### Chapter 1201 The Third Key

"boom!"

But at this time, after swallowing the demonic skills of three more demon princes in the big pit, Ye Feng's cultivation aura suddenly broke through, and he rushed from the late stage of the Dachengxian Realm to the peak of the Dachengxian Realm. state!

What surprised Ye Feng was that the bodies of the four demon princes actually contained four godhead seeds. After devouring and fusing them, the godhead in Ye Feng's body grew directly from 1% to 100%. of two!

Although it has only grown to 2%, for a warrior in the Immortal Realm, a 1% increase in the power of the godhead is an extremely terrifying improvement.

The divine light in Ye Feng's eyes became increasingly bright and terrifying.

He suddenly turned around and looked at a group of powerful demons hiding in the clouds not far away.

"Buzz!"

At this moment, countless powerful demons who were originally ferocious, trembled under Ye Feng's look and felt deep fear.

Never before had the demons felt such heartfelt shock and fear towards a certain existence in the human race.

For thousands of years, only Ye Feng has done it. He used his incredible talent and combat power to crush the threat of the demons in the Holy Mountain of Gods and Demons. One man became the king, and the whole audience was shocked!

Uh-huh!

Ye Feng flew high in the sky and stared at the clouds where a group of powerful demons were hidden. He spoke in an indifferent tone: "The demon god is a more terrifying existence than the demon prince. I know you are lurking inside. Now I have strength enough to talk to you on an equal footing?"

"The Demon God's Son?"

After Ye Feng finished speaking, everyone in the entire Holy Mountain of Gods and Demons looked shocked.

The Son of God of the Demon Clan is the top genius of the Demon Clan at the Virtual God Realm level.

At this time, everyone suddenly understood why Ye Feng was so cruel and quickly killed four demon princes. It turned out to be to frighten a mysterious and terrifying demon prince hidden in the clouds.

"Brother Ye is very powerful. His combat power is comparable to the first level of the False God Realm. He is truly a terrifying opponent who only meets once in ten thousand years."

Suddenly a young voice with a slight smile sounded.

A young man wearing a golden robe and looking as handsome as a demon walked out of the clouds.

This young demon is the son of the demon god who has been hiding and lurking.

The demon prince stared at Ye Feng, as if he didn't care at all about Ye Feng killing four demon princes. Instead, like a friend, he smiled easily and said: "I'm curious, how did Brother Ye see that I, the demon prince, My identity? My hidden technique is the most powerful 'Heavenly Demon Hidden Divine Technique' among our demons. Even if a strong man in the realm of gods comes, he will not be able to see through my hiding among the demons, but Ye Brother, I know that you saw through my identity from the first moment you walked out of the Divine Emperor's Palace. I am very curious. Can you tell me the reason? "

Ye Feng stared at this demon god son who seemed not evil at all, but rather polite. His eyes were calm and he just said: "I happen to have practiced a kind of pupil technique, which can see through the illusions in the world."

"I see."

After hearing Ye Feng's explanation, the demon god suddenly nodded. He seemed to have obsessive-compulsive disorder and was very satisfied after knowing the answer.

At this time, Xuanyuan Splittian and Chu Wudi, two descendants of the divine family,

He immediately stared at the demon god in the sky and said suddenly: "Are you the demon god who holds the third key?"

The Demon Son of God didn't seem to hear the shouts of the two people. He just stared at Ye Feng and said with a smile: "In the entire Holy Mountain of Gods and Demons, except for me and Brother Ye, the others are all weak and pitiful ants, so Brother Ye There is also a key in your hand that opens the ruins of the ancient war base. Do you want to work with me to open the ancient war base? There are endless wealth in it after the ancient war between gods and demons."

Weak and pitiful ant?

At this time, they saw that the demon god son paid no attention to them. Chu Wudi and Xuanyuan Splitian, the two heirs of the god family, felt a sense of shame and their faces were burning.

But they also know that in the entire Holy Mountain of Gods and Demons, Ye Feng is indeed the only one who is qualified to talk to the Demon God Son.

Ye Feng looked at the Demon God Son and said: "To open the ancient war base, you need three keys. One in my hand and one in your hand. Where is the third key? Where is it?"

This demon god son has the cultivation level of the False God Realm. Even if he is only at the first level of the False God Realm, he still has one-tenth of his godhead, which is very terrifying.

No matter how powerful Ye Feng is now, he does not take action easily because he feels that his life is threatened.

At this time, Ye Feng was also very fortunate that he had obtained the original power of the Space God Emperor in the God Emperor's Palace, transforming his Galaxy Sacred Body into the Great Perfection.

Otherwise, the demon god son opposite him might not be so polite, but would instantly reveal his ferocious demon minions and massacre everyone present.

At this time, the demon god's eyes suddenly focused on a human woman below, and said with a smile: "The third key is in the hands of a little ant from your human race, but Brother Ye is here, I will give Brother Ye a face and not take action against the human race. , Brother Ye, go get it yourself."

"The third key is in the hands of our human race's genius?"

Ye Feng's eyes were surprised. He followed the gaze of the Demon God Son and immediately saw a woman standing in the crowd.

"is her?"

Ye Feng's expression changed.

The woman that the Demon Son of God was talking about was Lin Miaomiao, who had previously entered the "Red Dust Tower" among the six ancient towers of enlightenment.

This is a very ordinary-looking woman whose cultivation in the realm of high-level immortals is not very outstanding.

But he was selected by Hongchen Tower and got the third key hidden in Hongchen Tower.

Ye Feng looked at the Demon God Son at this time and said, "Why didn't you kill me, the genius of the human race, when I was in the God Emperor's Palace? Seize the key?"

The eyes of the demon god son flashed, and then he said with a smile: "Because I want to wait for Brother Ye to come out of the God Emperor's Palace to see your strength. If Brother Ye becomes

very strong, I will kill all of you in advance." Human race, after you come out of the God Emperor's Palace, you will definitely be angry and massacre my entire demon race. Now you have used the four princes to prove your strength, Brother Ye. You are not something I can easily provoke at the moment, so we can now smile and be equal. dialogue."

What the Demon Son of God said was very direct, without any concealment.

Seeing the smile on the face of the demon god's son, many of the human race's geniuses on the sacred mountain of gods and demons couldn't help but feel chills in their bodies.

They were suddenly a little scared at this time. If Ye Feng hadn't become so powerful after coming out of the Divine Emperor's Palace, I'm afraid that the entire Holy Mountain of Gods and Demons would be covered with dead human corpses! "boom!"

And at this time, after swallowing the demonic skills of three more demon princes in the big pit, Ye Feng's cultivation aura suddenly broke through, and he rushed from the late stage of the Dachengxian Realm to the peak of the Dachengxian Realm. state!

Chapter 1202 Emperor Star

At this time, Ye Feng looked at the group of young geniuses from the human race behind him, and cast his eyes on Lin Miaomiao, the successor of Hongchen Tower.

Before Ye Feng could say anything, Lin Miaomiao had already taken out her key, and said with trust in her eyes: "I am willing to give my key to Senior Brother Ye."

Now Ye Feng's prestige is very high in the eyes of everyone.

So at this time, Lin Miaomiao chose to give away the key directly, and no one was surprised.

After all, although Lin Miaomiao was recognized by Hongchen Tower and received a peerless inheritance from Hongchen Tower.

But now in the entire Holy Mountain of Gods and Demons, Ye Feng is the only one who is qualified to talk to and cooperate with the Demon God Son on an equal footing.

Lin Miaomiao may be in great danger if she holds a key. It is better to give it to Ye Feng directly, which can be regarded as a favor to Ye Feng and gain Ye Feng's favor.

After all, in the minds of everyone now, Ye Feng is definitely the only one to rely on. He is the thickest thigh, and he can hug him tightly if he can.

At this time, Ye Feng walked over and took the key from Lin Miaomiao, the descendant of Hongchen Tower, and said with a smile: "Don't worry, I will bring all the geniuses of our human race into the ruins of the ancient war base."

Ye Feng knew very well that the ruins of the ancient war base must be very vast and contain countless opportunities.

As for the Demon Clan, in addition to the Demon Clan Godson, there are also many other powerful Demon Clan figures.

Entering with all the geniuses of the race, you can fight against the entire demon race.

Lin Miaomiao stared at Ye Feng and said with a smile: "I believe in Senior Brother Ye."

Ye Feng nodded slightly, holding two keys in his hand, walked to the opposite side of the Demon God Son, and said: "A total of three keys are needed to open the ruins of the ancient war base. I have two keys and you have one. Let's open them together."

The demon god son nodded and said: "Okay."

At this time, both Ye Feng and the Demon God Son knew that they could not do anything to the other party for the time being.

So their best choice now is to cooperate.

Swish, swish, swish!

At this time, a group of powerful demons gathered around the demon god's son, supporting him with overwhelming demonic energy.

At this time, around Ye Feng, the top geniuses of the human race were also coming over to show their strength for the human race.

In addition to Ye Feng's friends Xiaotao, Bai Ling, Ye Shenyue, Bald Bird, Ren Xiaoyao and Duanmu Cangqiong, there are also two descendants of the divine family, Chu Wudi and Xuanyuan Splittian, as well as all the other geniuses of the race. He stood behind Ye Feng and stared warily at the group of powerful demons on the opposite side.

"Let's go."

Ye Feng looked at the Demon Son of God and said, "Lead the way, I don't know how to open the ruins of the ancient war base."

"good."

The demon god son smiled and nodded, and walked towards the back mountain area of the sacred mountain of gods and demons with a group of powerful demons who surrounded him.

"We also

Keep up. "

Ye Feng led a group of human geniuses and hundreds of human masters, followed by the demon gods and demon strong men, and walked towards the back mountain of the sacred mountain of gods and demons.

When they arrived at the back mountain, they immediately saw broken sculptures of gods and demons, standing on the barren land of the back mountain.

This seems to be a battlefield where ancient gods and demons fought, and there are still many skeletons of soldiers left behind.

But they have all lost their spirituality. In the endless years, they have become decayed and lost any value.

But even so, many of the geniuses of the human race couldn't help but pick up a lot of decayed fragments of the divine weapons, even if they were kept as souvenirs.

Ye Feng looked at the Demon God Son not far away at this time and said: "Is this the place of opening?"

The demon god son smiled and said: "Yes, the place where the broken sculptures of gods and demons are located is the entrance to the ancient war base."

As he spoke, the Demon God Son took out a blood-colored crystal stone from his arms and threw it into the sky.

Buzz!

The blood-colored crystal suddenly turned into a bloody light, covering the entire area of the broken sculptures of gods and demons.

"Boom!"

And almost at the next moment, a huge ancient stone tablet slowly rose from the desolate land.

At this time, the demon god son looked at Ye Feng and said with a smile: "This ancient stele is the key to the opening stele. As long as we insert the three keys in our hands, we can open the space of the entire ancient war base. "

Ye Feng suddenly spoke up: "Demon God, did you get the wrong news? There are four grooves on this ancient monument. Does it mean that four keys are needed?"

"What?"

The demon god son's eyes were stunned, and then he looked carefully at the ancient stone tablet. Sure enough, as Ye Feng said, there were four grooves on the stone tablet.

"Need four keys?"

The Demon God's eyes suddenly looked a bit ugly.

He suddenly looked at a demon master behind him, his eyes were sinister, and he said: "How did you find out the news? Why do you need four keys?"

"Son of God, I don't know either, I...ah!!"

The demon master wanted to explain something, but the demon god's son stretched out a claw and crushed his head, killing him instantly.

"hiss!"

Seeing the moody, cruel and bloody scene of the demon god son, many of the human race geniuses on the opposite side couldn't help but shudder.

The previous courtesy of the Demon God Son to Ye Feng was really based on Ye Feng's strength.

At this time, this demon god son

If he didn't agree, he would crush his subordinate's head directly and kill him instantly. It was bloody and cruel. I'm afraid this is the true side of the demon god's son.

Ye Feng and the Demon God Son inserted all three keys in their hands into the ancient stone tablet, and sure enough, there was no reaction.

The fourth empty groove on the ancient tablet indicates that a fourth key is needed.

But for the fourth key, no one had a clue at all. Even the demon god's face was gloomy.

He spent a huge price to find the third key from an ancient corner of the demon world. The other two keys were in the ancient building of enlightenment in the Holy Mountain of Gods and Demons. Only the genius of the human race could take them out.

The Demon God Son had been planning for so many years, and he thought everything was in order.

But now there are four grooves on the ancient stone tablet, and a fourth key is needed.

But at this critical moment, where can I find the fourth key?

Ye Feng's eyes darkened slightly. He thought he was about to enter the ancient war base and obtain countless treasures and the legacy of ancient gods and demons.

But now, it is in a deadlock.

"I have the fourth key."

But suddenly at this moment, a manly voice sounded.

"What?"

"who is it?"

Everyone was startled and looked not far away.

In their field of vision, in the direction of the Holy Mountain of Gods and Demons behind them, a figure slowly walked towards them.

He was wrapped in a black robe, exuding a strong demonic aura, and his body was as strong as an iron tower, full of strength.

However, the face of this mysterious man was covered by the hood of a black robe, so we couldn't see his face, and we didn't know whether he was a human or a demon, because the demonic energy

on his body was different from that of the demons. He seemed to be from the human race. The spirit of magic.

The mysterious man is carrying a huge long knife on his back. He is burly. The head of the long knife is an exaggerated dragon-shaped head. There are bloody lines on the blade. This mysterious man does not look like a strong martial artist, but gives people the feeling of a butcher, like a gangster.

The mysterious man came over, holding the fourth key in his hand.

Neither Ye Feng nor the Demon God Son took action. They both felt a palpitating aura from this mysterious man.

"Probably a strong man in the False God Realm."

Ye Feng whispered at this time.

Ren Xiaoyao, Ye Shenyue, Xiao Tao and others around them couldn't help but look shocked.

Unexpectedly, in addition to the demon god son, another mysterious virtual god realm powerhouse appeared before him. It was not known whether he was a human or a demon.

At this time, the Demon God Son suddenly spoke up: "May I ask who you are? I hope everyone can get to know each other."

br

The muscular and mysterious man in black robe just said: "I am just an unknown swordsman and a prodigal son. I am here just for the legacy of the gods and demons. Also, don't mess with me. If you mess with me, you will be killed by my sword."

The demon god's face became a little stiff when he heard the mysterious man's tough words.

At this time, Ye Feng was staring at the majestic mysterious man shrouded in black robes and carrying a dragon-headed sword on his back. He looked like a gangster. He always felt that this mysterious man felt very familiar to him, as if he had seen him before. a feeling of.

"Crack!"

At this moment, the burly and majestic man in black robe had already put the fourth key into the fourth groove of the stone tablet.

"boom!!"

Almost at this moment, the whole field changed color!

The ancient stone tablet with the four keys suddenly released pieces of divine light, condensing into a huge spatial light gate in front of everyone's eyes.

At the other end of the light door in this space, everyone suddenly saw another new world.

"That is....."

But that new world was not a vast land, but a cold and dark starry sky.

Many people's eyes were shocked and they couldn't help but ask: "The ancient war base left behind by the war between gods and demons actually exists in the starry sky above the nine heavens?"

Ye Feng and the Demon God Son were also a little surprised. They thought that the ruins of the ancient war base might be in an ancient underground cave or a small world.

But I didn't expect that the ruins of the ancient war base that the space light gate leads to turn out to be a starry sky.

"Look! There are life planets in the starry sky. Each planet has a vast interface. Are gods and demons left behind on those life planets?"

Many people are secretly guessing.

But at this time, the burly black-robed man who owned the fourth key spoke up: "There are nine planets in total, and each planet has a portal to the next planet. The real legacy of gods and demons is on the largest planet." The ninth planet, 'Emperor Star', so what we have to do is start from the first planet, walk to the teleportation gate, teleport to the second planet, and finally reach the Emperor Star."

The burly black-robed man seemed to know a lot of secrets that even Ye Feng and the Demon Son of God didn't know.

The demon god son suddenly asked: "Why do you tell us these secrets? If you know it alone, you can go to the Emperor Planet alone and enjoy the legacy of the gods and demons alone."

The burly man in black robe shook his head and smiled, and said: "There are very powerful creatures living on every planet, either left over from the war between gods and demons or newly bred. I cannot reach the final emperor planet by myself, so , I need to cooperate with you to be able to reach the Emperor Planet and find the huge treasure left by the gods and demons. "

Chapter 1203 Dragon Blood Stone

At this time, everyone in the audience couldn't help but gasped after hearing the words of the mysterious black-robed man.

Nine planets in total?

Are there countless powerful beings living on every planet?

In order to find the final legacy of gods and demons, we need to reach the ninth planet, Emperor Planet?

At this time, the mysterious man in black robe laughed and said: "If you can't reach the final emperor star, it won't be considered a failure, because you have to know that every planet behind this space gate is covered with gods and demons. The blood of gods and demons that flowed from the great war, after these endless years, gave birth to on this planet sprinkled with the blood of gods and demons, not only powerful and ferocious creatures, but also countless treasures of heaven and earth, and peerless treasures. Medicines, rare treasures of heaven and earth, etc. Even if you can't reach the final emperor planet, it is very good to be able to get various precious medicines and rare treasures on these planets. These are ancient precious medicines that cannot be bought no matter how much wealth you have in the outside world. and the wonders of heaven and earth."

"You're right!"

After hearing what the mysterious burly man in black robe said, everyone's eyes were filled with joy.

However, Ye Feng and the Demon God Son who were present at this time had their eyes fixed on the largest emperor star in the deepest part of the starry sky through the space light door.

The Emperor Star, the legacy of gods and demons, is what these two top geniuses, Ye Feng and the Demon Son of God, really want. ??

"Let's go."

At this time, Ye Feng looked at the group of human geniuses behind him and said, "The man in black robe just said that on every planet in the starry sky, there are powerful creatures born in ancient times, which are very dangerous. , If anyone is unwilling to enter, you can exit directly now without making unnecessary sacrifices."

However, after Ye Feng finished speaking, everyone started to speak out and wanted to enter the starry sky planet with very determined attitudes.

Although this group of young geniuses are not as good as Ye Feng and the Demon God Son, they are almost all top-notch beings among the geniuses of the human race in the spiritual world.

Each of their martial arts will is very firm. They have gone through all kinds of hardships to get here, and naturally they are not willing to retreat. Even if they die in the starry sky, they feel that they are extremely glorious and their life is not in vain.

Seeing that everyone was extremely determined, Ye Feng nodded immediately and led a group of young geniuses directly into the space gate.

"Let's go in too."

The Demon Son of God led a large group of powerful Demons and also stepped into the gate of space.

The mysterious man who looked like a jungle gangster, wrapped in black robes and carrying a dragon-headed sword on his back, also jumped up and entered the door of space.

Buzz!

At this moment, along with a violent space fluctuation, everyone appeared on the first planet in the starry sky.

When I looked at it from the other side of the space gate before, I felt that the planet was floating in the starry sky and was not that big.

But now everyone has come to this planet in person, with their feet on the ground and looking around, they see the boundless vast land.

Above everyone's heads is the vast and magnificent starry sky of the universe.

"The portal of the first planet should be 300,000 miles southeast of our place.

square. "

At this time, the Demon God Son suddenly took out an ancient map from the storage ring, looked at it carefully for a moment, and said aloud.

At this moment, Ye Feng and the mysterious black-robed man before suddenly showed a trace of surprise in their eyes, staring at the demon god son.

The demon god son looked at the two of them, smiled slightly, and said: "This is the map I got from a box next to me when I found my key. At that time, I was very surprised how nine stars were drawn on the map. There are spherical objects and various patterns, but now it seems that the nine spherical objects on this map are the nine planets in the starry sky, and those patterns are guiding the route of the portal on each planet. "

The demon god son directly revealed his secret at this time, because like the mysterious man in black robe, he felt that he could not reach the final emperor star by relying on his own strength.

So at this time, Ye Feng, the mysterious man in black robes, and the demon god son all temporarily put aside all their prejudices and could only choose to cooperate.

The three of them are the three most powerful masters in the current group of teams. Whether they can reach the final emperor planet, it is estimated that only the three of them can do it together.

Next, the entire team began to rush towards the portal of the first planet according to the route on the map in the hands of the Demon God Son.

Instead of making a big fuss and using various flying treasures to rush quickly, they walked slowly along the way to be on the safe side.

After all, a very powerful ancient creature may appear on these planets at any time, possessing extremely terrifying power.

At this time, in the human team, Ye Shenyue came to Ye Feng's side and whispered: "Be careful of the demon god son, maybe he will kill you directly after your cooperation is over."

Ye Feng nodded slightly, glanced at the Demon Son in the Demon team not far away, and said with a smile: "Don't worry, Miss, I have always been vigilant."

Ye Shenyue said: "There is also the mysterious man in black robe who holds the fourth key. Although it is impossible to tell whether he is an enemy or a friend, you need to be careful."

There was a trace of confusion in Ye Feng's eyes, staring at the muscular man in black robe walking alone not far away, carrying a dragon-headed sword on his back, like a gangster, with a "don't mess with me" feeling all over his body. breath.

Ye Feng said, "I don't know why, but I always feel a sense of familiarity from this black-robed man, which is very close, but also very distant."

"Familiarity?"

Ye Shenyue's beautiful eyes flashed slightly, and then she said, "Could it be an old friend that you, Ye Feng, knew back then?"

Ye Feng shook his head and said, "I don't know either, but if it was an old friend I knew, he should have greeted me, and shouldn't have pretended not to know him, but his accent and the aura he exuded were both very familiar to me, but I can't remember it when I think about it carefully, maybe it's been too long."

After thinking carefully for a while, Ye Feng shook his head and looked into the distance.

The most important thing now is to reach the portal of the first planet first.

There are a total of nine planets, which is destined to be an extremely difficult and long journey.

Whether it is the human genius or the demon warriors, they are all top masters. They are very fast. In less than half a day, the team has walked half of the first planet.

The demon god was very happy. He didn't expect everything to go so smoothly.

"Boom!"

But suddenly at this moment, the flat ground in the distance suddenly exploded.

A golden dragon-shaped evil beast, with dense bristles all over its body, a huge mouth on its head, all black sharp teeth inside, like a sharp sword, looks extremely ferocious.

This is a strange evil beast that no one has ever seen. It exudes the cultivation fluctuations of the Great Immortal Realm. At this time, it broke out of the ground, opened its bloody mouth in an instant, and roared towards the team.

"Puff!" ??

Chu Wudi rushed out with a tall body at this time, holding a golden battle axe in his hand, and directly cut off the head of the ferocious dragon-shaped evil beast with an axe.

"Boom!"

The huge body of the ferocious dragon-shaped evil beast fell to the ground with a bang.

"Good!"

A group of human geniuses cheered.

"Something is wrong!"

Suddenly at this moment, Ye Feng suddenly discovered that the whole body of the ferocious dragon-shaped evil beast that was killed was actually shrinking rapidly.

All the blood in the body of this evil beast was absorbed by the earth at this moment.

"Fly high into the sky!"

Ye Feng seemed to have noticed something and roared.

"Shua! Shua! Shua!"

Almost at this moment, many human geniuses, including the demons and the tall and mysterious black-robed man, flew high into the sky.

Boom!

Boom!

Almost at this moment, the ground where everyone was standing collapsed all at once.

The countless muds were filled with densely packed dragon-shaped evil beasts with bristles all over their bodies and only one ferocious mouth. The entire underground was like a den of evil beasts.

"Puff!" ??

"Puff!" ??

"..."

The human geniuses who didn't have time to fly high into the sky were instantly swallowed by the densely packed ferocious dragon-shaped evil beasts deep in the collapsed ground. The ferocious sharp teeth pierced their bodies, and blood gushed out. The scene looked numbing.

Within a radius of several thousand meters, the ground collapsed completely, and the rubble and soil were full of those ferocious dragon-shaped beasts.

"Ah!"

"Ah!"

The demon team not far away also lost a lot in an instant, swallowing more than a dozen demons.

You know, whether it is Ye Feng's human race

Tianjiao or the demons on the side of the demon god, the team is composed of top masters, none of them are weak.

But now, they lost so many at once.

Everyone's eyes were extremely shocked and angry.

"Look!"

But at this time, the burly and mysterious black-robed man who was alone not far away suddenly stared at the bottom, and said with a hint of surprise: "These densely packed ferocious beasts are covered with dragon blood stones!"

"Dragon blood stone?"

Everyone was shocked when they heard it.

Dragon blood stone is a strange stone that can only be produced by soil bathed in the blood of ancient real dragons and buried underground for endless years. It is more precious than fairy stone.

Because even a small piece of dragon blood stone contains extremely magnificent dragon essence and dragon blood essence, which is of great benefit to the human race and even the body tempering of the demon race.

"I understand."

Ye Feng's eyes lit up at this time, and he said: "There must be a dragon blood stone vein buried under this piece of ground, so these dense and ferocious dragon-shaped evil beasts were bred underground. This is both the evil beast's nest and the place of rare mineral veins."

Obviously, this planet is really as the mysterious man in black robe said, full of crises and powerful ancient creatures, but also full of rare treasures and treasures.

Boom!

Ye Feng directly released the invincible sword domain and rushed down.

"Clang clang clang!"

"Clang clang clang!"

More than a hundred swords instantly formed a steel cutting circle like a meat grinder, wrapped Ye Feng, and instantly rushed into the densely packed evil beast's nest below.

"Puff!"

"Puff!"

Now, as Ye Feng's cultivation level increases, the Invincible Sword Domain becomes stronger and stronger. In an instant, it cuts and shatters all the dozens of ancient evil beasts that approach, clearing a large open space underground.

"Clang!"

Immediately, Ye Feng suddenly pulled out the Heavenly Tribulation Sword on his back, directly used the Heavenly Tribulation Sword as a shovel, and began to dig out the dragon blood stone veins bred deep underground.

"Grab it!"

At this time, the mysterious man in black robe not far away also yelled fiercely, pulled out the dragon-headed sword on his back, and slashed down with one blow. A large area of evil beasts was killed and cleaned up. He was very powerful, and he also began to dig wildly.

"Let's hurry up and get more dragon blood stone veins!"

At this moment, the Demon God Son also rushed down immediately, leading a group of Demon Clan strongmen to kill the ferocious beasts, and rushed madly towards the dragon blood stone veins underground.

"Let's hurry up and dig out whatever we can!"

At this moment, a dozen of the top geniuses, including Chu Wudi and Xuanyuan Split Sky, who were very confident in their own strength, couldn't help but take action and rushed towards the dense lair of evil beasts below.

Most of the geniuses didn't take action because they didn't dare. After all, the densely packed ferocious beasts' lair was so dangerous that it made people's scalp numb.

Chapter 1204 The Fourth Planet

"Boom!"

"Boom!"

At this time, the fastest person on the field to dig the dragon blood stone veins is probably Ye Feng.

Because he released the Invincible Sword Realm, a total of one hundred and eighty-nine swords, like a steel sword slave, guarded Ye Feng.

As long as a ferocious beast charges towards it, it will automatically be cut into pieces by the sword and killed instantly. ??

So Ye Feng just needs to concentrate on mining at this moment.

Moreover, the mining tool in his hand is a god-level sword called the Heavenly Tribulation Sword.

Although Ye Feng can only use part of the power of the divine sword at present, it is more than enough for mining.

In less than a moment, Ye Feng had hollowed out almost half of his dragon blood stone veins.

The other half of the dragon blood stone vein area was divided up by other demons such as the genius of the human race, the mysterious man in black robe, and the son of the demon god.

"Too fierce!"

At this moment, many people, even demons, couldn't help but twitch their eyelids slightly as they watched Ye Feng hollow out half of the dragon's blood stone vein by himself.

Next, everyone continued on their way, and finally arrived safely at the portal of the first planet.

However, before entering the portal, many human geniuses expressed their wishes to Ye Feng to stay on the first planet.

"The sudden ground collapse we just encountered killed many people. The second planet is expected to be more dangerous. We want to stay in the first planet and look for more treasures of heaven and earth. Anyway, we don't dare to leave the remains of gods and demons. Thought."

At this time, many people expressed their thoughts like this.

Ye Feng nodded slightly and said: "This is up to you. If you are willing to continue, you can go to the second planet with me. If you are not willing to continue, it is also a good choice to look for some rare treasures on the first planet. "

Buzz!

After Ye Feng finished speaking, he stepped into the portal and disappeared.

Chu Wudi and Xuanyuan Splitian, the two descendants of the divine family, did not hesitate at all. They stepped into the portal and disappeared in the blink of an eye.

Bald Bird, Xiaotao and Bai Ling stayed.

"I'm not interested in the legacy of gods and demons. Really, it's not because of Master Bird that I'm afraid." The bald bird said after seeing Xiao Tao's look over.

But Xiao Tao did not continue to move forward because Bai Ling, the protector, felt that there was no need to continue taking risks. Xiao Tao participated in this eighteen-state selection and came to the land of the devil, entering the ancient enlightenment building in the Holy Mountain of Gods and Demons. Her goal has been achieved. .

Bai Ling wanted to protect Xiao Tao very well, so naturally he was not willing to let Xiao Tao continue to take risks.

"You guys should take a good rest here and look for more treasures from heaven and earth. What have you really encountered?"

If it's dangerous, just leave this starry sky first and return to the Holy Mountain of Gods and Demons through the space gate. I'm going to follow Ye Feng. "

Ye Shenyue said, her graceful figure moved slightly, she stepped into the portal and disappeared.

The Demon Son of God led a group of powerful Demons into the portal, but no one remained.

The burly mysterious man in black glanced at Bald Bird, Xiaotao and Bai Lingyiniaoyao, and then stepped into the portal.

On the second planet, a group of teams encountered an even more terrifying danger. On the entire planet, there were densely packed huge vines, strange flowers, ancient trees, etc., all of which were plants, but these were all alive. The ancient plants are very old and look extremely scary, as if they are walking in a primeval forest full of dangers.

"ah!"

Suddenly a demon master screamed.

Everyone looked over one after another, and their eyes suddenly turned cold.

They saw that the head of this demon master was swallowed by a piranha next to him.

"hateful!"

The demon god son blasted out with his palm, directly crushing the piranha flower.

Wow!

After the piranha was broken, what flowed out was not plant water, but scarlet blood.

This is a very evil piranha!

It's a terrifying evil flower that can swallow up immortals!

The eyes of the demon god son were very ugly. The demon clan lost many elites along the way. He immediately said to the sixty-seven remaining demon masters behind him: "Everyone gather around me. I will sacrifice my god." Super magic weapon protects us."

Buzz!

A huge black oil-paper umbrella rushed out of the body of the Demon God Son, with ancient totems of demons and monsters engraved on it. At this time, the black umbrella flew high in the sky above the heads of the Demon God Son and other powerful Demon clans, and suddenly it was It began to spin rapidly, spreading a large swath of protective magic light.

"boom!"

Not far away, a burly man in black robe drew a knife and chopped a blood-sucking vine into countless pieces.

Not only is he a demon cultivator, but his sword skills are also very terrifying. He has the cultivation of the False God Realm. Along the way, the evil plants on this second planet cannot harm him at all.

As for Ye Feng's team, they had already lost several masters from the Middle Immortal Realm. They were attacked by several poisonous vines and pierced into their bodies. They instantly turned black, then melted into a pool of dirty blood, and died from the poison.

Although there are no ferocious beasts on the second planet, every ancient plant has

Like a terrifying killer lurking in the primeval forest, he may strike a fatal blow at any time, which is extremely chilling.

When they reached the portal on the second planet, the team became much smaller again.

On the side of the human team, almost 90% of the top geniuses chose not to continue moving forward, either to return to the first planet to search for treasures of heaven and earth, or to leave the starry sky where the ancient war base remains and return to the sacred mountain of gods and demons, where they would be safer. .

"Miss, you can come with me."

Ye Feng asked Ye Shenyue to stand beside him.

A smile appeared on Ye Shenyue's beautiful face, and she said: "I will accompany you for another journey. When we get to a more dangerous place, I will take the initiative to quit and not hold you back, Ye Feng. I know that God The magic legacy is very important to you, Ye Feng, but safety comes first."

After Ye Shenyue learned Ye Feng's inner secret, she felt more and more sorry for this young man who grew up in the Ye clan.

So she held Ye Feng's hand and insisted on walking with Ye Feng for a while.

But when we arrived on the third planet, what we saw was an endless ocean!

"boom!"

In the depths of the ocean in the distance, a terrifying deep-sea crocodile beast hundreds of thousands of feet long was roaring. The roar was as powerful as the sky, and it was thrilling. It seemed to be some kind of prehistoric giant beast lurking in the depths of the ocean.

Ye Shenyue chose to leave here because she didn't want to be held back.

Ye Feng looked at the beautiful woman in front of him and said with a smile: "Don't worry, young lady, you will be waiting for my return at the Holy Mountain of Gods and Demons."

Ye Shenyue nodded, stepped forward and hugged Ye Feng slightly, and then left quickly without any hesitation. She knew that staying for one more second would be a burden to Ye Feng, so she chose to leave as soon as possible.

At this time, of the human team on Ye Feng's side, only Chu Wudi, Xuanyuan Split Sky, Hongchen Tower successor Lin Miaomiao, and three other top human geniuses in the realm of Dachengxian continued to advance.

"Roar!!"

Suddenly an earth-shattering roar erupted from the depths of the ocean.

Boom! !

The endless sea water under everyone's feet suddenly burst open, and an abyss-like deep-sea crocodile beast opened its mouth, as if it could encompass the world and swallowed everyone up at once.

"Fly upward!"

The demon god son roared loudly.

But in the end, many people reacted slowly and did not fly high enough, and were swallowed by the deep-sea crocodile beasts.

"kill!"

At this moment, the demon god son took action in anger, and a sky-ripping claw struck the deep-sea crocodile beast.

when!

But in the end there was a metal collision

The roar.

The claws of the Demon Son of God were unable to tear apart the scales on the body of this deep-sea crocodile beast.

"What?"

The demon god was immediately shocked.

"This is an ancient sea beast in the False God Realm, let's get out of here quickly!"

The mysterious man in black robe shouted loudly, and then quickly ran away.

The Demon Son of God did not dare to delay and fled quickly with the remaining forty or so powerful Demons.

Ye Feng and others also left here in a hurry.

In the infinite ocean of this third planet, everyone worked together to repel the pursuing False God Realm deep-sea crocodile beasts, and they all felt the difficulty of this trip.

Even Ye Feng was shocked. If it weren't for the demon god son and the mysterious man in black robes, the three of them would have been swallowed up by the deep-sea crocodile beast together.

At this time, there is a calm ocean area.

"You'd better go back."

The Demon God Son thought for a long time and spoke to a group of Demon masters behind him.

"Son of God!"

A group of demon masters wanted to say something.

"No need to say more!"

The demon god son immediately ordered: "I will walk the next road alone."

"Yes, Son of God!"

The demon masters could only clasp their fists, obey the orders, and lurk towards the way they came.

"Brother Ye, I'm not ready to continue."

Chu Wudi walked to Ye Feng's side. Even this fighting maniac smiled helplessly and said: "It's too dangerous!"

At this time, the golden battle ax on Chu Wudi's body had cracks.

Xuanyuan Splittian's face was also extremely gloomy at this time. After all, he had no choice to move forward and decided to experience in the endless ocean of this third planet to find the treasure in the ocean.

In the end, only the three strongest figures were left and continued on the road together.

It was Ye Feng, the Demon God Son and the mysterious burly black-robed man.

At this time, the three of them were silent to each other. After all, they were on guard against each other, but now they had to work together to kill the powerful enemy.

One day later, the three of them arrived at the fourth planet.

The fourth planet is entirely filled with flaming lava, like a world of flames.

"boom!!"

And at the moment when Ye Feng, the demon god son and the mysterious man in black robes arrived, at the end of the earth, a flame giant with a height of hundreds of thousands of feet suddenly stood up. Mi's giant sword, burning with flames, came crashing towards the three of them. The giant sword was as big as the sky, as if it could tear the entire starry sky apart!

Chapter 1205 It's my turn

"It's the flame overlord of this fourth planet! They are at least second-level or even third-level creatures of the False God Realm. Let's run! We can't resist!"

At this time, the mysterious man in black robe immediately roared loudly, and he, Ye Feng, and the Demon God Son quickly dodged the flaming giant sword.

"Boom!"

The giant sword still slashed down, hitting the ground, and suddenly the ground cracked with huge cracks spanning tens of thousands of miles.

"What a terrifying attack!"

The three of them all looked surprised.

The flaming giant standing hundreds of thousands of feet tall, wearing a flaming crown on his head and holding a flaming giant sword in his hand, really had an extremely shocking visual impact, as if it was supporting the entire sky.

"Boom!"

The flame giant once again wielded his giant sword and struck down, this time directly on the head, there was no way to avoid it.

"Work together to block!"

At this moment, Ye Feng, the Demon God Son, and the mysterious man in black robe all took action instantly, and together they launched a huge divine light shield.

This divine light shield was forged with the skills of three top powerhouses. It was very strong and shrouded and protected the three of them.

"boom!!!"

Click! Click! Click...

And at the next moment, the monstrous flaming giant sword struck on it. What made people's heart palpitate was that the giant sword was as heavy as a mountain and as sharp as a heavenly sword. The terrifying impact force actually bombarded the great shield of divine light in an instant. Broken apart inch by inch.

"ah!"

The demon god son stood in the middle of the three. He was the first to bear the brunt. Half of the demon body was instantly ignited by the terrifying flames on the giant sword. In a moment, half of the body was burnt to black, and the flesh and blood were blurred. Even the strong demon scales Unable to resist the burning flames, the demon god suddenly let out a painful scream.

"I'll block it!"

The burly black-robed mysterious man was also startled, and he quickly took out the gun he carried behind his back.

A dragon-headed sword.

A "dang" sound!

The mysterious man in black robe held a big sword in his hand, and he actually blocked the flaming giant sword hundreds of thousands of meters away.

"Golden dragon scales!"

"Armor fusion!"

At this extremely urgent moment, Ye Feng thought almost without thinking, and with a "click, click" sound, the entire surface of his body, from beginning to end, was covered with a layer of golden armor, completely wrapped.

It's the Golden Dragon Armor!

It has extremely strong defense power!

Boom!

The giant sword struck Ye Feng's body, like a mountain being bombarded.

Although the golden dragon armor was not shattered, the terrifying impact directly sent Ye Feng flying tens of thousands of meters in an instant.

Then there was a "boom"!

Ye Feng's whole body hit the ground directly, smashing into a large area of the ground with a "crash", and rolled on the ground for dozens of seconds before stopping.

"What a terrifying power!"

Ye Feng suffered internal injuries at this time, and a trace of blood spilled from the corner of his mouth in the golden dragon scale armor.

"So strong!"

Ye Feng looked through the golden dragon armor and stared at the tens of thousands of tall flame giant standing on the distant ground under the starry sky. He was like the master of the planet, possessing extremely terrifying power.

"It seems that we can only escape first! After we get the legacy of gods and demons and become stronger, we can kill this flame giant and get some giant flame source for Uncle Lin, the human fire god."

"Ahh! I'm going to kill you!!!"

But not far away at this time, the demon whose body was scorched half by the flames

The clan god son actually roared angrily, and suddenly activated the terrifying demon source, turning one of his arms directly into a giant hand with a length of tens of thousands of meters, just like Ye Feng's magic. The sky is like the earth.

Boom!

The giant demon's hand that covered the sky struck down hard, and even knocked the giant sword from the flame giant's hand away.

"Work together to kill this flame giant!"

The mysterious man in black robes on the other side also became fierce. He directly held the dragon-headed sword in his hand and shouted: "With the big dragon sword in my hand, I have the world!"

boom!

The arm of the mysterious man in black robes expanded and thickened more than ten times at this moment, and was filled with tremendous power. He held the dragon-headed sword in his hand and slashed at the flame giant in the distance. It seemed to be able to cut the sky and split it. Possessing infinite chopping power!

With the big dragon sword in my hand, do I have it in the world?

Ye Feng was lying in the ruins not far away at this time. When he heard the words of the mysterious man in black robes, he suddenly felt that they were very familiar.

He still remembered that when he was in Longyuan Continent, a good friend he had met, Uncle Scar, was just like that mysterious man in black, his style and speech were very similar.

But back then, Uncle Scar used a butcher knife.

"Could it be that the man under that black robe is Uncle Scar?"

Ye Feng's eyes suddenly froze when he thought of this.

He still remembered that when he was a young warrior on Longyuan Continent, he met Uncle Scar who opened a tavern during a training session.

The two planned together, even climbed into a dog hole together, and lurked into a demon city. In the end, Uncle Scar got the inheritance of the real demon, and Ye Feng himself got a set of demon armor.

Ye Feng still remembers that he didn't have the ability to fly at that time, and Uncle Scar taught him a way to fly.

Flying Martial Arts: Ziyun Wing.

In addition, before Ye Feng participated in the Hundred Dynasties War in Longyuan Continent, he met Uncle Scar for the second time when he was teaching his only disciple Chu Huanxue, the orphan of the Chu family, in the Suzaku Dynasty, one of the ten super dynasties. .

Moreover, in the royal capital of the Suzaku Dynasty, the two of them also dealt with the mysterious high priest of the Suzaku Dynasty at that time.

After that, after Uncle Scar left again, it seemed that Ye Feng never saw this old friend again in his memory.

Regarding Uncle Scar, Ye Feng has always felt that he is mysterious and his identity must be very extraordinary.

At this time, I was watching every move of the mysterious man in black robe not far away, his gangster-like temperament, his domineering aura that made me feel as if I had a knife in my hand, and my strong sense of familiarity.

All of this caused Uncle Scar in Ye Feng's mind to overlap with the mysterious man in black robe not far away.

"But, if it's Uncle Scar, why didn't he recognize me directly at the beginning? Why did he have to cover his face and body with a black robe to hide his identity?"

This is something Ye Feng can't figure out, and it's also the reason why Ye Feng doesn't directly communicate with the mysterious man in black robe.

"boom!"

At this moment, the big dragon knife in the hands of the mysterious man in black robe not far away struck directly on the head of the flame giant.

"Crack!"

What is surprising is that the huge flame crown that seemed to have grown naturally on the top of the flame giant's head was suddenly broken into pieces.

It has to be said that this mysterious man in black robe is very tough. He holds a big dragon sword in his hand. He is like a gangster. He is simple and rough. He smashes the crown of the flame giant with one knife.

"Uh-huh!"

At this moment, Ye Feng suddenly climbed up from the ruins, then rose into the sky and shouted: "It's my turn now!"

Chapter 1206 Meeting Gift

Seeing that the Demon Son of God and the mysterious black-robed man were directly fighting the Flame Giant, Ye Feng no longer held back and directly inspired Fa Tian Xiang Di.

"boom!"

Ye Feng's entire body began to expand, and he rose directly into the sky. He expanded and became a 30,000-foot golden giant. His mountain-like hands turned into big fists, and he punched the flame giant in the face.

"ah!!"

The flame giant saw the golden giant that suddenly stood up. He had no time to avoid it and was directly punched in the face by Ye Feng. He screamed in pain.

"Damn! He turned into an ancient giant?" The mysterious man in black robe not far away was shocked. He stared at the 30,000-foot majestic giant that Ye Feng had transformed into, his eyes full of shock.

It seems that he never expected that Ye Feng would have such shocking magical powers.

"Devil's claws that cover the sky!"

At this time, the Demon God Son took action again.

boom!

A giant claw that covered the sky even larger than before appeared, covering the entire starry sky, and bombarded it all at once, directly knocking the flame giant to the ground.

"kill!"

"kill!"

At this moment, the mysterious man in black robe and Ye Feng took action almost at the same time.

"Boom!!"

The big dragon knife had boundless impact and pierced directly into the chest of the flame giant.

And Ye Feng also held a super sword composed of the Invincible Sword Domain, and with one move of the Gods' Sorrow, he slashed out without any hesitation.

"ah!!!"

The entire fourth planet suddenly heard the screams of the flame giant.

In the end, the Flame Giant died of exhaustion under the crazy attacks of the three top combat forces.

"Boom!!"

The majestic flame giant body collapsed.

"This is great wealth!"

The three of them all stared at the body of the flame giant for an instant, their eyes showing a deep fiery look.

"Uh-huh!"

Suddenly at this moment, the demon god son suddenly rushed towards Ye Feng and grabbed a claw instantly.

"Pfft!"

Several pieces of flesh and blood were torn off Ye Feng's chest at once, and the blood was dripping. You could even see Ye Feng's sternum and beating heart.

"What?"

Ye Feng quickly retreated, staring at the demon god son with a look of shock and anger.

He had been guarding against the Demon God Son. Fortunately, he quickly retreated. Otherwise, what the Demon God Son would have torn out was not flesh and blood, but the entire heart.

"It's a pity, it's a little bit worse."

The demon god's eyes were a little sinister at this time, staring at Ye Feng, and said sinisterly: "I thought that after the battle just now, your strength was exhausted, but I didn't expect that you still have some strength left. As a human being, the source of your skill is unexpectedly It's so majestic,

just like an ancient giant beast, it really scares me, but you have to die, because this flame giant can only be divided equally between two people. "

Ye Feng was not surprised by the sudden attack of the Demon Son. He knew that the Demon Son had been trying to get rid of his great enemy. Now that the flame giant was dead, out of greed, the Demon Son couldn't help but take action.

But now Ye Feng's eyes moved and he said: "It's only enough for two people to share it equally, Demon God Son, what do you mean?"

"boom!"

Suddenly, a huge sword light suddenly struck Ye Feng.

"when!"

Ye Feng quickly raised the Heavenly Tribulation Sword to resist, but was still knocked back by a huge force for more than ten steps before stopping.

is the

The mysterious man in black robe!

It was him who took action!

Ye Feng's eyes darkened and he said, "You two have joined forces?"

At this time, Ye Feng was extremely frightened and angry. With these two top powerhouses joining forces, he might really be in danger of falling.

"That's right, the noble Demon God Son and I have joined forces a long time ago. After killing you, we will share all the wealth equally."

A voice with a hint of sneer came from the hood of the mysterious man in black robe.

At this time, the mysterious man in black robe walked towards the demon god's son. It was obvious that the two had reached an alliance at some point.

At this time, the demon god son waved politely to the black-robed man walking towards him, while staring at the frightened and angry Ye Feng, with a mocking look in his eyes, and said: "The genius of the human race, you are destined to be young, long ago A few days ago, I had secretly communicated with this friend in black robe and reached an agreement. As long as he assists me in killing you, this son of God will not only share the legacy of gods and demons equally, but will also give this friend in black robe a kingdom of demons. , let him become the king of the demon kingdom, hahaha...ah!"

The demon god son was sarcastically laughing at Ye Feng, but suddenly at this moment, before he finished laughing, he suddenly felt a huge pain that was heartbreaking.

"What? You..."

The demon god son suddenly looked to his side, his eyes filled with deep shock and anger.

The man in black robes whom he called his "friend" had just walked up to him, and when he wasn't paying attention, he stabbed the big dragon knife in his hand deeply into his chest.

Changes come so fast!

Even the demon gods didn't react.

The man in black robe had slashed at Ye Feng just now.

At this time, he actually turned against him and stabbed the big dragon knife into the body of the Demon God Son, who was supposed to be an ally.

Demon God Son Taixiang

He believed in the man in black robe, and the man in black robe had just killed Ye Feng with a knife, so the demon god son had no defense against the man in black robe.

"boom!"

At this time, a monstrous sword light burst out from the big dragon sword. Amidst the miserable howl of the demon god son, it suddenly cut the demon god son's body in half from the chest.

Snap!

The upper body of the Demon God Son suddenly fell to the ground. His eyes were filled with disbelief as he stared at the black-robed man and said, "Why? Why! I promised to give you a Demon Kingdom and make you the king of my Demon World. Why did you attack this god? I want to know why?"

Wow!

But at this moment, the man in black robe suddenly opened his black hood, revealing a rough and resolute face, with a long scar that spread over half of his face.

The man in black robe grinned, stared at the demon god son on the ground who was unwilling to roar, and said: "You want to know why, right? Then I will tell you, because Ye Feng and I are brothers! You are such a cruel demon Son, I have been hiding for so long, not recognizing Ye Xiaozi, and even slashing at the injured Ye Xiaozi just now, all in order to gain the trust of you, a demon bastard, and then make you have no defense against me. In the end, I'll kill you with one more blow! Hahaha, I even admire myself!"

"Uncle Scar!"

At this time, Ye Feng, who was struck by a knife in the distance, suddenly brightened his eyes.

The man in black robe who gave me a strong sense of familiarity was indeed Uncle Scar!

"boom!"

At this time, Uncle Scar slashed the Demon Son's neck with a knife.

He held the big dragon sword in his left hand and the bloody head of the Demon God Son in his right hand. Like a gangster, he turned around and looked at Ye Feng, grinning broadly and said: "Boy Ye, long time no see! This Demon God Son My head is a gift for you, how about it, isn't it?"

Chapter 1207 Let's go together

"Uncle Scar! It's really you!"

Ye Feng's eyes were filled with joy, and he immediately stepped forward and stared at the extremely familiar figure in front of him.

Uncle Scar's face turned dark and he said: "Young man Ye, please call me brother, not uncle. Didn't I tell you earlier that I am only ten years older than you? You are twenty years old now, and I am only thirty years old." "

Ye Feng nodded and said, "Okay, Uncle Scar."

Uncle Scar: "..."

Ye Feng immediately asked: "Where have you been these years? Did you arrive in the nineteen states of the human race in the spirit world earlier than me?"

Uncle Scar nodded and said: "Yes, in an ancient ruins in Longyuan Continent, I discovered an ancient teleportation array that secretly leads to the human land of the Nineteen States in the spirit world, so I was teleported away directly. If I knew that there was a demonic turmoil in Longyuan Continent, I would go to the Southern Territory to find you, Mr. Ye, and we would come to the land of the nineteen human states in the spirit world in advance."

At this time, Ye Feng heard Uncle Scar say this, and his eyes suddenly showed a deep strange look.

Unexpectedly, Uncle Scar was so lucky that he found an ancient teleportation array directly leading to the nineteen states of the human race in the spiritual world.

But no matter what, even if Ye Feng knew that the ancient teleportation array could directly lead to the nineteen states of the spiritual world, he would definitely not leave alone so easily.

After all, his brother Xiao He, master Bai Yuchen, many friends, Jian Wushuang, senior sister Murong Yunyin, etc., as well as all the people in the entire southern region, were all in danger at that time.

Although many old friends are now in the Great Emperor Tower, I don't know where they were knocked down.

But no matter what, they finally followed Ye Feng and escaped from the dire straits of Longyuan Continent.

It is much better to wander around the world than to be slaughtered by the demon army.

At this time, Uncle Scar stared at Ye Feng in surprise, and exclaimed: "You boy is doing well now. Your cultivation level has broken through so quickly, and you have reached the realm of Dachengxian. Moreover, you have become that person just now." The golden giant that was ten thousand feet tall really scared me. It was so awesome. I had never seen that before.

Such means. "

Ye Feng smiled and said: "That is a magical talent that I awakened."

Uncle Scar stared at Ye Feng and said: "Boy Ye, tell me the truth, are you the cub of some ancient beast? Have you awakened so many powerful innate talents?"

Ye Feng couldn't help but smile helplessly and said: "Uncle Scar, I am a pure human race, not a cub of some ancient mythical beast. The golden giant I turned into before is also a magical power of the ancient human race. The human race In the eyes of all the races in the world, the body is now synonymous with "weak" and "fragile". However, in the ancient times, the true body of the human race was equally terrifying and could inspire the original power of the ancient human race to become a giant. The golden giant has the terrifying power to reach for the stars and the moon, and to move mountains and fill seas."

"sharp!"

Uncle Scar gave Ye Feng a thumbs up.

Obviously, the power that Ye Feng erupted after turning into a golden giant really shocked Uncle Scar.

At this time, Ye Feng suddenly stared at Uncle Scar and asked: "Uncle Scar, who are you? I have always thought you are mysterious."

Uncle Scar grinned and said, "I have no identity, I'm just a prodigal swordsman."

Ye Feng looked at the big dragon knife behind him and said, "Where is your pig-killing knife back then?"

Uncle Scar chuckled and said: "I used the pig-killing knife as my main body, and searched for tens of thousands of rare metal materials on this land, and cast this big dragon knife. Its hardness and power are comparable to the magic weapon. Sharp weapon, look, it's domineering, right?"

As he spoke, Uncle Scar took off the big dragon knife and dangled it in front of Ye Feng.

Ye Feng just shook his head and smiled at this, and then looked at the body of the Demon Son not far away, and said: "Uncle Scar, go and deal with the body of the flame giant. I want to devour the body of the Demon Son."

Yes, increase your power. "

"good."

Uncle Scar nodded and walked towards the corpse of the flame giant lying on the ground, which was hundreds of thousands of feet tall.

At this time, Ye Feng stood on the spot and grabbed it with his big hand.

"Swallow!"

boom!

A large area of darkness swallowed up the realm, and suddenly rushed out from Ye Feng's palm.

"Wow!"

It was like a huge mouth of an extremely ferocious beast, swallowing up the demon body of the demon god's son in one go.

"boom!"

At this moment, an extremely terrifying force exploded in Ye Feng's body.

The Demon Son of God is a powerful person in the first level of the Virtual God Realm, and the powerful demon source in his body is simply surging to a certain terrifying level.

At this time, Ye Feng suddenly felt that his body was expanding tremendously. The terrifying original power almost burst his entire body.

"What a powerful force!"

"As expected of the demon god's son!"

"Too big!"

Ye Feng's eyes were extremely excited, and he quickly ran the Divine Art of Creation to guide such a huge source of power and strengthen his cultivation strength.

"boom!"

Suddenly at a certain moment, Ye Feng's body suddenly conveyed a new and powerful martial arts aura, majestic and magnificent, vast and powerful.

This is the aura of cultivation in the Dzogchen Immortal Realm!

At this moment, Ye Feng's cultivation finally broke through the bottleneck from the peak of the Great Perfection Immortal Realm, and directly hit the early stage of the Great Perfection Immortal Realm.

And what makes Ye Feng most happy is that the body of this demon god's son possesses part of the power of the godhead, which is one-tenth of the godhead.

After being devoured, there was some loss of divine power, but in the end, the 2% of divine power in Ye Feng's body skyrocketed to 9%!

It is about to reach ten percent of the first level of the Virtual God Realm, which is one-tenth of the godhead level.

Ye Feng could feel at this moment that his combat power had once again increased many times.

But he looked at Uncle Scar. Just like before, he still couldn't see through the true cultivation level of this old acquaintance.

But Ye Feng didn't care. He walked not far away and found that Uncle Scar had brought two energy light groups emitting crimson light in front of him.

Uncle Scar smiled and said: "These two balls are the essence of the flame giant. They are two very advanced fire origins. Although we can't use them, they can definitely be sold to some great alchemists or great weapon refiners. Sky-high prices."

Ye Feng took a bunch and put it into the storage ring. He was going to use it for his Fire God, Uncle Lin.

Even if he could rescue Uncle Lin's last Vulcan Soul from the Heavenly Soul Palace, he would still be extremely weak.

But now that I have obtained such a ball of flame origin from the planet's overlord flame giant, and when it is absorbed by Uncle Lin, I will definitely be able to recover Uncle Lin from his weak state.

At this time, Ye Feng looked at the distant land again and found that the flame giant, which was hundreds of thousands of feet tall, had become a withered corpse without the slightest life essence after Uncle Scar had extracted the source of the flame.

Obviously, this flame giant is completely composed of flames. If it leaves the origin of flames, it will lose any power fluctuations.

Uh-huh!

At this time, Ye Feng picked up the Demon God Son's storage ring from the ground.

Under the investigation with his spiritual sense, Ye Feng discovered that many treasures were stored in the storage ring. After all, the wealth of a demon god's son was still very rich.

But what Ye Feng needs now is the previous map of the Demon God Son.

Uh-huh!

He took out the map from the storage ring, looked at Uncle Scar, and said, "Let's go the next way."

Uncle Scar patted Ye Feng on the shoulder and said: "Okay! Just like before, let's go together! Brothers are united in their hearts, and their strength is as strong as gold!"

Chapter 1208 Above the Galaxy

According to the map in the storage ring of the Demon Son of God, Ye Feng and Uncle Scar soon arrived at the portal of the fourth planet.

After killing the flame giant, the overlord of the planet, no living being on this planet of flame dared to offend the two of them.

Buzz!

Following a violent space fluctuation, the two appeared on the fifth planet.

The fifth planet turned out to be a land of the dead, with all kinds of souls wandering around, including skeleton warriors, bone dragons, etc.

Uncle Scar touched his chin and guessed: "Is this planet connected to the legendary undead interface? Why are there so many undead wandering on this earth?"

boom!

And just as Uncle Scar was talking, in the low mountain not far away, a tall skeleton warrior, with soul fire burning in his bone eyes, holding a huge bone sword in his hand, came towards the two of them in an instant. .

"boom!"

Uncle Scar instantly pulled out the dragon sword and slashed it with one strike.

"when!!"

But the next moment, accompanied by a huge roar, the tall skeleton warrior was not chopped into pieces, but was just knocked away.

boom!

The skeleton warrior attacks again, with endless power, like a fighting machine.

Uncle Scar couldn't help but said in surprise: "These undead are really tough. They are probably all high-level undead, and as long as the soul fire is burning, it will always have endless power. We'd better run away, otherwise sooner or later Consumed by these undead."

Ye Feng looked at the tall skeleton warrior who rushed over again, but he did not leave at this time. Instead, he smiled and said: "Uncle Scar, let me tell you another secret. In fact, I am not just a powerful warrior. , and is a senior soul master who knows the art of soul deeply.

"What?"

Uncle Scar immediately looked at Ye Feng beside him, his expression suddenly shocked.

boom!

At this moment, Ye Feng's eyes, which were originally dark, suddenly became brighter, and two red laser beams surged out, bursting out from Ye Feng's eyes.

"Boom!"

The blood-red laser directly bombarded the tall skeleton warrior who rushed over.

"Crack!"

The soul fire burning in the skeletal head of the skeleton warrior was instantly wiped out by the red laser, and the entire tall skeletal body fell directly to the ground.

This skeleton warrior's skeletal body did not suffer any damage.

But his soul fire was wiped out by Ye Feng's soul attack, so there was only an empty and lifeless skeleton left.

The crimson laser that shot out from Ye Feng's eyes was none other than the Nine Nether Sky Eyes.

Or to be more precise, Ye Feng merged the Nine Nether Heavenly Eyes and the Divine Eyes of Creation into one, turning it into a very powerful eye attack method.

The red laser that now bursts out from Ye Feng's eyes can not only attack physical creatures, but also cause soul damage and can obliterate souls.

Faced with these undead who had no protection for soul fire, Ye Feng was naturally able to obliterate the opponent's soul fire in an instant, which was very simple and direct.

"Damn! Young man Ye, you are actually a soul master!"

At this time, Uncle Scar was shocked, staring at Ye Feng's eyes that shot out red lasers, his rough face full of envy.

Ye Feng looked at this land of the undead and said with a smile: "Perhaps, I can make a breakthrough in my soul power here. Sure enough, every planet has huge opportunities."

At this time, Uncle Scar ran not far away and put the skeleton of the tall skeleton warrior who had lost his soul fire into the storage ring. He chuckled and said: "This skeleton can actually He withstood my sword without any damage. The bones in this body are as hard as divine iron. They are definitely good materials for weapon refining. They can be absorbed by my dragon sword and become harder again. "

Ye Feng stared at Uncle Scar with surprise and said, "Can your big dragon knife continue to absorb other strong materials and become harder?"

"That's right."

Uncle Scar was quite proud and said with a smile: "When I cast this great dragon sword, I cast a very strange material called 'demon iron', which can make my great dragon sword a This kind of growth weapon is like having life, and can continuously absorb other precious materials, strengthen things, and increase the toughness of the dragon sword itself. "

When Ye Feng heard this, his eyes suddenly lit up and he said, "Do you still have the materials?"

Uncle Scar spread his hands and said: "Demon iron is so rare. I went through a lot of hard work to get a piece of demon iron the size of a fingernail, which was melted into the big dragon sword."

At this time, Uncle Scar said, and took out the skeleton warrior's skeleton from the storage ring.

He said aloud: "Young man Ye, take a look."

As he spoke, Uncle Scar touched the domineering dragon-shaped sword in his hand to the skeleton warrior's bone frame.

"Buzz!"

In an instant, Ye Feng saw that streams of hard bone essence were all absorbed by the Great Dragon Sword.

The skeleton warrior, who was originally a hard skeleton, suddenly became soft and soft.

At this time, the Great Dragon Sword actually actively absorbed all the hard attribute power in the skeleton warrior's bones and became even harder.

"If you encounter it again in the future, remember to leave a piece for me."

Ye Feng said to Uncle Scar.

"good."

Uncle Scar nodded and said: "If you want to achieve enlightenment in the eternal realm, it is best to have a natal treasure of your own. This big dragon sword of mine was born back then.

The pig-killing knife will be my weapon of enlightenment from now on. When I get the demon iron in the future, I will definitely leave a piece for you, Mr. Ye, so that you, Mr. Ye, can start to smelt a natal treasure that is intertwined with the secrets of your own martial arts practice. , for later use in enlightenment. "

"The treasure of destiny? The weapon of enlightenment?"

Ye Feng murmured, and then walked quickly with Uncle Scar towards the portal of the fifth planet.

The most important thing now is to rush to the Emperor Planet and obtain the legacy of the ancient gods and demons.

"boom!"

"boom!"

"boom!"

Along the way, Uncle Scar didn't need to take action at all. Ye Feng's eyes flashed with red lasers. No matter what undead came, such as several thousand meters tall bone dragons, hundred-foot-tall skeleton giants, various undead monarchs, etc., They were all pierced instantly by the fused eyes of Ye Feng's Nine Nether Heavenly Eyes and the Divine Pupil of Creation, obliterating the soul fire.

Moreover, at the moment of obliteration, Ye Feng also released the Devouring Domain, swallowing up all these broken soul fires.

Ye Feng's soul power is constantly growing at this moment.

And Uncle Scar was also happy and excited, because after the dragon sword absorbed the ancient bones of the undead, it became harder, its edge became more terrifying, and its absolute power increased greatly.

At the end, Ye Feng discovered that his soul power had skyrocketed from the previous level of more than 400 levels to more than 600 levels.

This is a huge breakthrough!

At this moment, Ye Feng felt that his soul was stronger than ever, and his mental power was also stronger than ever.

The surge in soul power was of great help to Ye Feng's Soul Emperor Seal and the spirit pattern master.

"I feel that my big dragon sword has advanced to a mid-level god-level warrior."

At this moment, Uncle Scar stared at the big knife in his hand that had turned a little bone white, and couldn't help but exclaimed in surprise.

"We've arrived at the portal."

Ye Feng spoke up at this time.

Buzz!

In a violent space fluctuation, the two disappeared into the portal.

The sixth planet is a barren and barren land without any life.

But Ye Feng and Uncle Scar both discovered that their longevity and vitality were passing quickly.

"Fortunately, we are already in the realm of immortality and our lifespan is unlimited."

Uncle Scar said aloud.

As for blood, both Ye Feng and Uncle Scar had plenty of energy.

Ye Feng felt that Uncle Scar had probably refined his true demonic body to the Great Perfection state.

On the seventh planet, there is actually a huge orc empire.

But in the end, Ye Feng and Uncle Scar teamed up to kill the Beast King of the Orc Empire, and no orcs dared to stop them anymore.

The eighth planet,

After Ye Feng and Uncle Scar arrived, they immediately felt extremely cold.

The entire eighth planet turned out to be a frozen land, and even space seemed to be frozen.

Ye Feng released a trace of the power of the space gem, tearing the frozen space into pieces.

Risking being permanently frozen, the two finally arrived at the portal of the eighth planet at the last moment when they were about to turn into ice sculptures.

"boom!"

Finally, with the last space portal, the figures of Ye Feng and Uncle Scar were revealed on the ninth planet.

The ninth planet is the Emperor Planet!

It is also the end of the legendary ancient war base starry sky!

Buried are the remnants of the ancient war between gods and demons!

"This is....."

At this time, Ye Feng and Uncle Scar stood on the Emperor Star.

Everything appeared in their field of vision, which shocked both of them.

At this time, on the entire land of the Emperor Planet, the field of vision is filled with endless battle ruins. The magnificent ancient buildings, palaces, fairy palaces, towers, etc., have all been smashed to pieces.

Countless ruins, collapsed buildings, and fragments of divine weapons are all floating on the entire Emperor Planet.

Uncle Scar was stunned, and then said: "This place is like a garbage dump."

Ye Feng seemed to sense something at this time. He suddenly looked up high in the sky and said in shock: "Uncle Scar, look quickly, what is floating in the galaxy?"

"Let me see!"

Uncle Scar took out two cylindrical tubes and placed them in front of his eyes. His field of vision was suddenly stretched infinitely.

The next moment, Uncle Scar suddenly said in surprise: "There is an ancient tomb floating on the galaxy of this emperor's planet!"

"Ancient Tomb?"

Ye Feng's eyes were startled and he said suddenly: "Is it the tomb of gods and demons?"

At this time, Ye Feng was also operating the Divine Eye of Creation, and his field of vision was quickly enlarged. He immediately saw a shocking scene.

Directly above the emperor's star, in the cold and dark depths of the galaxy, ten motionless silver dragons were floating in the starry sky with an ancient tomb, not knowing where they were going.

Each giant silver dragon is covered with dense silver scales as big as the mouth of a bowl, as if poured with a thick layer of molten iron. It looks like it is full of cold metallic luster, floating in the starry sky, with extremely strong aura. Visual impact.

"Maybe it really is the tomb of ancient gods and demons!"

Uncle Scar's eyes were originally shocked, but now he suddenly became extremely excited.

He looked at Ye Feng and said immediately: "Let's go! Let's go up and have a look!"

"good!"

Ye Feng also nodded at this time, and he and Uncle Scar instantly rushed towards the galaxy on the King of Kings and flew quickly.

Chapter 1209 Domineering Body

Buzz!

Ye Feng and Uncle Scar flew towards the galaxy area on the Emperor Planet.

Soon they left the atmosphere of the Emperor's planet and came to the starry sky.

There is no air left in the starry sky, it is a vacuum.

In addition, Ye Feng also discovered that deep in the starry sky, there are energy rays with terrifying destructive power, which can easily penetrate the flesh and blood of ordinary creatures.

"Dang! Dang! Dang..."

A series of cosmic energy rays full of destructive power unconsciously hit Ye Feng's body, and actually made a series of vibrations like the collision of metal delivery.

Ye Feng had no doubt that if his body had not transformed into the Holy Body of Great Perfection, he might have been instantly penetrated by the terrifying cosmic energy rays in the stars.

Uncle Scar's body is also extremely strong and can withstand those energy rays.

"Be careful."

At this time, Uncle Scar said to Ye Feng through telepathy.

In the vacuum space of this starry sky, direct speech cannot transmit sound waves.

Therefore, the two of them could only communicate through spiritual thoughts at this time.

Ye Feng nodded to Uncle Scar and said through his spiritual voice: "The destructive power of these cosmic energy rays is very terrifying. As we approach the galaxy area, the energy rays we may encounter become more terrifying. We must be careful. Don't wait until you get close to the ancient tomb pulled by the ten silver dragons, and your body will have been pierced with holes by these cosmic energy rays."

Uncle Scar nodded, and the two of them used all their strength to fly towards the ancient tomb.

In the starry sky area along the way, there were not only terrifyingly destructive cosmic energy rays, but also pieces of meteorites flying at high speeds, burning with flames. Once they collided, the terrifying impact would definitely destroy the human body in an instant.

At this time, Ye Feng finally understood why in some ancient books, the seniors of the human race warned future generations that before their strength reaches the realm of gods, they must not rush into the starry sky because of the huge danger.

Ye Feng is able to withstand those terrifying cosmic energy rays and the collision of various starry meteorites because of his extraordinary talent and strong body.

"By the way, my holy body is awakened in the seventh stage of the Divine Art of Creation, but it is the galactic holy body that was forged by practicing the Ancient Star Art. Perhaps, I can try to absorb the energy in these galactic universes?"

Ye Feng suddenly had such an idea in his mind.

Then he suddenly dispersed the resistance outside his body, allowing those cosmic energy rays to enter his body.

"Well!"

Ye Feng immediately felt huge pain. The feeling of being pierced by those cosmic energy rays was like being cut into pieces by a thousand knives, and like a thousand arrows piercing the heart, it was very painful.

But at this moment, Ye Feng quickly ran the Divine Art of Creation, stimulating the holy power of the Great Perfection Galaxy Sacred Body.

"Buzz!"

Almost at the next moment, Ye Feng's eyes lit up with joy.

Because he instantly felt that his body was actively absorbing the cosmic energy rays that were everywhere in the starry sky.

"What's happening here?"

At this moment, Uncle Scar standing aside suddenly stared at Ye Feng beside him.

Uncle Scar was extremely surprised, because Ye Feng, standing in the starry sky, was like a magnet, attracting the entire surrounding area.

All the cosmic energy rays in the galaxy were attracted to his body, blooming with the light of the stars.

Moreover, Uncle Scar was horrified to discover that at this moment, Ye Feng no longer actively resisted the energy rays, but instead allowed those destructive cosmic energy rays to swarm into his body.

"Ye Xiaozi is using the energy of the universe to refine his body?"

Uncle Scar couldn't help but look shocked, and then his spiritual voice sent a message: "Young man Ye, please take it easy, don't take too many risks."

Ye Feng was bathed in countless cosmic energy rays, and his whole body was blooming with divine light, like a galaxy emperor, sacred and great.

He looked at Uncle Scar and said with a smile: "Don't worry, my current body has transformed into the Galaxy Holy Body, which happens to have the same source as the energy in the entire starry sky. These are destructive universes for others. Energy rays, for me, are the best thing for me to train my body!"

When Uncle Scar heard this, he immediately sighed: "You kid, you are becoming more and more perverted."

From Ye Feng transforming into a golden giant on the fourth planet, to releasing the red soul laser eyes on the undead planet, to tearing apart the frozen space with the power of space on the eighth planet, and finally to the terrifying Refining the body with cosmic energy.

All of this made Uncle Scar understand that Ye Feng must have gone through a lot since they hadn't seen each other for such a long time before he had so many methods that made Uncle Scar feel incredible.

"boom!"

Three days and three nights passed, and suddenly on this day, Ye Feng's whole body shone brightly.

Every inch of his body began to bloom with a noble purple divine light, and when Ye Feng looked inside, he immediately discovered that the golden holy blood flowing in his body was actually changing towards purple blood. .

"Purple blood..."

Ye Feng's eyes were suddenly startled, and then a secret message of the Divine Art of Creation instantly emerged in his mind.

This means that under the tempering of countless cosmic energies, Ye Feng's Dzogchen Galaxy Holy Body finally ushered in its final transformation.

From the seventh stage of the Galaxy Sacred Body, he stepped into the eighth stage of a more powerful physique.

"Heavenly Tyrant Body..."

An obscure and complex message appeared in Ye Feng's mind.

He instantly understood that at this moment, his physique had finally transformed from the Galaxy Holy Body of the seventh stage of the Divine Art of Creation to the Celestial Hegemony Body of the early eighth stage!

Tyrants!

In ancient times, that was a terrifying physique that surpassed ordinary divine bodies and was comparable to top divine bodies!

Even in a certain sense, the Heavenly Tyrant Body is even more powerful than the top divine body.

Because although the innate divine body is very rare, there have been quite a few awakened ones since ancient times.

But the Cangtian Hegemony in ancient times disappeared in the long river of history after stunning for an era.

The Tyrant Body is a terrifying ancient physique that has been lost to the human race for endless years.

But now, Ye Feng is in the eighth stage and has transformed into the Heavenly Tyrant Body.

At this moment, Ye Feng felt that the power of his body and his vitality had reached a new level of majesty and terror.

"My punch now can definitely kill me when I was in the Dzogchen Holy Body!"

Ye Feng's eyes were extremely excited. He clenched his fists and felt the terrifying power of an ancient overlord surging in his body. He felt that he could move an entire vast planet! Buzz!

Ye Feng and Uncle Scar flew towards the galaxy area on the Emperor Planet.

Soon they left the atmosphere of the Emperor's planet and came to the starry sky.

"My punch now can definitely kill me when I was in the Dzogchen Holy Body!"

Ye Feng's eyes were extremely excited. He clenched his fists and felt the terrifying power of an ancient overlord surging in his body. He felt that he could move an entire vast planet!

Chapter 1210 Huge Treasure

After achieving the hegemonic body, Ye Feng began to look forward to what his natural companion talent would be when he awakened in the eighth stage of the Divine Art of Creation.

But this time, it was with the help of cosmic energy rays that he tempered his body and allowed his physique to transform from the seventh-stage galactic body to the eighth-stage heavenly body in advance!

Ye Feng knew that there was still a long way to go before the Divine Art of Creation could break through from the seventh to the eighth heaven.

However, Ye Feng is not in a hurry. Martial arts practice is all about steady progress. Now his body has transformed to the eighth stage ahead of schedule and has become a heavenly body like an ancient overlord. This is enough to make people happy.

"Tsk, tsk, tsk, Ye Xiaozi, your body seems to have become stronger again. The life fluctuations radiating from your body are just like an ancient evil beast, which makes people's heart palpitate."

At this time, Uncle Scar flew over from not far away, and couldn't help but exclaimed through his spiritual voice.

Ye Feng smiled and said through his spiritual voice: "This time, with the help of these cosmic energy rays floating in the galaxy, my body has indeed undergone incredible changes and has become stronger."

Uncle Scar stared at Ye Feng's body carefully, smiled and said with his spiritual voice: "I'm afraid it's not just as simple as becoming stronger, Ye boy, don't fool me, I can feel your life There seems to be a huge evolution happening at all levels."

Ye Feng's eyes were startled, and he stared at Uncle Scar in front of him, then smiled and said: "You are right, my body and physique did undergo an incredible evolution just now."

At this moment, Ye Feng suddenly remembered that three thousand years ago, his father, Emperor Ye Qing, had also cultivated to the eighth level of the Divine Art of Creation, and the physique he transformed into at the eighth level was a supreme divine body. , is also extremely powerful.

At this moment, Ye Feng couldn't help but think of the meaningful words his father once said to him, that is, only he can cultivate to the ninth level of the Divine Art of Creation, and his body will transform into the ultimate terror. The ninth stage of chaotic body.

The Chaos Body is a terrifying body that transcends any physique and is almost immortal.

At this time, Ye Feng was

Thinking about it, Uncle Scar suddenly said through his spiritual voice: "We have arrived!"

Ye Feng's eyes immediately moved and he quickly looked up into the sky.

He immediately felt a very shocking feeling.

At this moment, Ye Feng and Uncle Scar had truly arrived in front of the ancient tomb.

There are ten giant silver dragons in front of you. Each dragon's body is tens of thousands of feet long. The surface of the dragon's body is covered with dense silver scales. Under the light of the galaxy, it glows with a cold metallic luster.

Although the ten silver dragons seemed to have been dead for endless years, at this moment, standing in front of these ten silver dragons, I still felt a deep shock.

At this moment, Ye Feng and Uncle Scar flew to the side of a silver dragon with a hint of shock in their eyes.

The two of them were standing in front of a silver giant dragon. Even though the silver dragon had been dead for countless years, it still gave the two of them a terrible feeling of suffocation.

Uncle Scar clicked his tongue twice and said through his spiritual voice: "Boss Ye, each of these ten silver dragons was probably comparable to the gods in ancient times."

At this time, Uncle Scar said, as if he wanted to test it, he directly pulled out the big dragon knife on his back and slashed at the silver dragon in front of him.

"boom!"

As a result, the dragon sword didn't even break a single scale of the silver dragon, and it didn't even leave a mark.

"sharp!"

Ye Feng's eyes immediately showed deep fear.

You know, Uncle Scar's Dragon Sword is a god-level weapon.

It was previously fused with many hard undead bones on the undead planet and became even more powerful, almost comparable to a mid-grade god-level soldier.

But even so

, the big dragon knife slashed hard at the silver dragon in front of him, but still did not cause any damage to the silver dragon.

"Swallow!"

Ye Feng's eyes were fiery, and at this moment he also released the Devouring Domain, and suddenly a dark Devouring Domain appeared in the center of his palm.

But what left Ye Feng slightly dumbfounded was that the Devouring Domain was unable to swallow the silver dragon in front of him.

"No, these ten silver dragons are so precious, we can't just give them up."

At this time, Ye Feng's eyes rolled, and then he stretched out his hands suddenly, releasing the power of his tyrant body, lifting a silver giant dragon up like moving a mountain, and then put it into the oven of creation.

"Damn! So fierce?"

At this moment, Uncle Scar's eyes also changed, and he wanted to get some silver dragons.

But in the end, he sadly discovered that he did not have a space treasure large enough to hold even a silver giant dragon.

After all, a giant silver dragon is tens of thousands of feet tall, so huge.

But these are no problems for Ye Feng.

Although Ye Feng's storage spirit ring, crystal palace, etc. cannot hold the silver dragon.

But don't forget, there is an oven of good fortune in Ye Feng's body.

The oven of creation is Ye Feng's talent, and it accompanies Ye Feng's body.

But at the same time, inside the oven of creation, it is equivalent to an oven world.

Just like Ye Feng's body, there is a small world of the human body.

Although the creation oven exists in Ye Feng's small body, the space inside the oven is infinitely derivative.

So at this time, Ye Feng saw that Uncle Scar couldn't hold the silver dragon, so he couldn't help but smile, and said through a spiritual message: "Uncle Scar, since you can't load it, I will accept them all."

"well!"

At this moment, Uncle Scar could only look up to the sky and sigh.

.

But in the end, Uncle Scar tried his best and finally pried off a dragon scale as big as a bowl from the body of a silver dragon, which seemed to comfort his injured soul.

At this time, Ye Feng had already put all ten silver dragons into the oven of creation.

At this moment, in the oven world of the Creation Oven, ten silver dragons were floating in it. Each one was majestic and huge, and looked full of extremely strong visual impact.

However, Ye Feng's current cultivation level is not too high after all, and the smelting power and raging flames in the oven of creation are unable to smelt ten silver dragons.

The ten silver dragons in the world of Creation Oven are like ten cold metal mountains in the entire blazing world, and they look full of vastness.

"These are...ten ancient dragons?"

At this time, Emperor Styx, who was staying in the oven of creation, looked at the ten silver dragons that suddenly appeared in this world, with shock in his eyes.

At this time, the outside world.

After Ye Feng collected ten silver dragons, he felt deeply surprised and excited.

Although I am not yet able to smelt these ten silver dragons.

But one day, the power of the oven of creation will be enhanced enough to smelt these silver dragons.

You must know that every silver dragon is comparable to the realm of the ancient gods and is almost immortal. This is a huge treasure.

But at this time, Uncle Scar looked up to the sky and sighed, his eyes full of resentment.

But there is no way. It's not that Ye Feng doesn't share the money with Uncle Scar, it's that Uncle Scar doesn't have the treasure to hold the silver dragon.

At this time, Uncle Scar looked at the ancient tomb at the end of the galaxy, which was like a cold city. His eyes were excited and expectant, and he said: "Young man Ye, let's go. Let's go directly into the ancient tomb. I must get out of the ancient tomb." Make up for all the wealth you didn't get!"

Ye Feng smiled and said through the spiritual message: "Okay, let's go and take a look to see if it is the tomb of the legendary ancient gods and demons."
