

Ancient 1211

Chapter 1211 Inside the Tomb

Buzz! Buzz!

In less than a moment, Ye Feng and Uncle Scar had approached the majestic ancient tomb.

A huge tomb, cold and lonely, floating in the depths of the galaxy, seems to be full of endless time.

At this time, Uncle Scar said through his spiritual voice: "Let's split up and find the entrance."

Ye Feng nodded, and then flew in another direction, his soul power emitting, exploring the entire surface of the ancient tomb inch by inch.

Uncle Scar also flew in the other direction, also exploring inch by inch.

This ancient tomb may be the tomb of ancient gods and demons, and the legacy of ancient gods and demons may be hidden in it.

So this is simply the most precious treasure place in the starry sky, and Ye Feng and Uncle Scar are looking forward to it.

The hard work paid off, finally at noon on the fourth day.

Ye Feng and Uncle Scar searched the entire ancient tomb, and finally found a very inconspicuous little door.

This small door is made of bronze, with various ancient patterns of ancient gods, demons and beasts carved on it. It looks very vicissitudes of life.

At this time, Ye Feng and Uncle Scar gathered in front of the small bronze door and found that the small bronze door was actually open.

Inside is a deep dark passage that leads to nowhere.

"Let's go."

Uncle Scar took a deep breath and took the lead into the dark passage.

Ye Feng was also following Uncle Scar, exuding soul power and always on guard.

But what made the two men breathe a sigh of relief was that they didn't encounter any danger all the way to the end.

And just after the two of them walked out of the exit at the end, their entire field of vision suddenly became clear.

Because at this time, a brand new land appeared in front of them.

It's red in the sky

Under the sky is the boundless land, and there are ancient buildings in the distance, which seem to be left behind by ancient gods and demons.

This was completely different from the two people's initial imagination that the interior space of the tomb was dark and murderous.

In addition, this brand new world actually has air, which is completely different from the vacuum in the starry sky.

There is actually a small world hidden inside this big tomb!

Uncle Scar looked at this small world and couldn't help but be surprised: "This doesn't look like an ancient battlefield left by the war between gods and demons at all. Instead, it looks like a habitat left by the friendly relationship between gods and demons."

Ye Feng was also a little surprised. He didn't expect that the inside of the tomb floating in the starry sky was not a cold and dead tomb, but a small world filled with the breath of life.

At this time, Ye Feng and Uncle Scar were walking towards the distance of this land.

Along the way, they saw ancient buildings.

These buildings are not broken, but intact. They have probably existed here for endless years, but they are not decayed and still exude an ancient and majestic atmosphere.

Uncle Scar and Ye Feng were very excited and ran towards the ancient gods' buildings on the road, trying to find some treasures.

But what surprised them was that many buildings were empty.

In the end, the two searched for a long time and only found some decorations used by the gods, such as crystal stones, bronze mirrors, cold jade beds, etc., which were not of much use.

Uncle Scar couldn't help but scolded: "Could it be that other people have already arrived here first and looted everything?"

Ye Feng couldn't help but nodded and said, "It's possible that I can get it from an ancient building.

Capturing a trace of the breath of other creatures, maybe this small world left by gods and demons has other entrances besides the entrance to our holy mountain of gods and demons. "

Uncle Scar's eyes were a bit ugly and he said: "Boy Ye, what you said is very possible. After all, this is the legacy of ancient gods and demons. It is impossible that only the human race in our spiritual world will know this news. Maybe other major interfaces." The powerful creatures will also learn this news."

Ye Feng said solemnly: "In other words, in the small world inside the tomb we are entering now, we may encounter powerful creatures from other interfaces?"

Uncle Scar nodded and said: "Yes, so be careful, but our strength is now considered a master among all the major interfaces, so don't worry too much."

Next, the two of them continued walking among countless ancient buildings. .??.

What made them somewhat happy was that not all of the habitat left by the ancient gods and demons had been looted.

There are also many buildings where some treasures can be looted.

For example, Uncle Scar searched for a set of gold armor. He didn't know what kind of rare metal it was made of, but it was very hard and had a hardness comparable to that of an artifact.

This made Uncle Scar happy. This set of god-level armor was a treasure.

And Ye Feng also found a lot of good things from various ancient buildings, such as a blood pill of gods and demons, an atlas of the heavens that recorded countless secrets, a huge purple-gold dragon horn, and a large jar of ancient magic. of highly toxic powder.

Of course, these highly toxic powders were thrown into the spirit beast bag by Ye Feng and fed to the poison-eating insects.

As for the God and Demon Blood Pill, Ye Feng temporarily left it in the storage spirit ring, waiting for time to refine it. After all, searching for treasures is more important now.

As for that purple-gold one

The dragon horn seems to be the horn of an ancient purple-gold dragon. It has a very majestic dragon energy and is also a treasure-like existence.

As they continued to advance, Ye Feng and Uncle Scar discovered that there were more and more ancient buildings around them, and every building, palace, fairy palace, giant peak, etc., was getting bigger and bigger and more majestic.

Uncle Scar couldn't help but said: "I feel more and more that the legendary war between gods and demons in ancient times is nonsense. With such splendor here, gods and demons must have lived together in a friendly way back then."

Ye Feng smiled and said: "History is written by the victors of later generations. No one knows the truth about what happened in real history, so the war between gods and demons may indeed be just fabricated. The real truth is that these gods and demons Lived happily together."

Uncle Scar was a little confused and said: "Since there was no war between gods and demons, where did those powerful gods and demons go? Did they leave these magnificent habitats for our descendants to plunder at will? What happened to those gods and demons? Did the devil suffer a devastating blow?"

Ye Feng shook his head and said: "I don't know about this. In any case, we don't need to know some ancient secrets. The key is to be yourself and search for treasures."

"makes sense!"

Uncle Scar immediately thought about it and laughed and said: "This time we brothers really made a fortune!"

Buzz!

Suddenly at this moment, a very violent fluctuation suddenly came from a certain direction not far away.

Ye Feng's eyes moved and he said, "It seems like there are strong men fighting?"

Uncle Scar also sensed the violent fluctuations, nodded, and said: "Where there is fighting, there must be extremely precious treasures. Let's go take a look and lurk. Maybe we can fish in troubled waters and reap the benefits!"

Chapter 1212 Place of Trial

Swish!

Following the direction from which the battle wave came, Ye Feng and Uncle Scar quickly lurked away.

At this moment, both of them deeply restrained their auras and stopped emitting any life fluctuations.

Now with Ye Feng and Uncle Scar's cultivation, they can hide themselves perfectly.

Especially on the road, when Uncle Scar saw Ye Feng's entire body, he turned invisible.

"Damn! Mr. Ye, you can actually become invisible?"

Uncle Scar was shocked.

Moreover, it was a deep shock.

He thought Ye Feng had enough tricks.

But I never expected that Ye Feng would actually learn the legendary invisibility ability?

Ye Feng smiled and said: "This is the invisible magic circle that I learned from a friend's treasure. I will imprint it on my body. After practicing for a long time, I can finally become invisible all over the body. However, activating the invisible magic circle requires The energy required is too great, and I can only become invisible for a few hours."

Uncle Scar's eyes lit up and he said: "Teach me quickly, Ye Xiaozi!"

Ye Feng nodded and passed the imprint of the invisible law to Uncle Scar.

Uncle Scar had been of great help to Ye Feng, and this time in this land left behind by gods and demons, the two of them needed to help each other to get the maximum benefit.

Therefore, Ye Feng naturally did not hesitate much at this time and taught the invisible magic circle to Uncle Scar.

It has to be said that Uncle Scar is a quick learner. Along the way, he has almost become invisible for half of his body.

"Amazing!"

Uncle Scar couldn't help but burst out in surprise.

"Keep your voice down, we're almost there."

At this time, Ye Feng immediately covered Uncle Scar's mouth.

At this time, both of them were in a state of invisibility, lurking in the direction from which the battle wave was transmitted.

They immediately saw that there was a huge valley not far ahead.

In the valley and on the cliff, there were almost all weapons hanging on them.

Knives, spears, swords, halberds, hooks, bows, towers, armor and other different types of weapons were densely packed, all hanging on the cliffs in the valley.

Many of the weapons were rotten and dilapidated.

But there are still many weapons, all of which are still shining with bright divine light, exuding a heart-stopping edge and huge destructive power.

"This is a valley of weapons!"

Uncle Scar looked at it from outside the valley. He suddenly made a sound of horror, and then his eyes showed a deep fiery look.

"All the treasures hanging in this weapon valley are probably powerful soldiers forged by those gods and demons back then!"

At this moment, Ye Feng's eyes were extremely excited. \u003c

br\u003e

This seems to be an armory left by ancient gods and demons, used to hang various refined war weapons and treasures.

Although the war weapon treasures forged by gods and demons are not necessarily god-level weapons, even if they are not god-level weapons, they are definitely of a very high grade. After all, they are leftover from the ancient gods and demons.

"Boom!"

"Rumble..."

Ye Feng and Uncle Scar saw at this time, more than a dozen figures, fighting for the soldiers left behind by the gods and demons in the Weapon Valley.

What surprised the two of them was that the dozen or so figures were not from other races, but from the human race.

Everyone looks very young, wearing clothes different from those in the spirit world, but the strength fluctuations emanating from their bodies, the weakest ones have the aura of perfect cultivation in the fairyland, and the more are imaginary. The cultivation level of the divine realm fluctuates.

"Why do so many powerful young people suddenly appear? And they are all human race!"

Uncle Scar's eyes were startled and he said: "The spirit world is the main habitat of our human race, but there are not so many powerful young people. Every young man in the weapon valley is estimated to have a fighting strength comparable to that of the previous demon." The son of the clan god!"

Ye Feng's eyes were also a little surprised at this time.

The group of young people who were fighting in the Weapon Valley were not only powerful in cultivation, but also gave off a very noble temperament.

Ye Feng is a soul master, and he can clearly feel a greater and more advanced life wave from these powerful young people.

Although they are all humans, they are different from the humans on the spiritual world. Their lives seem to be more advanced.

At this moment, Uncle Scar suddenly seemed to see something, and said suddenly: "Boss Ye, I have been watching for so long, and I found that many of the martial arts inheritance displayed by this group of young people fighting are beyond my comprehension. It doesn't seem to belong to our spiritual world, or even to the inheritance of the human race in several large interfaces adjacent to the spiritual world."

Uncle Scar has a mysterious identity and knows a lot, but at this moment he can't understand it either.

Ye Feng's eyes flashed, and a very bold idea suddenly came to his mind.

That is, that group of young people do not belong to our first universe at all.

But it comes from the perfect world of the second universe!

In addition, Ye Feng even speculated that this place where gods and demons live is a testing ground for a certain human race force in the second universe.

Uncle Scar and Ye Feng had seen before that this place where ancient gods and demons lived was very peaceful, without any signs of turmoil and chaos.

This shows that at some ancient time

In this era, ancient gods and demons should live together in peace, and together they created a small world in this starry sky tomb as a place for them to live and retire.

But in the end, the group of ancient gods and demons disappeared, mysteriously disappearing into this world.

In this first universe, the ancient gods and demons are almost all the pinnacle experts in the realm of gods.

To be able to wipe out that group of ancient gods and demons in an instant, there is simply no one in the major interfaces of the First Universe who can do it.

The only explanation is that in this habitat, a powerful being from the second universe descended, directly carried out a dimensionality reduction attack on the ancient gods and demons, wiped out all the ancient gods and demons, and left this habitat. The small world of Earth serves as a testing ground for the great force in the second universe.

After Ye Feng thought of this bold guess, he could no longer restrain himself from thinking about it. It was terrifying to think about it, and even Ye Feng had believed his guess from the bottom of his heart.

Uncle Scar was still watching, and Ye Feng whispered his guess in Uncle Scar's ear.

"Young man Ye, you mean... those young people in the Weapon Valley are all from the perfect world of the second universe?"

Uncle Scar's eyes showed deep surprise, which shocked Ye Feng's guess at this time.

But like Ye Feng, the more he thought about it, the more he felt that this might really be the case.

At this time, both of them had a creepy feeling.

The ancient gods and demons are the most pinnacle creatures in the first universe where they live.

But it was still wiped out casually by a certain big force in the second universe, and even the place where ancient gods and demons lived was used as a testing ground for the disciples of that big force.

If that's really the case, wouldn't it be shocking?

But Ye Feng knew that this was very possible.

Because he once learned a lot of secrets about the second universe from Uncle Lin, the God of Fire.

The second universe is called the real "perfect world" and has given birth to countless advanced and huge cultivation civilizations.

Compared with the newly born First Universe where Ye Feng and the others were, the Second Universe was like an adult, while the First Universe was still a child, and even the Great Dao was not yet complete.

Ye Feng once heard from the Space God Emperor that in the newly born universe of the First Universe, after the practitioners entered the eternal realm, they were unable to continue to attain enlightenment and achieve higher levels because the First Universe was still too young. At a young age, the heart of the universe has not grown up, and the avenue is not yet complete.

Only in the perfect world of the second universe can the Space God Emperor continue to become stronger, continue to prove his way, and become even more powerful.

If that big force in the second universe discovers Ye Ye in this place of trial,

Feng and Uncle Scar may break into the Holy Mountain of Gods and Demons in the Black Sky Demon Realm through the passage of nine planets, and completely enter their first universe, thus causing an invasion of the first universe.

Therefore, Ye Feng immediately stared at Uncle Scar next to him, and said in an extremely solemn tone: "These disciples who may come from a super powerful force in the second universe must not be allowed to know about this trial. The earth is connected to nine planets and can enter the real starry sky world of the first universe."

Uncle Scar was also extremely solemn at this time and said: "This may cause the super powerful force in the second universe to send various masters and strong men to attack our first universe. The first ones to be attacked are the Black Sky Demon Realm, and the Our spiritual world is adjacent to the Black Sky Demon Realm!"

Ye Feng nodded and said: "Although we all yearn for the high-level cultivation civilization in the perfect world of the second universe, our current cultivation level is still too low compared to the cultivation civilization of the second universe. Now is not the time to contact the great forces of the second universe. We must keep it secret and cut off the road from this ancient tomb to the starry sky of our first universe."

Uncle Scar nodded and said, "Then what should we do? Just leave here and run away?"

Ye Feng shook his head, staring at the precious soldiers in the weapon valley, with fiery eyes, and said: "The treasure is so close, we can't just give up."

Uncle Scar stared at Ye Feng and said with some surprise: "Boy Ye, you mean...to wipe out all these masters who may come from the big forces in the second universe?"

Ye Feng nodded slightly and said: "There is only one way now."

Uncle Scar hesitated and said: "Those dozen young masters are almost all Void God Realm experts. Each one of them is comparable to or even surpasses the Demon Son of God. Are you sure we can deal with all of them?"

Ye Feng smiled slightly and said: "I transformed into a heavenly body in the starry sky. Now my combat power is very strong. Next, I will refine the divine elixir materials I obtained from various ancient gods and demon buildings. Devouring and absorbing them, strengthening their cultivation, and destroying this group of young masters shouldn't be a big problem!"

Just do it!

After Ye Feng finished speaking, he sat down cross-legged and began to take out all the rare things such as the blood pills of gods and demons, purple gold dragon horns, various crystal energy stones, tears of gods and demons, etc. Come out and start devouring and refining.

"Okay! I will accompany you, Mr. Ye, to go crazy for once!"

Uncle Scar's eyes were also excited. He took out the golden armor he had obtained, the various treasures he had collected before, the ancient god's lamps, the remains of the great demon, etc., and began to let the big dragon sword absorb them.

Uncle Scar said crazily: "As long as the dragon sword can absorb the essence of these treasures and transform into a high-grade god-level sword, I can definitely kill one with one sword!"

Chapter 1213 The price of blood

It is not an easy task to deal with a group of young masters from the super powerful forces of the second universe.

Because these young geniuses all come from the perfect world of the second universe and from a powerful force in a highly developed advanced civilization of cultivating immortals.

First of all, let's not talk about their cultivation. Each of them is at the Dzogchen Immortal Realm, even the False God Realm. The weakest one is stronger than the previous Demon God Son.

In addition, these young disciples, who are super powerful forces from another advanced cultivation civilization universe, must have many powerful magical powers and trump card killing techniques.

So the plan this time must be foolproof.

Because if any young master escapes, it may cause various chain reactions. For example, the super power of the second universe behind them will be aware of the movement here, and more strong men will descend.

At this time, outside the Weapon Valley, Uncle Scar was observing the movements in the Weapon Valley while letting the dragon sword swallow all kinds of rare treasures to advance into a more advanced soldier.

During this period of time, Ye Feng has been refining various heavenly materials, earthly treasures and peerless treasures that he obtained from the ancient gods and demon buildings that can replenish his own energy.

For example, the God and Demon Blood Pill greatly improved Ye Feng's body and vitality, making Ye Feng's martial arts foundation stronger and stronger.

And the purple-gold dragon horn contains countless powerful dragon essences from the purple-gold dragon clan in ancient times, which can make Ye Feng's cultivation continue to grow.

In addition, there are many other rare elixirs, which have greatly improved Ye Feng's cultivation.

Moreover, these various things found from the places where gods and demons live contain the divine auras of ancient gods and demons, and even have the marks of gods and demons.

Ye Feng was surprised to discover that after devouring these divine auras and divine and demon marks, he could actually strengthen his own godhead.

Three days passed in the blink of an eye.

And this moment.

"Buzz!"

Ye Feng suddenly opened his eyes, with a terrifying light surging in his eyes.

His aura was so powerful that it reached a very terrifying level.

But Ye Feng firmly suppressed the terrifying momentum and prevented it from spreading around, lest it attract the attention of a group of young masters in the Weapon Valley.

At this time, Ye Feng's cultivation has already accumulated from the early stage of the Dzogchen Immortal Realm to the late stage of the Dzogchen Immortal Realm.

In just a few days, the speed of breaking through so many small steps was simply terrifying.

Moreover, Ye Feng's biggest growth these days is the growth of his godhead.

Because he absorbed various divine objects left behind by ancient gods and demons, the divine personality condensed in his body has grown from 9% to 16%.

In other words, Ye Feng's true cultivation strength is now almost comparable to that of a second-level master of the Virtual God Realm.

"Hahaha! My big dragon sword has absorbed so many ancient warrior treasures, and finally

He has advanced to a high-grade god-level soldier! In this way, the power of my big dragon sword is enough to threaten the high-level experts in the False God Realm! "

At this time, Uncle Scar suddenly became excited and shouted.

Ye Feng also stood up, stared at Uncle Scar next to him, and asked, "How is the situation in the Weapon Valley?"

Uncle Scar spoke up: "There were originally a dozen young masters fighting in the melee, and it seemed they came from two super powers. Now a group of people have been beaten away. Now there is only a group of people left in the Weapon Valley."

Ye Feng's eyes were filled with joy and he said: "Nearly half of the young masters have left, that would be great, and it will be more beneficial to us."

Uncle Scar nodded and said with a smile: "Yes, and I have also investigated carefully during this period. Those six young masters may really be from the second universe. I used my Shunfeng Ear supernatural power and heard a lot of news. Now these six young masters in the Weapon Valley should come from a super power called the 'Galaxy Holy Land' in the second universe. Moreover, these young people from the Dzogchen Realm of Immortal Realm and the False God Realm are just from the Galaxy. Outer disciples of the Holy Land."

"Is the False God Realm just an outer disciple?"

Ye Feng's eyes were suddenly startled.

The Void God Realm is definitely the master among masters in the human race in the spiritual world, second only to the most powerful existence in the God Realm.

But the warriors of the False God Realm are only outer disciples in some Galaxy Holy Land in the second universe?

Ye Feng couldn't help but exclaimed: "If you put it this way, that Galaxy Holy Land must have such a terrifying background."

At this time, Ye Feng thought of his mother, who had been captured and returned to the Second Universe without ever meeting her since she was a child. She seemed to be a starry sky overlord-level human divine force in the Second Universe, and was probably even more powerful and terrifying than this Galaxy Holy Land.

Ye Feng immediately understood that the Divine Dynasty of Creation was suddenly destroyed so quickly. Maybe there were other strong men from the second universe standing behind Gu Tongtian, which was why the Divine Dynasty of Creation was destroyed so quickly.

At this time, Ye Feng stared at the Weapon Valley not far away, and said slowly: "Let's take action, but before we do it, we need to set up an isolation formation outside the Weapon Valley to prevent our battle from fluctuating and attracting Here comes the group of disciples from the second universe who escaped before."

Uncle Scar nodded and said with a smile: "Don't worry, I have thought of this a long time ago. I have set up an isolation formation in all areas outside the weapon valley, which can definitely isolate all power fluctuations."

...

And at this moment.

In the valley of weapons.

A group of six outer disciples from the Galaxy Holy Land were harvesting their trophies. The weapons hanging all over the valley were considered very precious treasures to them.

"Senior Brother Lu Li, the extra-dimensional ruin space we came to this time is really full of rewards!"

At this time, among the six people, a beautiful woman from the Galaxy Holy Land said with a smile.

The tall young man wearing a green gown next to him should be the "Senior Brother Lu Li" mentioned by this beautiful woman. He smiled and said: "Before I came here, I heard some secrets from an elder. It is said that this The ruins of another dimension are connected to a very weak cosmic world. The natives there are weak in cultivation, but the earth is rich in resources. If we can find and plunder an entire world, think about it. What kind of wealth should it be?"

When the beautiful disciple heard this, his eyes suddenly lit up and he said, "Senior Brother Lu Li, if you say so, we can carefully search for the exit of the weak cosmic world connected to this different dimension. If we find it, then we will become that God of a weak world!"

At this moment, when several other disciples from the Galaxy Holy Land heard the conversation between the two, their eyes showed deep fire, containing a sinful look of greed, plunder, and aggression.

Although they are only outer disciples of the Galaxy Holy Land, they feel that if they were in another weak cosmic world, they would be the superior gods in that world!

"I also want to experience the feeling of a god who controls the life and death of countless creatures in the world." .??.

At this time Lu Li spoke up, his seemingly elegant eyes concealed endless violence.

The beautiful junior sister also smiled and nodded: "Then let's search carefully to see if there is an exit from this different dimension..."

boom!

And before this beautiful junior sister could finish her words, suddenly a terrifying sword light struck down from high in the sky, directly killing this beautiful woman into two halves, turning her into one. Ground minced meat.

"ah!"

Seeing this horrific and bloody scene, several other female disciples beside them immediately screamed in shock.

Senior Brother Lu Li's expression suddenly changed, and his eyes showed deep shock and anger. He suddenly released the terrifying martial arts aura of the second level of the Void God Realm. He looked up to the sky and shouted: "Red Flame." People from the Holy Land! How dare you come back to carry out a sneak attack? How shameless!"

But at the next moment, a burst of laughter suddenly sounded.

"Hahaha! I am not from the Red Flame Holy Land!"

Uncle Scar held the blood-stained dragon sword in his hand. With a bang, he jumped directly from the sky and appeared in front of a group of outer disciples of the Galaxy Holy Land.

The beautiful junior sister from the Dzogchen Immortal Realm just now was Uncle Scar, who took advantage of everyone's inattention and directly used the power of the dragon sword to kill her in one fell swoop, killing her instantly.

Senior Brother Lu Li is the most powerful among the group of outer disciples. At this time, he quickly attacked Uncle Scar.

"Abyss killing!"

Lu Lida

With a roar, he displayed a very unique killing martial art.

At this time, his whole body turned into a dark abyss. There was endless murderous intention hidden in that dark abyss, and it immediately shrouded Uncle Scar.

"Death to the Gods!"

And suddenly at this moment, another young shout suddenly sounded.

"Huh? Is there anyone else?"

Lu Li's eyes suddenly changed, and he stopped confronting Uncle Scar. Instead, he quickly took out a huge golden bowl from his storage ring and threw it over his head in an instant.

Buzz!

In an instant, the golden bowl quickly grew in size and turned into the size of a mountain, protecting Lu Li.

"It's not you I want to kill."

But at this moment, the young voice sounded slightly jokingly.

boom!

The terrifying destructive sword energy of the Gods of War did not strike at Lu Li at all, but directly struck several other disciples of the Galaxy Holy Land except Lu Li.

"ah!"

The few Galaxy Holy Land disciples were watching the battle, but they didn't expect that murderous intent suddenly came to them.

Even though each of them is extremely powerful, the grief of the gods unleashed by the Heavenly Tribulation Sword is not ordinary.

Boom! !

The extremely terrifying destructive sword energy storm suddenly swept through several other outer disciples of the Galaxy Holy Land.

"Pfft!"

"Pfft!"

"Pfft!"

Along with the sounds of flesh and blood being broken, the bodies of the disciples of the Galaxy Holy Land were shattered in an instant.

At this moment, Lu Li was the only one left on the field.

Just now, a group of disciples from the Galaxy Holy Land who had grand ambitions to become the gods of another weak world, died before leaving the army, and they all fell into this small valley of weapons.

Uh-huh!

At this time, from another direction in the sky, a young man in white clothes descended from the sky.

It's Ye Feng!

He was holding a light cyan long sword, which was the divine weapon of the Heavenly Tribulation Sword.

The Death of the Gods just now was a sneak attack that Ye Feng had been accumulating for a long time. Naturally, it caused huge damage to this group of Galaxy Holy Land disciples who had no time to defend themselves.

"No!!!"

Lu Li saw this shocking scene on the field and shouted: "You! Who are you?"

Ye Feng smiled coldly, stared at him, and said: "We are the people in the weak universe you call us. Aren't you going to become the gods of our weak universe? Dominate everything? Then let me tell you, this is what you are greedy for. The price! The price of blood!"

Chapter 1214 Continue the pursuit

"cost?"

Lu Li, the last remaining disciple of the Galaxy Holy Land, murmured, and then his eyes suddenly filled with anger. He stared at the two people in the valley and shouted: "I want all of you to die! All of you to die!!" "

boom!

Lu Li once again displayed the terrifying and strange martial arts he had displayed before.

His whole body suddenly turned into a dark abyss.

"Buzz!"

The endless darkness, containing infinite murderous intent, immediately covered Ye Feng and Uncle Scar, trying to strangle them all in the darkness.

"Big Dragon Sword! Cut!"

Uncle Scar's martial arts seems to be all about concentrating on the knife in his hand.

The more concentrated his mental power is, the more powerful the sword will be.

"boom!"

At this time, he slashed madly at the darkness that was sweeping in. The terrifying sword light tore through the sky and the earth, almost able to tear apart the space.

But the strange thing is that all of Uncle Scar's sword lights disappeared immediately after entering the darkness, as if they were swallowed up by a dark abyss, and almost did not cause any harm to Lu Li.

"What?"

Seeing this scene, Uncle Scar was immediately shocked.

His powerful sword had no effect at this moment.

"Hahaha! I, Lu Li, come from the super power of the second universe. You people from the small world of the first universe don't understand what true inheritance and power are at all! Your knowledge is too shallow, and martial arts inheritance is also a group of people. Rubbish!"

In that dark abyss, Lu Li's extremely arrogant laughter suddenly came out, full of deep sarcasm.

"Buzz!"

At this moment, the dark power of the dark abyss finally submerged half of Uncle Scar's body.

"ah!"

Even though Uncle Scar is very tough, his true demon body has been cultivated to a state of perfection.

At this moment, half of his body was shrouded in darkness, and he suddenly felt that all the power in his body was passing away quickly.

Ye Feng's eyes were startled at this time. He saw that the half of Uncle Scar's body shrouded in the dark abyss was rapidly withering, as if he had lost his life essence.

"This is very similar to my Devouring Domain!"

Ye Feng stared at the dark abyss, feeling slightly startled.

But compared with his own Devouring Domain, this dark abyss is obviously much less powerful, and its consumption rate is very slow.

But no matter what, this Lu Li, a cultivator from a super powerful force in the perfect world of the second universe, even if he is just an outer disciple, his inheritance and cultivation are

It makes people unpredictable and very strange.

"I have met my opponent this time!"

Uncle Scar immediately yelled at Ye Feng in the distance: "Boy Ye! How about we just run away!"

"escape?"

Lu Li, who didn't know he was hiding somewhere in the dark abyss, suddenly laughed sarcastically and said: "You two natives of the first universe, ant-like things, are so despicable that you dare to kill all my brothers. Everything you do must be paid for with your life!"

boom!

Lu Li increased his strength, and in the dark abyss, black hands stretched out and grabbed Ye Feng, trying to pull him into the infinite darkness, and from then on he fell and was swallowed up by the darkness.

"The Divine Eye of Creation!"

But at this moment, Ye Feng's eyes suddenly released the power of the Divine Eyes of Creation.

Buzz!

Almost at the next moment, Ye Feng's eyes were like two suns in the darkness, seeing through everything in the dark abyss.

At this moment, at this moment, Ye Feng immediately spotted Lu Li's true position in the endless dark abyss.

"Nine Netherworlds reach the Third Eye!"

Ye Feng immediately released the power in his eyes at the next moment.

boom!

boom!

Two blood-red laser beams burst out from Ye Feng's eyes in an instant. Like two red holy swords, they pierced into the darkness and instantly hit Lu Li who was hidden inside.

"ah!"

Lu Li immediately howled miserably.

He originally thought that he would release his own dark abyss killing field, hide in it, and then be able to slowly play with these two low-level practitioners from the first universe.

So Lu Li was standing in the dark abyss with no defense at all.

Therefore, at this moment, his whole body was directly hit by the Jiuyou Tongtian Eye, and he was shot directly through the head, bleeding profusely.

"Crack!"

A headless corpse fell out of the dark abyss and fell to the ground, so dead that it could no longer die.

Lu Li probably never thought of his arrogance, but he had no defense against Ye Feng and was killed directly.

"Hahaha! Ye boy, well done!"

Uncle Scar, who was not far away, saw the scene on the field at this time, and his eyes suddenly showed deep excitement.

He already felt that they had no chance of killing Lu Li.

But he never expected that Ye Feng would suddenly shoot out crimson lasers from his eyes, piercing the darkness and instantly crushing Lu Li's head.

"Damn it! These young people from the second universe, all of them really have hidden secrets. The killing field of the dark abyss just now really made people feel a little nervous!"

At this time, Uncle Scar sighed, and then used all his energy and blood to restore his withered legs that had been extracted just now.

At this time, Ye Feng walked to the battlefield area and directly released the Devouring Dark Domain.

"boom!"

Huge streams of skill, the vitality of advanced creatures from the perfect world of the Second Universe, were instantly absorbed from the corpses of the killed Galaxy Holy Land disciples, and then devoured by Ye Feng.

Uncle Scar saw a group of Galaxy Holy Land disciples around Ye Feng, all shriveled up. His eyes flashed slightly, but he didn't say much.

"boom!"

The six powerful outer disciples from the super power of the second universe, whose skills and life essence were extremely advanced, suddenly allowed Ye Feng's cultivation to accumulate to a certain majestic level, directly breaking through a layer of bottlenecks.

"The peak state of the Great Perfection Immortal Realm!"

"Now as long as I continue to refine my godhead, I will be able to hit the legendary realm of gods and reach the strongest level!"

"My current godhead has been condensed by 16%, which is equivalent to the high-level cultivation of the first level of Virtual God Realm."

Ye Feng could not help but murmur as he felt the terrifying energy increasing in his body.

Then, Ye Feng and Uncle Scar equally shared the wealth of the six Galaxy Holy Land disciples.

Especially the golden bowl on Lu Li's body, flowing with immortal divine light, must be of a very high grade, and is definitely a high-quality god-level defensive weapon.

Ye Feng took away the golden bowl, while Uncle Scar got Lu Li's Dark Abyss Killing inheritance.

Ye Feng was not interested because his Dark Devouring Domain was many times more powerful than Lu Li's Abyss Killing Heritage.

At this time, Uncle Scar looked at the soldiers in the entire valley of weapons, with excitement in his eyes, and said: "All the soldiers in the entire valley belong to our two brothers!"

Ye Feng smiled and nodded, and said: "Yes, but we have to collect them as soon as possible. There is also a group of disciples from the second universe's big forces who have escaped. We need to continue to hunt them down."

Uncle Scar laughed and said: "Okay! These disciples from the second universe have all kinds of good things on them, so naturally they want to plunder them."

At this time, Uncle Scar and Ye Feng began to search for ancient gods and demons warriors throughout the weapon valley.

These soldiers were forged by the ancient gods and demons of the first universe. Even though they were not god-level weapons, their quality was already very high.

Ye Feng searched all the swords. There were a total of sixty-three high-level swords in the entire valley, all of which were smelted by Ye Feng into his own invincible sword domain.

The number of war swords in the Invincible Sword Domain has increased from more than one hundred to more than two hundred!

As the number of swords in the Invincible Sword Domain increases, their power becomes more and more terrifying.

"Qiang!"

"Qiang!"

"..."

At this time, Ye Feng released the Invincible Sword Domain, and more than two hundred war swords suddenly surrounded him.

At this time, Ye Feng felt that he was like controlling more than two hundred terrifying steel soldiers. With one command, all the swords could easily kill countless powerful enemies.

"let's go!"

Three days later, the two divided up the entire Weapon Valley and chased in the direction where another group of disciples from the second universe's major force had escaped.

They will continue to hunt!

In addition to getting rid of this group of powerful disciples who are aloof and want to invade the first universe, another reason is that the treasures of this group of people all come from the advanced cultivation and civilization world of the second universe, which is better than the spiritual world. The many treasures and weapons are much more powerful and valuable, which naturally makes Ye Feng and Uncle Scar very tempted.

Soon, they were chasing the group of people in the direction they fled, traveling through the entire valley, passing many ancient buildings, and arriving at a pastoral land.

That's right!

It's a pastoral place!

Each medicinal field is planted with countless peerless medicines that exude divine light.

Uncle Scar's eyes were astonished and he said, "Is this the magical medicine and herb planted by ancient gods and demons?"

As he said that, Uncle Scar's eyes were immediately filled with fiery color.

"Wait a moment."

Ye Feng suddenly saw a ruined palace deep in the medicine field.

He sensed it with his soul power and said: "There are power fluctuations transmitted from there. It seems that the precious elixir here has been swept away. Let's go directly to the group of disciples of another big force in the second universe and bring them They served it in one pot."

Uncle Scar nodded and said: "Okay, they are still gathered here. They must have found some very precious treasures. Let's go and take a look. There is really no need to waste time on these ordinary elixirs in the medicine field. They are really precious. The valuable ones must have been picked by those people long ago, let's go and snatch them!"

Chapter 1215 The Heart of Gods and Demons

At this time, Ye Feng and Uncle Scar were holding their breath and concentrating, lurking in the direction of the ruined palace complex.

Soon they approached the ruins of a ruined palace.

"That is?"

What shocked the two people's eyes at this time was that there was a huge bloody spring in the center of the ruined palace.

The disciples of another big force who had escaped before were all dead at this time. Their corpses were pierced and wrapped by countless bloody threads, and they were pulled next to the bloody spring.

At this time, directly above the bloody spring, a huge heart made of ruby was beating rapidly.

This heart feels like an ancient beast breathing.

Every beat of the heart emits an extremely powerful wave of life, which seems to be immortal.

Uncle Scar's eyes were shocked and he said: "This level of life fluctuation is so terrifying, it's like the heart of a wild beast."

Ye Feng's eyes moved at this time and said: "Endless years have passed, and this heart is still beating. Even the group of disciples of the second universe's great forces all died in this bloody spring. In this case, this heart is most likely the heart left by a certain god or demon. It not only has vitality, but also has very terrifying attack power. "

Uncle Scar's eyes also showed the slightest hint of shock, and he said: "Boy Ye, do you mean that this heart is the legendary heart of gods and demons?"

Ye Feng nodded and said: "I can feel an extremely sacred aura of gods and demons from it. It should be an ancient god and demon who suffered a tragic battle and broke his body, leaving behind such a god. The Demonic Heart, after all these years, still has extremely terrifying destructive power."

At this time, both Ye Feng and Uncle Scar were very alert, staring at the hearts of gods and demons floating on the blood-colored spring water.

They carefully observed the dead disciples of the great power of the second universe, and found that there was a blood hole as thick as a finger on their foreheads, which penetrated their heads, and even their souls were suddenly pierced and torn to pieces.

Uncle Scar analyzed: "It is estimated that this group of powerful disciples from the second universe also recognized that this heart of gods and demons is very extraordinary, so they stepped forward to snatch it. Unfortunately, they all died and died here. On the heart of a god and a devil."

At this time, Ye Feng pointed his finger.

"Qiang!"

A sword in the Invincible Sword Domain appeared out of thin air in front of Ye Feng.

"go."

Ye Feng slightly uttered a word and pointed his finger.

Uh-huh!

The long metal sword turned into a stream of light and flew towards the heart of the god and demon.

"Pfft!"

Suddenly, the metal sword approached the heart of the god and demon.

A bloody thread burst out from the heart of the god and demon in an instant, like a war spear, with a "click" sound, shattering the metal sword.

"Ding dong, ding dong..."

This long metal sword was instantly shattered by the bloody thread and turned into pieces of iron, which fell to the ground with a clanking clang.

Uncle Scar's eyes were startled and he said: "Boy Ye, this sword of yours seems to be second only to the god-level sword, but it was shattered in an instant. It seems that this god and demon still has something in his heart." It has very powerful divine power and cannot be approached."

Ye Feng's eyes showed a hint of thinking and said: "Uncle Scar, your big dragon sword has now absorbed many weapons in the weapon valley. It must be of a higher level and harder. See if you can Tear apart this divine and demonic heart."

Uncle Scar nodded and said: "If we can cut this heart of gods and demons in half at once, then we can kill the will of gods and demons contained in the heart, and we can collect it directly."

Ye Feng nodded and said: "My current hegemonic body hardness should be able to withstand those extremely penetrating blood-colored threads. Uncle Scar, let's join forces, I will be your shield, and you use the big dragon knife to attack the hearts of gods and demons." , try to split this god's heart in half with one knife!"

"good."

Uncle Scar nodded immediately, with a hint of excitement in his eyes.

Even if the hearts of gods and demons are divided equally, it is still a huge wealth and can bring great help to the two of them.

The blood of gods and demons, the energy of gods and demons, are simply a great source of nourishment for ordinary creatures.

"Do it!"

Ye Feng shouted loudly, and his whole body erupted with divine light, rushing directly towards the heart of the god and demon.

"kill!"

Uncle Scar also followed Ye Feng and suddenly pulled out the big dragon knife on his back, and the light of the knife pierced the sky.

"Uh-huh!"

"Uh-huh!"

"Uh-huh!"

Almost as soon as the two of them approached the heart of the god and demon, blood-colored threads, like spider webs, instantly pierced in the direction of Ye Feng and Uncle Scar.

Ye Feng suddenly shouted: "Hegemony Divine Fist!"

boom!

Ye Feng punched out, and the purple blood in his body burned fiercely. The hegemonic power of the Cangtian Overlord surged out crazily, bursting out in Ye Feng's fist, filled with infinite divine light energy.

"Boom!"

In an instant, a large piece of bloody thread was shattered.

But there are still terrifying bloody threads coming from all directions.

Uh-huh!

At this moment, Ye Feng hugged Uncle Scar directly and protected him with his body.

"Dang Dang Dang!"

"Dang Dang Dang!"

Bloody silk threads hit Ye Feng's body and pierced his clothes, but they were unable to penetrate Ye Feng's skin, and directly made a harsh sound like the delivery of metal.

"cut!"

At this time, Uncle Scar roared loudly, holding the dragon knife in both hands, and slashed crazily towards the heart of the god and demon.

"Boom!!"

The terrifying blade of the dragon sword struck directly at the heart of the god and demon.

"Crack!"

What made the two of them happy was that the heart of the god and demon really split into two halves.

Those extremely penetrating blood-colored silk threads also disappeared all of a sudden.

"My big dragon sword is really powerful!"

Uncle Scar immediately laughed out loud.

"No! The heart of this god and demon belongs to me!"

Suddenly at this moment, a pitch-black devil's hand suddenly stretched out from the bloody spring water and grabbed the heart of the god and devil that had been broken into two halves. .??.

"What is it? You dare to snatch treasures from us?"

Ye Feng shouted coldly and thought directly.

"boom!"

More than two hundred war swords in the Invincible Sword Domain were instantly condensed and combined into a super metal sword, which was stabbed down from high altitude.

"Pfft!"

The two-hundred-meter-long super metal sword instantly pierced the demon's hand and pinned it directly to the ground.

"howl!!!"

From the depths of the blood-colored spring, a shrill howl suddenly erupted.

"Whoa! Whoa!"

At this time, Uncle Scar and Ye Feng grabbed each other instantly, each grabbing half of the heart of the god and demon, and then quickly retreated.

"nice one!"

Ye Feng grabbed half of the heart of the god and demon and sensed the terrifying energy fluctuations, and his face suddenly lit up with joy.

At this time, Uncle Scar also hurriedly put half of the heart of the gods and demons into the storage ring.

"No!!!"

"I'm going to kill you!!!"

Suddenly at this moment, a burst of shrill howling sounded from the whole world.

"boom!"

"boom!"

"boom!"

Almost at this moment, Ye Feng and Uncle Scar immediately saw that the ground where the gods and demons lived suddenly cracked open.

From those gaps, black hands stretched out. They were densely packed and looked extremely terrifying, as if they were in hell.

Uncle Scar's expression suddenly changed, and he couldn't help but say: "It seems that it was not unreasonable for those ancient gods and demons to choose this place as their habitat. Deep underground here, they are all the undead demons!"

Looking at the black demon hands stretching out from the ground, both of them felt chills in their bodies.

"We can't stay here any longer! Get out of here quickly!"

At this time, Ye Feng immediately flew away into the distance.

Uncle Scar also hurriedly followed up and said: "All the demon souls buried under the ground here are so terrifying. The heart of the gods and demons we took probably triggered various chain reactions."

Ye Feng nodded and said: "No matter what, let's return to the entrance we came in from before and get out as soon as possible."

Uncle Scar also nodded immediately and followed

Ye Feng ran quickly in the previous direction.

Both of them were very powerful now, so they were traveling very fast. In less than half a day, they had arrived at the entrance to the place where ancient gods and demons lived.

"Boom boom boom!"

"Boom boom boom!"

At this time, the cracks that appeared on the ground had followed the two of them to the entrance.

Black evil demon hands stretched out from the cracks one after another, and they were extremely ferocious, grabbing at Ye Feng and Uncle Scar.

"Death to the Gods!"

Ye Feng held the super metal sword in his hand, and slashed out with a sudden strike, destroying all the large black demon hands he had captured.

But there are more black demonic hands grabbing at them, like locusts, endless.

"Let's go!"

Uncle Scar grabbed Ye Feng's shoulders behind him and dragged him directly into the passage they came in from the starry sky.

Uh-huh! Uh-huh!

Soon the two passed through the dark and deep passage and came to the starry sky again.

"when!"

After Ye Feng rushed out, he slammed the small bronze door of the ancient tomb's only exit.

"Dang Dang Dang!"

But at this time, bursts of violent knocking sounds suddenly sounded inside the small bronze door, like an ancient old demon that had been sealed for countless years, trying to break through the seal, smash the bronze door, and escape.

"We must prevent these demons from rushing out of that small world! Moreover, the super power that connects this small world to the second universe must be destroyed!"

At this time, Ye Feng stared at the cold and lonely ancient tomb in front of him, his eyes full of determination.

Uncle Scar seemed to have thought of something, and suddenly took out pieces of crimson talismans from his storage ring, and sent a message to Ye Feng with his divine voice in the starry

sky: "Young man Ye, I have thought of a way. These crimson talismans are red flame explosion talismans! Let's paste these red flame explosion talismans on all the surfaces of the entire ancient tomb, and then detonate all the talismans, directly blowing up the entire ancient tomb!"

Ye Feng stared at the red talismans in Uncle Scar's hand, with a hint of doubt in his eyes, and said: "Can these things really blow up an ancient tomb? This ancient tomb can't even use artifacts. It can't be split."

Hearing what Ye Feng said, Uncle Scar showed a hint of smile in his eyes and said: "Boy Ye, you don't know this, right? This Red Flame Explosive Talisman does not have much power, but My red flame explosive talismans have a characteristic, that is, each talisman can increase the power of the explosion. "

Ye Feng's eyes moved and said: "You mean, if two talismans explode together in a chain, it will release double the power of the Red Flame Explosive Talisman. If three Red Flame Explosive Talismans explode together in a chain, it will be three times the power." The power?"

Uncle Scar chuckled and said, "Yes, that's what happened."

Ye Feng couldn't help but ask: "How many Red Flame Explosive Talismans do you have on your body?"

Uncle Scar stretched out a finger and said with a smile: "One million."

Chapter 1216 Return

"One million Red Flame Explosive Talismans?"

Ye Feng's eyes flashed with joy and he said: "That's a million times more powerful! It must be devastating!"

Without further ado, the two quickly pasted the red flame explosion talismans on all surfaces of the ancient tomb.

Both of them were very fast and completed the task in less than half an hour.

At this time, Uncle Scar pulled Ye Feng away from him.

Then.

Uh-huh!

Uncle Scar took out a large red bow from the storage ring.

"Buzz!"

He pulled the bowstring suddenly, and suddenly the power of the fire element floating in the starry sky gathered, surged onto his bowstring, and condensed into an arrow burning with flames.

"boom!"

Uncle Scar instantly let go of the bow string that was stretched into a full moon, and the flaming arrow flashed out instantly, directly hitting a red flame explosive talisman on the surface of the ancient tomb.

"Boom!!"

Almost at this moment, a million red flame explosion symbols on the entire surface of the ancient tomb exploded instantly.

"Boom boom boom..."

The endless flames and destructive light waves engulfed the entire ancient tomb in an instant.

The cold tomb floating in the starry sky was blown to pieces at this moment.

It was like a brilliant firework exploding in the depths of the entire dark universe.

At this moment, Ye Feng and Uncle Scar have returned to the Emperor Planet.

They stood on the Emperor Planet, looked at the stars, and looked at the ancient tomb that was shattered by the explosion. They all felt a kind of magnificence and shock.

At this moment, Uncle Scar smiled and said: "The small world where the ancient gods and demons live is built on the basis of the entire ancient tomb. Therefore, if the ancient tomb is broken, the small world of ancient gods and demons will also fall apart. , the super power in the second universe has completely lost its connection here this time, and has lost a place of trial. "

Ye Feng smiled slightly and said, "This is exactly the result I want to see."

Although Ye Feng is very clear that he may have to go to the perfect world of the second universe in the future. After all, it is a highly developed world of cultivation civilization. Moreover, it is known as the source of all cultivation, the prehistoric continent, the super power in all the worlds. The big interface exists in the second universe, and Ye Feng also wants to take a look.

But Ye Feng knew very well that it was far from the right time to maintain contact with the second universe.

"Let's go back."

After looking at it for a while, Uncle Scar walked towards a certain direction on the Emperor Planet.

Ye Feng nodded and followed Uncle Scar back to the ancient teleportation array on the Emperor Planet.

"Buzz!"

In a violent space fluctuation, the figures of Ye Feng and Uncle Scar were directly teleported to the eighth planet.

On the eighth planet, the two of them continued to return to the teleportation array without any hesitation and teleported to the seventh planet.

"I want to try crossing the stars directly across the universe and heading to the first planet."

On the seventh planet, Ye Feng spoke up.

"It's up to you. Anyway, I can't stand it." Uncle Scar shrank his head and continued to use the teleportation array to go back.

boom!

Ye Feng suddenly stepped on the planet ground, and his whole body instantly turned into a bolt of lightning, rushing out of the seventh planet and into the starry sky of the universe.

Ye Feng wanted to test how strong and terrifying his current hegemonic body was, and whether he could really cross the stars in the universe.

Soon, Ye Feng confirmed that his body was indeed extremely hard, as if it were made by a divine weapon, and was indestructible.

He traveled directly through the endless starry sky and landed on the first planet.

After waiting for half an hour, Uncle Scar's figure appeared from the teleportation array on the first planet.

When Uncle Scar saw Ye Feng waiting for him at the finish line, his eyes immediately froze and he couldn't help but ask: "How long have you been waiting for me?"

Ye Feng smiled and said: "Not much, just half an hour."

Uncle Scar couldn't help but said: "What a pervert."

Traveling across the starry sky is extremely dangerous. You may encounter various destructive cosmic energy rays, extraterrestrial meteorites, and other dominant races in the starry sky.

But Ye Feng managed to cross the starry sky without using the teleportation array and arrived at the first planet.

At this time, even Uncle Scar felt that

Ye Feng is really too evil, an achievement that is simply beyond the reach of human beings!

Next, the two left the first planet, passed through the space light gate, and returned to the Holy Mountain of Gods and Demons again.

"Ye Feng!"

"Master!"

"Wind boy!"

At this moment, in the back mountain area of the Holy Mountain of Gods and Demons, Ye Shenyue, Xiao Tao, Bald Bird and Bai Ling were waiting anxiously. When they saw Ye Feng returning, they immediately burst into surprise. ??

Seeing Ye Feng's safe return means that he has obtained the legacy of ancient gods and demons and gained huge benefits.

Ye Feng walked over and immediately said with a smile: "Don't worry, everyone, I'm fine. I've gained a lot this time. I'll tell you later, Uncle Scar, you..."

Ye Feng was about to introduce Uncle Scar to everyone, but when he turned around, he realized that the burly and majestic man with Scar had disappeared at the entrance.

"He ran away again without saying a word."

Ye Feng shook his head helplessly, but he also knew that Uncle Scar was so elusive.

"I hope one day I can know your true identity."

Ye Feng murmured, and then walked to the space door not far away, preparing to pull out all the keys on the stone tablet and close the space entrance to this ancient war base.

"Wait a moment!"

Suddenly at this moment, a large group of powerful demons suddenly appeared not far away.

Their eyes were full of inquiry, and they said, "Where is our Highness the Son of God?"

Ye Feng's eyes flashed and he said with a smile: "He couldn't bear the crisis of the next few planets and is already dead."

"What?"

"His Royal Highness the Son of God has fallen?"

"Impossible! How is it possible! Even if His Highness the Son of God cannot bear the crisis, he will return immediately and his life will not be in vain. It must be you, a human boy, who killed our His Highness the Son of God, right?"

A group of dozens of powerful demons from the Dzogchen Immortal Realm roared angrily, and the demonic energy swept towards Ye Feng and his group.

"A bunch of ants! Get away!"

Ye Feng shouted instantly, punched out, and the power of his domineering body burst out instantly.

\u003e Boom!

A large wave of destructive light burst out from Ye Feng's fist, directly destroying a group of top demon warriors roaring in the distance and exploding into fragments.

More than sixty powerful demons from the Dzogchen Immortal Realm, and even a demon master from the first level of the Void God Realm were instantly shattered by Ye Feng's punch. !

"One... one punch?"

"Were all the top demon clan experts killed instantly?"

At this moment, countless human geniuses gathered around were stunned.

Even Chu Wudi and Xuanyuan Splitian, the two heirs of the divine family, their eyes suddenly became dull.

"How strong is he now?" Chu Wudi, a fighting maniac, didn't even dare to show his fighting spirit in front of Ye Feng at this moment.

Because from Ye Feng's body, he felt an unprecedented powerful energy, a terrifying energy that could not be provoked.

"He is getting more and more terrifying..." At this time, Xiao Tao's protector Bai Ling was also amazed with her beautiful eyes.

Ye Shenyue was secretly very happy, because the stronger Ye Feng was, the more confident Ye Feng would be and the less pressure he would have when facing the Tongtian Divine Dynasty.

The bald bird stared at Ye Feng, touched his chin, his eyes were shining, and he couldn't help but mutter, "Boy Feng feels like he has been reborn. Has he really obtained the legacy of ancient gods and demons?"

At this time, Ye Feng was looking at the group of top demon warriors who were instantly wiped out by him, and his eyes were a little dazed.

I am indeed many times stronger now than when I was in the Holy Mountain of Gods and Demons.

After all, his physique has transformed into the Heavenly Tyrant Body, and his cultivation has also reached the first level of the Virtual God Realm.

Putting it this way, it is indeed normal and reasonable to casually kill a group of top powerhouses from the Dzogchen Demon Clan in the Immortal Realm.

At this time, Ye Feng took action and crushed all four keys at the entrance to the ancient war base, completely sealing off the dangerous starry sky area.

Then he looked at Ye Shenyue and others around him, and said with a smile: "Come on, let's go out. The selection of the Eighteen States should be over soon. Let's go out and kill more Black Sky Demon Realms in this last period of time." "

Chapter 1217 The shock of the big shots

In the Black Sky Demon Realm, on the desolate land, many of the human geniuses who are still alive are constantly killing the demons.

At this time, in the southeastern part of the Demon World, Ye Feng and Ye Shenyue were killing various demons.

It was already half a month after Ye Feng returned to the Holy Mountain of Gods and Demons.

Xiaotao and Bai Ling left early, and a group of descendants of the divine family, including Chu Wudi and Xuanyuan Splitian, all left the Black Sky Demon Realm early and returned to the sky.

For these descendants of the divine family, most of them came to the Black Sky Demon Realm not to participate in the selection of the Eighteen States, but for the sacred mountain of gods and demons.

But this time, a large group of descendants of the divine family, namely Xiao Tao and Chu Wudi, were lucky enough to enter the Ancient Tower of Enlightenment in the Holy Mountain of Gods and Demons.

It is conceivable that when these two people return to the sky, they will definitely be vigorously cultivated by the divine family behind them.

The bald bird also left with Xiao Tao and Bai Ling. Ye Feng knew that the bird was trying to find its missing divine fire with the help of the Bai family. ??

Once he finds his natal divine fire, the bald bird no longer has to be so aggrieved. He can directly regain his full victorious strength, reincarnate into the flaming divine bird, and dominate the world.

...

"boom!"

At this time, on a barren mountain in the Demon Realm, Ye Feng held the Heavenly Tribulation Sword in his hand, and slashed with a sword of ten thousand meters, directly killing a group of thousands of demons at the foot of the barren mountain.

"Uh-huh!"

He grabbed them with his big hand and swallowed up all the blood and life essence of these demons. Then he grabbed the demon heads one by one and put them into his storage ring.

At this time, Ye Shenyue also killed a huge demon beast in the distance and collected the huge beast's head.

Ye Shenyue herself is an innate Taoist body, and she has received the peerless inheritance of the ancient Su Nu Kung from the Master of Qingzhou Palace. Now she has entered the Taoist Tower in the Holy Mountain of Gods and Demons, and obtained the mysterious inheritance in the Taoist Tower.

Her current strength and means are also extremely powerful. Although she is not as good as Ye Feng, a peerless monster, she can definitely be regarded as a rare top genius in the nineteen states of the human race in the spirit world.

At this time, Ye Shenyue's graceful and beautiful figure came gracefully from a distance, walking

Arriving at Ye Feng's side.

She stared at the white-clad Shengxue figure in front of her and asked with a smile: "Ye Feng, what are your plans next?"

Ye Feng looked into the distance, his eyes a little misty, and said: "After the selection of the Eighteen States, I will enter the capital of God, join a prince or a faction of big shots, and still use the name of Emperor Ye, disguise myself, and secretly investigate me. According to the news about my father, Uncle Lin, the God of Fire, my father is imprisoned in the Nine Nether Heavenly Prison in the Capital of Gods. I need to find out where the Nine Nether Heavenly Prison is. In addition, I want to take the time to go to Heaven. Let's go to the Soul Palace and see if we can rescue Uncle Lin, the God of Fire."

Hearing this, Ye Shenyue nodded immediately, and then said with a trace of solemnity on her beautiful face: "You are entering the divine capital on this trip, which is the true core of the Tongtian Divine Dynasty, with three religions, nine streams, and countless factions. The roots are complicated, Ye Feng, your identity is too special, you must be careful."

Ye Feng nodded slightly, looked at the beautiful woman in front of him who was worried about him, and said with a smile: "Miss, don't worry, if my true identity is revealed, I will leave directly and will not fight to the death. I am a very adaptable person. Human, so don't worry that I will be carried away by anger. When it comes to a critical moment, staying alive is the most important thing."

When Ye Shenyue heard what Ye Feng said, she couldn't help but smile and said, "Okay, I believe you."

Buzz!

Buzz!

And suddenly at this moment, the teleportation talismans on Ye Feng and Ye Shenyue suddenly lit up with a ray of light.

"The teleportation talisman has space fluctuations."

Ye Feng's eyes moved, and then he looked at the dim sky and said: "The selection of the Eighteen States is finally over. We will probably be teleported back soon."

And almost at the moment Ye Feng finished speaking.

"Buzz!"

"Buzz!"

Following two very violent spatial fluctuations, the figures of Ye Feng and Ye Shenyue were wrapped in a divine light and disappeared.

...

spiritual land

, on the land of the nineteen states of the human race.

At this moment, in the central square of the state capital of each state.

Buzz! Buzz! Buzz...

Along with violent spatial fluctuations, young figures appeared in their respective state capitals.

"We're back!"

...

"Great! Finally back alive!"

...

"Hahaha! I have survived in the demon world for such a long time! I have also plundered the heads of many demons! This time, I will definitely be in the top ten in the Eighteen States Selection!"

...

At this moment, in each state capital, there were young prodigies who had survived and were shouting excitedly.

At this time, in the capital of Snow State.

In the expectant view of the palace master and other elders of Snow State, as well as countless other powerful leaders of Snow State.

Buzz!

One after another, figures appeared one after another in the central square of the capital of Selangor.

"We're back!"

At this moment, each of the Snow State geniuses was teleported back one after another.

At this moment, many young prodigies started talking at random.

"It's so dangerous this time! Thanks to Senior Brother Ye Di's protection!"

"Senior Brother Ye Di is so awesome! Dominate the Holy Mountain of Gods and Demons!"

"The princes of the demon clan, the sons of gods, and the heirs of the divine families are like ants in front of Senior Brother Ye Di! Hahaha, this selection of the Eighteen States is so exciting!"

At this moment, all the top geniuses in Selangor spoke out in excited tones.

Among them, there are many Xuzhou geniuses who have witnessed all the legends of Ye Feng in the Holy Mountain of Gods and Demons.

And Ye Feng's legendary deeds spread throughout the entire eighteen-state selection process within the next half month.

"what are you guys saying?"

At this moment, the heads of the Snow State Palace, including all the powerful leaders of the Snow State, all had deep expressions in their eyes.

Doubt and surprise.

Emperor Ye, they knew that this young man was a new member of the Qiren Mansion in Snow State. He seemed to have a good relationship with the seventh lady Gu Qinlan and the third lady Ning Qingxue.

But at this moment, everyone heard these young geniuses. Almost everyone was discussing that Emperor Ye, and they were all very excited and excited, as if they were discussing a legend. This made many big shots in Xuzhou. They all felt very strange.

"What big things did the Emperor Ye you mentioned do?"

At this moment, even the head of the Snow State Palace was extremely curious and couldn't help but ask these young geniuses who had just been teleported back.

"See the Palace Master!"

A group of young geniuses first bowed respectfully to the Lord of Snow State.

Then everyone was excited and spoke out with joy, telling all the shocking deeds that Ye Feng had done.

Enter the Holy Mountain of Gods and Demons and occupy the most powerful ancient enlightenment building "Qingdi Tower"!

Kill the five demon princes!

Enter the ancient war base and kill the demon god's son!

In the end, he obtained the legacy of gods and demons and killed dozens of top powerful demons in the Dzogchen Immortal Realm with one punch!

...

Everything was narrated by a group of young geniuses at this time, which shocked all the big shots in Selangor State to the extreme.

Buzz!

At this moment, there was a violent spatial fluctuation.

In the central square, a young man dressed in white was once again teleported out.

The moment this young man in white appeared, the countless big shots in Snow State who were present suddenly felt a sense of fear that came from the depths of their souls.

It's like an ancient evil beast has arrived, and the aura fluctuations emanating from it are simply capable of turning the world upside down and shaking the earth!

This young man in white is none other than Ye Feng!

Swish, swish, swish!

Swish, swish, swish!

In an instant, the eyes of countless people, including those of the big shots in Snow Prefecture, were all focused on Ye Feng.

Chapter 1218 The palace master's flattery

At this moment, Ye Feng had just teleported back and suddenly noticed that the eyes of everyone on the scene, including the master of Xuezhou Palace and the leaders of major forces, seemed to have some kind of inexplicable shock.

Ye Feng couldn't help but stared blankly, and said: "What's wrong? Is there something on my face?"

"no no!"

A group of big shots shook their heads quickly.

Then the Lord of Xuezhou Palace spoke up. ??

Rao is this big shot. Facing Ye Feng at this time, he also felt the pressure of a strong man. His voice even had a hint of respect and said: "Ye Emperor, we just heard about other young geniuses." For your discussion, you entered the Holy Mountain of Gods and Demons?"

Ye Feng nodded and said, "Yes, yes."

The Lord of Xuezhou Palace continued to ask: "What about what they said just now that you monopolized the Qingdi Tower, the strongest ancient enlightenment building in the Holy Mountain of Gods and Demons, killed the Demon Prince and the Demon Son, and even entered the legendary Ancient war base...is all this true? "

Ye Feng was silent for a moment, knowing that these could not be hidden, he simply nodded and said: "Yes, what they said is true. I know many of the young geniuses present. They were all familiar with each other when they were in the Holy Mountain of Gods and Demons Been through it with me."

"hiss!"

Almost as soon as Ye Feng finished speaking, a burst of gasps of air erupted from the entire field, one after another, lasting for a long time.

A group of big shots in Snow State, and even the Lord of Snow State, did not expect that such a stunningly talented and unique monster would appear on their land in Snow State?

This huge achievement, for thousands of years, no one has ever been able to achieve such a terrible achievement in the selection of the Eighteen States one after another.

To describe this as shocking is definitely not an overstatement!

The Lord of the Palace of Xuezhou suddenly felt extremely happy.

Ye Feng has achieved so many great achievements. When the time comes, under the rumors of countless people, it will definitely attract the attention of countless big shots in God's capital.

Moreover, in the selection of the eighteen states, the young talent from each state has made great achievements, which not only has a huge impact on himself

, and it is also extremely important for a state's own development.

In the selection of the eighteen states, as long as the young prodigy from any state performs well, the state he represents will also receive various huge rewards from the divine capital and allocate various resources.

Selangor has always been ranked at the bottom among the eighteen states, excluding Shenzhou, the center of the city.

Therefore, as the head of the Selangor Prefecture, he could not hold his head high in front of the heads of other states.

Because compared to other states, Selangor is very small and remote, and strong people are very rare.

But this time, once Ye Feng's feat spreads throughout the world, it will definitely shake the entire human race.

By then, Xuzhou, where Ye Feng is located, will immediately become famous all over the world.

At this time, the Lord of Xuezhou Palace stared at Ye Feng, his eyes full of fiery color.

From now on, when he, the palace master, goes out to attend various gatherings of upper-class nobles, Ye Feng alone will be enough for him to feel proud in front of other palace masters.

At this time, the Lord of Xuezhou Palace immediately ordered: "Hurry up and arrange the best residence for Emperor Ye. A palace was built directly in the state palace for Emperor Ye to live. The specifications of the palace are the same as the Palace Lord's Palace where I live. Just as majestic and noble!"

Wow!

At this moment, listening to the order spoken by the Lord of Xuezhou Palace, everyone's eyes were filled with horror.

A court official like the Lord of Xuezhou Palace actually wants to build a living hall with the same specifications as Ye Feng, a young man?

This kind of treatment is simply unprecedented and appalling!

Ye Feng just smiled slightly at this, without any fluctuation in his heart.

The current head of the Snow State Palace, including the big shots from all the major forces in Snow State, are just cultivators in the realm of high-level immortals. Except for the fact that they are big figures in the imperial court.

In addition, in the face of martial arts strength, Ye Feng can suppress all the big shots present with one hand.

Therefore, Ye Feng did not have much fluctuation in his regard for the Palace Master of Xuezhou. He just smiled slightly and said, "Thank you very much, Palace Master."

The Lord of Xuezhou Palace immediately flattered and said with a smile: "It should, it should!"

Buzz!

At this time, following waves of spatial fluctuations, the young geniuses of Selangor once again appeared in the central square.

"Senior Brother Ye!"

"Ye Di! You are my idol!"

At this moment, every top genius who was teleported back saw the figure of Ye Feng, and their faces showed deep surprise and admiration for a moment.

Seeing this scene, many of the powerful leaders around could not help but smile bitterly and shake their heads. It seems that this Emperor Ye is already a belief-like existence in the minds of countless young geniuses.

But having said that, who would have witnessed Ye Feng's achievements as an evildoer, punched the descendants of the divine family, controlled the most powerful demons, broke into ancient war bases, and plundered the remnants of ancient gods and demons? I'm afraid everyone's blood will be boiling.

"Master Ye!"

At this moment, Ning Qingxue, the third young lady from Snow State, was also teleported back.

Although she did not enter the Holy Mountain of Gods and Demons, she seemed to have her own destiny.

At this time, Ye Feng could feel that the energy of the seven-orificed exquisite heart in Ning Qingxue was becoming more and more sacred.

Her cultivation level has also broken through to the middle level immortal realm, which has been a huge improvement.

At this time, Ye Feng walked over and said with a smile: "Miss Third, it seems that she also got a good chance this time."

"Nothing compares to you."

A beautiful and charming smile appeared on Ning Qingxue's fair face. She stared at Ye Feng with bright eyes and said, "I heard about your legendary deeds, Mr. Ye, in an ancient and remote ancient ruins. No

Needless to say, you are now famous all over the world. When the big shots in the capital know about your legendary deeds, they will probably tell the world about the human race. Now the war

between our human race and the dark alien race is getting more and more fierce. Mr. Ye Your feats in the Holy Mountain of Gods and Demons can definitely inject a boost into the declining morale of our human army! "

"yes!"

At this time, the Lord of Xuezhou Palace also came over, stared at Ye Feng, his eyes full of appreciation and admiration, and said: "Emperor Ye, this time it doesn't matter where you get in the Eighteen States Selection. Yes, with your feats in the Holy Mountain of Gods and Demons, you are definitely the well-deserved number one in this selection of the Eighteen States! After you enter the city of God, you will definitely be robbed by the powerful forces from all sides. Next, Emperor Ye, please stay well. Just rest in the mansion and wait for news from the capital."

"OK."

Ye Feng nodded, and after chatting with Ning Qingxue, the third lady, for a while, he turned and walked towards his residence.

Half an hour later, Ye Feng returned to his small house in Qiren Mansion.

The courtyard was completely empty.

Dragon Poison left, probably to the Western Continent.

Old Jin Long also took Xiao Huo and Soaring Snake to travel to the wild lands of the spirit world outside of the human race.

At this moment, Ye Feng actually felt a long-lost feeling of loneliness and desolation.

"A person like me, in today's Tongtian Divine Dynasty, was a criminal in the previous dynasty. Maybe it's not suitable to have friends around all the time. It may bring disaster to them..."

Ye Feng shook his head and laughed at himself, then walked into his courtyard.

"Um?"

After Ye Feng walked in, he suddenly saw a beautiful figure wearing a pale white dress standing there by the rockery pool in the courtyard.

"Ye Feng, long time no see."

A pair of beautiful eyes immediately stared at Ye Feng who had just walked into the courtyard.

"Miss Lan? You are out of seclusion!"

Ye Feng's eyes were filled with joy and he walked over directly.

Chapter 1219 Full of confidence

This beautiful figure standing by the pond in the courtyard is none other than the Guqin Lan who was in seclusion before.

Gu Qinlan's identity is very mysterious, and Ye Feng still hasn't figured it out to this day.

For this girl Lan, Ye Feng didn't like her more, but regarded her as his confidant.

Because from Gu Qinlan, he saw many similarities with himself.

This Miss Lan is just like me, mysterious, with many tricks and talents.

And it seems that she also hides some kind of heavy secret in her heart, which she has never shown on the surface and endured silently.

Ye Feng and Gu Qinlan, perhaps both of them feel that they are in the same boat.

At this time, Ye Feng sensed the aura of cultivation on Gu Qinlan's body, which was already in the lower immortal realm. He couldn't help but smile and said: "Congratulations to Miss Lan, you have broken through to the immortal realm in seclusion."

Although it was only in the realm of lower immortals, Ye Feng could feel a threatening aura from Gu Qinlan's body for some unknown reason, which made Ye Feng secretly shocked.

At this time, Gu Qinlan was staring at Ye Feng, with a touching smile in her beautiful eyes, and said: "Congratulations on what I am doing, my achievements are not worth mentioning in front of you, Ye Feng," As expected, the name of Emperor Ye may soon shock the entire nineteen states of the human race."

Guqinlan is the only person in the Xuezhou mansion who knows Ye Feng's true name.

At this time, Ye Feng smiled and shook his head and said: "It's not a good thing to be too outstanding. People are afraid of being famous and pigs are afraid of being strong. If anything is as good as Lin Feng, it will be destroyed. So I don't think it's worthwhile for 'Ye Di' to be famous." A place to celebrate."

Seeing Ye Feng's sighing look, Gu Qinlan couldn't help but roll her eyes at him and said: "Many people want your level of achievement but still can't get it. You seem to be disgusted with it, so others People will definitely burst into tears if they find out! Oh, by the way, are you going to go directly to the capital next?"

Speaking of business, Ye Feng nodded and said: "After the results of the selection of the eighteen states in the world are announced in Shendu, I should go directly to Shendu."

As he said that, Ye Feng stared at Gu Qin Lan and couldn't help but ask: "Miss Lan, are you going to Shendu?"

Gu Qinlan nodded slightly and said, "Of course I want to go."

At this time, Gu Qinlan was speaking, and there seemed to be an inexplicable meaning hidden in his tone.

When Ye Feng heard that Guqin Lan was also going, he couldn't help but look happy and said: "Miss Lan, can you enter the divine capital without participating in the selection of the Eighteen Prefectures?"

Gu Qinlan's eyes were fixed on Ye Feng, and she came close to his eyes. Her beautiful face was very close. She breathed out like a blue, and said with a mysterious smile: "Of course I have my own way. I'll see you in the city of God then."

Ye Feng moved forward suddenly, and his face almost touched the beautiful face of Gu Qinlan who was leaning in front of him.

This shock made Gu Qin Lan move slightly back, but in the end she was touched by Ye Feng, which made the mysterious girl Lan's face turn red with embarrassment.

"Hahaha."

Ye Feng laughed out loud and said: "Then I will wait for Miss Lan in the capital of God."

Gu Qinlan curled her lips at this time and said: "It's me who waits for you. I will go to the capital of God tomorrow. If you come back from the devil world a day late, maybe I won't be able to wait for you in this small house. "

Ye Feng suddenly walked up to Gu Qin Lan and said in surprise: "Miss Lan, are you leaving for the capital of gods tomorrow?"

Gu Qinlan nodded slightly and said: "It has been arranged."

Ye Feng stared at the beautiful woman in front of him, his eyes showing a hint of seriousness, and said: "Miss Lan, can you tell me now what your identity is?"

Gu Qinlan's beautiful eyes moved slightly, and then she stared at Ye Feng and said, "Then can you tell me your true identity, Ye Feng?"

Ye Feng was silent, and then said: "It's not that I don't trust you, but I'm afraid that if I tell you, we won't be able to be close friends."

Ye Shenyue is fully understood by Ye Feng, and she is a member of the Ye clan, so Ye Feng has long regarded the eldest lady Ye Shenyue as his relative, so he truthfully told Ye about his identity in the demon world. Divine Moon.

But for Gu Qinlan, Ye Feng felt more comfortable being with her, feeling like they were in the same boat and being a confidant, but not to the extent of sharing all the secrets.

Gu Qinlan looked at Ye Feng at this time, with a trace of struggle in her beautiful eyes, and finally smiled helplessly and said: "Ye Feng, just as you said, I'm afraid that after I say it, you and I won't even be friends anymore. But don't worry, Ye Feng, I will tell you all my stories truthfully when the time comes, okay?"

Ye Feng stretched out his hand, stroked Gu Qinlan's dark hair, and said with a warm smile: "Okay, when the time comes, I will tell you all my stories."

Gu Qinlan nodded immediately, stretched out a small finger, and said with a smile: "Then this is our agreement."

"Well, this is our agreement."

Ye Feng also stretched out a little finger at this moment and hooked it with Gu Qinlan's fingers.

"I'm sure Ye Feng will settle down from the devil world.

I am relieved that everyone is back. I will leave tomorrow and wait for the gods to see each other again. "

Gu Qinlan said the last thing and was about to turn around and leave.

Uh-huh!

But at this time, Ye Feng suddenly grabbed Gu Qinlan's little hand.

"What's wrong?" Gu Qinlan turned back in confusion.

Ye Feng smiled slightly and said: "Since you, Miss Lan, are leaving tomorrow, how about you stay here tonight and let's watch the stars together in this courtyard?"

Gu Qinlan's face was embarrassed, as if she had thought of something, but in the end she let out a breath, looked at Ye Feng, her beautiful eyes had some inexplicable meaning, nodded slightly, and said: "Okay, I'll stay tonight, It just so happens that I want to hear Ye Feng tell you about your experience in the Holy Mountain of Gods and Demons, it must be very exciting!"

...

Early the next morning, Ye Feng said goodbye to Guqinlan and walked straight towards the Martial Arts Pavilion in the capital of Xuezhou.

Now he is showing off his prestige for the human race and the Snow State in this eighteen-state selection. The Lord of the Snow State Palace directly rewarded Ye Feng with 300 million contribution points.

Ye Feng was going to go to the Snow State Martial Arts Pavilion and go straight to the top floor to see if there was a powerful martial arts inheritance suitable for him.

Even though Selangor is a small state at the bottom of the ranking, it is a human state after all, and its heritage is still very deep.

However, before Ye Feng arrived at the Martial Arts Pavilion, he was stopped by a Snow State guard on the way.

The Xuezhou guard was very respectful and said: "Master Ye Emperor, there is a woman who claims to be your friend. She said her name is Jinse. She came to our Xuezhou capital half a month ago and asked to see Emperor Ye. "Your Majesty."

"Jinse?"

Ye Feng's eyes moved, and there were still some memories in his mind.

This Jinse seemed to be from Tianyin Pavilion. When he was training in a secret realm, this Jinse had even recruited him, wanting him to join Tianyin Pavilion.

But it's been a long time since we last met, and Ye Feng had almost forgotten Jin Se.

Tianyin Pavilion, Ye Feng had learned about it before, was founded by an ancient figure three thousand years ago. The founder was revered by countless people as "The Holy Mother". Like the

Creation Alliance, many people speculated that he was from the previous dynasty of Creation God. Legacy forces.

During this period, Ye Feng had also inquired a lot about the forces left over from the Creation God Dynasty, such as Tianyin Pavilion and the Creation Alliance.

Especially the Creation Alliance, which has been active in the Tongtian Divine Dynasty for thousands of years. It seems to have been formed by a king with a different surname in the Creation Divine Dynasty.

But Ye Feng had asked the Fire God Uncle Lin before in the Infinite Fire Domain. Uncle Lin said that there were many other alliances including the Creation Alliance.

Most of the so-called forces left over from the previous dynasty were for the purpose of gathering strong men from the previous dynasty and realizing their own private ambitions for hegemony. They were not at all for the purpose of creating the divine dynasty.

At that time, Ye Feng was the crown prince of the Creation God Dynasty, but he had never left the palace. Apart from his father, the Fire God Uncle Lin, and the little palace maid Zhi Xin who had been taking care of him, there were almost no other people he really knew. People.

Therefore, since Ye Feng entered the Nineteen States of the Spirit Realm, he has been avoiding contact with the remaining forces of the previous dynasty of creation, precisely because he did not trust these forces at all.

Even Ye Feng felt that if his identity as the crown prince was exposed, it might cause the forces of the previous dynasty to pursue and imprison him, just like holding the emperor hostage to order the princes.

Therefore, when Ye Feng was weak, he did not want to rashly contact these forces and strong men from the former Creation Dynasty.

But now, Ye Feng has entered the first level of the Virtual God Realm, and has practiced the Divine Art of Creation to the eighth level.

Even though he has not yet awakened the natal talent of the eighth heaven, his physique and body have already transformed into the Heavenly Hegemonic Body in advance, which is comparable to the supreme divine body, or even surpasses it.

Now Ye Feng's combat power has reached a very terrifying level.

And he also has many terrible trump cards.

Ye Feng even felt that if he used all his trump cards, his true combat power would probably be enough to fight an ordinary powerful person in the realm of gods.

On the land of the spirit world, the existences at the level of the gods are called "the most powerful" because the warriors of the realm of gods have almost stood at the top level of combat power on the land of the human race in the spirit world.

In other words, now Ye Feng's true strength has surpassed the entire younger generation of the human race in the spiritual world, and even many older generations of strong men are no longer Ye Feng's opponents!

At this time, Ye Feng stared at the guard in front of him, with full confidence and a calm face, and said: "Okay, take me to see that Jinse."

Ye Feng wanted to see what Jin Se from Tianyin Pavilion wanted to do when he came to find him again.

Now Ye Feng has the confidence to contact these forces that may be the legacy of the previous dynasty of creation.

Besides, my identity has not been revealed by anyone yet, so there is nothing to worry about.

In addition, Ye Feng will go to the divine capital of the Tongtian Divine Dynasty next. If he can have some contact with these former dynasty forces and discuss some interests, it may be of great help to his plans in the divine capital. .

At this thought, Ye Feng's eyes showed a smile and his steps became firmer.

Chapter 1220 Our Lady

Following the report from the Xuezhou Mansion guard, Ye Feng came to the meeting hall of Qiren Mansion.

At this time, sitting in the meeting hall was a graceful woman wearing a light red dress, it was Jinse.

Ye Feng walked over and said with a smile: "Miss Jinse, long time no see."

When Jinse saw Ye Feng coming, he immediately stood up, smiled, and said: "Master Ye, I didn't expect you to change your name now. I searched for a long time and found out that the Emperor Ye in Qiren Mansion in Xuzhou is actually Young Master Ye Feng."

Ye Feng smiled and did not explain much about this. He just asked: "That day when we were outside the territory of Xuzhou, Miss Jinse was said to have become the head of Tianyin Pavilion's branch in Xuzhou. I don't know that Jinse The girl is usually busy with work, and this time she came to the state capital specifically to find out what I was doing."

Jinse stared at Ye Feng, looked at the guards standing outside the surrounding meeting hall, and said with a smile: "Master Ye, can we go to a remote place to talk? People feel very insecure here."

Ye Feng glanced at the woman in front of him, then nodded slightly and said, "Okay, come with me to the house where I live."

Half an hour later.

In the small house where Ye Feng lives, next to the rockery pond.

Jinse stared at Ye Feng, with a hint of amazement in her beautiful eyes, and said: "Young Master Ye, your performance in the Eighteen States Selection this time, I have heard about those legendary deeds, it is really amazing, Simply a living legend."

Ye Feng smiled in surprise and said: "Oh? So Miss Jinse, Tianyin Pavilion where you are located has a good intelligence system. I have just come back from the Demon Realm two days ago, and you have already learned the news thousands of miles away. "

Jin Se smiled brightly and said: "Young Master Ye is so ridiculous. Your legendary deeds have long been spread throughout the Xuzhou martial arts practice circle. Now many big shots are trying their best to meet you, Mr. Ye. They want to witness it with their own eyes. The legend of Snow State, it is really a great honor for me to meet you, Master Ye, this time."

Ye Feng looked at the beautiful woman chatting in front of him and couldn't help but smile and said: "Let's get straight to the point. There is no need to say so many compliments. Miss Jinse came to me this time. Could it be that she wanted to win me over again? Tianyin Pavilion?"

Jinse quickly shook his head and said: "I know that Mr. Ye's ambition is to enter the capital of the gods, make contributions, and become a big figure in the core circle of powerful people in the Tongtian Divine Dynasty. Yu, will not join our Tianyin Pavilion."

Ye Feng couldn't help but smile when he heard what Jin Se said. He didn't say anything more and continued to listen to the sect leader from Tianyin Pavilion.

Jinse paused for a moment, then the look in his eyes became a little solemn, and said: "Master Ye, your strength and talent are really amazing. Even our Lady of Tianyin Pavilion is very interested in Master Ye." You are very concerned."

Ye Feng's eyes were surprised and he said: "Your Madonna of Tianyin Pavilion is paying attention to me? That is an ancient figure from three thousand years ago. Now he must be unrivaled in cultivation."

"That's right."

Jinse nodded, then looked at Ye Feng's belated expression with a wry smile, and said: "Young Master Ye, I'm afraid you still don't know what your actions in the Holy Mountain of Gods and Demons are. What a huge shock has been caused in the land of the Nineteenth State. Countless big shots have begun to pay attention to you. Some people want to recruit you, and some want to kill you and plunder the legacy of gods and demons in you. "

Ye Feng's eyes moved slightly, staring at Jinse in front of him, and said with a smile: "Miss Jinse, your Tianyin Pavilion

Your Lady, the Holy Mother, shouldn't be interested in the legacy of gods and demons in me, right?
"

Jinse immediately shook her head and said: "Our Lady, Our Lady, is the most amazing woman in the spiritual world today. She is not only scholarly, but also eternally youthful and stunningly beautiful. Even many big figures in the divine dynasty, and even Countless dignitaries in the divine capital, as well as the supreme Great Prince of the Tongtian Divine Dynasty, the future crown prince of the divine dynasty, have met Her Majesty, and have become her pursuers since then. They are extremely infatuated. If Her Majesty wants to practice, Resources or inheritance, just say a word, and countless suitors will send it to you, how could they covet the legacy of gods and demons in you. "

Ye Feng's eyes were surprised, and he smiled and said: "In that case, I am very curious about that strange woman in Tianyin Pavilion, the Holy Mother. If I could see her in person, I don't know if she would let me Also among the ranks of suitors."

Jinse suddenly flashed her beautiful eyes and said, "Actually, my coming this time can just satisfy Mr. Ye's wish at this time."

Ye Feng's eyes were stunned and he said: "What do you mean?"

Jin Se said: "This time, a clone of Our Lady came to Xuzhou in person. It is in the branch of Tianyin Pavilion in Xuzhou. I want to invite Young Master Ye to come and meet."

"What? Your Madonna, an ancient figure from three thousand years ago, wants to see me in person?"

I have to say that even though Ye Feng knew that Tianyin Pavilion might want to talk to him about some cooperation matters, he was still shocked.

The Holy Mother of Tianyin Pavilion, such a big shot, personally came to Xuzhou and invited me to meet him?

Ye Feng was a little confused, stared at Jinse, and asked: "I am a junior person, so I won't meet your Madonna in person."

Jinse smiled slightly and said: "Because Mr. Ye's performance in the selection of the Eighteen States really shocked the world. Now many big forces, both overt and covert, want to cooperate with you, Mr. Ye. Our Tianyin Pavilion also wants to cooperate with you." For this purpose, although I know

that Mr. Ye cannot join our Tianyin Pavilion, we can provide Mr. Ye with various help after he enters the capital of God, such as training resources, various intelligence, and giving Mr. Ye his strength. The powerful dead soldiers under his command, etc., when Mr. Ye establishes a firm foothold in the city of God and becomes a big figure, I, Tianyin Pavilion, will also be protected by Mr. Ye. "

Ye Feng's eyes showed a hint of surprise and said: "You want to bet on my future."

"That's right."

Jinse immediately smiled and said: "Many big forces want to place their bets on Mr. Ye, a peerless genius, in order to seek the protection of Mr. Ye when he becomes a big shot in the city of Gods. Tianyin Pavilion is no exception. , in addition to this, the Holy Mother came to Snow State in person this time and wanted to meet Mr. Ye alone. There may be other things that need to be discussed with Mr. Ye privately, but I don't have the authority to discuss them specifically. Got it, but don't worry, Mr. Ye, I, the Holy Mother of Tianyin Pavilion, will not have any hostility towards you, just to seek in-depth cooperation with Mr. Ye."

Ye Feng was silent for a moment.

Tianyin Pavilion is a powerful force that has been inherited since the turmoil of the divine dynasty three thousand years ago. It has been active in the nineteen states of the spiritual world. It has been inherited for three thousand years. Not only has it not been cut off, but it has become more and more prosperous. This is definitely a An extremely powerful force.

If they really cooperate, it will really be of great help to them after entering the divine capital.

Because Ye Feng knew very well that in the divine capital, the major forces were intertwined. If he wanted to improve his status step by step in the inner circle of the divine capital, he would inevitably have to fight against each other openly and secretly.

Also, if you want to secretly deal with the eight major families, secretly rescue your father, etc., you need all kinds of helpers.

In addition, Ye Feng knew that after he entered the virtual god realm, the cultivation resources needed for breakthrough and improvement were getting larger and larger.

Ancient ruins are limited, and it is impossible to encounter various opportunities at any time. Having a big force behind you is indeed of great help.

However, Ye Feng also knows that cooperating with Tianyin Pavilion is actually taking advantage of each other. As he rises in the city of God, he will definitely protect Tianyin Pavilion and even do some special things for Tianyin Pavilion.

Ye Feng himself knows that this Tianyin Pavilion is different from the Creation Alliance. Except for the identity of the Holy Mother who founded the Tianyin Pavilion, the identity of the others is not the remnants of the Creation Divine Dynasty.

Cooperating with Tianyin Pavilion has a good hiding effect on his identity.

If the Creation Alliance came to find him, it would be impossible for Ye Feng to meet the Creation Alliance people for the time being.

Because except for the leader of the Creation Alliance, most of the other members are the old members of the Creation Divine Dynasty.

When these people assist their own gods in their struggle for hegemony, they are likely to expose their identities.

At this time, Ye Feng looked at Jinse in front of him and couldn't help but smile: "Okay, I agree for the time being."

"Master Ye agreed?"

Jinse immediately beamed with joy and said, "That's great!"

Ye Feng said: "But I won't go see your Holy Mother of Tianyin Pavilion for the time being. I'll wait until I have the opportunity in the future."

Ye Feng knows that the Madonna of Tianyin Pavilion is most likely an old member of the God of Creation Dynasty. She founded Tianyin Pavilion to be such a powerful force, and she must have the same surname of the king of the God of Creation who founded the Creation Alliance. ambition.

Therefore, Ye Feng can't tell whether he is an enemy or a friend at the moment, so it is better not to meet him. If his identity is seen through, he may be in extreme danger.

At this time, Jinse heard what Ye Feng said and couldn't help but hesitated: "Young Master Ye, really don't go to see our Lady? Our Lady, specifically for Young Master Ye, a peerless genius like you, sent a clone to Xue. state."

Ye Feng shook his head and said, "Let's meet again when we have the opportunity in the future."

After saying that, Ye Feng said no more, turned around and said, "Let's get in touch when I go to the capital of the gods."

After the words fell, Ye Feng said slowly: "Miss Jinse, please come back."

Seeing Ye Feng's determination, Jin Se didn't say anything more. Anyway, this time Ye Feng, a peerless genius, agreed to cooperate with their Tianyin Pavilion, and the basic purpose had been achieved.

"Then Mr. Ye, I'll leave first."

Jinse nodded at Ye Feng's back, and then her graceful figure moved and disappeared into the courtyard.

...

After Jin Se left the Qi Ren Mansion, he walked directly out of the Zhou Mansion.

Using a small teleportation array, Jinse returned to Tianyin Pavilion's branch in Xuezhou.

This is a huge underground pavilion, buried deep underground, made of

Made of vermilion sandalwood, ancient lamps were hung on the walls of the corridor, which seemed to be full of a hazy and noble luxury atmosphere.

Uh-huh!

At this time, Jinse walked into the underground pavilion and went directly to the bottom floor of the pavilion.

"Squeak."

She pushed open the door to the lowest floor attic.

In the slightly dim room at this time, a perfect and charming woman was standing in it.

She is wearing a white gauze dress, her long black hair is almost falling to the ground, her muscles are like gelatin, her aura is like orchid, her figure is beautiful, she has a fairy-like refined temperament, and she has a pair of watery eyes, with a There was a hint of coldness, and the divine light in his eyes flickered, as if he could see through everything in the world.

At this time, Jinse walked in. He didn't even dare to look at her. He knelt on the ground and said respectfully: "Greetings to the Holy Mother."

Our Lady of Tianyin Pavilion, this perfect woman turned around and saw Jin Se alone. Her voice was smooth and she said, "Then Emperor Ye doesn't want to come to see me with you?"

Jinse immediately said: "What Our Lady said is right. Although he agrees to cooperate with our Tianyin Pavilion, he is not willing to come to see you in person. My subordinates guess that Young Master Ye is afraid that Our Lady will be unfavorable to him. Please forgive me, Our Lady."

Our Lady of Tianyin Pavilion seemed to have expected it. She couldn't help but nodded slightly and said: "It doesn't matter. A young prodigy of this level is rare in the world. He has the right to disobey me once. I won't blame him. I will wait until Emperor Ye arrives." Shendu, you are responsible for contacting him and helping him fight for power in Shendu. This kind of ambitious person with peerless talent is worthy of our Tianyin Pavilion to invest in his future. He has a great influence on our Tianyin Pavilion. The good thing is that this person is a young dragon. Jinse, you can take good care of yourself. If you can subdue this young dragon under your pomegranate skirt, it will be of great benefit to Tianyin Pavilion and yourself. "

"Yes, Our Lady!"

"Go down."

"yes."

Jinse spoke respectfully, then walked out of the room and closed the door.

At this time, only the mysterious and powerful Our Lady of Tianyin Pavilion was left in the slightly dark room.

"Buzz..."

Suddenly at this moment, the storage ring on the jade finger of Our Lady of Tianyin Pavilion flashed.

A small humanoid sculpture appeared in her hands.

At this time, what shocked people to the extreme was the goddess-level Virgin Mary of Tianyin Pavilion, who was haunted by countless big figures in the spiritual world.

Even a noble being like the eldest prince of the Tongtian Divine Dynasty became a fanatical pursuer of the most amazing woman in the spiritual world.

At this time, her eyes were cold and lonely. When she saw the small human sculpture in her hand, her eyes suddenly became extremely soft.

Even as she caressed the human sculpture in her hand, a trace of tears appeared in her cold and deep beautiful eyes.

The Virgin of Tianyin Pavilion could not help but murmur to herself in the darkness, as if she was talking to the little sculpture in her hand: "Your Highness, your blood and bones have been taken away by Senior Nan for three thousand years, and you have not yet been successfully revived. eh... Zhi Xin has been waiting for you so hard... But don't worry, Your Highness, Zhi Xin has already founded the superpower Tianyin Pavilion for you, and will soon pave the way for you in the divine

capital of the Tongtian Divine Dynasty. When Zhi Xin finds you, I will hand over everything to Your Highness the Crown Prince, because everything about Zhi Xin belongs to Your Highness the Crown Prince, and Zhi Xin will always be the most loyal little maid under your command..."
