heavenly Tribulation Sword in front of me now is the physical war sword that my father used to cast from some precious material? It was modeled after the Heavenly Tribulation Sword that he awakened. The physical war sword that was cast is left in this Qingdi Tower. and leave it to future generations of the human race?"

The more Ye Feng thought about it, the more he felt it should be like this.

After all, the original intention of building the Six Great Enlightenment Ancient Buildings was to leave a treasure to future generations of humans.

But no matter what, this physical Heavenly Tribulation Sword modeled after talent was forged by Emperor Ye Qing himself. It is definitely a magic weapon. Ye Feng guesses that it will definitely not be weaker than the one he got from the demon world. Nine Netherworld Sword.

And what makes Ye Feng most happy is that he and the Heavenly Tribulation Sword have the same origin, and he can

A trace of divine power that activated the Heavenly Tribulation Sword.

Unlike the Nine Netherworld Sword, which is trapped by the backbone lock of Death, he can hardly use its divine power. Every time he uses it, he needs to convert his power into a source of magic, and then he can stimulate some of the will of Hades, and his power is limited.

"Qiang!"

Ye Feng suddenly pulled out the Heavenly Tribulation Sword from the groove in front of him. He could feel a devastating wave from the sword, a terrifying and majestic power.

"Wow!"

Ye Feng took out a sword sheath and carried the Heavenly Tribulation Sword behind his back. .??.

He did not refine the Heavenly Tribulation Sword to enter the Invincible Sword Domain because he did not have the ability yet.

A god-level war sword, Ye Feng found that the Invincible Sword Domain could not accommodate it for the time being. The majestic divine power might burst the current Invincible Sword Domain's territory.

"Feng Boy, look here quickly!"

Suddenly at this time, the bald bird exclaimed not far away, seeming extremely excited.

Uh-huh!

Ye Feng quickly dodged away and immediately saw the bald bird looking at a wall deep in the Qingdi Building.

At this time, Ye Feng saw that this wall was covered with densely written small characters.

"These fonts!"

Ye Feng's eyes were filled with joy. He recognized the fonts on the entire wall in front of him. They were indeed his father's handwriting.

Back then, Emperor Ye Qing taught Ye Feng to practice calligraphy in the palace of the Creation God Dynasty, so Ye Feng was very familiar with his father's handwriting.

The bald bird's eyes were excited and he said: "The content written on this entire wall is probably the record of the enlightenment and enlightenment left by the amazingly talented God Emperor of Creation back then. This is a supreme treasure! Feng Xiaozi, please understand quickly and absorb the world

With the power of law, maybe you can condense a part of the divine personality that belongs to the most powerful people in the realm of gods in the realm of immortals! "

Ye Feng's eyes moved and he said: "Godhead? Can I condense it in the immortal realm?"

The bald bird was extremely excited and said: "Although it is impossible to condense the perfect godhead, it can be condensed into a part, such as one percent or two percent."

Ye Feng said in surprise: "Can you only condense one percent or two percent?"

The bald bird immediately said eagerly: "What do you know! That is the immortal Godhead, the extremely noble Godhead! You can start to condense the Godhead in the Immortal Realm, which is equivalent to touching the level of the God Realm in advance, even if it is just condensation. If you gain even one percent of your divine power, Feng Boy, your combat power will increase dozens or even hundreds of times in an instant! Just be satisfied!"

Ye Feng's eyes lit up and he said, "Is it true or false?"

"of course it's true!"

The bald bird hurriedly said: "Little Feng, don't waste time, hurry up and understand! It is estimated that many other powerful geniuses or powerful people from the demon world will come this time, and the sacred mountain of gods and demons is connected to the legendary ancient war base. The ruins of the ancient war base may be opened this time, so time is limited, so hurry up and learn about it!"

"good!"

Ye Feng quickly sat down cross-legged, facing the entire wall full of fonts, and began to comprehend the enlightenment and god-making records left by his father, and released the swallowing vortex, and began to absorb the heaven and earth on the sacred mountain of gods and demons. Use the power of law to condense your own godhead to the greatest extent possible.

At this time, the bald bird also opened its mouth and spat out a pen and a piece of paper from the space in its stomach, and directly began to excerpt the words on the wall one by one. Its eyes glowed and it murmured: "These records, It's a great treasure! Hurry up and copy it!"

Chapter 1192 Preaching in Letters

In the Qingdi Tower, Ye Fengku sat in front of a wall filled with enlightenment and enlightenment.

He has been meditating for half a month and feels that his spirit and soul are about to be exhausted.

Because all the words written on the entire wall were left by Ye Qingdi, the God of Creation who was about to achieve the realm of gods. They contain countless great truths. If you want to understand Ye Feng's current realm, it is really a piece of cake. Very difficult thing.

However, Ye Feng gritted his teeth and persisted, because he knew very well that if he could understand something from the records on the wall in front of him, even just a little bit, he would be able to greatly improve his current self.

"Buzz!"

At this time, the soul gem also exuded a mysterious power, helping Ye Feng unlock the ability to comprehend beyond the monster.

Just this morning.

"Buzz! Buzz! Buzz..."

Suddenly, the words on the wall in front of Ye Feng fell off the wall one by one, turning into fonts condensed with golden divine light in the void, and all rushed into Ye Feng's mind.

"This is... writing to carry the Tao, using writing to preach?" .??.

The bald bird, which was sleeping soundly not far away, suddenly sensed something. It opened its eyes, saw this scene, and immediately couldn't help but scream in surprise.

"Buzz!"

But as those golden fonts fell off the wall and entered Ye Feng's mind, the bald bird immediately saw that Ye Feng's entire body was drying up rapidly. This phenomenon exhausted all his blood and life essence. gas.

"not good!"

The bald bird's eyes suddenly changed, and he couldn't help but say: "All the words written on the wall are all the enlightenment left by a strong man who is about to enter the realm of God. Although he doesn't know Feng Xiaozhi Why is the soul so strong that it can bear this kind of weight, but it looks like his body is almost unable to bear it. The life essence is rapidly depleting, and it will kill people if this continues! "

The bald bird quickly ran to Ye Feng's side, stretched out its little claws, and wanted to wake up Ye Feng.

But it immediately stopped moving, because the bald bird knew very well that this was definitely a huge opportunity for Ye Feng.

even

It will be of great help to Ye Feng's future martial arts practice and his attainment of enlightenment.

If interrupted midway, it would mean that Ye Feng had lost a major opportunity.

"Forget it, forget it! Give your kid some divine blood to help you replenish it and survive this time!"

The bald bird had a mournful expression on its face, but it still made a cut on itself without hesitation, forcing out drops of purple blood, which dripped into Ye Feng's mouth.

Although the bald bird has no fighting power, it looks ugly, just like a featherless sparrow.

But you must know that after all, it used to be a divine fire bird in the sky. Although it has lost its divine fire, its blood is truly divine blood.

So at this time, after the bald bird dropped its divine bird's blood into Ye Feng's mouth, the divine blood was immediately absorbed.

Buzz!

What can be seen with the naked eye at this time is that after Ye Feng absorbed a drop of divine blood, his shriveled body immediately became full again, as if it had been injected with new vitality.

"call....."

Seeing this scene in front of him, the bald bird immediately let out a long sigh of relief.

But just half an hour later, Ye Feng's body shriveled up again.

Moreover, at this time, only half of the text on the wall had fallen off, and a full half of the text on the wall had not turned into golden fonts and was transmitted to Ye Feng's mind.

"Depend on!"

"No!"

When the bald bird saw this scene, he jumped up in shock.

It had a strong urge to wake up Ye Feng, but it thought that for Ye Feng, this was a huge opportunity that only happened once in a thousand years.

Moreover, Ye Feng treats himself very well on weekdays.

Thinking of this, the bald bird gritted his teeth and said: "In my current state, I don't have much divine blood in my little arms and legs, but Feng Xiao

Son, you are lucky. For your future and for me to be able to follow you in the future and possibly grow into an invincible big shot, I will fight hard, Mr. Bird! "

Poof!

The bald bird directly tore a huge tear in his body, and drops of purple divine blood flowed out in an instant, all injected into Ye Feng's mouth, and then actively absorbed by Ye Feng's entire body, and his body changed again Gotta be full.

The whole process lasted for nearly a day and night, and finally all the words on the wall fell off and turned into a golden chapter, suspended in Ye Feng's mind.

At this time, Ye Feng also woke up from his deep state of cultivation. Looking inside, he could see that in his spiritual soul world, all the enlightenment and insights written by his father back then were turned into a golden chapter, suspended in the sky. In his mind, there is an aura of supreme truth exuding.

"In this way, I can gain enlightenment every day. At least it will be of great help until I achieve the most powerful person in the realm of gods."

Ye Feng was very happy.

At this time, he opened his eyes, and what shocked him was that the bald bird in front of him was lying on the ground, turned into skin and bones, and his breath was very exhausted.

"Master Bird, what's wrong with you?"

Ye Feng immediately exclaimed, and quickly took out recovery pills from the storage ring and gave them to the bald bird.

While swallowing the pill, the bald bird couldn't help but complain: "It's for you, Mr. Feng. Do you know that when you absorbed the powerful insights on the wall just now, you almost exhausted your life essence? If it weren't for Master Bird, I would have given you a blood transfusion, and I would have probably died without you even realizing it, turning into a withered skeleton."

"What?"

Hearing what the bald bird said, Ye Feng was immediately startled.

Then he hurriedly said: "Don't worry, Mr. Bird! I will help you replenish all your blood!"

With that said, Ye Feng took out pills and top-quality spiritual crystals from the storage spirit ring and asked the bald bird to eat them, as well as some spring water of life for the bald bird to drink.

"

It's not in vain, Lord Bird, I'll save you. "

The bald bird said loudly as he ate and drank.

Ye Feng was staring at the bald bird at this time. Although he didn't say anything, his eyes were filled with gratitude.

Fortunately, the bald bird was hunted down at that time and was taken into the Qingdi Tower by himself. Otherwise, he would have become a shriveled skeleton and fell into the Qingdi Tower now.

Ye Feng was comprehending the golden chapter in his mind at this moment, and felt that his entire martial arts secret had become extremely condensed.

And what makes Ye Feng most happy is that in his body, an energy ball exuding divine light is rising and falling.

That is the divine personality condensed by Ye Feng!

Although it is true as the bald bird said, only one percent is condensed.

But this is already a huge achievement!

You must know that being able to condense one percent of the divine personality in the realm of great immortality cannot be said to be unprecedented or unprecedented, but at the very least it can

be said to be extremely evil. It is a peerless qualification that is unique among thousands. make it happen.

Ye Feng now possesses one percent of his own godhead. Although there is no substantial breakthrough in his cultivation, his combat power has skyrocketed like never before.

Ye Feng could feel that now he would definitely be able to easily defeat the young master of the Xuanyuan clan, Xuanyuan Split Sky.

"Ye Feng! Quickly save Xiao Tao! And your friend Ye Shenyue! A group of terrifying demon princes came outside. They didn't know what means they used to make all the ancient wills of other ancient enlightenment towers disappear. At this time, they are besieging all the Ancient Enlightenment Towers. Except for your Qingdi Tower, all the other Ancient Enlightenment Towers are about to fall!"

Suddenly at this moment, Ye Feng suddenly heard Bai Ling's cry for help coming from outside the Qingdi Tower.

"What?"

"The prince of the demon clan? Attacking the Ancient Tower of Enlightenment?"

"Xiao Tao and the eldest lady are being besieged?"

Almost at this moment, Ye Feng's eyes were startled, he quickly opened the door of Qingdi Tower and rushed outside.

Chapter 1193 Demon Prince

Uh-huh!

When Ye Feng rushed out of Qingdi Tower and came outside.

The chaotic scene in front of him immediately made his eyes look a little ugly.

At this time, on the entire Holy Mountain of Gods and Demons, groups of powerful young demons appeared, fighting everywhere with the geniuses of the human race.

Even the descendants of the divine family such as Chu Wudi and Xuanyuan Splitian were forced into fighting with the powerful demons and fell into a quagmire.

At this moment, Ye Feng immediately came to a beautiful figure in white outside Qingdi Tower.

Bai Ling looked very embarrassed at this time, and his body was stained with blood. He didn't know whether it was his own blood or the blood of the demons.

Her hair was a little messy at this time, and she immediately stared at Ye Feng, seeming to regard Ye Feng as the last life-saving straw, and said anxiously: "Ye Feng! You are the only one I can think of to help you, go quickly. Save Xiao Tao and your friend Ye Shenyue. They are all trapped in the 'Dao Tower' and are struggling to hold on. They are almost unable to hold on. Even I was almost killed. "

At this time, Bai Ling opened the clothes on his abdomen. Ye Feng's eyes immediately turned cold. He saw that there was a deep scratch on Bai Ling's abdomen, and the blood had turned black. It was obvious that he had been poisoned by a demon. The claws of his body were almost torn apart, as well as the poison.

"I'll help you detoxify and heal your wounds."

Ye Feng spoke immediately.

"No need! I can hold on!"

Bai Ling grabbed Ye Feng's hand and immediately pulled him to run wildly into the distance.

When Ye Feng saw Bai Ling like this, he knew that she was really anxious. After all, in that "Tao Tower" was the hope for the future of their Bai family.

When the two of them were speeding towards the Dao Tower, Ye Feng saw many talented human beings on the road, all of whom were besieged by powerful demons.

This made Ye Feng very surprised. He did not expect that the powerful demon clan used some special means to not only pass through the gate of the sacred mountain of gods and demons, but also to make the ancient will disappear in the ancient building of enlightenment.

At this moment, Ye Feng looked at Bai Ling beside him and asked: "Why didn't I feel any changes in the Qingdi Tower, while there was blood flowing like a river outside and it was so chaotic?"

Bai Ling looked at Ye Feng and said quickly: "The Qingdi Tower you are in is the only place in the six ancient enlightenment towers that the demon princes cannot invade. Maybe the human ancestor who built the Qingdi Tower at that time It is too strong, even if those demon princes have demon forbidden weapons in their hands, they cannot destroy the ancient will in the Qingdi Tower. It can be said that the Qingdi Tower where you are now has become the last piece of pure land in the Holy Mountain of Gods and Demons. "

Hearing this, Ye Feng nodded slightly, said nothing more, and just ran quickly in the direction of the Taoist building.

"Oh? Are you the genius of the human race who stays in the Qingdi Tower? You actually took the initiative to come out. You are really brave. But it is a pity that you are going to die and become my blood food!"

suddenly here

At this moment, a billowing demonic energy surged from not far away.

In the midst of the billowing demonic energy, there floated a strange young man wearing a golden robe. This was not a human race, but a master of the demon race, with a terrifying cultivation level of a great immortal.

The powerful demons who can enter the area of the sacred mountain of gods and demons are naturally very powerful.

"He is an extremely powerful demon master!"

Bai Ling suddenly said to Ye Feng beside him: "Ye Feng, you go rescue people first, and I will hold back this demon master."

"Need not."

Ye Feng immediately spoke out, and then directly struck out with a palm.

Boom!

Suddenly, boundless and terrifying power surged out from Ye Feng's palm.

Like a vast ocean, violent power spurted out from Ye Feng's palm, directly forming a huge star palm in the air, covering the sky and the sun, directly killing the demon master in the Great Immortal Realm. It's like holding a little chicken.

"What?"

At this moment, Bai Ling's beautiful eyes were immediately shocked to the extreme.

"How can it be!"

At this time, the demon master who was showing off his power just now suddenly became extremely ugly in his eyes, and couldn't help shouting: "You...you, a human boy, are also at the level of a great immortal, why?" It's possible that it's so powerful! It's impossible for you to have condensed the prototype of your godhead in such a short period of time!"

This demon master wanted to say something more, but at this time, he was pinched by Ye Feng's big hand, and with a "boom", the demon body exploded instantly.

Demon master, die!

Bai Ling's eyes widened when he saw the shocking scene in front of him.

A master of the demon race in the realm of great immortality was crushed to death by Ye Feng with one hand?

What kind of terrifying combat power is this?

Bai Ling felt sluggish inside at this time.

Ye Feng smiled slightly at this time, with a look of satisfaction in his eyes.

In that blow just now, Ye Feng used one percent of the divine power that had been condensed in his body.

What he didn't expect was that the power of the godhead would be so terrifying, and his combat power would skyrocket to a whole new level of intensity.

When Ye Feng and Bai Ling finally arrived at the "Tao Pavilion", they immediately saw the figures of two beautiful women, one large and one small, in the ancient pavilion. They were already trembling, and even the corners of their mouths were stained with blood. .

They work together

He held up a protective light shield, but it was almost unable to hold it up.

"Boom!"

"Boom!"

Outside the Taoist Tower, three masters of the Great Immortal Demon Race were frantically attacking the protective light shield. The protective light shield was about to break in the next moment.

Xiao Tao and Ye Shenyue both had wry smiles on their faces. They did not expect to encounter such a huge change. Countless demon masters broke into the sacred mountain area of gods and demons.

"kill!"

As soon as Ye Feng came from a distance and saw the scene in front of him, he immediately became murderous.

"boom!"

"boom!"

"boom!"

Ye Feng unleashed his fighting power at this moment and struck three palms in the void in succession.

"ah!"

"ah!"

"ah!"

Suddenly, the three demon masters who were besieging the Dao Tower did not even react, and their entire bodies were directly shattered.

"Devouring the Realm!"

At this moment, Ye Feng's entire body's internal devouring force automatically surged out, swallowing up all the energy and blood.

This made up for a lot of Ye Feng's power consumption. After all, using one percent of his divine power also cost Ye Feng a huge amount.

Otherwise, it would be impossible for him to have such a powerful combat power and kill three masters of the Great Immortal Realm Demon Race instantly and instantly.

"Master!"

"Ye Feng!"

The three demon masters were killed instantly. Xiao Tao and Ye Shenyue in the Taoist Tower immediately saw Ye Feng's figure, and they immediately cried out in surprise.

Uh-huh!

Ye Feng led Bai Ling into the Taoist building, came to Xiao Tao and Ye Shenyue, and quickly said: "Are you okay?"

"fine."

Ye Shenyue stared at Ye Feng and said with some surprise: "Why did so many demon masters suddenly come to the Holy Mountain of Gods and Demons?"

Ye Feng shook his head and said, "I don't know either."

Bai Ling pulled Xiao Tao at this time and said with a solemn expression: "I think it may be related to the ruins of the ancient war base connected to the Holy Mountain of Gods and Demons."

Xiao Tao looked curious and said: "Sister Bai Ling, is the legend about the ruins of the ancient war base true? I heard some grandfathers in the family say that the ruins of the ancient war base connected to the Holy Mountain of Gods and Demons were once the site of countless gods and demons. The ancient place where we fight and fight contains countless heaven-defying opportunities and fortunes, as well as various peerless magical medicines, as well as the legacies and inheritance of the gods. Is all this true? "

Bai Ling smiled bitterly and said, "I don't know if it's true or not. It's always been a legend, but now I've seen so many demons breaking in.

, I think that maybe the legend is true. The ruins of the ancient war base may really be opened this time. If it is really opened, it will not only be for us, the genius of the human race, but also for these powerful demons who suddenly broke in. For those who have it, it will be a rare opportunity that only comes once in a million years, because it will open up the legacy of the ancient gods. "

When several people heard what Bai Ling said, they were about to say something.

But suddenly at this moment, a deeply murderous voice sounded.

"The three palms instantly killed the three powerful demon guards of my prince. You are the genius of the human race. I have to say that you really impressed me. However, I have already judged your fate. That is... you today Dead!"

Not far away, a tall demon young man wearing black iron armor slowly walked over. He held a pitch-black halberd in his hand. His body was full of demon energy like a vast ocean, and his life force was like an ancient evil beast. It was obvious that he was very powerful. The cultivation base is terrifying to the extreme.

"The cultivation of the Dzogchen Immortal Realm!"

The expressions of Bai Ling and others changed one after another, and they couldn't help but say: "This is a real demon prince! He is the top demon warrior who has broken into the sacred mountain of gods and demons this time!"

The demon prince smiled coldly and said: "Now that you know how powerful I am, then obediently hand over the key in the Taoist Tower that can open the ruins of the ancient war base, otherwise I will kill all of you! "

Ye Feng heard the words of the demon prince at this time, and his eyes suddenly moved. The key to unlocking the ruins of the ancient war base was actually hidden in the tower.

At this time, Ye Feng finally understood why these powerful demons were attacking the Ancient Tower of Enlightenment.

It turned out to be to plunder the key hidden in the ancient building of enlightenment!

At this time, Xiao Tao looked very innocent and said: "We studied the power of the rules of heaven and earth in the Tao Tower, and we didn't find any keys at all!"

"Stop talking nonsense!"

The devilish aura on the demon prince's body was so strong that it covered the sky. He slowly walked towards the Taoist Tower, like an ancient evil beast stepping forward, wanting to choose people to devour. It was very terrifying.

Although the three girls Bai Ling, Xiao Tao and Ye Shenyue were all top human race geniuses in the upper fairy realm, at this moment, they all felt an irresistible terrifying pressure that almost destroyed them.

boom! !

But suddenly at this moment, Ye Feng suddenly took a step forward. A surging human race's fighting blood and fighting spirit instantly melted into an unmatched vast aura, suddenly emerging from his body. It exploded from above and instantly dissipated the terrifying pressure of the demon prince in front.

Ye Feng stared coldly at the demon prince opposite him, his eyes like daggers, fearless and unafraid, and said in a sonorous voice: "If you want to fight, then I will fight with you! I want to see what happens in the end. Who lives and who dies!"

Chapter 1194 The Strongest Punch

"You ignorant human boy! You are so arrogant! How dare you declare war on this prince? Who gave you the courage? Tell me!"

At this moment, after hearing Ye Feng's sonorous and powerful response, the extremely powerful demon prince suddenly became extremely furious.

His tone at this time was also full of endless murderous intent.

Tap tap tap!

At this time, the Demon Prince was striding toward the Dao Tower, his eyes filled with demonic light, filled with endless killing intent: "Since you are so arrogant, then I will kill you and all your friends. Then I will snatch the keys from you, it will only take a little time anyway. "

At this moment, the conflict between Ye Feng and the demon prince suddenly attracted the attention of many people. .??.

Everyone's fighting on the entire Holy Mountain of Gods and Demons has temporarily stopped.

Whether it was the genius of the human race or the master of the demon race, they all looked in the direction of the Dao Tower.

The descendants of the divine family, including Chu Wudi and Xuanyuan Splitian, looked towards the Dao Tower with a hint of shock on their faces.

They never expected that the first thing Ye Feng did after leaving seclusion was not to escape, but to confront a powerful and terrifying demon prince for his friends.

You know, the demon prince is the most powerful fighting force among this group of demons.

At this moment, both the geniuses from the human race and the masters from the demon race were all casting their eyes in the direction of the Dao Tower.

"How dares a young man who has attained the realm of immortality from the human race to fight against the noble prince of our demon race? It's just like a fly shaking a tree or an egg striking a stone."

Many demon masters sneered and sounded disdainful.

At this time, Chu Wudi, Xuanyuan Splittian and other descendants of the divine family above the sky were silent.

"Brother Ye, come on!"

"Kill this group of vicious demon bastards!"

At this moment, all the top human geniuses from the spirit world were shouting and roaring.

Obviously, Ye Feng's combat power now represents the pinnacle among the geniuses of the human race in the spirit world. In the minds of many people, Ye Feng has become the backbone of the geniuses in the spirit world.

Feeling the gazes of countless people around him, the demon prince was not angry but happy, and laughed and said: "Human boy, it seems that you are very popular, and you are the top combat power among the human geniuses? That's great, it just so happens that I Under the spotlight, the prince will kill you on the spot, dashing all the hopes of you ridiculous human race geniuses!"

Ye Feng said coldly: "With so much nonsense, do you dare not take action?"

"shut up!"

The demon prince suddenly became furious and said: "Today I will kill you and use your blood to pay tribute to my three loyal demon guards!"

Buzz!

This was a huge killing intent, carrying billowing demonic energy. It surged out from the body of the demon prince. The surrounding earth was "clicking" and "clicking" into pieces. The scene was very... Terrifying, this shows how powerful this demon prince is.

Ye Feng's eyes were cold and sharp to the extreme. He knew that this battle was not only his own personal battle, but also a battle between humans and demons!

Once they lose, the entire human race may lose confidence.

And once they win, the demon clan's turmoil will subside and they will not dare to be so cruel again.

"kill!"

Ye Feng no longer hesitated, and instantly activated the Divine Art of Creation. The energy of the Great Holy Body surged out instantly, and the light of the stars burst out from his body. His entire body, bones, hair, and even pupils turned into stars. Made of solid iron, full of endless power!

"The Heaven-Slaying Halberd!"

The demon prince held the pitch-black halberd in his hand and roared in an instant. Holding the halberd, he slashed down with a bang. A black divine light spread across the world, just like the demon sword that killed the sky, possessing unrivaled sharpness and destructive power. The force was directly bombarded.

"when!!"

But it was blocked by Ye Feng's fists made of star iron.

"What?"

"What a powerful body! Even more powerful than our demon body!"

Almost at this moment, many demon masters who saw this scene couldn't help but exclaimed.

Ye Feng, a human boy, actually used his body strength to resist the demon prince's halberd, which really shocked many demon clans.

The demon prince smiled coldly and shouted: "Even if your body is made of divine iron, I will chop you to death!"

"Crazy Demon Slashes the Sky!"

The demon prince seemed to be going crazy at this time. He regarded the pitch-black halberd in his hand as a sword and performed a very terrifying demon-killing technique.

Boom boom boom!

Boom boom boom!

In an instant, under the crazy chopping of the demon prince, the entire sky was covered by countless black lights, like thousands of destructive divine lights, surrounding Ye Feng and covering the sky. Able to destroy everything.

That kind of terrifying fluctuation is enough to instantly wipe out an ordinary super strong person in the Dzogchen Immortal Realm.

The prince of the demon clan is worthy of being the top combat power among the demon clan. The destructive power caused by this move is simply terrifying to the extreme, possessing infinite demonic power!

"Qiang!"

But at this moment, Ye Feng suddenly pulled out the light cyan sword from the scabbard on his back.

boom!

An extremely terrifying sword light burst out from the body of the Heavenly Tribulation Sword in an instant, like the first light in the chaos of the universe, cutting through the endless darkness and tearing apart the entire world.

"Death to the Gods!"

Ye Feng's eyes were extremely cold. At this moment, he frantically mobilized his power, injected it into the Heavenly Tribulation Sword in his hand, and suddenly executed the most powerful and destructive sword move.

The sorrow of the gods!

This is the terrifying swordsmanship inheritance brought by Uncle Nan from the perfect world of the second universe.

Although it is just a sword move, it contains endless destruction and edge, and has unmatched attack power.

"Boom!"

Suddenly, there was an earth-shattering roar in the entire sky, the terrifying sword light, and the demonic energy that covered the sky all collided together.

Ye Feng and the demon prince also rushed together at this moment, and the two figures appeared

All above are blooming with divine light, like two gods fighting in the void, and every move is like a scourge, capable of destroying the endless earth, causing mountains to collapse, the sky to tremble, and creating huge and terrifying waves of destructive light.

"retreat!"

"Quickly retreat!"

At this moment, the countless human prodigies or demon masters who were watching the battle all changed their expressions and quickly retreated towards the rear.

Xiao Tao, Ye Shenyue and Bai Ling were very safe in the Taoist Tower.

At this time, even the descendants of the divine family such as Chu Wudi and Xuanyuan Splittian could not help but take several steps back outside of the terrifying destruction battle. They needed to avoid the edge temporarily to avoid being involved in the violent waves of destruction. , suffered heavy losses.

At this moment, Chu Wudi stared at Xuanyuan Splittian, who was standing next to him, with a sneer on his rough face, and said: "Xuanyuan Splittian, it's a shame that you wanted to unite with other descendants of the divine descendants to deal with this Ye Feng." , after this battle, no matter who wins or loses between Ye Feng and the demon prince, I am afraid no one will dare to join forces with you again. "

When Xuanyuan Splittian heard what Chu Wudi said, his handsome face suddenly became extremely ugly.

At this time, the young men of the Xuanyuan clan could not help but say: "Young Master, this Ye Feng is too powerful. He must have condensed part of his godhead. Otherwise, it would be impossible to explode such a powerful combat power in the realm of Dachengxian. It is simply It is comparable to some powerful people in the False God Realm. I think we should not be hostile to this Ye Feng. In the current special situation, facing the demons and foreign enemies, we humans

need to put aside our prejudices and unite together, otherwise the ancient war base No one can get the benefits from the ruins.”

When Xuanyuan Splittian heard what the young man beside him said, his expression became increasingly uglier, but he also knew that what the young man beside him said was true.

"The Ancient Dragon Elephant Collapses Palm!!"

Suddenly, at this moment, Ye Feng's roar suddenly rang out in the destructive battlefield in the void.

"Roar!!"

"Roar!!"

Everyone saw it immediately, ancient dragon elephants with towering bodies like mountains, roaring and roaring, as if rushing from the ancient vast era, all ran out from Ye Feng's palm, like thousands of troops, filled with energy. The endless crushing power trampled away the demon prince on the opposite side.

"My martial arts skills are good! But do you think this prince doesn't have a group-attack killer move?"

The demon prince is indeed very powerful. Even after the battle with Ye Feng, who has one percent of his godhead, he is still very powerful. He is like a young demon god with endless fighting power.

"Titan's Great Magic Power!"

The demon prince roared loudly, and from the endless, ocean-like wave of demonic energy around him, a majestic giant demon suddenly walked out. It was the ancient Titan demon, roaring crazily, and headed towards The ancient dragon elephant blasted out by Ye Feng rushed away.

"Rumble..."

This was an unprecedented brutal battle, and it was also a peerless fight that amazed countless people. Terrifying roars resounded throughout the sky, and countless waves of destructive light

almost destroyed the entire Holy Mountain of Gods and Demons. The entire earth was in turmoil. disturbed.

"No matter who loses or wins this battle, it will definitely go down in history!"

someone

I couldn't help but exclaimed in surprise, feeling an unprecedented shock.

The fight between Ye Feng and the demon prince seemed to represent a war between two races. It was grand and tragic, majestic and bloody, and astonished countless human geniuses and demon masters.

"boom!"

Suddenly at a certain moment, Ye Feng charged up a strike, and the Heavenly Tribulation Sword burst out with terrifying light, cutting off one of the demon prince's arms.

"Ah! It was you who hurt me first! Are you stronger than me in combat? No! I will make you pay a higher price for the next blow! God-Demon Sky-Tearing Claw!"

The demon prince looked like a madman at this time. He consumed half of his demonic source at once and unleashed an ancient and terrifying forbidden killing move, the God-Devil Sky-Tearing Claw.

Poof!

Almost at the next moment, an irresistible huge claw appeared in front of Ye Feng and tore it off fiercely.

"Wow!"

Ye Feng's chest was torn apart at once, revealing three deep claw marks. The blood surged wildly, and the bones were visible. Even the hardness of the Dacheng Holy Body could not withstand this move. Obviously, this move was extremely terrifying, with unparalleled destructive power.

"Come again! God and Demon's Sky-Tearing Claw!"

The demon prince's face suddenly turned pale, but his eyes were full of deep excitement and killing intent. He consumed half of his demon source, and an even more terrifying claw appeared. With this blow, he wanted to Tear Ye Feng into pieces completely.

"The laws of heaven and earth!"

"The flood of time!"

"The future body of Dzogchen!"

"The strongest punch!!"

Ye Feng yelled loudly at this time, and his eyes showed unprecedented madness.

Under the shocking gazes of countless people, Ye Feng's entire body suddenly became extremely majestic, becoming a golden giant with a height of 30,000 feet.

In addition, a huge crystal mirror appeared behind him, and a majestic figure walked out of it, and also followed Ye Feng with a punch.

"boom!!"

This punch is Ye Feng's most peak punch at present. It has forged the power of the heaven and the earth, one percent of the divine power of the godhead, and is also blessed by the dual combat power of Dzogchen's future body and his own body.

The giant golden fist the size of a mountain looked like it had just been smelted from the furnace of the heavens. It exuded immortal light and contained the infinite power of Ye Feng's body. It burst out with monstrous power and defeated the demon in one fell swoop. The clan prince's God-Demon Sky-Tearing Claw was violently destroyed.

Boom!

Then the golden giant fist continued to strike, and with a "boom" sound, the demon prince with frightened eyes was blown away. He flew backwards 30,000 miles away, smashing countless mountains in the distance, and finally The demon prince was dying and buried in ruins.

This scene is full of endless shock!

"What?!"

Finally, at this moment, the entire field, whether it was the genius of the human race in the spiritual world, the descendants of the divine family in the sky, or the many powerful demons who were originally sneering, their eyes changed at this moment. He was so sluggish that he just froze in place, unable to move his body, leaving only the endless shock in his heart.

Chapter 1195 Are you still human?

At this moment, the entire area of the Holy Mountain of Gods and Demons fell into deathly silence.

Everyone's eyes were dull, witnessing an unprecedented shocking fight.

Countless demon masters never imagined that the ultimate loser would be their demon prince!

You must know that the demon prince represents the top combat power among this group of demons, and is the belief in the hearts of many powerful demons!

But now, the demon prince finally lost, and the faith of many powerful demons was mercilessly shattered.

"boom!"

At this time, the 30,000-foot tall and majestic golden giant actually stepped into the distance, stretched out his big golden hand, grabbed the dying demon prince who was buried in the ruins, and then swallowed him with a "Gulu" sound.

"What?!"

All the powerful demon clan men who saw this scene immediately became extremely shocked and angry. .??.??

The demons have always been feeding on the human race, but now, they are watching a golden giant transformed into a human race's genius swallowing the demon prince.

This scene brought a huge shock to all the demons, and even to all the geniuses of the race.

This is a conceptual subversion and a shattering of tradition!

"The demons are so delicious!"

The golden giant suddenly laughed, his tone full of endless rage.

This scene, domineering and wild, also shows Ye Feng's own human will.

"This is too cruel!"

And at this moment, even Xuanyuan Split Sky was shocked and felt deep fear and fear.

"A role model for our generation!"

Chu Wudi held the golden ax in his hand, his eyes high with fighting spirit.

"Buzz!"

At this moment, the golden giant suddenly disappeared in a divine light.

Ye Feng's true body appeared on the spot. He looked a little pale at this time. It was obvious that he had thrown out the strongest punch just now, which consumed a huge amount of energy.

However, the result was also extremely significant. He directly killed a demon prince from the Dzogchen Immortal Realm with incredible combat power, temporarily resolving the crisis of demon unrest on the field.

because

After the demon prince, who was at the peak of his combat power, was killed, other groups of powerful demons showed fear in their eyes.

"Young boys from the human race, just wait! We from the demon race have other princes, and even the Son of God is coming soon, and I want you to look good when the time comes!"

A group of powerful demons were threatening and retreating quickly towards the outside of the Holy Mountain of Gods and Demons.

"Get out of here!"

boom!

Chu Wudi suddenly held the golden ax in his hand and chopped into pieces a strong demon who had no time to retreat, and his blood spilled all over the ground.

"Ye Feng, are you okay?"

At this time, Ye Shenyue immediately stepped forward and supported the weak Ye Feng.

"Don't worry, Miss. I'm fine. It's just that I consumed too much all at once. I have to say that the demon prince is very strong, very strong. I almost used all my means to seriously injure him in an instant, because if I delay any longer, If the demon prince uses any other powerful weapons or inheritance, maybe I will be the last one to die."

Ye Feng spoke out at this time. Although he had killed the demon prince, his tone was deeply solemn. Fortunately, in the end, he ignored everything and directly released his strongest power and beat the demon prince. Caught off guard.

Xiao Tao immediately said: "No matter what, the young master killed the demon prince and swallowed the demon prince. The young master will definitely have a huge breakthrough next. No matter how many demon princes or gods come by then, they will not be the opponent of the young master." , they will all be beaten down by the young master!"

Ye Feng smiled and touched Xiao Tao's little head and said, "Little girl, you really know how to talk."

Ye Feng could feel at this time that the huge demonic source of the demon prince was surging in his body. He needed to find a place to refine it quickly, which would definitely improve himself greatly.

"correct."

Ye Feng suddenly looked at Xiao Tao and Ye Shenyue, who were supporting him, and said, "What the demon prince said before is the key that can open the ruins of the ancient war base. Did you get it?"

Xiaotao is confused

The ground shook his head.

Ye Shenyue's eyes flashed, and with a flip of her hand, a small purple jade talisman appeared.

She said aloud: "This purple jade talisman should be the key that the demon prince wanted before."

Ye Feng's eyes lit up, he stared at Ye Shenyue, and said: "Very good, this is the key to unlocking the ruins of the ancient war base. There are probably other keys, maybe in the hands of other geniuses, and the demons may also have them, otherwise they won't It took so much trouble to attack us, so I judge that if we want to open the ruins of the ancient ancient war base connected to the sacred mountain of gods and demons, we need to collect all the keys. We only need to take the keys in your hand, eldest lady. With this key, we don't have to worry about the ruins of the ancient war base being opened in advance, so now we go to the Qingdi Tower to recuperate and return to peak condition. I also want to refine the demon prince's demon source power, maybe I can break through again. "

Bai Ling's eyes were surprised and he said: "Qingdi Tower only recognized you, Ye Feng, and we are all outsiders..."

"rest assured."

Ye Feng smiled and said: "I can control the ancient will in Qingdi Tower so that it will not attack you."

"Really?" ??

The moment Ye Feng finished speaking, the three girls Bai Ling, Xiao Tao and Ye Shenyue in front of them couldn't help but their beautiful eyes lit up and they spoke in surprise.

"Let's go directly to the Qingdi Tower. No matter how many demon princes come, they can't attack it. And with a key in our hands, we have a bargaining chip."

At this time, Ye Feng said and walked towards the Qingdi Tower with the three girls.

"stop!"

But at this moment, a tall man full of murderous intent blocked the way of Ye Feng and others.

It turned out to be Xuanyuan Split Sky!

At this time, the young man from the Xuanyuan clan whispered in Xuanyuan Splittian's ear: "Young Master, Ye Feng is extremely weak now. This is a good opportunity to get rid of this kid."

When Xuanyuan Splitian heard this, his eyes suddenly showed a fierce look, he stared at Ye Feng and said: "You can't leave today."

boom!

But before Ye Feng could say anything, a terrifying golden giant ax suddenly slashed towards Xuanyuan Split Sky.

"when!"

Xuanyuan Splittian's eyes changed, and he immediately pulled out the Xuanyuan Emperor Sword to resist, but he still couldn't help but "kick, kick, kick" and take several steps back.

The one who took action at this time turned out to be the heir of the Chu family, Chu Wudi!

Xuanyuan Splittian immediately said with an ugly face: "Chu Wudi, what are you doing like a lunatic? Attack me?"

"Xuanyuan Split Sky, are you still a human?!" Chu Wudi shouted angrily, holding the golden ax in his hand.

His eyes were full of disgust, and he said: "Brother Ye fought off the demons for our human race, and he also tried his best to kill a demon prince to show his prestige for our human race! How dare you attack him when he is weak? You It's really an embarrassment to me in the sky, and it's also an embarrassment to the human race!"

"you.....!"

Xuanyuan Splittian's expression turned extremely ugly all of a sudden.

"If you want to deal with Brother Ye, you must pass our level first!"

Suddenly, at this moment, the geniuses of the human race from the spiritual world came over one after another, protecting the weak Ye Feng from behind.

"you.....!"

Xuanyuan Splittian's eyes were getting darker and darker at this time, and his face was ashen.

Ye Feng looked at the actions of everyone, and a feeling of warmth flowed through his heart. There are still people in the human race who are united.

"Brother Ye, are you okay?"

At this time, the fat man Ren Xiaoyao who had come to the Holy Mountain of Gods and Demons before, and the senior soul master Duanmu Cangqiong of the Tianhun Palace, all came from a distance and came to Ye Feng's side to protect him.

At this time, Ye Feng stared coldly at Xuanyuan Splittian not far away and said: "Xuanyuan Splittian, if you want to fight me, I can fight with you at any time after I recover in Qingdi Tower. "

After saying that, Ye Feng took Xiao Tao, Bai Ling, Ye Shenyue, as well as Ren Xiaoyao and Duanmu Cangqiong who came over, and walked towards the Qingdi Tower.

Chu Wudi glanced at Xuanyuan Splittian, who had an ugly face at this time, and couldn't help but said: "Don't say that I know you when you go out in the future, Xuanyuan Splittian, thanks to you being the descendant of the Xuanyuan Emperor clan in my human race, you are simply making the Xuanyuan Emperor clan a fool." shame!"

Xuanyuan Splittian's eyes suddenly became extremely stiff, and then he snorted coldly and walked towards the outside of the Holy Mountain of Gods and Demons.

Chapter 1196 Confessing Secrets

When Ye Feng led everyone to the Qingdi Tower, the bald bird was already inside waving its little paws to greet them.

At this time, many other young geniuses from the human race were standing outside the Qingdi Tower, eagerly watching Ye Feng lead a few people into the Qingdi Tower.

At this time, in the Qingdi Tower.

The bald bird smiled and said: "Welcome everyone, it's finally not so boring now."

Bai Ling saw that he had really arrived in the Qingdi Tower, and couldn't help but look very surprised, and said: "I actually came in, and I didn't suffer any attack or rejection! Ye Feng, how did you do it?"

Ye Feng just smiled slightly and said: "I don't know how I did it, but I did it somehow, so if you ask me to explain, I don't know how to explain it."

The fat man Ren Xiaoyao smiled and said: "Maybe Brother Ye is the legendary child of luck."

"Hahaha."

After Ren Xiaoyao finished speaking, everyone burst out laughing.

"correct."

At this time, Ye Shenyue took out the key that opened the ruins of the ancient battle formation base that she got from the Taoist Tower, took it out from her storage spirit ring, handed it to Ye Feng, and said, "This key is the most important one." The most important key should be left with you, Ye Feng. This is the bargaining chip for us to negotiate with other top geniuses and the more terrifying demons that may come. "

Ye Feng nodded and grabbed the key in his hand. Then he looked at everyone and said, "Everyone should practice well here and understand the power of the rules of heaven and earth."

At this time, Bai Ling stared at Ye Feng and said: "You were able to burst out with such powerful strength before, you must have condensed a part of your own godhead, right?"

After Bai Ling finished speaking, everyone in the Qingdi Tower couldn't help but stare curiously at Ye Feng, who was standing in the middle.

At this time, Ye Feng looked at everyone's curious eyes and couldn't help but smile and said: "Yes, I did condense one percent of the divine personality in the previous practice and enlightenment, and the inheritance chapter in Qingdi Tower. It also helped me a lot in condensing my divine personality."

"Is it really condensed?"

At this moment, everyone's eyes were filled with surprise.

Ye Shenyue is an innate Taoist body, and is the direct disciple of the master of Qingzhou Palace. Now she and Xiao Tao have gained the inheritance enlightenment in the "Tao Tower".

At this time, she was staring at Ye Feng with a pair of beautiful eyes, with a very sighing look.

Perhaps no one could have imagined that the little adopted son of the Ye Clan of the Great Yan Dynasty in Longyuan Continent would now grow to the level of such a big shot.

However, Ye Shenyue also lamented at this moment that she had made a difficult but very correct choice back then.

Otherwise, I would never have the qualifications to be able to stand together with Ye Feng, chatting and laughing, and being able to practice together.

At this time, Ye Shenyue stared at Ye Feng and said: "My master once told me that condensing the divine personality is very difficult. Generally, practitioners can only begin to understand the rules of heaven and earth only when they have reached the peak of the Dzogchen Immortal Realm in the martial arts realm. The whole process of using power, condensing one's own divine personality, and trying to break into the legendary realm of gods and reach the level of the powerful may take hundreds of years, even thousands, or even tens of thousands of years."

Ye Feng nodded and said: "I know that it is extremely difficult to become an immortal, and it is even more difficult to become a god. Otherwise, over the endless years, so many amazing talents and extraordinary geniuses from the human race in the spiritual world will not be able to survive in the end.

Only a few people will be able to achieve the realm of God. "

Ye Shenyue looked around and said: "So we all must cherish this opportunity in the Holy Mountain of Gods and Demons, seize the time to understand the power of the rules of heaven and earth, even if we have not condensed one percent of the godhead, it is only one thousandth , or just condensing a small seed of divine power in the body, that is also a huge achievement, and will be of great benefit to our subsequent practice. "

Everyone nodded after hearing this. Ye Shenyue was the direct disciple of the Master of Qingzhou Palace, and she was also an innate Taoist body. Naturally, everyone believed what she said.

Everyone began to find a place to sit down in the Qingdi Tower, concentrating on practicing and understanding the rules of heaven and earth.

"What's wrong? Is there something on my face?"

Ye Shenyue discovered at this time that Ye Feng was staring at her with an inexplicable smile on his face.

Ye Feng shook his head and said: "I am just recalling the past, the days in Longyuan Continent, the first time I met you, the eldest lady, in that little Ye Clan."

When Ye Shenyue heard what Ye Feng said, her beautiful eyes showed a hint of sigh.

She walked up to Ye Feng, stretched out her plain white hand, held Ye Feng's palm, and said, "Yes, that was a long, long time ago, so long that I almost forgot every scene of the past."

Ye Feng nodded slightly and said: "A lot of old friends I met along the way have disappeared. Now that I can meet the eldest lady, I can say that it makes me sigh."

Ye Shenyue suddenly asked: "By the way, does sister Mu Xue have any news about her now?"

What Ye Shenyue was talking about was naturally the ninth princess of the Great Yan Dynasty, the lovely girl in white Nangong Muxue.

Because Ye Shenyue knew that in Ye Feng's mind, that sister Mu Xue had always held a very important weight.

"Mu Xue?"

Ye Feng did not expect that Ye Shenyue would ask this question. He couldn't help but smile helplessly, shook his head and said: "I don't know where Mu Xue is now. Back then, there was an invasion of the demon clan in Longyuan Continent. I used The Great Emperor Pagoda led the entire human race in the Southern Territory to rush out of the Longyuan Continent. However, they were attacked by the most powerful demons on the way and knocked down the Great Emperor Pagoda to a distant area. There is no news yet. But that girl Mu Xue, under my leadership Before leaving the Southern Territory, I got news that the dean of Poseidon Academy took Mu Xue to an extremely mysterious ancient ruins of Poseidon inheritance and disappeared..."

When Ye Shenyue heard what Ye Feng said, she couldn't help but hugged Ye Feng slightly and said: "Don't worry, after we complete the selection of the Eighteen States and enter the divine capital, and are temporarily stable, I will accompany you Ye Feng." Looking for sister Mu Xue and your friends from back then, Ye Feng."

Ye Feng nodded immediately and said: "Okay, but before that, I need to go to the Tianhun Palace with Duanmu Cangqiong to save a soul."

Ye Shenyue's beautiful eyes flashed and she said: "Who to save?"

Ye Feng said slowly: "The controller of the infinite fire domain, the God of Fire."

"What?"

Ye Shenyue's eyes were startled, and she said: "The God of Fire was captured by the Heavenly Soul Palace? He is the domain master of the Infinite Fire Domain, and even the current Emperor Tongtian God can't do anything to him."

leaf

Feng nodded and said: "Three hundred years after the battle between the God of Fire and Emperor Tongtian, although God Emperor Tongtian failed to kill the God of Fire, the God of Fire also suffered heavy losses, leaving only the soul of the God of Fire, and the Soul of Heaven The Heavenly Soul Palace is also the most mysterious and powerful soul master force on the spiritual world. At that time, I saw with my own eyes that a taboo figure from the Heavenly Soul Palace, tens of millions of miles away, came with terrifying power and destroyed the weak Vulcan God. The soul has been captured. Tianhun Temple specializes in cultivating souls, so it naturally has its own special method to capture the soul of the God of Fire. "

Ye Shenyue took a deep breath, and then asked: "Ye Feng, you took such a big risk to go to the Tianhun Palace to save the Fire God, why?"

Ye Feng stared at Ye Shenyue in front of him, staring at the eldest lady of the Ye Clan who still made him feel trusted, and then slowly said: "Do you remember that after you left the Ye Clan, you left me letter."

Ye Shenyue's beautiful eyes flashed, and she thought of the letter she left behind when she had a secret love for Ye Feng, which was full of the girl's inner monologue and was like a confession. Even though she is now extremely accomplished and has a very high status, she was mentioned again by Ye Feng, who also blushed and seemed to be shy.

Ye Feng smiled slightly and said: "When you said in that letter that you couldn't understand why I was so weak when I was so weak, your eyes did not have the innocence of a young man, but were filled with the loneliness of eternal vicissitudes. You were there. The letter said that when you become successful in cultivation and can compare with me, or even use your identity and strength to really help me, ask me why I had that look in my eyes at that time. "

Ye Shenyue was a little shy at first, but after hearing what Ye Feng said at this time, her face suddenly became extremely solemn and serious.

She stared at Ye Feng in front of her, who was no longer childish and had grown into a resolute and cold young man, and asked slowly: "Are you willing to tell me now?" .??.

Ye Feng was silent for a moment, then nodded and glanced at the other people in the Qingdi Tower who were in a deep state of cultivation. He stood up and pulled Ye Shenyue towards a remote corner of the Qingdi Tower.

Ye Shenyue stared at Ye Feng. Even though she had achieved such great achievements and had a very noble status, standing among the top geniuses of the human race in the Eighteen States, she still felt a deep sense of nervousness.

In the corner, Ye Feng stared at the eldest lady in front of him whom he had known for many years. She had once left a foreign country for him, and now she was able to fight side by side with him.

Although they are already very familiar with each other, Ye Feng still calls Miss Ye Shenyue, which seems to represent a unique and exclusive emotion.

Under Ye Shenyue's nervous, solemn, serious, and expectant gaze, Ye Feng slowly spoke: "Miss, actually... I come from three thousand years ago. I was the crown prince of the previous dynasty of God of Creation."

"Crack!"

The railing of the ancient building that Ye Shenyue was holding was suddenly crushed by her. Her beautiful eyes were filled with extreme shock and shock at this moment.

Ye Shenyue stared at the familiar young man in white in disbelief and said: "Ye...Ye Feng, you said you are..."

"That's right."

Ye Feng nodded slightly, with a tone full of memories, helplessness, and a hint of self-mockery, and said: "I was originally the crown prince of the Divine Dynasty of Creation three thousand years ago, that is, the useless emperor of the Divine Dynasty of Creation who was ridiculed by countless historians in history. The prince, who was innately cursed, eventually died in the turmoil of the Divine Dynasty."

Ye Shenyue's beautiful face showed an expression of extreme shock.

Then he couldn't help but ask: "But Ye Feng, you died three thousand years ago..."

"I did die, but I lived again."

At this time, Ye Feng confided his secret to Ye Shenyue and told the truth that had been buried in his heart for a long time. With someone he trusted to share his biggest secret, he suddenly felt a lot more relaxed.

At this time, Ye Feng stared at Ye Shenyue and said with a smile: "Miss, my body in this life was reconstructed by Uncle Nan using the blood and bones of my death. Uncle Nan spent a lot of money to help me. The body of the innate curse concealed the fate from heaven, and it took me three thousand years to be resurrected in the blood and bones of the dead."

Ye Shenyue's eyes were startled and she said, "Uncle Nan? Is this the old man in sackcloth who guarded the clan ancestral hall in our Ye clan back then?"

"Yes."

Ye Feng nodded and said: "So everything was arranged by Uncle Nan. After I woke up, Uncle Nan implanted a memory of this life into me, making me an adopted son of the Ye clan. I suffered humiliation since I was a child, so that I can practice step by step and steadily."

When Ye Shenyue heard Ye Feng's words, her fair and beautiful face suddenly showed a sudden realization.

No wonder Ye Feng made her feel out of tune with the whole world back then, and made her feel that there was an eternal loneliness in the young man's eyes.

"correct!"

Suddenly, Ye Shenyue seemed to have thought of something and stared at Ye Feng, wanting to say something.

But at this time, she quickly took a careful look at the people practicing in the distance to make sure no one was eavesdropping. Then she came close to Ye Feng's eyes and whispered: "So, now the invincible God Emperor Tongtian, The most powerful person who commands the entire nineteen states of the human race in the spirit world, and even suppresses the entire nine great divine families in the sky, His Majesty the Tongtian Divine Emperor, is Ye Feng your biggest enemy?"

Ye Feng nodded, his eyes extremely cold, and said: "That's right."

Ye Shenyue immediately covered her mouth and stared at Ye Feng in disbelief.

Ye Feng looked at Ye Shenyue and said: "Miss, the reason why I tell you the truth now is not because I want to force you to help me or anything else. I just think that I trust you, or maybe I am too stressed. Now, if you are willing to serve your master, if you want to make contributions to the Tongtian Divine Dynasty, and be a feudal lord, you can choose to forget everything I just said, I..."

"Well."

Ye Shenyue suddenly stretched out her hand to cover Ye Feng's mouth, and stared at Ye Feng's eyes with a pair of beautiful eyes, very solemnly, and with a distressed look, said: "For you, I am willing to give up everything The world, everything you have, I am willing to bear with you."

"Miss..."

Ye Feng stared at the stunningly beautiful face in front of him and said nothing more. Ye Shenyue's words had already stated everything.

But what neither of them noticed at this time was.

At this time, not far from the corner where they were, the bald bird's face seemed to be practicing, and his expression suddenly became extremely shocked.

It opened its eyes slightly and stared at the corner where Ye Feng and Ye Shenyue were not far away. It didn't know whether it was shock or excitement in its eyes: "Damn! Fortunately, Mr. Bird, I have practiced the magical power of Shunfeng Ear. Boy Feng, you This secret... is so exciting!"

Chapter 1197 Witness the Legend

For the next period of time, everyone stayed quietly in the Qingdi Tower, trying to understand the rules of heaven and earth, trying to condense the prototype of the godhead.

But divine power is not so easy to condense, even Xiao Tao and Ye Shenyue, who have the most amazing talents among the people.

A natal immortal king bone and an innate Taoist body have not been condensed into a truly formed godhead, but a seed of divine power has finally been condensed, which is equivalent to one thousandth of the godhead.

The reason why Ye Feng was able to condense a prototype of the godhead so quickly, with one percent of the power of the godhead, was because he had the ability to devour, and he also obtained the artifacts left by the God of Creation Emperor Ye Qingdi in the Qingdi Tower. The insights from spiritual practice and teaching were transformed into golden fonts, condensed into a golden chapter, which floated in Ye Feng's mind and helped Ye Feng a lot.

The bald bird actually secretly copied all the sentiment records on that wall, but the bird was a thief and did not tell anyone.

At this time, Ye Feng spent another full month in Qingdi Tower. .??.

With the protection of Qingdi Tower, there is almost no interference from the outside world.

During this period of time, Ye Feng finally refined all the demon prince's powerful demon source.

His cultivation has improved a lot in the realm of Dachengxian. It has skyrocketed from the early stage to the later stage, reaching the peak of the realm of Dachengxian.

I have to say that the demon prince's skills are extremely powerful.

"I feel that the power of the rules of heaven and earth in the Holy Mountain of Gods and Demons is getting thinner and thinner..."

On this day, Ye Shenyue opened her eyes from her deep cultivation state and murmured.

"Sister Shenyue is right, I feel it too."

Xiao Tao, who was sitting aside, also opened her eyes at this time.

"The power of the rules of heaven and earth has indeed become increasingly thinner."

Ye Feng stood up not far away and said: "This time there are so many top talents from the human race in the Holy Mountain of Gods and Demons, and there are also strong men from the demon race who are causing trouble. The power of the rules of heaven and earth is probably affected."

At this time, Ye Feng was very happy in his heart. Fortunately, he had successfully condensed one percent of the godhead in his body during the initial stable period. Otherwise, in today's thin environment of rules of heaven and earth, it would be impossible to continue Condensed.

"We have spent enough time in Qingdi Tower, it's time to go out and see what's going on outside."

At this time, Ye Feng spoke up.

Everyone nodded one after another

Agree, and then follow Ye Feng towards the outside.

At this time, the bald bird trotted up to Ye Feng's side and said, "Boy Feng, do you want to go to the Divine Emperor's Palace at the top of the Holy Mountain of Gods and Demons to give it a try?"

Ye Feng glanced at the bald bird in surprise and said: "It is said that no one has been able to enter the God Emperor's Palace for countless years. No matter how talented and amazing the genius of the human race is, they cannot enter it."

The bald bird smiled and said, "I think you might be able to enter, Mr. Feng."

Ye Feng glanced at the bald bird and said, "Why do you suddenly have so much confidence in me?"

The bald bird's eyes flickered, but then he scratched his head and said: "Anyway, you go and try. I think your boy may succeed. You don't have to spend any money to try. At most, you will be defeated by the will of the ancient gods in the Temple of the God." Heavy damage."

Ye Feng: "..."

"Ye Feng, I think you can really give it a try."

Ye Shenyue walked to her side at this time, staring at Ye Feng with her beautiful eyes, and said: "It is said that the Divine Emperor's Palace contains the precious inheritance of the ancient Divine Emperor, and everyone is flocking to it, but no one has ever successfully entered the Divine Emperor's Palace. , after all, it is the immortal hall left by the 'God Emperor' who can claim the title of emperor among the gods, but Ye Feng, I believe you."

"Yes, Brother Ye, go and give it a try!" The fat man Ren Xiaoyao also came over and said: "Brother Ye, you are my chosen son of destiny, go and try it."

Xiao Tao also smiled and said: "I also believe in the young master. If the young master is so powerful, he might be able to achieve great achievements that no one has ever done before."

Bai Ling wanted to say something, but suddenly thought of Ye Feng's series of major achievements since entering the Holy Mountain of Gods and Demons. She immediately fell silent and said nothing more.

Seeing that everyone was like this, Ye Feng couldn't help but smile and said: "Okay, let's go to the Divine Emperor's Palace on the top floor to have a look."

"yeah!"

Xiao Tao immediately jumped up with joy.

Squeak!

Everyone opened the door of Qingdi Tower and walked outside.

They immediately saw a group of human geniuses standing outside the Qingdi Tower, seemingly waiting for Ye Feng to come out.

And under the holy mountain of gods and demons

, there are already a group of powerful demons with overwhelming demonic energy, and several young demons, with the terrifying cultivation of the Dzogchen Immortal Realm surging on their bodies, and their eyes are cold.

It seems that several more demon princes have arrived, as well as even more terrifying demon princes.

But they did not take action at this time. They were just stationed in the area under the Holy Mountain of Gods and Demons, eyeing the many human geniuses on the holy mountain.

"Look! It's Ye Tianjiao coming out!"

At this time, outside the Qingdi Building, a group of human geniuses saw Ye Feng walking out, and they immediately exclaimed.

Ye Feng led Ye Shenyue, Xiao Tao, Bald Bird and others towards the top floor.

"Ye Tianjiao wants to go to the top floor?"

Seeing Ye Feng walking straight towards the tenth floor of the Holy Mountain of Gods and Demons, everyone's eyes showed horror.

Even the powerful demons stationed under the Holy Mountain couldn't help showing surprise on their faces.

"Is he going to the God Emperor's Palace?"

At this time, everyone, including a group of powerful demons in the distance, all had this bold idea in their hearts.

At this moment, all the young geniuses followed behind Ye Feng and walked towards the tenth floor.

Even the other top geniuses in the Ancient Enlightenment Tower, Lin Miaomiao in the Hongchen Tower, Chu Wudi in the Eternal Tower, and even the gloomy-faced Xuanyuan Split Sky all looked towards the tenth floor.

"Today, are we going to witness the birth of a legend with our own eyes?"

Many of the geniuses of the human race have huge expectations in their eyes.

Because since ancient times, there has never been a genius of the human race, no matter how amazing his talent is, who has not been recognized by the God Emperor's Palace and cannot enter the God Emperor's Palace.

No one knows what exactly exists in the Divine Emperor's Palace, but everyone knows that the Divine Emperor's Palace must contain peerless creation.

After all, this is a relic left by an ancient divine emperor.

There were rumors that the current dominant figure in the nineteen states of the human race in the spirit world, His Majesty the Tongtian Divine Emperor, had crossed over to the Black Sky Demon

Realm, came to the sacred mountain of gods and demons, and investigated this divine emperor's palace, but the result They are unable to enter and are blocked from entering.

Therefore, the Divine Emperor's Palace at the top of the Holy Mountain of Gods and Demons has since become famous and has become a sacred and mysterious place in the hearts of countless people.

Now looking at the combat power of Ye Feng, the top human genius, he wants to break into the God Emperor's Palace.

Everyone's curiosity and excitement were suddenly aroused.

"Let's go take a look."

Even a group of demon princes stationed at the foot of the Holy Mountain couldn't help but fly high into the sky and look towards the tenth floor area.

At this time, Ye Feng led everyone to the core area of the tenth floor.

At this time, in front of Ye Feng, there was a magnificent golden hall, towering and majestic, exuding the ancient vastness, standing on the earth.

"House of the Godly Emperor"

The three ancient characters are like iron paintings and silver hooks, vigorous and powerful, like three silver crouching dragons, hovering above the huge plaque in the golden hall, giving people an extremely strong sense of oppression and impact.

Everyone stepped forward, but they were shocked to find that they could no longer move forward even after reaching an area a thousand meters away from the Divine Emperor's Palace.

It was as if a wall of air appeared in front of them, blocking everyone.

Even Chu Wudi, a powerful warrior from the Goddess family, could not move forward even half a step further.

"tread....."

But at this time, Ye Feng was under tremendous pressure and suddenly stepped within a kilometer of the Divine Emperor's Palace.

"What a strong body!"

Chu Wudi's eyes glowed as he looked at it.

Because his inheritance is also about physical training, he feels that his body is strong enough.

But at this time, it seems that he is still far behind Ye Feng.

"Crack."

"Crack."

At this moment, Ye Feng walked towards the Divine Emperor's Palace, every step being as important as a stone.

Everyone saw that with every step Ye Feng took, the soles of his feet made a deep pit of footprints on the solid ground.

"How much pressure was he under?"

Some people couldn't help but exclaimed.

Because everyone knows that this sacred mountain of gods and demons was forged by mixing the blood and bones of gods and demons.

The entire mountain is as hard as divine iron, and even every grain of soil on the ground is as if it has been tempered thousands of times.

But now, Ye Feng has left footprints and deep pits on the ground.

Ye Feng walked with a heavy load, and everyone's heartbeats were beating fast, because everyone felt that maybe on this day, they would witness the legend with their own eyes!

Chapter 1198 Automatic opening

"What a terrifying pressure from heaven and earth..."

As Ye Feng continued to approach the huge God Emperor's Palace, he felt more and more terrifying pressure.

This is like the gravity mountain that Ye Feng climbed when he was practicing in Longyuan Continent. The higher he goes up, the gravity increases exponentially, and in the end it is even dozens, hundreds, or even several times. Thousand times of gravity makes people despair.

"boom!"

But at this time, Ye Feng suddenly roared, and the power of Dacheng Galaxy Holy Body exploded instantly.

Buzz!

His whole body, every inch of his body, was radiating with the light of the stars.

At this moment, Ye Feng's whole body burst into divine light, his black hair danced wildly, and he looked like a god and demon, and he suddenly rushed towards the God Emperor's Palace.

"He exploded!" .??.

Everyone watching from a distance exclaimed in surprise, extremely excited, as if they were watching themselves break into the God Emperor's Palace.

"Can this human boy really enter the legendary Palace of God?"

"Looking at it like this, it seems like it's really possible to succeed."

At this time, in the high-altitude clouds outside the holy mountain, a group of powerful demons were talking one after another.

"snort!"

But suddenly at this moment, a demon prince in purple robes snorted coldly and said: "Just being close to the Divine Emperor's Palace is nothing. This prince was also close to the Divine Emperor's Palace back then, and even touched the walls of the Divine Emperor's Palace." The gate was blown away by an irresistible ancient force and suffered heavy damage."

At this time, the demon prince said, staring at Ye Feng who was running on the field outside the God Emperor's Palace in the distance, smiled cruelly, and said: "This top talent of the human race is indeed terrifying in combat. Even Prince Mo Tuo has been fighting for more than a month. He died in his hands, and was even eaten in public, haha, but the most wrong thing he did was to break into the God Emperor's Palace."

A powerful demon man beside him was a little confused and said: "Your Highness, why do you say that?"

The prince of the purple-clothed demon clan sneered and said: "Because of that divine emperor's palace left over from ancient times, even the top figure in the human race, Emperor Tongtian, couldn't enter it when he visited it many years ago, let alone such a small palace. He is a descendant of the human race in the Immortal Realm, so when this prodigy of the human race is blasted away by the ancient power in the God Emperor's Palace,

After creating it, we immediately took action to completely kill this threatening human genius and snatch the key to the ancient war base in his hand. "

At this time, the purple-clothed demon prince said, stepping on the clouds with his hands behind his back, looking confident that everything was under control.

"Boom!"

Suddenly at this moment, a huge roar suddenly erupted from the Holy Mountain of Gods and Demons in the distance.

The purple-clothed demon prince's eyes were filled with joy, and he quickly looked over and said, "Has that top human talent been blown away? Let's take action quickly and take advantage of his illness to kill him!"

"Your Highness, it seems that he was not blown away!"

A powerful demon clan man who had been paying attention to the area of the Divine Emperor's Palace immediately spoke out: "The roar was not that the top human genius was blown away, but that the door of the Divine Emperor's Palace opened automatically for him."

"What?!"

"Automatically turned on?!"

When the purple-clothed demon prince heard these words, his confident face suddenly turned livid and extremely ugly.

...

At this moment, cheers suddenly erupted from the top of the Holy Mountain of Gods and Demons.

"Oh my God! The door to the Divine Emperor's Palace was actually opened by Ye Tianjiao!"

"This is incredible! Is this true?"

"You are worthy of being the number one genius among us. This talent of luck is simply invincible!"

At this moment, countless people screamed in surprise.

Because in the sight of everyone, the golden Divine Emperor's Palace, the door that had been dusty for endless years, opened automatically the moment Ye Feng approached.

Ye Feng was also confused at this time. He was originally worried about whether there was a terrifying ancient power that was going to attack him.

He even made plans to run away if the situation went bad, lest he be seriously injured and then be attacked by the demons who were eyeing him outside.

but now,

At this moment, the door to the Divine Emperor's Palace in front of him was opened by him on his own initiative.

"Is it because of the gems of the gods?"

The only thing Ye Feng could think of was this reason.

But he didn't think for too long. He glanced at the excited people behind him, jumped directly, and entered the God Emperor's Palace.

"Boom!" .??.

At this moment, the huge palace door was closed again.

Ye Feng's figure disappeared into the Divine Emperor's Palace.

"I can't believe that Feng Boy is so successful?" The bald bird was the first to suggest that Ye Feng give it a try, but at this moment when it actually saw Ye Feng entering the God Emperor's Palace, its heart was shocked.

"Very good!"

At this moment, Ye Shenyue's beautiful eyes showed excitement and joy.

She was sincerely happy for Ye Feng, because she knew what kind of terrifying and heavy responsibility Ye Feng was carrying.

Ye Feng was able to enter the God Emperor's Palace and obtain peerless blessings, which would be a huge help to Ye Feng.

"Young Master is indeed the most powerful!" Xiao Tao also jumped up with joy.

"As expected of my appointed son of destiny!" The fat man Ren Xiaoyao also roared loudly.

"Perhaps, he can really rescue the soul of the God of Fire from the Heavenly Soul Palace..." At this time, Duanmu Cangqiong, a disciple of the Heavenly Soul Palace, also murmured.

And Xiao Tao's protector Bai Ling, a beautiful woman dressed in white, also had deep amazement in her eyes.

She went from being contemptuous of Ye Feng at the beginning, to being solemn, and finally to being deeply shocked now.

Bai Ling looked at the excited Xiao Tao and couldn't help but have an idea in his heart, "Maybe it's not a bad thing for the little princess to be so close to this Ye Feng."

Countless human geniuses were extremely excited at this moment. Even Chu Wudi, a descendant of the Celestial God Family, felt excited.

Because Ye Feng accomplished an unprecedented feat and entered the legendary Palace of God.

Once this news gets out,

It will shock the whole world.

At that time, not only the spiritual world, but also the sky will be completely boiling because of this unknown young man.

"Perhaps after the selection of the Eighteen States, this Ye Tianjiao will be personally summoned by His Majesty the Emperor Tongtian..."

There are many young geniuses from the spiritual world who can't help but have such thoughts in their hearts.

Many other Tianjiao quickly asked the people from Xuzhou, "What is the specific name of this great Ye Tianjiao?"

Several Xuzhou geniuses said excitedly: "Senior Brother Ye's real name is Ye Di, and he comes from our Xuzhou capital. This time our Xuzhou will definitely shock the whole world! The name of Ye Emperor will also be completely resounded throughout the nineteen states of the human race! "

In a corner not far away, Xuanyuan Splittian's eyes were extremely gloomy, almost gloomy to the extreme.

The young man from the Xuanyuan clan standing next to him gave a bitter smile and said: "Young Master, I think we should not even think about dealing with the Tianjiao named Ye. He is too fierce and terrifying. If we become an enemy of him, we will die sooner or later. "

"I'm not willing to accept it..."

Xuanyuan Split Sky roared like a beast, but he thought of Ye Feng's combat power, and thought of the Divine Emperor's Palace being opened by Ye Feng just now. The young master of the Xuanyuan Imperial Clan finally lowered his arrogant head. , sighed and said: "Oh, that's all, I, Xuanyuan Splittian, will never be weaker than anyone in my life, but this time, I am completely defeated and completely convinced..."

And just when a group of human geniuses and demon powerhouses were talking about each other outside the God Emperor's Palace, each had their own thoughts.

In the slightly dim environment of the empty God Emperor's Palace, Ye Feng slowly walked up to a huge sculpture of the God Emperor, his eyes filled with shock.

Because he saw that there was a sculpture of a huge gemstone above the eyebrows of this sculpture of the God Emperor.

The appearance of this carved gem is exactly the same as the space gem that I accidentally obtained back then.

Ye Feng's eyes were astonished and he couldn't help but murmur to himself: "Could it be that the owner of the God Emperor's Palace, the God Emperor back then, is the controller of the space gems? If you say that, in this God Emperor's Palace, maybe I can find a way to activate the space gem in my mind!"

Chapter 1199: Holy Body Perfection

Looking at the space gem sculpture on the forehead of the God Emperor sculpture in front of him, Ye Feng's eyes suddenly revealed the slightest hint of thinking.

Buzz!

He instantly released his huge soul power and began to explore all the spaces inside the Divine Emperor's Palace inch by inch.

At the end of the search, Ye Feng was a little surprised to find that, except for the huge sculpture of the God Emperor that he had just come in before, there was nothing else inside the entire Divine Emperor's Palace. It was completely empty.

"Oh yes, there is also a cushion futon for meditation."

Ye Feng looked at the cushion futon in front of the God Emperor sculpture and couldn't help but smile helplessly.

At this time, Ye Feng thought of what everyone had speculated outside, that there were countless treasures hidden in the God Emperor's Palace, which was really funny.

It was completely empty, not a single hair on it. ??

"Is the secret hidden in this God-Emperor sculpture?"

In the end, Ye Feng could only focus on the sculpture of the God Emperor that originally stood in the God Emperor's Palace.

Because this sculpture of the God Emperor is the only thing in the entire God Emperor Palace that Ye Feng has not yet carefully explored.

Tap tap tap...

Ye Feng walked towards the huge sculpture of the God Emperor, but the moment he stepped on the cushion futon, the whole scene around him changed instantly. The surrounding God Emperor Palace disappeared, but a fairyland appeared.

Surrounded by billowing white fairy mist, on a huge throne, sat a tall figure wearing a divine emperor's robe.

Ye Feng's eyes were filled with surprise. The tall figure sitting on the throne, like an immortal king, looked exactly like the sculpture of the God Emperor in the God Emperor's Palace.

"I just stepped on the cushion and futon. It seems that the cushion and futon is a passage, which brought me to such a strange space."

Ye Feng thought secretly in his heart.

"Hello, destined person."

Suddenly at this moment, the tall man sitting on top of the fairy mist spoke up.

At this time, Ye Feng's eyes were startled, and he quickly looked at the tall man and said, "Senior, does he have his own consciousness?"

Ye Feng originally thought that this was an illusion in the inheritance of the God Emperor, just to preach.

But unexpectedly, the tall man sitting on the throne actually spoke directly, and he was still talking to himself.

The tall man sat on the throne and said with a smile: "Destined man, as the God Emperor of Space, I have existed in the God Emperor's Palace for endless years. Naturally, I have my own consciousness."

"Space God Emperor?"

When Ye Feng heard this, his eyes suddenly flashed.

really!

This tall man once owned the Space Stone.

Ye Feng immediately stepped forward and came not far from the throne. He cupped his fists and said, "Junior Ye Feng, I have met the senior Space God Emperor."

The Space God Emperor smiled and said: "For countless years, no one has been able to enter my God Emperor's Palace. I have been waiting for a long time. Finally, you little guy came in. It seems that you have nine treasures in your body. The space gem among the divine gems."

Ye Feng knew that the secret of his possession of the space gem could not be hidden from a big figure like the God Emperor, so Ye Feng did not hide anything at this time and said directly: "Senior is right, there is a space in my brain Gem, but it has not been activated so far, and the power of domination in the space gem cannot be used. I don't know about the Space God Emperor.

Senior, can you help me unlock the space gem? "

The Space God Emperor nodded slightly at this time and said: "My last spiritual thought has been here for so many years just to wait for the owner of the space gem. I will naturally help you unlock the power of the space gem, but my spiritual thought has not existed for too long. It has been a long time since the power of spiritual thoughts has been exhausted, so I can only unlock the seal of your space gem. The extent of the power of the space gem you can use depends on your own destiny, young man. "

At this time, the Space God Emperor spoke, and a divine light suddenly burst out from the center of his eyebrows, directly rushing into Ye Feng's mind.

"boom!"

Ye Feng instantly felt that a huge and boundless force of space rushed into his spiritual and soul world, all of which was injected into that space gem.

Buzz!

Almost at this moment, the space gem that had been silent for a long time seemed to have been released from the seal that had bound it for endless years. A kind of terrifying power of space suddenly surged out from the space gem.

At this moment, Ye Feng was surprised to find that the secret seed of space that he had condensed in the wilderness of the Shenjian Village area of Longyuan Continent had grown directly into a small sapling in his body.

It's like a seed sprouting and growing in the soil.

Ye Feng immediately understood at this moment that his mastery of the power of space had improved by leaps and bounds.

In addition, what makes Ye Feng most excited is that the space gem has finally unlocked its seal. Even if the power of the space gem is not fully activated, it is equivalent to opening the door to a treasure house. The treasures contained in the treasure house will be his own in the future. You can dig slowly.

"Huh? How come you still have a Gem of the Gods in your mind? Is this Gem of the Gods? The Soul Gem!"

Suddenly at this moment, the Space God Emperor suddenly exclaimed.

Apparently, he discovered another gem of the gods in Ye Feng's mind, which shocked such a big shot at the level of a God-Emperor.

Ye Feng stared at the Space God Emperor and said, "Thank you, senior, for unsealing the space gem. And yes, in the junior's mind, in addition to the space gem, there is also a soul gem."

"Soul gem..."

The Space God Emperor seemed to have thought of something. He murmured first, then stared at Ye Feng, and said with a smile: "Okay, very good, I didn't expect that my human race is still a fate race after all, and one of my descendants actually got two Zhu Zhu. Divine gem, could this be someone's plan..."

"what's the plan?"

Ye Feng's eyes suddenly moved and he heard something unusual.

The Space God Emperor laughed and did not answer. Instead, he changed the subject and said: "For those who are destined, space gems should be used with caution, especially your soul gems, which are even more precious. The gems of the gods can cause trouble in the heavens." The greed of countless super people in the world, so before you achieve the eternal realm, it is best not to reveal to outsiders that you own the gems of the gods, so as not to get into trouble. "

Ye Feng's eyes flashed, and he asked with some confusion: "The eternal realm that the senior just mentioned? Is it an existence beyond the realm of gods?"

The Space God Emperor nodded and said: "Your current cultivation level is in the late stage of the Great Immortal Realm. Hey, you have actually condensed one percent of your divine personality. You are a genius."

Ye Feng Weiwei

He nodded and said: "I condensed it in the Holy Mountain of Gods and Demons."

The Space God Emperor smiled and said: "Yes, yes, the Holy Mountain of Gods and Demons was created when I was bored and gathered together the broken bones after the war between gods and demons. Unexpectedly, it also helped my descendants of the human race. That's pretty good."

Ye Feng's eyes were startled and he stared at the tall man in front of him. He didn't expect that the Holy Mountain of Gods and Demons was forged by the God Emperor of the space in front of him. He was really a peerless man.

The Space God Emperor continued at this time: "According to normal practice, after a warrior reaches the Great Perfection Immortal Realm, he will begin to understand the great ways of heaven and earth, absorb the power of the rules of the universe, and begin to condense the divine personality in his body. During the process of condensing the divine personality, Cultivation is stronger than the Immortal Realm, but weaker than the real God Realm. Therefore, the stage of condensing the Godhead is collectively referred to as the 'Virtual God Realm'. There are ten levels in total. When you have condensed ten percent of it, One godhead, that means stepping into the first level of the Virtual God Realm, and condensing two-tenths of the godhead, that is the second level of the Virtual God Realm. When all the godhead is condensed, it means stepping into the true world. The realm of God."

Having said this, the Space God Emperor paused and continued: "There are also strong and weak people in the realm of gods. The powerful ones in the realm of gods can even crush the weak cultivators in the realm of gods to death with one hand. The realm is the process from immortality to eternity. There are six transformations required, namely condensing divine energy, gathering divine fire, burning divine blood, refining divine bones, forging gods, and connecting to true gods. Therefore, the divine realm is divided into six levels. : Divine Qi Realm, Divine Fire Realm, Divine Blood Realm, Divine Bone Realm, Divine Spirit Realm, and True God Realm. As for the eternal realm I mentioned before, it is a new realm of transformation after all six levels of the Divine Realm are completed. , live forever and achieve eternity."

Ye Feng's eyes were filled with shock at this time, and he couldn't help but murmured: "Eternity..."

The Space God Emperor stared at Ye Feng and said: "Only those who have surpassed the six levels of the realm of gods and achieved the eternal realm can be considered a true master in the world, not only in the human race, but also in the world. Among all races in the world, creatures at the eternal level are very powerful and almost impossible to kill. At that time, even if you reveal some of the power of the Gods Gem, you don't have to be so afraid. "

Ye Feng took a deep breath, then cupped his fists and said, "Thank you, senior, for your guidance and teachings."

"Ha ha."

The Space God Emperor laughed loudly and said: "By the way, when you leave this fairy mist space and return to the God Emperor's Palace, remember to break my God Emperor sculpture."

Ye Feng's eyes were startled and he said: "Breaking the sculpture of the God Emperor of my predecessor? Isn't that disrespectful?"

The Space God Emperor immediately smiled and said: "My God Emperor sculpture contains the origin of my God Emperor. You can fuse it. It should have huge benefits for your body transformation."

Ye Feng's eyes suddenly lit up and he said: "The origin of the God Emperor? Okay! I will smash the senior's God Emperor sculpture immediately!"

The Space God Emperor smiled and said: "I look forward to meeting you, a young man with a destiny, in the future."

Ye Feng's expression changed and he said: "Senior is not dead?"

"Who said I was dead?"

The Space God Emperor glanced at Ye Feng and said: "I was bored and left this God Emperor's Palace. It doesn't mean that I am dead."

"Forehead....."

Ye Feng was a little embarrassed and said: "That's right. The senior is the ancient God Emperor. His strength and cultivation have surpassed the realm of gods. He has achieved the eternal realm. How can he die?"

The Space God Emperor smiled slightly and said: "When I left this first universe, I was already in the eternal realm. Now the endless years have passed.

In the past, I must have transcended the realm of eternity in the more prosperous and vast perfect world of the second universe. "

Ye Feng's eyes were startled and he said: "Senior also knows about the second universe?"

The Space God Emperor looked at Ye Feng with a smile and said: "I have lived for endless years, and I definitely know more things than a young man like you."

Ye Feng nodded and said: "Why did senior leave the first universe?"

When the Space God Emperor heard Ye Feng's question, he couldn't help but his eyes became a little serious, and said: "Because our first universe is a new universe, the heart of the universe is young, and the avenue of heaven and earth is incomplete. My cultivation was in the eternal realm, but I have been unable to prove it, so I spent a huge price to go to the perfect world of the second universe. However, because I encountered some powerful creatures in the second universe, the battle was very tragic. Even the space gem was lost to me. It was knocked down and lost, but fortunately, I finally entered the second universe."

At this point, the entire figure of the Space God Emperor suddenly became extremely dim, and then dissipated directly in front of Ye Feng.

"senior?"

Ye Feng's eyes changed, and he wanted to ask something else, but the shadow of the Space God Emperor in front of him had completely disappeared.

Buzz!

Then the entire surrounding fairy mist space dissipated all at once.

At this time, the scene around Ye Feng changed, and he "returned" to the interior of the Divine Emperor's Palace.

At this time, Ye Feng saw that the cushion futon he was stepping on had been broken into pieces, and it was obviously completely damaged.

"Senior, I'm offended."

Ye Feng murmured at this time, and then without any hesitation, punched the God Emperor sculpture in front of him instantly.

"boom!"

"Crack!"

The sculpture of the God Emperor was instantly shattered by Ye Feng and exploded into countless pieces.

Buzz!

At this time, a ball of pure white energy light appeared from the broken sculpture of the God Emperor.

"It is the origin of the God-Emperor of the Space God-Emperor!"

Ye Feng's eyes were overjoyed, and he jumped directly into the air, then guided the ball of God Emperor's origin into his body and began to temper his body.

This ball of divine emperor origin has no effect on improving cultivation, but it has a huge effect on tempering and improving the human race's physique.

Buzz!

At this moment, Ye Feng's entire body was bathed in the origin of the God Emperor.

"Boom boom boom..."

At this time, Ye Feng could strongly feel that every inch of his body was as if he had taken strong medicine all at once. Wave after wave of terrifying energy was being integrated into his bones, flesh and blood, and even the tiny cells. .

The Dacheng Galaxy Holy Body is transforming rapidly at this time, becoming stronger and stronger!

"boom!"

Finally at a certain moment, Ye Feng suddenly opened his eyes in mid-air.

All over his body, his bones and flesh, surged with an extremely terrifying energy.

Ye Feng's eyes were bright at this time. He clenched his fists and felt that he could move mountains and seas with just the power of his body!

"The Holy Body of the Galaxy has finally transformed into the state of Dzogchen!"

Ye Feng murmured, his tone filled with excitement.

Chapter 1200: Unrivaled Divine Power

In the God Emperor's Palace, looking at the broken statue of the God Emperor in front of him, Ye Feng, who had created the Holy Body of the Great Consummation Galaxy, solemnly clasped his fists at the broken sculpture and said, "Thank you, Senior Space God Emperor, for your gift." , When I have the opportunity to go to the perfect world of the second universe, I will definitely find my senior and thank you very much. "

After the words fell, Ye Feng turned around and walked firmly towards the outside of the Divine Emperor's Palace.

"Squeak!"

The door of the Divine Emperor's Palace was pushed open.

At this time, everyone outside the Divine Emperor's Palace had expectant eyes, waiting anxiously.

At this time, when they saw the door of the Divine Emperor's Palace opened, everyone immediately cheered.

"The door is open!"

Someone yelled, his tone full of excitement.

Swish, swish, swish!

At this moment, countless eyes, filled with excitement and expectation, were all heading towards the Divine Emperor's Palace.

"Tap, step, step..."

Following the sound of calm and powerful footsteps, a handsome young man in white clothes appeared in everyone's sight.

It's Ye Feng!

At this time, everyone stared at Ye Feng, their eyes full of surprise.

Because Ye Feng was the first person to enter the Divine Emperor's Palace in thousands of years.

"Although his cultivation is still at the level of a Great Immortal, the feeling he gives me is completely different from before he went in." Chu Wudi stood in front of the crowd and spoke with an extremely solemn tone.

"What a huge difference? Has he become stronger or weaker?" someone beside him asked in a low voice.

"Nonsense, he must have gotten stronger!" Chu Wudi glanced at the man next to him and said, "He is so powerful now that it makes my heart palpitate!"

Almost at the moment Chu Wudi finished speaking, many people present showed deep shock in their eyes.

You must know that Chu Wudi is a descendant of the divine family above the sky, and the grandson of Chu Tianji, the divine master of the Chu family. His combat power is terrifying.

But now, Chu Wudi actually said that Ye Feng was so powerful that it even made him feel palpitations.

This shows what?

This shows that Ye Feng has received huge benefits from the Divine Emperor's Palace, and has even undergone a transformation!

"What did he get?"

Everyone's eyes showed deep curiosity.

At this time, even Ren Xiaoyao, Xiao Tao, Ye Shenyue and others who were following Ye Feng had extremely curious eyes.

"Hahaha! The genius of the human race, you finally came out of the Divine Emperor's Palace! Thank you so much for bringing out the Divine Emperor's inheritance from the Divine Emperor's Palace, but now, the Divine Emperor's inheritance belongs to us!"

Suddenly, just as Ye Feng stepped out of the Divine Emperor's Palace, a taunting voice with deep murderous intent rang out.

"boom!"

"boom!"

"boom"

"..."

Almost at this moment, the expressions of everyone present changed.

At this time, the ground in the core area of the Divine Emperor's Palace instantly erupted with waves of demonic energy.

In every ray of demonic energy, there stood a demon prince who had cultivated in the Dzogchen Immortal Realm.

A total of four demon princes, possessing the top combat power among the demons, surrounded Ye Feng, who had just walked out of the Divine Emperor's Palace, from the four directions.

"Damn it! It's a demon!"

"Moreover, they are four demon princes!"

"This is how to do?"

Almost at this moment, everyone on the field suddenly fell into a boil.

Several top human geniuses, including Chu Wudi and others, all had ugly eyes at this time.

But they wanted to take action, but they couldn't get close to the core area of the Divine Emperor's Palace.

Because there is an invisible wall of air that blocks them out.

Only Ye Feng or the demon prince's top level of combat power are qualified to enter the core area of the God Emperor's Palace that is full of endless heaviness.

"No matter how powerful Ye Tianjiao is, and he has received a peerless inheritance from the God Emperor's Palace, he still can't fight against four, right? Those are four terrifying demon princes!"

At this moment, many of the geniuses of the human race have extremely ugly eyes.

Including Ren Xiaoyao, Duanmu Cangqiong and others, their hearts sank to the bottom.

"boom!"

Ye Shenyue violently waved the ancient ice sword in her hand, but was unable to break through the air wall in front of her.

The bald bird's eyes flashed at this time, and he said: "Don't worry too much, haven't you seen that Ye Xiaozi's face is extremely calm from beginning to end?"

"yes!"

At this time, everyone looked over and saw that Ye Feng was not in a hurry when facing the four demon princes. Instead, there was a trace of a mocking smile on his face.

"this....."

Everyone was extremely surprised by this.

At this time, four demon princes in the Great Perfection Immortal Realm, and a demon prince in purple, with an extremely cruel look in his eyes, stared at Ye Feng not far away, and said: "Prodigy of the human race, I admit that you are very powerful, but now that our four princes have joined forces, even the strong ones in the Void God Realm have to temporarily avoid the edge. Now, I am very merciful and will give you a chance. I will seize you from the God Emperor's Palace. All the wealth and treasure inheritance, etc., are all presented, or

Prince Xu will consider...ah! ! "

The purple-clothed demon prince was originally speaking threatening words, but before he could finish speaking, he suddenly shouted with pain on his face.

It turned out that at some point, a ruthless iron hand, like a spear, penetrated his chest and crushed the heart in his body.

"Ah You!!"

The prince of the purple-clothed demon clan suddenly stared at Ye Feng who came in front of him out of nowhere, his eyes that were originally threatening were filled with fear.

The prince of the purple-clothed demon clan looked at Ye Feng in front of him in disbelief, staring at Ye Feng's blood-stained palm, which was piercing his chest. Feeling the huge pain caused by the bursting of his heart, he said in disbelief: "You ...How could you become so powerful all of a sudden?"

"Huh, nothing is impossible in this world!"

Ye Feng sneered, his palm shook, and the terrifying energy of the Dzogchen Galaxy Holy Body shook out crazily.

"Crack!"

The purple-clothed demon prince, a top demon warrior in the Great Perfection Immortal Realm, was suddenly blown into countless pieces. ??

"Swallow!"

A dark devouring realm appeared behind Ye Feng, swallowing up all the skills of the purple-clothed demon prince.

At this time, in the eyes of everyone, Ye Feng also directly released the Devouring Domain without any scruples. With his current strength, he was no longer afraid of being jealous.

"What?!"

When Ye Feng killed a demon prince in an instant, the other three demon princes were stunned.

"It's so strong!"

"Incredible!"

Countless human geniuses who were watching nervously were also horrified at this moment, feeling that the scene in front of them was unbelievable.

Not long ago, Ye Feng tried his best to kill a demon prince.

But now, Ye Feng killed a demon prince in an instant, seemingly very easily.

"But this Ye Tianjiao's cultivation has not improved at all. Why has his combat power suddenly become so terrifying?"

At this moment, countless people can't figure it out.

Only a few top geniuses, including Ye Shenyue, Xuanyuan Splittian and Chu Wudi, stared at the surface of Ye Feng's body that was surging with the light of the immortal stars, and seemed to see something.

"His body has undergone an unprecedented transformation! It has become like an ancient beast, and every move is full of destructive power!"

At this time, Chu Wudi suddenly spoke up with a horrified tone. He was a physical practitioner and could see the true changes in Ye Feng.

"Go together!"

"Hurry up and cast the forbidden treasure!

Kill this top genius of the human race! "

At this moment, the other three demon princes roared loudly, their faces full of ferociousness, and they released forbidden treasures one after another.

They are an ancient war spear engraved with demonic patterns, with a demon god roaring in the war spear.

There is also a huge pitch-black tower, with countless white bone palms protruding from it, as if sealing away thousands of undead, with terrifying destructive power.

There was also a demon prince who turned into an ancient troll with a height of several thousand feet. He held an ancient demon battle ax in his hand and chopped it down with one strike, as if it could tear the earth apart and chop everything into pieces.

The instant siege of the three demon princes, if it were aimed at the many human geniuses watching from outside, would probably wipe out all the human geniuses.

This shows how terrifying the destructive power of this siege is.

But now, Ye Feng was not afraid at all and shouted: "This bunch of clowns, all of them must die!"

boom!

Ye Feng didn't even use any martial arts moves or swordsmanship techniques.

He has now achieved the Dzogchen Galaxy Sacred Body, and his body has become an extremely terrifying killing weapon.

"Boom!!"

Ye Feng's whole body was blooming with divine light. At this moment, every inch of his body seemed to be made of the most perfect and hardest star iron in the world, full of incredible power.

He pressed down with a big hand, and the stars in the nine heavens shed endless light, melting into his hand, erupting with an overwhelming terrifying destructive power.

"Boom!!"

The three demon princes roared in fear, but they were blasted into the ground by the god-like giant star hand.

A huge slap pit appeared on the spot, and the weapons of the three demon princes were all destroyed, their demon bodies were also torn apart, and they all died.

"boom!"

Ye Feng stepped forward, his face calm, and he directly released the Devouring Domain and began to devour the powerful demon sources of the three demon princes.

At this moment, in the entire field, countless human geniuses, including many powerful demons hidden in the clouds in the distance, opened their mouths wide and their eyes were extremely dull.

Are all the four demon princes dead?

Ye Feng killed them all by himself!

There is no resistance at all!

It's simply devastating!

"The power of the gods is unparalleled..."

At this time, these four words appeared in the minds of countless people and demons involuntarily.

Only the might of the world can describe Ye Feng's shocking and terrifying combat power just now.
