Chapter 1251 Great Perfection State

Boom! !

In the fierce fighting like Shura's purgatory, what no one noticed was that the blood of the huge blood demons after they were killed, containing majestic and vast life energy, was gathering in the direction of Ye Feng from the entire battlefield. And go.

At this moment, Ye Feng's whole body was shining with divine light, and the power of his domineering body exploded crazily. He was fighting against the commander of the Blood Demon Tribe at the first level of the Nine Divine Qi Realm.

What shocked the nine blood demon commanders was that Ye Feng, a young man from the human race, not only had the cultivation of the Void God Realm, but also fought with the nine strong men of the God Realm without falling behind.

Even as the battle continued, this young human race became stronger and stronger!

It feels like a fighting machine whose power can never be exhausted, fighting you.

"How can this be!"

The blood demon commanders all stared at the unrivaled Ye Feng with deep shock in their eyes.

There were even a few blood demon commanders who felt the terrifying aura on Ye Feng that was getting stronger as he fought, and there was a hint of fear in their eyes.

"boom!!"

And suddenly at this moment, Ye Feng's body suddenly burst out with a new and huge martial arts aura.

That is a breakthrough martial arts momentum!

"The Ninth Level of Virtual God Realm!"

Ye Feng's eyes became even brighter.

After absorbing nearly half of the blood energy on the battlefield, that terrifying power like the vast ocean finally pushed Ye Feng's cultivation from the eighth level of the Virtual God Realm to the ninth level of the Virtual God Realm!

"Boom!"

At this moment, huge waves of fighting spirit surged crazily from Ye Feng's body.

Although he only broke through the first level of the sky, his actual combat power was doubled in one fell swoop!

"boom!!"

The next moment, Ye Feng rushed towards the nine blood demon clan commanders. Each punch and palm was filled with infinite power, just like an ancient giant fighting in the sky.

"ah!"

"ah!"

\u003e

In an instant, two blood demon clan commanders were torn to pieces by Ye Feng, screaming in agony.

Ye Feng was covered in demon blood and looked full of wildness and ferocity.

"run!"

"Run!"

At this moment, the remaining seven blood demon commanders were completely terrified.

The super masters of the Blood Demon Clan at the Seven Realm of Gods level were running faster than the other at this moment, escaping crazily into the distance to stay away from Ye Feng, a terrifying human race.

"Uh-huh!"

But at this moment, Ye Feng stood on the spot and took out a large bow as black as ink from the storage ring.

This big black bow is the most precious treasure of the Shenjian Hou Mansion.

A first-grade true god-level treasure, the God-killing Bow!

This is a true artifact!

It has extremely terrifying power!

"Buzz!"

At this moment, Ye Feng aimed at the direction in which the blood demon commander was escaping. A surge of air force surged out of his arms, and he suddenly pulled the God-killing Bow into a full moon state.

"boom!"

All the demonic energy from the ten directions gathered together, condensing on the bowstring a black light arrow with extremely terrifying destructive power.

boom!

The black light arrow was like a bolt of black lightning. It struck out in an instant and sank into the void. Then with a pop, it pierced the head of the Blood Demon Tribe commander in that direction and tore his soul to pieces.

A commander of the Blood Demon Clan, died!

"boom!"

At this time, Ye Feng continued to draw the God-killing Bow into a full moon, and another black light arrow burst out, directly killing another Blood Demon Tribe commander!

I have to say that this God-killing bow is indeed a true god-level treasure.

It's really incomparable

Awesome, terrifying in power!

"Come again!"

Ye Feng shouted loudly, and his arms gushed out with divine light. His Overlord Power surged wildly, and he pulled the bow string five times in a row.

boom! boom! boom! boom! boom!

In an instant, five black light arrows tore through the sky, killing all the remaining five blood demon commanders!

At this time, Ye Feng felt a slight emptiness in his body, almost exhausted of all his strength.

"Hiss!" ??

Seeing this shocking scene, Lord Shenjian in the distance couldn't help but take a breath of air.

You know, when he pulls the God-killing Bow, he can only pull it once before it becomes weak.

But Ye Feng pulled it seven times in just a short period of time!

"What a solid martial arts foundation and majestic power it takes to be able to do this!"

The eyes of Marquis Shenjian were full of shock.

You know, Ye Feng has not yet entered the realm of gods!

But he already has seven times the power reserves of Shenjian Hou, and even more.

"Hiss!" ??

Thinking of this, Marquis Shenjian couldn't help but take a breath of air.

He couldn't even imagine what kind of terrifying existence Ye Feng would become when he achieved the true state of god?

"Swallow!"

At this time, high in the sky in the distance, Ye Feng instantly grasped with his big hand, and a large vortex of darkness immediately enveloped all the slain Blood Demon Tribe commanders.

"boom....."

Then a majestic and extremely vast energy was instantly swallowed up, refined, and then injected into Ye Feng's body.

"boom!"

Almost at the next moment, Ye Feng felt that the energy in his body was like a savage beast, forcibly breaking through the level of cultivation.

A weapon of boundless terror

Tao momentum burst out from Ye Feng's body instantly.

"Tenth level of Virtual God Realm!"

"Virtual God Realm Great Perfection!!"

Ye Feng looked up to the sky and roared, and the roar was filled with an infinite sense of power.

At this moment, Ye Feng's eyes were filled with infinite bright light.

He only felt that his whole body, limbs, and major meridians were surging with power capable of destroying everything.

"Finally broke through to the tenth level of the Virtual God Realm!"

"The Great Perfection State!"

Ye Feng's eyes were full of excitement.

This means that there is only the last hurdle left to break through to the true realm of God.

But Ye Feng also knows that it is very difficult to pass this last hurdle.

After all, in the human land of the spirit world, there are quite a few warriors who can achieve the realm of immortals.

But there are very few people who ultimately achieve the realm of true gods.

At this time, Ye Feng's eyes suddenly looked not far away.

There, amid the "rumbling" sounds, Wan Sanqian and the demon god of the blood demon clan were fighting fiercely.

Both are top masters in the tenth level of the divine realm, the first level of the divine realm.

Their fighting power is so tyrannical that it is impossible to tell the winner in a short period of time. Every move they make in their battle contains the power to destroy the world and destroy the earth. It simply breaks the entire magma land into pieces.

"All nine of my commanders were killed in battle?"

Suddenly at this moment, the blood demon clan demon god in the distance suddenly let out a loud and extremely angry roar.

Obviously, he sensed that all the nine blood demon commanders killed by Ye Feng had no life breath.

"What? Emperor Ye killed the nine commanders of the blood demon clan by himself?"

At this moment, Wan Sanqian, the old man under the eldest prince, suddenly looked in the direction of Ye Feng, his eyes filled with horror for a moment.

Chapter 1252 The ruthless super family

A human warrior in the Void God Realm killed all the nine blood demon commanders in the first level of the Divine Qi Realm with one person.

This fact is really shocking.

At this moment, the countless creatures of the Blood Demon Clan below were completely defeated.

Only the last extremely angry demon god of the tenth level of divine energy realm of the Blood Demon clan was left standing in the lava land.

"Boom!"

Wan Sanqian seized the opportunity when the blood demon clan demon god was stunned, and suddenly spent a huge amount of his power to display the most powerful secret of the ancient dragon technique.

"Trapped Dragon Ascension Technique!"

Wan Sanqian roared at this moment, as if he had fully sublimated his cultivation power. A vast and majestic golden dragon soul rushed out of his body in an instant, and suddenly bombarded the blood demon clan demon god. body.

"boom!!!"

Along with a huge roar, the huge body of the Blood Demon Clan Demon God was suddenly penetrated by the golden dragon soul.

"ah!!!"

At this time, a shocking blood hole suddenly appeared in the middle of the huge demon body of the Blood Demon Clan Demon God. The terrifying pain made this Demon God couldn't help but howl miserably.

The blood demon clan demon god roared: "You humble humans! How dare you kill me! I am the demon god among the dark alien races! If you dare to kill me, you will receive endless punishment from countless demon clan demon gods. Chase!"

"Too much nonsense!"

Ye Feng stepped forward at this time and suddenly opened the God-killing Bow in his hand.

boom!

A black light arrow, containing destructive power, exploded half of the blood demon god's head in one fell swoop, causing a steady stream of blood.

"ah!"

The Blood Demon Clan Demon God howled miserably once again, and his majestic body, several kilometers tall, could not help but fall back at this moment, obviously out of fear of death.

"Want to escape?"

At this time, Ye Feng didn't care what Wan Sanqian thought. He directly burst out with divine light, releasing the majestic cultivation of the Great Perfection of the Virtual God Realm that he had just broken through, maximizing the power of his Heavenly Hegemony.

"boom!"

Ye Feng's arms expanded into two giant arms, and his overbearing big hands suddenly tore them apart.

"Zi la!"

"ah!!"

Accompanied by an earth-shattering howl, the entire majestic body of the Blood Demon Clan's Demon God was torn into two halves!

"Uh-huh!"

The next moment, Ye Feng grabbed the dead Blood Demon God directly into the oven of creation with a big hand, and began to smelt this powerful super demon who was at the tenth level of the Divine Qi Realm.

"We won this battle!"

At this moment, he saw that the most powerful demon god of the Blood Demon Tribe was torn to pieces by Ye Feng with his bare hands.

All the people on the field couldn't help but cheered.

Next, the remaining defeated soldiers in the Blood Demon Clan's base camp were all wiped out by the human army.

"This base camp of the Blood Demon Clan definitely stores countless treasures."

At this moment, many people's eyes were focused on the castles in the lava land.

Ye Feng said with a smile at this time: "Everyone listened to the order and searched out all the treasures contained in the entire Blood Demon Clan's castle, publicly displayed them to the public, and then distributed them according to the number of demons killed by each soldier according to their merits!"

"Wow!"

"Master Ye Di is so good!"

"Master Ye Di is so broad-minded that I admire you so much!"

At this moment, Ye Feng's words fell, and countless soldiers on the field immediately cheered.

Uh-huh!

At this time, Wan Sanqian suddenly came to Ye Feng's side, with a trace of hesitation in his eyes, and said: "Emperor Ye, we should pack up these wealth first, send them back to the capital of God, and hand them over to His Highness the eldest prince. Then allocate, this is a recognized unspoken rule, Emperor Ye, you may have just come to the capital of God, and you don't understand it well yet."

Ye Feng glanced at the old man Wan Sanqian and said: "I am the commander-in-chief of the army now. I have the final say in everything. I don't need to obey any so-called unspoken rules."

Ye Feng's words contained a hint of iron-blooded domination, which made Wan Sanqian's face look a little ugly.

If it were before, Wan Sanqian might have directly forced Ye Feng to teach and order him.

But in the battle just now, I saw Ye Feng's terrifying fighting power.

In addition, Ye Feng has now broken through to the Great Perfection state of the tenth level of the Virtual God Realm, and his combat power is terrifying.

Especially the last scene where the blood demon was torn apart by his hands was really shocking.

This made Wan Sanqian suddenly feel like he didn't dare to disobey Ye Feng's decision.

His face looked uncertain, but he didn't say anything in the end.

Ye Feng looked at the Shenjian Hou and the Red Dust Fairy not far away, and said: "You two come to me and protect me. I need to practice immediately."

With that said, Ye Feng asked the 70,000 troops who had survived the previous battlefield to search the base camp of the Blood Demon Tribe.

Then he himself dodged directly to a barren mountain in the distance.

Uh-huh! Uh-huh!

Marquis Shenjian and Fairy Hongchen came over at this time and stood on both sides of Ye Feng to protect him.

At this moment, Ye Feng began to directly refine the power of the Blood Demon Clan Demon God who was at the tenth level of the Divine Qi Realm!

A demon from the blood demon tribe who is at the top of the tenth level of the divine energy realm, the first level of the realm of gods, has a terrifyingly huge life energy, just like an ancient behemoth.

Even Ye Feng himself was shocked. At this time, as the furnace of creation was refining, he felt that his entire body,

Suddenly it was filled with endless boiling energy.

"If all the energy of this blood demon clan demon is refined and swallowed, we should be 70% sure of breaking through to the level of the strongest in the realm of gods!"

Ye Feng was thinking secretly in his heart at this time, and then started refining on the spot.

"boom!"

But suddenly at this moment, a huge black iron prison suddenly fell from the sky above where Ye Feng was sitting.

"What?"

The protector Shen Jianhou and the Red Dust Fairy didn't even have time to react. Ye Feng's entire body was directly enveloped by the huge black iron prison, and he was imprisoned on that lonely barren mountain.

"what's the situation?"

Wan Sanqian, who was standing not far away and commanding the army, also looked shocked at this time.

"We were ordered to ambush Emperor Ye! This kind of peerless evildoer should not appear in this world! It threatens too many powerful forces! So now all the rest of the people are leaving! Otherwise, you will end up dead!"

Suddenly at this moment, accompanied by a voice full of cold murderous intent, a terrifying aura descended.

There are eight figures in total, all wrapped in black clothes. The aura of each person's cultivation is that of a god!

Moreover, they are not ordinary gods, they are all existences at a high level of the divine energy realm, at least the cultivation level of the seventh or eighth heaven!

There is even one being among them, whose cultivation aura is impressively that of a super strong person in the Divine Fire Realm, the second level of the Divine Realm!

"People from the eight super families!"

Suddenly at this moment, Wan Sanqian suddenly made a sound not far away.

He is an old man in the city of gods. He has been with the eldest prince for a long time, and he clearly feels that these eight figures in black exude the aura of skills from the eight super families!

"The most powerful people from the eight super families in Shendu actually took action and joined forces to kill Emperor Ye!"

At this moment, Marquis Shenjian also showed deep anger in his eyes.

Marquis Shenjian couldn't help but roared: "Emperor Ye is a peerless genius of our human race, a martial arts monster that is rare to see in all eternity! He can lead our race to glory! Why are the eight super families of you so narrow-minded? After just killing the dark aliens for the human race, you are going to ambush him! Are you worthy of being a human race? Instead of killing the dark aliens, you are here to kill the most talented person of your own race!"

"snort!"

A man in black sneered. He didn't know which of the eight super families he came from. He sneered and slapped the weak God Realm master away, looking at the blood-vomiting Divine Arrow like an ant. Hou, said: "Who are you, and you are qualified to interfere with the decisions of our super family? If you want to blame it, it's because this Emperor Ye is so stunning! He can't be allowed to grow up, otherwise it will be a threat to all the major forces in our entire divine city. It will pose a huge threat. Except for the most noble God Emperor, the rest of the city must be controlled by our eight super families!"

Not far away, Wan Sanqian looked ugly and shouted: "Now Emperor Ye is a confidant of His Highness the First Prince. If you dare to ambush and kill Emperor Ye, aren't you afraid of offending His Highness the First Prince?"

A man in black sneered and said: "Although our eight super families have some minor conflicts with each other on weekdays, once it comes to the moment of overall decision-making, we are all on the same line. The will of our eight super families to unite will not matter. As a prince, he can't disobey us! We can only choose to accept it! Even if the eldest prince knows about this after we kill him, do you think he will fight against our eight super families for a dead person? "

"you.....!"

When Wan Sanqian heard this, his expression turned extremely ugly.

Uh-huh!

Fairy Hongchen flew outside the prison where Ye Feng was locked and said anxiously: "Master Ye, wake up quickly!"

Buzz!

Ye Feng's practice was forcibly interrupted. He opened his eyes, with some shock and anger in his eyes.

Obviously, Ye Feng did not expect that the strongest members of the eight super families had been lurking around for a long time. They were probably waiting for him to run out of power after the battle, and then suddenly took action to ambush him!

"What a ruthless super family!"

Ye Feng's eyes filled with endless anger.

He suddenly looked at the Red Dust Fairy outside the prison and said: "Red Dust Fairy, go to the gods and wait for my return. What is happening here today is no longer something you can participate in. Believe me, I won't die."

Buzz!

At this moment, Ye Feng instantly stretched out his hand and pressed it on Fairy Hongchen.

Uh-huh!

The power of the space gem surged out, and the Red Dust Fairy was instantly teleported a thousand meters away.

The eight most powerful men in black didn't even look at the Red Dust Fairy. It was obvious that their only goal was to kill Ye Feng.

As for whether the news should be leaked or not, the strongest members of these eight super families don't care at all about the infamy they receive from the world.

"boom!"

Ye Feng surged with infinite power, instantly blasting the surrounding black iron prison into countless iron fragments.

A man in black showed a hint of surprise in his eyes and said, "Oh? My heaven-locking prison is made of ninth-grade pseudo-god-level magical iron. I didn't expect that a young man like you would tear it into pieces in an instant. It seems that I have been with you ever since. You have become much stronger since the gods left."

Another man in black smiled cruelly and said: "This speed of getting stronger and growing is really terrifying. We can't let this Ye Emperor get stronger anymore. We must kill him. As for the reason for killing him, I have already thought of it." Well, let's just say that the ancestor of the Su family who died mysteriously was killed by Emperor Ye, and our eight major families took action together to avenge the ancestor of the Su family. "

"No matter what, this Emperor Ye must die today and must be killed!"

Another man in black spoke up, his tone full of killing intent.

Chapter 1253 Shattered to pieces

Buzz!

At this moment, the entire field was filled with surging icy murderous intent, piercingly cold.

The eight most powerful people, men in black from the eight super families in Shendu, all have their faces covered and their identities are mysterious.

But the eyes they stared at Ye Feng were full of the same desire to kill.

Obviously, this time the eight major families did not hesitate to lose face and sent the strongest members of the clan to ambush Ye Feng, with the intention of killing him.

"Ye Emperor, although you are an eternal genius, under the siege of our eight most powerful men, you are dead!"

A man in black spoke up, with a cold tone, saying: "So you might as well stop resisting in vain, because it won't be of any use and will only make you more painful, so you'd better be calm now. Accept death and I will kill you with a sharp knife!"

Ye Feng coldly looked at the eight men in black surrounding him in all directions. The weakest among them all had the cultivation level of the seventh level of the divine realm. The most powerful one had already entered the second level of the divine realm. Divine Fire Realm!

This is almost the strongest combat power among the eight major families.

Even among these eight men in black, it is very likely that there is an ancestor of one of the eight super families.

This is a very terrifying lineup. If God Emperor Tongtian is not here, it can almost sweep across the entire God City.

But now, the eight most powerful men have united to kill Ye Feng.

"If you want to blame it, it's because your talent is too evil!"

A man in black spoke up and took action at the same time.

"The Ten Thousand Transformations Sword Technique!"

This man in black was a strong man at the eighth level of the Divine Energy Realm. He held a knife in his hand and slashed at Ye Feng in an instant.

Click!

Almost at the moment when the man in black took out the sword, the space around Ye Feng shattered, and then countless space fragments turned into blades, forming a large blade storm, sweeping towards Ye Feng. .

It has to be said that every man in black here has extremely terrifying killing methods.

The inheritance and martial arts displayed are also extremely terrifying and full of murderous intent.

Wan Sanqian, who was not far away, watched with extremely ugly eyes, but he did not dare to come over because Wan Sanqian knew very well that if he did it himself, he would definitely be killed instantly by the powerful man in the divine fire realm.

"Hegemonic power!"

Ye Feng, with the terrifying power running through his body at this moment, stretched out one hand, and crushed the countless space fragments in the blade storm with his big hand in an instant!

"What a strong little boy!"

The man in black, who was in the eighth level of Divine Qi Realm, immediately looked shocked.

"A thought blooms!"

At this time, another man in black from the ninth level of the Divine Qi Realm took action.

She turned out to be a woman. At this time, she said "a thought of flowers blooming", and thousands of petals appeared all over her body in an instant.

"Boom!"

"Boom!"

But at this moment, thousands of flower petals were bombarded towards Ye Feng in an instant. Before they came into contact with Ye Feng, they exploded in the space around Ye Feng.

"Rumble..."

In an instant, a large explosion of destruction and divine light enveloped Ye Feng's entire body.

"Click, click!"

Even though Ye Feng is very evil and powerful, he has not stepped into the realm of gods after all.

At this time, under the siege of a group of powerful people with advanced levels in the realm of gods, cracks appeared on the surface of the body, and purple blood overflowed from them.

"Purple blood!"

A man in black looked startled, and then said in shock: "Is this Emperor Ye the legendary Heavenly Tyrant Body?"

"Tyrants?"

"That is a super ancient physique that is even rarer than the divine body!"

At this moment, all the men in black showed deep shock in their eyes.

Heavenly domination!

That has disappeared from history

It is an ancient constitution with a long history!

Very powerful!

Unlimited talents!

"This Emperor Ye is more evil than we imagined!"

At this time, a group of men in black spoke loudly. As their hearts became more shaken, the murderous intention in their hearts became more intense!

"kill!"

At this moment, even the super strong man in the Divine Fire Realm, the second level of the Divine Realm, took action.

"Fire refines the starry sky!"

This man in black in the divine fire realm is more powerful than the other seven men in black combined.

At this time, when he took action, the whole world seemed to have turned into a big oven, and the void was like a volcano. Endless terrifying flames suddenly erupted, surrounding Ye Feng.

"ah!!"

Ye Feng roared, and the terrifying hegemonic power all over his body surged crazily. He suddenly broke free from the flames and escaped from the confinement of the void.

But at this time, it can be seen that all the clothes and skin on his body are burnt black.

Now Ye Feng's hegemonic body has entered the middle stage, and his body is as if it is made of divine iron.

But at this time, his whole body was still burnt black by the endless flames.

It can be seen from this that how terrifying the superpowers of the Divine Fire Realm, the second level of the Divine Realm, are.

However, Ye Feng's heart was shaken at the same time.

The man in black in the Divine Fire Realm was even more horrified and couldn't help but say: "I have practiced the Holy Fire of the Starry Sky for three thousand years, and even a semi-divine weapon can instantly burn to ashes! Emperor Ye, even if your body is a tyrant, it is impossible for you to do this. Strong! How is this possible? Is the hardness of your body comparable to that of a true god-level artifact? "

At this moment, Ye Feng was silent, his eyes extremely cold.

If it weren't for the power of three ancient runes fused into the flesh and blood of his body, plus the fact that the hegemonic body had advanced to the middle stage, I'm afraid he would have been burned to ashes by the terrifying flames just now.

"I have recorded this grudge! When I return to the Divine Capital, none of the eight of you can escape!"

Ye Feng knew that he couldn't fight hard at this time. He shouted coldly, and then directly released the power of the space gem, ignoring any restrictions, and teleported several thousand meters away, and eight black-clothed men escaped in an instant. Surrounded by people.

"What?"

"Ignore the spatial movement bound by the power of our God Realm?"

"This kid definitely has a treasure with space attributes in his body! It may be a high-grade space artifact!"

At this moment, watching Ye Feng flash into the distance instantly, the eight men in black immediately looked at each other with surprise.

"Chase! We must kill that kid!"

The eight men in black had terrifying murderous intent in their eyes, and their eight extremely powerful divine thoughts were all firmly locked on Ye Feng, who was thousands of meters away, and they instantly chased him.

...

For the next few months, Ye Feng was on the road to escape.

The eight most powerful men from the eight super families were extremely murderous and pursued Ye Feng with all their might, without even the slightest intention of giving up.

If Ye Feng had not cultivated all the way and had a very solid foundation in martial arts and strong skills, he would have exhausted his strength and been hunted to death.

Even on the way to escape, in order to replenish energy, Ye Feng used all the life energy of the previous Blood Demon Tribe Demon God to replenish the lost power.

This allowed Ye Feng to flee for several months, because the use of space gems was simply too energy-consuming.

"Damn it! I have memorized the auras of these eight people. When I achieve the realm of gods, you will all die! You will all become my nourishment! I will devour you all to make up for my losses!!"

Ye Feng

His heart roared with rage.

But on the surface, Ye Feng still remained calm. His current strength could no longer sustain it for too long.

"Boom!"

Suddenly a big flaming hand appeared in the sky, like a mountain of flames bombarding it down instantly.

"boom!"

Ye Feng's whole body was suddenly blown away, and he spurted out a mouthful of blood.

It was the action of the powerful man in the divine fire realm, the second level of the realm of gods.

During this period of time, Ye Feng stumbled all the way. He was attacked many times by the man in black in the divine fire realm and was seriously injured.

"The powerful ones in the divine fire realm are really powerful. I am no match for me now! Power! I still need strong power!" ??

Ye Feng shouted in his heart.

In fact, Ye Feng never expected that the eight super families in the city of God would become such a turmoil. Before he could achieve the realm of gods, the strongest men from the major families would take action to punish him to death. .

As expected, these so-called super families are all cruel and ruthless. In order to stabilize their family's dominance in the land of God, they would not hesitate to take action even if the ancestors of the family were to kill a junior.

It has to be said that people from the eight super families know very well that sending ordinary people over will not kill Ye Feng at all, but will make Ye Feng fight back.

Therefore, the most powerful men of these super families came to this northwest land in person, and personally took action to suppress Ye Feng with thunderous means!

"Huh? There's a big waterfall ahead!"

At this moment, Ye Feng suddenly saw a huge cliff in the distance.

Under the cliff, there is a large waterfall that is bottomless, like an abyss.

Uh-huh!

Ye Feng instantly jumped up and jumped directly towards the abyss, hoping to escape with the waterfall.

"Baby! You must die!"

"Burn my divine fire realm essence and blood! The great forbidden destruction technique!"

Suddenly a man in black rushed from a distance and roared instantly.

He is the most powerful divine fire realm super strong man. At this moment, he is burning his life essence and blood, and his whole body is shriveled up. It is obvious that he has paid a huge price.

And almost at the next moment, the man in black in the Divine Fire Realm stretched out his hand, and the sky suddenly collapsed, forming a terrifying and destructive force that suddenly bombarded Ye Feng's body.

"Pfft!"

Ye Feng didn't even have time to scream, his whole body was directly beaten into a bloody mist and broken bones, which was sprinkled into the waterfall under the abyss, dyeing a large area of the waterfall water red.

"Hahaha! Finally dead!"

The man in black suddenly laughed ferociously.

"This Emperor Ye was beaten to pieces! The crisis of our eight super families has finally been completely resolved!"

At this moment, the other men in black came over one after another. Looking at the blood and broken bones of the waterfall, they couldn't help but laugh out loud, and their tone was extremely cheerful.

After chasing him for so long, he finally got that kid killed!

"Let's go back!"

"You can have a good celebration!"

At this moment, eight men in black left this cliff one after another.

They knew very well that Emperor Ye's death would definitely shake the entire divine capital, and even the entire spiritual world.

But so what?

As long as they dare to cause hidden dangers and threats to their eight super families, they must be eliminated.

After so many years, the eight of them have joined forces and secretly eliminated many people.

This time, this Emperor Ye, this eternal genius, is no exception!

...

The eight strongest men left.

But what they probably never expected at this time was.

\u003c

br\u003e The pool of blood that was beaten into blood mist and broken bones quickly condensed together in the rapid stream of the waterfall.

"The talent of the Sea of Blood Demon can indeed be concealed from the sky. As long as I have a drop of blood, I can turn it into a sea of blood again and condense my body..."

At this time, accompanied by a low and hoarse sneer, a sea of blood formed, and Ye Feng's body regrouped.

This is the super talent of the Blood Demon Sea!

It is the magical talent of the blood demon clan among the dark alien races!

The sea of blood never dries up, the body never dies, and the soul never dies!

But Ye Feng suffered extremely serious and terrible injuries after all.

At this time, he felt that the power in his body was drying up, and his spirit and soul were also extremely dry.

He could only let the rushing water of the waterfall push his body towards the abyss...

I don't know how long it took.

Ye Feng felt something biting his body.

He struggled to open his eyes, and saw a huge thing shaking in front of his eyes.

This is an Ice Scorpion King that is more than ten feet tall, with a ferocious scorpion tail stinger, and its whole body is covered with dense scales like ice cubes.

At this time, the Ice Scorpion King, whose ferocious scorpion mouth was filled with poisonous silver teeth, was biting his own body.

But Ye Feng smiled. How could a small ice scorpion bite his own heavenly body?

"Snapped!"

Ye Feng slapped him away casually.

Although his strength was exhausted, the strength of his body alone was already terrifying.

"boom!"

The small slap seemed to contain boundless power, and it flew the ice scorpion away and hit the cliff wall in the distance.

"Bang!"

The vicious Ice Scorpion King was knocked to pieces, fainted and fell to the ground.

At this time, Ye Feng looked around and found that he was lying in a very quiet forest.

"Crash..."

In the distance there was the sound of a violent waterfall.

"It seems that this is the area under the big waterfall..."

Ye Feng murmured and wanted to get up.

But then his eyes suddenly changed, and he couldn't feel his legs anymore.

"What?"

Ye Feng immediately touched his legs and found that he really had no feeling at all!

"It seems that although the talent of the Sea of Blood Demon allowed me to reshape my body, my legs seem to have not recovered yet. In other words, I am now a cripple..."

Ye Feng suddenly felt a little stunned.

Then he could only shake his head helplessly.

Being able to survive under the hands of the strongest of those eight super families is already a blessing among misfortunes.

"I don't know where this is? The eight super families! When I return to the capital of God, I will make you pay the price! You all thought I was dead, right... Hehe, I'm not dead!"

Ye Feng murmured, his eyes filled with terrifying murderous intent.

At this time, his legs had no feeling, which was equivalent to being disabled. He could only use his hands to support the ground and "walk" towards the distance. He wanted to see if there was anyone nearby who could help him. Also, here is where? Are you still in the Nineteen States region of the human race?

"Chief! The Ice Scorpion King is in the deepest part of this forest!"

Suddenly, a very old-sounding man's voice came from not far away.

And at the next moment, a heroic-sounding female voice rang out: "Everyone, please pay attention later! The Ice Scorpion King is the most terrifying monster king in this area! Moreover, this vicious beast is covered with blood everywhere. It's extremely poisonous! Although we are a brave and capable group of wild hunters, we must be careful!"

Chapter 1254 Savage Hunter Group

Swish, swish, swish!

Swish, swish, swish!

And at the moment when those sounds came down.

Ye Feng immediately saw that a group of people walked in cautiously outside the jungle in the distance.

There were a total of more than a dozen people, and most of them were in the lower immortal realm with their martial arts cultivation auras.

Only the woman in the lead had a cultivation aura that fluctuated in the upper immortal realm. In this wild area, she was already a very powerful master.

"Wild Hunter Group?"

At this time, Ye Feng recalled what the woman said before, and he immediately understood.

This powerful small team is probably a wilderness hunter who specializes in hunting monsters in this wild area and makes a living from it.

"Huh? Why is there no movement from the Ice Poison Scorpion King?"

At this time, the heroic woman in the lead, who looked a little wild and beautiful, was puzzled at this time.

This woman, who can become the leader of the entire Wild Hunter Group, can be seen that her strength and ability are extremely powerful.

"Leader, look! There is a young man lying on the ground!"

"There is no spiritual fluctuation on his body, could he be a mortal?"

"How is it possible? How can a mortal enter the depths of this wilderness?"

At this moment, the members of the Wilderness Hunter Group spoke out.

Obviously, they all noticed Ye Feng lying on the ground.

After all, Ye Feng was right in front of everyone at this time, and no matter how bad their eyesight was, they could see him at a glance.

Swish!

The leader of this Wilderness Hunter Group, that heroic woman, flashed in front of Ye Feng in an instant, looked at Ye Feng lying on the ground, and said: "Hello, my name is Liu Piao Xu, the leader of this hunter group, may I ask, has the young man seen a huge ice poisonous scorpion around here?"

Although there was no fluctuation of any cultivation aura on Ye Feng's body, this young man seemed to be very extraordinary. Even though Liu Piao Xu was the leader of the hunter group and a top master of the upper fairy realm, she did not look down on him casually.

Ye Feng stared at the woman in front of him and said with a smile:

"I saw the ice poisonous scorpion."

"What? You really saw it?"

At this time, a dozen members of the hunter group, including the leader Liu Piao Xu, all showed joy in their eyes.

A burly and tall bald man came over, holding a two-meter-long black iron broadsword in his hand, grinning and said: "Boy, you'd better not lie to us. We are not good people in the wild hunter group. We can teach you a painful lesson at any time."

Ye Feng shrugged and said: "Why would I lie to you? I still need you to take me out of this wild area. The ice poisonous scorpion is under the cliff not far away."

Swish! Swish! Swish!

At this moment when Ye Feng's voice fell, a group of members of the wild hunter group looked towards the bottom of the cliff.

"It's really there!"

In the sight of everyone, a huge ice poisonous scorpion immediately appeared, lying under the cliff not far away, with a ferocious and vicious scorpion body, motionless.

"Shua!"

In the hunter group, a ghostly skinny old man in black flashed over, checked, and then looked at everyone and said: "It's still breathing. The Ice Poison Scorpion King is not dead yet, but just fainted. It seems that it has suffered a huge blow."

At this time, the skinny old man in black carefully checked and suddenly found that there was a small human palm print on the steel body of the Ice Poison Scorpion King, which was deeply imprinted on the body.

"It seems that a master of our human race slapped the Ice Poison Scorpion King!"

The skinny old man expressed his guess.

"What?"

"This Ice Poison Scorpion King is a wild beast overlord at the level of the Great Perfection Immortal Realm, and it is an ancient relic with terrifying combat power, almost comparable to the super strong man in the Void God Realm. At this time, he was slapped away by someone? And fainted?"

At this moment, the eyes of the members of the Wild Hunter Group showed

deep shock.

The skinny old man looked a little excited, looking at Ye Feng lying on the ground, and asked hurriedly: "My friend, did you see which senior of our human race took action? Was it Senior Jin Yu?"

Ye Feng shook his head and said: "I don't know, I didn't see it."

Ye Feng would naturally not say that he killed the Ice Poison Scorpion King.

Because he was too lazy to be noticed by this group of wild hunters.

His only purpose was to follow this group of hunters to leave this wild land, and then find a place to buy a panacea, first restore his strength, and then leave directly.

So at this time Ye Feng said: "I have already told you the location of the Ice Poison Scorpion King. You can take me away now."

"Okay, okay!"

The bald man who had been ferocious to Ye Feng before laughed and said: "This time our hunter group is so lucky! If we hadn't met you, brother, and if you hadn't told us the location of the Ice Poison Scorpion King, we might have missed this beast that fainted and lost a lot of money."

As they said that, a group of hunter group members happily dismembered the Ice Poison Scorpion King and put all the valuable materials into their storage rings.

At this time, the leader of the hunter group, the cold and arrogant woman who looked full of wild beauty, seemed to be called Liu Piao Xu. At this time, her eyes were filled with an inexplicable color, staring at Ye Feng who was lying on the ground with a calm face.

Ye Feng always gives Liu Piao Xu a sense of mystery that cannot be seen through.

At this time Liu Piao Xu asked aloud: "I don't know what to call the young master?"

Ye Feng said: "Ye Emperor."

"Emperor Ye?"

Liu Piao Xu searched her memory carefully, but found that she had never heard of this name.

"Maybe this is really an ordinary boy who happened to be passing by..."

Liu Piao Xu thought secretly in her heart, and then said: "Master Ye Di, there seems to be something wrong with your legs and you can't walk?"

Ye Feng nodded, with a look of helplessness in his eyes, and said: "I was practicing in the depths of the wilderness and encountered some crises, which seriously damaged me. I no longer have any feeling in my legs."

Liu Piao Xu smiled and said: "My sister Liu Qingqing is a pharmacist. I can ask her to take a look at it for you."

Ye Feng immediately smiled and said: "Medicine Master? That's great, what a beautiful girl."

"Miss Piao Xu?"

Liu Piao Xu's beautiful eyes were surprised, this title gave her an inexplicable feeling.

Because no one has ever called her that since she was a child.

At this time, Ye Feng had a hint of surprise on his face.

Unexpectedly, there was a doctor in this small group of hunters.

Physicians, in a sense, are more precious than alchemists.

Physicians are born with the gift of healing and can treat the injuries of various warriors.

At this time, Liu Piao Xu looked in a certain direction not far away and shouted: "Qingqing, a young master here is injured. Come and take a look."

Uh-huh!

A very cute-looking girl in green clothes popped her little head out of the jungle not far away, and said with a smile: "Sister, I know, you ask the young man to wait, I will first collect all the elixirs and fruits nearby. Come back after picking them all."

"This child..."

Liu Piao Xu glanced at Ye Feng apologetically and said, "Please don't take offense, Mr. Ye. My sister is too naughty. As a sister, I can't order her. She is born with the ability to sense all kinds of things in the wilderness." She grows rare and rare fruits, so every time our hunter group goes hunting, she follows us, and every time we harvest a lot, we can find many natural and earthly treasures."

Ye Feng's eyes moved and he couldn't help but say: "Miss Piao Xu, your sister is really talented. She must have some kind of ancient physique. This is an innate medical qualification.

"yes."

At this time, Liu Piao Xu, the usually majestic leader of the hunter group, looked at Liu Qingqing's petite and cute figure in the jungle not far away, who was quickly collecting and picking rare fruits, with tenderness in his eyes. .

Chapter 1255 Heavenly Chasm

This group of wild hunters was very fast and very skilled. In just half a day, they picked up the huge Ice Poisonous Scorpion King.

As long as there are valuable things, they are all picked and put into the storage ring.

Ye Feng didn't have much interest in the cold ice poisonous scorpion.

With his current level of cultivation, this ice-poisonous scorpion would be of no use to him at all.

But at night, one of the members of the hunter group grilled a huge ball of scorpion meat, and the smell of it filled his nostrils, giving Ye Feng a satisfying meal.

And this member with extremely good cooking skills is Liu Qingqing, the lovely sister of the leader Liu Piao Xu.

It was night, everyone had eaten and drank, and was preparing to camp temporarily in this dense forest for one night.

Many members of the hunter group came over to toast Ye Feng, thinking that Ye Feng was a lucky star.

This ice-poisonous scorpion king is enough to make this small group of wild hunters rich.

As the leader, Liu Piao Xu also thanked Ye Feng.

It has to be said that although Liu Piao Xu is a woman, she has a very strong drinking capacity.

"If Mr. Ye is a peerless master, maybe you can become a martial arts partner with our leader." The drunken bald man in the hunter group said at this time.

"Snapped."

But he was quickly taught a lesson by Liu Piao Xu, who slapped him away and broke many big trees.

But the bald man was not injured. Instead, he stood up drunkenly in the ruins of the earth, stumbled back to the hunting group's camp, lay down directly on the ground, and began to sleep soundly.

"Hahaha!"

Everyone couldn't help laughing when they saw this scene.

Ye Feng was lying in the camp, drinking and eating roasted and fragrant scorpion meat. Looking at the scene in front of him, he felt extremely peaceful.

The members of this group of wild hunters are all not bad-hearted and very generous. They do not think that Ye Feng is of any use because Ye Feng is a cripple. Instead, they think that Ye Feng is a lucky star and have to let him go. Ye Feng himself felt a little surprised.

At this moment, Liu Qingqing, a cute girl, walked up to Ye Feng.

She squatted down slightly, stared at Ye Feng and said with a smile: "Brother Ye Di, my sister asked me to help you check the injuries on your legs."

Ye Feng immediately said: "Thank you."

"Uh-huh."

Liu Qingqing saw that the entire hunter group was so happy, all because of Ye Feng, so this little girl also had a high impression of Ye Feng.

At this time, she stretched out her small hands and pressed them on Ye Feng's legs.

"Buzz!"

At this time, you can see that a green light slowly appears in the hands of the little girl Liu Qingqing.

This green light gives people a very sacred feeling, full of life.

At this time, Ye Feng immediately felt that his legs, which were originally unconscious, felt a warm feeling.

Liu Qingqing asked: "Brother Ye Di, how do you feel now?"

Ye Feng said: "My legs feel very warm, like bathing in a hot spring."

When Liu Qingqing heard this, her little beautiful eyes suddenly showed a hint of joy and said:
"Then it seems that Ye

Brother Di's legs are only temporarily unconscious. As long as he takes a good rest, there shouldn't be any major problems. "

At this time, Liu Qingqing said, but her little hands did not leave Ye Feng's legs, and continued to inject the green vitality into Ye Feng's legs.

Ye Feng's eyes showed deep surprise. He didn't expect that this little girl who looked ordinary could actually have such miraculous healing abilities.

"That seems to be a very advanced power..."

Ye Feng stared at the green light emanating from Liu Qingqing's hand and murmured secretly in his heart.

"How are you feeling, Mr. Ye?"

At this time, Liu Piao Xu came over from not far away and asked with a hint of concern in her eyes.

Liu Qingqing immediately said with a smile: "Sister, don't worry, there is not much problem with brother Ye Di's legs. He is just temporarily unconscious. After I use the essence of plants and trees to treat him for a period of time, he should be able to recover. By then You can walk again."

At this time, Ye Feng looked at Liu Piao Xu with a smile and said: "Miss Piao Xu, I really want to thank you and your lovely sister this time, otherwise I might really get lost in this wild wilderness this time. "

Liu Piao Xu immediately smiled charmingly and said: "Young Master Ye, you're welcome. If we hadn't pointed out the location of the Ice Poison Scorpion King this time, we might have missed such a huge fortune. We should help you. By the way, I wonder where Mr. Ye came from? Why did he end up living in this wilderness with his legs disabled? "

Ye Feng was silent for a moment, and then Liu Piao Xu seemed to see something, and immediately said: "Young Master Ye doesn't want to say, I won't ask further, I'm just curious."

Ye Feng nodded, changed the subject, and said: "By the way, I still don't know where the area I am living in is located? Is this still within the scope of the nineteen states of the human race?"

Liu Piao Xu was immediately a little surprised and said: "Did Mr. Ye come from the prosperous land of our Nineteen Prefectures of the Human Race? No wonder Mr. Ye looks so extraordinary. Our place is very far away from the Nineteen Prefectures of the Human Race. It's almost spiritual." It is the very edge of the world. It is said that the natural chasm that separates our spiritual world from the western continent is in the depths of this endless wilderness."

"What?"

Ye Feng's eyes were startled and he said: "This is already the edge of the spiritual world. It is even the natural chasm that separates the legendary Western Continent. Is it nearby?"

The little girl Liu Qingqing said with a smile: "Brother Ye Di, you don't really believe that there is a Western Continent in this world. I always thought it was a legend."

Liu Piao Xu stared at her sister at this time, and said with a helpless smile: "Qingqing, the Western Continent really exists, but our cultivation is simply not enough to get close to and find where the legendary chasm is. "

Ye Feng was a little surprised at this time. He didn't expect that he would be chased by the strongest men of the eight super families. In a few months, he had almost reached the end of the spiritual world and arrived at the border with the Western Continent!

At this time, the little girl Liu Qingqing suddenly stared at Ye Feng, with curiosity in her little eyes, and said: "Brother Ye Di, you don't have the slightest fluctuation of martial arts cultivation in your body, but you are able to enter such a In the deep wilderness, are you a disciple of the nearby super powerful Tianhun Temple, a soul master? "

"Tianhun Palace?"

Ye Feng was suddenly startled, stared at Liu Qingqing, and said: "What did you say? The Heavenly Soul Palace is near here?" This group of wild hunters was very fast and very skilled. In just half a day, Within a few seconds, the huge Ice Poison Scorpion King was picked.

As long as there are valuable things, they are all picked and put into the storage ring.

Ye Feng didn't have much interest in the cold ice poisonous scorpion.

With his current level of cultivation, this ice-poisonous scorpion would be of no use to him at all.

But at night, one of the members of the hunter group grilled a huge ball of scorpion meat, and the smell of it filled his nostrils, giving Ye Feng a satisfying meal.

And this member with extremely good cooking skills is Liu Qingqing, the lovely sister of the leader Liu Piauxu.

It was night, everyone had eaten and drank, and was preparing to camp temporarily in this dense forest for one night.

Many members of the hunter group came over to toast Ye Feng, thinking that Ye Feng was a lucky star.

This ice-poisonous scorpion king is enough to make this small group of wild hunters rich.

"

"Tianhun Palace?"

Ye Feng's eyes were suddenly startled, he stared at Liu Qingqing and said, "What did you say? Is the Heavenly Soul Palace nearby?"

Chapter 1256: Evil Valley

Seeing Ye Feng's sudden mood swings, Liu Qingqing couldn't help but be very surprised and said: "Yes, the Tianhun Palace is nearby. It is a very ancient super power in our wild area, and all the disciples in it are The mysterious soul master is very noble."

Liu Piao Xu stared at Ye Feng with her beautiful eyes at this time, and couldn't help but smile and said: "It seems that Mr. Ye is from a big force in the land of Nineteen States, otherwise it would be impossible to be so knowledgeable, even a big force in such a remote place in our wilderness area Everyone in Tianhun Palace understands."

Hearing this, Ye Feng just shook his head and said: "Erudition aside, the Heavenly Soul Palace is still very famous in the center of the Nineteen States. Everyone knows that in our spiritual world, there is a very powerful soul master force called Tianhun Palace."

At this time, Ye Feng said, staring at Liu Piao Xu in front of him, and said: "Miss Piao Xu, when we get out of this wild jungle, I hope that Miss Piao Xu can guide me the way, I need to go to Tianhun temple."

Liu Piao Xu's beautiful eyes flashed, and then she didn't ask any more questions, but nodded and said: "Okay."

In the next few days, the entire hunter team encountered no danger. They successfully walked out of the wild jungle and arrived at a vast wilderness full of deep water and swamps.

After Liu Qingqing's green energy treatment in the past few days, Ye Feng's legs have gradually been able to move.

However, the injury was too serious and Ye Feng could not walk alone for the time being.

Every time he walks, the little girl Liu Qingqing needs to be supported by his side.

Liu Qingqing often curled her lips and said, "Brother Ye Di, when we return to the Valley of the Wicked, you have to buy some good things to reward me. I have been worried about you during this time."

The Valley of the Wicked is a place where hunters live in this wild area. All the people living in it are wandering hunter groups.

Ye Feng glanced at Liu Qingqing, who was supporting him, and couldn't help but smile and said: "Don't worry, when we get to the Valley of the Wicked, I will take you to buy what you want right away."

Liu Qingqing immediately smiled and said: "Really? Can you really buy anything?"

It can be seen that Liu Piaoxu must be disciplined on weekdays.

My sister is very strict.

At this time, Ye Feng smiled and said: "Of course you can buy anything, as long as you like it."

"Yeah! Great!"

Liu Qingqing was just a little girl. After receiving Ye Feng's assurance, she immediately happily kissed Ye Feng's face.

...

Three days later, the group finally arrived at the Valley of the Wicked.

At this time, Ye Feng was able to walk on his own under Liu Qingqing's treatment.

However, what made Ye Feng's heart sink slightly was that the strength in his body was far from being restored.

But Ye Feng was a little happy that after he recovered from his serious injury, the major tissues of his body, including bones, flesh and blood, meridians, etc., became stronger than before.

"Is this the so-called destruction and then establishment..."

Ye Feng couldn't help but look happy.

"This is where we live, the Valley of the Wicked."

At this time, Liu Piaoxu walked up to Ye Feng and introduced with a smile.

Ye Feng looked not far away and immediately saw a huge canyon, which was extremely wide, standing on the barren land in the distance.

Looking carefully, palaces, pavilions and wooden houses have been built throughout the Valley of the Wicked. People are coming and going, and it is very lively, just like a city in this wilderness.

"I didn't expect that such a remote valley would develop so prosperously."

Ye Feng couldn't help but smile and praise loudly.

He could feel that the auras of all the people living in the huge valley were very powerful, and almost no one was a mortal.

At this time Liu Piaoxu said: "The people living in this valley are basically homeless people without family members.

They came to the Valley of the Evil without restraint, joined various wild hunting groups, became wild hunters, and lived a life of licking blood from the edge of a knife. "

Ye Feng nodded slightly and said: "However, this has also created the prosperity of the Valley of the Wicked. This huge valley is adjacent to the endless wilderness filled with countless natural treasures. Everyone who comes here, as long as they are lucky enough, will eventually be able to get Countless wealth."

Liu Piao Xu said with a smile: "We all have the same goal, which is to accumulate enough wealth and stay away from this wandering life. I want to take Qingqing and live a stable life."

At this time, Liu Qingqing's cute big eyes looked at her sister beside her, then she looked at Ye Feng, and suddenly said: "Brother Ye Feng, do you have family in the land of Nineteen States?"

Ye Feng smiled slightly, touched Liu Qingqing's little head, and said: "Of course, but I can't reunite with them yet."

Liu Qingqing had an envious look on her little face and said, "Even if we can't reunite for the time being, we still have family."

Ye Feng couldn't help but be a little surprised when he saw Liu Qingqing's sad face.

At this time Liu Piao Xu spoke up and said: "Young Master Ye doesn't know something. Qingqing and I are not biological sisters. We are both orphans and lived together in this Valley of Evil, so we became sisters."

When Ye Feng heard this, he nodded in confusion.

Then he suddenly stretched out his hand, took Liu Qingqing's little hand, and walked towards the gathering place in the Valley of the Wicked. He said with a smile: "Qingqing, don't you want to buy a lot of things? I will take you to buy them."

"Okay! Thank you, brother Ye Di!"

Liu Qingqing was very happy, and the little girl immediately cheered.

Ye Feng's storage spirit ring still contains one billion spirit crystals that Marquis Shenjian gave to him last time, which is enough for Liu Qingqing to buy many, many things.

In addition, Ye Feng entered the Valley of the Evil, a huge gathering place for wilderness hunters, also to see if there was any big chamber of commerce here, and to see if he could buy some injury recovery and

Spiritual healing elixir.

After all, Liu Qingqing was too young and her cultivation was relatively weak. She could only make Ye Feng's legs move again, but it was unable to restore Ye Feng's strength.

Fortunately, Ye Feng found that his soul power was extremely sufficient, and his body was powerful. He was not afraid at all when walking in the Valley of the Wicked.

For a whole afternoon, Ye Feng greatly satisfied the shopping desire of the little girl Liu Qingqing.

He also gained something, purchasing three pseudo-god-level Shiquan Dabu Dan, which was of great help in restoring the strength of his body.

In the evening, Ye Feng took Liu Qingqing back to Liu Piao Xu's hunting group's residence and stayed temporarily.

Late at night, Ye Feng swallowed three Shiquan Dabu Dan, and he immediately felt a huge increase in the energy and blood in his body.

But compared with Ye Feng's vast source of Qi and blood, it is ultimately a drop in the bucket.

Three Shiquan Dabu Dan is completely insufficient for Ye Feng's bottomless pit.

At this time, Ye Feng looked inside the creation oven space in his body.

He saw that the ten silver dragons he had obtained from the ancient war base were still floating in the furnace space like great steel walls, cold and vigorous, unable to be refined.

At this time, Ye Feng also saw Emperor Styx who was practicing silently in the world of the Big Oven, with a look of surprise in his eyes.

He discovered that Emperor Styx had actually achieved a breakthrough in cultivation, and had broken through from the realm of the upper immortal to the realm of the Great Perfection.

This kind of cultivation is nothing to today's Ye Feng.

Ye Feng finally spoke up at this time: "Emperor Styx, you can come out now, but you need to do me a favor and help me regain my strength."

Emperor Styx heard the voice, his eyes suddenly moved, he looked up at the melting pot world, and said: "You finally spoke again! Okay! If you let me out, I will transfer half of the energy in my body to you , to help you recover."

Chapter 1257 The Savage God Dynasty

Emperor Styx was finally released by Ye Feng.

A tall figure wearing black armor jumped out of the oven of creation and stood in front of Ye Feng.

Emperor Styx has no hatred towards Ye Feng.

Although Ye Feng had trapped him in the oven of creation for so long.

But Emperor Styx knew that if Ye Feng hadn't saved his life back then, he would have been killed by Leng Qingqiu, the master of Qingzhou Palace.

At this time, Ye Feng stared at Emperor Styx in front of him, with some complicated emotions in his heart.

Emperor Styx was the legendary figure that Ye Feng heard about most when he was practicing in Longyuan Continent.

At the same time, Emperor Styx was still the master of the old demon dragon Shang.

In addition, the torrent of the times created by Emperor Styx once bloomed with great brilliance in the hands of Ye Feng.

At this time, Emperor Styx stood in front of Ye Feng. Seeing that the person in front of him was so young, he looked surprised and said, "I didn't expect you to be so young."

Ye Feng smiled and said, "You don't hate me for imprisoning you for so long?"

Emperor Styx shook his head and said: "If you hadn't saved my life at that time, I would have been killed by Leng Qingqiu. Before, you said that you were also from Longyuan Continent and from the same hometown as me, so you must have heard of me. "

Ye Feng nodded and said, "Shang and I were good friends."

"Sad?"

Emperor Styx's eyes moved, and then he suddenly smiled and said: "How is this little dragon doing now?"

Ye Feng said: "Now in the demon world, it said that it wanted to find the body of an ancient demon clan, so it stayed in the demon world at that time. However, with Shang's wisdom and ability, it will definitely not do badly. "

Emperor Styx nodded, and then said: "Anyway, thank you, what is your name?"

Ye Feng said: "Ye Feng."

Emperor Styx said: "Ye Feng? From now on, you can just call me Styx."

Ye Feng

He said: "Anyway, I decided to let you out this time, and I have no intention of imprisoning you again. After all, you and I have no grievances. This time I need your help to restore my strength."

Emperor Styx nodded, glanced at Ye Feng's entire body, and then said in surprise: "What happened to you? Why is your body so dry?"

Ye Feng's eyes showed cold murderous intent and said: "Because I shined in the Nineteen States Divine Capital, I was jointly hunted down by the eight super families."

"Eight super families?"

Emperor Styx couldn't help but snorted coldly when he heard this, and said: "That's what those high-ranking big families are like. They will never let so-called country people like us who were born with mud legs rise. In order to consolidate their hegemony, they use outstanding people to Children from poor families will be secretly strangled by them before they grow up. I went through all kinds of hardships, crossed the endless ocean from Longyuan Continent, suffered all the hardships, and came to the land of the nineteen states of the human race in the spiritual world. I created a large sect. It's a pity that before he could achieve great success, he was already killed by the powerful forces in the city of God."

At this time, Emperor Styx spoke, his tone full of coldness and resentment towards the divine capital that now rules the entire spiritual world.

Ye Feng nodded slightly, and then said: "No matter what, please help me regain my strength first. You have now been promoted to the Dzogchen Immortal Realm. I know that you are different from others. You and I are the same kind of people. You are a peerless genius, and in a certain sense, you have created the torrent of the times on your own, and you are more talented than me, so if you help me restore my strength, it should be very fast, and your strength should be very powerful."

At this time, Emperor Styx nodded, directly pressed his hands on Ye Feng's back, and began to transmit power.

In the following days, Emperor Styx would help Ye Feng regain his strength every day.

Sisters Liu Piaoxu and Liu Qingqing saw Ye Feng's residence and appeared again.

A strange young man wearing black gold armor. Although he was curious, he didn't ask any more questions.

They just brought Ye Feng a map to the Heavenly Soul Palace.

In the early morning of the third day, Ye Feng finally recovered nearly half of his strength with the help of Emperor Styx for several days.

And Emperor Styx has also consumed a lot in the past few days, and his face has turned a lot pale.

Although Ye Feng had heard his future body say not to trust Emperor Styx, his future body did not say that Emperor Styx must be his enemy.

"You don't have to help me regain my strength anymore. You have a good rest. We will set off to the Heavenly Soul Palace in a few days."

In the room, Ye Feng spoke to Emperor Styx.

And suddenly at this time.

Emperor Styx seemed to have sensed something, and said suddenly: "In this Valley of Evil, a group of powerful people from the Dzogchen Immortal Realm, False God Realm, and even the God Realm have descended."

"What?"

Ye Feng's eyes moved and he immediately exuded his soul power.

Buzz!

At this moment, he also sensed a very powerful aura coming to the Valley of the Wicked.

Originally, the most powerful wilderness hunters in the Valley of the Wicked were only in the realm of higher immortals.

But now there are so many new and powerful aura fluctuations coming all at once, making Ye Feng and Emperor Styx flash a look of surprise in their eyes, wondering what happened.

"Dong dong dong..."

At this time, suddenly the door of the room rang.

"come in."

Ye Feng said.

"Squeak!"

Along with the sound of pushing the door, Liu Piao Xu's figure appeared.

The leader of the hunter group's beautiful eyes were filled with deep solemnity and seriousness at this time.

Looking at Ye Feng, he said: "A group of powerful super masters have come to the Valley of Evil. Because in the depths of the wilderness not far from our Valley of Evil, the ground collapsed, revealing the ruins of an ancient palace, which seemed to be the legendary 'Wild God'." The underground ruins of the 'Barbarian God Dynasty' founded by the emperor."

"Wild God Emperor? Wild God Dynasty?"

Ye Feng's eyes were startled and he said: "Has a person of the level of a God-Emperor ever been born in this wild area?"

Liu Piao Xu nodded, with a trace of admiration in his eyes, and said: "That was hundreds of thousands of years ago. In this barbaric area, a powerful cultivation civilization was indeed born. It was a barbaric civilization created by the Barbaric God Emperor. The Divine Dynasty was very powerful, but unfortunately for some unknown reason, it suddenly collapsed tens of thousands of years ago and disappeared from this land. Unexpectedly, someone has discovered the underground ruins of the Wild Divine Dynasty in the wilderness. "

Ye Feng asked: "How many masters have come to the Valley of Evil outside this time?"

Liu Piao Xu said: "There are several super powerful forces in our wild land, and they have all come to the strong. Currently, there are strong men from the Great Desolation Sect, strong men from the

Everlasting Hatred Demon Sect, and master soul masters from the Heavenly Soul Palace. , and there is even a group of strong men who seem to be from the cultivation force in the Western Continent. That cultivation force is called the 'Fahuang Palace'. The masters of the Fahuang Palace practice the power of the elements of heaven and earth. They can instantly activate the elements of heaven and earth and release them. The methods of natural disaster flames, polar ice, world-destroying thunder, etc. are even more magical than the methods of the soul masters of the Heavenly Soul Palace."

Ye Feng and Emperor Styx looked at each other at this time, and both saw a trace of fiery color in each other's eyes.

To be able to bring so many powerful masters from super powerful forces to come one after another, the ruins of the underground palace of the Savage God Dynasty created by the Savage God Emperor in the wilderness definitely hide huge opportunities.

"Perhaps this is an opportunity for me to achieve the realm of God!"

Ye Feng murmured in his heart, then immediately looked at Liu Piao Xu not far away, and said: "I have decided not to leave the Valley of the Wicked for the time being. The relics of an ancient divine dynasty are really exciting."

Chapter 1258 Extreme Chaos Flower

In the following days, Ye Feng did not leave, but chose to stay in the Valley of the Wicked to see the situation.

As time goes by, more and more powerful masters come to the Valley of the Wicked.

Mainly from the four super powers in this area, they are the Tianhun Palace, the Great Wilderness Sect, the Demon Sect of Everlasting Hatred, and the Emperor's Palace from the western continent on the other side of the natural chasm.

At this time, Ye Feng walked out of the room and immediately saw many figures with powerful auras standing in the Valley of the Evil Ones, seemingly waiting for something.

Emperor Styx, wearing a black gold armor, walked up to Ye Feng and said: "It is estimated that the ancient ruins of the Savage God Dynasty in the wilderness have not yet been opened. These people are waiting in the Valley of the Wicked. Maybe now that What dangers are there in the wilderness?"??

Ye Feng nodded slightly and said: "No matter what, we can just follow these powerful people. Whenever they enter the underground ruins of the Savage God Dynasty, we will enter."

Emperor Styx nodded, and then asked: "You have only recovered half of your strength. Are you sure you want to risk entering? Among these great forces, in addition to the strongest in the realm of gods, there are also mysterious soul masters, and even There are also elemental masters from the legendary King's Palace in the Western Continent, who can control the power of the elements of heaven and earth at will, which is very powerful. "

Ye Feng's eyes were very determined and he said: "Entering the underground ruins of the Savage God Dynasty is my only chance to regain my full strength. The injuries I suffered this time are really too serious. Ordinary elixirs and elixirs can't be used at all." It will not help my recovery. Besides, the ruins of the ancient divine dynasty may still be the best opportunity for me to achieve the realm of true gods, so I will enter even if it is very risky."

Emperor Styx nodded and said: "I will enter with you. Ye Feng, you are right. The ruins of this ancient divine dynasty must contain unparalleled opportunities. If you can get some great fortune, then It's really a step forward, saving countless hours of hard work."

At this time, Liu Piao Xu, who was not far away, came over, looked at Ye Feng, showed a wry smile and said: "Master Ye, I'm afraid I won't be able to accompany you into the ancient ruins of the wild god dynasty this time. There are so many extremely powerful people." Entering, I think if I enter, I might just be cannon fodder."

Ye Feng smiled slightly and said: "Qingqing is still young, you really shouldn't take risks, and Miss Piao Xu, I advise you to leave this Valley of Evil as soon as possible. As the news of the underground ruins of the ancient Savage God Dynasty spreads, will As more and more powerful people come to the Valley of the Wicked, this place will become very unstable."

Liu Piao Xu's beautiful eyes narrowed slightly, then nodded and said: "Thank you Mr. Ye for the reminder, I will take this girl Qingqing away as soon as possible. The opening of the ruins of the Wild God Dynasty has turned the Valley of the Wicked into a place of right and wrong. We really need to leave as soon as possible."

Speaking of which, this beauty

The female leader of Li's hunter group looked at Ye Feng, smiled sweetly and said: "We will leave tomorrow. Here I wish Mr. Ye to be able to win in the ancient ruins of the divine dynasty and find great opportunities."

...

In the blink of an eye, three days passed again.

This day.

"boom!"

In the deep wilderness area outside the Valley of the Wicked, a huge bright yellow light suddenly lit up.

That bright yellow light beam was very vast and huge, containing unparalleled power. It connected the sky and the earth and penetrated the sky. The scene looked extremely shocking.

"Huh? The protective formation of the ruins of the Divine Dynasty has finally been broken!"

"Finally, we have waited for the darkest day in the world. The darkest power of heaven and earth has caused the protective formation of the ruins of the Divine Dynasty to collapse!"

"Hahaha! The day has finally come. Now there is no more killing power of the guardian formation in the wilderness. Let's move forward!"

"..."

Almost at this moment, many powerful masters from all major forces in the Valley of the Evils showed excitement in their eyes and flew towards the wilderness area.

"Let's catch up quickly!"

At this time, Ye Feng and Emperor Styx also walked out of their residences and immediately followed the group of powerful masters.

Swish, swish, swish!

Swish, swish, swish!

At this moment, many wilderness hunters in the Valley of the Evil who were confident in their own strength also had greedy eyes and followed the crowd towards the vast wilderness.

Those who dare to go to the ruins of an ancient divine dynasty to seize opportunity and fortune are naturally masters among masters.

Therefore, everyone moved very quickly, and in less than half a day, they had reached the depths of the wilderness.

"That is....."

The moment everyone arrived, they were shocked by the scene in front of them.

Not far away, on the vast wasteland, a huge black underground hole appeared. It led to an unknown place. It was pitch black inside and exuded an icy air of ancient vicissitudes.

"An underground world of gods that has been sealed in dust for tens of thousands of years has been opened to us..." Many warriors couldn't help but exclaimed in wonder.

"Whoa! Whoa! Whoa..."

At this time, masters had already jumped into the huge underground black hole one after another.

them

He didn't seem to be worried at all. Under the black hole, there was a more terrifying death crisis.

"That is the relic of an ancient divine dynasty. A terrifying figure like the Savage God Emperor was once born. As long as we get some luck from it and survive, we can immediately grow into an overlord!"

Many warriors had extremely fiery eyes, and they no longer hesitated and jumped directly into the huge and deep underground black hole.

"Click, click..."

At this moment, Ye Feng, who was standing in the crowd, was covered in five-clawed golden dragon scale armor.

There is a five-clawed golden dragon armor guarding him outside, and his body is still the mid-stage Celestial Hegemony, so there shouldn't be any problems.

"Buzz!"

Emperor Styx was also injecting power into the black gold armor he was wearing at this moment. Pieces of hard black gold armor instantly covered his entire body, including his head.

"Let's go!"

The two looked at each other, then jumped directly into the huge and deep black hole, rushing towards the ruins of the Divine Dynasty deep underground.

And almost at the moment the two people jumped in.

Buzz!

A terrifying and violent spatial fluctuation suddenly enveloped their bodies.

"It's a space array!"

"The inside of this black hole is an ancient space teleportation field!"

At this moment, Ye Feng and Emperor Styx both sensed it.

But before the two of them could say anything, Ye Feng already felt dizzy, and then lost consciousness.

"What a powerful space array. I have even a trace of the power of a space gem, but I can't offset that terrifying space dizziness. It is indeed a relic at the level of an ancient divine dynasty!"

At the last moment, Ye Feng only had time to think of this idea, and then his vision and perception became dark.

...

After an unknown amount of time, Ye Feng slowly woke up.

The moment he opened his eyes, he found that he was lying in a very warm spring, surrounded by green mountains and green ridges. He seemed to have arrived in the world of ruins of the barbaric dynasty of gods.

"Click, click..."

Ye Feng retracted the five-clawed golden dragon scale armor, revealing his figure in white clothes Sheng Xue.

Because now Ye Feng's power, with the help of Emperor Styx, has only restored half of his cultivation.

The five-clawed golden dragon scale armor covers the whole body, which requires a lot of energy to maintain.

Now that we have entered the ancient ruins of a barbaric dynasty that seems to be an independent world, it may be full of great dangers. Naturally, we must try our best to keep our skills at the peak state.

After all, this is an ancient ruin at the level of a divine dynasty, and a god-emperor-level existence was once born.

Even if it has perished, or even been sealed in the underground world for tens of thousands of years, one must be extremely careful.

What's more, in this ancient ruins of the divine dynasty, there are many experts and strong men from other big forces who have entered the wilderness area, so they need to be careful.

Ye Feng's heart was full of desire at this time: "The realm of gods! The realm of gods! As long as I can achieve the realm of gods, even if it is only the first level of divine energy realm, my combat power will undergo earth-shaking changes. By then, Not to mention this wild area, even in the entire spiritual world, there aren't many things that I feel afraid of!"

Uh-huh!

Ye Feng looked around and quickly left the initial location where he was teleported.

Because around here, Ye Feng's soul power spread out, and he did not find any treasures of heaven and earth, or ancient and powerful energy fluctuations.

Ye Feng knew very well that there were many masters and strong men who entered the ruins of the divine dynasty this time. He needed to find them quickly, otherwise it would be a big loss if others would take away the good things.

"Roar!"

Suddenly from a certain direction, Ye Feng heard a huge beast roar.

His eyes moved and he immediately jumped in that direction.

Soon Ye Feng arrived at his destination.

He lay on the ground, pushed aside the bushes in front of him, and immediately saw a deep swamp in front of him. A master who seemed to be the Great Desolation Sect was screaming violently.

His legs were bitten off by a green evil dragon in the deep swamp, and the blood dyed the entire water surface red.

"That is?"

At this moment, Ye Feng's eyes were suddenly attracted by a huge flower growing in the middle of the deep water.

The huge flower has nine petals in total. Each petal is a different color. When combined, the whole flower exudes the light of chaos.

"Extreme Chaos Flower!"

Ye Feng immediately searched for information about this flower from his memory. It was a kind of strange flower that grew in the ancient swamps. It could only grow with the energy of chaos.

Ye Feng's eyes suddenly became a little excited, and he couldn't help but murmur to himself: "This extremely spiritual chaos flower is a true god-level treasure that surpasses the pseudo-god level. It contains a trace of chaos. If it is swallowed and refined, it will definitely restore the depleted source of power in my body!"

Chapter 1259 Restoring the state of prosperity

"ah!"

Just when the master of the Great Desolation Sect was howling miserably in the deep water swamp.

Uh-huh!

However, Ye Feng was sneaky, restraining his cultivation aura and life fluctuations, and lurking towards the extremely spiritual chaos flower growing in the deep water swamp.

"Someone is robbing you of your treasures!!"

Suddenly at this time, the Great Desolation Sect master's sharp eyes saw Ye Feng dodging in the distance, and immediately shouted at the green evil dragon in front of him.

Obviously, this master of the Great Wilderness Sect had sinister intentions. He wanted to use Ye Feng to lure away the green evil dragon in order to gain a chance for his own escape.

However, although the green evil dragon is terrifying in strength, it does not seem to have opened its mind and cannot understand human speech at all.

Moreover, the green evil dragon was facing away from Ye Feng at this time, and did not notice that Ye Feng was lurking behind to pick the extremely spiritual chaos flower.

So the green evil dragon looked at the human in front of him and roared, thinking it was provoking him. ??

"Roar!"

The green evil dragon roared instantly, opened its bloody mouth, and with a "puff" sound, it instantly bit the Great Desolate Sect master in front of him in half, killing him instantly.

This master of the Great Desolation Sect probably never expected that his roar did not bring him any hope of life, but instead accelerated his own death.

"Crack!"

At this time, Ye Feng suddenly grabbed the Ji Ling Chaos Flower and pulled it out of the deep water.

"Huh? A stone?"

At this moment, Ye Feng suddenly saw that the roots of the Extreme Chaos Flower that he pulled out were actually wrapped around a palm-sized stone.

This stone is gray and looks very ordinary.

But Ye Feng's soul power was emitted, and he sensed it in an instant. Both the inside and the surface of this stone exuded a kind of terrifying energy that made people palpitate.

"This is the Chaos Stone condensed from the energy of Chaos!"

Ye Feng suddenly understood what this was.

His eyes immediately burst into ecstasy!

The Stone of Chaos is a stone completely condensed from the energy of chaos. It is a supreme treasure!

At this time, Ye Feng finally realized why such an extremely spiritual chaos flower grew in such a deep swamp with a harsh environment.

"It turns out that it is rooted in a Chaos Stone!"

Ye Feng's eyes were full of surprise.

I thought I was lucky enough to find a Extreme Chaos Flower.

But I never expected that the stone wrapped around the roots of the Extremely Spiritual Chaos Flower would be the supreme treasure.

"Roar!!"

And suddenly at this moment, an earth-shattering roar suddenly came from not far away.

It's that green evil dragon!

It finally discovered Ye Feng not far away, and actually pulled away the Extreme Chaos Flower that it had guarded for countless years!

This green evil dragon immediately became extremely furious. It has been waiting here for countless years for this extremely spiritual chaos flower to mature.

.

But today it was picked by someone else!

This naturally makes the green evil dragon extremely angry!

"Roar!"

This overlord beast roared madly. Ye Feng's eyes changed and he immediately struck out with a palm.

"Boom!!"

There was a terrifying roar immediately at the collision point.

"Deng Deng Deng!"

And at the next moment, Ye Feng suddenly took a dozen steps back, and a trace of blood spilled from the corner of his mouth.

At this time, there was nothing wrong with the green evil dragon. It was just knocked back a few meters.

"Are all the creatures born in this world of divine dynasty ruins so terrifying? It is indeed a relic of an ancient divine dynasty!"

Ye Feng was startled, and immediately ran away madly towards the distance with the Extreme Chaos Flower and the Chaos Stone in hand.

His current strength is far from recovered, and his skills cannot support the use of various other powerful methods, so it is safer to escape for the time being.

Uh-huh!

Uh-huh!

Uh-huh!

With the space gem's ability to move in the void, Ye Feng quickly escaped from the pursuit of the green evil dragon.

Although the strength of that evil beast was very terrifying, it did not give birth to the divine will of a human warrior, so it quickly chased Ye Feng.

"Uh-huh!"

At this time, Ye Feng came to an extremely secretive jungle valley, took off the Chaos Stone, and threw it directly into the creation furnace space in his body, allowing the power of the furnace to slowly refine the Chaos Stone.

"Young man, you seem to be injured?"

Suddenly at this moment, an old voice suddenly sounded.

"who?"

Ye Feng's eyes immediately changed and he looked not far away.

Uh-huh!

A ghost-like old man in black suddenly appeared from outside the valley.

The old man stood not far away, staring at the Chaos Flower in Ye Feng's hand with greedy eyes, and said: "Young man, you seem to have paid a high price in order to snatch this natural treasure. You have been seriously injured, and I can feel that the fluctuations in your cultivation aura are very weak. Please hurry up and hand over this Extreme Chaos Flower, and I can consider sparing your life."

"Gulu!"

But the next moment, Ye Feng sneered, and under the dumbfounded gaze of the old man in black, he smashed the Ji Ling Chaos Flower in his hand and swallowed it.

“So delicious.”

Ye Feng said.

"you.....!"

The eyes of the old man in black suddenly became extremely angry, and he showed a sinister smile and said: "Boy, you are really drinking as a penalty instead of toasting! Well, I will kill you! I will refine your whole body into Pill!"

boom!

This old man in black seemed to come from the Demon Sect of Everlasting Hatred, one of the four major forces in the wilderness. As soon as he made a move, boundless demonic energy surged out of his body.

"Dragon Demon Devouring Heaven Technique!"

The old man in black is very powerful. He is a strong man in the False God Realm. At this moment, he roared loudly, and the demonic energy around him suddenly condensed out of his back. A monstrous black dragon soul faced Ye Feng. After opening his mouth and swallowing, the entire sky suddenly became dark, which was very scary.

Ye Feng immediately felt as if he was about to be swallowed by endless darkness.

"Seventh Heaven of the Virtual God Realm? You should have a high status in the Everlasting Hatred Demon Sect and you are a big shot, but in front of me, your cultivation level at the Seventh Heaven of the Virtual God Realm is not enough! Even if I am not at my peak now! You are not enough either You are qualified to snatch my treasure!"

Ye Feng shouted loudly and instantly took out a large bow as black as ink from the storage ring.

It is the divine weapon God-killing Bow!

"Buzz!"

He used his violent energy and suddenly drew the big bow to the full moon state. ??

"boom!"

All the energy from the ten directions of heaven and earth gathered together, and a huge black light arrow condensed on the bow string in Ye Feng's hand.

boom!

The black light arrows had extremely terrifying energy fluctuations and were full of destructive power. They shot out instantly and shattered the dark dragon demon in one fell swoop.

"What?!"

The old man in black not far away suddenly looked shocked and said: "You, a young man who does not belong to the four major forces, is unknown, a humble casual cultivator, how can you have such a terrifying weapon?"

"boom!"

But Ye Feng was too lazy to talk nonsense and directly opened the God-killing Bow again.

"Pfft!"

The black light arrow instantly hit the old man in black in the distance and penetrated the head of the master of the Everlasting Hatred Demon Sect.

"ah!!"

The old man in black howled miserably and instantly fell to the ground dead.

"call!"

At this time, Ye Feng let out a long breath and used the God-killing Bow to consume his huge power.

"It seems that it needs to be restored to its full glory in time! Otherwise, it will be too dangerous in this ancient ruins of the Divine Dynasty, and there will be too many masters!"

Ye Feng quickly walked to the place where the old man in black was killed, and directly released the devouring domain, swallowing up all the demonic energy of the master of the Everlasting Hatred Demon Sect.

Then Ye Feng inspected the storage spirit ring of the old man in black. What made him happy was that the old man in black had a high status in the Demon Sect of Everlasting Hatred. There were various kinds of things stored in the storage spirit ring. Advanced healing elixir.

It seemed that the old man in black was fully prepared to enter the ruins of the Divine Dynasty to hunt for treasure this time, and he carried various high-level healing elixirs with him.

But now, these healing elixirs have all become Ye Feng's property.

I'm afraid the old man in black never thought that he would die so quickly, and that he would die at the hands of an ordinary-looking young man.

In the next few days, Ye Feng did not venture out.

Instead, stay in this hidden valley for retreat.

He absorbed the medicinal power of the Extreme Chaos Flower, coupled with the various healing elixirs in the storage ring of the old man in black, and finally recovered all the injuries in his body!

"Finally recovered!"

Boom!

In the early morning of this day, as the whole valley collapsed, Ye Feng walked out of the ruins of the valley with a billowing momentum.

His eyes were shining brightly, and his whole body was filled with endless hegemonic power again.

"I hope that these ancient ruins of the ancient savage dynasty of gods can help me accumulate enough energy to break through to the true realm of gods!"

Ye Feng murmured and quickly left the valley and walked deeper into the ancient ruins.

On the way, Ye Feng encountered many other crises, including the ancient killing array that suddenly showed its power, the nine-headed serpent beast roaring in the quagmire, and life-defeating places, poisonous places, flaming earth, etc. .

But Ye Feng has now returned to his prime, possessing the Dzogchen cultivation level of the tenth level of the Virtual God Realm, and his combat power is comparable to the peak existence of the first level of the Divine Qi Realm of the God Realm. There are basically no dangers along the way.

But what makes Ye Feng a little anxious is that although he has experienced many dangers, he has not found many rare treasures or ancient treasures that can accumulate energy.

"Do we really have to go to the end of the ancient ruins of this divine dynasty to find the treasure?"

Ye Feng did not believe in evil and accelerated his speed. After half a month, he actually reached the end of the ancient ruins.

But what came into view was a heart-stopping land of thousands of burials.

At this time, on a piece of pitch-black magic soil not far from Ye Feng, huge tombs appeared one after another, as well as various skeletons, dilapidated sculptures, etc., all standing on that piece of magic soil, making people look... I felt cold in my heart and felt extremely scared.

However, Ye Feng's eyes were filled with joy at this time. This place seemed to be the place where the strong men were buried after the fall of the Savage God Dynasty.

There may be countless treasures buried inside, and if there are ancient powerful men with immortal bodies, devouring their ancient skills can also give Ye Feng a huge improvement.

"Huh? Is there anyone?"

But at this moment, Ye Feng saw a group of people standing outside the demon soil cemetery, discussing something with each other.

Ye Feng walked over, and the group of people immediately stared at Ye Feng.

These people were all wearing soul master robes and were obviously masters in the Heavenly Soul Palace.

At this time, a master from the Tianhun Palace stared at Ye Feng, and suddenly a sinister smile appeared in his eyes, saying: "I was worried that no one would help us explore the road as cannon fodder in front, and a boy happened to come. Great, Let's catch this kid and ask him to help us explore the path in this ancient demon soil tomb. If there is any terrible danger, he will be the first to bear it, hahaha, great!"

With that said, the Heavenly Soul Palace master immediately stretched out his hand towards Ye Feng and grabbed it.

Chapter 1260 Two Most Powerful Men

"Pfft!"

A sword light suddenly flashed in the void, and the palm of the captured Tianhun Palace disciple was immediately cut off, and blood burst out.

"ah!"

This Tianhun Palace disciple immediately howled miserably.

He couldn't believe it and roared angrily at the ordinary-looking boy not far away: "How dare you attack me? You know that I come from the Heavenly Soul Palace and am an extremely noble being...ah!"

However, before the Tianhun Palace disciple could finish his words, his head had been severed and he died instantly on the spot.

At this time, Ye Feng was holding the blood-stained Heavenly Tribulation Sword in his hand, with a hint of sneer in his eyes, and said: "There is so much nonsense. Do you really think that you are a superior emperor? Can you issue orders to people casually?"

At this time, several other Tianhun Palace disciples who were watching not far away had angry eyes and shouted angrily: "Boy! You are too presumptuous!"

"boom!"

"boom!"

Almost at this moment, these disciples of the Heavenly Soul Palace took action one after another, displaying mysterious soul master methods.

"Hehehe, boy, although you are a master at the False God Realm, our soul technique can definitely make your soul perish and die instantly!"

At this time, the three Heavenly Soul Palace masters all sneered.

"Light of Thunder!"

"Burn in flames!"

"Poisonous Soul Sting!"

At this moment, the three Heavenly Soul Palace masters launched their powerful soul attack techniques one after another.

If an ordinary False God Realm warrior is besieged by three mysterious and unpredictable soul masters from the Heavenly Soul Palace, his true soul may be wiped out in an instant.

But Ye Feng roared angrily at this moment: "Kill them all!"

boom!

An extremely terrifying soul storm was suddenly released in his brain.

It is the power of the Soul Emperor Seal!

"Rumble..."

The terrifying soul storm blasted out all at once, invisibly and instantly tearing apart the soul attacks of the three Heavenly Soul Palace masters.

"What?!"

"You, a warrior, can actually use soul attacks?"

"You are a peerless evildoer who is a fellow Hunwu practitioner? How could you appear in this remote and wild area!"

At this moment, the three Heavenly Soul Palace masters suddenly showed deep fear in their eyes.

They never thought that the ordinary-looking boy in front of them would turn out to be a super genius who is a fellow soul martial artist!

"ah!"

"ah!"

"ah!"

Along with three miserable howls, the souls of the remaining three Heavenly Soul Palace masters were all torn apart by the soul power storm of the Soul Emperor Seal released by Li Yefeng, and all of them bled to death.

"It seems that my current soul power level is considered to be among the masters even in the Heavenly Soul Palace. Otherwise, these three people would not have been killed by my Soul Emperor Seal so easily..."

Ye Feng murmured, then grabbed both hands and swallowed up all the soul power of the four dead Heavenly Soul Palace masters.

Now with the improvement of his cultivation level, Ye Feng's Devouring Domain can even swallow soul power.

"Buzz!"

At this moment, the soul power of four Heavenly Soul Palace masters was devoured, and Ye Feng suddenly felt that his soul power had increased significantly.

The soul power level skyrocketed from more than 600 levels to 700 levels!

"Buzz!"

At this time, Ye Feng discovered that in the soul world of his Soul Emperor Seal, in addition to the previously awakened Great Thunder Emperor Seal, Fire Emperor Seal, and Gale Emperor Seal, the fourth huge Great Emperor Phantom Seal slowly appeared. .

This phantom of the Great Emperor is golden yellow all over. Although it is the Soul Emperor Seal, the whole body seems to be made of metal, glowing with a cold metallic luster and full of metallic texture.

"This is the fourth Great Emperor Seal of the Soul Emperor Seal, the Great Golden Emperor Seal! It has a metal attribute power that is sharp enough to tear the heavens!"

At this moment, Ye Feng suddenly felt that his soul power had once again reached a new level and became even more powerful.

At this time, Ye Feng walked directly to the outskirts of the Demonic Earth Cemetery.

"Uh-huh!"

But suddenly at this moment, in the dark sky, a burly man suddenly landed down. He was wearing golden armor and holding a black iron broadsword in his hand. He looked powerful.

The aura of cultivation exuding from this strong man is clearly the aura of the divine realm!

This is a powerful man with a powerful cultivation level in the seventh level of the Divine Energy Realm!

"Uh-huh!"

At this moment, another graceful and beautiful woman in red appeared.

Like a red rose in the darkness, it also descended outside this demonic soil cemetery.

The aura exuding from her body was clearly from the seventh level of the Divine Energy Realm, and it was very powerful!

Two of the most powerful figures appeared!

The woman in red looked at the strong man and couldn't help but smile and said: "Wei Wudao from the Great Desolation Sect is a peerless genius with the Ancient Holy Body. I didn't expect you to come here this time."

The strong man's name is Wei Wudao, a peerless master from the Great Wilderness Sect. He looked at the woman in red and couldn't help but feel something special: "Master of the Everlasting Hate Demon Sect, you have come here in person, how can it be that I... Can't the most powerful man of the Great Desolation Sect come here?"

These two people are respectively the top powerhouses among the major forces in the wilderness area, and their strength is very terrifying.

"Oh? There is another virtual god here

A kid from a different environment? "

At this time, Wei Wudao, the strongest man in the Great Wilderness Sect, suddenly noticed Ye Feng standing not far away. His eyes showed a hint of surprise, and then he said: "Boy, this is not the place you should come. Get out of here. You are here." There is no chance of fishing in troubled waters."

Perhaps in front of a top barbaric warrior like Wei Wudao, a young False God Realm warrior like Ye Feng is just an ant that can be crushed to death at will.

Ye Feng suddenly smiled slightly at this time and said: "Wei Wudao, right? I'm not here to fish in troubled waters. I want to rely on my own strength to seize opportunities and fortune!"

"Do you dare to call me by my name?"

Wei Wudao comes from the Great Desolation Sect, and is the most powerful person in the Great Desolation Sect. He has awakened a special physique and is extremely powerful.

At this time, his ferocious eyes like a wild beast were fixed on Ye Feng not far away. He released an earth-shattering killing aura from all over his body and said with a ferocious smile: "Boy, you are very brave. , Dare you talk to me like this? Do you know..."

"Stop talking nonsense!"

Ye Feng suddenly interrupted Wei Wudao's unfinished words and said coldly: "If you want to fight me, just take action. Threats are useless to me."

"you.....!"

Wei Wudao was interrupted, and his face suddenly turned livid. He suddenly said coldly: "Then I will crush you, a daring boy, to death! Today's young people are really getting more and more arrogant!"

At this time, the female sect leader who had always hated the Demon Sect stared at Ye Feng with her beautiful eyes, showing a trace of surprise. She seemed to have never expected that Ye Feng, a young man who was only in the Virtual God Realm, was so crazy and dared to Provoke a most powerful person in the realm of gods, and he is also a powerful person in the seventh level of the first level of divine energy realm.

"Are you really powerful and arrogant? Or are you just a stupid boy who is new to the world and is not afraid of tigers?"

At this time, the beautiful eyes of the Everlasting Hatred Sect Master, who was wearing red clothes and with a graceful posture, showed a hint of interest.
