Chapter 1241 The much-anticipated battle

Buzz!

At this time, Ye Feng was confronting the Divine Arrow Marquis from afar, standing high in the sky in the Jieyin Hall, the divine capital area.

Previously, Ye Feng gave a severe lesson to the son of Marquis Shenjian on Shendu Street, and also killed the two elders Fengyun on the spot, making many people in this area of Shendu know this eighteen-state selection man. The first arrogant Emperor Ye.

And Marquis Shenjian was originally a powerful prince in the divine capital, so naturally countless people knew him.

"These two transcendent beings exude such strong fighting spirit and evil spirits. Are they going to have a super war?"

At this time, countless people in this area of the divine capital were attracted by the movement high in the sky.

"Everyone!"

Suddenly, at this time, Marquis Shenjian spoke to the countless people below: "This battle is about the death of the two elders Fengyun. I want to duel with Emperor Ye. If I win, Emperor Ye has promised to fight me." I went to the grave of Mr. Fengyun and kowtowed three times, and asked all of you to witness it."

"hiss!"

The moment Lord Shenjian finished speaking, countless people watching on the ground couldn't help but take a breath of air.

At this time, Ye Feng also spoke out in public: "I would like to add that if Lord Shenjian loses to me, he will become my servant for one year. This is what Lord Shenjian promised."

Wow!

The moment Ye Feng said these words, the entire field suddenly fell into a boil.

No one thought that these two transcendent beings would have such a shocking rivalry!

Needless to say, Marquis Shenjian is a big shot in the city of gods, a strong man in the realm of gods, and is in the third level of the realm of divine energy.

He actually wanted to fight against the number one genius in the Eighteen States. The news immediately spread throughout the entire Divine Capital.

In fact, the strong aura of Ye Feng and Shenjian Hou had instantly attracted the attention of many big shots and powerful forces in the city of God.

"Oh? That young man in white is the legendary figure Emperor Ye who was selected for the Eighteen States this time? It's indeed good. He dares to challenge a real powerful person in the God Realm in the Virtual God Realm. He has the courage."

In a white jade pavilion, a noble middle-aged man wearing a brocade gown looked up into the sky and said in surprise.

"Hmph, there are all ants in the realm of gods. Even if Emperor Ye is in the virtual god realm, no matter how terrifying his fighting power is, he can't defeat the gods against the gods. He can't compete with the Divine Arrow Marquis."

In another place, a big man in a fiery red robe spoke up, his tone seemed to be disdainful.

"Let me tell you, the same goes for this Shenjian Hou. As a strong person of the older generation, he is still the strongest person in the realm of gods. For two little people, to challenge a younger generation like Emperor Ye, even if he wins, he will still be defeated. Being called a bully."

Some people also said this out loud, obviously thinking that Marquis Shenjian was too unwise.

"Marquis Shenjian is just seeking revenge for his two subordinates? I don't think so. Although Marquis Shenjian is a hot-tempered person, he can't be so reckless. Maybe someone secretly bribed Marquis Shenjian to provoke Emperor Ye. , if Emperor Ye kneels down and kowtows three times, then Emperor Ye's martial arts heart will be completely broken, and he will be unable to make progress from now on!"

Some people also said this at this time, obviously thinking that this was a conspiracy against Emperor Ye.

After all, Emperor Ye's reputation is really too great now.

Many big shots felt threatened by this young man from a poor background and wanted to get rid of him or weaken his talent and future.

In any case, the battle between Ye Feng and Shenjian Hou completely attracted the attention of countless people in the entire city.

This is destined to be a battle that attracts much attention!

"Buzz!"

"Buzz!"

High in the sky, the terrifying momentum coming from the two people made the entire sky become a little dark.

A cold and chilling aura enveloped the entire high-altitude land.

The countless people watching below felt a cold and piercing killing intent.

Many people's eyes were shocked, but they were also full of excitement, because they had not encountered a strong person from the realm of gods for a long time.

Hands on.

As for Ye Feng, although everyone knows that he is in the Virtual God Realm, as the number one genius in the Eighteen States, many people believe that Ye Feng has the strength to compete with the strongest who have just entered the Divine Qi Realm!

At this moment, Ye Feng and Shenjian Hou were facing each other from a distance. Although the two of them had not yet made a move, the aura and murderous intent on their bodies had already condensed into an invisible force in the confrontation.

"Click, click..."

At this time, you can see that there are terrifying cracks on the ancient wall surfaces of the towering buildings at the bottom of the sky where the two of them are stepping.

Marquis Shenjian spoke up: "Although I am stronger than you in cultivation, I will not hold back. If you feel that you are about to be beaten to death by me, you can immediately beg for mercy and admit defeat, and I will stop immediately."

Ye Feng smiled slightly, without any fear, but said calmly: "Believe me, you will definitely be the loser in the end."

Although Ye Feng knew that under the spotlight, he could not use the soul master's methods or use some of the accompanying talents of the Divine Art of Creation.

Even the Sword of the Gods, the killing technique that Uncle Nan taught him, and the Heavenly Tribulation Sword cannot be used openly, lest they arouse the suspicion of some ancient strong men in the city of God.

But just with the power of his Cang Tian Hegemony, coupled with the ancient rune body refining techniques, and various martial arts inheritance, Ye Feng felt that it was enough to deal with this Divine Arrow Marquis.

"kill!"

Marquis Shenjian took action suddenly, and the powerful and terrifying momentum of the most powerful man in the realm of gods burst out in an instant, forming an infinite and vast wave of destruction in the sky, heading towards Ye Feng to cover it.

"Invincible Sword Domain!"

Ye Feng roared, and accompanied by bursts of "clang, clang, clang" metal vibrations, a sharp sword full of terrifying sharpness instantly appeared around Ye Feng. There were more than two hundred swords in total. The sword was all revealed.

"Gather!"

The next moment, Ye Feng shouted again and held his palm in the air.

"boom!"

In an instant, more than two hundred war swords were all combined together. Each sword was like a piece of metal fragments, all condensed and combined together, forming a super metal sword of more than two hundred meters.

"boom!"

Ye Feng suddenly grasped the super metal sword and slashed forward violently.

"Boom!!"

Even if he doesn't use the Sword of the Gods, Ye Feng has now devoured the ancestor of the Su family and his skill level has greatly increased. This ordinary sword is also terrifyingly powerful.

boom!

Along with a huge roar, the surging wave of destruction from the Divine Arrow Marquis was suddenly split in half by Ye Feng from the middle.

"Army-breaking Divine Fist!"

Lord Shenjian roared loudly, and punched out a bloody light path in the sky. In the bloody light path, countless visions of thousands of troops rushing on the battlefield appeared, possessing terrifying and majestic killing power. .

"The Ancient Dragon Elephant Collapses Palm!"

Ye Feng also blasted out with a palm, and the powerful hegemony force surged out from his body crazily, boiling endlessly. Under this palm, thousands of ancient dragon elephants appeared, and almost condensed into substance. , it really seemed like countless ancient behemoths appeared high in the sky, roaring and roaring in the sky, trampling and crushing everything crazily, full of unparalleled destructive power.

"Boom!"

The terrifying energy and fighting spirit collided instantly. A large area of divine light splashed across the sky, and the destructive light wave exploded, leaving countless people under the earth in awe.

Seeing the two figures full of divine light fighting each other fiercely in the sky, everyone felt the shock of the ancient gods fighting. It was like witnessing an epic battle scene with their own eyes, which made people feel horrified to the extreme. .

"boom!"

In the sky, Lord Divine Arrow was suddenly hit in the body

A palm-sized silver ancient city rushed out. The silver ancient city used the void as its land, and it immediately expanded into a real city as majestic and huge, full of endless pressure, and it suddenly pressed towards Ye Feng.

"The giant city that shakes the sky!"

Someone below exclaimed, obviously this is a very famous treasure.

boom!

At this time, the giant city that looked like it was made of pure silver tore through the sky in an instant. Like an evil beast, it was packed with huge power and slammed into Ye Feng.

"A huge city that shakes the sky? Then I will beat you until the world breaks apart!"

Ye Feng roared loudly, and his whole body glowed with divine light at this moment.

Facing the huge silver city that covered all directions, the only thing he could do was to use his body to shake the giant city and break all the constraints and pressure.

"boom!"

The purple hegemonic blood in his body was burning. Ye Feng punched out. The infinite hegemonic power filled his fist with unparalleled power, and suddenly struck the silver city that was about to press in front of him. .

"Boom!"

Like the sky falling, a huge, heart-stopping roar sounded, spreading in all directions. The terrible sound waves of the collision had extremely terrifying destructive power, shattering all the clouds in the sky. , the ground under the sky also cracked and shattered.

It has to be said that as a third-level divine being in the realm of divine energy, Marquis Shenjian's combat power and treasures are extremely terrifying.

But he met a little monster like Ye Feng.

"Come again!"

"Boom!"

Ye Feng's punch filled with infinite power hit the silver giant city again.

After this punch, there was a clear "click" sound in the sky.

Broken cracks appeared on the surface of the silver giant city that was hit by Ye Feng.

"What?!"

Everyone who saw this scene widened their eyes.

"How can it be!"

Even the Shenjian Hou not far away looked shocked.

"boom!"

Then, Ye Feng punched out again, and a corner of the silver giant city was completely shattered.

"Well!"

Marquis Shenjian stood in the distance, and a trace of blood immediately overflowed from the corner of his mouth.

That silver giant city is the natal soldier of Lord Shenjian, and is connected with his martial arts true body. If the silver giant city is damaged, he himself will also be injured.

"impossible!"

Marquis Shenjian looked horrified at this time and said: "My sky-shaking giant city is a second-grade pseudo-god-level treasure that surpasses immortal weapons! Emperor Ye, you smashed a piece of my sky-shaking giant city with your physical fist. This , how is this possible! I don't believe it!"

"Boom!"

But at this time, Ye Feng remained silent and waved his fist again. With a roar, more than half of the silver giant city was shattered by Ye Feng's fist.

"puff!"

The Shenjian Hou in the distance immediately spat out a mouthful of blood, his expression extremely ugly.

"Destroy a huge city with your bare hands?"

Countless people below saw this scene, and their eyes were extremely shocked.

At this time, somewhere in the city of God, in the mansion of the Jiang family, one of the eight super families.

Two people, an old man and a young man, were standing in a courtyard, watching the battle at high altitude.

At this time, the handsome young man Feng Shen suddenly said: "What a powerful body, I'm afraid it can be compared with my divine king body."

The old man next to him smiled slightly and said: "It doesn't matter, Emperor Ye's physique may have already reached its peak state, and Xuan'er, your Divine King's Physique has not yet reached its peak. When your Divine King's Physique is fully developed, you can defeat this Emperor Ye." Down."

The young man fell silent and said nothing more, but his eyes were full of arrogance. It was obvious that he did not pay attention to the white-clothed figure high in the sky at this time.

\u003c

br\u003e This young man is none other than the most prestigious Innate Divine King Body in the Divine Capital, the peerless genius of the Jiang family, and the leader of the younger generation in the Divine Capital, Jiang Beixuan!

Obviously, the battle between Ye Feng and Shenjian Hou shocked him, but it was only a slight shock.

The heritage of the Shendu super family is beyond the imagination of a country boy.

...

"boom!"

"boom!"

"boom!"

At this time, high in the sky, Ye Feng completely activated all the power of the initial hegemonic body.

He even released all the energy of the Jinshan runes and "sealing" characters cast in his body, which gave him a huge boost to his combat power.

The huge silver city has been taken back by Lord Shenjian and is in dilapidated condition.

The Shenjian Hou was also beaten back by the ferocious Ye Feng.

Seeing that Marquis Shenjian was about to be defeated.

"Buzz!"

But suddenly at this moment, Shenjianhou suddenly untied the big bow that was as black as ink on his back.

The bow was extremely huge. The bow string was made from the tendons of a dragon. The bow was engraved with densely packed ancient characters, which looked extremely mysterious.

At this moment, the moment the Divine Archer took out the big black bow, his whole aura suddenly changed. He became extremely sharp and sharp, as if he had become a sharp archer!

"That's... the clan-suppressing weapon of the Shenjian Hou Mansion: the God-killing Bow!"

Someone exclaimed.

"This is a real artifact! A true god-level forbidden treasure that surpasses the pseudo-god level!"

Some elders and strong men exclaimed.

Obviously, he did not expect that Marquis Shenjian would use this forbidden weapon after all.

"Marquis Shenjian! You are so shameless! You actually used the clan's divine weapon!"

At this moment, all the geniuses from Xuzhou roared angrily.

Even Ning Qingxue and Hongchen Fairy looked up and saw this scene with worried looks in their eyes.

Ye Feng stopped at this time and his eyes suddenly condensed.

The big black bow in the hand of Marquis Shenjian brought a deep sense of the shadow of death to him.

"This bow is called the 'God-killing Bow'. My ancestors used this bow to kill the ancient demon gods."

Marquis Shenjian spoke up. He stared at Ye Feng across from him, his eyes neither sad nor happy, and said: "Emperor Ye, if you admit defeat immediately, I will not use the God-killing Bow and spare your life."

Ye Feng's eyes were cold and he said: "I just want to see the power of the God-killing Bow."

Marquis Shenjian showed a hint of gloom in his eyes and said: "Young man, when you open the God-killing bow, you must see blood. You may be killed by an arrow! This God-killing bow is an unsealed artifact, and its power is earth-shattering!"

Ye Feng's eyes were bright and he shouted: "What nonsense are you talking about? If you want to come, just come!"

"Okay, then I will help you!"

Marquis Shenjian suddenly roared and suddenly opened the God-killing bow in his hand.

Buzz!

Almost at that moment, the entire world suddenly darkened, and countless vitality from all directions gathered on the bow in his hand, erupting into a black divine light.

Buzz!

As the Lord of Divine Arrow pulled the God-killing Bow to the full moon state, an arrow that looked like the most terrifying magic iron in the world appeared on the bowstring.

Faintly, there seemed to be countless roaring figures of demon gods flashing in the arrows, exuding infinite terrifying aura of destruction.

That kind of destructive aura was like a vast ocean, flooding the entire heaven and earth, making countless people in the divine capital feel an extremely palpitating feeling of death.

"too horrible....."

At this moment, countless people, even though they were far away, felt as if they had fallen into an ice cellar, and their whole bodies were shivering, as if their souls were about to be frozen and destroyed.

It's hard to imagine what kind of terrible pressure Ye Feng, who was facing the terrifying arrow from the God-killing Bow, was experiencing!

Chapter 1242 The future is bright

"boom!"

The Lord of Divine Arrow finally let go of the bow string in his hand, and a black arrow with boundless terror, carrying vast magic light, and filled with the aura of destruction that destroyed everything, shot towards Ye Feng on the opposite side in an instant!

At this moment, Marquis Shenjian's whole body's aura suddenly collapsed.

It can be seen that the expression on Marquis Shenjian's face has become extremely pale at this time, showing a sense of weakness.

Apparently using the power of the forbidden artifact, the God-killing Bow, to shoot that terrifying God-killing arrow, the Divine Arrow Marquis immediately exhausted all the strength he had left in his body.

"The Great Way of Fallen Demons in the Heavens!"

At this moment, Ye Feng roared in his heart, and he felt a huge life and death crisis.

He instantly unleashed one of his most powerful skills, the great inheritance "The Great Way of Fallen Demons from the Heavens"!

boom! ??

In an instant, three thousand fallen demon world shadows appeared around Ye Feng.

Then it was all melted into the punch he fired.

At this moment, Ye Feng's punch was a punch from the Overlord Body, and it was integrated with the terrifying power of the Demonic Way of All Heavens. It was full of indomitable super momentum and contained unparalleled terrifying power.

It's like breaking through all kinds of magic with one punch!

One force can defeat ten!

"Boom!!"

Ye Feng turned his fist into his most powerful weapon and attack, and bombarded it with the fast-shooting god-killing arrows. Suddenly, an earth-shattering roar sounded, and the entire sky and earth shook at this moment. Many fragile buildings collapsed, and the destructive light waves covered the entire sun and moon. The scene was extremely horrifying.

"do you died?"

At this moment, countless people's eyes were focused on the central area of the sky filled with destructive light waves.

"call....."

A gust of cold wind blew by, and the light waves and smoke in the sky dispersed.

A tall and tall young figure in white stood in the center of the collision. Except for a few broken skin on his fist, he had no injuries at all.

"What?!"

And everyone who saw this scene, including

The faces of everyone including Shenjian Hou showed a look of deep shock.

"The God-killing Bow only broke through one layer of his skin?"

Even a powerful prince like Shenjian Hou was dumbfounded at this moment.

He thought in his heart that if the God-killing Bow was released, it would seriously injure Ye Feng and teach this young man a harsh lesson.

But in the end, Ye Feng only had a layer of skin split open on his fist.

This is equivalent to being unscathed!

"How can this be!"

Marquis Shenjian's eyes widened and he fell into deep doubts about life.

At this moment, in the entire city of God, countless people watching showed expressions of extreme shock.

Many people have seen the power of the God-killing bow. There was a powerful ancestor in the Shenjian Hou Mansion who once fired the God-killing bow and shot a powerful alien demon.

Even though the cultivation of the Divine Arrow Marquis is not as powerful as that of his ancestors, the power of the arrow from the God-killing Bow can definitely instantly seriously injure a powerful person who has just entered the realm of gods!

But now, Ye Feng only had a layer of skin cracked on his fist, which was simply shocking to the extreme.

"This Emperor Ye, is he from our human race? Why is he so strong?"

"It must be our human race. Can't you feel the pure and incomparable human fighting spirit in him?"

"But his body is so terrifying, as if it was made of divine iron."

"This Emperor Ye has definitely awakened a very ancient and powerful physique. It may be the Supreme Physique, the Divine King Physique, or some other powerful physique from ancient times."

...

In the city of God, everyone is speculating.

After all, the powerful body Ye Feng showed in the sky just now resisted the attack of the God-killing Bow, which was really shocking to the extreme.

"Fortunately, they are relatively low-grade true god-level soldiers.

weapon, otherwise my current hegemonic body may not be able to resist..."

At this time, above the sky, Ye Feng murmured in a low voice.

But no matter what, the arrow from the God-killing Bow made Ye Feng understand the terrifying power of the Great Dao inheritance, as well as the terrifying sturdiness of his own domineering body.

Uh-huh!

Ye Feng moved his body and stepped directly in the sky to reach the exhausted Shenjian Hou.

Marquis Shenjian's eyes were extremely ugly at this moment. He never thought that he would be defeated, and he would be defeated so completely!

"I lost....."

At this moment, Marquis Shenjian's eyes were filled with a bitter smile and a look of despair.

Under the gaze of everyone, he, the powerful prince Shenjianhou, was defeated!

This war was started by him, Marquis Shenjian. .???.??

It's like shooting yourself in the foot and making everyone in Shendu watch a joke.

"This son has a bright future!"

At this time, among the numerous powerful forces in the divine capital, each and every one of the powerful men stared at the unparalleled young man in white high in the sky, with deep amazement in their eyes.

At this time, it is high in the sky.

Ye Feng stood in front of Marquis Shenjian, with calm eyes, and said: "Become my servant for one year. I think the Marquis has not forgotten this agreement, right?"

Marquis Shenjian had a wry smile on his face at this time, and said: "I will do what I say. From this moment on, within one year, I will be the servant of Mr. Ye Di, waiting for your orders."

Ye Feng's eyes were very satisfied and he said: "Then give me your God-killing Bow."

"What?"

Marquis Shenjian's eyes were startled.

Unexpectedly, Ye Feng suddenly opened his mouth like a lion.

You know, this God-killing bow is the most precious treasure of the Shenjian Hou Mansion.

Ye Feng stared at the uncertain face of Lord Shenjian, his eyes suddenly revealed a cold and piercing killing intent, and said: "Are you hesitating?"

\u003c

br\u003e It seems that he felt the undisguised and terrifying murderous intention on Ye Feng. Shenjian Hourao, who is a strong person in the third level of the divine energy realm, also felt chills all over his body at this moment.

He immediately raised the God-killing bow and handed it to Ye Feng, saying: "This bow, from now on, belongs to you, Mr. Ye Di."

Ye Feng took the God-killing Bow directly, and immediately felt the terrifying and majestic power contained in this bow. It was like there was an ancient demon god hidden in the bow, giving people a feeling of dark fear.

Marquis Shenjian said: "This bow was made by an ancestor in my palace. It was made from the bones of a dead demon god in the Black Sky Demon Realm. It has extremely terrifying power. It is a bow that has surpassed the pseudo-god level." The true god-level treasure is ranked among the first-class true god-level soldiers. Although it is the lowest level, it is true god-level after all. You must know that even pseudo-god-level treasures are very rare in our spiritual world, let alone It's a true god level, even if it's only a first-grade true god level, it's definitely a treasure."

Ye Feng looked at the God-killing Bow in his hand, smiled and said: "Yes, it seems to be a very powerful weapon, so I will accept it. Next, Lord Divine Arrow, you go back to clean up, just follow me, follow Let's make great achievements together in this divine city."

Although Shenjian Hou was very unwilling in his heart, he could not violate the agreement he made with Ye Feng under the witness of countless people in the entire city.

"good."

At this time, Marquis Shenjian could only nod helplessly, and walked towards the distance with some dejection.

"This time, Marquis Shenjian lost both his wife and his troops. He also lost his God-killing bow, and he has to become a young man's servant for one year."

"Today is really an eye-opener for me. After this battle, I'm afraid the name of Emperor Ye will be completely resounding throughout the entire God's Capital!"

"Yes, this Emperor Ye is really a little monster. He is too powerful and has a perverted body that looks like it was made of divine iron!"

At this moment, everyone couldn't help but speak out, their voices full of surprise.

It is conceivable that after this battle, Emperor Ye will be awed by countless people.

To become famous, one battle is enough!

Chapter 1243 Camp

Uh-huh!

Ye Feng ducked down from high in the sky.

At this time, everyone in the streets and alleys were staring at Ye Feng with deep awe and excitement.

Today they witnessed the rise of a legend.

"Senior Brother Ye is really awesome!"

"Yes, I defeated that Divine Arrow Lord! I also snatched away his clan's most precious god-killing bow. Hahaha, it's so relieved!"

"Now let me see who in this divine capital dares to look down on us small state warriors!"

At this moment, the geniuses of Snow State, and even some geniuses from other eighteen states who came to the divine capital during this period, all had very excited eyes.

After other prodigies from the Eighteen States came to the Divine Capital, they were provoked and made trouble by many of the big forces in the Divine Capital. ??

But today, the battle between Ye Feng and Shenjian Hou was truly earth-shattering, and everyone felt a sense of shock.

At this time, everyone living in the divine capital knew that not only were there talented people in their core divine capital, but also in the eighteen states on the outskirts of the divine capital, there were peerless evildoers that they could not afford to offend!

...

Time passes quietly through your fingers like quicksand.

In the blink of an eye, half a month has passed since the last shocking battle in the sky above the divine capital.

In the welcoming hall where Ye Feng and a group of Xuzhou geniuses temporarily lived, the guardian Jin Senior who had previously led them from Xuzhou to the divine capital finally appeared again.

Senior Jin summoned everyone in the reception hall and announced that today the upper echelons of the imperial court would summon all the top geniuses who had won the selection in the eighteen states in the palace in the center of the divine capital.

This news made the entire reception hall immediately boil.

These geniuses from Selangor have always regarded the imperial palace of the Tongtian Divine Dynasty as the most sacred place.

Because it represents the glory of the entire Tongtian Divine Dynasty, and is where the most powerful and noble beings in the Divine Dynasty live.

Especially the only belief in the hearts of countless people, His Majesty the Tongtian Divine Emperor who stands at the pinnacle of the human race, is in the imperial palace.

leaf

Feng was standing in the crowd at this time. Although his face looked extremely calm, in fact, his heart was already boiling.

After so many years, are you finally going to see Gu Tongtian, an old man who betrayed the Divine Dynasty of Creation?

However, although Ye Feng was boiling inside, he still had the calmness and rationality he should have.

In the past half month, Ye Feng spent a lot of money to buy a set of camouflage techniques to hide his true power from some large chambers of commerce in the capital city.

Ye Feng has practiced all these secret techniques, and relied on the monster understanding given to him by the soul gem in his mind to integrate all the hidden secret techniques into one furnace.

Because when Ye Feng was in the Infinite Fire Realm, Uncle Lin, the God of Fire, could see through the aura of the God of Creation in his body at a glance.

And Gu Tongtian, an old man who was the prime minister of the Divine Creation Dynasty back then, must be more sensitive to the aura of the Divine Creation Secret.

Therefore, Ye Feng was very careful and careful, and prepared for half a month.

Ye Feng believed that with his careful preparations, even if he stood in front of Gu Tongtian, this old man would never be able to see through the energy of his divine creation.

After all, Ye Feng is much more powerful now than when he was in the Infinite Fire Domain.

Moreover, Ye Feng has carefully practiced many concealment techniques in the past half month, so there should be no problem.

"Let's go."

Senior Jin suddenly spoke out at this time.

After the words fell, he led the team directly towards the outside of the reception hall.

And all the geniuses from Xuzhou, including Ye Feng, followed him one after another.

As for the Red Dust Fairy and the Divine Arrow Marquis who followed Ye Feng, they were also following Ye Feng at the moment.

After the group walked out of the reception hall, they walked directly towards the center of the divine capital.

There is the most prosperous place in the entire God City, and it is also the holy place in the hearts of countless people in the entire God City.

That is the core of the entire nineteen states of the human race in the spiritual world.

, is also the core of the entire Tongtian Divine Dynasty, and is the center of the imperial palace!

On the way, Senior Jin warned the group of Xuzhou geniuses behind him: "When you get to the palace and enter the main hall of the court, you must keep quiet, don't talk nonsense, and don't talk about anything related to the royal family. Do you understand?"

"Yes, Senior Jin!"

All the geniuses from Selangor clasped their fists respectfully and shouted.

At this time, Senior Jin's eyes fell on Ye Feng in the crowd, and his majestic eyes softened, even with a trace of gentle smile.

Because Ye Feng is really special.

Senior Jin looked at Ye Feng and said with a smile: "Emperor Ye, you are the number one genius in the selection of the Eighteen States, and the battle between you and Shenjian Hou not long ago made your name resounding again. The whole city of God."

Having said this, Senior Jin glanced at the servant-like Shenjian Hou who was following Ye Feng. Even Senior Jin's eyes showed a hint of wonder.

Because even he is not sure of defeating Shenjian Hou.

But Ye Feng did it.

So at this time, Senior Jin did not have any so-called senior airs towards Ye Feng, but talked on an equal footing, even with a hint of flattery in his tone.

You know, Ye Feng is so young and has such a strong combat power. He must be the future star of the human race.

No one can imagine Ye Feng's achievements in the future. He will definitely rise step by step in the divine capital and eventually become a famous super figure.

And during this period of time, many people even compared Ye Feng to some of the taboo geniuses among the super powerful forces in Shendu.

For example, among the eight super families, Jiang Beixuan, the 'God King Body' of the Jiang family, Lin Qing, the 'Ancient War Body' of the Lin family, Zhang Taiyi, the 'Supreme Sword Body' of the Zhang family, and so on.

These are the taboo-level geniuses who have surpassed the top geniuses in the city of God, and represent the most amazing and talented beings among the human race in the spiritual world.

But now, Emperor Ye is already in the minds of everyone, comparable to the taboo-level geniuses in these super families.

\u003c

br\u003e At this time, when Senior Jin thought of this, he secretly exclaimed in his heart, and then continued to say to Ye Feng: "In any case, Emperor Ye, you are now a favorite in the eyes of countless people in the entire God City. When the time comes, you will be summoned by the imperial court in the palace hall. , there will definitely be countless forces, and even princes and princesses will rush to recruit you. Emperor Ye, you'd better think about what to do now and who to join. You must consider this carefully, because once you choose a camp , from now on, other camps outside this camp will regard you as a thorn in their side."

Ye Feng nodded slightly and said: "I understand everything that Senior Jin said, but I have already thought about this. I should join the camp of a prince from the divine dynasty."

Senior Jin was not surprised, but nodded and said: "This is a wise choice. His Majesty the God Emperor has been away from God's capital for several years now, and has been fighting against dark alien races outside the territory. Perhaps it is only His Majesty the God Emperor's wish to summon you this time. A clone, so now in the city of God, a group of princes are very ambitious and want to do something big and make His Majesty the God Emperor take notice. When His Majesty the God Emperor returns in real form, they can canonize the future Crown Prince and inherit the throne. The entire Tongtian Divine Dynasty, so Emperor Ye, I remind you, you must join the most powerful prince camp."

Ye Feng looked at Senior Jin and couldn't help but ask: "Senior Jin, although my plan is to join a prince camp, I am not sure which one I will join. I wonder if Senior Jin can give me some advice?"

Senior Jin was silent for a moment, and then said: "Actually, the best choice is the most powerful First Prince, but there are many talented people under the First Prince, and even many taboo-level geniuses from super wealthy families are related to the First Prince. Emperor Ye, although you are very famous, you may not be taken seriously if you join the First Prince."

Ye Feng nodded slightly and said, "What do you mean, Senior Jin?"

Senior Jin said: "I suggest you choose the third prince. The third prince is not the most powerful. He has always been kind to people. Moreover, the third prince now lacks strong allies. If you, Emperor Ye, join the third prince's camp, you will definitely Get the great attention of His Highness the Third Prince, and the Third Prince will give you countless rights."

When Ye Feng heard this, his eyes flashed slightly and he said: "Okay, I understand, I will consider it."

Chapter 1244 Divine Iron Rune

Ye Feng and his party moved very quickly and arrived outside the palace hall in a blink of an eye.

Everyone immediately saw a large area of towering city walls appearing in front of them.

The huge and majestic city walls were all poured with molten iron, glowing with a cold metallic luster under the sunlight.

Moreover, ancient characters were engraved on the wall. The ancient characters were the word "iron" and were carved on the city wall, making the entire wall as strong as divine iron.

Ye Feng seemed to sense something and suddenly stared at the ancient city wall.

Buzz!

He immediately saw that the ancient "iron" characters carved on the city wall turned into ancient runes in his eyes, exuding the power of solid and cold runes, seemingly indestructible.

At this time, Senior Jin suddenly looked at Ye Feng and said with a smile: "Ye Emperor, before you fought with Shenjian Hou, I saw you using the power of runes. You should have practiced the Zhenzhou inheritance of Xuezhou's Ancient Rune Body Refining It's a magic trick, no wonder your body is so strong."

Ye Feng glanced at Senior Jin in surprise and said with a smile: "Senior Jin also knows the ancient rune body refining technique?"

"Of course I know."

Senior Jin said: "When I was young, when I was training on the land of the human race, I met a friend who came from Snow State. He also practiced the ancient rune body refining technique. By then, his every move was explosive. The ancient power of the many ancient runes is really amazing."

Speaking of this, Senior Jin also looked at the ancient city wall and said: "The ancient 'iron' font carved on the wall of the palace is an ancient rune that represents indestructibility. The ancient runes known as the 'Sacred Iron Runes', Emperor Ye, if you are interested, we can wait for you. You stand in front of this city wall now to meditate. I believe that with your evil talent, you should be able to extract it. Find out the secret of the divine iron runes on this wall."

When Ye Feng heard what Senior Jin said, his eyes suddenly lit up and he said, "This is the wall of the palace. Can I extract it at will?"

Senior Jin laughed and said: "Others may not be able to do it, but you absolutely can. You are now in the eyes of countless powerful forces and figures in the palace. Your status is special and you have privileges. Just from the city wall Extracting an ancient rune is just a small matter, no one will be bored to stop you."

"Okay, then everyone just wait for me for a while."

Ye Feng nodded and spoke to the people around him.

"Senior Brother Ye, please extract it, we are willing to wait for you."

"Yes, yes, this is a good opportunity to improve your strength. Senior Brother Ye, you can't miss it."

At this time, all the geniuses of Xuzhou spoke out one after another.

These geniuses from Selangor naturally support Ye Feng very much.

After all, Ye Feng is now their backbone.

It is also the pride of Selangor.

The stronger Ye Feng becomes, the status of the people from Xuezhou in the divine capital will naturally increase.

Ning Qingxue, the third young lady of Snow State, was also slightly startled. She did not expect that Ye Feng would practice their top inheritance in Snow State.

At this time, Ning Qingxue suddenly discovered that Ye Feng's cultivation could only be described as erudition. He had too many inheritances in cultivation.

At this moment, Ye Feng walked to the huge wall.

Pieces of divine light shone in his eyes, which was the activation of the Divine Eye of Creation.

At this time, Ye Feng's vision suddenly became extremely powerful, able to detect all illusions and accurately capture the mystery of the operation of the divine iron runes on the wall.

At this moment, Ye Feng also began to run the ancient rune body refining technique in his body, trying to extract one of the divine iron runes on the wall and integrate it into his body.

Ye Feng's eyes were excited. He didn't expect to encounter such a good thing when he came to the palace.

It seems that the palace of the Tongtian Dynasty is full of treasures.

"What are those people doing?"

Suddenly at this moment, another group of people walked up not far away.

They saw a group of Xuzhou geniuses standing in front of the city wall and not leaving, their eyes showing curiosity.

All of these people were wearing brocade clothes and looked very noble. It was obvious that they were all extraordinary.

The leader at this time was a young man wearing a white gown.

He has a face like a crown jewel, is handsome and handsome, has deep eyes, and holds a folding fan in his hand. He looks very noble and has an extraordinary status.

This person's name is Shen Buhui, he is a spiritual talisman master and a right-hand man under the eldest prince Gu Lingxiao.

When he saw Ye Feng trying to extract the divine iron runes on the city wall, he immediately smiled inexplicably and said, "What a fool."

"What did you say?"

A group of Xuzhou geniuses suddenly turned their heads and stared at Shen Buhui, their eyes immediately turned cold.

This person who arrived suddenly dared to call Senior Brother Ye a fool?

Who gave him the courage?

At this time, one of Shen Buhui's subordinates behind him stared at a group of Xuzhou geniuses and said with a sneer: "You seem to be country bumpkins who came from some remote small state. Open your eyes wide and take a look. This one is Shen Buhui."

Lord Hui is a confidant under the command of His Royal Highness, the most powerful prince in the divine dynasty today, and Lord Shen Buhui is also a spiritual talisman master. Is there anyone who knows ancient runes better than a distinguished spiritual talisman master? So if my adults say that kid is a fool, then he is a fool! "

"Shen Bugui?"

"Spirit Master?"

"His Royal Highness the First Prince's confidant?"

At this time, when a group of Xuzhou geniuses heard this, their eyes showed a trace of fear.

Whether he has such a noble status as a spiritual talisman master or is a confidant of His Highness the First Prince, it is shocking.

At this time, Senior Jin looked at Shen Buhui and said with a smile: "Shen Buhui, although you are a spiritual talisman master, don't forget that the one standing in front of the city wall to extract the divine iron runes is Ye Ye. emperor."

"Emperor Ye?"

"That young man in white is Emperor Ye?"

At this moment, the expression of Shen Buhui's subordinate who was so proud just now suddenly changed.

At this time, Shen Buhui's eyes flashed slightly and he stared at Ye Feng.

"It turns out he is Emperor Ye..."

Now the name of Emperor Ye has resounded throughout the entire divine capital.

Although he came from a weak Selangor state, Emperor Ye relied on one person to raise the reputation of Selangor state to the top level among the eighteen states!

This is something everyone admires.

It seemed that he saw a group of subordinates looking at Ye Feng with awe in their eyes.

This made Shen Buhui very unhappy. He sneered suddenly and said: "Does being strong in martial arts mean that you know everything? This is not necessarily the case! The divine iron runes on the city wall were all smelted by an ancient great rune master. After entering, even I, a senior spiritual talisman master, cannot extract the divine iron runes. Emperor Ye wants to extract the divine iron runes in a short time? Stop dreaming! Go to the palace hall as soon as possible, don't delay the court. It's time to summon the geniuses of the Eighteen States."

With that said, Shen Bugui sneered disdainfully and prepared to leave with a group of his men, heading towards the palace hall.

"Buzz!"

But just when Shen Buhui took one foot out, a strong energy wave suddenly came from the city wall not far away.

"That is....."

Everyone was immediately horrified to see it.

On the surface of the wall where Ye Feng was standing, a small divine iron rune shone with a cold metallic luster. It suddenly jumped out of the wall like an elf, and then ran to Ye Feng's palm. , was absorbed by Ye Feng.

"What?!"

"How can it be!"

Shen Buhui, who had originally sneered with disdain, suddenly turned extremely ugly.

"sharp!"

Senior Jin sincerely praised him at this moment.

At this time, Ye Feng turned to look at Shen Buhui who was not far away, smiled inexplicably and said: "A fool can't do it, but it doesn't mean that a genius can't do it."

"you.....!"

When Shen Buhui heard this, his face suddenly became extremely gloomy, "You dare to call me a fool?"

Ye Feng glanced at Shen Buhui and said, "What? You want to fight with me?"

Buzz!

At this moment, Ye Feng was speaking, and a boundless and piercing killing intent was suddenly released from his body, rushing towards Shen Buhui like the tide of heaven and earth.

"What a terrible murderous intention!"

Shen Buhui's expression changed. Even though he was a powerful person like His Highness the First Prince, he was unable to resist at this moment and took a dozen steps back in an instant.

Thinking of the terrifying combat power of Emperor Ye in front of him, Shen Buhui didn't dare to take action at all.

This is the number one young prodigy in the Eighteen States who can even be beaten by Shenjian Hou!

In the capital of the gods, apart from the elders and powerful men in the realm of gods, only the young prodigies at the taboo level among the super rich clans can compete with them.

Shen Buhui's face was extremely gloomy, he stared at Ye Feng, his tone was inexplicably threatening and cold, and he said: "This is the capital of God, with countless great forces and countless strong men. Emperor Ye, as an outsider, you "If you are so arrogant, you will regret it one day."

Ye Feng smiled and shook his head and said: "Don't say such nonsense, I don't want to threaten you. If I say you are an idiot, then you are an idiot! If you have the guts, come and kill me. If you don't have the guts, don't block the way!" "

boom!

Ye Feng shouted loudly, and a powerful martial arts aura surged out of his body. The violent power instantly blew all the people in front of Shen Buhui to both sides.

Then Ye Feng led a group of Xuzhou geniuses directly into the palace.

"hateful!"

At this time, Shen Buhui got up from the ground in a somewhat embarrassed manner, staring at the back of Ye Feng who was retreating, full of gloom and ruthless murderous intent.

"Sir, this Emperor Ye is not something we can provoke."

At this time, one of his subordinates said in horror.

Shen Buhui's eyes were filled with a cruel smile, and he said: "He won't be able to dance for many days. No matter which camp he joins today, countless other camps will immediately treat Ye Emperor as a thorn in their side if they don't get this Ye Emperor." The thorn in the flesh will never

let Emperor Ye, a peerless evildoer, grow up. He will definitely kill Emperor Ye secretly. We can just wait and see the good show."

Chapter 1245 The clone of the God Emperor arrives

Although Shen Buhui felt extremely gloomy at this time, he was full of hatred for Ye Feng.

But after all, he did not dare to rely on his own strength to confront Ye Feng.

Because Shen Buhui knew very well that Ye Feng's reputation in the entire divine city was at its peak, and he was not someone he could offend.

"snort!"

After snorting coldly, Shen Buhui led a group of men and walked towards the central palace hall.

When they arrived at the palace hall, there were already many people in the entire court hall.

At this time, Shen Buhui immediately saw the figure of the eldest prince Gu Lingxiao.

His eyes immediately lit up with joy, and he quickly stepped forward and said respectfully: "His Royal Highness."

Gu Lingxiao is the eldest prince of the Tongtian Divine Dynasty. He wears a nine-headed python robe and exudes a terrifying aura of vastness.

Obviously, this eldest prince not only has great power, but he is also a terrifyingly powerful being.

He saw Shen Bugui at this time and said, "What's wrong? Is there anything you want to report to me?"

Shen Buhui even nodded and told the eldest prince Gu Lingxiao everything he had encountered at the gate of the city wall.

"Your Highness, the eldest prince, you have to make the decision for me. I think we should wait..."

Snapped!

Suddenly, the eldest prince Gu Lingxiao slapped Shen Buhui to the ground.

"His Royal Highness the First Prince?"

Before Shen Buhui finished speaking, he was suddenly slapped to the ground. His face immediately showed confusion, and he didn't know what was going on.

At this time, the eldest prince Gu Lingxiao's face was full of gloom, and he said: "You know that person is Emperor Ye, but you still dare to provoke him? Do you know that if Emperor Ye later knows that you are my subordinate? , he will definitely be hostile to this prince, and will never enter my camp again. Do you know that I was too lazy to come to such a scene where the geniuses from the Eighteen States were summoned for selection? It was to recruit the peerless genius Ye Di! But now, it's you who screwed it up!"

"What?"

Shen Buhui heard the eldest prince Gu Lingxiao's scolding and was completely confused.

Then a deep regret arose in his heart.

He regretted, regretted taking the initiative to provoke Ye Feng!

"Snapped!"

The eldest prince Gu Lingxiao

He slapped Shen Buhui, a weak Talisman Master, until he spurted out a mouthful of blood and fainted completely.

"waste!"

Gu Lingxiao's eyes were filled with ferocity. He looked at a silver-armored guard beside him and said, "Take this Shen Buhui back and tell him to get out of my camp from now on!"

"Yes, His Highness the First Prince!"

The tall silver-armored guard immediately spoke out, then grabbed one of Shen Buhui's legs and dragged him away.

...

Ye Feng naturally didn't know about Shen Buhui's tragic experience.

He didn't care at all about idiots like Shen Buhui.

At this time, Ye Feng was standing in the southwest area of the palace hall, standing with all the geniuses in Xuezhou.

At this time, the entire palace hall was very lively, with hundreds of people standing in it.

However, most people remained silent and did not dare to speak loudly.

At this moment, Ye Feng saw that somewhere not far away, he found several familiar people.

There was Ye Shenyue, the eldest lady from Qingzhou. What surprised Ye Feng was that the leader of the Qingzhou Tianjiao team was Leng Qingqiu, the master of Qingzhou Palace.

Seemingly noticing Ye Feng's gaze, in that area, the master and apprentice duo Leng Qingqiu and Ye Shenyue, two beautiful women with different temperaments, unexpectedly looked in Ye Feng's direction.

Ye Feng smiled slightly at the two women as a greeting, and then withdrew his gaze.

Because at this moment, Ye Feng instantly felt that an extremely terrifying aura was coming.

"boom!"

And sure enough, at this moment, a sky-reaching beam of light instantly poured down from the sky above the palace hall, directly bombarding the golden dragon chair at the top of the palace hall.

Immediately on the dragon chair, a figure bathed in divine light appeared. His facial features and true appearance could not be seen clearly, but his body was majestic and tall, giving people an unparalleled sense of majesty and suffocation.

"See His Majesty the God Emperor!"

"See His Majesty the God Emperor!"

"..."

Almost at this moment, everyone in the entire palace hall bowed their hands and paid homage.

Ye Feng also held his hands in the direction of the tall dragon chair.

He lowered his head, but his eyes were burning with endless flames of hatred and revenge.

Although the divine figure on the dragon chair is not Gu Tongtian's true body, it is just a clone guarding the divine capital.

But Ye Feng felt a very strong sense of familiarity.

He will never forget that three thousand years ago, in this palace hall, he watched Gu Tongtian crush his entire body to pieces, and all his flesh and bones were broken into a pool of blood mist.

Ye Feng could never forget the horrific pain, nor could he forget the cold, ruthless and ambitious eyes of Gu Tongtian, an old man.

But Ye Feng knows very well how terrifying Gu Tongtian is now.

Even if it was just a clone of Gu Tongtian, it made Ye Feng feel an extremely suffocating feeling.

It's like facing the King of Gods!

"Today's Gu Tongtian incarnation, I am afraid that the cultivation level has surpassed that of my father back then."

Ye Feng's heart sank slightly.

At this time, Ye Feng suddenly became extremely anxious.

He needs to quickly rescue his father in the divine capital.

Otherwise, when Gu Tongtian returns to the divine capital from outside the territory, I may never have the chance to move under the nose of Gu Tongtian again.

"At worst, I'll save my father first, and then leave the divine capital to see if I can go to the perfect world of the second universe to find more abundant cultivation resources. After I succeed in cultivation, I will return to the first universe to ask for the life of an old man like Gu Tongtian. "

Ye Feng thought quickly in his mind.

"Everyone loves you."

At this time, the Emperor Tongtian, who was bathing in holy light and resembling the king of gods, spoke out. His voice was loud and vast, giving people the feeling that it was coming from the depths of the universe.

Countless people were afraid to express their anger when facing this Tongtian God Emperor who had reached the ultimate level of martial arts.

God Emperor Tongtian continued to speak: "I came today just to take a look at the newly emerged martial arts wizards in the nineteen states of my human race. Well, they are very good and they all have potential. I will give you a reward.

After you refine these sources of divine power, you will definitely improve your cultivation. In the future, you will serve my Tongtian Divine Dynasty, expand our territory, and make achievements. "

Buzz!

At this time, Gu Tongtian's clone said, and with a wave of his hand, a large area of majestic and pure divine power suddenly enveloped all the geniuses of the Eighteen States present.

"I feel like my whole body has transformed!"

"Such majestic and powerful energy, my cultivation level is about to reach a breakthrough!"

"..."

At this moment, all the geniuses from the Eighteen States could not help but exclaim, their eyes full of joy.

Buzz!

At this time, the figure of Emperor Tongtian had disappeared on the dragon chair.

"Congratulations to His Majesty the God Emperor!"

Everyone in the hall spoke respectfully.

Obviously, Gu Tongtian's clone came just for a formality.

This time when everyone came to the palace hall, the most important thing was to choose the camp they would develop in the divine capital in the future.

At this time, Ye Feng, who was standing in the crowd, breathed a sigh of relief.

He clearly felt it just now, a kind of boundless terror, like a supreme and majestic spiritual thought, sweeping everyone in the audience.

However, Gu Tongtian's clone did not notice anything unusual about Ye Feng.

"It seems that these half-month preparations are still very effective."

Ye Feng murmured in his heart, and then looked at the divine light that shrouded his whole body.

It was the energy of the divine power of a god emperor, although each genius only received one source of divine power, which was as small as a hair.

But this is the source of power gifted by the Supreme God Emperor, and it is absolutely a priceless treasure.

Swish, swish, swish!

At this time, the geniuses of the Eighteen States even sat down cross-legged on the spot, and began to integrate the original energy of divine power that had been rewarded by the Emperor Tongtian.

And Ye Feng also sat down on the spot and began to run the Divine Art of Creation.

"This time, the divine iron runes are integrated into the body through the ancient rune body refining technique, and coupled with the divine energy of the divine emperor wielded by Gu Tongtian, perhaps my heavenly hegemonic body can transform again!"

Chapter 1246 Taking advantage of each other

"Buzz!"

At this moment, hundreds of the top geniuses from the Eighteen States were sitting cross-legged in the palace hall, practicing.

Ye Feng is naturally no exception. He is currently rapidly refining a piece of energy that is the source of the divine power of the God Emperor, as well as a divine iron rune extracted from the palace wall before, and integrating it into his body.

Soon, with the bursts of powerful auras, all the young geniuses opened their eyes and stood up one after another.

Obviously, their cultivation strength has achieved great breakthroughs.

At this moment, Ye Feng's whole body shook violently, and he immediately felt that his entire body, the purple blood in his blood vessels, as well as his bones and flesh, had undergone a completely new transformation.

Buzz!

A terrifying momentum, like an ancient beast, suddenly emanated from Ye Feng's body.

This is not the momentum of a breakthrough in cultivation, but the terrifying life fluctuations after the body's constitution has been sublimated.

That's right!

At this moment, Ye Feng's body underwent the process of melting the source of divine power and a divine iron rune, and successfully transformed his physique from the early stage of Heaven's Hegemony to the middle stage of Heaven's Hegemony!

Ye Feng stood up with extremely bright eyes. When he came to the palace this time, he originally thought it was just a boring summoning process, but he didn't expect such an unexpected surprise.

The Heavenly Tyrant Body transformed into the eighth stage of the Divine Art of Creation is very terrifying and is an extremely powerful ancient physique.

From the early stage of transformation to the middle stage, even if it is only a small level, it means that the power of Ye Feng's body has once again been greatly improved at this time.

Ye Feng clenched his fists, feeling the endless strength in his body, and his eyes suddenly showed deep excitement.

"Master Ye Di?"

At this time, a man's voice suddenly sounded in Ye Feng's ears.

Ye Feng looked to the side and immediately saw a young man wearing a nine-headed python robe, looking at him with a slight smile on his face.

Although the young man had a smile on his face, Ye Feng's soul was powerful and his perception was terrifying. It could be seen that this young man was not actually kind, but he was just acting so kind at this time.

Ye Feng was a little confused and said: "I am Emperor Ye, who is your Excellency?"

"This is His Highness the First Prince."

A silver-armored guard standing behind the young man spoke up.

"His Royal Highness the First Prince?"

Ye Feng was surprised. He didn't expect that the high-ranking eldest prince of the Tongtian Divine Dynasty would actually come to him.

At this time, Ye Feng immediately raised his hand and said with a smile: "It turns out to be His Royal Highness the First Prince. I just met with His Highness the First Prince, a person named Shen Bugui who works under your command."

When the eldest prince Gu Lingxiao heard this, his eyes immediately showed an ugly look, but then he smiled and said: "Don't worry, Mr. Ye Di, I have already dealt with Shen Buhui and kicked him out of my house." camp."

Ye Feng looked surprised and said: "Shen Buhui is a high-level spiritual talisman master, very powerful. I heard that he is also a confidant under the eldest prince, so he kicked him out like this?"

Gu Lingxiao smiled and said: "It's just a little person. If he offends Mr. Ye Di, I will naturally kick him out."

\u003c

br\u003e It must be said that Gu Lingxiao, the eldest prince, is a very decisive and ruthless person.

In order to gain Ye Feng's favor, he directly kicked out Shen Buhui, his confidant.

If you are an ordinary person, you will definitely be extremely moved at this time.

But Ye Feng narrowed his eyes, sensing the cruelty and ruthlessness of the eldest prince in front of him.

In order to get another person of greater value, he casually abandoned his confidants.

This did not move Ye Feng at all, but made Ye Feng feel deeply cold and biting.

However, Ye Feng came to the Divine Capital not to assist anyone, but to use a certain powerful force so that he could secretly explore the news about his father in the Divine Capital and establish his own power to fight against Gu Tongtian.

So Ye Feng didn't care at this time, so he just went along with the flow, pretended to cry with gratitude, and said: "His Royal Highness the eldest prince has been so kind to me, I have decided that I will join his camp and work for him. His Royal Highness the Great Prince serves."

Anyway, Ye Feng knew that he and the eldest prince were just using each other, so Ye Feng was too lazy to worry about it now. Joining the eldest prince, the most powerful prince in the divine dynasty, would still be of great benefit to him.

"What? Young Master Ye Di really wants to join this prince's camp directly?"

At this time, the eldest prince Gu Lingxiao's eyes were suddenly startled.

Then there was deep joy!

It seems that this time I came to the palace in person, it was a very wise choice.

Ye Feng is now the star of the entire Divine Capital, and he is a peerless genius. His battle with the Divine Arrow Marquis shocked the entire Divine Capital.

Although the eldest prince Gu Lingxiao is unparalleled in power in the city of gods, he still has various strong opponents, such as the third prince Gu Ming who is usually quiet but has huge ambitions, and the god above the sky behind him. The sixth princess Gu Youruo supported by the Yi family, as well as other princes and princesses who were quietly accumulating strength.

After all, everyone wants to sit on the throne of the Tongtian Divine Dynasty.

These descendants of Gu Tongtian all have huge ambitions.

Now that the eldest prince Gu Lingxiao got Ye Feng's consent, he immediately laughed and said: "I have you, Emperor Ye, and you are even more powerful! Who else in this world can stop us! Hahaha!"

Gu Lingxiao was so domineering at this time that he burst out laughing on the spot without any cover-up.

The words of the eldest prince Gu Lingxiao immediately attracted the attention of countless people present.

Swish, swish, swish!

In an instant, countless shocked gazes were all focused on the eldest prince Gu Lingxiao and Ye Feng, who were standing in the middle.

"What? His Highness the First Prince, who has always been invisible to the dragon, is actually here in person!"

"Moreover, it seems that Emperor Ye has agreed to join the eldest prince's camp! This is simply a powerful alliance!"

"But it is also expected that the eldest prince is the most powerful royal heir in the divine dynasty, and Emperor Ye, as the first genius in the selection of the eighteen states, will naturally attach himself to the most powerful prince and fight for power for himself.

."

"..."

At this time, everyone in the entire palace hall spoke out one after another.

At this time, Ye Feng determined his camp.

Suddenly, many people from other camps looked at Ye Feng with hostility.

Ye Feng didn't care at all about these hostile looks.

The eldest prince Gu Lingxiao stared at Ye Feng at this time and said: "Tonight Emperor Ye, pack your luggage at the reception hall and come to my Lingxiao Shrine immediately. I will have a big banquet tonight and treat you well." Emperor Ye, please join me! From now on, Emperor Ye, you can live in my Lingxiao Palace and serve me at any time. I will vigorously train you and give you unlimited rights!"

Ye Feng immediately pretended to be loyal, cupped his hands and said, "Thank you, His Highness, for your consideration!"

"Okay! Okay! Okay!"

The eldest prince Gu Lingxiao patted Ye Feng's shoulder hard and stared at Ye Feng, full of excitement.

But the excitement was not because he had made a friend, but because he had obtained a precious weapon.

Obviously, in Gu Lingxiao's eyes, Ye Feng is just a target of his use, a weapon in his hands!

Ye Feng knew it, but on the surface he looked loyal.

The eldest prince Gu Lingxiao quickly left the palace hall and went to the Lingxiao Shrine where he lived to prepare for Ye Feng's arrival.

At this time, the master of Qingzhou Palace, Leng Qingqiu, came over from the direction where Qingzhou Tianjiao was.

She stared at Ye Feng and seemed a little surprised and said: "I thought you would choose the third prince, or other princes and princesses. After all, the eldest prince is extremely controlling, moody, ruthless, and a complete tyrant. For an ordinary person, don't think he values you so much now. If you disobey him or are no longer of use to him, he will abandon you at any time or even secretly get rid of you."

Ye Feng looked at Leng Qingqiu and said with a smile: "Thank you Palace Master Leng for your reminder and concern. Palace Master Leng, don't worry. I chose the eldest prince, so I naturally have my reasons for my choice. I also heard everything Palace Master Leng said. We all know that we are just taking advantage of each other. I am here for fame and fortune, so it is naturally the best choice to seek refuge with the most powerful eldest prince."

Leng Qingqiu looked at Ye Feng's talkative appearance, and finally just nodded slightly and said: "Just be careful yourself. By the way, let me tell you one thing. If you can assist the eldest prince in ascending to the position of prince, you can try your best to assist. I recently learned a piece of news. His Majesty the God-Emperor has killed two super-powerful men from the dark alien race in the Eternal Realm outside the territory. When His Majesty the God-Emperor returns, which prince will perform well and be established as the crown prince? He will definitely receive a commendation from His Majesty the God Emperor, and by then, perhaps everyone in the Prince's lineage will have the opportunity to enjoy the life essence of the powerful dark alien race in the Eternal Realm."

"Killed two eternal realm dark aliens?"

At this time, Ye Feng was most concerned about this.

This means that Gu Tongtian is getting stronger and stronger!

Moreover, it is simply powerful to an absurd level!

Ye Feng suddenly felt huge pressure in his heart.

"I'm going to speed up! Before Gu Tongtian's return, I need to find out where my father is as soon as possible. After rescuing Uncle Lin, the God of Fire, and my father, I'll leave the city of God and stay out of the limelight for a while!"

Ye Feng thought quickly in his mind.

He knew very well that maybe he could have a chance to kill the ancestors of the eight super families.

But Gu Tongtian, a terrifying existence, probably wouldn't be able to fight him even if he practiced for another hundred years on the land of the spirit world.

The only way is to go to the second universe, the perfect world with advanced cultivation civilization, to find faster and stronger breakthrough power.

The first universe, the spiritual world, is almost unable to meet Ye Feng's growth rate!

After Leng Qingqiu left, Ye Shenyue came over and looked at Ye Feng.

She is the only one who knows Ye Feng's true secret.

Ye Feng said: "Miss, my crisis in the capital of God is too great. I don't know when my identity will be exposed. Miss, please stay above the surface and don't have too much contact with me." , I'm afraid that my identity will be exposed and it will harm you."

At this time, Ye Shenyue stretched out her small green-white hand, held Ye Feng's palm, and said with a warm smile: "No matter what, I will always be by your side, and this time, I will also join you. The eldest prince's camp."

Ye Feng's eyes were stunned and he said: "Miss, you?"

Ye Shenyue shook his head slightly and said: "Don't say anything. I have worked hard to reach this level all for you, Ye Feng. Otherwise, I might still be in the small Ye clan of Longyuan Continent, pretending that I don't understand anything. Miss, if you ask me to leave you now because of danger, then my efforts in cultivation will be meaningless. "

When Ye Feng heard what Ye Shenyue said, he nodded and said nothing more.

Leng Qingqiu saw the two holding hands not far away, his cold eyes flashed slightly, and he left without saying anything else.

She is the head of Qingzhou Palace, and she came to the capital this time just to lead the geniuses of Qingzhou to attend the imperial summons.

Now that the summons is over, each genius has chosen the camp they want to join, so Leng Qingqiu naturally has no need to stay any longer.

Ning Qingxue walked to Ye Feng from a short distance away. She first greeted Ye Shenyue with a smile, then stared at Ye Feng and whispered: "I have joined the Su family, and next I will join the Su family." The Su family is developing silently. If you need anything, Mr. Ye, you can contact me at any time. "

Ye Feng nodded slightly and said, "Okay, I understand."

Next, everyone left the palace hall one after another.

On the way back to the reception hall, Ye Shenyue, Fairy Hongchen and Marquis Shenjian stood beside Ye Feng.

At this time, Ye Feng looked at the three of them and said: "Next, the three of us will work together to assist His Highness the eldest prince. We may lead troops out in a while to encircle and suppress the dark alien race and make great achievements."

Ye Shenyue knew Ye Feng's true identity and plan. An inexplicable smile appeared on her beautiful face and she said: "I will try my best!"

Fairy Hongchen nodded slightly. She only had Ye Feng as her friend in this world. She would go wherever Ye Feng went, as long as she could kill the dark aliens.

At this time, Shenjian Hou showed excitement in his eyes and said: "I didn't expect you, Emperor Ye, to really choose His Highness the eldest prince! It seems that me following you doesn't mean I have insulted my status! Don't worry. I will never hesitate to kill the dark aliens on the battlefield!"

Chapter 1247 Departure

That night, the eldest prince Gu Lingxiao warmly entertained Ye Feng and his party. In addition, all the other geniuses who joined the eldest prince's camp were also included.

In addition to Ye Feng and Ye Shenyue, there are many other geniuses from the Eighteen States who chose to join the eldest prince.

After all, the eldest prince is the most powerful prince in the entire Tongtian Divine Dynasty, and with the addition of Ye Feng, the number one genius in the Eighteen States, the powerful combination has made all other geniuses feel that the eldest prince is the most worthy of seeking refuge.

This caused many other princes and princesses to have great hostility toward Ye Feng.

However, Ye Feng knew that as long as he lived in the eldest prince's Lingxiao Palace, basically no one would dare to come and offend him.

After all, the eldest prince has a notorious reputation in the entire city of God. Except for a few powerful princes and princesses, basically no one dares to provoke him.

The eldest prince built a huge house for Ye Feng to live in in Lingxiao Shrine, with rooms in it.

Ye Feng let Ye Shenyue and Fairy Hongchen live in his private residence.

As for Shenjian Hou, he returned to Shenjian Hou Mansion, preparing to pack up, leave the city of God with Ye Feng, and go to the chaotic land outside to fight against the dark alien races.

Ye Feng has been living in the house during this period, practicing silently, understanding the rules of heaven and earth, and wants to continue to condense his godhead.

But he found that since he entered the eighth level of the Virtual God Realm, the condensation of his divine personality has been extremely slow.

Ye Feng felt that if he did not resort to external help, he might need to practice for more than ten years, or even hundreds of years, before he could finally condense his divine personality into the Great Perfection.

Fortunately, half a month after Ye Feng lived in Lingxiao Shrine, the eldest prince Gu Lingxiao came to the door and informed Ye Feng that a large number of powerful and powerful dark forces had appeared in the northwest of the divine capital. Alien army.

The army of dark aliens not only established various base camps of their own on the northwest land, , and also demonized many human races and native races in the spiritual world into demons. They became bloodthirsty, cruel and easy to kill, and they were in urgent need of pacification.

At this time, outside Ye Feng's private residence, the eldest prince Gu Lingxiao stared at Ye Feng and said: "Emperor Ye, this is your first mission. If you succeed in wiping out that wave of dark alien armies, regain me." In the northwest land of the human race, that is definitely an outstanding achievement. When you return successfully, you can be granted the title of lord and general! I value you very much. This time I will give you a hundred thousand troops of the divine dynasty, and you will personally lead them to quell the dark aliens. confusion."

Ye Fengzhengchou had no chance to leave the divine capital. Now that he heard what the eldest prince said, he immediately smiled and said: "Don't worry, your highness, I will set off for the northwest land tomorrow."

"good!"

The eldest prince Gu Lingxiao immediately laughed out loud and patted Ye Feng on the shoulder, seeming very pleased.

He said aloud: "You must be careful. Now that you have joined my camp, all forces are eyeing you. After leaving the city of God, your enemies will not only be dark aliens, but also others who want to target me." "

Ye Feng nodded immediately and said, "Okay, I understand."

The eldest prince Gu Lingxiao smiled and said: "However, I believe you. You Emperor Ye is recognized as a peerless genius in the capital of the gods. Now is the time to start showing your prowess to the outside world."

After a few more false compliments, the eldest prince left a talisman of one hundred thousand elite soldiers of the divine dynasty and left.

Uh-huh!

Ye Shenyue stepped out from the house behind her, stared at the soldier talisman in Ye Feng's hand, and said, "Do you really want to

Fighting for the Tongtian Divine Dynasty? "

Ye Feng smiled and said: "I am willing to kill the dark aliens, not for the Tongtian Divine Dynasty, but for our entire human race. It just so happens that I have this eldest prince supporting me behind my back. I can dispatch troops and generals, and he uses me I will make contributions to him and fight abroad, and I can in turn use the 100,000 elite soldiers of the Tongtian Divine Dynasty that he gave me to conquer the entire northwest land. When the time comes, I will chase and intercept all the dark alien races in the entire northwest land. I will use darkness The alien army of hundreds of thousands of demons provides endless nourishment for me to achieve the realm of God!"

When Ye Shenyue heard what Ye Feng said, her beautiful eyes suddenly lit up, and she nodded and said: "That's right, if you rely on Ye Feng alone, no matter how powerful you are, you want to capture and kill everyone." The dark aliens don't know how much time it will take, but Ye Feng, you now have a talisman of one hundred thousand elite soldiers of the God's Dynasty in your hand. You can command the army of one hundred thousand God's Dynasty to pursue and intercept in the northwest land. In addition, Ye Feng, you are so powerful. The leader of the leader will definitely be able to kill and capture all the dark aliens in the northwest, and then Ye Feng will devour those dark aliens to your heart's content and increase your own power!"

Ye Feng smiled slightly and said: "That's right, that's why I chose the eldest prince in the end, because only the most powerful eldest prince has such great power, and he can easily mobilize a hundred thousand divine dynasties for me. The talisman of an elite soldier, no one in other camps has this ability."

With that said, Ye Feng looked towards the direction of the house and said: "Fairy Hongchen, get ready, we will set off tomorrow."

"good."

From the depths of the house, Fairy Hongchen's voice suddenly came out, with a hint of excitement in her voice.

"I'll get ready too!"

Ye Shenyue also immediately ran towards the house.

"Wait."

Ye Feng suddenly pulled Ye Shenyue.

"how

Already? "

Ye Shenyue turned back, with a hint of doubt in her beautiful eyes.

Ye Feng stared at Ye Shenyue and said: "Miss, this time I go out to fight against the dark alien races in the northwest, so you don't want to participate."

Ye Shenyue's eyes suddenly changed and she said, "Why? I want to fight alongside you, Ye Feng!"

Ye Feng shook his head slightly and said seriously: "I have another more important task to give you. Apart from you, the eldest lady, I don't trust anyone to give this task to anyone, even if it is someone who is controlled by my hypnosis. worried."

Ye Shenyue heard what Ye Feng said and looked at Ye Feng's extremely solemn eyes. She couldn't help but reveal a trace of seriousness in her beautiful eyes and said: "What mission? You tell me, I will definitely complete it."

Ye Feng stared at the beautiful woman in front of him and said: "This mission is that I need you, eldest lady, to stay in the divine capital and secretly help me find out about a place in the divine capital called the 'Nine Nether Heavenly Prison'. where?"

"Nine Nether Heavenly Prison?"

Ye Shenyue's beautiful eyes moved and she said: "Okay, I understand. Can I ask, is there anything in the Nine Nether Heavenly Prison?"

Ye Feng stared at Ye Shenyue, his voice was incomparably vicissitudes of life, and said: "In the Nine Nether Heavenly Prison in the Divine Capital, the God Emperor of Creation three thousand years ago, my father, Emperor Ye Qing, was imprisoned..."

"The God of Creation, Emperor Ye Qing!"

Ye Shenyue's eyes trembled suddenly, feeling a feeling of eternal vicissitudes.

She then nodded sharply, knowing why Ye Feng acted so solemnly and seriously.

Ye Shenyue was also a little happy in her heart. Ye Feng actually entrusted such an important matter to her. This was tantamount to complete trust!

"Ye Feng, don't worry, I will try to find out secretly."

Ye Shenyue said aloud, her tone full of solemnity.

Chapter 1248 Senior Wan

Early the next morning, Ye Feng took Fairy Hongchen out of his house.

Marquis Shenjian was already waiting outside.

This powerful prince was now fully armed and looked serious. He was obviously very active in going out to kill the dark alien race.

Ye Feng walked over and said: "Let's go to the training ground in Shendu. Maybe the 100,000 elite soldiers arranged by His Royal Highness have arrived there."

"yes."

Marquis Shenjian immediately hugged his fists and said.

Since being defeated by Ye Feng, Ye Feng has now become the most important person to the eldest prince. The Lord Shenjian has completely obeyed Ye Feng's orders and does not dare to have any disobedience.

Because Shenjian Hou knew very well that once Ye Feng killed all the dark aliens in the northwest this time, it would definitely be a great achievement.

After returning to the divine capital, the eldest prince will definitely ask the upper echelons of the court to confer an extremely noble title on Ye Feng.

By that time, Ye Feng would not only be stronger than Marquis Shenjian, but his status in the divine capital would also be more noble than Marquis Shenjian.

After all, although Lord Shenjian is a powerful prince, his princely level is not high in the divine capital, and he is just a low-level prince.

So now in the mind of Lord Shenjian, Ye Feng, this evil young man, can only obey and cannot resist. This is a young dragon with a bright future!

The three of them were very fast.

When Ye Feng brought Fairy Fairy Red Dust and Marquis Shenjian to the training ground in the divine capital, he saw a dark army of 100,000 people waiting in the training ground.

At this time, Ye Feng took out the military talisman in his hand. When the generals leading the army saw it, their eyes immediately became excited and said: "See Lord Ye Emperor!"

"See Mr. Ye Di!"

"See Mr. Ye Di!"

"..."

And almost as soon as those generals finished speaking, bursts of violent cheers erupted from the entire field.

It was a hundred thousand elite soldiers roaring and roaring.

After all, the name of Emperor Ye has now resounded throughout the entire land of God.

Moreover, as the most promising number one genius among the human race in the spiritual world, Ye Feng has long been a legendary existence in the minds of countless people.

So this time the army of 100,000 people knew that their commander was actually that young legend, and naturally everyone was extremely excited.

Uh-huh!

Suddenly, at this moment, an old man in black linen appeared not far away. He was skinny and looked a little indifferent.

The moment this skinny old man arrived, the eyes of several people present changed slightly.

Because the aura exuding from this skinny old man is very powerful, and he is a peak master of the tenth level of the first level of the divine realm!

This kind of basic existence is almost comparable to the ancestors of some super families.

The skinny old man had no expression on his face. He walked up to Ye Feng and said, "My name is Wan Sanqian. You can call me Senior Wan. This time I am here under the order of His Highness the Great Prince and will follow Emperor Ye." My friend, go out to the northwest together to kill the dark aliens and put down the darkness and chaos in the northwest."

"Sent by His Highness the First Prince?"

Ye Feng's eyes moved slightly, and then his heart suddenly became clear.

These Thirteen Thousand were said to be sent by His Highness the First Prince to assist him. I am afraid that the First Prince's real purpose was to find a super master to monitor him.

After all, one hundred thousand elite soldiers is not a small number. The eldest prince must be very worried when all the power is suddenly handed over to the hands of a young genius like himself.

But it doesn't matter to Ye Feng. Just monitor him, as long as he doesn't interfere with his own affairs.

Ye Feng cupped his hands in front of Wan Sanqian, pretending to be happy and said: "This time, with a peerless master like Senior Wan joining us, we will definitely win the battle in the entire northwest, and wipe out all the enemies in the entire northwest in one fell swoop. All dark aliens."

Wan Sanqian nodded and said: "I have learned the exact news. The most troublesome thing in the northwest this time is a dark alien race called the 'Blood Demon Clan'. The Blood Demon Clan is in a certain place in the northwest land." A very large demon base has been established at this location. As long as we destroy the demon base of the blood demon tribe, the other dark alien tribes in the northwest will be defeated. "

Ye Feng's eyes moved and he said: "Senior Wan, what you mean is that we directly find the blood demon clan's demon base and then directly attack their base camp?"

"That's right."

Wan Sanqian nodded, with a terrifying murderous look in his eyes, and said: "As long as the demon base of the Blood Demon Clan can be destroyed, other dark alien races in the entire northwest land outside the Divine Capital will become a mess. When the time comes, it will be very simple for us to lead one hundred thousand elite soldiers to slowly and slowly harvest the lives of the defeated soldiers of the dark alien race. Moreover, there is no danger. "

Hearing this, Ye Feng immediately smiled and said: "Since Senior Wan has already done the research, let's do this. I don't want to waste time, so let's go directly to the Demon Clan's base camp of the Blood Demon Clan!"

As he spoke, Ye Feng suddenly raised the soldier talisman in his hand, his eyes were cold and solemn, and he shouted: "The whole army attacks!"

"Attack!"

"Attack!"

"..."

At this moment, one hundred thousand elite soldiers roared one after another.

The dark army of the Divine Dynasty, led by Ye Feng, wearing armor and holding soldiers in their hands, full of murderous intent and majestic momentum, all stepped out from the training ground of the Divine Capital, marching in unison, full of majesty and Solemn and iron-blooded.

"Rumble..."

Ye Feng led an army of 100,000 men and stepped out of the huge city gate of the divine capital. No one dared to stop him wherever he passed.

People in countless divine cities looked at the menacing army of one hundred thousand with awe in their eyes.

"If this battle is successful, the power of Emperor Ye and the eldest prince will be completely consolidated in the divine capital!"

At this time, someone couldn't help but exclaimed in surprise.

And just when Ye Feng and Wan Sanqian left the divine capital with an army of 100,000, heading towards the northwest land.

In the capital of God, every major force and every camp has received news of Ye Feng's expedition.

"A once-in-a-lifetime opportunity! This is a once-in-a-lifetime opportunity! We must kill that terrifying young monster!"

"Quick! Go and invite the forbidden geniuses in the super family! Inform all the princes and princesses that Emperor Ye is in a trance!"

"The northwest land, hum, will be dyed red with the blood of Emperor Ye!"

...

At this moment, secret voices full of murderous intent suddenly sounded one after another in the major camps in the city of God. Early the next morning, Ye Feng took Fairy Hongchen out of his house.

"The northwest land, hum, will be dyed red with the blood of Emperor Ye!"

...

At this moment, secret voices full of murderous intent suddenly sounded one after another in the major camps in the city of God.

Chapter 1249 Pathos

The northwest land was originally extremely prosperous and full of vegetation.

But today, the northwest land is full of devastation. There are collapsed ancient cities, dilapidated ruins, and tragic battlefields left by human races and dark alien races. Corpses, blood, etc., look shocking.

"Rumble..."

The 100,000-strong army finally arrived in the northwest, and everyone immediately felt a sense of desolation and sadness.

Since the dark alien race invaded the entire spiritual world, the nineteen states of the human race have been the first to bear the brunt. After all, the human race is the most powerful race in the spiritual world.

The first thing those dark alien races want to do, besides occupying other wild areas in the spiritual world, is to attack the human land, hoping to completely wipe out the human race, the dominant race in the spiritual world.

So today in the northwest, terrible scenes of dilapidation after the war can be seen everywhere.

"Rumble..."

An army of one hundred thousand was led by ten powerful generals from the Immortal Realm, full of endless killing energy, walking on the northwest land.

Buzz!

At this moment, Ye Feng, Fairy Hongchen, Marquis Shenjian, and the old man Wan Sanqian, the super master sent by the eldest prince, were all floating high in the sky.

They fly in the sky, their field of vision can be extended infinitely, and they can better detect the enemy's situation.

At this time, half a month had passed since they arrived in the northwest land.

Except for encountering some small groups of dark aliens, basically no large numbers of dark aliens were encountered.

So this journey was relatively peaceful.

At this time, high in the sky, Wan Sanqian identified his surroundings and suddenly said: "We have almost entered the center of the northwest land. In my memory, it is a thousand miles away from the southeast. There should be a huge human city where we can rest for a few days and replenish energy and supplies. The Blood Demon Clan's base camp is probably nearby."

Ye Feng looked below and found that many people in the 100,000-strong army looked tired.

Even though these elite soldiers of the divine dynasty were not mortals, but were composed of powerful warriors, they could not withstand a continuous battle for fifteen days.

Ye Feng felt a little bit tired at this time.

He couldn't help but nodded and said: "Okay, then follow what Senior Wan said, go to the front first

He stationed himself in that human city, recuperated for a few days, and then attacked the final Blood Demon clan base camp. "

Ye Feng has also devoured a lot of dark aliens in the past half month.

But since all they encountered were small teams of dark aliens, those energies were just a drop in the bucket for Ye Feng.

So Ye Feng is now looking forward to the blood demon clan's base camp more and more.

Because the key to whether he can accumulate enough energy to attack the realm of God lies in the blood demon clan's base camp.

As for directly revealing his devouring ability, Ye Feng didn't care even if Wan Sanqian was standing by.

Now in the entire Tongtian Divine Dynasty, except for the old man Gu Tongtian, Ye Feng is almost not afraid of anyone.

It doesn't matter if some of your own methods are exposed.

"Listen to my order, everyone moves toward the city a thousand miles away in the southeast!"

Ye Feng held the soldier talisman in his hand and shouted at the 100,000 troops below.

"Yes, Lord Ye Di!"

"Yes, Lord Ye Di!"

"..."

All the elite soldiers and generals were excited at this moment.

Obviously they were all very tired. Now that the human city ahead could take a good rest, every soldier naturally felt very happy.

"Rumble..."

The army of 100,000 people galloped towards the southeast in an instant.

Half an hour later, everyone finally arrived at the ancient human city that Wan Sanqian had mentioned.

But the scene in front of them at this moment made everyone present, including the 100,000-strong army, hold their breath.

Because there were countless human corpses in the majestic and huge city, and the blood stained the entire city ground red, which looked shocking.

This is a dead city!

"Damn it! Damn it!"

"The dark aliens are extremely cruel! Kill, kill, kill!"

"As long as I live, I will definitely

Fight with the dark aliens until the last drop of blood is shed! ! "

Looking at the blood-stained dead city, sad and tragic emotions broke out in everyone's heart. Countless armies were shouting and roaring, their voices filled with endless anger.

Seeing the tragic situation in the dead city, even Ye Feng and the others who were commanding the army at high altitude fell silent, with deep anger and coldness in their eyes.

That's an entire city!

Millions of people!

All became dead souls!

At this time, everyone is feeling sad for their own clan, and there is endless anger!

Ye Feng suddenly spoke up: "Recuperate in this city for three days. After three days, go to the Demon Clan base and slaughter the entire Blood Demon Clan, leaving no one behind!"

Ye Feng's voice was full of overwhelming anger and coldness!

"Slaughter the blood demon clan! Leave no one behind!" .??.

"Slaughter the blood demon clan! Leave no one behind!" .??.

"Slaughter the blood demon clan! Leave no one behind!" .??.

"..."

At this moment, countless soldiers were roaring, war blood burning fiercely in their chests, and the terrifying sound of killing turned into a vast rolling frenzy, shattering the thick blood cloud on the dead city.

At this moment, everyone no longer has any identity as the Tongtian Divine Dynasty army in their hearts, but have become warriors who purely fight for the human race and their own race!

Next, everyone entered the dead city one after another and temporarily stationed themselves there.

Ye Feng came to the top of the ancient city and inspired his sixth natal talent, the destiny chart.

"Buzz!"

He began to burn life energy and blood energy to deduce the direction of the blood demon clan's base camp.

However, there seems to be a very powerful presence in the Blood Demon clan's base camp, which has obscured some secrets.

After all, it was the demon base of a powerful race among the dark alien races. It had a profound foundation and was not simple.

In the end, Ye Feng only determined a few general directions and locations.

But that's enough.

Ye Feng sent many spies from the army to explore in all directions outside this dead city, looking for

The specific location of the Blood Demon clan's base camp.

At this moment, Ye Feng descended from the sky and looked at the Red Dust Fairy not far away. There was a deep shock and anger on her beautiful face.

Ye Feng came over, patted Fairy Red Dust's fair shoulder, and said: "Don't worry, when you find the base camp of the Blood Demon Clan, you can kill these cruel dark aliens to your heart's content."

"Um."

The Red Dust Fairy nodded heavily and saw the remains and withered bones of the dead city. The Red Dust Fairy seemed to recall some memory fragments from when the Thunder God Base she was in was destroyed. This made her feel a huge sadness in her heart, and she endured it. He couldn't help but lean his beautiful face on Ye Feng's shoulder, as if he wanted to seek some warmth.

Seeing this, Ye Feng's eyes flashed and he said: "If this makes you feel helpful, just stay close to me for a while."

"Um....."

Fairy Hongchen let out a soft sound.

...

"boom!"

Just in the early morning of the next day, the Shenjian Hou, who was standing on guard on the city wall, suddenly opened the big blue bow in his hand, and a green arrow shot up into the sky, piercing a flying demon with black wings. .

"Bang!"

The flying demon clan immediately fell from the sky.

Marquis Shenjian jumped down from the city wall and said coldly: "They are spies from the dark alien race. We may have been discovered."

"Report!"

At this moment, a soldier hurriedly walked out of the city. He immediately knelt down on one knee and said anxiously in the direction of Ye Feng: "Lord Ye Emperor, my subordinates have discovered the location of the Blood Demon Clan's headquarters, but... When my subordinates just came back to report, they discovered that from the Blood Demon Clan's base camp, powerful Blood Demon Clan warriors were filing out one after another, with a total of 200,000 to 300,000 Demon Clan troops heading towards us!"

When Wan Sanqian and Shenjian Hou heard this, their eyes changed and they all looked at Ye Feng, waiting for the order from Ye Feng, the actual commander.

Ye Feng's eyes were cold, and he looked in the direction of the Blood Demon Clan's base camp. With an iron-blooded tone, he shouted loudly: "The best defense is to attack! Let's all attack directly! Fight with the Blood Demon Clan army and directly reach their lair! Destroy it! everything!"

Chapter 1250 Brutal Fighting

"Army attack!"

Following Ye Feng's order, all the 100,000-strong Divine Dynasty army rushed out of the city.

boom!

At this time, Ye Feng, Wan Sanqian, Hongchen Fairy, and Shenjianhou, the four top masters, also suddenly rose into the sky and stepped on the top of the 100,000 elite soldiers, playing a commanding role.

"Boom!" .??.

An army of 100,000 people rushed towards the blood demon tribe's base camp.

Half an hour later, they had arrived at the base camp of the Blood Demon Clan.

It was a place of burning molten lava.

Huge dark castles stood in the center of the magma land.

That's where the blood demon tribe's headquarters is!

At this time, one can see an army of 200,000 to 300,000 blood demons. Each demon clan is ferocious in appearance and extremely ferocious, standing on the vast land of the lava land.

Obviously, the blood demon clan was preparing troops and had not officially set off yet, but they did not expect that the human army had already attacked.

"It's the human army! They actually attacked on their own initiative!"

"Hurry up and gather defense! Defense!"

"Why do these human armies come so fast! And they actually have the courage to attack our base camp? Aren't all humans extremely cowardly?"

"..."

At this moment, every warrior of the Blood Demon clan roared in panic.

Obviously, they didn't expect that these human army would have the courage to run directly to their blood demon clan's base camp.

Moreover, it came so quickly.

This shows what?

This shows that these human armies set off immediately the moment they got the news about their Blood Demon Clan's base camp.

This requires a very decisive and courageous commander to make such a crazy decision!

"Kill! Leave no one behind!"

Ye Feng is stepping on the sky at this moment, directly facing the big sky

He roared without any hesitation.

"Boom!"

He directly released the Invincible Sword Domain, condensed a super metal sword of more than 200 meters in his hand, and instantly slashed directly at the blood demon clan's base camp in the distance.

"Rumble..."

He couldn't even judge how terrifying Ye Feng's current combat power was.

Although this sword is just Ye Feng's ordinary sword at this time, the super metal sword composed of the Invincible Sword Domain has extremely terrifying power.

Boom!

Under this sword, a sword light penetrated the sky and the earth, containing infinite sharpness and destructive power. It instantly smashed a large area of the Blood Demon clan's castle in the distance, and the entire Blood Demon clan's base camp was directly beaten. Half useless.

At this moment, countless blood demons died under Ye Feng's sword!

"Devouring the Realm!"

Ye Feng's eyes were icy cold, with the intention of killing, greedy devouring and plundering, his whole body burst with divine light, and he instantly rushed towards the Blood Demon Clan's base camp.

"kill!"

"kill!"

"kill!"

At this time, seeing how brave and invincible the commander-in-chief Ye Feng was, the army of 100,000 people also roared angrily, bursting out with powerful murderous intent, turning into a torrent of steel that could not be resisted, and rushed towards the blood demon army. go.

"Pfft!"

"Pfft!"

"..."

Suddenly, the entire lava land turned into an extremely brutal fighting battlefield.

"Human race! You are so presumptuous! You dare to attack the core of our Blood Demon Clan! All of you will die for me!"

boom!
